VOLUME 76 McLEAN, GRAY COUNTY, TEXAS THURSDAY, NOVEMBER 15, 1979 PRICE 20¢ NUMBER 46

Because of the Thanksgiving holiday next week, the deadline for stories and advertising in the McLean News will be moved to Monday at noon. By having the paper printed early, we can get your Thanksgiving edition of the News in your boxes by Wednesday afternoon.

DON'T FORGET: DEADLINE—MONDAY, NOON. If you have information about visitors, parties, showers, and anything else of local interest, be sure to call 779-2447 by noon Monday.

THE FIRST SNOWFALL of the year blanketed McLean early Saturday morning, but quickly melted. (Photo by Linda Haynes)

McLean Tigers Fall To Top-Ranked Wheeler Friday

By Mike Haynes
The McLean Tigers rode the bus to Wheeler last Friday hoping for what would have been the upset of the year in high school football. It didn't happen, and after taking their crack at the powerful Wheeler Mustangs, the Tigers will be back in the real world this week against Follett.

McLean, which endured its worst defeat of the year against the Mustangs, 54-6, will host the Follett Panthers at 7 p.m. Friday at Duncan Field. The contest will close the 1979 season for the Tigers and first-year head coach Jack Dorsett.

Playing in their last football game for MHS Friday will be the following seniors: Dick Bode, Mike Reynolds, Wade Smith, Randy Suggs, and Don Webb. Rex Morris will be on the sideline following knee surgery. Morris suffered damaged knee ligaments Nov. 2 against Miami.

It didn't take Wheeler, the best Class B football team in Texas according to the Harris Rating System, long to establish supremacy in last week's District 1-B clash. The Mustangs put the ball in the air on the first offensive play of the game, and McLean was unable to shoot down the high-flying Ponies. Wheeler led 21-0 after 12 minutes of head-knocking and 40-0 at the half.

Although the outcome of the game was not in doubt after the first quarter, the Tigers can get some consolation from the fact that 13 of Wheeler's points almost were erased by the clock. Almost, but not quite. Rich Brown threw a 1-yard touchdown pass to Paul Bentley as time ran out in the first half, and Boyd Waldo tossed a scoring pass to John Harris from 21 yards out with only 3 seconds left in the game. But those points counted just as much as Wheeler's other 41.

If you son or daughter was a member of the Harvest King and Queen court, we have colored pictures at The News office for sale. Most of the pictures were taken of the representatives of each class together.

After parents, teachers have the greatest influence on children's lives, which is one of the reasons that I believe we should be absolutely determined to see to it that our children have the best teachers available.

I doubt that there is a single person who cannot recite a story about a teacher who greatly influenced him or one who treated him unfairly. The sum of all those experiences with teachers often determines what kind of lives we will lead.

I was lucky to have had several excellent teachers who were fair but demanding, kind but firm, intelligent but understanding.

I also remember the few that I had who were real terrors...the kind who shouldn't even be allowed to talk to children, much less teach them.

I learned very early in my teaching career that students cannot be fooled. You might be able to convince the world of a false idea about yourself, but a roomful of youngsters will find out the truth about you immediately.

I guess that's why I have always treasured the students who come back to visit. I know that in some way I meant something in their lives and that's a great feeling.

When I was a student-teaching, one of the requirements was that at the end of the unit which we taught, we had to have our students fill out an evaluation of our teaching. That evaluation was unsigned so the students were free to comment on our teaching ability, our personal appearance, and our

MHS Moves To New Classification Following UIL Realignment

By Mike Haynes
The recent realignment of University Interscholastic League high school districts leaves McLean with pluses in at least two areas.

The team with the best football record in McLean's District 1-B, Wheeler, will be absent from the Tigers' district next year, and the team with the worst football record, Texline, also will say goodbye to the district.

Not having to contend with state power Wheeler for district honors obviously will be a relief for McLean and the rest of the

loop, and Texline's absence from the schedule will eliminate a 380-mile round trip from Tigerland to the northern reaches of the Panhandle.

Wheeler, with its enrollment up in recent years, will move up one classification next year, joining Canadian, Clarendon,

Fires Leave Two Families Homeless

Two house fires in the McLean area within one week have left two families homeless. The first fire was in the David Armbrister home Nov. 6 in Alanreed. McLean firemen responded to the call about 10:30 but by the time they arrived the house, owned by O.L. Fulbright, was totally destroyed. Mr. and Mrs. Armbrister and their two children were not home at the time of the fire. All their furniture and clothing were totally destroyed. To add to the tragedy, Armbrister's father, Lee Roy Armbrister, 58 died the following night. A shower had been planned for Friday night for the family, and an emergency fund has been established at the American National Bank in McLean.

The second fire was Monday night, with McLean firemen receiving the call about 11:30 p.m. to the home of Mr. and Mrs. Don Taylor in the 400 block of W. Second St. in McLean.

The fire apparently began in the attic of the two-story structure. Mrs. Taylor was awak-

ened by a roaring sound, and when Taylor investigated he found several hot spots on the wall. When he knocked a hole in the wall, flames burst out. Flames engulfed the attic and upstairs portion of the house, owned by David Haynes, and the lower floor of the home had extensive smoke and water damage, according to Fire Chief Jim McDonald.

According to Mrs. Taylor, the couple had no insurance on household goods. Their furniture was purchased about three months ago.

Firemen brought the blaze under control and returned to fire station about 3 a.m. Tuesday morning.

School Board Discusses Routine Business At Meeting Monday

The McLean school board met for its regular monthly session Monday night in the school cafeteria with several items of business on the agenda.

The board approved the textbook committee for 1979-80. Members of the committee are Dorman Thomas, Ronald Cummings, Jerry Cook, Cecil Reynolds, Vester Joiner, Mary O'Neil, Joe Riley, Jarrell Russell, and Lane Warrick.

The board discussed school bus repairs, some recent vandalism at the school, and the new district football alignment.

Kathleen Simpson was added to the substitute teacher list.

Pancake Supper Set For Friday

Preceding the McLean Tigers final home game of the season, the Sophomore Class will host a Pancake supper in the school cafeteria, with serving beginning at 5 p.m. and lasting until 6:30 p.m. Listed on the menu are pancakes, sausage, and coffee.

Chamber Approves Christmas Season Shop McLean Campaign

The McLean Chamber of Commerce met Nov. 6 at the elementary cafeteria for a regular monthly meeting, and voted to form a "Shop At Home" committee, chaired by Cheryl Smith.

