WHITE WAY FOR HEREFORD IS CONSIDERED BY COMMISSION

PLAN IS TO PLACE HANDSOME COLUMNS, WITH CONCRETE BASES, AT INTERSECTIONS OF STREETS FROM RAILROAD TO CHRISTIAN CHURCH. SANTA FE SUPERINTENDENT TO DISCUSS FIRST STREET PAVING.

SETTLEMENT DAY FOR STREET PAVING IS NEAR AT HAND

Consulting Engineer and Representative of Contractor McCormick are to Meet City Commissioners Soon to Pass on Work. City Warrants to be Accepted by the Contractor.

A White Way for Hereford! That's the next step. That is, it's a possibility—you might say almost a probability. Mayor Knight and Commissioners Ashbrook and Cardwell have not been saying much about it, but if you don't believe it's a probability ask the Mayor to show you those three handsome blue-prints on his desk, illustrating how any one of three designs for columns would look at the intersection of each cross street on Main, from the railroad to the Christian Church.

Six columns, one at each cross street, bearing five frosted globes, with the wires running up from the conduits laid in the middle of the street when it was recently paved, is the first outline the Commission is considering. The most elegant and plainest looking of the designs is really the cheapest. They will cost approximately $60 each. The Mayor has in mind to include in the plans a concrete base for each column, about three or four feet square, both to protect the column and to act as street guide for vehicles. It is estimated roughly that the entire cost of the columns, base, wiring and other equipment will be between $800 and $1,000.

Mayor Knight also announces that there is a probability that the four blocks on First Street, next the railroad, connecting the present pavement, may also be paved in the near future. The Santa Fe railroad would have to stand one-third the cost of this work, which was omitted at the time the first paving was put down, owing to the uncertainty of what the railroad company desired to do with its property, and also owing to the heavy traffic which uses this section of the public thoroughfare.

Recently the Mayor wrote Superintendent Farley of the Santa Fe, and opened up with him the matter of completing this work. Mr. Farley replied that he would be in Hereford shortly, when he would consult with the Commission as to the best steps to take.

Another interesting municipal item is to the effect that settlement day with Contractor F. P. McCormick of St. Louis, the man who paved Hereford's fourteen blocks, is near at hand. Henry E. Elrod, Consulting Engineer of Dallas, who planned the work, is to meet J. H. Hamilton, the Contractor's representative in this section, in Hereford within the next few days, when Mr. Elrod will pass on the work which, if accepted, will cost the city of Hereford a little over $50,000. Of this amount the city pays one-third, and the abutting property owners two-thirds. The city will pay in warrants, which Mr. McCormick has agreed to accept at fact value, while the property owners have the privilege of paying in three installments, one-third thirty days after acceptance by the engineer, one-third a year afterwards, and the balance at the end of the second year.

The contractor had the privilege of drawing at certain intervals on the engineer's estimates, but did not avail himself of the privilege.

In this connection it is interesting to note that the fourteen blocks recently paved include nearly 4,000 lineal feet, or about three fourths of a mile.

Post City Farmers To Help Harvest Local Feed Crops

A total of perhaps 50 men from the drouth-stricken Post City section will be hard at work harvesting the bountiful feed crops of the country surrounding Hereford by the time this reaches the press. Fifteen men had reached the city by auto Tuesday, and others were billed to come in by train and otherwise daily during the week. The total number to arrive will depend upon the local arangements made at Post City to take care of the farms of the absentees during their stay at Hereford.

With frost near at hand, and with thousands of acres of feed stuffs standing in the fields, the question of labor early became an acute one, with the farmers of this section. Several meetings were held in Hereford to determine how and where the necessary hands could be secured. To D. L. McDonald belongs the credit for securing this much needed help in the hour of need. After wiring the Labor Department at Austin and being referred to labor away down on the Mexican border, Mr. McDonald phoned to Post City, was told that there were scores of good farmers in that vicinity hunting work, and promptly got on a train and visited the county site of Garza county. A plentiful supply of good men was the result.

HEREFORD TO HAVE HOLIDAY OCT. 24 IN HONOR SECOND LIBERTY BOND SALE

Chairman Posey Calls Committee Meeting at Court House Monday Night to Plan Drive for Sale of Second Liberty Bonds

At the call of Sales Manager E. B. Posey, some 35 or 40 members of the committee appointed to sell the Second Liberty Loan Bonds met at the Court House Monday night to organize and lay plans for the "drive" which has for its objective Deaf Smith County's quota of these bonds. It was a "peppery" meeting throughout, and the lively discussions and interest manifested by those present augur well for the success of the campaign. The meeting was presided over by chairman E. B. Posey, and it being thought best to have a secretary to keep a record of all meetings, J. Claude Ricketts was elected for this purpose. Carl Gilliland, chairman of the Defense Board, Mayor Knight, Dr. Faris, J. C. Hardwin and others made talks appealing to all to cooperate to the fullest extent at this time when their services are so much needed by the country.

J. C. Hardwin, a farmer from the Askren community, struck a responsive cord when he said if the farmers were first given time to harvest their crops they would "shed their coats and shirts and show these town fellers how to sell bonds". Acting on this idea a motion was made that the chairman appoint a committee to cooperate with the different districts over the county in selling bonds. This committee is not to go out however until the farmers have had time to get past the rush work of harvest.

Another motion was made, seconded and adopted that there be a committee meeting at the court house each Saturday afternoon at 4 o'clock until the close of the campaign. The first one of these meetings will be held next Saturday when all committeemen are urged to be present.

The sale of these bonds began Oct. 1, and will close Oct. 27. Oct. 24 has been designated by President Wilson as Liberty Loan Day throughout the United States. A motion was carried unanimously to ask the Mayor to issue a proclamation declaring Wednesday, Oct. 24th, a holiday in Hereford. The merchants will be asked to close their stores on that day. A parade and patriotic program will be held and a special appeal will be made to all to assist in the sale of bonds on that day.

