Just Between Us

The New March of Dimes now drawing to a close and the Muscular Dystrophy Fund drive staged a few weeks back by McLean volunteer firemen have been a heartening experience for us.

And the two efforts show beyond a doubt the people of McLean are generous, and are not the kind to shirk responsibility.

Frankly, we had our doubts when the MOD began as the New Year started that the drive could come near its goal.

But, you know, we're beginning to wonder.

At last report there was nearly \$1,100 in the March of Dimes fund and that's not far below the goal of \$1,300. It appears at this writing that McLean certainly will surpass the amount contributed to the MOD a year ago, even if the total does fail to reach the assigned figure.

In our opinion, the contributing of almost \$1 per capita to any single fund is remarkable—especially this soon after the Christmas-buying season.

Add the more than \$400 given by our citizens to the Muscular Dystrophy campaign, the many contributions to the Salvation Army and the dollars upon dollars handed to the unfortunate passing through McLean and you've got a pretty sizeable sum going for charitable purposes each year.

Our volunteer workers, as well as the contributors, are to be heartily commended for a job well done.

That trip to the mountains of Arkansas last week was enjoyable for all the Sheltons, and it wasn't an easy task to load Becky and Susan into the car for the return home.

The reasons: A horse, two Siamese cats, a Pekinese, a Dachshund, two guinea pigs, a flock of pigeons, chickens, a host of relatives and an aquarium filled with gold fish.

While there, we had an opportunity to threaten suit against the hometown editor whose headlines about two former residents (one of them this writer and the other a cattle rustler) got mixed up in the rush to meet a deadline.

She, the editor, wrote this nice big story about us when we purchased The McLean News. Unfortunately, in the same issue there was an article about another man—the rustler—who once lived in our hometown of Perryville.

Headlines for both stories were set in two-column type and both began with "former."

You can guess the rest.

Left on our desk by "Anonymous."

TIGERS TAKE LOOP VICTORY AT MEMPHIS

BULLETIN
McLean High School Supt. Lee Welch announced shortly before noon today that the Tigers' and Tigerettes basketball games scheduled next Tuesday night at Quail have been cancelled.

McLean's sharp-shooting Tigers salted away their second District 2-A victory in three starts with a 50-41 decision over Memphis Tuesday night.

The Tigerettes, after leading through most of their battle with the Memphis sextet, saw their chances for a triumph fade as the hosts stormed ahead for a final 30-28 margin.

Another big test looms for both McLean squads here Friday, when Canadian comes calling to end the first round of district action.

The girls will open the evening at 7 p. m.

Meacham Has 22
Joel Meacham hit 11 of 14 field goal tries Tuesday night in leading the Bengals to their victory. He ended the evening with 22 points.

Kenny Willingham had 12. Memphis fought the Tigers on even terms in the opening period, which ended in a 14-14 deadlock. But McLean pushed ahead with 13 points in the second quarter to make it 27-21 at intermission.

At the end of three periods the (See TIGERS, Page 5)

Pancake Supper Will Be Held by Lions; Date Not Yet Set

A five-man committee was appointed Tuesday to begin making plans for a Lions Club-sponsored pancake supper.

Named by President Sammy Haynes at the Lions directors breakfast, the committee will set a date and make other arrangements for the event.

Committeemen are Oba Kunkel, Jim Weatherford, Jim Hathaway, Johnny Haynes and Harvey Taylor.

Money raised by the pancake supper has been earmarked for paying the club's queen expenses at the Lions district convention.

T. Elmo Whaley, secretary of the McLean Lions Golf Association, presented a financial report to the directors showing \$1,050.78 in the treasury.

To Improve Course
Directors authorized the association to spend the money for improvements at the golf course.

Club Secretary S. A. Cousins reported the Lions had a total of \$51.54 in the bank on Dec. 31.

Jimmie Don Morris disclosed that the club made \$111.22 profit in the recent U. S. Flag sales project. Morris was chairman.

Cousins was authorized to set a date for the club's annual broom sale next fall. Probable date will be the first Tuesday in October.

'Galaxy of Beauty' to Be Monday Night

"Galaxy of Beauty" will be the theme of next Monday evening's annual contest to choose the McLean High School beauty queen.

The affair will be held at 7:30 p. m. in the high school auditorium. Admission is 75 cents for adults and 50 cents for children.

Out-of-town judges will choose the beauty queen and two runners-up from among 30 contestants, representing the four high school classes.

Contestants are sponsored by McLean businesses which purchased advertisements in this year's high school yearbook.

GOOD PRODUCTS: Edward H. Hellstedt (right) of Chicago, Ill., supervisor of the Sears, Roebuck and Co. brassiere and girdle department, examines products of the Marie Foundations here during a recent visit at the local factory. Assisting Hellstedt are Tom Greenwood, factory production superintendent, and Mrs. Wallace Grimsley, forelady. Hellstedt said he was "well satisfied" with the McLean-made products. The local factory is one of the top suppliers of brassieres, girdles and related products for Sears. (Staff Photo)

Mercury Drops To Low of 10

The McLean area remained locked in a deep-freeze today, although the low temperature this morning was above that for Wednesday.

Pete Fulbright, local weather observer, reported a low overnight reading of 15 degrees, compared with a bone-chilling 10 recorded Wednesday morning.

Weathermen called for the cold wave to continue at least through Friday, and forecast possible snow flurries and some scattered rain for portions of the Panhandle.

At mid-morning the sun was shining brightly over McLean.

The frigid cold moved in on Tuesday, causing the mercury to plunge.

High of 26
Tuesday's high was 26 degrees, recorded early in the morning, and the low was 18. Temperatures continued to skid through Tuesday night, giving the Wednesday low of 10.

A brief cold snap had dropped the official thermometer here to (See WEATHER, Page 5)

Cemetery Roads To Be Hard-Surfaced

The city commission has approved the paving of roads in Hillcrest Cemetery.

In a called meeting last Thursday, aldermen authorized the laying of four inches of base material before hard-surfacing work begins.

Attempts will be made to complete the project as quickly as possible; however, bad weather may delay the paving until spring.

The Hillcrest Cemetery Association will pay part of the paving expenses.

Members of the commission also issued a formal call for a city election on April 4. Voters will elect a mayor and two aldermen.

