

Mine Workers Refuse To Take Case To Government

Operators Had Proposed US Assistance

UMW Chief Sees A Settlement Without 'Interference'

NEW YORK, March 20 (AP)—The United Mine Workers of America tonight voted down a proposal made by the Southern Coal Producers Association to submit jointly and immediately to the government disputes over wages in the drafting of a new work agreement to replace that expiring March 31.

Former Senator Thomas R. Burke, president of the southern operators and their spokesman, told reporters that the mine owners would go ahead with their plans to submit the case to the government independently of the miners.

He added, however, that the operators will continue to hold joint conferences with the UMW representatives. Following the miners' decision tonight the session was adjourned until next Monday morning.

John O'Leary, vice-president of the United Mine Workers, said the miners voted down the proposal "because we are of the opinion that we can reach an agreement without government interference."

With a smile, as Burke listened, O'Leary added in a statement to newsmen:

"And we think these fellows are going to come across."

Burke said it would be several days before the operators determined through what governmental agency they would ask intervention.

Northern and southern operators and members of the UMW have been meeting here for the last nine days in an attempt to agree on a new wage contract. The coal miners have demanded, among other things, an increase of \$2 per day in wages for some 400,000 workmen.

Burke, in discussing the decision to ask government aid immediately, recalled that John L. Lewis, UMW president, in a letter to the operators had suggested an extension of the existing contracts to April 30 in the event no settlement was reached by March 31.

"We agree with Mr. Lewis that an agreement can't be reached in time," he added, "and therefore we feel that it is now time to ask the government to step in."

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

The calendar says today is the first day of spring—but then the calendar doesn't cut much ice with the weather in this country. In the first place our average last frost date is March 28—a full week after "spring" arrives. In the second place, spring weather has been known to arrive hereabouts the last week in February and stay without being interrupted by freezing weather.

This March has been one of the most curious on record for the month. Despite utter absence of moisture, and almost constant high winds, we have had less sandstorms than in many years. Ah, but then March isn't over with as yet.

Glasscock county is having its annual livestock show Monday and it would be a fine thing for as many Big Spring business men as possible to take it in. Although there will be no sale, there's nothing to keep local buyers out.

'Luckier Than Drawing A Royal Flush'

Gets Nazi Bomber Without Firing Shot

ALLIED HEADQUARTERS IN NORTH AFRICA, March 20 (AP)—Somewhere on a bleak southern Tunisian hillside is scattered the wreckage of a gray twin-engine German bomber which First Lieut. Jack Ludlow, Spitfire pilot, "destroyed" without firing a shot. Ludlow, whose home is at Tulsa, Okla., told of his strange combat adding that "it was luckier than drawing a royal flush in poker."

Col. R. W. Warren New Commandant At Air School

The Big Spring Bombardier school was operating Saturday under a new commanding officer—Colonel Robert W. Warren, who comes here from Perrin Field, in Grayson county, and who has been in a series of air force commands for the past eight years.

It was in March of 1935 that Warren, then a lieutenant, took up duties as squadron operations officer at Luke Field, Hawaii. For three years he was at Luke and Hickam Air Fields, serving as squadron operations officer, adjutant of the Hawaiian Air Depot, airways officer, and first air corps officer at Hickam.

He returned to the U. S. and Randolph Field in July, 1938, to serve successively as flight commander, post exchange officer, air corps supply officer and assistant director of training at the Gulf Coast Training Center. He went to Perrin Field in August, 1941, when that base was being started, to serve as project officer. Commissioned then as a major, Warren became executive officer and director of training, after being advanced to lieutenant colonel in January, 1942. He was promoted to colonel in April, last year and a short time later assumed command of Perrin Field.

A West Point graduate, Warren, before going to Hawaii, had served at Mitchell Field, L. I., and at Brooks and Randolph.

Colonel Warren, a tall muscular figure, has found time on top of his myriad command duties to fill civilian liaison requests, and meets with civic groups and addresses clubs. He has been able to devote time to flying throughout the Southwest on various air force missions.

Recognition of his ability as an administrative officer is indicated by the importance of his assignments. As a flier he is one of the comparative few with a command pilot's rating.

Colonel Warren takes over the post as successor to Col. Sam L. Ellis, victim of a heart attack two weeks ago.

Glasscock Co. Stock Show Set Monday

Plans for the annual Glasscock county livestock show, scheduled for Monday, went forward Saturday, according to Berry N. Duff, superintendent of the event.

The traditional auction sale will be missing in the afternoon and the field of entries will be smaller, but the superintendent said signs pointed to a good show.

In addition to witnessing the show Monday and partaking of mutton barbecue, Big Spring business houses will be privileged to bid in animals exhibited in the big slaughterhouse here for them by local processors.

The Glasscock county show starts at 10 a. m. Monday with judging of the lambs. Around 25 are entered in this class and Herman Carter, Sterling City vocational agriculture teacher, will do the placing. Bill Reed, Sterling City, will judge the nine 4-H and FFA calves to be shown.

Ranchers have donated several head of lambs for the barbecue and indications were that there would be ample food on hand for several hundred people. While there will be no motorcade to Garden City as in former years, a large number of local people were expected to take in the show.

Woman Badly Burned In Vain Attempt To Save Children

FREEPORT, March 20 (AP)—Physicians tonight said Mrs. Lee R. Page, 48, had a 50-50 chance to recover from body burns she suffered in dragging her four fatally burned children from a blazing cottage a mile and a half west of here the night before.

The woman, who was expecting her fifth child soon, fought through kerosene-fueled flames that enveloped the house to carry the charred bodies of her children, two at a time, into the yard. Witnesses said the house was completely enveloped in flames when she returned to it the second time, brought the two older children out and then collapsed.

A committee acting in behalf of the civilians and the military then took control and dispatched cables to Giraud in North Africa and De Gaulle in London.

Rail Points Hit By Mosquito Bombers

LONDON, March 20 (AP)—Speedy Mosquito bombers of the RAF attacked railway targets at Leuven and other points in Belgium at dusk this evening, the air ministry reported tonight.

The communiqué said a Lancaster bomber also dropped explosives on a railway target at Leer, in northwest Germany, during a dawn reconnaissance flight.

All the aircraft returned safely, the air ministry said.

"One bomber must have been crowded by the others, because it dived into the hillside—a complete washout. The others got away so fast I never had a chance to fire a shot."

"By that time my gauge showed I was virtually out of gas, so I tried to land in a pasture, but my wheels stuck in the mud and I nosed over. Lucky for me the mud was soft, because I landed on my head."

Patton's Men Consolidating Their Lines

Supplies Being Brought Up For The Showdown Fight

ALLIED HEADQUARTERS IN NORTH AFRICA, March 20 (AP)—A calm brought on by heavy rains in the north and center and dust storms in the south settled over the Tunisian front today while Lieut. Gen. Patton's American divisions consolidated their holds on Gafsa and El Guetar, 60 miles from the German life line skirting the east coast.

But the end of the rainy season was at hand in North Africa, and the opposing armies utilized the lull as the best they could to wheel up supplies and shells for what may be the decisive battle of the whole campaign.

If Patton can negotiate the remaining mountain ridges between him and the coastal road, Marshal Erwin Rommel will be caught in the Mareth line without means of supply between the Americans and the British Eighth army.

The rival air forces were held in check by the weather, too, although the superior Allied formations made unopposed sweeps and patrols over the northern front.

The 6-mile Guetaria Pass beyond El Guetar was softened too much by the rains to permit Patton's tanks to move forward and most air strips in the north and center were too muddy to allow the big bombers to rise.

The Allies radio said the French commander-in-chief, Gen. Henri Giraud, was present when the Americans conquered Gafsa, and made this comment:

"I am convinced Gafsa marks the beginning of an offensive which will go on as far as Berlin. I was present at the recapture of Gafsa. Realizing the courage and valor of our troops the Germans and Italians left even quicker than they came."

The same source said that in the south the Eighth army had won new positions east of the Mareth line in a bayonet charge, but there was no confirmation in the communiqué.

While Gen. Eisenhower and the French headquarters stated simply that the whole Tunisian front was quiet, Berlin and Rome made extravagant claims of a successful attack in the north.

The Axis radios asserted that German and Italian troops had captured an important position along with 1,600 prisoners, 30 guns and 16 armored vehicles. The Axis also claimed that German planes had made a surprise raid on Tripoli and set three ships afire.

The ship was on a routine flight from Ciovis air base. It was the second Liberator lost before dawn today, the other crashing near Sweetwater with the plane destroyed and the crew safe.

Crewmen Leap As Bomber Crashes

HAPPY, March 20 (AP)—A Liberator bomber crashed and was destroyed north of here early today after 11 crew members and a passenger parachuted to safety.

The bomber was totally destroyed, public relations officials of the Amarillo army field said, when it smashed on the ranch of Mrs. E. B. See. An army board of investigation will study the cause of the crash.

The ship was on a routine flight from Ciovis air base. It was the second Liberator lost before dawn today, the other crashing near Sweetwater with the plane destroyed and the crew safe.

Churchill To Talk Today

LONDON, Sunday, March 21 (AP)—Prime Minister Churchill will address the nation and world by radio at 9 p. m. tonight (3 p. m. Central War Time).

The speech will be delivered at the beginning of the usual mid-evening news program which brings millions of Britons to their radios every night.

Churchill is expected to speak for nearly an hour. The broadcast time allows 75 minutes for the speech and news comment following.

Tsk, Tsk, Girls

FORT JACKSON, S. C., March 20 (AP)—The WAACs at Fort Jackson did not set foot off the reservation today. Not that they had anything against nearby Columbia, literally or figuratively.

They were restricted. The Fort Jackson WAACs, 100 per cent of that sex which will dance through the ages have been housekeepers of the world were restricted because their barracks did not pass inspection.

Red Lines Hold In South; Nazis Suffer Heavy Loss

Family 100 Pct.—Mrs. U. S. Strickland (left) and her daughter, Louis Lee, of Odessa, became the last two of their family of five to join the armed forces when they joined the WAACs. Strickland is a sergeant with the U.S. engineers and Mrs. Strickland's two brothers are marines. The mother and daughter are shown taking the oath in a special ceremony at the South Plains Army Flying School at Lubbock, Tex.

LONDON, March 20 (AP)—Russian troops braced along the Donets river below Kharkov against ceaseless attacks killed 800 Germans and smashed 15 tanks, while in the north Moscow announced tonight that the Red army had scored fresh gains in hand-to-hand fighting south of Lake Imen and captured additional localities in the push on Smolensk.

German tanks loaded with tommy gunners attempted to break into one populated place in the Chuguev sector, 22 miles southeast of Kharkov, but "struck our minefields and were blown up," said the midnight bulletin recorded by the Soviet Monitor.

Thus the Russians indicated that their southern lines were holding firm under repeated onslaughts by reinforced German troops, while the armies of the center and northwest continues to gain despite deepening mud caused by a thaw.

The German radio claimed the capture of Chuguev, which is on the western or lower bank of the Donets, and also Sevsk, 170 miles northwest of Kharkov, but this was not confirmed by the Russian communiqué.

A total of 2,220 Germans were killed during yesterday's operations, the noon and midnight communiqués disclosed.

Marshal Timoshenko's forces converging on Staraya Russa, near 16th army headquarters south of Lake Imen, occupied a strongly fortified enemy position and captured four guns, seven mortars and 15 machine-guns. The noon bulletin also had told of street fighting in one large locality in which 250 Germans were killed.

This suggested the Russians were edging closer to Staraya Russa because a week ago they were reported within 15 miles of that important rail base.

It was in this area that two Nazi planes were reported down in a grim hand-to-hand struggle.

On this central front Russian dispatches indicated that Durovo, railway junction on the Vyasma-Smolensk railway, now was menaced by the Red army driving from the east. The Russians were said to have cleared the banks of the upper Dnieper river from its headwaters to the railroad, and the Dnieper crosses that line less than 10 miles east of Durovo.

Another Russian column pushing down from Bely also is a threat to Durovo, which is only 60 miles from Smolensk.

The midnight communiqué said a number of unidentified places fell to the Russian center armies. One formation wiped out 450 Germans in breaking through prepared Nazi positions, and although the Nazis were counterattacking frequently all these efforts were smashed, Moscow said.

One Russian unit was said to have outflanked a strong point, forcing the Germans to flee and leave five guns and 20 trucks.

"Our men pushed to the sea," said the communiqué, "and wiped out about 300 officers and men. Prisoners and a large quantity of arms were captured."

The air war was quickening on the two fronts west of Moscow now that ground troops found the terrain turning to mud.

Eight Soviet fighters were said to have shot down seven of 20 German planes attempting to bomb Russian troops during the day without losing one of their planes, and the communiqué said the Red airmen on Friday had destroyed or damaged a score of German tanks, more than 150 trucks with troops and supplies, and 12 field batteries. Five ammunition dumps and two enemy trains also were reported blown up and smashed.

FLANES COLLIDE

TUCSON, Ariz., March 20 (AP)—Two training planes collided while circling Marsa Field before coming in to land late last night, resulting in the death of one aviation cadet and slight injury to another.

AT A UNITED STATES BOMBER STATION IN ENGLAND, March 20 (AP)—Jack Mathis, 20-year-old country boy from San Angelo, Tex., never to be again, has been notified that he is dead.

Mathis was the lieutenant bombardier on the Fortress "Duchess" in Thursday's raid on the Vegesack submarine yards near Bremen.

As the formation approached the target the air was full of flak. His bombardier's post was in the vulnerable transparent nose, and as Mathis went over his bombight making the final adjustments a wicked burst of shell fire smashed into the nose and filled his right side with fragments and almost tore his arm off.