Members of the group decided that membership and encouraging business in McLean during the holiday season should get top priority.

Mrs. Linda Haynes was appointed chairman of the public-

Band Boosters Will Sponsor Derbytown Jubilee Saturday

The Derbytown Jubilee will go on stage for the second performance of the season Saturday night when the McLean High School Band Boosters club will sponsor the presentation. The show begins at 7:30 p.m. in the McLean High School Auditorium.

Entertainers who have indicated that they will appear include high school students Donna McAneer, Leslie Skip-

Wreck Claims Two Lives

A head-on collision one mile west of Alanreed Thursday claimed two lives, and backed up traffic for approximately 15 miles on Interstate 40 for over an hour.

A 1974 Chevrolet pickup pulling a U-Haul trailer attempted to pass a car driven by Mr. and Mrs. Clyde Slavin of Clarendon, and collided with a Winnebago mobile home on the two-lane stretch.

Johnny L. Warren, 43, of Collinwood, Tex., driver of the pickup was killed in the collision, and Mrs. Eileen Peterson of British Columbia, Canada, driver of the mobile home, died while she was being transported to an Amarillo hospital.

Following the initial collision, the pickup collided with the car driven by Slavin, and totally destroyed the Slavin car. Mr. and Mrs. Slavin were not injured.

Basketball Season Begins Monday

The McLean school basketball season begins Monday night when the Cubettes meet Canadian in the local gym. The girls will play two games, with games beginning at 5 p.m.

Tuesday night the Tigers and the Tigerettes hit the boards for the first game of the season with three games against Mobeette scheduled in the McLean gym.

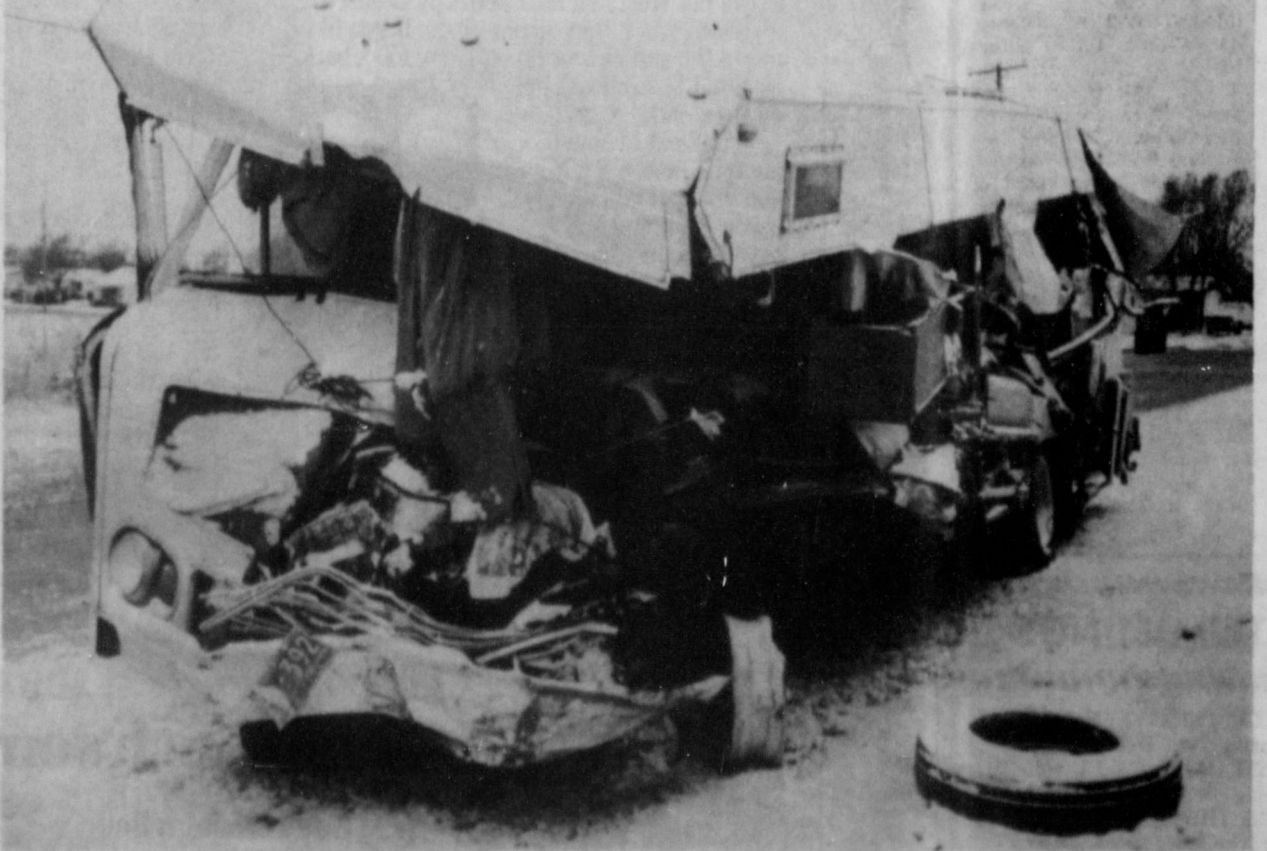

Play will begin at 5 p.m. with a junior varsity girls game, followed by varsity girls, and varsity boys games.

The high school teams will play in three tournaments during the season, and district play will begin Jan. 15 with a game against Lefors.

Blood Pressure Clinic Is Today

The Texas Public Health Service will conduct a blood pressure clinic today (Thursday) from 9:30 a.m. to 11 a.m. at the McLean Young Adult Club building.

The service is free to all.

THIS IS ALL that remains of a Winnebago mobile home which was involved in a fatal collision on I-40 Thursday. (Photo by Linda Haynes)

OPINIONS

VIEWS ARE WRITTEN BY LINDA HAYNES, UNLESS OTHERWISE NOTED - IF YOU HAVE AN OPINION ON ANY CURRENT SUBJECT WE WELCOME YOUR SIGNED LETTERS.

DID YOU VOTE?

Were you one of the 36 good citizens of McLean who voted in the election last Tuesday? Neither was I. Out of 1110 eligible voters in this precinct, only 36 went to the polls last week to vote on three constitutional amendments for the state constitution.

Stopping long enough to vote, I didn't take the time to do it. What's your excuse? Do we just not care about the state government, or have we all gotten so cynical that we feel that our vote won't make any difference anyway?

