Basketball Teams Win Over Wheeler And Memphis

McLean came out on top, winning all three games at Wheeler Friday night. The B team boys were victorious by a score of 43 to 37. High scorer for the B team was Joe Ray Riley, scoring 11 points.

The A team girls also defeated Wheeler Mustangs with a score of 44 to 30. Sheri Haynes made 30 points, making her the high scorer.

The A team boys beat Wheeler by two points. The final score was McLean 50 and Wheeler 48. Tommy Duniven, making 17 points, was high scorer.

The Tigers and Tigerettes played Memphis on the home courts Tuesday night. The B team boys were defeated by a small margin, the score being Memphis 49 and McLean 35. Joe Ray Riley again was high scorer, scoring 14 points.

The Girls A team defeated Memphis with a final score of 48 to 46. Vicki Parr scored 18 points, making her the high scorer. This put the girls A team in 2nd place for district.

The A team boys had a close but very exciting victory. With one second remaining in the game, the score being Memphis 49, McLean 48, Stacy Howard shot from almost half court, making the two winning points of the game. Final score was McLean 50, Memphis 49. David Haynes was high scorer, scoring 17 points. This caused a tie for 2nd place in district, between McLean and Memphis.

Michele Parker Is B. C. Homemaker For McLean H. S.

Michele Parker has been named McLean High School's Betty Crocker Homemaker of Tomorrow for 1972. She was chosen on the basis of her score in a written knowledge and attitude examination taken by senior girls on Dec. 7, and will receive a specially designed award charm from General Mills, sponsor of the annual educational program. Additionally, she is now eligible for state and national honors.

The State Homemaker of Tomorrow, to be selected from all school winners in the state in judging which will center on performance in the Dec. 7 test, will be awarded a \$1,500 college scholarship. Her school will receive a complete set of Encyclopaedia Britannica from Encyclopaedia Britannica, Inc. A scholarship of \$500 will go to the second ranking girl in the state.

This April, the 51 Betty Crocker Homemakers of Tomorrow representing every state and the District of Columbia -- each accompanied by a faculty adviser -- will be given an expense-paid educational tour of Colonial Williamsburg, Va., and Washington, D.C. Personal observation and interviews during the tour, added to the earlier state-level judging results, will culminate in the announcement of the 1972 Betty Crocker All-American Homemaker of Tomorrow at the conclusion of the tour. Her scholarship will be increased to \$5,000 with those of three runners-up raised to \$4,000, \$3,000 and \$2,000.

In addition to the awards for school, state and national Homemakers of Tomorrow, a special \$1,000 Nutrition Scholarship has been added to the Betty Crocker Search program this year. To earn this award, a girl must be planning a college major in nutrition or a related field, rank among the highest in her state in the overall Search examination and achieve the top score, from those meeting the first two criteria, on the test's nutrition questions.

During the 18 years since the program's inception, enrollment has totaled over eight and one-quarter million, and with this year's grants, scholarship awards will reach almost \$2 million.

Methodist WMS Have Program On Paul

The life of Paul from his boyhood in Tarsus to the Damascus road experience was the subject of the February 8 program of the Women's Society of Christian Service. Using the book "The Apostle" by Sholem Asch as the basis for the lesson, Mrs. Bob Sherrod described the philosophical debates within Paul before his final conversion.

Mrs. Tony Smitherman gave the devotional to the fifteen members present.

The session was closed with a short business session conducted by Mrs. Bob Black, president. The next meeting will be February 22 when Mary Dwyer will speak on "Herod's Wives."

Texas Schools To Have Open House

You can't take a sentimental journey back to the schoolroom --because that little old school isn't there anymore! Times change and there's been a revolution in the schoolhouse. Here's your chance to find out all about it during Texas Annual Public Schools Week, March 6 through March 10.

You are invited to visit a Public School and see for yourself how new teaching methods and techniques are helping Johnny learn to read and think. It's Open House throughout the week. Come and meet the teachers. Come and learn how education is adding up to a better life for all Americans--for all Texans. Make a date with your child, March 6 through March 10, 1972, and visit in the school room.

Voter Registration Open All Year Under New Law

Secretary of State Bob Bullock said today that despite some newspaper articles and radio bulletins to the contrary, voter registration does not end on January 31.

Secretary Bullock said, "I am aware of at least two newspaper articles and several radio announcements which state that January 31 is the last day for voter registration. Apparently there is some confusion about the new voter registration law passed by the last legislature. Under the new law, voters can register any time during the year. However, persons must register at least 30 days prior to an election, to be able to vote in that election."

