## McLean-Canadian Grid Tilt Changed To Thursday Night

The football game between the McLean Tigers and the Canadian Wildcats, originally scheduled for Friday night, November 21, will be played instead on Thursday night, November 20, Coach Larry Sanders announced this week.

The game will begin at 7:30 o'clock, in place of the 8 o'clock time of other home games. Sanders said.

## James Glass Killed in Crash Near Lefors

James Lee Glass of McLean, 31 years of age, was seriously injured early Friday morning when the car in which he was riding collided with another on State Highway 73 about one mile northwest of Lefors, according to a story appearing in the Sunday issue of the Pampa News.

Also injured was Mary Chesler of Pampa, 20 years of age.

State highway patrolmen who investigated stated that Glass was taken to the Worley hospital and given emergency treatment. The cause of the crash was believed to be that the driver of the Chevrolet car was attempting to pass the coupe driven by Glass when the latter was going toward Lefors.

Both cars were badly damaged. Patrolmen estimated the damage to the Williams car was about \$600, and to the one driven by Glass about \$900.

## BIRTHDAYS

- Nov. 16—C. M. Carpenter, Mrs. Nellie Rice.
- Nov. 17—Mrs. George Colebank, Dr. H. W. Finley, Odell Dye, Mrs. Foster Burgin, Mrs. O. V. Emma, Leonard Roach.
- Nov. 18—Dale Glass, Don Lloyd Smith, Rodney Gunn, Mrs. Kid McCoy.
- Nov. 19—Odes Shelton, Holly Ann Hunt, Mrs. Bryan Burrows.
- Nov. 20—Dorothy Matthews, Perry Carruth, Thomas Bert Dyer, W. F. McDonald, Charles Finley, Thurman Adkins Jr.
- Nov. 22—David King Crockett, Mrs. Charlie Kimbell, Thelma Ely Kimbell.

## Tigers, Pirates Play At Lefors Tomorrow

The McLean Tigers will play their last District 3-A game of the season (and only one more game will remain on the schedule after that—a home game with the Canadian Wildcats), when they journey to Lefors to meet the powerful Pirates Friday night.

Tickets for reserved seats are on sale at the office of George Colebank, school business manager, in the City Hall. The tickets, 25 cents each, are scarce, and general admission must be paid by holders of the tickets at the gate at Lefors. A total of 300 tickets were sold to McLean and placed on Monday.

The game at Lefors will start at 7:30 o'clock instead of at 8, as have games in the past. Superintendent Logan Cummings said. The reserved seat tickets state 8 o'clock as game time, but it was emphasized the game will start 30 minutes earlier, at 7:30.

The Pirates will go into the game as favorites, but will not be favored as heavily as Shamrock was over the Tigers a week ago. In view of their upset victory over the Wellington Rockets, however, the Pirates will be given the nod by most fans.

A Wellington victory over Shamrock, and a Lefors victory over McLean will throw the District 3-A race into a three-way tie, and for that reason the Pirates will be fighting for a tie, they are worth. The Tigers, however, always want to down the Pirates, and will see revenge for the slashing handed them last season by the Lefors eleven.

Highlighting the Lefors team is the small but speedy Harold Sims who runs and passes Sims was the outstanding star of the game last year when the Pirates whipped the Tigers.

Thus far, the Pirates have lost two games this season, and tied one. They downed Canadian 21-0, Clarendon 20-9, Wheeler 31-8, Memphis 20-2, and Wellington 19-0. (Continued on back page)

## Contract to Buy Rights-of-Way For '66' Signed

The Gray County commissioners court meeting Monday in Pampa, signed the agreement to buy the rights-of-way through the county for the widening of U. S. Highway 66, it was announced following the meeting.

No decision on whether the county will buy the right-of-way through McLean was reached, and the matter was not brought up at the Monday meeting it was reported. Some of the commissioners have not been in favor of the county buying this stretch through McLean since it had been thought that Pampa would buy the right-of-way for State Highway 18, when that road goes through that city.

Meeting with the commissioners were Ruel Smith, Boyd Meador, Logan Cummings and Lester I. Hart. A committee appointed last week by Mayor Harris King. The committee presented the court with a rough estimate on the cost of buying the right-of-way through the city of McLean.

The state highway department had sent the contract, by which the county agrees to procure the rights-of-way through the county to the commissioners several weeks ago. Signing of the contract has been held up, however, since some of the members of the court were not in favor of buying the entire stretch.

The next step will be made by the highway department, when that group sends the rights-of-way maps to the county. A contract, the county will sell bonds for the rights-of-way. It is estimated that issuance and sale of the bonds will require about two months. When the rights-of-way have all been cleared, a contract will be let by the highway department for the construction of the road bed, and when that is finished, another contract must be let for the paving part of the road construction.

It is estimated that more than \$100,000 will be needed to buy the rights-of-way through the entire county. Of this the local committee estimated that \$25,000 would be needed to buy the rights-of-way through McLean.

## Directors of Community Hospital Get 'Go Ahead' Signal in Meeting

### First Freeze—Not Mere Frost— Hits; Temperature Down to 20

## Church Women Community Day Program Held

With a program representing the response of American churchwomen to the needs of suffering children around the world, and the determination that never again will small children pay the price of war, the Council of Church Women of McLean met at the Methodist Church Tuesday evening of last week to observe World Community Day.

The goal of World Community Day is 500,000 boxes and bundles for children 6 to 12 years of age. The offering of money will go to the milk fund for school lunches. Mrs. S. R. Jones, president of the local council, expressed appreciation to the auxiliaries of church women, the young people's organizations, the schools of McLean, and the Alameda community and school for their cooperation. The Alameda community responded generously to the drive. Thirty-nine boxes and bundles were prepared, representing \$108 in value, and \$27.57 was sent to the milk fund.

The following program, arranged by Mrs. Frank Rodgers, program chairman, was presented at the meeting:

Prelude; song, "Onward Christian Soldiers"; song, "Help Somebody Today"; scripture, Mrs. Harris King; special, Mrs. Earl Erwin; prayer, Mrs. Laura Ryerly; song, "America"; message, "The World is My Community," Logan Cummings; offering; "Foreign Children"; songs by American children; dedication prayers, Mrs. Homer Abbott, Miss Leona Forbes, Rev. H. A. Longino; and benediction, Rev. Longino.

## Bill Carpenter Heads Legion

Bill Carpenter was named commander of the Andrew H. Floyd Post of the American Legion Tuesday night at the regular meeting of the Legion members. He succeeds Spencer Sitter, who recently resigned from the commander's office.

Carpenter has been serving as adjutant, and Raymond Glass was named to succeed him at that post.

