

# PLAIN TALK

By BILL PERKINS

Dale Parvin, director of the youth program in McLean for the summer, says more boys are needed in order to have Little League softball here. At least enough for four teams are needed.

McLean's population continues to grow and current estimates place the figure somewhere between 1,600 and 2,000 persons. Since January 1 the Southwestern Public Service Company has connected 46 residential dwellings. According to the accepted method of estimating population (3.3 persons per residential meter) McLean has gained approximately 152 persons since the first of the year. There is no way of counting many others would be if suitable housing was available. The 46 new connections by the power company include some new houses, houses that have been moved in, and also mobile homes.

Last Saturday's parade was the nicest we've seen here and the whole rodeo went off in top form. With pretty girls, pretty floats and lots of horses and riders, the parade had just about everything. We believe that Joe Billy Sherrod was the smallest little fellow we ever saw riding alone in a parade and we know that Gray County Sheriff Rufe Jordan is the biggest. County Judge Bruce Parker was also here for the parade as well as several other visitors from Pampa and Shamrock.

But speaking of Sheriff Rufe Jordan, we heard a good one about him the other day. As well as being the biggest sheriff in the biggest state, he has been called the politest sheriff in the United States. The story we heard was that Sheriff Jordan was sitting in a crowded courtroom and got up and let FIVE ladies sit down.

## Cpl. Benny P. Reeves Awarded Honor as 'Marine of Month'

(Editor's Note: The following article was printed in "The Flight Jacket" pertaining to honors awarded Benny Pat Reeves of McLean by the commanding general Aircraft Fleet Marine Force, Pacific. Reeves is stationed at El Toro, Calif., and is the son of Frank Reeves of McLean.)

Cpl. Benny P. Reeves has boosted VMF (AW) 115's batting average to a cool 666.

Cpl. Reeves was presented the "Marine of the Month" award by Major General Clayton C. Jerome Tuesday. He is the fourth man from 115 to be so honored in the last six months.

To be selected Air FMF Pac "Marine of the Month" is recognized as a signal honor by the squadron.

Cpl. Reeves joined the Marine Corps in March, 1956. He entered recruit training at Marine Corps Recruit Depot, San Diego, Calif. Upon graduation from boot camp he was sent to the Second Infantry Training Regiment at Camp Pendleton.

El Toro claimed Cpl. Reeves in August, 1956. He was attached to 115 and is now their service record book clerk. Cpl. Reeves has two meritorious promotions to prove that he is a "squared away" Marine.

The selection of "Marine of the Month" begins on the squadron level. A letter is submitted to the group level where one man is chosen to represent the group. The next step is the general level. At this level there are only four men left. Out of this four the "Marine of the Month" is selected.

## Library to Close While Moving Into New Building Here

The McLean Public Library will be closed all next week while moving into the new building and becoming the Lovett Memorial Library.

No books will be checked out between June 17 and 22.

The beautiful new building donated to the people of McLean by the Lovett estate will be dedicated and opened at an early date, Mayor Ed Lander said Wednesday.

Polo was developed in India.

## McLean 66 Roundup, Rodeo Is Big Success

The McLean 66 Roundup and Rodeo proved to be the most successful event held here in years as ideal weather conditions prevailed throughout the three-day celebration Friday, Saturday and Sunday.

Under the joint sponsorship of the American Legion, the McLean Lions Club and the local Roping Club, a committee from each organization was appointed to prepare and execute plans for the celebration. Officers of all three organizations expressed satisfaction with the event this year.

Contestants from several other states in the southwest entered the events and Tom Harlan's stock gave spectators plenty of exciting moments.

At the Appreciation Day program last Saturday awards of \$25 in merchandise certificates went to George Brown, Mrs. F. G. Switzer, W. L. Hinton and Mrs. Jess Kemp; and \$12 to Mrs. W. D. Gideon.

Ladies Night for the McLean Lions Club will be Tuesday night, June 18, at 8:00 o'clock.

Band rehearsal will be held Friday evening at 6:30 and Saturday morning at 8:00 o'clock at the high school auditorium.

Teen Town will be held Friday night at the American Legion Hall. College students are invited.

## Housing Loans Available for Area Farmers

James D. Gouddy, county supervisor of Farmers Home Administration serving Armstrong, Donley and Gray counties, announced this week that eligible farmers may obtain farm housing loans from the agency.

