Eagles Defeat Brady 14-0 In Second Game Of Season

Eldorado defeated Brady at Brady last Saturday afternoon 14 to 0. It seemed that Brady thur their chances by being over-confident. We kicked off to them, but they failed to make first down and punted so we took the ball and marched to their 5-yard line where we lost the ball on downs. They punted out and we went back to the 4 or 5-yard line and lost the ball on a fumble. They punted out again, (it was almost blocked) and we carried it back and Junior plunged over for a touch-down, then kicked the point.

In the second quarter we carried the ball about 40 yards on passes and cut-backs by Junior and Joe for another touch-down, when Junior went over on a sneak without anyone touching him. This ended our scoring, although just as the second half started a pass from Joe to Richard Jones carried to the 5-yard line, where Brady held for downs. They came back strong in the last part of the game and threatened twice, but were unable to get over. They didn't make a first down in the first half and didn't cross the 50-yard line until the second half. We had no individual stars, but the blocking and passing combined carried it down almost at will. We made 14 first downs to their 5, completed 6 passes with nine incomplete and one intercepted. They completed one pass, had three intercepted, and about 12 incomplete. We used 20 men in the game, and at times only had three or four regulars in the game.

We are hoping that Eldorado doesn't get in the same frame of mind that Brady was, as it will cost us the same way. Our next game is a conference affair with Sonora at Sonora next Saturday, October 14, at 3 o'clock. Let's all go and back the team. They will need it. We had about 21 cars to go to Brady with us and everyone enjoyed it.

The starting line-up for Eldorado was:
Left end, Billie Kerr; Right end, Aris Carr; Left tackle, Alton Page; Right tackle, Bill Smith; Left Guard, Jack Shugart; Right Guard, John I. Jones; Center, W. B. Gibson; Quarterback, Joe T. Hext; Halfback, Milton Spurgers; Halfback, R. J. Alexander; Fullback, Junior Isaacs.

Substitutes: Raymond Reynolds, Gaylon Casey, W. C. Spurgers, Felix Susen, Richard Jones, Marshall Davis.

Connally And Thomason Speak In San Angelo

As announced in last week's Success Congressman Thomason and Senator Connally spoke in San Angelo Monday night at the City Auditorium to a well filled auditorium.

Senator Connally spoke in defense of the National Administration and the work it was accomplishing under the Blue Eagle. Senator Connally said it had to work, was working and would continue to work for the good of the American people. He sited the advance in wool, sheep, cotton and farm land over last March prices and said what man among that is not better off than he was then.

Congressman Thomason drove all the way from El Paso to attend the meeting and he too made a short but impressive talk. He thanked the people for their support in the past, and expressed his regrets that 18 counties at this end of the big 16th District had been cut off from him. He said that if he were re-elected he would cooperate and help the congressman from the 21st district and be helpful to the people here in every way he knew how.

Quite a few of Eldoradoans went to the speaking at San Angelo to hear these distinguished speakers.

MRS. T. H. MOORE DIES SUDDENLY

Mrs. T. H. Moore, who has been residing in our city for a number of years, dropped dead in her yard or on the porch as she was trying to return to the house from the yard Friday evening October 6th, at about five thirty o'clock.

Mrs. Moore was born in Washington County, Texas, March 18th 1858, at Longpoint. She was married to G. W. Smith in 1873 and to this union was born three children, two daughters and a son, Mrs. D. E. De Long. Mrs. T. H. Johnson and G. W. Smith, Jr., Mr. Smith died and after a widowhood of several years she was united in marriage to Mr. T. H. Moore at Coleman, Texas, moving to the Christoval Community some 35 years ago and it was there that the writer first came to know her. To this last union was born Mrs. Edith Meador. All of her children survive her.

Mrs. Moore joined the Methodist Church early in life and was a faithful member to that institution for many years, being of the west, her home was always open to the wayfaring traveler who always found a refuge in her home. Mr. Moore, her last husband, was buried in the Eldorado Cemetery several years ago, having suffered several years before his death, but had the care of a loving companion in his last days. Mrs. Moore was of a jovial disposition and made friends with who ever she came in contact.

