

## 40 Years at the McLean News

### 'Wouldn't Trade Jobs' Claims Miss Eunice

by Bill Neal

Forty years ago this week a slender McLean girl fresh out of high school got a job at the McLean News. That was back in the days when country printers laboriously handset every letter of type that went into the paper.

Lots of changes have been made in these past 40 years and four publishers have come and gone, but "Miss Eunice" Stratton, backshop foreman and Linotype operator, has rarely missed opening up the office at 8 o'clock sharp every morning—even in the winter when she trudges to work through 10 blocks of snow.

Although "Miss Eunice" has never had a husband, folks here will tell you she's married all right—to the McLean News.

Working at the paper has been more than a mere means of support for the McLean woman. The oldest of eight children she began largely supporting the family on her modest salary when her father died in 1922. When the children were all grown and on their own, Miss Stratton's mother continued to live with her and did so except for short intervals until her death about a year ago.

"I wouldn't trade jobs with anybody," says Miss Eunice. "It's fascinating work to put out the paper even if it is hectic at times."

McLean News co-owner Charles Cullin claims Miss Stratton is the answer to a weekly publisher's prayer.

"She worries more about the paper than we do," he says. "During her summer vacation she periodically checks the office to see that the paper is on schedule."

The average country weekly of today with a type setting machine, four-page press, folder, addressing machine and other conveniences is a far cry from the McLean News of 1919. When Miss Eunice began work the shop consisted mainly of two small "job" presses (one news page at a time) and several cases of hand set type.

"My back still hurts when I think of picking out every letter of type from those drawers," she says. There wasn't even an address machine and the names and addresses of subscribers had to be hand written on each paper.

Just before the depression, the News bought the Linotype machine now in use, and Miss Stratton recalls that the owner had a time making payments during those lean years. She has been the sole Linotype operator (a highly technical and demanding job) since that time.

For relaxation, Miss Stratton plays the organ and piano. She has also been very active in church work all her life. For the past 30 years she has served as clerk of the McLean First Baptist Church.

"How did you get trapped with the hardest job in town anyway?" she was asked.

"I just needed a job and didn't know what I was getting into," was her reply.

John Gum of Canyon was a recent visitor in the Luther Petty home.

Mr. and Mrs. George Colebank spent last week visiting Mr. and Mrs. C. B. Lee and daughter at Dallas and Mr. and Mrs. Dan Cooper at Fort Worth.

Mr. and Mrs. Randy Mantooth of Amarillo visited with Mr. and Mrs. Odell Mantooth Sunday.

40 YEAR ANNIVERSARY—"Miss Eunice" Stratton, News back shop foreman and Linotype operator, celebrates her 40th anniversary at the McLean News this week. She has operated the Linotype machine shown above for the past 31 years. (McLean News Photo)

## LIONS CLUB SPONSORS BROOM SALE FOR BLIND NEXT TUESDAY

A broom sale next Tuesday with proceeds to help the Texas blind will be sponsored by the McLean Lions Club.

Headquarters for the "Texas Blind Shops Caravan" will be the vacant lot across the street from the McLean Post Office.

Every home will be canvassed, Ballard said, and he urged everyone to buy some useful item in order to help the blind.

## Moore's Open New Hotel Coffee Shop

Mr. and Mrs. Bill Moore, who recently purchased the Hindman Hotel from Mr. and Mrs. Morris Mullanax, have opened a coffee shop next door to the hotel lobby.

The coffee shop opened Wednesday, with a formal open house being planned for Friday. Free coffee and doughnuts will be served from 8 to 11 a. m. and from 2 to 5 p. m. The Moores have been in the cafe business for about eight years, and invite all their former customers as well as new ones to visit the new business venture.

## Music Boosters Club To Meet Monday

Fruit cake and coffee will be served Monday night, Oct. 5, at 7:30 in the Band Hall to all persons interested in becoming members of the McLean Music Boosters Club.

This club was formerly known as the Band Boosters, but the name has been changed to clarify that ALL parents of students under any musical direction of Jim Boyd, or any adult interested in boosting music in the McLean schools, is eligible to belong.

This organization proved to be worthy of its cause in the past, and last year raised money to give Mr. Cook a bandmaster's uniform, as well as to pay one-half the expense fees for ten students to attend the two weeks band camp at West Texas State College at Canyon. All seniors in the band were awarded band jackets, and other awards were given to the best rated band students, besides paying for other small band incidentals.

The expenditures of the club were financed through skeet shoots, a bake sale, fruit cake sales, and dues paid by members. Arrangements have already been made to handle Manor fruit cakes again this year, and also Mrs. Leland's Old Fashioned Golden ButterBites candy, sold in one pound kitchen canisters, will soon be on sale by band members. The students have worked as hard as anyone on sales for the club.

Jim Hathaway will act as president of the McLean Music Boosters; Mrs. Joe M. Burroughs, vice president; and Mrs. Clyde Andrews, secretary and treasurer.

The entire session was looking to the future and in particular the immediate future, or as it was referred to so many times, the golden sixties. Industry is being forced to expand for several reasons: more uses for their products, competition, transportation, taxes, available sites and labor troubles, and we could mention many more reasons. These reasons are enough to make any city see the potential they have

## Tigers To Host Canadian In 2-A Football Opener

### SMITH BABY RITES TODAY

Teresa Annette Smith, 6-week-old daughter of Mr. and Mrs. Ronnie Smith of Pampa died at 10:30 a. m. Sept. 30 in Highland General Hospital. She was born August 19, 1959, at Pampa.

Funeral services were held this afternoon at 2 o'clock at the Pentecostal Holiness Church in McLean. Miss Lois Daniels, pastor, officiated. Burial was in Hillcrest Cemetery under the direction of the Richerson-Lamb Funeral Home.

Survivors other than the parents are the paternal grandparents, Mr. and Mrs. Noah Smith of McLean; maternal grandparents, Mr. and Mrs. E. A. McPherson of Kellerville; and two great-grandmothers, Mrs. W. C. Capehart of Bonham and Mrs. J. L. Pulliam of Dewar, Okla.

