... through a magazine the other day, I picked up y of "Ebony," a Negro ine, and I'll have to agree re is "colored" journalism. yellow.

... ven the covers of an av- issue stories can be found as: "John Washington Car- oe of Prairie View A&M 100-Yard Dash Faster Than w," or "Colored Business- Makes Success in White Despite Threats," or "Julie Colored Actress, Tabbed Beautiful Than Liz Taylor."

... of course, are not actual, but the theme is always same. It's always, "See, better than you white folks all"—which is the very at- in reverse, that Negroes denounced in the whites. Irony of this attitude on Negroes' part, is that it is ting, or at least detaining, own cause. That attitude, loud and regularly, by NAACP, is doing more to integration than all the ern courts combined.

... anybody walks up and "See, I'm better'n you," or k here, I'm going to your l and sit right next to you, you're going to like it, see? on that attitude is manifest, only normal reaction is: "Oh not," followed by a punch in nout. All of which is hardly ictive to tolerance or good reations.

... man that is trained from hood that Negroes should eat at the same table with tes can never feel comfort- e eating with them. And his ndchildren and great-grand- idren will probably feel just little squeamish eating with a gro even though they may lize that a Negro is an equal an being entitled to just as ny rights and privileges as one else. A sizeable army of gooders don't understand this, are enjoying blubbering out the "poor Negroes" too uch to want to.

... Another fallacy which radicals both sides insist upon is de- anding that we either like all groes or hate all Negroes. Negroes, like anybody else, ould be evaluated as individ- ls. Some will prove to be sible and open-minded while here are just as narrow- minded as any lynching mob that er uncoiled a rope.

But most of them were still saying to themselves, "I'm as good as any white person," and thus consumed by this bitterness they, sure enough, were not as good as most white people.

I once knew a white boxer who, although superior physically to his associates, was not a very likeable person. Not being liked by his associates frustrated him greatly, and on frequent occasions he would drink in excess and then perform obnoxious stunts intended to prove that he was physically superior and therefore worthy of the groups' friendship.

He could force his associates to respect his physical prowess, but he couldn't make them like him. Likewise, Negroes can force equality through legislation and court rulings, but they must be worthwhile individuals before they are "liked"—before they are accepted socially, which is their real goal.

Only the ones who are big enough to think of themselves as "individuals" and not as "Negroes" will be accepted.

On the other hand, if most Negroes are not able to overcome the natural bitterness brought on by the yoke of centuries of oppression, we must not forget who is responsible for putting the yoke there in the first place.

It is a yoke that takes a big man to overcome. Someone who can return justice for injustice; who can take insults and slander and not be vindictive.

Not many of us could do it either.

Strolling past the library the other day after a cartoon in last week's News which said something about "Peyton Place," Erma Hester tossed a couple of books and other miscellaneous missiles in my direction, yelling, "No, we don't have 'Peyton Place' or anything like it here!"

Dan Mize and I'lla down at the City Hall said please tell everybody that the colored telephone down the belongs to Southwestern Bell and not the city. Said every taxpayer that comes in smart-off about the city wasting money on colored phones.

Since the dissystem went in, the local telephone office was closed and bill are now paid at the City Hall. So, in order to encourage mo of their subscrib- ers to use lored phones the company installed one there.

Happy Holiday!

There'll be lots of play and little business in McLean Saturday as firms and offices have decided almost unanimously to close throughout the July 4th holiday.

According to a recent decision by the city council, the city workers will go about their jobs Saturday morning and will take Monday off. Councilmen decided that this schedule will be followed in any case when a holiday falls on Saturday.

Businesses that will close on the holiday include Everett's Barber Shop, Smokey's Barber Shop, Harrell's Variety Store, Orchid Beauty Shop, Southwestern Public Service, Williams Appliances, Callahan's Gift Shop, Marzel's Fabrics, McLean Hospital and Clinic, Motor Inn Auto Supply, Simpson Agency, Suderman Clinic, Andrews Equipment Co., Ellison Chevrolet Co., S. A. Cousins Agency, McLean News, Cooper's Market, Puckett's Market, Master Cleaners, McLean Hardware, Dale's Radio & TV, Cliett Cleaners, Stubblefield Dept. Store, Brown's Rexall Drug, Butrum's Ladies & Childrens Shop, Roy Campbell Lumber Co., Cicero Smith Lumber Co., S & S Finance Co., Corinne's Style Shop and Dorothea's Beauty Shop.

