Heavy Rains Reported Over The County

Crops Not Seriously Hurt; Powell Lake Over Spillway

Heavy rains falling generally over the Big Spring area Thursday night apparently did not do serious damage to young crops.

The weather bureau reported 1.23 inches of rain, and farmers in the northern end of the county reported equal or greater falls, but no reports of serious washing up of crops was reported.

Powell Creek lake was running over the spillway, but Moss Creek caught no additional water, rainfall in that area being lighter.

Powell Creek lake caught 20 inches of water. Its entire 141-acre basin is now filled and it now contains 490,000,000 gallons of water.

The weather bureau predicted scattered thundershowers tonight. Lamesa received only a sprinkle, amounting to .23 inch, while Stanton received an estimated 2 and 1-2 inches of rain. At Cohobama the fall was an inch and a half, and Chalk reported three inches. A good rain fell at Vincent.

Garden City received 2.35 inches, following a half inch falling there Thursday morning. To the west, rains of as much as five inches were reported.

Gun School For Harlingen

WASHINGTON, June 6 (AP)—Construction of new housing and other facilities at army posts at a cost of nearly six million dollars in Texas, Illinois, and California was authorized today by the war department.

The largest authorization was \$3,770,395 for the air corps flexible gunning school at Harlingen, Texas, and the department said construction would not be started until the necessary land leases had been signed. Facilities were planned for more than 2,900 officers, cadets and enlisted men.

The department ordered an immediate start on construction of three additional hangars at Kelly Field, Texas, estimated to cost \$585,000.

The facilities planned at Harlingen were 52 barracks, 12 supply rooms, 13 administration buildings, 17 bay rooms, 5 mess halls, 8 operating buildings, two recreation buildings, three school buildings, three officers quarters, five warehouses, three Link trainer buildings, three air corps shops, two paint and oil buildings, a 118-bed hospital, an officers' club, fire station, motor repair shop, telephone building, theatre, radio station building, chapel, guardhouse, post exchange, gasoline storage facilities, utility shop, commissary, parachute building, range building, control tower, utilities, a railroad spur, paving and fencing, and a night lighting system.

Enrollment For Bible Schools To Start Saturday

Enrollment for vacation Bible schools to be held at the First Baptist, First Methodist and East Fourth Baptist churches will begin at 1 p. m. Saturday, those in charge of the simultaneous schools said Friday.

Following the enrollment period, a parade is planned through the downtown district behind a police car. After the parade is over, children will return to their respective churches for a refreshment session. Boys and girls between the ages of four and 15 have been invited to enroll in the schools which offer a variety of instruction, religious training and experiences in arts and crafts. Cars will be furnished for the parade.

Louis Chevrolet, Auto Maker, Dies

DETROIT, June 6 (AP)—Louis Chevrolet, pioneer motorcar designer and in his earlier days one of the greatest of all racing automobile drivers, died at his home here today. He had been in poor health for several years and in retirement for nearly a decade. He is survived by his widow and one son. Chevrolet was born in Switzerland, on December 25, 1878. On May 20, 1905, he drove a Fiat racing automobile over a measured mile at Sheepshead Bay, New York, in 52.3 seconds for a new world's record.

Louis Chevrolet built the first Chevrolet automobile in 1911 in cooperation with William C. Durant. The Chevrolet company became part of General Motors corporation in 1915.

Torrential Rainfall Followed By Storm

By The Associated Press
A windstorm ripped through Gainesville at 9 a. m. today, leveling huge trees and one building, while elsewhere in the state torrential rains brought flood threats to Vernon and Wichita Falls.

Blowing from the west, the storm wrecked power lines and damaged small structures in the North Texas town. The feed shed at a gin was brought to the ground, and limbs were torn

from hundreds of trees. No loss of life or injury was reported. Beating rains that amounted to 3.23 inches in the Vernon area sent the Pease river on a record 13-foot overnight rise and prompted fears of the worst flood in the history of the area.

The water continued its upward surge, washing out a bridge on the Frisco railroad, and otherwise disrupting railroad and

highway traffic. Meanwhile, rail and road communications were interrupted in the Texas-New Mexico border area as the result of renewed excessive rains.

Fort Worth and Denver railway service was halted by flooded tracks and a weakened bridge west of Vernon. Highway 287 northwest of the city was blocked by several feet of water. Highway 70 southwest was under a foot of water and the prospect was it would be closed soon.

Beaver creek, flash-flooding, threatened to block highway 70-287 east to Wichita Falls from Vernon and the beating rain and hail severely damaged unharvested grain. Lightning set fire to a house at the northwest Texas city.

Heavy rains fell at Midland last night, flooding parts of the city, but no serious damage was done.

Downpours continued in the vicinity of Haskell and Quanah. Haskell had recorded 1.42 inches; Quanah 3.41, Childress 3.75 and rained, Snyder 1.53, Spur 1.19, Plainview 1.03, Memphis 1.75, Crockett 1.52, Lubbock .79, Amarillo .45, Alpine .84.

A new flood threatened Wichita Falls, where 200 families have already appealed for Red Cross aid.

Torrential rains throughout the area held the prospect for additional water in the Wichita river, which had receded to its banks at overflowing earlier in the week.

Landlocked overflow waters in Wichita Falls still kept many homes isolated.

FD Ponders Way To Halt Strikes

By The Associated Press
President Roosevelt said today he had new steps under consideration to reduce labor stoppages in defense industries but was not yet prepared to do anything while the defense mediation board worked on settling west coast aircraft and lumber disputes.

In reply to a question by a reporter at his press conference, the president said there was no statement "today" on whether he planned to do something about the strike at North American Aviation corporation's big warplane plant or the strike of International Woodworkers Union members in Washington.

Asked whether he intended to emphasize "today," he replied that reporters heard what he said.

Then, on another question whether he was considering anything to make labor aware of "new responsibilities," he said he believed that could be answered in the affirmative.

He called attention to a formal letter from Daniel J. Tobin, head of International Brotherhood of

Geo. Montieth Dies Here

Death claimed George W. Montieth, 63, at noon here today. Montieth, a carpenter by trade, had lived in this area since 1897 with the exception of brief periods.

Born in Tennessee on April 1, 1875, he moved with his family to Missouri while a lad and came to Texas when 11 years old. Montieth was married to Alice Edgess at R-Bar in 1902 and she survives in Houston with Ruth Beasley and then return by the way of Denton for the Blankenship family reunion on June 15.

At the next meeting, he added, several important matters including national defense training program, budgetary items, etc., would be discussed.

Blankenship, accompanied by his family and mother-in-law, Mrs. Anne Beasley, will leave Saturday for Austin to attend a state educational conference, at which he has a part on the program. Later the group will visit in Houston with Ruth Beasley and then return by the way of Denton for the Blankenship family reunion on June 15.

