

## Jap Forces Are Retreating From Shuri Defenses

GUAM, May 28 (AP)—Japanese appeared today to be withdrawing from the Okinawa fortress town of Shuri after a fierce 38 day defense of the key fortress. If the indicated withdrawal becomes a full scale retreat it will have been forced by the U. S. Seventh infantry division's breakthrough on the east coast which has flanked Shuri and now threatens to cut it off from the rear. Seventh division patrols have pushed through incessant rains almost to the village of Chan, nearly two miles south of Shuri.

The withdrawal and possible cracking of the Japanese defense on Okinawa was indicated in field dispatches and Fleet Adm. Chester W. Nimitz' communique:

1. A concentration of Japanese was caught moving south from the village of Giusuhi, more than a mile southwest of Chan, and was virtually wiped out by coordinated naval and air bombardment.

2—North of Shuri, between that fortified city and American front lines, the First marine division saw the Japanese blowing up 15 or 20 caves, presumably to destroy food or other supplies stored there.

3—On the east flank south of captured Yonabaru the Seventh infantry division found what was described as "very large stores" of food, ammunition and equipment in abandoned caves in the Ozato Mura hills, encompassed by the Seventh last week.

4—Associated Press correspondent Al Dopking reported that the constant Japanese artillery bombardment of American positions had decreased from an average 15,000 rounds daily to about 500 rounds, probably because 363 enemy field pieces have been knocked out by precision-firing American guns.

Naval sources declined to place any interpretations on the series of actions, and a spokesman, when asked if they indicated withdrawals, replied:

"They may be part of the whole picture, and they may not; it's sort of risky to guess."

In such an event it seems likely that Shuri, which is considered the strongest defensive position on the island, may be left behind, well garrisoned and well provisioned, to continue the fight without support of the lines to the east and west.

Admiral Nimitz' communique said battleships, cruisers and smaller ships as well as rocket-firing planes smashed "a considerable number of enemy troops observed maneuvering south of the Shuri position."

Correspondent Dopking, with the Tenth army on Okinawa, wrote the force numbered between 1,000 and 1,500 troops, and "observers reported they spotted numerous dead along the muddy road and adjacent fields."

A great exodus of civilians moving southward from Shuri was reported by artillery observers. Rain slowed operations on Okinawa for the sixth straight day but marines of Maj. Gen. Pedro A. Del Valle's First division expanded their bridgehead across the Asato river within the blasted capital city of Naha, on the west coast, and Maj. Gen. Archibald V. Arnold's Seventh division infantrymen pushed patrols far south of Yonabaru on the east. There was no let-up in the ferocity of Shuri's defense, however.

## Nips Claim Six Ships Are Sunk

SAN FRANCISCO, May 28 (AP)—Japanese Domel news agency claimed today confirmation of the sinking early today of three large U. S. navy warships and three transports by Kamikaze corps suicide planes off Okinawa.

One battleship, two cruisers and the transports were sunk in Nagagusuku Bay, on Okinawa's east coast in a concerted attack by both army and navy Kamikaze planes, it was claimed in the broadcast.

"Direct torpedo hits" were also claimed on a large transport, a medium transport and three unidentified vessels.

The "heavy" attacks were carried out by torpedo bombers, Tokyo said, while other Japanese army and navy aircraft again attacked American airfields on Ie Shima, off Okinawa's west coast. One raider was admitted lost.

## Nazi Ship Builder Taken Into Custody

By The Associated Press  
British authorities in Hamburg have arrested Rudolf Blohm, director of the German Blohm & Voss shipyards and former chairman of the shipbuilding commission in the ministry of armaments, the British radio reported today. "He was charged with having tried to sabotage the work of the British port authorities, added the broadcast.

G.I. WHO PUNCHED GERMAN PRISONERS FREED—Pvt. Joseph McGee (above), sentenced to two years at hard labor for punching nine German prisoners of war, was ordered restored to duty and his dishonorable discharge was revoked. He received the sentence after a court martial at Le Mans, France, on Oct. 17, 1944. (AP Wirephoto).

## New Air Blows Strike Japan Home Islands

SAN FRANCISCO, May 28 (AP)—American Superfortresses and P-51 Mustang fighters carried out new raids against the Japanese home islands today, Tokyo reported.

Radio Tokyo said a dozen of the B-29s bombed the Shikoku area in southern Japan and that four were shot down. Repeated attacks against suicide plane bases in the area, on Kyushu Island, have been carried out.

About 30 Mustangs, "headed by three Marianas-based B-29s," attacked airfields in the Tokyo vicinity for 40 minutes shortly after noon (Tokyo time), Domel news agency reported.

In earlier broadcasts, Tokyo reported 27 Superfortresses again mined Japanese waters, sowing the explosives from the southern waters of Kyushu, southernmost of the home islands, to the northwestern shores of Honshu, on which Tokyo is situated.

Four of the mine sowing Superfortresses were shot down and eight others damaged "so heavily" it was unlikely they could return to their bases, Tokyo claimed.

## Sewell Liberated

Mr. and Mrs. E. C. Sewell of Forsan have received word that their son, S/Sgt. Calvin Sewell has been liberated from a German prison camp.

Sgt. Sewell's wife, Wanda Sewell of Wilson, Okla., notified her parents-in-law that she had received a telegram from her husband telling of his liberation from Luft III, where he has been interned since April, 1944.

## More Gas May Add To Vexing Food Problems

By OVID A. MARTIN  
WASHINGTON, May 28 (AP)—Liberalized gasoline rations this summer may bring many new headaches for food officials.

One of these officials took note of the possibility today, asking that he not be named.

It is quite possible, he said, that many motorists in towns and cities near food producing areas will use their extra gasoline for regular trips to the country to buy from farmers themselves.

Should this become widespread, he added, the nation's wartime food distribution system, already under heavy strain, would be seriously threatened. Supplies available to city consumers unable or unwilling to engage in buying direct would dwindle because smaller quantities of eggs, poultry,

# Chinese Push Into Indo-China

## French Faced With Critical Syria Problem

Garrison Attacked After French Troops Reported Fire On Natives

DAMASCUS, May 28 (AP)—Jamil Mardam Bey, acting premier of Syria, said today that French troops yesterday had "fired upon the people of Hama," north of Damascus on the road to Aleppo, and he expressed fear of a "general clash" between French and Syrians.

The acting premier issued a statement in which he said that after the French opened fire at Hama, "the people then attacked the French garrison."

"The French called reinforcements from Homs," he said. "There is now fighting in the streets. Communications are cut off."

"The feeling now is so intense at Homs that anything may happen there momentarily, and I don't know what may happen at Damascus. The gendarmerie is trying to keep order, but we fear the incidents may grow into a general clash."

He made the statement after a conference with U. S. Minister George Wadsworth and British Charge d'Affaires Gerald Young. It was understood the American minister strongly urged the Syrians to exert every effort to maintain order until diplomatic action in Paris had had its chance to become effective.

There was scattered firing throughout Damascus and occasional detonations from mortar or shell fire. The streets were deserted, except for gendarme patrols, but lights in numerous windows indicated that many people had been awake throughout the night.

A possibility existed that British Ninth army units, now in Syria for training, might undertake to prevent further hostilities, should the fighting become general.

Since communications were cut at Hama, there was no word from Aleppo. Beyrouth was reported quiet last night.

It was generally believed that news of the apparent French attempt to occupy Hama and of the street fighting there would cause risings throughout Syria and perhaps Lebanon.

At noon today the news was spreading rapidly in the capital. Wadsworth has rushed a full account of the developments to Washington, after talking with Mardam Bey.

The French have about 2,000 troops in their Syrian forces, and all but 800 are Syrian conscripts who were believed likely to desert in the event of fighting.

## Louise Bennett Is Big Spring Sponsor

Louise Ann Bennett, daughter of Dr. and Mrs. M. H. Bennett, was chosen by the chamber of commerce for the fourth year as its sponsor to the rodeos in surrounding territories.

Miss Bennett represented Big Spring at Stamford, Midland and Snyder shows last year and placed at the Snyder rodeo.

## Food For Trieste

TRIESTE, May 28 (AP)—Five large Vatican trucks with trailers, loaded to the tops with food supplies, rolled into Trieste today bringing food for Trieste citizens now experiencing some of their leanest days since the start of the war. Pope Pius XII arranged the shipment for distribution by Catholic institutions in Trieste.

These cases, which are strictly an American problem and do not fall under the jurisdiction of any international tribunal, are being prepared by the judge advocate general's office. Procedure will be equivalent to court martial.

