

Search Team Seeks Captive US Airmen

CHENG TU, China, Sept. 26. (AP)—A US army search plane plunged deeper into China's wild and mountainous far west today seeking long-lost American airmen feared captives of the fierce slaveholding Lolo.

On the second day of their mission into the land of cloud-capped mountains, half-savage, Mongolian-featured warriors, and panthers, the soldiers were believed to be from five to 11 days' march from their goal.

That goal is the valley of the Chinkiang, which carves its course from headwaters in the world's highest mountains in Tibet.

Missionaries have reported at least eight enslaved whites were seen grinding corn or tending flocks in that region, where few white men save the missionaries have ever ventured.

LT. Col. Herbert W. Wurtzler and his detachment expected to set up headquarters at a remote Catholic mission and try to learn there if the white captives are US airmen, downed two and more years ago on the perilous flight "over the hump" from England to China.

Then he will try to locate the captives through friendly Lolo chieftains.

Dr. David Crockett Graham of West China University, who entered the country 20 years ago, said here that the Lolo probably would demand blankets and salt for ransom because their economy was based on the practice of slavery.

So primitive are communications that no developments were expected to be reported here inside of two weeks.

Reports reaching here said that an intertribal war was in progress somewhere ahead of Wurtzler's party, and this might further delay negotiations for the release of any airmen found.

Schwellenbach To Head Off Shipping Strike

By The Associated Press
Pacific coast ship operators have declined an invitation from Secretary of Labor Louis B. Schwellenbach to attend a Maritime labor peace conference tomorrow in Washington designed to head off a nation-wide strike by ship engineers.

The new strike threat to the nation's still-groing waterfront comes this time from the CIO Marine Engineers Beneficial Association, whose 15,000 members man the engine room of virtually all the ships in the American Merchant Marine.

Their leaders are counting a nation-wide strike authorization vote, with first returns showing heavy sentiment in favor of a walkout next Monday, unless ship operators grant the men a 35 per cent wage boost.

Union leaders already have agreed to meeting with representatives of the shipping companies on the Atlantic and Gulf coasts in Schwellenbach's offices.

But the Pacific-American Shipowners Association last night announced they would prefer to iron out maritime difficulties with meetings on the west coast.

The association's announcement came before it signed an agreement with the AFL Sailors' Union of the Pacific placing government-approved wage increases into effect.

New York port members of the Marine Engineers voted 1044 to 125 yesterday to strike after expiration of contracts with ship operators Sept. 30.

Two Persons Injured Struck By Auto

Mrs. Elna Smith, 303 Johnson, and R. T. Smith, who resides at a local hotel, both received painful injuries when they were struck by an automobile at Third and Nolan streets Wednesday night, the police department reported today.

Medical examination disclosed that Mrs. Smith suffered a broken right arm, broken right leg and cuts and bruises about the head, officers said. R. T. Smith received a broken right leg and other cuts and bruises. They were carried to the Big Spring Hospital for treatment.

According to the police report, both were hit by an automobile driven by Ned R. Hale shortly before 11 p. m.

No arrests were made.

17,000th Student

AUSTIN, Sept. 26. (AP)—A Canadian veteran, John S. Hayes, was number 17,000 at the University of Texas enrollment list as the registration figure went to 17,009 yesterday.

Four Killed, Many Injured In Train Wreck

VICTORVILLE, Calif., Sept. 26. (AP)—Four persons were believed to be dead and 50 to 75 injured after the locomotive and the first five cars of Union Pacific passenger train No. 3, the westbound Transcontinental Limited from Chicago, went into the ditch two and a half miles east of here this morning.

California Highway Patrolman Walter Terry, at the scene of the wreck, said the derailed cars were telescoped. Six other cars of the 11-car train remained on the track.

He said stretcher cases would number between 50 and 75, and at that time 30 to 40 had been placed on flat cars and removed to the Victorville railroad station. From there they were being taken in ambulances to the Victorville army air field.

Terry said bodies of two dead had been removed from the wrecked cars, and two more bodies could be seen in the wreckage.

Terry said the cause of the wreck had not been determined, but that it might have been a split rail. He said there are no switches in the vicinity of the wreck.

Ambulances were dispatched from San Bernardino and Barstow, to the west and east, respectively, to remove the injured to hospitals in San Bernardino, about 30 miles away.

Merchants Plan Christmas Sales

Retail merchants agreed on Nov. 29 as the date for Christmas window unveiling and instituted a survey on opening and closing hours at a meeting of the retail committee of the chamber of commerce Thursday morning.

C. W. Norman accepted appointment as general chairman of the activities which will mark the formal opening of the Christmas season. He will name committees and work with firms later in development of the program.

Representatives of the various types of businesses were given lists of firms to contact in a survey to determine general sentiment on hours for opening and closing stores. Louis Price, chairman of the retail committee, recognized that there would be various problems involved, many peculiar to certain businesses. However, discussion broadly favored a 5:30 p. m. closing time with perhaps some fluctuation from 9 a. m. as an opening time. Results of the survey will have a pronounced bearing on this, however.

Relief Job Huge

WASHINGTON, Sept. 26. (AP)—President Truman told congress today the job of providing relief to war-ravaged lands will not end this year—an apparent indication that additional appropriations may be asked for the United Nations relief and rehabilitation administration.

Two Persons Injured Struck By Auto

Mrs. Elna Smith, 303 Johnson, and R. T. Smith, who resides at a local hotel, both received painful injuries when they were struck by an automobile at Third and Nolan streets Wednesday night, the police department reported today.

Medical examination disclosed that Mrs. Smith suffered a broken right arm, broken right leg and cuts and bruises about the head, officers said. R. T. Smith received a broken right leg and other cuts and bruises. They were carried to the Big Spring Hospital for treatment.

According to the police report, both were hit by an automobile driven by Ned R. Hale shortly before 11 p. m.

No arrests were made.

AUSTIN, Sept. 26. (AP)—A Canadian veteran, John S. Hayes, was number 17,000 at the University of Texas enrollment list as the registration figure went to 17,009 yesterday.

Byrnes Summons Full Session Of Conference

Big Four Attempt To Speed Up Treaty Drafting

PARIS, Sept. 26 (AP)—Secretary of State Byrnes rapped a gavel made of Utah copper tonight and summoned the peace conference into full dress session in an effort to "facilitate the work" of drafting five peace treaties.

The secretariat general called the session on a notice of less than five hours, apparently because of a deadlock over the proposed agenda for approving the treaty draft with Finland, first of the five European peace treaties to be completed after two months of conference.

The original agenda of the 21-nation secretariat called for a plenary session tomorrow to discuss approval of the Finnish treaty text, but the American, Russian, British and French members were reported to have pressed for an earlier meeting.

The foreign ministers council program to speed the conference has been drafted for presentation by the foreign ministers' deputies, an informed source said. The major point in this program would be a time limit on speeches in commissions to enable the conference to meet an Oct. 15 deadline for completing its deliberations.

In the military commission, meanwhile, the delegates decided to order Bulgaria to disband her armed forces with the exception of a "land army" including frontier troops in a total strength of 55,000 men.

Heavy Rains Fall In South Again

By The Associated Press
Heavy rains fell in the southern part of the state from the Gulf coast to San Antonio last night.

The heaviest fall was at San Antonio, where 3.38 inches, most of it in an hour's time, flooded streets in the northern part of town and caused a small creek in the eastern section to overflow.

Wakarusa had 2.42 inches of rain, Junction 1.54, Victoria 1.40, Nacogdoches 1.24 and Kerrville .45, according to reports to the United States weather bureau.

Elsewhere over the state skies were cloudy and temperatures slightly warmer. High readings were mostly in the 80's yesterday afternoon, and even in the Panhandle lows were around 60 this morning. Muleshoe reported the lowest in the state, with 51 degrees. Amarillo read 60 and Pampa 62.

Skies promise to continue cloudy to partly cloudy, with scattered rains today. Fog was reported over an area from San Antonio to Austin this morning.

Dreamboat's Flight Tentatively Reset

HONOLULU, Sept. 26. (AP)—Col. C. S. Irvine, commander of the army's distance record seeking B-29, "Pacusan Dreamboat," today tentatively set 5:30 a. m. tomorrow, Honolulu time 10 a. m. CST, for the start of his top-of-the-world hop to Cairo, Egypt.

Irvine said, after checking the early weather report, that the 10,000-mile flight across the Arctic regions would begin then, "weather permitting."

The weather report indicated poor flying conditions over Iceland, and he wishes to give it "24 hours to get out of my way."

Meteorologists said they expected the weather to clear up within the next 24 hours to give the Dreamboat clear sailing on its long hop.

CAPITAL QUIET BESIDE FARM

SHERMAN, Sept. 26. (AP)—Speaker of the House of Representatives Sam Rayburn is beginning to believe that Washington is safer than his quiet, peaceful ranch near Bonham, where he goes to relax from the hectic capital life.

While tinkering with a new power saw yesterday, Rayburn was attacked by a bee, which crawled into the speaker's right boot and stung him four times. Dr. Joe Ritter later found infection and administered penicillin.

A year ago, Rayburn fell and broke an arm while chasing a "contrary cow" at the ranch.

Packers Holding Back Meat, Sabbath Charges

JUNIOR TO HELP SOLVE MEAT PROBLEM—Junior, one of the biggest hogs ever brought to the Detroit stockyard, sleeps peacefully while Arthur Bickford, a salesman for the Michigan Live-stock exchange, scratches his head in amazement at the animal's 1,070 pounds. (AP Wirephoto.)