Funeral arrangements were incomplete, but it was announced that rites probably would be held at Nalley Funeral home Saturday afternoon. Burial was due to be in the Salem cemetery.

Horton Smith Takes 36-Hole Lead

FORT WORTH, June 6 (AP)—Under conditions which made it possible for anything to happen, playing Horton Smith, who now plays out of Pinehurst, N. C., took the early 36-hole lead in the U. S. Open golf championship by shooting a five-over-par 75 over the rain-drenched Colonial club course for a total of 148.

But for a 6 on the 15th, Smith could have equalled his opening 73. On this hole he was in the rough with drive and second, and then stuck his third shot into a trap.

Ellingson Elected Elks Club Ruler
Dr. E. O. Ellingson was named exalted ruler of the Elks lodge as members chose their slate of officials for another year at the Thursday evening meeting in the Elks hall.

Also elected to assist Dr. Ellingson as exalted ruler was Dave Tobolowsky, secretary; nominated were Ira Thurman, treasurer; and Boyd McDaniel, trustee.

The election of officers, said Elks, presaged an active year for the club.

Plans were made for a dance at the clubrooms next Thursday night.

Fire Breaks Out In Liner's Hold
JERSEY CITY, N. J., June 6 (AP)—Police reported that a fire broke out at 2 p. m. (EST) today in the hold of the American President liner, President Jackson, docked at pier 9 at the foot of 12th street.

A report from the first police radio car to reach the scene said "there was quite a bit of smoke coming from the hold, but no flames were visible."

Mid-Air Collision Kills Three Fliers
SAN DIEGO, Calif., June 6 (AP)—Three fliers were reported killed today in a mid-air collision of planes from a heavy navy cruiser.

Amendment To Draft Act Is Approved

Would Authorize Deferment Of Those Over Age Of 28

WASHINGTON, June 6. The senate military affairs committee approved an amendment to the selective service act today authorizing the president to defer the induction into the army of draftees who have reached their

The committee adopted the provision by a 5 to 3 vote, over the opposition of Chairman Reynolds (D-NC), Senator Hill (D-Ala), the majority whip, and Senator Kilgore (D-WVa).

Originally the bill drafted by the selective service bureau would have given the president authority to defer service at any age he deemed wise instead of fixing an age.

Supporting the amendment were Senators Gurney (D-ND), who proposed it, and Johnson (D-Colo), Holman (R-Ore), Thomas (R-Idaho) and Bridges (R-NH), the latter voting by proxy.

Effect of the legislation, as drafted, would be to permit the president to exercise his discretion to order the deferment of service of draftees as they reached his twenty-eighth birthday.

No provision was made, Gurney said, to excuse from service men over 27 years old who already have been inducted into the armed forces under the selective service act.

Trustee Meeting Set For June 16

A school board meeting set for Friday was cancelled and reset for Friday, June 16, W. C. Blankenship, superintendent, announced.

At the next meeting, he added, several important matters including national defense training program, budgetary items, etc., would be discussed.

Blankenship, accompanied by his family and mother-in-law, Mrs. Anne Beasley, will leave Saturday for Austin to attend a state educational conference, at which he has a part on the program. Later the group will visit in Houston with Ruth Beasley and then return by the way of Denton for the Blankenship family reunion on June 15.

Foreign Ships May Be Used As Tankers

WASHINGTON, June 6 (AP)—Possibility of a partial easement of the threatening oil shortage in the east was seen in informed quarters today in the forthcoming re-licensing of foreign ships in American ports.

Secretary Ickes, the defense petroleum administrator, made immediate representations to the maritime commission to determine how many of the foreign vessels to be taken over would be available to meet oil.

It was understood the foreign ships idle in American ports included eight tankers, of German, Italian, Danish and French registry.

Envoy To Return Britain's Moscow

LONDON, June 6 (AP)—Sir Stafford Cripps, British ambassador to Moscow, "will return shortly" for consultation and will go back to his post after a few days in London, it was announced authoritatively today.

Sir Stafford and his wife already have left the soviet capital, flying to Stockholm today on the first leg of their trip home.

Sir Stafford Cripps's request, Sir Stafford Cripps will shortly return to the united kingdom for consultation," said the announcement.

Veteran Ball Player Visitor In City

Chief Myers, one of those "grand old men of baseball" was in Big Spring Friday in behalf of the National Association of Veteran Ball Players, an organization which endeavors to care for disabled baseball players.

Tink Riviera, president of the Bombers, said that Myers would appear at the game at Roberts Field this evening and probably would make a short talk.

A veteran of years campaigning in the major league, Chief Myers's name is familiar to every follower of the sport. He is staying at the Crawford hotel.

4-H Boys Attend District Parley

A dozen Howard county farm boys and their sponsor, County Agent O. F. Griffin, are in Fort Stockton for the annual district 4-H club encampment.

The group went to Fort Stockton Thursday afternoon and will remain until Saturday afternoon.

Talk Of Peace Offer Rapped By President

WASHINGTON, June 6 (AP)—President Roosevelt declared today that Ambassador John G. Winant had brought from England not even "a tenth cousin of a peace offer," and added that German propaganda was responsible for peace talk.

The chief executive was asked at a press conference whether he cared to say that Winant had brought no peace terms and he authorized this direct quotation:

"Not even a tenth cousin of a peace offer or anything like that or any discussion of peace, or absolutely nothing like it, provided you use this not as a denial by the president but as an accusation by the president."

Asked whom he was accusing, Mr. Roosevelt said persons being duped by Germany.

He volunteered the information that he had on his desk two orders which he said had been issued by the official German propaganda agency in Berlin to what he called nazis and fascists in this country.

The first order, Mr. Roosevelt said, told them to stress the idea that Germany had no thought

of ever doing anything against any country of the entire western hemisphere. The second, he said, ordered nazis and fascist sympathizers, as soon as Winant arrived back in the United States, to spread the story that he was bringing a scare-head story that Britain was about all in and was talking peace.

Mr. Roosevelt asserted furthermore that it was an amazing coincidence that stories of the types recommended by Germany had appeared in a certain type of newspapers in the United States.

Told by a reporter that there was an impression being spread that Britain had said she could not last more than a few months without increased American help, the chief executive declared that this never had been said unless by Berlin. It did not come, he added, from a responsible source.

Asked about published reports that the Japanese ambassador, Admiral Kichisaburo Nomura, had been discussing the possibility of a non-aggression pact with Secretary Hall, the president said he knew nothing about it.

Dutch Indies Not Yielding To Japan

BATAVIA, Netherlands East Indies, June 6 (AP)—The Dutch delivered a generally unfavorable reply today to Japanese demands for a large share of the Indies exports of such war materials as rubber, oil and tin, but the chief of the Japanese delegation indicated he was not prepared to break off negotiations summarily, as he had intimated beforehand he would do.

