Country Club Course Sat. And Sun. Invitational

Country Club Course Sat. And Sun. Invitational

West Texas' top flight are heading toward Ozona to take part in the Country Club's annual invitational tournament scheduled Saturday and Sunday. The rounds are to be completed Sunday. Golfers in their qualifying scores at their home courses but competing for medalist honors will qualify here Saturday. The field will be made up of eight full flights. Entry fee is \$5. A barbecue dinner will be served at noon Sunday at the club.

Edwards of Big Lake, champion, and many others from the area are to be here for the tournament. Included in prospective participants are last year's medalist, Armstrong, H. O. Allen, Hayes and others from the area. Arnold Chambers, Jimmy, Bobby Rutledge and others are expected from McCombs. Two golfers from Del Rio have their intentions to enter. They will be representatives of Stockton, Alpine and other towns.

Among the invading players, champion quality players, Beecher Montgomery, Lonnie Taylor, Arthur Williams, Jerry Hayes, and others will be with the other contenders.

Outlines Changes In Game For County

Bucks To Be Quail Season Ended 15 Days

Warden Bun Carpenter, of Crockett County, is in charge of a four-months trial of game wardens, and recent proposed changes in laws for Crockett County. A letter addressed to the warden on his return to duty week.

Proposed changes, to be approved by the State Game Commission, include legalizing spike traps and earlier opening and closing of the quail season.

Warden's letter announced the completion of the trial. "My family is very happy to be back. The four months I was away seemed a long time, but I actually was but I spent time well spent. With the aid of law enforcement and law enforcement of better service to the people of Crockett County."

On the 13th I attended the Warden-Biologist meeting at the Plateau in Llano. Proposed at this meeting are changes in the regulations of Crockett County.

Deer in season be two with hardened antlers through the skin. This will be legal as in the past they have been.

Season for quail will be from October 1, 1960 to December 1. This is opening the season and will be open 15 days than it has been. The season is the same as in the past.

Reason for this is after the biologists have concluded that we should be on last page)

CROCKETT COUNTY 4-H Range Judging team made a clean sweep in the state contest held at Texas A&M College on June 8 as a part of Texas 4-H Roundup. The team

not only took top honors but also the 3 high individuals. Left to right are Pleas Childress, alternate; County agent and Coach Pete W. Jacoby; Bob Childress,

third individual; Billy Jacoby, high individual and Frank Childress, second individual. Their score was 792 out of a possible 900. Jacoby, top scorer, checked in with 269.

New Band Director For Ozona Former Breckenridge Man

Jimmy D. Campbell Has Fine Record In Band Work in State

A band director with a brief but impressive record of achievement as a high school band director has been employed as director of the Ozona High School band beginning with the opening of the new school term this fall. Supt. L. B. T. Sikes announced this week.

The new director, Jimmy D. Campbell, is a native of Breckenridge where he graduated from high school as class salutatorian. He received his B. S. degree in music from North Texas State College and his Master of Music degree from Texas Tech. He is studying this summer at the University of Texas under a fellowship grant.

As band director at Plains, Texas High School for two years, Mr. Campbell developed a band which won sweepstakes for the first time in the school's history. He returned last year to his native Breckenridge to become band director for the Breckenridge High School where he had an outstanding band.

Mr. Campbell is married and the couple have two sons, one three years old the other six months.

Three other vacancies in the local school system have been filled in recent weeks. Mr. Sikes announced, with only two posts yet to be filled. New teachers hired recently include Miss Diane Billings of Alvin, Texas, Miss Fern Mikeska of San Angelo and Roger Gotcher of Alpine, Texas.

Hardeman Advocates Monroe Doctrine In Dealing With Commies

State Senator Dorsey B. Hardeman, speaking at the Ozona Rotary Club luncheon here Tuesday, deplored the modern method of "summit diplomacy" and recommended instead that the United States revive the "Monroe Doctrine" in dealing with communism in the Western Hemisphere.

