Dropped Tax Will Appear On September WTU Bills

The state's four per cent sales tax on utility bills for residential customers will be dropped after Oct. 1, but an overlap for billing periods beginning during the month of September will cause the tax to appear on all bills received during October and on some received in November.

Fred Foy, supervisor of statistics and state taxes for West Texas Utilities Co., said that instructions issued by the State Comptroller are specific on how the recently approved

tax exemptions are to be applied.

"A lot of people apparently think that October billings will not include the tax," Foy said, "but this is not the case."

"The law states that the exemptions shall apply to each regular monthly billing period beginning on or after Oct. 1. This means that if we bill a customer for service from any time prior to Oct. 1, the four per cent sales tax will be applied to the total bill."

Citing an example, Foy said that if a meter is read on Sept. 29, that particular customer will be taxed on the bill he received in October and also on the bill he receives in November, since his November bill is for service from Sept. 30-Oct. 29.

The tax exemption was enacted

during the special session of the Legislature this summer and applies to residential use of electricity and natural gas. Residential use is defined as "a family dwelling, a multi-family apartment, a housing complex, or building or portions of a building occupied as a home or residence."

The legislature provided a local option on the one per cent city sales tax on utilities, but most of the towns in the West Texas Utilities service area have indicated they will continue the tax. Foy said that so far, Junction is the only WTU town which has announced it would abolish the tax.

"Our company will continue to collect the tax for the cities that wish to keep it," Foy said.

Access Highway May Pass Through City

There is a possibility that a limited access highway could pass through Eldorado pending on a number of factors.

First of all, the House must approve a transportation bill passed

by the Senate recently. The bill must then be signed by President Carter. If it reaches this point, the Texas Department of Highways and Public Transportation will designate the route of the highway. The bill endorses the construction of a road that would extend Interstate 27 to intersect Interstate 10.

Several Eldorado residents went to a meeting concerning the possibility of the highway in Sonora last week. They were Eldorado mayor Pat Ragsdale, County judge elect Johnny Griffin, E.C. "Pete" Peters, Rusty Meador, Lynn Meador and Ed Meador. About 30 persons attended the meeting, representing Sonora, San Angelo, Del Rio and Eldorado.

A taskforce will be organized this week to list advantages of building the highway from San Angelo through Eldorado and Sonora to Del Rio. Lynn Meador, who will be on the taskforce, said some of the advantages are evident now. For example, he said, a route from San Angelo to Sonora would have the shorter access to Highway 10 which runs through Sonora, making it cheaper to build. In addition, he said the highway would increase trade here and tourism to and from Del Rio and Old Mexico.

Peters and Griffin will also serve on the taskforce.

Meador said that the House will take action on the bill within the next four or five weeks.

Fire School For Ranchers

The two remaining fire fighting sessions sponsored by the Eldorado Volunteer Firemen are especially for ranchers and farmers, emphasized fire chief Walter Powell.

This county has in the past been plagued with range fires, and these two sessions deal primarily with fighting them, he said.

The sessions are at 7:30 p.m. each Tuesday for the next two weeks in the Memorial Building.

H&R Block Will Open In Eldorado

George Booth, District Manager for the San Angelo district announced today the opening of an H&R Block income tax service in Eldorado beginning Sept. 22. Manager of the Eldorado franchise will be Mrs. Prissy Paxton.

Prissy has been with Block in the Sonora office until now. Her office will be at 12 W. Gillis and will offer a bookkeeping service in addition to the income tax preparation. Prissy is well versed in all phases of income tax from the simple short forms to the most complex business and farm returns, Booth said.

Prissy, her husband Ronnie and three children live on Rudd road. She can be reached for information, advice or assistance at 853-2280 when she is not in her office.

S. Security Visits Today

Garland Gregg, representative of the San Angelo Social Security Office, has scheduled his Sept. visit to Eldorado. He will be at the Fire Station today from 1-2:30 p.m.

Anyone who wants to file a claim for benefits, get information, or transact business with the Social Security Administration may contact

him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

People applying for social security numbers will need to submit two documents — one document to prove their age and citizenship and one document to prove their identity.

Found In Barn General Store Ledger Tells Of 'Good Old Days'

By NELL EDMISTON

Those were the good old days — the early 1900's, that is. Or at least you would think so if you looked at the prices in a ledger belonging to a hardware store in operation here during that time. It is a picture of the life and people living here in those days.

Found under a layer of dust in a barn on the Charles Kellogg place, it is from the long gone Barbee and Isaacs General Store and has accounts from 1906 to 1908. The people whose names appear in the ledger have since passed away, but many of their descendants still live here. Almost everyone in the town had an account with the store, probably because it handled a little bit of everything.

Not only are the customers gone, but so are the prices. In fact, they seem ridiculously low compared to prices asked today for the same

merchandise.

A dollar purchased many things. For example, a five gallon can of oil cost J.B. Christian one dollar. For an extra dollar, he got a box of 70 cartridges and for a third dollar he bought a pair of pliers. The sweep he bought the same day cost 75 cents.

J.F. Isaacs Jr. bought three hoes for a dollar, and Will Davis paid for a branding iron with a dollar bill.

A wheelbarrow cost E.R. Silliman \$3.25, and a whip cost Dr. G.L. Lewis 75 cents, a hammer cost Davis 35 cents and a piece of rope cost E.M. Barbee 15 cents.

There were more expensive items too.

Davis, a well known rancher here, bought a Daisy windmill for \$90, but the complete one Jule Ramsey bought cost \$263.

In August of 1906, C.L. Meador visited the store and walked out with a pitch fork, some tar, some nails,

two buckets, some oil, lumber and rivets, all for \$5.80. A clothes wringer was \$2.75 extra.

Probably to set up housekeeping, J.A. Whitten bought an oatmeal set for 50 cents, a syrup stand for 12 cents, a pickle dish for a dime, a fruit bowl for 60 cents, desert dishes for 30 cents and a tin cup, plate and canteen for 85 cents.

Some of the items found in the ledger reflect life was really not so easy. In the absence of automatic clothes dryers, clothesline sold for 12 cents and clothes pins for 10 cents. Not having a car, J.W. Alexander had to buy a top for his buggy for ten dollars. Without cotton polyester, what else could Mrs. H.W. Finley do but buy four yards of ducking for curtains for \$3.20. The later price was almost the only one in the three-inch thick book that compared to today's prices.

Without an automatic clothes washer, Mrs. J.E. Dayton paid \$7.50 for a washer and wringer. Mrs. Alexander and many others are on record as buying new pipes for their stoves and stove polish. The polish was only a dime, but the joints of pipe were slightly more. Three joints and a damper cost \$11.58.

Fishermen in those days, such as W.M. Bearce, paid 20 cents for two dozen fish hooks and 15 cents for fishing tackle.

One of the more unusual items sold was some dynamite powder O.C. Roberts bought for \$1.70.

The store also sold chicken feed, 20 pounds for 20 cents, as sold to Silliman.

Someone at the store sold butter for 25 cents, although the poundage was not shown in the books.

Located close to where the West Texas Utilities building is now, the store had a phone. It cost between 25 and 40 cents a call. Merchandise coming "by express" had a 25 cent handling charge with it.

The book is now on display in the Schleicher County Museum. It is a very interesting account of the people who lived here in "the good old days" of clothesline, buggies and pot bellied stoves.

Just Talking

By NELL EDMISTON

There are a lot of good things going for Eldorado. If you don't believe me, just ask some of the townspeople who have lived here most of their lives. They will tell you we have the best water, best climate, some of the best people with the best attitudes. There are not many other places where people help each other as much as they do here.

That's right. But Eldorado is growing rapidly and therefore, she is changing rapidly.

No longer do all the old timers know everyone they meet on the sidewalks. No longer is it safe to make a U turn in the middle of Main Street — there's too many cars coming. No longer can you afford to pause at the stop light. In fact, you may have to stop and wait a while. No longer can we say nothing happens here. There's plenty going on and if you're bored you just haven't looked in the right places.

That won't change the quality of the water or the climate. But there are a lot of things that might need to be changed.

Don't get me wrong. I love tradition and history and hate to give up anything that goes along with the "good old days". I don't want to change anything that works, and I don't think anyone else does either.

For so long, things did not change here, because the residents did not change. Now all of a sudden there are more and more people here who have lived somewhere else. They see things that could be added, changed or done away with for the good of the community. This is only natural — you'd do the same if you moved.