After receiving the 10-page Dutch memorandum in a 90-minute conference, Kenkichi Yoshizawa, chief of the Japanese delegation, said it was "disappointing" and he did not think Tokyo would find it satisfactory.

Although he had said previously that the negotiations were tending on a "precipice," with implications of danger to friendly relations unless the Dutch substantially bowed to Japan's wishes, he said today he would have to study the Dutch reply more closely.

Yoshizawa explained this apparent change of position by saying: "The Dutch answer leaves room for clarification and interpretation, but no further negotiating."

He said it was not impossible that Tokyo would recall him promptly, but meanwhile he intended to seek further clarification comment from the chief Dutch negotiator, H. J. Vaesscock.

The first reaction, Yoshizawa said, was this: "We can agree on some points, but it is my impression that agreement will be very difficult on others."

Although the Dutch reply was not made public, reliable sources said it carefully steered a middle course, offering to maintain normal trade relations without furnishing Japan much of any important commodities.

New Mine Layer For Navy Launched

PHILADELPHIA, June 6 (AP)—The 4,000-ton Terror, the U. S. navy's first vessel built as a mine layer, was launched at the Philadelphia navy yard today and Ralph A. Bard, assistant secretary of the navy, declared "we can and will out-produce Hitler" in naval strength.

Speaking at the first of two important naval launchings at Delaware river shipyards in as many days, Bard declared:

"We are in competition with Hitler and his crew, who are building with slave labor and prisoners of war.

"What we are doing here is utterly necessary for the safety of our way of life. There is no one left in the world but the American worker who can out-produce Hitler."

Gibraltar Is Bombed By Italians

By The Associated Press
Italian bombers were reported today to have attacked Britain's great rock citadel of Gibraltar, guarding the western entrance of the Mediterranean sea, while the Germans forecast aerial blows at the Iberian coast.

Linked with Wednesday night's heavy assault on the main British naval base at Alexandria these reports indicated that an axis campaign to bottle up the British Mediterranean fleet may already be in motion.

London radio said casualties at Alexandria numbered 150 killed and 200 wounded.

Meanwhile, France's high military chiefs, in a cabinet session at Vichy, were reported discussing U. S. Secretary of State Cordell Hull's blunt warning that French cooperation with Germany was "utterly inimical to the just rights of other countries."

With Vice Premier Admiral Jean Darlan presiding, the meeting was attended by Generalissimo Maximilien Weygand, commander-in-chief of France's North African armies; Governor General Pierre Boissac of French West Africa, and Resident General Admiral Jean Esteva of Tunisia.

The question of empire defense as part of Adolf Hitler's new European order was also said to have been discussed.

Giving point to these deliberations, General Henri Dentz, commander-in-chief of French forces in Syria and Lebanon, issued a dramatic order to his troops: "The command is clear. Defend our possessions and defend them with our own forces."

"There is nothing in this contrary to the honor and interests of France. You have heard me. You have understood me. I say no more. Now to your posts!"

Lyndon Johnson On Air Tonight

AUSTIN, June 6.—Cong. Lyndon Johnson, who entered the senate race with description by President Roosevelt as "an old friend," is to lay before the Texas people what he describes as a message "direct from Washington" on the old age pension problem in a statewide broadcast at 8:45 to 9 o'clock this evening.

Speaking at Alvin yesterday, he called for insuring "life, liberty and the pursuit of happiness" by building "the greatest defenses that any nation ever had."

Answering critics who have declared he should be in Washington at this time, he quoted a telegram from the president to the effect that "I suggest that you stay in Texas during the campaign unless conditions change so radically that your presence in Washington is necessary. If that happens, I will send for you."

Gaines County Farmer Slain

SEMINOLE, June 6 — George H. Dark, 41, prominent Gaines county farmer, was slain here Thursday afternoon while he was helping a hired hand repair a tractor.

The hired hand was being sought by a posse, County Attorney W. A. Griffis said that charges of murder were being filed.

Details of the slaying were missing, but officers said they understood that Dark had been shot. Funeral services were to be held in Lamesa Friday afternoon.

Foreign Ship Seizure Bill Is Put Into Effect By FDR

WASHINGTON, June 6 (AP)—President Roosevelt signed today legislation permitting the government to take over and operate the approximately 80 foreign ships now idle in American waters.

He immediately thereafter ordered the maritime commission to carry out terms of the act.

Trampling through the order at a press conference, the president said it authorized the commission to:

Purchase, requisition, charter, or take over all foreign ships lying idle in waters of the United States, including those of the Philippines and Canal Zone.

Operate any of them in the service of the United States directly or through an agent.

Charter or lease any of them for foreign or coastwise service, but not to any belligerent government

Defender Pierre Boissac Arrives

WASHINGTON, June 6 (AP)—Pierre Boissac, the "defender of Dakar," arrived in Vichy presumably to join in conferences on defense of the French empire.

Although he had said previously that the negotiations were tending on a "precipice," with implications of danger to friendly relations unless the Dutch substantially bowed to Japan's wishes, he said today he would have to study the Dutch reply more closely.

Battered Pursuers Of Open Title Take 2nd Tussle With Colonial

Denny Shute At Top Of Nat'l Pack

By William T. Rives
FORT WORTH, June 6. (AP)—Battered in the opening round, pursuers of the National Open golf championship staggered through the ropes today for another tussle with Colonial Club's par.

All alone stood quiet little Denny Shute, sole man to master the course.

Shute two-time winner of the P. G. A. championship, carved a 98-33-69 to beat par 35-55-70 in yesterday's first round.

The greatest opening day crowd in the tournament's history, approximately 8,000 persons, jammed the fairways behind their favorite threesome.

Only two placers equalled par—Vic Ghersi and lanky E. J. (Dutch) Harrison, with identical scores of 35 on each nine.

Bunched behind the leaders with 71's were Gene Kunes of Philadelphia, former Canadian Open champion; Harold (Jug) McSpaden; Lawson Little, defending champion; Dick Metz, and Jack Ryan of Louisville, Ky.

Sharing 72's were Henry Ransom, local pride; Clayton Heaster; Sunny Terry of Dallas; Ted Kroll of New Hartford, N. Y.; Bill Kaiser of Louisville, Ky., and Johnny Morris, Tuscaloosa, Ala.

The rest of the field sagged. Byron Nelson, Paul Runyan, Horton Smith, Craig Wood, Lloyd Mangrum and Chick Harbert were among the 73 shooters.

Ben Hogan, Gene Sarazen and Ed Dudley checked in with 74; John Bulla, Tony Penne and Jimmy Demaret, 75; Sam Snead, Johnny Goodman and Billy Burke, 76, and Henry Ford, 77.

Ralph Guldahl, who sprinted in as a hot favorite in the final days before the tourney started, had a sad 79.