### Project Committee For P-T-A Meets

The P-T-A project committee met Wednesday afternoon, Sept. 30. Erma Hester, project chairman, called a meeting of her committee to discuss plans for the year's projects. It was decided that there would be a sale of black and gold "Tigers" pennants and football-shaped balloons with "McLean Tigers" written on them. These items will be sold at the junior high and high school ball games this week.

Further plans were made for the variety show sponsored annually by the P-T-A to be held October 27 this year.

"The Wagon Train of Talent" will be M. C.'d by "Major" Sammy Haynes. Be sure to contact Erma Hester if you are interested in being part of the talent. School children should contact Jack Riley or Harold Bunch.

Merchants who are interested in donating prizes will be contacted soon. The prizes will be numbered inside of cracker-jack boxes which will be sold during intermission.

The public is urged to make plans now to attend the show.

Mr. and Mrs. Pete Fulbright were in Lubbock during the week end and visited with the Clyde Horrells. Mrs. Horrell and Mrs. Fulbright are sisters.

McLean's Tigers open District 2-A competition tomorrow night when they host the highly touted Wildcats of Canadian.

Going into the conference opener, the Tigers have a 2-1 record.

### Adult Business Classes Offered At High School

Freeman Melton, superintendent of schools, has announced that Monday night, Oct. 5, at 7:30 in the homemaking room in the high school a meeting will be held of adults interested in enrolling in a business course.

This meeting will serve as a survey to determine which course would be most desirable to those interested: shorthand, bookkeeping or typewriting.

If you wish to enroll in one of the above mentioned courses, please attend the meeting as it will be the only opportunity.

Mrs. Mary Tom Riley, business education teacher in high school, will teach the adult class. Mrs. Riley has been teaching in McLean High School for four years, and has recently completed her M. A. degree in business education.

### Mrs. Gardner Dies While Visiting Here

Mrs. Avell Gardner, foster mother of Mrs. Clyde Dwight and grandmother of Mrs. David Dwight of McLean, died Tuesday, Sept. 29.

Mrs. Gardner's home was in Electra but she was visiting in the Clyde Dwight home at the time of her death.

Funeral services will be held this afternoon at 2 o'clock in the Totten funeral home at

### Methodist Women Have Tuesday Meet

On Sept. 29 the W. S. C. S. of the Methodist church met in the church parlor.

Mrs. J. L. Hess was leader for the second lesson on People Land and Church. The meeting opened with the group singing Faith of Our Fathers. Those assisting Mrs. Hess with the program were Mrs. Cliff Day, Mrs. Bob Sherrod, Mrs. J. E. Kirby and Mrs. Evan Sitter. Mrs. Bradley dismissed with prayer.

There were eight members present.

## Small Town Industry Growth Seen

(Editor's Note: The following is a report by City Manager Dan Mize on the Texas Municipal League convention he attended last week.)

The Texas Municipal League and its nine affiliated organizations met in annual session this past week in Dallas. Your city manager was one of the 2200 who were fortunate enough to be in attendance. The Texas Municipal League exists only to keep the member cities better informed on current events that affect their member cities of Texas. Once each year an annual conference is held to further inform the personnel working for the cities of new and better ideas that are tried and proven. The session this year included addresses by men of several different professions. There were senators, representatives, highway commission chairman, industrial, planner, doctors, etc.

The entire session was looking to the future and in particular the immediate future, or as it was referred to so many times, the golden sixties. Industry is being forced to expand for several reasons: more uses for their products, competition, transportation, taxes, available sites and labor troubles, and we could mention many more reasons. These reasons are enough to make any city see the potential they have

with the proper use of the facilities that are available to them. The expansions are going to be in the next ten years in every direction.

In the conference we learned several things that we can do to help our citizenship keep pace with the fast changing times that are upon us now. We have seen in the past ten years how the people are becoming more urbanized. We have seen the small towns at the edge of the metropolitan areas mushroom in size; some of these changes have been "metabolized" overnight. We have learned that the American people like the quiet life that the smaller communities afford. We have seen industry move with the people to the smaller communities more in the past ten years than at any other time in history. In the next ten years we will see this more than in the past. But, there are things that we as a small community will be forced to do before we can reap and harvest from this vast urban move that is taking place at this time. Before industry or business can move into any community there are certain things that must be available to them. A few of these things are: good transportation facilities, adequate sites for plant locations, ample labor supply, attractive utility rates, low taxes, adequate recrea-

tion facilities for employees, cooperative city governments and citizenships. Then there are some special conditions that some plants have to consider before locating. Some of these are: available raw materials, geographic location and sometime product usage in the area. If the city is small, as ours is, then we will be limited somewhat on the size of industry that we can attract because of limited labor if for no other reason. I mention all of these things to better acquaint you with the fact that we all have a responsibility in the growth of our community.

We learned from industrialists themselves that sometimes first impressions of a community have a very direct bearing on location possibilities. First impressions can be formed from contacts with any individual in the community. The prospects for our area we believe are good. The outcome to a large extent will depend on all of us working together.

One other thing I would like to add to this summary is our appreciation to the council and the wonderful cooperation and friendship in the last six months since we have been here. This has helped tremendously to make our stay here and our work a pleasure.

McLean opened its campaign with a 32-16 victory over the AA Shamrock Irish and then followed with a 36-14 win over the Wheeler Mustangs.

Last week the gridders suffered their first defeat of the season when they fell to the Groom Tigers 12-0.

Canadian also will meet McLean with a 2-1 record. They opened with a 24-0 victory over Wheeler and followed with a 14-8 win over Shamrock. Last week they lost to the top-rated team in the state, Stinnett, by the margin of 18-0.

Coach Clifford Bradshaw's Tigers appear to have the stronger offensive unit, having piled up 68 points compared to 56 for Canadian. Defensively, however, Canadian has held opponents to a total of 26 points while the Tigers have allowed 42. This is also considering the fact that Canadian held Stinnett to only 18 points.

