BILLIE DORRIS

McLean To Host V.F.W. Convention

The ninth district convention of the Veterans of Foreign Wars and Auxiliary will be held in McLean this coming weekend, May 6 and 7.

Registration will begin at 7 p.m. Saturday, with a social get-together and dance to follow that evening.

Department Representative Billie Dorris of Austin will be guest at the convention. He is a veteran of World War II, served the Department of Texas and the national organization with pride and has a record of accomplishments in the VFW. Dorris is married and has two daughters.

MRS. BILLIE RHOADES

The auxiliary will have Mrs. Billie Rhoades as their department representative. She is a member of Post Auxiliary #1475 of Amarillo. Mrs. Rhoades was district president three years ago and is very active in helping organize McLean Auxiliary #85-1475. She now holds office of district Secretary and Treasurer and Department Chaplin of Texas.

McLean Auxiliary is happy to welcome her back as our department representative to help make our convention a success.

McLean was blessed with three inch rain Saturday evening. After a long dry spell this did much to brighten everyone's spirits, especially the farmers.

Primary Election To Be Held Saturday

The Democratic first primary election will be held this year May 6 at the American Legion Hall.

Polls will be open from 8 to 7 p.m. Precinct convention will be held immediately following closing of the polls.

All interested parties are invited to attend.

Voters in Gray County will have few choices to make in the primary as all but a handful of the candidates for local and county offices are running unopposed.

However, two of the most vigorously contested races are in the McLean area where a longtime incumbent constable has three opponents and a woman county commissioner faces two contenders previously defeated by her husband.

J. D. Fish, who has been McLean constable 18 years, shares a spot on the Democratic ballot with W. E. (Jack) Matthews, former sand and gravel worker; Brad Dalton, a former Dallas police officer; and Vernon Turner, a McLean area farmer.

In the commissioner's race, Mrs. Mary Hess Dyer, who was appointed last year to fill the unexpired term of her husband, will face Joe D. Billingsley, a service station operator, and Hershel McCarty, a welder, on the Democratic ticket.

Mrs. Hess' husband, John, defeated McCarty and Billingsley for the commissioner's post in 1970. He died a few months after the election.

In Letors, incumbent commissioner for precinct one, Joe K. Clark, a retired druggist, is being challenged for his post by D. L. Presley, a Letors dirt and oil field contractor. Also in Letors, another longtime constable, W. R. Combs, is pitted against R. Ben White, service station operator, and Floyd W. McMillin, a Letors welder.

The only other contested race in the county is a five-man bid for the constable position in Precinct two (Pampa). The present constable, H. A. Doggett, is retiring from the position.

The five candidates are R. R. (Bob) Watson, a retired Western Union employee; D. N. (Pete) Wee Walker, a former courthouse janitor; Jesse B. Good, a former Pampa policeman; S. B. "Pat" Patterson, another former policeman; and Guy M. Bowers, who briefly served as a police dispatcher.

Other than U.S. Rep. Bob Price, the only local name Gray County Republicans will recognize on the ballot is that of Dr. Julian Key, who is the present county chairman. Dr. Key replaced Ben Sturgeon as chairman after Sturgeon was elected to the Pampa school board. Key is unopposed.

Running unopposed on the Democratic ballot and facing no opposition in November are 31st Judicial District Attorney Guy Hardin, County Attorney John W. Warner, Sheriff R. H. "Rube" Jordan and Tax Assessor/Collector Jack Bork.

Democratic County Chairman Harold Comer is running unopposed.

Mrs. Rena Belle Anderson of Pampa is running without opposition for the post of Gray County School Superintendent. She will fill the unexpired term of L. B. Penick, who quit the job for reasons of health.

Others facing no opposition on the Democratic ballot include Pampa Justice of the Peace G. L. "Nat" Lunford and James O. McCracken, a Grandview farmer, who is precinct three county commissioner.

Complete Democratic and Republican sample ballot may be found on page 3.

31% Gray Co. Savings Bond Goal Reached

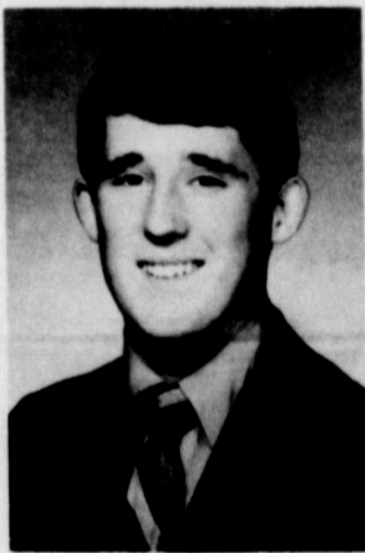

In releasing Treasury figures, County Bond Chairman George B. Cree announced that sales of United States Savings Bonds in Gray County during March totaled \$34,126. During the first quarter of 1972, sales were \$132,081 for 31 percent of goal achieved.

Texas purchased \$18,288, -542 in Savings Bonds during the month compared to March 1971 sales of \$17,180,080--an increase of 6 percent. Quarterly sales totaled \$56,927,138 for 28 percent of the state's goal of \$202.3 Million.

National sales of E and H Bonds amounting to \$582 Million were reported for March, 13.3 percent above 1971 sales of \$513 Million. Sales for the three-month period totaled \$1,640 Million--31 percent of the National goal of \$5.3 Billion.

MARGARET DIANE GIBSON
VALEDICTORIAN

LARRY BOYD
THIRD HIGH STUDENT

McLean's Top Ranking Graduates Are Named

McLean High School's top ranking graduates of 1972 have been named. Valedictorian is Margaret Diane Gibson, daughter of Mr. and Mrs. P. M. Gibson at Alanreed. Loyce Gail Husted, daughter of Mr. and Mrs. Earl Husted is Salutatorian.

The top two posted grade averages of 95.4 and 93.9. The third highest average is Larry Boyd, son of Mr. and Mrs. Arthur Boyd. He had a 92.4 average.