Although it will take time to iron out differences of viewpoints, Jackson said he could see no indication that "we are not going to be successful" in establishing a war crimes court such as was proposed by the United States at the San Francisco conference.

"We have every reason to believe," Jackson said, "the four countries will come together as to the tribunal method and procedures of prosecution."

He said Russia, which is not a member of the war crimes commission but has its own commission, has shown willingness to "go along with us" and there has been no difference of opinion to date.

## BAD REPORT, NO DOUBT

SAN FRANCISCO, May 28 (AP)—Premier Kantaro Suzuki of Japan made a report "on the general state of affairs" in a special audience with Emperor Hirohito today, the Tokyo radio reported. The broadcast was recorded by the FCC.

B-29 SUPERFORTRESSES READY FOR ACTION—Long lines of B-29s are being serviced at a base in the Marianas to prepare them for a strike against Japan. In two major strikes last week fleets of 550 and 500 Super-

forts, probably including some of these, all but obliterated Tokyo and industrial environs in mass fire bomb raids on the world's third largest city. (AP Wirephoto).

# War Criminal Trials To Open Soon

## Principal Cases May Be Delayed

PARIS, May 28 (AP)—Trials of Germans accused of offenses against American troops in violation of the laws of war probably will begin within a few weeks, Justice Robert H. Jackson, chief United States counsel for war crimes, said today.

He told a press conference, however, that proceedings against the principal Nazi war criminals probably would not get under way for some time, since the United States, Britain, Soviet Russia and France had not yet agreed on certain details of the international military tribunal which will try the accused.

Jackson, an associate justice of the supreme court, was appointed by President Truman on May 2 as chief counsel for the United States on the proposed tribunal.

"The formation of such a body necessarily takes some time, and until it has been concluded we naturally cannot fix an exact date for commencement of these trials," Jackson said.

"As to the United States, however, we are proceeding with the preparation of our part of the international case, and that has been largely my mission here.

"I have ascertained the existence of documents and other materials which will be of the greatest value and which we have argued to put in such form as to facilitate the preparation of the principal cases for trial at the earliest possible time."

Jackson emphasized there would be no delay in bringing to justice those Germans involved in battlefield atrocities against the American armed forces, such as the maimed slayings and the execution of captured airmen.

These cases, which are strictly an American problem and do not fall under the jurisdiction of any international tribunal, are being prepared by the judge advocate general's office. Procedure will be equivalent to court martial.

Although it will take time to iron out differences of viewpoints, Jackson said he could see no indication that "we are not going to be successful" in establishing a war crimes court such as was proposed by the United States at the San Francisco conference.

"We have every reason to believe," Jackson said, "the four countries will come together as to the tribunal method and procedures of prosecution."

He said Russia, which is not a member of the war crimes commission but has its own commission, has shown willingness to "go along with us" and there has been no difference of opinion to date.

## Yank Subs Credited With Bagging 1,119 Of Japanese Ships

GUAM, May 28 (AP)—Fleet Adm. Chester W. Nimitz, in one of his infrequent disclosures of U. S. submarine activity, yesterday credited the underses service with having sunk 1,119 Japanese ships totaling 4,500,000 tons.

Nimitz told 14 submarine officers and men to whom he made valor awards that the submarines had sunk 126 enemy combat ships and 993 merchant vessels and helped to "all but sever lines which connected the Japanese empire with their stolen possessions."

## Heavy Casualties Inflicted On Japs

By JAMES HUTCHESON  
MANILA, May 28 (AP)—Fighting flared on two Luzon battlefronts today as Gen. Douglas MacArthur announced that 378,427 Japanese have been killed in the Philippines campaign. Of these 8,101 were added this week.

American casualties are about 50,000, including killed, wounded and missing. A tank-led 38th division column spearung up the Marikina road east of Manila was locked in battle Sunday with the Japanese in a canyon near Wawa dam.

Wawa, a minor source of Manila water, is militarily important because the surrounding defenses make it a formidable section of the enemy's Sierra Madre mountain ramparts called the Shimbuj line.

The armored column approached the dam from the rear along a road paralleling the Marikina river. It took the town of San Rafael and reached the gorge without opposition. Then at the mouth of the gorge, the enemy opened up with all types of weapons and the column was halted after establishing a narrow foothold. The fight for the dam raged today.

The 32nd division, advancing on Highway Five and the 25th, on the Villa Verde trail, closed in on Santa Fe. Both had patrolled in the town and it appeared that the city was in the process of changing hands Saturday.

Maj. Gen. Charles L. Mullins Jr.'s 25th division, has killed an estimated 7,000 to 8,000 Japanese during fighting between recently captured Staic Pass and Santa Fe. Fairly stiff losses have been suffered.

On Mindanao, Associated Press Correspondent Richard Bergholz reported the 31st division pushed from the Sayre highway into the mountains southeast of Malaybalay, where the retreating Japanese are holed up in strength.

West of Davao, elements of the 24th were cleaning out Japanese positions flanking a secondary road leading into the interior which is still a possible escape route for the Davao Japanese garrison.

He recommended that they be financed entirely by the federal government during the emergency and that the benefits should "appropriately be administered by the states."

While Mr. Hoover would not discuss the conference, the White House indicated there might be comment from that source later in the day.

Meanwhile, the president invited Thomas E. Dewey and Alf M. Landon, former Republican presidential nominees, to visit the White House at any time to consult with him on national or international issues.

Mr. Hoover emerged smiling from his 50-minute talk with Mr. Truman.

He said he was sorry to disappoint waiting newspaper reporters, but "the president of the United States has the right to make his own statements."

## Production Halt Forced At Port Arthur Plant

PORT ARTHUR, May 28 (AP)—Production at the Gulf Refinery here was completely shut down today with more than 4,000 men off their jobs and with no settlement immediately in sight.

The huge plant turns out high octane gasoline. The men claimed a series of grievances were clamored last Wednesday by a six-day suspension of a pipefitter who had a disagreement with a foreman for refusing to take a crew to locate a leak in a cooling unit. The employee said the assignment was "dangerous."

Pickets are on duty at all gates but no disorders have been reported. The work stoppage, styled as unofficial by spokesmen of the union, the Oil Workers International Local 23 (CIO), began Saturday at 8 a. m. Saturday by "powerful Chinese forces" which attacked at dawn Friday.

The city had been occupied by the enemy since last November and before that was Japanese-held for a year in 1940-1941 and its recapture was one of the most important Chinese victories in months. It was the second former treaty port to be freed in eight days. The east coast port of Foochow was the first to fall and the Chinese announced last night that spearheads had pushed 41 miles northeast of that city to Ningtse, only 38 miles from Chinese Milliamen fighting enemy landing parties at Siapu.

Gulf Superintendent R. C. Faulkner said a complaint had been filed by an employee who had been laid off for six days as a disciplinary measure but that the case was being handled through regular contractual procedure and would be "disposed of as quickly as possible."

## Truman Confers With Hoover Concerning Relief In Europe

By ERNEST B. VACCARO  
WASHINGTON, May 28 (AP)—President Truman today conferred for nearly an hour with former President Herbert Hoover on European relief needs.

While Mr. Hoover would not discuss the conference, the White House indicated there might be comment from that source later in the day.

Meanwhile, the president invited Thomas E. Dewey and Alf M. Landon, former Republican presidential nominees, to visit the White House at any time to consult with him on national or international issues.

Mr. Hoover emerged smiling from his 50-minute talk with Mr. Truman.

He said he was sorry to disappoint waiting newspaper reporters, but "the president of the United States has the right to make his own statements."

"There's no right of a visitor to say anything about his talks with the president," Hoover commented, adding that he was "sorry to disappoint."

Press Secretary Charles G. Ross made the announcement that the president had invited Dewey, New York governor and 1944 republican presidential candidate, and Landon, 1936 presidential nominee and former governor of Kansas, to the white house.

Apparently seeking further bipartisan support for his plans for the nation, Mr. Truman wrote the two former republican nominees "to drop in for a talk at any time they happen to be in Washington," Ross told his news conference.

## Move Threatens Connection To Manchuria Base

CHUNGKING, May 28 (AP)—Chinese troops, pushing into the enemy's overland corridor to Indo-China, have reached the vicinity of Pingyang, 60 miles northeast of recaptured Nanning, the Chinese high command announced today.

The march carried the Chinese almost a third of the way from Nanning to Kweilin. In northeastern Kwangsi, one of the first U. S. air-bases lost to the enemy in the Japanese advance several months ago which established a link across China from Manchuria to Indo-China.