Letters To The Editor

I really do enjoy my old Home Town paper and look forward to getting it every Monday morning. Your "Down Memory Lane" section is always interesting to me. Also, I would like to commend you on your Nursing Center News. Too often these "special" people are forgotten.

is rendered unintelligible by "modern math". Health textbooks are perverted with sex education.

Students tests to determine their ability is neither "naive" nor radical. This method was followed in the United States until the 1920's, and met with outstanding results.

When I had started student teaching when my son was three days old, so I had had some difficulty finding clothes to fit, and a few times appeared in the classroom rather bleary-eyed from staying up all night with the baby.

When I read my teacher evaluations that year, I couldn't help laughing, because out of 32 students, 24 had commented on personal appearance: "You looked pretty good most of the time, but one day your slip showed!"

Students never forget a lie either, and a teacher is always better off to admit "I don't know", than to try to bluff his way through something.

Last week's vitriolic attack on today's students was both mendacious and preposterous. To accuse today's students of being indifferent to education because he or she is well fed, well clothed, and entertained by television is absurd.

And, to touch on a different subject, this opinionist would inquire, when did the economy rally? As interest rates soar into the stratosphere, the stock market totters in indecision.

Do you know the truth about what's going on in the world today? This quiz can help you tell.

1. Scientists can create human genetic material in the laboratory. True or False?

2. The country that produces the most petroleum is Saudi Arabia. True or False?

3. American oil companies do not support the development of alternate energy sources. True or False?

Anytime we advocate a wholesale condemnation of a system, we ignore certain parts of it that work. Some of Dewey's philosophy is good, just as some of the propaganda distributed by the John Birch society is right on the mark.

Although I did not consider last week's editorial a "vitriolic attack" on students, but rather a condemnation of the current educational system, I would like to clear up some points expressed in the preceding letter to the editor.

Do you know the truth about what's going on in the world today? This quiz can help you tell.

4. NASA has developed a new kind of rocket ship that can make several trips to space and back. True or False?

5. Only a small minority of American children live in homes where both parents or the only parent works during the day. True or False?

ANSWERS
1. True. Recombinant DNA research, popularly known as "gene splicing," allows scientists to manufacture genes and sometimes the products of those genes from almost any living creature, including humans.
2. False. Al-

EDITOR'S REPLY:
Although I did not consider last week's editorial a "vitriolic attack" on students, but rather a condemnation of the current educational system, I would like to clear up some points expressed in the preceding letter to the editor.

I too believe that the educational system of the United States should return to the basics. The public school system is now expected to do the job that parents and the church should be doing.

Low default rate maintained by Texas A&M students

COLLEGE STATION — Colleges and universities are often wary when the Department of Health, Education, and Welfare launches an investigation. In one case, however, HEW simply wants to know how Texas A&M University achieves such a low default rate in the National Direct Student Loan (NDSL) program.

though Saudi Arabia produces over three billion barrels of crude petroleum a year, the U.S.S.R. surpasses them with nearly four billion. 3. False. According to Jerry McAfee, Chairman of the Board of the Gulf Oil Corporation, oil companies strongly support the development of all domestic energy sources.

Deaths

LEE ROY ARMBRISTER
Lee Roy Armbrister, 58, of Alameda, died Saturday.

Services were at 2 p.m. Tuesday at Pentecostal Holiness Church in McLean with the Rev. Archie Cooper officiating.

Armbrister, who was born in Wade, Okla., moved to Alameda in 1957 from Ada, Okla. He married Dorothy Cupps in 1942 in Coalgate, Okla.

He was a heavy equipment operator and an Army veteran of World War II. He was a member of the Pentecostal church.

Survivors include his wife; three sons, James, Loyd and David, all of Alameda; a daughter, Mrs. Dorothy James Smith; a half brother, Athel Armbrister of Miami, Ariz.; three sisters, Mrs. Ruby Keith and Mrs. Lena Jesse, both of Shawnee, Okla., and Mrs. Annie Bell Conklin of Centrahoma, Okla., and nine grandchildren.

Hightower Sponsors Bill

(WICHITA FALLS, TEXAS) — "The present situation at the American Embassy in Iran is deplorable," Congressman Jack Hightower stated.

"Under the guise of complying with religious laws Iran's Ayatollah Khomeini has committed acts that can only be branded as atrocities. He has now slapped the United States in the face by supporting terrorists who imperil the lives of American embassy employees as black-mail's predecessor to Iran so that he can be murdered. We have turned our other cheek for too long."

"If the situation in Iran does not improve immediately, I will initiate legislation that will change our immigration laws and allow the United States to rid itself of students who have abused this country's hospitality and who have hidden behind America's Constitutional democracy to further the cause of their own nation's tyranny," Congressman Hightower said.

In conclusion, he noted that under existing law Iranians are allowed in this country without threat of deportation, unless they are tried and convicted of a crime. No deportation hearings may be scheduled until after June 1, 1980 and pending a change in the political situation in Iran that date may be extended according to immigration officials.

DISTRICT

Continued from Page 1

conferences throughout the state. Schools which were designated Class B in the past (including McLean) will be called Class A next year.

Thus, Wheeler will be in District 2-AA in 1980, while McLean's football family (now District 1-B) will be called District 1-A.

McLean's district opponents next year will be Booker, Claude, Follett, Groom, and Miami.

TIGERS

Continued from Page 1

On McLean's second play after the touchdown, Killham caught a long pass from Suggs and was tackled on the left sideline at the Wheeler 3. But an illegal procedure penalty brought it back, and three plays later Suggs had to punt again.

The Mustangs' third TD in the opening stanza was soon to come, helped by a screen pass which Valencia took from the McLean 48 down to the 19. Zepeda took it in from the 17 with 38 seconds left, and a sweep around the left end gave Wheeler 2 extra points. They led, 21-0.

Wheeler's next score came after a McLean punt from the end zone set them up at the

visitors' 32. On the third snap, Brown hit Evans in the center of the end zone to up the count to 27-0. The pass covered 27 yards. Evans' PAT again failed with 9:51 left in the half.

McLean began its nextpossession with indications that the Tigers were not yet ready to "turn out the lights." Matheny returned the kickoff from inside his 10 to the McLean 42, and the Tigers moved to the 50 in three plays. On 4th and 2, sophomore Billy Joe Skipper was hit short of the line to gain, but second effort propelled him to the Wheeler 48 for the first down. That was as far as McLean could go, however, and Suggs again backed up to punt.