Phone Workers Plan To Scrap Federation System

WASHINGTON, Sept. 26. (AP)—Plans are being perfected today to scrap the National Federation of Telephone Workers (NFTW) and replace it with a tight national union of unprecedented scope within the nation's communications industry.

Final action on the proposal will be taken at a special NFTW convention in Denver November 4 to 16. The new organization probably will be known as the Communications Workers of America.

The NFTW, a federation of 47 independent unions which claim a combined membership of 230,000 workers in various branches of the telephone industry, authorized the change-over in principle last June.

That convention also decided against joining either the AFL or the CIO.

NFTW President Joseph A. Beirne said the Denver convention will be limited to two main topics.

1. The constitution for the new union.

2. The scope of "national level" bargaining with employers—principally the American Telephone and Telegraph Company.

For example, Beirne said the 250 delegates to the special convention must decide which of 23 issues they want bargained on a national scale. These include such things as wages, the union shop, pensions, vacations, premium pay for Saturday and Sunday work, night differentials and compensation for time spent in handling grievances.

At present the various unions in the federation do their own bargaining. NFTW officers make policy but do not carry it out.

The strike weapon would be wielded only by the national office. Non-union affiliates may call a strike, throw up picket lines and shut-off telephone service for a whole city or area.

Traffic Problems Topic Of C-C Meet

Traffic problems in Big Spring were to be discussed at 3:30 p. m. today at a meeting of steering committees from the Highway and Safety departments of the chamber of commerce.

Among matters expected to be brought before the joint meeting were proposals to distribute through traffic on highway 80 over more than one city street.

Congestion on Third street has caused considerable concern recently, and suggestion that a plan for diverting local east and west traffic to Second and Fourth streets be studied already has been made.

Atomic Unit Ready For Vote On Control Plan

LAKE SUCCESS, N.Y., Sept. 26. (AP)—Scientists of the United Nations Atomic Energy Commission were ready for a showdown vote today on their report on atomic energy controls, with Soviet Russia holding the key to a unanimous vote.

The scientific and technical committee of the commission, made up of scientists from each of the 12 nations of the commission, was summoned to meet in secret session at the United Nations headquarters here at 1 p. m. (CST).

Members of the committee were represented as agreed that some final action must be taken on the report, which was adopted after 18 meetings, mostly in August, and which has been awaiting the formal approval of Soviet Russia for about three weeks.

Prof. S. P. Alexandrov, the Russian scientist on the committee, who came here from the Bikini atomic bomb tests, was reported to have agreed to the scientific committee's report as an individual. But he was said to have informed the committee that he must obtain official approval from Moscow before Russia would be committed to the report—and that official approval so far has not been communicated to the committee.

An informed source said that the report, which contains no recommendations, would come out of the committee regardless of Russia's stand.

Registration for the Howard County Junior College was due to reach the 150 mark this afternoon. This was the estimate of President E. C. Dodd on the basis of continued registrations Thursday morning.

With another registration from 7 p. m. to 9 p. m. today, primarily for those wishing to enroll in evening classes at the college, and another full day of registration Friday, Dadd was optimistic that enrollment would reach or exceed 200 for the opening semester of the school.

He called particular attention to the evening registration today and urged adults who are interested in taking evening work at the college to avail themselves of this opportunity. The hours will be convenient for others who have no opportunity to register during the day, he said.

The appeal for loan or rental of typewriters was renewed in the face of an unprecedented demand for commercial courses.

Half of the first day's enrollment included typing in their course of study. Persons or firms having typewriters which might be made available temporarily to the college were asked to contact Dadd or Howard Cox at the college, telephone 1804, or to see them in person at the college at the bombardier school. Dadd said he might be reached at the Douglass hotel in the evenings.

Street Car Strike Hits Pittsburgh; Power Still Off

PITTSBURGH, Sept. 26. (AP)—A walkout by street car operators started today in this strike-hardened steel capital, already in the grip of a power strike now in its third day.

Other strikes were threatening in apparent sympathy with the walkout by the power workers' union.

The strike on the street car system of the Pittsburgh Railway Co., main method of public transportation in the city, was called suddenly at 3 a. m. and left thousands of early morning riders without transportation. The company announced all cars had been withdrawn from service.

An official of the AFL Allegheny Association of Street, Electric Railway and Motor Coach Employees said the walkout of 3,000 trolley operators and service workers resulted from a dispute between the association and the railway company.

Both the Pittsburgh Railway Co. and the Duquesne Light Co., whose production of electrical energy to an 817 square mile area has been reduced to 40 per cent by the power strike, are subsidiaries of the Philadelphia company.

National city labor leaders were rallying to the support of the power workers in their fight against an anti-strike injunction handed down by the Allegheny common pleas court. Leaders of CIO and AFL organizations in Pittsburgh with approximately 375,000 members called special protest meetings.

Decontrol Drive Gains Force Through Nation

WASHINGTON, Sept. 26. (AP)—Charging that "collusion" among packers is depriving the people of meat, Chairman Sabath (D-Ill.) of the House rules committee asked today for an investigation of an "apparent conspiracy" to violate the anti-trust laws.

This is a strike of organized greed against the American people," he declared in a telegram from his Chicago hospital room to Attorney General Clark. The packers have contended they are unable to obtain livestock supplies.

An administration supporter split on the question of suspending meat price controls and a hungry clamor arose throughout the nation, these other developments occurred in swift succession.

1. Rep. Rogers (R-Mass.) told reporters after a White House call that President Truman took the stand that Congress had taken price control action out of his hands "when it legislated the decontrol bill."

2. Mr. Truman himself arranged to see reporters at 3 p. m. (CST) in his regular weekly news conference.

3. The Agriculture Department came up with the report that fewer hogs are going to market now than ever before in modern history. (A similar situation with respect to cattle was reported earlier this week.)

4. The army moved in to take one-fourth of all meat produced by federally-inspected slaughterers.

5. Mr. Truman's press secretary Charles G. Ross, turned aside with "no comment" reporters' questions about House Majority leader McCormack's (D-Mass.) proposal that price controls be suspended for 60 days.

Sabath declared in this telegram that big packers, especially those "organized in the American Meat Institute" are deliberately trying to force decontrol of meat.

The inordinate spread between livestock and wholesale prices," he said, "proves that the principal objective is to make more and more profit for owners who already have made tremendous gains from human misery during the war."

He believes also that the refusal of the packers to buy and process meat has deep political motivations and is deliberately intended to embarrass the administration.

Strikers Riot In Hollywood

HOLLYWOOD, Sept. 26. (AP)—The movie labor war flared anew today as rioting broke out at the gates of Warner Brothers and Metro-Goldwyn-Mayer studios when police-escorted non-strikers crashed through massed picket lines of the AFL conference of studio unions.

One man was arrested for slashing a tire as police herded 20 automobiles through nearly 500 pickets gathered at the gates at Warner's in nearby Burbank, scene of the bitterest fighting in last year's strike. Two others were arrested at Paramount.

Two men and a handful of officers fought their way through a milling crowd of 100 pickets at the workers' entrance to the MGM in nearby Culver City. Several minor injuries were reported.

Paramount studio, where numerous actors were seen entering prior to establishment of picket lines at 5 a. m., reported 700 techs and the workers were inside studio yards and that production was expected to continue.

Pickets were massed at four other studios—RKO, Columbia, 20th Century, Fox and Universal.

Seventh Seaman Dies In Tanker Explosion

WILMINGTON, N.C., Sept. 26. (AP)—The toll of Tuesday night's explosion and fire on the tanker Bennington rose to seven today when James E. Eaulkner, 50-year-old seaman, died in a Wilmington hospital of burns.

Faulkner was a resident of Jacksonville, Fla.

Previously six other members of the crew had died. They were caught by shock and flames when the terrific explosion blasted great holes in the forepart of the Bennington at 10:38 p. m. Tuesday.

FEED OUTLOOK IMPROVES—The largest stock of feed offered farmers and ranchers in this area in three years now is available at the Wooten Produce company, 401 East Second street, during the past few days, Harvey Wooten manager, has announced. It's been a long time since we were able to take care of our customers' needs as well as we are today," Wooten said.

Caroline's Offers Wide Floral Variety

When frost comes and kills the blossoms in Big Spring flower gardens hostesses can still have the most perfect blossoms, and the brightest colors simply by going to Caroline's Flower shop for arrangements.

Whether it is to be a complete arrangement for a church wedding, or a small selection of simple cut flowers to brighten up the home, Caroline's can always provide just the thing. Perhaps the thing which would brighten that particular dull spot is a gaily colored cluster of flocked fern in a variety of colors or a few velvety cat tails.

