## FFA Team to Enter National Contest

The McLean FFA livestock team, which took top honors in the state contests held in August at Texas A. and M. College, will attend the 29th national convention of the Future Farmers of America, to be held next week in Kansas City, Mo. The team will participate in the national judging contests there.

The team is composed of Arvid Smith, Dick Andrews, and Chester Goughly, with Edward Dwyer as alternate. Clyde Magee, local agriculture teacher, will accompany the team members to the convention. Goughly, who graduated from McLean High School last spring, is now attending Texas Tech at Lubbock, but plans to go with the other team members.

The group will leave here Saturday afternoon for Kansas City, Mo. The Rock Island railway, which Andrews will probably return Tuesday, since both are members of the Tiger football squad, and Magee and the others will return Wednesday or Thursday.

The local boys took top place honors in the Rock Island Lines regional and agricultural prize awards for 1947, when the state convention was held at College Station. Winning of the awards entitles the team to attend the national meeting in Kansas City.

The meeting will open Sunday morning and will continue through Wednesday. The livestock judging contest, which the local team will enter, will be held Tuesday morning, beginning at 7 o'clock. Teams will be entered in the contest by 47 states, and Puerto Rico and Hawaii, Magee said this week.

## Lions Honor Local Faculty At Ladies Night

Members of the faculty of the McLean public schools were guests Tuesday night of the McLean Lions Club, when Ladies Night was held in the newly-reddecorated Lions Hall.

Featured on the program was a short address by Lions district governor, John McLean of Hereford. McLean, who is governor of District 27-1, spoke on the "Heritage of Lionism," tracing the problems of man since the beginning of civilization, and explaining how the need for Lionism grew. He pointed out that the word "Lions" is a symbol for "Liberty, Intelligence, Our Nation's Safety," and explained briefly how liberty and intelligence go into the making of "our nation's safety."

Virgil Mott, educational director of the First Baptist Church of Pampa and singing star of Station KPDN, Pampa, sang three numbers. He was accompanied at the piano by his wife.

Fun was provided by a stunt, in which Frank Wilson, Harold Butrum, and J. M. Clegg of Pampa competed in a clothes-hanging contest. Wilson was judged by a committee of three Lionesses to be the winner, and was presented a package of clothes pins. Second place went to Butrum, who was given a package of Dux, and third to Clegg, who was presented a box of Peps.

Lion President Cleo Meharg presided at the meeting. Leading the pledge to the flag was Boyd Meador, and Mott gave the invocation. Song leader Logan Cummings led the group singing to open the meeting.

Following the meal, prepared by the senior mothers and served by senior girls, Cummings introduced the guests. Tall Twister John Cooper was presented a tall twister's cap by the past tall twister, Odell Mantooth. Dr. Roy Webb of Pampa, deputy district governor, presented Lester Campbell with a master key and plaque, and Dr. Webb also introduced Governor McLean.

## Stephens Leading Revival at Lefors

Rev. Ray Stephens, pastor of the First Baptist Church of McLean, is conducting a revival meeting at the Lefors Baptist Church this week. The meeting will continue through next week.

Rev. Dan Beltz, Lefors Baptist pastor, will deliver the sermon at the services here next Sunday.

## Tigers Advanced To 7th in Region Football Rankings

The McLean Tigers advanced one rung of the football ladder, landing in 7th place in Region 1 in the weekly ratings made by the Amarillo Globe-News writer, Frank A. Godsoe Jr.

Godsoe, who is covering the Class A teams of the Panhandle's Region 1, ranked McLean in 8th place last week after he had seen them down the Memphis Cyclone 26-14.

Others ranked in the first ten are as follows: Perryton Rangers, 1st; Phillips BlackLawks, 2nd; Wellington Skyrockets, 3rd; Shamrock Irishmen, 4th; White Deer Bucks, 5th; Lefors Pirates, 6th; Floydada Whirlwinds, 8th; Canyon Eagles, 9th; and Dimmitt Bobcats, 10th.

