Commissioners Visit, Discuss Rights-of-Way

Members of the Gray County commissioners court met with city commissioners, members of the school board and several other business men of McLean Tuesday morning to discuss the rights-of-way for the widening of Highway 63 through the city, but no definite decision as to the manner in which the rights-of-way will be secured was determined at the meeting.

The contract which must be made with the state highway department before the rights-of-way are bought was received several weeks ago by the county commissioners, but as yet that contract has not been signed, Judge Sherman White explained.

The question of who is to pay for the rights-of-way through McLean—the county or the city—is not determined. Judge White said Commissioner Wade Thomason (Precinct No. 2, Pampa) stated that they felt that the city of Pampa bought the rights-of-way for State Highway 63 through Pampa, then McLean should pay for the same through the city for Highway 66. The Highway 18 question is still pending, just as is the Highway 66 matter.

In work with the commissioners to make a survey immediately of the cost of the rights-of-way through the city, a committee was appointed by Mayor Harris King. The committee is composed of J. Smith, J. Lester Dysart, Boyd Emory Crockett, and John Meyer.

During the meeting, possible ways of re-routing the highway through the west edge of town were discussed, but those who had talked with the highway engineer felt that the engineers would now be unwilling to make any changes in the routing.

It was made rather definite in the meeting that some of the commissioners are not desirous of paying the rights-of-way through the city of McLean with county money. A bond issue, voted in 1941 and never used, may be used to buy the rights-of-way, but only with the approval of the commissioners court.

After Judge White and Commissioner Thomason made the statements that they believed that McLean should pay for the rights-of-way through McLean if Pampa bought their own rights-of-way for Pampa, it was suggested that the county buy both rights-of-way. Thomason stated that it had been assumed until recently that Pampa would buy the rights-of-way for Highway 63, but that since the Highway 66 deal had come up a number of Highway 18 workers had begun to want the county to buy that property and settle for the damages.

Highest cost for rights-of-way through McLean will be the stretch through the grade school grounds. Under the present survey, the stadium at the football field will have to be moved north, and this cost is expected to be comparatively high.

Grocery Stores To Remain Closed Tuesday, Nov. 11

The three grocery stores in McLean—Puckett's Grocery and Market, Cooper's Foods, and the McLean Food Store—will be closed all day Tuesday, November 11, the grocers said Wednesday.

A number of other stores in town are expected to follow suit and remain closed throughout the day. No general survey of the stores closing was made, however.

Rev. E. J. Cobb To Speak Here At High School

Rev. E. J. Cobb of Lockney, a former resident of McLean who is now one of the outstanding lecturers of the area, will appear in a program, free to the public, tonight at 7:30 o'clock in the McLean High School auditorium.

Rev. Cobb is being brought to McLean by the junior class to show the appreciation of that group for the help given them in the recent Harvest Queen contest. Miss LaWanda Shadid, junior candidate for the honor, was elected by a large majority in the contest which closed last Thursday with the Halloween Carnival.

The lecturer is the son of Mrs. S. A. Cobb and a brother of Mrs. R. L. Appling, both of McLean. He attended the schools here, and is now pastor of the First Baptist Church of Lockney.

Noted for his speaking ability, Rev. Cobb usually devotes a part of his talks on some children's story, such as "Little Red Riding Hood," making it humorous and enjoyable to all ages. In addition to giving one of his humorous stories, Rev. Cobb will tell the story of Ruth from the Holy Bible.

The program will also include a solo sung by Mrs. Karl Ernst, and piano playing by Miss Shadid.

Cooperative Hospital Directors Call Public Meeting for Tuesday

A meeting of all members of the proposed McLean community hospital, and open to the public, has been called by the board of directors for next Tuesday night at 7:30 o'clock in the McLean High School auditorium.

The meeting is open to the public, and everyone is urged to attend, the directors stated. The meeting was called following the announcement that the city is moving the building, which was bought at the POW camp several months ago, to town, and work on the proposed site started this week. The building will be moved into town and set upon a foundation in the southwest corner of the east section of the city park.