Strongly in favor of Coach Grady Burnett's squad will be weight. Linemen for the Wildcats average 178 pounds per man, an average of 18 pounds per player over the Tigers. In the backfield, McLean will be giving an average of 6 pounds per man.

By mutual comparison, the Tigers topped the Shamrock unit by 16 points while Canadian's margin was only 6. Against Wheeler Canadian won by a 24 point margin while McLean went 22 points ahead.

At the present time, Canadian and McLean are tied in 2-A conference play for second place while White Deer heads the list with a 3-1 record. Lefors, Panshandle and Memphis are still looking for the first victory of the season.

Clarendon found its first win last week in a dubious 8-0 win over the Class B Turkey Turks.

Came time is 7:30 p. m. at Duncan Field.

Mr. and Mrs. Bill Estes of Amarillo announce the birth of an 8 pound son on Sept. 22. He has been named William Earle. Grandparents are Mr. and Mrs. Ernest Duncan of McLean and Mr. and Mrs. Tom Estes of Amarillo, and great-grandmother, Mrs. Anna Duncan of Briceville, Tenn.

Mr. and Mrs. Don Trew announce the birth of a son on Sept. 30 at Highland General Hospital in Pampa. He weighed 7 pounds and 5 ounces and has been named Carter Lee. Grandparents are Mr. and Mrs. J. T. Trew of Alanreed and Mr. and Mrs. W. G. Carter of McLean. He has three great-grandmothers, Mrs. J. B. Pettit and Mrs. C. B. Trew of McLean and Mrs. J. H. Carter of Beggs, Okla.

Mr. and Mrs. Carroll Pettit of Long Beach, Calif., are the parents of an 8 pound, 12 ounce girl born Sept. 8. Janet Jeannine has three grandparents, Mrs. Mamie Pettit of McLean and Mr. and Mrs. A. M. Barcarfer of Shamrock.

### Culture Club Meets With Mrs. Gilreath

The Centennial Culture Club met Friday, Sept. 25, with Mrs. George Gilreath.

Mrs. W. E. Bogan demonstrated flower arranging. Delicious refreshments were served to 12 members.

The next meeting of the club will be with Mrs. R. T. Dickinson on Oct. 9.

40 Years Ago—

IT HAPPENED HERE

Taken from the Files of The McLean News, 1919

Week End Party

Mrs. Luther McCamb gave a week end party in honor of her niece, Miss Evelyn Fox of Post. The guest list included the following: Messrs. and Mesdames D. B. Veatch, C. L. Cooke, Luther Coffey and W. C. Montgomery; Mrs. Floy Getter, Misses Eva Lutz, Thelma Rogers, Vida Montgomery, Ruby Cook, Daisy Campbell and Jessie Alexander; and Messrs. Emmett Thompson, Erwin Rice, Bill Bundy and Dewey Campbell.

Mrs. Cooke Entertains

Mrs. C. L. Cooke entertained Friday evening of last week in honor of Miss Eva Lutz of Bloomington, Ill., who is visiting Mrs. Veatch.

Five hundred was the diversion of the evening.

A dainty ice course was served to Messrs. and Mesdames Luther Coffey, Luther McCombs and D. B. Veatch; Mrs. Floy Getter of New York City; Misses Thelma Rogers, Evelyn Fox of Post, Ruby Cook, Daisy Campbell, Mabel Watkins and Vida Montgomery; and Messrs. Dewey Campbell, Erwin Rice and Bill Bundy.

A SOCIAL

The Parent-Teacher Association invites the public to a social at the home of Mrs. John Sparks on Thursday afternoon, Oct. 9, at 4 p. m. An interesting program will be rendered and refreshments will be served.

Admission, 10c, or a free will offering, proceeds to be used for playground equipment.

The program is as follows:

CARD OF THANKS

I would like to thank all my friends for remembering me while I was in the hospital. Especially do I thank you for your prayers.  
Helen Simmons

MEMORIAM

In memory of Mother, Mrs. Lucinda Haynes, who passed away 24 years ago Sep. 27. Not lost to those who loved her. Not dead, just gone away. She still lives in our memory. More dearer, day by day.  
Her Children

Chicago came in Wednesday to visit Dolph Burrows.

Hancel Christian made a pleasure trip to Oklahoma City Thursday.

Mont Noel went to Clarendon Tuesday.

Mesdames Upham and Stanfield and Misses Mary Henry, Frankie Upham and Baby Ruth Stanfield motored to Clarendon Monday.

Ted Crabtree entered the A. and M. College at Stillwater Monday.

Mesdames J. M. and C. M. Carpenter motored to Amarillo Monday on business.

Mrs. W. B. Upham and Dwight and Fern went to Oklahoma City last Thursday.

W. C. Cheney and wife returned from Hot Springs Monday.

Duncan Graham and family and Dad Hindman went to Amarillo Monday.

Geo. Sitter and wife went to the sale south of Alanreed Wednesday.

Miss Bertie Fulbright left Sunday to enter the Canyon College.

Clyde Shavin of Alanreed was in town Wednesday on business.

Judge Hensley came down from Pampa Sunday.

Mrs. W. D. Biggers returned to Amarillo Saturday after a visit with home folks.

