Army Puts Air School Here Project Will Cost Over 5 Million Dollars

Japanese Make Landings Only 100 Miles From India Foe Prepares New Attack On Moresby

By The Associated Press Japanese sea-borne troops thrusting closer to India were reported today to have landed at the chief West Burma port of Akyab, only 100 miles from the Burma-India frontiers, as prospects for mobilizing India's 390,000,000 on the side of the United Nations took a sudden brightening turn.

India Freedom Talks Takes Brightening Turn

NEW DELHI, India, April 2 (AP) Both Sir Stafford Cripps, special British envoy to India, and the all-India congress party indicated today a willingness to negotiate a compromise solution of the Indian independence problem.

Fighting In Philippines Breaks Out

WASHINGTON, April 2 (AP) The war department reported sharp skirmishes on the Philippines between peninsula today in the wake of the latest large scale Japanese attack on the American-Filipino defenders there.

Tanker Sunk In Atlantic

GLOUCESTER, N. J., April 2 (AP)—Battered and set afire by torpedoes from an enemy submarine, a medium-sized Norwegian motor tanker sank under a hail of shells off the Atlantic coast early on the morning of March 27, the fourth naval district announced today.

Workers Walk Out Of Textile Mills

FALL RIVER, Mass., April 2. Key workers in 17 of Fall Rivers' 13 cotton textile mills joined the second walkout in two weeks today, pointing to the eventual shutting down of all plants unless mediation is successful in the very near future.

Office Furniture Stocks Are Frozen

WASHINGTON, April 2 (AP)—The War Production Board today froze manufacturers' stocks of metal office furniture and equipment and prohibited production of virtually all types after May 31.

Auto Registrations Above Last Year

As of the end of the regular registration period, more automobiles had been licensed in Howard county this year than last.

Air Raid Sea Fights Rage In Europe

German Publish Claims Of Great Allied Ship Losses

By the Associated Press British bombers smashed anew at German war foundries in the environs of Paris last night, the London air ministry announced today, while Adolf Hitler's high command reported "very successful" attacks against United States and British shipping in the grim battle of the Atlantic.

Simmons Rites Set Today

Funeral for Mrs. C. H. Simmons of Arlington, former Big Spring resident, will be held at 2 o'clock today at Eberly Funeral home, with the Rev. H. C. Smith officiating.

Commission Against Ickes' Crude Plan

AUSTIN, April 2 (AP)—Opposition to a proposal for federal oil control in the European continent exclusive of the Russian front, according to figures released today by British officials, Britain's losses came to 144.

City Faces Numerous New Responsibilities

Big Spring today contemplated developments which will arise out of the announcement that a U. S. Army flying school, to cost in excess of \$5,000,000 would be located here.

Word of the war department announcement of location of schools at Big Spring and Lubbock, came in a wire from Rep. George Mahon, and subsequently in telegrams from Sens. Connally and W. Lee O'Daniel to city officials and civic leaders.

What demands will be made upon the city due to an increased population, both in construction of the big unit and in the period of operation following, remained a problem for conjecture. City officials envisioned a possible 40 per cent increase while school authorities said that experience in other places had shown that there would be likelihood of an enrollment gain of from 25 to 35 per cent.

City pledges to furnish certain requested tracts doubtless will entail heavy financial responsibility, which, in turn, probably will mean a bond issue. For what amount, even Mayor Grover Dunham would not undertake to say.

"Right now," said the mayor, "we are at a standstill. We have been engaged in negotiations with government representatives for a long while, and as recently as the first of this week the city, through its commission, agreed to furnish needed land and meet certain other requirements."

As rapidly as details shape up on what the financial requirements of the city will be, Mayor Dunham said they would be released to the public.

The City of Big Spring finished its fiscal year with a healthy balance in excess of \$30,000—exclusive of demands for land purchase—and this may have a bearing, together with possible government emergency aid, on what the city will expect to spend.

The Texas Electric Service has agreed to extend its transmission lines to secure the right-of-way for track, an estimated 30 to 35 acres. Railroad engineers already have staked the route for the track.

Approximately 500 additional acres of land will be required for the project and will adjoin the 705-acre port area at the present. Part of the land, where buildings may be located, will be to the south and east of the port, and more for landing area will be required on the south and west sides, with one small tract in the northeast corner of the port being needed also.

C. H. Colvin, land division of U. S. engineers at Galveston, was here Monday for a series of conferences with city officials in which they executed land agreements for 500 acres on the south and west, 4.5 acres in another tract and 4.5 in still a third unit of needed land.

Engineering contract for the job has been awarded to Nevin, Staub, Rother and Turner of Houston, and members of the firm already are on the ground staking building locations, streets, walks, utility lines and otherwise preparing for the school plant.

After conversations with Colvin, followed by those engineering representatives, city officials acted to exercise options which would have expired April 1.

The city also will be required to make good on its pledge to secure a small tract, possibly six or eight acres, for a beam station some six miles south of the airport area. Within a three-mile radius there will have to be a small paved road for a beam station, but it is possible that some section of the extensive city park area could serve this purpose well.

Establishment of the unit here doubtless will set in motion a series of extensions and improvements. The army requires that a 12-inch main carry water to the property line. City Manager B. J. McDaniel said that plans were to run this line direct from the city park reservoir to the army's reservoir, which will be located on the hill at the southeastern edge of the tract. The main will be approximately one and a quarter miles long.

From 750,000 to 1,000,000 gallons of water will be required daily at the school, even after construction is complete and the unit put into routine operation, army engineers estimated. That is the reason an enlarged main to the present port area will not suffice.

House Survey Shows Sales Tax Favored

'Impossible To Get Enough Otherwise' Says Rep. Disney

WASHINGTON, April 2 (AP)—Representative Disney (D-Okla.) said today a survey he had made showed that "an overwhelming majority" of the house would vote for a sales tax rather than for big increases in individual and corporation taxes proposed by the treasury.

Asserting that congress could not raise \$7,000,000,000 from corporations and individuals, Disney said in a statement that "we will be compelled to go to a sales tax, such as we desire to."

Disney, member of the house ways and means committee, which has been studying new sources of revenue for a month, said in his statement: "I have made a general survey of the house which convinces me that an overwhelming majority will vote for a sales tax, rather than to increase income taxes six fold in two years as would be the case under the treasury's recommendations on average incomes."

The 1941 tax bill trebled the average tax paid by low and middle income brackets and the administration's new proposals would double existing levies.

SEEP SURVIVORS LAND AN EAST CANADIAN PORT, April 2 (AP)—Thirty-five crewmen from a torpedoed merchant ship have arrived here.

Activity For Unit Covered Long Period

More than a year and a half of vigilance by the chamber of commerce, working in close cooperation with the city, stand back of the announcement today that an army bombardier unit is to be established in Big Spring.

Since the nation began its defense program, Big Spring leaders have felt that the municipal airport offered possibilities for the location near the intersection of two transcontinental military highways and because of its facilities.

Big Spring, through its chamber of commerce, however, did not enter into bidding for camp, flying schools, etc., or attempt any pressure to secure defense projects. Rather, the policy first adopted—that of regularly calling attention of army officials to the city's willingness to offer its services to the government in whatever way desired—has been followed since.

First contacts were made more than a year and a half ago when J. H. Greene, chamber of commerce manager, and E. V. Spence, former city manager, called on Gen. H. J. Brees, then commander of the Eighth Corps area.

This was followed by the preparation of a brief by the chamber of commerce containing facts about the city, the airport, and the surrounding area. Copies were left with ranking air corps officials. While local men were in Washington at a later date, and, of course, copies were left with officers at Fort Sam Houston and Randolph Field. These renewed the offer to the government in case the local port could be of use.

A year ago, after General Gerald C. Brant, in charge at Randolph Field, and Maj. Carl Storey were assigned to the corps area, the brief was supplemented and presented to them by representatives of the chamber of commerce.

Following this, Capt. Storey, accompanied by a party of officers, made an inspection trip here.

Always there seemed to be some obstacle in the way. At first the field's elevation was said to be too high. Then the location as a transcontinental radio beam was raised as a barrier. But one by one these items were eliminated by the army as the defense program became more acute.

Matters rocked along until June of 1941 when Greene and others made a call in San Antonio. City officials joined in the renewal of contracts and in July two more calls were made. Dr. F. W. Malone, aviation committee chairman, helping as was the case throughout.

General Brant then called for expression from the city commission concerning the offer of its use, and on Aug. 30 this was passed and supplemented by expressions of cooperation by utilities.

Again the issue cooled, and in December Gen. Brant was transferred. Immediately, however, chamber officials were granted an interview with Gen. W. Harwood and Col. W. M. Day at Randolph Field and acquainted them with local facilities which would be at the disposal of the government.

Then the first week in February, word was flashed that an army mission would put down at the Big Spring airport and would confer with officials on a survey looking toward location of a bombardier unit.

This news came to the chamber of commerce, which arranged the meeting. But once army officials arrived, chamber representatives bowed out of the picture and left army officers closeted with City Manager B. J. McDaniel, Mayor G. C. Dunham, and City Commissioners R. L. Cook, W. R. Satherwhite, T. J. A. Robinson and J. B. Collins. They remained in Big Spring over a weekend and went thoroughly into the matter, conferred with representatives of the power, gas, and telephone companies and of the Texas and Pacific railroad.

Commenting on the session, J. H. Greene, chamber manager, said that "in all things the city commission and officials showed the most cooperative spirit and never did a problem arise but they showed a willingness to meet the conditions if possible."

Everywhere, according to City Manager B. J. McDaniel, there had been tremendous demands made upon the normal functions of a municipality in such cases, and because of the extraordinary times, he appealed for understanding.

# Tourist Trade In Wartime Is A Big Question Mark

BIG THINGS are expected for New Jersey resorts—like Atlantic City here—but all vacation states aren't so optimistic about what 1942 holds in store.

**Wide World Features**  
The men who make a business of catering to America's tourists don't know whether to disregard Sherman's classic remark on war or about a heavy amen.  
Possibilities for the 1942 peak season are all mixed up with factors that cancel each other out all the way down the line.  
Heavy pay envelopes run into increased living costs, and even a full pocketbook can't buy transportation facilities or tires that aren't available at any price; the pressure of war-time work has built up a heavy "paid vacation don't list" but that same pressure doesn't allow much time for vacations.  
Other equally conflicting factors add up to a pretty uncertain outlook but a nation-wide survey of tourist and recreational areas indicates that there's an air of general optimism despite the confused picture.  
Advertising and promotion budgets have been hiked by almost all states and agencies. All but Massachusetts of the New England states have boosted their advertising expenditures. Pennsylvania has set aside \$200,000 and

a Pacific Coast promotional group has put its figure at the highest mark since 1929.  
**May Help Hotels**  
Men in the tourist business are pretty generally agreed on some of the results of the war situation. They think that large hotel owners, once they get tourist guests, will keep them longer than usual since limited transportation facilities don't encourage hopping around from one spot to another.  
Roadside stands, overnight cabins—both used widely by overnight stand tourists—and beaches near coastal defenses are likely to suffer most.  
Many think that the tire shortage won't show up disastrously this year. They point hopefully to a recent New England survey which showed 78 per cent of motorists questioned had "good tires," 16 per cent "fair," and six per cent "no good."  
Several plans to relieve the transportation tie-up have been offered in various sections, among them the use of trains in the "off-peak" hours to accommodate recreation-seeking workers whose shifts end at midnight or other odd hours, as well as workers whose "weekends" come in mid-week. Another suggestion is the use of school buses, normally in storage during the summer, for general transportation purposes.  
Tourist camps in areas safe from possible bombings, but fear that a swing to year-round college programs and increased summer employment possibilities will eliminate many potential vacationers.

they'll be satisfied with a 20 per cent jump. Reason for Jersey's superoptimism is that 20 per cent of the nation's war expenditure is going into plans of the metropolitan area within 200 miles of her resorts.  
In Wisconsin, a "near normal" season is in prospect unless (and this is the big bugaboo in most sections) gasoline is rationed. Michigan holds to that same opinion but a move is on there for mass hikes and trips as part of the morale and physical fitness program—with the travelers ending up at state parks.  
Minnesota's big fish and wild backwoods may not attract as many visitors as usual, unless that state's plans to use women guides arouses new interest.  
The Carolinas are going after tourist trade with vigor and resourcefulness in an effort to meet conditions that have cut transient auto traffic on main highways by as much as 40 per cent. One enterprising hotel has entered into the spirit of the thing by meeting the trains with horses and buggies.  
Conditions may not be parallel but Florida's winter season experiences aren't exactly encouraging to the summer trade. The semi-tropical mecca had prepared for its biggest season, and December 7 was too late to pull back.  
So business men held their breath and hoped. Business was normal after the first shock of Pearl Harbor but Far East reverses cut it down to estimates as low as 30 per cent of normal.  
At seasons' end Florida resorts turned their attention openly to bolstering their hard-hit economy by heavier participation in the war effort.  
Five small Miami Beach hotels were turned over to an air training school as one result.

## Good Friday To Be Observed Here

Good Friday observances will be held by two churches here tomorrow in the pre-Easter services being scheduled. St. Mary's Episcopal church will have a service from 12 o'clock to 1 o'clock Friday noon and St. Thomas Catholic church will hold two observances.

St. Mary's rector, the Rev. R. J. Snell, will have charge of the Episcopal service. It will be a meditative service based on the seven last words of Christ on the Cross.