Directors have called the meeting to determine "once and for all" whether the members, and the public in general, want to continue with the hospital project. They stated that they realize the hospital issue has been long

McLean to Meet Shamrock Irish In Annual Grudge Football Tilt

HIGHLIGHTING the annual Hallow'e'en Carnival of the McLean schools was the coronation of Harvest Queen LaWanda Shadid. The above picture was made immediately after John Griffith had placed the crown on Miss Shadid's head. Pictured, left to right, are Scotty McDonald and Maudie Trout, senior candidate; Lou Ann Graham, crown bearer; Miss Shadid, winning junior candidate; Jimmy Allison, who escorted Lou Ann; John Griffith, Miss Shadid's escort; Cliff Callahan and Lynna Mantooth, sophomore candidate; and B. W. Duncan, who escorted LaJune Chilton, grade school princess, who is not shown in the picture. In addition to Miss Chilton, others who were on the stage but not caught by the photographer were Hershel Nicholson and Mary Ruth Holloway, freshman candidate.

FHA Members At Lions Meet

Several members of the local chapter of the Future Homemakers of America appeared on the program at the regular meeting of the McLean Lions Club Tuesday.

The F. H. A. members, as part of their observance of the national F. H. A. week, spoke on the history of the organization, its formation, symbol, colors, and motto. They were accompanied to the meeting by Mrs. Dee Coleman, homemaking teacher of McLean High School.

In addition, a representative of the national tuberculosis association was present, and spoke briefly on the work of that organization. Guests at the meeting included the members of the Gray County commissioners court, who were in McLean Tuesday morning to meet with the city council and the school board in regard to rights-of-way for the widening of Highway 66.

Blaylocks Owners Of Ruth's Cafe

Jack and Leroy Blaylock have announced the purchase of Ruth's Cafe from Ruth Wood. The new owners have already taken over management.

In the future, the cafe, located in the building between the McLean Auto Supply and Consumers Supply on Highway 66, will feature both steaks and lunches, the new owners stated. New name of the business will be the B. and B. Cafe.

The McLean High School library

was exactly \$341.40 better off, and the junior class had overwhelmingly elected their candidate, Miss LaWanda Shadid, as Harvest Queen, as a result of the month of fund-raising activities put on by students of McLean.

The announcement of the outcome of the queen's race was made at the annual Hallow'e'en Carnival, held last Thursday night in the grade school gym. The carnival, which featured booths from most of the classes of the school system, was attended by a large crowd, and the spectators jammed the gym to such an extent that moving around was done only with difficulty. It was reported as the largest crowd ever to attended one of the carnivals.

The junior class, in electing Miss Shadid as the queen, raised a total of \$1,005.01 in various money-raising schemes. Receipts of other high school classes brought the total amount raised to \$1,366.92, with the sophomore class coming in second.

In the grade school princess race, won by LaJune Chilton of the 7th grade, a total of \$165.91 was raised, all of which will be used in buying books for the grade school library. In the high school race, one-fourth of the money raised was given to the library, and the classes retain the remainder for their own activities.

Highlighting the carnival activities was the coronation of Miss Shadid as Harvest Queen. The coronation ceremonies started off with a blare of trumpets, the trumpeters being Bandmaster Fred Sponseller, Benny Cooper, and Clyde Mounce.

Entering first were Miss Chilton, the grade school princess, and her escort, B. W. Duncan; senior princess, Maudie Trout, and her escort, Scotty McDonald; freshman princess, Mary Ruth Holloway, and her escort, Hershel Nicholson; and sophomore princess, Lynna Mantooth, and her escort, Cliff Callahan.

Another blare of the trumpet preceded the entry of the crown bearer, little Miss Lou Ann Graham, escorted by Jimmy Allison. Then the queen, Miss Shadid, escorted by John Griffith, entered, proceeded to the throne, where the crown was placed upon her head by Griffith.

The queen's race found the students attempting many things in an effort to raise money, but apparently the juniors, sponsored by Mrs. Jim Beck and A. D. (Continued on back page)

Chilly Weather Reigns in Area

Chilly weather prevailed through the past week, although no general frost had come by Wednesday morning.