## 'Penny Nite' Starts Queen Contest Events

The annual queen contest is getting warmer and warmer by the day, and McLean High School students have just about covered all windows of business houses with placards advocating their particular candidates.

Making the race are Maude Trout, representing the seniors; LaWanda Shadid, for the juniors; Lynna Mantooth, for the sophomores; and Mary Ruth Holloway, for the freshmen. In addition, a princess race is being conducted at the grade school.

Getting the queen's contest off to a big start this week was the "Penny Nite" sponsored Monday at the American Legion Hall by the junior class.

The "Penny Nite" featured bingo, followed by other games and dancing. W. C. Simpson and Maurine Harlan were awarded prizes for being judged the best dancing couple on the floor.

Each of the classes is planning events to raise money in the contest. Each vote will be on cent, and the class gaining the most votes has its representative as queen.

## Salmon Appointed Gray Sanitarian

Ray L. Salmon, Pampa city sanitarian, was named to serve also as sanitarian of Gray County at the meeting of the county commissioners Monday.

The new inspector's work with the county will officially begin today, and will be in addition to his duties with the city. His work will include inspection of dairy facilities as well as building and food handling sanitation.

The former county health inspector, E. J. Howard, has resigned and moved from Pampa to accept another position.

## Rains Total 1.3 In.

Showers which started Wednesday afternoon of last week continued during the week and had totaled 1.30 inches in McLean by Wednesday morning of this week.

Last Wednesday's rain, totaling .34 of an inch instead of the .31 reported previously, started the series, which found another .44 falling Friday night, .03 Sunday morning, and .49 Tuesday night. The showers brought the year's total to 18.21 inches. Pete Fulbright, local weather observer, reported.

The rains were apparently fairly general over the entire Panhandle, and were welcomed by all farmers. Cotton harvesting will be delayed somewhat, but farmers, who had seen a practically dry August and September, were glad to see the rains.

## Pie Supper To Be Tonight

Plans were completed this week for the pie supper, sponsored by the McLean Rainbow assembly, to be held at the American Legion Hall in McLean tonight. The affair will start at 7 o'clock.

Games for all ages, including bingo, bridge, forty-two, dominoes, etc., are planned. Prices of admission will be 50 cents for adults and children over ten years of age, and 15 cents for children under ten. These prices entitle those attending to play any game or all games at any time during the evening.

Pies, donated by the Rainbow girls, will be auctioned to the highest bidder by the auctioneer Roy Kiser.

## Highway Right-of-Way Contract Is Received by Commissioners

A contract which, when signed by members of the Gray County commissioners court, will enable that group to start buying rights-of-way for the new strip of paving on Highway 66 has been received by the county, Commissioner Earnest Beck of McLean said this week.

As soon as the contract is signed, buying of the rights-of-way will begin, it was explained.

The map given to the commissioners shows the road as being split through McLean with one lane running on the present Highway 66 strip and the other on what is now known as Railroad street. Details of how the road will run at the edges of town were not revealed. Neither was definite information on how the road will affect Alanreed announced.

Just when the buying of the rights-of-way will begin is not known, Beck said, but he explained that the principal thing in the minds of the residents of McLean was settled to some extent by the rights-of-way map which shows the highway going through the city.

It should be pointed out, however, that these rights-of-way must be obtained before the highway can go through the town.

The road through Gray County is another step in the federal highway department's plan to cut down the number of accidents on U. S. Highway 66. The traffic through the Panhandle on the popular highway has been extremely heavy, and it is planned to make it a four-lane split highway across the entire Panhandle.

First step of the double lane is now underway in Wheeler county, where only last week the contract was let to pave the second strip. Road bed for this strip has already been constructed, and the paving contract was let to Cooper and Woodruff of Dallas. Work on this paving is expected to get underway within a short time.

The split highway road bed will run to the Gray County line, and traffic will then be routed to the one-strip road in this county until the second lane is constructed.

How soon the split highway through this county will become a reality is still not definite. Buying of the rights-of-way will require several weeks, and then a number of months will be needed to take care of the road bed.