The Legionnaires also voted to sponsor an entertainment night once each week for veterans. The entertainment will be open to all. (Continued on back page)

## Mrs. Cecil Dyer Killed in Crash

Mrs. Cecil Dyer, wife of Cecil Dyer, former McLean resident, was killed instantly Wednesday of last week when the car in which she and Dyer and their small son were riding was involved in a head-on collision near Las Vegas, Nev.

Dyer was seriously injured, but the last report received here indicated that he will recover unless something unforeseen develops. He and his son were taken to a hospital in Las Vegas for treatment.

Dyer, son of Mr. and Mrs. S. J. Dyer of McLean, formerly lived here, and he and his family were making their home in Pine Valley, Calif. He was formerly employed here by the Smith Bros. Refining company. Mrs. Dyer formerly lived in Pampa. It was reported here that funeral services for Mrs. Dyer were to be held Monday afternoon in Las Vegas.

The city of McLean bought the building at the POW camp from the War Assets Administration, expressly for the use of a hospital. The building was bought at a great discount by the city, and the city will move it to town and set it on the foundation. From that point, the hospital association is to take over control.

The cooperative hospital project was started in the spring of 1946, and has dragged along since that time. The association already has a charter, and when the building is equipped and a doctor employed the group will be ready for business.

## HOW THEY FARED

Last Week's Games:  
• Shamrock 13, \* McLean 12.  
• Lefors 19, \* Wellington 13.  
• Memphis 19, \* Clarendon 0.  
• Ama. Yann. 13 \* Wheeler 0.  
• District 3-A teams.

This Week's Games  
McLean at Lefors.  
Wellington at Shamrock.

## District 3-A Standings:

Team	W	L	T
Shamrock	5	0	0
Lefors	4	1	0
Wellington	3	1	0
McLean	2	2	0
Memphis	2	4	0
Clarendon	1	5	0
Wheeler	0	6	0

## Season's Standings:

Shamrock	7	1	0
Wellington	6	2	0
Lefors	5	2	1
McLean	5	4	0
Clarendon	4	5	0
Memphis	3	5	0
Wheeler	1	6	0

## Members Give Unanimous OK For Continuing

By a unanimous vote approximately 50 members of the proposed McLean community hospital gave the board of directors the "go ahead" signal to continue with the hospital project, although, as one man put it, "to go ahead a little faster than during the past."

The vote was taken at a meeting open to all members and to the public in general held Tuesday night in the McLean High School auditorium.

Following the taking of the vote, considerable discussion was held, with Bill Stubbs of Alameda, vice chairman of the board of directors, presiding. A number of questions were asked, and Frank Overturn of Amarillo, state secretary of the Farmers Union who has been a member of the Elk City cooperative hospital for a number of years, addressed the group briefly and pointed out some of the advantages of such a hospital to small communities.

The meeting was called by the board of directors to determine "once and for all" whether to continue with the project. Stubbs explained that the POW building, formerly used as the nurses' quarters at the camp was being moved to town for use by the hospital group, should the group choose to continue with the project, and that some decision had to be reached. Mayor Harris King, who was present at the meeting, said that the foundation should be completed for the building by Friday, and the building would probably be moved in and set on the foundation by next week-end.

The city of McLean bought the building at the POW camp from the War Assets Administration, expressly for the use of a hospital. The building was bought at a great discount by the city, and the city will move it to town and set it on the foundation. From that point, the hospital association is to take over control.

The cooperative hospital project was started in the spring of 1946, and has dragged along since that time. The association already has a charter, and when the building is equipped and a doctor employed the group will be ready for business.

Officials of the Elk City cooperative hospital which during its eight years of existence has met with considerable success, have promised their aid and cooperation in making the local association a success. Doctors there state they can aid the local group in obtaining a doctor for the hospital here and it is planned to have only one doctor at the beginning. Others will be added to the staff as necessary. The association now has 97 members actually signed up, and there are approximately 25 more who have signified their intentions of signing any time they are given the opportunity. It was explained at the meeting Tuesday (Continued on back page)

## All's Quiet Here As Firms Close For Armistice

Armistice Day—29 years since the close of World War I—has come and gone, and the city of McLean was extremely quiet during the holiday.

Following last week's announcement by local grocers that their businesses would be closed all day Tuesday, November 11, practically all other business firms in the downtown district closed.

Most of the garages, and all of the service stations and cafes remained open, but the majority of the retail businesses closed throughout the day.

The McLean schools did not close, however, and few people made trips, but instead spent the day resting and "taking it easy." There was no observance in McLean nor in any of the surrounding towns. Stores in Shamrock, Amarillo, and Pampa were closed, but no celebrations were held.

## Jan Black and Jack Brooks 'Most Popular'

Jan Black, daughter of Mr. and Mrs. Bob Black, was chosen as the most popular girl, and Jack Brooks, son of Mr. and Mrs. H. W. Brooks, as the most popular boy, as the annual election of all-school favorites closed Wednesday morning of last week at McLean High School.

Miss Black is a senior, and Brooks is a junior.

The voting started the previous Friday, with each pupil in school submitting individual choices. From these ballots, the two girls and the two boys receiving the high number of votes were named candidates, and a new ballot submitted.

Sue Davis was second high for the girls, and Johnny Griffith, second for the boys. Mary Garvin and Bobby Massey were third high candidates.

Miss Black and Brooks will appear in the high school annual as the all-school favorites as a result of the balloting.

## McNett Moves To Andrews

McLean was without a dentist this week, following the removal of the office of Dr. R. C. McNett, who has been practicing here for slightly more than a year.

Dr. McNett left Saturday for Andrews, where he will open dental offices in the hospital. He closed his office here Friday, although some of his equipment was moved to Andrews earlier.

## VA Representative To Explain NSLI In Meeting Tonight

A representative of the Veterans administration branch office at Lubbock will be at the agricultural building of McLean High School Thursday night at 7 o'clock to meet with veterans of this area.

The VA representative will explain to veterans the status of their National Service Life Insurance, and will also attempt to organize another vocational class for area veterans. One such class is already organized and regular classes are being held.

## Shamrock Irish Eke Out One-Point Victory Over Tigers

A fired-up Shamrock eleven, trailing 12-7 at halftime, came back in the first three minutes of the second half to score one more touchdown to down the smoothest-working grid team the McLean Tigers have had on the field this season. The game was a District 3-A conference tilt, played on Tiger Field last Friday night.

Loss of the game eliminated any chances the Tigers have at the conference championship, since Shamrock has lost no games and has only one more to play. McLean has now dropped two district games.

an off-season for the Tigers, and although local fans have two more games to watch the Tigers in action, no one can expect a better game.

Highlighting the entire evening's play was the brilliant 90-yard kick-off return made by hard-running Johnny Griffith in the second quarter. The Irish, led by Bobby Close and Eural Ramsey, had just made their first marker and chalked up an extra point to give the visitors a 7-0 lead.

