Newspaper merger has been completed

This issue of the Eldorado Express News is the culmination of earlier reports of the planned merger of the Express News and the Eldorado Success. The supplemental edition of the Eldorado Success that is a part of this issue is the final copy of the Eldorado Success and the Express News will continue as the only local news and advertising medium in the county.

The Express News plans to renovate the Success offices in the near future and upon completion will move their offset operation to the former Success offices. The paper will continue to be printed by the Big Spring Herald. However job printing and office supply sales will be added services

Second time around for The Eagle Express

By Lynn Meador

The Express News is proud to present the second annual edition of the Eagle Express included in this issue. We wish to thank the sponsors and advertisers that helped make this special edition possible. We know the Eagle team and Eagle Marching Band will appreciate the fact that the citizens of Eldorado are proud of their efforts and will be supporting them throughout the coming season.

The 1977 Football Season will kickoff tonight when the Eldorado Eagles host the Rankin Red Devils at 8 P.M. in the Eldorado football stadium. Coaches Mike Williamson and Jimmy Marshall will be leading the team of 25 Eagles in their first year as head coach and assistant respectively. These coaches will be counting on the experience of eight returning lettermen and the speed and quickness of the team overall to take their first victory.

A more detailed outlook on tonight's game, the Eagle team members, their coaches and the season outlook is included in the Eagle Express in this edition.

offered locally at the local office.

Those who subscribed to the Success will receive the Express News for the time remaining on the subscription. Subscribers of both papers will have the Success time added to their Express News subscription.

All accounts due the Eldorado Success prior to September 1 are payable to the Eldorado Success.

This final issue of the Eldorado Success and its merger with the Express News assures the continuation of one of the oldest businesses in Schleicher County. The Eldorado Success was established in 1903 under that name. Previously, the paper was named the El Dorado Paper, which was established in 1901 shortly after the found-

ing of the city of Eldorado. The Success was sold to Fred Gunstead in 1945 and since operated by him and his family until the present merger. An enlightening story of Mr. Gunstead's career can be found on page one of the Success supplement. His son, Bill Gunstead, will continue to work for the Express News as associate editor and job printing foreman.

The Express News has been dedicated to providing the citizens of Eldorado and Schleicher County with top notch news reporting and advertising since its inception in July 1976. The paper recognizes the position of responsibility that the recent merger has created and will strive to see that the duties and responsibilities of a small community newspaper are fulfilled.

BOOSTER CLUB MEETS

Twenty-five members met and organized the Eagle Booster Club Tuesday evening in the home of Mr and Mrs R. K. Bradley and new officers were elected: Ted Short president; Ernie Higdon, vice president; Candy Richards, reporter-secretary; Peggy Whitten, treasurer.

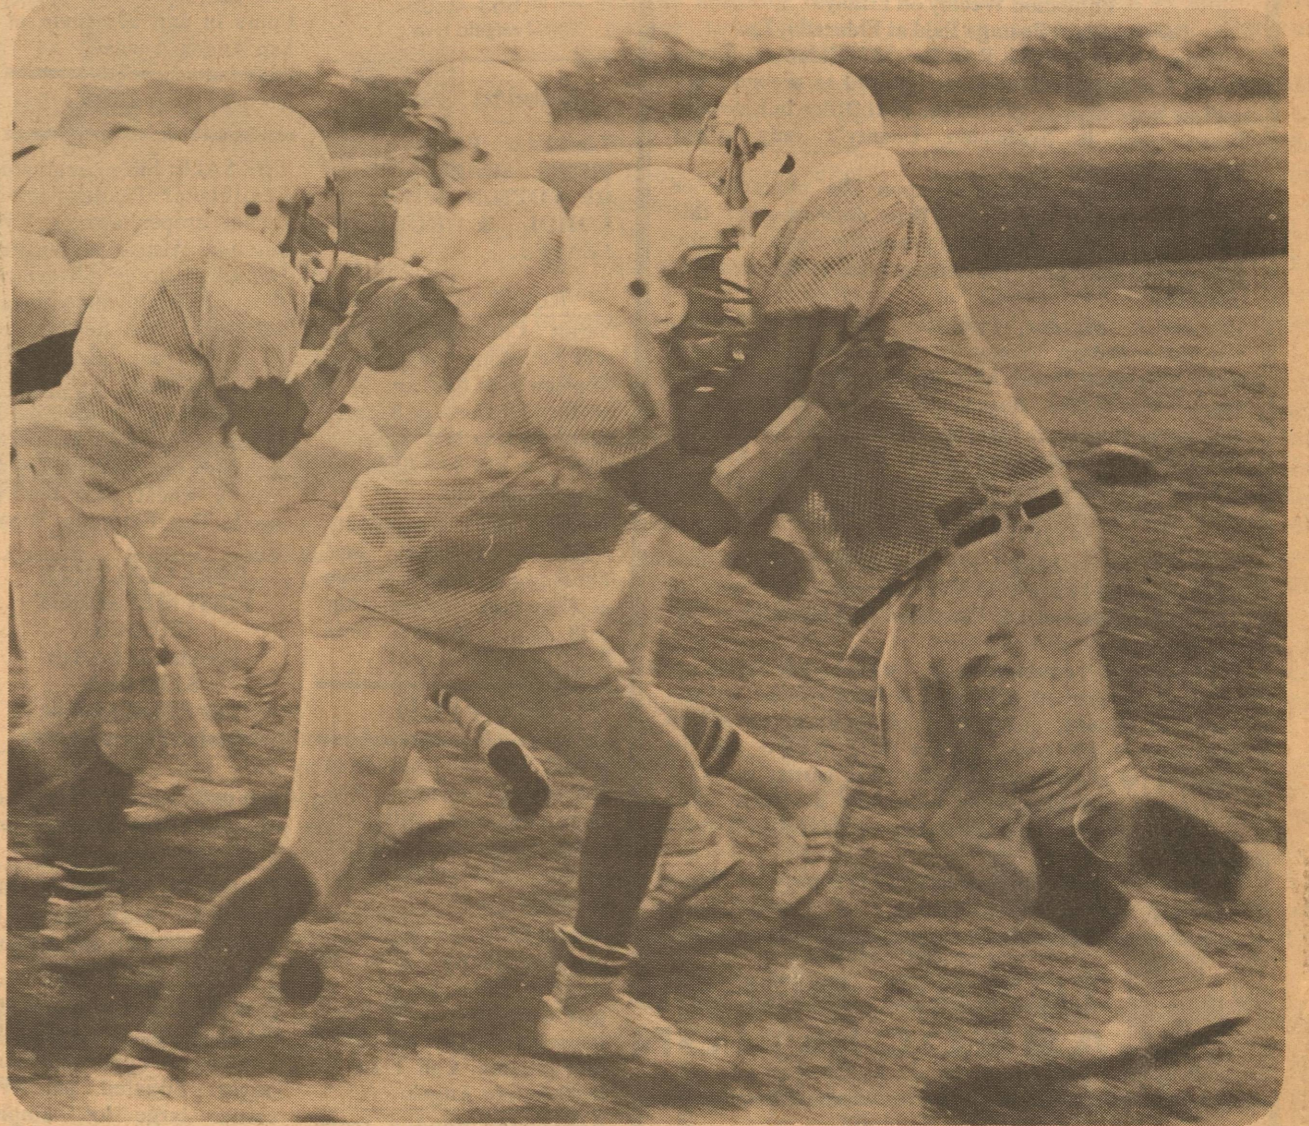

Members were able to meet and become familiar with the new coaches and their policies for the 1977 season.

Regular meetings will be held on Monday evenings at 7 p.m. in the school Band Hall. Films of the games will be shown with discussion by the coaches.

All "Eagle Backers" are

urged to attend the meetings and show the boys we are with them 100%.

Express News Editor is glad he is no longer a high school football player. The heat is too much, and he can't run as

far for as long anymore. That is why he ordered a picture of the Eldorado Eagle linemen at work. They will be responsible for 80% of our offense tonight.

Local school enrollment down

There were 577 students enrolled in Schleicher County Independent School District Monday morning, according to school superintendent Guy Whitaker.

There were 303 students enrolled in elementary school and 274 enrolled in junior high

and high school.

Whitaker said the enrollment figure is about the same as the end of school enrollment figure last year. The average daily attendance last year was 564 students.

The superintendent said the first of school enrollment last

year was larger probably because of a large graduating class last year and a smaller kindergarten class this year. He said there was a tendency to have smaller elementary grades, especially from the kindergarten to the third grade.

He added that there may be more children to enroll later.

Another newspaper drive

The Eldorado Woman's Club will have its monthly newspaper collection drive Tuesday, Sep-

tember 6.

They will pick up papers from the front porch of the Memorial

Building at 10:30 a.m. Persons wishing to contribute to the collection may leave their papers at the building before that designated time.

Club representatives announced that they may now accept paper sacks, cardboard boxes, and feed sacks as long as they do not have plastic liners, as well as newspapers. They may not accept magazines.

Local Cancer Society reaches goal

The Schleicher County Unit of the American Cancer Society has made its goal this year, thanks to the people of Eldorado. Special thanks goes to the Eldorado Home Demonstration Clubs and the Eldorado Lions Club.