Farm housing loans may be made for the construction and repair of farm houses and other farm buildings, including farmstead water supplies. Interest on the loans will be 4% per year on the unpaid principal. Repayments may be scheduled over periods up to 33 years.

Building plans and specifications for the improvements to be financed with the farm housing loan will be obtained by the applicant. Farmers Housing Administration will review the plans and inspect construction as it progresses to assist the borrower in obtaining construction that meets generally accepted standards of soundness.

The local county FHA committee determines the eligibility of applicants for farm housing loans. To be eligible, Gouddy explained, an applicant must be the owner of a farm, be unable to obtain suitable credit for dwellings and other buildings from other lenders, and have enough farm income or income from the farm and other sources to meet family living and farm operating expenses and repay his debts.

The farm housing loans are made under the authority of Title V of the Housing Act of 1949, as amended.

## Baptists Plan Youth Revival

There will be a youth-led weekend revival at the First Baptist Church on June 21, 22, and 23.

The Volunteer Mission Band from Wayland College at Plainview will assist with the services, which will be directed by the young people of the church. An invitation is extended to everyone to attend the services, according to the pastor, Jesse Leonard.

COLORFUL PARADE A colorful parade highlighted the Saturday morning activities. Featuring floats, horseback riders, the fire trucks, and youngsters riding decorated bicycles, the parade was the largest and most colorful seen here in years. Wilson Boyd was parade marshal and George Saunders was announcer.

Cash prizes were awarded to children for the best decorated bicycles in the parade. Dale Parvin, principal of the elementary school, announced the winners and presented awards to the following: Margie Pakan, daughter of Mr. and Mrs. Miro Pakan, first prize of \$1.25; Nancy Dickinson, daughter of Mr. and Mrs. R. T. Dickinson, 75 cents as second place winner; and Herby Butrum, son of Mr. and Mrs. Harold Butrum, 50 cents for third place.

Miss Alice Hommel of Dallas is visiting in the home of Mrs. W. E. Kennedy and other relatives this week. Miss Hommel, Mrs. Kennedy and Mrs. Lucille Gaines attended the Alanreed homecoming Sunday.

Cadet, First Lt. James Da'e Andrews received his junior college diploma from New Mexico Military Institute at Roswell, N. M., Monday, June 3.

Andrews graduated from the McLean High School in 1955. While a student at N. M. I. last year, he received the American Legion Post trophy for first place in individual dismounted drill, the Saunders medal for neatest cadet, and a Harry Morrison medal for being on the best all-around company in 1956.

This year, Andrews was editor of the Bronco, the N. M. I. yearbook, and platoon leader of L Company that placed first Saturday in drill exhibition.

Mr. and Mrs. Clyde Andrews and Marsha, accompanied by Mrs. J. A. Kinkead of Tucuman, N. M., attended the three-day graduation events in Roswell the past week.

## Tourist Applauds McLean City Park

The following letter was received recently by Jimmie Don Morris complimenting the facilities of the McLean City Park. Morris is a former president of the local Jaycee organization:

Springdale, Arkansas  
June 4, 1957

President McLean Junior Chamber of Commerce  
McLean, Texas

Dear Sir: Recently upon returning from California my family and I stopped for a picnic lunch in the McLean City Park. We had noticed the sign on Route 66 which had invited the public to use the park, courtesy of the McLean Jaycees.

It was one of the most pleasant stops on our trip and we all felt we owed a debt of gratitude to the McLean organization for inviting us to use the facilities they had a hand in building. Thank you again.

Very truly yours,

## ELEVEN GOC MEMBERS ARE AWARDED WINGS THURSDAY

Eleven members of the McLean post of the Ground Observer Corps were awarded wings Thursday night for completing a minimum of 25 hours with the local organization. Wings were presented by M/Sgt. Glenn W. Brazzil of Canadian. Some members had completed as many as 65 hours of observation.

Those receiving wings were Carl Baker, Wilson W. Boyd, Richard L. Brown, S. A. Cousins, Danny Douglas, J. M. Hathaway, Boyd Meador, Jimmie Don Morris, John Pakan, Miro Pakan and Harlan A. Pool.

Several others were presented certificates for having completed at least six hours in the GOC.

