THE TIME IS NEAR

SPRING OFFICIALLY begins next Sunday. That means, of course, that the time to think of—and carry out—spring clean-up plans is near.

The town of McLean has long been noted for its cleanliness. This is no time to have our little city lose that reputation for cleanliness, but instead is the time for us to all pitch in and do our share of the cleaning.

Aside from the cleanliness angle, spring clean-up is an excellent time for all of us to think of safety, safety from the standpoint of fire. A dirty place is more likely to have fires than a clean place.

First of all, in this clean-up work, we can clear out all rubbish. Rubbish which is combustible should be disposed of—that includes rubbish in the attics, closets, cellars, and garages, and anywhere else.

But in burning that rubbish, watch those fires. Never burn papers on a windy day, even in what you think is a good incinerator, for there's danger of sparks setting fire to your home, shrubbery, clothing, or outbuildings.

Be sure to get rid of oily rags or paint rags. They are combustible, you know, and start fires without warning. Check your electric fuses, but don't use pennies behind blown fuses.

Check your stoves and heaters, and have necessary repair work done. Be careful to place small heaters where they won't be knocked over. Avoid using rubber hose as fuel conductors for gas heaters, since rigid metal pipes are safer.

Plan needed painting and renovating this spring. Remodel and modernize your home for greater safety. Replace faulty stair treads.

Then after you become tired and finally "hit the hay" for the night, don't smoke in bed. It can be fatal. Fumes can overcome you even before you are burned.

So clean up, but play safe, too. And when cleaning up remember to point that cleaning toward safer living. It pays.

LES

TALK

BY LESTER

Several women who are interested in the organization of the P.-T. A. have asked that we continue the articles concerning the associations, so another one appears in this issue of The News. The local unit is being organized now, it was explained to me, although it is not expected to be active until the next school year. One reason for wanting officers elected now was to allow the new officers to attend a school of some kind, to be held in Shamrock soon.

Anyway, another in the series of educational articles concerning P.-T. A. work is in this issue.

The postmaster-general has asked Congress to put through another increase in postal rates. If his requests go through, our mailing rates will be more than doubled. That is, of course, one reason why I am against his requests.

He has also asked that postal card rates be raised from one cent to two cents. No longer would you be able to send those popular penny postcards for a penny.

And he also wants parcel post rates raised again.

It seems the reasons for these requests is that the post office department is a money-losing proposition. It has been so for a long time. Congress has paid little attention to this matter for a long time but the new postmaster-general came up from the ranks, and Congress will be more inclined to listen to him, for the legislators feel that he knows what he is talking about.

Even if he does know what he is talking about, I am still against most of the increases asked. It seems to me that some of the deficit could be made up in other ways. For example, I noticed an article the other day telling of one representative who is sending out, via his franking privilege, 900,000 pieces of first-class mail. This will cost the government about \$31,000, all together, including the cost of handling this mail, the cost of the envelopes and the cost of stuffing the material in the envelopes. The representative paid for the printing of the material. Such propaganda use of the franking privilege should not be allowed—at least I don't think it should. The propaganda was on the housing situation, and I got my copy Monday morning. Yes, it was filed in the waste basket.

Another way the post office loses money is through the cheap printing of return addresses on stamped envelopes for patrons. The post office has the government printing office print these return envelopes and then sells them for almost as little as blank envelopes cost the average printer. Despite the mass buying which the government does, this still must be a money-losing proposition. Of course the printed envelopes can be shipped back to the post office where they were ordered postage-free.

What I am getting at is that I believe the post office department in Washington should conduct an investigation of themselves, to determine how some of the deficit in the department's operation can be overcome without a raising of rates. Other big businesses do such things. Why can't the government?

Perhaps you hadn't given it much thought, but the local girls basketball team brought our little town a lot of good publicity when they participated in the state meet.

Furthermore, they won their first game. They lost their second game, and were eliminated from the state tournament, but they were among the top eight teams of the state. That's pretty good out of about 350 girls teams in the state.

Congratulations to Coach Don Leach, and every member of the squad.

Don is pretty fortunate, too, in that he will have most of the same team back next year. They will be favorites to win the district again, unless something un-

Uncle Sam Says

Here's an old saying: "There's nothing like being without money to make one appreciate having it." And now is your opportunity to make certain that you'll always have plenty of it by putting some into U. S. Savings Bonds every payday. The safest, surest way of providing future security is by saving the regular, automatic way through the Payroll Savings Plan where you work. Or, if self-employed, enroll for the Bond-a-Month Plan at your bank. No fuss, no bother with either plan. And in 10 years your money will come back to you with interest, \$4 for every \$3 you invest.

fortunate happens between now and then.