Services were held Saturday afternoon at the First Methodist Church, her pastor, Rev. Marshall, assisted by Rev. F. G. Clark, a former pastor, and the Rev. J. L. Ratliff, former pastor of the Baptist Church here. A beautiful floral offering was presented and the remains were laid to rest beside her husband in the Eldorado Cemetery just as the sun sank into the western horizon.

The funeral director was from the Eldorado Funeral Service which took charge at the home.

LION CLUB NEWS

The Lions Club met Wednesday at Hotel Eldo in regular luncheon hour with a goodly number of Lions present.

Miss Maxine Wilton was an honor guest and entertained with two selections of music.

Glenn Ratliff responded to the entertainment Committee request on a short talk on Fire Prevention in our city, as this is National Fire Prevention Week. The club enjoyed the talk and its contents is badly needed in our city, and the following committee was appointed to co-operate with the City Council in trying to perfect an organization to take care of Fire Insurance premiums and also lay water mains in our city for Fire Protection.

Glenn Ratliff in his talk gave the information that the school in its work here is teaching Fire Prevention and having two Fire Drills each month had reduced the key rate here 3 per cent. Rev. Frazier was present and gave a good talk on schools and churches which was enjoyed by all present.

Sonora Entertains District Lions Tuesday Night

Tuesday evening about 23 Lions of the Eldorado Lions Club left about 6:00 o'clock for Sonora where the Group No. 23 was to hold a district meeting. Group 23 consists of Tom Green, Sterling, Sutton, Crockett, Kimble, Edwards and Schleicher Counties, all of which had representatives at the meeting except Edwards and Sterling.

The meeting was opened by the President of the Sonora Lions Club, who in turn turned it over to the program committee for a few choice selections of music. Then the District Governor, Arthur Baird of San Antonio being present for the occasion made his address, and was one of the best addresses this writer has had the pleasure of listening to in several moons. His first remarks were in defense of the NRA telling of the wonderful work it was doing and how it was bringing America out of the Depression. He then turned his thoughts to the great work of Lionism and discussed for some 40 minutes the work and good Lionism was doing for the country, and the needs of the people in these times of depression. He said the trouble of the American people was that there was only about 5 per cent of the people thinking. Ten per cent were copying after the five and 85 per cent were not even thinking, just following the crowd. This, he said must be changed that any people that did not think for themselves would soon degenerate and become a burdensome tribe. The speaker can truly be known as the silver-tongued orator of the Southwest.

After his address on Leadership, the meeting was turned over to E. C. Hill, who is district chairman of Group 25. He then called for reports from the different clubs and the good work that Lionism was told by each representative of the clubs present, and one read from Sterling City. The Lion Clubs seem to be the community center of accomplishing things in each of the counties represented and from the reports read a good work has been accomplished. The Eldorado Lions Club has been instrumental during the past twelve months in receiving and handling around \$3,000.00 for this county besides the money they raised and spent of their own. The money has been handled and spent without cost to the Government or State, with the exception of a few dollars for actual expense. It does us good to hear these reports and make us feel like we belong to a real organization that has accomplished things worthwhile and the money it has cost us has not been in vain. We consider the work it

The Spirit Of Love

"God is love." So said a man who knew. It was the aged John. "My little children," he said, "God is love; and who so loveth dwelleth in God, and God in him." Let me call your attention to a poem. It is a very old and well known poem. You may not think of it as a poem; but it is a poem just the same. This poem has two titles. Some times it is called "The Thirteenth Chapter of First Corinthians," and sometimes the title is given as "Love." It is a poem in prose form. Whenever I think of this poem I visualize it without chapter heading or verse separations. I think of it as occupying the center of a clean, white page. There is where it belongs. Now, think through that poem just a moment. Stop right here and recall what is claimed for love. You have done that. Well, you are ready for the closing sentence, "Now abideth faith, hope, love, these three; but the greatest of these is love."

Honestly, what do you think of this poem? Mr. Controversialist, stirring up strife and hatred among your brethren, what do you think of this poem? Mr. Critic, with your bitter criticism and faultfinding, how about this poem? Mr. Statesman, with your pagan talk about the "defenses of the nation," what is your judgement of this poem? Mr. Reader, whoever you are, whatever your difficulty, have you tried love? Dare you try it? Have you the courage? It is the world's greatest remedy. It is Christ's way—the last word. And God has given it to us—the spirit of love. Let us remember that it takes no brains or religion to find fault.