At the present time the McLean post has 25 members and more would be welcome. Post Supervisor S. A. Cousins has an-

## Local Youth Recreation Program Begins Monday

### FIRST STEP IS APPROVED FOR LOW RENT HOUSING HERE

McLean is now eligible to apply to the Public Housing Administration for an allocation of low rent housing as a result of a workable program to eliminate slums and sub-standard housing being approved Monday by the Housing and Home Finance Agency.

In the announcement of approval, Housing Administrator Albert M. Cole said McLean plans to have a system of codes and ordinances ready for adoption by the end of October.

He reported a planning commission will be appointed which, with technical assistance, will undertake a long-range community planning program. The city anticipates completion of a land use map, a thoroughfare plan and a zoning ordinance.

The approval Monday was the first step toward securing a low-rent housing project for McLean. The need for additional housing has become more acute since Marie Foundations was established here and also due to the extensive gas development in this area by El Paso Natural Gas Company. Employees of these concerns will further increase the demand for standard housing in McLean, it was pointed out in the program.

The city council, realizing the need for additional low-rent housing here as McLean continues to grow, appointed five members to serve on the board of the McLean Housing Authority.

Larry Fuller was named chairman of the local Housing Authority. Other members on the board are Jimmie Don Morris, Bill Perkins, Bill Reeves and Elmo Whaley.

The McLean Housing Authority was charged with the responsibility of presenting a workable program; to work to secure low-rent federal housing here, and to administer and supervise the rental of such housing if and when it is secured.

## Wildlife Group Sets Public Hearing

Wildlife biologists and game wardens of the Game and Fish Commission will hold a public hearing in Pampa at 8:15 p. m. on June 12 at the county court house.

The purpose of this hearing is to discuss the results of wildlife investigations in the Panhandle, present status of game species, the hunting outlook for the coming season, and the proposed hunting and fishing regulations.

REV. JACK RILEY, pastor of the McLean Methodist Church for the past year, was returned to the local church for another year. His reassignment to the local church was read at the Northwest Texas Conference meeting held in Amarillo recently.

## Wheat Marketing Quota Referendum Vote Next Thursday

Thursday, June 20, is the date set for Gray County farmers to vote in the wheat marketing quota referendum. Polls will be open from 8:00 a. m. to 7:00 p. m.

Voets may cast their ballots at the courthouse in Pampa, the McLean City Hall, Grandview school or the Laketon store.

Husband and wife are both eligible to vote. If it is inconvenient to vote on June 20, absentee votes can be placed any time between now and June 20.

If quotas are approved by a two-thirds majority, producers within the wheat allotment will be entitled to full price support. Farmers who exceed the wheat allotment will not be eligible for any price support and will be subject to penalty determined at 45% of parity on May 1, 1958.

If quotas are disapproved by one-third of the farmers, producers who seed within the wheat allotment will receive price support at 50% of parity. Those exceeding the allotment will receive no price support and will not be subject to penalty.

Wheat allotments will be in effect regardless of the outcome of the marketing quota referendum.

## Reading Program Planned for YOUTH RECREATION

By Dale Parvin The summer reading program is to provide children and young people from grades 1-12 with opportunities for wholesome use of leisure time. This summer activity will help students to develop the habit of reading for information as well as for pleasure and recreation and should help to maintain reading skills learned in school.

In choosing books to read the students should be guided by the librarian or by lists of recommended books. However, students should feel free to select good books from other sources. Books should be read with a purpose; books of special inter-

Dale Parvin, youth supervisor for the McLean Summer Recreation Program, has released the following schedule to be followed during the summer:

From 9 to 10 each morning, Monday through Thursday, will be devoted to gym and tumbling. Boys 8 to 11 years of age will participate on Monday morning; Tuesday morning will be for girls 8 to 11; Wednesday morning, boys 12 to 14; Thursday morning, girls 12 to 14. On Friday mornings from 9 to 10 there will be games for all school age children.

Monday through Friday from 10 to 11 a. m. there will be games for all school age children in the gym or park. Some games to be played are basketball, ping pong, volleyball, dodge ball, shuffleboard, etc.

Monday through Friday from 9 to 11 in the park there will be a story hour and games for the younger children under the direction of Miss Marie Watson. In the afternoon from 3 to 5 o'clock, Monday through Friday, there will be games for all school age children in the park. Some games to be played are tennis, softball, washers, horseshoes, kickball, etc.