Senator Hardeman gave a detailed account of the history of "summit conferences" of recent years, beginning with Woodrow Wilson through the Roosevelt meetings with Churchill and Stalin. He called such diplomacy a dangerous entanglement for Americans advocated diplomacy through historic channels and bargaining from a position of strength.

The Ozona Rotary Club will have as speaker at its meeting next week W. T. Gant, of Midland, with the Shell Oil Co., who will speak on "Application of Electronic Computers."

Crockett 4-H Wool Judging Team Places 3rd In State Meet

Two Crockett County 4-H Wool & Mohair judging teams, senior and junior, participated in the state contest at San Angelo College last week. The senior team placed third in their division and the junior team seventh.

Senior team members were Bill Jacoby, Bob Childress, David Jacoby and Bill Williams. Junior team members were Rex Bland, Jack Applewhite, Larry Williams and Milton Colquitt.

A senior and junior judging team will take part in the judging contests at the Sonora Wool Show this week. Members who are working out for the contests are Frank Childress, Bill Jacoby, Bill Williams, Jimmy Baggett, Bryan Montgomery, Pam Jones, David Jacoby, Larry Williams, Rex Bland, Jack Applewhite, Milton Colquitt and Judy Barber.

The Sonora Wool Show Judging Contests are Wednesday with the results being out at the noon luncheon of the Sonora Lion's Club in the school cafeteria at Sonora. Last year the two Crockett County 4-H teams won first places and both were second over-all high teams in the contests.

Californian Given Two Years Suspended Sentence For Forgery

Roy James Jackson, 46, of Riverside, Calif., was given a two-year suspended sentence on a plea of guilty in 112th district court here Monday to a charge of forgery and passing a forged instrument.

Jackson, charged with passing a forged check at the Evans Foodway here in April, was arrested in Dalhart and brought back here for trial last week by Sheriff Billy Mills.

Sentence was imposed by Judge Hart Johnson when it was established that Jackson had never been convicted of a felony before.

AFTER 23 YEARS

Mr. and Mrs. L. C. Lynch visited Ozona for the first time in 23 years last week. Mr. Lynch for four years from 1930 to 1934, carried the mail between Ozona and Barnhart. The Lynches live in Greenville and Mr. Lynch is still carrying the mail, a star route out of Greenville.

"Ozona has changed a lot but we were pleased to find a great number of our friends we knew 23 years ago still here," the Lynches said. They live at 4004 4th Street in Greenville.

Four Oil Tests Planned In West Crockett County

Re-Entry In Lancaster Field; Noelke, Crossett Tries Slated

M. E. Oil Co., Midland, will attempt to open San Andres production in the Lancaster Hills (Devonian) field of Crockett County with the re-entry and deepening from 2,010 feet to 3,000 feet at a Grayburg failure 25 miles west of Ozona.

The project, originally drilled by Gulf Oil Corp. was abandoned Sept. 6, 1947.

Location is 330 feet from the south and 364 feet from the west lines of 15-29-University Lands.

It is approximately 1,200 feet north and slightly west of Phillips Petroleum Co. No. 1-A University Lands, which tested the San Andres through perforations between 2,600-620 feet before being plugged at 7,135 feet in the Devonian. Seventy-five barrels of 22 gravity oil produced during testing was assigned for clearance to the Clara Couch field.

The Lancaster Hills field was opened to Grayburg production in 1947, with Devonian effected in 1959. There is no Grayburg production at the present time.

I. N. Anderson, Abilene, will deepen to 2,500 feet at the No. 1-H Bouscaren, five miles southeast of Iraan, for completion attempt as a 3,600-foot northwest extension and second Queen producer in the Noelke multipay field of Crockett County five miles southeast of Iraan.

Location is 330 feet from the east and 1,300 feet from the south lines of 57-GG-TCRR.

The discovery, South Texas Well Service, Inc. No. 1-B Bouscaren, a former 4,400-foot Wichita-Albany pay opener, was recompleted as a Queen discovery May 26 for 60.50 barrels of 29 gravity oil, no water, through perforations between 2,065-078 feet.