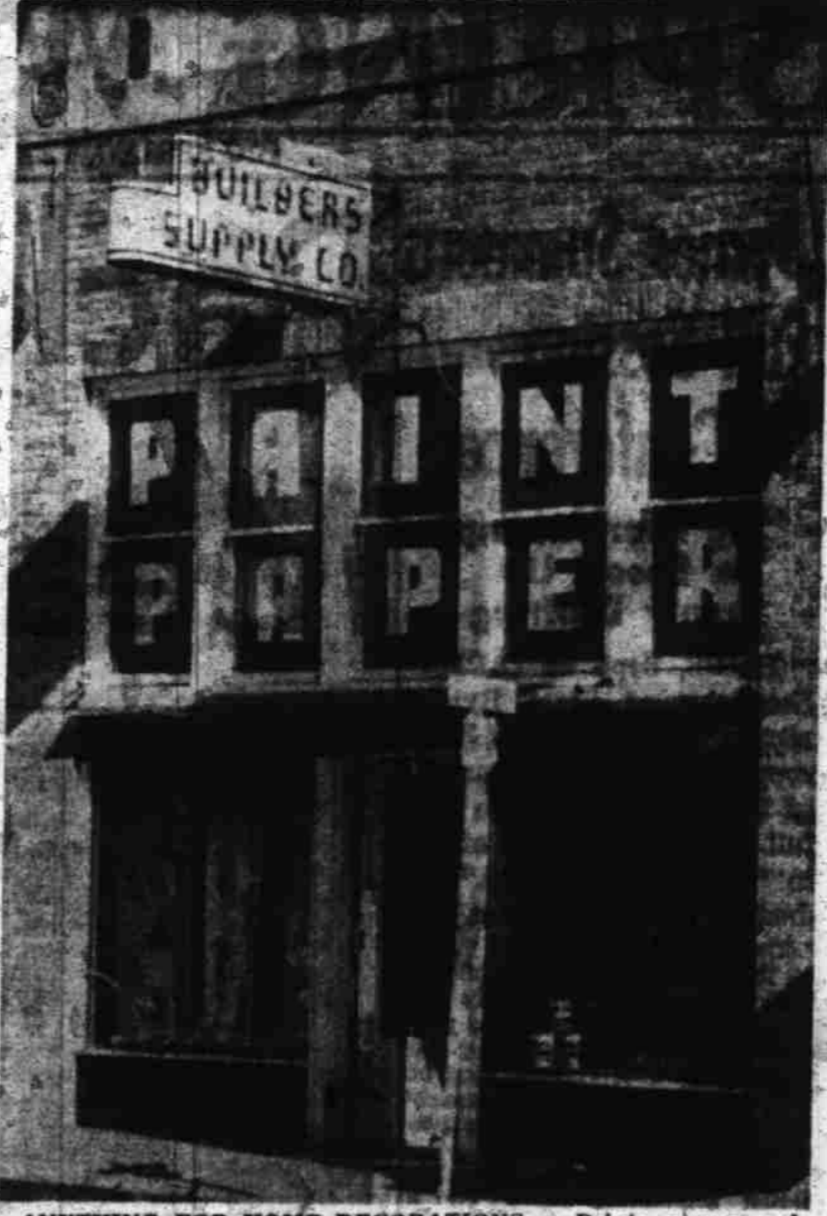

Selections of cut flowers are wide, ranging from shaggy brightly colored asters and chrysanthemums to the more formal pastel gladioli and long stemmed, fragrant roses for the "special" dinner parties.

For corsages Caroline's can make up attractive costume complements of gardenias, roses, carnations or orchids. The giant chrysanthemums which have become almost required for the costumes for attending fall football games are now available, and can be made up in any of the school colors.

The fall selection of potted plants is wide and varied, and choice can be made either blooming or foliage types.

Caroline's has facilities for telegraphing blossoms to any part of the United States. Such service can be had simply by calling 103.

For fresh and appropriate flower arrangements discriminating hostesses stop by Caroline's flower shop at 1510 Gregg street.

Large, Complete Stock Of Feed At Wooten's

The largest and most complete stock of feed assembled at the firm in three years has been made available at the Wooten Produce company, 401 East Second street, during the past few days, Harvey Wooten manager, has announced. It's been a long time since we were able to take care of our customers' needs as well as we are today," Wooten said.

The Wooten company is local distributor for Red Chain feeds, produced and manufactured by Universal Mills in Fort Worth. Wooten was elated over the swiftness with which Universal has made stocks available to its dealers, helping to relieve critical shortages.

"We are glad to be in a position again not only to meet the essential needs of our customers, but also to offer them large selections in complete lines. We have virtually every type of feed used, except, of course, cottonseed meal and other protein concentrates, and they are not available anywhere in the country in quantity," Wooten declared.

In addition to his regular line of feeds, Wooten is receiving regular shipments of alfalfa hay in carload shipments. A good supply of hay will be important to stockmen during the fall and winter, he believes.

The firm also continues its poultry processing and egg business. During the past few weeks, Wooten has supplied most of the Big Springs area with poultry products.

As a convenience to customers, a completely stocked grocery and market is maintained in the building. Floyd White is associated with Wooten in the grocery store management. They still are offering a full line of fresh meats, with supply available for several more weeks, as well as staple and other fresh groceries.

There is no rank in THE AMERICAN LEGION — a buck private is the same as a general in the post meetings.

Maryland was named in honor of Queen Henrietta Maria of England, wife of King Charles I.

Coroner Fred Kowalki pronounced a verdict of death from gunshot wounds at the hands of officers acting in performance of their official duties.

Police Exonerated For Shooting Man

BROWNSVILLE, Sept. 23 (AP)—Four Brownsville policemen have been exonerated by Chief of Police Duncas Wright following the fatal shooting of a former Baltimore, Md. cab driver, identified as Robert Lee Howell, 34.

Wright said the man was killed in a gun battle in the Brownsville police station, Saturday. Wright said the man grabbed a .45 caliber gun from the night sergeant's desk and began shooting wildly through the room occupied by the four officers and a civilian. Police returned the fire, Wright said.

Coroner Fred Kowalki pronounced a verdict of death from gunshot wounds at the hands of officers acting in performance of their official duties.

Color Essential For Attractive Home Surroundings

The hot, dusty and dry weather of West Texas is hard on color furnishings of any home through the summer. Wallpapers fade, painted surfaces take on a lifeless finish, linoleums may be worn thin from gritty particles.

Now, in the warm days of fall, is the time to perk up a home for winter. And nothing makes a home brighter than color — color in new paints, color in new papers, and color in new linoleums.

These colors — and all the needed paraphernalia for applying them — are available at Builders Supply, located at 210 W. Third. The company handles Moore paints in all finishes and shades, and United wall papers in designs to suit even the most discriminating tastes.

Howard Stephens and his staff of salesmen will help the customer decide on decorating schemes, depending upon wide experience and knowledge of paints and papers.

Some classes will begin Nov. 4.

Governors Of Texas

Hillbilly Music Elected Stevenson, Present Chief

(Editor's Note: This is the last of a series of articles based on the lives of the governors of Texas.)

By PAUL BOLTON

The perspective of time is needed to evaluate the place of Coke Stevenson in the roll of Texas governors. At this distance, it may be said:

Growing up in a day when Horatio Alger's philosophy dominated young boys, Coke Stevenson still believes today that "industry, thrift and integrity will succeed as they always have done"—and that phrase is as typically Stevenson as it is Algerian.

Coke Stevenson was a poor boy. Coke Stevenson was a self-educated man; Coke Stevenson worked hard; Coke Stevenson achieved a

measure of success; ergo, the poor boy of today not only has a good chance to succeed; he has a better chance to succeed than did the poor boy of yesterday.

What directions history takes may determine the place in it that Stevenson has.

Stevenson believes in the ways of our fathers. "When we stray from the pattern laid out by our fathers, we endanger our whole governmental structure."

Stevenson frowns upon government aid to the individual. "The sinews and soul courage that we have made strong in our youth now at war, we can make soft and flabby in a government order of dobbing."

Stevenson resists government: "Our people... are unwilling for certain bureaucratic chieftains in Washington to issue orders that would paralyze our economy."

Stevenson defends the state as against the federal establishment: "When the state properly exercises its powers, the citizens live under a government of laws. When the central government takes control through edicts of boards, the citizen exists under a government of men subject to the caprice of other men."

It is as a people America should turn back to the governmental ways of yore, Stevenson would stand as one who repeatedly pointed the way at the crossroads.

If the trend toward what some call "liberal" others call "radical," and still others call "communist" government continues, Stevenson might well be remembered as the last great voice in Texas calling out for status quo.

Stevenson became governor through the capricious tastes of the Texas public, who suddenly developed a liking for hillbilly music.

Hillbilly music successfully pushed an obscure flour salesman named W. Lee O'Daniel into political fame as governor and as United States senator. Stevenson, lately-become lieutenant governor, helped make O'Daniel senator.

His help was to take leadership in pushing across the O'Daniel legislative program (or a portion of it) which was hopelessly lost except for the Stevenson aid. This program was O'Daniel's price to get out of Texas. Stevenson and his colleagues paid that price because they wanted Stevenson in the governor's chair.

His inauguration in 1941 had deep overtones of sorrow. One of the best-loved women ever brought to Austin by politics, was slowly dying. But she saw her husband into the Texas governor's mansion.

Fay Wright Stevenson and Coke had come a long way together. Coke was born in 1868 in a South-

west Texas log hut. He always worked. At 16 he was carrying freight (coffins) between Junction and Brady. On the log overnight hops he studied accounting by candle light. He got a job in a bank as janitor. He read law at nights, and got his license. And married Fay Wright.

Marriage developed him into one of Junction's leading citizens, county attorney, president of the bank where he started as janitor, development of an abstracting business, a picture show—then, in 1928, he decided to run for the legislature.

That started his state political career. He became speaker of the house, then lieutenant governor—then, by the zany politics which prevailed in those days in Texas, governor. He thereafter was twice elected—the opposition never seriously threatened him and no really strong candidate ever ran against him; and until late in the day, he was a potential candidate for governor, for a third elective term.

He served throughout the war years.