The Tigers again held Wheeler to 3 yards on a pair of plays, but on 3rd and 7 Zepeda caught a screen pass on the left side after it was deflected off another Mustang. Zepeda ran the McLean 35, but a penalty returned the pigskin to the Wheeler 49, and the measuring sticks showed the Mustangs a yard short of a first down.

Wheeler passed on 3rd and 1. Kevin Andis, standing on the left side at about the line of scrimmage, caught the ball and raced to the McLean 39. A roughing-the-passer infraction advanced it to the 20.

On 3rd and 6 at the Tiger 16, Brown teamed with Evans again, this time for a TD on the right side of the end zone. Evans followed with a successful kick, and Wheeler's bulge was 34-0 with 4:51 to go in the half.

A guard-around play by Tiger junior Tim Smith from his 20 to his 29 was about all the offense McLean could muster. On 3rd and 1, Suggs suffered one of two interceptions, this one picked off by the busy Evans at the McLean 45.

Zepeda broke loose from the 32 to the 1 with 11 seconds remaining before halftime. Brown completed a pass to the left with 1 second to go, but the Tigers stopped the receiver at the 1 foot line. On the last play of the half, Bentley caught Brown's throw on the right side of the end zone to make it 40-0. The snap was fumbled on the PAT attempt, and the Wheeler holder was tackled short of the goal.

Neither team scored in the third period, but the Tigers began a drive which would result in their only touchdown. Crockett began the march with a 7-yard dash to the McLean 27, and Suggs connected with Killham on a 19-yard aerial to the Wheeler 48 for a first down.

Two plays later Matheny gained another first on a right slant to the Mustang 37 with

just 50 seconds left in the quarter, and on the next snap, Suggs hit Killham with a 14-yarder for a first down at the 23.

After an incomplete pass and Suggs scrambles of 3 and 4 yards, McLean was faced with a 4th and 4 at the 17. Crockett raced down to the 4 from there to give the Tigers 1st and goal, and with 10:31 remaining in the contest, the freshman followed his blocking on the right side of the line for a touchdown. An attempt for 2 points failed, and McLean trailed 40-6.

The Tigers took the ball with good field position at the Wheeler 41 after a short punt, but soon sagged to a 4th and 12 situation. Killham caught Suggs' pass at the 33, but he was short of the first down, and the Mustangs took over.

McLean's defense again asserted itself as senior tackle Mike Reynolds and his brother, sophomore Dudley Reynolds, sacked the Wheeler quarterback at the hosts' 23. The Mustangs lost 2 yards on a screen pass, and 6:04 left in the game, Suggs intercepted an errant Wheeler pass at about midfield. It was the only interception Wheeler experienced as they completed 15 of 27 passes, but Suggs took advantage of it and returned the ball to the Mustang 33.

The Tiger signalcaller ran to the 26, then made it to the 23 on a quarterback sneak. A measuring session revealed that McLean had a first down.

With 4:46 to go, the tables turned. Gaines chose that moment to contribute to the Wheeler cause, returning his intercepted pass to the other end of the field to the delight of the home fans. Following Evans' kick: Wheeler 47, McLean 6.

Dudley Reynolds started the Tigers on another assault at the Wheeler goal with an excellent kickoff return to the Mustang 48, where he was tackled near the right sideline. Matheny and Skipper gained most of the yardage as the Tigers drove to the Mustang 28, but on 3rd and 4 at the 27, Reynolds lost McLean's only fumble of the cold night, and Wheeler had 1:22 left to handle the ball.

Waldo broke loose for a long run down the right sideline to the McLean 27 with 35 seconds to go. The Mustang runner might have gone all the way, but he stumbled, was tackled, and fumbled before he hit the ground. Luck was not on the Tigers' side, however, as Wheeler recovered the miscue.

Joey Waldo caught a pass at the McLean 21 with 8 seconds remaining, and with just 3 seconds left, Boyd Waldo

heaved a halfback pass to John Harris to stretch the margin to 53-6. Waldo also kicked the PAT to account for the final score.

Skipper tried some razzle-dazzle with a pitch on the kickoff as the game ended, but it was fumbled.

Dorsett said Wheeler definitely is the best team the Tigers have lined up against all year. "They're the best team a lot of people are going to play this year!" added the young coach.

Dorsett said the Mustangs, who won state in 1977 and finished second last year, have a good shot at the title this year. "They're not as awesome as they were last year, but they're better all-around. They throw better than they did last year."

McLean fell to a 2-7 season record with the loss, while Wheeler took another step toward an undefeated regular season, now standing at 9-0. The District 1-B marks with one week to go look like this: Wheeler, 5-0; Booker, 4-1; Groom, 4-1; Miami, 3-2; Follett, 1-4; McLean, 1-4; and Textline, 0-6.

Wheeler travels to Booker Friday, where the Mustangs can wrap up the district title and aim for either Valley or Lazbuddie in the playoffs. But Booker, with an upset win, could throw the district into a three-way tie for first place among Wheeler, Booker, and Groom. Groom would have to defeat Miami, the present 4th-place team Friday at Miami to have a chance for a district tie.

The season slates for District 1-B squads are as follows: Wheeler, 9-0; Booker, 6-3; Miami, 5-2-1; Groom, 5-4; Follett, 5-4; McLean, 2-7; and Textline, 0-8-1.

Although Follett is tied with the Tigers with a 1-4 district mark, the Panthers are 4-0 in nondistrict competition. Dorsett said Follett sports as much speed as any team McLean has played in 1979, largely in the persons of quarterback Mike Freeman and halfback Dirk Wright, both juniors. Wright is the son of head coach Gurry Wright.

However, the McLean mentor emphasized the fact that Follett has lost four games and can be beaten. He said the Panthers have not shown much prowess with their passing attack, and "if we play as well against the run as we did against Wheeler, we can do real well."

Talk is cheaper than you think.

How to save up to 60% on Long Distance.

If you're one of those who thinks a Long Distance call is a luxury, read on.

The trick to saving money while keeping in touch with family or friends is knowing when to call, and calling One-Plus.

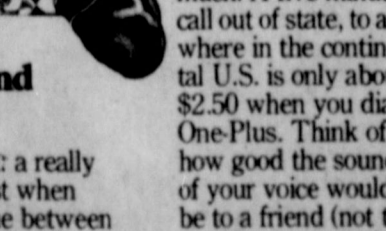

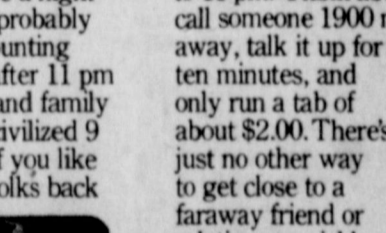

Call between 11 pm and 8 am.