Today's round was to eliminate all but the low 60 scorers and tie. Tomorrow comes the climatic 36-hole final.

Because of yesterday's scoring scores, the consensus among pros was that 296 would win.

Most melancholy finisher was handsome Henry Ransom. Out in a stinging 31, which tied the Open record for nine holes, Ransom came back in 41. That inspired Gene Sarazen to observe:

"The championship will be won on the second nine, one of the finest nine holes I've ever played. It's a great test of golf. The boys who get off to a good start will burn up the front nine, but coming in it's a far different matter."

Indians Do It -- Split Twin Bill With Buffs

By The Associated Press
The Oklahoma City Indians made the nearest approach to news in the Texas league last night—they beat the Houston Buffs.

It's true that the Buffs, leading the league with a staggering percentage, won by a score of 4-3 the first game of a twin bill at Houston, but the Indians managed to string together three runs in the eighth to take the second contest by the same count—4-3.

The Shreveport Sports, playing at home, nudged out the Fort Worth Cats 3-2, the Tulsa Oilers opened a series with the Missions at San Antonio by racking up a 4-3 victory, and Beaumont, before a home crowd in the only afternoon contest, lost to the Dallas Rebels 7-1.

Lookin' 'em Over

WITH JACK DOUGLAS

Tommy Neel has been living right—at least his golf appears to be only the kind that comes to the pure in heart.

Yesterday Tommy sacked up an eagle on Munny's par four number two, 297-yard. Playing in a foursome that also included Claude Wilkins, Bert Shive and Pug Hagerman, Tommy's tee shot dropped about fifty yards shy of the green. His payoff shot landed about eight inches short of the hole, rolled, slinked against the pin and fell in.

Hagerman's showing wasn't any duffer performance itself. Pug took three birdies in a row. He marked his first one on number 12, a par four hole, cut across to 16—dittoed on the five par layout, then put the clincher on the round with a birdie on four par 15th. On the 18th Pug dropped back to normalcy—boogie.

Big Spring's first annual City tournament ended on a confusing note. In fact, Herman Stewart, 2-1 victor over Jack Morgan in 18 holes of the championship finals has yet to be officially recognized. Before the game started, Stewart and Morgan decided to play only 18 instead of the originally planned 36. As of date, nothing definite has been decided so far as the trophy is concerned.

In third flight competition, the race is between A. E. Suggs and Dr. R. C. Beadles, with the outcome to be determined within the next few days. As for the others the count stands as is—Sammy Sain first flight winner over M. K. House, 2-up; Claude Wilkins over Neil Hilliard, 4-2.

Right now, local golf is taking a back seat to the National Open tournament at Fort Worth, but a few Big Springers are hieing themselves to the Munny course.

Gene Gardner is the man behind the counter during Pro Harold Akey's attendance at the open. Gene opines he's willing to give a bit of divotting instruction for those so inclined and not given to looking too closely at the record. But, for those who prefer teaching themselves how to lose balls, Gene is perfectly willing, able and ready to vend the other incidentals of golf.

LAMESA, June 6—The Lamesa Lobos broke their losing streak last night, taking the Clovis Pioneers, 7 to 4. Out hit 12 to 9, the Lobos hit in the clinches to luck out on the cellarites. Surratt and Harriman led the Clovis attack with three hits each and Jordan and Scaling had two each for Lamesa.

Open Golf Notes

FORT WORTH, June 6 (AP)—Some of these Yankees who came down for the national open golf tournament had never heard of chiggers. They know now.

Chiggers are minute organisms which hide in tall grass and attach themselves to the unsuspecting passerby. The Yankees are finding out what Texans have always known—chiggers are vastly irritating but not fatal.

What the Yankees probably don't know is that the summer sun had knocked most of the chiggers in the head before the tournament came along. Last month the chiggers would have had a field day.

Two hundred sandwiches vanished in about 15 minutes at a lunch stand near No. 17 around noon. One of the huge galleries swept through the place like locusts and cleaned it out of edibles and drinkables.

"Autograph this page for me," a spectator demanded of little Ben Hogan on the course today. Hogan, with traps, hazards, greens and par on his mind, suggested the man wait until the round was completed.

"Can't," said the man. "I'm leaving town."

Hogan said okay, and signed. Ben handed back the autographed sheet to his besieger.

"Wait a minute," said the latter. "Take it over and get Ed Dudley to sign it."

Hogan, his mahogany skin flushing, refused.

Lead enough for bystanders to hear, the other replied:

"Why, you little—so-and-so I hope you shoot a thousand. Hogan weathered that with a 74, not too far behind."

Boston Sox Coming Into Their Own

Hand Cleveland Its Worst Rout Of Year 14-1, To Add To Wins

By The Associated Press
Recognition already has been given the Philadelphia Athletics as a late-blooming miracle of the spring, but the A's should move over to make room for the Boston Red Sox.

Joe Cronin's gild-edged American leaguers have done a lot of aimless wandering, some of it in the second division, since winning five in a row at the start of the season.

Just nine days ago they slumped to sixth place, the mighty Jimmie Foxx benched himself because of a batting slump, and the future was clouded with uncertainty.

Yet today they are up in third place with a brand-new five-game winning streak and are only three games behind the pace-making Cleveland Indians, whom they crushed yesterday, 14-1.

It was the worst rout of the year for the Indians, who didn't score until the eighth and would be in first place today except that the Athletics took care of the Chicago White Sox, 9-3.

The Detroit Tigers took a ragged 5-4 decision from the New York Yankees in 10 innings to complicate the American league race further by bunching no fewer than six teams within a range of four games.

The St. Louis Browns sent Luke Sewell off to a good start as manager by whipping the Washington Senators, 4-2.

Rain washed out the National league program.

Lamesa Junior Coach Resigns

LAMESA, June 6 (SpI)—Carr Spraberry, former star lineman on Lamesa high school and Hardin-Simmons football teams, has resigned his teaching job here.

This closed his fourth year with the school, the last three having been spent on the teaching staff of the high school department. He assisted Head Coach Red Gregg in spring training and put out a junior grid crew last season that went the route undefeated.

Before coming to Lamesa, Spraberry had taught and coached at Gorman and Rising Star.

As of date, his place is unfilled.

Big Spring Hospital Notes

Delmar Simpson, Hobbs, N. M. was admitted for eye treatment Thursday.

J. C. Lemon, Ackerly, is undergoing medical treatment.

Mrs. J. A. Murphy, Stanton, had minor surgery Thursday.

Mrs. J. H. Hanks and infant daughter, Knott, returned home Thursday.

Mrs. T. E. Clanton and infant daughter, Route One, Big Spring, have returned home.

Ida Belle Richards, Garden City, was able to return home following medical treatment.

Mrs. Morris Gay, Fairview, left the hospital Thursday after major surgery, several days ago.