Close kicked a long place-kick down the middle of the field, with the Griffith taking the ball on the McLean 10. He started down the middle of the field, barely missed being tackled by two early Irish would-be tacklers, then headed straight into a mass of McLean and Shamrock men. There ex-

cellent blocking, equalled by the Tigers only in the Clarendon game, paved a small path for Griffith to wade through. He was nearly caught again after he got through the mass of men, but evaded his opposition, and streaked 90 yards and crossed the goal line. Unfortunately the plunge for the extra point failed, and the Irish pulled ahead early in the third quarter with a 57-yard drive for their second touchdown.

An article could be written about the play of every man on the field, both for the Tigers and the Irish, and still much would be left unsaid. Every man on the McLean eleven played heads-up ball. Wes Langham, although he didn't count for the locals, played his best game of the year. So

did every other man in the backfield. Quarterback Bill Boston suffered a slightly sprained wrist, and his passes were not as accurate as usual, but his quarterbacking was excellent.

The entire line held well, although the speedy Ramsey and Close managed to make good gains throughout the game. Ramsey showed up even better than the Irish star, Close, and Lile also turned in an excellent game for the visitors.

But the line of the McLean Tigers was the big deciding point in holding the highly-touted Irish to two touchdowns. The Irish didn't lose yardage on many plays, but they were held for no gain numerous times. The Tiger line looked entirely different from that in the Canyon game just one

week before.

The scoring plays were as follows:

McLean kicked off to Shamrock, but the Irish were forced to punt with Johnny Haynes returning to the McLean 38. From there, runs by Griffith, Bruner, Newton, and Langham moved the ball to the Shamrock 26. Boston passed to Bill Budey to the 20 and Langham carried to the 6. Bruner then picked up one, and Griffith on two plays made four. On the fourth down, Bruner plunged over from the one-yard line to give the Tigers a 6-0 lead. Alvis Shelton's kick was partially blocked and missed going through the uprights.

Shamrock tried again when they received the kick-off, but Close (Continued on page 5)

**Historical Exhibit Shows  
Texas Women for 60 Years**

With controversy raging over women's current fashions, an historical exhibit to show how Texas women have looked for the last 60 years has been assembled at the Hall of State, in Dallas, for the State Fair and to continue through the winter. A gift of 12 miniature figures, in exact reproductions of Texas fashions since 1887, were presented by Arthur L. Kramer, left, Dallas civic leader, to Dr. Herbert Gambrell, right, director of the Dallas Historical Society. They are seen above with two of the figures. The miniatures, made in collaboration with the costume wing of the Metropolitan Museum of Art in New York, cover the fads of the wasp waist, the bustle, the Gibson Girl, hobble skirt, rising skirts after World War I, the curveless flapper, the depression's ankle-length skirts, and the modern 1947 cocktail dress.

**\$100,000 Cake**

"Something out of fairyland," says 3-year-old Rue Howell, of Dallas, at sight of the jeweled birthday cake, valued at \$100,000, prepared for Arthur Everts, pioneer Dallas business man, on his Golden Anniversary celebration. Rue is 3½ feet tall, while the cake measures over four feet, iced with gold and blue sugar frosting, festooned with pearls and garlanded with diamonds, sapphires and other precious gems, the rare confection is the sort little girls dream of but seldom see except in fairy tales.

**Prepare Land  
Now to Plant  
Winter Trees**

If trees are to be planted on the farm this winter or spring, now is the time to plow the land, reminds Nat Walker, Oklahoma A. and M. College forester.

Whether the planting is to be a windbreak, postlot or woodlot the ground should be plowed deep and left in a rough broken condition. This exposes the roots of noxious weeds and grasses to the weather and many of them will freeze out during the winter.

Site selection is the first governing factor of a successful tree crop. Certain types of plantations may have their locations determined by their use, such as windbreaks, shelterbelts or erosion control plantings. Do not plant a tree crop on thin worn-out soil and expect results similar to those possible on good productive land, explains Walker.

Trees, generally speaking, prefer a loose, deep soil. A light sandy soil is more desirable than a heavy tight soil. The amount of actual water available to the trees is exceedingly important. Lower lands and sub-irrigated areas in most cases make good planting sites, if good drainage exists.

Well-drained lands subject to overflow will produce a good crop of catalpa, pecan, walnut, and cottonwood; yet such sites have relatively little value for an agricultural crop.

**Keep Pot Plants  
In Cool Room**

Pot plants must be grown in a cool room, reminds Earnest R. Houston, Oklahoma A. and M. College horticulturist.

Many people make the mistake of keeping pot plants in overheated rooms. Most flowers thrive best in a room where the temperature is between 55 and 63 degrees. Few plants grow well between the temperatures of 65 and 75 degrees. Above 75 degrees, most pot plants will fail.

House plant growing is an extremely interesting occupation. It affords an opportunity to garden on a small scale, calls for a small outlay of money, and requires more diligence than manual labor.

Other factors important in the successful growing of house plants include humidity control, effects of gas, light, soil, fertilizers, potting, watering, pruning and the control of insects. All these factors are important. But subjecting house plants to overheated rooms is a common mistake in many homes, he believes.

Is not that the truest gratitude which strives to widen the horizon of human happiness and to make our fellows sharers in that which has gladdened us?—H. C. Potter.

Somebody is always ready to lend a helping hand if you have any trouble opening your pocketbook.

**Uncle Sam Says**

Your Uncle Sam is indebted to a newspaper editorial for pointing out one of the most vital qualities of United States Savings Bonds. Under the caption INDESTRUCTIBLE BONDS, this editorial declares: "A resident of the suburbs reported the disappearance of \$12,000 in United States Savings Bonds from his home. If he should never see the cash or bonds again, he would be out \$12,000 not \$19,000. For the bonds will be of no value to the thief, and an application will be reissued to the owner. The misfortune that befell the suburbanite is a timely reminder that surplus cash can be put to work with security, and with assured availability to the owner in time of need, by using it for the purchase of United States Savings Bonds."

**Oats Good in  
Crop Rotation**

Because oats respond well to organic matter and fertilization in the soil, they fit nicely into a fertility maintaining farm program, rotation studies under way at the Oklahoma A. and M. College Experiment station indicate.

Oats planted in a three year rotation with corn and legumes over a six year period averaged 17.4 bushels more oats than where no legumes were used, Dr. Horace J. Harper, Oklahoma A. and M. College agronomist, said this week.

**You'll Like  
Panhandle Gas**  
We Deliver Butane  
to Your Home  
Consumers Supply  
Glass & Dwyer

The oats are planted after the legumes and followed by corn in the rotation.

Experiments on wide row spacing of oats interspersed with legumes reveal that the total loss in the amount harvested is less than two bushels, Harper said.

The wide row is necessary, Dr. Harper believes, because in the standard seven inch row the oats compete with the legumes for moisture and sunlight and a poor stand of legumes often results.