Miss Gibson, who attended all 12 years of school in McLean schools, is a four year member of the Future Homemakers of America, in Pep Squad 2, 3, 4, and was a librarian her junior year.

Literary honors earned by her were UIL, Number Sense 1, 2, 3, 4; UIL Spelling Alternate 2, 3; UIL Prose 4 (third in district). She was active in basketball her freshman year. She was in top fourth of her class, received a biology award 1; bookkeeping award 3; American history Award 3; Scholastic Award (average of 92-100) 1, 2, 3, 4.

Miss Husted attended all four years of her high school at McLean. She was a member of Future Homemakers of America (historian) 2, 3; Pep Club (Flame Queen) 2, (Cap-

LOYCE GAIL HUSTEAD
SALUTORIAN

tain) 2, (Tiger) 4; Was on the annual staff four years and was an editor her senior year; was librarian her junior year; was office worker her senior year.

Honors won by her were general science 1; Chemistry 3; and history 2, 3.

The third highest student, Larry Boyd, attended high school four years in McLean. He was freshman reporter and junior treasurer.

He was a member of the Spanish Club (treasurer) 2; and Future Farmers of America (Greenhand reporter and parliamentary team) 1. Honors won by him were a math award and most intelligent 2, 3.

Larry was active in football 1, 2, 3, 4 (varsity 2, 3, 4); golf 1, 2, 3, 4, (region qualifier) 1, 2, 3; tennis (district double champion) 1; track 1; and basketball 1.

Religious Census Comes To Close

The religious census begun in McLean a week ago last Sunday should be completed by May 7. All those helping with the project are requested to finish up and return the packet of material by Sunday. The pastors of the four cooperating churches will meet at First Baptist church, this Sunday at 2:30 p.m. to tabulate the results.

A big "thank-you" is deserved by the more than fifty people who helped make the project a success. The community as a whole is to be congratulated for the splendid manner in which it responded to the census takers.

Tiger Booster Club To Have Meeting

The Tiger Booster Club will have a meeting at 7:30 p.m. on Tuesday, May 9 at the municipal gym.

Business and projects will be discussed and all members are urged to be present.

There will be an invitational volleyball tournament for McLean resident on Thursday thru Saturday, May 11, 12, and 13. It will start at 6:30 p.m. on Thursday.

1972 McLean 66 Rodeo Set For June 8, 9, 10

Dates have been set by the Rodeo Association for the 1972 annual McLean 66 Roundup Rodeo, state Bob Sherrod, President. This year's rodeo has been set for June 8, 9, and 10 starting each night at 8:30 p.m.

This year, as in the past, rodeo headquarters will be at the Ted Simmons Chevrolet Co. Stock contractor this year will be Campbell and Cordell of Childress.

The rodeo parade will be on Saturday, June 10.

Any high school girl may compete for the Rodeo queen. The winner will be the one which sells the larger number of advance tickets, which will go on sale soon. The queen will receive a \$11 western suit and the two runner ups will receive \$25 bonds.

Soil Stewardship Week Set For May 7-14

Soil Stewardship Week, a nationwide observance which places emphasis on man's obligation to God as stewards of the soil, water and other resources, will be observed, May 7-14, according to Curtis Schaffer, Chairman, Gray County Soil and Water Conservation District. "Creative Conservation", the theme of this year's observance, underscores the responsibility which each citizen has in fulfilling his or her role as caretaker of the realm. The Gray County Soil and Water Conservation District and some 3,000 companion District throughout the nation along with their State and National Associations are sponsoring the event for the 18th consecutive year.

Members of the Gray County Soil and Water Conservation District Stewardship Committee are Curtis Schaffer, Milton Carpenter, Tony Smitherman, Robert Sailor and Sam Bowers.

Help Needed For Rodeo Parade

As in the past, McLean will have a rodeo parade on June 10th. However, in contrary to past participation, all business are challenged to display their rodeo banner and enter floats in the parade if possible.

We wish to make this a unified community project to further good relations between all those who actively participate and those who watch.

For further information contact with George Terry (phone 779-2201) or J. Boyd Smith (phone 779-2257).

Francis L. Petty of Midland spent weekend with his Mother, Mrs. Luther Petty.

Farming is America's single biggest industry.

A plump gentleman ate a fine meal at the Waldorf with obvious relish, topped it off with some rare Napoleon brandy, then summoned the headwaiter. "Do you recall," he asked pleasantly, "how a year ago I ate just such a repast in your excellent hotel and then, because I couldn't pay for it, you had me thrown into the gutter like a veritable bum?"

"I'm very sorry," began the contrite headwaiter. "It's quite all right," said the guest soothingly, "but I'm afraid I'll have to trouble you again."

"When I was your age, young lady," her mother said sternly, "a nice girl didn't think of holding a man's hand."

"But Mother," the daughter protested, "nowadays a nice girl has to hold a man's hand."

A storekeeper in a small town was greeted by a neighbor who consoled him on the loss of some merchandise in a fire. "Did you lose much?" he asked. "Not as much as I would have a few days ago," answered the storekeeper. "I'd just marked most of my stock down 25%."

There are many wild burros in the Grand Canyon, descended from the animals that survived the early prospectors.

Gray Co. SWCD Have Meeting

The Gray County Soil and Water Conservation District met for their regular monthly meeting April 19, at the Courthouse Annex at 2:00 p. m. Those present were Directors Curtis Schaffer, Robert Sailor, Milton Carpenter, Sam Bowers, and Tony Smitherman. Others present were Mickey Black, DC, SCS, and Marilyn Kirkwood, District Secretary.

The following business was brought before the Board.

Minutes of the February 16, meeting were read by the Secretary and were approved as read.

Mickey Black presented the monthly accomplishments of the SCS office for February and March.

Milton Carpenter reported on the hearing held by the Texas Natural Resource Study Committee held at Plainview, Texas, February 18.

Progress on the McClellan Creek Watershed and the Red Deer Creek Watershed were reviewed.