Disappearance of horses and mules on American farms in 30 years has taken away the capacity to consume the food from 70 million acres, according to the census. This is more than the entire farm acreage of Iowa and Missouri combined, and would be sufficient to feed 84 million human population.

SPORTS ROUNDUP

By EDDIE BRIETZ
NEW YORK, June 6—Broadway is saying Arthur Donovan won't be in there when Joe Louis goes against Billy Conn. Arturo seems to be in very dutch since the Buddy Bear fight.... One of the floral pieces at the Lou Gehrig funeral came from President and Mrs. Roosevelt—a swell gesture.... There isn't a thing wrong with Jimmy Fox that a few lusty baseballs won't cure.... We're still sticking to Byron Nelson to come through at Fort Worth....

A toot for Shute—Our hat goes off to Denny Shute, who showed the others how to shoot.

Busy man's newspaper—This year's Penn State-New York U. football game will be played at night.... Bill Corum of the N. Y. Journal-American and Don Murphy will be broadcasting team for Mike Jacobs' fights beginning with Conn-Louis when the Mutual chain takes over. A lot of folks are going to miss good old Sam Taub, but he'll continue to pair with Bill Stern on "spot" fights throughout the country via the NBC lines.... To date this column has received 178 tributes to Lou Gehrig (both prose and poetry), which gives you an idea how the old iron man rated all over.... Eleven members of Washington's varsity and junior varsity crew which will row at Poughkeepsie have yet to participate in a losing race.

Losing, 6-0, Last Night, Bombers To Try Again Today

Russell "Kid" Crider, 19-year-old righthander from Smithville, Ark., pitched no-hit ball here last night as Amarillo's Gold Sox took a 6-0 victory over Big Spring's Bombers. Crider, holder of last year's strikeout record in the West Texas-New Mexico baseball league with over 200 to his credit, made Thursday's spectacular showing his seventh win of the year.

Big Spring just didn't have it—that's all that can be said about the fracas last night. That, and the fact that they were faced by an inspired youngster—one who, once he saw baseball's ace in his grasp, bore down and pitched himself a ball game that is seldom equaled. And, the Amarillo Kid didn't pick out a loss-ridden club to mark up the perfect score—he took on the leaders of the league—Big Spring.

The Bombers used a pair of hurlers on their side of the card. Willard Ramsdell started the show for Big Spring but gave up the job to George Boal in the third with two runs chalked in the inning, one out, and facing Fullenwider, holder of a 48-homer record from last season.

Amarillo scattered its hits through all but three innings of the tussle, taking three in the first and third stanzas, two in the second and fifth, and one in the sixth and eighth. A three-run spree in the first and a two-catcher in the third, plus one in the eighth told the sad tale for the losing Bombers.

The only times Big Spring even connected with the bases were on errors or walks. In the first bat out of the box for Big Spring, J. L. Haney landed on first on an error by Tenero. In the fifth, Art Shilling went to the base on an error by D'Antonio and Al Zigelman got to first on a fielder's choice. In the sixth frame, Hank Poitras took advantage of an error by Ray to get to the first stop on the course.

As for the star performer last night, Crider is in his second year of pro baseball. Last year he won 20 games, lost eight. He is a methodical hurler, tossing his hooky curve with a calmness that belies his apprenticeship in the rocky-riden path of a moundman. Last night he baffled the Big Springers with just about everything in the book, pulling the Bombers out on the swing with one heave, then chipping at their midriff with the next. He was a bit wild at times but, all told, he kept the ball in the prescribed grooves in bang-up style.

Tonight, weather permitting, the dance goes on for the series finale. Big Spring, smarting from the role it played last night, is honed for bear and ready to do a bit of chewing on its own hook. In anything but a slump, the Big Springers had one of those nights—a night that makes baseball the unpredictable thing it is. And Bob Kohout will be the lad on the mound. Austin will fill the same spot for Amarillo.

Manager Jodie Tate said Friday morning that the field appeared to be in fairly good shape and if no more rain came, the game would go on as per schedule.

Saturday night, the Wichita Falls Spudders come to Big Spring to open a series. Starting on a regular practice, Ladies' Night is slated for that affair.

ABCers Take Minor Loop's First Half

In the words of Ward Peeler, American Business club turned Leon Tamer last night and won the first-half of Minor city softball league with a 21 to 16 count over the Lions.

The Lions were lining them out last night, but the pace was too much and the ABCers were primed for victory. In the first stanza, the Lions marked up six runs—but, ABC took nine, and so the game went.

The count was near even-Stephen so far as hits were concerned, ABC's Durward Carnett allowing 20 wallops by the Lions while Harold Steck was bopped for 19.

Score by innings:
ABC 003 325 2-21 19 8
Lions 003 320 2-16 20 9

Max Schmeling Wants To See Friends In US

NEW YORK, June 6 (AP)—Max Schmeling, former heavyweight boxing champion who is now a Nazi parachute trooper, says he hopes the war ends soon and that he "can get together again" with his friends in the United States.

In a hospital ward set up at the former American college outside Athens, Schmeling is recuperating from a stomach disorder and from effects of fighting in Crete, Harry W. Flannery, CBS correspondent, reported last night in a broadcast from the Greek capital.

"His illness probably had been due to drinking some chocolate abandoned by the British," Flannery said Schmeling told him in an interview. "The milk in it may have scored."

Plan Landing Strips Along Roads Planned

WASHINGTON, June 6 (AP)—The largest airplanes—both giant bombers and huge passenger airliners—eventually may be making emergency landings alongside the thousands of miles of highways throughout the United States.

Senator McCarran (D-Nev.) disclosed today that a section of the proposed national defense highway bill requested by President Roosevelt would authorize construction of "landing strips" along the national highways.

"The idea has been used successfully in Germany for several years," the senator said. "It's too bad that we have not done it before, but once we get this authorization, development should be rapid."

McCarran explained that the "landing strips" will be constructed along our present highways usually in the direction of prevailing winds. If two highways form a "Y" the inner area may be utilized for the emergency field. He added that the "landing strips" might or might not be surfaced depending upon soil conditions and other factors.

A related plan, the widening of highway crossroads to provide 400 "satellite airfields" to provide landing areas for military aircraft in mass movements, was urged before the house roads committee yesterday by Gen. George H. Brett, army air corps chief.

Other senators said that the senate post roads and postoffice committee yesterday agreed upon a national defense bill to carry out the president's requests for "access roads" and "strengthening the entire strategic network of highways."

The legislation is expected to be ready for senate consideration next week.

24-Hour Schedule In Defense Is Demanded By Tom Connally

WASHINGTON, June 6 (AP)—A demand that the government compel the armaments industry to go

LURE—War's grim business at Trinidad, where U.S. is building defense bases, hasn't eclipsed the bathing girls, such as Marguerite Huckleby, Trinidad's new and pretty "Travel Queen."

on a 24-hour production basis was made Thursday by Sen. Connally (D-Tex) as the senate defense investigating committee sought further information on the operations of the Office of Production Management.