Buy a bond or bonds, and thereby keep down taxation. Our government must have money and lots of it to win the war, and if it isn't raised by bonds it will be raised by taxation.

Deaf Smith Co. to Have Agricultural Exhibits at Fair

Deaf Smith county will have an agricultural exhibit at the Panhandle State Fair at Amarillo, which opens next Monday.

This was definitely determined on Tuesday of this week, when a group of busy business men abandoned their personal affairs long enough to give of their time to the public good, and started out to rustle up the necessary material. The Directors of the Chamber of Commerce agreed to defray the expenses of gathering the exhibits and other incidentals, and by Thursday night a fine start on a first class exhibit had been made. The exhibit material is being collected at the office of Potts & Jones. All patriotic citizens who have anything in the fields, truck or garden line to spare are urged to notify William West at the office of Potts & Jones, or, better still, bring in their contributions for labeling and shipment. Mr. West has been placed in charge of the exhibit, and will look after it at Amarillo next week.

Four cars have been scouring the country in quest of good things to show the visitors who come to the Fair at Amarillo. Albert Herbst, Forrest Walker and William West made up one party, using Henry Wilkinson's car. A. M. Jones, John McLean and A. J. Fuqua constituted the second contingent, in Mr. Fuqua's car. John Sherman and H. B. Stevens went out in another direction, while J. D. Thompson not only contributed a fine personal exhibit but also worked hard to secure additional exhibits.

It is probable that a carload of interested business men will go to Amarillo Monday and assist Mr. West in setting up and properly displaying the exhibit.

Express Delivery Zone Is Extended

Sometime in the early spring Dr. Faris, Secretary of the Chamber of Commerce, took up the matter of extending the zone of collection and delivery with the Wells-Fargo Express Co. He made application for the extension of the zone and improvements in general of the service, making a map of the territory to be covered. Many letters have been written and conferences held with representatives of the company, and finally he had his requests granted, and, beginning last Monday the zone for the collection and delivery of Express matter was extended to cover the larger part of the city. This will be of great value to those who receive or send parcels by express.

State Senator R. G. Bryant of Portales, N. M., accompanied by Mrs. Bryant and infant daughter, Estelle, together with Mrs. Jno. W. Wright, Mrs. Bryant's mother, arrived in Hereford Tuesday for a visit with Mr. and Mrs. Seth B. Holman. Mrs. Wright is Mr. Holman's cousin.

EIGHT NEW IRRIGATION WELLS WILL BE PUT DOWN THIS FALL

FIVE WELLS NORTH OF HEREFORD, TWO SOUTH OF TOWN, AND ONE NEAR DAWN, ANNOUNCED AS CONTRACTED FOR BY D. L. McDONALD, ALL TO BE COMPLETED THIS WINTER.

"HEREFORD WAY" IN IRRIGATION SHOWS AMAZING RESULTS

Steady, Conservative Policy, Vision, and Individual Development as Compared With Central or Huge Initial Investment Plans Proves to be Big Dividend Payer.

Contracts for seven new irrigation plants have been signed up by D. L. McDonald, as follows:

F. C. Eberle
C. W. Gould
A. O. Thompson
Seed Bros.
W. G. Davis
L. F. Borden
J. J. Perkins

The first four will all be put down north of Hereford, and in addition Mr. McDonald himself will sink another well in this neighborhood on his own property. The Davis well will be placed on the John Robertson land, the Borden well on the property near Dawn, while the plant for Mr. Perkins, a resident of Wichita Falls, is located on the Ricketts place, and is practically completed.

Each one of these pumping plants is capable of watering from 160 to 300 acres of land, and the cost runs between $6,000 and $7,500 each complete, which is an advance of from $2,000 to $3,000 over the prices of eighteen months ago. This increased cost is due to the steady rise in prices of practically all materials used, and higher priced labor, the result of the war.

All of these wells will be finished this fall and winter. This bunch of contracts mark the steady, conservative, confident growth of the irrigation idea in the shallow water belt of this section of the Plains. "The Hereford Way" has proven to be the winner. Instead of adopting the central plant idea of Kansas and New Mexico, or the heavy initial investment in a huge company employed by other communities, the Hereford Way is to encourage each land owner to equip himself, in his own individual way, along certain well-defined and proven mechanical lines. The result is that each year witnesses a gradual, durable, solid advance in the number of wells put in and in acreage brought under water. This method also has the merit of giving each new comer into the field the benefit of the experience of the pioneers before them, many failures having been averted thereby.

Nearly 50 big irrigation plants are now furnishing water to several hundreds of acres of alfalfa, feed and garden crops in the immediate vicinity of Hereford. The amazing crops being grown on these farms is an eye-opener to the uninitiated.

To Preach Gospel Good Dairy Cows To Plains People

Two hundred additional good dairy cows for the Hereford trade territory is the goal of a campaign soon to be inaugurated in this section by Henry Wilkinson of Hereford, L. T. Johnson, Agricultural and Industrial Agent of the Santa Fe at Amarillo, and W. J. McPheeters of the Nissley Creamery Co. of Amarillo.

Messrs. Johnson and McPheeters were Hereford visitors last Tuesday, when details of the coming campaign were gone over with Mr. Wilkinson, and plans laid for an active, aggressive tour in the interest of dairy work, the date to be selected and advertised shortly.

Summerfield, Friona, Dunmitt, Spring Lake and Nazareth are some of the tentative points selected for holding dairy meetings. The visitors stated that a total of approximately 1000 registered Holstein cows had been imported and placed in the Panhandle territory since last fall, and that interest in this vital and remunerative branch of agriculture was steadily increasing all over the Plains and Panhandle country.

The campaign will probably start as soon as the rush of fall harvesting is over. A comprehensive itinerary, covering this entire section, will be planned, suitable advertising gotten out to advise the people of the different communities, and an earnest and vigorous drive made to place the right kind of dairy stock in the hands of those farmers who believe in getting results from their time and labor.