The Home Demonstration Clubs were good enough to sponsor a bake sale for us. One of the cakes for the bake sale was sold at a Chinese auction during the Lions Club meeting Wednesday. Due to the generosity of the Lions, we received \$96 for one cake.

Our 1976 collections including memorials was \$2,738. If our figures are correct, our 1977 total will be \$2,764 which will give Schleicher County the Golden Achievement award for the seventh straight year.

Thank you for your support and we hope cancer can be cured in your lifetime, Ruthie Dacy, president.

Associate Editor Bill Gunstead runs the final letterpress edition of the Eldorado Success last Tuesday, August 30,

1977. Bill will now be in charge of the letterpress print shop and serve as a contributing reporter on the Express News staff.

Advance ticket sales

Students enrolled in the Eldorado public school system can buy advance football tickets for all home and district football games, announced high school principal Robert Jay.

Students can buy the tickets in advance for one dollar. They will have to pay \$2 at the gate.

Tickets will go on sale the Monday before the game on Friday in the high school receptionist's office.

Home Front News

Johno Mayo and Alvin Luedecke just returned from Oregon. They traveled through nine states and found most areas very dry. They stopped off in Las Vegas, Vail, Colo., Crater Lake, Grand Canyon, Boudier Dam, crossed the mountains to the Pacific to Goosebay through the Redwood Forest.

Mr and Mrs Delbert Taylor were in Coleman over the weekend for the funeral service of Mrs George (Geraldine) Thomas of Fort Worth. Mrs Thomas was a sister-in-law of Mrs Taylor.

Col and Mrs Jimmy Duncan and their two children of Auburn, Alabama, visited

his cousin, Peyton Cain and Mrs Cain in Eldorado this weekend. Jimmy, formerly head of the ROTC Program at Auburn University, is now on the administrative staff of the university since retiring from the Marine Corp last year.

Something To Think About

by Jannette Wilkerson

BACK-TO-SCHOOL BLUES

We are only one week into "Higher Education" and already the strain is beginning to show. We have established our 'Boot Camp' routine, which around our house are two major adjustments - bedtime and breakfast - Johnny Carson has been replaced with 'lights out' and candy and coke with bacon and eggs. It's not an easy transition for any of us, especially the dead heads [me]. The first couple of weeks go fairly smooth, then after the 'new stuff' has been worn once, it's a different story. That usually hits about the same time the homework assignments get serious.

As usual, the summer was short and hectic, and finding a place for souvenirs and memento's is no easy task. They always end up with last years Christmas cards, old school notebooks, and all the things you pack away, never to be seen again, but can't bring yourself to throw away. But what else can you do with 200 postcards, a Six Flags hat with a 4-foot feather and Holiday Inn ice buckets?

The new school supplies and lunch box they slept with a week before school started, are neglectfully scattered around the floor, and they're already talking about Thanksgiving holidays. It's amazing how quick the 'new' wears off.

Sometimes I think the biggest strain of back-to-school is the spare time. Now what's a Mother to do with 'free' time? A few of my favorites are: sit and stare, 'not' watch T.V., answer the phone, drink a whole coke, and listen to a Lawrence Welk record. These things you cannot do when the kids are home. Of course, the 'new' wears off the 'free' time routine also, and pretty soon I'm watching the door about 3 o'clock anxiously anticipating the clammer for snacks, old clothes and the T.V. dial.

Some people can't cope with 'quiet' time, and I'm one of them. I'm trying to teach Heather's parakeet to say, "Can I go to the Dairy Mart?" "Make him quit!", "Tell her to Shut-Up!", and "When do we eat?" "Oh yeah, that's music to my ears....and something to think about....."

About \$10 in coins were taken from a soft drink machine at Christoval High School sometime between 3 p.m. Sunday and 8 a.m. Monday, according to a report in the Tom Green County sheriff's office.

The key to the machine was taken from the school superintendent's drawer, where a note was left stating that the school would "blow up" at 9:30 a.m. Monday.

A fire drill was held at 9:20 a.m. Monday, the report said, and no bomb was found.

If you missed the C/W Music Jamboree in the Community Center, you missed a lot of good music and singing, but you will have a chance to get in on the next one which will be Sept. 24th at 8 p.m.

A large crowd was entertained by out-of-town bands, as well as local talent. In case you didn't know, our Deputy Jimmy Cox does a great job "pickin' and singin'", along with Freddie Mason. We were happy to have Jim McWilliams and family. Everyone enjoyed

Jim's singing and playing. See you all Sept. 24th!!

Mrs Garland Gaines is home from the Clinic Hospital where she underwent surgery last week. Rena is doing fine and invites all her friends to come see her.

Mrs Mary Belle Stigler, who suffered a bad fall several weeks ago, is doing fine and hopes to get her leg cast removed this week.

The Ladies Auxiliary of the Christoval Fire Department's bake and rummage sale netted \$236.55 on Saturday. Some citizen's donated funds to this worthy cause which added to the success of the day's efforts. Thank you, to all those who helped in any way. These funds help to purchase much needed equipment for the fire fighters. Thanks again!

COFFEE CAN
RAISIN BREAD

4 cups flour
1/2 cup water
2 eggs
1 pkg dry yeast
1/2 cup milk
1/2 cup butter or oleo
1 tsp salt
1/2 cup ground almonds
1/2 cup raisins

Mix 2 cups flour with yeast, stir water, milk, butter or oleo and salt over a low heat until oleo melts. Cool about 5 min. Add yeast and flour. Add other 2 cups flour, eggs, raisins and almonds; knead on floured surface until smooth and elastic. Coat inside of 2 two pound coffee cans with small amount of oil. Divide dough in half, put in cans and put plastic lids on. Let rise until dough reaches within 2 inches of the top. Remove lids. Bake at 375 degrees 35 minutes, until top of bread sound hollow when tapped. Makes 2 loaves.

SAUSAGE & SQUASH CAKE

Half squash and seed; place cut side down in buttered baking pan and bake in pre-heated oven at 375 degrees for 45 min or until tender.

Meanwhile, in a skillet, brown sausage well, pour off fat drippings. Stir in celery, onion, pepper, cheese and sour cream.

Turn squash cut side up, fill with sausage mixture and sprinkle with 2 Tbsp cheese on each. Bake 15 min more. Serves 8.

COUNTRY WISDOM

Baked goods can be preserved for a long period of time and thaw rather quickly. Breads, cookies and biscuits of any type give satisfactory results.

Pies and cakes can also be frozen if they are prepared as if you are ready to serve them. Leave pies in metal tray and put another one over the top of the pie, seal around with

freezer tape. Allow your baked goods to cool thoroughly before freezing. All your baked goods can be thawed quickly by placing them in a moderate oven for ten to twenty minutes, depending on the size. Bread slices can be thawed right in your toaster.

Know Your Neighbor

by Sunshine
The interview with Hattie Parker for this week's KNOW YOUR NEIGHBOR Column, was a very pleasant experience. Not only is Hattie my husband's aunt, but one of the most remarkable people I have every met.

When I arrived at the Golden Years Nursing Home, where Hattie lives (and I mean REALLY lives!) I was not at all surprised to find her watering plants. Plants that she herself planted; tomatoes, pepper, flowers, etc. The front and side of Golden Years fairly abound with products of Hattie's green thumb, while the upstairs lobby bursts with still more blooms while the latest paintings of this creative indomitable lady grace the walls to the delight of those entering.

As we entered her room a cozy atmosphere greeted us with displays of hand crocheted pillows, embroidery and many other handicraft spoke volumes of the many talents and interest of this enchanting lady.

Hattie was born 80 years ago in Sutton County to Maturie (White) Glasscock and William Andrew Glasscock. The next to the youngest of eight children - three girls and five boys.

One of her earliest memories is of her oldest sister combing her hair while she sat in her favorite miniature red rocking chair. They were living in a two story house 9 miles east of Sonora at that time.

In Sonora, Hattie remembers walking from the east corner of the courthouse one-half mile to school which was on the point of a hill. Each room had two grades with one teacher in it and Hattie remembers her favorite teacher, Celita Maddox, who taught 3rd and 4th grade. As she recalls, she was strict but gentle. Every Monday morning they all went upstairs at school for singing and prayer service which started the week.

Everyone carried their lunch as there were no lunchrooms and it was usually biscuits with meat or jelly inside. There were no PE classes but two recesses where they played baseball, etc. Paper was used

primarily for homework and school work was completed on blackboards.

She laughed as she remembered her hair which was long ringlets, which she braided and turned up to keep it from being dipped in the inkwells - a favorite pastime of mischievous youngster of the day.

Another event she remembers with a great amount of amusement was with a younger brother, when they were sent to put the horses in the corral and a mischievous peacock scared the horses into running right over Hattie and her brother - at which time her brother retaliated by knocking the peacock in the head with a rock. When the peacock fell unconscious to the ground, they snatched the bird up running to the water trough and pouring cold water on it's head and breathed into it's mouth - and to their relief - revived it. As Hattie remembers it never again bothered the horses.