What Stevenson's attitude toward the "central government" and particularly its leadership would have been had he remained at peace is purely speculative. But that he chafed against federal restraint is notorious.

"We insist," he said, "that winning the war does not involve the sacrifice of the principle of a government of laws, administered as close to the people as is humanly possible."

At another time he said: "Would it be fair to our young men that while they fight and die in strange lands in the name of democracy we should submit to an internal administration that might destroy the democracy we have?"

Those, of course, are generalities. Specifically, he was an open, frank critic of gasoline rationing and the rationing. As a rancher, he potshotted at meat rationing. Government waste of paper came under his fire.

He became embroiled in the University fight when Homer Price Rainey was unfrocked as president—although he has consistently insisted that his attitude was one of hands off. That was the beginning of the war of political ideology.

Publicly he maintained a hands off attitude during the May, 1944, Democratic convention when the group later, to be called "Texas Regulars" seized control. Repeatedly his only part in that convention was to espouse the cause of Myron Blalock as national committeeman. That intervention is a matter of hearsay; in any event, Blalock was kept on—is still on.

In September when the Roose-

Mitchell 4-H Boys To Show Animals At State Fair

COLORADO CITY, Sept. 24—With the reopening of the Texas State Fair in Dallas Oct. 5-20 Mitchell County 4-H Club and FFA boys plan their first exhibits of livestock for the current fall season.

T. H. Roensch, county agent, will supervise exhibits from both groups. R. E. Post, vocational agriculture teacher at Colorado City high school, is ill and unable to attend the fair and Roensch will be in charge of both groups of boy feeders.

Livestock will be shipped cooperatively and will be loaded out from the Frontier Roundup pens at 5 p. m. Tuesday of next week, Oct. 1.

Four 4-H club boys and four FFA feeders have readied live stock exhibits for showing in Dallas in the junior divisions. Judging of junior steers and pigs will begin at 9 a. m. Saturday, Oct. 5; Monday, Oct. 7, at 9 a. m. Judging of junior lambs will start.

Among the boys who will enter the statewide competition in various classes is Rolland Fee, who will show two steers in the junior baby beef class. One of young Fee's calves was bred by Winston Brothers of Snyder, the other by the Diamond L Ranch of Ft. Worth. Fee has exhibited at all major shows since he entered 4-H club work and showed the Reserve Champion steer in Sweetwater.

Stuart Henderson, 15-year-old Hyman boy, has two calves to exhibit in Dallas. Henderson won wide recognition last March when he showed the Grand Champion at the colorful Ft. Worth Livestock Show and Exhibition. He will also show one mutton lamb in the Fair ring.

Robert McMillan of Cuthbert will exhibit one steer in the heavyweight division. Glyn Morgan of the Looney community, 4-H'er who showed the Grand Champion and Reserve Champion gilts in the Mitchell County Boys show for the past two years, will show one fat barrow.

Jimmie Hammond, FFA member who showed the Grand Champion steer in Mitchell County's 1944 show and the 1st heavyweight steer in 1945, will take to Dallas one steer. Charles Smith, FFA feeder, 2nd prize winner when he was a 4-H member, has two calves

vellians regained control, Stevenson was still unlabelled—but the Rooseveltians looked upon him askance.

Many believe he delayed so long a statement that he would not be a candidate in 1946 because he wanted to be sure a candidate strong enough to defeat Rainey was in the race. He picked Grover Sellers and Beauford Jester to win.

And when Jester won, he said: "I'm at peace with the world... The people of Texas are still a stable citizenship... It's a grand old state."

Week For Physically Handicapped Slated

With the local US Employment Service taking the lead, plans are underway for full observance of the national "Employ the Physically Handicapped" week scheduled for Oct. 6-12.

This will be the second year for the week to be observed.

J. Dayle Wilson, acting manager of the local USES office, said that the Employment Service units throughout the nation are coordinating a program for stressing the employment of physically handicapped persons during the observance.

A large portion of the physically handicapped unemployed is composed of World War II veterans, Wilson reminded, and records show that most of them are valuable employes when given opportunity.

The local office will join with others in the country beginning Oct. 6, in asking employers to give special consideration to physically handicapped applicants who are qualified.

Early Settlement Seen In Bus Strike

BEAUMONT, Sept. 26 (AP)—Union and company representatives involved in the seven-day-old strike of bus operators in Beaumont and Port Arthur have predicted an early settlement of differences.

Negotiations are to be resumed here tomorrow morning.

A. F. Steele, international representative of the union, said only three points remain to be settled, including making overtime pay retroactive to May 1, retirement benefits and working conditions regarding promotions in the shops.

A salary boost question will be submitted to arbitration.

Exhibitor of the Reserve Champion drylot in '45 here and the Reserve Champion at Sweetwater, Bobby Watlington, will pin his hopes on a calf he fed. Gerald Hallman will also show one steer.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drugstore. (adv.)

Big Spring New Election Called For School Trustee

Big Spring, Sept. 26 (AP)—A new election for a school trustee at Grulla has been ordered by District Judge Lorenz Broeker after declaring that an April election ended in a 253-253 tie vote between Florento Guerra and Mrs. Teresa D. Garcia.

Meanwhile, 300 school children at Grulla are reportedly remaining away from school because of the school board's action in employing teachers with only high school education.

From where I sit... by Joe Marsh

Going Fishing? Here's How!

To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.

Willie favors dry flies, Basil oob-poons anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything at a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #1X&***!!

But on Saturday, each got back on Seward's creek with a catch that couldn't have differed by more than several ounces!

Joe Marsh

Junior High 11 Opens Season

Jim McWhorter and his entire squad of Big Spring junior high school football yearlings shaved off for Midland this afternoon where at 7:30 a clock tonight they open their 1946 campaign against the Midland Bullpups.

McWhorter, and his side, John Malaise, selected to take all 45 boys who have been registering for practice. Likely at most, most of the striplings will see action since the coaches want to get a look at all the lads under fire.

Big Spring can field a team averaging something like 170 pounds. However, several of the bigger boys have been suiting out but two or three days and McWhorter figures they won't be ready to play much.

As it stands now James Fannin, Dickie Cloud, Johnny Hooper and Billy Carlisle will open as the starting backfield. Fannin, a red-haired fellow who possesses nice pitching arm, will probably be the bellwether of the troupe.

Fannin and Cloud each weigh something like 145 pounds, while Hooper and Carlisle will balance off at 150 pounds.

In the line, it will be Howard

Snead Favored In Dallas Show

DALLAS, Sept. 28 (AP)—The nation's leading professional and amateur golfers were to tee-off heretoday in the opening round of the \$10,000 Dallas open.

Sam Snead, British Open champion and defender of the Dallas title, has been stamped as the pre-tournament favorite on the basis of a fourunder par score 66 turned in on a practice round yesterday. He will have strong competition, however, in that it is believed that Ben Hogan, National PGA champion who has been vacationing the past two or three weeks, turned in a tally that was five or six under par.

Hogan declined to reveal his score.

In a Tuesday practice round, Snead shot a 62.

Other strong competitors are Dallas-reared Lloyd Mangrum, National Open champion; George Fazio, winner of the Canadian Open; Herman Kessler, who topped the masters title at August, Ga.; Jimmy Demaret of Houston, fourth leading money winner of the year; Harold McSpahn and Vic Ghezzi.

Frank Stranahan of Toledo, Ohio, Earl Stewart, Jr., and Don Scumacher of Dallas, and Jimmy McGonigall of Shreveport, La., are among the outstanding amateurs.

Walters Quietens Cardinals After Dodgers Lose, 11-9

Durocher Sends 8 Hurlers To Hill But Quakers Win

By The Associated Press

It is doubtful today if any major league baseball manager ever bowed out with more satisfaction than William B. (Wildcat) Walters, erstwhile boss of the Cincinnati Reds.

McKechnie managed his last game for the Reds last night. He was "fired" three days ago. His final act as the redies boss was to mastermind his hurlings to a 6-0 victory over the St. Louis Cardinals — an act which might cause the Brooklyn Dodgers — a team Bill admits he dislikes — to nose out the club he formerly managed for the National League flag.

McKechnie knew full well that the Dodgers, who earlier in the season he had accused of "dirty playings" against his Reds, had lost 11-9 to the Philadelphia Phillies. A St. Louis victory would just about seal Brooklyn's pennant-hopes as it would give the Cards a two-game advantage with only 3 games left.

He nominated Buoy Walters, always a tough cookie for the Cards, to pitch. Walters pitched one of the finest games of the season to blank the Birds with seven hits. Twice McKechnie signalled for sacrifices and each time it payed off.

The defeat left the Cards still one game ahead of the Dodgers.

Brooklyn, showing signs of cracking under the terrific strain of chasing the Cardinals, blew a three-run lead in the ninth when the Phils came up with five runs to win their 11-9 thriller.

Altogether the Dodgers used eight pitchers to set a new league record.

Scoring five runs in the first inning, the Boston Braves dead-ended the Cubs for third place by defeating the New York Giants 5-5. The Cubs lost a 16-inning game to Pittsburgh by the same score when Billy Cox singled in Lee Handley.

Bobby Feller fanned 10 to boost his season's strikeout total to 337, only six short of Rube Waddell's listed record. However, Feller once again received poor hitting support from his mates and topped a 4-1 decision to Joe Haynes and the Chicago White Sox.

Despite Hank Greenberg's 42nd home run, the Detroit Tigers were beaten by the St. Louis Browns, 8-7, as the Browns' Vern Stephens clouted a homer and two singles.

