Top Academic
Students Receive
Special Awards
A number of students at Groom Schools were honored Wednesday morning in an assembly. The students grades three through high school were recognized for their academic achievement and presented with medals for having made all A’s during the first semester of school.

The other technicals came as he tried to question the referee. Jennifer Brown and Kelly Stroope provided some relief for the regulars during the first half. Feeling secure by the end of the third quarter, all the substitutes got to see action.

Phillips boys have an im-
pressive record for this sea-
son, 19-3, but Groom Coach
Gary Rambo had prepared his team. Stoney Crump moved into a starting posi-
tion to join regulars Jack Britten, Daniel Lambert, Brent Thornton and Michael Rose.

The Blackhawks had six points before Jack Britten hit the board for the Tigers. Four quick baskets and Groom was ahead with two minutes left in the first quarter. It was 12-8, Groom’s favor when the first bell rang.

Phillips’ Vic Lemley was everywhere he needed to be but Phillips was unable to catch the Tigers by halftime with 25-19 recorded. The Tigers waited patient-
ly for their shots and it was not until late in the third quarter that Phillips caught up on the scoreboard and tied 27-27. However they wore down Phillips and the score was 31-27 in Groom’s favor by the last round.

With five minutes to go it was again tied 31-31 and there was 4:10 to go when the Blackhawks led the boys for the first time since the first quarter. With some unfortunate turnovers, nine seconds left on the clock with Phillips leading by two points Groom fouled in their attempt to regain the ball and Phillips free throw was successful to end the game 35-33. Jack Britten led the action with 14 points and 10 rebounds. Stoney Crump contributed 9 points.

Groom’s JV teams won their games with the girls beating Phillips and the boys led by Rocky

Five McLean Students All-Region Band

Five musicians represented the McLean school bands at the All-Region Junior High and High School concerts Saturday night at the Amarillo Civic Center. Eighth grade Dannie Sullivan performed with the A-A Junior High Band while Seniors Dan Fish and Angie Glass and Juniors Cindy Thomas and Ronnie Tidwell were members of the A-A High School band. In the Junior High concert, which was under the direction of Dan Gibbons of Monahans and Jim Talfher of Stratford, Sullivan played the second chair contrabass clarinet. Numbers performed by the group were “Liberty Enlightening the World”, "Die Meister Singet", "Texas Out Texas", and "Percussion Rag." The ensemble was made up of over 130 students from 20 schools throughout the Panhandle.

In the high school performance, over 130 students played under the direction of Gary Laramore and Randy Hansaker, both from Stratford. Their members included "Belle of Chicago", "Introduction and Fast Finish", and "Spanish Fever."

Dan Fish played first chair mallets, Cindy Thomas was 4th chair clarinet, Ronnie Tidwell was 4th chair baritone and Angie Glass played 11th chair clarinet.

Students from 18 schools made up the high school band.

McLean Band Director Roger Myers was justifiably proud of his students. He said, "They had only five hours of practice and they sounded just great." Their accomplishments are even more impressive because of the fact that they had to compete with over 300 students for the honor of playing in the band.

Congratulations on a terrific job!

New Federal Tax Act Brings Major Changes To All

The Tax Reform Act (TRA) should have been called the Tax Reform Act of 1987 as it affects 1986 very little. According to Adelaide Weldon, a local CPA, the new law "is the most sweeping overhaul in the history of the IRS."

She said that the changes are so numerous that it is difficult to summarize all of them. However, in a conversation with the McLean News, she highlighted some of the major changes included in the new legislation.

For example:

1. It has cut individual tax rates over 2 years from 50% to 28%.
2. In 1987, there will be 5 brackets: 11%, 15%, 28%, 33% and 35.5%.
3. In 1988, it is reduced to 15% and 28%.
4. However, the law warns, watch out for the catch: there is a 5% surtax for some taxpayers.
5. Forms 1099 must be sent in to anyone you paid as much as $600 in 1986. You must also report on a 1099 any interest, dividends or royalties of $10 or more. This is most important this year, she said, as it is being checked.
6. A new requirement starting in 1987 requires that you report the Social Security number on any child over 5 years of age, claimed by you as a dependent.
7. Non-itemizers receive a larger standard deduction. It will increase from $3760 to $4200 for joint filers and to $2400 for singles to $3760 and $2540, respectively.
8. Itemized deductions: State and local sales taxes are no longer deductible until 1986. Interest paid on home mortgages can be deducted, but only for two homes and interest on a mortgage loan for educational or medical is deductible, with certain qualifications.
9. Starting in 1987, medical expenses are deductible only to the extent that they exceed 7.5% of your adjusted gross income.
10. Miscellaneous deductions, including investment-connected expenses, fees for having your tax return prepared, all business travel and entertainment incurred by employee and not reimbursed by employer, small tools, etc., have been changed so they are deductible only to the extent that the total exceeds 2% of your adjusted gross income.
11. Moving expenses can be taken only by employees and taxpayers who itemize deductions, beginning in 1987.
12. The 60% exclusion on Capital Gains has been changed so that you pay on the gain as ordinary income.
13. Investment credit has been repealed as of Dec. 31, 1985.
14. IRS has a new tax collecting law for taxpayers who do not file their returns. The IRS will file the returns and bill the taxpayers for the tax plus penalty and interest.
15. Mrs. Weldon emphasized again that the IRS will collect these taxes only in a few cases that everyone should contact their tax preparer for answers to individual questions. "Also," she added, "be sure that most of these changes begin in 1987 but you need to review them now in order to make plans."