When Hattie and her husband, Hays Parker, moved from Sanderson to Ozona, Hattie, herself, drove the covered wagon belonging to her husband's brother while the men rode and drove the horses to Ozona, where Hattie's parents lived. She went on to explain that they later sold all but 3 horses which was all the transportation they had at that time. They moved into a nice little 3 room house with two cool porches which Hattie greatly enjoyed. She added that they averaged moving each two years during this time in life.

Hattie and Hays were married January 15, 1915, and were the parents of five children; three girls and two boys. Hays passed away December 29, 1942.

The last place they lived before his death was the Willie Wilson place, which was the old Ward and Dabney ranch, of Toe Nail Trail.

After Hays' death, Hattie, undaunted, marched in to the world of supporting herself and her children. She spent 17 years working in steam laundries. The Model and Santa Rita in San Angelo, Texas,

so a long time popular tune goes, and it's hard to believe that September is here. There isn't quite the viciousness in the heat the last couple of days that characterized most of August. All of us can appreciate that and hope for cooler climes. "Anita" seems to have everybody's attention as she churns up in the Gulf heading in a westerly direction, and there's a lot of concerned faces around here that are hoping she keeps right on coming. It's about as dry as it has ever been around these parts, but the grass cover - where it hasn't burned of - is adequate, and could very well transport a lot of moisture into the waiting earth. But, like I predicted a few weeks ago, September is here and with it comes a lot of things.

The Eagles open up Friday night on the home field against the Rankin Red Devils. And there are indications that it is going to be something of a football game. Bang! . . . there you are right into the middle of football season, with all the fun and thrills it all stands for. Somewhere along the line, you'll probably look back over your shoulder and wonder which way Summer went.

With this issue, the Express News and the Eldorado Success become one newspaper dedicated to serving the people of this community. It's going to be an enthusiastic group of people working hard to make the kind of newspaper you want. In our combined effort we will be carrying on traditions that have tremendous value, preserving a continuous, printed history of Eldorado and Schleicher County; and at the same time, bring you a lot of pleasure and maybe even some prosperity through the time that lies ahead.

We are proud to have Bill Gunstead join our staff, and we are counting on a lot of professional help from him. There'll always be a place for Fred, and we'll look forward to having his valuable knowledge and suggestions at hand. With your help and support, we're convinced the

About two years ago she moved to the Golden Years in her charming room overlooking main street - when you can find her there! Express News will be a success.

High on a hill overlooking the sleepy little town of Lincoln, New Mexico, stands a cross that is dazzling white in the early morning sun. It stands like a silent sentinel as it preserves the quiet peacefulness of that little green valley.

Such was not the scene long years ago when the cattle barons of Lincoln fought their bloody range wars, and Pat Garrett relentlessly hunted Billy the Kid. A small but deadly civil war was fought over an extended period of time. You pause and wonder as you try to understand why such things happened, and somehow you feel a bit of kinship for those hardy men who wrestled themselves and the land. You know they believed in something worth dying for.

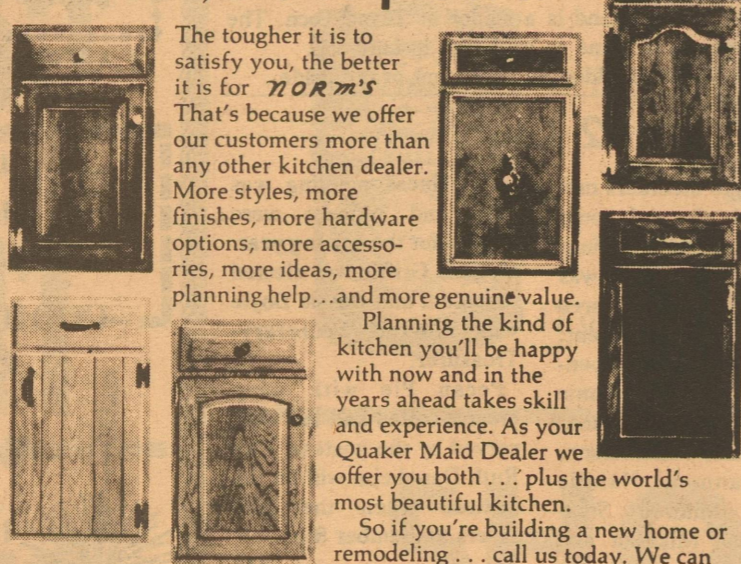

Those days have truly faded into history, and the people who played upon that stage are no more. But high on that rocky peak stands the white cross, and all is quiet . . . and there is peace.

Well, the ninth horse in the last race on the last day turned out to be a turkey. So don't put any faith in what your daughter-in-law may think she knows about race horses.

But the smell of pine in the early morning dew was exhilarating and the cool temperatures a blessing . . . and that's what it's all about anyway!

Miss Freeman wed in Stephenville ceremony

Mrs. Dana Riley English

Miss DeAnn Marie Freeman, daughter of Mr and Mrs Joe E. Freeman of Eldorado and Dana Riley English, son of Mr and Mrs Billy J. Herring of Garland were united in marriage on August 20th at the First United Methodist Church, Stephenville, Texas. Rev. Bob Weathers, Pastor, performed the double ring ceremony.

Peggy Eaton of Farmington, New Mexico was her sisters matron of honor. Sally Cawley of Eldorado and Jennie Wilson of Sonora were bridesmaids. They were all dressed in floor length gowns of mint green organza, flocked with white and yellow flowers. They wore white picture hats and carried long stemmed bouquets of yellow and mint green carnations mixed with white and yellow daisies. Windy Dunagan of Eldorado was flower girl. She wore a floor

length white lace dress with mint green sash and wore yellow rose buds in her hair.

Billy J. Herring, stepfather of the groom, served as best man. Johnny Roland of Garland and Johnny Stone of Dallas were groomsmen. The guests were seated by Joe Freeman Jr., brother of the bride and Randy Hill of Stephenville. Miss Shasta Elliott, cousin of the groom, registered guests.

A large arrangement of white and yellow flowers was placed on the altar. Two seven-tier candelabra stood on each side of the altar. They and the communion rail were covered with English Ivy, accented by mint green bows and yellow daisies.

The brides long sleeved, floor length gown, was made of white rose chantilly lace, styled with a sabrina neckline embroidered with seed pearls and an empire waistline that fell in cascading ruffles of scalloped lace to a chapel length train. Her finger tip veil was edged with lace and gathered to a Juliet cap of lace and seed pearls. She carried a bouquet of white roses, stephanatis and baby breath.

As the bride stood at the altar on the arm of her father, Mrs. Jane Darr of Comanche, Okla. sang "Sunrise, Sunset." She also sang "The Wedding Prayer" preceding the benediction. James Ed Green of Wichita Falls accompanied his sister at the organ.

A reception followed the ceremony in the church fellowship hall. The all white three-tiered wedding cake was served by Sherry Stone of Dallas. Angela Freeman of Midland, sister-in-law of the bride, poured coffee and Becky Roland of Garland was at the punch bowl.

Other members of the house party included Glenda Harris, Mary Leigh Dunagan and Jill Yates all of Eldorado, Sydonia Wilson of Sonora, Peggy Elliott, aunt of the groom from Garland and Jacque Bane, aunt of the bride from LaSal, Utah.

Out of town guests other than friends and relatives of the couple from Eldorado and Garland were the brides brother, Mr and Mrs Rick Freeman and Derrick and uncle of the bride Geo. Freeman, all of Midland. Mr and Mrs Hal Bane, Matt and Shanna, aunt and uncle of the bride of LaSal, Utah; Mr and Mrs Lev Freeman and Mr and Mrs S.L. Stone, great aunts and uncles of the bride and Mr and Mrs E.O. Green all of Wichita Falls; Janice Darr, Comanche, Okla.; Reggie Collins, Mr and Mrs John Ereckson Jr. and Mr and Mrs G. Dickerson all of Wylie, Texas; Mr and Mrs Cal Gouldon, Axtell, Texas and Mr and Mrs Jim Bob Wallace, West, Texas.

Following their wedding trip the couple will be at home in the Chaparell Apts., Stephenville, Texas.

To measure flour, dip measuring utensils into flour, level off with spatula (no sifting). Mix flour, salt. Blend in oil thoroughly with fork. Sprinkle all of water over mixture; mix well. Press dough firmly into ball with hands. *If too dry, add 1 to 2 tbsp. more oil.*
Rolling and Baking: One-crust pie or Baked shell

Flatten ball slightly; immediately roll into 12" circle between 2 pieces of waxed paper. Press table with damp cloth to keep paper from slipping. Peel off top paper, place pastry in pan, paper-side-up. Peel off paper, fit pastry loosely in pan. Trim 1/2" beyond pan edge. Fold under, flute, prick. Bake 12 to 15 min. To bake filled pie, do not prick; fill, bake according to filling directions.

Rolling and Baking: Two-crust pie

Divide dough almost in half, roll larger piece and fit bottom pastry into pan as above. Fill, then trim even with pan edge. Roll top pastry. Peel off top paper, cut slits, place on filling; peel off paper. Trim 1/2" beyond pan edge, fold under. Seal and flute. Bake 35 to 45 min. (fresh apple 50 to 60 min.)