Even on weeknights, save up to 35%.

On weekdays it's still a bargain.

Reach out on the weekend and save up to 60%.

Reach out and touch someone.

make a ten-minute call to Atlanta for only \$1.55. That's almost worth making a new friend in Atlanta for.

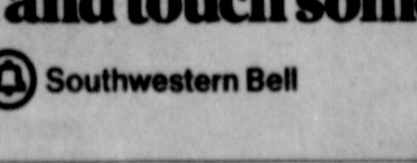

Sometimes you can't wait for the weekend. Or you don't want to. But you can still save plenty Sunday through Friday from 5 pm to 11 pm. Think about what a bargain it is to call someone 1900 miles away, talk it up for ten minutes, and only run a tab of about \$2.00. There's just no other way to get close to a faraway friend or relative so quickly, so cheaply.

Here's a surprise. From 8 am to 5 pm, a Long Distance chat still doesn't cost very much. A five minute call out of state, to anywhere in the continental U.S. is only about \$2.50 when you dial One-Plus. Think of how good the sound of your voice would be to a friend (not to mention your mother!) right in the middle of the day.

Now this is a stroke of good luck: a really cheap Long Distance phone call just when you may want it most. Call any time between 11 pm Friday and 5 pm Sunday and really save. For instance, dial One-Plus and you can

ALANREED BRIEFS

Polly Harrison and Lena Carter visited in Pampa on Thursday.

Robert Bruce made a trip to Oklahoma City last week.

Fire destroyed the house occupied by the David Armbristers last week. No injuries ensued as they were away at the time, but all their possessions were destroyed.

Bill Tidwell was in Abilene this week on a job.

Visitors at the First Baptist Church Sunday morning were the Robert Walker family and Ruth and Tammie McLain.

Richard Oneal of Norman, Okla., and Darlene and Ray Potts of Amarillo visited Jewell

Warner last week.

Mrs. Harper, one of our teachers, has moved into the Worsham house to be closer to her work.

One Gibson was on the sick list over the week-end.

The David Armbristers were in Pampa last week hunting furniture to set up house-keeping again.

The Alanreed Improvement Association will have a Thanksgiving dinner Saturday night, Nov. 16, at the school cafeteria. Turkey and dressing will be furnished. Everyone is asked to bring a salad, a vegetable, or a dessert. Everyone is invited to attend.

Alanreed Community Profile
by Jeanette Fish

R.D. and Ruth McLain live at the Johnson Ranch Headquarters west of Alanreed. They were born and raised in Oklahoma. R.D. remembers moving to Texas with his family in a covered wagon when he was two years old with the family dogs riding in wash tubs under the wagon.

He was in the Army during World War II and served in Europe. He and Ruth met in Marlowe, Oklahoma and have been married for 27 years. They spent several years moving around while he worked for a mud hauling company. They lived in Duncan, Okla., Great Bend, Kan. and in the Texas towns of Aspermont, Tulia, Stinnett and Pampa. After moving to Pampa R.D. decided to go back to country life and they lived in Spearman for six years.

They have been at home here for the past three years. Ruth had always been used to country life as her daddy was a peanut farmer and her grandfather was a rancher. She likes to read and sew and R.D. enjoys the life of a cowboy.

They have seven children: Diana Morris, Marlowe, Okla., Don Horn, La Bell, Fla., Dean McLain, who is at the Air Force Academy in Colorado Springs, Colo., Shirley Harbour, Spearman, Danny, Brenda, and Tammy who live at the ranch.

Dean will be graduating from the academy in July, 1980 and plans to attend W.T.S.U. to study agriculture. Brenda enjoys painting and coloring and Tammy who attends McLean High school is planning to continue oil painting and art which she is very talented at.

IT'S A FACT!

Less than 20 percent of all the energy produced by a car's engine survives as actual usable power at the drive wheels! The rest of the energy dissipates through the exhaust and cooling system, and in other ways. And friction claims about five percent of that energy.

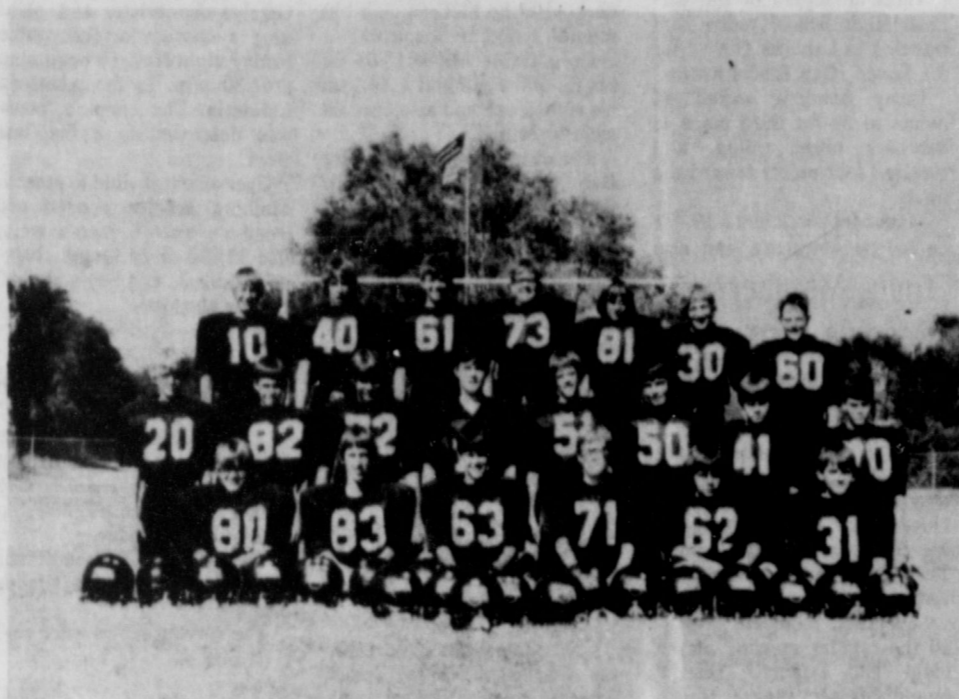

The good news is that you can cut the energy your car loses to friction by using the proper lubricant. According to Amalie Refining Company, concerned with America's drivers and their automotive needs for 75 years, using multi-grade motor oil could net substantial fuel savings for vehicles—three to six percent—and reduce some of the impact of the gas crisis.