Mass of the Presanctified will be said Friday morning at 8 o'clock at St. Thomas Catholic church. The Way of the Cross and sermon will be held at 7:30 o'clock Friday night. The Rev. George Julian will be in charge.

## Knitting Honors Taken By A Man

EUGENE, Ore., April 2 (AP)—All the women gasped in admiration at the handwork of the latest candidate for top knitting honors. It was a bedspread of intricate pattern containing more than 400 blocks.

James H. Walker, chief warden of the Eastern Lane county fire patrol, knitted the spread during spare time over a 3-year period.

## Garden Saboteurs

HOBBS, N. M., April 2 (AP)—Police Chief Sam Young, wearying in his struggle against sabotage, issued this final ultimatum:

"If the owners of these saboteurs don't keep 'em penned up, the police department is going to roast some of them and send them to the Army camps."

Chickens have been going all out in raids on Hobbs' victory gardens.

**Big Spring Hospital Notes**  
Mrs. Mamie Reid underwent surgery Thursday. Mrs. W. J. Donnelly underwent surgery here Thursday. T. E. Hale, Coahoma, was admitted Thursday for treatment. Mrs. F. A. Childress returned home today following medical treatment. Mrs. A. E. Boyd, Coahoma, is improving following surgery. Mrs. B. F. Ellett's condition is reported as improved. Walter Zimmerman, Luther, remains in the same condition. Mrs. C. C. Brown's condition is improved.

**Colorado Principal Going Into Navy**  
COLORADO CITY, April 2—Neuby Pratt, principal of Colorado City high school since 1940, resigned this week, effective April 10, to enter the service of the United States Navy. Pratt, who came here in 1937 from Loraine as assistant football coach, will go to Newport News, Va., as a chief petty officer in the physical education department. His resignation was the fourth accepted by the school board this term for reasons of military service. The other three were submitted by Lenn Bodine, now in the U. S. Navy; Baron Smith and Chesley McDonald who enlisted in the Army Air corps.

**With Heart Trouble, He's Going To Fight**  
PHILADELPHIA, April 2 (AP)—Patrick Reynolds, 50, a freighter fireman, was carried into a hospital Tuesday night unconscious from a chronic heart ailment. Revived, he insisted on returning to his ship. "You'll probably die at sea unless you undergo immediate treatment," a doctor warned him. "We've got to win this war; I'm helping do it," replied Reynolds—and walked away.

# Substantial Food At Low Cost Served In School Lunches

By MARY WEALEY

Baked potatoes au gratin (with cheddar to you, chums), substantial West Texas red beans, onions, brown bread, peanut butter, cookies with a glass of grapefruit juice to go along with these—such is a typical hot lunch for pupils and teachers in the Moore school.

Two years ago the school began its hot lunch program with government aid. Mrs. Stella Daylong, assigned as cook by the Works Projects Administration, prepares menus sent by Modella Higgins, Colorado City, supervisor. These are designed to furnish nutritious meals for growing children.

There's nothing particularly fancy about it, even down to the white painted tables with nail legs to match, but the accommodations and the meals are comfortable and adequate for the 35 children.

No child eats without first washing and generally shining up the appearance. He or she waits at an assigned place until the table hostess signals them to be seated.

# School Board Elections Set For Saturday

Annual election of school trustees will be held Saturday, with every school district naming at least one new board member and three places to be filled on the county board.

Bob Asbury, precinct 3, and L. L. Underwood, precinct 4, are standing for reelection in the county board, with Walter Robinson of Midway and Leroy Echols of Coahoma on the ballot for the trustee-at-large position being vacated by J. A. Bishop.

In the Big Spring district, R. L. Tollett and Ira Thurman are up for reelection, without opposition.

Each common school district will name one new board member, and either consolidated or independent district will name two or three trustees.

# Martin County League Winners Are Announced

STANTON, April 2. (Sp.)—Results in literary events of the Martin county inter-scholastic league meet, held Wednesday at Stanton: Number sense—Betty Rese Alsop and Betty Renfro, Stanton; Wayne Burns and Bo Barkowsky, Flower Grove.

# Forsan Pastor Has Cosmopolitan Background

By AQUILLA WEST

FORSSAN, April 2 (Sp.)—Members of the local Baptist church have a right to be proud of their minister—he is young in years, a past master at overcoming obstacles, quite a linguist, and an enthusiastic religious worker.

He is the Rev. Henry G. Wiens, whose ancestors were Hollanders who migrated northward over Europe until they wound up in Siberia, where he was born. He might have been there yet, but his father accumulated a little store of goods and became a "capitalist" to the extent it furnished communists a pretext for confiscating his property.

But to get back to the beginning of the story, ancestors of the Rev. Wiens were scattered during the Reformation period by Catholic persecution in the 16th century. They were folk committed to the Brethren Faith, a belief somewhat similar to what is now the Baptist denomination. Dislodged, they migrated to western Poland, which later became Prussia.

There was no peace, for the Perrian Junkertum regime was equally intolerant. So the group negotiated with Katheriac II, the czarina of Russia, concerning the possible migration to the Ukraine, and in this spot the people lived and prospered, and later Mr. and Mrs. C. J. Wiens, parents of the Forsan minister, were born. After marriage, they moved to Siberia where their children were born.

Henry Wiens is the youngest of four children and was born in 1909, attended grade and high school at Omsk, Siberia. Young Henry had seven years training under the Soviet regime and when he was 16, he was selected by the communist government as an outstanding student and given an honorary appointment to the University of Moscow, attesting to the fact a government committee had felt he would be a fine young

REV. HENRY G. WIENS

man to devote his life to Soviet service.

Perhaps this might have been, but his father was too industrious a fellow. His first year farming in Siberia had netted 20 cars of wheat. With his profits he bought an iron works, traded it for a flour mill and eventually accumulated three mills. That was his mistake, for he became a "capitalist" and his property was seized.

So on the night in 1925 when Henry was to have left for Moscow, the family packed up and started the journey to Canada where the family could settle on a homestead available at \$10 a section. But before they left, they fulfilled their moral obligation, as

visible means of support. With three children to support, this was indeed a major step.

But he headed south because he has always heard so much about it, particularly Texas—the famed state he had read and talked about back in boyhood days in Russia. With nothing but faith to go upon, he got through school. Things would get in a pretty tight place, but he would just pray the hard-earned, and he said, "would you believe it, the money we had to have always came in when we had to have it, and from points as far as 3,000 miles away—from people who did not know our urgent need." It was, he explained, a proof of what complete faith will do.

After two years schooling in

Dallas, he studied in and was graduated from Hardin-Simmons university at Abilene in January.

The Rev. Wiens speaks Dutch, German, Russian, Ukrainian fluently, besides flawless English. Besides, he has studied Hebrew and Greek.

His greatest desire is for peace to come again so that he can return to his native land to preach the Gospel. Of the war, he is certain that "God's people will surely win, though time only will reveal the sacrifices God intends us to make."

# RAID-WISE—Hooded cape of flame-proofed cotton gabardine is new fashion whimsy for air raid wear. It's worn over a New York creation of white and red jersey. Plastic plates may be slipped into shoulder and chest pockets, to deflect flying objects.

# Man Found Innocent In Murder Trial

DUMAS, April 2 (Sp.)—Charles Smart, charged with the slaying of Richard Jones in a Dalhart cafe May 8, 1940, was found innocent by a Moore county jury yesterday.

In the first trial, Smart, 29-year-old resident of Dalhart, was sentenced to life imprisonment but the case was reversed and a second trial, a year ago, resulted in a hung jury.

## Low Scorers Entertain For Blue Bonnets

Scapdragons and hydrangeas decorated the home of Mrs. Charles Kobay when the low scorers entertained the high scorers of the Blue Bonnet club with a luncheon in her home Wednesday.

Master colors were used throughout the party. High scores went to Mrs. Sam Baker and bingo to Mrs. J. K. Terry. Mrs. Henschel Petty won the lucky prize.

Others present were Mrs. C. E. Miller, Mrs. J. B. Hodges, Mrs. E. D. Merrill, Mrs. Elmer Boatler, Mrs. R. C. Hitt, Mrs. W. D. McDonald, Mrs. Ira Watkins, Mrs. Arthur Weddell.

Mrs. Hodges is to be next hostess.

## Initiation Week Plans Made By P.D.C. Club

The constitution was read and signed and pledge oaths were given when the P. D. C. club met in the home of Helen Cloum Wednesday afternoon.

Plans for initiation week were made. Pledges platted hair with red and white ribbons for club color day today. Friday will be baby day. Sunday the group will attend the First Methodist church in a body and Monday will collect hangers. Tuesday the pledges will dress like tramps and shine shoes downtown. Wednesday night the secret candlelight service will be held in the home of Bobby Jo Dunlap.

Members present were Bobby Jo Dunlap, Jerric Staha, Marilyn Keaton, Betty Alice Nobles, Joyce Jo Riggs, Bobby Sanders, Betty Jones, and the pledges, Melba Dean Anderson, Betty Lou McGinnis, Nancy Thompson, Cora Ellen Belkirk, Mary Nell Cook, Billy Jean Anderson, Patty McDonald, Wilma Jo Taylor.

## Airport Widows Have Wiener Roast And Picnic At Park

A wiener roast and picnic lunch were entertainment for the Airport Widows at the city park Wednesday with Mrs. E. O. Vogt as hostess.

Following the picnic, members played croquet. Present were Mrs. W. H. Scott, Mrs. Vernon Wintheliser, Mrs. Glen Wixon, Mrs. Paul Atkinson, Mrs. W. K. Harrison, Mrs. I. T. Hesley, Mrs. W. H. Morgan, and a new member, Mrs. Willard Coffey.

Mrs. Wintheliser is to be next hostess.

## P.T. A. Council Sets Joint Installation Date For April 29th

### Miss 'Laneous' Notes

By MARY WEALEY

The most gorgeous feeling of all time is to wake up in the morning, open one eye and find you still have fifteen minutes more to sleep.

That's when you'd like to write the mad-dress company a glowing letter about their product. The bed feels as soft as you sink back to sleep for that remaining 15 minutes of grace.

Warm as toast, drowsy and wanting to get the last drop of sleep that's allotted to you, you sleep twice as fast and twice as good in the minutes left before the alarm yells "hey, you, get up."

If you wake before the alarm and get to snag a few minutes more of rest, the strident voice of the clock doesn't seem quite as bad as it does usually.

Instead of wanting to throw the clock out the window, or trample it to silentness on the floor, you fire subsides to just wanting to kick it across the floor or under the bed.

That little quarter hour left for resting does wonders for your personality. Instead of the usual two chips on your shoulder, you only have one chip and a small piece at that.

Instead of glowering during breakfast, you can manage a look of tolerant understanding that others beside you do have to get up in the mornings too.

If you could just arrange to wake up each morning like this, some fifteen minutes before your starting time, you probably would amaze all your friends with your charming personality. The only trouble is, the old human body knows what time it is too and seldom will it wake before time and then only with the help of a nasty alarm clock.

### Pastor And Wife Entertain In Home

FORSAN, April 2 (Spl.)—The Rev. and Mrs. Henry G. Wiens entertained the deacons and their wives at the church this week. Refreshments were served and those present were Mr. and Mrs. J. B. Hicks, Mr. and Mrs. I. O. Shaw, Mr. and Mrs. Joe Martin, Mr. and Mrs. W. C. Russell, Mr. and Mrs. Alfred Thieme, Mr. and Mrs. John Butler, Mr. and Mrs. J. D. Gilmore, Mr. and Mrs. M. M. McClintock, Mr. and Mrs. Orval Roberson, Mr. and Mrs. Glenn Smith, Mr. and Mrs. C. V. Wash.

### W. M. U. Meets In Russel Home

FORSAN, April 2 (Spl.)—Mrs. W. C. Russell entertained the W. M. U. at her home Monday afternoon. Refreshments were served and those present were Mrs. Orval Roberson, Mrs. I. O. Shaw, Mrs. J. B. Hicks, Mrs. Henry J. Wiens, Mrs. R. M. Brown, Mrs. L. L. Bee, Mrs. E. N. Baker, Mrs. Henry Parks, Mrs. R. A. Chambers, Mrs. Guy Howe, Mrs. Pete Huddleston, Mrs. John Hanton, Mrs. Glenn Smith, Mrs. M. M. McClintock, Mrs. Lois O'Barr-Smith.

Joint installation of all P.T. A. unit and council officers was set for April 29th at 4 o'clock at the high school gymnasium when the P.T. A. Council met Wednesday at the high school.

Resignation of Mrs. Buel Fox as council vice president was accepted as Mrs. W. B. Younger was elected in her place.

A letter of appreciation from Mrs. Bernard Lamun was read for the gift of a life membership presented by the units and the council. Mrs. Wayne Pearce was selected to represent the membership at the Sweetwater conference April 14 and 15.

Discussion on a county nurse was held by the group. Reports were given by Mrs. R. V. Middleton for Central Ward, Mrs. Aultman Smith, College Heights, Mrs. J. J. Throop, East Ward, Mrs. Harold Bottomley, South Ward, Mrs. Robert Hill, West Ward.

Others present were Mrs. E. E. Fahrenkamp, Mrs. W. B. Cox, Mrs. Sidney Smith, Mrs. J. T. Brooks, Mrs. Della K. Agnell, Mrs. J. A. Coffey.