W. H. Marshall.

Eldorado Eagles Trounced Brady Bull Dogs

Saturday morning we accompanied the Eldorado Eagles to Brady to witness the football game between Eldorado and Brady and also visit.

It's needless to say we enjoyed the game because of the good showing that our boys made and the sport in which they displayed it.

It was a fine game from the very beginning and a surprise to the Brady folks. They started off some of their second team, thinking the game would be easy but it was only a few minutes before they put in their best and then needed some more as most of the game was played on the Brady end of the ground. Eldorado making two touch-downs and kicking two extra points making their score 14-0.

The Brady Bull Dogs got to the five yard line twice in the last half but never could put the pigskin across. Eldorado threatened to score on two other occasions, but failed to cross the score line.

SCOUT HALL DEDICATED

Last Thursday night the new Scout Hall held its dedication service at the Hall. Several out of town visitors were present for the service among them being Houston Hart, Publisher of the San Angelo Morning Times, who is also President of the Council. The services were opened by Prayer by Rev. Frazier, which was followed by singing America, led by R. L. Parish.

The local Scouts then put on some demonstration work showing the arts they had accomplished since they became scouts in tying knots, signaling, first aid and other scout activities.

A deed from the Eldorado Townsite Company, who donated the lot to the Scout Organization, was presented to Houston Hart for the property at the closing of the service. Don McCormick is the Scout Master and Judge J. A. Whitten one of the local directors, assisting him in promoting the scout work, assisted by others including the local Lions Club.

The following scout awards were made.

Tenderfoot badges were awarded to Banning Wade, James Sample, Willie Bridges, George Williams, Jr., James Tisdale and Jack Jones.

Second Class badges were awarded to Jim Tom Roach, T. C. Casey, A. J. Friess, M. C. Laird, Bob Bradley, Dan McWhorter, John McWhorter, T. Ballew, Hugh Craig, Jack Rape, Charles Ratliff and Patton Enoch.

Sonora boys who received badges were: Lloyd McGhee, Reginald Trainer and Kenneth Babcock. Trainer received a star scout badge and Babcock Life Scout Rank.

In addressing the people present Mr. Hart said, "That if San Angelo had as much money per capita invested in Boy Scout plant as Eldorado it would have to spend \$50,000 and that Dallas would require \$600,000 to be adequately provided for. He said that character was the one thing that was most needed in modern life, and that all the agencies of the government were incapable of providing this essential element of manhood. He said the Boy Scout movement was a character building enterprise and that Eldorado and Schleicher county would receive benefits for years to come from the boys who are now and will be trained here."

OCTOBER 13, 1933.

The Schleicher County Cotton crop is drawing near to a close for this season. The crop has already reached beyond all expectations, running around 2,000 bales as we go to press. This however, is a small crop for this county but the yield has been better than expected, on account of drought and the destroying of one third of the crop.

It was real amusing to sit in the grandstand at Brady and watch those Brady folks almost lose their breath when the Eldorado Eagles flew down the sidelines with that pigskin under their arms. But Brady should not be surprised, our sheep and cattle win state prizes and why not our boys and girls be winners.

The Success is very thankful for the response that is being made on our subscription list. We have one of the largest circulations of any weekly paper in this section of Texas and am proud of our readers and appreciate the fact that you have remained with us through these years of depression. We depend on our circulation to benefit our advertisers and have tried to put The Success in Every home in this trades territory. We give you the news that is news and try to make our information reliable. Sometimes we are misinformed on things. Read The Success for the news and patronize our advertisers if you want The Success to be the County Paper that you wish to see.

The time is soon coming when we will all be called on to help in some way to combat tuberculosis in our state and nation, the seal sale will soon be put on and when it does come everyone should buy a few and help fight this disease that has probably destroyed more youth than any one thing in all the world.

IN MEMORIAM

"Twilight and evening bell
 And after that the dark,
 And may there be no sadness of
 farewell,
 When I embark."