Spread newspapers over the top shelf of your refrigerator while you defrost to save mopping up later.

1979 LEFORS BANDITS

Gone Fishin'
by Jeanette Fish

The Bill of Rights clearly states: "One hangup per person per lifetime." Everybody's got one. I know a girl who has to make up her side of the bed the minute she gets up in the morning while her husband continues to sleep on the other side.

Some men have to have all the tools in their pickup lined up neatly in a row. It makes them upset if anyone moves a screwdriver an inch to the left. Most women would have to walk through the bathroom blindfolded to keep from grabbing the Windex to get one little smudge off the mirror.

I am a compulsive drawer and closet cleaner. A frustrated one. I have one closet. It hasn't been too many years since everybody only had one. When you were wearing the only dress that you owned in 1933—three clothes hangers was two too many. The 1940's was the beginning of two bedrooms, two small closet homes. The 50's turned into three bedrooms with WALK IN CLOSETS.

If Hoover had promised a chicken in every pot, two cars in every garage and walk-in closets he'd still be President in absentia. My brother-in-law Mike, says, "I just don't understand people. They spend \$3,000 to build a garage, \$10,000 to add on a bedroom with closets—to store \$100 worth of junk."

I throw things away. Most people gather at Thanksgiving with their families to give thanks. My husband gives the annual "She threw away \$3,000 worth of things this year" report. When you have a blood test to get married nothing is seen under the microscope to suggest that throw away-ers marry pack rats but they always do.

We each have a private drawer in our house and no one else is allowed to touch it. Unwritten, unspoken, you just don't. Bob has a metal box full of old receipts, pocket knives,

nails, and odd-sized screws. Once a year I make him get it down and clean it out. He will discard one or two things—this year a receipt for three gallons of gas in 1973. Not because he thinks he should but it gets me off his neck for a year.

Once when our little boys were small, I was cleaning the toy boxes—small cars in one, middle and large in the other. My daughter walked in and said, "Mother, it would drive me crazy to clean the way you do." I looked up amazed and replied—"Well it does drive me crazy!"

Closets are full of the safe and familiar. I can't change the world very much today, feed the starlings or get Iran to set the hostages free. I can straighten up my world. It feels good. There are two guitars, an old TV, an eight year old red wool suit. I like that suit. It will hang there another eight. Wool lasts. Let's hear it for the sheep.

We bought a paper skeleton

for Halloween. My life is complete. I have a skeleton in my closet. It glows in the dark. Does yours?

A "COMING OUT" party, or celebration, is something young girls look forward to eagerly. But the term "coming out" is only symbolic for them.

For girls in certain African tribes and among primitive peoples—it literally means "Coming out" from a shelter or little hut where they were confined. They had to stay there until they reached the age when they would "come out" to be married.

So when we use the term "coming out" for a debutante, we're going back, symbolically, to this ancient, primitive custom.

In one year, hens in America lay enough eggs to encircle the globe 100 times.

Lefors 4-H Hears Gibson At Meeting

Carl Gibson, assistant County Extension Agent, spoke at the regular meeting of the Lefors 4-H club, speaking about parliamentary procedure.

The group will have a bake sale Nov. 17 from 10:30 to 1 p.m. and a hay ride and cook out from 5 p.m. to 6:30 p.m.

The committee chairmen of the club will meet Nov. 26. The next monthly meeting of the

club will be Dec. 3.

Committee chairmen include Glenda Burris, Sally Youngblood, Angela Stanley, Gary Conway, Diana Mathis, Tina Hall, and Carol Mangus.

Attending the meeting were Billy McBe, Jason Wilson, Melanie Nickel, Carol Mangus, Tracy Gee, Gary Conway, Angela Stanley, Diana Mathis, Glenda Burris, Tina Hall, and Tommy Gee.

Choir To Sing At Lefors Today

The Frank Phillips Choir and musical group will bring a 55 minute program to the Lefors High School students at 1 p.m. today (Thursday) in the high school auditorium.

Roger Brown is the director and Doug Coleman formerly of Lefors is a member of the group. The public is invited.

Arthritis Sufferers!
Now, Get relief for painful inflammation and protection for your stomach!

For minor arthritis pain, Arthritis Pain Formula has 50% more medicine than ordinary headache tablets. Plus two antacids for double stomach protection. Try Arthritis Pain Formula, the arthritis specialist, from the makers of Anacin!

Remove hard callus skin without cutting, scraping!

From feet, hands, elbows. Doctors find that hard, thick calluses often can be softened and removed medically. The same ingredient doctors find so effective is available in DEMA-SOFT™ Medical Formula for Hard Callused Skin.

Treat The Family To Dinner Out!

It makes a nice change. Mom can relax, and the kids can eat their favorite foods... at a price to make Dad smile!

at the
COWBOY DRIVE INN

We will be open Tuesday, Nov. 20 and will close Thanksgiving day.

THE SPIDER

During Mark Twain's days as a newspaperman, he was editor of a small Missouri paper. One day he received a letter from a subscriber, stating that he had found a spider in his paper, and asked if this was an omen of good or bad luck.

Twain replied: "Finding a spider in your paper is neither good nor bad luck. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."

The McLean News
will keep the spider away from your door

"WE GOT A LITTLE BET SWAPING AND CLIMBING INTO THIS BAG?"

TRAFFIC ON I-40 was backed up for several miles Thursday following a collision which resulted in two fatalities near Alanreed. (Photo by Linda Haynes)

In The Kitchen

by Linda Haynes

A friend called long distance this week to ask for a recipe of mine, so I thought I might share it with you this week. The beauty of this recipe is that it is fast and easy but delicious.

SAUSAGE BALLS:
4 cups biscuit mix
1 lb. bulk sausage, hot
1-3 cups grated sharp cheddar cheese.

Combine ingredients adding just enough water or milk to make the dough stick together. Roll into small balls about the size of a pecan. Place on greased cookie sheet and bake at 425 degrees for 10-12 minutes until golden brown.

Balls may be placed in freezer on cookie sheet. When frozen transfer to sealed bag. When ready to use, place balls on cookie sheet and reheat in hot oven for about five minutes.

During the holiday season, a good dip for vegetables usually comes in handy. Try this one for carrots, celery, cucumber sticks

and cauliflower.