Work on the new stadium grounds has begun. The new site is in the northwest part of town, on land formerly owned by A. B. Wood. The school acquired, several months ago, four blocks of land, since the board members knew the stadium would have to be moved to make way for the wider highway.

Now that the settlement between the school and the county has been reached, work is beginning on the stadium. The board hopes to build a nice stadium, but all the members realize that the pennies and nickels will have to be watched closely to make ends meet. Part of the material in the old stands will be used. But there will surely be a lot of expense which wasn't counted on, so the board has quite a penny-watching job in front of them. I don't envy them one bit.

It is hoped that a baseball and softball field can be fixed up on part of the land, but that is yet to be seen. The ball field will probably be worked out quickly, however, for baseball season opens next month.

Speaking of the school board, it appears that considerable interest in the coming election is being manifested. I am glad there is some interest in the election,

but I hope that if any battles develop, there will be no hard feelings brought about. I really don't believe there will be.

Mr. and Mrs. Dewey L. Wood of Amarillo visited last week in the home of Mr. and Mrs. T. E. Crisp. Mr. and Mrs. Wood are former McLean residents.

Don't forget the amateur show tonight at 7:30 at high school, sponsored by Juniors and seniors.

Mr. and Mrs. T. E. Crisp spent Sunday in Shamrock visiting with Valde Brown, who suffered a heart attack last week.

Brothers rodeo organization, headquarters of which are near Elk City, Okla., to help out in the naming of a wild rodeo bronc, which the Beutler Brothers believe to be the wildest and onerest horse in the rodeo entertainment field today.

For a brief history of the bronc, which will be seen in action at the Elk City rodeo next September 8-9-10, he was purchased by the Beutler Brothers, who promote many of the nation's top-most rodeos, last year at Alliance, Nebr. On the bronc's initial ride during the Elk City rodeo last August, the 8-year-old bay plunged insanely from a chute, and with Cowboy Puzzy Garner aboard, bolted a 7-foot wire fence and after shaking his rider continued

his wild antics among hundreds of spectators in the bleachers, injuring several onlookers.

Beutler would like for News readers to send in names for the bronc. The person sending in the name selected for the horse will receive two complimentary tickets to all three night performances of the Elk City rodeo next September. The names, as

OUR TAX BILL WAS BIG TOO

IN MANY TOWNS we serve, Southwestern Public Service is the largest tax payer. Just as many other tax paying citizens we pay each year municipal, county, state and federal taxes. Most of these tax bills have gone up in the past several years as tax rates have risen, and as our investment in equipment has increased.

Despite increased expenditures for taxes, wages and equipment, your Public Service Company is happy that it is still able to provide dependable electric service today at lower cost than ever before.

Miss Sue Davis United in Marriage To Ted Simmons

In a double-ring ceremony performed at the First Baptist Church Saturday evening, Miss Sue Davis, daughter of Mr. and Mrs. Olen P. Davis of McLean, became the bride of P.C. Ted G. Simmons, son of Claude Simmons of McLean and Mrs. Lela Wilson of Amarillo.

The nuptial vows were read at 8 o'clock by Rev. S. R. Jones of McLean before a candle-lighted altar. The church was decorated with two baskets of gladioli and greenery, and candelabra with white tapers.

A musical setting for the ceremony was provided by Mrs. Travis Stokes, pianist, who played "Ah! Sweet Mystery of Life," by V. Herbert, "Indian Love Call," by R. Friml, "Always," by I. Bertin, and "Liebestraum," by DeBussey. Bill Day, vocalist, sang "I Love You Truly," by Jacobs, and "Because," by D'Hardiot. The traditional wedding marches were used.

Bridesmaid was Miss Carole Smith of Amarillo. Candle-lighters were Linda Brock of Lefors and Sandra Kay Arnold of Phillips. Kenneth Davis, brother of the bride, served as best man, and Olen P. Davis, father of the bride, gave her away. Ushers were Richard Arnold of Phillips and P.C. Virgil Simmons of Kelton.

The bride was attired in a white crepe, street-length dress, with a draped skirt, v-neckline, and long pointed sleeves. Her accessories were navy. She carried a white Bible topped with orchids and white streamers. For "something old" she wore a pair of diamond earrings belonging to her grandmother, Mrs. Estella Davis. Her "something borrowed" was a bracelet set with hand-carved ivory imported from China and belonging to Mrs. Alvin Brock.