CASTRO COUNTY SENDS GREAT EXHIBIT TO AMARILLO FAIR

All Dimmitt shut up shop during the current week, and proceeded to gather an agricultural exhibit of Castro county's resources for the Panhandle State Fair. All Castro County responded nobly to the appeals and efforts of the Dimmitt business men, and literally swamped the County Court House with an accumulation of the most startling crops ever seen in the history of the county.

Up to a late hour Thursday afternoon autos continued to pour into the little county site, loaded with products of the soil. All afternoon local judges were busy awarding premiums and prizes offered by local merchants, prior to the departure of the display for Amarillo. Late in the afternoon the entire body of school children were brot to the Courthouse to see what the soil of their native county can produce. Everybody in town, and most of the county, turned out in a great spirit of local pride and loyalty, and the courthouse was taxed to its capacity to accommodate the crowds that surged thru its corridors.

The story of how the exhibit was gathered is one of organization. To Edgar Ireland belongs the credit for having fathered the big idea. He and the other business men of Dimmitt quickly followed. The expenses were prorated among the merchants and quickly over-subscribed. Every business house in town contributed from $15 to $25 each in premiums and prizes. Circulars were sent out to the farmers, asking them to bring in their products by Thursday afternoon at the latest, and the response was overwhelming. Thursday afternoon a petition was being circulated asking the County Commissioners to appropriate $250 for the purpose of sending the exhibit from Amarillo to the Dallas Fair.

Over 30 different varieties were counted in the exhibit at noon Thursday, and many more arrived during the afternoon. Among the products offered were: kafir, maize, feterita, higari, seeded ribbon cane, watermelons, pumpkins, kershaws, wheat, sudan grass, corn, tomatoes, beets, apples, peppers, peanuts, native grass, cabbage, turnips, peaches, beans, red top cane, millett, speltz, sweet potatoes, cantaloupes, plums, grapes, cucumbers, rye and squash.

"The County Council of Defense" Explained

A number of persons have made inquiry of various members of the County Council of Defense, as well as of various members of the committees appointed by it, for what purposes and by whom the County Council of Defense was appointed, and for the benefit of those interested, we will say that at the beginning of the present war, the Government at Washington, organized a Council of National Defense, composed of the Secretaries of War, Navy, Interior, Agriculture, Commerce and Labor, assisted by a civilian committee of seven.

The National Council of Defense, with a view to organizing the entire resources of State, in men and material, to make them available and effective for National use during the period of war, requested the Governors of the various states to appoint State Councils of Defense, and the Governor of this state appointed a number of prominent men in this state who now constitute the State Council of Defense in Texas, and this Council of Defense in turn, in order to more effectively and completely carry out the plan of organization made by the Council of National Defense, appointed the County Councils of Defense, for the various counties, requesting them, to appoint various committees for various special duties, to-wit:

Committee on Finance; Committee on Publicity; Committee on Sanitation and Medicine; Committee on Food Supply and Conservation; Committee on Labor; Committee on Military Affairs; Committee on Protection.

Some of the duties of the County Council are:

(1) To promote the patriotism of the people and seek to educate them as to the magnitude of the task ahead of us in this war.

(2) To aid in the recruiting for the National Guard.

(3) To aid in recruiting for the Regular Army.

(4) To aid in getting idle workmen and boys below military age to assist on the farms and elsewhere where such help is needed in the aid of the Government in the present crisis.

(5) To aid in every possible way the successful floating of Liberty Loans.

(6) To aid in the promotion of farming, as well as other industries beneficial to the government in conducting this war.

(7) To urge the production to the utmost of staple non-perishalbe food crops.

(8) To conduct a campaign to reduce the waste in the homes.

(9) To aid in the formation of Home Guards, when and where they are needed, and to perform such other duties as the Council of National Defense through the State Council may direct. All of the duties to be performed under the instruction and directions of the State Council acting under the Council of National Defense; in short the County Council and its various committees are the finger tips of the Great Council of National Defense with which it reaches and touches all of the people of our Government in performing the duties for which it was created.

FRIONA NEWS

A very heavy rain fell between this place and Farwell Sunday evening and a good shower visited Friona at the same time. A few more such showers coming just now would serve to bring up the wheat that is sown and give it a good start for growing.

Several of the young men of this place went to Farwell Sunday morning to witness the departure of the soldier boys from that place. Among those who went were: Melvin Ballard, J. C. Wilkinson, Logan Sympson, Chas. and Dempsey Winn and Fred White. The soldier boys marched from the court house, led by the band and followed by a large procession of citizens on foot and in autos, to the station where a program of speeches and patriotic songs was rendered before they were entrained.

Lawrence Lillard has received word from his landlord, Mr. Smith Gallatin of Trenton, Mo., requesting Mr. Lillard to sow some wheat for him and stating that he will move here with his family in the near future to take possession of the farm. We understand that Mr. Lillard will yield possession of the farm on January 1st, and move to the farm of G. W. Maurer seven miles north of Friona.

Our school has now been in session three weeks with the following teachers in charge: Miss Florence McAfee, principal; Mr. Ed Trevey, assistant principal; Miss Ina Jordan, English, Latin and Music; Miss Esther Schlenker, Intermediate, and Miss Catherine Stevens primary. Our faculty now consists of five teachers, and two additional branches, viz., manual training and domestic science have been added to the course of instruction. This places our school in readiness for classification as a second class high school. The teachers and scholars all express themselves as well pleased with their school work.

Friona's first Chautauqua, which closed two weeks ago, was a success financially and was attended at all its sessions by large crowds and every body expressed themselves as well pleased with the programs that were rendered. A contract was signed providing for the return of the Chautauqua next year.

First Lyceum Number a Corker

If the initial program is any indication Hereford is in for a royal good time from her Lyceum course this fall and winter.