Positions to be filled are now held by Mayor John C. Haynes and Aldermen Ruel Smith and Creed Lamb Jr.

Deadline for filing was set for March 4.

Absentee voting will begin 20 days before the election and close three days before.

Two Housing Units Not Yet Occupied

Only one two-bedroom unit and a three-bedroom unit remain unoccupied in the federal housing project recently completed in McLean, Mrs. Wilma Banks, housing authority secretary, said this week.

Twelve of the low-rent units were constructed to relieve the housing shortage here.

'ROAD ANGELS' CLUB FORMED

Jim McDonald was elected president and "The Road Angels" was picked as the name of a new organization for young auto enthusiasts Monday night.

Serving as vice president is Lloyd Debee, while other officers include Dickie Jack Smith, secretary; Larry V. Smith, treasurer; James Harris, reporter; and Robert McDonald, sergeant-at-arms.

Creed Lamb Jr. and Jack Shelton were chosen as sponsors.

Among other business discussed at their organizational meeting, members of the club set \$2.50 per month as dues, subject to increase if additional funds are needed to meet expenses.

Meetings will be held each Monday evening, and McDonald invited youths interested in joining to contact him or other members of the organization.

Auto Licenses Go On Sale Wednesday

Auto licenses for 1961 will go on sale next Wednesday, Feb. 1, in the deputy assessor-collector's office in city hall, it was announced this week.

Persons purchasing the new licenses must take their car title and license receipt with them to the assessor-collector's office.

Deadline for purchasing the new license is March 31. Penalty for buying the license after that date is 10 per cent.

Photographing Of Children Saturday

This Saturday is the big day for photographing local and area youngsters!

The McLean News is having pictures taken of all children—free of charge—brought by their parents to the American Legion Hall between the hours of 10 a. m. and 5 p. m. Saturday.

The News wants pictures of all area children to print in its forthcoming feature, "Citizens of Tomorrow," a series of photographic studies of local youngsters.

Make Appointment
All mothers and fathers are urged to cooperate by making an appointment for the photographing of their children. Appointments may be made by telephoning Mrs. Jack Shelton at the McLean News office (GR 9-2447).

The more pictures made, the better the series will be.

There is absolutely no charge or obligation for taking the pictures. Parents don't even have to be subscribers to The McLean News—or even readers.

There is no requirement for purchasing of any of the pictures either, although additional prints may be obtained by arranging direct with the studio representative.

\$1,050 Collected For Local MOD

Contributions to the New March of Dimes in McLean reached \$1,050 Monday night during the mothers March, and Chairman B. J. McCartney expressed confidence the total given this year would surpass that in 1960.

Braving chilly temperatures, local mothers conducted their annual march all across the city Monday evening, and their efforts added \$272.96 to the MOD fund.

Mrs. Guy Beasley was Mothers March chairman.

Just two days earlier the "Bucket Brigade," headed by Mayor John C. Haynes, netted a total of \$378.82.

Volunteer workers carried buckets along the main city thoroughfares during much of last Saturday, and motorists contributed generously.

Members of the Lions Club worked on the west lanes of U. S. 66, while local members of the Company E 142, First Battle Group—Shamrock National Guard unit—were busy on the east lanes.

Last Friday, \$30 more was added to the campaign with the sale of peanuts at McLean High School and Grade School.

Coffee Days' Help
The canisters placed at the Marie Foundations factory were turned in to McCartney and yielded \$18.52 for the MOD.

"Coffee Days" held at four local firms brought in several dollars more.

Totals for the coffee sales were: Hotel Hindman Coffee Shop, \$8.00; Brown's Rexall Drug Store, \$14.64; Greyhound Drug, \$3.55; McLean Cafe, \$10.60.

McCartney said every effort would be continued to reach the \$1,300 goal set for the McLean MOD. However, no other events are planned.

Mothers March Women
Canisters will remain in businesses over the city until the drive ends Jan. 31.

Women participating in Monday's Mothers March were: Mrs. Beasley, Mrs. Guy Hester, Mrs. Lee Welch, Mrs. H. F. Fabian, Mrs. Bill Reeves, Mrs. Creed Lamb Jr., Mrs. Lonnie Day, Mrs. Kenneth Thornton, Mrs. Spencer Sitter, Mrs. Jimmie Morris, Mrs. R. L. Brown, Mrs. Emory Potter, Mrs. Jimmy Shelton, Mrs. Bob Willoughby, Mrs. Bob Parrish, Mrs. George Saunders, Mrs. Wilma Goven, Mrs. Richard Back, Mrs. Bob Ayres, Mrs. Bernard McClellan, Mrs. Troy Corbin, Mrs. R. C. Parker, Mrs. Leslie Darsey and Mrs. A. L. Fuller.

Guests at Wheeler

Three couples from McLean were guests at the Wheeler Chamber of Commerce installation banquet last week.

Representing McLean were Mr. and Mrs. Ruel Smith, Mr. and Mrs. Creed Lamb and Mr. and Mrs. O. G. Stokely.

CENSUS WILL END TUESDAY

Next Tuesday brings to a close the annual school census in McLean, and Supt. Lee Welch this week urged all parents to make certain their eligible children are counted.

State law requires that all youngsters living in this district be enumerated annually, if they are 6 years of age by Sept. 1, 1961, and are not over 18 on that same date.

Mrs. Guy Beasley was employed by the board of education to conduct the census in the McLean school district this month.

All Should Be Counted
The enumeration began on Jan. 1 and will continue through Jan. 31.

Supt. Welch called on parents of children who have not been counted to contact him or Mrs. Beasley.

He stressed that the amount of education assistance the district receives is determined by the number of children enumerated in the census.

Each child counted will mean approximately \$75 to the district in the 1961-62 school term.

Mayor and Aldermen File for Re-Election

Mayor John C. Haynes and Alderman Ruel Smith have filed for re-election to their respective posts.

The two city officials filed their intentions to seek new two-year terms shortly after the filing period for the April 4 city election was opened.

The term of Boyd Meador also is expiring this spring, but Meador by late Wednesday had not announced whether he would seek re-election.

THACKER INJURED

James E. Thacker was injured last week while lifting a motor and was taken to Highland General Hospital in Pampa, where he is in traction. His room number is 212.