NUT BROWN GLAZED APPLE PIE

- 1-2-3 Pastry for 9" Two-crust pie
- 1 tsp lemon juice
- 6 cups sliced apples
- 1 cup brown sugar (packed)
- 1 tsp cinnamon
- 2 tsp flour
- 2 tsp cold butter or margarine

Heat oven to 425 degrees (hot). Sprinkle lemon juice over apples. Blend dry ingredients. Mix lightly with apples. Heap in pastry-lined pie pan. Dot butter over apples. Trim bottom crust even with rim of pan. Roll top crust, cut slits and lay over filling. Gently peel off paper. Trim about 1/2" larger than top of pan. Turn upper edge under and seal to lower crust by pressing upper and lower edges together. Flute. Bake about 50 min. Before serving, top with Nut Brown Glaze.

- 1/4 cup chopped walnuts
- 1/4 cup brown sugar packed
- 2 tsp soft butter
- 1 1/2 tsp cream

Sprinkle walnuts over top of warm (not hot) or cooled pie. Mix other ingredients and dot mixture over top of pie. Place in broiler, 4 to 6" from heat, until crust is glazed. Serve warm.

Double ring ceremony unites couple

Mrs. Lewis Allen Brooks

Miss Amy Lee Speed became the bride of Lewis Allen Brooks during a garden ceremony August 26 at nine o'clock in the evening at the bride's home in Ransom Canyon. The bride's parents are Mr and Mrs W. L. Speed of Ransom Canyon and the groom's parents are Mr and Mrs James S. Brooks of Virginia.

The Rev Richard Cheatham of Elgin Baptist Church in Lubbock officiated at the double ring ceremony under an

arch of greenery decorated with wedding bells. The archway was flanked by urns of white glads and blue daisies.

The bride wore a long white chiffon wedding gown featuring a fitted bodice with high neckline outlined with daisy petals, short cap sleeves and chapel length train. She was escorted to the altar and given in marriage by her father, W. L. Speed.

Miss Denna Harris of Lubbock served as Maid of Honor and Miss Robbie Speed and Miss Denise Speed, sisters of the bride, were bridesmaids. Miss Trene White was train bearer. They all wore long pale blue chiffon dresses featuring flowered caps to coordinate their dresses and carried nosegays of daisies.

Gary Blair of Lubbock served as best man and groomsmen were Gary Ellison and Tim Gould of Lubbock. Ushers were H. D. Trucker and Horace Cook.

Oddie Probasco provided the wedding music and accompanied Harold Markham with his presentation of "O Promise Me" and "We've Only Just Begun".

The reception was held on the patio of the Speed home. The traditional wedding cake, punch, coffee and groom's cake was served.

Mrs Brooks is a graduate of Roosevelt High and attended Texas Tech. Her husband is a senior at Texas Tech. The young couple are at home at 2618 40th in Lubbock.

Mrs Clay Porter of Eldorado is an aunt of the bride.

Clinic Hospital will change its name

Trustees of Clinic-Hospital Foundation voted unanimously Wednesday to change the name of Clinic-Hospital to Angelo Community Hospital.

Hospital President Bob Gordon said, "While Clinic-Hospital has served the citizens of this area since 1929, we see the move to our announced new location in a few months as a new beginning for the Hospital. We want to mirror that by giving the hospital a new name."

"We chose the term 'community,'" he continued, "because we want to emphasize to the citizens of the Concho Valley the community service aspect of the new hospital. Our emergency room in the new Hospital is only one of the many services we will be providing to the community."

The name change becomes effective immediately, according to Angelo Community Hospital board chairman Ford Boulware.

"We have been a non-profit institution since 1970," stated Boulware, "and this new name will help to better demonstrate that status. We feel that, in preparing for the move, now is an appropriate time to change the hospital's name."

The estimated completion of the new 125-bed facility, located on a 23-acre site on Knickerbocker Road, is in December.

Planned for the new Hos-

pital's first floor are complete physical therapy facilities; an extensively equipped diagnostic laboratory; a surgical suite consisting of three major operating rooms, a cystoscopy room and a cast room; and a cardiopulmonary center.

Also included on the ground level will be the maternal and child care division consisting of the labor and delivery suite, recovery rooms, 19 postpartum beds and a large fully-equipped nursery.

Other ground level services include a radiology department with four major rooms, three of which will have fluoroscopy capabilities with image intensification; within the radiology department will also be the nuclear medicine service equipped with a gamma camera.

The ground level will also house administrative offices, business office, medical records, central stores, pharmacy, central supply, food services, and the emergency room.

The second and third floors will have private and semi-private rooms with a

total of 49 beds each.

Henry Jr., associate administrator. "We hope the new name will help emphasize our objective of serving the many citizens of the Concho Valley community."

Historical Society announces deadline

Mrs Margaret Frost, spokeswoman for the Schleicher County Historical Society, has announced that the deadline for submitting family histories in the county's history book has been changed. The deadline is now Nov 15.

The change was made due to delays in receiving and sending letters to all families in the county.

Each family that has lived in Schleicher County should submit a history and pictures to the book. The stories should be about 600 words long.

There will be no fee for having the stories published in the book.

Stories and pictures should be sent to Mrs. Margaret Frost, P.O. Box 473, Eldorado, Texas 76936.

If your family has not received a letter asking for your history, please contact Mrs. Frost or other members of the historical society.

Mrs Bruce Lambert spent the weekend with her daughters and families, Mrs Jan Gower and Jamie of Lubbock and Mr and Mrs Roger Miller, Nicki, Chad and Brandon of Seagraves.

Miss Tracey Richards, whose 5th birthday was August 29, was honored with a birthday trip to San Angelo on Saturday, August 27. Included in the party were the birthday girl's sister, Sonja, and Jeffrey Lacy. The kids enjoyed a birthday pizza at Shakey's and afterwards, bowling. As an extra treat, Tracey's mother, Candy Richards, went by Playland Park and let everyone ride several rides. To top off a perfect day, the party stopped for ice cream. The kids reported a good time and later bowling scores were appropriately bragged on by grandparents and other interested persons.

Miss Patti Lou Olson came through Eldorado to visit with her parents and family Monday, August 22nd. She was on her way to Houston, Texas, where she is to be employed by Johnson's Covers as a purchasing agent.

Mr and Mrs Ed Meador, Mr and Mrs P. S. Dudley and Mr and Mrs Phil Olson spent last week at the races in Ruidoso, New Mex. They spent Tuesday night in Lincoln, New Mex. and stayed at the Wortley Hotel which is a very old building with a wonderful restaurant and has loads of antiques. Mr and Mrs Dudley and Mr and Mrs Olson returned via Lubbock Sunday where they visited with the Olson's son and daughter-in-law, Mike and Carla Olson.

James Jackson, son of Mr and Mrs Delmer Jackson, received his B.S. degree in chemistry on August 12 at Angelo State University. Mrs Jackson's parents, Mr and Mrs J. W. Shelton, of Baird, Texas, attended.

Mrs Winnie Jackson is in the hospital after suffering a broken leg Monday night. The accident happened when Mrs Jackson was feeding her horses. One of the horses bumped her and knocked her into the feeder.

Mrs Phil Swartzell of Canyon, sister of Mrs Peyton Cain, was a visitor in the Cain home this past week. She was here to enroll her daughter, Lisa, who will be a freshman in ASU this year and to visit her father, A. J. Stevens, in Baptist Memorial in San Angelo.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
PRESS ASSOCIATION

AUSTIN—Governors of Texas, Arizona, California and New Mexico have formed a new Southwest Border Regional Commission and hope it will boost the states' economies by millions of dollars.

Tucson, Arizona, is headquarters of the commission. After projects are earmarked, the agency will receive about \$5 million in federal aid for stimulation of employment, industry and border planning.

California Gov. Edmund Brown Jr., co-chairman, said he hopes funds can be used for development of alternative energy sources, including solar, windmill and geothermal power in the deserts. High priority will go to production of the jojoba bean in the desert. Oil from the bean is used in cosmetics and lubricants.

Texas Gov. Dolph Briscoe said 24 counties along the Texas border also need money for public education and programs to offset the peso devaluation in Mexico.

Big Turnover

One of the biggest turnovers in Texas congressional history is anticipated next year.

U.S. Rep. Omar Burluson of the 17th district announced he is retiring after 32 years' service. Rep. George Mahon previously had revealed he is leaving the 19th district seat he occupied more than 40 years. Rep. Bob Krueger is vacating his 21st district position to campaign for the U.S. Senate.

Rep. W. R. Poage of the 11th district and Rep. Olin Teague of the Sixth district are also reported to be on the possible retirement list. Two or three others are listed as doubtful.

New Car Tag System

A new year-round, "staggered" form of auto license regulation goes into effect January 1.

Instead of all registrations expiring at the same time, April 1, they will expire on a staggered basis in different months through the year. (The 1977 registrations will expire April 1 and must be renewed by that deadline. After initial registrations of passenger cars and light trucks under the new system, future registrations will be for a period of 12 months. Renewal periods will be assigned according to the license plate numbers.

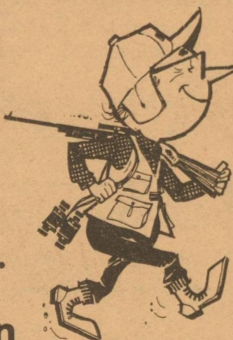

Highways and Public Transportation Department officials hope that after 1978, the system will eliminate those long lines each March at the county tax assessor-collectors' offices. Several states have tested the new plan.