## Tigers Seek to Keep Clean 3-A Record Against Broncs

The McLean Tigers will attempt to annex their third conference game when the Clarendon Broncs invade Tiger Field Friday night. The game will start at 8 o'clock.

The Tigers, losing only to Panhandle in their opener 26-0, came back to wallop Wheeler 51-13 outplay Memphis 26-14, and down Groom 35-0. Panhandle, although a Class B team, has lost only one game so far this season. Wheeler is undoubtedly the weakest team in District 3-A, and will be lucky to score one victory this season. Memphis, slated to be stronger than it is, lost to Shamrock last week-end, but the Cyclone is greatly handicapped by loss of its passer, Gayle West. Groom, a Class B team, is another weak team.

Comparison of the two teams is somewhat hard, since they have had no common foes thus far in the season. Clarendon has won three games, dropped two, while McLean has won three and dropped one.

The Broncs, however, have lost two District 3-A tilts in a row, the first to Lefors 20-0 and the second to Wellington 34-0. In last week's game with Wellington three of the Bronc starters were out of play due to injuries.

Clarendon's three victories came over weak Lakeview 32-0, Chillicothe 12-0, and Price College of Amarillo 12-6.

A pep rally and parade will be held Friday afternoon at about 3 o'clock, preceding the important game. It was announced that the pep rally urged all fans to be downtown at that hour, and join in the yelling.

Sponsors of the pep rally included all fans to be downtown at that hour, and join in the yelling.

## Map Indicates Road Will Run Through Town

The map given to the commissioners shows the road as being split through McLean with one lane running on the present Highway 66 strip and the other on what is now known as Railroad street. Details of how the road will run at the edges of town were not revealed. Neither was definite information on how the road will affect Alanreed announced.

## Four Added To English Club

Four students, who attained the proper grades for eligibility, have been added to the English "A" Club which is supervised by Mrs. Jim Back. The grades were made during the first six weeks of school.

New members are Exie Laura Rhea, Maude Trout, Jayne Bowen, Arvin Smith, and Johnny Haynes. Members held over from last year and who are still members are Jan Black, Bill Boston, Melba Miller, Claude Mounce, Sue Davis, and Bonnie Duncan.

To become a member of the English Club one must be a junior or senior, make A in English, and be passing in all other subjects.

All the members are seniors with the exception of one, Johnny Haynes, the lone representative of the junior class.

## Milk Shortage Hits Pampa

A possible milk shortage for Pampa loomed this week because of the drought and the drying out of cows for calving, according to a story in the Pampa Daily News which quoted the city's health department.

Consumers there have not yet felt the pinch in the shortage, because Pampa creameries have been going to Oklahoma for their milk, Ray Salmon, Pampa city health inspector, said.

Salmon revealed that Odessa is present in using recombinated milk because of the shortage there, but he said that Pampa will not resort to that but may use a lesser grade instead.

The shortage is expected to last until about the middle of December, when cows will be in a more milk-producing condition.

In Amarillo consumers are now faced with an increase in the price of milk.

## Red Cross to Pick Year's Officers

Officers to serve during the coming year will be elected at a meeting of the local chapter of the American Red Cross, tonight at 7:30 o'clock at the City Hall, Ruel Smith, present chapter chairman, said this week.

Other than Smith, the present officers include Roger Powers, home service chairman; George Graham, roll call chairman; and Lester Campbell, publicity chairman.

## Teen-Agers Meet Following Game

Teen-agers "Fun Nite" will be held Friday night immediately following the Clarendon-McLean football game, sponsors announced this week.

Guests will be the members of the visiting team and visiting band.

Hostesses for the evening will be Mrs. Lonnie Gunn, Mrs. Glenn Jolly, Mrs. Elton Johnston, and Mrs. H. W. Brooks.

LYNNA MANTOOTH, who is representing the McLean sophomores in the annual queen contest. The contest is waxing warm, with Miss Mantooth for the sophs; Maude Trout, for the seniors; LaWanda Shadid, for the juniors; and Mary Ruth Holloway, for the freshmen.