Curtis Schaffer Reported on the North Rolling Plains Area RC&D.

Approved new resource conservation plans on Donald Walberg, Mrs. George McDonald, Nolan Cole, and Jack Stephans.

The Board voted by buy 10 sets of Teacher's Guides for Conservation Education.

Discussed possibility and possible interest for stocking Ring-neck Pheasants in Gray County.

Reviewed financial status of the Districts.

The Board took Soil Stewardship Booklets to give to local ministers in preparation for Soil Stewardship Week - May 7-14.

Plans were made to attend the Regional Awards Banquet to be held at Clarendon, Texas May 5 for the Texas Conservation Awards Program.

The Board approved SCS assisting Buddy Cockrell Cattle Feedlot on Pollution abatement.

The meeting adjourned at 4:30 p.m.

MARY DWYER

I tried to meet each one of you, to solicit your support, if I missed you, I'm using this means, not to miss anyone to ask your support Saturday, May 6.

(Paid Pol. Adv.)

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Noise comes in many forms, and it is described by many people as unwanted sounds. But whatever the definition, noise is a problem--one that has been creeping up on all of us over the years.

Noise pollution is fast becoming recognized as great a public health problem as is air or water or land pollution.

The increased use of machinery has resulted in a growing assortment of industrial situations which threaten the hearing capabilities of workers. But noise goes far beyond the confines of plant sites.

The sounds of our cities are the result, not only of elevated plant noises, but of the roar of traffic, the blare of horns and sirens, construction noise-makers such as jackhammers, and the roar of jet airliners. No one anywhere is immune to these noisy, irritable influence.

Noise can actually surround you. It travels in pressure waves from its source, like the ripples caused by a rock tossed into a pond. Invisible, it is usually carried by air, but it can also be conducted by the wood walls of a home, the steel floors of offices, by the glass in windows, and by the metal bodies of autos and airplanes.

The federal government requires that the environmental impact--including noise effects--be assessed before proceeding on federally funded construction projects.

Within our own state, members of the legislature have asked the State Health Department to study measures available for control of noise in the general environment.

The State Health Department's Industrial Hygiene Program has long been involved in noise control. Operating out of the Division of Occupational Health and Radiation Control, the program has routinely worked with members of industry to implement recommended noise control measures.

The Health Department Program's involvement in commun-

ity noise control is just beginning to delve into this phase of noise control, and request from local governments for assistance in forming ordinances have been received.

The Program is assisting in the research of legislation enacted by and under consideration in other states. On the basis of exposure and experience on noise problems, consideration may be given for expanding the legal support for the Department to include environmental noise control with the industrial responsibilities.

Emphasis on noise pollution is bringing results, and sometime

Emphasis on noise pollution is bringing results, and sometime in the future Texans may be able to enjoy that "silence that is in the starry sky" about which Wordsworth once wrote.

County Commissioner Have Meeting Monday

The Commissioner's Court of Gray County, met at 10:00 a.m. of Monday, May 1, at its regular meeting place in the County Courtroom, Courthouse, in the City of Pampa for the purpose of considering.

1. Consider application of Natural Gas Pipe Line Company of America to cross tow county roads in Precinct No. 1, at no cost to county.

2. Consider resolution to Childress District Engineer of State Highway Department requesting that 5 miles of road FM 3070 between Wellington and McLean in Collingsworth County be completed, at no cost to county.

3. Consider Panhandle Regional Planning Commission request for do request for comment on application for \$26,000.00 Federal Loan from the Kingsmill Water Supply Corporation for extensions to the water system to approximately 30 homes in the Kingsmill Camp.

4. Pay salaries and bills as approved by the County Auditor

Deborah Holloway Plans June 10th Wedding

Mr. and Mrs. P. O. (Bud) Holloway announce the engagement and approaching marriage of their daughter, Deborah Ann, to Tony Acuna, Jr., son of Mr. and Mrs. Tony Acuna, Sr. of Merkle.

Wedding vows will be exchanged on June 10 at 7 p.m. in the home of the bride-elect's sister, Mrs. and Mrs. Jimmy Adams, at 2043 Dahlia in Amarillo.

A reception will be held immediately following the ceremony.

VA recently issued another reminder to veterans that the agency is not affiliated with private cemeteries offering burial plots free or at nominal costs.

DOLPH BRISCOE FOR GOVERNOR

Paid Pol. Adv.

TO THE MCLEAN VOLUNTEER FIRE DEPARTMENT

Irene and I would like to take this opportunity to thank everyone in helping in our disaster, especially to the McLean Volunteer Fire department. We would like to express our deepest thanks to these men for showing so much concern in our time of need. We could never repay these people for the long hours spent at our house working.

You know, you never really realize how important the Fire Department is until something occurs of this nature. We sincerely appreciate these kind acts, because after all these men are only volunteers, they

didn't have to do any of the works that they did.

We and we're sure the rest of the citizens of McLean feel the same way, feel that the Fire Department should be highly recognized for all the work that they put out for the people of McLean such as, storm watches, keeping all kinds of late hours in the event of a fire, and many other things to this nature.

Once again our appreciation can't be expressed nearly so much as we would like, but at any rate we want them to know how much it really meant to us.

Sincerely,
Charlie & Irene Webb

Delinda Howard placed first in high jump, 2nd in 60 yard low hurdles, third in 50 yard dash, and fifth in broad jump. Pam Lowery placed first in shot put. Halcyon Back placed second in 440 relay, third in 220, and third in broad jump. Betty Holmes placed fifth in high jump.

"If you can't do great things, do small things in a great way."—Jo Rill Davis, The Three Forks (Mont.) Herald.

"Every man, woman and child should continue to study throughout life; there is no saturation point for knowledge."—N. DeVane Williams, Holmes County (Fla.) Advertiser.

LEMON SELECTION -- When buying lemons, remember they should have a glossy skin. A slightly green tint on the skin has no effect on juiciness, but smooth-skinned lemons usually have more juice than rough-skinned types.