Appointments

Gov. Dolph Briscoe promoted two women judges in the Panhandle to higher positions.

He designated Judge Mary Lou Robinson of Amarillo chief justice of the Seventh Court of Civil Appeals effective September 1. She succeeds Judge James A. Ellis of Amarillo who is retiring. She is now an associate justice of the court. Briscoe also promoted Potter County Court at Law Judge Naomi Harney of Amarillo to the 251st district court serving Potter and Randall counties, effective September 1.

Par-tee

Sunday afternoon was still very hot but 18 players braved the heat for our regular Mixed Foursome.

We enjoyed Rose, Wayne and Kenneth Doyle and Shere McEver playing with us this summer. Also we had three new visitors from San Angelo, Jeff & Sondra Spears and Melba Flora. We look forward to them coming back and playing our course again.

Winning first place with a score of 7 under par was the team of Delbert Taylor, Ernestine Hext, Jeff Spears, Sondra Spears and Kenneth Doyle.

Second place with a 5 under par was the team of John Nikalouk, Eddie Kinsler, Wayne Doyle and Shere McEver.

We have lots of fun in our Sunday Mixed Foursomes so plan on coming out each 2nd and 4th Sundays and play with us.

Keep your head down.

Punt, pass, and kick contest will begin

Registrations for the 1977 Punt, Pass & Kick competition co-sponsored locally by Sonora Motor Company begins this week. The contest is open to any youngster 8 through 13 years of age.

Any youngster meeting the age requirements who can punt, pass and kick a football -- or who'd like to try -- will want to compete. Participants compete only against others their own age, and there is no body contact.

No special equipment is needed and participation

does not impair a youngster's amateur standing. Each youngster will compete in three categories -- punting, passing and kicking. Judges will score one point for each foot the ball travels on the fly, minus one point for each foot the ball lands to the right or left of the center tape.

Youngsters, accompanied by a parent or guardian, may register for PP&K at Sonora Motor Company. There is no entrance fee. Get full details and an official entry blank at your local Ford dealer.

SHEEP & GOAT RAISERS NEWS

It's been going on now for some time, but it may be coming to a head in the near future. Oh, "it" is the federal plan to include parts of the Rio Grande and the Guadalupe River in the Wild and Scenic Rivers System.

What is a "Wild and Scenic Rivers" system? It is the outgrowth of a federal act passed a decade or so back in which certain rivers, or parts of same, could be designated as -- you guessed it -- wild and scenic rivers. Sounds kinda like a federal decree officially designating that round thing we've been rolling on for centuries as a "wheel".

But there's much more to it than that, as there always is. The basic idea is to see that these rivers are preserved in their wild and scenic state so that our descendants in years to come will be able to discover for themselves what a river used to be.

Admirable thought, no? What shakes this pretty scene is that this program is designed to give the bureaucrats the authority to do the preserving. Unmentioned is the fact that these folks spring from the same stock as those who did such a fine job of making a total mess of their own habitat back east.

Now that their party of the country is deteriorating at a proper pace, they're pulling at the traces to come on out and give us a learned hand in protecting ours.

Granted, they of all people could be expected to have learned the lessons, but they have learned them in a totally different classroom. And they may have learned too late, a situation that almost guarantees overzealous evangelism.

The Wild and Scenic

Rivers program will require a scenic easement from landowners bordering the rivers in question, and no development of any kind will be allowed within sight of the subject property. Well, no private or commercial development, that is. The government will have to construct access roads to and from the area, of course, but these don't count. Neither does the fact that the access roads will march right across even more privately-owned property.

In some cases access roads may have to cover scores of miles of private property. And in the case of the portion of the Rio Grande in question, these roads would end up hundreds of feet above the river, peeking over the edge of massive canyon walls. In order to get sightseers and canoeists safely and comfortably from the road to the water, would the federal planners simply remove a few million cubic feet of cliff?

At any rate, the proposal seems a little foolish when you stop to think how rugged and isolated such areas are. Still, the matter resurfaced just this spring, when President Carter included the Rio Grande and Guadalupe projects in his environmental program.

It's a lot like parents who remember all of the regrettable things they did growing up, and vow to prevent their children from doing the same things. Many of them never stop to think that the kids may have already learned the lesson by example, or that maybe they've got too much sense to try something that stupid in the first place. TS&GRA welcomes your comments on the matter. Write Box 1486, San Angelo, Texas 76902.

Briscoe earlier appointed six judges to new courts in Harris County. They are Henry G. Schuble III, 245th district; John W. Peavy Jr., 246th; Bruce W. Wettman, 247th; Jimmy James, 248th; Sam S. Emison Jr., 257th, all effective September 1, and Samuel H. Robertson Jr., 262nd, effective January 1.

AG Opinions

Denial of extended sick leave with pay for pregnancy-related disabilities of state employees would violate the appropriations act, Atty. Gen. Hill said.

However, Hill stated, denial of extended sick leave to an individual pregnant employee based on merits of a particular case would not violate state and federal equal rights and equal employment provisions.

In other recent opinions, Hill concluded: An act of the 64th Legislature authorized transfer of unexpended balances of funds for salaries, and the money could legally have been used for employment of additional personnel.

A sheriff cannot work county prisoners on private operations even if they volunteer and are paid.

Minors suspected of intoxication can be given breath tests, but results on those under 17 cannot be disclosed.

Community centers for mental health and mental retardation do not have statutory authority to purchase real property.

Courts Speak

Comptroller Bob Bullock sued Atty. Gen. John Hill in the state Supreme Court, seeking a mandamus to give him full access to delinquent tax suits and accounts of the attorney general.

Upholding a juvenile court in Travis County, the Third Court of Civil Appeals failed to agree with a Texas Youth Council contention that its finding as to whether a child is mentally ill or retarded is final.

Briscoe Endorses

Gov. Dolph Briscoe has given his endorsement to proposed constitutional amendments to enlarge the Court of Criminal Appeals from five to nine judges and to give trial court judges discretion to deny bail pending trial in certain cases.

Briscoe said the court enlargement would at least double its effective working capacity and alleviate a bottleneck.

He said the right to bail has been abused by professional criminals who pursue a course of crime while out on bail awaiting trial.

The amendments will be voted on November 8 along with five others.

Short Snorts

Sen. Max Sherman of Amarillo has resigned effective September 2 to become president of West Texas State University, Canyon.

Joseph R. Cavness is new director of accounting for the Texas Public Utility Commission.

The highest dollar volume of building authorizations in Texas history were recorded in the first half of 1977. State Rep. Joe Hubenak of Rosenberg has said he will announce August 23 his decision whether to run for Texas Commissioner of Agriculture.

Former State Deputy Agriculture Commissioner Bill Pieratt has taken the oath of office as state director of the Farmers Home Administration.

New textbook hearings were set August 17-19.

A Democratic rules sub-committee has proposed new party rules to assure fair-share representation at precinct conventions during off-presidential years.

Let's Pause a Minute

A Message from Eldorado's Ministerial Alliance
by Keith Wyatt, Pastor
First Methodist Church

Many years ago the great novel Ben Hur was written by Lew Wallace and has since become a classic enjoyed all over the world. In one scene where Ben Hur is a galley slave, pulling a giant oar, Arrius, a Roman spoke to him and said, "The hortator tells me thou are his best rower." "The hortator is very kind," said Ben Hur. Arrius continued, "Hast thou seen much service?" "About three years," was the reply. "At the oars?" "I cannot recall a day of rest from them," spoke Ben Hur. "The labor is hard; few men bear it a year without breaking, and thou -- Thou art but a boy." Ben Hur then answered: "The noble Arrius forgets that the spirit hath much to do with endurance. By its help the weak sometimes thrive when the strong perish."

What a marvelous statement for an oarsman on a Roman ship to make and what a marvelous statement of faith for us today. How often it is the very weak that do survive in spite of tremendous odds against them. When we work ourselves to the bone (and see little influence or success); when we are burdened with almost impossible tasks and assignments; when we become emotionally down due to illness, emotional distress, or general circumstances; when our wishes and prayers seem to go unheeded; THEN can the Christian really touch that Divine Spark from within—the Spirit of the Living and One True God. It is this Spirit of God which enables us to become the strong when before we were the weak. It is this Spirit that leads us onward to accomplish many and sometimes difficult tasks in our daily lives and in our lives together as God's people. It is this Spirit, the Holy Spirit, the Spirit of which was in Christ Jesus that motivates us and encourages us who call ourselves "Christians".

If the Christian Faith is to endure, if the Church is to progress and live, then we must all individually accept that Spirit of God into our lives. Without God's influence we are basically worthless, weak and insignificant people living a routine without meaning. But, with the Spirit of God within us we are transformed from the weak into the strong, from the insignificant to the important, from irrelevance to messengers of the only worthwhile message. Yes, its true, for many people today perish because they can't stand the strain of the oars for very long. How about you? Do you have the Strength and stamina to endure because of the Spirit that is within you or will you fall by the way panting in your own weakness because you tried to live in this world by yourself? It's a good question to ponder and an even more important one to answer.