## Tigers Take Easy, but Sluggish, Victory over Game Groom Eleven

There was never much doubt about who would win the game when the McLean Tigers whipped the Groom Tigers 35 to 0, but there was some doubt in the minds of McLean fans about what happened to the teamwork of the McLean eleven displayed only a week before in the Memphis game.

Nobody wanted the local gridironers to win by more than 35 points—there was no need in that. But the local fans were disappointed in the playing when the first stringers opened the second half. Outside of the lack of teamwork and spirit, the McLean Tigers did all right.

Johnny Griffith scored four of the five touchdowns, and W. A. Bruner the other, but the stand-out back of the night was little Johnny Haynes, who made run after run, some of them for nice gains, others not so good. But Haynes was definitely the outstanding back of the night, even though he never scored a touchdown. He did go across for a touchdown, but it was called back due to a penalty.

Bruner and Griffith both played good ball in the backfield, as did W. A. Bruner's brother, "Little Bruner" (who doesn't look any smaller than "Big Bruner"). Little Bruner was in Jack's end position while he was in. Jack's end position while he was in. Jack's end position while he was in.

Brooks also held up his share of the duties, but was booted from the game by the referee due to some infraction of the rules which even Jack was not sure about.

Two of the tallies were made in the initial quarter, one in the third, and two in the fourth. Scoring was as follows:

Groom kicked off to McLean, and W. A. Bruner ran back the kick-off to the Groom 28. Two plays later Bruner hit through to the 15, then again to the 12. Boston went to the four, and from there Bruner carried the ball over. Bruner plunged through the line for the extra point to give the McLean eleven a 7 to 0 lead in about three minutes of play.

After an exchange of punts, still in the first quarter, McLean took over on their own 22. Bruner went to the 35, and Boston passed to Haynes to the Groom 47. Bruner went on down to the Groom 30, and Griffith down to the 20. From there Griffith went through the right side of the Groom line and over for the second touchdown. Bruner made a plunge for the extra point to give the McLean team a 14 to 0 lead.

At that point Coach Larry Sanders sent in his reserves, and shortly after the first quarter ended.

With Haynes and Watson doing most of the ball carrying, the reserves worked the ball from the McLean 30 to the Groom 18. Boston went back into the game, and passed to Haynes who went over for another touchdown. The tally was called back, however, and McLean was penalized 15 yards to the Groom 33 for holding. This spoiled Haynes' only chance to score a touchdown, although he carried the ball a great deal throughout the game.

After the penalty, Haynes carried the ball back to the 19. From there Boston tossed a pass in the end zone, which was intercepted by Quarterback Hall of the Groom eleven. Hall carried the ball back to the 1-yard line, and the half ended one play later.

The first string started the second half. The Tigers kicked to Groom, and later took over on downs on the McLean 44. Haynes carried two plays later scattered to the Groom 38, and then picked up four more yards. From that point Griffith took charge again, and went through a hole in the line and over for the third touch-

down. Haynes ran the ball over for the extra point to give the local eleven a 21 to 0 lead.

The reserves went back into the ball game shortly before the third quarter ended, with McLean in possession of the ball on the Groom 37. "Little" Bruner went to the 31, Haynes to the 26, and Boston passed to Haynes to the 19. The ball went over to the Groom eleven on downs, and then one play later the Groom gridironers were penalized to their 4-yard line.

Groom punted out from there, and Watson returned to the Groom 27. Haynes went to the 20, and "Little" Bruner to the 19. Runs by Vineyard, Haynes, and Watson, and an incomplete pass put the ball on the Groom 10, where the Groom team again took over on downs. Watson then intercepted a Groom pass on the Groom 34, and Haynes carried

## Doctor Gives Ways to Stop Pneumonia

According to Dr. Geo. W. Cox, state health officer, pneumonia caused approximately 2,460 deaths during the past year in Texas, a disease which is entirely too high on the list of diseases most prevalent during the winter and spring seasons.