Additional Towns Taken By Russians In Smolensk Push

LONDON, March 20 (AP)—Russian troops braced along the Donets river below Kharkov against ceaseless attacks killed 800 Germans and smashed 15 tanks, while in the north Moscow announced tonight that the Red army had scored fresh gains in hand-to-hand fighting south of Lake Imen and captured additional localities in the push on Smolensk.

German tanks loaded with tommy gunners attempted to break into one populated place in the Chuguev sector, 22 miles southeast of Kharkov, but "struck our minefields and were blown up," said the midnight bulletin recorded by the Soviet Monitor.

Thus the Russians indicated that their southern lines were holding firm under repeated onslaughts by reinforced German troops, while the armies of the center and northwest continues to gain despite deepening mud caused by a thaw.

The German radio claimed the capture of Chuguev, which is on the western or lower bank of the Donets, and also Sevsk, 170 miles northwest of Kharkov, but this was not confirmed by the Russian communiqué.

A total of 2,220 Germans were killed during yesterday's operations, the noon and midnight communiqués disclosed.

Marshal Timoshenko's forces converging on Staraya Russa, near 16th army headquarters south of Lake Imen, occupied a strongly fortified enemy position and captured four guns, seven mortars and 15 machine-guns. The noon bulletin also had told of street fighting in one large locality in which 250 Germans were killed.

This suggested the Russians were edging closer to Staraya Russa because a week ago they were reported within 15 miles of that important rail base.

It was in this area that two Nazi planes were reported down in a grim hand-to-hand struggle.

The Russians were said to have cleared the banks of the upper Dnieper river from its headwaters to the railroad, and the Dnieper crosses that line less than 10 miles east of Durovo.

Another Russian column pushing down from Bely also is a threat to Durovo, which is only 60 miles from Smolensk.

The midnight communiqué said a number of unidentified places fell to the Russian center armies. One formation wiped out 450 Germans in breaking through prepared Nazi positions, and although the Nazis were counterattacking frequently all these efforts were smashed, Moscow said.

One Russian unit was said to have outflanked a strong point, forcing the Germans to flee and leave five guns and 20 trucks.

"Our men pushed to the sea," said the communiqué, "and wiped out about 300 officers and men. Prisoners and a large quantity of arms were captured."

The air war was quickening on the two fronts west of Moscow now that ground troops found the terrain turning to mud.

Eight Soviet fighters were said to have shot down seven of 20 German planes attempting to bomb Russian troops during the day without losing one of their planes, and the communiqué said the Red airmen on Friday had destroyed or damaged a score of German tanks, more than 150 trucks with troops and supplies, and 12 field batteries. Five ammunition dumps and two enemy trains also were reported blown up and smashed.

The Russians admittedly were fighting desperately to hold their positions in southern Russia, but there was no indication that their main Donets river line was broken.

A Berlin radio commentator acknowledged that the Russians still held positions on the western bank of that river.

Mathis was the lieutenant bombardier on the Fortress "Duchess" in Thursday's raid on the Vegesack submarine yards near Bremen.

Texas One Of Heroes Of Air Raid

Mortally Wounded, Finishes His Job

The force of the blast threw him back nine feet into the nose passageway.

Nevertheless, with a struggle, Mathis pulled himself back to the bombight and with his uninjured left hand completed the operation that sent the bombs away.

They were part of the barrage which evoked the formal congratulations to the American air force of Air Chief Marshal Portal of the RAF.

County League Championship To Midway

Midway swept the county interscholastic league meet Saturday but not until after a determined bid had been made by Chalk, top school in the literary events.

At the same time, Forsan won the Class B high school athletic division, and the Coahoma grammar school won its division over Forsan.

Hitting hard in the literary events where point totals counted most, Chalk gathered 78 of its 71 points for the meet. The school had five first places in the literary section.

Athletically it was Midway, almost all the way, although Moore did take the girls and boys ground ball titles.

Arnold Tomp was individual star in the track and field competition for rural schools, winning the 50 and 100 yard dashes, the broad jump and then helping win the 440 relay. Self of Midway won all five first places in the usual procession (100-yard dash, broad jump, high jump, shot put and hop, step and jump).

Midway had 106 points for the meet, reported Director General E. F. Malone, not including 40 points to be added for having won the basketball title. Chalk was next with 77, Moore had 75 1-2, Gay Hill 55, Lomax 30 and Morgan 18 1-2.

(See LEAGUE, Page 5, Col. 3)

Lower Point Values On Food Probable

DALLAS, March 20 (AP)—Consumers may expect lower point values when the new chart for commercially processed foods is released by the Office of Price Administration, J. H. Kuitgen, regional OPA food rationing officer, said today.

The relaxation, he said, will be only on certain items that have not been selling rapidly enough in retail stores throughout the nation since the rationing of processed foods became effective.

New Helium Plant Is In Production

WASHINGTON, March 20 (AP)—Secretary of the Interior Harold I. Ickes disclosed today that America's second helium plant somewhere in Texas has begun production of the gas which is used for blimps, barrage balloons, and many other war purposes.

Ickes said four more plants would come into production before the end of the year, increasing output of American helium to 49 times the pre-war rate.

No other country in the world is known to have helium, and Ickes recalled with gratification that he refused in 1938 to permit any helium to be sold to Germany.

Texas One Of Heroes Of Air Raid

Mortally Wounded, Finishes His Job

The force of the blast threw him back nine feet into the nose passageway.

# Saga Of Sea Warfare Unfolded In Film Now At Ritz, 'Stand By For Action'

Planned in cooperation with the United States Navy, "Stand By For Action," Metro Goldwyn-Mayer saga of sea warfare with three stars, Robert Taylor, Charles Laughton and Brian Donlevy in the top roles, is the featured attraction for today and Monday at the Ritz theatre.

The story, an original by Commander Harvey S. Halsey, U.S.N. R., and R. C. Sheriff, portrays a brief but action-filled period in the career of a little old American destroyer, a four-stacker of World War I vintage, on convoy duty in the Pacific in the present conflict.

The ship is recommissioned with a chief yeoman aboard who has lived on the vessel for twenty-six years, including World War days and the long period of inactivity which followed. It is his one and only love. The role is played by three-time Academy award winner Walter Brennan.

Taylor is the society aide to a gruff admiral, Laughton, who commissions the ship and turns it over to its new commander, Donlevy, a rough but capable officer who has come up from the ranks, and then sends his tennis champion aide to sea as Donlevy's second in command, much to the aide's surprise and distaste.

The grules of the destroyer is eventual. It picks up two women

and twenty babies from a torpedoed liner's lifeboat. Then each of the women gives birth to a baby aboard. Efforts of the crew in attending the young mothers and in caring for the cargo of twenty-two infants furnishes the lighter side of the epic, with Chill Wills, deserting his Western characteristics.

The tale then revolves around the development of a fine fighting officer out of Taylor, the playboy, under the patient guidance

of a regular naval officer, Lieutenant Commander H. Don Smith, who is procured as an extra precaution to guarantee authenticity to dialogue and scenes.

The story called for only three women and one of these was twenty-one-year-old Marilyn Maxwell, a farmer's daughter from Clarinda, Iowa, who had the experience, unusual even for Hollywood, of making screen love to Robert Taylor on the first day that she ever worked in pictures.

**Battle Action**—Robert Taylor and Brian Donlevy in a scene from "Stand By For Action," a stirring wartime story of a rebuilt destroyer and the men who guide it into action appearing at the Ritz theatre today and Monday. Charles Laughton and Walter Brennan are other stars with featured roles.

## Midland Stock Show Slated This Week

MIDLAND, March 20.—The first annual Midland Livestock Show will be held here March 23 and 24 when 4-H Club and FFA members of Martin, Upton, Glasscock and Midland counties will show and sell their fat calves, lambs and hogs. Sponsors said stock also would be brought here by producers of Crane, Ector and Andrews counties.

Final arrangements for the event were completed this week when departmental supervisors and a judge were selected and announced. George Glass is departmental superintendent of the four-county event and Clarence Schaefer, Jr., is assistant superintendent. E. H. Barron is show chairman and Harlan Howell is secretary.

The show will be held in the Eider warehouse in the 300 block of South Baird street rather than at the Midland fair grounds as originally planned.

The classification show will open at 1 p. m. March 23, with an auction sale of club animals scheduled the following afternoon. A Midland county club show will be held the morning of March 23. A commercial auction will follow the club auction on March 24.

Each 4-H club of FFA member will be allowed to sell one calf or two lambs in the club auction. No club hogs will be sold, but a commercial hog sale will be held following the club auction.

Show awards are to be made on a point basis, with prizes given to animals given the greatest number of points in each classification.

Two milk-fed and two dry-lot classes are scheduled in the baby beef division. All prizes will be paid in War Savings Stamps and ribbons. The champion calves will be exhibited in the lobby of Hotel Schaefer.

The Midland Chamber of Commerce is in charge of financing the show.

W. I. Marshall, Tom Green county agent, will judge lambs and calves and Lee Billingsley of Ames will judge swine. E. J. Tucker of the Soil Conservation Service will judge the Midland county show.

**T-Card Renewals Due By April 1**

The local ration board reminded holders of T-cards that their transport applications for gasoline for the first quarter will expire on April 1st and should be renewed before that date.

Card holders were asked not to wait until the last day as it will be impossible to service all the transport applications in one day and might therefore leave some driver without rations for a few days.

The gasoline panel members also announced that all applications for supplemental gas for employees of Cosden, the Bombardier School and the T. & P. for drivers "sharing the car plan" must be approved by each organization's sub-board before being given approval by the ration panel.

Winning advancement to sergeant's rating at the Big Spring Bombardier School is Sam Petty, member of the 365th bombardier squadron.

## East Siders In Drama Of N. York Slums

A fast-moving story of the New York slum districts is told in "Neath Brooklyn Bridge," the Monogram East Side Kids picture which is featured today and Monday at the Lyric theatre. Thrilling incidents follow one another in swift succession, and the picture makes a thoroughly satisfactory vehicle for the brash juvenile gangsters.

Leo Gorcey, Bobby Jordan, Hunts Hall and Gabriel Dell are the featured members of this refreshing group, and all put over their action in their customary forthright manner. Ann Gillis plays the leading feminine role and Noah Beery, Jr., contributes his usual fine performance as a friend of the boys and suitor of the charming Miss Gillis. Others in the cast are Stanley Clements, March Lawrence, David O'Brien and Jack Mulhall.

A gangster murder first involves the boys in a succession of dramatic situations, and they later find themselves on the wrong side of the law when they attempt to solve a difficult situation in their own way. Eventually an old man nicknamed "Bright Eyes" proves to be the key figure of an amazing plot.

Wallace Fox has directed "Neath Brooklyn Bridge" with an expert hand, and has kept the interest at a high point, aided by the excellence of an original screenplay by "Harvey" Gates. The picture has been well produced by Sam Kistman and Jack Dietz, and Muck Stelcher contributes excellent photography.

## THE WEEK'S PLAYBILL

**SUNDAY-MONDAY**  
RITZ—"Stand By For Action," with Charles Laughton, Robert Taylor, Brian Donlevy and Walter Brennan.  
LYRIC—"Neath Brooklyn Bridge," with the East Side Kids.  
QUEEN—"You Can't Beat The Law," with Edward Norris and Joan Woodbury.

**TUESDAY-WEDNESDAY**  
RITZ—"Life Begins At 4:30," with Monty Woolley and Ida Lupino.  
LYRIC—"Here We Go Again," with Fibber McGee and Molly, Edgar Bergen and Charlie McCarthy.  
QUEEN—"Pittsburgh," with Marlene Dietrich and John Wayne.

**THURSDAY**  
RITZ—"The Payoff," with Lee Tracy and Tina Thayer; also "Fall In" with William Tracy and Jean Porter.  
LYRIC—"You Can't Escape Forever," with George Brent and Brenda Marshall.  
QUEEN—"Talk Of The Town," with Cary Grant, Jean Arthur and Ronald Colman.

**FRIDAY-SATURDAY**  
RITZ—"Silver Skates," with Patricia Morison, Kenn Baker and Bette; also, war documentary film, "At The Front In North Africa."  
LYRIC—"Lost Canyon," with Bill Boyd.  
QUEEN—"Call Of The Canyon," with Gene Autry.

**STATE**—(Friday only) "The Body Disappears," with Jane Wyman and Jeffrey Lynn. (Saturday only) "Saddle Mountain Round-up," with the Range Busters.

**Best Seller**—Considered one of the recent screen triumphs is "King's Row," a study of human relationship in a small town in which Ronald Reagan and Betty Field have leading roles. "King's Row" is at the State today and Monday.

## -RADIO PROGRAM-

**Sunday Morning**  
8:00 Sunday Morning Melodies.  
8:30 Church of Christ.  
9:00 Detroit Bible Class.  
9:30 Emmanuel Church of Christ.  
10:00 Wesley Radio League.  
10:30 News.  
10:35 Mutual's Radio Chapel.  
11:00 First Christian Church.  
**Sunday Afternoon**  
12:00 Stanley Dixon.  
12:15 Safety Songs.  
12:30 Assembly of God.  
1:00 Pilgrim Hour.  
2:00 This Is Fort Dix.  
2:15 Let's Plant More Cotton.  
2:30 Madrid Melodrama.  
3:00 The Lutheran Hour.  
3:30 Young People's Church of the Air.  
4:00 Answering You.  
4:30 The Shadow.  
**Sunday Evening**  
5:00 Poems by Claude Miller.  
5:15 Dance Music.  
5:30 Trinity Baptist Church.  
6:00 Voice of Prophecy.