EDDIE J. LEARY

Eddie J. (Ed) Leary Enters State Representative Race

Eddie J. "Ed" Leary of Childress has officially announced his candidacy as a Democrat for State Representative for District 66, which is made up of Motley, Floyd, Briscoe, Hall, Childress, Collingsworth, Donley, Armstrong, Wheeler and Gray Counties.

Leary is 42, and is married to the former Wanda Graham of Matador, Texas. She is employed with the First National Bank of Childress. They have a daughter, Susan, 15, a freshman in Childress High School, and a son, Marvin Curtis, 11, who is in Childress Jr. High School.

Leary is self-employed in automotive business in Childress and has family farming and ranching interests in Motley and Hall Counties. He also has some 12 years experience in all lines of the insurance field.

He attended school at Northfield, Tell, and Estelle Schools, and attended Texas A&M and Texas Tech. He is an overseas veteran of the U.S. Army. Leary has been very active in community and civic work, being past-president of the Ambassadors Club, Past director of Rotary, Director in the Childress Chamber of Commerce, President of the Little League Baseball for the past two years, a past director of Little League football, a past cubmaster of Pack 68, member of the VFW, American Legion, Elks 1113 of Childress.

The Learys are members of the First United Methodist Church of Childress and Ed is Past-President for the Fellowship Sunday School Class.

Ed is the son of Mr. and Mrs. Marvin Leary of Childress, and grandson of the late J. M. Bell of Estelline and the late F. E. "Ed" Leary and Mrs. Leary of Estelline.

In his announcement he said, "I feel that our district is in need of constructive and active

representation which is necessary for the future growth of our district, and not for down-state big-city interest.

Today our State is faced with many problems, not the least of which is the Legislature itself. It is my opinion that actions and judgements of the last Legislature must be replaced with a greater degree of concern if we hope to contend with the serious tasks which lie ahead.

I feel that we should have budget restraints, and action to maintain local control over school districts. We must devise a more acceptable welfare program, yet providing the needs necessary for our people.

We must work toward more industry for our area and better agricultural and water control practices to help our area grow.

I feel that I can bring to this office a wide range business background, with good common sense, mature judgement, and experience necessary to provide this District with real representation. I believe that patriotism and honesty in Government is not old fashion.

I intend to bring my campaign to the individual voters of the district as I want to provide vigorous, honest, fulltime representation and will strive to serve all the people of my district with integrity.

I will sincerely appreciate any and all support for my candidacy to be your State Representative for District 66."

EDUCATIONAL CORNER

OBJECTIVES OF PHYSICAL EDUCATION AND INTERSCHOLASTIC ATHLETICS

In this article I will describe as briefly as possible the educational objectives of Physical Education and Interscholastic Athletics. Since the objectives for both are the same, I will refer to the objectives primarily in connection with Physical Education.

The only justification for Physical Education - or any other subject in the school curriculum - is that it contributes in an important way to the over all educational objectives.

Physical Education has a unique place in the educational system. It is the only part of the curriculum that is designed to educate the entire body. The other subjects are designed primarily to educate the mind, where as Physical Education develops the mind and the body.

The United States needs to be come very concerned about the physical fitness of its people. For the past 150 years there has been a steady increasing replacement of human effort by mechanical devices. This lack of physical effort in many of our lives has left us soft and inefficient in much of our lives. As Montaigne says The stronger the body, the more it obeys; the weaker, the more it commands.

There have been many studies taken comparing physical fitness academic performance, and social adjustment. One study conducted by Coefield and McCollum at the University of Oregon found that 78 male freshmen with lowest physical fitness were definitely low in scholastic achievement though they were above average in scholastic aptitude.

The relationship between the soundness of the body and the activities of the mind is a complex relationship, which is little understood. But psychologists do know that physical fitness has an important role in a boy or girl's successful participation in games and activities in which they participate. The psychologist also knows that this relationship between physical fitness and successful participation in games and activities plays a very important role in the social development of the child.

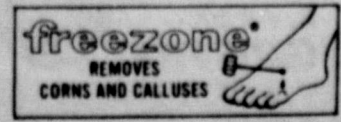

The physical development objective is known as physical fitness, physical conditioning, organic development or biological development. This objective is concerned with increasing the capacity of the body for movement, and it has been the basis for physical education for thousands of years. Plato and Socrates were among the first to emphasize the importance of physical development of the youth.

Physical fitness is of vital importance to you as an individual and to the nation as a whole. As the author of one of my college test books says, That all history is a story of people going up hill in wooden shoes and coming down on the other side in silk stockings. In other words a nation cannot long survive when its people are physically unfit.

Rep. Tom Christian Seeks Re-election

CLAUDE—Today Rep. Tom Christian, Claude farmer-stockman, is announcing his candidacy for re-election to the Texas House of Representatives.