Spring oats planted in seven inch rows with lepedeza produced 32.1 bushels per acre whereas when the 14 inch row was used 29.1 bushels were produced. Considering that it takes 1¼ bushels less to plant the 14 inch row, there is less than 2 bushels difference in the total amount of yield. Experiments run with sweet clover gave approximately the same results.

In eastern Oklahoma, the principal oat growing section, there is sufficient moisture some years to allow the seven inch spacing with legumes, however, since there

is such a small difference in the total amount harvested from the wide and narrow row, Dr. Harper believes it best to use the wide row and be sure of a good stand of legumes.

The better the stand of legumes, the more nitrogen and organic matter will be placed in the soil and the greater will be the yield in oats or other cash crops, Dr. Harper said.

Mr. and Mrs. Emory Crockett and family were recent visitors in Mangum, Okla., with Mrs. Crockett's mother, Mrs. F. H. King.

Mr. and Mrs. Cicero Turpin and family and Mr. and Mrs. Bill Edwards and family of Amarillo and Jim Glass of Sunnnett were visitors during the week-end with Mr. and Mrs. Buck Glass.

An "accolade" in American military parlance is a scroll, signed by the President and sent to the next of kin of all persons who die while serving in the armed forces.

**Cotton Growers**

Have you figured out the cause of high cotton in McLean?  
Why did it take 15 years to decide to help the cotton farmers?  
You can easily figure all this.

### Winter Hikes Rabies Danger

Contrary to popular belief, rabies is more prevalent in winter than in the so-called "dog days" of the hot summer months.

A statement released this week by Dr. Geo. W. Cox, state health officer, it was disclosed that of all animal brains submitted to the state laboratory in January, 1947, 33 per cent tested positive for rabies, while in the hot-summer month of July, only 10 per cent were positive.

"All stray dogs were de-vaccinated, and all pet dogs vaccinated for rabies. It would go far toward stamping out this justly earned and always fatal disease," Dr. Cox said.

The doctor stressed that dogs suspected of having rabies should be killed immediately, but should instead be confined ten days for observation to see if the disease develops. If a dog becomes ill during the observation period, the head should be packed in ice and sent to the state health department for examination. Freezing the brain, or killing the dog prematurely, or such a manner as to injure the brain may make correct laboratory findings uncertain if not impossible.

Dr. Cox declared that after a dog is confined ten days and then there is still a safe margin of time for a victim of his bite to be treated for rabies prevention but he cautioned that if the disease is found to be present in the dog, the victim should begin treatment without further delay.

Gary Hancock returned Friday on a business trip to El Paso.

Ben Haynes of Norman, Okla., student at O. U., spent the week-end with his parents, Mr. and Mrs. John Haynes.

A bee can't talk, but when he says "Drop it," no one cares to pick it up.

#### Personals

Mr. and Mrs. W. E. Green and Mr. and Mrs. Earl Green of Eureka, Nev., were visitors in Amarillo and Pampa last Thursday.

E. E. Watkins of Los Animas, Colo., visited over the week-end in the home of his mother, Mrs. C. A. Watkins.

Mrs. Pete Henley made a business trip to Shamrock Monday.

## Society

### Four Generations Attend Reunion Of Stokes Family

Four generations were present Sunday, November 9, when the children, grandchildren, and great grandchildren of Mrs. Kate Stokes were present for a family reunion in the Liberty community.

Mrs. Stokes was presented with a beautiful bouquet of American Beauty roses and fern, and also a corsage of pink carnations.

Relatives and friends attending were Mrs. Leo Irvin of Scottsville, Ky., Mr. and Mrs. Ed Lewallen of Burkburnett, Mr. and Mrs. Robert Stokes and son Robert Joe of Shawnee, Okla., Mr. and Mrs. Roy Stokes and daughter Mary Kathrine, and son Marvel, Mr. and Mrs. Marvin Stokes and son Lary, and Mr. and Mrs. Wayne Howell, all of Calumet, Okla.

Mr. and Mrs. Claude Stokes, Mr. and Mrs. Cecil Stokes, Mr. and Mrs. Ira Sullivan, and Mr. and Mrs. Paul Sullivan and daughter Paulet of Amarillo; Mr. and Mrs. Travis Stokes and Caroline, and Rev. and Mrs. S. R. Jones of McLean.

Mr. and Mrs. Buster Stokes and sons Bernie, Kenneth, and Gene, and Mrs. Ella Stewart. Unable to attend were Leo Irvin of Scottsville, Ky., Seaman 1/c Clay E. Irvin of Scottsville, Ky., stationed on Terminal Is., Calif., Pfc. Milam Sullivan, stationed in Germany, Mrs. Clinton

### Junior Music Club Meets in Studio Of Mrs. Boyett

Nineteen visitors and 23 members were present Friday, November 7, at Mrs. Boyett's studio, when the Junior Music Club met. Hostesses for the occasion were Mesdames J. P. Dickinson, Leroy Williams, and Raymond Glass.

In addition to the regular club numbers by each member, a repertoire of six numbers each was given by Barbara Nell Williams, Sue Glass, and Betty Ruth Dickinson.

Students on the honor roll for October were Shirley Allison, Beth Brooks, Bobby Boyd, Floella Cubine, Betty Ruth Dickinson, Mollie Erwin, Sue Gidas, Glen Howard, Monte Jean Kennedy, Donna Ruth Magee, Betty Jean McClellan, Billy Eugene Rodgers, Donna Gall Stubbsfield, Glenda Switzer, Laura Switzer, Barbara Nell Williams, Mary Lou Watkins, and Wanda Rose Watkins.

Bill Wyatt returned to his home in Midland Monday after a few days visit with his sister, Mrs. Leon Waldrop.

Mr. and Mrs. Roy Kiser and family were Sunday visitors in Kellerville with Mr. Kiser's parents.

### LET'S TELL WHY

NOW THAT IT'S all over, it seems that a bit of suggestion may be advanced to those who sponsor things such as the Harvest Queen contest in which all classes of the McLean schools participated.

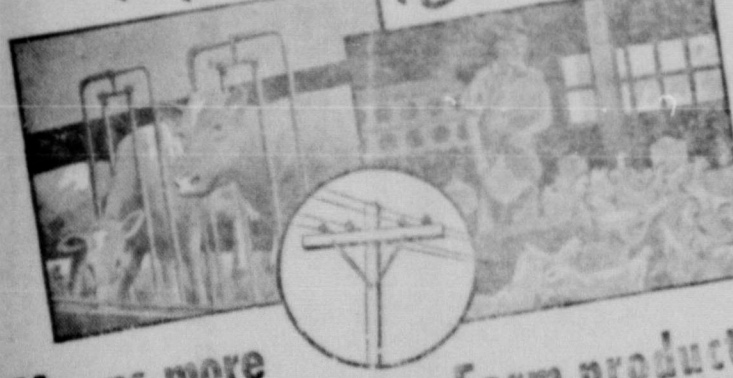

The suggestion is that, in the future, the purpose for which the money is raised should be the prime factor. Few people mind giving, and will give much more freely, if they know where their money is going. This is often true, even if the project is not very worthy.