—Which all adds up to the fact that if you need most anything before Saturday, be sure and buy it tomorrow. Happy July 4th!

Rains Spot Sandhill Area

Almost an inch and a quarter of rain fell in McLean Tuesday afternoon and early Wednesday morning.

A total of 1.23 inches was gauged at the city barn for the period. One inch even fell in a heavy shower from 1 to 2:40 p. m. Tuesday, and .23 fell between 2:15 a. m. ad 4:30 a. m. Wednesday.

This was the only rain this week. It brought the total rainfall in June to 2.22 inches and gave July a start with .23 inch.

That makes an even 15 inches of rain recorded this year in McLean. This time last year we had 16:10 inches.

But the rains were pretty spotted with reports from the surrounding area ranging from one-half to three inches. One report from Kellerville was listed as slightly more than 3 inches.

Otherwise the weather has been a little cooler than normal with ominous rain clouds hanging around.

Fire Department Given \$50.00

A contribution of \$50.00 was made to the McLean Fire Department this week by A. O. Bybee, owner of the station three miles east of McLean.

Local firemen answered a call to the station recently. The donation was made in appreciation to the firemen for their work in quelling the fire.

ADAMS TO TAKE JOB IN FRIONA SCHOOL

The resignation of Bill Adams, junior high coach here for the past two years, was announced this week by Superintendent of Schools Freeman Melton Jr.

Adams will become freshman high school coach at Friona. His wife will serve as a classroom teacher there.

During the two years here, Adams has been very successful in coaching the junior high school "Kittens." In 1958 the squad went all season without a loss. They won the district championship.

Baptist Summer Camp Begins Monday, July 6

The Baptist annual encampment at Pan Fork will get underway Monday, scheduled to run for four weeks it was announced this week.

According to Jesse Leonard, pastor of the First Baptist Church in McLean, the schedule for the encampment will be as follows: Week of July 6, junior boys, including intermediate boys ages 13 and 14; week of July 13, junior girls; week of July 20, intermediate girls; week of July 27, young people.

Each group will leave Monday morning and return Thursday afternoon. Registration fee is \$8 per week, with recreation at the camp including swimming and fishing, along with many games, etc.

EASTERN STAR TO MEET

The Eastern Star will hold a regular meeting Thursday evening, July 2, at 7:30. All members are urged to attend.

New Garbage Truck Received

Those garbage piles around town should disappear like magic now, according to City Manager Dan Mize.

Last Wednesday the city received their first brand new garbage truck—a \$6,750 job with all kinds of up-to-date gadgets for garbage disposal.

The chassis was purchased through Ellison Chevrolet Co. and the body from Far-Wo Gar-Wood Industries in Wayne Mich. It represents the latest scientific design of garbage trucks.

"In other words," says Dan, "it's the most."

According to Dan, Harlon Pool, city garbage collector, has been "riding on cloud nine" since the new machine got here.

The old truck was traded in on this one, and the city received \$595 in trade-in for it.

Other happenings from the city include the curb, gutter and paving work that is being done at this time.

Northward Ho! McLean to Alaska

Mrs. Hershel Billingslea of Southwest City, Mo., and her son, W. J. Billingslea, left Tuesday evening for Anchorage, Alaska. They will visit with their son and brother, Earl, and family. Earl has been living in Anchorage for a year and is an accountant for an oil company. W. J. plans to stay in Anchorage and operate a bulldozer. Mrs. Billingslea will return to her home in August.

JOE HOWARD
JOE HOWARD NAMED FOR SCHOLARSHIP

Joe L. Howard of McLean was named last week as one of ten Texas Panhandle high school graduates who will receive scholarships worth \$2000 each from the Educational Fund for Children of Phillips Petroleum Co. employees.

Scholarships are awarded thru competitive examinations each year. They provide for \$500 annually during four years of college attendance, subject to maintenance of a satisfactory record by the awardee.

Joe is a 1959 graduate of McLean High School, ranking as the salutatorian of his class.

He is the son of Mr. and Mrs. Edwin Howard.

Story Hour Being Conducted at Library

Mrs. Bob Black will be the story teller for the story hour to be held at Lovett Memorial Library Friday morning from 9:30 until 10. All children, ages 3 to 7, are asked to come.

Stories to be used this week are "The Lion and the Crocodile," "The Wolf and the Seven Little Kids" and "The Lion and the Mouse." Games will be played during intermission.