Joe Dobson pitched the American League champion Boston Red Sox to their 103rd victory with a five-hit, 5-2 win over the New York Yankees.

The Athletics executed a triple play but lost a doubleheader to Washington 6-3 and 7-4.

LOOKING 'EM OVER

With TOMMY HART

The village should be far better equipped with boxers for the 1947 Golden Gloves boxing show here, a fact Mark Wentz and others have drawn attention to recently.

Captain Olvy Sheppard of the Salvation Army has organized a boxing class and, together with Jimmy Byers and Johnny Cox, will mould a squad that will enter the big January show as a unit. Last Monday, more than 40 boys showed up for the finals of the SA's tournament finals, most of them potential fisticufflers.

Too, Travis Griffin has been working with a YMCA boxing class in both outdoor and indoor sessions and some of the enrollees in that class, notably Johnny Hooper, Jimmy Eppler and Billy Carlisle, are being stamped as future champions.

Last year, the bash party suffered for lack of local entries. Fortunately enough out-of-town scrappers showed up to save the day. Invitations will go out to all surrounding towns next winter and the "foreigners" will be welcomed. However, the sponsoring organization, the Big Spring Athletic Association, is counting on enough local enlistments to carry the tournament.

From all indications, the 1947 mitten convention will run three days. This year it was completed in two.

Bobby Decker, Big Spring's popular baseball second baseman of other years who was switched to the hot corner at Berger this season and managed to hit a robust .350, has earned a tryout with the Little Rock Travelers of the AA Southern Association next spring.

The Little Rock management, which finished in fourth place in the National league, attracted 988,109 paying fans for the current, Chicago's White Sox's aggregate went over 950,000.

The St. Louis Browns played to something like 526,549 spectators at home but even that set an all-time record for the American league team in the mound city. In 1934, the year Luke Sewell brought home the bacon, the Browns lured only 508,642 the turnstiles.

The wire services will be bringing the fans' attention in a few days to the fact that the national pastime is rounding out its most profitable year in the history of the sport.

No less than nine major league clubs each drew over a million paid admissions to their home games. The Yankees played to over 2,200,000. Brooklyn attracted something like 1,700,000. Detroit was way up there. Others passing the coveted mark were the Cleveland Indians, Boston Red Sox and Washington Senators of the American league and the New York Giants, Chicago Cubs and Philadelphia Phils of the senior circuit.

Even the Boston Braves, who will finish in fourth place in the National league, attracted 988,109 paying fans for the current, Chicago's White Sox's aggregate went over 950,000.

The St. Louis Browns played to something like 526,549 spectators at home but even that set an all-time record for the American league team in the mound city. In 1934, the year Luke Sewell brought home the bacon, the Browns lured only 508,642 the turnstiles.

Management of the Mexico City team, which plays Friday, Oct. 18.

Bobby Hollis Switched To Guard Post For Friday Go With Lubbock

In a move to strengthen his line, Coach John Dibrell Wednesday switched Bobby Hollis from tackle to guard and promoted big Ed Cypert to the first string as his Big Spring high school football Steers bore down in practice for their Friday outing here with the Lubbock Westerners.

The transfer was necessitated when Pat Lamb, first line reserve who played four quarters of aggressive ball against Cisco last week, turned his ankle and had to retire from the heavy work.

Lamb will be available for Friday's game but will see limited action. Like Robb, regular guard all at present, suited out for Wednesday drills but Dibrell does not plan to use him against Lubbock, figuring he will be of more use against Odessa next weekend.

Hollis should take to the guard spot easily. He's reasonably fast and can pull out and block downfield.

There are indications the Friday setto here will be a struggle of lines. Scouts say the Plainsmen's backfield isn't anything to rave about but the forward wall is uniform and rugged. Line Coach Herschel Stockton of the Bovines figures his line can hold its own.

Work on the set of play the local will use against the guests this weekend dominated the Longhorns' time Wednesday. They'll spend more time in play rehearsal this afternoon.

Ping-Pong Tourney's First Round Finished

Six boys and two girls were first round matches in the ping-pong tournament launched at the Salvation Army citadel Wednesday evening and thus qualified for play in the Oct. 2 second round of competition.

Results, which were decided on the best two-of-three-game basis included:

J. W. Thompson stopped Marlin Peterson, Gene Gross edged Luke Thompson, Jimmy Montgomery kayoed Jimmy Flowers, Charles Hale halted Charley Franklin, Charles Wright bested Melvib Byers, Dewey Byers dethroned Garner Thixton, Jeneta Byers ousted Bonnie Byers and Juel Deen Thompson defeated Mary Ann White.

Other matches will be added to supplement next week's schedule, Capt. Olvy Sheppard announced.

THOMPSON QUITS A&M COLLEGE STATION, Sept. 28

COLLEGE STATION, Sept. 28 (AP)—Jim Thompson, former football star at Texas A&M, has resigned as assistant business manager of athletics at the college and has announced that he will return to Brownwood to reenter private business.

Oct. 4, wrote here asking for a game for next Wednesday but Mentor Johnny Dibrell could not work them in on the Bovines' schedule.

Intercollegiate league rules recommend that teams take at least a five-day recess between games.

Reports say the Brownfield Cubs boast one of the heaviest elevens the Steers will face this fall. The two clubs' clash in Brownfield Friday, Oct. 18.

Take Y-B's to the big game. There's satisfaction in every puff because Y-B Cigarettes are a blend of fine imported Cuban and Puerto Rican filler tobacco. If you're looking for smoking pleasure in football weather, try a Y-B.

Y-B'S AND BUY Y-B'S

ELIAS GAMBOA'S TEN 'IRON MEN', the Big Spring baseball Tigers, recently completed their season. Despite a serious automobile accident several months ago that put several players in the hospital, the Bengals managed to win 14 games in 21 starts. Left to right, top row, they are Ralph Rodriguez, Carlos Roman, Pat Martinez, Isa Mendosa, Lola Subla and Manager Gamboa. Lower row, Wimpy Cruz, C. Rolden, Gus Fierro and G. Arista. The Tigers have been a Big Spring institution for the past 18 seasons.

Ponies Lose Two Standout Backs

DALLAS, Sept. 28 (AP)—Gilbert Johnson of Tyler and Jack Sharp of Dallas, principal candidates for the tailback position vacated by Doak Walker when he was drafted, have been lost to the Southern Methodist University Mustangs because of failure to pass the required number of subjects for athletic eligibility.

Announcement of the disqualification of the two players was made here yesterday as the Mustangs departed for Philadelphia to open their 1946 football season against Temple University Friday night. Forty players accompanied head coach Matty Bell on the trip.

Dr. E. D. Mouzon, chairman of the University's athletic council, reported that both players had failed to meet the scholastic requirements in their last semester of attendance at other schools.

Oona, Pullig, Perry To Work Exhibition

DALLAS, Sept. 28 (AP)—Three Dallas Rebel pitchers will be used in an exhibition game tonight at Sherman as the Texas league champions meet an all-star aggregation while marking time for the opening of the Dixie Series.

Hank Oona, the league's leading hurler, Tom Pullig and H. K. Perry are scheduled to divide time on the mound.

Proceeds from the game will go into the Dallas club's pennant fund.

Stan Hollmig Subs For Barney Welch

COLLEGE STATION, Sept. 28 (AP)—Barney Welch, Texas A&M back who led the Southwest conference scoring last week in opening games, has not been working out this week at the A&M grid team prepares for its Saturday clash with Texas Tech at San Antonio.

Coach Homer Norton hopes that Welch will be ready for the Saturday lineup however. The backfield player received a hip injury in last week's North Texas State College game. Meanwhile, Stan Hollmig, Heddo freshman, has been drilling in Welch's position.

Wildcats Face Billies On Buff Field Tonight

Coahoma, Garden City, Forsan and Water Valley are as slight favorites in the District Ten six-man football program this weekend, which gets underway tonight at Forsan.

This evening's battle pits the Wildcats of Water Valley high school against Homer Barnes' Knott-Hill Billies, who choose to meet on a neutral field. The Cats looked impressive in last week's winning start against Mertzon.

Chasney McDonald's Sterling sextet tied a strong Coahoma troupe at 13-all last week and many observers are picking them to finish one-two in the league standings.

Coahoma debuts before the home folks in a 3 o'clock game, with Courtney's Eagles, who lost a hard fought game to Garden City last week. The Coahomans will be dangerous with Wayne DeVaney a constant threat.

Gordon Griggs' Garden City club tangles with Mertzon in a 2:30 o'clock contest at Garden City and should win. The presence of J. C. Pye and Harry Calverly in the GC lineup make the Glasscock county team the favorite.

Hester's Turns Back Modern Cleaners, 2-1

Shirley Colquitt paced Hester's Office Supplies to a 2-1 victory over Modern Cleaners in Women's Bowling league play at the West Texas Recreation center Wednesday evening.

Mrs. Colquitt rang up a 187 in one game for high individual game scoring laurels. She led a team mate, Olive Couble, who boasted a 171 and coupled that with two other strong games to take high aggregate with 478.

Mary Robertson of the Modern Cleaners boasted second high average with 465.

In other results Youth Beauty Shep rolled over Hartley's Cleaners by a 2-1 count to tie Hester's for the top spot.