Miss Smith was dressed in a blue mist gabardine suit, and wore black accessories. Her corsage was of white carnations.

Mrs. Davis, mother of the bride, wore a navy blue crepe dress with navy and white accessories and a corsage of yellow and pink carnations. Mrs. Simmons, stepmother of the groom, was attired in a blue two-piece gabardine suit, with black accessories, and a corsage of white carnations.

Mrs. Simmons is a graduate of McLean High School, finishing with the class of 1948. She has been attending Draugh's Business College in Amarillo since graduating from high school.

The groom is also a graduate of McLean High School with the class of '48. He enlisted in the U. S. army air force a few months ago and has been stationed at San Antonio. He is being transferred to Bedford,

Mass., where the couple plan to make their home.

At the reception held in the country home of the bride's parents following the ceremony, Miss Virginia Chambers presided at the guest book.

Centerpiece in the bride's table was blue cornflowers in a low crystal bowl flanked by blue and white candelabra. The tiered, all-white wedding cake was topped with a miniature bell and served from the left side of the table by Mrs. Frank Stewart. Miss Bonnie Prock served punch from the crystal bowl from the right.

Forming the background on the buffet was a bouquet of blue cornflowers with double candelabra.

Receptionists were Mrs. Olen Davis, Mrs. Claude Simmons, and Mr. and Mrs. Ted Simmons.

For her departure on her honeymoon, the bride wore a shadowed check gray gabardine suit, with black accessories. The couple left for a short wedding trip to Weatherford. Following the trip, they plan to leave for Bedford, Mass., where the groom will be stationed.

Out-of-town guests attending the wedding and reception were Mr. and Mrs. E. W. Brock, grandparents of the bride; Mr. and Mrs. Edd Olson, Mr. and Mrs. C. A. Tedder and Roger, Mrs. Clarence Killingsworth and son, Virgil Simmons, Mrs. Walter Cash, Mrs. Joe Brock and sons, Kelton and Dan, Mr. and Mrs. J. D.

Walton and Ronnie, Mr. and Mrs. Atlas Arnold and children, Sandra Kay and Richard, Mr. and Mrs. Alvin Brock and family, Mr. and Mrs. Troy Hinton, Mrs. H. N. Brock, James Corbin and children, Mrs. Horace Brock, Miss Rita Stone, Miss Bonnie Prock, and Dennis Eberling.

Mr. and Mrs. Leo Gibson and son Zeke, and grandson Bobby visited last week-end in Dodge City, Kans. Zeke Gibson, who is in the army air force left Tuesday for Chanute Field, Ill., where he will be stationed. He has been stationed at Sheppard Field, Wichita Falls.

TO THE CITIZENS OF McLEAN

Concerning the Prisoner of War pipe deal which most of you may have heard so much of, we submit the following facts regarding this pipe which was purchased through W. A. A. channels—and our proposed sale of the SURPLUS pipe which IS NOT NEEDED by the City of McLean.

When we purchased this six inch water main from the W. A. A. we intended to use it for a dual gas system from the Fowler well to McLean so that the people would have adequate protection of gas supply in the event our lines leading to the Ladd and Renteau wells east of town should fail. Later we found that the method used in joining this pipe together would not hold gas, so in order to get a two way gas system for the City and stop a big daily loss of gas through leakage in the line, we were forced to take other steps. After further study we reached the conclusion that the water main would have to be abandoned as a means of gas transmission. To do this it was necessary to remove entirely the four inch gas line from the Fowler well which led to the P. O. W. camp site reroute it direct from the well to the northeast edge of town and tie on to our present distribution system. In doing this it became obvious that the City would have a big surplus of six inch, cast iron, bell end water pipe. This operation cost your City in excess of \$13,000.00 cash. From the fact that we had 7470 feet of surplus six inch cast iron pipe after withholding 2200 feet for our south line extension and other needs, it was our best business judgment that we should sell the surplus unusable pipe to try to offset some of the high cash outlay in the removal and replacing the gas main. During a period of about three weeks investigation of prices we accepted an offer made through E. J. Lander for \$1.65 per foot at the place of removal plus .02 1/2 c per foot hauling charge, which was the prevailing market price of new pipe. Before the sale of this pipe was fully completed, the purchaser having put up a partial payment, learned that the City would be penalized about \$3,000.00 by the Government on the sale of this pipe; also we found that the pipe should be advertised before being disposed of. We therefore called off the sale of the pipe and returned the partial payment made on it and advertised for bids, with the right to reject all bids, with the view in mind that perhaps we would be offered a bid comparable to our other offer, should we decide to go ahead and sell the pipe.