Connally told reporters that testimony given the committee indicated production was not moving swiftly enough to supply the military needs of the United States and Britain. For that reason, he said he intended to find out why the OPM had not sought to force plants onto a 24-hour basis.

"We ought to have every defense industry running on three shifts," Connally declared. "The OPM officials have told us that we should be producing more, that there is need for speed. Well, let's get it by keeping these plants going 24 hours a day where that is practical."

The Texas senator said he thought progress might be made in the same direction by relaxation of wage and hour legislation in cases where the president found that there was insufficient skilled labor to man three shifts.

Also, he said, the spreading of contracts to smaller firms ought to bring into operation some of the "tremendous amount" of machine tools which Stacy May, OPM statistician, told the committee yesterday had not been put in use by the defense program.

May voiced the opinion that the present \$40,000,000,000 defense program for 1941 and 1942 ought to be doubled and Connally questioned him sharply about how this was to be done.

Wheat Loan Rates Fixed

WASHINGTON, June 6 (AP)—The agriculture department announced today a schedule of rates — said to average about 98 cents a bushel — at which it would make loans to farmers on this year's wheat crop.

The loan program was established under recently approved legislation designed to support market prices of the basic crops—cotton, wheat, corn, rice and tobacco—at 85 per cent of parity.

A similar program last year provided wheat loans at 85 per cent of parity.

(Parity is a term used to describe prices which would give farm products as much purchasing power as they had in the pre-World War period 1909-14.)

The schedule set up base loan rates for the principal bread-grain markets and provided a formula of determining rates on grain which might be stored under loan elsewhere, either on the farm or in smaller markets or country elevators.

Military Convoy On Way To Maneuvers

WICHITA FALLS, June 6 (AP)—A convoy of 360 military vehicles, bound from Fort Sill, Okla., to Mineral Wells, Texas, for maneuvers, came through here today in a pouring rain.

The convoy included heavy trucks and guns of detachments of the 349th field artillery, 142nd field artillery, and 77th field artillery and required three hours to pass through the city. One minor accident was reported.

News And Views About Books—

What is probably the funniest book of the year was published on May 16 by Doubleday, Doran & Co. It is called *Low Man* and a Totem Pole (\$2.50) and was written by H. Allen Smith, with an assist from Fred Allen, the radio comic who contributes the introduction.

H. Allen Smith is the ace humorist and feature writer of the New York World-Telegram whose interviews, weather reports and parodies on fellow journalists have delighted New York readers for years. He is a weather prophet par excellence; he is the nemesis of the major and minor celebrities whom he relentlessly traps into interviews; he is the world's greatest collector of human oddities, the flipper of journalism. In *Low Man* or a Totem Pole which might be called an autobiography, a fraction of his memoirs, or a travel book by a man who has never gone anywhere—he recounts the high points of his life and from a glass house he flings stones after stone at the strange people he has met merely by staying close to home and looking around him.

John Masfield's new book, *The Nine Days Wonder*, to be published Nine Days Wonder, was published dramatic picture of the miracle of Dunkirk. It has all the vivid clarity of a military report and is as stirring for this generation as his classic "Gallipoli" was for the last.

Mr. Masfield expresses thanks for many first-hand details of the evacuation to A. D. Divine, known on this side of the Atlantic as David Rame (author of "Wine of Good Hope"), who was at that time with the ministry of information and actually participated in the feat of Dunkirk. For three successive nights he captained a small motor launch, rescuing many lives. On the third night he rescued critical stomach wounds from machine-gun fire. After his recovery he was appointed naval observer on a British destroyer.

On August 21, 1940, a Nazi raider torpedoed the British merchantman Anglo-Saxon, and machine-gunned the survivors in their frail and careening lifeboats. One little boat escaped. It contained seven men, including Robert Tapscott and Wilbert Widdecombe.

Seventy days later the open boat was washed up on the beach of an island in the Bahamas. Five of the seven men had perished. But Tapscott and Widdecombe, by one of the miracles of our time, survived. They were rushed to Nassau by plane. The Duke and Duchess of Windsor were among their first visitors. So was Guy Jones, veteran American newspaperman. Jones has put the story of their 70 days—four whole weeks longer than the famous ordeal of Captain Bligh of the *Houat*!—onto paper, and Random House will publish it in July.

The book will be called "Two Survived," and persons who have seen the manuscript say that it is one of the most thrilling and amazing stories of the sea that has ever been written.

somewhere in the Mediterranean.

The June selection of the Literary Guild of America is Commander Edward Ellsberg's *Captain Paul*, a fictionalized biography of John Paul Jones, America's first great naval hero as perceived through the eyes of Tom Folger, a Nantucket youth who became Jones's shadow during his rise to fame. Jones is shown in swift succession as slaver, actor, merchant captain, slayer of a mutinous seaman, fugitive from justice, pirate on a Spanish corsair, and finally as the polished Virginia gentleman, savior for the hand of Martha Washington and originator of American naval tradition.

King Features Syndicate will start newspaper serialization in June of Jan Valtin's *Out of the Night* throughout the country. This amazing book is still No. 1 on all non-fiction best seller lists and has held first place steadily since its publication in January.

The Alliance Book corporation, publishers of *Out of the Night*, recently offered a booklet, *The Truth About Jan Valtin*, free to anyone who cared to write for it. This booklet contains letters from friends of Valtin who had lost track of him and recognized him from his book, excerpts from earlier writings of Valtin, excerpts from reviews.

The publishers inform us that this booklet was issued because its material gives such strong and conclusive evidence of the authenticity of *Out of the Night*, and they report, as an indication of the intense interest which still exists in *Out of the Night*, that three days after their advertisement appeared offering *The Truth About Jan Valtin* they had received requests for over 10,000 of the booklets.

Four-County Area May Produce \$12,500,000 Cotton Crop

High Prices, Big Production Due

It does not require extreme optimism to foresee a 12 1-2 million dollar cotton crop in four major cotton counties in the Big Spring territory this year.

With prices standing at the highest level in many years, and the crop promising to be the largest since 1937, a fairly conservative estimate shows that Howard, Dawson, Martin and Mitchell county farmers will jingle \$12,500,000 between September and January as income from their cotton patches alone.

This does not include an income from grain sorghums, livestock and other sources that are likely to total an equal amount in the next 12 months.

In 1937, these four counties produced 210,000 bales of cotton. Dawson county gained 106,334 bales, Howard 46,029, Mitchell 29,349 and Martin 28,588.

This crop was harvested off of approximately 340,000 acres of cotton land in the four counties. The government acreage allotment ran about 350,000 acres, but it is usually underplanted a few thousand acres in each county.