The inland port of Nanning (Yungning), one of the most important stations on the overland route through Changsha, Kweilin and Hengyang, was recaptured over the weekend in one of the most promising Chinese counteroffensives of the war.

Recapture of Nanning was the feat of troops commanded by Gen. Chang Fah-Kwei, veteran leader of the Old Fourth Nationalist army, "The Ironsides," which gained wide fame in the turbulent days of China's civil war. He is now commander of Chinese forces in southeast China.

His troops did not have the benefit of either American training or equipment. Fall of Nanning came as a surprise in Chungking, since no word of the offensive had been given out. The high command's announcement was based on a brief radio message from Chang Fah-Kwei that the city had been taken.

Re-occupation of the inland port was announced last night by the Chinese high command, which said the defeated Japanese garrison was fleeing toward Ringyang and Lungchow with Chinese forces in full pursuit.

Nanning, the first important American air base site to be rewon since last year's sweeping enemy offensive, is 470 miles south of Chungking and only 78 miles from the Indo-China border. It is situated on the Si river 430 miles above Canton and 70 miles from the Gulf of Tonkin.

A dispatch from the Chinese Central News Agency said Nanning, a former treaty port of 68,110 persons, was refloated at 8 a. m. Saturday by "powerful Chinese forces" which attacked at dawn Friday.

The city had been occupied by the enemy since last November and before that was Japanese-held for a year in 1940-1941 and its recapture was one of the most important Chinese victories in months. It was the second former treaty port to be freed in eight days. The east coast port of Foochow was the first to fall and the Chinese announced last night that spearheads had pushed 41 miles northeast of that city to Ningtse, only 38 miles from Chinese Milliamen fighting enemy landing parties at Siapu.

## New Controversy Flares With Tito

By RONNEY WHEELER  
LONDON, May 28 (AP)—The controversy over the Austrian province of Carinthia threatened to flame anew today, fanned by a statement attributed to Marshal Tito of Yugoslavia by the Belgrade radio, which complained bitterly of the treatment accorded "our nationals."

Tito was quoted as saying in a speech at Ljubljana last night that "it would be a terrible tragedy if we should have to fight again for what we have already won in this war."

According to the Belgrade version of the speech to the Slovene people, Tito called upon the Allies to protect Yugoslav nationals "from those same oppressors who have persecuted them for centuries."

"The people of Carinthia are awaiting their liberation, and on behalf of the new federated Yugoslavia I assure them that our thoughts have not abandoned Carinthia, which today, unfortunately, must still tremble and suffer under a Gestapo terror which is clad in another uniform," he was quoted.

There was no indication in London, meanwhile, that final settlement had been reached in the Trieste-Istria impasse, although the Belgrade radio said Tito had reiterated a pledge he would not resort to arms.

## SOLDIER DROWNS

BYOTE, May 28 (AP)—Pfc. Ulysses Carter, 25, of Morrilton, Ark., stationed at Pyote Army Air Field, drowned last night while swimming at the Pecos, Tex., Army Air Field pool. His mother, Mrs. Marriah Carter, resides on route 1, Morrilton.

### Social Calendar Of Events For Week

**TUESDAY**  
**REBEKAH LODGE** will meet at 8 p. m. in the IOOF hall.  
**AMERICAN ASSOCIATION OF UNIVERSITY WOMEN** will have its last meeting of the year at 10 a. m. at the First Baptist church. Lunch will be served at 12:30 noon.  
**FRIDAY**  
**LADIES GOLF ASSOCIATION** will have a luncheon and business session at 1 p. m. at the Country Club. Hostesses will be Mrs. H. W. Smith and Mrs. George French.  
**SUSANNAH WESLEY CLASS** of the First Methodist church will have a 12 o'clock luncheon at the church.  
**TRAINMEN LADIES** will meet at 2:30 p. m. in the WOW hall.  
**FRIENDSHIP CLUB** will meet with Mrs. Herbert Johnson at 2:30 p. m.

### Texas Today— LIKE KEYSTONE COP COMEDY, BUT IT WASN'T FUNNY TO NEGRESS

By JACK RUTLEDGE  
 Associated Press Staff  
 It was like a keystone comedy for a while but a Waco negro woman didn't think it was funny. She was sitting peacefully at home when a perfect stranger

dashed in the front door and out the back door.  
 She hadn't regained her composure when Chief Deputy Sheriff Woodie Barron ran in the front door and out the back. The negro woman got to her feet in perplexed surprise and peered after the men in bewilderment.  
 Martin, (Lone Ranger) Owen, another deputy, came in the front door at a trot, brushed by the woman and out the back door. This was too much. The woman slammed the front door shut and locked it. State Ranger Joe Thompson, several highway patrolmen and two or three city policemen were forced to detour. But they finally caught the first man—a merchant mariner charged with burglary.

"The food we are getting these days is hardly worth fooling with," said Earl Best of Dallas. So he closed his cafe and plans to go fishing.  
 He denies black market pressure has anything to do with it. Best was an arch-enemy of black marketeers. Last fall he trapped a beer dealer. This spring he caused the arrest of a man alleged to be selling cigars in excess of the ceiling price.  
 He finally wrote a book on black markets, Jap-coddlng in internment camps and other related subjects. It is due to be published soon.

**HEATER CONTROLS LIFTED**  
 WASHINGTON, May 28 (AP)—Controls over the manufacture of water heaters were lifted today by the War Production Board. The agency said the revocation would result in a slight increase in the number of heaters available for civilians this year.

### Young Students To Give Recital At Methodist Church

Young students of Mrs. Nell Elizabeth Frazier will be presented in a piano and song recital at the First Methodist church at 8:30 o'clock tonight.  
 Those to appear on the program will be Janice Nalley, David Ewing, Glenna Coffey, Glen Rogers, Marilyn Miller, Jeanette Bugg, Sylvia Brigham, Ann Mathews, Doris Ann McDonald, Don Logan, Veragene Apple, Patricia Lloyd, Kitty Roberts, Margaret McDonald, Larry Evans, Jo Ann Boykin, Jane Stripling and Susan Logan.  
 The public is invited to attend. Mrs. Frazier will present her second recital Tuesday evening.

### Many Club Women Sell Bonds Saturday

Bond booths were busy Saturday with club women turning out well.  
 AAUW members, Mrs. W. E. Wright and Nell Brown were in charge at bond headquarters. Mrs. Elton Taylor and Mrs. Henry A. Clark of the High School P-T. A. sold bonds at the First National Bank. Engineer Ladies working at the State National Bank included Mrs. C. L. Gill, Mrs. F. K. Owens, Mrs. D. C. Pyle and Mrs. A. M. Ripps. Mrs. Moree Sawtelle and Ima Deason sold at the Ritz for the B & PW club and Firemen Ladies. Mrs. W. B. Graddy and Mrs. Mattie Muenecke, were at the State Theatre.  
 Selling bonds at the Ritz Sunday were representatives of the B & PW club. They were Mary Reidy, Marguerite Smith, Ilene Barnett, Betty Glenn, Pauline Sullivan, Maurine Word, Nancy Johnson and Sonora Murphy.  
 To be in charge of bond booths Tuesday will be Modern Woman's Forum at bond headquarters, West Ward P-T. A. at the First National Bank, Firemen Ladies at the State National Bank, B & PW at the Ritz Theatre and VFW Auxiliary at the State Theatre.

### Attendance Large For Baptist School

Approximately 100 children participated in the opening activities of the East Fourth Baptist church vacation Bible school Monday morning. The school will continue daily each morning from 8:30 o'clock until 11:30 o'clock June 8. Dorothy Fulton of Houston is the principal and is assisted by 20 teachers.  
 A special feature for intermediate and junior students is the instruction in the art of chalk talking under the direction of Mrs. Mary Raley.  
 Today's activities included the processional, salute to the flag, Bible study, mission study and handwork. Refreshments were served.

### Baptist Class Has Weiner Roast

A weiner roast and business meeting was entertainment for the twelve year old girls class of the First Baptist church Saturday afternoon at the church.  
 A short tour was taken and the Experiment Farm and Catholic church were visited.  
 Those present were Wanda Lou Petty, Elva Thames, Delores Rhonson, Luan Creighton, Elizabeth McCormick, Mrs. J. H. Eastham, teacher, and guests, Mrs. J. A. Wright and Betty of Willis Point, Wyman Pillage, James Douglass and Ellen Dean Eastham.