12:30 News.  
12:45 Harry James' Orch.  
1:00 Cedric Foster.  
1:15 Farm and Ranch Hour.  
1:30 Today's Devotional.  
1:45 Century Room Orch.  
2:00 Stanley Dixon.  
2:15 Shady Valley Folks.  
3:00 Background for News.  
3:15 "Uncle Sam Series."  
3:30 Nobody's Children.  
4:00 Sheila Carter.

## County Soybean Quota May Not Be Reached

With approximately 80 per cent of the Howard county farmers signed up with the AAA office for increased war production of foods for 1943, it is apparent that the county war goal for 200 acres of soybeans will probably not be reached.

To date only about 100 acres of the 200 acre goal have been obtained although the other war time crop asked of this county, 1,500 acres of peanuts, has been subscribed for and will probably run over the goal.

Work of signing up the farmers continues slowly but steadily at the AAA office where it is hoped to complete the process within the next few days.

## ISN'T PATRIOTIC to Droop and Drag

There was a day when, maybe, folks could afford the luxury of "enjoying poor health." But that's all off, "for the duration." In these times, when there's so much to be done, we must all pitch in and contribute the full measure of effort. If you happen to be under par physically, go to your physician, then bring his prescription here. Get well—KEEP WELL!

## \$94,000 Spent By Government On Food Stamps Before Office Closed

Under federal decree, the local food stamp office closed its doors officially March 1, but during the 22 months of its existence here it accomplished many things, not the least of which was the expenditure of \$94,100.00 for free blue stamps by the government for surplus commodities.

In addition to the actual money taken in by local merchants, the stamps were spent for surplus commodities which farmers found hard to sell and might have realized a loss on. Also, to relief clients it meant getting food that otherwise they were apparently unable to buy for themselves.

The office issued two kinds of stamps for its clients, the blue stamps, which were free and paid for by the government, and the orange stamps, which relief clients paid for themselves. Of the orange stamps, the office here recorded \$128,815—purchased during the operation of the office.

During the last few months of its existence, with plenty of jobs to be had, the number of relief clients dropped to 130 cases or 730 persons. During the last month, February, only \$1,900 orange stamps were sold and only \$1,800 blue stamps issued.

But this was not the case during earlier times in the county. Peak of the usefulness of the office was reached during December of 1941 when the office had 601 certified clients including 2,644 persons receiving stamp plan aid.

During this month, the office sold \$5,852 orange stamps and the government paid for \$4,201.50 in blue stamps.

# 48-Hour Work Week Proposed For Steel Industry

## Promotions For Officers At AAFBS

Recent promotions at the Big Spring Bombardier school have been announced by the Public Relations department.

Promoted to the rank of captain are August J. Kromer, station officer, whose home is in Highland Park, N. J.; William H. Nigh, cadet adjutant, of San Francisco, Calif.; Joseph J. Bradley, assistant administrative inspector of Chicago, Ill., and William A. Grimes, trial judge advocate, of Catonsville, Md.

Also promoted to the rank of captain were James R. Anthony, photographic officer, who has over 15 years of service in the army at Kelly, Chanute, Lowry and March Fields and at Fort Sill, Okla.; and John T. Bender, civilian personnel officer whose home is in Albany, N. Y.

Promoted to first lieutenant was Rolland F. Hatfield, assistant statistical officer, of St. Paul, Minn.

Also promoted to first lieutenants were Homer H. Fields, ground school instructor, whose home is Onelada, Ill.; Albert W. Dillon, ground school instructor, whose home is at Bison, Okla., and James Handing, assistant technical inspector, whose home is Sebring, Fla.

## Said Needed To Make Up Worker-Loss

WASHINGTON, March 20 (AP)—The steel labor advisory committee of the War Production Board, headed by Philip Murray, president of the CIO, recommended today a 48-hour work week throughout the steel industry.

The committee told WPB a 48-hour week is needed to provide the manpower for increased productive facilities, and to compensate for the loss of workers to the armed services.

In addition to Murray, the committee is composed of six officials of the United Steel Workers of America, CIO organization.

It was appointed early this week to work with the WPB steel division and the industry in a move to obtain maximum production of steel for war purposes.

The average work week in the steel industry during December was 41 1-2 hours, WPB said. Avoiding for injuries and other unavoidable occurrences, a 48-hour industry-wide work week would mean actual operations averaging about 46 1-2 hours, it was said.

Under the wage and hour laws, all overtime beyond 40 hours a week would carry a time and a half pay rate.

The committee's recommendation will be discussed with H. G. Batcheller, director of the WPB steel division.

Murray said approximately 186,000 workers from steel and steel fabricating plants already have entered the armed forces.

Batcheller reported that the bottleneck in steel has shifted from plates to alloy steels and forging quality carbon steels, and that every effort was being made to increase production of those items.

Batcheller asserted that no war production program—ships, tanks and other equipment—is being delayed by inadequacy of plates, now being supplied at a rate of about 1,150,000 tons each month.

## District Low In Liquor Violations

The Big Spring district of the Texas Liquor Control Board was second lowest in the number of cases of violations filed in the district in the month of February, according to the current issue of the board's magazine "Review."

Only five cases were filed in this district. Fines collected amounted to \$735.55. The report also shows that there were eight convictions and one jail term but 25 cases were dismissed. None were acquitted.

The only other town with a lower case record during the month was McAllen which had only one case filed.

## Negroes Fined On Gambling Charges

Gambling proved expensive business for four negroes Friday when three were fined \$14 for gaming and one was fined \$100 and costs for permitting gambling on his premises.

Other business in justice court was the fining of \$14 for one hot checker.

## Settle On One Abraham

TURLOCK, Calif. (UP)—With a son born to Mr. and Mrs. Robert L. Abraham on Lincoln's birthday, they decided that the fortuitous circumstance should be fittingly recorded in a permanent manner. However, such a name as Abraham Lincoln Abraham seemed a little too much and so they compromised on Robert Lincoln Abraham, Jr. for the youngster's name.

## Livestock

FORT WORTH, March 20. (AP)—Light supplies of cattle and calves reached the Fort Worth stock yards for Saturday's trading and all cleared at steady prices quality considered.

A few good beef cows, 10.50-12.00; a few good fat calves, 13.50 to 14.00; the few stockers and feeders arriving were held over for Monday's market.

Most, good and choice 190-300 lb. butcher hogs 14.75; packing sows, 14.00; stocker pigs, 13.50 down. Shorn lambs with No. 1 or No. 2 pelts brought 14.50-14.75. Common ewes, \$7.50.

## Names Added To County Honor Roll

Work on the first list of names compiled for the Howard county Roll of Honor for men in the armed services has been completed and work on the second list of names has begun, the county judge's office reported Saturday.

Names of local men who are inducted into the army through the local draft board are secured from draft officials but any man whose home is Howard county and who is inducted into service from another board can not be added to the list unless family or friends contact the county judge's office giving the name of the man in the service.

## Gross Keeps 144

HARRISBURG, Pa. (UP)—A rearrangement of seats in the state legislature didn't appeal to Assemblyman Paul Gross because it meant he would have to leave seat 144. Gross argued: "My locker number is 144, my desk number is 144 and my seat number is 144. That's 12 dozen, or one gross—and that's me." Gross went back to seat 144.

More than half of America's larger cities have anti-noise ordinances.

## Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy. It helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use.

Highly praised by users, many doctors and nurses. Just ask any druggist for Mother's Friend—the skin lubricant. Try it tonight!

## A Prescription

is merely a written order written in a scientific way from a Professional Diagnostician to another professional man who has had years of training in college and experience. If both of these men are right then you have done well. And for the past twenty three years we have been right.

**CUNNINGHAM & PHILIPS**  
(Been here longer — and you can guess why)  
217 Main Petroluem Bldg.

I want a complete new outfit this Spring — and I'm getting it at Wards!

I WANT A CASUAL COAT TO LAST "THE DURATION" 14.98  
A shetland-type all wool in nude or soft pastel. Wards styles are so right for all occasions—and for seasons to come! Whether I want a Chesterfield, a boy coat or a fitted style, I know I can choose from many. They're all here in sizes 12 to 20.  
See our other fine casuals at only 19.98

I WANT A SHEER RAYON I CAN WEAR EVERYWHERE 4.98  
A classic navy and white... an easy to wear shirtwaist prettied up for Easter... or a frilly pastel Whatever type I want, I'll find it at Wards among their budget rayon rompers, rayon crepes, rayon jerseys. And best of all, I won't have to spend more than 4.98! Sizes 9 to 15, 12 to 30 and 38 to 44.  
Many other dressy rayons for just—7.98

I WANT A FRIVOLOUS HAT FOR MY PRACTICAL CLOTHES 1.98  
Perhaps a dressy sailor... a becoming calot... or a flattering forward-tilt brim. Wards have such gay styles for such a small price. Handsome straws, bobbings, braids in all colors—navy, black or pastels. At this price I can easily afford two—a dressy hat and a casual

I WANT A HANDBAG TO GO WITH EVERYTHING! 1.69  
And I know I'll find it in Wards wonderful new Spring collection! They have lots of simulated leathers, simple but effectively draped. They have smart fabric bags, too, in dressy rayons or sporty cottons. All shapes and sizes... in a choice of color that's truly amazing today!

AND CLASSIC GLOVES FOR THE FINISHING TOUCH! 59c  
I honestly expected to pay twice as much for my new gloves this Spring... but here are the neat slip-ons I want for so much less at Wards! Why, at this price I can afford one pair in white and one in a costume color! Fine rayon or cotton fabrics, all washable. Sizes 6 to 8 1/2.

BUY YOUR NEW SPRING OUTFIT ON WARDS CONVENIENT TIME PAYMENT PLAN... It's the easy way to shop. Pay one-third down, the rest in regular monthly amounts out-of-income.

### Star-Spangled Spade-Up

By ROBERT GEIGER  
AP Features Writer

It's called the star-spangled spade-up. It is a flower garden with vegetables for trim and in 1943 vegetables are the star performers in any patriotic American's garden.

Professional gardeners of the famed Missouri Botanical Gardens at St. Louis experimented with a number of arrangements and reported many combinations of vegetables and flowers can be grown successfully, from the standpoint of both beauty and productivity.

There is another good reason why the star-spangled spade-up is recommended for city gardeners: Most yards already have flower plots. These plots, if fertilized, usually are much more productive than other land that might be available, such as a spaded lawn or vacant lot.

Result of the Missouri studies were condensed for 1943 victory gardeners. The experts recommended: Out of 45 different kinds

of vegetables that were studied, only about 12 are suitable for the amateur home gardener. The amateur should study the size and the coloring of the plants he intends to use, so that his garden plot, or his borders, will harmonize. He should try only simple designs.

Combinations recommended for home gardens and suitable for nearly all climates, include:

**POLE BEANS:** planted either as background for a flower bed of colorful, small flowers or used as the center strip of a flower plot.

**CABBAGE:** grows best in a cool, moist climate; also in warmer regions if planted early. The red varieties are ornamental in the border.

**COLLARDS:** similar to cabbage, but grow during hot weather when cabbage fails. Plants are three high and need plenty of room. They may be used as the foreground for taller shrubs.

**BEEFS AND CARROTS:** In the Missouri experiment they were

used as a border. Leaves of the plants make excellent foliage against a background of vivid, taller flowers. **PARSLEY** can be used for the same purpose and it supplies leaves for soup and garnishing.

**SPINACH:** grows well only in cool and moist climates and needs a large space. It is not recommended for most home gardens, but **NEW ZEALAND SPINACH**, an altogether different plant, is a good substitute. Similarly, a dozen plants of **SWISS CHARD** will yield greens for weeks as the outer leaves only are harvested, before they grow too large. The leaves are cooked like spinach and the stems are a good substance for asparagus. New Zealand spinach and chard are good in mass planting.

**GERANIUMS,** and many other flowers are a food source. The late Dr. George Washington Carver, famed agricultural scientist of Tuskegee Institute, recommended that leaves of geranium be mixed with other greens, and cooked. They have a sharp flavor.

**PURPLE-FRUITED EGG-PLANT:** recommended as a background for vinulas and penulias.

**LETTUCE:** loose-leaf lettuce may be sown early between roses and other flowers. The lettuce leaves are cut when sufficiently large for table use. The center will grow again and yield another crop. A late sowing may be made in August for fall harvest.

**PEPPER PLANTS:** especially ornamental after the fruit turns red.

**RADISHES:** grow quickly and are ready for harvest in from three to four weeks. They produce very ornamental, green-leaved plants when used as borders for plots of bright-colored flowers.

The Missouri gardeners recommended **TOMATOES** above all other plants as an ornamental-usable crop. They may be used as background for vinulas and penulias, strips. They grow to a height of about three feet and may be trained on the fence; tied to stakes or attached to a wall.

Take Time, and Great Care in Sowing Seeds to Avoid Waste.

### Cold Frame Will Serve Victory Garden Group

The Cold Frame Story—How to Build and Use It.

One Victory garden task which can be done in the winter is to construct a cold frame. This is a job for manual training classes, amateur wood workers or neighborhood groups. One cold frame will serve several small Victory gardens.

The accompanying diagram shows a small cold frame made to fit the standard sash, 3 by 6 feet. It may be made twice this size, 6 by 6 feet, but as a rule no larger. It may be made to fit a sash of any convenient size if a substitute for glass is used to cover the sash. A substitute for glass is better because it is light and does not break. An ideal type is made of a wire screen or a cloth covered with a transparent plastic material.