Shell Oil Co. and Brown & Wheeler, Midland, will drill two outposts to the Crockett County portion of the Crossett, South (Devonian) field, four miles southwest of McCamey.

The No. 4-K Hobbs, 3/4-mile southwest, is 660 feet from the southeast and 2,272 feet from the southwest lines of the northeast half of 19-31-H&TC.

The No. 5-J Hobbs, 3/4-mile southeast, is 1,670 feet from the north and 767 feet from the east lines of 58-35-H&TC.

Mr. and Mrs. Ted White and Mark were guest of Mr. and Mrs. John S. White at their summer home on Black Duck Lake at Black Duck, Minn. They also enjoyed a trip into Canada, visiting Lake of Woods and St. Francis, Canada.

Fire Badly Damages J. G. Hufstedler Home Here Wednesday A. M.

Fire gutted a part of the J. G. Hufstedler home on Avenue C Wednesday morning before it was brought under control by efficient work on the part of Ozona's Volunteer Fire Department.

The blaze, believed to have started in the kitchen of the home, had gained considerable headway before it was discovered. Mrs. Hufstedler had left home about 45 minutes before the fire was discovered but flames were leaping from the rear rooms of the home when firemen arrived.

Structural damage to the home was believed not extensive but the interior was charred and smoke blackened, and kitchen and living room furniture destroyed. No estimate of damage was available.

400,000 Pounds Wool Sold Here On Sealed Bids

Weak Prices Prevail As 16 Buyers Offer Bids On Lots

Buyers purchased a big percentage of the more than half a million pounds of wool offered here Tuesday by the Ozona Wool & Mohair Co., in a sealed bid sale.

The market was still on the down side but many of the growers wanted to sell and as a result 355,000 pounds of 12-months and 51,000 pounds of eight-months moved out on high bids of buyers representing four firms.

Average price was between 44 and 45 cents per pound for the 12-months and around 46 cents per pound for the eight-months. The range in prices in the over-all sale was from 41 cents to 47 3/4 cents per pound.

Some growers thought their wool should have brought more money but at the same time only believed prices offered Tuesday were as good as they could do at this time as 16 buyers representing about 13 different firms were among the bidders.

Barbee showed about 400,000 pounds of 12-months wool and bids were rejected on some 55,000 pounds. He showed about 165,000 pounds of eight-months wools, rejecting bids on about 87,000 pounds and receiving no bids on two lots totaling about 20,000 pounds.

Major buyer was E. O. Oglesby, of San Angelo, buying for Proust-LeFebvre Co., Inc., of Boston, who purchased 147,000 pounds of 12-months. Jack Taylor of Kerrville and C. J. Webber Jr., of San Angelo, buying for Forte, Dupee, Sawyer Co., of Boston, purchased 93,000 pounds of 12-months and 43,000 pounds of eight-months. Henry D. Davis of San Angelo, buying for Stevens & Co., of Boston, purchased 76,450 pounds of 12-months wool and 8,000 pounds of eight-months. Dick Boutin of Kerrville and Henry W. Maginot of San Angelo, purchased 18,400 pounds of 12-months.

Attending the sale were a number of growers and customers of Beall's firm and buyer representatives was one of the largest attending any of the sales during the current season.

Barbee was host to his customers and buyers at a barbecue dinner served at the warehouse.

One Ozona Student Enrolled At McMurry Summer Band School

Abilene — One student from Ozona, Art Kyle, trumpet, has already been accepted for McMurry College's annual summer band and twirling school on the campus at Abilene, July 10-23.

Dr. Raymond T. Bynum, director of the school and head of McMurry's band program, said he expected an enrollment of 400 or more for the two-week school.

Instruction is offered to junior high, high school and college students in individual instruments, band work, marching and twirling.