BEAUTY TITLE CANDIDATES: These 12 McLean High School juniors are among contestants for the "Parade of Beauties" competition next Monday. (Pictures of other contestants by classes are featured in The Tiger Post on Page 6 of today's McLean News.) The school beauty and two runnersup will be selected by out-of-town judges in the beauty parade at 7:30 p. m. Monday in the high school auditorium. Junior class entries are left to right: FRONT ROW—Nona Ruth Beck, Mary Ann Carter, Janice Page, Emme Grigsby and Phyllis Flowers. BACK ROW—Betty Dilbeck, Christa Rodgers, Sue Adams, Donna Graham, Margie Railsback, Dixie Burroughs and Nancy Hess. (Staff Photo)

Kennedy-Smitherman Wedding Vows to Be Exchanged Feb. 11

Mr. and Mrs. Paul L. Kennedy of Hart are announcing the engagement and approaching marriage of their daughter, Monta Jean, to Tony R. Smitherman, also of Hart.

Smitherman is the son of Mr. and Mrs. M. M. Smitherman, Hart. Wedding vows will be solemnized on Feb. 11 in the Hart Methodist Church.

Miss Kennedy was graduated from McLean High School and will receive her bachelor's degree from West Texas State College in Canyon this spring.

Her father is a former superintendent of schools here and later was a math teacher in McLean High School before the family moved to Hart, where he is in his third term as superintendent.

Baptist WMU Has Regular Meeting

The WMU of the First Baptist Church held its regular meeting Tuesday morning at the church, with 27 women attending.

The opening prayer was given by Mrs. Pearl Matthews.

A glimpse into the new mission study book, *The Dreamer Corneth*, the Luther Rice story by William A. Carleton, was given by Mrs. Frank Simpson.

Also taking part on the program was Mrs. Paul Miller, who read excerpts from some of Luther Rice's sermons.

A short business meeting was held following the program.

Mrs. H. D. Banks led the group in the closing prayer.

The next meeting will begin at 10 a. m. Tuesday, Jan. 31, in the church parlor. Each member attending is to bring a sack lunch.

Mrs. Homer Abbott will have charge of a short leadership course.

Audie WMU Circle's Study on Beverages

On Tuesday afternoon, Jan. 17, the Audie Circle of the Baptist WMU met in the home of Mrs. Sarah Goodwin.

The topic for discussion, "The Problems of Alcoholic Beverages and the Christian's Attitude Toward Them," was directed by Mrs. Goodwin.

Refreshments of spiced tea and cookies were served to Mesdames Annie Reeves, Audie Stewart, Helen Harlan, Lillian Henley, Pearl Matthews, Roberta Welch, Lillie Mae Williams, Luella Stokes and the hostess.

10 Years Ago

Miss Katie Lee Baumgardner, daughter of Mr. and Mrs. Nathan Lee Baumgardner of Lefors, became the bride of Thomas Eugene Roby, son of Bryan Roby of McLean, in a ceremony read in the Lefors Baptist Church Jan. 6 by the pastor, Rev. Dan Beltz.

Baskets of gladioli decorated the church. The vocalist, Miss Mary Beth Hammond, accompanied herself, and played the traditional wedding music.

The bride, given in marriage by her father, wore a gray suit and a corsage of peach colored carnations.

The maid of honor, Miss Joe Dan Dyke, wore a blue suit. Charles Roby, brother of the bridegroom, was best man.

Mrs. Roby is a junior student in Lefors High School and will continue her school work here. The moorg is in the air corps, stationed at Wichita Falls.

A birthday party was given Wednesday morning, Jan. 24, in

the home of Mrs. Johnnie Mertel, honoring her daughter, Toni, on her fifth birthday. Games were played and refreshments of cake and ice cream were served.

Guests present were Pat Graham, Mike Graham, Janice Barker, Sarah Coleman, Max Coleman, Marilyn Magee, Joe Edd-McGee, Jimmy McCarty, Jimmy Kritzier and Teresa Mertel.

TELEPHONE TALK

by Joe McDonald, Manager

I have been at my desk now for over an hour going over in my mind a list of likely things to visit about. Let's see... I could write about expansion and improvements or personnel... maybe about new service offerings. No, I don't think so, they all seem to be somewhat drab topics at this moment.

Now, if McLean wasn't so doggone fancy with its new building and Dial system I could write about how we planned this year to change out your old telephones and install the most modern of communication systems. But you've got the very best! Well... that eliminates another possible subject to write about.

Ah!... I've got it! Let's have a telephone quiz. Answer the following questions to yourself about your telephone service.

- Do I have to walk forever it seems through the house to answer when the telephone rings?
- Is the telephone centrally located in my house?
- Is the service listed in the directory in only the name of the head of the household and not in the names of all the telephone users?
- Is my telephone that good old standard black instrument?
- If you answer yes to any or all of the questions then please call the business office. We think we could help you to better plan your service and make it much more enjoyable for you... and your enjoyment is our pleasure.

IMPORTANT NEW FILM ON NATIONAL DEFENSE

How safe are we from an enemy missile attack? A new color film, "Seconds for Survival," produced by the Bell System offers a dramatic and positive answer.

The film, which is being offered for showings at church, school, civic, and business group meetings, is narrated by Raymond Massey and shows how the United States defense network guards against enemy attack.

Would your group or club like to see this movie? If so, just call the telephone business office to make arrangements. There's no charge, of course. I hope you can see it soon.

Call by number. It's twice as fast.

NEWS from YOUR

COUNTY AGRICULTURAL AGENT
TEXAS A. & M. COLLEGE EXTENSION SERVICE

By FOSTER WHALEY

Last Tuesday George Saunders and I graded and weighed 12 head of yearling bulls, which he plans to put on a performance test and check their ability to gain.

Several of the experiment stations over Texas and the nation have found a definite and positive correlation between the ability of a bull to gain on feeding tests with that of his offspring.

For instance, at Pan Tech Farms three of the highest gaining bulls tested were mated for two years to groups of cows selected at random.

Sixty-seven calves sired by the high-gaining bulls weighed 38 pounds more at weaning than the same number of calves sired by the low-gaining bulls.

This is pretty positive proof. Yet many of our good registered breeders take issue with the subject. The usual charge that quality is not considered has some truth in it.

If one goes overboard for weight for age, the quality of the cattle does usually slip. Yet, on the other hand, if a breeder selects for both high-gaining ability and top quality it is nothing but good horse sense.