High School class officers elected

Junior high and high school students at Eldorado High School elected new class officers last week.

Leading the senior class this year will be Robert Higdon, president. Other senior class officers will be Susan Mertz, vice president; Janette Hanusch, secretary; Ernesto Martinez, treasurer and Larry Fatheree and Cassie Gibson, student council representatives.

Mary Kay White was elected president of the junior class. Her assistants will be Larry Fay, vice president; Paige Helmers,

secretary, Judy Pitts, treasurer and David Hill and Angie Fay, student council representatives.

Sophomore class officers will be Tommy Minor, president; Charlie Bradley, vice president; Randy Morrison, secretary; Michael Mertz, treasurer and Mickey Nixon and Jeannie Nicholson, student council representatives.

Freshman class officers will be Keith McCormack, president; Lou Ann Turner, vice president; John Paul Joiner, secretary; Deanne Clark, treasurer and Mike Griffith and Julie Belman,

student council representatives.

Eighth grade officers will be Bobby Hurley, president; Andy Bosmans, vice president; Eddy Montalvo, secretary; Shane Wells, treasurer and Laurence Brame and Lori Patton, student council representatives.

Seventh grade officers will be John Griffith, president; Johathan Head, vice president; Julie Cash, secretary; Sue Nelford, treasurer and Greg Garlitz and Victoria Powell, student council representatives.

Nursing Home News

This weekend yours truly did something that she had never done before. For the first time in my eighty-two years, I climbed into an airplane and with my nephew, Joe Charles Christian, at the controls, we flew all over Eldorado and the surrounding area and as far east as the Frank Meador ranch. Since Joe Charles has had his pilot's license and while he was in college in San Angelo, everytime he would rent a plane and fly out to Eldorado, he has asked me to go with him for a ride in the plane. I would always tell him that I didn't expect to ever do that except in case of an emergency, but I wanted him to know that if that time ever came that I did hope that he would be available to pilot the plane. I didn't want him to think for a minute that I would be afraid for him to pilot the plane that I went up in. I enjoyed the ride immensely and I didn't feel afraid at any time. Eldorado and the country all around is beautiful as seen from a thousand or so feet in the air. I am ready for

another ride any time, but I want Joe Charles to be the pilot.

Last Sunday afternoon the West Side Church of Christ conducted the service in the dining room here in the home and as usual we enjoyed them coming to do that for us.

Flossie Crawford hasn't been doing very well the last week or so, but we hope she can begin to improve soon.

Frank Reed is doing better and he sits in the hall some days and is at his table in the dining room for some of his meals.

Elva Daniels is improving but she is still in bed most

of the time.

Everyone else seems to be doing as well as usual for which we are thankful. The visitors were conspicuous by their absence last week. Mrs Howard Procter of San Angelo, her son Eddie and grandson Bob Waddell, of San Angelo, visited Mrs Procter's mother, Elva Daniels. Mr and Mrs Stevens of San Angelo visited her mother, Flossie Crawford.

Money isn't everything; for instance if it isn't plentiful.

Eldorado's school cafeteria - Home cooking for the kids

by Nell Edmiston

There you are—with 100 packages of hamburger buns, 120 pounds of ground meat, six gallons of catsup and a ton of French Fries, all piled high on the cabinet. You look up and there are 400 kids lining up at your door waiting for lunch. Sound like a nightmare? It would be for anyone except the cooks who work in the school cafeteria.

Feeding 400 kids a day is old hat to them, as most of them have been doing it for several years. The cafeteria crew begins serving students at 10:45 a.m. and doesn't slow up until 12:30 p.m., when they can eat their own lunch, that is, if there is any left over.

The crew is composed of Mrs Mildred Phillips, manager, and nine other workers who work various hours of the day. Some of them begin at 7 a.m. and each has a special job. Ada Belle Taylor bakes fresh rolls each day; Clara Mae Donaldson makes the salads; Mona Jasso cooks the meat; Noweita Briggs makes the desserts, and Alma Williams does a little of everything in the kitchen. The rest of the workers spend their time in the steam room or behind the serving line.

Mrs Phillips has the highest regard for all of her workers. "Every one of them is very dependable and we all get along well together."

When you walk through the kitchen, you are awed at the number and size of everything. There are ten burners on the stove, four huge ovens, a large frylator, ten large baking pans that match the large ovens and ten kettles that can hold up to ten gallons of food, just for starters.

Above your head is a rack full of the huge kettles plus a dozen other larger-than-average cooking utensils.

There is a 5 x 8 refrigerator in the kitchen that sometimes is not large enough to hold all the food needed for some of the meals, a freezer of the same size, plus a household freezer and an ice cream freezer.

Although there is space in the kitchen for the frozen and refrigerated foods, there is limited space for the dry foods, so they are kept across the street in a warehouse.

Commodities needed for just one meal are astounding. It takes 16 pikes peak (125 pounds) roasts for one meal, 125 pounds of ground meat for

ELDORADO'S School Cafeteria Team. Pictured left to right are Mona Jasso, Moweita Briggs, Clara Mae Donaldson, Mildred Phillips,

Ada Belle Taylor and Alma Williams who prepare approximately 400 meals daily for hungry school kids.

tacos, 55 loaves of bread for sandwiches, 12 to 15 gallons of fruits or vegetables for each meal, six gallons of catsup for French Fries, one case of honey each week and an average of 50 pounds of flour for rolls and desserts each day, and 18 heads of lettuce and 20 pounds

of tomatoes for tacos. "Our main problem is keeping hot foods hot and cold foods cold," said the manager, who noted that the rolls and other hot foods are "baked behind the lines" so they can be served hot. This, of course, leads to another problem. There are

days when all the ovens, all the burners and the frylator are going at once. "And boy does it get hot back here," she admitted.

Mrs Phillips has other concerns as well as keeping foods at their proper temperature. When she writes the menus, she has to keep in mind several things. The menus have to be balanced, first of all. But then, she has to keep in mind what kind of equipment and mixing space will be needed for each dish and what kind of space will be needed on top of the stove and in the oven. She also has to remember to keep the plates looking attractive, and at the same time offer a variety of foods for the kids.

And, of course, she makes a point to remember the foods the kids like and dislike. "They don't like English peas," she grins, "or cooked raisins, prunes or meat loaf, so we have those as little as possible."

Sometimes the crew can make it easy on themselves by making light lunches, such as sandwiches, corn dogs or barbeque on a bun. But then again, they make several meals such as chicken and gravy, chicken fried steak, or turkey and dressing which takes a lot of manpower and time to make. But then, it takes a lot of

manpower anytime you make even the simplest meal for 400 people. "When we make hamburgers, we line up, three on each side of the table, and go at it strong until we finish. It's really something to see," said Mrs Phillips with obvious pride.

At first thought, you would think it would be tempting to eat constantly because of all the food that passes through the kitchen each day. "You get a little tired of eating," the cooks say, but do admit they test the hot rolls or other favorites "just to see if the kids will like them."

Mrs Phillips says Eldorado is the only school in the area that allows students to receive seconds or thirds on food. "In some schools, they plan for just so many to eat and that is all they make, so they can't have seconds. But we don't do it that way here. After four years, I pretty well know how much to make and have only a little amount of left overs," said the manager.

There is an abundance of pride and a sense of achievement in the work that goes in each meal in the school cafeteria. Eldorado kids should be happy to know there is a lot of work behind each of their meals.

382,000 Adults, Disabled Before 22, Get Payments

Over 382,000 adults who were disabled in childhood are getting social security payments, according to social security officials here.

Monthly benefits are paid to disabled adult sons and daughters of workers getting social security retirement or disability payments—and of deceased workers who worked long enough under social security. "The benefits are paid to people whose disability began before age 22," a spokesman said. "Usually they haven't been able to work long enough under social security to get benefits on their own record." They get about \$53 million a month in social security pay-

ments, he said. The Social Security Administration is an agency of the U.S. Department of Health, Education, and Welfare.

ported out of congressional committee.

Such a scheme promises not only to transfer to the armed services the same upheaval experienced by our industrial sector over the years, but endangers in very alarming ways the fundamental concept of military authority so basic to the tradition of our armed forces and to our national security.

Yet this is exactly what is being contemplated by the American Federation of Government Employees (AFGE) of the AFL-CIO, which has polled its membership on the prospect and seems prepared to press for action this fall.

Unionization must not be treated lightly by the Congress or the American people as merely an attempt to bring pocketbook justice and upgraded grievance procedures to the military, as labor organizations contend in their support of the idea. Much more would result and much more is at stake.

Any such outside influence which poses a threat to the necessary concepts of military obedience, discipline, and undivided loyalty to duty represents an unthinkable proposition. It deserves categorical rejection by the Congress.

Those who advocate unionization downplay its divisiveness on the chain of military command as exaggeration and fear mongering.

They also point to unionization in other countries and allude to a perception that in this day of the all-volunteer force, the military deserves to be brought into a closer association with mainstream civilian society.

Such assumptions are both naive and dangerous. Armies—and countries—stand or fall on their ability to respond forcefully when crises develop. Discipline and unquestioned loyalty to military directives are essential to defense preparedness. A union would serve only to split that authority, dividing loyalties between the commander and the shop steward.