From 6 to 8 o'clock Monday, Tuesday, Thursday and Friday nights, is softball time. If enough interest is shown there will be a Little League type of program; if not, unscheduled games will be played.

Wednesday night is swim night at Windom's pool. There will be a life guard on duty, but at present a qualified instructor for non-swimmers has not been secured.

The program will begin next Monday, June 17, and will continue until August 2.

SOFTBALL MEETING A number of boys were unable to attend the softball meeting Monday night, therefore, a second meeting for those boys will be held Friday evening at 6:00 p. m. at the City Park tennis court.

Any boy 9 to 16 who has not signed up and wants to play softball this summer is urged to attend. At the present time there are not enough boys to operate the teams on a Little League basis. Unless more boys show interest, there will be only unscheduled games.

Boys from Alanreed and Kellerville are welcome, Parvin said.

Judge: "Why did you steal that fifty thousand dollars?"  
Accused: "Your honor, I was hungry."

Jim: "Daddy, don't they ever give showers for the groom?"

Daddy: "No, son, there's enough for him when the bride begins to reign."

Hubby: "I wonder why we never manage to save anything?"

Wife: "It's the neighbors; they're always doing something we can't afford."

No matter how much money your neighbors have they can't get any better service anywhere than we give everybody at our Chevron station. Our products are economical, too.

## LIBRARY NEWS

By Lady Bryant, Librarian

One phase of the summer program directed by Dale Parvin is to stimulate the advanced adolescent's desire to higher reading level. The library is one source through which you have come to depend for free reading materials. Adventure and animal stories, the career books, illustrated Bible stories, etiquette, sports, mysteries for the elementary grades.

If the book titles listed here are "too little" for you, may we suggest you turn to both American and English authors for more enjoyable reading from the adult

shelf. To name a few: Lloyd C. Douglas, Dr. Frank G. Slaughter, A. J. Cronin, Francis Parkinson Keys, Marjorie Kinnan Rawlings and others. Adult non-fiction is included on this list. Do bring your vacation company with you when you visit the library. It's possible they, too, may love to read.

ELECTRIC LIVING

'IS FUN!'

"In Guatemala or Texas, the simplicity of ELECTRIC BROILING makes delicious steaks!"

SAYS Mrs. R.C. Hutchinson, 1221 AUSTIN, AMARILLO, TEXAS

Mrs. Hutchinson, wife of an air force Colonel, who was Chief of the United States Air Force Mission to Guatemala, was called upon to entertain large groups of people in her Guatemalan home. She says, "At that time I had a deluxe electric range with 2 ovens, 2 broilers and 4 surface elements. Using this range, I have prepared dinner for as many as 72 people." In the upper picture, Mrs. Hutchinson sits beneath a Guatemalan work of art and displays flag of that country presented to her by a high official as a gesture of friendship. In Amarillo, Mrs. Hutchinson often broils steaks and finds the same ease of cooking that she noticed in Guatemala. She says, "The Indians there, who had never been to school, and could neither read nor write, were able to use my electric range, and other electrical equipment, with a few simple instructions". So, for ease of cooking, rely on Mrs. Hutchinson's experiences to guide you to your nearby Kilowatt dealer store.

Editorial

QUANTITY AND QUALITY

More than two hundred years ago Thomas Fuller remarked that to sell cheaper means that either quality or service must be cut—usually both. Of course, this principle was laid down before mass production and its partner, mass distribution, existed, and these two forces have changed matters enormously.

Another statement by the same man, however, is as completely true today as it was then: "A fair profit must be made or one does not last long."

The modern retailer, chain and independent, has brought down prices by trading in greater volume. By this means goods can be sold cheaper and still be of quality. By the same means the standard of service can remain excellent and a "fair profit" can be made. Thomas Fuller and the retailers of his day would have considered the percentage of profit earned under modern merchandising methods fantastically small.

Mass merchandising has out-moded the old theory that in order to sell cheaper, quality or service must be cut.

ACT BEFORE IT'S TOO LATE

The National Board of Fire Underwriters, with the full support of local insurance agents throughout the country, has been carrying on a campaign urging people to review the extent of their insurance coverage and to make the proper adjustment when underinsurance is discovered. The personal economic interest of the insurance business and the agents in such undertaking is obvious. But this is one of those happy situations where the campaigns also serve the economic interest of everyone with a home or other kinds of property subject to destruction by fire and related hazards.