The program Wednesday night was held in the auditorium at the Central school building, and Miss Elma B. Smith, mimic, assisted by Miss Mabel Helen Rogers, Harpiste, both of the Midland Lyceum Bureau of Des Moines, Iowa, were the entertainers present. Of course it's too late to do any good now, and besides the house was full anyhow; but to the music and fun lovers of Hereford who were not present we wish to say that you missed a rare treat.

Miss Rogers is a finished and talented musician, and her technique is all that could be desired by the most fastidious. With her sweet-voiced golden harp she moved her hearers to tears and bursts of patriotism at will.

As to Miss Smith, we have no doubt that the audience would vote unanimously that as a mimic she could not be surpassed. She imitated everything from a humming bird to the love lorn youth, and "took off" a baby in a manner that put the babies in the audience to shame. Her rendition of that pathetic ballad, "Tickle Me Love in My Lonesome Ribs" will never be forgotten by those present. We thoroughly enjoyed both these entertainers. The only things to mar the pleasure of the occasion was the fact of not enough ventilation and a disturbing noise coming intermittently presumably from the fire escape.

CALOMEL, SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant, vegetable liquid which will start our liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

THE BEST PROOF

Given by a Herefrd Citizen

Doan's Kidney Pills were used—they brought benefit.

The story was told to Hereford residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony—The proof convincing.

It can be investigated by Hereford residents.

J. D. Burkett, stockman, 300 East Second St., Hereford, says: "I suffered acutely from pains through the muscles in my back, especially when I stooped or attempted to lift anything. I also had trouble with the kidney secretions. Doan's Kidney Pills promptly regulated the passages of the kidney secretions and I am now quite free from back ache."

OVER FOUR YEARS LATER Mr. Burkett said: "I have as much faith in Doan's Kidney Pills today as when I formerly recommended them. I have not had to use them since that time."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Burkett has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

The Hereford Brand

GOUGH & HOLMAN

Entered April 17, 1901, in the post office at Hereford, Texas, as second-class mail matter. First number of the paper issued February 23, 1901, as the Hereford Reporter, first number of the Brand issued March 21, 1902.

Subscription Price $1.50 a Year, Strictly in Advance

WITH THIS ISSUE THE BRAND appears under new managemept. We approach our task with due humility and a grave realization of our deficiencies as the public mouth-piece of an enlightened and growing community. Yet with the optimism of youth, we feel that with the help of our neighbors and friends we can make The Brand a good, readable weekly paper.

In this connection we wish to pay our respects to our worthy predecessors, Mr. A. C. Elliott and Mr. and Mrs. B. F. Guthrie. Mr. Elliott severed his connection with The Brand in July last, and the Guthries on Sept. 1. Mr. Elliott preceded B. F. Guthrie as owner and editor of The Brand, and during the years of his directorship the paper was steered successfully and prosperously across the sea of public opinion.

Mr. Guthrie has had charge of the paper the greater part of the past three years, and under his management The Brand has been a vital factor in the growth and development of the territory which it covers. When Mr. Guthrie was taken seriously ill last winter Mrs. Guthrie took his place at the helm and won many friends and admirers by the manner in which she handled the paper.

We do not expect to set the Tierra Blanca on fire. We hope the public will be kind and gentle with us; realize our frailties and limitations; help us scoop all the news that IS news, and not force us to print stuff that IS NOT news. And, in return, we promise to be good, law-abiding, moral citizens, boosters for Hereford and the Plains country, as efficient as our limited abilities will permit, and profoundly grateful for all the NEWS, JOB WORK, and ADVERTISING we can get.

EARL GOUGH,
SETH B. HOLMAN.

HOLY WRIT TEACHES US to have confidence in our fellow man. But examination time usually finds us unprepared. The public is familiar with the story of the old darkey who, after receiving alms, invariably subjected each coin received to the biting scrunity of his teeth, in order to be sure that the gift was genuine.

Even Uncle Sam's benign efforts to foster and encourage agricultural excellence are subjected to the test of the people's teeth. A solicitous Congress passed what is known as the Smith-Lever law, effective July 1, 1914, whereby the Federal treasury annually makes a present of $10,000 in cash to each state in the Union. In addition, the Act provides that the Government will match, dollar for dollar, legislative, municipal, county or private funds up to a certain maximum, determined by the agricultural population of each state, for educational work in agriculture and home economics. The administration and direction of this fund is vested in the land grant college of each state. In Texas the Agricultural & Mechanical college has this direction. The work is known as the Extension Service of the A & M College of Texas, cooperating with the U. S. Department of Agriculture.

Three years of experience in the 48 states has demonstrated to thinking men that the **Extension work is doing the most, for the largest number of people, at the lowest proportionate cost, of any other public agency in the world today.**

Yet the people are skeptical in taking up this great self-aid. The Department of Agriculture recognized the fact that the work would never be propertly appreciated if a free gift of the money was made to the people. Therefore the method was adopted of offering to each county a certain amount of money if the county itself would put up some money.

The Panhandle and Plains people complain that they are taxed without proper representation in state affairs or participation in the good things the state provides. Here is the opportunity for the Plains country to participate in the greatest work now carried on by Uncle Sam, and be paid for it at the same time.

The Brand believes that the local apathy in regard to Extension work grows out of a lack of understanding of what the Extension Service really is. The Brand also believes that this section could not take up a work of greater moment or usefulness, for its own good.

Do the public spirited ladies of this community realize that for the paltry sum of $150 per annum they can secure the part-time services of a trained woman Demonstrator in canning, preserving, gardening, poultry raising, etc? Or that for a little more they can secure the entire time of such a trained woman? If the ladies will undertake to raise the necessary finances The Brand will guarantee to secure the kind of woman described.