But it seems to many of us (and I hear this every day) that there are people here who do not want to change a single thing. They do not want to admit that Eldorado is anything but what it has been for the last 50 years.

Wake up, folks. All of us will suffer if we do not recognize the problems this town is faced with and do something about them. Up until now the stray dog and the trash dumping problems were tolerable, but now something has to be done about them. The elementary school is overcrowded and the jail has been condemned. There is congested traffic around the school at the beginning and the end of school hours. There are many ordinances passed by the city council concerning these problems, but they do not hold water because there is not a court that can enforce them.

These are only a few of the major problems and if we want anything done about them, the time is now. If the solutions are not found, it is every citizen in the town who will suffer — the new people, the old timers, all of us who live here now.

BEFORE THEIR TIME — Jeffrey and Renee Wicker peek at a ledger kept by their great-great-grandfather John F. Isaacs in the early 1900's here. The ledger shows an account for their other great-great-grand-

father, O.K. Enochs and an entry made by his son (their great-grandfather), J.A. Enochs, for carpenter's chalk. The Wicker children are the grandchildren of Mr. and Mrs. Ben Isaacs Jr. of Eldorado.

LEGAL NOTICE

Schleicher County I.S.D. will accept sealed bids on regular and no-lead gasoline for the 1978-79 school year. Bids must be in the Superintendent's office for specification. 9211c

PUBLIC NOTICE

The Texas Department of Water Resources will conduct a public hearing beginning at 10:00 a.m. — October 19, 1978, Conference Room, South Texas Development Council Building S-1, 600 South Sandman, Laredo International Airport, Laredo, Texas

1:30 p.m. — October 20, 1978, West Texas Council of Governments Conference Room, Mills Building, Suite 700, 303 North Oregon Street, El Paso, Texas.

In order to receive testimony concerning Volume II, Plan Summary Report, of the Water Quality Management Plan for the Rio Grande Basin. This document is the second of two volumes which comprise the Water Quality Management Plan for the Rio Grande Basin. Volume II, Plan Summary Report, presents the recommended plans for water quality management and the legal, financial, and institutional requirements of each plan. Also included in Volume II are descriptions of feasible alternatives, an environmental assessment, and a summary of the public participation activities conducted during the development of the plan. The Water Quality Management Plan for the Rio Grande Basin has been developed to satisfy the requirements of Section 26.036, Texas Water Code, as amended, and Section 208 of the Federal Regulations Parts 130 and 131 and the State of Texas Continuing Planning Process. The public hearing shall be conducted in compliance with Section 26.037, Texas Water Code, as amended.

The study area for this plan includes most of the Rio Grande Basin. This plan does not address the planning required in the Lower Rio Grande Valley designated Area-wide Planning Area; detailed planning within that area is being provided through the development of the Lower Rio Grande Valley Area-wide Waste Treatment Management Plan and will not be considered at this hearing.

Copies of the Volume II, Plan Summary Report, are available for public inspection. Review of Volume II, Plan Summary Report, at one of the following locations is encouraged due to the limited number of copies available for distribution: Texas Department of Water Resources Office, 1700 North Congress Avenue, Austin, Texas; Texas Department of Water Resources District 10 Office, 602 South Cedar Street, Pecos, Texas; Texas Department of Water Resources District II Office, 420 South Missouri Avenue, Weslaco, Texas; West Texas Council of Governments Office, The Mills Building, Suite 700, 303 N. Oregon Street, El Paso, Texas, and Bernard Johnson, Incorporated, 5050 Westheimer, Houston, Texas; El Paso Public Library, Administration Office, 501 N. Oregon, El Paso, Texas; Alpine Public Library, 203 N. 7th Street, Alpine, Texas.

The public is encouraged to attend the hearing and to present evidence and opinions concerning Volume II, Plan Summary Report. The Department would appreciate receiving a copy of all written testimony at least five (5) days before the hearing. Requests for individual copies of the Volume II, Plan Summary Report, questions about the report or the public hearing, and copies of written testimony should be addressed to Mr. Tommy Slaughter, Texas Department of Water Resources, P.O. Box 13087, Capitol Station, Austin, Texas 78711, or call (512) 475-3454. When requesting a copy or sending a query by mail, please include your complete return address and telephone number.

The date selected for this hearing is intended to comply with deadlines set by statute and regulation. Any publication or receipt of this notice less than thirty calendar days prior to the hearing date is due to the necessity of scheduling the hearing on the date selected. This public hearing may be continued in order to fully develop the evidence. Issued this 30th day of August, 1978.

Nursing Home News

Sonora.

Yours truly had a wonderful surprise Sunday when her dear friend, Mrs. George Spence of Ohio, and her husband, came by for a visit. She was Sarah Frances Bush, the daughter of the Mr. Bush who owned the Ford Co. Agency here a good many years ago. E.W. and I loved Sarah Frances so very much and I used to keep her with us at our store while her mother, Ruby, or "Beebie" as Sarah called her, was playing bridge or had to make a trip to San Angelo.

Bingo winners last week were: Bess Andrews, 2; Frank Reed, 1; Erna Rexroat, 1; Beaulah Harris, 2; Raefela Tambunga, 1; Elva

Daniels, 1; Zeral Holland, 1; Fannie Blaylock, 1.

On Friday they were: Beulah Harris, 1; Fannie Blaylock, 1; Raefela Tambunga, 2; Elva Daniels, 1; Erna Rexroat, 1; Mabel Wilkinson, 1 and LaVita Brooks, 1.

The angry race horse owner confronted his jockey in the paddock after the race, "When you saw that hole open up on the final turn," he demanded, "why didn't you ride him through?"

"Because," retorted the exasperated jockey, "the hole was going faster than we were."

Reporters,
LaVita Brooks and
Beaulah Harris

Seventh Graders Down Menard, 10-0

Bill Clark took the opening kickoff on his thirty five yard line and raced sixty five yards to score with only thirteen seconds run off the clock to lead the seventh grade to a 10-0 victory over the visiting Menard Yellowjackets in their season opener.

Clark also ran the two point conversion to give the Eagles the lead early, 8-0.

The Eagles kicked to Menard and they fumbled the ball with David Lucas recovering for the Eagles at the forty three yard line.

Clark smacked the Menard line for a nine yard gain and Sammy Santellano circled the end for fourteen yards and a first down for Eldorado. At this point the Eagles stopped themselves with a rash of penalties.

The young Eagles drove down to the Yellowjacket's four yard line in the second quarter but couldn't push it across.

Menard took over there on downs and two illegal

procedure penalties moved the ball back to the one yard line. Michael Phillips and Clark broke through to drop the Jackets quarterback in the end zone for a safety late in the second quarter to give Eldorado a 10-0 lead.

Eldorado took over on the Menard thirty six yard after the free kick and Santellano immediately hit Luke Brame with a thirty four yard pass down to the two yard line then Santellano leaped for one yard down to the one.

An illegal procedure against the Eagles moved the ball back to the six. Santellano picked up two yards and Phillips was held for no gain. The clock ran out with the Eagles on the four yard line.

The second half was all defense and the final score was 10-0, Eldorado.

Eldorado seventh grade will play host to the Junction seventh grade Thursday at 5:00 p.m.

FOOTBALL BALLET — Joel Robledo, 62, seems to be practicing ballet steps while teammate Curtis Griffin, 64, approaches the play during the Eldorado-Iraan game Friday night. The Braves stopped the Eagles 27-0. Eldorado will face Ozona there this week.

Eighth Grade Eagles Surprise Yellowjackets

The eighth grade Eagle team played head to head football with a strong team from Menard Thursday evening, coming out with a well deserved 12-6 victory in their season opener.

The Eagles took the opening kick off and returned it to their 39 yard line.

Gene Edmiston picked up three yards for the Eagles to the 42, then Danny Pina punched out three more tough yards to the 45. On the next play Pina raced to the Menard 33 yard for a 22 yard gain and a first down.

The tough Menard defense forced the Eagles into a punting situation, however they were flagged for roughing the kicker.

The Eagles weren't to be denied then and pounded in for a 6-0 lead with Pina going in from the two with 1:19 left in the first quarter. The PAT failed.

Menard set up their offense on the Eagles forty-four yard line after the kickoff. The Yellowjackets drove to the Eagles twenty two yard line but Ashley Niblett intercepted a Menard pass to stop the drive.