JACQUELINE ENRIGHT

Jacqueline Enright & Jimmy Earl Judkins To Marry In McLean

Mr. and Mrs. Tom Enright of McLean announce the engagement of their daughter, Jacqueline Suzanne to Jimmy Earl Judkins, son of Mr. and Mrs. Zane Judkins of McCamey.

The wedding vows will be exchanged on June 3rd in the First Baptist Church of McLean. The bride-elect is a graduate of McLean High School, and attended West Texas State University in Canyon. She attended Cannon's College of Commerce in Honolulu, Hawaii. At present she is employed with South West Public Service in Amarillo. The prospective bridegroom is a graduate of McCamey High School. He is a sophomore at West Texas State University where he is majoring in biology. He is presently employed at Taylor and Sons Food store in Canyon.

Attention 1972-73 First Graders

Billy Bob Adams, elementary principal, request that parents who will have a child starting school this coming year, 1972-73, to please contact the school and give them the child's name and birthday and check to see what will be needed to start the child in public school.

School census will not be taken this year and it is necessary for the school to have this information.

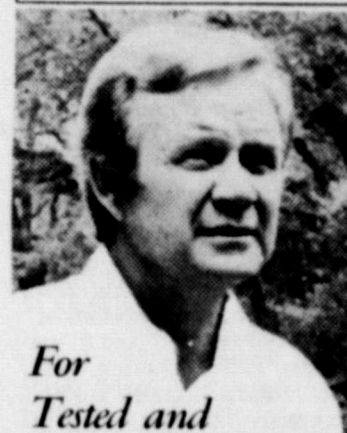

GRAPEFRUIT BY AIR TO EUROPE

Recently the first air shipment of Texas Ruby Red grapefruit reached Europe. The Ruby Reds are selling side-by-side with grapefruit from Israel and are outselling the competition even at four cents more each, reports Gordon Powell, Extension fruit and vegetable marketing specialist. Shipment was made via the British Overseas Airline Corporation (BOAC) from New York at 18 cents per pound. The total shipment was 2,100 cartons or 85,000 pounds. Future air shipments are anticipated.

"Stars of the 'white dwarf' type are 4,000 times as heavy as lead! They are too dim to be seen but their presence can be detected by their gravitational effects on other stars.

IT REALLY MATTERS!

VOTE FOR BRAD DALTON

FOR
Counstable, Precinct 5
GRAY COUNTY, TEXAS

DALLAS POLICE DEPARTMENT
106 S. Harwood Street
DALLAS, TEXAS 75201
214.748.8711

April 28, 1972

To Whom it May Concern...

F. S. Dalton has worked under my supervision for the past year. He has been a conscientious employee, and I would be glad to have him continue his employment here. Since he has decided to change his location, I can recommend him to any prospective employer.

Mr Dalton quickly learned his rather complex duties; and he required a minimum of supervision. Any suggestions or new procedures were quickly and cheerfully acted upon. He has been a superior employee.

DOWN MEMORY LANE

60 YEARS AGO

Mr. and Mrs. Shirley B. Fish with to announce the marriage of their daughter, Sidnah Maude, to Mr. William L. Quest of Billings, Montana, April 6th, 1912.

Coming to McLean, one night only, Monday, April 15th Eler's Big Scenic Production, Ten Nights in a Bar Room. Under canvass at night only. 30 people, 2 special cars.

50 YEARS AGO,

G. H. Williams, one of the popular owners of the McLean Tin and Plumbing Shop in a conversation with the News man Monday, told of a large jack rabbit he killed a few years ago. According to Mr. Williams, the rabbit weighed 30 pounds.

L. L. Baxter has accepted the principalship of the McLean School for the next term.

Miss Lila Smith and Mr. Frank Nealy were married in Wellington Thursday afternoon.

Born to Mr. and Mrs. Leon Waldrop, on Monday a boy.

S. R. Jones purchased a new Ford from Bentley Motor Co. Tuesday.

Mrs. John B. Vannoy entertained with a delightful dinner in honor of her daughter, little Miss Joellene.

40 YEARS AGO

Margarite Mertel, one of the high school graduates, took as her subject for the term theme, "Important Poet Laureates of English Literature" and in making her book illustrated each poet with hand drawn India ink pictures.

Mr. and Mrs. Chas Cousins and Miss Nona Cousins visited in Hedley Sunday

S. R. Kennedy was exhibiting a large hen egg from his wife's flock yesterday that measured 9 inches circumference one way and 8 inches the other, with only one yolk. The egg weighs 6 1/2 ounces.

20 YEARS AGO

Thomas C. D'Spain of Donley County, whose place is about eight miles from Alanreed, will be honored tonight at the Hotel Texas in Fort Worth as the "outstanding Farmer in Texas."

Owen Rhea, son of Mr. and Mrs. Plea Rhea, has been named top honor student for the 8th grade for 1952.

Mr. and Mrs. D. A. Witt of Canadian announce the engagement and approaching marriage of their daughter Marilyn to Joe Page, son of Mrs. Madge Page of McLean.

Mrs. Jim Simpson gave a birthday dinner Sunday in honor of her husband on his 58th birthday.

10 YEARS AGO

A birthday dinner was given in the home of Mr. and Mrs. D. E. Holloway on April 26 honoring his father, J. O. Holloway, on his 83rd birthday.

Mr. and Mrs. Les Suggs of Northridge, Calif, are the parents of a son born May 1. Mr. and Mrs. E. B. Dorsey of McLean are the grandparents.

Born to Mr. and Mrs. Harry Harlan Jr., in Groom Hospital on April 28, a 6-pound boy. He has been named Terry Dennis.

Elton Johnston, Bob Massey, and D. D. Pennington went fishing at Lake Buchanan during the weekend.

Mrs. Birdie Golightly and Carol spent Saturday night with Mr. and Mrs. Laurence Lee and Children at Pampa.