At the end of the 140-day feeding period George and I will first grade his bulls, then weigh each of them. If we grade them before we weigh them, certainly we couldn't be accused of letting the ability of each bull to gain influence us in any way on the grade we give each bull.

A test of this type is most beneficial to the owner in comparing one bull in his herd with another. It definitely has no advantage in comparing his bulls with those in another herd.

OTHER TESTING

Johnny Haynes got to visiting with George on the above, and had decided to test some Red Angus bulls of his own. After the early (6:30 a. m.) Lions breakfast, we plan to weigh his bulls and start him on a test.

I am sending both Johnny and George three excellent Extension Service publications on numerous testing programs. Anyone else interested in any phase of this program is invited to give me a buzz, and we will help you in any way possible.

Medical costs per person are over 15 times more for older than for younger farm families, according to the U. S. Department of Agriculture. A nationwide survey indicated medical costs for farm families in which the farm operator was 65 or older averaged \$92 a year per person while those of all others averaged \$59.

OLD DOCUMENTS FOUND

Four historical documents 110 years old were recently discovered in airtight containers in the Canadian Arctic by an oil exploration party. They were turned over to the Canadian government.

Written on parchment or hand-lettered on lead plates, the messages were left by members of a search party for the expedition of Sir John Franklin, famed seeker of a northwest passage in the 1840's.

The location of the discovery of the papers would have coincided with Franklin's third expedition. During a 10-year period more than 40 search parties covered 10,000 miles of the far north on foot, seeking the intrepid explorer. It was finally determined that Sir John died on King William Island June 11, 1847.

Andy Rhodes and son of Spearman spent Saturday night and Sunday visiting with his parents, Mr. and Mrs. W. M. Rhodes.

Mrs. M. G. Mullanax was in Graham Monday and Tuesday to attend the funeral of her uncle.

Spending Saturday night and Sunday with the Lee Welch family were Mr. and Mrs. Lowell Bowdle and daughter, Myra, of Booker.

The Bazel Pettit family of White Deer spent Sunday visiting relatives here.

Mrs. Grace Windom and Mrs. Viola Glass visited last week end with the Arthur Erwins in Cisco, the P. B. Snooks at Santa Anna, the W. W. Shadids at Abilene, the Johnny Vineyards at Plainview and with the Joe Bob Barnhills at Amarillo.

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN—(Special)—When the Legislature faces a difficult problem on which there are sharp differences of opinion, the final legislation is usually a sort of Irish stew of compromises.

Ingredients for this session's main dish, state financing, are fast pouring into the pot. Simultaneously, Gov. Price Daniel and the legislative budget board presented plans for state spending in 1962-63.

Gov. Daniel recommended general revenue spending of \$479,964,734. Budget board recommended \$336,183,172—a difference of \$123,781,526.

New spending recommended by medical care program for the aged, \$600 a year salary hikes for public school teachers and other improvements in education.

As a primary source of new money, the governor endorsed the payroll tax proposal recommended last fall by the state finance advisory committee. He also approved raising state college tuition by \$50 a semester.

Daniel urged lawmakers to handle separately the deficit that's expected to be about \$65,000,000 by the end of the fiscal year. For this he tabbed a temporary three per cent natural gas tax, a franchise tax, escheat bill and transfer of the farm to market road program from the general revenue to the highway fund.

ANNEXATION LIMIT PROPOSED—A brake on headlong expansion of city limits would be provided in a bill introduced by Rep. W. T. Oliver of Part Neches.

Under the bill, cities could annex only 10 per cent of their surrounding territory each year. Meanwhile, each city would have a measure of control through "extrajurisdictional jurisdiction" of a zone from one-half to five miles deep on its perimeter. This would give the city direction over construction and sanitation codes and enable it to prevent the development of outlying slums.

Many officials feel that some Texas cities have gone overboard in annexing more territory than they are able to digest.

AUTO INSURANCE CHANGE—Sen. Grady Hazlewood of Amarillo, long-time critic of present auto insurance regulations, has outlined a liberalized plan he will ask the Legislature to approve.

Changes recommended by the senator:

1. Use of only that part of a driver's record which was made since January, 1960, date the new merit system went into effect. As set up, insurance rates are based on driver's record for the past three years.

2. Eliminate from the list of

LONGEST WATERWAY

violations causing insurance rate penalties (a) speeding less than 15 miles per hour over the limit (b) stop light violations involving amber, rather than red lights, and (c) "creeping" at stop signs.

3. Eliminate from accidents that result in a penalty those where less than \$100 damage is caused. Present limit is \$25.

SCHOOLS' PORTION DOWN—Texas' public schools' share of state spending has dropped from 25.5 per cent in 1960 to 20.6 per cent in 1962.

In a report to Gov. Daniel, Texas Education noted that while state spending on public schools has doubled in the decade, other states have upped school financing even more.

In the 1950-60 period, the scholastic population increased 34 per cent, enrollment 45 per cent and average daily attendance 50 per cent. State spending on schools rose from \$127,000,000 to \$336,000,000.

Texas State Board of Education, TEA's policy-making body, has recommended a raise for teachers but did not specify how much it felt the raise should be.

WEALTH FROM THE PAST—There's money to be made in museums, mansions and missions—if they're kept up and made attractive to tourists.

An improved and increased array of historic spots could increase tourism 10 per cent and thereby state tax revenue \$1,750,000 a year, the State Historical Survey Committee reported to the Legislature. Committee did not ask for state funds to renovate historic buildings. Instead, it suggested a \$2,775 appropriation for leadership and guidance of local groups who want to preserve or improve something in their locale.

Also recommended was a \$50,000 a year appropriation for the Civil War Commission to be used in setting up Texas' part in the centennial observance. Other states in the South, many of whom already have combined scenery and Civil War monuments to make big drawing cards for tourists, have the jump on centennial planning.

PETTICOAT WAR—Women's rights advocates have come to Austin every session, as far back as most legislative observers can remember, to try to get rid of one or more of the Texas laws that treat women differently from men.

Every session, the women are treated with courtesy, viewed with amusement and their bills are good-naturedly buried.

This year the irked women, mostly members of the Federated Business and Professional Women's Club, are going all out. Instead of trying to get one or two individual statutes repealed, they are trying for a constitutional amendment guaranteeing equal rights for women and abolishing—at a stroke—all laws to the contrary.