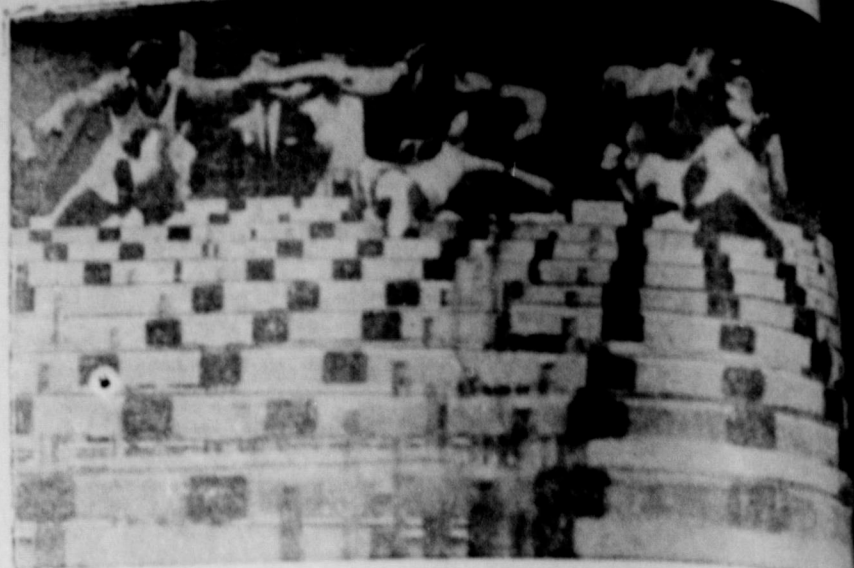

Mrs. Noel and Frances returned from Waco Saturday.

Miss Ruth Jordan went to Canyon Saturday to enter college.

W. C. Phillips and wife left Monday for Tucuman, N. M., to visit.

I. P. Evans and family and Mrs. J. E. Kirby and daughter went to Granite Sunday visiting.

John Sullivan and W. H. Peters motored to Alanreed Wednesday.

SEA OF OBSTACLES — Interpreted by the camera lens, rows of hurdles dangerous passage indeed for American and Soviet trackmen in a Philadelphia Kunitsov, second from left, from Russia, won this 110-meter event.

Here Friday from Chevrolet . . .

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that's new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance of its new Body by Fisher, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, it's got all the thrifty virtues that make it unmistakably a Chevrolet—with new economy of operation, new dependability new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the others can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, the solidly built new Body by Fisher surrounds you with finely tailored fabrics and spacious

elegance. There's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. Adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that

do an even more efficient job of isolating road shock and noise.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. There's also a choice of five other V8's and five transmissions, to assure the exact power combination to satisfy the itch in your driving foot. Chevy's accent on comfort and convenience even extends back to its easier-

to-load luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters out engine impulses more effectively than ever and new two-toning motif available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes . . . and that's to drop in on your dealer and drive one!

See your local authorized Chevrolet dealer

# Area Observations

... in TULLA  
... a thrill to  
... of a brand  
... to the quiet  
... and feel its  
... takes off with  
...  
... because of  
... and me-  
... which went in-  
...  
... the manufac-  
... to use ball  
... were slightly flat  
... assume that the

crankshaft was slightly off cen-  
ter. Assume that octane gasoline  
had been refined with less care,  
that it contained kerosene and  
possibly water. Assume that the  
metal which went into the engine  
had flaws. And assume that many  
of the working parts did not fit  
together perfectly.  
We would not have the smooth  
running machine which we are  
able to purchase from any of our  
automobile dealers.  
Our world society is made up  
of a number of machines—human

machines. This is true at the  
state and national levels, not to  
mention the international. But  
these human machines do not  
operate smoothly like our 1959  
automobiles. All around us we  
see discord and friction. Local  
government is often as turbulent  
as is a general session of the  
United Nations.  
Congress and our state legis-  
latures often behave like quarrel-  
some families. Clubs, churches,  
and other town organizations sel-  
dom run smoothly. Almost every  
community has its discord and

friction even as does the average  
family.  
Why is it we humans, with  
much more intelligence than a  
piece of steel with the power to  
reason and think, cannot work  
together like a smooth-running  
perfectly administered.  
The answer is found in the  
fact that we humans are all im-  
perfect like the flat-sided ball  
bearing, like the off-centered  
crankshaft, like the polluted gas-  
oline.  
IT ISN'T POSSIBLE to take  
imperfect individuals, put them  
all together, and come up with a  
perfect society. It just can't be  
done!  
It is impossible to assemble a  
governing body composed of men  
tainted with selfishness, lust,  
malice, and a thousand other  
Adamic traits, and expect that  
body to come up with a set of  
perfect laws, perfectly drafted,

perfectly administered.  
It is impossible to find a per-  
fect court, a perfect jury, or a  
perfect judge.  
And even if we could, we im-  
perfect individuals would be un-  
able to recognize one if we  
stumbled on to one.  
If perchance we found a per-  
fect man, no doubt we would  
crucify him!  
Yet we humans spend our  
days looking for perfection every-  
where but in ourselves.  
\* \* \*  
JOE B. POUNDS in the PECOS  
Enterprise: I notice Jim Roberts,  
editor of the Andrews County  
News, is wondering how a new  
dress policy for high school stu-  
dents at Kermit is going to work  
out this year. He wrote the  
following in his column in the  
Andrews paper recently:  
"We imagine a lot of us will  
keep a curious eye on that new

dress policy for high school stu-  
dents instituted this fall at Kermit  
High School.  
"The policy outlines what high  
school students may—and may  
not—wear to school.  
"For instance, girls may wear  
dresses or skirts and blouses, no  
tight-fitting sweaters, no low-cut  
dresses, and no trousers or shorts  
of any type.  
"And the boys may not wear  
sleeveless shirts. Shirts must  
be in trousers except for sports  
shirts designed to be worn on  
the outside. Belts must be worn  
in trousers; no T-shirts (under-  
clothing type) may be worn as  
shirts, no logger boots, and no  
grotesque haircuts will be per-  
mitted.  
"And they summed up the en-  
tire policy by stating, for both  
boys and girls: No odd regalia al-  
lowed that is worn to attract at-  
tention, or any type of clothing

that is not conducive to a good  
school environment . . . dress for  
any school-sponsored activity  
must be appropriate and in good  
taste for the occasion.  
"Before you get the idea that  
the Kermit school officials are  
tight-laced group of dictators, I  
might like to know that the ab-  
policy regarding dress for stu-  
dents was designed—not by school  
officials—but by Kermit par-  
ents."  
\* \* \*

