At the November term of the county Commissioners Court an order was made authorizing the County Judge to work all county convicts upon public works and, if necessary to employ guards to look after them. Jno. English Again.

The Board of Pardon Advisers are considering the application of John English for a pardon and that august body has written for a statement of the facts in his case which has been forwarded to them. They also have before them the protest of the Judge who tried the case, the county officials and a large number of the citizens of the county—in short the protest is made by the people who know most about the circumstances of the case. Not only this but the Board will have before them the certificate of the superintendent of his penitentiary to the effect that the aforesaid John is the worst criminal ever confined there; the most unruly and most incorrigable.

Against all this the prisoner has the influence of the political bosses of Tennesee, a lot of Judges, Congressmen, state officials etc., who know nothing about the case but who are probably actuated by the "political pull" of "Colonel" English and his friends. We await the action of the Board and the Governor, fully realizing that if this pardon is granted it will be a great and lasting disgrace to the state.

We have a big stock and can offer you Special Bargains in our coats, clothing and Men's wool underwear.

It is Said

That it is almost certain we will have a railroad built to Graham in the year 1898.

That Graham has the best schools and school facilities in the northwest.

That McKinley prosperity is responsible for the present "high prices" of cotton.

That our merchants are doing more trading than those of any inland town in the state.

That there is going to be a wedding or two in a certain quarter pretty previously.

That the girls and boys who went to the show at Weatherford saw more than they can tell about in the next sixty days.

That the brass band boys will "make Rome howl" when their horns arrive and that the value of real estate in the east part of town will be affected thereby.

That the "Arnold Tap" and the "Squyres Trunk" will be two of the greatest railway systems of the future.

Citizen G. Cleveland's new baby has been named "Richard Folsom" instead of "Grover Jr." as the public expected.

We miss the Ft. Worth Gazette of olden time with its "On to Dawson City and the Upper Yukon" in box car letters.

Theodore Durrant was sentenced to be hanged last Friday but another respite has been granted him. He says he is safe in arms of Jesus and that his respite came in answer to his prayers. His lawyers work while he prays and between them they have managed to suspend the execution for now over two years. There is no telling what prayer and two or three good lawyers, will do for a man in California.

The new Captain General of Cuba, Blanco, has reversed the policy of Weyler and seems to desire to placate islanders by kindness and conciliation rather than by fire and sword. This policy will go far towards securing the neutrality of the United States and will come nearer putting an end to the war than the butcheries of Weyler could ever do. Spain is doing all she can to keep Uncle Sam in a good humor and by this new policy she may succeed.

For fair feminine freaks, commend us to Ponco City, O. T., where they have just organized a Girls' Bachelor club. The members all vow to be old maids, and the ritual prescribes that each of them shall make a report in open meeting of every proposal of marriage received, to learn how to smoke cigarettes, to write a poem or story every month, to perfect herself in pistol practice, and to learn fencing and boxing. —Exchange.

Important To Tax Payers.

Here is a most important item for tax payers to consider. The law passed by the last Legislature providing for the collection of taxes says: "If any person shall fail or refuse to pay taxes imposed upon him or his property by law until the 31st day of January next succeeding the return of the assessment rolls of the county to the Comptroller, a penalty of ten per cent of the entire amount of such taxes shall accrue, which penalty when collected, shall be paid proportionately to the State and county."

We mention this so that tax payers may know the law and not be caught napping and have to pay a penalty of ten per cent on the amount of their taxes.

It appears that the tax collector has no discretion in the matter. If taxes are not paid before Jan. 31st he is required by law to collect a penalty of ten per cent in addition to the regular assessment.

Withers' Magnetic Liniment.

Thousands are now using this great family liniment, all praising it. Don't suffer, but procure the Liniment. It cures Sore Throat, Pneumonia, Pleurisy and Liver Troubles, Heartburn, Kidney Troubles, Backache, Earache, Asthma, Neuralgia, Toothache, Sprains and Bruises, Piles, Bleed Itch, Tender Feet and Rheumatism of all kinds. A sure and harmless cure for Female Diseases, Leucorrhœa or Whites, Inflammation of the Vagina, Ulceration of the Womb, Ovarian Tumors, Falling of the Womb, Piles, Backache, Inflammation of the Stomach and Bowels.

How to Find Out

Place a common glass with urine in it and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidney trouble. When urine is high colored it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfils every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being obliged to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have sample bottle and pamphlet both sent free by mail. Mention THE GRAHAM LEADER and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

TAKE NOTICE.

All parties knowing themselves to be indebted to us will please come and settle at once as we are in need of the money.

Respt., DRS. LEGRAND.

Individual Independence.

There is too little independent thought and action in the world. In religion the church member who does not swallow the whole creed without a murmur and dares to open his lips to express an honest conviction contrary to the doctrine laid out by his church is left in the cold to preach "heresy" by the withdrawnal of the body religious; if a politician exhibits the supreme gall of calling into question some tenet of party faith, he is at once branded as a traitor and a body-guard placed over him to see that he doesn't give away the whole plan of his party's salvation. Let there be more freedom of thought, more men who refuse to sell their birthright for a mess of pottage and who will, under all circumstances, stand up to their honest convictions. Then a few parsonic asses and mug-wump politicians will find their proper sphere —tickling mother earth with a plow.—Wills Point Chronicle.