A distinguished visitor from England was recently awakened in his hotel room by a loud crashing of fenders and grinding of gears. Going to the window, he saw two garbage trucks stuck in a narrow alley below, with both vainly trying to get out at the same time. First one would try, then the other, only to crash into each other time and time again. After several moments of observation, he remarked: "My word, what an odd time of the year for these things to be mating!"

Pneumonia is caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather, sufficient wraps should be worn to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early if pneumonia is present, or develops in such cases.

## Burned Over Land Loses More Soil

Twenty-seven times more soil was lost on burned over land than on non-burned land, Harley A. Daniel, project supervisor at Red Plains Conservation Experiment station said.

In reporting the results of a 16-year experiment at the station, Daniel pointed out that in addition to soil loss there were 32 times more water runoff on the experiment plots and that the continuous burning of native grass decreased the production of hay 54 per cent.

Fire protection is an essential management practice, Daniel says. Beside the loss of soil, water and decreased hay production there is some nitrogen lost through burning grass and vegetation. Fire destroys plant seeds and the valuable litter of organic matter underneath the grass. It lowers soil fertility and greatly increases the possibility of soil erosion, he pointed out.

Bedroom suite, one and one only, yours for \$97.50—that's cheap enough, isn't it?

One Ward floor furnace, complete with regulator, only \$99.50. Please take it and get it out of our sight.

Old chest of drawers. It isn't odd looking, but we've got nothing to match it with, so you can try by buying it for only \$18.00.

Hollywood bed, only one, with leatherette headboard. I want to get rid of it this week, so I'll sell it for \$49.75—it was \$69.75.

Living room suite, recovered with new wine velvet covering. Never again will I try to sell a recovered suite. You can have this one for \$60—pay me \$10 down and the rest to suit yourself.

Wool bedroom rugs, only 4 left, each \$19.75. Dinette suites, thank goodness only two left, yours for \$30 each.

Radio tables (as a last thought), \$5.95 Small down payment—balance in 12 monthly payments.

Remember they told us consumers that if the government would just remove the controls we would have lots of houses for the veterans and plenty of meat and an abundance of new cars and of course the newspapers would have all the paper they needed—also that prices would level off?

Hans Christian Anderson isn't the only one who could make up fairy tales.

At the recent Palo Pinto County old settlers' reunion, I met Sam Savage who, when a boy, was carried off by the Indians and lived with them about a year before being freed.

Also at the reunion was Gib Abernathy, veteran peace officer. One day, while I was a reporter on the Fort Worth Star-Telegram and Abernathy was a Texas Ranger, he walked into the office and asked for me. Told it would be several hours before I reported for duty, he declined all efforts

to get him to talk but just said, "Tell Boyce to get in touch with me." I did—and obtained a "scoop," in fact a double one. A hermit who lived in a tent had been murdered and Gib not only told me about that but he also had the slayer under arrest—quick cleanup of a mystery.

It's time that some of the old sayings which are foolish were exposed—for example, "What you don't know won't hurt you." It ain't so. If there was a fire and you grabbed up a bucket to throw the contents on the flames, you not knowing that it contained gasoline, would there be an explosion? If a gun was loaded and you didn't know it and you pointed it at yourself and pulled the trigger, would it hurt you? All you have to do is read the papers and you'll see what "unloaded" guns do. The truth is pretty much the opposite of the old saying—when you know, you are on your guard against danger. Pre-

### A SURE THING

THE MOST uncertain thing in a farmer's world is the weather. The second greatest hazard is his income from year to year since it depends on the weather and on prices for his products. Both uncertainties have so far been unsolvable, but there is a way for the farmer to weather the storms of both the weather and the dirth of income: Wise investment during the fat years in U. S. Savings Bonds.

This year while farm incomes are the highest in history in most instances, is the year of years that the farmer should invest his surplus income. U. S. Savings Bonds offer him the safest investment in the world's history and at the same time insure him of a fair return for his invested money.