### VISITS AND VISITORS

LA and Mrs. M. Carnohan of Mineral Wells, Camp Walters, will leave Friday for Dallas after a visit here with Mr. and Mrs. W. C. Henley. The Carnohans are former Big Spring residents.

# SWAN is here!

The first really new white floating soap since the Gay Nineties!

IT'S 8 WAYS BETTER

1. LOOK! SWAN'S WATER! PURE-FLOATING CASTLES!

You can't buy a purer soap than Swan. It's as mild as finest imported castles. It sure has baby appeal. Try it! See!

2. LOOK! SWAN'S FIBER! LISTS AND LISTS!

Time these suds! Swan gives you grand, silky lather twice as fast as old-time floating soaps. Swell for dishes!

3. SWAN'S NO SOFTIE! It's much firmer than old-time floating soaps. Has far less moisture. It won't warp, either.

4. LOOK! SWAN'S HARD WATER SOFT-NEATHEP!

Even in hardest water Swan suds up something wonderful; gives creamier lather that lasts much longer.

5. LOOK! SWAN BREAKS SMOOTH—EASILY!

No jagged, wasteful edges when you break Swan. Snap-snap and one bar gives you two grand, handy cakes.

6. LOOK! SWAN'S FIBER! Kosopolwholesome odor. Too. Never turns rancid.

8. LOOK! MORE REAL SOAP FOR YOUR MONEY!

We dry Swan for you. You get more soap per cake than with old-timers. No need of storing a supply to harden.

HEY! TUNE IN GRACIE ALLEN —GEORGE BURNS PAUL WHITEMAN—IN THE LOONIER RADIO SHOW IN A SWAN'S AGE! EVERY FRIDAY NIGHT AT 6:15 STATION WOAI

SWAN SOAP

SAVE WITH SWAN SOAP DOES MORE WORK... COSTS NO MORE!

James Ellis Hagemann, son of Mr. and Mrs. U. W. Hagemann was admitted Wednesday for medical attention.  
 Mrs. Roy Triplett is a medical patient.  
 Marvin Wood, a surgical patient, has been dismissed.  
 Mrs. T. R. Rose, a medical patient, has returned home.  
 Mrs. C. O. Hunt, Forsan, has returned home following medical attention.

**(Pull the Trigger on Constipation, with Ease for Stomach, too**

When constipation brings on discomfort after meals, stomach upset, bloating, dizziness, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

**All Happy, These Babies Posing For Photos**

Whether a baby is pretty because he is happy or happy because he is pretty—now that's a subject that you could argue about all day. But whichever is true, the infants who turned up Tuesday and Wednesday at Kelsey studio to enter the Personality Child contest were all pretty and happy.  
 First subject for the day was Theresa Louann Hood, who looked pleased about the whole thing even when she wasn't smiling. She has brown hair and blue eyes.  
 Larry Clark Morgan, nine month old son of Mr. and Mrs. J. T. Morgan, was the blondest blond of the day has big blue eyes. Larry Clark was most contained about the picture making business and took it in his stride.  
 James Marie Kirby, six months old daughter of Mr. and Mrs. D. B. Kirby, has brown hair and hazel eyes. She was most interested in everything around her and tried to see everything that happened.  
 Whether he was happy over his brand new teeth, two of them, or whether he just liked to get into new surroundings, nobody could tell by eight-month old Bill Carrell Bostick, son of Mr. and Mrs. Bill Bostick, who was grinning and happy all afternoon. He has light brown hair and brown eyes.  
 Sandra Rae Bloom, ten month old daughter of Mr. and Mrs. Sam Bloom, just couldn't be bothered much about all that was going on around her. She was mostly interested in her grandmother, Mrs. Sam Fisherman, who is the apple of her eye.  
 The "smile" baby of the day, though, was Evelyn Dolores Wilkerson, seven month old daughter of Mr. and Mrs. H. L. Wilkerson. Little Evelyn smiled for each portrait and it was quite a job to get her to pose for just one serious picture.  
 J. Gordon Bristow, Jr., three and a half month old son of Mr. and Mrs. J. Gordon Bristow, was another happy looking baby at the studio. He took his directions without concern and had his picture taken like he really liked it.  
 Lynne Wright, five and a half month old daughter of Mr. and Mrs. Chester Wright, was contented enough too. She hadn't quite finished with her bottle of milk so waiting on photographers didn't bother her, she just finished her meal.  
 Two out of town babies were registered and had their photos taken Wednesday.  
 The out of town young 'uns were George Earl Turner, five month old son of Mr. and Mrs. A. K. Turner of Coahoma and Don Nell Lay, six months old daughter of Mr. and Mrs. Donald Lay of Coahoma.  
 Leona Faye Floyd, seven month old daughter of Mr. and Mrs. Leo Floyd, was the first baby yet who tried to talk and managed a howdy do when she came in.  
 Others having their portraits were Dee Kent Carter, nine and a half month old son of Mr. and Mrs. Dee Carter, Sharon Beth Creighton, 11 month old daughter of Mr. and Mrs. Merrill Creighton, Larry McCleskey, six month old son of Mr. and Mrs. Frank McCleskey.

**Dorcas Class Votes To Supply Church Flowers For Month Of April**

Dorcas class of the East Fourth Baptist church voted Wednesday afternoon to supply the church with flowers during the month of April.  
 Also at the meeting, Mrs. C. L. Mann, who left Thursday for Michigan, was presented with gifts by class members. Mrs. L. O. Johnson, secretary, reported on the last meeting. Following prayer, Mrs. J. A. Kinard had charge of the social hour and Mrs. S. G. Thompson and Mrs. G. J. Couch served.  
 Others attending were Mrs. C. M. Harrell, Mrs. Laura Wheat, Mrs. R. J. Barton, Mrs. O. M. Gray, Mrs. D. W. Anderson, Mrs. C. L. Mann, Mrs. John R. Hull, Mrs. G. J. Middle and Mrs. A. J. Hibbern.

**Easter Egg Hunt Is Given For Children Of Baptist Church**

FORSAN, April 2 (Sp)—Mrs. J. B. Hicks, Mrs. Henry G. Wiers, Mrs. Glenn Smith and E. N. Baker were hosts to the junior department of the Baptist church, entertaining with an egg hunt on the West ranch Tuesday afternoon.  
 After the hunt cookies were served to the children.  
 Those present were Jimmie and Glenn Smith, Harold Hicks, Gene Smith, Bob Creelman, Cleo Mas Camp, Ray Whirley, Wanda Whirley, Erva Smith, Gwendolyn Oglesby, Wanda Creelman, Jan Livingston.  
 Betty Jo Moore, Jerry Green, Dicky Gilmore, Bobby and Charles Wash, Velma Gressett, Frank and Phillip Russell, Flo Thieme, Hoyt McClintock, Raymond Blankenship, Nolan Shaw, Thebart Camp, Doyle Gilmore, Sammy Hicks, Joanne Lewis, Ora Sue Lucas, Kathleen Butler.

**Hostess Gift Given To Mrs. Foresyth By Forty-Two Club**

A hostess gift was presented to Mrs. R. V. Foresyth by members of the Friendly Forty-two club Wednesday when she entertained the group in her home.  
 Mrs. Emmett Hull and Mrs. Paul Bradley were present as guests and Mrs. Hull joined the club as a new member.  
 High scores went to Mrs. Bradley and Mrs. Ots Johnson. Refreshments were served and others present were Mrs. Clarence Alvis, Mrs. C. E. Manning, Mrs. E. G. Patton.

**Delphian Society To Elect New Officers At Next Session**

Re-organization plans were discussed by the Kappa Delta Kappa chapter of Delphian Society in the home of Mrs. C. D. Wiley Wednesday by the members.  
 The group will meet April 16th in the home of Mrs. C. W. Norman to elect new officers. Study on "The Life of the Soldier" will be given with Mrs. Jaks Bishop, Mrs. Cecil Collins and Mrs. H. W. Smith on the program.  
 Others present were Mrs. Bishop, Mrs. Collins, Mrs. W. J. McAdams, Mrs. Norman, Mrs. Lee Rogers, Mrs. Smith and Mrs. A. B. Wadd.

**Dick Patrick Honored With Farewell Party**

Mrs. Clarence Whittington entertained with a farewell party in honor of her cousin, Dick Patrick, Wednesday evening in her home.  
 Games were played and refreshments served. Present were Helen Wilson, Nell Purcell, Ruby Oliver, Joan Henry, Francis Clark, Ruth Masley, Maxine Dewberry, Bill McCaslin, Dallas Burka, Henry Hayward, James Powell, Richard Darwin, Albert Mitchell, Lee Knox, Ray Adams, Betty Jean Tumbleson and Mary Jo Leogre of Artesia, N. M., and Mrs. Gene Buckner of Forsan.

**Bryant H. D. Club Meets Today In J. R. White Home**

The Bryant Home Demonstration club met today in the home of Mrs. Lewis Carlisle to quilt and planned another session for April 9th in the home of Mrs. J. R. White.  
 Mr. and Mrs. J. R. White and daughters, Lorena and Winnie, spent Sunday visiting Mrs. White's sister and family, Mr. and Mrs. Hiram Yates of the Oauble community.  
 Winnie White spent the weekend with her sister, Mrs. Alvie Hughes. Mr. and Mrs. Ralph Burrow visited in the home of Mr. and Mrs. Autry Sunday.  
**Escape From The Gite Works**  
**BOSTON**—When Fred S. Ullen, a San Diego, Cal., aircraft worker, died he left three acres of land in Deerfield, N. H., complete with home, barn, shed and furnishings to the Animal Rescue League of Boston to be used as a rest home for aged horses.

**Sadie Hawkins Dance To Be April 10th**

A Sadie Hawkins dance was planned and date set for April 10th at the Crawford hotel by the High Heel Slipper club Wednesday evening in the home of Bertie Mary Smith.  
 Two guests included Florence Jenkins and Mrs. Clyde Waits, Jr. Emily Prager was named as next hostess.  
 Refreshments were served and others present were Mary Ann Cox, Jonnanna Terry, Barbara and Marjory Lawwell, Doris Nell Tompkins, Sara Maude Johnson, Mary Kay Lumpkins, Myra King.  
 Joan Switzer, Celia Westerman, Jon McLarin, Betty Bob Ditta, Barbara Seawell, Billie Frances Shaffer, Betty Jo Pool.

**Three Guests Meet With All Around Forty-Two Club**

Three guests, Mrs. J. H. Gray, Mrs. O. L. White and Mrs. Max Welch, met with the All Around Forty-two club in the home of Mrs. Buck White Wednesday.  
 Prizes were won by Mrs. Jim Harper and Mrs. Alice Wright. Refreshments were served and Mrs. Marvin Wood was named as next hostess.  
 Others playing were Mrs. Guy Mitchell, Mrs. W. C. Jones, Mrs. Grady Jones, Mrs. Frank Gray.

**Ex-Convict Arrested After Three Farmers Are Slain**

PONTIAC, Mich., April 2 (SP)—State police ultimaxed the melodramatic case of the killing of three farmers by capturing the slayer on a dark road far from the scene of the deaths early today and announcing his confession.  
 Trooper Roy Perkins, one of the arresting officers, said that 30-year-old Dominick Picoone, ex-convict two weeks out of prison, had admitted shooting one farmer to death in vengeance and killing the others to protect his flight, meanwhile seizing a fourth man to help him flee.  
 With a space of 24 hours two Oxford, Mich. farmers, Cassius E. Barber, 71, and Romaine C. Potter, 75 had been slain with rifle fire in their neighboring homes and Carl McKenzie, 43, was killed on his farm at Concord, 90 miles distant.  
 Formally charged with murdering Barber, his former employer, and wanted as suspect in the other two shootings, Picoone had been sought since Tuesday night. It was then that Barber and Potter had been killed.  
 Early today a state police car containing Trooper Perkins and his companion officers was cruising in the vicinity of Otisville, a Genesee county town some 45 miles from here. A car drove by with its tail light out.  
 A few minutes later, Perkins said, the short-wave radio from headquarters instructed them to look for such a car as one suspected to be bearing Picoone and Roy Thorpe, 55, a neighbor of the Oxford victims who was believed being held as a hostage by the killer.  
 Trooper Perkins said the car was overtaken and stopped. Picoone was seized without a struggle and both he and Thorpe, whom Perkins described as "very nervous," were returned to Pontiac.  
 Trooper Perkins said that his youthful prisoner spoke little at the time of his arrest but admitted he had shot Barber because "he had something against him" and then had killed Potter for fear that the latter might identify him.  
 The confession went on to say that Thorpe was then seized and his car commandeered, Perkins said.  
 The third man to die, McKenzie, was shot on his farm yesterday afternoon because he had seen the license number of the automobile,

Perkins said the young man told him Thorpe, a Pontiac defense worker, was a neighbor of Potter and Barber.  
**Farmers Collect Scrap Iron**  
**ST. CHARLES, Mo.**—Farmers who live near St. Peters, Mo., gathered 80 tons of scrap iron in a one-day drive. The iron was hauled to St. Peters in automobiles, trucks, boxes, wheelbarrows and coaster wagons.  
**Anybody Wanna Buy a Town?**  
**LOS ANGELES, Cal.**—A town is being offered for sale in a classified ad here. It is described as a township with 400 lots, water system, and railway, located in the San Joaquin valley. Original cost was \$100,000 but it is for sale at \$18,000 "because hair cannot develop the property."  
 Brazil is one of the richest countries in the world in potential hydroelectric or water power, says the department of commerce.