The temperatures at night hovered near the frost point, and it is possible that some frost could be found in low places in the area either Monday or Tuesday night.

A light sprinkle of rainfall fell Monday night, beginning at about 7 o'clock, but the accompanying lightning and thunder failed to produce any sizeable amount of moisture.

Most of the mornings during the past week have been cool, although the afternoons have been fairly pleasant due to the sunshine.

Hunters who made it out to start off the duck season Tuesday afternoon found the waiting not too unpleasant, since the sun was out in full bloom.

Lowary to Teach Drivers First Aid

Visiting Team Favored Over Tiger Gridmen

Tigers vs. Irish!

That's practically the whole story as far as Friday night is concerned, for that is the date of the game between the McLean Tigers and the Shamrock Irish. The game will be held on Tiger Field, with the kick-off at 8 o'clock.

Superintendent Lagan Cummings this week asked all spectators to refrain from going onto the playing field space (inside the fence), and also to remain off the benches in front of each of the two stands. These benches, he emphasized, are only for the players, officials, and others connected directly with the playing of the game.

Once again this year, the Tigers will be the underdogs. But the Shamrock game is always the "game of the year" to the local gridsters, and the Irish know that.

The green-clad lads have an enviable record this season, having dropped only one game in seven. That one loss was to the powerful, unbeaten Perryton Rangers by a 20 to 0 score, and those who saw the game say that the Rangers won only because of seven Irish fumbles which were recovered by the Rangers.

The Tigers, on the other side of the slate, have won four and dropped three. The local gridsters got off to a slow start, losing to Class B Panhandle, and then whipped through four successive opponents, only to slack off the last two games with one-sided losses.

Practically all of the McLean men will be in good shape physically, barring practice injuries this week. Dick Andrews, regular tackle, re-injured his knee in the West Texas game last week-end, but the injury is not thought to be serious enough to keep him out of the game. John Griffith, Wes Langham, and Jimmy Don Morris, all on the injured list at one time or another in the past month, are also now physically okay.

Comparative scores would make the two teams about even. Shamrock downed Wheeler 56 to 0, McLean whipped the Mustangs 51 to 13. Shamrock defeated Memphis 26 to 0, McLean outclassed the Cyclone 26 to 14. On the basis of these two games, Shamrock has the edge, but Shamrock defeated Clarendon by 33 to 6, while McLean won over the same team 46 to 6, and would have made it even higher had it not been for fisticuffs interfering with the game.

Most fans, however, give Shamrock quite a margin in the coming game, particularly due to the two losses the Tigers have suffered in the last two tilts.

A large delegation from the neighboring town is expected to accompany the team. Four hundred reserved seat tickets were sold in Shamrock by the first of this week, and several hundred more were sent there Tuesday.

The Irish Say—

Special to The McLean News. SHAMROCK—Coach Scott McCall declares that with the exception of Right End Fletcher's ailing knee and the usual mid-season minor injuries scattered among his crew, the Irishmen will be in tip-top condition for their tilt with the unpredictable McLean Tigers Friday night.

West Texas Tramples Fumbling Tigers 25-6

Playing a sloppy game, with little emphasis on the fundamentals of football, the McLean Tigers dropped their third game of the season to the West Texas Training School Calves on Tiger Field last Friday night.

The smallest crowd of the season saw the Tigers score first, and then quit. The Calves evened the score in the first quarter, and then made one in the second period, one in the third, and one in the fourth, to walk away with a 25 to 6 victory to their credit. It was evident in the initial quarter that the Tigers had the

best team on the field, but something happened, they ceased clicking, and the game went to the visitors.

In the opening period, W. T. kicked off to McLean, but the Tigers lost the ball on their own 40-yard line when W. A. Bruner fumbled. The Calves, held for three downs, punted out on the 30.

From that point, the Tigers began a march which carried them to the W. T. 27. L. M. Watson picked up no gain on a running play, and then Bill Boston tossed a short pass to Aivis Shelton who

went to the 17.

Jimmy Newton came out of the line and carried to the 1, and Bruner went to the 11. Johnny Haynes made no gain. Boston then passed to Shelton, who tipped the ball, and Billy Eudey snared it and carried to the 4.