Three issues advertising this pipe, dead line March 15th, has produced no bids. If anyone locally is interested, please contact D. A. Davis, City Secretary.

This pipe is still surplus and we fully believe that it should be sold now at a reasonable price before possible market declines.

General Motors' Lowest-Priced Eight!

It's no wonder that thousands and thousands of people all over the country have decided—once and for all—to move up to the magnificent new 1949 Pontiac.

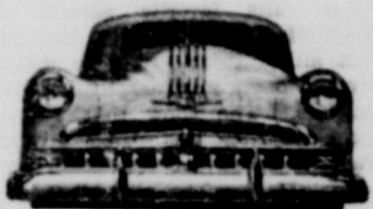

It's an easy step to take, because the new 1949 Pontiac—beautiful and

distinguished as it is—is still priced just above the lowest! Pontiac is General Motors' lowest-priced eight! As a matter of fact—if you can afford any new car you can probably afford one of the new Pontiacs!

When you do buy a Pontiac—you will be driving an outstanding

automobile, a car that's a sweet heart for performance; a car that just goes and goes—mile after mile—with only the minimum of routine servicing.

In short, you will be proud and happy to own and drive a Pontiac—the most beautiful thing on wheels!

THE MOST BEAUTIFUL THING ON WHEELS
Silver Streak Styling and striking new Bodies by Fisher, combine to make the 1949 Pontiac truly "the most beautiful thing on wheels."

LOWEST-PRICED CAR WITH GM HYDRA-MATIC for unsurpassed "automatic" driving ease. No clutch pedal. No continuous shifting. You just sit back and drive! Optional on all models at extra cost.

Elizabeth Brewer Becomes Bride Of Edwin Sanders

In a candlelight ceremony in the parlor of the First Baptist Church in McLean Friday evening, Miss Elizabeth Brewer of Leors became the bride of Edwin Sanders of McLean.

Rev. Clayton Day, Baptist pastor, read the single-ring ceremony at 8 o'clock.

Members of the wedding party stood before the mantle, which was flanked by tall baskets of gladioli and candelabra of white tapers.

Attending the couple were Mr. and Mrs. Charles Earhart of Leors.

The bride wore a grey suit with navy blue and pink accessories. Her corsage was of pink roses.

Immediately following the ceremony, the couple left for a short wedding trip to Juarez, Mexico, and Carlsbad, N. M. After their return the couple will be at home in McLean.

This is the night! Amateur show at high school tonight, sponsored by juniors and seniors.

Vets Requested To Hold Questions On NSLI Dividends

Veterans who anticipate receiving a dividend from their National Service Life Insurance policies need not write the Veterans Administration concerning the dividends—at least not now.

When the VA has worked out the details of the dividends, nationwide publicity will be given to the manner of filing for them, it has been announced.

Service personnel are also warned against fraudulent solicitors reportedly offering to sell forms for the purpose of obtaining refunds of money paid into NSLI policies. When ready the forms will be furnished by the government without cost.

The fact that a veteran's policy lapsed will not affect his rights to a dividend.

Answers to the two questions uppermost in the minds of veterans—"How much will I get?" and "When will I get it?"—will be obtained when VA has finished the actuarial studies now in progress and the job of auditing more than 20,000,000 individual NSLI accounts.

Mr. and Mrs. Chick Crisp and family of Sayre, Okla., and Mr. and Mrs. Guy Farrington of Pampa were visitors last Wednesday in the home of Mr. and Mrs. T. E. Crisp.

Junior Music Club Meeting Is Held In Boyett Studio

The Junior Music Club met in regular monthly session Friday in the studio of Mrs. Willie Boyett.

Glenda and Laura Mae Switzer and Frankie Tucker were presented in repertoire playing. Others appearing on the program were Bobby Boyd, Beth Brooks, Barbara Ruth Carter, Betty Dickinson, Molly and Pauline Erwin, Othella Eustace, Glen Howard, Monta Jean Kennedy, Donna Ruth Magee, Pat Shadid, Lester Sitter, Mary Lou Watkins, Bobby Decker, Suzanne Hibler, Gayle Mullanax, and Linda Foster.