Rep. Ben Atwell of Hutchins (Dallas County) will introduce the measure in the House.

(Too Late for Last Week)

First and Second Grades
Mrs. Kenneth Fourier served pop circles and cookies to our room Monday afternoon. We really do enjoy refreshments. We thank you very much, Mrs. Fourier.

Mrs. Josh Foshee served our room with cookies and candy Tuesday afternoon. We want to thank M's. Foshee for the treats, as treats like that make our work more enjoyable.

Stephanie Smith is still absent with chickenpox. Stephanie, we miss you and will be very glad when you can come back to school. James Hugh Bryant has been absent this week. He got a piece of steel in his eye. Take care of your eyes, James Hugh. We'll be glad when you return to school as we do miss you.

Becky Cox and Jerry Wayne Smith were absent Monday. We missed them and glad they were back in school Tuesday.

Sheryl Potter visited the dentist again Monday. It seems as Sheryl has a standing date every Monday with the dentist. We are glad Sheryl is taking care of her teeth.

The first grade has started spelling. They really do like it. The second grade is doing script writing, which they really do enjoy.

The first and second grade are making very good progress this year. I am proud of them.

Third and Fourth Grade
Floyd and Mona Woodrome are still out of school with the chickenpox.

The third and fourth grade boys received their basketball jackets

Tuesday.

Sue Anderson fell and injured her right hand at home one night recently.

The fourth grade girls will receive their free basketball jackets soon.

Seventh and Eighth Grades

We are excited some over nine basketball jackets this week. We wish to thank everyone concerned in seeing that we received these jackets.

The eighth grade has decided to go to Arkansas on their class trip at the end of school. Possibly Eureka Springs. We have been looking at pictures, reading pamphlets and gathering information on the many places we might like to go and see.

Monday, Jan. 23, we had another girl joining the seventh grade. Frances Caulfield's father has taken over the Moreman Grocery here in Alanreed. We are very happy to have them with us.

The world must be coming to an end. John Bible went by Mr. Smith's house Tuesday night to get help on an arithmetic problem.

BALL-HANDLER: Mrs. Luana Bailey reaches high for the basketball during the school faculty game and the Tigerettes New March of Dimes benefit game here earlier this month. White-blossomed player coming up to assist Mrs. Bailey is Mrs. Irene Norman, while the two Tigerette guards are Phyllis Flowers (6) and Jeanene Lowe (11). Despite their hustling, the blossom-clad players were defeated by the Tigerettes. (Staff Photo)

Veteran Information

Q—Is it possible for a disabled "peacetime" veteran to draw VA compensation at wartime rates?

A—Yes—if the disability resulted from extra-hazardous service, as, for example, participation in simulated warfare, the veteran may be eligible for compensation at wartime rates.

Q—Is it necessary that a Korean veteran receive vocational counseling from VA before he begins vocational rehabilitation training under Public Law 894?

A—Yes. The law requires that disabled veterans desiring training under the vocational rehabilitation act receive this counseling to determine the need for this training to overcome their handicap, and in order to help the veteran in choosing a program best suited to him.

Q—A non-veteran friend and I want to go into business. As a Korean veteran, am I entitled to a GI loan on this partnership business?

A—Yes, if otherwise eligible. But, the amount of the loan on which VA's guaranty is based will be in proportion to your own interest in the loan, and will not cover any portion of the loan constituting the non-veteran's contribution to the business.

Q—As a "peacetime" veteran, am I eligible for VA hospitalization?

A—Only under these two conditions: (1) if you were discharged under other than dishonorable conditions for a disability incurred in line of duty, or (2) if you are receiving compensation for a service-connected or service-aggravated disability or disease.

Mr. and Mrs. Jack Shelton and girls returned home Sunday for a visit in Perryville, Ark., with his grandfather, J. C. Barnett, and other relatives.

A physician for the residents of a home for the aged took a series of speculative investment flings and as a result landed on numerous sucker lists and at least once a week he would get a feverish long distance phone call urging him to get rich quick.

One day he was at the home when a hot-tip, long-distance call came to his office. His nurse answered, and her words effectively eliminated him from the sucker lists. "I'm sorry," she said, "he's gone to the poor farm."

TPA
TEXAN OF THE YEAR
AWARD
Presented To Native Texan
Paul Richards
OF WAXAHACHIE

THIS AWARD is presented to Paul Richards, Texas' Top Sportsman, by the Daily, Weekly and Semi-Weekly Newspapers of Texas, represented by the Texas Press Association. It is presented in appreciation of the great honor which he has brought to the Lone Star State. It is in further tribute to his selection as American League Baseball Manager of the Year, while directing the Baltimore Orioles throughout the 1960 Season; his selection as Southwesterner of the Year for 1960 by the Texas Sports Writers Association; and his recognition by us as one of the most astute and colorful managers in baseball today.

Presented by The Texas Press Association on Jan. 21, 1961 at TPA's Mid-Winter Convention in San Antonio, Texas.

FIRST SUCH: The Texas Press Association, representing the McLean News and other daily, weekly and semi-weekly newspapers in Texas, presented its first annual Texan of the Year Award to native-born Texan Paul Richards of Waxahachie, now manager of the Baltimore Orioles. Presentation was made last Saturday at an honor banquet during the TPA's 14th annual mid-winter convention in San Antonio. Above is a miniature reproduction of the large, 14-by-17-inch engraved plaque which was presented on behalf of the TPA by Richards' home town publisher, William P. Davis of the Waxahachie Light.

19-14 Halftime Lead

The locals edged into the lead after a 10-all first quarter score and left the court at intermission with a margin of 19-14.

McLean was still in front 25-13 after three periods.

Both McLean squads clipped Lefors here last Friday night—the Tigers by a score of 49-42 and the Tigerettes 33-22.

Jim Watson paced the Tigers with 15 points, and Doyal Bilingsley had 12.

Miss Smith tallied 17 for the Tigerettes, followed by Miss Rice with nine and Miss Page with seven.

PLOWIN' Out the CORNERS
by Uncle Zeb

Antiques are something that almost everyone seems to want. A few women we know of don't seem to want to keep one around for a husband. Every place we travel along our highways folks are making money by seeing to it that others find something old and quaint for their hobby.

