of everyone and one in which everyone is needed.

This grew out of the concentrated efforts of eight members of a reorganization board appointed by Chamber of Commerce president Vic Benedict. Ground work has been in progress for the past two months for the presentation of absolute facts which were presented during a general membership meeting held Thursday at 8 p.m. in Muleshoe high school cafeteria.

Alex Williams was chairman of the reorganization committee and he and his accounting staff have given their time to completely audit the books of the Chamber of Commerce and bring them up-to-date at no charge to the Chamber of Commerce. This made it possible for an accurate financial statement to be presented.

Presiding at the meeting, Benedict, first asked for a report from Harmon Elliott, chairman of the Muleshoe Area Industrial Foundation of the Chamber of Commerce. Elliott told the group how the preparation of a Fact Book by an A&M University Research team had assisted in making it more likely that Muleshoe could and would obtain industry and payroll. The Facts Book points out weaknesses, as well as

strong points of the city. One of the major suggestions in the books was the need for the reorganization of the Chamber. Since the Chamber of Commerce is the core of any community, the reorganization was first on the list toward accomplishing the needs outlined toward building a greater, stronger economy for the area. In addressing the group Williams said "You, each individual, is not of benefit to you, then why do you locate your business in Muleshoe instead of 10 miles out?" he challenged.

"For the amount of dues each of you pay into the Chamber of Commerce, could you pick up your business and move it for the said amount?" "A good Chamber of Commerce is an absolute economic necessity. The farmer needs the business...the business needs the farmer and each needs the individual. Everyone in a community is inferior to the other person, in as much as, the attorney is capable of performing duties which the mechanic can not, yet the

mechanic needs the attorney and the attorney the mechanic." Williams said in explaining that each individual has an important role in the community and Chamber of Commerce. "A good Chamber needs three things (1) Leadership (2) Good Planning and (3) Cooperation," he added.

An up-to-date financial report was given and a financial statement maintained monthly under the new Chamber set-up. Money will be channeled in the proper direction and with the approval of members of the Board of Directors. No longer will there be money spent which is not authorized and within a set budget for each committee. Many of the committees are being deleted from the roster. The MAIF Facts Book indicated a great need for this, including the deletion of the Industrial Committee as the members of MAIF were operating successfully and on a separate budget which was recommended be maintained as is.

Chamber of Commerce dues have been insufficient to meet the needs since July, 1965. This is why the reorganization and the methods which will be used in the future has been adopted. The proposals of the reorganization Committee were accepted by those attending by a unanimous vote. They are:

1. That a minimum dues be established as follows:
 - (a) Individuals not in business \$30.00 per year.
 - (b) Individuals in business such as managers where the business is also a member \$50.00 per year.
 - (c) Businesses including professional men, life insurance or other types of salesmen, a minimum of \$60.00 per year with the ability to pay and their vested interest considered and their dues established by the board before membership is allowed. A list of present members showing their present annual dues as well as their recommended dues by this committee is attached. The committee feels that the recommended dues for each member is a minimum and is fair in all its aspects and would not cause any undue hardship on any business, individual or city government.
2. That the recommended breakdown of committees

Ranch Accident Takes Life Of Morris Lewis: Rites Held

A ranch accident near House, N.M., took the life of 19-year-old Morris E. Lewis, YL Community resident, about 3:30 p.m. Wednesday.

Lewis and his brother, Ronald, were moving horses from one pasture on the Kyle Law-

rence Ranch to another when a stallion charged the horse Lewis was riding. Lewis' horse was knocked down, pinning the youth underneath him when he fell. Lewis was pronounced dead on arrival at DeBaca County Hospital in Fort Sumner. Lewis, a Tech honor student, had worked on the Fort Union Ranch near Las Vegas, N.M., through the summer months and was returning to his home here before enrolling at Tech this semester. He had stopped at the ranch near House to visit his brother and was helping move the horses when the accident occurred.

He was a member of the YL Methodist Church and of the Phi Eta Sigma Fraternity at Tech.

Funeral services were held at 3 p.m. Friday, September 8 at YL Methodist Church with the Rev. Darvey Swint, Lubbock, and Rev. A.N. Motes, pastor, officiating.

Burial was in Bailey County Memorial Park under direction of Singleton Funeral Home.

He was born July 19, 1948 in Muleshoe.

Survivors are his parents, Mr. and Mrs. Leon Lewis; three sisters, Mrs. Larry Seales and Mrs. Stanley Wilson, Muleshoe, and Mrs. John Bruton, Tempe, Ariz.; two brothers, Ronald, House and Kirk of the home and his grandmother, Mrs. Jesse Lewis, Muleshoe.

Funeral bearers were Bill Mitchell, John Mitchell, Glen Head, Roger Burman, Carl Hudson, Larry Nolan and Jim Hicks.

Following the meeting, the afternoon was spent by the members of the committee and Board of Directors toward organizing and arranging for the annual Bailey County Farm Bureau meeting.

The day climaxed with the Board of Directors' meeting Thursday night at which time the date was set for the annual event.

September 30 was set for this important meeting to be held in the Muleshoe High School cafeteria at 8 p.m., Farm Bureau president James Wang said.

County resolutions are being formulated and will be submitted for adoption at the annual meeting.

Bailey Cotton Group To Elect New Director

Bailey County cotton producers and businessmen will elect a businessman director to Plain Cotton Growers, Inc. for the coming two-year period on Tuesday, September 19, 8 p.m. in the Bailey County Electric Cooperative, Muleshoe, according to a joint announcement from Harmon Elliott, current businessman director and Leon Lewis, producer director from Bailey County.

Both farmers and businessmen participate in the election of all directors.

The 23-county cotton producer organization has two directors from each county, one a business man and the other a cotton producer. Businessmen directors are elected on odd-numbered years and producer directors on even years, each for a two-year term.

The meeting will feature a

discussion, led by PCG staff members of the current cotton situation and possible changes that may be made in the 1968 government cotton program.