Eldorado was forced to punt on their series.

Menard took over on the Eagles thirty five and moved to the Eldorado fourteen yard line in five plays. Quarterback Cone McCain then hit Manuel Ramon with a fourteen yard pass and the touchdown with only thirty three seconds left in the first half to knot the score a 6-6. PAT failed.

Menard started a drive after the second half, but again it was stopped with an interception by Eagle Greg Garlitz at the forty one yard line.

Neither team could get an offense going in the second half and both teams showed good defensive efforts.

Menard stopped the Eagles only serious effort on their eight yard line with a pass interception.

From this point the Eagle defense went to work again forcing the Yellowjackets to a four and six situation. On fourth down the defense smothered McCain with a nine yard loss back to the three yard line.

Pina was called on again for the three yards and another TD to give the Eagles a 12-6 lead with only 1:05 left in the game. The PAT failed.

The eighth grade team will entertain the Junction team here Thursday afternoon at 6:00.

Bridge Members Win In Tourney

Eight members of the Eldorado Duplicate Bridge Club played a tournament at Big Lake Monday night. Coming home winners were Imogene Edmiston and Frankie Williams, second; Billie Porter and Ina Lambert, third and Helen Blakeway and Jack Bebee, fourth. Also attending were Candy Richards and Betty Kay Lacy.

Winners in local competition last week were Mary Christian and Winnie Helen Hilliard, first; Mrs. Edmiston and Margaret Frost, second; Winnie Coffee and Bain Andrews of San Angelo, third; Lottie Puckett and Fred Adkins of Sonora, fourth and Tom Peaslee of Sonora and Sarah Hall, fifth.

The club will have a tournament Sept. 28.

Menard Yellowjackets Sting Eldorado JV, 16-8

The Eldorado Eagle junior varsity was outscored by the Menard Yellowjackets 16-8 in their season opener.

The Eagles fumbled the kickoff and Menard recovered on the Eagle 35 yard line. From that point it took the Yellowjackets seven plays with Hector Gonzales scoring for first TD with 7:25 on the clock in first quarter. Gonzales also added the PAT to give Menard a 8-0 lead.

Menard made it 16-0 in their next series with a 34

yard bomb from Castleberry to Scott McHorse that carried to the Eagle one yard line. Gonzales went in to make it 14-0. A Castleberry to McHorse pass added the PAT to give the Yellowjackets a 16-0 score with 4:12 left in first quarter.

In third quarter play Eldorado came back with a ten play 72 yard drive with Benny Harris going in from the 3 yard line. Harris also added the PAT to narrow the Yellowjacket lead to

16-8 with 2:04 left in the third quarter.

Rick Griffith intercepted a Menard pass at the Eagles seven to stop the only serious drive the Yellowjackets managed in the fourth quarter. The Eagles drove out to their forty two yard line but time expired leaving the Menard Yellowjackets with a 16-8 victory.

The Eagles will meet the Junction Eagles here at 7:30 p.m. Thursday.

SCHLEICHER COUNTY LEADER

Couple Wed In Sonora

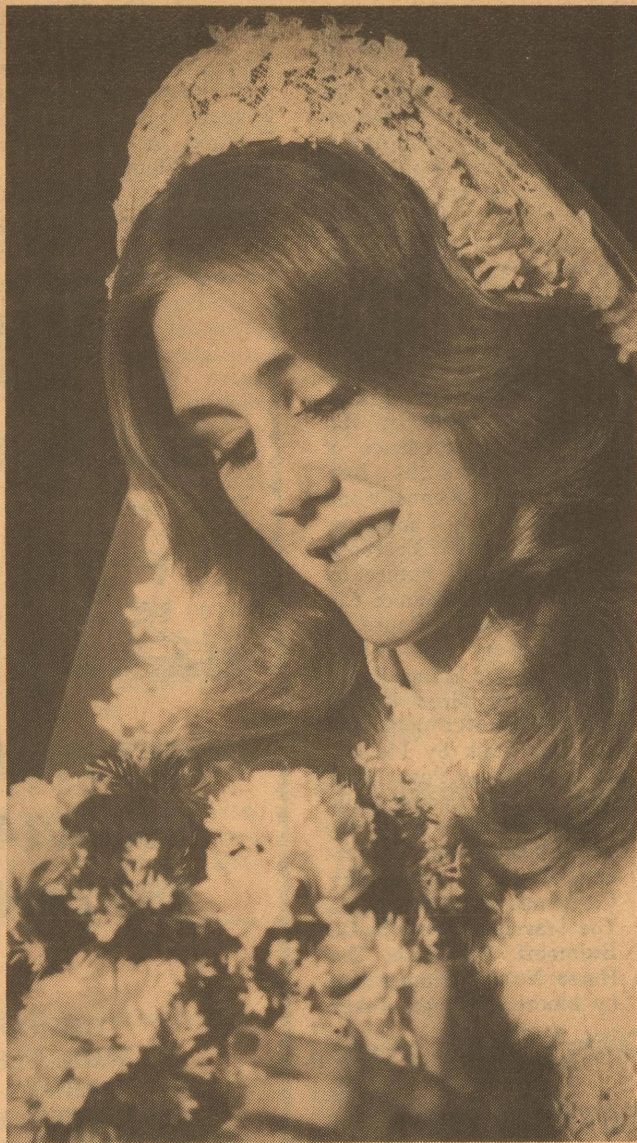

Miss Jane Wallace became the bride of Wayne Doyle during a ceremony in the First Methodist Church in Sonora Saturday. The Rev. Kenneth Vaughn of the First Baptist Church in Comanche officiated.

The bride is the daughter of Mr. and Mrs. George Wallace of Sonora, and the bridegroom is the son of Mr. and Mrs. K.G. Doyle of San Angelo.

Janice Grider of Sonora was maid of honor. Bridesmaids were the bridegroom's sister, Mrs. Joan Bishop of San Angelo, and Becky Cavaness, Lucy Morriss, Cody Gold and Mrs. Kim Whitehead, all of Sonora. Jodie Wallace, of Hereford, the bride's niece, was flower girl.

James Larry Davis of Channelview was best man. Groomsmen were Danny Jackson and Darrell Eastman of Lubbock, Jeff Doan of Sonora, Butch Sims of Mesquite and David Wallace of Dallas. Ushers were Bruce Kerbow of Sonora, Mike Sloan of Brownwood, Larry Kerr of San Angelo and Joe Wallace of Hereford, the bride's brother. Shawn Bishop, of San Angelo, the bridegroom's nephew, was ringbearer.

Escorted by her father, the bride wore a gown of pearl white chiffon accented with Venice Lace. It featured an empire silhouette bodice with beaded Venice lace, a V-shaped yoke of English net with comea embroidery, a wedding ring neckline, full bishop sleeves and chapel train. A profile cap of

MRS. WAYNE DOYLE
... Formerly Miss Jane Wallace

matching lace and pearls held the lace edged chapel length veil of illusion. She carried a bouquet of sweetheart roses and carnations surrounded by baby's

breath.

Sterling Allen of Denton, soloist and John Tedford of Sonora, organist, provided wedding music. Rice bag girls were Lori and Lesli Webster of Sonora.

A reception in the church fellowship hall followed the ceremony.

The bridegroom's parents hosted a rehearsal supper at Sutton County Steak House.

After a wedding trip to Canada, the couple will live in Sonora.

The bride is a graduate of Sonora High School and attended Angelo State University. He is manager of the Sonora Agency.

Home Front News

Visiting in the Orland Harris home over the weekend were Mr. and Mrs. Jackie Harris and daughter of El Paso, Mr. and Mrs. Jimmy Trimble of Junction, Beulah Harris of Eldorado and Arlene Payne, Kim and Mark of San Angelo.

Mr. and Mrs. Sam Henderson, Mr. and Mrs. Sambo Henderson, Shane

Booster Club Is Planning BBQ Supper

Plans were made for a barbecue and ice cream freeze-off during the Monday night meeting of the Booster Club. No date has been set for the event.

The club is still selling memberships, which are \$2 each.

Members also viewed the game films.

Elliott and Marcy Collins were in Colorado recently on a muzzle load elk hunting trip. Sambo shot a nine point elk, and Sam shot a spike.

Mr. and Mrs. Lester Dahlberg and boys were in San Angelo visiting with her father and mother, Mr. and Mrs. Otto Schwartz. Mr. Schwartz is in Shannon West Texas Memorial Hospital after suffering a heart attack at his home Saturday. He is in the intensive care unit of the hospital.