When we know absolutely nothing about some phase of antique collecting we can impress folks as being smarter by keeping our mouth closed during a transaction and afterwards.

Our experience took place the other day when we came across a friend from some 300 miles distant looking over some old guns. He was really talking trade on a very old looking Civil War cap and ball type pistol which we doubted would hurt a rabbit any way except to throw the thing at it.

They were dickering back and forth one asking two hundred, and the other offering one hundred and fifty. Finally the deal was made at one hundred and seventy-five. While the seller was making out some sort of a title and the buyer's wife was undoing her purse we couldn't help asking if the figure being considered was cents or dollars.

Our friend managed a flimsy makeshift of a smile, and we left unsure of whether he was smiling because we pulled a funny or at our ignorance. We were sure however, that we would have been ahead to have stuck with the

TIPS for OUTDOORSMEN
By Steve Sandford

To Tighten Axe Handle
You can tighten the handle on a loose axe by soaking end of handle in oil for an hour. Handle end will swell. Then you can affix head tightly and permanently to it.

Loaded or Empty?
Sometimes it is difficult to tell when the magazine of a .22 repeater is empty. To correct this, dab a bit of red nail polish on end of magazine. When last bullet has been used, red will be plainly visible.

Plastic Bags Protect Shells
Duck hunters often are troubled by shells becoming wet and swollen. Next trip out carry your shells in plastic bags to avoid this trouble.

To De-Bur Dogs
Next time your setter or spaniel comes in from the field with its coat of cockleburrs, remove them with a two-tined kitchen fork. The burrs can be removed in jig time, without so much as a yelp from the pooch.

Locating Lost Arrows
If you are new at archery and lose arrows, try touching them up with fluorescent paint that will glow in a flashlight's beam, then look for them after dark.

Use Light Loads
Many hunters shoot better with light loads when hunting upland game. Because of the lesser recoil they flinch less and therefore make more kills. And the cost of light load ammunition is less. Save your long-brass shells for geese, ducks, and other long-range targets.

Car Trunks and Bird Dogs
You bird hunters who carry your dogs in the car trunk should keep the car trunk closed, rather than partly open for ventilation. Open tops only suck in gas fumes. Close the top and "air" the dogs at regular intervals.

To Improve Taste of Water
Boil any doubtful water. To overcome the flat taste that boiling leaves, pour the water back and forth several times from one container to another. This restores the air which is responsible for the taste in water.

JOHNNY, JUST STAND THERE!

By JUDY WYATT

"Here, Ma'm, let me help you with your packages," Johnny ventured helpfully.

"Why, thank you, young man. That's very kind of you," replied the willing woman. "But be careful of that revolving . . ."

Crash! Bang! Bam! Johnny, packages, lady and all are caught in the revolving door and go flying in all directions. The lady hurriedly picks up her packages and storms off in a rush, mumbling to herself about some people being clumsy.

Dragging himself off to the quiet security of the town library, Johnny wonders why he always has to be so awkward. Upon entering the library, he sees a lady (the librarian!) in distress on top of a ladder putting up books.

"Let me do that, Miss, that's a man's job."

"How sweet of you. But watch your step going up the ladder, it's not very . . ."

Thud! Crunch! Plop! Down tumbles Johnny with approximately 50 books, and the ladder, crushing the librarian.

"Out! Out! Leave me to do my own work!" screamed the badly battered librarian.

These are just two of the sad misfortunes taking place quite frequently in Johnny's life. Every day similar accidents happen, from arranging window displays and falling into the window (breaking it), to stumbling and spilling the whole contents of his tray in the school lunchroom.

There are many Johnny's running around on the loose and we have to be on our toes to avoid coming into direct contact with their jinxed mannerisms. Don't laugh yet, this is a serious problem. Some Johnny's grow out of this unfortunate stage, but on the other hand, many have to stumble, stagger, slip and slide through life as best they can.

This is a problem! These always-helpful Johnny's are a menace to our society. You never know when one of them will run into you, and I mean run into you! My advice to all Johnny-do-wrongs is—don't just do somethin', stand there, PLEACE!

American History Classes Plan To Present Mock Trial

By DOUG CROCKETT

Members of the American history classes and their teachers, Mr. Darrel Davis and Mrs. Virginia Davis, have prepared a mock trial that will be presented to the student body of the high school this week.

Mrs. Perryman, director, stated that she thought that the students should strengthen their knowledge of the American court system. She says that the trial will be a beneficial experience on the part of the students.

Therefore, the legal agenda will probably run as follows: Dr. Kathryn Murry (Phyllis Flowers), Agnes Street (Alta June Watson), Myrtle Taylor (Becky Waller), Dr. Jerimi Shock (Doug Crockett), Lt. Elsie Track (Peggy Sharp), Larry Mason (Gary Back), and George Gloom (Frank Yearwood).

Witnesses for the defense are as follows: Kathryn Jones (Dixie Burroughs), Cathy Jones (Chris Rodgers), Heida Wright (Margie Railsback), Paul Scott (Doyal Billingsley), B 111 (Bill Goldstein), Janet Lange (Ruth Pakan), Leslie Gabor (Nancy Meacham), Capt. Tom Lawson (Jack Back), and Donald Smith (Gary Gordin).

Members of the American history and civics classes participated in the trial.

The jury (composed of both classes) found the defendant "not guilty."

The case, however, has been appealed, and will appear before a higher court which will be composed of the student body of MHS.

New Student Hails From South Dakota

By DAN BROWN

Gary Kelly is the name of the sophomore class' new addition. He has come to McLean from Rapid City, S. D., a city with a population of about 3,000.

Gary's birthplace was Hollister, Calif. Since then he has lived in Oklahoma, Arkansas, Missouri, South Dakota and Texas.

His comment on so much moving around: "I'm about ready to settle down."

In South Dakota, Gary was very active in extra-curricular activities. He was on the school debate team, sang solos for B choir and went to the Black Hills Student Conference where he placed first in extemporaneous speaking.

He also lettered in football. He is entered in two divisions of Interscholastic League competition for McLean: Extemporaneous speaking and voice, in which he will sing a solo.

Gary plans—after graduation from high school—to go to college where he will study music and speech. He has written eight popular songs which, at present, have not been copyrighted.