Haynes tried for no gain, and then Bruner plunged the ball over. Shelton missed the kick, and McLean led 6-0.

Still in the first quarter, W. T. lost the ball when they fumbled on the McLean 30. After three plays, Shelton punted to the W. T. 40, and Airhart drove back to

the McLean 24. Dodd went to the 17, Jackson to the 16, and then Jackson lost two to the 18. From that point, Airhart circled left and went over for the first W. T. marker. His kick was blocked and the score was tied 6-6.

In the second period, the Calves drove to the McLean 21, but lost the ball there on downs. From there, Boston lost to the 19, and then attempted a short pass. The toss was intercepted by Lehnick, who caught it on the 20 and went to the 19. Airhart then carried to the 13, and Jackson

Calves Win—

circled right end on the next play to make the score 12-6. Lehnick attempted a plunge for the extra point, but missed, and the score stood at 12-6. The half ended shortly after.

In the third quarter, Griffith returned the kick-off to the McLean 30. On the next play, W. T. recovered a Tiger fumble, and took over on the Tiger 30. Jackson went to the 17, Airhart to the 8, and Dodd to the 5. Airhart then went to the 3, and then to the 1, but a penalty against the Calves set the ball back to the 7. From there Airhart went to the 6, Jackson to the 1, and then Airhart went around left end and over. Jackson

circled right end for the extra point to make it 19-6.

In the final period, the Tigers worked the ball to the three-yard line, but lost the ball on a fumble. From there the Calves started down field again, but were forced to punt out on the W. T. 35. The Tigers lost the ball on downs on the W. T. 31, and four plays later, the Calves had the ball on the Tiger 39. Airhart went through left tackle, made an excellent run for the distance and the last score of the game. Dodd's attempt to plunge the ball over failed, and the score was 25-6.

The Calves kicked off to the Tigers, and then recovered a Tiger fumble on the McLean 28. Jackson carried to the 25, and Airhart to the 4. Dodd made no gain, as the gun sounded to end the game.

In the first down department, the Tigers made 11 to 14 for the Calves.

Mrs. L. E. Cunningham returned last week from Clovis, N. M., where she had been visiting in the home of her brother, Claude M. Simmons.

Mr. and Mrs. Dewey Hendrick of Clarendon are visiting this week with Mrs. Hendrick's parents, Mr. and Mrs. Luther Pittman.

Upon what little things, great achievements sometimes depend. Many years ago, there came to the mining rush town of Virginia City, the most famous humorist of the day—Artemus Ward. After the lecture that night, Ward and several newspaper men did a little celebrating which climaxed with Ward and a young and obscure reporter walking over the rooftops in the business district. They were almost fired upon as burglars. The reporter was Mark Twain.

Did you ever hear the "rebel yell?" I. Hardin, secretary of the Kentucky Historical Society, wrote your columnist, asking for assistance in preserving the battle-cry of the Confederacy for posterity. . . . The distinction of being the youngest member of a chamber of commerce goes to Vanessa Sharyl Bryan one day old. Her father, Vance Bryan, a former Texan, is owner of the luxurious Jack Tar Courts in Hot Springs, Ark. . . . Neal Estes, Carthage editor, stops his car at all railroad crossings. He said that once he drove across soon after a train had passed and his brother, an attorney, remarked, "It's true that one train went by just a little bit ago, but the railroad owns the line and it reserves the right to run a train every minute."

And that reminds me of the story of the young ranchman who was strolling along with a pretty girl when they saw a calf on one side of a fence thrust its head through the fence and rub its nose against its mother's face, in the adjoining pasture. The rancher sighed romantically and said, "I wish I could do that." The girl said, "Well, why don't you? It's your cow, isn't it?"

Man has conquered the sea and the air; he has harvested the lightning and compelled it to work for him. Who shall say that he cannot evolve a means of bringing lasting peace to a world whose people want peace.

WHAT TO EXPECT

A BATTLE over state spending is shaping up as the biggest problem that will confront the next Legislature when it convenes in January, 1949, according to the Texas Research Institute.