He will be seeking his third term in the newly-created Sixty-Sixth District which includes Gray, Wheeler, Armstrong, Donley, Collingsworth, Briscoe, Hall, Childress, Floyd and Motley counties.

Christian, long an advocate of reform in Texas government, said, "I will continue to push for changes in House rules and procedures, including limitation of the powers of the Speaker of the House."

Christian added, "I believe that we must also work with the Texas Board of Education and our local school boards to develop a plan for maintaining local control of our children's education."

"We must strive to increase vocational education opportunities and work for welfare reform that will alleviate the great burden that is being placed on our taxpaying citizens."

"In my campaign I will continue to stress the needs of agriculture with emphasis on research that will help us to prevent the problems with quarantines that we now face."

Christian added, "It is imperative that we get our water plan off the drawing board and in operation... combined with research in the area of brush control that will conserve that water supply that is now available to us."

As a member of the Legislature, Christian has served as a member of the Committees on Juvenile Crime and Delinquency, Criminal Jurisprudence, Public Education, Livestock, and Public Lands and Buildings.

He is currently a member of the Committees on Revenue and Taxation, Parks and Wildlife, Elections, Penitentiaries, and Business and Marketing Affairs.

A graduate of West Texas State University, Christian is a former teacher and coach. He served in the United States Navy and as a member of the Ceremonial Guard in Washington, D. C.

He is a director of the Armstrong County Medical Center, a director of the Panhandle Livestock Association, a director of the Panhandle-Plains Historical Society, and a past chairman of the Board of Ste-

By FOSTER WEALEY

Last week we missed our regular Tuesday visit to McLean. We gave a presentation at Lamar, Colorado, to a group of eastern Colorado Cattlemen. The title of our subject was "The Economic Utilization of Wheat." We had a very responsive audience. One of the main points we tried to get across to this group was the fact that feeding cattle on wheat was the very best paying management decision a rancher could make. Feeding about six pounds per day of a ration of predominately ground milo could add an extra pound of gain per day per steer. Since much of the cost of running calves on wheat are fixed such as interest, pasture care and death loss, the added extra pound of gain can be had for as little as fourteen cents. With cattle in the forty dollar bracket, each additional pound you add at this low cost is a big profit pound. Milo prices have stayed at their present price for many years, while beef prices have risen from the low twenties to the present upper forty cent bracket. This makes it an even greater bet.

We have quite a bit of wheat pasture in the McLean area. The daily feed requirements of a 400# calf is around 12 pounds. If half of this is met with dry feed, while grazing on wheat, then we could assume that the other half would be met by the wheat pasture. This means you can graze two calves where you fed compared to only one where you are not supplemental feeding.

A lot of people are missing a real bet not to supplemental feed on wheat. I have several extra printed copies of the talk I presented at Lamar. I am leaving several of these at the McLean News. A copy is yours free by asking for it at the News.

Many other timely topics are covered in this, with reference to affects on performance after cattle go into feedlot, take off date on grazing, varieties of wheat to plant, rate of seeding and numerous other related topics.

WHEAT PASTURE

Extremely heavy death loss on wheat has been somewhat off-set by the substantial price rise. We have heard numerous reports of up to ten per cent death loss. Some exceed this

loss. The February live Beef Cattle Future Market now stands near \$37.00 per cwt. We are reading several national news stories, that are attempting to start a boycott on beef. We think the general public realizes that everything else has inflated out of proportion. We think they will be harder to get around at a modest increase in beef prices. Most cuts of beef can still be purchased in the neighborhood of one dollar a pounds.

Had beef prices advanced as much since 1962 as other prices, finished steers would be selling well over \$60.00 a cwt on foot. Steaks would be bringing well over \$2.00 per cwt. Buying the best uniform quality steak you have ever been able to buy for around \$1.00 per pound is just like buying a new car for \$2500.00 or a haircut for a dollar, or a good hamburger for 25¢ or a king-size coke for a nickel.

The American public never had it so good in food prices.

Today the average wage earner buys food for his family for about 16% of their disposable income. Soon after World War II it cost twenty five per cent.

Most of the increase in the price of beef has not been brought about by the increase in the price of cattle on foot. It has been brought about because of increased labor cost in the packing houses and in the meat trade after the finished cattle leave the feedlot.

Fifth Grade Hear Lecture On Drugs

By Rachel Glenn

Mr. Crockett, our school counselor, gave a lecture on drug use and abuse. He showed the class samples of artificial drugs and burned a pellet that smelled like marijuana. He gave us booklets to read so we could find out about the effects of drugs. The most courteous for the week was Diane McAnear.

Baptist WMS Meet In Pastors Home

By Mrs. Luther Petty

The Baptist Women's Society met in the home of Mrs. Herman Bell, Tuesday afternoon at 2:30.