### Truman Talks To Hoover On Food

WASHINGTON, May 28 (AP)—Former President Herbert Hoover, a persistent advocate of food relief for war-ravaged Europeans, has accepted an invitation to confer with President Truman on the subject next Monday.  
 Announcement of the conference brought speculation in republican congressional circles that Mr. Hoover, who was food administrator during the first world war, might be offered an executive post in the international food set-up.  
 Senator Wiley (R-Wis.), who has urged that the former republican chief executive be consulted in the European food problem, declared "If Mr. Hoover is asked to serve and consents to serve in an advisory or executive capacity in the international food set-up, he may well repeat and surpass the miracle of relief which he achieved during and after the first world war."  
 Senator Johnson (D-Colo.) said the Truman-Hoover meeting is "very encouraging."  
 Charles G. Ross, Mr. Truman's press secretary, said the president "felt that Mr. Hoover had information which would be valuable to him."

**1st Thought For Itching of Minor Skin Troubles**  
 For over 40 years Mezzana, the soothing medicated powder has eased itch of minor skin irritations, chafes, sting of simple rashes, baby's diaper rash—all more annoying as weather gets warmer. Contains ingredients specialists use for these miseries. Costs little. Get Mezzana.

### Activities at the USO

**MONDAY**  
 8:30-9:30—New dance class instructed by Mary Ruth Diltz. Clarinda Mary Sanders in charge.  
**TUESDAY**  
 8:30—Shellcraft class taught by Mrs. Mary Locke.  
**WEDNESDAY**  
 6:15—Hospital visiting hour at the post with Lillian Jordan, chairman.  
 7:30—Music appreciation class instructed by Cpl. Don Hoyt. Mrs. J. R. Farmer in charge.  
**THURSDAY**  
 6:30—GSO planning meeting.  
**FRIDAY**  
 9:00—Bingo; three-minute free telephone call home.  
**SATURDAY**  
 8:30—General activities.  
 Volunteer hostesses serving refreshments Sunday were Mrs. Mary Locke, Mrs. J. A. Myers, Mrs. Roy Green, Mrs. Frank Wilson, Mrs. Roselle McKinney, Doris Carruthers and Bette Williams.  
 Snack bar operators were Mr. and Mrs. Jimmy Jennings, V. A. Whittington, Mr. and Mrs. Eugene Thomas, J. D. Jones, Mr. and Mrs. Roy Reeder.

### Mrs. S. H. Gibson Will Present Her Pupils In Recitals

Mrs. S. H. Gibson will present her pupils in two recitals tonight and Tuesday at 8:30 o'clock at the high school gymnasium. The programs will consist of piano, voice, violin, expression, mandolin and guitar numbers.  
 Junior and senior students will take part in both recitals. Those to appear tonight are Patsy Barbee, Warren Wise, Lura Criswell, Vonna Beth Nutt, Linda Criswell, Patricia Yeatts, Jannie Standefer, Charles Marchbanks, Doris Jackson, Doris Ann Stevens, Jamie Massingale, Peggy Rose Barbee, Joyce Howard, Jean Seiler, Bobbie Fields, Edith Christian, Lois Standefer, Sus Wise, Barbara Lytle, Neva Jean Jenkins, Dale Pritchett, Joyce Howard, Bennie Yeatts, Dorothy Edna Christian, Allen Christian and Glen Lee Jones.  
 The public is invited to attend.

### Church Of Christ Honors Two Cadets

Aviation Cadets Roger Street of Nashville, Tenn., and George McKinney of Commerce were honored with a social given by the members of the Church of Christ Saturday night at the church. The two cadets will graduate soon and were presented with gold plated steel covered New Testaments by the church.  
 Hostesses were Mrs. Annie Lee Senders and Mrs. W. H. Power. Games and contests were played after which refreshments were served. A number of the young people of the church were present.

### Separate Austrian Zone

PARIS, May 28 (AP)—Plans to create a separate occupation zone for Austria, with Gen. Mark W. Clark as American representative on a four-power governing council at Vienna, were reported today under consideration by the Allies. In line with the "Big Three" agreement that Austria be recreated as a separate nation, it is felt in some quarters that the country should be treated as a distinct unit for occupation purposes.

### VISITS PRESIDENT

WASHINGTON, May 28 (AP)—General Courtney H. Hodges, who led the American First army forces in Europe, paid a brief courtesy call on President Truman today.

The average height of all lands above sea level has been computed to be approximately 2,300 feet.

### Stubby

**SUITED TO SUMMER:** Anthony Blotta's superb suit in pure silk shantung, natural color, with black taffeta gilet.  
**SHIRTSLEEVE SUIT:** Adele Simpson uses green and white satin-striped cotton for a long jacket and slim skirt.

### Library To Close

Howard county library patrons are reminded that the local reading room will be closed June 1 for several days when Miss Doris Nesbitt, librarian, will begin her vacation.  
 Miss Nesbitt said Monday that she has not yet received the expected slack in reading interest following the closing of school and that circulation is still climbing.  
 For the convenience of visitors, the two reading rooms have been rearranged to provide more space.

### Divorces Granted

Action of the 70th district court through Monday included the granting of two divorces.  
 Mary K. Bell was granted a divorce from Clarence C. Bell with custody of one minor child awarded to parents of the plaintiff.  
 Doyle E. Ballard has been granted a divorce from Lydia B. Ballard.  
 In the 13th century, pickles were served as a main dish at the Famous Feast of King John.

**Do you suffer from MONTHLY NERVOUS TENSION**  
 with its weak, tired feelings?  
 If functional periodic disturbances make you feel nervous, tired, restless—at such times—try this great medicine—Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken regularly—it helps build up resistance against such distress. Also a grand stomachic tonic. Follow label directions.

### SOME GUERRILLA

NEW YORK, May 28 (AP)—German soldiers wearing Soviet uniforms or disguised as peasants still are carrying on small scale guerrilla activities in remote areas in Russian-occupied German territory, the Tass news agency said today in a Moscow broadcast.

### DEGRELLE IN SPAIN

BRUSSELS, May 28 (AP)—Unofficial reports circulated today that Spain had refused to extradite Leon Degrelle, Belgian quisling. Officials were silent but it was believed that the Franco government had communicated a decision in the case. Degrelle fled to Spain while Germany was collapsing.

### Czech Cleaning Up Nazi Sympathizers

MOSCOW, May 28 (AP)—A general cleanup of Nazi sympathizers and collaborators in Czechoslovakia was reported today in a Tass dispatch from Prague.  
 Two Czechs were executed in the town of Tabor for informing on Czech patriots, Tass said.  
 A group of generals, including Jan Syrový and Yaroslav Eminger, and five other persons, including Col. Bogumil Konechny, were arrested for collaboration, the agency reported.

**RUBBER SALES**  
 LA PAZ, Bolivia, May 28 (AP)—The government announced today that Bolivia had sold the United States Rubber Development Corp. 3,300 tons of rubber in 1944 at 46 cents a pound.

**Whiten your linens without added wear!**

1. Don't churn things in your washer any longer than necessary. Too much rubbing by hand also has abrasive effect on fabrics.
2. Avoid using an inferior bleach, which may be uncontrolled in action, and over-bleach. This breaks down fabric threads.
3. Whiten safely with Purex, the bleach with Controlled Action! Purex is the only bleach made by the Intrafil Process, insuring uniform action from every bottle, when used according to simple directions. Cottons and linens come out snowy white!

**AN INCREASE IN SERVICE OF 42%**

Effective June 1, Continental Air Lines will be privileged to greatly increase air schedules to 23 cities in six states serving a territory comprising more than 16 million Americans.

This important increase has been made possible by further additions to our fleet of Douglas 21-passenger Luxury Liners. These larger, roomier planes, supplemented by our Lockheed Lodestars will mean many more seats for civilian passengers, more schedules, better departure times, improved connections with other carriers, and more room for air mail and express.

This improved air service will further relieve travel congestion, and will greatly speed the flow of traffic to your community. With many more seats now available, we will be pleased to have you phone Continental Air Lines when you next plan to travel.

**CONTINENTAL AIR LINES**

To SAN ANGELO, SAN ANTONIO . . . Two convenient round trips daily with new morning commuter service (420 additional seats monthly). New connections at San Antonio to Corpus Christi, Houston, and New Orleans.  
 To EL PASO . . . Two convenient flights daily each way (420 additional seats monthly) via Midland-Odessa (one flight via Hobbs and Carlsbad). New and improved connections at El Paso to Tucson, Phoenix, San Diego, and Los Angeles.  
 To ALBUQUERQUE, DENVER . . . Convenient daily service to Albuquerque, Las Vegas, Santa Fe, Pueblo, Colorado Springs, and Denver.