WOLF CREEK PHILOSOPH-  
ER in OCHILTREE COUNTY  
HERALD:  
Dear editor:  
I was outside the other n-  
taking a close look at the m-  
and I'll have to admit it doesn't  
look any different now than it  
did before the Russians hit it.  
Still harmless and peaceful look-  
ing, sending down the sort of  
light that makes even a weedy  
pasture look lush and as well-  
tended as a country club golf  
course. Moonlight just natural-  
improves the looks of all pastur  
and most women.  
I haven't gotten very exci-  
about traveling to the moon, I  
about as close to it as I want  
be, as I suspect the moon is not  
like a Hollywood movie actress,  
looks a lot better and more glam-  
orous from a distance than close  
up, but what I started out to say  
was I've been wondering what  
the Russian farmers think about  
the Russian scientists planting a  
hammer and sickle on the moon.  
I can imagine a conversation  
between two Russian farmers sit-  
ing on the front steps under a  
full moon after a hard day's  
work, going something like this:  
"Say, J. Asky, did you know  
Mr. Khrushchev has sent a ham-  
mer and sickle up to the moon?"  
"Whose hammer and sickle?"  
"What do you mean, whose?"  
"I guess it was his?"  
"Why didn't he use mine?"  
"I'd have been glad to let him  
have mine."  
"Yeah, but if they'd sent your  
hammer and sickle to the moon,  
how'd you work tomorrow?"  
"That's what I'm talking about.  
I'd have been glad to let them  
have mine."  
Yours faithfully,  
J. A.

as different as night and day!

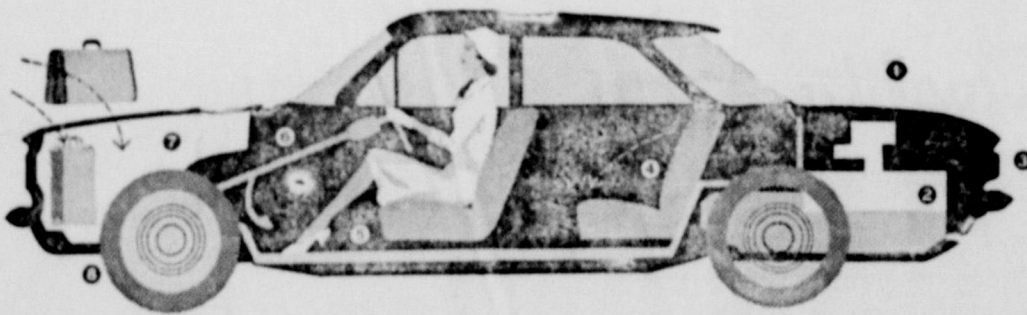

## THE REVOLUTIONARY Corvair BY CHEVROLET

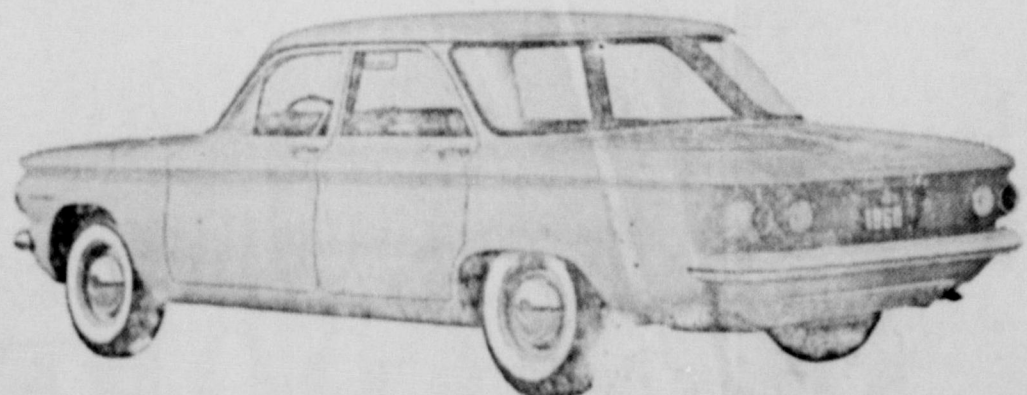

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair. The product of nine years of research and development, it's America's first truly compact car that retains the ride and 6-passenger comfort you're used to in a big one. The key to this small miracle: America's only rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit. With the engine in the rear, the Corvair's floor is virtually flat, front and rear, so there's plenty of foot room for everybody. Combined with Corvair's unique body-frame construction by Fisher, this provides interior spaciousness comparable to many postwar conventional-sized cars. Shifting engine weight to the rear also makes for easier compact car handling and gives glued-to-the-road traction on ice, mud or snow. And with independent suspension at all 4 wheels—an advance comparable to the independent suspension of front wheels years ago—you get a poised, unruffled ride that rivals even the costliest cars. These are all things no front-engine compact car can give you. And with them you get outstanding economy and practicality that would never have been possible if Chevrolet engineers had been content to make the Corvair merely a sawed-off version of a big car. Corvair's size—some 5 inches lower, 2½ feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular. And, because the engine's air cooled, you never have to fuss with antifreeze, you get quicker warmup (even heat for passengers comes—almost instantly—from an airplane-type heater\*). Wonderfully practical, yes. But you'll find the most practical thing of all about Corvair is its remarkably low price. Your dealer's the man to see for all the short, sweet details.

America's only car with an airplane type horizontal engine!  
America's only car with independent suspension at all 4 wheels!  
America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

You have your choice of two Corvairs—this one's the standard model.  
See your local authorized Chevrolet dealer

- 1 REVOLUTIONARY TURBO-AIR 6  
Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts. It's the world's first production 6 with the ultra-smooth, space-saving power of horizontally opposed (not vertical or V-stroke) pistons.
- 2 ONE-PACKAGE POWER TEAM  
Wraps rear engine, transmission and differential into one compact unit. Takes less room, leaves you more.
- 3 STYLING—PURE AND SIMPLE  
Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.
- 4 FOLD-DOWN REAR SEAT\*  
Works instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.
- 5 FLAT FLOOR  
Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.
- 6 UNISTRUT BODY BY FISHER  
Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.
- 7 UNDER-HOOD LUGGAGE COMPARTMENT  
Trunk's up front (like an elephant's) where it's convenient for groceries, shopping bags, luggage.
- 8 4-WHEEL INDEPENDENT SUSPENSION  
There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.  
\*Optional at extra cost.