Land values may go up or down. Food prices, now at the highest level in history, should by all means start a downward trend soon, so expansion is a dire risk at present. The export market, which directly affects every American farmer, is also uncertain and is a considerable risk for future markets.

On the other hand, there is no safer investment in the world today than U. S. Savings Bonds. By regular investment in them the farmer builds a financial reserve that he can use in emergencies at any time, never receiving less than he invests. If the reserve is never needed and left to accumulate interest, the farmer receives four dollars for every three at the end of ten years. For instance, \$3750 invested this year will bring back \$5000 in 1957.

History has repeated itself since the first recorded pages. It is certain to do so again. Our soundest advice to the farmer during his lush years is to prepare for the lean ones by investing a minimum of 10 per cent of his income in U. S. Savings Bonds now.

## TALK

BY LESTER

Ernest Erwin told me this fish story a couple of weeks ago, and I'm just now getting around to repeating it. As many of you probably know, the stockholders are draining Sand Spar Lake near McLean, in an effort to get it cleaned out good. Well, one day recently, a man from Borger, who is a member of the Sand Spar club, was at the lake and saw a bass lying in some of the shallow water. After considerable effort he managed to catch the fish (with his hands of course), and took it to his cabin to prepare for eating. He had cleaned one side of the fish when he turned it over, and saw, much to his surprise, the remains of a small water snake sticking out of the fish's mouth. That was all—the didn't eat the fish.

Ernest tells it for the truth—and said he actually saw the fish.

A couple of weeks ago, in this column I wrote a long and almost senseless exposition on the subject of fire. I concluded the somewhat unnecessary article with the remark that if you had read this far, you had probably spent five minutes of your time to no good purpose. So far I know of only one person who wasted that: Mattie Graham—she told me she did.

The President of our nation has set forth a plan to save food, food which is intended for the people who are reported to be starving in Europe. There are two sides to the question. One is the humanitarian side, and the other is the side on which is placed the man who feels that the people over there should be able to make out for themselves, since it is more than two years

after the close of the war in Europe. It should be pointed out that a very severe drought in France and one or two of the other countries has cut production of grain and other foodstuffs considerably. It is probably quite true that many people over there are hungry, and will remain hungry for some time to come. Is it our duty to send them that food; is it our responsibility, in our time of abundance to come to their rescue? It is a good question for debate. As a humanitarian would say, we should do it. On the other hand, will we make friends or enemies? Will we cultivate a group of parasites who will look to us always in the future? Will we make friends who will stand by us in the future, or will those people forget as soon as their stomachs are full? As a veteran, I did not go to Europe, but spent my time overseas in the Pacific. I didn't go ashore a great deal, since I was in the Navy, but I did see quite a number of Chinese, Koreans, and Japs. In China, our supply officer, on the ship to which I was assigned, went ashore in China (where people are supposed to live so lowly and starve most of their lives), and with the Yankee dollar he bought some excellent beef (all he wanted) from the Chinese. I don't want to see people starve, but I have absolutely no sympathy for the Chinese, the Koreans, or the Japanese, as far as their stomachs

are concerned. To be perfectly frank about it, I can't figure out what is the best thing for our nation to do. The President has not asked for a great sacrifice, for I could easily do without meat one day a week, and eggs and poultry another. So could all of you. But whether we should do it for the reason asked is another thing. I thought about it a lot during the past week, and I have come to no conclusion. If any of you have any thoughts on the matter, write them down on paper, sign your name, and we'll be glad to publish them. Let's see what the consensus of opinion is on the matter.