The record of military unionization in other countries is sketchy at best. None of the unionized armies in Europe has been tested under battlefield conditions, and this leaves their true effectiveness in a given military situation as an uncertainty.

Most important, the military is of necessity a special society in itself with a constitutional mandate to provide for the common defense.

When questions have arisen in the past about this role, the Supreme Court has been quick to reaffirm the "special constitutional function of the military in our national life, a function both explicit and indispensable," emphasizing that it is the "primary business of the armies and navies to fight and to be ready to fight wars should the occasion arise."

Those in the military have but one allegiance and it must not be undermined by proposals substituting collective bargaining for national security.

Military Unionization

WASHINGTON—Farfetched notions about what is sound public policy seem to be the rule rather than the exception in Washington these days.

One such idea, to unionize the military, once again seems to be gathering momentum, and could well be the most preposterous the 95th Congress would consider. Already, legislation to prohibit unionization has been re-

TEENS/SMOKERS

Teenagers are not smoking less, reports Debby Johnson, family life specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

A 1976 survey shows that, despite evidence of lung cancer and other hazards, both boys and girls smoke more now than they did in 1959.

Since long-term smoking habits are established during teen years, this study points to the need for an awareness program which includes the health hazards, as well as peer influence, Miss Johnson says.

Romanticism, often attached to smoking, may also contribute to the high incidence of teenage smoking, the specialist adds.

In a Pennsylvania high school:

--37 per cent of the boys and 32 per cent of the girls smoked at the time of the study (a student was considered a smoker if he or she smoked at the time of the study)

--94 per cent of the non-smokers and 70 per cent of the smokers agreed that cigarette smoking is a health hazard.

--the school rules prohibited smoking in school. More than 90 per cent of the smokers and 40 per cent of the non-smokers felt that the rule should be changed.

--non-smokers were more likely to choose best friends who did not smoke, while smokers chose best friends who did smoke.

--61 per cent of all students favored changing the school rule to permit smoking.

LABOR DAY WEEKEND IS HERE

The first few weeks of school are hectic for students, teachers and parents. But everyone will have a holiday Monday for Labor Day. Although there have been times in recent years when school was open on Labor Day, this year will be an exception.

Several stores will be closed as will the bank and

other offices.

Because school will be closed, many families are planning out of town trips for a last minute shorty vacation of summertime activities.

The Express News hopes that everyone enjoys their holiday but also hopes that no one will become involved in an accident over the long holiday weekend.

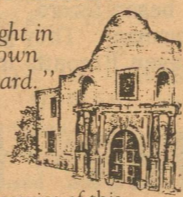

Are you having company, out of town guests? Call the Express News at 853-2032 to report home front news.

BAND DIRECTOR Wayne McDonald

MR MAC

"Mr. Mac"—Eldorado's very own "Music Man!"

by Nell Edmiston
Mr Mac is at it again--that is, shaping up another winning "Going Band From Eagle Land."
Wayne McDonald began teaching in Eldorado in 1965 and each year he has developed a top-notch band that has won high honors. The Eagle band has received a "1 rating" in marching competition ten consecutive years and has won sweepstakes competition seven times. The Eagle Band has been named Class A Honor Band in Region 7 several times.
Several of Mr Mac's students

have won top honors in state University Interscholastic League competition under his direction.
The band director was reared in southern Illinois but completed his high school education in Borger, Texas. He received his bachelor and masters degree in music education from Texas Tech University.
After college, he served one year with the army in Europe. He began his teaching career in the San Angelo schools where he taught for 12 years. He directed the band there and then at Cross Plains before

Educators Association, a position he has held several times in the past.
Last year, he was named to the World's Who's Who in music. When asked how the band practice is coming, the soft spoken man often replies, "Going slow." But don't believe him. Everybody knows that when the times comes, the Eagle Band will be going strong again, presenting beautiful routines in half-time activities.
And in the spring, the top-notch band will be winning more trophies under its top-notch band director.

moving to Eldorado. During his teaching career, McDonald has a mark of 25 consecutive years of a number 1 rating in marching competition.
McDonald is highly respected by members of the music and teaching profession alike. He has been elected chairman of the Region of Texas Music Educators Association, a group of all music teachers in our region which includes about 50 schools.
He has also been chosen to serve on the state board of directors of the Texas Music

Eagles expecting better season this year

by Jim McWilliams

Eldorado Eagle head coach Mike Williamson and his staff should be optimistic this year

with six offensive and five defensive starters returning to the field.
The Eagles are picked to finish

fifth this year in the preseason coaches poll. But with very few injuries and a lucky bounce of the ball every now and then, the

Eagles should be able to do much better than that.
There are quite a few hold-overs from last year who want to improve last year's 2-4 district record.

Leading the charge from the backfield will be Sam Whitten (154, Sr) at halfback. Sam had a good season last year. And if he breaks a few "long ones" at the right time this year, the Eagles will be tough to beat.

Mike Lux (166, Jr) will get

some additional experience this year at fullback. He's not huge, but give him an opening and he'll take off!

Ernesto Martinez (147, Sr) is listed as a quarterback this year. Last year Ernesto did everything except center. He probably could have done that except Phil Head had the job locked up tight. His experience will add depth to the Eagles.

John Cheatham (171, Jr) is also

Mike Williamson: Eldorado's new head football coach

MIKE WILLIAMSON

There will be a lot of changes made in the Eldorado Eagle football team this year. The biggest change will be the new head foot-

ball coach, Mike Williamson.

Williamson graduated from Crystal City High School in 1966 and from Texas A&I University in 1970. He received a Bachelor of Science degree in physical education, health and geography.

While at A&I, he was a member of the national football championship team in 1969 and the national runnerup team in 1968. A full back, he played college football for four years.

In high school, he participated in football, basketball, track and baseball.

Williamson coached at Pearsall High School for six years, four years as head junior high school coach. The last two years, he was

head coach and athletic director.

In 1975 and 1976, Pearsall boys won the 28AA district football, track, basketball and tennis titles, placing second in baseball.

Pearsall girls reached the state and regional finals in volleyball, won district track and went to state in several tennis events.

Williamson's wife, Debbie, is also a native of Crystal City and a graduate of A&I. They are Baptist.

Williamson is a member of the Texas High School Coaches Association, Texas State Teachers Association and National Educators Association.

Their ground game will be mostly sweeps with Tim Block at tailback.

The Red Devils won district 6-A last year with a perfect record 5-0 and went undefeated in regular season play. They lost to Seagraves 36-8 in bi-district. They are picked to finish second in district 6-A this year.

TURN WHICH WAY? -- The Eldorado High School cheerleaders discuss a flag routine during band practice this week. The flags add color to routines performed with the Eagle Band during half-time activities.

And a few Eagles will want to show their ex-coach what they can do!

It will be better than the 34-14 thumping the Eagles got last year. Just ask an Eagle!

JUNCTION

(Oct. 28, There) The Eagles from Junction beat Eldorado by a single field goal 17-14. Junction will return 7 defensive and 7 offensive starters this year.

The preseason poll puts Junction and Mason in a tie for the second spot at the end of the district 9-A season. The top three will

have a battle for the lead. But Eldorado may have a say in who gets the first place finish.

MASON

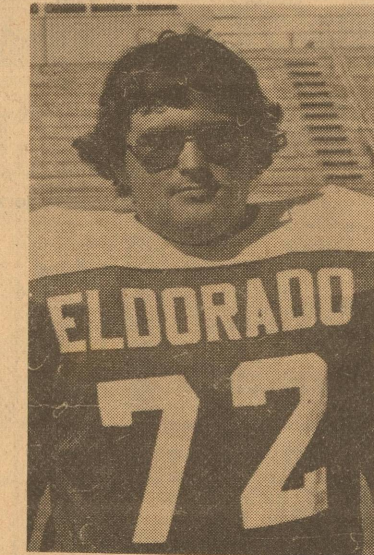

(Nov. 4, Here) The Punchers kicked the Eagles 40-0 in last year's final game. And the Punchers will return a very experienced offensive line that will average 195 pounds.

They will have a returning quarterback, but an

inexperienced backfield at the first of the season. By the time the Eagles face the Punchers they will either have it "all together" or injuries will even out the two teams.

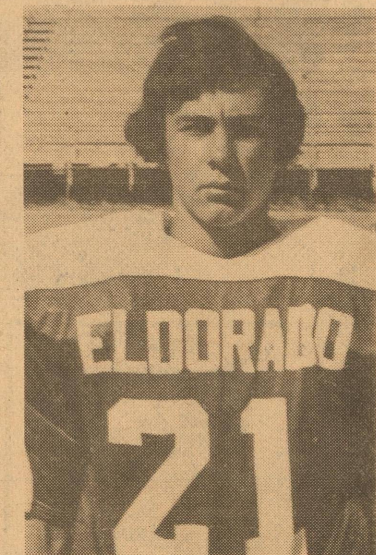

The Eagles will have their hands full with Mason, Junction, and Wall. But the last game is 10 games away. That is a long time in Texas Schoolboy football.