Since 1937, the AAA has whittled down on the cotton allotment in West Texas counties. The allotment for Howard, Dawson, Martin and Mitchell counties for 1941 allows 331,000 acres

Lumber Yard Slates Open House Party

Celebrating 17 years in the lumber business, Rockwell Bros. & Company will hold open house all day Saturday. According to Buck Richardson, manager, the entire day will be given over to visitors, with souvenirs for the ladies, cigars for the men and cold drinks for everyone.

Remodeling plans included enlargement of the company's Sherwin-Williams paint and wall paper departments, a color scheme of white and cream trimmed in ocean green being carried out. Several Rockwell men will be here for the affair, Richardson said. Among them will be Charles Dunn of Breckenridge, and Joe Wright, Colorado City, both former Big Spring residents; Mr. and Mrs. Frank Harrell, Cisco; Pat Cooper, Dallas, and Bob Battle, Wichita Falls.

President's Envoy Will Go To Cairo

LONDON, June 3 (AP)—A reliable source said today that W. Averell Harriman, here as President Roosevelt's representative to expedite the aid-to-Britain program, is planning to leave soon for Cairo. It was understood Harriman would make an extended trip through the Middle East to survey British needs there.

TAXI Town Fables

Everybody could see Bill Bevis was crazy about little Mary Lee—but he was pretty much discouraged. "I can't afford to date her," he told his best friend. "I don't have a car and can't afford one. And so I can't take her places." "You poor chump," his friend said, "the smart way to take a girl to parties is in a cab. Let somebody else worry about parking, let somebody else do the driving, let somebody else pay for gas, oil, repairs and depreciation. It looks like Bill and Mary'll be getting married any day now."

of cotton. Allowing for underplanting, the crop will run near 300,000 acres in the four counties mentioned.

With ample moisture in surface and subsoil and most all cotton acreage up to a good stand, prospects for the 1941 cotton crop at this point are as good per acre as in 1937.

On this basis, it is reasonably conservative to predict a crop of between 175,000 and 180,000 bales in the area under consideration—a crop of 30,000 or 35,000 bales smaller than that of 1937.

But one feature is much brighter than in 1937—that of price. While cotton was topping at 7.40 to 7.50 on local spot markets then, governmental price pegging has assured a much better price this year.

Strict middling is selling on seaboard spot markets at nearly 13 cents per pound now. The government is going to offer a loan on the 1941 crop, once the guns get going, of right around that price, which means that the buyers will continue to pay near the same.

If farmers in the Big Spring country can get 13 cents for their cotton and \$30 a ton for their cottonseed, they will gross \$70 per bale off 1941's crop. A 180,000 bale crop in the area at \$70 per bale equals \$12,600,000.

This is all, of course, strictly speculative. Insects, extremely bad weather, a slip-up in the government's loan program, can tear up the playhouse. But a good start has been made toward a bumper cotton crop and men with money are willing to gamble that the price will be higher than in many years.

And it must be remembered that old ex-King Cotton is only one of many sources of wealth in West Texas.

FIRESTONE TIRES WIN AGAIN

FLASHING down the straightaways at speeds as high as 160 miles an hour, Mauri Rose streaked to victory in the 1941 Indianapolis Sweepstakes without a tire change. 500 miles of grinding, pounding, torturing speed — and not one tire failed! Here's proof of safety — proof of blowout protection — proof of endurance — proof of tire superiority backed not merely by claims, but by PERFORMANCE! For 22 consecutive years all the winning drivers in this great classic of speed and endurance have driven to victory on Firestone Tires. Why? Because race drivers know that their very lives depend upon the safety of their tires. They have made it their business to know how tires are built. And they know that the patented construction features found only in Firestone Tires provide the extra strength and durability necessary to safety and victory!

The same super-safety and dependability that are built into Firestone Tires for the speedway are also built into the new Safti-Sured Firestone Deluxe Champion Tires for the highway. Both are Safti-Sured against blowouts by the patented Safety-Lock Gum-Dipped cord body. Both are Safti-Sured for longer wear by the exclusive new Vitamic rubber compound. Profit by the experience of famous race drivers. Equip your car today with a set of these new Firestone Deluxe Champion Tires — the world's first and only tires that are Safti-Sured.

Did you ever think of advertising as a short cut, a time saver?

As a matter of fact, that's all it is.

It enables a store or factory with a lot of merchandise to sell to find a lot of people who want it.

The people who use advertising find it the cheapest way of doing this job.

Which helps to keep prices down.

Big Spring Leads State In Automotive Business

One of the main businesses contributing to Big Spring's large retail sales volume is that classified in the government census as the "automotive group."

In this classification, \$2,514,000 in sales were made during 1939, the year covered in the government census on business. This placed Big Spring in the lead of all Texas towns of 10,000 to 20,000 population in this classification, as well as in total retail sales.

Included are sales of motor vehicles and sales by automotive supply stores.

The record, for towns of 10,000 to 20,000 population:

BIG SPRING	\$2,514,000
Pampa	2,138,000
Hartlingen	1,977,000
McAllen	1,915,000
Sherman	1,845,000
Longview	1,838,000
Bryan	1,708,000
Denton	1,698,000
Greenville	1,578,000
Temple	1,514,000
Denison	1,263,000
Brownsville	1,216,000
Corpusana	1,019,000
Sweetwater	958,000
Cleburne	870,000
Del Rio	668,000

Wheat Farmers Due To Get Much More Money This Year

COLLEGE STATION, June 6 (AP)—R. F. Vance, administrative officer of the AAA in Texas, said today that a bumper wheat crop estimated at 45 million bushels combined with marketing quotas approved last Saturday will bring 59,000 Texas farmers approximately 13 million more dollars this year than last.

Last year's crop was only 29 million bushels.

Vance estimated the increased 1941 income using 1940 prices and an average loan value of 92 cents per bushel. Without the loans' price supporting value, Texas wheat prices would be considerably lower, he explained.

"The basic loan value of number two hard winter wheat stored at Galveston has been approved at \$1.17 per bushel," he said. "However, this price will vary in different counties since the average freight rates applicable to various counties differ because of distance from terminals."

Vance called attention to the two types of approved storage and three kinds of loans to be made on wheat this year.

Farmers may store wheat either in approved storage structures within farm storage areas or approved public warehouses. Loans involve "regular," "excess," or federal crop insurance loans.

"Regular" loans indicate the producer is within his wheat acreage allotment and may obtain a loan on all wheat produced.

"Excess" loans are available only to non-cooperators on the amount of wheat subject to penalty. The loan value would be 60 per cent of the loan rate applicable to co-operators.

Producers receiving certificates of indemnity from federal crop insurance are eligible to obtain loans at values approved for his county on the number of bushels covered by FCI certificates.