The legislature will either have to cut expenditures or levy additional taxes, declares a report issued this week by the institute, a statistical agency sponsored by the South Texas chamber of commerce.

"The state government is taking in more money than ever before," says the report. "But it also is spending far more than ever before. The last legislature appropriated all the money certified by the comptroller as available, including an accumulated surplus of \$52,000,000. A much smaller surplus will be available when the next legislature convenes. The difference will have to be raised by more taxes unless the lawmakers reduce expenditures."

State government cost is increased 34 per cent in the fiscal year ended last August 31 over the preceding fiscal period to reach a total of \$319,988,101, the institute reported. It was the biggest year-to-year gain in history.

"This expenditure will be overshadowed, however, by the anticipated expenditure of more than \$450,000,000 for each year of the present biennium," the report added. "Demands for still more spending may be expected in the next legislature. Higher taxes will be difficult to avoid unless Texans alarmed by the prospect make their voices heard between now and January, 1949."

LES

TALK

BY LESTER

It is my honest belief that, win or lose, if the Tigers play a good game, they should be complimented.

It is also my belief that, win or lose, if they don't play a good game, there is no reason for telling them they did.

In the game last Friday night with the West Texas Training School Calves, the Tigers lost when they should have won. In other words it is again my belief that they played as a whole their worst game of the season. It was again my opinion, one of the worst exhibitions of football on the part of the Tigers that I have ever seen.

The Tigers had the best team on the field. That was evident in the opening minutes of the game. But the play was sloppy.

There was an apparent lack of blocking. Backfield players, you know, are not always born. They have to be made, and the group which makes them is the line. The Tiger line did not make any backfield stars last Friday night.

In addition to a lack of blocking, there was a lack of tackling. We fans saw the Tigers miss excellent tackling opportunities time and time again. I'll grant that a couple of the W. T. runners were big boys, but they were not too evasive—they could have been tackled. Many of the W. T. runs were made from the long punt formation, and on very, very few occasions was the runner ever caught behind the line of scrimmage. The tacklers simply did not tackle.

I could point out a number of the individual players who I thought played the worst for the Tigers. But I can see little good that will do.

If the Tigers play anything like

they did last Friday night in the game this week with the Shamrock Irish, we'll get downed by a terrific score. If, however, they click as a team as they did against Memphis and Clarendon, we can win.

When we met Wellington a couple of weeks ago, I predicted the Tigers would upset them, and I really thought the chances were excellent. The 38 to 0 score thoroughly upset my prediction. This week I will predict the Irish to take the Tigers by at least four touchdowns. Maybe I will miss again. I hope.

This week we are beginning a campaign for new subscribers. Since we took over the management one year ago, our subscription list has nearly doubled. But we want more new subscribers.

We are offering to sell a year's subscription to new subscribers for only \$1.50. We cannot make this reduced offer to readers who renew their subscriptions, nor to readers outside the area composed of Gray and surrounding counties.

The reason why we cannot take renewals at the reduced rate is because our production costs are much, much higher than they were before the war, when most papers conducted a reduced-rate subscription campaign. Newsprint costs are doubled, salaries are up, and in fact, everything we have to buy to put-out the paper is up. So we do not feel that we

can take renewals at a lower than regular price.

But we do need a few more new subscribers for the simple reason that the more readers we have the more value advertising is to our advertisers. Most of our revenue is from advertising—not from the sale of subscriptions. The money we get for subscriptions will barely pay for our annual newsprint supply.

We are sending out sample copies to everybody in McLean and on the routes out of here, and some out of other towns. In other words, the coverage will blanket the area this week, and the following three weeks.

Which, incidentally, makes it an excellent opportunity for advertisers to really reach the reading public in the trade area.

Back to football. The crowd at the W. T. game was very small, in comparison to the Wellington crowd. The attendance at the Shamrock game should be heavy again.

By the way, Tigers, I am not selling you short but I do feel that you will agree that last week's play was poor. I am hoping that you were playing the Shamrock game a week ahead of time. It really didn't matter whether you won the game last week, but what does matter is the way you played.