"The way in which the 1968 cotton program is administered from Washington will have a significant effect on all cotton interests in this area," Elliott said, "so we are urging everyone to attend and take part in both the discussion and the election."

Lewis and Elliott emphasized that directors to PCG are the men who set the organization's policy on legislative, research, promotion, financial and other activities which help to determine the state of this area's economy.

"So we hope all interested persons will make the necessary effort to attend," they said.

Grand Jury Indicts Fifteen

Fifteen were indicted during the recent Grand Jury sessions.

Joe Pat Anders was indicted on charges of breaking and entering the home of Garland Wolfington.

Troy Dean Harlin was indicted on charges of desertion; Robert Hargett on breaking and entering the home of Verney Towns and Bobby Charles Tiner on charges of theft of a John Deere Tractor from Jack Adulde.

Also indicted were Coy D. Preece on worthless check charges; Marvin Neo and L.B. (Ray) Mayes of theft of an automobile; household and personal items from the home of C.W. Calhoun; Louie B. Najjar

on charges of theft of a 1961 Ford from George Tyson and Sandra Lee on worthless check.

Williams Dudley Jones was indicted on a DWI charge; Andrew Herrod for removal of mortgaged property; W.C. Haley on a worthless check charge; Meridith Freedle on worthless check charge and Fred E. Frazier on worthless check charge.

Grand jurors who served for the August 14 hearings were Troy Atkinson, foreman; Jake Diehl, Archie Sowder, Edward Crume, Ernest Ramm, E. T. Ford, Clifford Mardis, Buck Ragsdale, Jerry Damron, T.H. Glen, Ernest McNatt and Lewis Embry.

Nelson To Show Films, Explain Industry Financing

The finance committee of the Muleshoe Chamber of Commerce Industrial Foundation has scheduled a meeting for Thursday, September 14 at 8 p.m. in the Muleshoe State Bank Community room.

The purpose of the meeting is to let local persons who are interested in community development know what can be done in the way of financing industry.

C. Waylon Nelson, Industrial Division of Small Business Administration, Dallas, will conduct the meeting and present a 23-minute film entitled "A Town on the Move." The film will show how a town revitalizes its economy by beginning on the local level to organize. He will go into detail on Section 502 program, which authorizes Small Business Industries Act of 1958.

Under this program, loans are made exclusively to local development corporations. Local development corporations, which include the departments of Art Speech, Choir and Band,

in turn, uses it's money along with it's own funds to acquire and erect facilities and for business they wish to help. Every community in the U.S. is eligible. The program is designed to help the healthy community grow strong as well as develop the depressed cities revive economy.

If industry and payroll comes to Muleshoe, finances will be one of the key factors.

Everyone interested in the future of the Muleshoe area and industry development should make plans to attend, "MAIF" chairman Harmon Elliott said. The meeting is open to the public.

Need Indicated For Trainees

Officials at James Connally Technical Institute, Waco, have announced a class in agricultural machine mechanics beginning September 7. James Connally Technical Institute is a part of Texas A&M University and conducts a large number of classes in various professional skills.

Officials of the Institute indicate a need for high school graduates who are interested in agricultural machinery mechanics. Anyone interested in entering this course may write or call the registrar at James Connally Technical Institute, Waco, Texas, for information on tuition and other courses in connection with this.

Mules Explode in Fourth Quarter To Win First Game Over Dimmitt

Terry Field

Bobby Julian

Mule hoofs clattered in the final quarter of the initial football game of the season played Friday night against the Dimmitt Bobcats here in Benny Douglass Stadium.

A touchdown made by Terry Field, a 140 pound quarterback, made the first dash over the goal line bringing the Muleshoe out of the "skunk stage" of the game with the Bobcats still leading with the score standing at 6 to 13.

Bobby Julian, 150 pound, wingback, kicked for the extra point boosting the score to 7 to 13.

With only seven minutes left to play, Terry Field threw a pass to Bobby Julian who ran about 80 yards for the second Mule touchdown tying up the score. Julian made the kick which was good and put the Mules in the lead 14-13. Then the crowd and the Mules sweated out the time clock.

Dimmitt's Bobcats held the Mules at bay during the first three quarters of the game, although their touchdown was not just dumped in their laps. The Mules held the line in many ways.

As made in the first quarter by John Hayes, 149 pound quarterback, David Land made the kick for the 7 point score.

Ronnie Hutton, 148 pound, halfback for the Bobcats made the second touchdown which brought them far out in front at that point leaving the Mules scoreless compared to their 13 points. The kick was not good for the extra point.

Penalties were in the cards for the Mules with approximately 53 yards lost in the entire game by penalties, mostly for delay of game, off side, and illegal motion or shift.

The teams played to 10 yards through the penalty route.

Starters in the Mule line-up were Terry Field, quarterback; Bobby Julian, wingback; Charles Beamon, tailback; Phillip Barron, center; Steve Oliver, left guard; Stan Johnson, right guard; Jerry Lumpkin, right tackle; Terry Reassmer, left tackle; Roger Swint, fullback; Trevor Ford, left end and David Dillman, right end.

Dimmitt's starters were John Hayes, quarterback; Tony Thomas, halfback; David Land,

fullback; Ronnie Hutton, halfback; Gary Langford, center; Donnie Johnson, guard; Ronald Johnson, tackle; Lint Merritt, end and Larry Gamble, end.

Charles Beamon, Stan Johnson and Roger Swint made good showings in several plays during the game. Beamon saw a lot of action all over the field.

At halftime, the Dimmitt band came on the field in formation and performed a number of swift moving marches to the tunes of several musical numbers.

The Muleshoe Mighty M Band followed with their band and drum major Delton Bass and majorettes Dianne Bryant and Val Moore entering the field in running struts.

After the band performance, the majorettes entertained the crowd with a twin baton routine, tossing batons between them and continuing the twirling routines.

by the Texas A & M Research team be followed as is outlined in their report under "Problem Area 1, Page 18."