GOOD HEALTH TO ALL FROM REXALL

**Pre-Nuptial Shower Given in Honor of Claudia Turner**

Claudia Turner of Lubbock, bride-elect of Don Godfrey, was honored with a bridal shower in the home of Mrs. Pete Fulbright Tuesday, Sept. 22, at 7:30 p. m.

Linda Grimsley was in charge of the bride's book for registration of guests and gifts. Background music at the piano was furnished by Marilyn McElroy, Janice Saunders and Donna Fultz.

The white embroidered cloth covered table was centered with an arrangement of white and

orchid dahlias and white tapers in crystal. Mrs. Bernard McClellan, assisted by Mrs. Raymond Guyton, poured spiced tea and coffee from a lovely silver service. Cookies, mints and nuts completed the refreshments. The napkins were embossed in gold.

Corsages of red roses were presented to Claudia and Mrs. Ernest Godfrey, mother of the groom, by the hostesses, who were Mesdames Fulbright, McClellan, Guyton, Bob Willoughby, Wayne McElroy, Harold Butrum and Leon Crockett.

A treasure hunt by the bride and groom-to-be preceded the presentation of a large array of gifts which they opened and displayed to the guests. Out-of-town persons sending gifts were Mesdames Marvis Godfrey of Sherman, H. W. McCafferty and George Mattson of Colorado Springs, Colo., T. R. Bumpass and Tommy Bumpass, and Miss Lana Bumpass of Lubbock.

**WSG Meets Monday For Program**

"The Day My Religion Meant the Most to Me" was the title of an article written by Mrs. H. A. Longino, and presented to the Wesleyan Service Guild in program form Monday night by Mrs. S. A. Cousins in the parlor of the Methodist church.

Inspiration was attained also by the devotional by Mrs. Shelton Nash. Both Mrs. Cousins and Mrs. Nash portrayed the ideas presented in Mrs. Longino's article in a beautiful fashion. The article concerned the Christian and human experiences of the Longino family after the death of their son, Ray, in the Korean conflict.

Eighteen members and two

guests, Mrs. Jim Boyd and Mrs. Emory Crockett, were served refreshments by Mrs. Sinclair Armstrong, hostess.

**Mrs. Gudgel Given Birthday Party**

A surprise birthday party was given Monday night honoring Mrs. John Gudgel. She was working at her cafe and thought everyone had forgotten her birthday. When the cafe filled up with friends, she still suspected nothing. But at 8:10 p. m. a large 3-tiered birthday cake was brought in by Mrs. Ewing Smith and the gifts followed. Mrs. Gudgel was completely surprised. Those present were Mr. and Mrs. Ewing Smith, Mr. and Mrs. Chester Northcutt, John Gudgel,

Mrs. Betty Rigby, Mrs. Irene Ledbetter, Mrs. Clyde Willis, Mrs. Charlie Eudey, Shirley and Mary Gudgel, Judy Smith, Gayle Griffin, Sharon Smith, Roy Morris, Vesta and Johnny Rigby, Jimmy Northcutt and the honored guest.

When a new lighthouse was erected on a dangerous shore off a wild stretch of coast in the Southwest, a couple of Eskimos appointed themselves "sidewalk superintendents." They studied every detail of the construction and, when the lighthouse began functioning, were constantly on hand to watch operations. One night a heavy fog blew in. One Eskimo turned triumphantly to the other. "I told you white hand to watch operations. Then igloo builder no good," he exulted. "Light shine, bell ding-dong, horn woo-woo, but fog come rolling in just the same."

Better let us winterize your car before "Old Man Winter" comes rolling in.

HUMBLE Presents... THE NEW TIRE of this generation!

**ATLAS BUCRON TIRES**

Ride easier than any other tires

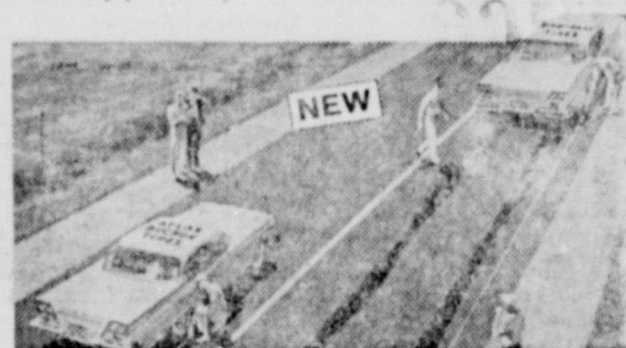

Ordinary tires "bounce" . . . multiply bumps and jars. Atlas Bucron Tires smother "bounce," give shock-absorbing ride.

**SOAKS UP BUMPS AND JARS!** You notice bumps with ordinary tires because the rubber "bounces." The miracle new rubber in Atlas Bucron Tires smothers "bounce." Your car rides like the day you bought it, steers easier, handles better.

**POSITIVELY NO SQUEAL!** The new Atlas Bucron Tire grips the road so well you can't make it squeal. The secret is in the miracle new rubber of the tread.

**SAFER!** Stops 30% quicker than ordinary tires. Tested against other tires, the Atlas Bucron Tires stopped 30% quicker—often the difference between a safe stop and an accident. Atlas Bucron Tires will stop quicker on wet pavement than ordinary tires on dry.

HUMBLE OIL & REFINING COMPANY

Trade Now for a set of these amazing new tires. Ask for a demonstration ride—you'll be amazed! Then talk trade with your neighbor under the Humble sign. The price is less than you would think, and terms are available. Equip your car with Atlas Bucron Tires on all four wheels.

GUARANTEED BY HUMBLE

Humble guarantees the Atlas Bucron Tire against all road hazards for 18 months. Adjustment is based on months of service. Guarantee is honored by 38,000 Atlas dealers on service station driveways throughout the United States and Canada. (Note: All Atlas dealers do not carry Atlas Bucron Tires, but all will make adjustment under the guarantee.)