Do the thinking farmers and stockmen of this section realize that for the insignificant sum of $450 they can secure the part-time services of a trained Demonstrator, or for the sum of $1,000, through the Commissioners' Court, the full time of such a man? The Brand will also guarantee to secure such a man if the citizens, through their Court, will put up the $1,000.

Knowing the importance of this work to this county and section, The Brand will from week to week undertake to set forth what the Extension Service is, what it stands for, how it is administered, and how this section can secure it.

IS HEREFORD ASLEEP AT THE SWITCH? Whassa matter with this town? Who pulled this Rip Van Winkle stuff over the Metropolis of Deaf Smith County? Shades of '08, '09 and '10!: Remember the famous Red and Blue Membership campaign, when the Blues, figuring that they would probably lose, and have to pay for the Big Banquet, rung in their wives and sweethearts as members of the Chamber of Commerce, thereby winning the fight, but opening up the suffrage question?

Why can't we have the best agricultural exhibit from the Plains country at Amarillo and Dallas?

Why didn't we have a County Fair?

How will the world know that Hereford and Deaf Smith, Castro and Parmer counties have the best crops on earth, the best cattle and hogs, "oceans of water", paved streets, etc., if we don't tell 'em about it?

Why do the business men, when approached for public service, hastily offer money but refuse their personal services for committee work?

How are we to make Hereford grow, and our trade territory populous and prosperous if we are so everlasting busy chasing the almighty dollar that we can't find time to render our just proportion of public service for the public good?

Who's guilty? Where's the Moses to lead us out of this wilderness of indifference?

Wake up, Hereford. Go out in the country and take a long look at the most magnificent crops any country ever produced. Get your eye full of these amazing irrigated alfalfa and hog farms all around you.

The opportunity to DO things could not be better; Old Man Opportunity is knocking at our door. Let's get busy—quick. The Brand is raris' to go. Who'll help?

NO BODY KNOWS

Absolute knowledge I have none,
But my aunt's washerwoman's sister's son,
Heard a policeman on his beat,
Say to a laborer on the street,
That he had a letter just last week,
Written in the finest Greek,
From a Chinese coolie in Timbuctoo,
Who said the niggers in Cuba knew
Of a colored man in a Texas town
Who got it straight from a circus clown,
That a man in Klondike heard the news
From a gang of South American Jews
About somebody in Borneo,
Who heard a man who claimed to know
Of a sweet society female rake,
Whose mother-in-law will undertake
To prove that her seventh husband's sister's niece,
Has stated in a printed piece,
That she has a son who has a friend
Who knows when the war is going to end.

SOCIETY AND CLUBS

MRS. P. W. PRICE, Phone 28.

At the residence of Mrs. D. C. Laird, Mesdames Arnold and Laird entertained recently about fifty ladies, honoring Mesdames Wright of Seattle, Wash., Potter of Wichita Falls, Morris of Marshall, Mo., and Miss Donald of Fort Worth.

In the reception hall Mesdames Laird and Arnold greeted the guests most informally. After passing down the receiving line, the guests were invited by Mrs. A. C. Elliott to register in the guest book. They were then seated in the parlors and dining room where a most enjoyable program had been arranged by the hostess.

Misses Howard and Jane Gregg delighted the guests with vocal selections.

Miss Ina Gregg gave a pleasing piano selection.

A reading from Mrs. Wright was indeed a treat to her friends.

Little Miss Eulah Wright, in a very winsom manner gave two readings.

After the program a contest was engaged in in which the ladies vied in "school day ways" of turning each other down, or going head of class. Mrs. Chris Garrison was the bright pupil.

Delightful refreshments of Chicken salad, olives, sandwiches, iced tea and cheese straws were served.

At the home of Mrs. Laird, Mesdames Laird, Parmer, McQueen, Landrum and Miss Landrum were hostesses to the U. D. C. Friday afternoon.

After a short business session conducted by the Pres., Mrs. Potts took charge of the following program:

Miss Landrum—Vocal Solo.

Mrs. Parmer—A paper on Song Writers of the South.

Col E. T. Woodburn spoke on Monuments of the Confederacy.

Most appetizing refreshments were served by the hostesses.

The next meeting will be at the U. D. C. room in the Court House, Oct. 12th. A fulll meeting is urged.

A jolly crowd of fun loving guests gathered at the country home of Mrs. Kathryn McNerney on Friday evening, Sept. 28th., the occasion being to help celebrate the birthday of her brother Fred Curtis in the way of an old-time "surprise party."

The beautiful moonlight night made the drive one of ideal pleasure. The spacious home was handed over for the was furnished by the Hereford Orchestra. Each party vied one with another to make every minute one of jollity.

At a late hour delicious refreshments were served, after which the guests said goodnight to their genial host and hostess, begging Fred to have a birthday celebration every few days during the future months.

Those who enjoyed this memorable evening were: Mr and Mrs. A. L. Gibson, Mr. and Mrs. B. F. Neely, Mr. and Mrs. Chas. McNerney, Mr. and Mrs. Geo. Garrison, Mr. and Mrs. J. W. Hanlan, Mr. and Mrs. A. D., 1917, in a suit numbered on the docket of said Court No. 1089, wherein Marie Angelo is plaintiff and Sam Angelo is defendant.

The nature of the plaintiff's demand being as follows, to-wit:

That plaintiff is the owner in fee simple of the title to the following described tract of land, situated in Deaf Smith County, Texas, being a part of Section No. 62, Block K-3, and being a portion of block No. 14, of Evants Add. to the town of Hereford, as shown by map thereof, and described as follows

Beginning at a point in the east line of said block No. 14, 625.4 feet north of the S E corner of said block, thence north with the east line of said block 208.35 feet to a point; thence west 417 feet to the west line of said block, thence south with the west line of said block 208.35 feet to a point in said west line; thence east 417 feet to the beginning, containing two acres.