 4.98

Smartly cut and fitted slacks... bright spring colors.

# Calf Show's Reserve Champion Brings 31 Cents At Auction

## Average Of 14.14 Paid For Exhibits

Forty-three club boy calves went at an average of 14.14 cents a pound and 13 lambs averaged 13.70 cents as exhibitors in the fifth annual Big Spring 4-H and FFA livestock show sent entries through the sale ring of the Big Spring Livestock Commission Co. Wednesday afternoon.

James Coates, who exhibited the reserve champion of the show and the grand champion of Howard county calves, pulled out on a 13.20 original sale for his calf early in the bidding and ran the calf back through the ring as a climax to get 31 cents at the hands of Robinson & Sons. This was the best price ever paid for a calf in the local show and brought James \$241.20 for his efforts on the Jim Cattle calf.

Top lamb price was 15.75 by J. J. Phillips on a lamb fed out by Ray Phillips. Others ranged from 12.50 up to the top figure.

Only other calf to get over 10.00 was one bought by A. Knappe from Wendell Lawrence at 15.50.

Several calves which went into the ring did not show due to regulations preventing more than two entries by one boy in one class, but buyers obligingly picked them off just the same.

Totals compared favorably with last year when the average was 12.80 on 65 calves with a top of 16.25 to a lad who had a hard luck story to go with his animal. The top calf of the show then only went at 13.25. Lamb prices on 25 animals last year were about on a par with this season.

Several calves, including the grand champion, which went on to the Odessa show, and the heavyweight top by W. D. Coates, who got early of early old bidding and pulled his calf, were not sold.

The complete sale list:

## War Board News

tributed by members of the Howard county weekly column on the USDA War Board.

### Mrs. Ernest Parish Tells Of Profit From Poultry Flock

By D. T. MANN

"A poultry flock will pay dividends," states Mrs. Ernest Parish, who lives northeast of Big Spring. "With high quality birds and proper care a farm flock will provide a steady income throughout the year," continued Mrs. Parish.

Mrs. Parish usually maintains a flock of 200 white Leghorns. During the past year Mrs. Parish averaged \$38.00 a month net income from her hens.

In order for a farm flock to be successful careful attention must be paid to the sanitation, breeding and culling of the birds. The houses should be thoroughly cleaned frequently in order to prevent the loss of birds by disease. Culling should be practiced every year to eliminate unthrifty non-laying birds. Proper feed is necessary to keep hens in high production and while ready mixed feeds are available, home grown feeds are just as desirable. A mash of 100 pounds of 22 per cent protein supplement and 200 pounds of ground maize or other good grain sorghum plus a daily feeding of grain, and green feed whenever possible, will keep a laying flock in good vigorous condition.

High quality hens when given proper care and a good ration will pay for themselves in the experience of Mrs. Parish.

### Farmer Tells How Terracing Pays

By D. T. MANN

"Terracing pays in dollars and cents," says K. G. Birkhead of Coahoma. Mr. Birkhead's farm, which is located four miles northwest of Coahoma was planned by soil conservation district technicians in cooperation with O. F. Griffin, county agricultural agent, in December 1940 and terracing was completed in April, 1941.

Records show that Birkhead averaged 516 pounds lint cotton per acre as compared to the average of the three previous years of 160 pounds of lint cotton per acre. "Much of this increase was due to the terraces which held the water where it fell resulting in a uniform production of cotton over the entire field instead of water running off and causing heavy production in a very small part of the field," states Birkhead. Although contour cultivation is beneficial, Birkhead believes it should be used in connection with a complete terrace system to do the most good.

During the past year and one-half complete conservation plans have been worked out on 22 farms in this community in cooperation with the Martin-Howard soil conservation district. Approximately 91 miles of terrace lines have been run on these farms and 48 miles have been completed or are nearly complete.

### Production Of Food For Home Grows More Important

By FONTILLA JOHNSON

As the health of the nation depends largely upon the health of the individuals in the home, it is very important that every family be well fed. By summer, it may

### Good Equipment For Hog Raising Pays

By M. WEAVER

Proper equipment is necessary for successful hog raising; however, it is not recommended that any elaborate improvements be made at this time, but rather hogs producers should use whatever scrap lumber and tin now on hand or by wrecking any old sheds or buildings not now in use, and working this into proper hog lot equipment.

Improvements of this kind will not, of course, contribute to the beauty of the landscape, but will be of practical service. A great increase in pork products is desired during this period of emergency, but when the emergency is over and the demand for pork products again becomes normal, it is hoped that Howard county farmers will not be left with a large amount of equipment acquired at a high price, hence the suggestion to use scrap lumber, if possible.

A movable farrowing house is of utmost importance to be used at farrowing time. This house can well be used for other purposes at other times. Farrowing houses should be large enough to permit a sow to approach her bed in a normal manner, so she will not mash pigs. For large sows a house should be as much as eight feet by eight feet. Good ventilation should be provided by construction which will permit the sides to be raised on hinges.

It pays to provide fattening hogs with shade in warm weather and protection from cold and rain in bad weather. A shed high enough to permit good air circulation, open on the south side, with removable panels on the north side is ideal for this section. The panels removed in summer weather will provide cool, shady place for the hogs to lie in, and in winter with the north side closed, ample protection can be had in bad weather.

### Sterilizing Utensils Important On Dairy

By O. B. BRYAN

The bacteria which sour milk and spoil flavor grow rapidly in unsterilized dairy utensils. Electric heat for hot water and sterilizers is fundamental to good management. Maximum milk and cream prices imply clean utensils, washed after milking in hot water. Cold-water washing leaves milk solids on the equipment in which contaminating bacteria thrive.

Only a thorough scrubbing with hot water and washing powder will get them clean. The automatic electric sterilizer is additional safeguard against bacteria growth. Washed utensils are stacked in the cabinet while still wet. The switch is turned on. When the temperature rises to the proper point, a thermostat turns off the current. Utensils are left in the sterilizer until they are used again. They remain dry, rustless, and free from bacteria.

Sixty per cent of the producing cows in the United States are in herds of 10 cows or less, yet only 25 per cent of the milk from these cows is sold in fluid milk. More is the most logical source of greater production, especially by preventing waste and spoilage with electric cooling. There can be no comparison between electric cooling and less either in convenience or cost. Electric milk cool-

## Ranchmen Approach Lambing Season With Varied Plans, Hopes For Rain

### Farmers Told To Cut Down Truck Use

WASHINGTON, April 2.—A plan under which farmers of a community will be asked to plan their marketing together and eliminate unnecessary truck mileage is being worked out by the division of motor transport, office of defense transportation, in cooperation with the department of agriculture and other government agencies.

Pooling equipment and cooperative hauling of products and supplies is the keystone of the plan by which, ODT officials believe, farm mileage can be reduced from 25 to 50 per cent without undue hardship to anyone.

Under the plan, which at present depends upon voluntary action, farmers will be asked to:

1. Keep their trucks in the best possible mechanical condition.
2. Eliminate unnecessary use of vehicles.
3. Cooperate in transportation pools with their neighbors.
4. Revise marketing and buying programs as necessary.

Included in the plan are farmers, market gardeners, fruit growers, milk producers, livestock haulers and others engaged in transportation of farm products, who operate a total of 1,500,000 motor trucks. The plan will result in tremendous saving of tires, gasoline and oil, parts and manpower, and will greatly extend the life of vehicles now in use.

Rural owners of trucks are asked to begin now to devise ways to eliminate unnecessary trips. Many daily, semi-weekly trips to market with less than full loads can be eliminated by planning loads and trips with neighbors.

By AQUILA WEST

FORNSAN, April 2. (Sp.) — Although the range is greening up in a struggling sort of way, ranchmen in this section are greeting each other with, "When is it gonna rain?" Some are making predictions by using favorite age-old signs, while old timers answer only with a smile.

With good prices to spur them on, stockmen have been generous with feed the past winter, causing the stock to winter well on the range.

Each man meets the lambing season with different plans. Walter Gressett, who lams 2,700 this year, has been feeding one pound daily and has quit counting on the heavy feed to tide the ewes over lambing. Gressett leads his neighbors a few days, having begun lambing March 29.

Most of the ranchmen are beginning in the period between April 1 and 5, and C. L. West, who belongs in this group, will put out meal and salt in feeders unless moisture is received beforehand.

Larkin Longshore has finished lambing, having begun February 12. A crop percentage wasn't quoted, but he says he didn't reach the high of last year. Bill Conger also lamed some in February but has others due for April.

Homer McCarty, Humble superintendent who is having his first experience in the sheep business says he is having improving luck with his flock. McCarty purchased 378 head last fall, some of which were bred for February lambs, others to begin April 5. These sheep run on McCarty's river front place near San Angelo.

Charley Coulson who ranches in Sterling and Glasscock, is associated with his son-in-law, Ira L. Watkins, says that from now on he stays with straight Ramboullins. Last year, he crossed with black face and sold lambs to average 80 pounds but had more trouble with lambing than ever before. This year he has ewe lambs in Sterling county and bred ewes in Glasscock.

Hardy Morgan, the largest operator in this section, meets the season with sheep in excellent condition. Morgan was among those who held over their ewe lambs, and this class is selling at \$10 in the wool. However, most owners want to sell them out of the shearing pens.

Mark Nasworthy has finished shearing 150 Angora nannies which will kid out soon. Nasworthy sold 900 goats last year and says he believes this country to be much better for sheep and cattle. Until two years ago he had operated in the San Angelo sector. He says he has prospects for the best lamb crop ever.

Neighboring producers who couldn't be reached for comment include Ed Douthit, Mrs. Mary Chalk, Sam Childress, Homer McKinley and Bill Cushing.

## Air Training Put On A 'Full-Crew' Basis

WASHINGTON, April 2. (AP) — The army air corps, extremely active in Texas and the southwest, is undergoing a change in its training program so that greater emphasis will be placed on the entire "air crew" — meaning bombardier and navigator as well as pilot.

This was the observation of a war department press relations officer, who said that under the revised training program bombardier students would be trained at a school which devotes its entire attention to that phase of warfare. Likewise, those students going in for navigation would receive specialized training at a separate school while those to become pilots would train at still another center.

The air corps carefully studying sites over the country for establishment of additional training centers. Among areas in Texas which have been approved is the Big Spring region in the western part of the state.

So much pilot has been built up around pilots, commented the press relations officer, that the air corps is now making a deliberate effort to focus the spotlight on bombardiers so that more youths will be anxious to follow that line.

He pointed out the obvious fact that in the big heavy bombing planes the pilot was no more essential to a successful attack on the enemy than the man releasing the bombs.

He called attention, too, to the importance of the gunner in the heavy bombers. Their skill in many instances make it possible for a plane to drive through to the enemy target and then escape.

When youths are sent to replacement training centers, after conscriptions, they may apply for air corps assignments if they are between 18 and 26, the officers continued. Those successfully passing "screening tests," which judges them on their general comprehension and aptitude, regardless of their formal educational background, are assigned to the branches of the air corps for which they are best suited or perhaps desire to enter.

A bombardier effective in a light bomber can fit equally well in a heavy plane, the officer added. When finishing training school he is assigned to an outfit, and in all probability remains with the same pilot and navigator for combat duty.

Navigators receive specialized training in following courses, studying weather maps, and other important data. The press officer said he could not state the turn-over such schools would have in training of air crews when the program got under full swing.

### Navy Man Rescues Officer After Plane Crashes

SAN DIEGO, Calif., April 2. (AP) — The navy today credited Aviation Chief Machinist's Mate Hoyt Holbrook of El Paso, Tex., with the rescue of a fellow navy pilot, trapped under water in the crumpled wreckage of a crashed patrol bomber.

Holbrook brought his unconscious commander, Lt. Comdr. Francis R. Jones, to the surface after their bomber sank in shallow water off Oahu, Hawaii.

The 38-year-old Texan, recuperating at the U. S. naval hospital here from injuries suffered in the crash, explains casually that the rescue was "just one of those things."

"We had been on patrol duty," he said in an interview, "and something went wrong when we came in for a night landing. Before we knew what was happening, we hit the water.

"The plane skipped on a wave, then plummeted sharply to the bottom of the bay. Fortunately, the water was only 10 feet deep, so one of the wings was awash, but the rest of the plane was under water.

"Three of the men never had a chance—they were hopelessly trapped."

A cricket match was played in New York as early as 1751.

Farmer's War Job Is Food Production  
By O. F. GRIFFIN

The farmer's special task in this war is to produce food. Nothing should detract him from this task. And he should not consider himself unpatriotic if he does his best at his very important part in the war.

If the farm is depleted of necessary labor by the selective service for military duty and the farmers themselves are compelled to spend their time in other phases of the war effort, we cannot survive a "long war." Food is the first and most important "strategic material" in any war; and with a large part of the world already on starvation, food production assumes a much more necessary place in the war effort at the present time.