Most of us are underinsured—and for a reason that can largely be covered in a single word: inflation. Roughly speaking, the cost of just about everything in common use, homes included, has doubled since the end of World War II. Also, we have made material additions to our possessions like TV sets and appliances, of an expensive character.

The National Underwriter magazine has been printing actual examples of losses to policy holders resulting from underinsurance. A widow in Ohio sustained a \$2,141 loss on household goods and had only \$1,500 of insurance, so the difference of \$641 came out of her pocket. A mercantile building in Maryland had a loss of \$178,956 as against insurance coverage of \$127,500—the insured thus was out \$51,456. A home in Rhode Island sustained a loss of \$15,812, and there was but \$7,000 of insurance—so the owner had to produce \$8,812.

In most cases, our insurance coverage has not kept pace with the increase in values or prices, or with our expanding list of personal possessions. The wise property owner will take the hint—and see his local agent before it's too late.

GRASS ROOTS OPINION

Panhandle, Texas, Herald: "With a socialistic trend developing in government, more and more people are losing their initiative. They are wanting security with smaller prospects. This information has been learned from surveys of high school and college graduates. Let's hope there are enough fighters left in America to keep the small, independent business man going."

40 Years Ago—

IT HAPPENED HERE

Thrown from Car

J. F. Watkins was quite seriously cut about the head and face Monday afternoon as a result of being thrown through the windshield of the car in which he, with his brother, Everett, was riding from White Deer. In passing over a stock gap on the Parker ranch the car missed its footing and plunged into the pit, throwing both occupants forward, but Everett clung to the steering wheel and was not injured. The car suffered a bent axle and other minor injuries.

Road Boosters

A crowd of Ozark Trail boosters from McLean attended a banquet at Elk City last night and participated in a general meeting of delegates from all along the northern route, which was intended to organize and get in shape to present the claims of this route to the locating committee at the Amarillo meeting on the 27th, 28th and 29th.

Personals

Chas. Roach has returned from Geary, Okla., where he had spent several days taking treatment

from a specialist for stomach trouble. We are pleased to report that he is materially improved. Byron Kibler has gone to Plainview to accept a position with the Southwestern Telephone Company during his school vacation.

Siler Faulkner, Henry and Charlie Thut and Cal Dickey were visitors here from Lefors the first of the week.

Emmett LeFors was in Kansas City this week with a string of steers for the market.

R. A. Thompson and family and E. R. Eakins visited at Clarendon and White Deer Sunday, touching at Lefors and Pampa en route.

A. Stanfield and J. M. Noel shipped a car of cattle to the Oklahoma City market the first of the week.

Some of the farmers are having to prepare their land for the third planting this season on account of the continued and unusual high winds. Three days of

hot winds were more or less called off Wednesday morning by a brisk norther that wrought havoc with the sandy land crops.

Paul Rislan of Ramsdell was here Saturday.

Miss Mary Everett of Amarillo was here Sunday visiting relatives. J. N. Woods of Clarendon was in McLean last week looking after business.