3. That the City of Muleshoe be requested to join the Chamber at a minimum dues of \$600.00 per year since their water, sewer and garbage business is a service and it has more at stake in the growth of Muleshoe than any other service business. This was also recommended by the research team.

4. That the by-laws of the Chamber be strictly adhered to in requiring the presence of Board Members at meetings.

5. That the Board set up a meeting in the near future for the General Membership aided by telephone committees requested at their presence.

Each proposal was explained and all questions asked were answered by members of the committee.

Before dues are raised, each member of the Chamber of Commerce will be contacted.

M.E. Lee accompanied Rev. Troy Walker to Dayton, Ohio last week.

Mr. and Mrs. Tommy Bratcher spent the weekend in the home of Leon and Judy Hatchison, in Brady.

Cliff Daves has gone to Wallnut Creek to visit his brother, Ramon Daves.

Cecil and Charlotte Holt have gone on vacation to Colorado and Santa Fe to see her mother.

Carl Ellington has gone to Killeen to visit his mother and brothers.

Mr. and Mrs. Virgil Odom are visiting the Morris Nowlins. The two women are sisters.

Mr. and Mrs. Morris Hicks spent the weekend with the Kenneth Hicks.

Mr. and Mrs. Dale Krebs and their daughter, Daryn, are visiting the R.K. Krebs.

Mr. and Mrs. N.J. Goodnough and son, Mike, from Lubbock, are visiting in the home of Mr. and Mrs. A.P. Lambert.

Mr. and Mrs. R.L. Crosthwait and daughter, Carolyn, from Saudia Arabia, are visiting old friends in the Muleshoe area. For the past 18 years, Crosthwait has been with Trans-Arabian Pipeline.

The family will leave San Antonio by Braniff Airlines Sept. 18 to return to Saudia Arabia. After leaving here, they will visit his parents in San Antonio before their departure.

Walter Bartholf, Sr. is pastor of the First Christian Church, instead of the Northside Church of Christ as was stated in the Journal Rotary story where he was listed as a guest of the Club.

All Methodist Men are to attend a breakfast Tuesday, September 12, at 7 a.m. in Fellowship Hall of the First Methodist Church.

The Board of Directors of AFCA has selected Decorators 216 to be listed in the 1968 edition of "Who's Who in Flowerland."

Before memberships are accepted, the Board of Directors will pass on the amount of dues the person or business is prepared to pay and if they are not in proportion to the scale used by the National Chamber of Commerce and that a person's or business' ability to pay, the membership will be rejected. This is not a new type operation, but one widely used and found to be effective by other towns, the size and larger and smaller than Muleshoe.

In Rounding out the program and business, Harmon Elliott said "We know that many have felt in the past that the Chamber was of no value to them. We are aware that some of the monies have not been spent wisely in the past, but so to speak, there was a slow leak, we know where the leak was, we have the 'tire' patched and are ready to proceed with this all-new Chamber of Commerce. In summation Williams said "This new Chamber of Commerce has got to work. It will be a hard core Chamber for the benefit of the people who have spent their time and money here in making Muleshoe a good community and a better one yet to come. The books are open to the public where those who wish may see where the money is being spent and with the new-type system, there will be no doubt that money paid in will be used wisely. There will no longer be room for doubt that dues paid will not go toward the progress to Muleshoe."

Washington Report

From Congressman
BOB PRICE 10TH DISTRICT, TEXAS
1122 LONGWORTH OFFICE BUILDING, WASHINGTON, D.C. • 205-2706

While the cuts in the Foreign Aid program didn't go far enough, Congress at least earned its pay in an all-night session that ended at 3:51 a.m. last Friday.

By cutting \$563 million from the President's request for an authorization of \$3.4 billion, Congress was earning its pay for the 16 hour day at the rate of \$35 million an hour and final approval of the bill -- I voted against it -- was by the narrow margin of 202-194.

The Senate had previously cut the authorization to \$2.6 billion so the final bill will be a compromise between that and the \$2.8 billion House figure. That is the authorization only for one year rather than the two years as proposed. Some further pruning is likely when the actual appropriation of funds for the bill comes up.

Almost 50 amendments were offered on the bill and many of them passed. These included one which would deny U.S. sale of arms to any country shipping cargoes of any kind to North Viet Nam. If accepted by the Senate, this could wreck a pending multimillion dollar reciprocal arms sale agreement with Great Britain. Part of that deal is for sale of the new F-111 jet fighters.

Another amendment would bar aid to any U.N. member country more than two years behind in dues payments, and one would withdraw Poland's status as a "most favored nation" in obtaining special tariff considerations unless that country stopped sending military supplies to North Vietnam.

The bill also denied the President's request for broad new authority to expand U.S. credit sales of arms abroad but did not go as far as the Senate in removing existing authority.

Interest rates on development loans were raised from one to two percent during the first ten years but remain at 2-12 1/2 percent during the remaining 30 -- not considering the rate of interest the Federal government pays on the money it must borrow to finance the aid program.

The minority members of the House Foreign Affairs Committee expressed their views on the failure of the foreign aid program in a report on the bill. Never has the futility of foreign aid been more obvious. During 20 years of this do-goodism, the U.S. has spent 190 billion taxpayer dollars.

This failure was demonstrated again during the recent Middle-East crisis when such U.S. "friends" as France and India voted with the Soviet Union on the U.N. resolution calling for Israel to withdraw from captured territory.

France alone has received over \$9 billion in U.S. aid, has not even repaid her World War I debts and also kicked out NATO forces out as well as criticizing out efforts in Viet Nam.

India not only has received \$1.6 billion in economic assistance but is now demanding more and immediate shipments of U.S. wheat for her starving millions -- and this after praising Nasser and criticizing the U.S. after the Israeli victory.