The cold frame depends upon the sun for its heat, and should always slope toward the south and have uninterrupted sunshine all day. The frame should be made

### Here Are Tips On How To Keep Insects Away

The mortality of destructive insects will keep pace with the vast increase in home gardens in 1943. If sprays and dusts are used skillfully, according to Paul Gregg, A. & M. extension service assistant entomologist.

Old hands know what to do when bugs move in on their corn and beans, but the amateurs with the hoe and fork need guidance to get the best results from their investment in liquid and solid poisons. Here are some tips from Gregg.

Always use soap or some other activator with nicotine sulphate spray.

Use a good grade of hydrated lime with nicotine sulphate when used as a spray.

Nicotine sulphate dusts are more effective if applied when plants are moist.

Pyrethrum of pyrocidic dusts should be applied in the late afternoon. Sunlight deteriorates them rapidly.

Poison baits should be put out early in the morning or late afternoon in the form of flakes, not lumps.

Never use lime with cryolite or rotenone, or combine cryolite or rotenone with any other insecticide which has lime in it.

Never use sulphur or any sulphur mixture on cucurbits such as squash, cucumbers, melons, etc.

To remove arsenical residues from fruits and vegetables, wash in acid solution. To remove fluorine residues, wash in alkaline solution.

Never use lead arsenate or any other arsenical substance on stony fruit such as peach and plum without adding lime.

Never apply a dormant spray just before a freeze.

Remember these proportions in mixing poisons: Three teaspoonsful equal one tablespoonful, and two tablespoonful equal one fluid ounce.

A pneumatic chip collector now salvages all waste particles of metal in many war plants.

A survey of rejected draftees indicates the highest incidence of bad teeth occurs in New England.

### Drouet Writes On Life In Africa

Staff Sergeant Paul Drouet, who is "somewhere in North Africa" with the signal battalion of the air support command, writes often to his wife, Mrs. Drouet, of life in the country.

Sgt. Drouet was at first stationed in Casablanca where he landed after the invasion force of November 7 arrived. Casablanca is a beautiful spot, Drouet wrote, and his knowledge of French came in handy. He spent New Year's Eve in the home of a French family and managed to understand all that was said even if he couldn't always say everything he wanted to in French.

Since then, Drouet has been transferred to another town where he wrote that the Arab market place is the most interesting spot to go. An Arab sheik runs the market and when one of the men to raise prices, it is reported to the sheik and right then and there a trial is held. If found guilty, the man is made to keep his price "ceiling" intact or he can't sell anymore.

A bright note in a recent letter was that Drouet had found a place where he could get a hot bath for six francs and that was really something. A radio where they can hear re-broadcasts from America and London keeps the Americans feeling good but it is mail from home that is the main event of the week, Drouet writes.

The strain on old equipment will be severe in 1943. To make sure it holds together, lightning action is needed now. Now while there is still room in our warm repair shop for thorough, expert reconditioning. If you wait till spring . . . if you wait for breakdowns in the field to order repairs . . . it may be too late.

Every piece of Allis-Chalmers equipment inspected and judged ready for peak performance is entitled to display the "Farm Commando" eagle emblem, showing that it's "Ready to Roll . . ."

The newspaper headlines say it can't be done — that farmers will be swamped and that people fighting for freedom will have to tighten their belts. This is no time to retreat! Let's attack today—with equipment ready to go!

### Ruling Relaxed On Utility Connections

Utility connections for houses adjacent to lines was another housing development prospect Saturday, according to word from E. T. Stearns, Fort Worth, FSA district director.

There were indications that lines located in proximity to houses could be connected regardless of contemplated occupancy by executing the form, FD-545 directly to the power branch of the WPB in Washington.

Heretofore, restrictions were such that connections were either prohibited or could be made only for houses which were to quarter a defense worker.

### Club Boys Stock Show To Be Cut To One Day, Apr. 7

A one-day show and sale of Howard county club boy calves was agreed upon as the traditional district show sponsored by the Howard County Fair association was trimmed to conform to wartime conditions.

April 7 was the date fixed at the meeting of the fair association, called by Fred E. Keating, president. It was selected for two reasons: To get away from March 31, when buying power might be low on stock, and to provide more time for readjustment to the meat rationing program before placing the fat animals on market.

County Agent O. P. Griffin estimated that there would be 25 calves for showing. These, he said, would be judged as to market classes. Those making the top class will be given blue ribbons, and others will get red ribbons. Only other placings will be for grand champion and reserve. Judge has not been secured, but Griffin said it was hoped H. C. (Stud) Barnes, A. M. extension service beef cattle specialist, could serve.

Location of the show will be changed this year. Due to the one day show and sale and to save on tires, the calves will be exhibited at the Big Spring Livestock Commission Co. lots in the morning and then put through the sale ring in the afternoon.

### Navy Lifts Recruiting Restriction

Lifting of restrictions on recruiting of 17-year-olds and of men between the ages of 28 and 50 years of age was announced Saturday by Fred Baucum, in charge of the U. S. Navy recruiting sub-station here.

How long this might continue, Baucum could not say, but he added that all 17 year olds who can qualify would be processed. Heretofore, the station has been on a restricted basis.

Baucum stressed the advantages of navy training, including opportunities to learn a trade which might be used to earn a livelihood after the sailor is out of the navy. "Parents need not worry about your son's associates if he enlists in the Navy," said the recruiter, "for every applicant is thoroughly investigated either before or soon after entering the Navy, and if his record is bad, he is rejected or discharged immediately."

Men of special training are needed and those from 35-50 are urged to contact Baucum, who explained that "many men may continue the same trade they have in civil life and serve their country in the most effective way." Full particulars may be had at his office in the postoffice basement.

Two youths shipped Saturday for enlistment were Thomas Maxwell Connor, son of Mr. and Mrs. T. M. Connor, and Lee Andrew Burnett, son of Mr. and Mrs. H. A. Burnett, both of Imperial, Tex.

### Third Pipeline To The East May Be Needed, Says Ickes

WASHINGTON, March 20 (AP)—Petroleum Administrator Ickes said today it is "quite within the realm of possibility" that a third big pipeline to the east may be found necessary.

Ickes made the statement in a letter to Rep. Snyder (D-Pa.), chairman of the army appropriations subcommittee, in opposing the trans-Florida barge canal project from the viewpoint of the wartime petroleum situation.

Ickes said that pipelines can be built in a relatively brief period of time, that they use materials and power with greater efficiency than any other carriers except ocean tankers, and that they are economical to operate.

"This time element alone, I should think sufficient to decide the issue," Ickes said. "However, regardless of the time for construction, from a petroleum transportation standpoint the canal would be ruled out on the basis of efficiency in the use of materials and manpower, compared with the use of pipelines. Very careful calculations have indicated that barges and tugboats would use steel for the delivery of oil with only about 55 per cent of the efficiency of a large pipeline. x x x

### Cottonseed Meal Supply Up A Little

Enough high protein feed to supply the bare needs of dairyman and farmers feeding milk cows for several weeks appeared, probable Saturday after Marshall Allen, superintendent of the Big Spring Cotton Oil Co., announced his company had finished the season's crush with some unexpected tonnage of cotton seed meal.

There was approximately 100 tons of this, he indicated, but it will be rationed out to milk producers, both those selling commercially and those maintaining home milk supplies. By using this supply along with soybean meal which has been allocated to the county, Allen felt that the high protein feed crisis could be averted for several weeks.

At the same time, J. H. Greene, chamber of commerce manager, said B. F. Vance, state war board chairman, had advised the local war board and the chamber that a fourth car of soybean meal had been allotted to Howard county. The third car will be shipped Monday from East Texas, Allen, who is distributor for it, was advised Saturday. It should be here about Wednesday.

Ickes did not elaborate on his statement concerning the possibility of a third big pipeline.

ply the cake needs of ranchers, for the entire amount in prospect would not help but a half dozen large units at the most.

An appeal for those seeking the feed to ask only for their minimum requirements so that there will be enough to let their neighbors have some was voiced by Allen.

### Here 'n There

The war against men bunning rides on freight trains continues. Saturday there were three booked for the offense of riding freight trains, and Friday the police docked carried five others who had pleaded guilty to the offense. During the week there were 14 such cases.

Two men wanted as army deserters were apprehended by police during the past week. One had been out for six months and the other was missing for a year and a half. The latter had a J-A classification—but it was dated 1940. Having held him for several days pending word from his draft board, police were about to let him go when he suddenly confessed he was AWOL.

A juvenile picked up by officers for a drunk driving charge, has been turned over to the state liquor control board agents instead. He will be questioned about the source of his liquor, it was indicated.

Sgt. Winston O. Harper's first leave in London called for a celebration, for just before he left his station he received a cablegram informing him that a son had been born to Mrs. Harper in Big Spring. His air force pals at the American Red Cross Eagle club ordered "cookies" and doughnuts and Winston signed the check. This is the first child for the Harpers, who have been married three years. The sergeant was happy over the Big Spring population increase and wished he could add himself to the total in order to hold his son, the Red Cross reported from London. Now he's considering Harvard and Oxford education for the boy for a sortof Anglo-American alliance.

**HERE 'N THERE** . . . . .  
Mrs. Grace Lee Grider has heard from her son, Ralph Greenwood, who is in northwest Africa, where he seems to like it fine. Ralph has been in the army about three years now and is a former Big Spring boy.

Harry Dooley, negro, was being held Saturday by police on a charge of petty theft. Officers said he also was being questioned in connection with some other matters.

**PRODUCTION UP**  
WASHINGTON, March 20 (AP)—The War Production Board reported today an eight per cent decline in war production in January followed by an upswing in February which brought the output almost back to the record level of December.

Both the Big Spring Cotton Oil Co. and the chamber of commerce are to be commended upon their constant effort to overcome the high protein feed shortage. Through their effort, working in some instances with the local and state war boards, around 230 tons of soybean meal has been pledged Howard county. Moreover, the cotton oil company managed to squeeze out another 100 tons to be spread out to milk producers over several weeks. Already more has been accomplished than we ever thought possible.

Raising of the Powell Creek service spillway will add a few months to our water supply if and when rains over par the water level to the top again. Meanwhile, our water situation looks brighter despite the usual winter drought, and if we get a break during the spring and summer showers, the city probably will get through an all-time record demand without shortage. There might be a surprising development.

A few years ago Hubert Stipp, division engineer for the railroad commission, was summarily dismissed because a member of the railroad commission had some political commitments to meet. It wasn't long before they had to draft him back into service when scandal shot the succeeding district organization. Last week, he had to save another situation by transferring to Midland as engineer in charge of the district office because there were no petroleum engineers left.

**Three Counties May Receive More Meat**  
FORT WORTH, March 20 (AP)—The Office of Price Administration today designated the counties of Bell, Taylor and Tom Green as areas in the Fort Worth district where emergency meat allotments can be made to relieve actual or threatened shortages.

Under authority delegated to state and district OPA offices, slaughtering and delivery quotas set for these areas may be raised by the state OPA director so as to increase the amount of meat available to communities within their borders.

### Nine Are Killed In Bus-Train Crash

GRANITE CITY, Ill., March 20 (AP)—Nine persons were killed and 16 were injured today in a bus-train collision.

An intercity bus almost had cleared the last rail of a grade crossing at the moment a fast Illinois Terminal electric train sent it whirling top-like, smashed its front on the rebound and rammed its shattered chassis between two rows of telephone poles.

All the dead and 14 of the injured were on the bus. Two train passengers were injured slightly, although the three-car interurban remained on the tracks and continued its run after a slight delay.

### The Week

ers from contracting from some choice lamb or calf. Incidentally, some newcomers might add a chapter to their epicurian experiences by tasting some of that mutton barbecue to be served free.

Closing out of the Hank McDaniel dairy herd here a week hence (March 29) is a reminder of the need of gearing ceilings and production costs in some way or another. If this sort of thing continues, we may find ourselves with a woefully short milk supply in Big Spring. We're not too far from that now.

We nominate for a good, old fashioned horse whipping the thief who has stolen hydrants from water lines at the cemetery. Because these are difficult to replace now, the lines have been plugged at these points. The shameful dishonesty of one creature may greatly hamper efforts to beautify graves of loved ones.

Both the Big Spring Cotton Oil Co. and the chamber of commerce are to be commended upon their constant effort to overcome the high protein feed shortage. Through their effort, working in some instances with the local and state war boards, around 230 tons of soybean meal has been pledged Howard county. Moreover, the cotton oil company managed to squeeze out another 100 tons to be spread out to milk producers over several weeks. Already more has been accomplished than we ever thought possible.

**Gardens Changing Garbage Routes**  
Victory Gardens are changing the garbage cans around in front. Accordingly, the city Saturday asked all persons whose homes front north on Sycamore street and whose houses face south on Wood street in Highland Park, and all residents in Washington Place to place their garbage cans either in front of their houses at the street line—or on the side where there is a side street.

Reason, said B. J. McDaniel, city manager, is that the two additions have no alleys and easements through which the garbage truck has wiggled by utilizing vacant lots, have been plugged by people plowing for Victory Gardens.

### Weather Forecast

**WEST TEXAS:** Little temperature change Sunday, except slightly warmer in Panhandle and South Plains.

**EAST TEXAS:** Little temperature change Sunday, except slightly warmer in north portion in afternoon.

### Congressmen Talk Of Anti-Strike Legislation

WASHINGTON, March 20 (AP)—A number of congressmen of both major parties, weighing contract negotiations between John L. Lewis and bituminous coal mine operators, expressed the view tonight that any walk-out by the miners would be followed swiftly by legislation to outlaw strikes for the duration.