Mrs. T. H. Moore was born March 13, 1858, and passed to her heavenly home October 6, 1933. She,

"Who had learned along the way
 Primrose path or stony steep,"
 was ready for the evening bell,
 and with a smile could say,
 "May there be no sadness of
 farewell,"

For, "What have you more wise
 to tell,
 When the shadows round me
 creep?"

All is over, all is well,
 Now I lay me down to sleep."

She was a loving and faithful mother, and a grandmother of unusual beauty. To her friends she always gave a welcome smile, and they left her presence feeling that they were on a higher plane. The beauty of her soul had touched their lives. May her influence continue throughout the coming years. She is,

"Not lost, not dead, not gone,
 nor even sleeping,
 Tho we have lain her in the
 grave with weeping;
 No sharp despair our chastened
 hearts can fill,
 For, she is with us still."

"O mystic fellowship divine
 Bound by one prevailing sign!
 The altar spans death, icy tide,
 The dead seem kneeling at our
 side."

To her loved ones,
 There is a calm for those who
 weep,
 A rest for weary pilgrims found
 Low in the ground."

They softly lie and sweetly sleep

TOM KETCHUM CONVICTED OF TRAIN ROBBERY BUT LOOKED ON AS HERO

Many of Southwest's Bad Men Praised By Those Who Knew Them In Old Days

CLAYTON, N. M., Oct. 6.—The west's bad men still are looked upon as heroes.

In the romantic southwest, where legend sometimes means more than history, a reputation for daring and the ability to handle a six-gun live after a man longer than outstanding statesmanship or deeds of philanthropy.

Take the case of Tom Ketchum, better known to the pioneers of the west as Black Jack, convicted train robber and accused slayer of many men. When Ketchum was decapitated by the hangmen's noose in Clayton in 1902, after his conviction for an attempted robbery, single-handed, of a mail train, the citizens refused to permit his burial in the municipal cemetery and his body was dropped into a grave on a wind-swept knoll a mile away. One other outlaw and a negro were his only "neighbors" on the hillside plot.

Legend, often repeated, however, made the bandit popular with succeeding generations. Fired by the stories of his deeds, the public literally beat a path to his grave. Old timers, whose hatred for the outlaw had waned, finally asked for authority to exhume the body and remove it to the city cemetery. The plea was granted and markers now direct visitors to the new mound which holds his bones.

Extensive ceremonies attended the removal of the body. Those who had first-hand information of his activities and who witnessed the gruesome execution, told stories of his bravado—how he spurned the priest and asked for a "fiddle and dance;" his final request to be permitted to "shave the district attorney;" his plea for speed in order that he might be "in hell for dinner;" and his command to the hangman to "let 'er go—

LEGISLATURE TO PASS BOND MEASURE

Special to the Success:

Austin, Tex., Oct. 7.—After a week of almost continuous labor on the provisions of the bill to effectuate the bond relief program of the state, the senate subcommittee of the whole reached an agreement on the measure which is expected to be passed by both senate and house.

The subcommittee, composed of Senators Woodward, Small, Rawlings, Martin and Reddit had before it the task of reconciling divergent views and succeeded admirably.

The measure provides for a \$7,500,000 issue, one fifth to be kept in an equalizing fund; sets up an entirely new control, independent of the state administration, and including heads of the various regional Chambers of Commerce of the state, gives endorsement to the principle of public works through lateral roads and employment thereon, makes the commissioners' courts the agency for the selection of active distributing county relief agencies with a veto power vested in the state commission, limits the dole to the actual amount of distress in each county, brings into the public works program the municipalities of the state and provides

"I'm ready."

A girl, among the hundreds who attended the ceremonies, grabbed a shoe, containing the remains of one foot, as it rolled from the decaying wooden coffin and kept it for a souvenir.

Jack Potter, an acquaintance of Black Jack, who is now a member of the New Mexico legislature, placing a spray of flowers on the casket. His card bore the inscription: "To a cowboy and trail driver who went astray."

Few are the old-timers in the southwest who do not claim—with pride—an acquaintance or even a friendship with Black Jack, Billy the Kid, the James boys, the Daltons, and other bad men of their time.—Standard Times.