India today is the No. 1 food deficient area in the world, yet the country has a cattle population (including buffalo) of well over 200 million head. This exceeds the combined cattle and buffalo population of the United States, Argentina, and Australia. We respect the traditions and religious beliefs of individuals. On the other hand, where practices such as reverence for the life of animals conflict sharply with the attainment of human progress, we should not be expected to subsidize these traditions and beliefs.

10¢ STORE COUPON

Last year, over a quarter million owners of other low-price cars were won over to Plymouth. It started a movement, a momentum, a beat.

And the Plymouth win-you-over beat goes on.

Inside, Fury's options don't have that "added on" look. The Auto-Pilot is on the turn signal lever. Air conditioning outlets are part of the instrument panel. And the beat goes on.

Plymouth Fury has the biggest brake in its class. And the biggest trunk. It's also the heaviest. And the most solid. And the beat goes on.

This is the 1968 Plymouth Fury. It still looks long and low and wide. Only richer. And much more beautiful. And the beat goes on.

We made our 2-door sedans look like hardtops. And we created a new low-cost, high-performance car called the Road Runner. Its horn goes "Beep-Beep!" And the beat goes on.

There are 64 new Plymouths for '68. Full-size, mid-size, sports cars, wagons and compacts. We could build a car a minute for an entire year. And never build two exactly alike. And the beat goes on.

This is the 1968 GTX. One in a whole new line of mid-size cars for '68: GTX, Sport Satellite, Satellite, Belvedere, Road Runner. We've given them all new styling for '68. And the beat goes on.

Epsilon Delta Salad Supper Held in Sudan

The Epsilon Delta Chapter of the Delta Kappa Gamma Society had a salad supper Saturday evening, September 2, in the Homemaking Cottage in Sudan.

Mrs. E.W. Johnson, president gave a report of the Southwest Regional Conference which was held at the Granada Hotel San Antonio, July 25-29.

Mrs. A. D. E. Abernathy, Littlefield, conducted a Handbook Drill and reviewed the policies, customs, and protocol of the organization.

The Society was envisioned by Dr. Annie Webb Blanton as a medium through which women leaders in education might gain recognition. On May 11, 1929, at the Faculty Women's Club in Austin, the Society was founded.

The program theme for the year is "Critical Analysis of Values: A Basis for Action."

Sudan members were hostesses, and Muleshoe members attending were: Mrs. Jack Beedingfield, Mrs. Joe Costen, Mrs. Clifton Finley, Mrs. E.W. Johnson, and Mrs. Jack Obenhaus.

Earth News

by Buleah Newton

The teachers and school personnel of the Springlake-Earth school were honored with a reception and dinner in the school cafeteria, by the Springlake and Earth Lions clubs Tuesday night.

Superintendent Bill Mann was master of ceremonies; Ed Jones led the group in singing "America" with Becky Parish as pianist. Pledge of Allegiance led by Donnie Clayton and invocation by Pete O'Hair. Dinner was served by the lunch-room staff. The Welcome was given by Jarvis Angeley. Special music was rendered by Janis Varnell, Marie Slover, Mona Rae Cummings and Mary Kate Below. Dub Bearden introduced the speaker of the evening, Dr. Ray McClung from Wayland Baptist College, Plainview. Benediction was pronounced by Sister Brock.

Mrs. Vernie Bearden and Buleah Newton pinned carnations on all the teachers and school personnel, the Lionesses and wives, Springlake Lioness Cliff Hopping, Earth Lioness Norma Hinckley, school board president Roy Byers and special guests. The flowers were compliments of Earth Floral and Gift.

Miss Beverly Packard of Hereford was a guest recently in the home of her grandparents Mr. and Mrs. John Welch.

The Friendship Sunday school class of Earth Methodist Church had their monthly luncheon Tuesday in the home of Mrs. V.D. Coker. Those present were, Mrs. John Welch, Mrs. Ray Axtell, Naomi Burgess, Nannie Ginn, Mrs. V.D. Coker, Ida Allen, Marie Ross and the hostess Mrs. Clady Goodwin. After lunch the group played 42.

Recent guests in the Gerald Inglis home were mother Mrs. Inglis of Lubbock, a ne-

new residents of Earth. Don will be managing the Sun View Fertilizer Co. This is the former Earth Fertilizer Co. We welcome this young couple to our community. Both Mr. and Mrs. Curtis were high school graduates of Springlake-Earth schools.

There has been 872 students registered, thus far in Springlake-Earth Schools.

Visiting in the home of Dr. and Mrs. C.T. Richardson this week is her sister and husband, Mr. and Mrs. L.B. Dolan of Oklahoma City.

Miss Kathy Adams of Magnolia, Ark., was a supper guest in the Leon Foster home Friday evening.

We think of growing pains as something children have. We find that towns and communities have them too. At this time the first brick structure of the First Baptist Church is being torn down. To me it is very painful to see a structure wrecked that holds so many sacred memories. So we are

having growing pains as it being removed to make room for the last wing on the new structure.

"I am Wendy Lynn Bulls. I came to Earth August 31 to live with my new mommie and Daddy, Mr. and Mrs. Glenn Bulls. I was born August 26, am 18 inches long and weigh 5-15, have blue eyes and dark brown hair. My daddy calls me "Little Angel." Mr. and Mrs. Crill Bulls of Earth are my maternal grandparents. Mrs. Dora Bulls, Levelland, great grandmother, Mr. and Mrs. Leon Middleton of Amarillo and great grandmother Mrs. J.W. Middleton of Mt. Vernon, Tex. I have lots of uncles, aunts, and cousins. I like it here and I think I will stay. Come to see us, we live on last Main in Earth."

We had quite a storm last night, tree limbs are all over town and T.V. Antennas are down. It was reported approximately 2 inches of rain. There was extensive damage to the

Springlake-Earth school buildings by high winds. The mazes are damaged too as it was blown down and some hail in scattered sections.

Little Brent Headrick, seven year old son of Mr. and Mrs. Charles Headrick of Stratford, formerly of this area, lost the sight in one eye this week. Brent started out the back door at their home and the screen door hook latch caught in his eye causing the injury.