**DOUBLEHEADER**  
NEW YORK, March 20 (AP)—The New York Yankees, Giants and doubleheader at the Yankee stadium will meet in a pre-season stadium for the benefit of the civilian defense volunteer office.

### Governor Observes His 55th Birthday

AUSTIN, March 20 (AP)—Governor Coke Stevenson celebrated his 55th birthday today by getting up half an hour late.

He got to work on time, however, and spent the day at his desk.

The governor usually starts his day at 5 a. m. He said he made up the lost time today by not reading the morning papers as carefully as usual.

### Mexican Named In Assault Charges

Gilbert Diaz, Mexican, was booked Saturday on an aggravated assault charge by city police following complaints lodged by two Mexican women.

Diaz was charged with breaking an arm for Natividad Mirja, and police added that he also forced Ofilia Dianda to accompany him from a roadside cafe, where the affair took place, at the point of a knife.

### Gardens Changing Garbage Routes

Victory Gardens are changing the garbage cans around in front. Accordingly, the city Saturday asked all persons whose homes front north on Sycamore street and whose houses face south on Wood street in Highland Park, and all residents in Washington Place to place their garbage cans either in front of their houses at the street line—or on the side where there is a side street.

Reason, said B. J. McDaniel, city manager, is that the two additions have no alleys and easements through which the garbage truck has wiggled by utilizing vacant lots, have been plugged by people plowing for Victory Gardens.

WASHINGTON, March 20 (AP)—The Office of Price Administration today designated the counties of Bell, Taylor and Tom Green as areas in the Fort Worth district where emergency meat allotments can be made to relieve actual or threatened shortages.

Under authority delegated to state and district OPA offices, slaughtering and delivery quotas set for these areas may be raised by the state OPA director so as to increase the amount of meat available to communities within their borders.

## NOT JUST A BOLT OF YARD GOODS...

it's lovely dresses...  
smart pajamas...  
new clothes for the kids...

NOT just a bolt of Yard Goods, it's much more than that! It's a new dress for Mrs. Miller—Play Suits for the Fletcher kids—Pajamas for Mother and Dad—a Bedspread for Aunt Martha! It's the hundreds of clever and useful and pretty things into which the nimble wits and shutting fingers of women can transform it. In a sense this simple bolt of Yard Goods is the crest and hallmark of a great American business—The J. C. Penney Company.

THE FIRST PENNEY STORE, OPENED 41 YEARS AGO IN KEMMERER, WYOMING, SET A NEW PATTERN OF NEIGHBORLY, LOW COST, RETAIL STORE SERVICE.

Yard Goods were a major part of the stock in trade of Mr. J. C. Penney's first little store—opened 41 years ago this month in Kemmerer, Wyoming.

From the outside it looked far from impressive. Inside, though, people discovered it was different. For this store was dedicated to a new kind of store-keeping—to a neighborly idea—an idea as typically American as ride-sharing and quilting bees! Mr. Penney didn't think "How much can I take?" but "How much can I give?" He cut out useless frills, charge accounts and deliveries; pared prices to the bone; preferred many sales at small profit to a few at large profit.

THE PENNEY IDEA SPREAD, AND GREW, UNTIL TODAY PENNEY STORES DOT THE ENTIRE MAP OF THE UNITED STATES

Kemmerer took to the first Penney store as buffalo take to pasture!

So did Moscow, Idaho later on. And Salt Lake City, Utah. And San Antonio, Texas. And today there are over 1500 Penney stores in all 48 states, and Penney's is truly an American institution.

For every hundred dollars worth of shoes, or blankets, or shoes, or Yard goods the Penney store sells in Peoria, Illinois or Scranton, Pennsylvania, or Savannah, Georgia, it pays back honest and substantial savings.

For every hundred dresses, or shirts, or overalls it sells in Waltham, Massachusetts, or Stockton, California, or Chillicothe, Ohio, it pays back rich dividends in local salaries, rent and taxes.

Today Penney stores from Coast to Coast are making a tremendous contribution to the nation's wartime program of Thrift and Savings. Today Penney stores, in neighborly fashion, are helping to balance the household budgets of millions of Americans. Today Mr. Penney's 41 year old idea of success through giving, rather than taking, is still the Penney way.

### Uncle Sam Can Use Your 12-Gauge Shotguns And Will Pay For 'Em

At least 15 Big Springers have given up their trusty shotguns following an appeal by the government for all sporting men to be good "sports" and turn in their 12 gauge guns.

Collected at a local hardware store, the guns have been sent to St. Louis to an Arms company, acting as the government's dealer. The store sends the guns to the company and they in turn send back a card to the owner saying his gun is worth so much to the government. The owner can either refuse the price and get his gun back, or accept the price which is then sent direct to the owner and not to the store.

Only 12 gauge guns are needed.

Including automatic, hammerless double barrels and repeaters and are to be used on guard duty, wing shooting, training and actual combat by men of the armed services.

Top pay for a double barrel gun is \$30 and \$42.50 for repeaters and automatics and no guns that are twisted or broken can be accepted.

There is a deadline on this offer of the government and that is the guns are needed before April 1. So, if you have hunters have a 12 gauge that you'd like to have shooting Japs instead of innocent birds and rabbits, here's your chance to kill a bird of a different feather, namely yellow.

### Entry List Large For Texas Relays

AUSTIN, March 20 (AP)—When it appeared the war would cause a curtailment of intercollegiate athletics, Clyde Littlefield wasn't sure the Texas relays should be held this year.

The University of Texas track coach conferred with Athletic Director D. X. Bibb. They decided the question should be put to teams that had come to the meet in the past.

Well, the mail didn't have just "yes" or "no" answers—there were long letters urging that the show go on.

"If you guys quit, it'll look like you're giving up and that'll be a signal for everyone else to take out," was the gist of replies.

So the athletic council decided to go ahead.

Now the sixteenth annual relays April 3 look like they'll be among the best of all. Already 15 colleges and universities, seven service teams and 30 high schools have filed entries.

One reason for the interest is the attitude of the armed forces, Littlefield explained.

"Track and field, which is a relatively inexpensive sport, is the sort of thing the army and navy convert very readily," he said. "There's military track and there's military field. Leaders seem to think the sports are particularly amenable to their own training program."

Transportation will enter the picture, of course. Littlefield has no idea how teams from Iowa, Ohio and Kansas are going to get here—but they say they're coming.

Total participation probably won't reach record proportions but Littlefield predicts closer running than in the past.

Out of state entries include: Oklahoma, Oklahoma A. & M., Mount Vernon college of Iowa, Ashland college of Ohio, Louisiana State, Oklahoma East Central Teachers, Drake, Wichita and Norman Naval training school of Oklahoma.

### Pairings Are Fixed For The NCAA Tourney

KANSAS CITY, March 20 (AP)—The first round of the N. C. A. A. western basketball play-off pits the University of Oklahoma against Wyoming and Washington against Texas Friday night to determine who shall battle it out in the finals the next night.

Drawings for both first round opponents and playing time were made today by the fifth district basketball committee of the N. C. A. A.

They produced this first night schedule:

Wyoming vs. Oklahoma at 8 p. m. Washington vs. Texas, 8:30 p. m.

Pairings were arrived at by drawings from a hat by the committee, headed by Dr. H. H. King of Kansas State college and including George Edwards, basketball coach at the University of Missouri; Bill Williams, basketball coach at Drake university, and C. E. McBride, sports editor of the Kansas City Star.

Washington is expected to arrive here Wednesday for workouts and the other three combinations on Thursday. Reeves Peters, manager of the tournament, said.

The winner of the western play-offs will go to New York to meet the winner of the eastern play-offs in the N. C. A. A. championship game. The championship team will meet the winner of the "New York Invitational" tournament in a "Final Four" game here later in Madison Square Garden.

Crates loaded with Hungarian partridges arrive in Texas from Alberta, Canada.

### Hungarian Partridges Released In Panhandle

#### Area Is Chosen By Game Expert As Likely Place For Birds To Thrive

DALLAS, March 20. — Several hundred Hungarian partridges are now being released in the Panhandle of Texas in co-operation with Eltinge Warner, publisher of Field & Stream, it was announced here today by Murrell Buckner, chairman of the Texas Game & Fish Commission. The birds are being released near Adrian, Tex., 30 miles west of Amarillo in an area selected by Mr. Warner and one of his game experts from his magazine.

"It is an interesting experiment which will be carefully watched," stated Mr. Buckner today. "I want to thank Mr. Warner for his interest. There are practically no game birds in the fields on the plains of the Panhandle, the quail and the prairie chickens holding to the rougher country, but the Field & Stream experts believe the Huns may become as abundant as in Canada.

"The Hungarian partridge, which is native to Europe, is so plentiful in Canada that in some places they have a three month open season and a bag limit of 25 birds. It is known by some as the larger quail; the quail, you know, is not a true quail but a partridge. Our Texas quail weigh from six to eight ounces; the Hungarian about 13 ounces. It is one of the sportiest of game birds and ranks close to our Bob-White. It thrives best in open grain fields with little cover and where there is only moderate rainfall."

Mr. Warner is a great booster for Texas and last fall he took Gene Howe, of Amarillo, a member of the Texas Game & Fish Commission, to Alberta, in Canada, where they studied the habits of the Hungarian partridges. They found the bird in astonishing numbers in country of topography almost identical to the high plains

### Dodgers Have Fun Rounding Into Shape

BEAR MOUNTAIN, N. Y., March 20. (AP)—The Brooklyn Dodgers are getting into shape so fast up here in the hills that they are beginning to feel sorry for some of the other major league clubs.

Their daily drills in the big West Point Field House are conducted with a hustle and a holler that keeps everybody busy all the time.

"We're in great shape," said Manager Leo Durocher today. "Why, I have had to limit our work to about two hours because the boys go at it so hard they would wear themselves out if I let 'em."

"That's what I like about this gang of mine. They give it all they've got. Take Whit Wyatt. He got himself in shape at Hot Springs, Ark., and do you know what he did today? He ran and walked 22 times around the inside of the fieldhouse. That's more than four miles."

Besides going about their work with a gusto, the Dodgers have been having a lot of fun in their leisure time playing pool, cards, table tennis and seeing the movies that are shown especially for them four nights a week in the inn.

Durocher, who was the somewhat celebrated champion card player of the club last year, has been devoting himself to the pool tables here and the undisputed ruler.

Some questioning brought the information from Durocher that he used to play exhibition matches with Willie Hoppe, Ralph Greenleaf and other stars. His highest run here has been 47.

ELTINGE WARNER, Publisher of Field & Stream, New York

### Texas U. Wins Track Meet

AUSTIN, March 20 (AP)—Winning eight first places and showing balanced power down the line in all events except the pole vault, the University of Texas track and field team today defeated Texas A. and M., and Southwest Texas Teachers of San Marcos in a triangular meet.

Max Minor of Tahoka took three and Jerry Thompson of Dallas two first places each. The Longhorns ran up 79 1-4 points to 65 3-4 for A. and M., and 25 for Southwest Texas.

Minor was high point man, taking firsts in the 100 and 250-yard dashes, the broad jump and leading off the winning sprint relay team. Bill Henderson of Texas A. and M. came in second with a first place in the shot put, seconds in the broad jump and javelin throw, fourth in the discus throw and a tie for third and fourth in the high jump.

Pete Watkins of A. and M. threatened the only Southwest conference record which appeared endangered. He cleared 6 feet, 6 inches in the high jump, but fell by a hair's breadth to clear 6 feet 8 inches. The record is 6 feet 7 3-4 inches.

Thompson won both the mile and two-mile runs.

### Gutherie Test Near Level Of Possible Pay

The W. S. Gutherie No. 1 Alton, northeastern Howard county wildcat test, was nearing the zone Saturday when pay horizons may be expected if they are logged.

It was reported to be below 220 feet in line. Location is 600 feet out of the southeast corner of section 27-20 Lavaca. A second wildcat by Gutherie, staked several miles to the east in Mitchell county, in the corner of the southwest quarter of the southeast quarter of T-27, H-2C, has not been rigged as yet.

East of Colorado City, another important Mitchell county test was making hole again. The Cosden Petroleum Corp. and W. D. Casbolt No. 1 C. C. Thompson, had set seven inch string and was reported below 2675 feet. It is located 600 feet out of the northeast corner of section 33-25, T-2P.

Gulf is scheduled to start March 21 a proposed 5,500-foot rotary wildcat in Gaines county 8 1-2 miles northeast of the Seminole pool and the town of Seminole. The test will be No. 1 Pauline Haybeck Kottwitz, C NW NW 22-G-WTRR.

Jack D. Bodkins of Midland prepared to start No. 1 Scharbauer Cattle Co. projected 5,800-foot wildcat in Martin county, C NE SW 27-36-12-T-2P, eight miles north and slightly west of Midland. The Texas Co. assigned to Bodkins leases on 3,040 acres for exploration.

### Wall Street

NEW YORK, March 20. (AP)—The livestock market today finished its worst week on average since last mid-April but selling dried up appreciably and many leaders, including yesterday's weak rally, developed mild recovery tendencies.

The week's decline was attributed mainly to 4-1/2 percent factors connected with the lengthy upswing to highest levels in nearly three years. The correction was aided partly by a somewhat cloudier Russian war picture and a wide batch of relatively disappointing 1942 earnings statements. Remaining on the side of the bulls, however, were large idle investment funds and persistent inflation pay-offs.