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

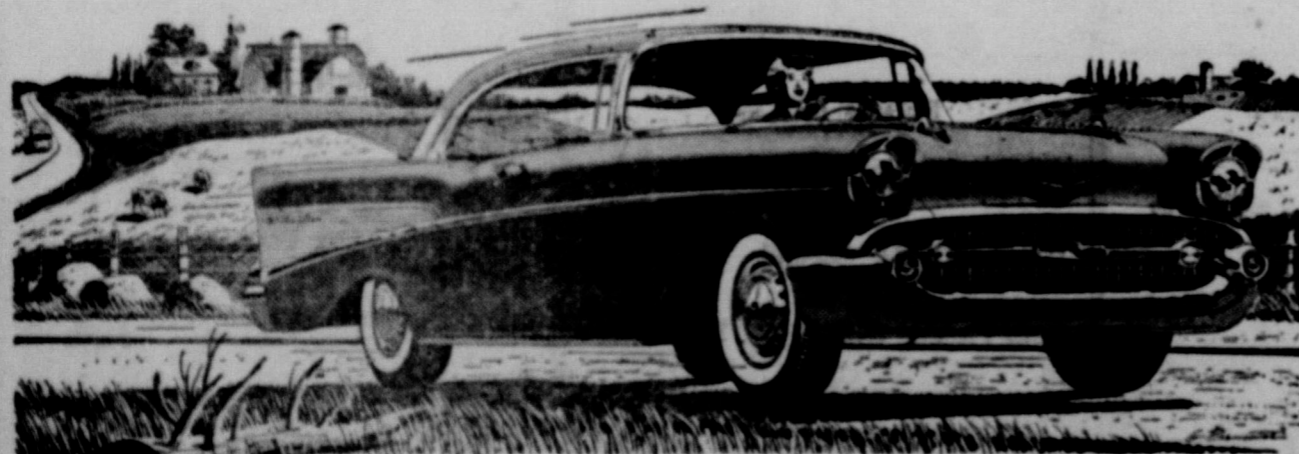

When you see a steep downhill stretch ahead, you set the selector at "Gr" (Grade retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

**Traffic Accident Fatalities Drop In Panhandle**

Rural accidents investigated by the Texas Highway Patrol in the Amarillo district were down in May compared to the same month a year ago according to a report released this week.

During May one person was killed and 65 were injured in accidents in this area in towns under 2,500 population and on the rural roads and highways.

During the same month last year five persons were killed and 50 were injured but property damage was higher this year than last.

Top three causative factors in May accidents were speeding, driving while drinking and following too closely.

During the first five months in the 26 county area 35 persons have been killed and 269 have been injured.

The 37 patrolmen in the district investigated 127 accidents and made 767 arrests during the month.

Skill and confidence are an unconquerable army.—Herbert.

**From the State Capitol HIGHLIGHTS AND SIDELIGHTS**

**Special Session**

Though still four months off, Governor Daniel's plan for a special legislative session in the fall is already generating lively discussion around the Capitol.

There is sentiment both for and against.

A "memorandum" was reportedly circulated asking persons to write the governor asking him not to call the special session. It predicted the bills the governor wants would fare no better than before. A long-time House member was believed to be the author of the memorandum.

But if the session is held, Rep. Tony Koriath of Sherman says he hopes the governor will submit small loan regulation as an emergency measure. Koriath's "loan shark" control bill died in committee last session.

**New "States" Formed**

While Texas lawmakers took a break, some probable leaders of the future are trying their hands at government in Austin. There are nearly 1,000 high school students from over Texas who came to the capital city for Boys State and Girls State. The Texas department of the American Legion and the Legion Auxiliary sponsor the "states" annually as citizenship laboratories for outstanding youngsters.

Participants hear talks by top officials from the governor down, then form political parties, nominate candidates and elect officials of their own.

Aim is to give the students a first-hand understanding of politics and government.

**Road Building Speed-Up**

Texas State Highway Commission is moving swiftly to take advantage of new laws designed to speed up highway construction.

A meeting of the commission and key personnel was to be held in Houston this week. Objective: to hasten the day when heavy traffic can move safely and smoothly along multi-laned super-highways with no crossroads.

Principal legislative changes are (1) provision for the state to go 50-50 with cities and counties on land buying costs and (2) new authority for the state to obtain land for and have control of super-roads through cities.

Goal for 1970, according to Highway Engineer D. C. Greer, is 900 miles of expressways linking Texas' population centers.

First of the new laws means car and truck owners will pay 10 per cent more for their next license plates. Second means the state will set speed limits on state highways through towns—no local speed traps.

But one "speed-up" law failed. Legislature decided against raising present 60-mile-per-hour limit, no matter how good the road.

**Tougher for Teens**

Law enforcement officers will, in effect, have a new hickory stick for teenage troublemakers after August 22.

New laws to go into effect then provide:

1. Youngsters 14 and over can be fined \$100 for speeding, DWI or driving without a license.
2. Parents will be liable up

to \$300 for property damage by minor children.

3. Drivers licenses for youngsters under 16 will be harder to get. Department of Public Safety, rather than local county judge, will have say-so.

4. A special "license" will be needed for driving motor bikes and scooters.

Taking a more optimistic view of the same subject were the more than 100 experts, educators and parents in Austin for the Texas P-TA's youth development workshop.