PICTURES NOW BEING MADE for the Personality Child Photo Event

You Can Still Make Appointments By Calling Kelsey Studio

HERE ARE THE SIMPLE RULES:

1. Personality Child Photo Event open to all white children between the ages of 3 months and 6 years, except those of employees of The Herald and Kelsey Studio.
2. Registration fee of \$1 per child. No other charges or requirements. (No tickets or coupons to sell; no "vote" efforts).
3. "Personality Child Of 1943" to be chosen by impartial board of out-of-town photographers. In addition, this same board will choose first, second and third place winners in each of the following age groups:
  - From three months to one year old.
  - Over one year and under three years.
  - Over three years and under six years.
4. Each of these ten winners will receive prizes. A \$25 Defense Bond to the "Personality Child" and Defense Stamps to the other nine.
5. Picture of every participating child will appear in a special Baby Annual edition of The Big Spring Herald.
6. Photos must be made during period of the Personality Baby event, at the Kelsey Studio, 500 Rannels street, Big Spring, Texas. Local parents must make appointments, under the following group schedule:
  - Monday, Mar. 30, through Saturday, April 4, Three months to one year old
  - Monday, April 5, through Saturday, April 11, One year to three years old
  - Monday, April 12, through Saturday, April 18, Three years to six years old

All appointments from 9 a. m. to 10 noon and from 1 to 4 p. m. Out of town parents may appear without appointment.

All Pictures To Appear In A Special Baby Annual To Be Issued By The Herald

### Says Business Loans Will Mean Loss

WASHINGTON, April 2. (AP) — Senator Brown (D-Mich) predicted Wednesday that a large proportion of government loans for war production would be lost if a pending \$100,000,000 small business aid bill was enacted.

He said the entire basis for government loans by the Reconstruction Finance Corporation as well as the proposed new smaller war plants corporation was changed by the pending measure.

"There are going to be heavy losses," Brown declared in an interview. "A large part of this new \$100,000,000 fund will be lost."

When the RFC first began making loans to business, he recalled, congress ordered a policy of "full and adequate security." He said this later was liberalized to "reasonable assurance of repayment."

The senate bill, Brown said, authorized RFC loans "for any purpose deemed to be advantageous to the national defense," while loans to small plants and factories for war production "open the doors of treasury."

Despite these criticisms, the Michigan senator said he was ready to go along with other sponsors of the measure approved by the senate committee on small business and banking and currency.

### Texas Oil Output Cut Back To Figure Of Depression Days

AUSTIN, April 2. (AP) — The advent of April has brought oil production in the biggest producing state of the union down to levels of nearly seven years ago.

The Texas railroad commission, state oil regulatory agency, has decreed wells must be shut down 18 days this month and that the average flow of crude oil must not exceed 1,036,512 barrels daily as compared with 1,450,000 at the start of the year.

The drastic reduction, in line with production slashes over the nation, was caused by loss of oil tankers, victims of axis submarines, off the eastern coast.

Texas oil men reported that along with the production cut, drilling and refinery operations also have slumped, thus halting what up to recently had been steady expansion.

The only heavy petroleum demand noted was that for military purposes, including 100-octane gasoline for the nation's flying forces.

Among proposed solutions for the transportation problem were construction of a pipe line from Texas to the east with material taken from existing Texas lines and barge hauling up the Mississippi and Ohio rivers. No reports of progress on the proposals have reached the Texas capital.

Texas' April production order set

### Occupational Survey Will Be Made

Exhaustive questionnaires may go out before long to selective service registrants, seeking to find out what they can do.

Whether this will be to a certain segment, certain age groups, certain registration classes, is not known by local selective service officials. But they do know that a four-page form has been prepared in which a man may list almost any trade or occupation he is skilled in. In addition, there is a spot for checking selected trades, in which there is now a particular demand for workers.

When the time comes, selective service boards in the various counties will handle the survey, and material may be referred to the United States Employment Service.

Theory behind the questionnaire is that there will then be available to officials an accurate and complete picture of labor potentialities covering any specific group to which the questionnaires may be sent. This conceivably could be used in bringing about a shift in labor supply to most efficiently meet the demands of the nation's war effort.

This form is not to be confused with one now being sent to 2-AA registrants to check on status of dependency.

### Noted Texas Editor Dies

MARCELLUS E. FOSTER

HOUSTON, April 2. (AP) — Funeral services will be held at 5 p. m. today for M. E. (Mefo) Foster, 71, widely known newspaper editor.

He died suddenly yesterday at his home while he was seated with his wife in their living room, preparing to listen to a radio program.

Mefo was active in newspaper work until March, 1941, when he retired. Seven hundred persons attended a testimonial dinner in his honor.

Foster joined the Houston Post's staff at the age of 25. Three years later he was managing editor of the paper.

Prospering in oil ventures when the Spindletop field opened, he left the Post and founded the Houston Chronicle, working for 25 years as writer and business executive.

He sold the Chronicle in 1926, moved to California and later returned to Texas as editor of the Houston Press.

Foster gained national fame as a crusading journalist; his sharp attack upon the Ku Klux Klan was credited with bringing about the decline of that organization in Texas.

Survivors include his widow, two daughters, Mrs. Nell Masterson of New Orleans and Mrs. C. O. Lambert, Jr., of Salt Lake City, Utah; one brother, A. E. Foster of Houston; one niece, Mrs. Guy Blount of Beaumont and three grandchildren.

### Here's New Excuse From Jury Service

TYLER, April 2. (AP) — A Tyler man won't have to serve on the jury trying a chicken theft case because he is allergic to feathers.

Replying to the plea of the man's doctor that he be excused from jury duty because the jurors would sleep on feather pillows in the jury room, and that feathers and house dust caused his patient to suffer attacks of asthma which necessitated treatment under an oxygen tent, District Judge Baecom Gist wrote:

"In view of the fact that we have a case or two of chicken theft to try, this man will be excused."

# AAA Ruling On Cane Changed

Regulations governing the use of cane as a soil conserving crop to be planted on government acreage have been relaxed, according to M. Weaver, county AAA administrative officer.

He pointed out that the new rule make cane growing much more convenient for farmers of the section. All of the crop can be cut for hay, at any time the farmer chooses. Only restriction that it not be threshed for the grain.

Formerly that was a requirement that every sixth row of

stalks must be left standing, but now the ruling is that all may be cut, so long as a 12-inch stubble is left to protect the soil.

In other words, following of normal farming practices of this area in growing and harvesting the cane may be followed.

The AAA office is now remaining open each Saturday afternoon, Weaver announced. Formerly it closed each Saturday at noon.

The office continues to receive 1941 soil conservation checks, 128 having arrived in the past few days to bring \$14,676.84. Total received is 1,123 totalling \$161,692.57.

Reflecting a large amount of land trading, the office has listed 92 reconstituted farms for this year. Reconstituted farms are new units formed by division or combination of old farmers.

## Navy Appreciation Week Proclaimed By Stevenson

AUSTIN, April 2 (AP)—Navy appreciation week in Texas, which Governor Coke Stevenson says will give Texans an opportunity to pay tribute to the heroism and bravery of men in the nation's naval forces, has been proclaimed starting April 15.

In his proclamation, the governor urged citizens to contribute to the Navy Relief Society which, caring for the families of Navy casualties, has been forced to appeal for \$5,000,000. Texas' campaign quota was set at \$210,000.

"This country is now engaged in the greatest naval war in its history," Stevenson said. "In one day at Pearl Harbor more naval casualties were inflicted than suffered by the Navy during the Spanish-American war and the World War combined. The families of these men must be cared for.

"By giving the citizens at home shoulders a little of the burden of war which now rests on the fighting men and their families. (Navy Appreciation Week) is an opportunity for patriotic citizens to fittingly pay tribute to the heroism and bravery of the gallant naval officers and men. It is hoped that Texans will respond to this appeal in their usual generous manner."

The Congo river in Africa was formerly known as the Zaire.

## Hanes Advertising In Newspapers For 30th Straight Year

This spring opens the 30th consecutive year of newspaper advertising by the P. H. Hanes Knitting company of Winston-Salem, North Carolina—manufacturer of underwear for men and boys. More than 800 leading newspapers are being used, including The Herald.

For years, Hanes has used the largest newspaper advertising campaign in the underwear field. Hanes has always felt that newspaper advertising is the retailer's best medium. It reaches customers and prospects directly and quickly. It brings sales into the store on the same day that the advertisement appears.

The Hanes Crotch-Guard sports and shorts which have proved so popular with men and boys everywhere are being particularly featured. These have the comfortable Hanesknit Crotch-Guard which gives gentle athletic support with a conveniently placed buttonless front. Smart new patterns in Hanes broadcloth shorts as well as Hanes Samsobak union-suits and Hanes shoulder-button union-suits are also among the garments offered in the new line.

The advertisements, themselves, are breezy in tone. Such headlines as "Never a care with this underwear" and "Get 'em and forget 'em" supported by humorous illustrations, capture the attention and invite reading of the entire advertisement.

The enthusiasm on the part of the merchants for this advertising is shown by the number who make use of small, inexpensive illustrations in advertisements of their own. Last year, thousands of these dealer advertisements were used.

## H-SU Graduates To Hear Stevenson

ABILENE, April 2—Gov. Coke R. Stevenson will be the commencement speaker at the fiftieth graduation exercises at Hardin-Simmons university, on June 1. Dr. W. R. White, university president, announced.

The commencement will climax the H-SU celebration of its golden jubilee year.

Gov. Stevenson will speak here at a morning commencement program and will address the graduates at Texas Technological college in Lubbock that night, Dr. White said.

Rev. E. Locke Davis, pastor of the First Baptist church, Springfield, Mo., and a Hardin-Simmons graduate of the class of 1924, will deliver the baccalaureate sermon on Sunday, May 31.

## Baptists Call For War Relief Fund

DALLAS, April 2 (AP)—Texas Baptists were called on today by Dr. W. W. Melton, executive secretary, to give \$40,000 on Sunday for the relief of "hungry, suffering, freezing, starving people in war-ravaged lands of Europe and Asia."

Dr. George W. Truett, Dallas, chairman of the Baptist World Emergency committee which authorized a \$300,000 appeal to all the churches of the Southern Baptist convention, said "the needs were so imperative that the foreign mission board has already sent forward sizable sums, at the committee's suggestion, in order to save human life, without further delay."

Dr. Melton said the call is more urgent because "the prolonged assault of Japan on China has reduced most of the country to direct poverty. Hundreds are dying daily of starvation and hundreds more of disease, due to lack of nourishment. Our missionaries have not escaped the pangs of hunger or the oppression of our foes."

LEGION AT PEAK  
INDIANAPOLIS, April 2 (AP)—The strength of the American Legion, formed after the last war, is today, amid another war, the greatest it ever has been this early in the year. Donald G. Glascoff, assistant national adjutant, reported at headquarters membership at the close of yesterday's business was 1,068,387 World war veterans.

# US Campaign Against Subs Stepped Up

WASHINGTON, April 2 (AP)—America's anti-submarine campaign is being stepped up rapidly to meet an expected all-out summer drive by 800 to 400 U-boats, reliable sources said today.

The Navy announced late yesterday that 28 axis submarines had been sunk or presumed sunk by U. S. forces thus far. Naval observers said, however, that the rate of destruction was still too low to check the German drive. They gave this picture of the situation:

Germany had at the very least 128 ocean-going submarines before Dec. 7 and 180 more building for service by mid-summer. New evidence indicates that this figure is ultra-conservative, and salvaged parts of destroyed submarines show the Germans have developed very rapid methods of construction.

Although Germany has suffered heavy U-boat casualties thus far, the rate of sinking has not slowed the present U-boat campaign and would be of dubious effectiveness against a more intense drive.

Even so, the Germans have failed to divert U. S. naval strength from more vital war-fronts to form convoys in American waters—the second line in the ocean battle. The number of merchant craft sunk off the Atlantic and Caribbean coasts is approaching the 80 mark, but this rate might prove far from crippling in view of the tremendous ship-building program and development of land transportation facilities to bear some of the load.

The United States is making large increases in patrol forces, particularly in the air, and is developing new methods of locating and destroying U-boats.

Naval observers emphasized that while the battle of the American coast is far from won, it is

**CHASE THAT NEVER ENDS**—No matter how fast the greyhounds run, at tracks in Miami, Fla., they never catch up with the rabbit—a mechanical fellow who's whisked about the track by means of this trolley arrangement. A canvas curtain dropped across the track beyond the finish line blots out the mechanical bunny, and the dogs immediately lose interest in the race.

## Governor Sets 4-H Club Week

AUSTIN, April 2 (AP)—Governor Coke R. Stevenson proclaimed 4-H club week in Texas beginning April 15 and urged that more boys and girls join the 85,000 engaged in producing, preserving and preparing food, in making clothing and in other practical farm and home experiences.

Every citizen would do well, the governor added to emulate 4-H club members' pledge for clearer thinking, greater service, truer loyalty and efficient living.

### Special Prayer Services Will Close Saturday

The verse from the 91st Psalm, "I will say of the Lord, He is my refuge and fortress: my God; in Him will I trust," set the theme of Thursday's community prayer service for Howard county boys in the armed services.

Similar devotionals will be held Friday and Saturday, from 12:30 to 1 p. m., at the First Methodist church, and the public is invited to attend.

Major L. W. Canning read the Scriptures, and prayers were offered. Special music was by a trio composed of Mr. and Mrs. Herschel Sumner and Dan Conley.

Men in uniform listed at Thursday's service included: William Edward Pate, Bruce Phillips, Brady Piper, J. D. Phillips, Dick Piper, Doyle Piper, Norman Priest, Douglas Pyle, Jay Wendall Dickens, Albert Piper, James R. Piper, A. J. Prager, Dubb Prescott, Troy Porch, Wendell Parks, Ray Dean Penick, Russell Penick, Rex R. Pollard.