DeLeon Given 5 Years For Murder Of Ranch Employee

Accepts Sentence For Rifle Slaying of Do- mingo Garcia

Pancha DeLeon, 56, employed for more than 20 years on the Hudspeith headquarters ranch in Val Verde county, now operated under lease by George Montgomery of Ozona, was assessed a 5-year term in the state penitentiary on conviction in 112th district court here Tuesday night on a charge of murder with malice growing out of the rifle slaying of Domingo Garcia, day worker on the same ranch, on April 25 of this year.

DeLeon, who was defended by Judge Joe Montague of Del Rio, assisted by Roger Thurmond, waived appeal for new trial and accepted sentence. Sentence was pronounced Wednesday morning by District Judge Hart Johnson of Fort Stockton who presided at the trial. Prosecution was handled by District Attorney Connell Ashley of Fort Stockton, assisted by County Attorney Dixon Mahon of Ozona.

The shooting occurred early the morning of April 25 outside the ranch bunkhouse. An argument started inside culminated in the firing of three slugs from a 22 calibre automatic rifle into Garcia's body. Garcia, rushed to the Crockett County Hospital where he underwent surgery, died five days later.

Attorneys for the defendant pleaded for an interpretation of self defense in the slaying, since evidence pointed to an exchange of threats to kill between the two men. Two other employees of the ranch, witnesses to the argument, however, testified that DeLeon stated that he would "kill that Indian" and after going to his own room and getting the rifle, called Garcia outside and shot him. DeLeon, who took the stand in his own defense, admitted on cross examination that he intended to kill Garcia.

The state's chief witnesses were Garfield Wilson and Salome Galindo, both regularly employed on the ranch. They testified to events leading up to the slaying.

Selection of a jury to hear the case occupied the court all day Monday, with the jury selection completed about 7:45 Monday night. Testimony began at 9 o'clock Monday morning and the case was given to the jury at 6:30 p. m. The verdict was reached about 9 p. m.

Jurors were D. F. Coates, Jr., B. W. Stuart, Sonny Henderson, Clovis Womack, Charles Applewhite, John Hunnicutt, Tom Mitchell, W. T. Stokes, Bob Bissett, J. L. Barbee, William O. Reeves and Walter Augustine.

Hunt To Drill Deep Test South Of Cosden Prolific Gas Producer

E. H. Hunt, Ozona, will drill the No. 2 Sue Hunt, a 10,000-foot Ellenburger wildcat in Crockett County, one location south of Cosden Petroleum Corp. No. 2 Hunt, Ellenburger failure, which recently was recompleted as a second Strawn producer in the Refoil (Strawn gas and 3,200-foot oil) field, 10 miles southwest of Ozona.

Location is 330 feet from the north and west lines of 6-J-GC-&SF.

Cosden No. 2 Hunt, was finished March 16 for 15,000,000 cubic feet of gas per day through perforations between 9,071-9,172 feet.

Originally drilled by Wm. Hamm Jr., as the No. 1 HWB Montgomery it was abandoned June 15, 1950, at 10,190 feet. The following tops were picked on elevation of 2,459 feet: Strawn, 9,068 feet; Fusselman 9,340 feet; and Ellenburger, 9,758 feet.

Chris Childress, daughter of Mr. and Mrs. James Childress, is attending Heart of the Hills Camp for Junior girls near Kerrville.

NO TIME FOR BROODING

We see by the high-priced commentary of some of our widely-known second-guessers that the obviously necessary withdrawal of Eisenhower's invitation to visit Japan is a humiliating defeat. It is more humiliating than most, perhaps, when the visitor is on the doorstep.

But one humiliation, like one swallow, apparently, does not make a summer. We have accepted humiliation in Panama, humiliation in Cuba, humiliation deep in the mysterious Urals at a place called Sverdlovsk, where (by our own admission) Mr. K brought down from the very edge of the atmosphere an American spy and all his works in remarkably good condition, following this, of course, came the humiliation at Paris where Mr. K bulldozed the summit he had so painstakingly beguiled us onto. Long before this, of course, had come sundry Middle East humiliations growing out of our failure to comprehend the Suez crisis — either before or after seizure of the canal. And then, of course,

there were humiliations in South America, but, by today's standards, these can only be considered as embarrassments. All of these incidents are examples of Communism-at-work, but some were also evidences of Americans-asleep.