Rev. and Mrs. Hugh Blaylock of Borger were visiting relatives and friends in the community Wednesday and Thursday. They spent two nights with Mrs. Blaylock's brother and family, Mr. and Mrs. Norman Sulser, Carl, Darlene and La Anna. They also visited the Sam Cearlies, Melvin Bock's, Buleah Newton and others.

Visiting in the home of her parents, Mr. and Mrs. J.D. Phipps and Bob last week was Miss Kay Phipps of Long Island, N.Y. Kay has been working in New York since May and is a Key Punch machine operator.

Jerry Anderson, son of Mr. and Mrs. Irvin Anderson of Boy's Town is visiting friends and relatives. He plans to attend South Plains Junior College in Levelland.

Mr. and Mrs. Bill Morris has purchased the home formerly owned and occupied by Dr. and Mrs. Bausman. The house is being re-modded and re-decorated. The Morris' are moving back to Earth from Lubbock.

Ross Morris is one of 800 students to receive his Bachelor of Business Administration degree. He is a high school graduate of Springlake-Earth Schools.

Kathy Adams of Magnolia, Ark., is visiting the Dennis Simmons and Mike Simmons. Kathy is Mrs. Dennis Simmons niece and is a former resident of Earth.

Dennis Simmons's mother of Littlefield is a patient in the Amherst Hospital.

AAUW Officers Attend A President's Roundtable

Mrs. Neal Dillman, President of Muleshoe Branch of American Association of University Women, and Mrs. John Watson, District I Consultant of AAUW, attended a President's Roundtable Saturday, September 2, in Amarillo.

Area presidents from Amarillo, Pampa, Canyon, Perry, Plainview, Lubbock, Brownfield, and Muleshoe met in the home of Mrs. Ralph Bruse, 3201 S. Hawthorne, and were briefed on AAUW goals, program plans and dates of coming events for the new biennium 1967-69.

Mrs. Marvin Pedlar, San Antonio, is the new State President and has set as her theme the following: "Building Better Branches Through Membership and Programs." The State Board gave priority to the program topic, "The Politics of Public Education" and one of the goals set is nine new branches in Texas this biennium.

The continuing interest for the Texas Division will be working for better public libraries in the State.

The Fellowships Program of AAUW enables gifted women to use their intellectual powers for the good of humanity by providing financial aid for advanced study. Awards are made both to American women and women of other countries.

The State Conferences will be held at S.M.U. in Dallas on November 4, and in Andrews on February 10. Presently, there are 86 branches of AAUW in Texas with a membership of 8194 members.

Those servicemen who wish to correspond with you will do so. No letters, please, just your name, address, zip code and your desire to be included as a pen pal in the next printing.

Dear Amy:

I'm a man. A normal, healthy male. I'm in love with my wife and adore my family. But like all normal people, I occasionally let something slip past me or forget to do something my wife asked me to do or take care of. This brings me to my problem. Why does my wife remember the few things I don't do and forget about the many I do do? Why does she place blame on me about the shows we missed but doesn't remember the many we saw? Why does she complain when she sees our neighbors stepping out while we stay home but doesn't remember the times she waved goodbye to them as we both stepped out for an evening of fun?

So explain this to me, Amy, if you can! Just a Husband

Dear Husband:

Your wife is a normal, healthy woman who loves her husband, adores her family and is not devoid of human frailties. But don't hold this against her as there are very few among us who are not similarly affected.

Dear Amy:

I am looking for a certain kind of a man and I can't find him. He must be financially independent and handsome. He must have personal charm, wit, prestige and he must be well educated.

Can you help me find him?
Still Looking?

Dear Amy:

I'm dating a man of 47 who is wonderful in every way. He has a car, a house, and a job. Instead of keeping his change and that in his trouser pocket or wallet like other men, he carries a change purse like a woman. When the occasion arises, he pulls out his little pocketbook in front of people and this embarrasses me to death.

I'm sure he's serious about me and if it weren't for the change purse, I would jump at the opportunity to lead him. What would you do?

Sally

Dear Sally:

It matters little where he keeps his money so long as he is willing to share it with you. Surprise him with a wallet and make the change for him!

Dear Amy:

We are a group of young girls who have come to the conclusion that we just don't understand boys. It's not that we haven't tried. We have compared our experiences and problems that we have with the boys we know and we just can't figure them. We have written to Ann Landers and Dear Abby but we are still in a quandary about the opposite sex. So we appeal to you as the last resort. Please make it good. Dear Amy, and thank you.

Dear Girls:

Put your spending money together and buy a book entitled "Boys Are Very Funny People" by Bill Adler, published by William Morrow & Co. It's hilarious and you will be, too!

Bula News

by Mrs. John Blackman

Several families in the community were hit by the rain, wind and hail storm that came Sunday night. The hail storm fortunately did not reach a very wide area but the same cloud traveled a long way before dissipating. We were not as bad hurt as around the Sudan area, but the cotton received much damage. A most needful rain

fell through the community. Mrs. M.M. Thompson left Saturday by train from Clovis after a visit of several weeks with her daughter Mr. and Mrs. Cecil Jones. Her home is in Riverside, Calif. Mrs. F.L. Simmons flew Saturday afternoon to Austin, where she will visit with her brother Mr. and Mrs. Eugene Oliver and a sister Mr. and Mrs. Ira Houghten at T'rail, and with other relatives the A.B. Simmons at Leander and also a brother from Houston. Cynthia Withrow left Saturday for Abilene to enter Abilene Christian college for the fall semester. Cynthia will reside

in the Zeller Hall. Coach Flinken took his boys to Brownfield, for a scrimmage game Friday night. The group stopped at Lamesa to eat on their return home. Friday night the 8th they will play their first game with Southland there. Wednesday evening at 7:30, coaches, superintendents of District 4-B met at the Credelele last line. District 4-B met at the Crescent Hotel in Littlefield for an organizational meeting for this year. This included Witharal, Smyer, Cotton Center, Threeway, and Bula. Superintendent Marion Mc-

