If the property owner is dissatisfied with the value set by the district he should contact the Appraisal District to discuss the valuation. If the question is not resolved, he may appeal to the Appraisal Review Board for an adjustment. That protest must be filed by May 31, or within 30 days of the notice, whichever is later.

Homeowners: The Texas Legislature and many local government entities have allowed for part of the value of a homestead to be exempted from taxation. If you have a homestead exemption there is no need to re-file. However, if you have purchased a different home since January 1, 2001 you will need to file for this exemption. If you have questions or need an application you should contact us at the address or phone number listed below.

Over-65 and Disabled Homeowners: The Texas Legislature allows many local government entities to grant substantial tax relief for homeowners who are over 65 or disabled. A minimum of \$10,000 value exemption is available from all school districts. In addition, over-65 homeowners may have the amount of school tax frozen the year after they are 65. A taxpayer is not eligible for both over 65 and a disability exemption. If you qualify for both, the over 65 exemption will reduce your taxes more than the disability exemptions.

Quarterly Payments and Tax Deferral: If you are 65 or older and have applied for the homestead exemptions for senior citizens, you may pay your current taxes on your home in four installments. Homeowners who are disabled and apply for homestead exemptions also may pay their home taxes in installments. If you are over 65 years of age and are unable to pay your property taxes on your homestead you may be able to defer payment. For additional information contact the Appraisal District at the number listed below.

Farmers and Ranchers: Landowners who are using their land for commercial production of food or fiber may be entitled to receive a special appraisal on their land, which is based on agriculture production. The land must have been utilized for farming or ranching for five of the last seven years and be currently devoted to agricultural use. If you have not been receiving Ag use appraisal on your land in the past and wish to apply, you may receive an application by contacting us at the address listed below.

Disabled Veterans: You may qualify for a property tax exemption if you are either (1) a veteran who was disabled while serving with the U.S. armed forces or (2) the surviving spouse or child (under 18 of age and unmarried) of a disabled veteran or of a member of the armed force who was killed while on active duty.
