Garretson Retirement Center Open House Set For Sunday, June 25

A very far sighted community leader of years past, Mrs. R.W. Calliham, had a strong desire to see a living center built in Panhandle. Meetings of community leaders were called and according to an article in the Groom News of July 21, 1960 as reported by Mrs. Calliham, the new Board of Trustees began soliciting funds for a building at that time. It is reported that Mrs. Calliham and Mrs. Agnes Howe had already approached Mrs. Newt Garretson about giving the ten acre corner of the Garretson property and had been favorably awarded. The Center is

on this property. Two of the original Board Members are still actively serving on the Board. They are Mrs. Howe and Mr. Cecil Culver, who currently serves as President of the Board.

The 1989 Open House Celebration of the 25 Anniversary of the Center not only serves to inform the community about the services rendered by the non-profit organization but will be the kick-off of a fund raising drive. This fund raising is the first public solicitation since the Center was constructed and first occupied. A goal of \$25,000.00 has been established and

may be supported by one-time gifts and/or time-pledge giving. Any denomination will be sincerely appreciated. Funds received will be used to purchase replacement drapes, carpet, heating/cooling utilities, etc. and will benefit residents of the Center for many years to come. For those individuals participating in a United Fund Campaign, disposition of their pledge or one-time giving may be made to Garretson Retirement Center directly by requesting on the pledge card that it be sent to Garretson Retirement Center, P.O. Box 1239, Panhandle, Texas 79068.

Electric safety is looking up...

...for power lines!

On the farm, on the job or at home, you should always be aware of power lines. Touching a power line with anything... an irrigation pipe, tool, a kite string...could divert the electricity through you causing serious injury or death. For safety's sake, look up for power lines.

AND, REMEMBER THESE SAFETY TIPS

- Do not trim trees near power lines.
- Do not shoot at insulators on poles, towers or structures.
- Avoid using electrical tools like lawn mowers or hedge clippers when grass and leaves are wet.
- Be careful when digging. Call SPS to find out if there are any buried electrical lines in the area.
- Beware of exposed wires.

FROM THE CARSON COUNTY ATTORNEY

Citizens of Groom, BEWARE! This office has experience with tree trimmers, landscapers, ROOFERS, and other con-artists that say one thing and do another as well as leaving people with problems for money well spent.

Now that you have been devastated by hail, high winds, and heavy rains, don't let yourselves be further damaged by those who would take advantage of your misfortunes.

Lots of people will be coming into Groom from just about everywhere to ask to fix your roofs. Most will be good people that will do what they say and do you a good job for the money you spend, but there will be others looking for fast money and either incapable or not interested in doing a good job.

There are a few basic guidelines that one should follow when hiring repairmen, and some are:

1. Remember that not everyone is capable of doing you a good job no matter how hard they try because they simply are not capable of doing so. Such is not to say that an inexperienced roofer cannot do a good job, just that common sense dictates that experience is better than inexperience. You need to prevent allowing your roof to be the one that the roofer is learning on.
2. Check out the credentials of the man you want to hire. Talk first with your insurance agent. He or she is going to be working a large number of claims in your area and likely will know something about the man you want to hire, and if not they will advise you so. Also, remember that your insurance company has an interest in your roof because if it is not done right it may not re-insure your new roof.
3. Price cutters always show up. Remember that a deal that looks real good when compared to the standard price may in the long run be too good to be true. You may be buying inferior workmanship and materials at the cut price.
4. DON'T PAY IN ADVANCE! If a man has been in business for just about any time at all and enjoys a good reputation he will not need to be paid in advance to buy materials. Such could be a sign of being new in the business, being inexperienced, having bad credit, or that they are bad money managers. The advance you pay on your job may be paying for the materials on the job the man just finished because he is behind with his finances. AND WHEN YOU PAY IN ADVANCE THEY MAY TAKE YOUR MONEY AND RUN!
5. When the job is done and payment has been requested, have your insurance agent or knowledgeable and personal friend check out the job to make sure it has been done right before paying.
6. Also, remember that any kind of warranty you receive on your job will not be any good to you if you are not able to find the man or if he is financially incapable of re-doing the job under warranty when called upon to do so.

If you think someone has done you wrong on your roofing job, call ED HINSHAW, CARSON COUNTY ATTORNEY, 537-3220, at once!