The Associated Press 60-stock composite was unchanged at 48.5 but on the week was off 5.9, largest recession since the week ended April 18, 1942. Transfers of 464,290 shares were a minimum since Jan. 25 and compared with 529,830 last Saturday.

A sign reading UXK means, in the language of the armed forces, Unexploded Bomb.

### Card Farm System Paying Dividends

CAIRO, Ill., March 20. (AP)—Even more than in peace-time, the St. Louis Cardinals' farm system is proving its value today at the champion's spring training camp where Manager Billy Southworth faces the problem of replacing his war losses.

Three World Series heroes—Outfielders Enos Slaughter and Terry Moore and Pitcher Johnny Beasley—are in the armed forces and Second-base man Jimmy Brown has been called for his physical examination with possible induction in mid-April.

Yet, Cardinal fortunes have not yet been affected to the extent that similar military contributions have weakened the majority of the other major league teams.

The reason is that the Cardinals, who virtually shut down themselves, have supplied the parent club with a group of promising replacements. It's perhaps premature to put the yardstick on rookies in advance of actual big-time experience but it's safe to predict, as Southworth did, that the Cardinals will have "a very interesting team."

### Warmerdam Batters Own Vault Mark

CHICAGO, March 20 (AP)—Ensign Cornelius Warmerdam tonight bettered his own world's record in the pole vault at the Chicago relays by leaping 15 feet 8 1-2 inches.

Warmerdam's feat topped both his world outdoor mark of 15 feet 7 3-4 inches and his world indoor record of 15 feet 7 1-4 inches. Dashing down a 140-foot runway, Warmerdam barely ticked the bar making it vibrate slightly.

While the rest of the field dropped out, Warmerdam, vaulting for the first time as a navy man stationed at the Chapel Hill, N. C., pre-flight school, soared over the bar at 15 feet 1 5-8 inches and then at 15 feet 3 5-8 inches before taking off on his record jump. His successes added up to the 33rd time he had cleared 15 feet or better.

Another world record was equaled when Herbert Thompson posted a time of .044 in the 40-yard dash, first event in the sprint series which the New York negro has dominated for the last three years.

The first upset of the meet, which attracted a crowd of about 16,000, came in the "1000" when Les Eisenhart, former Ohio State captain and now running out of Port Clinton, O., beat out the famed Gene Vanzeke by two yards.

In a great "600" race, Jimmy Herbert of the Grand Street boys of New York, won his third relays championship with a kick of speed in the last half lap to beat out Bob Ufer of Michigan.

DUAL MEET

DENTON, March 20 (AP)—North Texas State tracksters will hold a dual meet with the University of Oklahoma here Monday afternoon.

### Angott Told He Must Fight Beau Jack

NEW YORK, March 20. (AP)—In the wake of Sammy Angott's startling comeback to snap Wee Willie Pep's all-time record winning streak at 62 straight, the National Boxing association today called for a bout between swarthy Sammy and Beau (The Jumping) Jack to "end the lightweight championship muddle."

The possibility of such a bout coming off immediately was somewhat remote, however, since Promoter Mike Jacobs pointed out that the Jumping Jack already is signed to defend his half of the "lightweight crown"—the New York half—against bouncing Bob Montgomery of Philadelphia in Madison Square Garden May 21.

But Promoter Mike left one loophole through which the leachable lightweight merry-go-round might spin by saying that "the only way a Beau Jack-Angott match could be arranged would be for the winner of such a fight to agree to meet Montgomery within 60 or 90 days, or else the winner of the Jack-Montgomery match could agree to meet Angott in the same period."

Just how it comes about, doesn't matter much to Press Abe Greene and the rest of the N.B.A., however, just as long as it happens somehow—and quick.

### Lehman Ordered To Duty At Sea

Derald Lehman, attached to the U.S. Navy recruiting sub-station at Big Spring for the past seven months, has been ordered to active sea duty.

He was one of several recruiters in the district who were called to report at Dallas before being given their basic training preparatory to a sea assignment.

Lehman came here at a time the station was putting on its most intensive recruiting campaign in September to secure its record enlistment of construction workers. Formerly of Fort Worth, he and Mrs. Lehman left Saturday for that city before he reports to Dallas. The move leaves Fred Baucom, in charge, the only one manning the Big Spring sub-station.

### Naval Recruiting Office Inspected

Three navy officers inspected the Big Spring sub-station of the U.S. Navy recruiting service here Saturday, Fred Baucom, recruiter, reported.

In the party were Commander L. H. Rideout, Jr., Dallas, in command of the Northwest Texas district, Lieut. R. J. Dalbey, Dallas, and Ensign E. S. Yeland, in charge of the semi-main station at Abilene.

MURRELL BUCKNER, Chairman, Texas Game and Fish Commission

### Longhorns Schedule Baseball Games

AUSTIN, March 20 (AP)—A complete training schedule for the University of Texas baseball team which opened its season with a 22-7 victory over Brooks Field yesterday, was announced today by Business Manager Ed Oile.

The Longhorns' next games will be at San Antonio. They meet Kelly Field March 28, Randolph Field March 29 and Brooks Field March 27.

The Longhorns open their Southwest conference competition with Rice at Houston April 2 and 3.

### Farm Bureau Rolls At All-Time High

Membership of Howard county farmers in the Texas Farm Bureau now stands at an all time high, C. T. DeVaney, secretary, reported Saturday.

Latest tabulation shows 314 members in the county, conceded to be the biggest membership of any county in the state.

A meeting of the local membership is contemplated soon, and efforts may be made to secure the district meeting of the Texas Farm Bureau Federation here during the spring.

# Formal Tea Announces Approaching Marriage Of Maribel Menger

A twilight tea held Friday evening in the home of Mrs. Thurman, announced the engagement and approaching marriage of Maribel Menger, daughter of Mrs. William Menger of San Antonio and formerly of Big Spring, to Lieut. Roy Brian Black of Phillipsburg, Pa.

Small white cards engraved with the couple's name and wedding date, April 3rd, were given to each guest by the bride-elect's niece, Marijo Thurman. The cards were placed in an antique silver basket.

Guests were met at the door by Mrs. R. T. Piner, who wore a white and gold formal gown, and in the receiving line were Mrs. Thurman, who dressed in a dusty pink lace gown, Mrs. Menger of San Antonio, who wore a blue 'sac formal gown, and the honoree, Miss Menger, who dressed in a silver grey formal made with a bodice of grey satin and rose buttons. She wore a single strand of pearls and had a rose-colored carnation in her hair.

Mrs. Elbert Helton of Monahan dressed in a formal gown made with a white jersey blouse and printed skirt. Mrs. A. T. Lloyd, whose formal gown was of pale blue, Mrs. Dewey Martin, whose formal gown was a figured bodice and white skirt, Mrs. Roy Green, whose dress was peach colored, and Mrs. Harry Hurt, who dressed in a blue chiffon gown.

Other members of the house-party dressed in evening dresses and included Marijo Thurman, who presented guests with the announcements, Mrs. Fred Keating, Mrs. Nat Shick, Mrs. R. V. Middleton, Mrs. J. D. Biles, Sara Reidy, Mrs. Morris Patterson, Evelyn Merrill, Mrs. Ebb Hatch and Omega McClain, who presided at the guest book.

The register table was centered with an old fashioned bouquet of white sweetpeas surrounded with lace. Showers of small white flowers hung from the bouquet.

The refreshment table was laid with a cutwork cloth and centered with an old fashioned wedding bouquet of white sweetpeas and fern. Showers of white satin ribbons from the centerpieces to the corners of the table were smaller bouquets of the sweetpeas and fern were placed.

White tapers in silver holders were on either side of the centerpieces.

The rooms were decorated with baskets of pink and white gladioli and fern. Hours for the party were from 7 o'clock to 9 o'clock and 150 guests were invited for the affair.

The couple will be married at 8 o'clock, April 3rd, in the First Baptist church.

USO Notes

Tuesday  
Competition night at the USO center. Prizes furnished by local merchants.

Wednesday  
A hospitality committee from the USO will visit the post hospital at the Big Spring Bombardier school Wednesday afternoon at 5 o'clock. Anyone interested in participating in the visitation is asked to call Mrs. W. H. Scott, 152-M.

Wednesday evening the "Bombardier's" girls' organization, will serve as hostesses at the soldier inter.

Thursday  
All enlisted men's wives are urged to attend an important meeting which will be held at the USO Thursday afternoon at 4 o'clock.

Games and dancing are scheduled entertainment for Thursday evening.

Friday  
Firemen Ladies, under the sponsorship of the USO, will make baskets and send to be distributed in the hospital wards at the bombardier school.

Friday evening is general activity night at the USO.

Saturday

# NT Freshman To Be Featured At Festival

The annual Spring Musical Festival at North Texas State Teachers' College, Denton, will begin Sunday, April 11, with a Bachman Concerto in the college auditorium.

For the first time in the history of the school, a freshman, Cornelia Frazier, 17-year-old daughter of Mr. and Mrs. Bruce Frazier, Big Spring, will be featured soloist, playing a three movement sonata with the 100 piece college orchestra.

CORNELIA FRAZIER

Pictured above is Miss Frazier listening to her favorite radio program before she enrolled at N. T. S. T. C. last fall. Recently she was heard over KGKO, Fort Worth, with the college A Capella choir as featured soprano soloist in a Bach cantata.

# Home Ec Class Throws Away Can Opener

High school students will be one jump ahead of housewives at the close of the school term this summer, for a complete turnover in classes has been experienced since food rationing sometimes ago.

Today, the class is learning how to cook delectable meals without the help of the can opener, and during the spring semester will learn tips in meat substitutes, recipes using honey and syrup (good sugar saver in pastry baking).

The eighty girls now enrolled in the four home economic classes will raise poultry, plant victory gardens or help with the family garden as home projects to be completed during the course.

School Ration Food Books  
Last week, Miss Lillian Jordan, home economics instructor, filed final applications with the local rationing board in order to get food for class experiments during the year. Food will be issued to the school on a percentage basis of what they have used in the past.

Parents Of Daughter  
Lieut. and Mrs. Bruce Hart of the Alta Vista apartments are the parents of an eight pound daughter born Friday at the Cowper Clinic and Hospital. Lieut. Hart is a pilot stationed at the Big Spring Bombardier school.

Club Entertained In Shaw Home  
Mrs. C. M. Shaw entertained with a bridge party in her home on Friday afternoon and members of the Victory Bridge club were guests.

AFFBS Steno Club Is Organized Here In Touchstone Home  
The AAFBS Steno club held an organization meeting Thursday night in the home of Georgia Touchstone and elected officers.

Former Resident Weds In Oklahoma  
Mr. and Mrs. R. Lewis Brown have received word of the marriage of their niece, Mary Zoe Brown, to Sgt. Roy Heath. The couple was married January 19 in Oklahoma and are making their home in Lubbock where the bridegroom is stationed.

# Plans Underway For Spring Style Show

Mrs. Carl Blomsheld has been named as general chairman of the seventh annual spring style show which will be presented in Big Spring, Tuesday evening, March 30, at the municipal auditorium, under the sponsorship of the Woman's Auxiliary of St. Mary's Episcopal church.

The review will include a presentation of the latest modes in spring and summer fashions which will be sold in Big Spring during 1943. Local department stores and dress shops are invited to participate in the affair include Margot, Franklin, C. R. Anthony, Montgomery Ward, The Kid's Shop, Albert M. Fisher Company, A. Swartz and Elmo Wason.

Entertainment for the style show will be directed by Ann Gibson Houser and Mrs. Ray Lawrence and other committees which have been appointed include Mrs. T. C. Thomas and Mrs. Shina Phillips, publicity, Mrs. V. Van Gieson, Mrs. J. D. Biles and Mrs. J. A. Belkirk, and Mrs. H. W. Leeper, committee in charge of ticket sales.

Mrs. Ned Carpenter is chairman of the radio committee and Mrs. Ross Faulkner has been appointed as fashion commentator.

Included on the advertising committee are Mrs. Monroe Johnson, Mrs. John Griffin, Mrs. Bill Daves, Mrs. Ellen Word, Dorothy Driver and Elsie Willis.

Those in charge of the program are Mrs. M. W. Paulson, Joaquin Allister, Rita Debenport, Mrs. D. M. McKinney, Committee in charge of models who will participate in the revue include Mrs. Bill Tate, Mrs. M. H. Bennett, Mrs. Dava Watt, Mrs. Horace Wooten and Mrs. Lee Hanson who direct stage settings.

Members of the house party were long length formals and included in the group were Mrs. P. N. Bristow, Irene Barker, Erlene Peters, Nina Holder, Vera Blackford, Ruby Atcheson, Nina Cason, Kathleen McCreless, Betty Zimmerman, Bobbie Jean Wilkerson, Nora Allene Purser, Gene Hardy, Patsy Wilkerson, Zora Lou Houston, Fay Holder, Bobby Peters, Mrs. W. E. Millam, Sue Ann Zimmerman, Frances Joy Barker, Mary Frances Burnam and Mrs. Y. S. Estes.

Tea was served from a lace-laid table which was centered with a miniature bride and bridegroom, flanked with tapers and flowers.

The guest list included Mrs. O. T. Donnellson, Mrs. Edmund Tom, Mrs. R. N. Deavenport, Mrs. W. C. Houston, Mrs. Merle Bernstedt, of San Antonio, Mrs. C. M. Houston, Mrs. L. M. Estes, Mrs. Sam Martin, Mrs. Phil Perry, Mrs. Clara Mae Martin, Mrs. Chas. Barker, Frances Barker, Doris Etheridge, Mrs. Milton Moffett, Mrs. Loy Mashburn, Mrs. T. E. Bentley.