But in the case of the recent queen contest, the project was a worthy one, for much of the money raised went to the two libraries in high and grade schools, and will be used for the purchase of books. From what The News has learned, both libraries can stand quite a bit in the way of additional books. All of the money raised in the grade school went to that school's library, and one-fourth of that raised in high school went to the high school library. The remainder of the money raised in high school will be retained by the classes raising the money for their activities. Perhaps each of the classes won't need all of that money this year, but it can be carried over until next year. If one or more of the classes have an excess of money, the citizenry in general should be glad since they won't be asked for more money so quickly.

The point is, however, that such a project as the library book project, should be given more publicity, regardless of whether the school or any other organization is the sponsoring agent.

If this is done, there will be much less opposition and much more cooperation.

## "Daylight Saving" Electrically

Means more Farm products

It's widely known that more hours of light will increase egg production. Good farm lighting increases other farm production, too.

The efficiency and dependability of low cost farm lighting makes working conditions more favorable in the barns, tool house, work shop and feed room.

We'll plan a lighting system especially for your farm. No obligation, of course.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

We have nothing to sell but good electric service.

**SOUTHWESTERN PUBLIC SERVICE COMPANY**

25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

The driver of this car was killed because he was driving "too fast for conditions." Rounding a curve on damp, slippery pavement, his machine skidded off the road and rolled over and over down the side of a steep embankment; finally came to rest right-side-up with the driver crushed in the wreckage. Stated speed limits apply only to driver crushed in the wreckage. Stated speed limits apply only to driver crushed in the wreckage. Stated speed limits apply only to driver crushed in the wreckage.

## LES TALK BY LESTER

A very important District 3-A conference game will be played Friday night at Shamrock, when the Irish, undefeated in conference play, meet the Wellington Rockets, undefeated also until last week when the Lefors Pirates upset them 19 to 13.

But if I were you, I wouldn't see that game. I would follow our McLean Tigers to Lefors, and watch them beat the Pirates. If you saw the game last Friday night, you will agree that they can do it. If you didn't see the game, you ought to be ashamed—that is, if you are a Tiger fan like I am.

In this column last week, I remarked that when the Tigers play a good game, they ought to be complimented; and I also remarked that when they play a sorry game, win or lose, they ought not to be complimented.

After those opening remarks, I said some pretty hard things about the Tigers, for it was my honest opinion that they failed to play anywhere near good football against the W. T. Calves.

This week the story is different. In the Shamrock game last Friday night, our team played superb football, and had it not been for some sort of fire the Irish coach, Scott McCall, must have put under the green-clad lads during the half intermission we would have won. But that fire lasted for eight plays and the winning touchdown, and enough to keep the Tigers from scoring in the second half. And we lost.

But it was a good, clean, fighting loss. The Tigers did not give up, and, in my opinion, not one man who played during the game played anything but good.

In the Canyon game, the line was terrible—in the Shamrock game, it was good, very good. The Tigers are capable, very capable, of playing an excellent brand of football and last Friday night they thoroughly demonstrated their ability to do just that.

Congratulations are definitely in

order to you, Tigers. Now let's wrap up Lefors' and Canadian in the next two games—it still won't be a bad season. Nobody expected you to win the district title this year—that's next year. And with the start you made this year toward regaining your confidence in your ability to win you have an opportunity of regaining that old McLean prestige I can remember, and it hasn't been many years ago, when McLean either won the district every year, or came close to it. Those days are on the way back.

Incidentally, I was reared in Wellington. I lived there from 1919 to 1939. But I was most happy when I heard late last Friday night that Lefors had downed them. My old home town was getting too cocky.

Again incidentally, if Lefors should beat us (which I am hoping they don't), and if Wellington beats Shamrock (and I believe they will), then Lefors, Wellington and Shamrock will be mixed up in a three-way tie. When it's a two-way tie, one of those teams has beaten the other, and the one which emerged victor is given the district or so I hear the rules say. But in a three-way tie, it has to be decided some other way. There wouldn't be time to play it off—I suppose a flip of the coin would be on way, or a decision by the district athletic group.

I have devoted most of this column to football again, and if any of you do read it, then perhaps you are tired of reading of football. But it's by far my favorite sport, as you have already probably gathered.

I would, however, like to remind you non-subscribers of the bargain rate of \$1.50 per year for new subscribers. This offer is open only to new subscribers, and only to those new subscribers in the McLean area (Gray and surrounding counties).

We feel like the paper is worth much more than that per year but the reduced rate was put into effect so that we might gain more readers—readers are a very val-

## WAA Selling Farm Supplies

Farmers of the agricultural southwest are being encouraged to contact customer service centers of the War Assets Administration for such limited farm equipment and supplies as are offered from time to time. Farm operators are urged to communicate with such centers in their territory regarding any wanted items on farms whether or not the equipment desired has been advertised, declared R. G. Berle, newly appointed agricultural representative of the Grand Prairie zone office of WAA.

"We are eager to serve our

## ANOTHER MEDAL FOR HEROISM

### Barrows in Navy Training Exercises

Richard A. Barrows, fireman first class, USN, son of Mr. and Mrs. R. A. Barrows of McLean, has participated in the Navy and Marine amphibious training exercises held on the Southern California coast. About 9,000 Navy and Marine personnel, 43 ships and 300 planes participated in the various phases of the exercises. The amphibious demonstration included landings on the Silver Strand at Coronado, on San Clemente Island, and at Camp Pendleton, just north of Oceanside. Rear Admiral A. D. Struble, USN, Commander Amphibious

Force, Pacific Fleet, was the overall commander of the amphibious training operation, and Major J. B. Erskine, USMC, was in charge of the tactical exercises ashore after the amphibious landing. Close air support was provided by Marine Corps aircraft from the escort carrier USS Bairoko, Fleet Air Wing West Coast, and by Marine Corps shore based squadrons. These amphibious training exercises culminated in FIRST Task Fleet demonstration landings at San Clemente and at Aliso Canyon on the California Coast under Vice Admiral G. D. Murray, USN, Commander First Task Fleet.

## Shamrock Irish Win—

(Continued from page 1)

finally punted out on the McLean 22. From that point, ground plays took the ball to the McLean 33, and then Boston passed toward Shelton. The pass was a little short, but an Irish lad knocked it into Shelton's waiting arms, and he made it to the Shamrock 36. More running took the ball to the 17, and it looked like another score for the Tigers. Langham carried to the 14, and Boston to the 12, but a five-yard penalty for offsides moved the ball back to the 19. Two plays later the ball went over on downs to the Irish on the McLean 19.