Robert Robinson and family of Earth and Mr. and Mrs. Glen Robinson of Levelland visited Mrs. Nellie McKee Sunday. They are her nephews.

Mr. and Mrs. P.S. Dudley returned home last week after visiting relatives in Dallas. They also attended a banquet in Dallas for retirees of Sun Oil Company. There were 79 attending.

Older Adults Must Make Adjustments For Aging

Accept limitations brought on by older age and adjust to these limitations for happy and full retirement years, advises a family life education specialist.

Growing older imposes some limitations on physical and mental abilities, Vivian Blair explains.

"An individual cannot alter their personal expectations until this admission is made.

"After this fact is accepted then an older adult can change from tennis to bowling or give up certain yard work," the specialist says.

Mrs. Blair is with the Texas Agricultural Extension Service, The Texas A&M University System.

Not only older adults, but every stage of human life requires adjusting.

For example, the very young child has to adjust to attending school.

A teen-ager has special problems he did not have before his teen years.

The young adult must adjust to new responsibilities of work and perhaps marriage.

Everyone has adjustments to make. Each individual must make these adjustments personally and no one else can do this for him, Mrs. Blair adds.

Top Tennis Players Named

Buff Whitten was the high tennis player in men's competition during the Tennis Club competition Monday night.

Top woman player was Chris McCravey.

The club meets each Tuesday night.

John Hill is attacking State Budget waste . . .

"I've already started my search for waste in the state budget. I want to be ready to tackle overspending the minute I take office as Governor in January. My budget office already is paring down big state agency budget requests, to keep spending within available revenues. We'll have to live within our means, because I'll veto any new taxes."

. . . because he knows our taxpayers need relief from inflation.

AVISO PUBLICO

UN RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION ELECCION GENERAL 7 DE NOVIEMBRE DE 1978

LA ENMIENDA PARA ALIVIO DE IMPUESTOS (H.J.R. 1)

H.J.R. 1 propone una enmienda a la constitucion de Texas permitiendo a la legislatura que exente propiedad personal intangible; requiriendo que la legislatura exente ciertos articulos caseros y efectos particulares; y permitiendo a la legislatura que exente todo o parte de la propiedad personal del hogar seguro, de la imposicion de impuestos estatales y locales sobre propiedad.

La enmienda requiere a la legislatura que disponga la imposicion de impuestos sobre tierras agricolas y rancheras basada en su capacidad productiva en vez de su valor de mercado y permite a la legislatura que disponga la imposicion de impuestos a bosques de madera basada en su capacidad productiva.

La enmienda permite a los gobiernos locales que extiendan la exencion actual de no menos de \$3,000 del hogar seguro residencial para personas de 65 años o más de edad para incluir ciertas personas incapacitadas.

La enmienda concede una exencion de \$5,000 en el valor de mercado del hogar seguro residencial de los impuestos para escuelas publicas sobre propiedad. Autoriza a la legislatura que conceda una exencion adicional de los impuestos para escuelas publicas sobre propiedad de una cantidad que no exceda \$10,000 del valor de mercado de hogares seguros residenciales de personas 65 años o más de edad y ciertas personas incapacitadas. Si la persona de 65 años o más de edad es elegible para esta exencion la cantidad total de los impuestos para escuelas publicas sobre el hogar seguro de aquella persona no puede incrementarse.

La enmienda previene que gobiernos locales incrementen los impuestos sobre propiedad a menos que el cuerpo administrativo provea aviso publico y lleve a cabo una audiencia publica. La enmienda requiere a la legislatura que disponga por ley que cada propietario reciba aviso de la revaluacion de su propiedad y la cantidad de incremento en sus impuestos.

La enmienda limita las apropiaciones de los ingresos de impuestos estatales en una cantidad que no exceda la tasa de crecimiento económico estatal que se anticipa, con la legislatura autorizada para conceder exenciones de emergencia.

La enmienda prohíbe la valuación de propiedad inmueble a través del estado para los fines de impuestos sobre propiedad. Se requiere que la ejecución de

normas y procedimientos uniformes para la valuación de propiedad con el propósito de impuestos sobre propiedad, se origine con la autoridad que impone los impuestos sobre propiedad.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional, disponiendo alivio de impuestos para hogares seguros residenciales, personas mayores de edad, personas incapacitadas, y tierras agricolas; extensiones de bienes muebles; la verdad en procedimientos tocante a la imposición de impuestos, incluyendo participación de ciudadanos; de nuevo definiendo la base de impuestos; limitando los gastos del estado; y la administración de impuestos sobre propiedad."

NO. 1 (S.J.R. 50)

S.J.R. 50 propone una enmienda a la constitucion de Texas para eliminar la referencia arcaica al "Instituto de Sordos y Mudos." La enmienda permitiría al estado de Texas que compre productos y servicios de individuos incapacitados en facilidades de rehabilitación no lucrativas sin cumplir con los requisitos de oferta que se aplican a otros contratos estatales. La enmienda también eliminaría la formalidad de la aprobación de ciertos contratos estatales por el Gobernador, el Secretario de Estado, y el Contralor de Cuentas Públicas.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional eliminando la referencia arcaica al "Instituto de Sordos y Mudos," permitiendo que ciertos productos y servicios de personas incapacitadas sean usados por agencias y departamentos del gobierno del estado, requiriendo que otros productos y servicios requeridos en la operación del gobierno del estado sean obtenidos por ofertas concedidas al postor responsable que ofrezca el precio más bajo, haciendo que todos los procesos de procuración sean sujetos a las leyes establecidas por la legislatura y eliminando el requisito que el Gobernador de Texas, el Secretario de Estado, y el Contralor de Cuentas Públicas de Texas participen personalmente en tales negociaciones."

NO. 2 (S.J.R. 55)

S.J.R. 55 propone una enmienda a la constitucion de Texas para permitir que gobiernos locales emi-

ONE YEAR AGO,
Sept. 23, 1977 — Rev. Joe Pfluger went on the job as temporary pastor of the First Christian Church.

Coming up was the Range Tour and field day at the Jimmy Powell Ranch near Fort McKavett. Gov. Dolph Briscoe was to be the main speaker.

Miss Marsha Kothmann became the bride of Dale Harrell in a wedding ceremony held in the rodeo arena south of town.

FIVE YEARS AGO
Sept. 20, 1973 — Robby Waldron, son of Mr. and Mrs. Ralph Waldron of Eldorado, was named vice president and trust officer of River Oaks Bank and Trust Company in Houston.

Mrs. Elnora Love was released from the hospital.

The Fisher Brothers Circus was coming here Oct. 8th to give two performances, under sponsorship of the Eldorado Lions Club.

The Woman's Club set their first meeting of the fall with Mrs. Edwin Jackson as president.

In a ceremony in Odessa, Miss Barbara Jane Amstead became the bride of Mickey Ray Pennington.

Priscilla Holsey and Louann Nixon were reported attending Lubbock Christian College.

12 YEARS AGO
Sept. 22, 1966 — The FBF Class of the Methodist Church was sponsoring a young people's trip to Dallas to see the SMU-Navy game. About 64 were to attend.

Cheerleaders pictured

were Nancy Kay Jurecek, Billie Gayle Blaylock, Carolyn Wilson, Chris Edmiston, and Randy Yates.

The State Democratic Convention was underway in Austin. Those attending from this county were Mr. and Mrs. Dick Preston and Mr. and Mrs. Gerald Hart-graves.

County Commissioners Court set a \$1.35 tax rate.

The Eagle football team lost to Crane 21-7 and were host to Robert Lee.

The Parent-Teacher association set their first fall meeting with Mrs. Bob Sykes as president. Mrs. Bill Maness was vice president.

A gift tea was set for Joan Griffin, bride elect of Guy Wesley Martin.

35 YEARS AGO
Sept. 24, 1943 — Coach Sutherland's Eagle team defeated Sonora 34 to 0.

Mr. and Mrs. Jerry Pennington went to San Angelo to the funeral of his brother-in-law, Charles L. Hodges, 42.

Major Dave Williamson visited here and spoke at a meeting of the Lions Club. He was a former school superintendent, here.

Operating out of San Angelo, Army trucks were to canvass this county for scrap iron.

Miss Rosalyn Jones left for Denton to enroll in TSCW for the new school term.