Gary is the son of Mr. and Mrs. Cecil Kelly. Mr. Kelly is the new minister of the McLean Church of Christ.

33 ARE ON HONOR ROLL

The semester we have 33 students on both the honor roll and the failure list. The percentages are nine per cent on the honor roll, as well as the failure list.

These percentages indicate we are holding a very reasonable average as national standards go.

Mr. Robert Green, high school principal, announces that the following people are on the honor roll for the first semester:

Gene Bench, Susan Blackwell, Kay Hall, Donny Woods, Jim Watson, Lynda McCurley, Doris Van Huss, Mary McClellan, Judy Wyatt, Jim McCarty, Judy Connell, Janice Saunders, Linda Guill, Mary Carter, Janice Page, Alta June Watson, Winnie Martindale, Larry Williams, Barbara Dwight, Barbara Smith, Jeannine Lowe, Betty Dilbeck, Margie Railsback, John Stewart, Ruth Pakan, Joyce Besaley, Janelle Hall, Carolyn Tarr, LaVon Watson, Phyllis Flowers, Cynthia Rice, Rita Brown, Peggy Sharp.

Addition Completed

By BARNEY POOL

Construction of a new addition to the bus barn, north of high school, was completed Jan. 17. The construction was contracted and completed by Smith Brothers, McLean.

Wink Glison, bus foreman, said, "The addition of the new shop space will certainly make working conditions a lot more pleasant through the winter months. The added room will make it possible to keep more buses enclosed when necessary."

FBLA Sale Ahead

FBLA members will be at Meacham's Hardware Saturday morning with lots of good home-made cakes and pies for sale.

Remember, Saturday morning, 9 o'clock, Jan. 28, is the day that you do not want to forget to go to town and buy "goodies" for the family.

The proceeds of the sale will help the charter members raise funds to go to the state convention in Denton the latter part of February.

Members Present Panel Discussion At FBLA Meeting

By SUE WRIGHT

"After High School, What's Next?" was the theme of a panel of four FBLA members used for the basis of their program at the Jan. 9 meeting.

Jack Back was moderator of the panel. Judy Wyatt, Rita Brown and Carole Boston completed the foursome.

The first three discussed facts concerning college tuition, selection, academic criteria, etc. Carole freshened the topic by using her time discussing the emotional problems of youth, college readiness, etc., as reported in recent research periodicals.

During the business session Mrs. Mary Tom Riley, sponsor, explained the point system. A total of 75 points is the goal of each student. If by Feb. 20 their goals are reached, they will be entitled to go to the state FBLA convention in Denton.

Gary Gordin, while presiding over the business session, appointed different members to participate in the several contests at convention. The contest teams will be working on a tight schedule to prepare for the following events:

Speaking, Doug Crockett and Margie Railsback; parliamentary procedure, Gary Gordin, Jack Back, Barney Pool and Jim Watson; spelling, Phyllis Flowers and Doris VanHuss; vocabulary, Phyllis Flowers and Peggy Sharp; scrapbook, Carole Boston; exhibit, Doyal Billingsley, Mary Ann Carter and Janice Page; Mr. and Miss FBLA, Gary Gordin and Judy Wyatt.

Simple, Compound Machine Advantages Studied by Class

By NANCY MEACHAM

Recently Mr. Carl Dwyer's physics classes have been studying the mechanical advantage of simple and compound machines. The other day Mr. Dwyer brought in the school lawn sprinkler and told the students to figure the mechanical advantage of it.

The students nearly fell out of their seats. They didn't know how they were going to do it at first, but they did it. They figured out a method (with the help of the book), and it wasn't so hard to do after all. (Don't tell anyone, but Mr. Dwyer helped them a little.)

The same day the class journeyed out to the bus barn to figure the mechanical advantage of the chain hoist. They thought the sprinkler was complicated, but one look at the hoist gave them the idea that it was impossible to figure on it. Figure it mechanical advantage is not impossible, so to work they went. Before they knew it, the advantage of the hoist had been found. They think they are really getting good!

If you see any of the physics students standing around some engine with pencil and paper in hand, you will know what they are doing. They will be figuring the mechanical advantage of it. I think they have it on the brain.

They are also studying automobile engines. The girls in the classes are really getting educated. They are learning the parts of the car and what they are used for. We are going to have to watch them or they will be trying to overhaul someone's car before long.

Lions Sell Peanuts To Local Students

Lions Club members brought 297 packages of peanuts for the high school students to sell last Friday for the March of Dimes.

In order to expedite this sale, Mr. Welch, the superintendent, decided to send them over to the grade school first. We do know that those students certainly contributed to the March of Dimes, and at the same time we would say they are about the finest "goober gobblers" in the area.

They bought and ate all but 37 packages, which were returned to the high school and the Algebra I class completed the buying and eating contest.

As you can see, this money-raising project was very successful. The March of Dimes added \$29.70 to total with the peanut sales.

As an epitaph to this news event, "The best way to pull a dime out of a student's pocket is to have a peanut on the other end."

ONE-ACT PLAY CAST NAMED

By FRANK YEARWOOD

Eight high school students were selected to present a cutting from the play "The Great God Brown," by Eugene O'Neill.

The cast is as follows:

Dion Anthony, a person of poetic character who mentally never did grow up, played by Johnny Stewart; Margaret Anthony, who is Dion's wife but is more like a mother to him than a wife, played by Peggy Sharp; Billy Brown, a teenager who was in love with Margaret when she was younger, played by Doug Crockett.

Mr. Brown and Mr. Anthony, who are in the contracting business together and are very good friends, played by Gary Kelly and

Charles Jones; Mrs. Brown and Mrs. Anthony, who are the wives of the two contractors, played by Mary McClellan and Jeanene Shelton.

Mr. and Mrs. Anthony are the parents of Dion Anthony and Mr. and Mrs. Brown are the parents of Billy Brown. Dion's and Margaret's youngest son is played by Mike McCall.

Mrs. Jon Ann Dwyer will be producing the play and Jack Back is the student director and make-up artist.

The play will be presented March 3 in the McLean High School auditorium for the public to view before it is taken to the Interscholastic League contest.

LET'S GO TO THE TIGER DEN!

By FRANK YEARWOOD

LIKE, CRAZY MAN! 12:24 p. m. . . . Monday through Friday it is all the same. It actually takes all of 10 full seconds to bounce from any classroom in the high school to the famous entrance of the TIGER DEN.