We will agree that it has required more than a wavering foreign policy, a State Department divided against itself, and the notion that peace is to be secured by supplication to bring us to our present awkward position. In fact, it has required the expenditure of more than \$100 billion we didn't have (as indicated by our nearly \$300 billion national debt) to achieve our current global unpopularity.

Fortunately, there are indications of a return to first principles — the stepping-up of defense appropriations and increasing demand for cuts in foreign aid. These two activities should go hand-in-hand, dollar-for-dollar. We do not need to spend more—

merely more wisely. The only worthwhile aid we can give the free world now must flow from Communist respect for our defense posture.

Freedom, like charity must begin at home. Our own house is in economic disorder because of our preoccupation with the neighbor's and there are noisy delinquents on our doorstep that are in the same bad company as the Japanese schoolboys.

There never was more to be done — right here.

COURAGE FROM BUNKER HILL

In these discouraging and uncertain times, comfort and courage can be found by recalling periods in our history when our resources were much less and the outlook far darker. Thomas J. Fleming brings to life such a time in a forthcoming book, "Now We Are Enemies," a vivid account of the Battle of Bunker Hill, condensed

SPEAKING TO YOU?

in the July Reader's Digest.

Fleming's account of the battle and his address on its anniversary this year to the Bunker Hill Monument Association in Boston graphically describe the despair of many of our forefathers. Americans, on the day after the battle, were in anything but a victorious mood. "Our retreat was shameful," Captain John Chester noted at the time. Officers like Isreal Putnam and William Prescott were plunged into the deepest gloom.

"This sense of humiliation," says Fleming, "is a good thing for Americans of 1960 to contemplate. We are an optimistic people, and like all optimists, our greatest

danger is defeatism — cynicism. Failure disheartens us. One policeman caught taking graft is enough to convince us that the whole police is corrupt. One plane caught by the Russians is enough to convince us our entire intelligence system is inept."

But while we find ineptitude and retreat in looking back at Bunker Hill, Fleming reminds us, we also find high courage and great resourcefulness which stood up against the flower of the British Army and so shook its leader, a hitherto daring General, that he never again sent his men against entrenched Americans.

Bunker Hill had enormous poli-

tical consequences. It compared to wage all-out war men who fell did not die in vain.

In this time of "agonizing appraisal," renewed faith in the tiny of our country is to be found in Fleming's narrative in the best. And your pulse will beat a little faster with pride if you open to bear the name of one of the heroes of Bunker Hill — as Brown, Chester, Putnam, Prescott, Gridley, Pollard, Warren, Moore, Ballard, Salem, or

ADDING MACHINES — and hand operated. The

SIGN AND RETURN YOUR TAX RENDITION BLANKS AT ONCE

If you have not yet signed and returned your property tax rendition blank to the county tax assessor, better do so at once.

Failure to sign and return the blank will increase your taxes because you will lose the \$3,000 homestead exemption for state taxes.

A few Crockett County property owners have not yet returned the blanks and this reminder is an effort to help you avoid the penalty of such neglect.

"SMALL BUSINESS"

By C. WILSON HARDER

will probably be around... or June before this session... Congress takes action on tax... on, but perhaps this is the... for Congressmen to re... the views of the people.

There are many inconsisten... showing... in the va... s pro... ms.