Close was forced to punt two plays later, but Haynes misjudged the ball and it hit the ground, bounced almost to the end zone before he could recover it and return to the McLean 15. Several plays later, Watson came in to punt, but got off a short one to the McLean 44.

From there McLeMores carried to the 42, and Ramsey to the 22. Then Ramsey went to the 10, and Lile circled left for the marker. Close converted to give the Irish a 7-6 lead.

It was on the Irish kick-off that Griffith made his brilliant 90-yard journey. He tore down the center of the field, hit his blockers' hole, and went on to score. A plunge for the extra point failed, and the half ended shortly after McLean has kicked off to the Irish, with the Tigers leading 12-7.

Opening the second half, McLean kicked off to Shamrock, with Close returning to the McLean 43. Runs by Ramsey and Close brought the ball to the ball to McLean 11. From there Close went over—only eight plays after the second half started. Close's kick was no good, and the Irish led 13-12.

After that, the Irish picked up distance in an exchange of punts, and took over on their own 32. Five plays later, Close went to the McLean 17. Ramsey on two tries made it to the 13, as the third quarter ended. On the next play, Ramsey made no gain. Close started on a run, was hit hard, fumbled, and Bruner recovered on the McLean 15. Six plays later,

the Tigers made it to the 50, but were forced to punt, with Shamrock taking over on their own 39. The Irish made three attempts, then punted. The Tigers made one first down, but again were forced to punt. Six plays later, the Irish punted to the McLean 39.

The Tigers punted again after three plays, with Close returning to the Shamrock 35. Lile picked up no gain, and Ramsey went to the 42. Ramsey broke through to the McLean 40, and Close went to the 29. A Close pass was incomplete, and then Lile tore through for a first down on the McLean 10 as the game ended.

It was a clean game all the way through. Only one 15-yard penalty, that against the Tigers for holding, was assessed. Shamrock cheer leaders came over and led the McLean rooters, and the McLean cheer leaders led the Irish rooters. When the game ended, both teams ran toward each other, giving congratulations on the fine, clean, and sportsman like game each played.

### CORRECTION

### Coeds Still Look Casual, Stylish

Sloping shoulders and longer, uneven hemlines will not change the "natural" look attributed to college coeds, if early fall ward robes at Oklahoma A. and M. College are a good indication.

Although coeds seem to have unquestionably adopted the "new look," they still reflect a love for the natural and casual—whether it is a new dress or their last year's favorite with a lengthened hemline.

The new circular skirts promise to be particular campus favorites.

this year, for the coeds like the full, "swishy" feeling and feminine air the style gives them. These skirts, with tailored blouses or fitted sweaters, have replaced the "sloppy joes" and jeans.

**YOU'RE TELLING ME!**

By WILLIAM RITT  
Central Press Writer

THAT LAMB which followed a little girl named Mary to a Jackson Heights, N. Y., school has wound up in the Bronx zoo. A smart move, since in a zoo there is no such thing as home work.

There is more than one way of protesting a decision. At a Toronto exhibition a horse kicked a show judge.

Marriage fees in China have dropped to two cents. But, as has often been said before: It isn't the original cost—

A rare type of African worm has a face complete with whiskers. Should make good bait since with it fish, possibly, could be frightened into surrendering.

News that men's trousers are to be shorter probably forecasts the organization of a Lot Below the Knee Pants club.

There is no snow at the magnetic pole—Factographs. Could this be the main reason for its strong attraction?

Blackfoot Indians, in protest at appropriation cut, tore down telephone wires. Brave warrior heap wise—know how to make paleface shut up.

After campaigning for years against books with foot-notes, I'm a foot-note in John Gunther's best-selling "Inside U. S. A."

(He does use, with credit to the book, "I Give You Texas," some six or seven jokes in the main part of the volume.)

Incidentally, "I Give You Texas" is now available in a news-stand edition, about the size and appearance of Time Magazine, at half a dollar.

A new song contains a line with this marvelous information, "Tomorrow—the day after today."

Probably the longest name for a Texas town, population considered, is Sutherland Springs.

Nearly as long a name as Tennessee Colony.

San Antonio residents, having guests who want to see the old missions, have been known to drive by one of the railroad stations (which are constructed in mission style) and point it out as one of the historic landmarks. Thus, the visitors went back home up North happy at having seen—as they thought—San Jose and their hosts were happy, too, at having saved some time.

Bert Williams was the most famous comedian of his day. It is related that while he was at

the height of his fame, he saw a sign, "Amateur Night," in front of a cheap theater, so he entered the contest, went out and sang one of his comic songs in his inimitable manner and won—second prize!

There ought to be some sort of moral in that, but I haven't time to figure it out.

The national House and Senate talks about "free enterprise"—and then passes a law that restricts the amount of sugar that the United States will have for the next three years to 85 per cent of the pre-war amount and at the same times assures the price will be higher.

**Top O' Texas Dates Are Set**

Dates for the 1948 Top O' Texas Rodeo and Horse Show have been set for August 5-7, according to an announcement by Wade Thomason, president of the association. An invitation has been extended to the Hardin-Simmons Cowboy Band of Abilene for a return engagement to provide music for the four-day exhibition.

Thirty-three new directors will be elected at a special membership meeting of the association to be held Tuesday night, October 21, in the Palm Room of the City Hall. All members are urged to attend.

The 1947 Top O' Texas Rodeo and Horse Show was declared the most successful in the history of the organization and plans are under way to make the 1948 show bigger and better.

**1947 Program Of Basketball Is Discussed**

Outlining of the basketball program for the coming year, and means of determining a winner or winners to represent District 2-A in the regional basketball play-offs were discussed at a meeting of officials held in the Pampa high school building.

The district will again be divided into north and south halves, the divisions being made on a geographical basis. The south half, of which McLean is a member is comprised of Shamrock, Wellington, McLean, Memphis, Wheeler, and Clarendon.

Members of the southern half agreed that a southern championship would be determined in a round-robin tournament, to be played two consecutive week-ends in Memphis. Date for the tournament is set for either the week-ends of February 6 and 7, 13 and 14, or 20 and 21.

Awards to be given at the tournament will consist of a first, second, and third place trophy and ten gold basketballs to the ten all-district players. Officials for the tournament were also tentatively selected.

Attending the meeting from McLean were Superintendent Logan Cummings, and Coaches Larry Sanders and George McCarty.

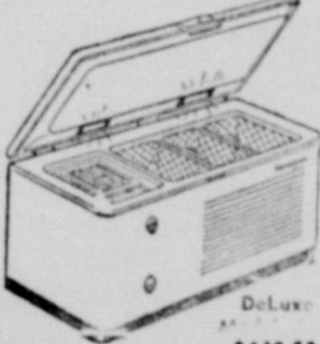

Mr. and Mrs. F. H. Bourland made a business trip over the week-end to Fort Worth, Dallas, and Ennis.