Daniel reported that by the close of the first week, the enrollment had moved up to 125. Guests in the home of Mr. and Mrs. W.L. Clawson Thursday were her sister Mrs. Bulah Wardlow, Mrs. Travis Webb and son Douglas and Mrs. Eva Nell Collins all of Hobbs, Mrs. Clara Fort, who had been visiting in the Clawson home for several days returned home with them for a short visit before returning to her home in Tuscon, Ariz. Mr. and Mrs. C.L. Cook of Port Isabel were guests in the home of the W.T. Thomas, Sunday night. Mrs. Owen Youme's Home-

making III class has been very involved the past week in working on their Junior, State and Chapter degree, second week working on their year books. The Homemaking class is beginning their study on foods and nutrition. Mrs. Willie Nettles and Craig McDaniel observed their birthdays Monday by going to the Wig Wam, in Morton for Super. Mrs. Nettles is the first and second grades teacher at Bula school, Craig is a sixth grader. Mrs. B. S. Setliff and her daughter Mrs. Eva Blarnheart of McAlister, Okla., are spending this week with Miss Gladys Setliff of Hereford.

Ladies' Bible class of the Church of Christ met Tuesday morning at 9:30 with four in attendance. Mrs. John Hubbard taught the lesson on "Idolatry Worship," with all present having parts in the discussion. Attending were Mrs. John Blackman, Mrs. Nolan Harlan, Mrs. Bradley Robertson and Mrs. Hubbard. Bill Black, son of Mr. and Mrs. H.M. Black left Wednesday evening late for Tenby to make his grandparents Mr. and Mrs. J.W. Wells and an aunt, Miss Faye Wells a visit. Go To Church Every Sunday

Go To Church Every Sunday

Go To Church Every Sunday

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man, life, death and destiny. The truth which alone will set him free to live as a child of God.

What is Irrigation Water Management?

The use and management of irrigation water where the quantity of water is used for each irrigation is determined by the moisture holding capacity of the soil and the need of the crop. It is applied at a rate and in such a manner that the crops can use it efficiently and in such a way that significant erosion does not occur. It includes the timing of irrigations to meet crop needs, the control and adjustment of stream sizes to prevent erosion, and the control of lengths of "sets" to minimize water losses. The purpose of water management is to accomplish efficient, beneficial use of irrigation water according to the moisture needs of the crop to achieve optimum production while minimizing losses of soil and plant nutrients. This practice is adapted to all lands that are suitable for irrigation, and have a water supply of suitable quality and quantity. Some of the things irrigators need to know are: the consumptive use rates for the specific crop being grown, how to measure or estimate the amount of water required for each irrigation, how to determine when irrigation water should be applied, how to recognize erosion caused by irrigation, how to compute the amount of water delivered to a given area, and the normal time needed for the soil to absorb the required amount of water. As you know, I have been to Vietnam three times in the last two years, and I hope to go again this fall. After each of my investigation trips for the Senate Armed Services Committee, I have frankly reported to you my assessment of the Vietnam War situation and my suggestions on steps that could speed an end to the fighting.

Nearly two years ago, after my first trip to Vietnam, I advised Texas that an intensified air war against North Vietnam would cost U.S. casualties in the South. And, I stated that the closing of the North Vietnamese supply port of Haiphong was the single, most effective way to damage the communists' war effort.

Again in the spring of 1966, and in the subsequent spring of 1967, I returned from Vietnam with identical observations. Closure of the Haiphong port is still the thing that most needs to be done against North Vietnam. It is entirely possible that had the Administration acted decisively to close Haiphong 24 months ago the war would be nearly over today.

Throughout the two years that I have been recommending this step toward victory, much of the evidence which led me to make that recommendation has been obscured by Defense Department secrecy restrictions.

Now, within the last two weeks, the Senate Armed Services Preparedness Subcommittee has taken evidence from our top defense officials, and released to the public for the first time many of the previously classified reasons why the air war in the North has so long concerned not only me, but also other members of Congress.

The facts are that the Administration has so restricted and hamstrung our airmen that the U.S. air effort against North Vietnam has not been allowed to achieve the pressure for victory which it could and should achieve. The Senate Subcommittee reports that U.S. air power has been purposely prevented from waging the air campaign in a way best calculated to achieve results—prevented by overly restrictive controls, strict limitations,

and the general Administration doctrine of "gradualism." It should be nothing less than astounding to Americans that throughout all of 1966 our airmen were allowed to strike less than one percent of the militarily significant targets in the North. Only in very recent weeks have some of the restrictions on our air effort been lifted, but there still remain more than 50 key targets recommended for attack by the Joint Chiefs of Staff but placed off - limits by Administration civilians.

Neither the Senate Subcommittee, nor I, can support continuation of a no-win policy that ignores military judgment. If we are to continue to fight on the ground in the South, then we must press the air war in the North in a much more effective way.

The Senate Subcommittee states that in its view "the long delay in approving targets in North Vietnam has almost certainly contributed to our aircraft and pilot losses since it has given the North Vietnamese the time to build up formidable air defenses."

Moreover, the subcommittee feels the long delay enabled the enemy to prepare for and to alleviate anticipated loss of key supplies and installations by relocating and concealing such things as oil storage.

Another key point made by the subcommittee report is that, even in cases in which some major targets have been attacked for attack, second attacks on those same targets after they have been repaired by the enemy have been denied, particularly in the areas around Haiphong and Hanoi. And, despite target-attack improvements in recent days, there still remain absolute sanctuaries in North Vietnam into which the enemy may move his supplies and operations and know with certainty that he never will be subject to air attack. These sanctuaries have enabled the North to concentrate its war-making material where it is safe and secure and then dash it south under cover of darkness and bad weather.