TEAM	W	L	Pct.
Hester's	5	4	.556
Hartley's	5	4	.556
Youth	4	5	.444
Modern	4	5	.444

Good Seats For Grid Game Still Available

There are still plenty of good reserved seats available for the Lubbock-Big Spring football game here Friday night, but Principal Walter Read suggests fans buy them in advance to avoid congestion at the gates prior to game time.

The quats, selling for 90 cents each, are available at the chamber of commerce and Big Spring Hardware downtown and at the School Tax office near the school. Customers will not be able to obtain them at those places after 4 o'clock Friday, however. Gates of the stadium will open at 7 p.m. Friday, Read said.

Typhus Control Program Speeded
Big Spring's typhus control program has been speeded up, with work making progress in both residential and business areas, A. Cross, director, said today.
Enough materials have been obtained to keep a four-man crew working for the past few weeks. Cross said, and the supply problem is expected to ease further within the next month or so.
Residential work is progressing slowly, but workers have maintained a more rapid pace in the business area. Cross said inspections of buildings rat-proofed earlier in the campaign have revealed that the work is virtually 100 percent effective.

Tickets For Football Game Move Briskly
Reserved seat tickets for the Big Spring-Lubbock football game here Friday evening were going rapidly Thursday.
A run at the chamber of commerce office exhausted most of its supply, and the demand was brisk at the school administration office. No check on the tickets at Big Spring Hardware was available immediately.
Students must purchase tickets before 4 p.m. Friday or be assigned the regular admission, 60 cents, at the gate.

Cotton
More active mill covering and short covering entered the market in the final hour with all deliveries making new highs for the day.
Futures closed 20 cents to \$1.10 a bale higher.

Markets
NEW YORK, Sept. 26 (AP)—The stock market crawled over an irregular path until the fifth hour today, when a rough support arrived to put leaders generally in the rising bracket and register the third successive average upturn.
While the majority of advances ranged from fractions to 3/4 at the close, assorted "thin" issues were up 6 or so. A number of losers persisted. Transfers were in the neighborhood of 1,200,000 shares.

Cotton, Gin Experts Due Here From A&M
Fred C. Elliott, cotton specialist, and F. B. Lichte, gin specialist, both of the A&M college extension service, will be in Big Spring Saturday. County Agent Duesweg-Lewter announced today.
While here, Elliott and Lichte will be available for conferences with growers and ginners in the area, Lewter said.

Payne Spotlighted On Stage Show
Don Payne, spotlight attraction of the stage offering at the Lyric theater, "Western Maniacs," employs a takeoff on the Joe Besser routine to get his antics across to the audience and his appearance makes a short show seem shorter.
The effervescent Payne dominates the show from the start, which seems to suit the remainder of the cast as well as the audience. He enjoys his wackiness as much as anyone and works all the harder when given an encouragement from out front. His imitations of Bob Burns and Popeye The Sailor are a jam-up.
The company of five, which includes a girl warbler and a fiddler with a schooled set of fingers, is obviously handicapped by a lack of stage footage, but manage to make capital of the available room.
If the patronage comes expecting the troupe to patter, its style after Spike Jones and his City Slickers, they're going to be disappointed. In the first place, the company hasn't the depth to ape that master craftsman. Wisely, the others let Payne carry the show and he succeeds to satisfaction.
The unit makes its final appearance on the Lyric stage tonight. There's a fair Grade B movie included on the bill—T. H.

Five Southwest Games On Air
This week-end Humble Oil & Refining Company will broadcast five football games, featuring Southwest Conference schools.
First on the list will be the broadcast of the Texas-Colorado game between SMU and Temple University, with Charlie Jordan announcing. The game, which will be played in Philadelphia, will be heard, starting at 6:30 p. m. CST over stations KXYZ, Houston; KFRO, Longview; KGVU, Greenville; WRR, Dallas; WACO, Waco; and KABC, San Antonio.
Saturday afternoon, broadcast of the TCU-Baylor game will start at 2:20, with Kern Tips and Alec Chesser handling the play-by-play and color assignments, respectively. Stations KPCC, Houston; WFAA-WRAB, Dallas-Ft. Worth; WCAI, San Antonio; and WACO, Waco, will carry the game which is being played at Ft. Worth.
At the same time, 2:20 p.m., broadcast of the Texas-Colorado game will start with Hal Thompson handling play-by-play and Dick Lyons doing color spots. Game, which will be played in Austin, will be carried over stations KXYZ, Houston; KTSU, San Antonio; KGKO, Ft. Worth and KTBC, Austin.
The first Saturday night broadcast starts at 7:45 p.m. and features the game between Texas A&M and Texas Tech in San Antonio. Yes Boy will be the play-by-play announcer and Fred Kigold the color man. Stations carrying this game will be KRLD, Dallas; KTRH, Houston; KRBC, San Antonio; and WTAW, College Station.
Twenty minutes later at 8:05 p.m., the Rice-LSU game takes the air with Bill Michaels and Dave Russell at the microphones. Game will be broadcast from the Rice Stadium in Houston over stations KTEM, Temple; KNOW, Austin; KMCA, San Antonio; KTHH, Houston; KFJZ, Ft. Worth; KFRO, Longview; KGVU, Greenville; and WACO, Waco.

Pampans Ready For Henderson
By The Associated Press
The Texas Class C baseball championship series between Henderson of the East Texas League and Pampa of the West Texas-New Mexico circuit will begin tonight at Henderson.
That was the final word last night from Maurice Hinson, secretary of the Henderson club, following a controversy yesterday over refusal of umpires from the eastern league to work the Henderson game.
Hinson said that satisfactory arrangements had been concluded with Milton Price, president of the western league. He did not specify which league will provide the umpires, but J. Walter Morris, president of the East Texas organization, said last night in Shreveport that he had been told that Price had agreed to furnish four officials for the play at Henderson.
Morris earlier yesterday had announced that six of his umpires had informed him that they would not work the games to be played at Henderson. Morris said, "I am not going to ask them to do so."
He previously had ordered the seven game of the Henderson-Greenville semi-final round of the East Texas playoff transferred from Henderson to Texarkana after umpires had complained of a lack of police protection.
Hinson said that he was surprised at Morris' statement about lack of police protection. He admitted there had been booging, but no trouble otherwise for the umpires at Henderson.
"If an umpire reaches the state he can't take booging, he may as well quit the business," Hinson said. "Not one pop bottle has been thrown at any local game and not once has an umpire needed police protection."
At Shreveport, Morris said he would send Hub Northen, scout of the Shreveport Texas League team, represent him at a meeting in Henderson today at 5 p.m. to discuss plans for the opening of the inter-league series.

Final Appeal Made For Girls To Enroll As Student Nurses
In a final appeal for student nurses for the state's 37 accredited schools of nursing, Miss Lucy Harris of Fort Worth, president of the Texas League of Nursing Education, Thursday urged girls between ages of 17 and 25 years who might qualify to enroll at their nearest hospital before classes close on Oct. 1.
A statewide drive for nurses was launched after nearly a fourth of the nation's hospital beds were closed by a shortage of nurses, and after Texas enrollments of students had dropped from an annual average of 1,500 to 300.

Mrs. Johnson Feted At Birthday Social
Mrs. Herbert Johnson was honored by members of the Sew and Chatter club Wednesday afternoon when they observed her birthday at the regular meeting in the home of Mrs. Lewis Murrell.
Gifts were presented to the honoree, after which sewing was entertained for the afternoon.
Attending were Mrs. H. V. Crocker, Mrs. C. M. Weaver, Mrs. C. Y. Chinklescales, Mrs. Garner McAdams, Mrs. W. M. Gage, Mrs. Herbert Johnson, Mrs. R. L. Pittcheff, Mrs. R. F. Blum, the hostess and a guest, Mrs. Lizzie Campbell.
Mrs. Ted Phillips will be the next hostess, when Mrs. Chinklescales will be the birthday honoree.

Coahoma High Classes Select Year's Officers
COAHOMA, Sept. 26 (Sp)—Coahoma high school classes organized this week and named sponsors in preparation for the year's work.
Teddy Fowlen was named president of the senior class, and other officers were Wayne DeVaney, vice president; Helen Joyce Engle, secretary and treasurer, and Ray Nell Hale, reported. Sponsors included Supt. M. R. Turner and Miss Marie Kelsey.
Juniors chose Clovis Phinney as president, Betty Jean Graves as vice president, June Stamps, as secretary and Tommy Shirley as treasurer. Sponsors were Mr. and Mrs. Thompson.
Miss Frances Kelsey was selected sponsor of the sophomore class, and Winiford Tindol will be the year's president. Other officers chosen were Bob Reid, vice president; Sue Wise, secretary, and Carlene Adams, treasurer.
The freshman class has as its sponsor, Ralph Marshall, and officers are: Bobby Cahney, president; Paul Van Sheedy, vice president, and Charles Ray, secretary and treasurer.
For the eighth grade sponsor is Mrs. M. R. Turner, and officers include Johnny Dorsey, president; Paul West, vice president, and Rodney Cramer is treasurer.

Local Churchwomen At District Meet In Sweetwater
First Christian-Women's Councils had a district meeting Tuesday in Sweetwater with several women from the local council attending.
Big Spring members present were Mrs. C. M. Shaw, Mrs. J. H. Benson, Mrs. J. H. Stitt, Mrs. Tom Evans and Mrs. Shelby Hall. Mrs. Benson was named to the district resolutions committee, and Mrs. Hall was made a member of the committee for planning for the next district meeting. Mrs. Evans sang "My Rosary" as a solo at the meeting. Mrs. Hall remained for the evening session, which included a banquet.