**Some Cars May Be Available In '45**

New Pontiacs will be going out to drivers of Big Spring by the first of the year, it was prophesied by Marvin Wood, Pontiac dealer, today.

The car dealer said that he and other Pontiac agents had received information to the effect that production of civilian automobiles will begin again on or around July 1st, and will be ready for the civilian market by the last of the year. Wood stated that his information revealed that the cars would be made after 1942 models, but he had not learned of the types of cars to be turned out, nor the variety in colors and types of trim.

The fact that automobiles will again go into production does not necessarily mean that a person desiring a new car can get one merely by plunking down cash on the barrel head, Wood warned. A system will be set up whereby the dealer is entitled to sell a set number of cars to persons who have been given a permit, if their need of the car is sufficient. The buyer then gives the permit to the dealer and gets his automobile. The dealer in turn presents the certificate to the manufacturer to replenish his stock.

However, Wood reminded, the new cars won't be on the market for more than six months, and even then a number of drivers will not be granted permits. So until cars are available to everybody, the old car must be kept in good running order. As Pontiac dealer, Marvin Wood's garage specializes in repair of that make car, and almost always has a plentiful supply of repair parts. At the present time his stocks are especially complete, both in Pontiac repair, and parts for other makes of automobiles.

Before the hot weather which has already set in has had time to take a toll on the old car, a motor tune-up should be the order of the day. To prevent excessive wear on still-scarce tires, the garage-man advised his customers to take advantage of their special wheel-aligning equipment.

Another of Marvin Wood's services to the community is his 24-hour wrecker service. For assistance of that type call 1253.

For a smoothly running car, no matter what model, a good bet is at 504 E. Third street, or phone 377.

**NEW CARS** the latter part of 1945 are possible now that the freeze order has been modified, according to Marvin Wood, Pontiac dealer in Big Spring. However, warned Wood, don't expect to be able to trade the old machine in on a new one at the drop of a hat, for priorities will figure for quite a while in the distribution of new automobiles. The safest policy is to keep your present car in best condition, he said.

**Thornton Groc. Has Neighborly Air About It**

A grocery store which specializes in serving its neighbors is Thornton's Food Store, located at 100 Eleventh Place. This store carries top quality in all items and has a complete meat department. Fresh vegetables are delivered daily for the convenience of the customers in the summertime. Also carried in the stock of the grocery are drugs, notions, candies, etc.

The food store has been under the ownership of Jesse T. Thornton, Jr., who is a rather newcomer to the grocery business. He has been at his present location for almost a year. Thornton has been a Big Spring resident for 13 years and was formerly associated with Texas Electric for ten years, of which five years were spent in the purchasing department.

Thornton said that good credit accounts are solicited. He also stressed that since his grocery is affiliated with the Red and White chain stores, this helps him obtain scarce items and sell them at a little cheaper price because of the quantity buying.

Four employees make up the personnel of the store. The employment shortage hasn't caused the food store any trouble since two of the employees have been with the store since it first opened last August.

Thornton makes his home with his wife and two daughters, Patricia Ann and Carla Kay, only a few blocks from his business, 1004 Wood. He is a member of the Wesley Memorial Methodist church and serves as secretary of the Lions club.

**Williams Specializes In Pre-War Service**

Keeping loose ends together, offering the best available in merchandise and gasoline and oils is a big order these days but Homer Williams, owner and operator of Standard Station, 311 East Third street, has been fortunate in maintaining the same service rendered as before the war.

Williams went into business for himself October 17th, 1944, leasing the station from Hugh T. Davis, now serving with the armed forces. Before taking over the Standard Station, Williams worked for Mead's Bakery and Montgomery Ward, but was anxious to make a business for himself and leased the filling station at the present location.

Standard products, which speak for themselves, are offered at Williams' station which also specializes in lubrication service and the washing of automobiles. Atlas tires, batteries and other accessories are sold by the station which also maintains a service for fixing flats.

According to Williams the best way to conserve your present automobile which must last for the duration, is to make certain that it is kept in good running condition with prompt attention when something goes wrong. Regular lubrication will keep the vehicle in better running condition and regular washing and polishing will retain the paint.

While Williams is interested in post-war plans for bettering his present business he is also interested in civic affairs of Big Spring. Williams is a member of the Big Spring Chamber of Commerce and a member of the Trinity Baptist church.

# Boston At Least Claims Brace Of Best Pitchers

By JOE REICHLER (Associated Press Sports Writer) Boston may not be represented in the world series next fall but it appeared today that the Hub possesses the major league's two outstanding gate attractions in Pitchers Dave (Boo) Ferris of the Red Sox and Mort Cooper of the Braves.

Ferris gained his sixth straight victory and his fourth shutout as he limited the Chicago White Sox to one hit, a single by Tony Cucinello, to help the Red Sox take a twin bill yesterday, 7-0 and 2-1. Emmett O'Neill turned in a two-hitter to complete the twin-triumph.

The Sox rookie righthander has drawn nearly 65,000 persons in three home appearances. In his Boston debut he lured 30,824 fans,

despite the fact that the Cronin-men had dropped nine of their previous 14 games. His second home effort was witnessed by 9,270, the largest weekday gathering at Fenway Park, and yesterday 24,547 were on hand. Cooper paid his first dividend to the Braves on their reported \$50,000 investment by blanking Cincinnati, 4-0, in the opener of a doubleheader with the Reds, who took the nightcap, 5-0, behind the three-hit pitching of Bucky Walters. Cooper, ace righthander obtained from the St. Louis Cardinals last week, gained his third triumph without a setback by holding the Reds to four hits.

The St. Louis Browns' winning streak of nine straight over the Yankees ended when New York won both games, 10-9 in 14 innings and 3-1. The second contest was called after seven and a half innings because of darkness.

The first-place New York Giants were humbled by Pittsburgh, 16-4, in the opener of a twin bill and were behind 10-5, at the end of seven and a half innings when the nightcap was halted because of Pennsylvania's 7:00 p. m., Sunday law. The game will be completed today before the regular scheduled contest.

Cleveland won its fifth straight and eight of its last nine games by defeating the Philadelphia Athletics, 8-3, in the first of a scheduled doubleheader. The nightcap was called off because of rain.

The last-place Philadelphia Phillies stunned the world champion St. Louis Cardinals twice on two finely pitched games, 2-0 and 3-2. Charley Schanz and Charley Sproull each gained his first triumph, with Schanz limiting the Redbirds to two hits in the opener. The double defeat dropped the Cards into the second division.

Detroit and Washington split, Hal Newhouse winning the first for the Tigers, 3-1, for his fifth triumph and Mickey Haefner out-dueling Forrest Orrell, 2-1, to give the Nats an even break. Rudy York hit his first 1945 homer for the Tigers in the first game.

The Chicago Cubs defeated Brooklyn, 6-1, in the first game and came out with a 2-2 tie in the second halted after eight innings by darkness.

# Employers Snap Up Young Workers

The fact that there will be few idle hands in Big Spring this summer was indicated when about 75 young people applied for jobs at the local U. S. Employment Service last week on the heels of the closing of school.

The majority of the applicants were boys, taking positions as refinery and railroad workers with others going into retail firms. About four girls had applied for positions in local businesses Saturday. Interviewees at the USES declared that there are still positions of the laborer type open and that applicants with stenographic training or experience can generally be placed.

Especially inviting to 1945 graduates is the chance of becoming an officer in the U. S. Merchant Marine by entering cadet-midshipmen training in the maritime service.

Requirements for entry into such service include an age limit of 17 to 23 years, 15 units from an accredited high school with courses in English, math and science, and a rigid physical examination.

Training includes four months as a seaman fourth class in a basic training school, eight months as seaman third class aboard merchant vessels, concluded with 12 months as second and first class seamen at the U. S. Merchant Marine academy at King's Point, N. Y.

Applications can be taken at the Big Spring USES, and should be made immediately in order to be eligible for the July examinations.

# PGA Looks To More Benefit Matches To Boost GI Aid Fund

WEST ORANGE, N. J., May 28 (AP)—The Professional Golfers' association plans today to conduct matches all over the country such as the Byron Nelson-Sammy Snead affair of last weekend to get funds for its rehabilitation program for wounded servicemen.

Snead defeated Nelson by a single stroke in medal play at Fresh Meadow on Long Island Saturday with 6,000 present, but dropped the match play competition, 4 and 3, before some 1,200 well-drenched spectators at the Essex County country club Sunday.

"Our program has been in progress since 1941, but now that many of our wounded are returning from Europe and from the Pacific, we are stepping it up. Every dime we take in on these matches, and others throughout the country, goes for rehabilitation, PGA President Ed Dudley asserted.