Cubs And Queens Go Unbeaten

With a little more than two weeks of Little League play behind them, the potent Cubs of McLean were sailing along undefeated with a 5-0 mark for the season.

Also undefeated are the McLean Queens in the Girls League. They also have a 5-0 record for the season.

Games between the Cubs and Braves and their "farm T teams" are on tap for tonight since the original games were rained out here Tuesday night.

So games for the coming week will be Thursday (tonight), Friday, Monday and Tuesday.

Last week the Queens bettered their record by edging their nearest rival, the Kittens, by a 6-4 score. Meanwhile the Kittens tromped the Bobby Socks from Lefors 31-3 and in turn the Bobby Socks plastered the hapless Dolls 33-11.

In boys play the Cubs eased by Lefors' Pirates by a 12-11 count. The Pirates dispensed, with the Athletics 35-14, and came on to whip the Braves by a score of 8-6.

The Cardinals suffered a 3-11 loss at the hands of the Cubs. Probably the best game was the Cubs' victory over a tough Indian team. The Cubs finally won when pitcher Jim Parrish won his own game by slamming a two-run home run in the bottom of the seventh. Score was 15-13.

BRUCE COOK
COOK RESIGNS POSITION AS BAND DIRECTOR

McLean High's successful band director, Bruce Cook, announced his resignation this week from the local faculty to take a position as director of the Tulla High and Junior High bands.

Cook, a 25-year-old native of Childress, came to McLean three years ago when the Tiger band numbered about 30. This year the band had 60 members.

In addition, Cook had led the band to numerous honors as well as putting on fine half-time shows at McLean football games.

The past two years, the band received "two" ratings in marching, concert and sight reading.

While in McLean, the likeable band director has made many friends and it was with regret that Superintendent Freeman Melton accepted the resignation.

Bruce came to McLean after finishing a stint in the army. He went to the army after graduating from West Texas State College.

Now he is doing his thesis in connection with his work on a masters degree from WT.

At Tulla, Bruce will be in charge of a 75 piece high school band and a 110 piece junior high band. Bruce says he plans to make a career of high school band directing.

NEW GARBAGE TRUCK—McLean's first new garbage truck, above, arrived here last week. At right is the city garbage Harlon Pool, and left is City Manager Dan Mize. The new truck will greatly speed service to McLean citizens.

UNION OUT

Unions can price themselves—and the companies which employ their members—out of markets. The Odessa American tells of just such an occurrence. American World Airways will close a customer service base at Brownsville on June 20. This base is fourth oldest in the airline's system, and was established in 1929. It includes three aircraft hangers, office buildings, and motor shops. The move will affect about 170 employees, and a \$20,000-a-week payroll. Why must the base be closed? One reason is that wave of new wage increases has priced it out of the competitive market. Much of the work at the base formerly was done on contract for airlines throughout America. But today those airlines are taking advantage of lower wage and maintenance costs elsewhere to do the work themselves.

A second reason was union-demanded restrictions on labor contracts which have prevented Pan-Am from hiring its labor force in conformance with fluctuating market loads. This simply meant that workers had to be kept on the payroll, whether or not there was any work for them to do.

The Odessa American says: "In the end, who benefited? . . . Only the union bosses gained temporarily. The workers lost most of all."

This is far from an isolated instance. More and more American concerns of various kinds are finding it higher and tougher to sell in competitive world markets. And the employment situation reflects that fact.

PERMANENT POINTS
 Since 1900, life expectancy has risen from 47 years to nearly 70 years. During the same period, the nation's population has doubled. But the number of Americans 65 years and over has more than quadrupled—from 300,000 to 1,400,000.

According to the latest revised estimates of the Bureau of Labor Statistics, food costs average about 17% of our disposable income. Nowhere else in the world can a person eat so well for so small a share of his total income.

With the addition of Alaska and Hawaii, we have approximately 350 million acres of cropland on which produce food for 175 million people . . . exactly 2 acres per person. And while crop output per acre is increasing by about 1% per year, the population is rising by 1.7% per year.

More than 2,800,000 Americans were killed or injured in automobile accidents in 1958. Injuries during the past year rose 12%—twice the rate of increase for the previous year. This is the greatest waste of property and human resources in our nation.