SMOKY COTTAGE CHEESE DIP
1 c. creamed cottage cheese
1 (3 oz.) pkg. cream cheese
2T. milk
1 tsp. minced onion
1/2 tsp. liquid smoke
1/4 tsp. garlic salt
1/2 c. minced riped olives

Beat together cottage cheese, cream cheese and milk. Blend in remaining ingredients.

For another unusual party appetizer, try this fast hot snack.

DEVILED HAM TWISTS
3 (4 1/2 oz.) cans deviled ham
3 T. chopped walnuts
3 T. minced onion
1/4 c. minced, pimento stuffed olives
1/2 tsp. ground red pepper
6 finely crushed saltines
2 cans refrigerator biscuits

Combine ham, walnuts, onion, olives, red pepper and saltines, stirring until well-blended and smooth.

Divide each biscuit in half; roll into small circle. Cover half the circle with ham mixture and fold over. Twist into the shape of a bow. Sprinkle with paprika. Repeat until you have used all the biscuits and the mixture.

Bake just until biscuits begin to brown.

**"Mental Math" Can Be Fun
Says Noted Author/Educator**

Contrary to what many adults learned when they were in elementary school, mental "short cuts" can be a great help to students learning basic math concepts.

This is the thinking of noted math educator Walter Rucker of D.C. Heath and Company. "In the past," he says, "many teachers resisted teaching the mental short cuts that we all come to use later in life, simply because they don't fit neatly into the course structure."

"We're finding that they can

help many students to grasp the concepts better, quicker and with greater confidence. Take, for example, the short cut for a second-grader to find the difference between 57 and 19 in his head. He would simply subtract 20, then add 1."

Mr. Rucker, whose new textbook series *Heath Mathematics* has become one of the most popular in the country, warns that such short cuts shouldn't be taught as tricks, but as aids once the students have a good understanding of the principles.

"HE'S THE ONLY POLITICIAN IN THE COUNTRY WHO CAN MAKE A SPEECH THAT SAYS ABSOLUTELY NOTHING AND IN RESPONSE TO WHICH, EVERYBODY DISAGREES."

The first bale of cotton ginned this year at the McLean Gin was brought in by Frank Howard on Wednesday, November 5. 2,020 pounds of cotton was brought in and the bale ginned out 470 pounds.

+++
D.V. Biggers of Pampa visited his sister, Annie Reeves, over the week-end.

+++
The annual Alanreed Fall Festival got off with a bang Saturday night with the ladies serving supper from 6:00 p.m. on. The largest crowd in a long time was present with visitors coming from Amarillo, Borger, Groom, Clarendon, and McLean.

20 YEARS AGO
CHARLES CULLIN, EDITOR

McLean's surprising Tigers, guided by Coach Clifford Bradshaw in his first season at the helm, clinched the district championship Friday night by smothering the Lefors Pirates 35-0 in a game played at Duncan Field. The Tigers were pre-poled for the cellar of the 2-A loop. It was never a contest against Lefors. McLean's backfield, sparked by the amazing runs of Davy Crockett, shredded the Lefors defense from the opening gun. The forward wall of McLean, defensively, held the Pirates without a serious threat during the entire four quarters.

+++

CARDS OF THANKS

To my friends
From Custer Lowry
Yeah, in again, out again; but due to my doctor knowing what was wrong with me and the aid of the lady in white and the good food, it was only a three day visit. Oh, I was about to forget something. You know the little nurse who wears that little white cap trimmed in black, well, she gave me so many pills and shots that when she entered my room, I didn't know whether to open my mouth or lower my pajamas. Love to all.
Custer Lowry

Thanks to everyone of you that made my birthday such a joyous occasion. You have always given me so many things

over the years, and I appreciate everyone of you.
May God bless each of you.
Love,
Gladys Smulcer

May I take this opportunity to thank the good people of McLean for the cheer they brought me while I was in the hospital and since I came home. The cards, calls, food, gifts, and your prayers have helped me start back on the road to recovery.
Grace Windom.

Society Celebrates Anniversary

It's a Happy Birthday for the Texas Society to Prevent Blindness as actress Helen Hayes celebrates good sight in a new film release that is a highlight of the Society's 25th year.

The film entitled "Seeing," is part of the Prevent Blindness campaign to alert Texans that more than 50,000 of them are slowly - and without realizing it - being blinded by glaucoma. The 27-minute color sound production featuring the famous actress dramatizes the miracle of sight and the beauties of the world around us while underscoring the dangers of the eye disease which is a leading cause of preventable blindness.

Community and service organizations may borrow the film without charge from Prevent Blindness, P.O. Box 13400 Houston 77019. The film may be purchased and included with each loan or purchase is a leader's discussion guide, audience booklets and publicity suggestions.

The Texas Society to Prevent Blindness is an affiliate of the National Society to Prevent Blindness. It was established in 1954 and during its first 25 years Society offices have been opened in seven Texas cities and its public education and screening programs have been saving the eyes of Texas in every part of the state.

BEEF FIESTA

On Thursday, November 29, Beef Fiesta '79 will be held at the M.K. Brown Auditorium-Heritage Room in Pampa. The event is being sponsored by the Top O' Texas Cowbelles and the Gray County Extension Homemakers Council in cooperation with the Texas Agricultural Extension Service and the Texas Department of Agriculture.

Registration will be held from 9-9:30 a.m. The program from 9:30 to noon will feature Dr. Frank Orts, Extension Meats Specialist, Texas A&M University, College Station, Texas. Also featured will be Terry Medrano, Home Economist and Frank Brooks, Meats Specialist, Texas Department of Agriculture.

The theme of the program will be economical selection and preparation of beef for today's menus. Dr. Orts will demonstrate where various cuts of beef come from and will discuss how the beef shopper can stretch their budget through selective buying. Terry Medrano and Frank Brooks will conduct a fast-moving demonstration of recipes featuring beef for fall enjoyment-both gourmet and low-cost. Recipes will be available.

In addition to the program, there will be educational exhibits and lots of beef door prizes. During the noon hour, a Beef Tasting Fiesta will be featured where beef shoppers who were unable to attend the morning session can come out and sample some of the beef prepared in the morning. This will allow all participants to view the exhibits and slide presentations.

The meeting is free and the public is invited and encouraged to attend this service of the beef industry in Texas.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

NEW RESIDENTS
Mary Kay Turner
Oscar Kenney

ACTIVITIES
Elizabeth Kunkel, Bertha Smith, Annie Brown, and Ruby Tibbets, from Senior Citizens sponsored a Bingo game on Monday.