Every one of the top military experts who testified told the subcommittee again that closure, neutralization, or isolation of the Port of Haiphong is the single-most important military action that can be taken to speed an end to the war and to save American and allied lives in the South.

The Administration's conduct of the war is now fully open for public review. It amounts to a policy of restricted gradualism. A policy which discounts the professional judgment of our top military men and substitutes civilian judgment for the smallest details of target selection and timing.

Obviously this strategy of restraint and restriction has not brought the war to an end. We have not lost, but we have not achieved our objectives and the war goes on. The price we have extracted from North Vietnam for its continued aggression is a price North Vietnam is still willing to pay.

Teachers Hold Workshop

Mrs. Grace Mason of Houghton Mifflin Company was director of a Reading Workshop for teachers of grades 4, 5, and 6, Wednesday, August 23.

Mrs. Mason reviewed the basic reading skills that primary children should know then introduced the skills that intermediate grade children should be taught through the basal reading program, Muleshoe adopted the McKee Readers (Houghton Mifflin) in grades 4, 5, 6, last year.

On Thursday, August 24, Mr. Travis Burton of Neptrom Company conducted a Map and Globe Workshop for all the social studies teachers. "No longer can we be concerned with only local or state geography, but we must realize we are international neighbors," said Mr. Burton. Social studies (history, geography, government, and economics) is the heart of the school curriculum and should be presented in a very meaningful manner instead of mere factual presentations.

On Monday, August 28, Mr. Fillmore Hendrix, Consultant of Physical Education and Health for the Texas Education Agency, showed films and transparencies and gave demonstrations using grade school children. Mr. Hendrix showed how the basic exercises and body movements can be taught in a sequential manner from grades 1-12 and the child will be physically fit, emotionally stable, and mentally alert. Mr. Hendrix gave several suggestions to be used in developing a balanced physical education program.

Plains Finance Offers Sale Of Debenture Issues

Plains Finance Corporation of Plainview announced today the Company will offer for sale to the public a \$250,000.00-6-7/8% Convertible Subordinated Debenture issue.

The announcement was made by John W. Warrick, President and Chairman of the Board, who said the debenture issue represents the first phase in the Company's multi-million dollar expansion program.

To support the Company's rapid expansion, the stockholders recently authorized 200,000 shares of Common Stock and \$500,000.00 in Debentures.

Plains Finance Corporation plans major expansion in its Consumer Loans Division. This division represents about 40% of the Company's total assets and makes loans on all types of consumer goods -- automobiles, furniture -- appliances, boats and mobile homes, and reduces the customer's monthly obligations through debt consolidation.

According to Mr. Warrick, new branch loan offices will be established over the state, but the major part of the Company's expansion is expected to come through mergers and acquisitions.

Each office, Warrick said, will ultimately serve as a "supermarket" for financial services, offering any and all financial services the area will support.

It won't work. The doctor went over his new patient thoroughly, found nothing organically wrong with the man, just a bad case of chronic nervousness. "Well, sir, I'm going to advise just one thing," he said, "get busy and bury yourself in your work!"

"I can't," he sadly answered the man. "At least, I don't want to."

"Why not?" snapped the doctor.

"I'm a gravedigger."

AUSTIN --With the tolling of school bells, some 2,598,000 students are back in Texas classrooms. Enrollment is 42,000 more than last year.

An estimated 122,000 professional people (teachers, principals, and superintendents) are required in the 1,275 school districts in Texas.

Texas State Teachers Association reported a month ago that there were only 450 applications for 1,931 vacancies.

Texas Education Agency estimates \$1,350,300,000 will be spent on public school education in 1967-68. This is a four percent, or \$57,700,000, increase over last year.

During the coming year, Texas will be spending \$905 for each pupil. Average cost per child for 1966-67 was \$479.

With an anticipated continuing teacher shortage, TEA expects an increase in the number of teaching aides employed to do clerical and other non-teaching tasks. Nearly 5,000 of these aides are expected to be employed over the state, compared with 4,317 in 1966-67.

While enrollment continues to grow, some observers have noted that the two percent increase this year is not nearly as dramatic as the increases in prior years.

Grades one to six will enroll approximately 1,418,000 pupils and grades seven to 12 about 1,179,000.

CITY VALUES TAX -- A dozen Austin-area rushing in to special elections on the new one percent local option sales tax which became legal on August 26.

Here's what the big hurry is all about: local levies approved in elections this month will be collectable January 1. Elections after October 1 would not provide money in the till until April 1.

Thirty days' notice is necessary to call elections--either by order of city governing bodies or in response to petition by citizens.

First cities to vote on the sales tax will be Elgin and El Paso. Their elections will be held on September 27.

Arlansas Pass, Corpus Christi, Electra, Henrietta, Nacogdoches, Orange Grove, Texas

payments-- if they have lived in the U.S. 25 years or more. PROJECTS FOR AGED APPROVED -- Governor's Committee on Aging has approved for continuation of special projects to benefit senior citizens in Austin, Dallas, Galveston and Houston. An outlay of \$57,058 for second-year financing was cleared.

Committee also approved new projects in El Paso for \$23,816 and Wichita Falls for \$22,934.

El Paso will establish an information and referral center for senior citizen citizens. Wichita Falls projects call for establishment of a day center for leisure time activities.

LOTS OF ROADS -- Besides hearing a request for a single designation of the big-coast highway from Orange to Brownsville, the Texas Highway Commission authorized a number of road projects.

Included were a 4.2 mile FM road in San Jacinto county (from Camilla northwest to FM 1514); a loop around Huntsville; a route for US 271 from Paris to the Red River; a 12 mile FM road in Atascosa County.

Don Yarborough of Houston, a liberal who has opposed Connally twice. He may run for the gubernatorial post again next year.

Former Sen. Franklin Spears of San Antonio, who may run for lieutenant governor.

House Speaker Ben Barnes who is ready to announce for lieutenant governor if Connally runs again and for governor if Connally retires.