For what avail the plough or sail, or land, or sea, if Freedom fail.—Ralph Waldo Emerson

The prudent, penniless beginner labors for wages and hires himself, then labors on his own account another hire and at length hires another beginner to help him. This is the just and generous prosperous system which opens the way to all, gives hope to all and consequently energy and progress and improvement of conditions to all.—Abraham Lincoln

WORKS LIKE STORMY WEATHER
 Most of us who live in West Texas seldom make extended trips to other parts of the country and few have any real conception of the turmoil and agitating that is boiling and stewing in the denser populated parts of the nation.

No long and wide spread strikes have upset the regular tranquility of our way of living, a few inconveniences have occurred, but none of real consequence. Our farmers are more-or-less independent and a great

many of our men are in business for themselves. This is one of the few sections of the United States where big industry and big unions are not at logger heads and one of the few places in the state of Texas where big industry and big labor have not taken over.

It would be nice if we could stick our heads in the sand and ignore such conditions elsewhere but if there is not a big lot of trouble on the horizon for other parts of the nation the thunder and lightning of disputes certainly is keeping things looking like we are in for some mighty rough weather. Jerry Dell Lowe Enlists in Army

Jerry Dell Lowe, son of Mr. and Mrs. William W. Lowe of McLean, has enlisted in the United States Army for assignment to the United States Army Defense Command (Nike-Site) in the city of his choice, San Francisco, Calif., it was announced this week by Sgt. 1/c John C. Dills, army recruiter for Gray County.

Jerry will report to Fort Carson, Colo., for processing and possibly basic training. Upon completion of required basic training he will be assigned to the Nike-Site which he enlisted for in California. There he will learn the operation of the Nike-Missile site composed of the Nike-Ajax and Nike-Hercules surface to air missiles.

This is an ideal assignment for buddies and relatives who want to train and serve together. This option is open in 29 major cities throughout the United States for qualified men who want to enlist in the U. S. Army. There are, at present, existing vacancies in many other fields of technical training for qualified men and women, SFC Dills said. Under

the graduate specialist program, high school graduates are guaranteed their school of choice before enlistment without any obligation whatsoever. Non-high school graduates may enlist for a specific job of choice which is also guaranteed before enlistment and under this program the enlistee will receive on the job training or attend a school in his or her chosen field. Any persons interested in a choice enlistment in the field of choice are asked to contact SFC Dills at 112 East Foster Street, Pampa, or call him at MOhawk 5-2055, collect.

Area Observations

From the LOMETA REPORTER: One of the greatest American stories liked to tell this "welfare" story: "I used to know an old codger," Abe Lincoln said, "whose cabin burned to the ground. The folks in those parts felt sorry because he'd lost all his earthly possessions. So they brought him presents to set him back on his feet.

"Well, they made such a good job of it that, when they were through, he was far better off than he ever had been before. One day the old man was sitting on the stoop of the new cabin his neighbors had built for him and along came a friend from down the road with a bag of oats on his shoulder. 'I want to give you these here oats, partner,' said the kind neighbor, setting the bag down on the front step. "'I ain't taking oats,' said the old boy. 'I ain't taking nothing but money.'"

MARY ANN SARCHET, wife of the new owner of the BRISCOE COUNTY NEWS in Silverton, says the world is divided into three groups: The small group who make things happen; the larger group who watch things happen; and the multitude who never know what happens.

ERNEST JOINER of the RALL BANNER is at odds with the "do it yourself" fad. Sez here: The "do it yourself" movement was set back 20 years at the Joiner manse Monday. I was assaulting an overgrown lawn with a shiny new mower, and became incensed at an unusually tall patch brought up by recent rains. I backed off for a run on it at the greatest possible speed. With full throttle I lowered my head and charged into the mess like a Jaurez bull into a covey of plectrodes. In my lust for a neater premise, I had completely forgotten the \$25 spent four years ago to erect a clothesline held up by a four inch steel pipe with a crossbar at one end. The top of my head hit the crossbar, snapping my spine so far back, I looked like a tripod sitting on the lawn. The doc and his X-rays indicate the neck isn't broken. About 12 hours a day in a head sling, with a five-pound weight tied to a rope at the other end and I'll be my normal 7' 2" in a couple of weeks. One friendly wag, on viewing me being pulled apart by the infernal contraption, opined that was "a real switch, getting my HEAD in a sling!"