That, although plaintiff is the owner of said land, the legal and record title thereto appears to be in the defendant, but the defendant is holding said legal title in trust for plaintiff;

That, plaintiff acquired said title thru and from the defendant by a gift from him, though evidence of such gift is not and cannot, on account of the fact that it was not properly acknowledged and attested, be recorded, though the same was in writing.

Premises considered, plaintiff prays that defendant be cited to appear and answer this petition, and on final hearing hereof, the defendant be divested of the title to said property, and that the same by proper decree be vested in plaintiff, for costs of suit and such other and further relief, both special and general, plaintiff may show herself entitled to, either in law or in equity.

That, on or about the 19th day of June, 1907, in Deaf Smith County, Texas, the plaintiff then a single woman by name of Grace Robinson, was lawfully married to defendant, Smith McLeroy, that they continued to live together as husband and wife till on or about March 1st, 1913, when, from no cause or fault on the part of plaintiff, the defendant, Smith McLeroy deserted and abandoned the plaintiff, and has from said date refused to support, or contribute to the support of plaintiff; that during the time they lived together as husband and wife, plaintiff was kind and affectionate towards defendant and treated him as a dutiful wife should, but defendant unmindful of his marital obligations and vows, did as aforesaid on or about March 1st, 1913, and without cause or provocation on the part of plaintiff, abandon said plaintiff as aforesaid, and has since that date wholly failed and refused to live with plaintiff and to provide in any manner to her support and maintenance; that, plaintiff will show that to said union and marriage two children were born, to-wit: Mildred McLeroy, a girl now nine years old, and Bonnie Zoe, a girl seven years old, and that the marriage heretofore solemnized between plaintiff and defendant still exists;

Wherefore, plaintiff prays that defendant be cited by publication to appear and answer this petition as the law directs,& upon final hearing hereof judgment for dissolution of such marriage relations, and for custody, charge and control of said two children herein above named, for costs of suit, and such other relief in law, or equity she may be justly entitled to.

W. Wright, Sam S. Wright, E. VanMetre, The American Canadian Land Company, Clarence E. Deets, R. M. Hempy, R. Tagge, and E. M. Duke, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Deaf Smith at the Court House thereof, in Hereford, on the fifth Monday in October, 1917, which is the 29th day of October, 1917, then and there to answer plaintiff's second amended petition filed in said Court on the 2nd day of October, A. D., 1917, in a suit numbered on the docket of said Court No. 578, wherein C. L. Hills is plaintiff and E. Van Metre, Sam S. Wright, J. W. Wright, the American Canadian Land Co., Clarence E. Deets, R. M. Hempy, R. Tagge, and E. M. Duke, are defendants.

The nature of the plaintiff's demand being as follows, to-wit:

Plaintiff, C. L. Hills, who resides in the town of Jamestown, State of Kansas, hereinafter called plaintiff, complaining of E. Van Metre, Sam S. Wright, and J. W. Wright, who resides in the County of Cedar, State of Iowa, the American Canadian Land Co., a co-partnership composed of the said Van Metre, Sam S. Wright, and J. W. Wright, Clarence E. Deets, R. M. Hempy, R. Tagge, and E. M. Duke, the residence of whom is unknown hereinafter called defendants, would respectfully show to the court that plaintiff is now and has at all times refered to herein been the owner in fee simple, of the title to the following described lands situated in Deaf Smith County, Texas, and being all of section 84, block K-5, original grantee G. B. & C. N. G. R. R. Co., containing 640 acres, also all of section 85, block K5 original grantee G. B. & C. N. G. R. R. Co., containing 640 acres;

That on the first day of April, 1913, the plaintiff was in the possession of said premises and was then and is now entitled to the possession thereof, and now withhold from plaintiff the possession of said premises.

Plaintiff would further show to the court that he owned said land in fee simple, and that he dercigned his title through a regular chain from the State of Texas, and that the defendants and each of them claim and assert some title or interest thereto the nature of which plaintiff does not know, but plaintiff says that any title, claim or right that the defendants or either of them, has in and to said land is inferior to plaintiff's title, thereof, and the claim and assertion thereof, creates a cloud on plaintiff's title.

Wherefore plaintiff prays that the defendants be cited to appear and answer this petition and on final hearing hereof, he have his judgment against the defendants and each of them for the title and possession of said lands, for costs of suit, and such other and further relief, both special and general and in law or in equity, plaintiff may show himself entitled to.

Former Hereford Girls Marry In California

The following letter from Mrs. W. C. Witherspoon of Bakersfield, Calif., is self-explanatory:

Bakersfield, Calif., 9-25-'17.

Mr. Earl Gough,
Hereford, Texas.

My Dear Friend:—I am enclosing a clipping from one of our papers, "The Bakersfield Californian" of the date of Sept. 24th. I thought you might like to copy it for the "Brand" as the Fullerton twins have many friends back there that would be interested, I am sure, in their marriage.

Alice's husband went away with the drafted boys the day after they were married.

With best wishes to you and your parents. Sincerely,
Anna Collins Witherspoon.

Married Today.

Emulating the precedent established by her twin sisters, Miss Alice Fullerton, who was a bride of last week, Miss Harriett Fullerton was married this morning to Thomas Murphy, who also enjoyed the distinction of being the brother of the bridegroom in the previous instance, Daniel Murphy. The Rev. George Ringo read the ceremony which was a quiet affair, celebrated at the home of Mrs. W. C. Witherspoon, who had known the bride since her babyhood days, the same home town in Dixie Land being claimed by the bride and Mrs. Witherspoon. For the wedding the bride wore a simple and pretty dress of white, it being the twin of the frock her sister wore at her wedding last week, and the day is further remarkable in the fact that it was the twenty-first anniversary of the bride-groom's birthday. Besides the members of the Witherspoon family there were present the bride's brother, Harry Fullerton, Miss Alice Morel and August Morel. After a short wedding trip the young couple will be at home to friends at Taft. The Fullerton sisters are the daughters of the postmistress at Arvin and their father is a lieutenant in the regular United States army.