Mrs. A.C. Wood opened the meeting with the calendar of Prayer followed by prayer for missionaries who had birthdays that day, which was led by Mrs. Lloyd Hunt.

Mrs. Bell led the program, which was on "Prayer". She quoted the Psalmist who said "Be still and know that thou are good." After silent prayer Mrs. Garland Ramsey closed. Various scriptures were read and discussed, the individual names were mentioned and prayer was led by Mrs. Boyd Reeves, then prayer for the members own children was led by Mrs. Wood. Prayer for willingness to surrender loved ones to accept thy call and for those who persecute us led by Mrs. Bell. The meeting was closed by reading the song "O love that wilt not let me go," and special prayers for the coming revival were given.

Those present were: Mesdames Melvin McCabe, George Colebank, Joe Willis, Ruel Smith, Lloyd Hunt, Garland Ramsey, Walter Miller, Herman Bell, Jim Stevens, Maude Hanner, Boyd Reeves, A.C. Wood and Luther Petty.

FHA Members Have Meeting

The Future Homemakers of America met Monday, the 7th, for the monthly meeting. After opening ceremonies, a business session was conducted.

The evening's agenda included a discussion of the Area I FHA convention, to be held in Amarillo. Delegates from the local chapter will be attending. Also plans were made for the observance of National FHA prayer week, March 19th through the 26th.

The organization was entertained by Misses Loyce Husted, Michele Parker and Jan Coleman. The trio sang a selection of popular songs, accompanied with the piano. The performance was enjoyed by all and the meeting was adjourned.

Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation

Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation.

The answer is Preparation H®. No prescription is needed for Preparation H. Ointment or suppositories.

N.E.W. — to many, these initials stand for NATIONAL ELECTRICAL WEEK, an annual event designated to call attention to the many wonderful things electric power has made possible.

N.E.W. — to us, these initials also mean NORMAL EVERYDAY WEEK. For whatever the occasion or celebration, our work goes on — 24 hours every day and every night.

Electricity which has done so much in the past to raise the living hopes of millions is now, say many experts, the one hope for the future of our environment.

Dependable electricity, cleanest of all energies at the point of use, is being depended upon as the means for effectively and efficiently cleaning up our environment.

But, that's what you'd expect from us, isn't it?

Through 1976, we'll be investing over \$144 million to insure an adequate and dependable supply of electricity to meet our responsibility of serving our customers' needs.

News From ALAN REED

By Mrs. P.M. Gibson

News this Sunday was that Warner Phillips father at Pampa was still very ill in Worley Hospital.

Rev. M.B. Smith conducted funeral services Sunday at Wheeler for Willard Leon Erwin, a former resident of McLean.

P.M. Gibson was notified Saturday that Bill Baten's father at Breckenridge had died and funeral services were Sunday at Breckenridge. Bill is a Texas Ranger at Pampa and is married to P.M.'s sister, Mary.

Recent visitors at First Baptist Church were Mr. and Mrs. Gary Phillips of Hereford. Gary was raised in the Alanreed Church and we think of Gary and Teresa as our own instead of visitors.

Mary Davis Mathes, Mrs. TerBush of Groom, her sisters family, Mr. and Mrs. Smith of Pampa visited her one day last week.

Mrs. Ruby Hill visited the Bill Crisp Sunday. Also his parents the Enloe Crisp of McLean visited them. They spent the afternoon playing 42.

The grandson of the Horace Bullocks, Ray Cox of McLean was married Friday night, Feb. 4 to Miss Connie Jean Patton of Pampa. The wedding was held at Central Baptist Church in Pampa. The day was the birthday of Laura Cox, sister of the groom. A birthday party was held also.

Mrs. H.H. Worsham went to El Paso Sunday to help her sister, Mrs. Gardner, move to Alanreed.

Visiting the E.J. Windom's Sr. Sunday was Mr. and Mrs. Johnny Windom of Amarillo and Mr. and Mrs. Travis Stokes of Lubbock.

John Davis's family visited his parents, the Hartley Davis's this past week, and Mr. and Mrs. Willis May of Panhandle visited her parents the Davis's.

Mr. and Mrs. Forrest Brents of Amarillo visited her parents,

FARAWAY PROBLEMS?

The snow is just the way it should be — and the sky's so blue, it's unbelievable. The air is fresh and clean and it's hard to realize that pollution exists. All the world's problems seem far away.

But for this young man there will be a tomorrow and a next tomorrow. Circum-

stances won't be the same. Perhaps John is a little more aware than most of us of the ills that beset this world — for he is a theological student. He is determined to make things better. And he is equipped with enthusiasm, understanding, a keen mind and a deep faith.

How about you — and your tomorrows? Certainly the best way to begin doing your part is to cover that short distance to church next Sunday.