All and all this was one of our best ex-students reunion Casper Smith said.

11 Citizens Completed 10 Mile Journey For Sight

Despite strong south winds and a tough, hilly course, eleven hardy citizens completed the 10 mile Lions Club Journey For Sight, Saturday morning and their efforts assured the success of this fund raising effort by the Local Lions Club.

The winners of the Ladies competition for the fifth time was Mindy Joe Magee, second place went to Angel Harris and the bronze medal for third place went to Danna atson who will be the Lions Club Sweetheart for this coming year beginning in July.

The medals in the men's

division all went to McLean High School ex-students who had returned for the school reunion and were helpful enough to join in this undertaking.

Randy Suggs of Albuquerque, New Mexico, won the the gold medal in the time of one hour and fourteen minutes which is a record for this particular 10 mile event and was especially impressive over the difficult course.

Mike Haynes of Lubbock was second and Alan Duni-ven of Fort Worth won third; all of these men are ex-McLean High School ath-

letes. Others who made the track were Earlene Clay, Mary Dwyer, Johnny Haynes, David Johnson and Mike Cole.

The Lions Club wishes to thank all these entrants and we are extremely grateful for their efforts. We also appreciate greatly all the people of McLean and elsewhere who provide financial support by sponsoring one or more of the contestants. Special thanks go to Sam Haynes and Carl Dwyer who handled the refreshments and many other duties involved in the project. Thanks to all for making this a big success!

Friday's first round of the 79 annual McLean 66 Roundup Rodeo was a tribute to staying power. With a record-setting field of close to 300 competitors from Texas, Oklahoma and New Mexico including 86 team ropers and 67 calf ropers, the slack competition that followed the main show finally wound down just before 4 a.m. Saturday.

Amy Cockrell of Pampa, who won the 1988 All-Around Girl title at the Tri-State High School Rodeo Finals, finished in the top four in two events Friday. She was second in barrel racing with a time of 17.441, less than one-half second behind Sherry Johnson of Snyder.

marker in that event Friday to tie for third place with Adam Brewster of Snyder.

Eddie Douglas of Clovis, New Mexico, leads all bull riders with a score of 79.

On Saturday there was a only a few names added to the list of money winners.

Steve McConnell of Hereford was the only competitor that managed to oust the leader in any event. He posted an 8.49 second time in steer wrestling to move Keith Birkenfield of Nazareth, Friday's leading steer wrestler out of the top spot.

Kelly Flowers of Canadian toppled his steer in 9.49 seconds to capture second place and push Happy's Buster Ingram out of the money. Delbert Davis of Hereford was third in 18.39.

Sherry Johnson of Snyder and Pampa's Amy Cockrell maintained their 1,2 positions in barrel racing while Nancy Hill of Channing finished Saturday's course in 17.506 to vault into third place.

Lee Lowry of Pampa and Justin Swires of Lefors each scored 69 in bareback riding Saturday to tie for second place. Holiday's Bobby Pautsky, who was second after Friday's 68 ride, moved down to fourth place, barely

handing on to the last money spot. Kelly Miller's 71 ride Friday remained the top score.

Amy Hill of Channing, recently crowned Miss Tri-State Rodeo, was the only addition to the list of top breakaway ropers. She finished in 4.39 seconds Saturday to take third place, moving Kimberly Beaver of McLean (4.64) into fourth.

Eddie Douglas of Clovis, who scored 79 with a spectacular bull ride atop Rockin' D on Friday, remained unbeaten on Saturday. Canadian's Dwayne Evans stayed in second place after scoring 72 on Friday.

Three cowboys split the third and fourth place bull riding money. Don Ray Howard of Canadian and Adam Brewster of Snyder, who posted identical scores of 70 on Friday, were joined by Canyon's Johnny Moffett when he came up with another 70 marker on Saturday.

An automobile will not run forever without regular attention and an occasional repair. Every car owner should see a reliable repairman regularly to put his auto into first class shape. When you drive into this full service garage, you can rest assured that your call will be

repaired in the shortest possible time and at the least possible expense. You must be satisfied with every job that comes out of **ABC AUTOMOTIVE**.

While working on this 1989 Business Review, we, the compilers, wish to compliment this firm for their high level of service.