COTTON PLOW-UP -- John C. White, State Agriculture Commissioner, has extended the cotton stalk plow-up deadline to September 10 in Cameron, Willacy and southern parts of counties.

White said 100 percent mow-up is necessary to destroy winter hibernation quarters of the destructive pink bollworm.

Bollworm used to destroy every third bale of cotton in Rio Grande Valley. Now it does only nominal damage, usually late in the season, says the Commissioner.

NEW LAWS EFFECTIVE -- Major new laws went into effect within the last week.

Among the most significant: "Medicaid" implementing act to provide free medical benefits to 350,000 Texans on welfare rolls.

Minimum age for drivers increased to 16; Changes in the 1965 Texas Code of Criminal Procedure designed to strengthen law enforcement officers;

New hours for Texas liquor store -- 10 a.m. to 9 p.m., except Sunday; Eligibility of 10,000 non-citizens for old age assistance

FFA OFFICERS--During Monday night's meeting, officers for the local chapter of Future Farmers of America were elected. They are (back row) Gary Little, reporter; Allen Smyer, secretary; Lee Embry, treasurer; Dean Black, vice president; and Larry Crawford, sentinel. Jimmy Bruton is chaplain, Clifford Black, president and Neal Knight, parliamentarian are pictured seated at the table.

Records Set at Ruidoso Downs On Labor Day

RUIDOSO DOWNS -- The highly successful ninth running of the world's richest horse race was fitting climax to another smashing year for Ruidoso Downs. The brilliant Oklahoma, filly, Laico Bird, owned by the Floyd Jones family of Norman, Oklahoma, set the world talking when she dashed to a whopping \$228,300.00 victory to set a new American record for a winning horse as well as set herself on a shiny new pedestal as the new all-time high money winner in the quarter horse world. Her nearest competitor was Go Dick Go who held the record but a few minutes after capturing the Evangeline Downs Derby in Louisiana, also on Labor Day. Laico Bird's winnings amount to some \$343,000.00 to date. The All American, with its purse of \$486,000.00 is the richest race of all times.

A record attendance was recorded at Ruidoso Downs for its 21st season, with an estimated 41,940 fans flocking in for the Labor Day weekend alone. This is an all-time high attendance for the Labor Day weekend, some 13,640 above the 1966 record.

General Manager, Tex Barron, states that he classifies the 1967 season as one of the greatest ever at Ruidoso Downs. "Despite a discouraging twenty-six days of off track for the 52 days, the daily attendance has been up throughout the season," says Barron.

The final tabulations on the total pari-mutuel handle for the '67 season amounted to some \$10,239,262.00, among the top season handles in the history of Ruidoso Downs.

HERE! JOB TAMER '68 TRUCKS CHEVROLET

Look at all you get you can't get anywhere else!

- Road-balanced ride with rugged coil springs all around!** Coil springs at all four wheels plus independent front suspension on 1/2- and 3/4-ton Chevy pickups deliver the extra-smooth ride that comes only in a '68 Chevy pickup! • Chevy-Vans cushion cargos with front and rear tapered leaf springs. • Big Chevies have rugged variable rate leaf springs.
- Truck-tough cab and body with double-strong construction!** Chevy trucks have two cabs: one outside and one inside. Double-wall construction does it! Double strong! Fleetside pickup bodies have full double-wall sides and tailgate. From pickups and Chevy-Vans to big chassis cab models--Chevrolet trucks are all double strong where they should be!
- Extra workpower with job-tailored engines!** Check Chevy for '68. You won't find a broader range of power in any popular pickup! There's a brand-new 200-hp 307 V8 that's standard in V8 models. • In Chevy-Vans you get Six economy or new V8s. On your big chassis jobs, save with gasoline or 2- and 4-cycle diesel models.
- Styling with a purpose that sets the pace!** Take a good look at Chevy's sleek, low silhouette of the pickups helps provide stability, cuts wind resistance. Big windows give unsurpassed visibility.
- Biggar network.** There are more Chevrolet dealers to keep your truck working and earning! See the '68 Job Tamers today!

ONLY CHEVROLET GIVES YOU ALL THESE TRUCK FEATURES FOR '68 See the '68 Job Tamer trucks at your Chevrolet dealer's!

SHORT SNORTS

Acting Governor Preston Smith ordered a special election for November 12 to replace Rep. Jesse T. George of Levelland who resigned effective September 5 to accept a Washington post as congressional liaison officer with the Small Business Administration.

Atty. Gen. Crawford Martin has announced these additions to his staff as assistant attorneys general: Jim D. Vollers, El Paso; Fred L. Smeary, Odessa; H. Wayne Gillies, Angleton; Donald Keith, Houston; and Robert B. Davis, Jourdanton.

Railroad Commission ordered Eastland County oil and gas operators to stop using unlined pits to dispose of salt water. GOP State Chairman Peter O'Donnell Jr. has appointed two new chairmen to Texas Republican Task Force on James O. Reese, Odessa stockbroker, to the Task Force on Job Opportunities and Dr. William Rector, Wichita Falls physician, to the Task Force on Human Rights and Responsibilities.

In a receivership hearing brought by insurance Commissioner Clay Cotten, Pioneer Casualty Company and Pioneer General Agency of San Antonio remained in business as District Judge James Meyers entered an order finding the firms solvent, but restraining them from disposing of assets until he gives permission after an audit.

COOK UP A PARTY!

And what a party it's going to be with a new gas range to help you create all kinds of festive recipes. With a gas range you have unlimited temperature control, not just a few fixed dial settings. You adjust your gas range to the perfect temperature for the most delicate recipes. And when a quick temperature change is required, it's easy -- with instant on -- instant off control. No over-heat. A control lets you bring the oven door closed. Inside, grease splatters and smoke are consumed by the gas flame. No mess, no over-heated kitchen. Your friends will notice! Delicious foods always leave a good impression. So, how about it. Cook up a party with clean, economical gas.