DIZZINESS

relieved by Black-Draught

"I decided to take Theford's Black-Draught, as I had been having bilious spells," writes Mr. Charles E. Stevens, of Columbus, Ind. "When I get bilious, I feel sleepy and tired and do not feel like doing my work. It is hard to tell how I feel, but I do not feel good. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better—don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling."
 Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

that expenditures on public works, after being approved, must show 70 per cent expenditure for labor and 30 per cent for material.

The measure came into the senate at the close of the next to last week of the session but the agreement on it of all group was apparent.

The bill originally framed by Senator Walter C. Woodward of Coleman, chairman of the senate committee on jurisprudence who advocated a setup entirely divorced from any existing political agency and does not differ materially from measures presented by other senators.

Senator Woodward who recently announced his candidacy for attorney general in the primaries next year, said that in his judgement the bill represents the best consensus of all shades of thought on the setup and that it will function efficiently for the need of the state to end

distress to provide employment along constructive lines.

TRIP TO BRADY

By Dee DeLong
On Saturday, about eight o'clock, the football boys gathered at the schoolhouse and left for Brady. The pep squad also went and about fifty town people. In all about twenty-four cars of people went from Eldorado. The representation from Eldorado at Brady was very pleasing which goes to show that the town is behind the team. We hope that the pep squad will give us that good backing at Sonora. The trip to Brady was enjoyable to everyone.

NEW TYPEWRITERS

Louise Boyer
Two new typewriters have been installed lately making a total of ten. We now have five typewriters which are practically new.

The arrangement of classes has been changed. There are now four classes of ten each instead of five with eight each making a total of forty students. There are more taking typing this year than there has been in several years.

GRAMMAR SCHOOL NOTES

By Minnie Logan
We have fine prospects for the next few years in the grammar grades. The seventh grade has thirty-four pupils enrolled, of which only three are from other schools. Although, with such fine prospects for the future in the seventh grade there was only one out of thirty-four on the honor roll, Dorothy Jarrett. They are also learning to debate as they have already had two debates in the first month of school.

The sixth grade has thirty-four enrolled. There are five new pupils in the class and two out of thirty-four were on the honor roll, Genevieve Ramsey and Wanda B. Rape.

The fifth grade has forty-

three pupils in it and every desk is filled. Out of the forty-three pupils only one made the honor roll, it was Joe Ed Hill.

The fourth grade is divided into two sections, "A" and "B", as there were too many to be put in one room. The class "A" section has thirty-two pupils and the eight on the honor roll are: Mary Jo Rape, Venita Davis, Joslyn Pruitt, Lester Nixon, Lois Carr, and Neva Joe Steward. The class "B" section has an enrollment of twenty-six. The fourth as a group are going to begin practicing plays soon.

Parks, Jack Rape, Minnie Logan, Mozelle Lueddecke, Lois Whitley, W. C. Spurgers, Mary Lee Davis, Celeste Tisdale, Cleone Morgan, Felix Susen, R. J. Alexander, Willie Smith, Bill Stockton, Harold Susan, Alton Page, Sam Cloud, Louise Boyer, Marguerite Chick, Eugene Koy, Slaton Skinner, and Marjorie Parks.

THE SPANISH CLUB

By Edward Cox
On Friday evening at eight o'clock the Spanish Club, sponsored by Miss Norwood, met at

the home of Mrs. Bert Page with 46 members present.

The meeting was opened by everyone singing, "Ojos de Tejar." The business was begun by the election of the officers. Those elected as follows: President, Margaret Hill; Vice-president, James Page; Secretary, Margaret Sheen. Miss Norwood then discussed the plan for the next meeting and the club was divided into two groups. The group captains elected were: Captain of Group I, Nell Campbell; Captain of Group II, Edward Cox. Group I is to give the program at the next meeting which is to be at the home of Inez Cobb on Friday night, November 3, at 7:30 o'clock. Spanish game, "Las Frutas" caused much excitement and fun for all present. After the selection of the groups by the respective captains, the senior Alton Page furnished the entertainment for the remainder of the meeting, by his singing. The meeting was closed as everyone sang "Ojos de Tejar."

THE PATROL IN FRONT OF THE SCHOOL

By Sam Cloud
Every morning before school, at noon and when school is dismissed in the afternoon there are three boys stationed in front of the school to direct traffic. The children going to town are made to walk on the sidewalk, children crossing the highway are cautioned to cross at intersections only.