Both Snead and Nelson spent their spare time visiting various veterans' hospitals on last winter's golf tour. Nelson took eight titles on that junket while gathering in \$22,000 in war bond prizes. Snead took six and \$16,000.

**BARGAIN HUNTER**  
MILWAUKEE, Wis., May 28 (AP)—Owen Murphy, an internal revenue man, noticed the YMCA cafeteria marked its day-old pie cuts with a toothpick and sold them for half-price. He also noticed another diner who carried his own supply of toothpicks and thus obtained fresh pie for half price.

# Kentucky Derby Field Narrows

NEW YORK, May 28 (AP)—With less than two weeks to go before the 71st running of the Kentucky Derby the field has narrowed to where the winner is expected to come from a group of six horses.

This select half-dozen is made up of Col. E. R. Bradley's Burning Dream; Not O'Luck from Warren Wright's Calumet Farm; Alexis of Henry Lunger's Christiana Stable; Col. C. V. Whitney's Jeep; War Jeep from Elizabeth Graham's Main Chance Farm, and John Marsch's Free for All.

A dozen or more three-year olds are expected to face the barrier at Churchill Downs June 9, but if the victor in the \$75,000 added run for the roses is not one of these six the race will go down as a surprise. Wednesday's running of the mile and 70 yards of the Wood Memorial at Jamaica may further eliminate some of those now under consideration.

# SPORTS ROUNDUP

By HUGH FULLERTON, JR. STATE COLLEGE, Pa., May 28 (AP)—Opening day at Fisherman's Paradise was the usual huge success. . . Any angler could tell you that Paradise must be a place where the fish are big and where they always bite, and the aptly-named stretch of Spring Creek between State College and Bellefonte, Pa., fills that bill. . . When this observer dropped in last Friday some 1,500 anglers—a near-record total—had checked in to try their luck and skill on the mile and an eighth stretch and the ones who were leaving all carried trout.

The Hard Way Made Easy Fisherman's Paradise is completely hedged in by regulations and that may be why it also is hedged by casters, standing at about five-yard intervals along the banks, flicking their lines in blithe disregard of the safety of passers-by and of the snarls that result when two or three cast to one spot at the same time. . . Anglers may fish only with barbless artificial lures—and no "hard-ware" such as spinners; they get whacked with a \$20 fine for even having worms in their possession. . . No trout less than ten inches long—seven in the special women's section—may be kept and although as many as ten a day may be caught, only two may be killed. . . The project was begun eleven years ago as a model for stream improvement and a school for fly casting, but now it's mostly a place where Pennsylvanians can be sure of catching a couple of trout to eke out their rations. . . During the record season—which lasts only about six weeks each year—some 24,000 anglers took home more than four tons of trout.

# Conference Heads Down Homestretch

By JAMES MARLOW SAN FRANCISCO, May 28 (AP) The United Nations Conference is due to pick up speed right now. Since the conference opened April 25 the delegates have been scratching around, trying to work out a charter of rules and regulations for a new world league. It's been slow going because they want the league to last a long time and they have to be careful what rules they make. After the first few days—when there was a lot of color and many speeches—the delegates settled down to work. All the work here so far has been behind closed doors. What they did was revealed in two days—either by informal reports from some of the delegates or at press conferences where a committee chairman explained the progress made.

It's been a long, tough grind for everyone connected with the conference and everyone now is wishing for a quick end. At last the committees are finishing up their work, pasting together the last words and sentences assigned to them. This week committees will report their work to the commissions. There are four commissions and each has a number of committees working under it. There may be a little wrangling in the commissions but few, if any, sensations are likely.

**Shreveport Golf Title Goes To McGonagill** SHREVEPORT, La., May 28 (AP) Diminutive Jim McGonagill of the Shreveport country club won the Ark-La-Tex golf tournament yesterday, duplicating his 1937 and 1938 accomplishments. McGonagill defeated Air Student Wally Ulrich, U.S.A., 6 and 5 in the finals of the eleventh annual tourney. The tournament is sponsored by the Shreveport country club for players in Arkansas, Louisiana and Texas.

# To the People of this Community

Remember the Kid in Upper Four? He thinks about you, his home folks, even under the murderous fire of enemy machine guns. The kid came home the other day to receive a decoration. Unashamedly he recalled saying this simple prayer: "Father in Heaven, take care of Mom and Dad and my brother and sister and all the folks at home. Thanks for the food and water we have in this shell hole. Take care of my buddies. Take care of me. Amen."

In this case the kid's name was Private Ken Miller of Greensburg, Kan., veteran of two Jims. Private Miller won't mind if you substitute the name of your boy for his as the boy who prayed in a foxhole for the home folks. The link between foxhole and home is never broken unless you break it here yourself. Your fighting sons look to you in the 7th War Loan to demonstrate that you are helping them in one of the most direct ways open to you, the acquisition of the most War Bonds you have ever bought in any War Loan.

# These men can tell you why the 7<sup>TH</sup> WAR LOAN is the BIGGEST yet!

YOU ARE being asked to lend more money than ever before—in the 7th War Loan.

These men can tell you why.

They can tell you of giant ships ready to slide down the ways this year.

They can tell you of a whole new air force in the building—huge new bombers and fast new jet-propelled planes coming off the lines by thousands.

They could show you why it is cheaper and quicker to give our Pacific Forces entirely new equipment sometimes—instead of shipping tanks

and guns from Europe.

They can, in short, show you 101 ways in which your dollars are needed more than ever to bring America's might to its full strength—so that we may crush our foe the faster, make an end of killing, and bring our men back home.

## Will you tell these men "I can't afford to buy my share"?

THE GENERALS and admirals can show us why our money is needed—more money than before.

But other men can show us something, too.

They're the men with twisted, crippled limbs... with clever iron hooks instead of hands. The blind men... the men with scarred, seamed faces. And perhaps worst of all,

the men with blasted, darkened minds.

They can show us, clearly, how small is any sacrifice we make in lending money.

If you have an income, whether from work, land, or capital, you have a quota in the 7th War Loan. Find out what that quota is—and make it!

FIND YOUR QUOTA... AND MAKE IT!		
IF YOUR AVERAGE INCOME PER MONTH IS:	YOUR PERSONAL WAR BOND QUOTA IS: (CASH VALUE)	MATURITY VALUE OF 7TH WAR LOAN BONDS BOUGHT
\$250	\$187.50	\$250
225-250	150.00	200
210-225	131.25	175
200-210	112.50	150
180-200	93.75	125
140-180	75.00	100
100-140	37.50	50

President Man Of Decision

Whatever else might be said about this man Harry Truman, it cannot be said that he is letting grass grow under his feet. In the few weeks in which he has served as president of the United States, Mr. Truman has achieved a record of forthright action, one of working with great energy and decision. Doubtless some of his decisions and some of his choices for appointments will not prove too happy if human history repeats, but the dispatch with which he has dealt with problems must be admired. We believe that Mr. Truman could have done nothing better to reassure the nation during this crucial period than to demonstrate that he is a man of decision. On an international scale, it is now certain that he will go to the Big Three meeting with more prestige and weight than his high position would have bequeathed to him. Mr. Churchill and Marshal Stalin doubtless will be expecting to deal with a man who will tell them what he thinks of almost any proposition which will be injected into their talks.

The War Today

by Dewitt Mackenzie AP Foreign News Analyst

Our rapidly growing aerial assault on Japan is going to give us a demonstration of the efficacy of air power such as the world never before has seen. One of the main factors in Hitler's downfall was Allied air superiority. The devastation wrought over Germany during the last year of the conflict was paralyzing. Yet it's disclosed in Washington that in the next year Japan will be deluged by more than twice as many bombs as tore the heart out of the reich during the past twelve months. The famous American Eighth Airforce, which raised so much hell over Germany and Italy, will be transferred to the Pacific under command of Lt. General Jimmy Doolittle, who led the first raid over Tokyo in April of '42. Other air-power will be sent to the Orient as well.

Face Facts Realistically

There were reports over the weekend that ship movements on the China Sea indicated that Japan was transferring industry to Manchuria. Of course this was tied in with the reports of devastation spread over Tokyo from two massive fire bomb raids during the past week. It made good copy to say that the Japs were being freightened into moving their industry to the mainland of China. However, this strikes us as a mighty shallow bit of rumor-mongering. If the Japanese are just now getting around to moving industry to Manchuria, then they are a lot more stupid than most everybody imagines. Truth of the matter is that the Japs probably have been concentrating their heavy industry on the Chinese mainland for quite a long time.