Miss Rae Allen of Pampa was a Sunday visitor with friends in McLean.

**SHORTAGE OF MEAT FORECAST**

Agriculture Department Experts Forecast Biggest Meat Shortage in 20 Years

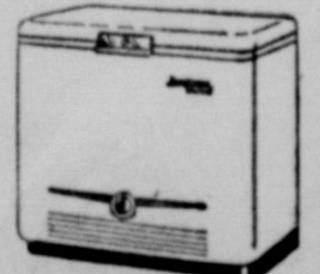

Without enough good meat it's going to be a difficult job to keep your family strong and healthy. For good physical condition is your best insurance against the possibility of contracting disease. What are you going to do about it? **Graham Hardware**

**Social Security Payments Listed**

Monthly payments totalling \$86,700 were paid to 52,618 residents of Texas in federal old age and survivors insurance checks in the month of June. J. R. Sanderson, manager of the Amarillo Social Security Administration field office, announced last week. These figures, according to Sanderson, do not include the amounts paid as lump-sum death payments, during that month, in cases where no survivor was entitled to monthly payments immediately.

Although 1508 residents of the 23 Panhandle counties served by the Amarillo office are drawing \$23,535 monthly, others are losing payments because they fail to file applications for them. Sanderson emphasized the fact that these payments are not automatic and that a claim must be filed with the Social Security Administration before payment can be made.

In Gray County, old age and survivors insurance payments amounting to \$3,327 were made to

216 persons in June of this year. For the nation as a whole in the month of June the Treasury Department paid out \$385,071,472 in monthly payments under this program. This total was the amount actually paid during June, and does not include the amounts which many others who had filed claims would have been paid if they had not been earning more than \$14.99 a month at jobs in commerce and industry.

Mr. and Mrs. Paul Kennedy and daughter Monta Jean visited their mother and grandmother, Mrs. Daisy Kennedy, in Estelina Sunday.

Visitors Monday in the home of Mr. and Mrs. Bob Black were Mr. and Mrs. Bob Thompson of Navasota, and Mr. and Mrs. Floyd Thompson of Samnorwood.

RAPID TRANSIT IN THE PHILIPPINES CONSISTS OF A WICKER BASKET AND A CARABAO.

**Religious SNAPSHOTS**  
By George Anders

We need more "give and take" religions.

We have to carry our blunders and mistakes along with our religion.

If you have God in your life, you will deal out justice to your fellow man.

Bad acting by church members hurts worse than the bad actors in the outside.

Fair play works fine in a ball game. It might work for the betterment of the church, if practiced in the religious game.

The truth will come out on "top" is an old saying. But some times it seems a little slow in showing up.

When your church is marching in from victory to victory is the time to watch as well as pray, for old Satan will try to destroy your faith.

God hears our cry when in distress and sadness takes over. Ye shall not steal, neither deal falsely, neither lie one to another.

Adam and Eve were the starting of the human race. Cain's wife was his sister.—Gen. 4:17.

Noah built the first ship. Its length was 450 feet, width 75 feet, height 45 feet. It was a three-story structure, with 33,750 square feet to the story.

Noah was the first man to go drunk.—Gen. 9:21.

Methuselah was 969 years old when he died.—Gen. 5:27.

**W. S. C. S. Meeting Is Held Here at Methodist Church**

The W. S. C. S. of the First Methodist Church convened Tuesday afternoon at the church with the following program: Devotional Mrs. Harris King; musical trio, Mrs. C. W. Bogan, Miss Jan Black, and Miss Ann Wilson; penitence and peace, Mrs. Guy Hibler; the way to peace, Mrs. Harris King; and a musical reading, Mrs. Bob Black. The music was arranged and directed by Mrs. Frank Rodgers.

Attending were Mesdames Sam Summers, P. P. Wilson, Ellen Wilson, C. W. Bogan, Earl Bustace, Will Bogan, J. L. Andrews, Callie Haynes, Frank Rodgers, Guy Hibler, H. A. Longino, Harris King, J. L. Hess, R. N. Ashby, Bob Black, J. E. Kirby, and Heasley; and Misses Ann Wilson, Jan Black, Christa Carol Rodgers, and Doris Jean Summers.

Mrs. Joe T. Williams of Oklahoma City is visiting with her daughter, Mrs. Harris King and family.

Miss Johnnie Mae Scott of Amarillo visited Saturday with her parents, Mr. and Mrs. John Scott.

Dr. and Mrs. C. B. Batson and sons Bobby and Johnny of Lubbock were visitors over the weekend in the home of Mr. and Mrs. Emory Crockett and family.

Dusty Rhodes made a business trip to Pampa Monday.

**Scarlet Fever Warning Issued**

The State Department of Health has issued a warning in regard to scarlet fever, since the majority of cases usually increases during the fall months. The majority of deaths from this disease occur during the months from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for

children under 5 years, and Dr. Geo. W. Cox, state health officer warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as any suspicious symptoms appear."

Dr. Cox said that the first signs you may notice are that the child seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or in some cases convulsions and fever. The skin is dry and hot the tongue is furred, and, under this furry covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash, little flat red

points, close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. It is important that the family follow carefully the quarantine instructions which the health officer issues, since a severe or fatal case of scarlet fever may develop from contact with some one who has only a slight attack. Children who have had scarlet fever, or who have been exposed, must not return to school until permission has been given by the health officer and physician.

**Personals**

Mrs. Alma Henley visited a few days last week in Pampa with her daughter, Mrs. Tom Price.

Rev. and Mrs. John W. Cobb and children of Corpus Christi visited Sunday with Rev. Cobb's mother Mrs. S. A. Cobb, and other relatives. Rev. Cobb, who is connected with the Corpus Christi University spoke at the First Baptist Church Sunday evening.

Bobby Stratton and W. J. Morris of Tyler were Monday night visitors in the Stratton and Switzer homes. They were en route to New Mexico.

During 1940-1941, Chunking was continuously bombed by the Japanese and many Chinese children were orphaned.

The enlisted men attached to the USS Tutuila (which was moored in Chunking) adopted 11 of these orphaned children and contributed money to feed, clothe and educate them. Whenever a sailor was detached, it was understood that the man who relieved him should take over the custody of the youngsters.  
 The 11 children were known as May Gwaw Bing Tehwaners (members of the American gunboat.)

## Jeanette Simpson, W. C. Kennedy Are Wed in Pampa

Nuptial vows were solemnized Friday, November 7, for Jeanette Simpson, daughter of Mr. and Mrs. Jim Simpson of McLean, and W. C. Kennedy, son of Mr. and Mrs. Cleve Kennedy, also of McLean.  
 Rev. Charles T. Jackson read the single-ring service in the parsonage of the First Methodist Church in Pampa. The bride was attired in a two-piece blue dress with brown accessories. Her corsage was of red rose buds.  
 The couple's only attendants were Mrs. Jim Simpson and Mrs. H. Clyde Smith of Pampa.  
 Mrs. Kennedy attended the public schools of McLean and Mr. Kennedy graduated from Lefors High School, served 2 1/2 years in the navy, and is now employed with Warren Oil company.  
 The couple is at home in McLean.