James Parrish, M. M. Page, Wesley Pierce, Archie Pope, Jas. C. Smith, L. B. Smith, George Quire, Chas. R. Settles, Virgil Robinson, Victor Robinson, Lewis Rogers, Edwin Rogers, Jimmie Rogers.

D. W. Riggs, Ivie Sherrod, Walter Roberts, Jr., Ernest Roberts, Odell Roberts, Clyde Roberts, Jack E. Rhoads, Charles Sikes, Roy Spivey, Edmund Smith, Tommy E. Springer, Leonard Skiles, James Sledge, Marcus Smith.

Jackson Story, Eddie Savage, Coleman Smith, James Springer, John Squyres, Albert Sunday, Carl Randall Simmons, John Stripling, Robert L. Smith, James M. Smith, Merlin Smith, James Sawtelle, Fred Sawtelle.

Eddison Taylor, William S. Talbot, Richard W. Thompson, Richard C. Thomas, Harold Talbot, William C. Taggart, Lowell Taylor, James Tibbitt, N. J. Tims, Jr.

Earl Frazier, Hugh Gene Bestick, John McGregor, Joe H. Gill, Paul Leason, Jess Collins, Jack Horn, Jack Dabney, Robert Dabney, Troy Newborn, C. A. Fuqua, Herb G. Lees, William T. Mann, Herman Mosher, Ben. Chas. Munday.

### Here 'n There

Weldon Johnston, who left here last week to enlist in the U.S. Navy, has written his mother, Mrs. J. O. Johnston, 110 Nolan, that he may not leave for the west coast for a few days yet, that he has been working in the post office department for the navy and is thoroughly enjoying his stay in the YMCA building at Dallas.

Department of commerce says there are 2,400,000 business establishments in the United States, more than 20 per cent of which are small businesses.

## Bicycling - Modern Mode Of Transportation - Brings Out A Flock Of New Women's Fashions

By BETTY CLARKE  
Wide World Beauty Editor  
Bicycling for beauty — even without a bike—booms as never before this year. For the sake of lovelier legs many a modern girl makes the motion of cycling in her regular routine exercises.

But beauty on a bike is apt to be a spring song this season. It's fashion and fun and priorities to push on the pedals.

I asked Cy Panitch of the Bicycle Club of America to suggest special aids to correct cycling, particularly for beginners who wish to take a bike properly.

Here are his recommendations:

1. Sit straight on the saddle.
2. Relax.
3. Don't look in back of you, nor on your front wheel.
4. Keep your eyes forward at least 10 feet beyond the front wheel.
5. Pedal evenly, neither too slowly nor too fast.
6. Pedal with the balls of your feet firmly on the pedals.
7. In coasting, see that the pedals are in horizontal position to give leverage to apply the constant brakes freely.
8. Don't grip handlebars too tightly.
9. Keep wrists relaxed.

STYLE CONSCIOUS FIBERON flutters in admiration of this swank new cycling outfit of gray flannel culottes and little-boy jacket. The sweater blouse is striped rayon jersey.

CYCLISTS' SPECIAL is this two-piece outfit in cream-colored sharkskin and peach-colored crepe. The abbreviated circular skirt is faced in peach to match the sleeves.

NEW AS NEXT YEAR'S HAT are these Pickwickian cycling stacks of brown and white hound's tooth check woolen, tapered at the ankles. The flannel jacket is collarless.

### Air School

Continued From Page 1

ence project. This would throw the east line of the area along Goliad street.

Already there was some speculation that the Army might require even more territory, and if so the state park (Scenic Mountain) would present itself as a ready-made parcel. Should this come to pass, the east line of the projected housing area would be beyond the eastern city limits of Big Spring.

In taking over the airport, the Army has a landing field on which more than a million dollars will have gone into when the present program of improvement is complete.

Now with an enlarged tract of two miles east and west and a mile and a quarter north and south, the runways which have 5,000 feet on all four fronts already were the longest in the southwest, probably will be lengthened to a minimum of 6,000 feet with one going 7,000 feet.

Pending completion data, American Airlines has been granted special permission to continue operations as usual. After Aug. 6, when the work is to be finished, the Army will be in charge. What then is another question to be answered.

Leatherneck Fingerprints  
The U. S. Marine Corps began fingerprinting its personnel for identification purposes back in 1907.

Marine Guard  
Sergeant Josiah Whitcomb commanded the first U. S. Marine Corps guard aboard the first iron ship of the Navy in 1844.

Bull's Eye  
Sergeant Edgar J. Doyle of the United States Marines once scored 201 consecutive bull's eyes at a distance of 800 yards with his service rifle.

Offer expires April 30, 1942

### Markets At A Glance

NEW YORK, April 2 (AP)—Demand for a number of recently alluring blue chips imparted quiet strength to other sections of today's stock market.

While moderate rallying trends were the rule after a hesitant opening, many issues failed to be impressed and held to a narrowly irregular route. Gains for favorites ranged from 1 to more than 2 1/2; ranges from 1 to more than 2 1/2 points although improvement generally was in small fractions. Prices were near the best at the close.

The extension of Wednesday's last-minute come-back was accompanied by a little more activity. Transfers for the full session were around 400,000 shares.

### Livestock

FORT WORTH, April 2 (AP) (USDA)—Cattle 2,000; calves 700; moderately active and fully steady in all classes cattle and calves.

King Captured  
The king of the Fiji Islands in 1855, Tutuila, whose people had committed crimes against Americans, was captured by U. S. Marines the same year.

Most common and medium beef steers and yearlings 8.00-10.50, good fed steers and yearlings 11.00-12.00, choice kind scarce, club yearlings to 13.25, one head 14.10; beef cows 7.50-9.00, canners and cutters 5.00-7.25; bulls 7.00-9.25, few head 9.50; slaughter calves 9.00-12.50, culls 7.00-8.50, good stocker steer calves 11.50-12.50, choice scarce at 13.00 upward.

Hogs 2.500; opening 10-15 higher, closing sales 25-40 higher than Wednesday's average; top 13.50; good and choice 160-280 lb. mostly 13.60-75, latter price packer top; good and choice 160-175 lb. 12.50-13.50; packing sows steady to 25 higher, mostly 12.25 down, few 12.50; stocker pigs steady, 11.00 down.

Sheep 3.200; early sales all classes steady; medium and good spring lambs 10.00-11.00, shorn lambs 8.25-9.00, shorn yearlings 8.25, shorn 2-year-old wethers 7.25, shorn feeder lambs carrying a fat and 8.00-25.

### Cotton

NEW ORLEANS, April 2 (AP)—Pre-holiday covering and trade buying advanced cotton futures here today and the market closed 5 to 10 points net higher.

### Bargain Offered On Garden Seeds

Timed right for all those interested in planting victory gardens, Armour and company is offering vegetable seeds at one-fourth the regular retail value. With everybody talking about growing their own vegetables this year, this offer is of real importance.

Radishes, beets, cucumbers and lettuce... vegetables that are recommended for victory gardens, are included in this offer. Four big packages of seeds, regularly priced forty cents, are offered for only ten cents to purchasers of Armour's Vegetole, the vegetable shortening used for cooking, frying and baking.

To get these seeds, enough to plant ten fifteen-foot rows, mail the guarantee flap (of facsimile) from any size package of Vegetole with ten cents to Armour and company, Chicago. There will be sent by return mail four large packages of vegetable seeds that are guaranteed to grow.

**PIPES NOT OF PEACE**—At Manzanar in the Owens river valley area of California, pipes for use in construction of a camp for the housing of Japanese aliens arrive. Manzanar is about 235 miles northeast of Los Angeles and near Sequoia national park. Already 1,000 Japs have headed for the camp, which eventually will house 10,000 persons under U.S. guard.

### Asserts NYA Should Not Be Abandoned

WASHINGTON, April 2 (AP)—Sidney Hillman, labor director of the War Production Board, told the senate labor committee today that the National Youth Administration had furnished "an appreciable part of our trained manpower" for war work and was a "going concern" and should not be abandoned.

"The manpower training program can not afford the delay which will result if we slow down or stop one of our training agencies and transfer the important load it carries to another organization," he said.

Hillman, testifying against the McKellar bill to abolish the NYA and the Civilian Conservation Corps, said 17,720 NYA-trained workers had gone into private industry last month alone, most of them into war plants.

In a prepared statement, the former union leader said 8,000,000 more war workers would be needed this year to augment the present 7,500,000.

Asserting the NYA provides training in areas where there are no vocational school systems, Hillman said:

"If the NYA goes, the danger is that in some states training of young people for war work will

### Weather Forecast

WEST TEXAS: Temperatures this afternoon and tonight will be about the same as yesterday and last night.

EAST TEXAS: Warmer in south, little change in temperature in north portions tonight.

El Paso	78	52
Fort Worth	77	51
Galveston	64	52
New York	61	40
St. Louis	64	48

be left to a non-existent vocational school system. x x x

"At a time when our nation needs every trained worker it can mobilize for war output, we must continue to draw upon training organizations which have proved themselves useful. In my opinion, as an agency providing pre-employment training, the NYA is a desirable part of our over-all industrial manpower program."

He declared the tools used by the NYA were "old, reconditioned and largely unsuitable for war production."

### Board To Curb War Profits Is Proposed

WASHINGTON, April 2 (AP)—Senator Taft (R-Ohio) proposed today creation of a board to fix ceilings on war profits, while administration leaders moved to compromise a 6 per cent profit limitation inserted by the house in a pending military appropriations bill.

Taft told reporters he had little doubt that the senate appropriations committee would strike the house amendment out of the \$18,301,000,000 military measure. However, Chairman Donald M. Nelson of the war production board and army and navy officials were working on a substitute which they planned to present to the committee.

Nelson was reported to have told the committee yesterday that flat limitation was unworkable. Agreeing with Nelson's conclusion, Taft said he was drafting an amendment which would set up a board of army, navy and production experts, charged with fixing the margin of profit that could be made on individual military items.

For instance, he said, this board could establish a fair profit for the manufacture of a medium tank or of a certain type of airplane, making all revenue above that amount returnable to the treasury. Democratic Leader Barkley of

Kentucky likewise has declared that the imposition of an over-all limitation on profits would be ineffective.

Senator Connally (D-Tex) agreed yesterday to let his motion go over while the senate takes a belated Easter recess of two weeks, but he told reporters he expected a full crop of labor amendments to be offered when and if the bill finally gets before the chamber.

### She's Busy At 70

HAVILAND, Kas., April 2 (AP)—Mrs. Mae Warner, who admits to more than 70 years, recently has been riding a bicycle around town.

The townsfolk were surprised. She has been so busy shingling her house, they don't know how she found time to learn to ride.

### Oatmeal Recipes Have Both Health And Economy In Their Favor

The Texas State Nutrition committee in its study, "Better Meals for Less Money," says oatmeal gives good nutritive value for cost and may be used to add variety to the diet. Cooking it in skim milk improves both its flavor and its food value.

Oatmeal makes a good breakfast dish. For example, breakfast might include grapefruit halves, rolled oats cooked in milk with hot milk, sugar and margarine to dress it up. There are numerous other ways to use oatmeal and here are some of them.

**ROLLED OATS PAN CAKES** (Serves 6)  
1 cup flour  
1-2 teasp. baking powder  
1 teasp. salt  
2 teasp. soda sifted together five times

1 cup rolled oats  
2 eggs, well beaten  
2 cups sour milk  
1 tbsp. to 4 tbsp. shortening  
Mix sifted ingredients with the oats. Then combine the other ingredients and add them to the dry mixture. Stir only enough to mix well. Cook on a hot griddle.

**ROLLED OATS MUFFINS** (12 muffins)  
1 cup flour  
1-2 teasp. salt  
2 teasp. baking powder  
2 tbsp. sugar  
1 cup rolled oats  
2 tbsp. shortening, melted  
1 beaten egg  
1-4 cup milk

Sift together three to five times the flour, salt, baking powder and sugar. Add oats to sifted ingredients and stir in well. Combine the beaten egg, milk, and melted shortening. Add to dry ingredients and stir gently only enough to moisten the dry ingredients. Fill greased muffin pans 2-3 full and bake in hot oven (400 degrees F.) about 25 minutes. If 1-2 cup floured raisins is added to batter just before baking, this makes a good cake substitute.

**ROLLED OATS COOKED IN MILK** (Serves 6)  
2 cups rolled oats  
1 teasp. salt  
4 cups skim milk  
Put milk in top of double boiler and heat to boiling with pan directly over gas or on the stove. Stir in oats and let cook slowly 10 to 20 min. with frequent gentle stirring to prevent sticking. Now cover and put the top pan into the bottom pan of the double boiler. The water in the bottom pan of double boiler should boil. Let cook 15 to 20 minutes. Serve hot with sugar and either hot or cold milk.

**OATMEAL DROP COOKIES**  
1-2 cup sugar  
6 tbsp. shortening  
2 tbsp. sour milk  
1 cup rolled oats  
1 cup flour  
1-2 teasp. salt  
1-4 teasp. soda  
1 teasp. baking powder  
1-2 cup raisins  
Combine dry ingredients. Mix well. Add raisins. Add milk. Bake in hot oven 15 minutes.

**BRING IN YOUR SWAN COUPONS**  
WE GLADLY REDEEM THEM

### Autopsy May Clear Up Death Mystery

NEW YORK, April 2 (AP)—Police looked today to an autopsy to explain the mysterious death of a 19-year-old bride of 10 months whose pajama-clad body was found bent over her half-filled bathtub with the head submerged.