If you had thought I was going to write this entire column and not mention football, you were wrong. I was disappointed, in a way, in the Tigers in the Groom game. I wasn't disappointed with the score, 35 to 0 was plenty, but in the way the first stringers played at the beginning of the second half. The teamwork which has been so well defined in the Memphis game was missing all of a sudden. There was a definite let-up. There is no sense in running up a huge score just because it can be done, but there is no sense, either, in playing hap-hazardly just because we were ahead and just because there was little danger in losing the game. It seemed to me that the game offered an excellent opportunity to work on certain defects. As for the coaches, I would like to criticize them for

one thing. We knew we were going to win the game, and I sincerely believe every extra point attempt should have been a kick. The line plunges are all right, but when we get up against a strong line, such as Shamrock, Wellington, and Lefors have, then the plunges won't be such certain- ties, and we'll have to kick. Th-

Groom game afforded an excellent opportunity for trying those kicks under a strain. Yes, we got the game okay, by a very good margin, but I wasn't the only one who was disappointed in the showing. Even some of the players were disappointed. Or at least they seemed to be—weren't you, Dick Andrews?

COTTON ED says.....

### Foldin Money Don't have to be Printed In Your Barn 'Fore It'll Buy Grub

Told ye last time I wuz a goin' to fetch ye a few facts I learned bout cotton classin'. Everybody agrees thet hog-round cotton buyin' taint fair an equal. If'n your cotton is better'n mine ye ort to git more fer it than I do. Course ye want to know its classed right... an like I said... I been lookin into thet.

Found out thet classin' is done by gov'mint men thet's fair an honest an our gov'mint guarantees each feller his correct class... an thet's good nough fer me. Found out the ginner puts up a thousand dollar bond a guaranteein' your cotton is sampled right... an its your own grade your a gittin' back. This year fer the first time the gov'mint is makin, a difference in light an heavy spots, an bright an dull cotton... an thet makes this gov'mint classin plum perfect fer us farmers.

If'n one of them classin offices wuz right here the samples would be took into it by a gov'mint feller an us farmers'd never see the classer ner him see us. The idea is they class the cotton an not the man... Don't make no difference how goodlookin you air, ner how good a talker you air... It's the value of the cotton they look at... Used to wish they had one here... 'fore I found out regardless of what they air, know it's buy grub. Sides thet... the gov'mint is a footin the bill fer this an it's all free to us an they jes won't set up a lot a them offices they don't need.

Yet sir... Us farmers shore ort to appreciate this gov'mint classin... it helps us to help ourselves.

Sincerely,

"Friendly As Cotton"

## Frances Sitter, Rev. Karl Ernst Wed in Pampa

Miss Frances Sitter, daughter of Mr. and Mrs. E. L. Sitter of McLean, and Rev. Karl J. Ernst, son of Mr. and Mrs. Karl J. Ernst of Plymouth, Wis., were united in marriage Tuesday, October 14.

Vows were exchanged at 4 o'clock in the chapel of the First Presbyterian Church of Pampa, with Dr. Douglas Nelson, pastor, officiating for the single-ring ceremony. The couple's only attendants were Mr. and Mrs. Bill Stockstill of Pampa.

Mrs. Ernst graduated from McLean High School, attended two years at Texas Tech in Lubbock and graduated from Oklahoma University in Norman. She was a member of Alpha Chi Omega and received her degree in fine arts. Mrs. Ernst also studied voice under Samuel Margolis of New York City, and Mrs. LoRean Hodapp of Princeton, N. J.

Rev. Ernst attended Mission House College and Seminary in Plymouth, Wis., and Princeton Theological Seminary. He served four years in the navy as a chaplain, and attended chaplain school at Williamsburg, Pa. He received his degree of master of theology from Princeton Theological Seminary in May of 1947.

After the ceremony the couple left on a wedding trip to New Mexico and Colorado. They will make their home in McLean where Rev. Ernst is pastor of the local Presbyterian Church.

## Ladies Auxiliary Meets at Church For Bible Lesson

The Ladies Auxiliary of the First Presbyterian Church met Tuesday for a Bible lesson. The meeting opened with the Lord's Prayer in unison. Mrs. Arthur Erwin gave the prayer for the missionaries.

Mrs. C. E. Cook, president, requested that each member bring a cash and food donation for the children's home in Amarillo to the next meeting, October 21.