## Tigers, Pirates—

(Continued from page 1)  
 13. They lost to Perryton 32-12 and Shamrock 19-13, and tied White Deer 7-7.  
 Comparative scores give the Tigers the edge in some games, the Pirates the edge in others. While Lefors downed Clarendon only 20-0 and Wheeler only 31-6, McLean whipped Clarendon 46-6 and Wheeler 51-13. But the Pirates downed Wellington 19-13 while McLean lost to the Rockets 38-0. Against Memphis, the Tigers won 26-14 and Lefors won 20-2 and against Shamrock, the Tiger lost 13-12, but Lefors lost 19-13.  
 McLean, however has been an unpredictable team all season, getting off to a slow start, speeding up, slowing down, and then showing up well again in the Shamrock game. Should this sparkling play continue, the Pirates could easily be knocked off, and a McLean victory would put them out of the district race. A Shamrock victory over Wellington Friday night would give the Irish undisputed possession of the 3-A crown, regardless of outcome of the McLean-Lefors game.

## Carpenter—

(Continued from page 1)  
 veterans, and not only to Legion members.  
 One number to pay off a \$25 note was drawn, the number corresponding to the note held by the Dysart Motor company. The bond was to be paid off Wednesday.

## Freeze—

(Continued from page 1)  
 ulyne freeze. Jack Frost was forgotten.  
 With the coming of the freeze went most remaining leaves on vegetation, although many are still clinging to their plants or trees. A few days more, and practically all leaves will be gone. Some cotton farmers, unable to get sufficient help to gather their crop, have been waiting on the frost to kill the leaves on the stalks. Now within a few days they will be able to use mechanical harvesters which strip the stalk of its bolls.

Cotton ginning in McLean had reached a total of 1,119 bales by Wednesday, a report from the two gins here revealed. This represents approximately 80 per cent of the expected crop. The grade is holding up well, but the staple is becoming shorter.

Dry weather this year in August and September cut the production of cotton, but more cotton was made than had been expected when harvesting began. Last year less than 1,000 bales was made.

Supplementing the income of a number of area farmers this year, however, was the wheat crop. Although this is not generally considered as a part of the wheat-producing country, many farmers gambled on the possibility of an "ideal" season for wheat, and won on their gamble. The prospects for a wheat crop next year is not so good, due to the drought, but some farmers on the plains state there is still ample time for a good wheat crop next spring.

Motto of the United States Naval Academy is "Et Scientia Tridens"—From Knowledge Comes Power.

## Mr., Mrs. M. D. Bentley Observe Golden Wedding Anniversary

To observe their Golden Wedding anniversary, Mr. and Mrs. M. D. Bentley held an open-house celebration on Friday afternoon and evening, November 7 in their home between the hours of 2 and 10 o'clock.  
 Guests were greeted at the door and names were secured for the guest registry by Mrs. R. L. Appling. Miss Betty Jean McClellan furnished music on her accordion, and records were played softly during the receiving hours.  
 The artistically appointed serving table, laid with a lace cloth, was centered with a two-tiered cake on a reflector, topped with a golden miniature wreath with 50 and a golden bell entwined, flanked on either side with golden miniature bells and tall white tapers. Baskets of yellow and white chrysanthemums and dahlias were used throughout the entertaining rooms. Mrs. Fred Bentley, Mrs. Bill Bentley of Clarendon, Mrs. E. L. Price and Mrs. Clyde Andrews alternated at the silver service.  
 Children and grandchildren attending were Mr. and Mrs. Bill Bentley and daughter Nell of Clarendon, and Mr. and Mrs. Fred Bentley and son Jackie of McLean.  
 Out-of-town relatives and friends were Mr. and Mrs. V. Bentley, Mr. and Mrs. W. E. Bentley, Mr. and Mrs. Huber Bentley, and Mr. and Mrs. Phil Bentley of Magic City; Mr. and Mrs. O. W. Lason of Clarendon; Mrs. Zuda Abbott and Mrs. G. M. Abbott of Canyon, Judge and Mrs. Sherman White Judge and Mrs. W. R. Ewing, and Mr. and Mrs. Calvin Brumley of Pampa; Dr. and Mrs. C. B. Batson of Lubbock, Lewis M. Goodrich, and Mrs. H. C. Weatherby of Shamrock.  
 Others attending were Mr. and Mrs. Sam McClellan, Mr. and Mrs. E. L. Price, Mr. and Mrs. Clyde Andrews, Mr. and Mrs. A. L. Rippey, Mr. and Mrs. R. L. Appling, Mr. and Mrs. Homer Abbott, Mr. and Mrs. R. T. Dickinson and Nancy, Mr. and Mrs. D. A. Davis, Mr. and Mrs. C. S. Rice, Rev. and Mrs. Ray Stephens

## CHAMP SELLS AT \$1 PER POUND

JUST OF MARKET Hog Show at the Chicago stockyards. Glen Cole, of Pontiac, Ill. holds the Pittsburg Trophy which he was awarded for raising the 270-pound animal shown in the photo. Pictured with Cole is J. R. Lewis of Aurora, Ill., who presented the prize. The grand champion hog was sold for a dollar a pound. (International)

A careless pedestrian was to blame for the wrecking of this truck and the death of its driver. As the pedestrian suddenly crossed the road, directly in front of the truck, the driver swerved off the roadway and his machine overturned in the ditch where it immediately caught fire. Driver was pinned in the front seat and burned to death before he could be extricated.

## MRS. BLAKE DIES

Mrs. John Blake of Shamrock, who suffered a stroke during the Shamrock-McLean game here last Friday night, died Wednesday in

## Shamrock. it was reported here

Mrs. Blake was well-known in McLean, and her late husband worked here for a number of years.

## Hospital—

(Continued from page 1)  
 night. With 125 members, it is believed that the hospital can be opened for business, and it is expected that a large number of other families will join as soon as actual operation of the hospital begins.  
 The Elk City hospital is building a new addition valued at \$20,000 to its physical property, and plans are being made to employ more specialists. Stubb and Overturf at the Tuesday night meeting, stated that the Elk City hospital is considering a plan whereby smaller cooperative hospitals can tie in with their organization, and take advantage of the specialists on the staff there. The details of how this will work, and the cost involved have not been worked out, it was explained.

## DR. BALLARD ILL

Dr. W. E. Ballard, long-time McLean physician, was taken to a hospital in Dallas Sunday night for medical treatment. A report of his condition was not available Wednesday.