A trail of blood from the bedroom to the bathroom of Mrs. Sylvia Stern's Bronx apartment, discovered when the young matron's mother, Mrs. Edith Gooding, found her dead yesterday, caused the homicide squad to list the death as "undecided."

Although Dr. Louis Lefkowitz, assistant medical examiner, said he believed death was from natural causes, he ordered the autopsy on finding a bruise inside Mrs. Stern's lower lip and another on her chin, both suffered before death.

# Yankees Picked Again, As Clubs End Spring Training

**By GAYLE TALBOT**  
**TAMPA, Fla., April 2 (AP)—**This is gateway week in the baseball training camps, and as the sun-tanned athletes hit the exhibition trail leading to opening day on April 15, there is talk of only one team that might possibly inject a little pepper into an otherwise unpromising Yankee-dominated American league race. That club is the St. Louis Browns.

Every manager who has met the Browns this spring says they are a good, fast outfit that "might cause a lot of trouble." A couple of pilots, whose opinion the writer respects highly, say that Luke Sewell's outfit is a cinch to climb into the first division. It was one of the three teams in the American league to play better than 500 ball after Decoration Day last season. The others being the Yankees and Washington.

Here is the order, then, in which the coming war-time campaign might wind up:

(1) New York, (2) Chicago, (3) Boston, (4) St. Louis, (5) Cleveland, (6) Detroit, (7) Washington, (8) Philadelphia.

The Yankees, winners last year by a lop-sided 17 games, are fundamentally so much better than any other team in the junior circuit that there is no real comparison. Sure, they haven't been looking like world champions this spring, so what? By mid-season they will have some rival club owners plinking secretly for a split season.

The Chicago White Sox, who were third last year with exactly a .500 average, appear to have the pitching to boost them up to second place this time, say about 25 games off the pace. If they make it, then the loud and persistent group which insists that Jimmy Dykes is the greatest manager in the world—not barring even Joe McCarthy—will have to be listened to with new respect.

Boston, despite the loss of Joe Cronin's power at the plate and the fact that it is usually allergic to the draft, should have enough left to grab third. Ted Williams, one of the really great hitters of our time, probably could finish that high by himself.

Fourth does not appear too high a goal for the Browns considering south pawrookie pitchers, Stan Ferrens and Frank Blazan, and another youngster named Vernon Stephens who might turn out to be the freshman of the year. The club, however, is very susceptible to the draft.

Cleveland has a popular new manager in 24-year-old Lou Boudreau, and the club is saturated with harmony, but that almost sums up the assets since the great Bob Feller climbed into navy blue. Barring a possible find or two among his rookies, Lou is painfully short on pitching and catching.

Detroit has lost weight steadily since it won a pennant only two seasons ago, and with the departure of 222-pound Buck Newsum the other day the Tigers' ribs bare to show sure enough. Del Baker scarcely has enough pitchers left to get up an inter-club game. Bill Richardson, the team's new shortstop from Kansas City, appears to be a jewel.

Washington's hopes, if any, were shot when Cecil Travis and Buddy Lewis went into the service. That is all the hitting the club had, and even if Newsum is retained he can't help the situation much unless he convert him into an outfielder for his batting punch.

The selection of Philadelphia to finish eighth is purely by instinct. It is the position the A's have won in five of the last seven years.

# Baseball Deal With Pampa Closed

## Notes From The Training Camps

**ORLANDO, Fla., April 2 (AP)—**Clark Griffith of the Washington Nationals is in the market for a hitting outfielder and a third baseman. His theory is that a winning team will mean big gates this season in boom-town Washington, especially with 21 night games scheduled at Griffith Stadium. Since buying Buck Newsum, Griffith is satisfied with the pitching staff and he thinks the Nats may finish in the first division with more power at the plate.

**CHARLESTON, S. C., April 2 (AP)—**Pitcher Charlie Wagner of the Boston Red Sox will try to go the distance against Rocky Walters and Paul Derringer of the Cincinnati Reds today in the first of an eight-game exhibition series between the two teams. Manager Joe Cronin also hopes to have Dick Newsome, Joe Dobson and Yank Terry, ranked as his other starters, go the route before the team reaches Boston.

**ALEXANDRIA, La., April 2 (AP)—**Manager Mel Ott of the New York Giants is worried about the last poundage of the Bill McGee, who has yielded only two runs in 16 innings before he was blasted for eight hits and six runs in three frames yesterday by Cleveland. McGee is 25 pounds lighter than last season and is so serious about keeping in shape that Ott has to order him to eat more.

**HOUSTON, April 2 (AP)—**With a record of five out of six against the New York Giants, the Cleveland Indians squared off to add another notch to their victory chain today by picking veteran Al Smith and rookie Ray Poat for the first day of a double billing in the Lone Star state. In yesterday's 10-8 victory, the Indians collected 15 hits for their most impressive show at the plate this spring.

**ST. PETERSBURG, Fla., April 2 (AP)—**Frank Crespi was one of the last to arrive in the St. Louis Cardinals' training camp, but the second sacker is setting a fast pace now. He handled 18 chances flawlessly and lashed out a homer and a double as the Cards whipped Detroit, 5-3, yesterday. Lon Warneke and Clyde Shoun will pitch against Washington today.

**LAKELAND, Fla., April 2 (AP)** Several Detroit Tiger rookies have found out—to their chagrin as well as wear and tear on their bankrolls—that it doesn't pay to violate the in-by-midnight rule. They were fined \$100 for not getting in on time and so far there have been no second offenders.

**DAYTONA BEACH, Fla., April 2 (AP)—**President Larry MacPhail of the Brooklyn Dodgers is urging Joe Medwick to "keep that bat out of your hand and do some running." MacPhail told Joe he never would get any of his extra weight off just swinging a bat. "I've got him on a diet," MacPhail disclosed.

**USO MEETING**  
**AUSTIN, April 2 (AP)—**A statewide program for the U. S. O. will be discussed at a luncheon meeting here Friday with Harry C. Weiss of Houston presiding. Governor Coke R. Stevenson will speak.

**Harvest Month Delays School**  
**HOLLISTER, Cal.—**Hollister schools and the junior college will open a month later next fall, school trustees decided. The delayed opening will permit students to help with county harvests and offset the expected labor shortage.

## SPORTS ROUNDUP

**By HUGH FULLERTON, JR., Wide World Sports Columnist**

**NEW YORK, April 2 (AP)—**Green light day: Pacific Coast league season opens today, and maybe we'll see what effect the war will have on baseball crowds instead of just guessing. Anticipating a shortage of baseballs, as well as players and customers, the San Diego club will give two 25-cent defense stamps and a grandstand pass to each patron who returns a ball knocked into the stands. First acceptances of invitations to fight in Washington for the Navy Relief Fund came from Steve Bellosie and Al Nettlow of the Jacksonville, Fla., naval station. The Seaview club, where the F. G. A. tourney will be played, keeps a spray gun on every table loaded with something to ward off those Jersey skaters.

**Today's guest star—** Shirley Fovich, Washington Post: "We don't know whether it was scotch-sour Confucius who first said, 'Be nice to the people you meet on the way up because you may have to meet 'em again on the way down.' Anyway, Buck Newsum could have used that tip."

**Service Dept.—**When the Giants and Indians played at Hattiesburg, Miss., the other day, Zeke Bonura sat on the New York bench and took a dozen balls and one of Dick Bartell's bats back to Camp Shelby with him. Don McNeill must have been pretty good as a tennis "good will ambassador" to South America. His new job in the Navy intelligence department will take him right back there. Coach of the quartermaster's motor base baseball team at Stockton, Calif., is Jackie Coogan, the ex-movie star. Latest North-western U. checkup shows 18 former Wildcat sports captains in the service. Most of them are officers, including Capt. Mortimer Marks of the Marines, who was captured at Guam, and Boob Newman, who was recently cited for rescuing a seaman who fell overboard from a destroyer.

**Settled in court—**When Troy Gordon of Coffeyville, Kas., finished scoring and playing basketball games this season, he added up his own score and found the total was 123 games. He was official scorer of the local Y. M. C. A. league, refereed high school and Y games, coached a Sunday school team, played with an independent quintet and covered school and junior college games for the Coffeyville Journal. On his nights off he went to basketball games just for fun.

**Shorts and shells—**Freddie Fitzsimmons is planning a unique cooling system for his Flatbush bowling emporium—and it won't be anything served in schooners. During the final game of the Iowa high school basketball tournament, a bald-headed customer rushed up to Lyle Quinn, tournay manager, and said, "This sure is a hair-raiser, isn't it?" New Jersey, which heard before betting on horses was legalized a couple of years ago, has cut the estimate to \$250,000 for 1942-43, with only the freehold trotting track operating, the state collected \$28,000 last year.

**Cleaning the outfit—**The Yanks and Giants games will be aired again this season after being off last year. Press release from Duke's Add Penfield says Governor J. Melville Broughston of North Carolina will "lend official dignity" to the opening of the national badminton tournament today by batting out the first shuttlecock. He'd better not miss if he wants to do that.

# Aquatic Stars To Compete For AAU Championships

**NEW HAVEN, Conn., April 2 (AP)—**With an eye on the first Pan-American games, which Argentina's Olympic committee insists will take place next November, more than 100 of the greatest swimmers and divers in this country anxiously awaited today the start of the three-day National A. A. U. championships in Yale's swanky natatorium.

## Stanton Edges Courtney In Track Meet

**STANTON, April 2 (AP)—**Stanton with 45 points and Courtney with 41 were top ranking schools in the athletic divisions of the Martin county interscholastic league meet, staged Wednesday. Stanton, Stanton's "one man team," sacked up five first places.

**Results:**  
 440-yard dash—Lawson, Courtney; Louder, Courtney; Wilson, Stanton.  
 200-yard low hurdles—Davenport, Stanton; Bunch, Stanton; Smith, Courtney; Myrick, Courtney.  
 880-yard dash—Davenport, Stanton; Howard, Courtney.  
 220-yard dash—Thomason, Stanton; Lawson, Courtney; Wilson, Stanton.  
 Broad jump—Thomason, Stanton; Lawson, Courtney; Myrick, Courtney.  
 High jump—Thomason, Stanton; Louder, Courtney; Myrick and Lawson, Courtney.  
 Vaulting—Thomason, Stanton; Myrick, Courtney.  
 Discus—Powell, Courtney; Bunch, Stanton; Howard, Courtney; Blackford, Stanton.  
 100-yard dash—Thomason, Stanton; Louder, Courtney; Smith, Courtney; Oaka, Flower Grove.  
 Baseball, ward school—Courtney 19, Stanton 13; high school—Courtney 13, Stanton 14.

**TENNIS**  
 Senior girls singles—Jerry Davis, Courtney; Helen McNew, Flower Grove; Flora Dea Cook, Stanton.  
 Senior girls doubles—Gladys Mattingly and Rubie Jo Henson, Courtney; Billy Etheridge and Maurice Thomason, Stanton; Sarah Evelyn Griffin and Hazel Barkowsky, Flower Grove.  
 Senior boys doubles—Vernon Wade and Billie Etchison, Flower Grove; Jimmie Haslowood and Vance Smith, Courtney; Chas. Deavenport and James Wilson, Stanton.  
 High school junior girls singles—Ruth Mullins, Flower Grove; Nannie Lou Bearden, Courtney; Yvonne Atchison, Stanton.  
 High school junior girls doubles—Frances Rhodes and Wanda Sprawls, Courtney; Katherine Avery and Alta Willingham, Stanton; Effie Mae Gist and Retha Steas, Flower Grove.  
 High school junior boys singles—Hugh Paim, Flower Grove; Billie Ray McNorris, Courtney; Jack Cook, Stanton.  
 High school junior boys doubles—Cleveland and Wieland Atchison, Stanton; Burt Teague and Donald Grigg, Flower Grove; Bobbie Don Deavenport and Hubert Ray Kelly, Courtney.  
 Ward school junior girls singles—Billie Thomason, Stanton; Louise Thomas, Flower Grove.  
 Ward school junior girls doubles—Sarah Jean Halalip and Betty Sue Renfro, Stanton; Frances Cave and Lila Mae Etchison, Flower Grove.  
 Ward school junior boys singles—Jack Cave, Flower Grove; T. N. Woody, Stanton.  
 Ward school junior boys doubles—Roland Mullins and Carl Makowsky, Flower Grove; Horace Blackford and Douglas Church, Stanton.

# Big Spring Is Definitely Out Of WT Loop

The money was changing hands Thursday by bank draft, and that closed the deal on the baseball club.

Thus, Big Spring was out of the West Texas-New Mexico league picture for this season, and Pampa was in. The franchise that hopped from Lamesa to Big Spring apparently was settled in the Panhandle city as business men of Pampa in a meeting Wednesday night oversubscribed the quota necessary to purchase the property from local men headed by Dick Ratliff.

The deal with Pampa had been in the making for a couple of weeks, after local interests decided it would be inadvisable to attempt operations here without a major league hookup. This was thought to be in sight when the Lamesa franchise was purchased to replace that moved from here to Lamesa by Tink Riviere and Jodie Tate.

The WT-NM schedule will open April 22 with the regular season changes. President Milton Price announced. Price said the league board had given approval to the Big Spring-Pampa transfer contingent on last night's action on official approval of the change is now a mere formality.

Pampa will take Big Spring's place in the schedule without a single change being necessary, although there will be some increase in travel as a result, Price said.