Students Listed On Honor Roll At Texas Tech  
Four students attending Texas Tech in Lubbock from Big Spring and surrounding communities have been announced on the college honor roll for the fall semester.

Special Services Section Sponsors Intermission Show  
A large group of enlisted men and girls from local clubs attended the informal dance which was held in the post recreational building Saturday evening under the sponsorship of the Big Spring Bombardier School. Gold and blue streamers and squadron insignia decorated the room and music was furnished by the post orchestra.

East Fourth Classes Have Weiner Roast At Boy Scout Hut

Those attending were Mardena Hill, David Smith, Thelma Barnett, Geraldine Ely, Preston Denton, Priscilla Moore, Keala Watts, Wanda Don Reese, Mary Jane McClendon, Lou Wanda Harrell, Richard Stevens, La Vaughn Malone, Wanda Lee Dyer.

# Federated Clubs Of District To Convene In Odessa On April 8th

Miss 'Lancous' Notes  
Remember back when the ads said in words to this effect, oh throw it away and get a new one, why use anything slightly old. And everybody took the ads at their words and threw things away before they were half used.

Now, the ad makers have changed their tune and beg you to make it do, buy sparingly, and turn their products inside out if necessary before purchasing another.

One ad about tires used to show scare pictures of what happened to you if you ran over so many miles on the same tire and begged, "Don't let this happen to you." All of which should bring a chuckle when you see people inching along now practically on the rim.

Then there was the ad about why wonder if your relatives are getting along all right, ring 'em up on the phone with our super duper service. Now, the ads say unless it is a matter of life or death stay off the wire, bud, there's a war going on.

The bus and trains used to make out rate schedules for you to travel and see the world. They were even working up a good installment plan to go now and pay later when the war came along. Now, they come forth, these travel companies, and say, you just think you have to have a vacation, civilian. And if you've got to go someplace, chum, pick a week day and don't take much luggage.

What a change to read the ads now. After years of working to get inside your pocketbook, they are working just as hard now to keep a padlock on your purse.

Cosden Chatter  
By TOMMIE MCGRARY  
R. L. Tollett returned Thursday morning from Fort Worth where he attended a Cosden Petroleum Corporation board of directors meeting which started Monday.

Mrs. Perry Daughtry was called to Fort Worth this week-end to be with her mother who is ill.

S. K. Whaley and A. S. Alexander left this week for a business trip to Omaha, Neb.

Pvt. Pat Pitzer who is now stationed at Goodfield Field, Pan Anco, visited with his wife last week-end.

Mrs. A. V. Karcher was a Fort Worth visitor last week.

A. V. Karcher returned Wednesday from Fort Worth where he attended the Cosden board of directors' meeting.

Mrs. Joe Burrill left today for Fort Worth where she will visit with friends and relatives.

Mrs. and Mrs. Ray Compton left today for where Pvt. will obtain the title of "Private" Ray Compton.

# Club Entertained With Dance At The VFW Home

Members of the Sub Deb club entertained with a "cigarette dance" Friday evening at the V. F. W. home, 9th and Goliad, and around 35 packages of cigarettes were collected to be distributed in the hospital wards at the Big Spring Bombardier School.

Music was furnished by nickel-odeon and around 100 persons attended. Chaperones were Mrs. F. H. Talbot and Mrs. M. H. Bennett. Room decorations carried out the chosen motif and Sub Debs and their guests included Louise Ann Bennett, Bobby Boykin, Jerris Hodges, John Uery, Camille Inkman, Stewart Smith, Doris Jean Glenn and Billy Bob McDonald.

Marlene Mervin, Donald Patton, Gloria Strom, Pete Cook, Marijo Thurman, Robbie Potts, Ann Talbot, John H. Lee, Dorothy Sue Rows, James Lemons, Joanne Rice and J. C. Mittel.

Visits And Visitors  
Mrs. M. M. Grove and children, Mickey and Tommy of Abilene, returned to their home Saturday after visiting with Mr. and Mrs. C. M. Shaw for a week.

Mrs. M. G. Lawrence is visiting with her daughter, Mrs. A. J. Cotton, in Fort Worth.

Mrs. Gene Acuff and H. L. Brown of Houston are weekend guests of Mr. and Mrs. R. A. Brown and Mr. and Mrs. Loy Acuff.

Pvt. and Mrs. Darwin Hinson of Osborn, Ohio, are visiting her parents, Mr. and Mrs. R. A. Brown, and his parents, Mr. and Mrs. Jesse Hinson of Ackerly for ten days.

Judge James T. Brooks is in Austin on a business trip and will return Monday.

Mrs. Ida Butler, 1164 W. 6th street, has received word from her son, Pvt. Ira Ed Butler, who is now stationed with the 500 Engineers (C) Br. H. & S. Co., Camp White, Oregon, that he is just fine and enjoying the beautiful scenery but is homesick and would like to hear from someone in Big Spring.

Mrs. W. H. Dugan and son, Jackie, of Fort Worth, are visiting Mrs. Dugan's mother, Mrs. J. O. Tamsitt.

Orville Brown, student at Texas A. & M. college, arrived Saturday for a short visit with his parents, Mr. and Mrs. R. Lewis Brown, en route to Fort Sam Houston, San Antonio, where he will report for military service.

From Fort Sam Houston, he will return to A. & M. in May he will enter officer's candidate school, Fort Hill, Okla.

Air Corps Officers Receive Air Medal  
GENERAL HEADQUARTERS, SOUTHWEST PACIFIC AREA, March 15. (AP) - (Delayed) - For meritorious achievement in operational missions against the Japanese in New Guinea, about two score army air corps officers received the air medal today.

One of them was Capt. Carl E. Taylor, route 2, Denton, Tex. Lieut. Gen. George C. Kenney, air force commander in this area, said each of the men took part in more than 25 such missions.

# Ethel Foster, State President, To Attend Parley

"Women in War Service for Victory" has been chosen as the theme of the eighth district of the Texas Federation of Women's clubs which will hold a two day convention in Odessa, April 8th and 9th. Mrs. J. Howard Hodge, president of the eighth district has announced that Miss Ethel Foster of Sterling City, who is state president of the organization, will attend the parley and will address the convention at a president's dinner to be held Thursday evening.

Convention headquarters will be at the First Christian church in Odessa and activities will get underway Thursday morning when registration will be held at 10:30 o'clock.

The convention schedule includes a board luncheon in the Ester county library at 12:30 o'clock and the official opening of the convention at a 2 o'clock session in the church. Officer's reports will be heard at the meeting.

Mrs. J. E. Hogan, nursing recruiting chairman for the eighth district, Mrs. Ben LeFever, conservation war service member, and Mrs. W. J. McAdams, chairman of the radio committee, will give reports during the session.

The Odessa home economics and high school students under the direction of Miss Dorothy Terry will present an art exhibit at a tea which will be held in the county library at 4:30 o'clock.

President's Dinner  
An aviation theme will be featured in banquet decorations and table appointments at the president's dinner which is to be held at the church at 6:30 o'clock.

Mrs. Hodge, resident of Midland, will speak on "The Meaning of American Citizenship," and Miss Foster will make a formal address entitled "Women in War Service."

At the evening session in the Christian church auditorium, Col. J. Stewart Pearce of Fort Sam Houston will speak on "The World We Want After Peace."

Friday  
Friday morning activities will be devoted to reports from the 75 clubs in the eighth district. A nutrition luncheon will be served at 12:30 o'clock at which time Mrs. J. W. Walker, Texas director of the General Federation of Women's clubs, will speak on "Womanpower Mobilized for Victory." Awards for yearbooks, scrap books and club reports will be made as a conclusion of the parley.

The government has given special permission for the two day meeting which marks the seventh annual convention to be held. Big Spring was the convention site last year.

# SINGING CLUB IS ENTERTAINED IN THE EADEN HOME

Mrs. Albert Eaden entertained the Singing club in her home Thursday evening and it was announced that Mrs. R. L. Holley would be next hostess, when the group meets at her home, 1001 Wood street, Thursday evening.

Attending the meeting were Mr. and Mrs. Tom Rogers, Mr. and Mrs. L. W. Butler and children, Greta Miller, N. F. King, Mrs. Jackie McKinney, Paul Ataway, Mrs. Lena Greer, Barbara Greer, Mrs. R. L. Holley, James Holley and Mr. and Mrs. Albert Eaden and son.

## Mrs. Woody Ferguson Honored At Dinner In R. T. Piner Home

### Gladioli Used In Decorations At The Affair

A buffet dinner honoring Lieut. and Mrs. Woody Ferguson was held Saturday night in the home of Mr. and Mrs. R. T. Piner. Mrs. Ferguson is the former Annabelle Edwards, whose marriage took place recently.

The table was laid with a hand crocheted cloth and centered with an arrangement of peach and white gladioli. The individual tables held bouquets of shasta daisies.

The buffet was centered with a bridal bouquet of white sweetpeas and four smaller matching bouquets were at each corner of the buffet. White tapers burned in silver holders at either end of the buffet.

Hostesses for the dinner party were Mrs. Piner, Mrs. Ebb Hatch, Mrs. Bernard Lamun and Mrs. Norris Patterson.

The guest list included Lieut. and Mrs. Bill Haver, Lieut. and Mrs. L. C. Green, Lieut. and Mrs. W. L. Devlin, Cpl. and Mrs. Bob Cunningham, Mr. and Mrs. Toots Mansfield, Mr. and Mrs. Sunny Edwards.

Joyce Croft, Marguerite Reed,

Frances Mather, Maribel Menger, Jean Steward, Mrs. Tommy Helton, Lieut. B. C. Fehrman, Lieut. Roy Black, Lieut. B. F. Fels, Sgt. E. J. Canevari, Pvt. Murray Patterson, Mr. and Mrs. M. M. Edwards, Morris Patterson, Ebb Hatch, Bernard Lamun and R. T. Piner.

Frances Matthes honored Mrs. Woody Ferguson with a miscellaneous shower in her home this week using a St. Patrick's Day motif in room and table decorations. Peach blossoms and white sweetpeas were placed at vantage points about the entertaining rooms.

Refreshments were served and those attending were Marie Dunham, Mrs. Helen McIntyre, Mrs. Otto J. Matthes, Mrs. M. S. Beale, Mrs. Flossie R. Low, Nellie Gray, Mrs. Edna Miller, Corra Byler, Virginia Trott, Mrs. Tommy Cunningham, Mrs. Irene Drago, Edith Gay, Olen Lea, Mrs. Virginia Hart, Mrs. Jake Bishop, the hostess and the honoree.

### Car Registration About The Same As Last Year

Licenses issued so far this year for passenger cars are slightly ahead of the number issued a year ago, the county tax collector and assessor's office reported Saturday, although commercial and farm licenses are lagging slightly behind. Issued up to Saturday afternoon were 1,820 passenger car tags, 140 commercial licenses and 100 farm licenses. This compares with totals for 1942 to this date of 1,170 passenger licenses, 160 commercial, and 110 farm licenses. Deadline for 1943 tags is April 1.

### Not Entirely in the Home

is woman's place these days, for many are finding other places where their talents may count more for their country. Big Spring Bombardier School is one place where women are serving directly in keeping the army's training program going, for not only do they fill office jobs, but some of them have rivet guns in hand. Such women are Mrs. F. R. Shurbert and Mrs. Thelma Miller, both of Abilene, who may be seen upper left repairing a break in the skin of an AT-11 used in training bombardiers. Mrs. Bertha Walker, upper right, decided she wanted to do something for the defense effort so she took a course at Southern Methodist University in her home city of Dallas and used her training certificate to get a job in the sub-depot at the Big Spring Bombardier School. Today, inspecting planes, she is doing a man's job and releasing a man for heavier civilian work or a place closer to the front in the armed services. Below, Katherine Autrey, Outhbert, and Mrs. Irma Rankin, Abilene, work on an alleron that will put another AT-11 back into the air. Other women serve to as mechanics and in other capacities ordinarily considered as fields for men.

### Reporters Plan Scrapbook Fund

Opportunity for all Home Demonstration club women to share in providing a fund for scrapbook prizes was opened Saturday by the HD Reporters association.

Under the plan, each club member will be asked to give something—a dozen eggs, or a pound of butter, or a fryer, etc.—toward the fund.

Mrs. Ray Swan was appointed recreational leader for the next meeting, which will fall on May 15. Mrs. Walter Barbee was elected assistant council reporter. Points for reporting club meetings, feature and human interest stories from the farm were discussed with members of the association by Joe Pickle.

Attending the party which was the second for the Reporters association this year, were Mrs. Ben Brown, Vincent; Mrs. Ray Swan, Coahoma; Mrs. B. J. Petty, Overton; Mrs. W. F. Heckler, R-Bar; Mrs. Paul Adams, Knott, who presided; and County Home Demonstration Agent Rhea Merle Boyles.

Overton Home Demonstration club came near a perfect attendance Friday when it met in the home of Mrs. Hart Phillips, Jr.

In addition, mounting interest in the club was evidenced by four new members.

Rhea Merle Boyles, county home demonstration agent, met with the club for her first time and discussed the "Texas Food Standard."

## Woodmen Circle To Have State Convention In Dallas, March 25

### Mrs. Altha Porter To Represent The Howard Grove Lodge

Representatives of 35,000 Texas members of the Woodmen Circle will gather in Dallas March 25 and 26 for their quadrennial state convention.

Dallas was selected for the convention in an effort to discourage unnecessary travel and to conserve rubber and gasoline. A large proportion of Woodmen Circle membership in Texas is concentrated in the vicinity of Dallas.