## SLOW MOTION PICTURE OF HIGH SPEED DEATH

This is the slow motion, split second reconstruction of what happens when a car, traveling 55 miles an hour, crashes into a solid immovable tree in the roadway.

1-10 of a second—The front bumper and chrome "frosting" of the grillwork collapse. Slivers of steel penetrate the tree to depths of one and a half inches and more.

2-10 of a second—The hood crumples as it rises, smashing into the windshield. Spinning rear wheels leave the ground. The grillwork disintegrates. The fenders come into contact with the tree, forcing the rear parts to splay out over the front doors. In this same second tenth of a second, the heavy structural members of the car begin to act as a brake to the terrific forward momentum of the 2½ ton body. But the driver's body continues to move forward at the vehicle's original speed. This means a force of 20 times gravity; his body weighs 3200 pounds. His legs, ramrod-straight, snap at the knee joints.

3-10 of a second—The driver's body is now off the seat, torso upright, broken knees pressing against the dash board. The lastic and steel frame of the steering wheel begins to bend under his terrible death grip. His head is now near the sun visor. His chest above the steering column.

4-10 of a second—The car's front 24 inches have been completely demolished, but the rear end is still traveling at an estimated speed of 35 miles an hour. The driver's body is still traveling at 55. The half-ton motorblock crunches into the tree.

5-10 of a second—The driver's fear-frozen hands bend the steering column into an almost vertical position. The force of gravity impales him on the steering-wheel shaft. Jagged steel punctures lung and intercostal arteries. (Blood spurts into his lungs.)

6-10 of a second—So great is the force of the impact that the driver's feet are ripped from his tightly laced shoes. The chassis bends in the middle, shearing body bolts. The driver's head smashes into the windshield. The rear of the car begins its downward fall, spinning wheels digging into the roadway.

7-10 of a second—The entire, writhing body of the car is forced out of shape. Hinges tear. Doors spring open. In one last convulsion the seat rams forward, pinning the driver against the cruel steel of the steering shaft. Shock has frozen his heart. He is now dead.

TIME ELAPSED—7-10 of a second.

## WALTER ROGERS REPORTS To the People

### Washington and Khrushchev

Everyone seems to be writing about Khrushchev's visit to the United States. There is little more that can be said which you have not already heard or seen. However, there are a few items in which I thought you might be interested. One is a story which was carried in the Washington Evening Star. A comparison was being made of the different news accounts of Khrushchev's arrival, as written in the different countries. The Evening Star had the following observation in its story:

"According to an Associated Press Dispatch from Moscow, ISVESTIA, the Soviet government newspaper, reported to the Russian people: 'The bulk of the Washington population (waving handkerchiefs and flags) are employees of the government and private firms. There are very few workers.'"

We do not know whether the few workers referred to had reference to some of those employed by the government, those employed by private firms, but if the reference was to the latter, it would indicate that there are no workers in the Soviet Union, since there are no private firms and everyone is an employee of the government, directly or indirectly.

I do not know whether this story was carried in other papers, but it was carried in Washington only in the paper referred to, and I have seen no reference to it since. Since there are so many government employees here, perhaps there was some fear that someone might get offended.

Another item which should be explained has to do with the adjournment of Congress. There seemed to be a feeling in many quarters that the Congress was rushing toward adjournment in order to avoid being in session when the Russian premier came to town, and having to face the decision of whether or not to invite him to address a joint session of the Congress. Such was not the case at all. There were some members who felt there should be a joint session and that Khrushchev should be permitted to address it in order for the members to have a firsthand look at the head man in Russia. However, these were private opinions and had nothing to do with the business of Congress. The Congress had been working diligently in an effort to try to adjourn in the early days of August. However, the work at hand did not permit this. Once this was realized, every effort on the part of the members of the House and Senate was aimed at trying to adjourn at the earliest possible time. This was certainly indicated by the fact that once we got to where adjournment was in sight, we stayed in continuous session all night long in order to get it done. The end came shortly after 6:00 a. m. on the morning of September 15. I can assure you that every member of Congress was happy over adjournment and was ready to go home. Speaking for myself, I was happy that the all-night session was over, because I am not qualified as

Miss Ann Cooper of Tucumcari, N. M., spent the week end with her grandparents, Mr. and Mrs. George Colebank.

Mrs. W. N. Pharis, who has been visiting her sister in Waco, was in Fort Worth last Monday to attend the funeral of her nephew, Woody Beckham. She returned to Waco for a longer visit.

### CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

est finesse. The plain-clothes people have done a splendid job, as well as the uniformed officers. Every precaution has been taken to avoid any incident that could catapult this country into or near an armed conflict. The people themselves have displayed the traditional dignity and courtesy for which this country is famous. They have conducted themselves in a manner exemplifying the splendid training of a good mother and father in a family atmosphere. I am sure that the same manners will be exhibited in other areas of the country.

### Local Gin Installs Moss Lint Cleaner

Of interest to cotton growers throughout this immediate area is the announcement that the McLean Gin has installed one of the famous Moss lint cleaners in its plant. The Moss machine is recognized as the most efficient linting equipment made. It will be glad to know that it can be raised a full grade more when lint cleaned by the Moss. The McLean Gin as it's cleaned as it's lint cleaner in operation. If you have not seen it, urged to go by the McLean bale when it's Moss lint

YOU CAN GET MORE FOR YOUR COTTON

...WHEN YOU GIN WITH US!

We have installed the famous -

**MOSS LINT CLEANER**

- ★ To raise your cotton a full grade or more!
- ★ To make you more dollars on every bale!
- ★ To give you uniform staple length and better color!
- ★ To keep your lint loss at a minimum!
- ★ To comb your cotton as it's cleaned as it's bloomed!