The WT-NM loop will be made up of Amarillo, Lamesa, Pampa, Wichita Falls, Lubbock, Borger, Albuquerque and Clovis.

# Westex Golf Tournament Cancelled

**MINERAL WELLS, April 2 (AP)** The West Texas Golf association, largest links body in the state, will not hold its 1942 tournament, Alton Quinn of Mineral Wells, association president, said today.

It will be the first time since 1925 that the tournament has not been held.

Both San Angelo and Abilene had made bids for the event but because of war conditions voted against holding it.

# Tickets On Sale For Big League Exhibition Tilt

Tink Riviere was due here Friday to round out arrangements for the Monday clash of the Pittsburgh Pirates and the Philadelphia Athletics—the only major league baseball game scheduled for this section of West Texas this year.

All reports from the two squads—one from the National and one from the American loop—indicated that they will be at full force when they hit Big Spring, said Riviere.

Frankie Frisch, Honus Wagner, Connie Mack, Al Simmons—these were but a few of the baseball greats who are with the teams and whose names have splashed across the sports pages of the nation's papers for years and years.

Fans were counting on seeing some slam-bang baseball for they felt that the short rightfield wall would be to the liking of many of the hitters. But then again, the big boys won't be swinging at bush league pitching.

Game time is set for 3 p. m. Monday, and follows a brief Army Day celebration in the downtown district.

Accompanying the squads will be a battery of baseball writers for the metropolitan press, and a radio broadcast over Philadelphia and Pittsburgh stations is due to be worked from the local park.

Tickets for the event are now on sale, said Riviere, at Robinson & Sons Grocery, Elliotts Crawford Drug, First National Bank, J. & L. Drug, Douglas Hotel, Douglas Barbershop, Settles Drug, Texas Club and Lee Hanson's.

# Local Bowlers To Appear At Midland Sunday

Both Big Spring teams entered in the West Texas-New Mexico Bowling league will roll their games Sunday afternoon, the last session of the tourney, players were advised Wednesday evening.

Cosden Petroleum Corp. and Douglas Hotel teams both were due to take to the alleys at 1:30 p. m. By rolling above 2,650 either team may have an excellent chance of getting in the top money. Never has the Cosden aggregation made less than 2,700 on a Midland alley and last year set a record there with 3,100 pins.

On May 2-3 both teams will bowl in the state tourney at San Antonio.

**J. A. (BOCK) ADAMS**

**Ship Yard Will Lengthen Shifts**  
**ORANGE, April 2 (AP)—**Increased efficiency is expected from a new working schedule at the Consolidated Steel corporation's shipyard, where two ten-hour daily shifts will be instituted effective April 6.

The yard is turning out destroyers for the navy. At present working shifts are 8, 7 and 7 1/2 hours.

H. C. Cranfill, office manager, also announced that facilities for construction of 24 escort vessels for the navy will be ready soon.

**Two Killed, Two Injured In Crash**  
**JACKSON, Miss., April 2 (AP)—**Mr. and Mrs. J. O. Manning of Jackson were killed Tuesday night and two soldiers were seriously injured in an automobile accident south of Hazelhurst.

The soldiers were brought to the air base hospital here where they were identified as Sergeant H. Reveal and Private George Pelaccio of Sheppard Field, Texas. Reveal had a broken arm and leg and Pelaccio may lose an eye.

**JAP CAMP SITE**—Waters of the Los Angeles aqueduct flow through the section of the Owens river valley, California, where the camp to house Japanese being constructed in the distance, shadowed by Sierra Nevada peaks.

# Leaders Win In Womens Bowling

Youth Beauty Shop held to its substantial lead and Cornelson Cleaners kept the margin from being widened in a comparatively dull session of bowling in the women's league Wednesday evening.

The two top teams tied for high series at 1961 while Modern Cleaners took high games with 722.

Elouise Haley was top in single game with 176. Youth Beauty held a 2-1 margin over Modern and Cornelson a 2-1 edge over C. R. Anthony.

Next week Cornelson and Youth Beauty meet while Modern and C. R. Anthony tangle.

Standings	Team—	W.	L.	Pct.
Youth Beauty	.....	22	14	.611
Cornelson	.....	19	17	.528
Modern	.....	15	18	.450
Anthony	.....	13	23	.361

# Leaders Win In Womens Bowling

**Rice Falls From Conference Lead**  
**AUSTIN, April 2 (AP)—**The tenure of the Rice Owls as leaders of the Southwest conference baseball race was short and sweet. Southern Methodist beat Texas A. & M. and Rice trimmed Baylor Tuesday and that put the Owls on top.

But yesterday the University of Texas Longhorns got back into the groove by trouncing Rice 9-5 and that sent A. & M. back into the lead.

Rice could gain the top rung again today, however, by downing Texas in the second game of the series.

The Aggies will be playing Texas Christian at Fort Worth to finish out the schedule for the week.

# A millionaire couldn't buy more underwear value

If you could see HANES Underwear being made, you'd understand why it has won such a nation-wide reputation for comfort and value among millions of men. Its quality begins with the long-staple, premium cotton in the bale, and the way HANES spins and knits it into garments that feel softer and wear longer.

If you like active exercise, you'll like HANES Crotch-Guard Sports. The HANESSTITCH Crotch-Guard gives gentle athletic support for outdoor or indoor activities. Conveniently placed buttonless front. Elastic in waistband for trim fit. You're really unaware of underwear. Try a pair with a perfectly fitting HANES Undershirt, Crotch-Guard Sports are priced from

**39¢ to 65¢**

**HANES CROTCH-GUARD SHORTS**  
 If you prefer a mid-thigh leg, in the same type garment, buy Hanes Crotch-Guard Shorts. 65¢ each (Figure A.)

**SHORTS AND BROADCLOTH SHORTS**  
 The Undershirt is made of soft, absorbent HANESSTITCH cotton-knit for comfort and long wear. Hanes Crotch-Guard Shorts are knit for comfort. Smart new patterns. (Figure B.) 39¢ to 79¢

**HANESBARK UNION-SHIRT**  
 Many men like these comfortable suits. Patented Top-O-Wear built in the body-car's grip or pull out (Figure C). A real value at \$1.16 to \$1.25

**HANES**

Look for the HANES Label when you buy. It means you get underwear of superior quality.

**F. H. HANES KNITTING CO.**  
 Winston-Salem, N. C.

## Dry Weather Reduces Crop Prospects

AUSTIN, April 2. (AP)—Top soil became drier and crop growing conditions less favorable over most of Texas during the week ending March 29, the U. S. department of agriculture and Texas agricultural extension service reported today.

The combined services' weekly crop bulletin said improvement in conditions was limited to those sections where the soil had been too wet to work and others which received helpful rainfall. Subsoil moisture continued satisfactory in nearly all sections. A band of favorably situated areas extended from the Panhandle across the north edge of the state, included most of East Texas and the coastal area down to the coast bend and thence northwest to the Rio Grande. In the extreme south and inside this band the condition became drier until in the center the situation was acute. There is scarcely any portion of the state where a good rain would not be welcomed. Spring work was going forward rapidly in all except the driest sections, though planting was being held up in a much larger area awaiting rains necessary for germination of the seed. Wheat was making good growth in the northwest under favorable conditions seeding of spring oats and barley was nearly completed there.

As the weather continued cool and dry the "green bug" damage continued unabated throughout North Texas from the low plains to the blacklands, extended down into central counties. In this area the loss of acreage ran from slight to almost total and much of the oats fields had already been plowed up for other crops.

The possibility that this action would increase the acreage of corn, sorghum, peanuts and cotton was limited by the potential labor supply, which appeared to be short.

## Auto Dealers Form Ordnance Battalion

DALLAS, April 2. (AP)—Southwest automotive dealers will meet Friday to plan organization of an ordnance battalion for the war department, Dr. J. H. Connell, executive secretary of the Dallas Automotive Association, announced.

"The National Automobile Dealers Association is cooperating with the war department in setting up ordnance battalions to give the rolling stock of the army service on the spot instead of having to send military equipment to mechanical shops," Dr. Connell said.

## Scorn 'Em Or Defend 'Em, Yo-Yos Gain in Popularity

By RAY DAVIDSON

Those sublimely ridiculous gadgets of goodness are making another comeback try.

Yo-yos (yo-yo-iar yo-yas, what ever the plural) may be seen climbing and descending their strings in increasing numbers. They have not yet become as thick as the leaves on the trees, as was the case in their original invasion in the mid-thirties, but their number is probably greater than in any of the previous comeback attempts. Variety stores and drug-store no-price counters offer the gadgets at prices from 10 cents up, and the sale is not altogether slow, they say.

Recently a troupe of Filipinos visited one local five-and-dime to demonstrate fancy yo-yo acrobatics. They neglected to say if Gen. D. MacArthur had taken up the habit while in the Philippines, nor did they say if the Japanese were engaged with the toys.

Should the yo-yo make a comeback, its effect on the war effort is disputable. Some say it is nothing more than a time-waster and brain-deteriorator.

Others insist that it has artistic and esthetic value that transcends all material things. And another school compares them to a good pipe—a friend to the nerves in time of strain, a companion in time of loneliness.

But in all man's words and all man's writing, the yo-yo has never been described in justice. The silly, fascinating, things.

## USDA War Board Meetings Slated

The Howard county USDA war board will hold half a dozen community meetings next week to acquaint rural people with the part they can play in the war effort.

At the meetings, production of food and feed, collection of junk, and other subjects of interest to rural people will be discussed.

The schedule of meetings:

Garner, Monday 8 p. m.; Coahoma, Monday, 8:30 p. m.; Big Spring, Tuesday, 10 a. m.; Vincent, Tuesday, 8 p. m.; Vealmoor, Tuesday, 8:30 p. m.; Lomax, Wednesday, 8:30 p. m.

## Federal Law May Be Used in Tire Thefts

FORT WORTH, April 2. (AP)—Suspects of tire thefts here may face federal charges for violations of the new price control bill.

City detectives and Dallas office of price administration representatives conferred with U. S. District Attorney Clyde O. Eastus over the charges.

Under the price control law, the buyer as well as the seller may be prosecuted for trades in which tires change hands at prices higher than the ceiling set by the government.

Seven complaints charging theft of automobiles and tires were filed in Justice of the Peace Gus Brown's court yesterday. City and federal officers promised additional developments.

Enlistment Reward  
Men who enlisted in the U. S. Marine Corps in 1912 were given a reward of \$20.

## Garner Students Have Holiday

KNOTT, April 2.—Garner school pupils and teachers took the day off from studies and celebrated April First with schoolground play such as baseball, volley ball, ping-pong and other activities. The seventh and eighth grades under the supervision of Mrs. T. J. Turner and Farris Bass went on a picnic in the afternoon. High school students under the supervision of the instructors enjoyed a picnic and refreshments prepared by the home economics girls at the cottage.

The Baptist revival services are being well attended this week. Services are at 11:30 a. m. and 8 p. m. The pastor, Rev. Cecil Rhodes, and Fred Fields of Snyder are in charge of the preaching and singing.

Noel Burnett, superintendent of Garner school, has announced that classes will start 30 minutes earlier, bus schedules will be advanced accordingly, and that on May First the schedule will be advanced 30 more minutes again to bring the time up in accord with the wartime change.

Mr. and Mrs. R. W. Carr and children, Charles and Janie Ruth, and Mrs. Ethel Shockley spent the first part of the week here visiting Mr. and Mrs. J. B. Shockley and Mr. and Mrs. Cecil Shockley and families.

Mary Mathis of Sterling City is planning to spend the Easter holidays here with Mr. and Mrs. Noel Burnett.

True Andrew Hayes, 14-month-old son of Mr. and Mrs. Joe Hayes, is suffering from an attack of pneumonia. He is at the home of an aunt, Mrs. Willis Paige, at Big Spring.

Mr. and Mrs. Dan McRay of Elbow spent Sunday with Mr. and Mrs. Noel Burnett.

Mrs. Bill Brown and children, J. D. and Maida Ruth, of Mart arrived this week to spend three weeks with her sister, Mr. and Mrs. Cleveland Green.

## Pension Rolls in State Show Gain

AUSTIN, April 2. (AP)—Texas old age pension rolls increased 1,643 recipients from March to April, aid to dependent children rolls gained 2,272 families and aid to the blind rolls were boosted by 141 individuals.

The state department of public welfare yesterday said that April old age pension recipients would number 169,906, grants would average \$18.47 and expenditures would total \$3,307,770.

Aid to dependent children rolls totaled 9,643 families, representing 30,650 children. Grants averaged \$20.80 per family and totaled \$200,614.

April aid to the blind rolls totaled 2,815 recipients with grants averaging \$22.96 and expenditures aggregating \$64,650.

Herbert Hoover started a stamp collection when he was in China.

## Air School To Be Located At Hondo

WASHINGTON, April 2. (AP)—An air force school will be established at Hondo, Texas, to cost in excess of \$5,000,000, with construction to be supervised by the San Antonio office of the board of army engineers, Representative West (D-Texas) said the war department had authorized him to announce.

## CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster— Now her Backache is better

Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pain, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 18 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Whites and lights, beautiful Easter shoes

Shoes for Easter and warm days ahead... light-as-down linens, or summer suede. Icy whites, or cool beige and tan... elegant with high polish or golden studs. Sky-high or medium heels. In every pair, excitement and flattery afoot!