Pvt. Jack Hext was transferred from Sheppard base near Wichita Falls to Sioux City, S.D.

"Hello Frisco Hello", "Boots and Saddles", "A Stranger In Town", and "Assignment In Brittany", were movies being shown at the Lone Star Theater.

Daughters were born to the Barney Jeffersons and Jerry Crouches.

THERE'S SOMETHING FOR EVERYONE IN THE CLASSIFIED ADS

tan bonos para la reconstrucción o adquisición de facilidades (terrenos, equipos y mejoras) con la intención de desarrollar oportunidades de empleo. Estos bonos se pagarán solamente de los ingresos de la venta o arriendo de éstas facilidades. Gobierno local debe determinar que la construcción o adquisición de tales facilidades es necesaria para desarrollar oportunidades de empleo.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para disponer que la legislatura puede permitir que las subdivisiones políticas emitan bonos de ingresos, para desarrollar oportunidades de empleo para sus ciudadanos."

NO. 6 (S.J.R. 45)

S.J.R. 45 propone una enmienda a la constitucion de Texas para permitir que la legislatura aumente el número de jueces en cualquier corte de apelaciones civiles. Al presente, cortes de apelaciones civiles están limitadas a un juez presidente y dos jueces asociados. La enmienda también permitiría a las cortes que sesionen por secciones, con la concurrencia de una mayoría de los jueces en la sección siendo necesaria para decidir una causa.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional permitiendo que la legislatura aumente el número de jueces en cualquier Corte de Apelaciones Civiles, permitiendo que Cortes de Apelaciones Civiles sesionen por secciones, y requiriendo la concurrencia de una mayoría de jueces para decidir una causa."

NO. 7 (S.J.R. 48)

S.J.R. 48 propone una enmienda a la constitucion de Texas eliminando la Comisión de Edificios del Estado y el Fondo de Edificios del Estado. La autoridad de la Comisión de Edificios del Estado ha sido trasladada por ley a la Junta de Control del Estado.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para abrogar la autoridad constitucional de la Comisión de Edificios del Estado y el Fondo de Edificios del Estado."

NO. 8 (H.J.R. 42)

H.J.R. 42 propone una enmienda a la constitucion de Texas permitiendo que ciertas subdivisiones políticas o distritos del estado que al presente pueden emitir bonos u otras deudas o de otra manera prestar su crédito participen en actividades contra incendios y que emitan bonos o de otra manera presten crédito para tales propósitos.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional autorizando que ciertos distritos participen en actividades contra incendios y emitan bonos o de otra manera presten crédito para tales propósitos."

NO. 5 (H.J.R. 37)

H.J.R. 37 propone una enmienda a la constitucion de Texas para conceder competencia exclusiva a jueces de paz en causas civiles cuando la cantidad en controversia no excede \$200, a menos que la legislatura conceda competencia exclusiva a otra corte. La enmienda concede a jueces de paz competencia concurrente con cortes de condado cuando la cantidad en controversia sea entre \$200 y \$500, a menos que la legislatura conceda a la corte de condado competencia exclusiva.

La enmienda también concede a jueces de paz

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION NOV. 7, 1978

"The Tax Relief Amendment" (H.J.R. 1)

H.J.R. 1 proposes an amendment to the Texas Constitution allowing the legislature to exempt intangible personal property, requiring the legislature to exempt certain household goods and personal effects, and allowing the legislature to exempt all or part of the personal property homestead from state and local property taxation.

The amendment requires the legislature to provide for the taxation of farm and ranch land on the basis of its productive capacity instead of its market value and allows the legislature to provide for the taxation of timber land on its productive capacity.

The amendment permits local governments to extend the present exemption of not less than \$3,000 of the residence homestead of persons 65 and older to include certain disabled persons.

The amendment grants an exemption from public school property taxes of \$5,000 of the market value of the residence homestead. It authorizes the legislature to grant an additional exemption from public school property taxes of an amount not to exceed \$10,000 of the market value of the residence homesteads of persons 65 years of age or older and certain disabled persons. If a person 65 years of age or older qualifies for this exemption, the total amount of public school taxes imposed on that person's homestead may not be increased.

The amendment prevents local governments from increasing property taxes unless the governing body provides public notice and conducts a public hearing. The amendment requires the legislature to provide by law for each property owner to receive notice of the revaluation of his property and the amount taxes will be increased.

The amendment limits appropriations from state tax revenue to an amount not to exceed Texas' estimated economic growth rate, with the legislature authorized to make exceptions for emergencies.

The amendment prohibits the statewide appraisal of real property for property tax purposes. Enforcement of uniform standards and procedures for appraisal of property for property tax purposes is required to originate in the taxing authority where the property tax is imposed.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment providing for tax relief for residential homesteads, elderly persons, disabled persons, and agricultural land; for personal property exemptions; for truth in taxation procedures, including citizen involvement; for a redefinition of the tax base; for limitations on state spending; and for property tax administration."

NUMBER ONE (S.J.R. 50)

S.J.R. 50 proposes an amendment to the Texas Constitution to delete an archaic reference to the "Deaf and Dumb Asylum." The amendment would allow the State of Texas to purchase products and services done by handicapped individuals in nonprofit rehabilitation facilities without complying with bid requirements applicable to other state contracts. The amendment also would eliminate the formality of the approval of certain state contracts by the Governor, the Secretary of State and the Comptroller of Public Accounts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment deleting the archaic reference to the "Deaf and Dumb Asylum," allowing certain products and services of handicapped individuals to be used by agencies and departments of state government, requiring the procurement of other products and services required in the operation of state government to be made under bids awarded to the lowest responsible bidder, making all such procurement processes subject to laws enacted by the legislature, and eliminating the requirements that the Governor, the Secretary of State, and the Comptroller of Public Accounts of Texas be personally involved with such transactions."

NUMBER TWO (S.J.R. 55)

S.J.R. 55 proposes an amendment to the Texas Constitution to permit local governments to issue bonds for the reconstruction or acquisition of facilities (land, equipment and improvements) designed to develop employment opportunities. These

bonds would be payable solely from the revenue from the sale or lease of these facilities. The building or acquisition of such facilities must be determined by the local government to be necessary to develop employment opportunities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide that the legislature may permit political subdivisions to issue revenue bonds to develop employment opportunities for its citizens."

NUMBER THREE (S.J.R. 44)

S.J.R. 44 proposes an amendment to the Texas Constitution which would allow the legislature to authorize cities and towns to issue tax increment bonds to finance the redevelopment of blighted areas. The bonds are to be paid solely from revenue from municipal tax increments. Payment cannot be made from the revenue of municipal taxes, utilities, or other services.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to give the legislature the power to authorize cities and towns to issue bonds to finance the redevelopment of blighted areas and prohibiting any city or town from granting its money or lending its credit for such purposes."

NUMBER FOUR (S.J.R. 53)

S.J.R. 53 proposes an amendment to the Texas Constitution to allow the legislature to exempt from taxation solar or wind-powered energy devices.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from taxation solar and wind-powered energy devices."

NUMBER FIVE (H.J.R. 37)

H.J.R. 37 proposes an amendment to the Texas Constitution to grant exclusive jurisdiction to justices of the peace in civil cases where the amount in controversy does not exceed \$200, except where the legislature gives exclusive jurisdiction to another court.

The amendment grants justices of the peace concurrent jurisdiction with county courts where the amount in controversy is between \$200 and \$500, except where the legislature gives the county court exclusive jurisdiction.

The amendment also grants justices of the peace concurrent jurisdiction

tion with both county and district courts where the amount in controversy is between \$500 and \$1,000, except where the legislature gives the county or district court exclusive jurisdiction.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the jurisdiction of justices of the peace in civil cases."

NUMBER SIX (S.J.R. 45)

S.J.R. 45 proposes an amendment to the Texas Constitution to allow the legislature to expand the number of judges on any court of civil appeals. Presently courts of civil appeals are limited to a chief justice and two associate justices. The amendment also would allow the courts to sit in sections, with the concurrence of a majority of the judges sitting in the section necessary to decide a case.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment permitting the legislature to increase the number of justices on a court of civil appeals, permitting a court of civil appeals to sit in sections, and requiring a concurrence of a majority of justices to decide a case."

NUMBER SEVEN (S.J.R. 48)

S.J.R. 48 proposes an amendment to the Texas Constitution eliminating the State Building Commission and the State Building Fund. The authority of the State Building Commission has been transferred by law to the State Board of Control.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to repeal the constitutional authority for the State Building Commission and the State Building Fund."