"The prices farmers receive for food products have gone up only six per cent in the last 20 years. During that time, wages of union members in packing plants increased more than six per cent per year and are now three times what they were 20 years ago," says Earl L. Butz, Secretary of Agriculture.

Set-Aside Land No-Grazing Period Begins May 15

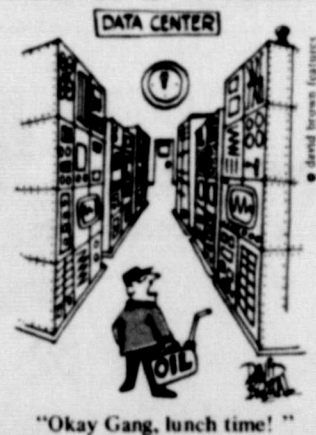

The "no-grazing" period for set-aside acreage on farms participating in the 1972 wheat, feed grain and cotton program begins on May 15, 1972 and will continue through October 15, 1972.

This is a condition for participating in the 1972 voluntary program—that set aside acreage not be grazed for a 5-month period in the county during the growing season. Set-aside acres may not be harvested anytime during the year with any crop.

Almost all eligible farms in Gray county signed in the program on one or more commodities and the no grazing period for this county is May 15-October 15. Grazing during the five months will result in penalty or entire loss of payment and price support benefits for the farm.

Good ranching practices will also benefit wildlife. Proper grazing use, deferred rotational grazing, and selective brush control will improve vegetation and thereby create better wildlife habitat. A brush control program if done should leave some areas of brush for wildlife. That brushy area you are considering clearing may be an important wildlife area, adds Richey.

TODAY'S WORLD

"Okay Gang, lunch time!"

LET'S RE-ELECT JESSE JAMES
 State Treasurer

JESSE JAMES IS PROVEN

JESSE JAMES has a proven record of honesty and efficiency as verified by State Auditor reports.

JESSE JAMES last year earned for the State of Texas over Sixteen Million Dollars in interest from State Funds deposited in over 1,100 Texas Banks—more than any billion dollar bank in Texas made.

LET'S KEEP JESSE JAMES STATE TREASURER. He has proven he knows how to handle your state's finances.

Pol. Adv. Paid for by Jesse James, State Treasurer

MRS. JAMES HOWARD HAMER

Miss Gail Lin Trimble & James Howard Hamer Exchange Marriage Vows In Kentucky

The First Presbyterian Church of Ashland, Kentucky was the scene April 1 for the wedding of Miss Gail Lin Trimble and James Howard Hamer. The Rev. James Rucker performed the

double ring ceremony at 2:30 p.m. before an altar decorated with urns of white mums flanked by gold candelabra holding lighted tapers.

Mrs. Dan Coleman, organist,

and Miss Susan Burnett, soloist, presented a program of nuptial selections.

The bride is the daughter of Mr. and Mrs. Ray Trimble of Ashland and the granddaughter of Mrs. Corinne Trimble of McLean. The bridegroom is the son of Mrs. James Thomas Smith of Graham, Texas, and the late Howard Roger Hamer.

Given in marriage by her father, the bride wore an empire length gown of silk organza and Venice lace fashioned with a jewel lace neckline, fitted bodice and long bishop sleeves appliqued with matching lace. The A-line skirt was enhanced with a detachable chapel train edged with Venice lace. Her elbow length veil of imported illusion fell from a crown of lace and she carried a cascade bouquet of white Jack Frost roses and baby's breath.

Mrs. Troy E. Fairchild, Jr., was matron of honor in a formal gown of canary yellow voile styled with an empire bodice, high neckline, long bishop sleeves and she wore a matching double bow headdress of yellow satin. She carried a colonial bouquet of tangerine carnations and baby's breath.

Miss Paula Conley and Miss Susan Sitterle of Houston, Miss Annette Reed of Mansfield, and Miss Jonda Conley of Ashland were bridesmaids. They wore formal gowns of yellow and tangerine floral prints designed with bishop sleeves and empire bodices, matching bow headdresses and carried colonial bouquets of tangerine carnations and baby's breath.

Troy E. Fairchild, Jr., served Mr. Hamer as best man. Ushers were Michael Ehrie, Jr., and Jack Foster Ditty, Jr., of Louisville, Mitchell Sherrod and William D. Gesling of Ashland.

At the reception held in the Bellefonte Country Club following the ceremony, the bride's table was covered with a white taffeta cloth, centered with a dourtiered cake circled with lemon leaves and spring flowers.

The bride is a graduate of Paul Blazer High School and is a home economics major at Tarleton State College, Stephenville.

Mr. Hamer, a graduate of G Graham, Texas High School, is a junior at Tarleton State College, where he is majoring in art.

Following a wedding trip to the Smoky Mountains, Mr. and Mrs. Hamer are residing at 1081 W. Vanderbilt, Stephenville.

Weekly Market Report

"Today's dollar buys high-quality food, a year-round choice of foods in many forms and foods that save work, time and energy," noted Mrs. Gwendolyn Clyatt, Houston consumer marketing specialist for the Texas Agricultural Extension Service at Texas A&M University.

Fryer chickens offer one of the best budget-buys in many stores this week. Most markets feature whole fryers, fryer parts and chicken hens. Look for turkeys at attractive price levels in some markets, especially turkey parts.

Eggs continue as a low cost protein food choice with grade A large currently the best value.

The specialist reported that pork prices remain about the same as last week. Best pork values include Boston butt roasts quarter loin-sliced, smoked plenums, hams and ham portions. Beef prices have decreased

somewhat, but they're still higher than at this time a year ago. Various cuts of mature and baby beef are offered at markets this week. In general, look for best values on chuck roasts and steaks, round steaks, ground beef, calf and beef liver.

Enjoy navel oranges and grapefruit before the supply season ends in a few weeks.

"Apples cost a bit more because they're coming from controlled atmosphere storage," Mrs. Clyatt said. "Their quality is excellent when they first come from storage, but keep them in the refrigerator to maintain their crisp juiciness."