FLOYD COUNTY HESPERIAN: The Little League is an illustration of the overdose of organization in baseball. In Floydada the organization of adults who are carrying on with baseball to give the kids something interesting and exciting to do have quit using the Little League, perhaps Pony League as well. Little League is organized to the hilt. Somebody in Seattle or Milwaukee, wherever headquarters is, sends instructions how you must organize, the kind of rules that must be adopted, when the season closes, where the winning teams goes to play whom, and to whom you must remit or get out and quit using the title of Little League. Several somebodies somewhere are having it soft off of those who are willing to be pushed around in the name of baseball for little kids.

WILLARD JONES in the HAMLIN HERALD: A distracted Hamlin mother reported a tremendous banging coming from the porch where her four-year-old son was playing and became alarmed. "Stevie," she called, "what are you doing?" "Nothing, Mom," he replied. "What are you doing it with?" she asked. "A guilty little voice replied, 'With a hammer.'"

Also from the HAMLIN HERALD:

ALD: The Japanese student was attending an American University and he was writing to his father in Tokyo about his new school. "An American University," he wrote, "is a vast athletic institution where, fortunately, some studies are maintained for the feeble-bodied."

MAX WADE in the GROOM NEWS: Homer Martin and John Hickox, fishing out at Bob Newton's lake last Sunday morning, were feeling a little guilty. John said to Homer: "I suppose we should have gone to church." To which Homer replied: "Well, maybe you should have, but I couldn't go because my wife is sick in bed."

MORE BUILDING AHEAD
 Now that the construction done by our company has been completed, we can sit back and see that many other building jobs are being carried out both by firms and individuals.

It looks like the "boom" for McLean predicted a number of months ago is coming off better than was even anticipated. The spotlight has switched, considerably however, from business building to home building. According to what I've heard, there should be a total of thirty to forty new residences built within the next year. This good news comes with the word that new industry may locate here after adequate housing is available.

I'd like to take this chance to congratulate the McLean citizens concerned for the progressive promotion carried out lately. It's really building a concrete future for the town.

VACATIONS AND TELEPHONES
 When you think of vacation, about this time of year, you probably think of fishing, swimming, visiting, or just plain relaxing at some nice vacation spot.

Well, I'm happy to say that more and more people are using the telephone to have more fun on their vacation trips.

Here's how it works (and you can do the same if you're one of the lucky people still looking forward to a vacation).

First, call ahead to make overnight reservations along the highway. This way, you can drive longer and still be sure of a place to stay.

I think you'll find that this "calling-ahead habit" will help you and your family have an even better vacation.

Why not give it a try? And remember, call station-to-station—it's about one-third cheaper.

TEN RINGS
 With backyard barbecues so popular nowadays, people are spending more and more time outdoors. So when you call your friends, remember it may be quite a run from the backyard to the telephone.

Give them time to make the dash by letting the telephone ring ten times.

Who knows? They may ask you over, too, for some of those hamburgers on the grill!

Call by number. It's twice as fast.

THIS WORLD IS NOT A HOME
By Jesse Leonard
Pastor First Baptist Church

A great preacher used to tell how he went around the world, preaching the Gospel. In almost every country of the world he saw mighty revivals and many people won to Christ. As he came to New York City he stood on the deck of the ship and looked out at America with the thrill that only a traveler knows when he sees the Statue of Liberty and the tall buildings of Manhattan. When they pulled into dock he spied a brass band and a big crowd and said, "Think of that; they have heard about my meetings and have turned out the band to welcome me home."

He was thrilled; he picked up his suitcases and started down the gangplank—but nobody said "Hello"; nobody took the suitcases; not a single instrument tooted a note; everybody ignored him. He went through customs; nobody met him. The wire he sent had been lost and nobody knew he was coming home. He got on the train and jogged across Pennsylvania and Ohio, and the farther he went the more he felt sorry for himself. You know, that is the Devil's biggest tool, to get beliefs feeling sorry for themselves. He was working on the preacher in that train, saying, "Look at you. You went and preached to the world; you won thousands of people to Christ; but when you get home nobody even welcomes you back." He picked up the newspaper and read that the brass band and the official greeter and the crowd were for the former President, Theodore Roosevelt, who had been in Africa hunting lions and came home with a few trophies. "I've been hunting souls, and nobody even said 'Hello' to me," he thought.