Marshall: New ass't coach

JIMMY MARSHALL-COACH

One asset the Eldorado Eagles will have going for them this year is a new assistant coach, Jimmy Marshall.

A native of Melvin, Marshall received his bachelor of science degree in physical education and biology from Tarleton State University in 1968 and a drivers education certificate from

Southwest Texas State University in 1972.

He taught at Jourdanon High School for the last nine years. He taught biology, physical education, drivers education and health.

Marshall helped the Jourdanon football team net a 50-41-2 record during nine years as a line coach. As junior varsity football coach, his record was 38-18.

He was in charge of junior varsity basketball for eight years, assistant track coach for nine years and tennis coach for three years. For five years, Jourdanon had state qualifiers, one state champion pole valuter and one state 880 champion in track. Their track team won three district titles, and the tennis team had several regional qualifiers.

He and his wife, Joyce, have two children, Michele, six and Allen, two. They are Methodist.

gone on to bigger and better things. The Owls will return 4 offensive and 4 defensive starters.

The preseason coaches' poll picked the Reagan County Owls to finish one spot ahead of the Eagles. That may be due to their 4-2 finish in district last year.

The Eagles will get revenge this year. So let's see a big turn out in Big Lake this year.

MENARD

(Oct. 7, Here) The Yellowjackets were the first of two teams the Eagles beat last year. The Eagles played an outstanding game that night.

If they play that way this year, we'll have another victory under our belt.

But with 15 lettermen returning, including quarterback Monte Lyckman and running back Ector Zamora, the going will not be so easy.

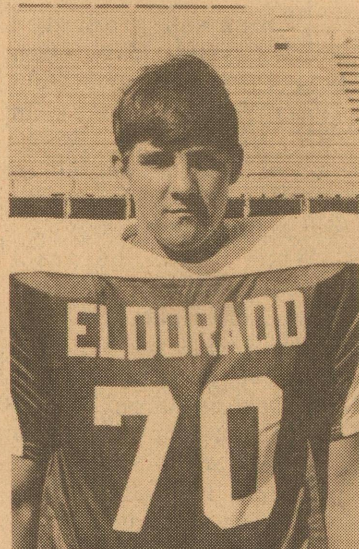

Menard finished 1-5 in district last year. And like the Eagles, their seniors will want to improve on that record. The Eagles should

squeeze by the Yellowjackets, too.

ROBERT LEE
(Oct. 14, There) The Eagles beat the Steers 28-0 in last year's homecoming game. Robert Lee finished 0-6 in district last year.

KEN THOMAS

When it comes to seniority, Ken Thomas leads the list on the Eldorado Eagle coaching staff as he begins his 11th year with the Eagles.

He was graduated from Cushing High School in 1955. He graduated from Stephen F. Austin State University in 1961 with a Bachelor of Science degree in health, physical education and biology. His college career was interrupted by two years of service with the United States Air Force.

Thomas received his Masters in the Art of teaching math from the University of Montana in 1971.

Thomas coached high

school football and girls basketball two years in Crystal Springs. He then coached junior high school boys in Spearman for three years.

He coached junior high school boys here from 1966 to 1967. He then coached junior varsity football, basketball and tennis.

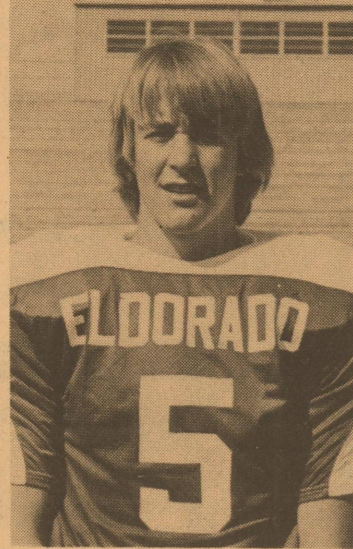

This will be his fifth year to help coach junior varsity football.

1976 district 9-A final standings

The Eldorado Eagles were hampered by injuries most of last year. After the Ozona game the Eagles were hurt the rest of the season by injuries in key positions.

The Eagles' season record was not an indication of the effort

put forth by the team. Even in the final defeat to Mason the team played with much more heart than injuries would normally allow.

If the injuries are reduced this year, the season record will rise accordingly.

Preseason polls are fun. There are no injuries. Each team plays the kind of football it is capable of. The ball bounces like it is supposed to. Everything is in its proper place.

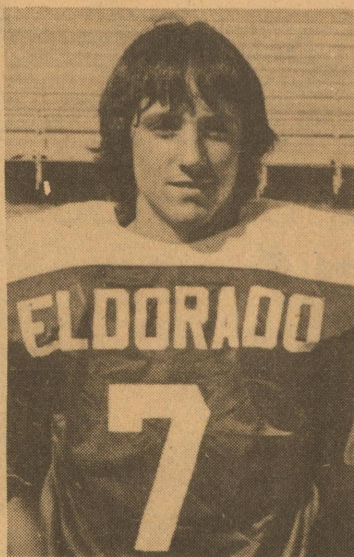

If preseason polls were always correct, everyone could call Wall the winner and go home. There would be no Saturday morning sprained ankles or black and blue marks.

Polls sometimes leave out "who wants to win the most" and "who can make the fewest mistakes".

Polls are fun. They give a team a good reason to "take you down a notch".

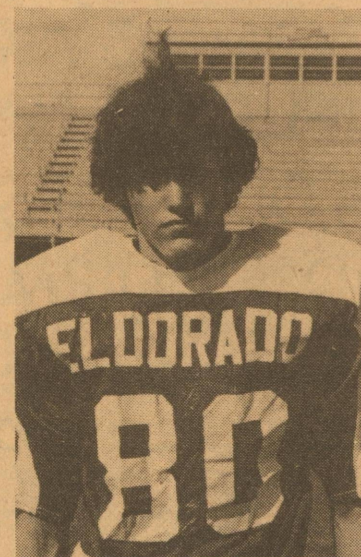

Let's get on with the season and see if the Eagles can't raise a stink in the "Poll-Cats" predictions!

year in district 6-A.

Doug Huckaby's Braves will be playing on their home field this year. There are 5 offensive and 7 defensive starting lettermen returning for Iraan.

The Braves finished third in district play last year with a 4-2 record.

OZONA

(Sept 16-here) The Eagles played one of their best games last year against the district 7-AA champs. The Ozona Lions marched to a 10-0 season record and lost only to Childress in the state quarterfinals last year.

If the Eagles aren't hurt by numerous injuries as they were last year, this will be a good "character builder" for the home team.

WINTERS

(Sept 23-there) The Blizzards

are predicted to finish last in district 6-AA. They will be a tough test for the Eagles with a massive offensive line that averages above 170 pounds.

With some aggressive defensive play, the Eagles could outmaneuver the Blizzards on their home field.

Don't be disappointed if the Eagles are 0-4 after the first four games. Coach Williamson has a lot of work to do with the team. And it always takes a little longer the first year at the top job.

However, if the Eagles play as aggressively as they did last year, then look for a 2-2 or possibly a 3-1 record after pre-district play.

If the Eagles get their confidence up early, Mason and Wall will have to look at Eldorado with a little more respect.

Next time you need a new stitch, you won't need a new machine.

See these little round knobs? They're called seam formers. Because each knob programs the Viking 6460 to form different types of stitches. All you have to do to change the stitches is change the seam former.

Right now Viking 6460 has a total capability of forty-four different stitches. And that's quite a few. But what happens when new fabrics are developed requiring new kinds of stitches? Simple. Viking makes a new seam former, you buy it for a few bucks, and you're set to sew. That means twenty-five years from now your Viking will be as up-to-date as it is today.

Season Outlook

from page 1

listed as a quarterback. But with John's size, number 5 may start from other positions.

Shannon Wilkerson (129, Sr) saw limited action last year. His light weight is no measure of his courage. He'll help the Eagles, too!

Coach Williamson plans to use as much experience as he can in the forward offensive wall. Phil Head (141, Sr) will hold down the center position. Phil was an outstanding blocker last year. And there's no reason to believe he won't do better this year.

Tackle Larry Fay (160, Sr) and Guard Robert Higdon (178, Sr) will again be up front opening holes for the backs.

Randy Walling (164, Sr) was very impressive last year. He should add strength to the offense as well as anchor the defense.

Ricky Short (142, Sr) will be a definite threat in the Eagle's passing game again this year; not to mention his blocking ability.

The Eagle roster is made up of 10 seniors, 6 juniors, and 9 sophomores. All will see action. And each one will have a chance to contribute to a successful season.

TIM TERRY

Tim Terry coach & scout

One of the integral parts of any football team is the scout, which is Coach Tim Terry's job.

Terry will be in his fourth year at Eldorado as coach and teacher.

He is a 1969 graduate of Johnson City High School where he participated in football, basketball and baseball. He graduated Angelo State University in 1973 where he majored in biology and chemistry.

Since beginning at Eldorado, he has been the

varsity basketball coach, junior high football coach and golf coach. He is now scouting for the varsity team.

He and his wife, Patsy, have a son, Mark. Terry is a member of the First Christian Church in Johnson City. At school, he is student council sponsor. He is also a member of the Eldorado Golf Club and Tennis Club.