Number Of Vets Using Benefits 'Overwhelming'

The Lubbock Veterans Administration regional office has been "overwhelmed" by the great number of West Texas veterans who are taking advantage of the GI Bill and other benefits offered by the VA, Robert W. Sisson, regional manager, said in a statement issued to the press Monday.

Mixed Feeds Plentiful, But Little Protein

Mixed feeds and grain will be plentiful through a high protein feeds through feed dealers told members of the chamber of commerce agricultural committee at a party Thursday afternoon.

One reason for the protein shortage, dealers agreed, is higher ceilings on mixed feeds than on protein result in use of most of the protein in mixed feeds.

Retail Rice Ceilings Upped

WASHINGTON, Sept. 24 (AP)—The price of rice is going up one to two cents a pound at grocery stores, OPA said today in announcing that it had lifted millers' ceilings.

The agency said its action made retroactive Jan. 16, 1946, results from a order by Secretary of Agriculture Clayton P. Anderson boosting rough rice prices \$1 a barrel.

The retail increase, OPA officials told a reporter, will add from \$8,000,000 to \$10,000,000 to the nation's annual food bill.

The agency described today's action as an interim increase, and said that while the adjustment should cover other recent cost increases on millers, it is studying the industry to determine what, if any, additional adjustments may be necessary.

The new mill ceilings range from a 50-cent increase for 100 pounds of long grain and brewers rice up to \$1.20 increase per hundred pounds for the fortune variety.

Other increases per hundred pounds include \$1.65 for long grain, white whole kernels only and \$1.80 for Edith variety.

Short grain, milled whole kernels, and 75-cent for second grade, all varieties.

Ginning Services Exempt From Payment
Revenue legislation passed by Congress now exempts all services connected with cotton gins from payment of social security taxes, according to Ben Hawkins, deputy collector of Internal Revenue assigned here.

Heretofore, only those employees of gins who were involved in the actual processing of the cotton were liable for the tax.

Bus Driver Charged
Charges of driving on the wrong side of the road have been lodged in justice court against Eugene W. Patterson, driver of a passenger bus as the result of a collision on US 87 south of here Saturday morning. Joe Block, driver of the other car, pointed out the mistake. Patterson will be in court on Oct. 1.

Valid Sugar Stamps Enumerated By OPA
The local OPA price board today issued a list of sugar stamps now valid and their expiration dates as a reminder to consumers.

Two stamps expire 9 and 10, expire on Oct. 31, and spare 49 expires on Sept. 30. Spare 51 will be honored through Dec. 31.

College Sees Big Enrollment For This Term

Prospects of a 200 enrollment in the Howard County Junior College loomed bright Wednesday on the basis of registrations on the first day Tuesday.

A total of 84 students registered Tuesday, said E. C. Dodd, president of the college.

On this basis, he expected that enrollments Wednesday, Thursday and Friday would boost the total at least to 200. Originally the college had anticipated only 100 the first year, then revised its figures in approving a budget on the basis of 150.

Dodd said he anticipated that in addition to the regular session registrants, the total would be augmented this evening and Thursday evening by registrants. He anticipated that most persons wishing to enroll in the night classes of the college would register 7 to 9 o'clock on these two evenings.

While most of those registering are just out of high school or have returned from military service, there are several who are older, some past 30 years of age. The evening school classes, which offer credit on a par with regular classes, is due to draw a higher age bracket.

Faculty for the college has been completed with the employment of Mrs. Anne Covey, Emma, experienced English instructor, to head the department, said Dodd. Mrs. Covey is a specialist in "functional English," that is English employed in every day activity and business, according to the president.

Work of converting college quarters at the bombardier school hospital area is making rapid progress.

Squally Weather Reported In Gulf
NEW ORLEANS, Sept. 23 (AP)—Squally weather beset the western coast area of the Gulf of Mexico today, with southerly winds of 20 to 30 miles per hour expected to shift to northwest late today to 25 miles an hour and usher in cooler weather.

The United States weather bureau ordered small craft warnings at 6 p. m. Central Standard Time, from Brownsville, Tex., to Morgan City, La.

The forecaster said coast squalls and thunderstorms would extend as far as Northwest Florida tonight or tomorrow, but that there is no tropical storm in sight.

The coastal disturbance is caused by a trough of low pressure over East Texas moving southward, together with rapidly rising pressure over Northwest Texas.

The weather bureau said the winds would shift to north or northwest this morning on the upper Texas coast and this afternoon on the lower Texas and West Louisiana coasts.

Equalizers At Half Mark In Hearings
After working until 10:30 p. m. Monday, the city board of tax equalization recessed from hearings today and looked forward to the possibility of completing the registration list by the end of the week.

The board has passed the half-way mark on the register, and since some registrants are not appearing on schedule it is believed that more than half the actual hearings have been completed.

Brotherhood Names Officers For Year
Gene Haston, was elected president of the East Fourth Baptist Brotherhood at the regular monthly meeting Monday evening in the church basement.

Other officers named were Henry D. Tyree, vice-president; Emory Rainey, program chairman; Otto Couch, food committee; Dick Davis, food committee; Walter Grice, welcome committee.

A men's quartet, composed of Emory Rainey, Elmer Rainey, George McClellan, and Leroy Menchew, accompanied by Mrs. Lee Douglas, sang three numbers. Joe Pickle, speaker, urged laymen to distinguish between big and little things in keeping on the track toward main objectives.

Police To Enroll In Special School
Chief A. G. Mitchell and Don Pross, superintendent of investigations, of the Big Spring Police department, left Sunday for Camp Mabry near Austin, to attend a special school for law enforcement personnel.

The two local officers plan to attend sessions for the remainder of the week. The school is being conducted by the State Department of Public Safety.

No Increase Seen In Pulp, Paper
WASHINGTON, Sept. 24 (AP)—The Commerce Department said today that the pulp and paper supply is not expected to improve until the spring of 1947 despite a rise in domestic production in August.

Many major newspapers could use at least 25 percent more newsprint than is currently available and many converters and distributors could use up to 50 percent more supplies, the department reported.

Soil Conservation Zone 3 To Name New Supervisor

Landowners in Zone Three of the Martin-Howard Soil Conservation district will hold an election at the American Legion hall in Coahoma Tuesday, Oct. 1, at 8 p. m. to select a person to represent them on the board of supervisors.

The term will be for five years, according to L. H. Thomas, chairman of the board.

Frank Loveless of Coahoma was named to succeed and fill the unexpired term of E. T. O'Daniel at a called meeting in July.

Abruzzi rye is reported up to a good stand on several farms, where it is being tried as a winter cover and grazing crop on sandy soils. Among district cooperators trying out this rye are J. D. Nicholson, Melvin Choate, J. Y. Robb, E. T. O'Daniel, Charlie Ray and Troy Gifford.

Robb is planting a mixture of hairy vetch and abruzz rye on about 50 acres this week.

C. R. Donaldson of the SCS recommends inoculating all legume crops with a standard inoculant in order to obtain the nitrogen fixing qualities of peas, vetch and alfalfa in the soil.

H. A. Hays, district cooperator with the Howard-Borden line group, is building a 3,000-yard stock pond this week. Blacky Morris and Harold Bethell of the SCS assisted Hays in locating and designing the pond.

W. W. and L. R. Reed, who ranch between Big Spring and Sterling City in the North Concho River SC district, sold their lambs last week at 73 pounds pay weight. Lee and Bill have done a creditable job of applying grass-land conservation during one of the driest years, according to E. J. Hughes of the SCS.

Farmers More Apt To Spend Savings

WASHINGTON, Sept. 24 (AP)—Farmers are less disposed to hang on to their wartime savings than the rest of the population, a Federal Reserve Board report said today.

But the report added, the principal use of farm savings has been to buy machinery and repair and construct buildings so as to increase production. Buying additional land ranked next in importance.

The report was based on a survey which showed that while half of the general population expressed unwillingness to cash in government bonds during the next five years to invest in houses, land or business, only one-third of the farm operators were similarly unwilling.

The report was based on a survey which showed that while half of the general population expressed unwillingness to cash in government bonds during the next five years to invest in houses, land or business, only one-third of the farm operators were similarly unwilling.

Weaver Aids Farmers On Cotton Insurance
Farmers interested in renewing of cancelling their 1947 cotton crop insurance have been invited to consult M. Weaver, local AAA administrator.

Several major changes have been made in the crop coverage plan within recent weeks, according to Weaver. Federal coverage on cotton will continue through 1947 unless subscribers cancel it in writing to the AAA office.

In Howard county land owners will realize an expected \$150,000 in insurance payments on 1946 cotton. That is more than four times as much as was paid out on the 1945 crop, when payments amounted to something like \$35,000.

Crude Oil Production Tumbles For Week
TULSA, Okla., Sept. 24 (AP)—US daily crude oil production totalled 4,775,289 barrels for the week ending September 21, a decrease of 651 barrels from the previous week, the Oil and Gas Journal reported today.

Greatest change reported was for Michigan where production dropped 6,581 barrels to 45,949. The Rocky Mountain area of Colorado, Montana and Wyoming declined 4,070 barrels to 188,770. California was down 9,600 barrels to 78,100; and Louisiana dropped 200 barrels to 398,300.

Kansas showed an increase of 6,800 barrels to 277,800, while the eastern area was up 3,500 barrels to 67,850; Oklahoma up 1,400 barrels to 353,550; Mississippi up 1,650 barrels to 74,750; and Illinois increased 50 barrels to 202,900. Texas remained unchanged.