Texas Today—

International Livestock Market For 100 Years Forecast By Agent

By ELIZABETH HURLEY (Written for the Associated Press) An international market for Texas livestock that would be good for 100 years can be developed now if the state's cattlemen and farmers seize the opportunities of expanded research and modern methods of producing fine breeds. That is the opinion of County Agent George R. Warren of Denton county, who recently talked to the Dallas Agricultural Club on the topic, "Why We Have Scrub Livestock." Warren, who has just completed a survey on scrub livestock, sets forth the reasons why low breeds of cattle are scattered throughout many counties of the state; then explains corrective measures necessary to put Texas livestock on the world map for a profitable postwar market.

All of this of course gives rise to the question of whether such concentrated bombing might force Japan to capitulate. That's something which nobody can answer short of the event. Things are looking up some for the Chinese. Their capture of Nanning, inland port in southern China near the French Indo-China border, will be a tough blow to the Japanese if Generalissimo Chiang Kai-shek's men can hold it. That cuts the Japanese lifeline from French Indo-China, Siam and the Malay peninsula. This line has been a feeder for the great Canton-Hankow-Peiping-Harbin railways which has handled supplies for the Japanese forces clear from southern China northward into Manchuria.

The Timid Soul

With The AEF: Big Job To Protect Supplies For Soldiers From Theft

By CYNTHIA LOWRY (Substituting for Hal Boyle) ANTWERP, (AP)—The United States army understands it is hard to handle food and clothing when you're hungry and shabby, but it is bending every effort to halt the pilfering of its supplies. Thousands of French and Belgians, hired as laborers in supply depots, find it difficult to resist temptation when confronted with huge quantities of things they need so badly. "The poor devils," said one port officer as we watched long lines of shabby workmen being searched by military police. "They haven't got anything—even enough food. Then one day they start unloading a shipload of candy bars, canned meat or cigarettes. I think under the same circumstances I'd do almost anything to get hold of a can or two to take home to the kids."

Washington Merry-Go-Round—

Truman's New Cabinet Personalities

By DREW PEARSON WASHINGTON — In picking Tom Clark as his new attorney general, President Truman followed his old yen for exposing war frauds. Clark, astute, crusading former head of the justice department's war frauds unit, has a notable record, had prosecuted some of the cases which the Truman committee first exposed. . . . Also he originated many cases of his own. Clark prosecuted the Anaconda Copper company three times for manufacturing faulty wire for the armed forces; also moved against the Durham manufacturing company of Ft. Wayne, Ind., for covering up cracked shell bases made for the navy; also convicted one company in Truman's home town, Kansas City, the Baker and Lockwood company, for war frauds against the air forces. Clark has served as assistant attorney general in charge of anti-trust, succeeding trust-busting Thurman Arnold, and later as assistant attorney general in charge of the criminal division. . . . If the big city bosses who put Truman across at Chicago are looking for someone to pull their chestnuts out of the fire in the justice department, they may have a hard time with young Clark. He once indicted one of the men who nominated Roosevelt at Chicago in 1932, ex-Governor James Curley of Boston, now a congressman.

Reporter Checks Model Behavior

By BOB THOMAS HOLLYWOOD—Paramount has assembled ten glamorous models, called the Stork Club Orchids, to put on a fashion show in "Stork Club," a story about the New York watering place. So I dropped in on them to learn a few things about the modeling business. And let the telephone numbers fall where they may. First I approached Marie Ieide, a brunette with flashing eyes. She was wearing what appeared to be a pair of loose-fitting black pajamas, plus an attached skirt made of leopard skin. It looked fantastic to me, but no doubt it is tres chic, as they say in the glossy women's mags (I read everything).

Man From Missouri Shows 'Em

By JACK STINNETT WASHINGTON — President Roosevelt has been referred to often as the greatest "practical politician" of our time. Since he swung the electorate for four consecutive terms, there can be very little argument to the contrary. But political observers here now are saying: "When it comes right down to practical politics, we give you President Truman." There are few persons who know the real inside of what happened in the case of David Lilienthal's nomination for another nine-year term as director of the Tennessee Valley Authority. Those persons aren't talking.

Commission Snags On Trial Issues

By ALEX SINGLETON LONDON, May 26 (AP)—Secret disagreement within the publicity war crimes commission on plans for trial of accused Germans was disclosed by a responsible informant today on the eve of a United States' move to settle the issue. This informant, who cannot be identified, said that the disagreement on procedure among the 16 member nations—Russia is not included—was the chief reason formal steps have not been taken against a number of notorious Nazis now in Allied hands. The dispute appeared to center around the question whether the accused Germans will be tried before a military court or an international civil tribunal. The argument is complicated by lack of Soviet participation in the commission and by conflicting claims of member nations for local trials of various Nazi bigwigs.

Oil Worker Honored

ODESSA, May 26 (AP)—The president's medal offered by the National Safety Council for those who successfully resuscitate by the Schaeffer prone pressure method has been awarded W. E. Sims, oil company employe, for saving the life of Wesley Gross in an oil well accident, March 10, 1944.

Cub Parley Called

A meeting of parents and adults interested in the reestablishment of an Ellis Homes Cub Scout den was called by Cubbing Commissioner D. M. McKinney for Wednesday at 8 p. m. in the recreation hall. At that time a den mother will be named. McKinney stated that the den was forced to disband early in the spring when there was no one for den mother for the group. The Scala palace in Verona was the home of famous poets and artists under the rule of the Scaliger family, 1260-1387.

Dead Or Alive, Hitler May Go To Trial SUPREME HEADQUARTERS, Allied Expeditionary Force, May 28 (AP)—Adolf Hitler, dead or alive, may be tried in absentia as a war criminal.

The war crimes commission will have to decide whether a trial will be held, but there is a feeling in some quarters that such procedure will be ordered. If a trial is ordered, it probably would be on the assumption Hitler still is alive, and in that case he would be given adequate notice to appear.

Water Released To Float Stranded Boats DENISON, May 28 (AP)—A swell of water, released through Denison dam, moved down the Red river today to aid two Denison-bound invasion boats stranded in low water 15 miles below Bonham.

Food and water were flown yesterday to crewmen of the landing craft, enroute up river from New Orleans to participate in a Seventh War Loan show on Lake Texoma June 3. The boats ran into shallows Saturday.

The tide from the dam was expected to free the boats in time for them to reach Denison tonight.

Bids Received For Farm Equipment

FORT WORTH, May 28 (AP)—Written bids will be accepted today in the largest synchronized

spot sale of construction and farm equipment ever held in the United States as buyers from 500 firms from over the nation make purchases through the office of surplus property.

The three-day sale will release 3,000 pieces of critically needed heavy machinery and 200,000 accessories from military to civilian use.

JUDGES SET DATES ABILENE, May 26 (AP)—Officers of the West Texas County Judges and Commissioners association voted today to hold the annual convention here Sept. 13-15.

**ROUTE BOYS RECOGNIZED FOR BOND SALESMANSHIP EFFORTS**

Community leaders Monday noon honored Herald route boys for sale of \$13,848 in war stamps and bonds at luncheon at the Settles.

Premier honors went to Ernest Potter, who sold the equivalent of 90,066 in 10-cent war stamps. Next was Holly Bird with the equivalent of 47,210 of the stamps and third was James Boatman, who sold an amount equal to 4,847 in

**Doorstep Babies Dumped On Allies**

WITH THE U. S. THIRD ARMY, May 28 (AP)—Sick, undernourished and homeless, 25 eight-week-old babies were left today on the doorstep of the 134th medical group at Pilsen in Czechoslovakia.

The pitiful war waifs were suffering from tuberculosis, ear infections or enteritis—inflamation of the intestines. It was believed that they were brought through the Russian lines from Prague by nurses.

There was no information on the parentage or nationality, of the babies. One died soon after reaching Pilsen. The others were in a serious condition.

Yet babies and children are only one of the many problems facing the 134th medical group, which is administering civilian and military hospitals throughout American-occupied Czechoslovakia.

With the personnel equivalent of only one general hospital, the 134th is administering what amounts to 28 general hospitals, or 26,630 patients.

**Selectees Accepted On May Draft Call**

Margaret McDonald, chief clerk of the local Selective Service board, announced Monday the names of selectees accepted for military service on the May induction call.

Accepted for the army were Genaro Garcia Salazar, Walter Prestis Bass, leader, Willis F. Kennedy, James D. Thomas, Jr., Francisco L. Lujan, Francisco V. Torres, James L. Switzer, Roscoe O. Row, transferred from local board 2, Mexia and Harry J. Faircloth, transferred from local board 1, Alexandria, La.