It is too much to scratch for a living and for relief also. Hunt's cure will not help you in the former case, but will surely cure the Itch, Tetter or Ringworm, Itching Piles or it costs you nothing. Price 50 cents. For sale by D. R. Akin & Co.

Merchants may not think of it, but when they place attractive advertisements in a live, progressive and leading paper, they attract attention wherever the paper circulates, to the commercial enterprise of the city, and frequently proves the magnet to draw new and valuable residents.

Physical "cult" has reached an advanced stage among the ladies of the Island City, and now the Young Men's Christian Association professor of gymnastics at Galveston wants to organize a class for building up the bone and muscle of the fair sex. On being asked by an inquisitive reporter what kind of dress the professor thought the ladies ought to wear while going through their exercises on the horizontal bar, etc., Mr. Smith carelessly answered: "Oh just the conventional suit of blouse and bloomers with short skirts, or bloomers without the skirts, just as each individual decides." There are a great many people who think the girl in bloomers on a bike is a sorry enough spectacle, but when the craze goes to the extent of encouraging innocent young girls and 200-pound matrons—clad in abbreviated garments and minus corsets—to disport themselves on crossbars for the edification of male instructors, won't there be an amazed look and a big kick registered against the innovation?—Post.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Lena could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr King's New Discovery in store, and selling lots of it, he took a bottle home and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr King's New Discovery for Consumption Coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at D. R. Akin & Co's Drug Store.

Grover Defies the Presbytery.

Chicago, Ill., Nov. 13.—The Times-Herald prints the following:

Princeton, N. J., Nov. 12.—To the editor: I do not care if all the synods and presbyteries in the country were to offer adverse decision, it would be no good reason why I should alter my opinion. I am very sorry that Dr. Shields has been bothered over this matter, as he is an old and very dear friend of mine. Otherwise the action of the presbytery does not affect me in the least. When I signed the petition for a liquor license for Princton inn I in no sense committed a wrong, and if the same proposition came up for my consideration again I would do the same thing.

GROVER CLEVELAND.

A New Companion Every Week.

Fifty-two times a year THE YOUTH'S COMPANION goes into the homes of every one of its subscribers. Fifty-two times a year it brings to the fireside the best thoughts of the best minds in Europe and America. Coming every week there is a delightful freshness and timeliness to its contents. THE COMPANION keeps always in touch with current events. Its editorial utterances and its notes on new topics of interest in nature and science are always abreast of the times. Fifty-two numbers are scarcely sufficient to contain all the stories, special articles, and other reading already provided for Companion readers during 1898.

Among the eminent writers for the new volume whose contributions are already in hand are Mr. Gladstone, Lord Dufferin, Speaker Reed, the Duke of Argyll, Senator Hoar, Senator Lodge, Justin McCarty, Professor Shaler, John Burroughs, Percival Lowell, Rudyard Kipling, W. D. Howells, Mary E. Wilkins, Captaia Mahan and Lieutenant Peary.

Present readers of The Companion who renew their subscriptions, and new subscribers will receive free a beautiful gold embossed calendar, printed in twelve colors. It is one of the richest and costliest calendars ever printed. Those who subscribe now will receive THE COMPANION every week from the time the subscription is received until January, 1899. A handsome illustrated announcement of The Companion's contents for 1898 will be sent free to any one addressing

Boycotts Enjoined.

In the U. S. Circuit Court of Appeals at St. Louis last week a decision was rendered enjoining working men from boycotting a corporation. Judges Sanborn and Thayer rendered a dissenting opinion in which he uses the following significant language.

"All capital asks to increase its power by combination and to that end assumes the form of corporations and trusts. Many of these combinations are on a gigantic scale. They are formed solely for pecuniary profit. They defy all social restraints that would have a tendency to lessen their dividends.

"The struggle is constant between the laborer, whose labor produces the dividends, and those who enjoy them. Sometimes the struggle reaches the point of open rupture. When it does the only weapon of defense the laborer can appeal to is the strike or the boycott, or both. These weapons they have an undoubted right to use so long as they use them in a peaceable and orderly manner. This is the only lawful limitation upon their use. That limitation is fundamental and must be observed. It was observed in the case at bar to its fullest extent. If these weapons are withheld from them, then indeed are they left naked to their enemies."

Change of Life Passed With Safety.

I write to state my experience with G. F. P. (Gerstle's Female Panacea). The best physicians of our community examined me and said I would have to let nature take its course. I was persuaded by one of your traveling men to try six bottles of G. F. P. for change of life, and can cheerfully say that it has relieved me entirely, and I am now in perfect health, feeling better than in a number of years. This is, beyond doubt, the finest female preparation on earth, and I can highly recommend it to all suffering from the afflictions peculiar to women. I believe it to be a God send to the suffering class of humanity. I can safely say it will do all that is claimed for it and has no equal.

A Wonderful Discovery.

THE GRAHAM LEADER [illegible]

An exchange pertinently remarks: "If a man had a $2 pup he would look after it carefully and not let him run around all over town at night. But if he has a boy it's different. He is turned loose at an early age to go to the devil, and then people wonder where the army of tramps, bums, loafers, dead beats, gamblers and drunkards came from each decade. They are grown from the poor seed gathered from our homes and sown downcast on our streets and alleys. It may be that your boy is making in that direction. At all events the boy ought to be given an equal showing with the pup."