McLEAN GIN

**ELECTRIC CLOTHES DRYERS ARE SAFE**  
 No fumes — no dangers of explosion.

**ELECTRIC CLOTHES DRYERS ARE FAST**  
 No scorching — no yellowing — just the best drying.

**ELECTRIC CLOTHES DRYERS ARE CLEAN**  
 Your clothes stay as clean as they came from the washer. Your clothes look cleaner — smell cleaner — are cleaner.

**ELECTRIC CLOTHES DRYERS ARE HEALTHFUL**  
 You can dry clothes in any kind of weather — no going out on cold, damp, blustery days to hang clothes or bring them in.

**ELECTRIC CLOTHES DRYERS ARE CONVENIENT**  
 Clothes can be dried any time — day or night, regardless of weather of any other conditions. No need to lift and carry heavy baskets of clothes.

**ELECTRIC CLOTHES DRYERS ARE ECONOMICAL**  
 They cost less to buy — less to install — and less to maintain. You save dollars — not pennies — with an electric clothes dryer.

# Personal

Mrs. H. A. Longino visited her brother, W. C. Simkins, and other relatives in Okemah, Okla., from Friday through Monday.

Mrs. J. B. Pettit left Sunday for an extended visit with her sisters and brothers in Henderson, Tenaha and Houston.

Mr. and Mrs. Charlie Vineyard and children moved back to McLean from Shamrock Saturday.

Rev. Jack Riley is in Spearman this week teaching in the Methodist Leadership Training school.

Rev. and Mrs. J. Edwin Kerr, Mrs. E. J. Windom Sr. and Rev. Kenneth McCall attended a Presbytery meeting in Tulla last Thursday.

Mr. and Mrs. Bazel Pettit and children, Sharon and Gary, spent Sunday with the Wheeler Carter family.

Mr. and Mrs. Tracy Cooper, who have recently moved from Anaheim, Calif., to Amarillo, visited in the H. W. Harlan home Saturday afternoon.

Mr. and Mrs. Cliff Callahan and children, Debbie and Allison, of Amarillo spent the week end with their parents, Mr. and Mrs. C. P. Callahan.

Mr. and Mrs. Ed Lander of Ft. Smith, Ark., visited the N. A. Green's one day last week.

Mrs. Bonnie Scott of Canyon spent the week end with her sister, Mrs. Charles Cousins, and Mr. Cousins. Other guests in the Cousins home were the Graham Reeves family of Pampa.

Mr. and Mrs. Gilbert Stribling and children of Mesquite were week end guests in the Odell Mantooth home. The Ricky Mantooth family of Canyon visited with them Friday.

Mr. and Mrs. Frank Massey of Amarillo visited with their aunt, Mrs. W. M. Tibbets, last Thursday.

Mrs. Martha Aldridge was in Amarillo Saturday.

Miss Bonita Bailey of Albuquerque, N. M., and Dave Brouder of Amarillo visited in the Bill Bailey home Saturday.

Mr. and Mrs. Jack Hielt of Shamrock spent Sunday with Mrs. W. M. Tibbets.

"Does he know 'Goin' Home'?"

## fresh point of view...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

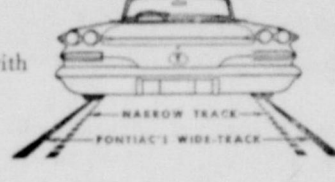

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

## The Armchair Quarterback

Even though McLean had a rest last week if any of you paid any attention you'd noticed that your old seer hit six out of six on the nose. Yessir! brought up the old average some. I now stand with an admirable percentage of .750, which is something very few of you whipper-snappers sittin' around drinking Rexall coffee can do.

And if you're wondering about the other 2-A teams, most of them aren't looking half as good as my Tiger lads.

White Deer leads the pack right now but just because they've played one more game. They have a 3-1 record. McLean and Canadian are tied for second with 2-1 records. Lefors, Panhandle and Memphis all have a pitiful 0-3 mark and Clarendon finally won one for a 1-3. They had to go clean to Turkey and whip a few lantern-jawed farm boys 8-0 to get their first one in the black column.

And get this one!—McLean still leads the district in scoring. Pretty tough, these boys are.

But I figure you're ready to find out how tomorrow night's games will come out so I'll get on with the forecast.

Cosch Bradshaw's boys will have to puff a while against the big Canadian team, but they will manage three touchdowns and add two conversions for 22 points and hold back the Wildcats to two touchdowns and one conversion for 14. So that's it! McLean

22 and Canadian 14.

And for the rest of 2-A, here's how they'll go:

Panhandle 14 Clarendon 7  
Lefors 27 Memphis 8  
White Deer Open

A few of you red-necks have persisted in horsin' around with my predictions, so I'll put it in print and tell you for sure, if anybody can beat me on 2-A forecastin', they'll have free coffee for one solid week. Just be sure you mail 'em to me in time to print so there'll be no denyin' who is the tops in this business.

## News From ALANREED

By MRS. CECIL CARTER

Visitors in the F. B. Carter home Sunday were Mr. and Mrs. J. E. Sikes and Mr. and Mrs. Raymond Dalton and Jimmy of Pampa, Mr. and Mrs. F. L. Dal-

ton and family and Mr. and Mrs. John Ensley of McLean, Mr. and Mrs. Cecil Carter of Alanreed and Mr. and Mrs. Harris Ray and Jeanette of Earth.

# PUCKETT'S GROCERY & MARKET

It's a PROVEN FACT that the FORWARD PROGRAM will

- Deepen spiritual life of our church
- Enlist more tithers
- Increase income for all causes

The First Baptist Church of McLean will be engaged for the second time in the Forward Program of Church Finance October 11 through November 8. The program proved very beneficial to the church budget the past year. The church expects even greater results this year.

Some of the highlights of the program will be men of the church giving their testimonies concerning tithing; the Loyalty Dinner October 28 at the American Legion Hall, with Bob Dowell of Amarillo serving a ham dinner and the church paying the bill. There will be parties for the children, and everyone will be given an opportunity to help subscribe a weekly budget of \$641.00.

The program will get underway next week with the mailing of a Baptist Newsletter and the Loyalty Dinner invitations and reservation cards.