Cincinnati Man Tells How to Shrivel Up Corns or Calluses So They Lift Off With Fingers

Ouch! ? ! ? This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.

List of Names of Subscribers, Amount Subscribed, and Amount Now Paid in.

In last week's issue we promised to have the names of at least a dozen members in this column this week. "Nothing but the truth will be printed on this page." We are here making that promise good. We will continue slowly but steadily to transfer names from the two columns on the left to this column. We hope that no member will force us to leave his or her name standing conspicuously in the two membership columns for any great length of time. We also hope that we will not find it necessary to transfer their names to this column without any amounts shown as having been subscribed or paid.

1 Acker, Clifford	$ 75.	$ 75.
2 Anthony, W. B.	100.	.....

264 Wilkinson, Henry	.....	100.
Epworth League	300.	72.
Woman's H. M. Society	500.	100.

The above figures were furnished by Rev. Wyatt and the Treasurer of the Building Committee. Any errors should be reported to the Secretary and Treasurer.

Remember that the above is only a partial list of the amounts subscribed and the amounts paid in. We are going to build.

The Building Committee has voted to build NOW. Good, we are willing to stop this page as soon as the members comply with the request of the building committee contained in a letter to each member. A copy of that letter is printed in another column. Read it. Every member will soon receive a letter from the building committee. That letter will be an exact duplicate of the one printed on this page, except that the blank after the dollar mark in the letter will be filled in showing what amount you are expected to pay. We do not know if those letters will be mailed before or after this publication, but understand that the building committee will mail the letters to each member this week. If you fail to get one phone Rev. Wyatt or G. A. E. Parker the Secretary of the Building Committee.

If you have subscribed heretofore and receive the letter and note assessing you to pay a greater amount, you will be expected to sign and deliver the new note for the greater amount and get back the first subscription note. Any amount which you have paid in will be credited on the new note. It may be that some of the persons whose names are given above will receive a request for a raise. Who knows. We are going to build.

It has been suggested that instead of giving each name a number in regular order as the list of members now appear, that we discontinue these numbers and print the number of dollars in front of each name that each member has been assessed. There will be several advantages in that system.

Editorials, Clippings and Quotations

What do you think about starting a "Members' Honor Roll"? Suppose that we change the heading of one column so that it will read, "MEMBERS' HONOR ROLL."

In that column carry the name of every member who subscribes the amount that has been assessed against such member. Not show the amount that has been asked for and subscribed, but just the names of all members who have subscribed the amounts asked for. When a name appears in that column it will show that that member has done his or her full share and all that has been asked or expected. We think that a good plan. The membership and all the people are interested in, and have a right to know who of our members are doing their part and who are not. And why not.

We hope that at least two thirds of our entire membership will respond to the letter sent them by the Building Committee within twenty-four hours after receiving such letter. Fill in the note and sign it and return it within twenty-four hours. We are going to build regardless of that person who is slyly, but persistently and covertly fighting against the proposition.

We would like to start the "Honor Roll" column next week with 100 names. Whether such member has subscribed $10.00 or $1000.00 will not be shown, but the names appearing in the "Honor Roll" will show that such member has subscribed the amount asked for. Such names will no longer appear in the two columns on the left, but will continuously be carried in the "Honor Roll" column.

We are going to thin out the two membership columns on the left. We hope that very few members will be so close and stingy and chinchy as to permit their names to remain sattered about in those columns on the left like cold, sticky, sickly half dead flies on a window pain. Are you a half dead fly, one that lights on a clean face and sticks until it is knocked off. Oh, shucks! Wipe your hind feet over your wings, brush the dust out of your eyes with your fore legs, sign the note, begin buzzing and get your name on the honor roll.

Those two membership columns may look mighty ragged in a few weeks. Because the large majority of the members are going to move out of those two columns. Will your name remain there as a part of the rag-tag crowd? We hope not. It's up to you.

We are going to build. Who is fighting this progress and why? Let all the members and all the citizens inquire and find out.

The Building Committee is composed of the following members: Eli Dunlap, Chairman; G. A. F. Parker, Sec'y-Treas.; D. F. Ashbrook, E. B. Black, D. W. Hawkins, John Sherman, Jno. P. Slaton, Henry Wilkinson and C. B. Williams.

The letter published in another column with the note attached is to be mailed to each one of the building committee to subscribe originally or to raise their present subscriptions if a raise is required by the assessment which has been made. That is the way we understand it. And we hope that none of the building committee will let their names remain in the rag-tag column on the left.

It has been intimated that some of the members of the building committee would be glad to see this issue sidetracked. Now we invite every member of the church to make inquiry of any or all the members of this building committee and of the Rev. Wyatt and ascertain the facts for yourself. We assert the fact to be that each member of this building committee has repeatedly, openly and publicly made the statement that we should build and that he was ready to help. And of course each member knows that when either of the above named gentlemen has stated that we should build and that he was ready to help, he meant it. And all the members also know that when either of the above named nine gentlemen said that he would help he meant to help by doing his just, full, proportionate part, and not to throw off on his fellow members.

We insist, and strenuously insist, that every member who is in favor of building beginning at once to investigate and make diligent inquiry and from any and all sources and find out just what each member of the building committee is doing and saying in this matter. Also go to the Secretary and Treasurer or to Rev. Wyatt and find out the amount each has paid in. No member of this building committee will object to the spot light being turned on him. Neither will any member of this building committee who are now asking others to subscribe object to the whole church and the whole town knowing how much he has subscribed and just what he is doing. If he did he would have refused to act as one of the committee.

Every member of this building committee voted at that noted Methodist banquet that we should build this year. Furthermore, at a meeting of the building committee it was stated and not disputed that the nine members of this building committee could alone build the church and not be financially hurt. That is true, but would not be just. The building committee may feel a little sore about the report that some of their number are trying to side-step. Investigate.