Crushed, feeling sorry for himself, self-pity surrounding him, he got off the train at Wilmore, Kentucky, and walked up the main street of that unique town. (And I use the word "unique" advisedly. It is a Latin word; the last part means "horse" and the first part means "one.") Walking up the main street, carrying his own suitcases, arms aching and heart aching with self-pity, he suddenly dropped the suitcases, raised his hands and shouted, "Glory to God; now I understand it. I'm not Home yet. When I get Home, they will turn out the band. When I get Home, the angels will be there to greet me. When I get Home, there will be a greeting. My dear Savior and Lord will be there. I'm still a stranger in this world; I don't have my new Home. When I get my new Home, it will be glorious. I'm not Home yet."

Neither are we. We are pilgrims and strangers and foreigners, and we are looking for a Home, the new Home, the Home of joy and accomplishment and completion. Are you ready for it? Do you know the One who had the keys of life and of death? Do you know Christ as your Savior? If you don't, then it is not your Home, friend. Let the unjust and filthy and the wicked stay that way, the Bible says. Let him that is holy, be holy still. Which are you? What have you done with Christ? What about your future?

young people wish them many joys through their married life, which they hope will be a long one.

L. O. Floyd and wife gave a very enjoyable dinner for the newlyweds on last Monday at 1 o'clock. The room was decorated with ferns, cherries and roses. The table was loaded to the limit with all kinds of good things to eat. Mrs. W. D. Biggers presided as "maid" and everything was served in the best of style. The guests present were the same as at the wedding, except for the addition of Mr. Appling and family.

WEDDING SHOWER
Mrs. S. H. Bundy gave a shower for the newly wedded Mr. and Mrs. Wayland Floyd Wednesday

afternoon. Many nice presents were received by them. Refreshments were served to the guests present, who numbered more than twenty.

Although Bryant Henry and his wife, nee Miss Rena Moody, left before their friends could give them a shower, they received a number of nice presents just the same. Friends of their sent a box of things to them Wednesday.

PERSONALS
J. R. Phillips was very delightfully surprised Wednesday noon when he came home from work. His wife had prepared a birthday dinner for him and had invited all of the relatives and a friend or two.

of Mr. and Mrs. Evan Sitter Thursday. They took a lunch with them and had a spread.

A crowd of married people enjoyed a birthday dinner at the home of R. S. Jackson and wife.

Mrs. Morse and little Miss Minnie went to Shamrock Thursday.

Sammie Cubine and Johnnie Back went fishing Thursday.

Miss Bertha Estes of Shamrock is visiting with the Sullivan family this week.

Mar and Mrs. J. I. Martindale and sons, Robert and Clifford, and Mollie Erwin visited in Amarillo Sunday in the Carroll Moore and Kenneth Mason homes.

Janiece Eudy of Amarillo is spending this week with her aunt and uncle, Mr. and Mrs. S. A. Cousins.

Oscar Bowers of Pasadena is visiting with his sisters, Mrs. J. B. Pettit and Mrs. Clate Peabody, and other relatives.

Mr. and Mrs. Rodney Gunn and children of Pampa spent the week end with Mrs. Odessa Gunn.

Mrs. Wes Langham and daughters of Pampa have been visiting their parents and grandparents, Mr. and Mrs. H. T. Miller and Mr. and Mrs. T. A. Langham, while Wes is at summer camp.

HENRY-MOODY
The many friends of Miss Rena and Mr. Bryant Henry were very pleasantly surprised when the report became current for town Sunday afternoon that these two young people were married. Friends were not expecting the wedding to take place soon.

Miss Rena Moody is the daughter of Mrs. L. Moody and a sister of the editor of this paper, a young lady much esteemed by all to know her.

Mr. Henry is a son of Mr. and Mrs. T. W. Henry of this city, a young man of clean life and high ideals.

These two young people were accompanied by Mr. Emmett Tompison and Miss Jessie Alexander to the home of Judge T. M. Wolfe shortly after 1 o'clock

where they were made man and wife.

The same afternoon the bride and groom left for Alarreed where they took the train for Dalhart, their future home.

FLOYD-JORDAN
At the home of the bride's parents, Mr. and Mrs. R. S. Jordan, Sunday evening at 6 o'clock, Mr. Wayland Floyd and Miss Maggie Jordan were married, Rev. Osborn officiating. Only the immediate relatives of the bride and groom were present.

This wedding comes as the culmination of a courtship that dates back to childhood days, when these two, neither more than ten years old, came to be pals and played together.

Mr. and Mrs. Floyd will make their home with the groom's parents, Mr. and Mrs. L. O. Floyd, for the present.

The many friends of these two