Education has for its object the formation of character.

about Adequate Wiring

Maybe you feel that the wiring in your home is your husband's affair. If you do, you're badly mistaken. For, without adequate wiring you are unable to enjoy the many conveniences and luxuries that all of the new modern appliances and low cost electric service have made available.

And so, that's why we say a "word to the wives" about adequate wiring is important. Call or write your nearest Public Service Company office for free survey.

Adequate Wiring MEANS:

1. ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.
2. LARGE ENOUGH WIRE for serving your present and future needs.
3. ENOUGH OUTLETS AND SWITCHES for convenient living.

We have nothing to sell but good electric service.

We can pay you a Good Trade-in Price on a Fine NEW Tire

The last 3 or 4 thousand miles you may get out of a smooth tire are mighty expensive miles—far more expensive to you than any other miles in the tire.

You see, even though your tire is wearing smooth, if the body is sound we can right now pay you a very good trade-in value on a new tire.

But if you drive it longer, you may bruise it or have a blow-out—or wear it down so far it cannot be re-capped. In either case, it will then bring you only a *JUNK* price.

You will be several dollars ahead if you bring that tire in to us while we can still pay you a substantial trade-in value for it. You will also have the pleasure—and the safety—of driving on a fine new tire. Why not let us bid on your worn tires—TODAY!

Tigers Drop Out Of Top Grid Ten In Weekly Rating

The McLean Tigers losing 25-6 to the West Texas Training School Calves, dropped out of the first ten teams in Region 1 in the rankings made weekly by Frank A. Godsoe Jr. of the Amarillo News.

It was the first week since the McLean-Memphis game that the Tigers did not make the select group. Following that game, the local gridsters were rated 8th, then advanced to 7th, then to 5th, then back to 7th, and this week out of the first ten.

Godsoe, in his weekly article accompanying his selections, explained that the Tigers stand a good chance of advancing back into the first ten, depending on their showings in the remaining games.

The first ten this week are, in order, as follows: Phillips Perryton, Wellington Shamrock, White Deer, Lefors, Canyon, Lockney, Spur, and Dimmitt.

The Irish—

(Continued from page 1)

hold the season's record as the highest scoring team in Region 1. With only 39 points scored against them, the Shamrock crew rates number three as a defensive club.

The locals will be the favorites against the Tiger eleven that club having been bounced from seventh place in the top 10 listings last Friday night when the West Texas State Calves of Canyon knocked them off, 25-6, in an up-set game played in McLean.

But Coaches McCall and Kenneth Glasgow aren't overlooking the fact that the Tigers are dangerous and are capable of pulling an upset against the best team on their schedule. They proved their ability with the thorough, 46 to 6, trouncing they handed the Clarendon Bronchos three weeks ago and their upset victory over the Memphis Cyclone earlier in the season.

The Shamrock mentors are attempting this week to eliminate the cause of the staggering number of penalties the Irishmen have been assessed in recent tilts. They drew 13 penalties for a total of 135 yards in their comparatively easy game with the Clarendon eleven last Friday night.

Down field blocking is also being stressed in the daily drills.

Perhaps for the first time this season, the green and white clad lads will be outweighed when they face the Tigers—and a slight difference it will be. The probable starting line-ups, as announced by the coaches early this week, reveals that the McLean club will outweigh the Irish three pounds. The 11 Tiger gridmen tip the scales for a total of 1,824 pounds. The total Irish poundage pushes the scales around to 1,821 pounds.

Captain Bob Lie, 157 pounds, earning his third letter this year, will be at fullback position; Eural Ramsey, 160 pounds, will work at quarterback post; and Bobby Close, 160-pounder, will be at the right halfback spot. Both are lettering for the fourth year. A newcomer, up from the junior high ranks, Oliver McLemore, 150 pounds, will be at left halfback position.

Officials will be Charley Duval, Canyon, referee; Tom Gilley, Amarillo, head lineman; Bill Teal, Amarillo, umpire; and E. R. Cleavinger, Canyon, field judge.

Bag limit is four ducks a day, and a two-day possession. Hunting with a rifle is, of course, forbidden.

Incidentally, the duck season is split this year, with the second half coming in December, from the 16th to the 19th.