Today's youth seems to be "sailing along," the opined, but suggested more interest by fathers might help.

**At Least It's Wet**

More and more rain and less and less crops is the farm report from many parts of the state.

Besides flood damage, losses are expected to mount high from wind, hail, rust and insects. And continued heavy rains have washed out more fields, delayed much-needed work in others.

Any more rain will mean complete loss of North Texas grain crops according to observers. U. S. Dept. of Agriculture reported weather too wet and cool for cotton in all areas but South Texas.

Even so, the stored-up moisture makes farmers generally hopeful. With some clear weather now, some say they might yet get the best crops in years.

For ranchers the outlook is even better. Hill County Hereford Association reported record-breaking sales as grass grows higher, cattle fatter.

**Building Bogs Down**

Continuous rain has brought construction to a "virtual standstill" in many parts of Texas this year.

Building authorizations for the first four months of '57 were one per cent higher than last year, reports the Bureau of Business Research. But actual construction was 4 per cent less due to the weather.

Increase in the authorization totals was attributed to higher costs rather than more building.

**Business Activity Up**

Almost all indicators show Texas business moving slowly, but steadily, ahead of what it was in 1956. University Bureau of Business Research reported April, 1957, was 6 per cent better than April, 1956. Retail trade was up 8 per cent over last year with family clothing stores showing the biggest jump—39 per cent.

Bureau analysts foresee "good" retailing for the rest of the year, but with "fierce competition" and a "ruthless squeeze on profits and margins."

**Short Snorts**

Virgil T. Seaberry of Eastland has been elected president of the State Bar of Texas, according to Austin headquarters. He will take office at the bar's annual convention in Fort Worth in July.

First high state official to announce for the 1958 elections is Railroad Commission Chairman Olin Culberson. He has been on the commission since 1941. . . . Cotton planting deadlines have

been extended until June 20 for farmers in 69 East and Central Texas counties. Agriculture Commissioner John White said the extension was "against my better judgment" as far as pink bollworm control is concerned, but that farmers should not be deprived of a good cash crop.

**Comedy, Romance And Songs Highlight Film Set for Derby**

A happy combination of comedy, romance and song, taking place against backgrounds of Rome, is achieved in M-G-M's latest CinemaScope and color musical, "Ten Thousand Bedrooms," showing at the Derby Drive-In Theatre Wednesday and Thursday.

Dean Martin plays Ray Hunter, a jaunty American millionaire hotel tycoon with an eye for feminine pulchritude, who arrives in Rome to acquire another hotel for the family chain and immediately becomes involved in romantic complications. First he is smitten by Maria Martelli (Eva Bartok), whom he meets in the course of the hotel transaction; then he falls in love with her flirtatious younger sister, Nina (Anna Maria Albergheggi).

Under the influence of cham-

pagne, a night plane ride over Rome, and one of the several romantic ballads which spot the action, Ray succumbs to the aggressive "get your man" tactics of Nina and proposes. But now Papa Martelli (Walter Slezak) puts a spoke in the proceedings. There are two other glamorous daughters in the family, and since Nina is the youngest she cannot be married until each of the other girls has found a husband. How this dilemma is resolved leads to ten thousand bedroomsful of love and laugh complications involving Dewey Martin as a Texas pilot who also has fallen for Nina, Paul Henreid as an impoverished nobleman whom Ray "pays" to take Maria off his hands after he switches to Nina, and Lisa Gayne and Lisa Montell, the two eye-fuls enacting the remaining sisters.

**WHY re-enlist in the small-car army?**

**READ THIS STARTLING FACT**

**5 out of 10 Smaller Cars wear a Pontiac Price Tag —yet none gives you Any of Pontiac's Advantages**

**PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!**

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging left and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavy-weight you ever managed—and your Pontiac dealer can show you more than six dozen advanced engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic . . . this is driving the smaller jobs can't duplicate!

**PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!**

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass . . . and a built-in sense of direction and security that will spoil you for the smaller cars forever!

**PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!**

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

**—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!**

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac . . . there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a million—instead of a million others?

**SEE YOUR AUTHORIZED Pontiac DEALER TRADING'S TERRIFIC RIGHT NOW!**

NOTE! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburettor is available at extra cost on even the lowest priced Pontiac model! It's America's newest power advance and exclusively Pontiac's at so low a cost!