The following received cards for having the required grade for each lesson: Barbara Ruth Carter, Mollie Erwin, Linda Foster, Monta Jean Kennedy, Glen Howard, Donna Ruth Magee, Billie Eugene Rodgers, and Glenda and Laura Mae Switzer. Barbara Ruth Carter received her pin for ten months attendance and the required grades.

Mrs. Boyett gave the latest quotation on entrance fees for National Guild auditions, to be held at Pampa in May. Some 12 or 14 junior club members are making preparations for that event.

The honor roll for the month includes Bobby Boyd, Beth Brooks, Barbara Ruth Carter, Betty Dickinson, Mollie and Pauline Erwin, Othella Eustace, Linda Foster, Glen Howard, Monta Jean Kennedy, Donna Ruth Magee, Bobby Decker, Billy Eugene Rodgers, Pat Shadid, Glenda and Laura Mae Switzer, Frankie Tucker, and Mary Lou Watkins, from Mrs. Boyett's class; and Suzanne Hibler, Joe Lawrence Howard, and Gayle Mullanax, from LaWanda Shadid's class.

Refreshments of cheerios and date loaf were served to 20 members and 25 guests by Mrs. Switzer, Mrs. Gaines, and Mrs. Mullanax.

Mrs. R. F. Sanders thinks so. Week before last she advertised frying-size chickens for sale. The paper came out on Thursday and the chickens were all

sold by Saturday of that week. Mrs. W. S. Lentz thinks so, too. She ran an ad stating that she has certain flower plants for sale. The results have been good so far, Mrs. Lentz reports.
 Miss Billie Thacker isn't sure, but she got results anyway. She ran a classified stating that she had lost a pair of glasses. She now has the glasses, but we can't take the credit. Bill found them in her coat pocket!

Structure of P.-T. A.'s Explained

(Editor's Note: This is another in the series of articles concerning Parent-Teacher Associations. This article deals with the structure of P.-T. A.'s.)

Local:
 Local Parent-Teacher associations are the functioning units of the State Congress. In the local units may be found various types of associations such as preschool, elementary, junior high, senior high, consolidated, and so on.

Council:
 A council is a conference body composed of local congress units within a city or county, or a community, organized by an authorized representative of the state branch. Councils cannot legislate for local units. Elected representatives of units are voting members in councils.

District:
 A district is a division of the state branch for convenience in administration of state work. There are 15 districts in Texas. Neither individuals nor local units join the district. They are in a district because of their location in the state.

Administration of districts: Districts are governed by by-laws authorized by the State Board of Managers of which the district presidents are members. They have no legislative or administrative power over local units unless such power has been delegated by the state board. The district board consists of district officers and chairmen of standing committees of the district.

Bridal Shower Is Given in Honor Of Miss Sue Davis

Miss Sue Davis, bride-elect of Pfc. Ted G. Simmons, was honored last Thursday with a miscellaneous bridal shower in the parlor of the First Baptist Church.

Hostesses for the occasion were Mesdames Frank Howard, Granville Boyd, B. L. Stokes, and Haskell Smith.

The parlor was decorated with ferns and potted blue hyacinth, and blue hyacinth also centered the lace-covered table. The other table appointments also carried out the blue and white color scheme.

To greet the guests were Mrs. Boyd and Mrs. Gilford Nolan. Mrs. Allen Crutcher presided at the guest book. Mrs. Frank Stewart presided at the crystal punch bowl, and was assisted by Miss Virginia Chambers.

During the receiving hour and during the program, Mrs. Travis Stokes played lovely soft music and also accompanied Miss June Bender, who sang "A Precious Little Thing Called Love" and "Always."

A fortune-telling game was played to present the many lovely gifts.

The guest list was as follows: Mesdames Mildred Simmons, J. R. Phillips, Orphus Tate, Arthur Reneau, Paris Hess, Jim Back, A. E. Carpenter, Frank Simmons, Eugene Woodrome, C. B. Lee, Claude Hinton, Lloyd Hinton, Hal Mounce, Allen Crutcher, Clois Hanner, Roy Barker.

Your Vote and Influence Will Be Appreciated

As you know, I have announced for the office of Mayor of McLean, and I wish to take this opportunity and means of soliciting your vote in the city election Tuesday, April 5.

I also wish to thank you for your votes and influence in the past city election, and ask that you again bestow these votes on me.

In running for the office this year, I want you to know that I have the best interests of the city and of the people at heart.

Thank you again for any help you may give me.