NUMBER EIGHT (H.J.R. 42)

H.J.R. 42 proposes an amendment to the Texas Constitution allowing certain political subdivisions or districts in the state that can presently issue bonds or otherwise lend their credit to engage in fire-fighting activities and to issue bonds or otherwise lend their credit to support such activities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendments authorizing certain districts to engage in fire-fighting activities and to issue bonds or to issue bonds or to issue bonds or otherwise lend their credit for fire-fighting purposes."

CHRISTOVAL ★ News and Views

'View Point'

How do you feel about our present telephone toll charge into San Angelo while Knickerbocker and Miles call toll free?

Toni Kemp — I call San Angelo quite often and I don't believe it's fair. It's also out of order a lot.

Nita Boone — If the others can call toll free, why can't we?

Ruth Anne Callihan — It should be equal, just like anything. It's unfair.

Gilbert Aguirre — I feel that if they can call toll free we should too.

Jane Daugherty — I think it's unfair and unjust, because we do so much business in San Angelo and this is an extra charge.

SHORT NOTES

Madenia Wilkinson is in Shannon hospital recovering from a heart attack.

Lester and Ann Rogers are in Oklahoma where they attended the funeral of Ann's sister, Roamona.

The football grandstand has been lengthened this year thanks to Coach Miller, Chuck Hays, Billy Sawyer and many other interested boosters of the Christoval Cougars.

Susie Riojas had a birthday party at Golden Years Nursing Home, where she is an aide last week.

Volunteer ambulance attendants, Gary Coates and Gilbert Aguirre, transported a Loop player to Shannon Hospital during Friday's game.

The Drill Team has all new uniforms and looked sharp during half time ceremonies Friday night.

PRETTY GIRLS AND NEW UNIFORMS — The Christoval Cougarets are sporting new uniforms this year. The uniforms will no doubt give the girls a lot more spirit themselves, while leading the cheering section for the Cougars.

Did You Hear Cougars Roar? Loop Did! 58-38

The Loop Longhorns heard the mighty roar of the Christoval Cougars in Christoval Friday night when the Cougars ran away with a big 58-38 victory over the visiting team.

Coach Jerry Miller's Cougars racked up 20 big points in the first stanza of play with Danny Duke scoring on runs of 34 and five yards and Cary Tomerlin adding a three yard plunge in the first 12 minutes. Pete Morado added a PAT to round out first quarter scoring while the defense was holding Loop off the scoreboard.

The Longhorns got on the scoreboard in the second quarter with two touchdowns from Bert Gibson scooting in from 20 yards out and Darren Ancinec adding a 31 yard jaunt to paydirt. Fernie Garza added the PAT to give the Longhorns 14 points.

But the Cougars kept with the roar to stack 16 more points on the scoreboard. Roy Fava slipped in from the six with Morado adding his second PAT of the night. Fava had another

20 yard dash to paydirt and Morado again tacked on the PAT to give the 2-B District Defending Champions a 36-14 lead at halftime.

Duke was off to the races again in the third quarter with a 65 yard TD blast followed by Frank Arango, who added another TD with a 27 yard pass interception. Morado and Henry Begil added the PATs.

Loop's Gibson flashed two more five yard TDs in the third quarter with Garza converting the PATs after each score.

Arango took a 37 yard touch down bomb from his

quarterback in the fourth quarter to round out the scoring for the roaring Cougars.

Longhorn Gibson just didn't want to quit for the night so he gored out another 16 yard tally and Garza kicked the PAT to round out the final scoring with the Cougars on top 58-38 at the final buzzer.

Christoval will have an open date Friday then travels to Ira Sept. 29 for another gridiron battle.

Nursing Home News

Mrs. Swart attended the El Concho Study Club in the Billy Sawyer home at Knickerbocker Monday.

Evelyn and Lola Mae Brown were hosts at a watermelon party held at their home on Toe Nail Trail Tuesday. About 15 persons attended.

Billie Louise Sawyer assisted with the art and

craft classes Wednesday. Rug yarn dolls were assembled.

Maude Gaston took Lois Stewart, Ann Passow and Stella King to San Angelo for a shopping trip.

Friday bingo winners were: Group 1 — Mrs. McShan and Lois Stewart; Group 2 — Opal Joiner and Ann Passow.

Recipe Roundup

by Liz Clark

SUMMER PEAR PIE

Pastry for 9 inch 2-crust pie
1/2 cup sugar
1/2 cup brown sugar, packed
3 tablespoons flour
1/2 teaspoon nutmeg
1/2 teaspoon cinnamon
1/8 teaspoon salt
6 cups sliced pears
2 teaspoons lemon juice
2 teaspoons grated lemon peel
1 tablespoon margarine or butter

Prepare pastry. Roll out half of it and line 9-inch pie plate. Start oven at hot (425 degrees).

Combine sugars, flour, spices and salt. Mix. Sprinkle over pears in bowl. Toss lightly to cover pears. Pour into pastry lined pan. Sprinkle with lemon juice and grated peel.

Add dabs of butter or margarine. Roll out other pastry, gash with decorative slits. Place over pie.

Trim and seal. Flute or crimp edges.

Bake: 40-45 minutes or until lightly brown. Serve warm. Makes 6 servings. A mild cheese makes a fine accompaniment.

SAUERKRAUT

A two gallon crock holds about 15 pounds of Kraut. Choose sound, mature heads of cabbage. 'use';

1 lb. pickling salt for 40 lbs. of cabbage or 2 teaspoons salt for 1 lb. cabbage.

Remove outside leaves, quarter heads and cut out cores. Slice cabbage fine into 1/16 inch shreds and mix with salt. Pack firmly in stone crocks to within 2 inches of top. Cover with clean cloth and a plate. Place a weight on the plate

heavy enough to make the brine come to the cover and wet the cloth. When fermentation begins remove the scum daily and place a clean cloth over the cabbage.

Best temperature for quality Kraut is below 60 degrees for about one month.

When fermentation has ceased, heat kraut 180 degrees, pack in hot jars, add sufficient juice or weak brine, 2 tablespoons salt in one quart water for one quart.

Process in boiling water bath, 25 minutes for pints, 30 minutes for quarts.

Do not make in the sign of Virgo. When the moon is new is the best time to make kraut, pickle beans, corn and green tomatoes.

Stretch your energy dollars—Install an energy-efficient electric heat pump

A heating system that's more than 200% efficient may seem like something out of the future. But it isn't. It's yours today, with the electric heat pump. Because when correctly installed in a properly insulated home, the heat pump produces two units of heat for each single unit of electricity it uses. It transfers heat that's always present in sun-warmed outside air into your home during the winter. And reverses the process, pumping heat outdoors during the summer.

If you have plans to buy, build, or remodel, or are looking for a new heating and cooling system for your home, call a local FACTORY CERTIFIED heat pump dealer or talk with WTU. We will arrange for a WTU heating and cooling specialist to contact you. Learn more about the easy-to-install, economical electric heat pump — your most energy-efficient heating and cooling system buy.

1979 Oldsmobile Toronado

Diesel Engine Joins Oldsmobile

The new 4.3-litre (260-cubic-inch) V-8 diesel engine joins the 1979 Oldsmobile engine lineup and the 5.7-litre (350-cubic-inch) diesel introduced last year. This new engine makes diesel power available on 19 of the division's 26 models.

The 4.3-litre diesel, like its predecessor, has a pre-combustion chamber added to minimize emissions, noise and smoke. Inside each pre-chamber there is an electric glow plug to assist starting the engine.

On the diesel engines a fuel injection pump controls injection by timing and metering the amount of fuel delivered to each cylinder. The pump performs for the diesel essentially the same

functions as the distributor and carburetor in a gasoline engine.

A remote air cleaner tuning chamber has been added to reduce intake noise. The plastic resonator mounts on the side of the engine and connects to the air cleaner by a flexible hose. Added body insulation on the front of the dash keeps the passenger compartment quiet.

The GM diesel engines meet current emission standards without a catalytic converter or EGR (exhaust gas recirculation) valve because emissions are controlled within the diesel combustion process itself. A PVC (positive crankcase ventilation) valve is the only emission device

on the Oldsmobile diesel cars.