From that moment on, to the average adult, it would mean complete CHAOS. . . . But, man, it is the teenagers' haven. The juke box is turned to the highest point, with the current popular "NORTH TO ALASKA" playing for

no less than 10 times in a row. Where do they sit? LIKE MAN, who wants to sit? This is the break we have been waiting for. This is basically true. All the students worry about is rapidly filling the hungry spots, all talking at once, and dispensing with all of the involvements the morning has brought.

"HAMBURGER—No, I said no mustard—Oh, what kind of ice cream? . . . these are the cries. . . . "No, I can't read the signs. I didn't know they really cost 25 cents or I never would have ordered one. Oh, well, give it to someone else. . . ."

Mrs. Stella Payne, proprietor of the DEN (better known as Suzie), according to the teenagers, is "LIKE, I MEAN MAN, SHE IS O. K." It is totally amazing to this reporter how Mrs. Payne continues to keep her patience and serve the boisterous customers of the younger set.

This is the fifth year the Tiger Den has been in operation and I am sure that the students join in hoping that the lady behind the counter continues to keep cooking the hamburgers and spreading them thick with the bits of philosophy and individual interest that she seems to have for each of her patrons.

Rev. Berry Speaks To City FHA Girls

By NANCY MEACHAM

Mr. Luther Berry, Baptist minister from Lefors, spoke to the FHA girls about the national FHA convention held in Washington, D. C., in the month of July.

Mr. Berry, accompanied by his wife, met with the McLean girls on Jan. 19.

Mr. Berry's daughter, Pat, was the national FHA pianist. This made it possible for him and his family to attend the convention.

Along with pictures of the convention, films of interesting places in Washington were shown to the girls. Also, in his talk Mr. Berry brought out the highlights of the convention.

The theme of the convention, "The Home, the Hub of Citizenship," was his main topic. He ended the program and meeting with his opinion of the importance of Future Homemakers of America.

Seniors Present Gift to School

A new adequate mail box is now stationed permanently in the administration office of the high school, thanks to the seniors of '61.

The senior class contracted Kenneth Hambright, builder, to construct the mail-receiving device for the office.

The senior class earlier this year voted to spend the necessary funds to make this gift possible. They unanimously felt that this was the most adequate way to express their appreciation for the time and effort given to them by the faculty members in the past four years.

Jack Back, class president, presented the gift to Mr. Robert Green, principal, in an assembly program.

Annual Staff Meets Another Deadline

By RITA BROWN

Another deadline, met Jan. 9 by the Tumbleweed staff, drew the annual nearer to completion. This was the second deadline, making the number of pages completed 70. Many long hours are spent in completion of the 112 pages of the entire annual.

Preparation of the pages is by the placement of pictures and picture descriptions. Each member of the staff has a specific job to do in preparing pages, typing and picture cropping.

Miss Billie Brown, sponsor, Kenneth Roach, Jack Back, Johnny Stewart, Douglas Crockett, Judy Wyatt, Nancy Meacham, Rita Brown, Peggy Sharp, Margie Railsback, Cathy Hendricks and Marilyn Magee attended the called meetings for page completion.

Among several new areas which are to be secret until publication, is the addition of each individual senior's ambition for the future his most noted qualities. The "most noted for" qualities are voted on by the entire senior class and will also remain secret.

FIRST BAPTIST CHURCH WILL DEDICATE BUILDING SUNDAY

The First Baptist Church's new building is now completed and ready for dedication services, set for Sunday, Jan. 29, at 2:30 p. m. The white brick building seats 900 in the auditorium, with new facilities for the intermediate, young people and adult departments, office, kitchen and dining hall.
The entire building is furnished with central heat and air-conditioning.
I. W. Tinny, Pampa, is the building contractor, and O. L. Johnson, Amarillo, is architect.
The First Baptist Church was first organized in Lefors in 1929 by A. F. Johnson, now of Borger, and now has 500 members in the surrounding community and the City of Lefors. The present pastor is Luther Berry, who has been there three and one-half years.
The dedication ceremonies will feature all previous pastors, who have already accepted to come, as well as the previous song directors.
Rev. Dan Beltz, pastor of the McLean Baptist Church, is among the speakers of the day.
The public is invited to attend the dedication services. A coffee will be held in the dining hall following the ceremonies.
The building committee is made up of these men:
L. N. Howell, Charles Earhart, Chester Hill, Bill Tillman, J. V. Guthrie, Bud Cumberland and B. J. Spradlin.
On the finance committee are E. D. Nolan, J. R. Sparkman, J. M. Boucher, O. W. Nowlin and David Robinson; W. S. Presley, E. D. Nolan and Fred Browning compose the purchasing committee.
The old Baptist Church building burned in July, 1960.

Committees Picked By Lions Directors

The board of directors breakfast of the Lefors Lions Club was held in the Civic Center Monday morning, with R. E. McDonald and John Archer as cooks of the pancakes.
Treasurer's report was given by Gene Fort.
A committee was appointed to paint the fence at the cemetery, consisting of Carl Barber, Jeff Stubblefield, Raymond Jordan, L. D. McCaley, A. T. Cobb, B. D. Vaughn and P. F. Blankenburg. Aluminum paint will be furnished by the Lions Club.
A highway committee was appointed to check on and speed the starting of the highway through Lefors. Jerry Jacobs heads the committee, assisted by Fred Blackwell, Bill Teel, John Archer, Boyd Beck, B. J. Thacker, L. D. McCaley and David Robinson.
A total of \$125 was netted from the "Bucket Brigade" for the March of Dimes, according to Boyd Beck, chairman.
Present were Walter Elliott, Ray Chastain, Gene Fort, Charles Roberts, David Robinson, J. P. Pussell, John Archer, R. E. McDonald, Jerry Jacobs, L. D. McCaley, Winfred Nowlin, Boyd Beck, Aubrey Carlton, Alex Swann, Jack Thacker, Warren Wall and Fred Blackwell.

Jimmy Rice of Bueyeros, N. M., visited relatives in McLean over the weekend.

Fourteen years ago the average grocery bill for a year was \$767. Of this amount, the farmer got less than \$400. Today the grocery bill has been estimated to exceed \$1,100, and the farmer is still getting about \$400 for his part.