Mrs. J. P. Alexander was the leader of the Bible lesson on Matthew 1 and 2. The meeting was closed with the Mizpah benediction.

Members attending were Mesdames Mattie Graham, H. E. Franks, F. H. Bourland, J. P. Alexander, Troy Corbin, John B. Rice, Arthur Erwin, J. B. Hembree, Jess Kemp, Enloe Crisp, C. E. Cortis, C. O. Goodman, and C. E. Cooke.

## Instruction Given By Visitors at Baptist Church

An all-day meeting and luncheon was held Tuesday, October 14, for the North Fork Association of Baptist women at the McLean Baptist Church for a school of instruction.

Mrs. W. D. Howell of McKinney, who is the state W. M. U. executive secretary, was in charge of the school. The devotional was given by Mrs. Ben Cheek of Lefors, and the introduction of visitors was made by Mrs. Stanle Keys of Perryton, W. M. U. president of District 10. Mrs. Claud Nichols of Lefors, associational president, was in charge of the meeting.

Miss Lena Lair, who was a missionary in Nigeria, Africa, for 12 years, gave an interesting and instructional address, and the local president, Mrs. Homer Abbott, made announcements.

## Tigers Seek—

(Continued from page 1)  
 outfit, and although the Tigers easily defeated the B team, there was a definite let-up in the McLean drive during the game.

Fans who really want to get mixed up in comparing the two teams, McLean and Clarendon, may use this reasoning. Clarendon beat Lakeview 32-0, Memphis beat Lakeview 68-0, and McLean beat Memphis 26-14. Then Memphis should be 36 points better than Clarendon, and McLean 12 points better than Memphis, which would make McLean 48 points better than Clarendon. (Editor's Note: But don't bet on that!)

## Tiger Field Gets New Scoreboard

A new scoreboard is being erected at Tiger Field. It was announced this week.

The scoreboard, to be 12 feet in height and of sufficient size to be clearly visible from all parts of the stadium, is being built by J. M. Payne, who is doing the work free. Material was donated by the Cicero Smith Lumber company.

## Band to Attend WTSC Festivities

The McLean High School band will leave at 8 o'clock Saturday morning for Canyon to participate in the festivities planned on West Texas State College's homecoming day, F. M. Sponseller, band director, said this week.

The band will participate in a parade at 11 o'clock and be treated to a barbecue lunch. In the afternoon, band members will attend the football game between WTSC and Hardin College of Wichita Falls.

## Teacher Attends Homemaking Meet

Mrs. J. D. Coleman, homemaking teacher in the McLean High School, attended the annual fall conference of homemaking teachers of Area 1 in Canyon Saturday of last week.

Discussion centered on the question of putting home economics on a 12-month basis, with the homemaking teacher working with groups other than the home-making girls. This would include newly-married women, older women, and even boys, if the demand were sufficient.

Attending the area meeting were teachers from 35 counties in the Panhandle area.

Mr. and Mrs. Ruel Smith and son Cary Don visited over the week-end in Denver, Colo., with their daughter and sister, Glenda Joyce, who is attending school at Colorado Woman's College. Mrs. Smith and Cary Don remained in Denver for a longer visit.

## Tigers Take—

(Continued from front page)  
 the ball to the 30. At that point Sanders sent the first string back in, and on the first play, Griffith tore through the line and raced 30 yards for the fourth touchdown. Haynes went through the line for the extra point to make the score 28 to 0.

Later in the final quarter, McLean took over on their own 28. A penalty against Groom netted the Tigers 15 yards to place the ball on the McLean 43. Haynes then ran to the Groom 43, and again Griffith took charge, went through the line and raced 47 yards for the final tally. Alvin Shelton came in to successfully kick the extra point to give the McLean team a 35 to 0 lead. McLean kicked off to Groom, who returned the ball to their own 28 as the game ended.

Mrs. J. L. Allison of Clarendon is visiting this week with her son, Clifford Allison and family.

Lester Dysart and Gail Plummer made a business trip to Oklahoma City Monday.