During the 1979 model year, Oldsmobile will equip the 4.3-litre diesel engine with the fast-start system. This diesel innovation nearly eliminates the wait/start time. At zero degrees Fahrenheit it takes approximately six seconds for warmup.

The new 4.3-litre diesel is available with an automatic transmission or a five-speed synchromesh transmission. Estimated Environmental Protection Agency fuel economy figures show mileage with the automatic is 24 miles per gallon on the city schedule and 32 miles per gallon on the highway and with the five-speed synchromesh,

economy is expected to be 25 miles per gallon city and 36 miles per gallon highway.

EPA mileage figures for the 5.7-litre diesel are 21 miles per gallon city and 29 miles per gallon highway for the 1979 88 and 98 coupes and sedans and 20 miles per gallon city and 28 miles per gallon highway for the Custom Cruiser. The larger diesel engine is available only with an automatic transmission.

EPA mileage figures show economy for the 5.7-litre diesel engine in the Cutlass Cruiser at 22 miles per gallon city and 29 highway and in the Toronado at 21 miles per gallon city and 29 highway.

Eagles Regrouping After Loss

The Eldorado Eagles may have lost the battle but they fought one heck of a war before they fell to the Iran Braves Friday night 27-0. They were out weighed, out manned, and had less experience on the line. They suffered three injuries on the field and they still didn't quit fighting until that final buzzer.

The Eagles played even-up with the big Iran team for twenty three minutes and thirty nine seconds before quarterback Johnny Rosales hit John Sconiers in the end zone for an 18 yard touchdown with only twenty one seconds left in first half of play. The PAT was good and the Braves took a 7-0 lead to the dressing room at half time.

In the third quarter Iran scored again with Sammy Castaneda going around the end for 21 yards and the TD with 9:01 left in the quarter. PAT

was good and the Braves led 14-0.

The Rosales to Sconiers combination clicked again for the Braves on a 16 yard pass to pay dirt with 3:04 remaining in the game. The PAT was good giving the Braves a 21-0 lead at that point.

With 1:25 remaining in the game Mike Hill picked an Eagle fumble from the air and raced 39 yards for another Iran TD. The PAT was no good and the Braves held their 27-0 victory.

Late in the second quarter a Randy Morrison to Mickey Nixon pass brought the crowd to their feet as an apparent touchdown was ruled no good by officials who were thirty yards from the play saying he was over the line.

The battered Eagles will regroup again Friday night for another gridiron encounter with the Ozona

Lions in Ozona at 8 p.m. The Lions lost to a talented Junction Eagle team last Friday night, 22-7.

Sam Whitten will not be seeing action for about two weeks due to pulled ligaments suffered in last Friday night's game, according to Coach Jimmy Marshall.

Dance Club Sets Meet

Swing your partners or clap your hands. Come and watch the square dance demonstration at the Memorial Building at 8 p.m. Monday.

The Square Dance Club will be organized at this time. Lee Roy Marsden is the caller.

SA Club Visits Ranch

The Bois d' Arc Ranch, the San Angelo Saddle Club and beautiful weather combined to create a lovely afternoon this past Sunday. The saddle club was enjoying its second trip to the Christoval ranch since 1971.

Camp was set up under huge spreading oak trees and the aroma of campfire filled the air. Gathered around camp were twenty seven riders who were relaxing after making a six mile ride on the ranch.

Sonny Bailey, trail boss, said the oldest member to make the ride was seventy six year old John Cook and the youngest rider was fourteen month old Michael Buck. Young Michael handles his own mount.

Everyone had a job to perform, but the most interesting duty was that of Justice of the Peace Charley Long, law west of Chimney Rock, who says his main function is to pass out speeding tickets on horseback.

According to Alford

James Parker New Principal

James Parker, son of Mrs. Earl Parker and the late Mr. Parker, has been named new principal of the Plano Independent School District's Aldridge Elementary School, in the Canyon Creek area of Richardson.

Parker holds a bachelor of science degree in education and English from East Texas State University where he later received a master's degree in personnel and guidance.

He has taught in Plano where he was a sixth grade teacher and counselor and at Mesquite. He has been a teacher and counselor in the district for the past five years.

Mrs. Bassinger Hosts Meeting

Mrs. Leslie Bassinger was hostess last week for the 42 Club in her home.

Present were Annie Speck, Etta Ruth Dannheim, Rose Brannan, Lillian Mikeska, Allie Cheatham, Jake Spencer, Virginia Griffin, Zelma Henderson, Mildred Stanford, Lois Ethredge and Bessie Doyle.

Stewart, president, the San Angelo Saddle Club was organized in 1964 by six families. It now has sixty family members. He said the club tries to attend every parade they are invited to and have travelled as far as Fort Worth and San Antonio. They have won awards all over the state.

Bailey says the trail rides will have to be halted soon due to the upcoming hunting seasons.

Debra Killebrew Wed Aug. 25

Miss Debra Sharmaine Killebrew became the bride of Calvin Lyn Stewart of Sweetwater Aug. 25 in the home of the bride's parents.

The Rev. Gene Stark officiated.

The bride is the daughter of Mr. and Mrs. Hugh Killebrew, and the bridegroom is the son of Mr. and Mrs. Calvin Stewart of Sweetwater.

The couple will live in Sweetwater where she will be employed at the nursing home and attend school. He is employed by a construction company in Sweetwater.

Menard Agent Receives Honor

Mrs. Jean K. Wright of Menard, Menard County Extension agent-home economics, will receive the Distinguished Service Award for 1978 — the highest honor given by the National Association of Extension Home Economists.

One of four Texas County Extension agents chosen for the honor, Mrs. Wright will receive the award during the national association's annual meeting Oct. 16-19, in Omaha, Neb., for her work in establishing the Menard Community Center.

According to Mrs. Sydney E. Hall of Canyon, awards committee chairman for the Texas Association of Extension Home Economists which nominated the agent, the award recognizes "her special ability to coordinate, lead and educate — in 4-H, youth and adult Extension programs."

Through the agent's leadership, an in-depth program to benefit older

adults in Menard County has resulted in the development and establishment of a Community Center for Senior Citizens that served more than 5,000 persons in its first year.

Because of a need for programs that served Menard County's older adult population, the center was opened in January, 1977.

Members of the Menard County Family Living Committee, which Mrs. Wright serves as advisor, first identified the need for programs that serve older adults. Through their efforts, a Senior Citizens Committee was activated. Later, that committee in cooperation with the Menard County Commissioners Court and the Concho Valley Council of Governments, established the Center.

Center activities include weekly luncheons, Home Demonstration Club meetings, American Association of Retired Persons (AARP) meetings, 4-H programs and social events.

It also serves as a bus transportation center for older adults.

Recently, an addition to the Center doubled its size, and the activity program expanded to a daily schedule of events.

Mrs. Wright has assisted in the operation of the center — with scheduling, meals and transportation, as well as other activities. Among them is the recruitment of additional Senior Citizens Com-

mittee members and volunteers for Center planning and activities. Starting with seven members in October, 1974, the Senior Citizens Committee now includes 18 active members.

Other community projects in which the agent is involved are the Saline Community Council, which the agent serves as advisor. A rural community in southeast Menard County, the Saline Community has placed in district and area competition for community improvement — as part of the Texas Community Improvement Program — for 12 years.

Mrs. Wright holds a bachelor's degree from Southwest Texas State University. She is a member of the Texas and National Associations of Extension Home Economists, the Texas and National Home Economics Associations, Epsilon Sigma Phi, national Extension honor society, and the Order of the Eastern Star, which she served as worthy matron.

She serves as advisor for the District 4-H Leaders Association and is a member of the Texas Agricultural Extension Service Committee for Faculty Development. She is pianist and a choir member of the Menard First Baptist Church, and she is a member of the El Progreso Study Club.

Mrs. Wright and her husband William are the parents of two sons, Jim William and Jay Lynn. Mrs. Wright is the daughter of Mrs. O.C. Wright of Junction.

Hill Caravan Visits

Attorney General John Hill will enlist state government in the fight against inflation after he is elected Governor, the leader of a group of Hill supporters organized in a campaign caravan said Tuesday as they visited Eldorado.

"Inflation is our nation's biggest problem today, and Attorney General Hill believes our state government should take the lead in showing the federal government how to help our citizens cope with rising prices," said the caravan leader, Mike Perrin.

"Attorney General Hill's anti-inflation program includes these points:

1. "Veto any new state taxes. Attorney General Hill believes our taxes are sufficient to provide the state government services our people need, and he will veto any new taxes.