Tuesday afternoon we had our November birthday party. The residents celebrated Mary Treat's 81st birthday with her Nita Vick, Lois Myers, and Betty Huestad provided the entertainment. Joyce Haynes and Grace Glenn served cake, cookies, and punch.

Rev. and Mrs. Z.A. Myers conducted a Bible study on Wednesday.

Lois Myers and Roger Myers and Betty Huestad held a Sing-A-Long on Thursday afternoon.

Dee Sapp had our quilting hour on Wednesday and Friday.

Martha Parker showed movies on Friday.

Rev. Buell Wells held our church services on Sunday.

VISITORS
Lula Crisp's visitors were Enloe Crisp, Sally and Susan Worsham, Gladys Smulcer, Marguerite, Frank, Jackie, Sally and Susan Worsham, and Betty Lowe.

Jewell Cousin's visitors were Mary Powell, and Lucille Cullison.

Maude Nell's visitors were Etyle Best, Linda McDonald, Louise Turner, Michael Throckmorton, Lois Myers, and Lucille Cullison.

Lona Jones visitors were Louise Turner, Linda McDonald, Michael Throckmorton, Mr. and Mrs. Biggers, Grace Glenn, Mr. and Mrs. Nichols, Dana Sullivan, Zora Sanders, Archie Clawson, Betty Lowe, Rev. Buell Wells, Lillie Mae Williams, Mrs. Howard Gipson, Lucille Cullison, Gladys Smulcer, and Pauline Miller.

Eva Franke's visitors were Rev. and Mrs. Z.A. Myers,

Loose Marbles

by Lisa Patman

I think I may have discovered the reason for those unsightly bumps and bulges that have taken hold of my body. After a long and careful search, much scientific experimentation, and several martinis, I have decided that fat is directly related to the size and number of dogs one owns.

For example, I have a large and unruly St. Bernard who not only eats his weight in the most expensive dog food around, but looks a great deal like a Sherman tank. Now while I rarely partake of dog food, it has been suggested that I would make a great while shield. And there was a bomb there, when we had three dogs hangin' around, that I began taking on the proportions of a nuclear submarine. I think my lucky scales that two of the canine creatures left for greener dog houses. I think the Air Force was getting ready to recruit my services as an observation blimp.

I know a couple who specializes in breeding and raising Great Danes and they, along

with the dogs, are rather large and unusually clumsy.

On the other side of the coin, one of my thin friends is the proud owner of a solitary and very sleek German Shepherd. This friend likes lean red meat, is quite frisky and, coincidentally, is a super guard wife. And joggers, who are known for their lithe bodies, are often accompanied on their running sprees by skinny dogs. You may also notice that both dog and man usually are out of breath and have their tongues protruding from their mouths in a most undesirable manner, but what the heck, at least they look good from the neck down.

Look around you and observe the physiques of dog owners. You're sure to find that where there is a well-dieted owner there follows a slim pup. And those of us who have dogs that range around twelve hands high or around-two, well, we're mostly a bunch of lardos.

As you well know, for every problem there is a solution, and there is one for this dog/fat

ratio dilemma. Unfortunately, the solution contains good news and bad news. The good news is that you don't have to give your dog away in order to lose some of those excess pounds. The bad news is--in order to get back to puppy size you will have to eat Cycle Three dog food for the rest of your life.

"WOULDN'T IT BE EASIER IF YOU AND I HAD A JOINT BANK ACCOUNT?"

In some animals, such as the rabbit, the incisor teeth keep growing as they are worn down. The shark grows set after set of teeth.

Notes From Your County Agricultural Agent

by Joe Van Zandt

PLANT DISEASE HANDBOOK AVAILABLE:

Texas farmers and gardeners battling plant disease problems can find the answers in a newly revised Texas Plant Disease Handbook.

The handbook includes the latest information on disease descriptions and control. It is the most comprehensive book available on plant disease control in Texas.

Color illustrations are featured throughout the handbook's 443 pages, and the chemical control section has complete, up-to-date recommendations developed for the state by the Extension Service. There is also a special section on disease resistant plant varieties.

The handbook may be purchased at \$10 a copy from the Department of Agricultural Communications, Reed McDonald Bldg., Texas A&M University, College Station, 77843. PRUNE TREES, SHRUBS

pruned at this time of the year.

However, exceptions include spring-flowering shrubs such as forsythia and bridal wreath which should be pruned after they flower. Do not prune roses until mid-to-late February.

Using proper tools is important for safety and adequate cutting. Use hand shears for small twigs under one-half inch in diameter. Long-handled lopping shears are best for branches one-half to one-inch in size. Larger branches require a pruning saw. A long-handled pole pruner or saw is necessary for cutting higher branches.

One of the most important pruning rules is to make cuts flush with the trunk since stubs do not heal properly. As years pass, stubs decay and the deterioration spreads down the trunk until the tree falls over.

Seal cuts more than two inches in diameter with a pruning paint sealer. The sealer will dry hard and protect the wound from insect and disease invasion and moisture loss.

As important as seasonal pruning is, it's even more important to prune when needed. Prune and repair damaged plants as soon as possible. And, always prune after transplanting, particularly with balled and

bare rooted plants. Pruning will compensate for roots the plant lost in the digging. Pruning is perhaps the least understood and most abused of

all the many chores a gardener may tackle. When pruning, have a purpose in mind and do the job right.

LIBRARY NOTES

by Sam Haynes

FAMOUS CHARACTERS OF THE WILD WEST

By Richard Garrett
Six of the most exciting characters of the old West are featured in this excellent work by Richard Garrett.

Hitherto perhaps unknown happenings in the lives of such men as Billy the Kid, General George Armstrong Custer, Jesse James, and Wyatt Earp point up the violence and excitement that characterized their usually brief lives.

The unequaled vanity of General Custer, the perhaps undeserved hero-rating of Wyatt Earp, the mystery surrounding the death of Jesse James, and the unbelievable exploits of Billy the Kid in Lincoln County, New Mexico, along with the interesting and explosive stories of Butch Cassidy and the Paiute Indian

Wovoka, (who ascended to God, according to legend,) make this book extremely interesting reading for lovers of the old West.

"Famous Characters of the Wild West" is now available at Lovett Memorial Library.

Powerful anti-itch drug you can buy without an Rx!

Stop itching fast of external vaginal, rectal, and other skin conditions. Doctors find even severe itching can be treated with a special drug. You can now get this anti-itch drug ingredient with no prescription in BICOZENE. Use only as directed. The medically proven creme for itching.