Look for lower water melon prices as the supply increases. Tangerines, strawberries, pineapples, pears, bananas, lemons and cantaloupe are other fruit choices worthy of consideration.

"Onions remain quite plentiful now so use them as a side dish as well as for seasoning and enhancing the flavor of other foods," the specialist suggested.

Potatoes, cabbage, carrots, bulk turnips and cooking greens are generally the most economical vegetables. Asparagus prices are moderately low now, but the season is quite short.

Teaching A Child About Nature

Whether a child lives in a city, town or a rural area, he has an opportunity to experience nature.

"A child's outside world includes the immediate neighborhood, the corner grocery, the church or the home of a nearby relative," said Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service.

"And with ecology receiving

so much emphasis, every child needs to be aware of the natural world around him."

It's simple to teach a child about nature. Help him learn about the seasons and the changes created in the environment when winter ends and spring arrives.

When children see seasonal change, it helps them learn that the world is constantly in transition, according to Mrs. Taylor. They understand why spring summer and fall when they actually see how each season is different.

"In Texas, the spring is a good time to go on walks with your child," about the different birds, the fresh wild flowers in the open fields or the various shades of green leaves just budding.

People change with the seasons, too. On these spring walks notice the folks who are out walking or gardening, especially older adults. People are more aware of the natural world, so help the child understand this.

Start simple nature projects. Choose a tree or plant in the neighborhood and visit it often. Notice how its transformation occurs at different times of year. With an inexpensive magnifying glass, look at the spring buds.

The specialist suggested letting your child grow a sweet potato vine to illustrate rapidly growing things. Or take an egg shell and paint a face on it. Stuff wet paper tissue inside the shell, and plant grass on top of the tissue. Soon the funny-face will start to grow "hair."

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

An estimated 1.85 million Texas Democrats are about to decide one of the most significant primary elections in years.

Another 100,000 or more will vote in the Republican primary Saturday, May 6.

Both parties will also conduct important precinct conventions May 6-- first step in the presidential nominations process. With emphasis on the hard fought gubernatorial primaries in both parties, little attention has been devoted to the conventions beyond a prolonged Democratic scrap over a adoption of new procedural rules.

Democrats almost certainly will go into June 3 runoff for both governor and lieutenant governor-- and perhaps other statewide elections.

Gov. Preston Smith, Lt. Gov. Ben Barnes, Dolph Briscoe of Uvalde and State Rep. Frances (Sissy) Farenthold of Corpus Christi are major contenders for the Democratic gubernatorial runoff spots.

The lieutenant governor's field is also closely bunched in the stretch drive with State Sens. Wayne Connally of Floresville, Ralph Hall of Rockwall and Ice Christie of El Paso and Houston newspaper executive William P. Hobby the top contenders.

Former Sen. Ralph W. Yarborough is favored to win the Democratic U. S. Senate nomination over Barefoot Sanders and face GOP Sen. John Tower in November.

Republican gubernatorial candidates staging serious campaigns include State Sen. Henry Grover of Houston, Dave Reagan of Sherman, Al Fay of Houston and Tom McElroy of Dallas. John A. Hall of Weatherford has also put up a fight.

Atty. Gen. Crawford Martin is challenged for re-election by John Hill of Houston, and Comptroller Robert S. Calvert and Treasurer Jesse James have multiple opposition.

A minimum of 58-- maybe as many as 80-- new state representatives will be elected and at least 11 new state senators.

FINAL TPA REGIONAL POLLS REVEALED

Political polls were taken at two regional newspaper meetings last week-- at the South Texas Press Association meeting in Kerrville and the Panhandle Press Association meeting in Amarillo. These are the final polls before the Primary, May 6.

Panhandle publishers voted on the questions "I believe the following will carry my county in the primary" in this manner:

Governor: Briscoe, 48; Barnes, 19; Smith, 18 and Farenthold, 1 (Democratic); Grover, 17; McElroy, 16; Fay, 14 and Reagan, 7 (Republican).

Lt. Governor: Connally, 70; Hobby, 7; Hall, 5; Christi, 1 and Jones, 1.

U. S. Senate: Sanders, 36 and Yarborough, 34.

The editors said they would "vote" for the following in the primary: Governor: Briscoe, 37; Barnes, 18; Smith, 16 and Farenthold, 11 (Democratic); Reagan, 3; Fay, 2 and Grover, 1 (Republican).

Lt. Governor: Connally, 54; Hobby, 10; Christie, 7; Hall, 6 and Jones, 2.

U.S. Senate: Sanders, 39; Ya Yarborough, 24 and Catledge, 3.

In the general election poll, they selected Tower with votes over Yarborough's 20 and Sanders' 9.

NO MEDICAID EVICTIONS
No sick poor are going to be thrown out of hospitals before they are well due to new curbs on medicaid, the State Welfare Department pledges.

The new American Physicians Union claimed in advertisements that Welfare Department guidelines set a limit on hospital stays for each illness.

A department spokesman said

nobody will be thrown out who needs to stay in the hospital and that the guidelines were meant merely to suggest normal care periods for ailments and age groups. If additional hospitalization is needed, it will be paid for, a department official stated.

The medicaid program, which cost \$142 million for the current fiscal year, is paid two-thirds by the federal government and one-third by the state.

TRAFFIC DEATHS INCREASE
Traffic deaths this year have increased two per cent over 1971, the Department of Public Safety reports.

DPS recorded 904 deaths compared with 888 for early 1971.

Deaths on interstate highways actually dropped six per cent, but fatalities in city limits jumped 11 per cent, DPS said.

COURTS SPEAK
The Court of Criminal Appeals held defendants in criminal cases have the right to look at statements of witnesses against them.

A vietnam war casualty's widow can contest his girl friend for his insurance, the High Court held.

MEAT PRICES MAY RISE
This year's spring drought may again cause meat prices to rise, Agriculture Commissioner John White warns.

If the drought continues, said White, cattlemen will have to reduce their herds.