2. "Fix a constitutional limit on state spending. Attorney General Hill believes state government

should not grow faster than our state's economy.

3. "Limit local property taxes levied by school districts. Attorney General Hill favors property tax limits which will prevent any more sudden large property tax increases like the ones we have seen in recent years.

4. "Provide tax relief for homeowners and elderly property owners. Attorney General Hill supports our plans to provide a \$5,000 exemption from property taxes on all homesteads and an additional \$5,000 exemption from property taxes for all homesteads owned by persons over 65.

5. "Return state budget surpluses to taxpayers. Attorney General Hill worked to help win passage of the \$450 million tax relief during the special session to return to the taxpayers the bulk of a surplus which resulted from sales tax collections boosted by inflation. Future surpluses also should be returned to taxpayers."

1 can Pineapple Tidbits, drained
1 cup Coconut

1 cup nuts, optional
2 cups miniature marshmallows
Mix in order and refrigerate. will keep several days.

HD Club Sees Decorations

Nancy Lester, county extension agent for home economics, presented a program on Christmas decorations during the meeting of the Good Neighbor Club Monday. Eight members and two guests, Estelle Sparks and Lee Gillaspay, were present at the meeting in the home of Marguerite Gillaspay.

Mrs. Lester showed club members decorations made out of gingham checked material. She stressed the decorations were inexpensive to make.

The club meets in the home of Ruby Hight Oct. 16.

Hattie Blaylock Has Party

Hattie Blaylock celebrated her 98th birthday Sept. 10 in her room at Schleicher County Nursing Home.

Attending her party were her daughters, Lucile Nixon and her husband of Tow and Lorena Hefferdon of Eldorado; her sons, William Blaylock and Bert Blaylock, both of Eldorado; her sister, Willie Farrington; Ester McHale, her son and mother of Fredricksburg; her niece and her husband, Mr. and Mrs. Earl Huss of San Angelo; her roommate, Fannie Blaylock and Maxene Howton of San Angelo.

Mrs. Blaylock received many nice gifts.

Tea was introduced to the American colonies in 1714.

Dick Brooks Promoted In West Texas Utilities

The promotion of Dick Brooks to executive assistant with West Texas Utilities Co. was announced Tuesday by Bill Sayles, vice president and director of WTU's Customer Services Division.

Brooks, an employee of WTU since 1961, will assist in all functions of the Customer Services Division, which includes working with the Company's district managers and local managers. WTU serves 167 communities through six district offices and 58 local offices in an area extending from Shamrock in the Panhandle to Presidio in the Big Bend.

For the past year, Brooks had been manager of plant operations, with supervisory responsibilities over WTU's eight power generating stations.

He is a native of Slaton and attended public schools in Presidio, Garvin, and Whiteface, graduating from Whiteface High School in 1955. His father worked for the Santa Fe Railway, and Dick also was employed as a Santa Fe switchman from 1955-59 while attending Texas Tech University.

After earning an electrical engineering degree from Tech in 1961, he joined WTU as an engineer trainee in Abilene. He was promoted to transmission construction engineer in 1962; to transmission design and construction engineer in 1965; to transmission engineer in 1971; to executive assistant in generation in 1976; and to manager of plant operations in 1977.

Brooks is a member and past-president of the Abilene Optimist Club; a member and past-chairman of the Abilene Chapter of the Institute of Electrical Engineers; and a member and past-chairman of the Abilene Chapter of the Texas Society of Professional Engineers. He is a deacon and Sunday School Department director at the First Baptist Church in Abilene.

He and his wife Martha, who is English supervisor for Abilene Public Schools have two children. Richard Gregory, 19, is a student at Texas Tech, and Stephanie Grace, 16, attends Cooper High School. The family is home at 2710 Shoreline Dr.

From The Horses Mouth

By JERRY SWIFT
Schleicher County Agricultural Agent

CONTROL RHIZOME JOHNSON GRASS IN THE FALL

The hot dry days of late summer and early fall are an ideal time to control rhizome johnsongrass (root grass) in recently harvested or fallow fields.

Repeated tillage is an effective way to clean up fields heavily infested with rhizome johnsongrass. Chiseling followed by disking pulls the rhizomes to the surface and chops them into short segments which dry quickly in the sun. If the soil is moist enough to plow, rhizome johnsongrass can almost be eliminated with repeated tillage during dry, hot weather.

Everytime johnsongrass shoots reach a height of 6 to 8 inches, plow the field again. During a period of extended rainfall, the degree of control will be lessened because rhizome segments tend to root down in the moist soil and generate new shoots. Therefore, tillage is most effective in dry periods.

Even though tillage is effective for controlling johnsongrass arising from underground rhizomes, it has little effect on seeds. Effective herbicides are available for controlling seedling johnsongrass in cotton, soybeans and corn in the spring. It is best to rotate heavily infested fields to these crops so johnsongrass competition can be brought under control with a combination of herbicides and tillage.

This information is supplied by Dr. Dave Weaver, Extension weed specialist.

BROCCOLI — TOPS FOR FALL GARDENS

Broccoli is a top choice for the fall vegetable garden. It is by far the best all-around member of the cabbage family for fall gardens because it is hardy, relatively easy to grow, and can be harvested over a long period of time.

Although broccoli can be planted either from seed or

transplants, use of transplants allows for earlier harvesting. Only 8 to 10 plants are enough to keep plenty of tasty broccoli on the family dinner table. Transplants should be set out 8 to 12 weeks before the anticipated first fall frost. The first frost normally occurs in Schleicher County about Oct. 25.

Recommended varieties of broccoli include waltham 29, Topper 43, De Cicco and some new hybrids, Bravo or Green Comet.

Since broccoli is a heavy user of fertilizer, apply 3 to 4 pounds of complete fertilizer such as 10-10-10 per 100 square feet before planting. Space plants 14 to 24 inches apart on rows 24 to 36 inches wide.

Young broccoli plants should maintain vigorous growth during their early stages of development. This means adequate watering throughout the growing season plus one or two additional applications of fertilizer. A sidedress application of ammonium sulfate at the rate of one pound per 100 linear feet of row, applied between the rows and watered in.

Of course, control of insects and diseases is critical, so plants must be checked closely and regularly.

Harvest broccoli while the heads are hard and green. Never wait until the small flower buds begin to bloom. When harvesting, include 5 to 6 inches of the edible portion of the stem and leaves. Once the central head has been removed, smaller shoots will continue to develop into heads for as long as two to three months.

By planting at the right time and providing plenty of water and fertilizer, the home gardener can assure himself of a good supply of fresh broccoli for the dinner table this fall.

This information is supplied by Sam Cotner, Extension horticulturist.

Womans Club Has History Program

The Eldorado Woman's Club met in the Oliver Teele home Sept. 12. Mrs. S.D. Harper, vice president, presided with 13 members present.

Members received yearbooks and discussed programs and activities for the coming year. Club theme will be "Achieving Units of Purpose With Diversity of Talents."

The program was presented by several members. Mrs. Arch Mittel gave the History of General Federation of Women's Clubs, Mrs. T.J. Bailey

gave the History of Texas Federation, Mrs. Edwin Jackson gave the History of the Heart of Texas Federation and Mrs. Harper gave the history of the local club.

During the business meeting, members planned a bake sale and voted to donate to the American Field Service Fund.

They also voted a special thanks to Mrs. Jesse Lee Spencer for typing the new yearbooks.

The executive board and social committee gave a tea after the meeting.

Screwworms Found

Four more cases of screwworms have been found in Schleicher County recently, according to Schleicher County extension agent Jerry Swift.

One case was found in the horn of a sheep on the G.C. Crosby estate near Fort McKavett by Pete Finley.

A second case was found by Epigenio Sanchez on the T.C. Meador Ranch. It was found on a sheared goat.

Edgar Sauer found another case in the horn of a sheep on his ranch.

The fourth case was found by Ronnie Mittel in

the navel of a cow. His ranch is eight miles east on the Menard Highway.

This makes eight cases of screwworms this summer in Schleicher County.

TSGRA Sets Fall Meeting

The Texas Sheep and Goat Raisers Association's fall directors meeting will be Oct. 7 in the Menard High School in Menard.

Registration is at 8 a.m. Committee meetings will split, beginning at 9 a.m. and 10:30 a.m., followed by a dutch treat meal.