SCHOOL GROWS
BLOOMINGTON, Ill., Sept. 24 (AP)—Illinois State Normal University is so crowded that the First Methodist and First Baptist churches, a greenhouse and a bowling alley are being used for class rooms, and 50 girls are sleeping on mattresses on the gymnasium floor.

Flood Control Plan To Be Given Truman
BATON ROUGE, La., Sept. 23 (AP)—Arguments for reversal of the presidential order freezing funds for flood control and rivers and harbors work will be presented to President Truman Friday.

Sen. John H. Overton (D-La.) said here yesterday the president had granted an interview Friday to a committee appointed at the New Orleans flood control conference last week which protested the stop order on \$300,000,000 in projects.

City To Have Representation At Water Meet

Members of the city commission voted Tuesday to have strong representation at Austin on October 14, when the State Board of Water Engineers has scheduled a hearing on the appropriation of waters of the Colorado river.

This involves the proposed five-city municipal water reservoir on the upper Colorado, in which Big Spring, Colorado City, Snyder, Midland and Odessa have banded for possible development.

The commission voted re-appointment for a two-year term, of Dr. J. E. Hogan as city health officer, and voted to amend an ordinance that restricts certain areas to beer establishments. The change would permit beer-selling establishments as far as North Fifth Street in the area of the Gall road.

Deferred was any action on a taxicab franchise tax, and on leasing of the Moss Creek lake area for oil development.

Colorado City has filed an application, as trustee for Snyder, Big Spring, Midland and Odessa, for water rights for municipal purposes on the Colorado river above Colorado City. Purpose of the application is to set the stage, if granted, for the possible creation of a five-city water supply district.

Tentative studies reported by the Colorado River Municipal Water association indicated that a dam five miles northwest of Colorado City would impound a supply of water sufficient to furnish 26,000,000 gallons daily. The district, if and when created, would lease existing water production facilities from participating cities and then supply each with water from the lake and from present facilities when needed.

Norther Moves On Gulf Coast

By The Associated Press
The cold air mass which has done more this week than the equinox to convince Texans that autumn is here, had reached the southernmost part of the state and moved into the Gulf today.

The front brought heavy down-pours to the lower Rio Grande area last night and today, but had lost most of its cooling power.

Laredo, recorded 3.17 inches in the downtown area last night.

The heavy fall caused street flooding and inundation of some low floors, but little damage. At Mission, 4.33 inches of rain fell. Brownsville reported only .89 inches.

The rest of the state was still cool from the effects of the passing front. Temperatures in the north and west reached the low 50s to 60s degrees.

Lowest reading was 42 degrees at Amarillo and Chardron. Brownsville was the hottest point in the state yesterday, with 95 typical, minimum readings included Dallas 56, Waco 65, San Antonio 69, Brownsville 76.

Mother And Child Found Fatally Shot

ABILENE, Sept. 24 (AP)—Double funeral services are to be held today at Hamlin, Texas, for Mrs. M. D. Cornelius, 24, and her two-year-old son, Marion D. Cornelius, Jr., who were found shot in their apartment here yesterday.

An inquest will be held. The child died last night, several hours after his mother was found dead.

County Attorney Theo Ash said neighbors heard two shots fired and after forcing entry into the apartment found the body of Mrs. Cornelius in the bathroom floor and her son lying on a trunk in the bathroom. Both had been shot in the head, he said.

Sutton Pleads Guilty To Liquor Charge

M. D. Sutton, stopped by J. P. Morgan, deputy supervisor of the Texas Liquor Control board last weekend on the Big Spring-Lamesa road, entered a plea of guilty to the charge of transporting liquor in a dry area for the purposes of sale and was fined \$250 and costs in Dawson county court Monday.

When halted by Morgan, Sutton had 60 pinks of whiskey in his possession.

Slaughtering Forms May Be Renewed

Farm slaughterers whose permits on old forms have expired can obtain renewals by sending numbers from original permits along with applications to the district office in Fort Worth, the local OPA price control board announced today.

The correspondence should be directed to Lee Schmale, district slaughter control officer, at the Fort Worth office.

This renewal procedure does not apply for farm slaughterers whose earlier permits were suspended or revoked, local board employees said.

Singing Convention Scheduled Sunday
The Tri-County Singing convention will hold its regular quarterly meeting Sunday at the Apostolic in Faith church, 411 Lancaster.

College Desperately Needs Typewriters

In order to begin instruction in typing at the start of the Howard County Junior College a week from today, the college is in need of typewriters.

An adequate number of machines are on order, but delivery cannot be made in time for opening. In fact, delivery date is uncertain.

Because of this, E. C. Dodd, president, made an appeal to Big Spring individuals and businesses who can spare typewriters to contact either him or Howard Cox, whether the machines can be borrowed or rented.

Calls should be made to No. 1904. However, this phone may be disconnected Tuesday, due to transfers of offices from the school administration building to the bombardier school. In that event, Dodd might be reached at the Douglas hotel.

Machines will be returned in as good or better condition than received, Cox said.

Constellation Breaks In Two

RINEANNA, Eire, Sept. 24 (AP)—The landing gear of a Pan-American Constellation plane collapsed a few moments after the ship touched down at Shannon airport today and the craft broke in two.

Twenty-six passengers suffered from shock, but none was reported injured.

The plane was enroute from New York to Lisbon on its first Atlantic crossing since the recent groundings of all the big Constellations.

The ship made a perfect landing on the runway and was beginning to turn into the taxi strip when the accident occurred.

Airport personnel quickly extricated the passengers.

Health Unit Begins Swab Test Series

The Big Spring-Howard county health unit today began a series of swab tests for eating and drinking utensils in public places within the city.

A portable unit has been constructed for making the tests. Lawrence J. Wells, city sanitarian, said, and results will be completed in Midland at a laboratory recently equipped by the Midland-Ector-Howard health unit.

The tests are being made to determine bacteria count which reveal the effectiveness of sterilization processes in use at the individual establishments. Where bacteria count on utensils is found to be above the maximum, the health department is to assist operators in improving sterilization methods.

SMU Postpones Classes For Week

DALLAS, Sept. 24 (AP)—Southern Methodist University here today postponed opening of fall classes for a week because there is no place for the 300 students enrolled in them to sit.

Twenty prefabricated buildings are being erected on the campus to provide room for the overflow.

Drouth Whiffled Again By New Showers In Area

More showers, general in scope but erratic in amount, moved across this area Thursday afternoon and Friday morning.

Gradually, the drouth area was being whiffled but Friday the farm belt immediately north and northeast of Big Spring still was short.

The US weather bureau at the airport reported 31 of an inch moisture in showers Thursday and Friday, but the US Experiment Farm had 75 of an inch.

The eastern and southern parts of the county were in favored spots. Moss Creek lake had a 20 inch rise and water was still flowing on Friday morning. Draws were up between Moss and Powell lake, but there was a good probability that the latter also had a rise since Kossan got an inch and in dashing rains Thursday afternoon and again Friday morning.

At the Reagan ranch, seven miles east and on the edge of the Moss Creek watershed, upwards of two inches fell.

Coahoma reported from an inch and a half to two inches with the amount dropping off to better than a third of an inch in the West-Bar section. In the northeast corner, Vincent had an estimated quarter of an inch.

However, the Norris farm—14 miles northeast of here had around an inch and some reports from the same area around Luther showed an inch and a quarter.

The Moore community, five miles northwest had only a light shower but the amount increased to around three quarters of an inch to the north on the L. H. Thomas farm in the old Hiway section.

Stanton had a good shower Thursday afternoon but it was spotted over Martin county with the northern farm belt failing to receive ample moisture as a general thing. The southeastern corner, one of the better spots this year, got around an inch or more. This was the picture for the Lomax community too.

Garden City reported half an inch of rain Friday morning, and

Food Handlers School Slated

All employees of eating and drinking establishments who do not have permanent food handlers' certificates were reminded again today of the food handlers' school, scheduled for Oct. 1 by Lawrence J. Wells, city sanitarian.

The city-county health unit is granting no more temporary certificates before the school begins, Wells said. New employees are required to register for attendance with the next class on their first day of work, however.

Most employees qualified for the permanent certificates required by ordinance at the school conducted by the state health department last June. At that time new enrollment records for the state were established for the standard course. The city-county health unit plans to conduct one-day courses by instruction periodically hereafter to permit new employees to qualify for certificates.

Sugar Hike Applies Only To New Stock
Recent price increases on sugar do not apply to stocks in the hands of jobbers and wholesalers at the time the new advance became effective, the local price control board reported today.

The increase, which at retail level will be in the neighborhood of two cents a pound, became effective on Sept. 24. However, sugar in the hands of sellers prior to that date is required to be sold at the old rate rather than the new high price, the OPA stated.

GI's Sentenced
SENDAI, Sept. 24 (AP)—A general court martial today sentenced three American soldiers to prison terms of three years each and dishonorable discharge for "putting fire" into a Japanese and robbing him of a watch and money.

It was still showering slowly there. Akeley reported a quarter of an inch showers Friday morning, but this was a top figure for most of the area.

From where I sit... by Joe Marsh

Going Fishing? Here's How!

To hear Willie Wells and Basil Strube saying about trout fishing, you'd think it was more important than the atom bomb.

Willie favors dry flies, Basil pooh-poos anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #1!!

But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than several ounces!

Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed, as how maybe, they were both right... which is how so many arguments should end.

From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.