General Purpose Column

Now is the time to subscribe. Do it now.

The following letter is being mailed to each member by the building committee:

Hereford, Texas, Oct., 1917.

DEAR METHODIST MEMBER:—

We have decided to build our church now. Every member should have an earnest, consecrated purpose and desire to contribute. We ask that every member whose name is published in the Brand hasten to subsribe his or her part. If one fails to do their part, the entire structure may fall.

An impartial committee composed of some of the best business men in Hereford was selected to estimate the amount each member was justly due to pay. They took into consideration the necessary amount to be raised, the property owned by each member, the income, expense and indebtedness of each member and the ability of each to pay, and based their estimate on these facts to determine what each member should pay. Neither one of those committeemen knew who the others were all acted independently and separately. Their several estimates were received by others and added together and this sum divided by the number of the committeemen making the several estimates. That gave the fair and impartial average for each member. It could not have been arrived at by a more just plan.

But you see that with this plan, if ONE member fails or refuses to act, it may endanger the whole structure. If any member now refuses to subscribe the amount allotted to them, the building will fail unless some one else comes forward and pays for that defaulting member. In the name of God and the church we beg you to not fail us. Can you afford to be the cause of the failure of this Church. Will you refuse to contribute your part? We hope not. Cast aside all personal feelings and act for the good of the church.

The amount assessed for you to pay is $

Below is a note which we ask you to fill in with the amount assessed and sign it and deliver it at once to The Western National or the First State Bank or the Bank of Hereford, or Rev. Wyatt.

If you know that the amount assessed against you is more than your share, then fill in the amount which you should pay and sign and deliver the note.

We are very anxious to close this matter up at once, so please act promptly.

Your,
Building Committee.

(Detach not on Dotted line.)

.....

Hereford, Texas, Oct., 1917.

$ _____

I, we or either of us, promise to pay to the building Committee of the M. E. Church, South, of Hereford, Tex., the sum of _____ dollars, as follows:

One Third on or before January 1st, 1918; the Second Third when the church building is one-third completed, and the balance when the church building is two-thirds completed.

To Certain Members

If a good investment should show up any day this week or the next or any other week you whould be ready with the cash to go in. Now wouldn't you? You know you would. But are you willing to pay that which you honestly owe to God?

Every one of us last fall at the Methodist banquet voted that we needed a church. Every one of us voted that we were able to build the church. Every one of us voted that we would build it now.

When the drouth come last spring many said wait and see if we get rains. And it rained. Then many said wait to see if we make good crops. And we have got bumper crops. Many said wait and see if the price of cattle hold up. And the price of cattle is up. Some said wait and see how lands will be. And land values are going up. Some said wait and see how trade will hold. And all lines of trade and business is better than ever before. Some said wait and see how money will be. And it never was so easy and plentiful.

What is your excuse now? The time for this building was never and will never be more propitious. Why don't we act? Who is the one, or the two or the four or the eight or the twelve who are standing in the way? There are not over a dozen we know. How are those few doing it? Is it by sulking in the tent and refusing to come out in the open? Let us call on Congress or our own Legislature for an investigation. What say you?

WE ARE GOING TO BUILD. Every member is expected to do their part.

Don't you like this plan of raising the money? Then provide a better one and go to work at it. Don't you want the public to know the amount you subscribe? If you don't, that is proof that you know that the public will know that you are not doing your part. Don't you like the preacher? Then build the church and thereby show to Conference that we are not a dead church and get a better preacher. Who are those few who are scotching the wheels and subtlety pulling back? Would this church be more progressive and do better work if you, we, I or either of us were not members? If that be so, let's try a change and all pull together for a time and quit dragging.

List of Donors and Sums Contributed by Non-Members

The following is a partial list only of persons who are not members of this church, but who have subscribed for a new building. The old parallelogram barn is an eye-sore to the entire community. Wouldn't it be fine if God should use a little of His electrical works and put that old building out of the way.

Barnett, R. H.	$ 25.	$ 10.

As above stated this is only a partial list of outsiders who have subscribed. Neither does the above show the full amount of cash which has been paid in.

Our friends, not being associated in the church with us believed what we said when we all, every one of us, voted unanimously at the banquet last fall that we would build. They have paid in a greater per cent of their subscription than our own members. Some names of the members and the amounts they have subscribed and nothing paid in by them will not cause any great amount of favorable comment when printed in a column opposite the names of our friends who are not members of the Methodist Church. Remember the above list is not complete.

We ask all those who are not members of the Methodist Church and who have subscribed, to please pay at once as much of your subscription as is convenient. See or mail a check to Rev. G. S. Wyatt.

We also hold out our hands toward all other citizens who are not members of the Methodist Church and ask that you help us remove that eye-sore, that disgrace from this progressive community. You know and feel and realize that the Methodist of Hereford are more than able to build now without outside help and without inconvenience to themselves; more, therefore, is the shame that they have so far refused. Some of our members will feel greatly chagrinned and humiliated because of the call to the outsiders. While we fear that there are those willing to suffer the humiliation in order to save the shechels.

The purpose of our Sunday School, (teaching and imparting Christian principles and faith to the children and boys and girls of the community) is a failure in our church because we have no building and because of the disorder, roar and hubbub in that one room. Visit the Sunday School one Sunday and become convinced. Which do you think the greater sin: That of Judus who sold his ready and prepared Master for a little silver or the Hereford Methodist, who in order to save a little silver, sells the lives and souls of these children, boys and girls to the world, the devil and hell for the lack of a proper place to teach them. Frankly, gentlemen, which is the greater sin that of Judus of this of the Hereford Methodist who are able but will not?

Dr. Chas. Bulla's visit with us last Sunday and his three splendid addresses were appreciated to the fullest by all. A great, big, good, broad gaged, christian man, he is. Doctor, you said you would come again when our new church was completed, we hold you to that promise and will expect you next summer or fall.