People driving cars on the roads near the school are not supposed to go fast. If they go fast, they are called down by the patrolmen and if they fail to heed the whistle, their name or car number is reported to authorities. So far, many have heeded the whistle while a few have been reported.

"DO NOT DRIVE FAST NEAR THE SCHOOL" IS OUR PLEA, SO THAT CHILDREN MAY BE PROTECTED.

ASSEMBLY PROGRAM WEDNESDAY MORNING OCTOBER 4, 1933.

By Aris Carr
Assembly convened at the regular hour Wednesday morning in the auditorium. Miss Zimmerman led us in a few songs, after which Mr. J. C. Carr, introduced the speaker of the morning, Rev. Forrester, Evangelist, and pastor of the First Christian Church of Coleman. Mr. Forrester was holding a meeting for the Christian Church of Eldorado in the high school building. His address was based on the three classes of people into which all people are divided in life. The classes were: bad or ruinous people, the selfish and the people who are willing to help others regardless of the circumstances. He used the story of the good Samaritan as

has subject and made an excellent talk.

BOYS' 4-H CLUB WORK

By Eugene Koy
How many know what the 4-H club stands for? The four H's represent head, hands, health and heart.

The 4-H club work is very much worth while. The club offers training for boys who wish to become stock feeders in the future. And by having club work they may learn the essentials of feeding.

The club work is not hard work. It only lasts five or six months and what effort you put into your work you get pay for it in the training you derive from it.

There are about one-hundred lambs to be fed out this year for the San Angelo and Ft. Worth stock shows which are in March from the tenth through the nineteenth.

At the present time few of boys have their lambs selected and on feed as they have from now until the first of December to get their lambs started.

Boys feeding calves should have them started by now and well on the way as the calf takes longer to get in show shape.

Mr. Charlie Snell, our county agent this year, is well read on 4-H club work and by each club boy cooperating with him, he should be able to turn out another prize-car of lambs, as well as some winning calves.

JOKES

By Lois Whitley
According to Miss Zimmerman, singing warms the blood. (We have heard some singing that has made our blood positively boil.)

Our grade teachers think that thirty is a nice age for a woman. It is, especially, if she happens to be forty.

Miss Allen: Give me an example of period furniture.

Hollis Nutt: Well, I should say an electric chair, because it always ends a sentence.

W. C. Spurgers: Miss Norwood, do you think it's right to punish folks for things they haven't done?

Miss Norwood: Certainly not, Senior Intelligente.

W. C. Spurgers: Well, I didn't get my Spanish lesson.

Jack Shugart: No, No songs, please; I just had my suit cleaned.

While practicing yells, one of our modest and intelligent students decided to improve on one of them: It was:

"Hurrah, for Mary—
"Hurrah, for the lamb
"Hurrah, for the team
That don't give a ———
"Wham," she exclaimed.

Mr. Holt: What does the Statue of Liberty stand for?
Dee DeLong: Because it can't lie down.

Relieves Women's Pains

Here is an example of how Cardul has helped thousands of women:

"I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day."

"My mother had taken Cardul, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time."

Cardul, the purely vegetable medicine which so many women take and recommend, is sold by local druggists.

ON TEXAS FARMS

By W. H. Darrow Extension Service Editor

A total of 12,229 containers of food were put into cans in six weeks in the R. F. C. canning kitchen in Childress this summer, half of which went to charity as toll, the home demonstration agent reports.

Sodium chlorate proved such a destroyer of Johns grass in a demonstration by Dallas Miller in Newton county last year that six of his neighbors are pooling orders for the poison to use on small patches on their blackland farms.

There are now 93 farm boys in Wheeler county who have registered sows or gilts for their 4-H club work. For some time business firms or individuals have furnished registered gilts which have been loaned to boys in return for one gilt from the first litter. The additional gilts are distributed to more boys on the same plan.

An average of 90 tons of feed will go into the six new trench silos constructed in Gregg county last summer. The growing interest in silos is the result of one such feed saver built with the help of the county agent last year.

The cost of making 192 pounds of American cheese by home demonstration methods was found to be \$9, and this for farm-produced milk, 109 Victoria county women recently discovered.