Mrs. Altha Porter will represent the local Woodmen Circle at the convention as delegate for Howard Grove 683.

The registration of delegates will be on Wednesday evening, followed by a reception at the Adolphus hotel. On Thursday morning a business session will be followed by ritualistic work. The State Medal drill team of San Antonio, directed by Mrs. Ethel Phillips, state captain, will assist. In the afternoon, Legion of Honor and Golden Welfare club members will be presented, assisted by the J. Alexander and H. A. Thomas teams of Dallas.

Thursday evening, the public will be invited to hear talks by two prominent Woodmen of the World officials, State Manager R. Sims and State Head Counsel J. Koerth. In addition, a full-color motion picture, taken in Omaha during the Woodmen Circle's recent national institute and 50th anniversary celebration, will be shown. The four Woodmen Circle state managers in Texas are also to give short talks, followed by the dream ceremony, presented by members of Tau Phi Lambda sorority, young women's division of the society.

Texas is considered the most important state in the Woodmen Circle organization, with more than \$28,253,000 of insurance in force. The Society's \$300,000 bond for aged members and orphan children is located at Sherman. Nationally, the Woodmen Circle is one of the foremost of the fraternal benefit societies, operating in 45 states and having 130,000 members with \$104,000,000 of insurance in force.

SAY YOU SAW IT IN THE HERALD

## Pre-Easter Services At Air Field

Chaplain James L. Patterson of the Big Spring Bombardier school announced Saturday that plans were underway for pre-Easter services which will include prayer services and special choir presentations by enlisted men of the school.

A council, representing Protestant, Catholic and Jewish faiths met in the post chapel this week to discuss plans for the Easter observance which will be held each evening during Holy Week. A pageant, "Challenge of the Cross" will be presented at evening services on Easter Sunday.

Chaplain Elmer Lawrence has organized Catholic services and the schedule includes Saturday evening confession from 7 to 9 p. m.; Sunday morning hospital service at 8:30 a. m.; Sunday morning mass from 7 to 10 a. m. and week days mass 8:30 p. m. each evening. Special Lenten services will be held on Wednesday evening at 7:30 p. m.

Protestant services are held at the post hospital Sunday mornings at 8:30 a. m., and Sunday school for Negro soldiers is held at 9 o'clock. A round table discussion group convenes in the chapel at 10 o'clock discussing subjects such as "What is Prayer." Sunday morning worship is at 11 o'clock. Services are held in the guard house at 1 p. m. and evening song services conclude the day's worship at 8 p. m.

Max Jacobs directs Jewish worship in the chapel on Friday evening at 8:30 o'clock.

## Texan, At 24, Is A Lieutenant Colonel

NEW YORK, March 20 (AP)—Twenty-four-year-old George H. Pickett of Palestine, Tex., is believed by his friends to be the youngest lieutenant colonel in the United States ground forces, the New York Times said in a dispatch from the Tunisian front March 17. The correspondent, Frank L. Kluckhorn, reported that Pickett had been promoted to that rank recently.

Colonel Pickett, the dispatch said, is a "signal officer for an entire U.S. division, being responsible for all its communications. He has frequently been forced to survive the straining of telephone wires in exposed battlefield positions."

He was born on May 28, 1918, and was graduated from West Point in 1939, the dispatch added.

## Contraband Liquor Under Ceiling, Too

AUSTIN, March 20 (AP)—The attorney general ruled today that the Texas liquor control board is bound by federal price ceilings in its sales of contraband liquor.

The opinion suggested that it would be possible to obtain the highest possible price for contraband under the ceilings.

## ASKS DISMISSAL

MIAMI, Fla., March 20 (AP)—Mrs. Mary MacFadden asked dismissal of Bernard MacFadden's divorce suit today on the ground that the 75-year-old physical culture exponent had not been specific in his charges of extreme cruelty and ungovernable temper. MacFadden filed a divorce suit here several weeks ago.

## RECREATION

Recreation was led by Mrs. G. W. Overton, and refreshments were served to these members and visitors: Mrs. Ross Hill, Mrs. Carl Flint, Mrs. G. W. Overton, Mrs. Jessie Overton, Mrs. E. G. Overton, Mrs. B. J. Petty, Mrs. R. H. Godwin, Mrs. Carl Tipple, Mrs. Cecil Long, Mrs. Walter Barbee, Mrs. C. E. Glosier, Mrs. J. L. Patterson, Mrs. Pearl Cauble, Mrs. B. A.

## SOVIET SCIENTISTS

Soviet scientists have discovered that butylene gas speeds the growth of fruit trees.

Farmer. Mrs. Johnny Phillips, Mrs. M. M. Fairchild, Mrs. Hart Phillips, Jr., Josie Eudy, and Miss Boyles. The next club meeting will be at the home of Mrs. T. E. Thompson on April 2.

# Spring Hats

**SPRING CAMPAIGN**

"A pretty hat is smart strategy—look at these—there's not a one that won't lift your spirits, fetch compliments, put you right into the spring picture. We've hundreds of them—all enchanting, such flatterers, it's fun to try them on—we know you'll have a good time when you choose your hat here. Low prices are a part of the pleasure, you'll easily find one designed just for you."

**3.98 and 2.98**

- \* Flower Trimmed Straws
- \* Bewitching Veiled Hats
- \* Smart Spring Sailors
- \* Hats for Suits
- \* Hats for Sports

Being Well Dressed is Good Strategy. Keep your own spirits up—dress as well as you can afford—surprise yourself how well you can dress for a little money!

NAME .....  
CITY .....  
ADDRESS .....

For Youth—Making its formal bow to Big Spring is "The Kid's Shop," located at 131 East Third, operated by Mr. and Mrs. Bob Fyatt and catering strictly to the youngest generation—from toddlers to the start of 'teens. Attractive design and layout of the shop is evidenced in this picture of the interior.

### Once Disputed Ship, City of Flint, Is Torpedoed

WASHINGTON, March 20 (AP)—The City of Flint, an American steamship which was the center of a sharp pre-war controversy in 1929 when it was seized by the Germans, has been torpedoed and sunk in the Atlantic.  
The navy told today, in one of its usual announcements, of the sinking of "a small United States merchant ship" in the mid-Atlantic in late January, and later deviated from its policy to permit disclosure of its name—in this case the famous City of Flint.  
Seventeen of the crew of 65 were lost. A survivor, Third Mate William Mills, 30, of Milton, Miss., told at Philadelphia that the ship was torpedoed early one evening without warning and was abandoned within 10 minutes after fire broke out. The survivors spent three days in life boats before they were picked up.

### Red Cross Fund Is Nearly \$3,000 Beyond Quota

With two major sources yet to be heard from, the Howard-Glascock Red Cross War Fund had climbed another notch Saturday, to reach \$15,635, nearly \$3,000 above the quota of \$12,800.  
It was due to go much higher, in the opinion of Drive Chairman Roy Reeder, because not yet heard from is the civilian employe group at the Bombarrier school, and Glascock county. Heavy contributions are expected from both.  
The fund was increased by \$300 in additional reports Saturday. Reeder urged all volunteer workers who still have money out to check it in as promptly as possible. A final report should be made soon, he said.

### 'Kid's Shop' Is Opened To Fill Special Need

Something new and different for Big Spring and a place that has long been needed is "The Kid's Shop" which had its official opening announcement Sunday. The shop, located at 131 East Third street, is owned and managed by Mr. and Mrs. Bob Fyatt.  
The shop, according to Mrs. Fyatt, is not an "exclusive" children's shop but a shop exclusively for the children and an invitation is issued to the public to visit the store and see the selection of clothes for "young Americans" from toddlers to 14 years for the girls and for boys from one year to 12 years.  
The shop is decorated in ice blue and shell pink and candy stripes chintz drapes and furnishings make the spot appealing to the eye. Each show case is backed in jonquil yellow.  
Most attractive to the young customers is the fitting "room." But the room in this case is a large wooden drum, in the middle of the floor between two mirrors. Here the young models mount the top of the drum by means of a little ladder and can prance and primp before the mirrors while alterations may be made.  
Life size models with names such as "Susie" and "Little Bud" and the Sub Debs are placed around the attractive shop and the window models seem almost life-like in displays made with touches of realism.  
Children's plaques and pictures are around the walls. The cases in addition to holding clever clothes for the sub-debs and youngest young men, contain wringer dolls that wash, books with morals such as advisability of eating your carrots, and the like.  
One trip to the store seems to be convincing to young and old alike that "The Kid's Shop" is going to be shopping center for young Big Springers.

### Liberty Ship Crew Wrecks Damage On Attacking Nazis

WASHINGTON, March 20 (AP)—The navy gun crew aboard the liberty ship William Moutrie shot down eight German planes, damaged twelve others, drove away a submarine and scored a direct hit on a torpedo, causing it to explode, during a recent voyage to an Allied port, the navy reported today.  
The Moutrie, due to the gallant fighting, made the trip unharmed. She was one of a convoy which was under almost uninterrupted attack from the air and from under the sea for a week.  
Frozen egg liquid is being shipped in cellophane bags as part of the Lend-Lease program.

### New Pilots

Among hundreds of new pilots who were graduated Saturday from ten advanced flying training schools of the AAF Gulf Coast Training Center were these three young men from Big Spring. Left to right: Gene H. Frewellen, son of Mr. and Mrs. V. H. Frewellen; Grover C. Ellsard, son of Mr. and Mrs. G. C. Ellsard; and George Yates, son of Mr. and Mrs. W. B. Yates. Frewellen got his wings and commission at Ellington Field, Houston; Ellsard his at Pampa, and Yates his at Victoria.

### Meat Slaughter Permits Will Be Issued Tuesday

Notices to Howard county farmers and traders will receive permits enabling them to do business. Each man is asked to bring with him either the weight of the animals slaughtered or the number of head slaughtered for each month of 1941. If the farmer has no records, he should bring estimates in order that he may receive his permit at the meeting. County Agent O. P. Griffin, who announced the meeting, pointed out that the permits are being required in order to prevent a black market operating here or on Howard county livestock. Since the farmer is working to win the war of production, Griffin believes that he will be more than willing to cooperate in order to keep his products from aiding black market practices obstructive to the war.  
Any farmer who does not sell his meat or is not a trader is not required to have a permit.  
Two more young women from Big Spring have begun WAAC training at Fort Des Moines. They are Mary Pearl Reeves, 406 Johnson, and Mary Elizabeth Cowling, 204 West 14th.

### Age Pension Probe Starts This Week

AUSTIN, March 20 (AP)—An investigation of why salaries were increased in administration of old age pensions while amounts paid the old pensioners themselves were being reduced will start early next week in the house of representatives.  
Speaker Price Daniel announced he would name the five-man committee Monday. The resolution directing the investigation calls for the committee to report back to the house in 15 days.

### LEGAL NOTICE

**NOTICE OF SHERIFF'S SALE**  
COUNTY OF TEXAS  
STATE OF TEXAS  
By virtue of an order of sale issued out of the 90th District Court of Lubbock County, Texas, on the 12th day of March, 1943, on a judgment rendered in said court on the 26th day of October, 1942, in cause numbered 10192, on the docket of the said court, in favor of W. B. Hendricks against J. L. McCulloch, for the sum of \$9253.16, with interest from October 26, 1942, at the rate of 9% per annum, and costs of suit, and against J. L. McCulloch, Bessie L. McCulloch, J. D. Garlington, J. S. Garlington, and Hubert H. Smith for foreclosures of lien on the property hereinafter described, the said order of sale directed to me and delivered to me as Sheriff of Howard County, Texas, I did, on the 13th day of March, 1943, at 2 o'clock p. m. levy on the following described tract of land situated in Howard County, Texas:

All of Section No. Eleven (11), in Block No. Thirty-three (33), Township No. 2 North, Texas and Pacific Railway Co. Survey, excepting an undivided one-half (1/2) interest in all oil, gas, and other minerals in, under, or that may be produced from said land, said undivided one-half (1/2) interest having been heretofore conveyed to I. H. Neff and wife by deed recorded in Vol. 78, Page 598, of the Deed Records of Howard County, Texas; and on the 6th day of April, 1943, the same being the first Tuesday in the said month, between the hours of ten o'clock a. m. and four o'clock p. m. at the court house door of Howard County, Texas, in the City of Big Spring, I will offer for sale and sell at public auction, to the highest bidder, for cash, all right, title, and interest of the said defendants, or either of them, in and to the said property.  
WITNESS MY HAND THIS 13th day of March, 1943.  
ANDREW J. MERRICK  
Sheriff, Howard County, Texas.  
By DENVER DUNN, Deputy.  
(SEAL)

### Explorer Patrol Wins Honors In First Aid Tests

Explorer patrol of troop No. 3 scoutmastered by W. D. Berry, won the Big Spring district Boy Scout first aid contest Friday evening with an average of 80 points.  
Second place went to troop No. 1, in charge of Barkley Wood and Dopey Anderson in the absence of a scoutmaster, with an average of 87. ### Derby Prospect Is Defeated At N.O.

NEW ORLEANS, March 20 (AP)—Ben F. Whitaker's Pops Pick, which received considerable Kentucky Derby consideration after defeating Ocean Wave recently, was defeated today in the \$5,000 Fort Livingston Handicap. The Texas-owned colt was second by a head to Mrs. Payne Whitney's Noonday Sun, also a derby nominee. The race was run on a sloppy track with the winner clocked in 1:13 2-5. The victor carried 114 pounds to the 120 loaded on Pops Pick.

That look of Beautiful Quality in Naturalizer Spring Styles