Houston Man Here In Bid For Votes

John C. Williams, Houston, brought his campaign for U. S. senator to Big Spring Friday morning with a speech from the courthouse lawn.

Declaring himself to be for a separate air force, and asserting that "we need an expert in Washington" in this field, Williams pledged to introduce a bill calling for an independent air force if elected to the senate.

He scored four other candidates—plainly Gen. O'Daniel, Atty. Gen. Gerald Mann, and Congressman Lyndon Johnson and Martin Dies—for "playing hookie" to make the senate race.

"These young fellows," he said, "don't know what the score is, and you want to send to Washington a man who knows what the score is." He hit at Johnson for not being in Washington "fighting for a separate air force," charged corporations were contributing to his cam-

Negro Electrocuted For Rape, Murder

GRANDVIEW, June 6 (AP)—Tommye Harris, 20-year-old negro, was electrocuted at U. S. state prison early today for the rape and murder of Mrs. Edna Earl Allen, 18-year-old expectant mother of Grandview.

Harris was strapped into the chair at 12:02 a. m. and was pronounced dead eight minutes later.

A jury found Harris guilty and fixed the penalty at death last April after testimony that he broke into Mrs. Allen's home, raped her and then slugged her with a sashweight last August 8. She died the following day. Her premature baby was born dead.

Business Club Told Of Park Activities

A talk on the club-sponsored West Side park was given by Malcolm Bridges, WPA recreational supervisor, for American Business Club members meeting at the Settles hotel Friday for luncheon.

Bridges discussed the programs held at the recreation center during the week and the equipment at the park. He pointed out that more than 250 persons used the park each day. Plans for future expansion were also told by the supervisor.

A meeting was called for Monday night at 8 o'clock at the Settles for the nominating committee to name a slate of new officers. Vorda Taylor and Ted Phillips, captains of teams in a membership drive, named their team members.

Dr. J. M. Woodall was named chairman and Charles Girdner, co-chairman of the Red Cross drive to be held in the fall.

A committee composed of Bridges, Harold Canning, C. Y. Clinkscates, T. J. Dunlap, Fowler Faubion, C. O. Nalley, Dr. J. H. Farrott, W. B. Younger, R. D. Gougherty and C. A. Amos was named to have charge of distributing defense stamps to downtown stores.

T. J. Dunlap, chairman of the motorcycle races to be held September 1st, named Chester Cluck, Harold Canning, Clyde Thomas and Vorda Taylor to assist him.

A. D. Webb was present as a new member. Guests were the Rev. O. L. Savage, Lee Harris and Roy Phillips.

Baptismal Service To Be Held Sunday

A baptismal service will close the evening worship program at First Christian church Sunday, the Rev. Homer W. Halslip, pastor, has announced.

"The Set of the Soul" will be the pastor's morning subject and "The Man Who Dreamed of God" will be the evening topic. Jeanne Young will sing at the evening hour.

Picket Works As He Pickets

WASHINGTON, June 6 (AP)—Representative Patrick (D-Ala) carrying a bucket of Irish potatoes and feeling them as he paced up and down, established a one-man parade in front of the White House today in protest against the American peace mobilization marchers who have been there for weeks.

Patrick, asserting he at least was accomplishing something constructive with his potato sideline, toted a large sign strapped to one leg reading:

"Approvers, communists, bundlists, etc. can picket—but can they work?"

The congressman, talking with reporters as he walked beside six peace mobilization protesters, conceded his potato peeling was "not heavy work, but at least it is more than that crowd is accomplishing."

"I simply grew tired of letting a minority like this put over their ideas on the majority of us Americans. It's time the majority let their views be known," he explained.

Wool Market

BOSTON, June 6 (AP)—(USDA) Most grades of domestic wools were receiving little demand today. Occasional buyers were taking moderate quantities of combing three-eighths and quarter-blood bright fleeces wools at 46-47 cents, in the grease, delivered to users. Scattered sales of moderate volume were closed on clothing territory wools. Prices for these clothing wools ranged mostly 95-98 cents, scoured basis, for fine, 93-95 cents, scoured basis, for half-blood and 86-88 cents, scoured basis, for three-eighths blood. Sales were moderate in spot foreign wools and orders for future delivery were being placed in Australia.

Tombstone Jest With Death

MEMPHIS, Tenn. (AP)—Dr. Robert H. McCaslin collects men's jests with death.

Dr. McCaslin, pastor of the Second Presbyterian church here, has several notebooks filled with about 2,000 unusual epitaphs from all over the world.

The strange hobby started when he was walking through a village churchyard in middle Tennessee years ago. The villager with him pointed to four tombstones in a row, and said:

"I've had four wives to die. Now I'm living with my fifth."

On each of the four stones was the same verse:

"Another link is broken in the happy band.
"But a chain is forming in a better land."

Since that incident, Dr. McCaslin has found hundreds of interesting "last words" in many places, and others have been sent him.

"One, written by a sardonic New Jersey widow for her husband, reads:

"Meant Well, Tried a Little, Failed Much."

A young Massachusetts widow had a more forward-looking attitude:

"His widow, aged 24, lives at 7 Elm street, has every qualification for a good wife and yearns to be comforted."

Another New England man's children told his woful tale in poetic vein:

"Ma loved Pa, Pa loved women.
"Ma caught Pa with two in swimmin'.
"Here lies Pa."
"The code of the Old West is portrayed in the single line on a rough, natural rock gravestone found in Gripple Creek, Colo.:"

"He called Bill Smith a liar."
"And, from a wooden slab on a dusty West Texas plain:

"Boots are my pillow, and my cover. In peace I sleep."
"A 19th century lass bared her sorrows to the world in the inscription:

"The wedding day decided was.
"The wedding wine provided.

Markets At A Glance

NEW YORK, June 6—Stock prices slid unevenly lower today in a timid market.

Fractional losses were the rule at the close, despite a few striking exceptions. Turnover was about 350,000 shares.

Numbered among the steadier issues of the day were Bethlehem, Sperry, Consolidated Aircraft, New York Central, Owens-Illinois and Union Carbide. On the outside most of the time were DuPont, Caterpillar, Santa Fe, American Smelting, Air Reduction, American Telephone and Fajardo Sugar, the last reaching a new 1941 low.

Bonds were irregular. Most commodities were higher, although cotton neared the end of the session 5 to 15 cents a bale down. At Chicago, wheat closed 1 1/4 to 1 5/8 cents a bushel up and corn ended 3/8 to 5/8 cent ahead on the announcement of the 98-cent bushel loan rate on wheat.

France Says U. S. Misunderstands

VICHY, Unoccupied France, June 6 (AP)—An official French note issued by the foreign office spokesman tonight in answer to U. S. Secretary of State Hull's declaration against French cooperation with Germany said Washington misunderstood France's needs in a difficult situation.