George Clifford Godfrey was accepted for service in the navy.

Sunday a group of selectees were shipped for pre-induction physicals.

**Coalition Breaks Up In England**

LONDON, May 28 (AP)—The Coalition government broke up formally today when labor ministers, headed by deputy Prime Minister Clement Attlee, handed in their seals of office to the king at Buckingham Palace.

King George passed the seals on to members of Prime Minister Churchill's new "caretaker" government which will serve until after the July 5 elections.

Former coalition members who turned in their seals and will join Attlee on parliament's opposition benches tomorrow included A. V. Alexander, first lord of the admiralty; Sir Archibald Sinclair, air minister; Sir Stafford Cripps, air production minister; Herbert Morrison, home secretary and minister of home security; Ernest Bevin, labor minister; and Sir William Jowitt, minister of national insurance.

**Pineapple Fails To Arrive On Schedule**

Howard county's order of 330 dozen pineapple due to arrive in Big Spring Sunday for distribution today, failed to arrive because of difficulties in train transportation in Old Mexico.

Miss Rhea Merle Boyles, home demonstration agent, said Monday that she was notified Sunday that the shipment would be delayed, but would probably arrive during the week.

**Knitted Garments Completed By RC**

Two boxes of knitted garments completed by the Howard-Glass cock Red Cross chapter have been completed and shipped to Red Cross warehouses in St. Louis, Mo., Mrs. Moree Sawtelle, executive secretary, announced Monday.

The shipment represents 275 knitted garments completed by local workers and included were v-neck sweaters, mufflers, knee bands, gloves and helmets.

**Mrs. H. Crockett Gets Purple Heart**

Mrs. Henderson Crockett received the Purple Heart Saturday which was awarded posthumously to her husband, Tech. Fifth Grade Henderson Crockett who was killed Feb. 22 on Iwo Jima.

Crockett had been in service 16 months with nine months of his time spent overseas. He received his basic training in Indian Town Gap, Pa. and his overseas training at Camp Gordon Johnston, Fla. He was with the 473rd Amphibious Trucking Unit.

Mrs. Henderson resides at 505 Northwest Fifth and his mother, Mrs. Lizzie Lacy lives in Hubbard.

**Parents Of Daughter**

Mr. and Mrs. L. M. Gary, Jr., are the parents of a daughter born Sunday at 12:10 a. m. in a local hospital.

The infant weighed seven pounds, 15 ounces at birth and has been named Nancy Margaret.

Mrs. L. M. Gary, Sr., is paternal grandmother and Mr. and Mrs. W. R. Douglass are maternal grandparents.

**Rent Office To Close For Inventory May 31**

The Big Spring area rent control office will be closed May 31 through June 2, it was announced Monday by Wallace Law, local director.

Employees will take inventory which has been requested by the national office and customers are urged to transact business before or after the closing date.

**Thousands See Planes**

DALLAS, May 28 (AP)—A crowd estimated by army officials at 75,000 jammed parking ramps at the Love Field Fifth Ferrying Group base here yesterday to see a display of 15 different ships flown by ferry pilots. The occasion was an open house celebrating the fourth anniversary of the army's air transport command.

**Eight Air Units To Be In Pacific**

WASHINGTON, May 28 (AP)—Eight American army air forces will be deployed against the Japanese when Lt. Gen. James H. Doolittle transfers operations of his bombers to the Pacific.

A survey today of far eastern air power in connection with the weekend announcement that Doolittle's air force is moving from Europe to the Pacific, shows these units will be waging strategic and tactical war against the Japanese: Fourteenth Air Force in China, Tenth Air force in the Burma-India theater.

Fifth and 13th, comprising the Far Eastern Air Forces in the Southwest Pacific, including the Philippines.

Seventh, originally based on Hawaii, now operating 1,500 miles to the west from captured enemy territory.

Eleventh, conducting operations against Japan's northern Kurile Islands from bases in the Aleutians.

Twentieth, attacking the Japanese home islands with giant bombers based in the Marianas.

These army forces are in addition to the Aerial armadas operated by the navy and marines—carrier-based, land-based and long distance flying boats.

**Further Delay In Pearl Harbor Trials Advanced In Senate**

WASHINGTON, May 28 (AP)—Legislation further deferring courts martial for any negligence of duty in the Pearl Harbor disaster of Dec. 7, 1941, was approved today by the senate judiciary committee.

The resolution by Senator Ferguson (R-Mich.) postpones until six months after defeat of Japan the statute of limitations for any prosecutions.

The statute would expire June 7. It has been advanced several times by congress beyond the ordinary two-year expiration. The armed forces asked for deferment, the navy particularly contending that any information made public might be of benefit to the Japanese.

War Secretary Stimson and Navy Secretary Forrestal announced last Dec. 1 that army and navy boards of inquiry had discovered no grounds for any court martial proceedings.

**BUSY CITY COURT**

Judge Tracy Smith heard 30 cases in police court Monday morning following an active weekend for policemen. Seventeen of the cases heard were for drunkenness, and eight men were charged with gambling. Two were arrested for stealing gas, one person was charged with affray and two women were picked up for VD check-ups.

**House Revives Gas Tax Hike**

AUSTIN, May 28 (AP)—In a surprise move the house today revived and sent to the senate a bill increasing the state gasoline tax from four cents to five cents per gallon.

The bill failed on final passage weeks ago, but proponents gained sufficient votes today to reconsider that vote. That again brought the bill before the house on final passage and it was approved, 64 to 52.

The additional gasoline tax revenue would be allocated three-fourths to construction of lateral roads and one-fourth to the available school fund. Sponsors estimated it would produce \$9,000,000 annually for roads and \$3,000,000 for the school fund.

How the bill will fare in the senate in the closing days of the session was debatable.

Processing of a house approved bill outlawing the closed shop in Texas and of a senate resolution submitting a constitutional amendment providing for re-location of the University of Texas Medical school received sharp setbacks today.

The senate refused to take up either measure.

Conference committee versions of the higher education and vocational education appropriations bills were laid on the desks of house members this morning, and copies of the rural aid and departmental bills were scheduled to be ready later in the day.

The house may vote to set aside its rules and begin immediate consideration of these if it wishes. Final passage of these and other major appropriations bills remains as a major barrier to final adjournment.

**Half Million Tires Available In June**

WASHINGTON, May 28 (AP)—Two million passenger car tires—an increase of 500,000—will be available in June, but that amount still will fall short of meeting demands.

An increase in next month's ration quota will "help a lot," said OPA Ration Chief Max McCullough. He added, however, that a backlog of 500,000 to 600,000 applications for castings, low inventories and a seasonal increase in tire failures will make the quota inadequate.

OPA estimates that a 2,000,000 allocation will have to be maintained several consecutive months before any new tires can be made available to "A" card drivers.

**AAA Program To Be Discussed At Meet**

The current AAA program, which has recently undergone changes, will be discussed by county and community committees when they convene at the local AAA office Tuesday.

The session is slated for 1 to 5 p. m. and all members of both groups are urged to attend.

**Home To Roost—Germany Faced With Serious Food Shortage**

By DANIEL DE LUCE

15TH ARMY HEADQUARTERS, May 28 (AP)—The serious food situation facing the German people was emphasized today by an official 15th army news release declaring there were only sufficient supplies on hand to last the civilian population "possibly through the month of June."

"Military government officers believe that the collection, distribution and provision of the minimum food required for civilians is now the most critical problem in occupied Germany," the statement said.

Contributing to the situation, it added, is the fact that "displaced persons have been largely supplied with food from German stocks rather than from imports."

"As a result," the statement added, "surplus food stocks no longer exist in any substantial quantities."

An intensive food production program is essential, "if even the minimum requirements for the population are to be met," the release continued.

In an effort to cope with the situation, the Allied military government was reported distributing 23,000 tons of seed potatoes and 1,500 tons of imported seed wheat.

In addition, 678 tons of miscellaneous farm and garden seeds—of which 66 tons have been imported—are being distributed.

**Civilian Goods Output May Be 30 Per Cent Above 1939 In Year**

WASHINGTON, May 28 (AP)—The United States is headed for production of civilian durable goods a year from now about 30 per cent above the 1939 rate. Durable goods includes such items as automobiles and household articles, as distinguished from food and clothing.

Chairman J. A. Krug, submitting his estimate to members of the war production board last night, added that a huge pent-up demand provides the foundation for "a strong transitional economy" during reconversion.

**CAN'T HURT HER**