"Meat prices should come down, but his will be only temporary," said White. "After those cattle are sold, there again will be a shortage of livestock which will result again in higher meat prices."

The same thing, according to White, happened last year in a rainless period.

MASS TB X-RAY SCREENING OUT
Texas State Department of Health announced skin testing has replaced the mass X-Ray screening for tuberculosis in Texas.

X-Rays are recommended only for those persons testing positive in skin checks and those in high-risk groups.

The Health Department will continue to use mobile X-Ray units -- mainly for followup testing. The Texas case rate for new, active tuberculosis is 25.8 per 100,000 population. The national average is 18.3.

SHORT SNORTS
Construction flaws have been discovered in the Lyndon Johnson Library at the University of Texas here, one of the state's big tourist attractions.

UT students are pushing for sale of beer in the student union building.

New voter registration procedures may allow registration of some people in two different counties, Secretary of State Bob Bullock warns.

Nearly 4.5 million doses of vaccine were administered last year by the Texas Department of Health through local health departments. Diphtheria and tetanus led, followed by rubella, smallpox, pertussis, polio and measles.

V. F. W. Post 8565 & Auxiliary Have Installation Service

The local VFW Post 8565 had their installation Tuesday night. Their new officers are: Commander-Harold J. Taylor, Sr. Vice Commander-Richard Everett, Jr. Vice Commander-Sam Gayton, Quartermaster-Jack Walker, Chaplain-J. L. Allen, Surgeon-Dr. A. C. Wood, Trustee No. 1 Creed Lamb, No. 2 Leroy Blaylock, No. 3 Douglas Groves, Service Officer-Lester Bailey, Adjutant-Tony Smitherman.

The V. F. W. Auxiliary to Post #8565 met in regular session Tuesday evening at 7:30 p.m. for the purpose of their regular business meeting and installation of officers for the coming year.

The new officers are: President-Effie Lou Everett, Sr. Vice President-La Verne Brooks, Jr. Vice President-Vela Corcoran, Guard and Historian-Adelle Walker, Treasurer-Wanda Bailey, Secretary-Lucille Cullison, Conductress-Mayme Hathaway, Chaplain-Mary Groves, Patriotic Instructor and Trustee #2-Phoebe McCall, Trustee #1 -Monta Jean Smitherman, Trustee #3 -Mary Dwyer.

Installing officer was Mayme Hathaway. The auxiliary is proud of the five new members who have recently joined. They are Irlene Weldon, Shamrock; Margaret Ann Gayton, Mary

TORTURE: Heal th damages of
air pollution is of grave concern
in many parts of our country--
But not in my home town, at
least not where I am concerned,
here it has seemed a far more
noble and honorable activity
to make tunnel access to the
under side of my home, estab-
lish cracks and crevices to my
living quarters and from this
under-house vantage spray dusts
from vacuum cleaners, insecti-
cides, pesticides and just plain
old dirt. For more than twenty
years it has worked like this,
if I leave my house and give
the vandals an opportunity to
enter my home, mutilate or
steal something, then that night
I am given a night without dusts
...But, if I do not leave my
house and the vandals and house
breakers do not have opportunity
to steal or vandalize, then, be-
lieve me, I am sprayed copious-
ly that night.

desertion—grounds for divorce.

Thus:
To cut expenses, a man pre-
pared to move to a smaller apart-
ment. But his wife decided it was
"not stylish enough" for her, and
went home to her parents. After
a long impasse, the man finally
sued for divorce and won a de-
cree. The judge said the wife's
refusal to live with him, for no
good and sufficient reason, made
her a deserter in the eyes of the
law.

Nevertheless, the husband's au-
thority is far from absolute. He
cannot insist on a housing ar-
rangement which is simply not
fair to his spouse.

For example, one man decided
to move in with his mother, even
though he could well afford sep-
arate lodgings—and even though
his mother and his wife did not
get along with each other.

A court held, in these circum-
stances, that the wife had a legiti-
mate excuse for not joining the
household.

Furthermore, when a man in-
vites his wife to join him at a
new location, he must really
mean it—not just be going
through the motions. One can-
tankerous husband, having jour-
neyed alone to the West Coast,
sent back the following "invita-
tion" to his wife:

"I have completely gotten over
my regard for you, if I ever had
any. However, I am doing what
I must do, even though you have
ruined my life. I ask you to come
and make your home with me, as
the law requires."

**THE
FAMILY
LAWYER**

Duty of a Wife

"Whither thou goest, I will go;
and where thou lodgest, I will
lodge."

Does the modern wife owe this
kind of biblical loyalty to her
husband? Under today's law, is
she still obliged to let him choose
the family home?

Almost everywhere, that con-
tinues to be the basic rule. By
and large, it is the husband who
has the last word as to where they
will live. If the wife refuses to
follow his lead, she is guilty of

POLITICAL ANNOUNCEMENTS

The McLean News has been authorized to present the names of the following candidates for office, subject to the action of the Gray County Primary Election, May 6, 1972.

FOR SHERIFF:

Rufe Jordan, (Re-elect)
FOR COUNTY COMMISSIONER
PRECINCT 4:

Mrs. Mary Dwyer
Joe Billingsley
Hershel McCarty

FOR CONSTABLE, PRECINCT 5:

J. D. Fish
Vernon Turner

FOR GRAY CO. TAX ASSESSOR & COLLECTOR:

Jack Back

FOR STATE REPRESENTATIVE, 66TH DISTRICT:

REPUBLICAN PRIMARY:
Tom Christian

DEMOCRATIC PRIMARY:

Phil Cates
Eddie J. (Ed) Leary

SCHOOL MENUS

FRIDAY, MAY 5

spaghetti w/meat
Black-eyed Peas
Celery w/cheese
Hot Rolls Butter
Milk Syrup

MONDAY, MAY 8

Beef Stew
Peanut Butter Sandwiches
Crackers
Cheese slices
Milk
Plums

TUESDAY, MAY 9

Steak Fingers
Potatoes
Gravy Beets
Bread Butter
Milk
Cake

WEDNESDAY, MAY 10

Beans
Cornbread Butter
Mixed Greens Onions
Milk
Vanilla Pudding

THURSDAY, MAY 11

Roast Beef
Hominy
Pickled Beets
Hot Rolls Butter
Milk Honey

FRIDAY, MAY 12

Fish Sticks
Creamed Corn
Cole Slaw
Bread Butter
Milk Ice Cream

MENUS SUBJECT TO CHANGE
BASED ON ORDERS & SUPPLIES

News From ALAN REED

By Mrs. P. M. Gibson

Home Demonstration Club met in the home of Sue Crisp, north of Alanreed, April 26. Lena Carter, Polly Harrison, Gail and Robbin Rohde, Anita Bruce, Mrs. Frank Crisp, Mrs. Mae Moreman, Peggy Gardner, Onie Gibson, Mary Davis attended. Reports were made on the workshop by Polly Harrison and Mae Moreman at Pampa recently, then readings of current events by the members. Refreshments of delicious cheese cake, topped with cherry pie filling. Coffee and punch was enjoyed by all present. Next meeting will be at Mrs. Frank Crisp May 10th.

We welcome Lena Carter back to Alanreed. She has been living in Pampa, but has taken a job at the McLean Hospital, and is back at home at Alanreed.

Ruby Hill visited recently in Okla. with her sister. Mr. and Mrs. Willis Mays and children of Panhandle visited her parents, the Hartley Davis, Saturday.

Mr. and Mrs. Hartley Davis spent Friday and Friday night at Pampa visiting his three sisters. One sister lives at Pampa, one at Vega and one at Miami.

Visiting Sunday in the home of Jewel Warner was Ruby Hill, Mary Davis and Onie Gibson. Mrs. Jewel Warner is getting a new cement cellar built.

Mrs. Rose Hall is steadily improving in Groom Hospital and hopes to come home soon.

Visiting the E. J. Windom's Sunday was his brother's family Mr. and Mrs. Clyde Windom of New Mexico, his sisters family, Mr. and Mrs. Clyde Dorman and their daughter, Mrs. Maxine Demmett of Pampa, their son's family, Mr. and Mrs. E. J. Windom Jr. and Pat of McLean.

Sue Crisp and Onie Gibson worked in the area museum on Monday afternoon.

Mr. Bill Baten of Pampa visited Mr. and Mrs. P. M. Gibson this week. Mr. Baten is a Texas Ranger.

"Someone broke into my wife's car," said the man, "and stole \$40 worth of groceries—out of the glove compartment."

SWCD Sponsor Essay Contest

There are many things that make people think. But there are so many things that are there every day, no thought is ever given the subject. One such subject is conservation.

The Gray County Soil and Water Conservation District sponsors an essay contest every in Pampa, Lefors, and McLean schools are eligible according to Curtis Schaffer, Chairman of the Gray County SWCD.

So What? For one thing, the students think about conservation a problem coming to light more and more. The real problem seems a long way off, but it is local in some form or fashion, and unless more thought is given in the future will become a bigger problem.

The students writing may be getting their first touch in the conservation field, giving them an experience they will remember and hopefully like other lessons, will be carried for life and expanded upon now that the student is aware of the problem.

The essay that won the contest for Larry Gilbreath of Lefors on the subject of "Conservation The Key to Survival" follows:

In the United States, as in any other country, there are many things which go into the development of the country.

One of the main things which go into the development of this country is its natural resources. Without its natural resources our country would have nothing.

Such natural resources as water, which is needed to keep man himself alive, is being destroyed by man. In a sense man is cutting his own throat. Man is so interested in making money that he fails to notice what he destroys along the way. Well, man had better take a good look at what he is doing. We use our resources as though they will last forever. For instance, we have pumped oil out of the earth and used so much that we ought to take a look at what will happen when the supply is exhausted.

What will we use for oil when there is no more? What will become of the world when this vital resource is gone? We had better take into consideration all of these things.

Man is always talking about the beauty of the world. In most cases, instead of aiding the beauty, he destroys it. Just relax and think of the beauty of a forest-full of trees with a swift mountain stream and lots of small animals. Then as though in a nightmare, a fire breaks out. All the animals try to get away but they cannot escape. The trees which had been growing for ages are destroyed in only a matter of hours.

When man was put into the world, all he had to support his life was the natural resources of the world. Man survived off them and began to make what we call progress. In his long journey he forgot what the resources had once done for him. He committed mass slaughters of animals and began to pollute the water and air of the earth. If man is to survive he will have to reflect, take note of these destructive methods, and give nature a helping hand. Since nature was all that kept man living at first, does man actually think he can live without it now? If he does he is not thinking straight. In order for man to survive, he will have to become a dedicated conservationist. Truly, conservation is the key to survival.

Because of the lower incidence of tuberculosis, VA and the Armed Forces will discontinue their annual joint research meeting on TB and other pulmonary diseases, VA revealed recently.

McLean Cub Scouts Plan A Circus

The cub scouts in McLean will have a circus on Thursday, May 25 at the gym, beginning at 7:30 p.m.

This will be the second circus to be put on by the cub scouts and have proved to be a lot of fun. There will be stand and side shows sponsored by each den.

A small admission will be charged.

Because of the lower incidence of tuberculosis, VA and the Armed Forces will discontinue their annual joint research meeting on TB and other pulmonary diseases, VA revealed recently.

"WATT AN OHM... CAN DO FOR YOUR HOME...!"

Watts, ohms, amperes, volts — you probably haven't thought about them since you had high school physics. But they're valuable measurements when it comes to electricity. And, they can make life better in your home.

They come in handy providing electric warmth in the winter, electric cooling in the summer, electric air cleaning and electric humidification all year long. It all adds up to complete air comfort.

Watt an ohm can do for your home? It's electrifying! Why not get the facts this week!

Call us for free electric home conditioning analysis - personally yours!