For exam... there is... a drive... raise So... Security... as in or... to pro...

for med... insurance. This could prob... result in the government... ally fixing medical fees.

et, on the other hand, there... drive to eliminate as in... tax deductions the pre... provisions made for medi... expenses.

ere is also a move to elim... income tax provision that... es it possible to deduct... ey spent for interest on... s, mortgages, et al.

et, on the other hand, there... o a drive to permit the... nment to pay higher in... rates on loans it makes...

of course, would result... the interest rates going... Thus, government which... already fed the fires of in... with extravagance, for... give away, and other... mes, would again give in... another boost.

the twin development, if it... s, raising interest rates... not permitting tax deduc... for interest payments... easily wipe out entire in... dent business structure.

en small business today is... al Federation of Independent Business

able to borrow money for op... erating or expansion needs, it... is having to pay, thanks to... government fiscal policies, at... least 6%. Unless permitted to... deduct interest paid, in many... cases firms at this rate would... end up in the red.

In addition, many things that... small business now sells on in... stallment terms, would soon... experience a sales decline when... purchasers discover that they... could no longer deduct from in... come tax the interest paid out.

There is also a strong move... to again raise the gasoline tax... and also the postal rates. As... any small businessman knows... both the gasoline and postage... used in operations becomes... quite an item of expense.

None of these proposals have... much effect on the huge cor... porations. As big public stock... owned corporations, if the in... terest rates are too high, they... just cut down on dividends to... stockholders, using their ear... nings largely for financing. Other... taxes are passed along to con... sumers.

So the net result is that the... consumers and small business... pay these increased taxes.

There seems to have escaped... from official mind the fact that... a billion dollar cut in expendi... tures is the same as a billion... dollar increase in taxes.

Yet so far there have been... no complete and concrete plans... presented for cutting the costs... of government. Yet nation's in... dependent businessmen, voting... through the National Federa... tion of Independent Business... have often pointed out there are... ways of cutting huge sums off... government expenditures with... out weakening true national de... fense one whit.

Here n' There

A Summary of Vacation News From The Teenage Set

By Pam Jones

Summer is here and most of the kids are either gone or are home under the air conditioner. In spite of the heat there is still some activity happening.

Susie has gone on a complete diet for the summer. For the time being, she is speechless to answer to this because she had her tonsils out. She plans to have some teeth pulled and this is probably best because the phone bill won't be as high as usual. Gracie will make up for Susie's phone bill. Is she spending her time talking to girls?

Joe Mc was home this weekend. He seems to be having a good time at school. Could it be the studying or the girls?

Mike Stiles has had a couple of visitors. No one knows their names, but they are called Dallas and Ohio.

Mark Baggett has made his summer real easy. He's in Alpine, working in that cool climate.

Sandra went fishing last week and did not catch anything but a blister.

Joe, Cheryl, Robin, and me plus a couple of mothers went fishing Four fish were caught but the

coons made a very tasty meal of them. Joe acquired a very scorched suntan.

June and Linda are on vacation in Yellowstone. They're probably fighting the bears off.

Camille and Frances left last week for Boulder, Colorado. The girls will go to summer school and will be there for a term lasting from six to eight weeks.

Camp Arrowhead will have a new counselor this summer. Diane will be going down there in July.

Janet Mason went to Dallas to visit relatives. She took Peggy as her guest.

Nancy received a new saddle to use in barrel racing. She did pretty good with it in Big Lake.

Janet and Frank, Pierce, Johnny Cooper, Joe Foe, Tommy Stokes, Penn and Kathy and Jim Baggett were also seen in Big Lake.

California or bust. That's where Pierce and Jay are headed. They will be gone for two weeks to see some track meets.

Sally plans to go fishing in the

near future. We'll all expect to see a good suntan on her when she gets back.

LIVESTOCK MARKET
Furnished by Western Livestock Com. Co.
San Angelo, Texas

Date 6-14-60
Sheep market was steady 5326 hd.

We make beautiful music together

It's been a long, hard winter and your car has suffered too. With the coming of spring and warm weather, give the old bug a break with a springtime change-over. Your cooling system needs a warm-weather check-up to get ready for summer driving. Your motor oil has taken a beating in the long, cold winter — better let us drain and flush your crankcase and put in fresh oil. Oil filters, air cleaners, carburetors need checking in the season change.

Bring your car to us and we'll make it sing sweet music again.

THOUGH MOST TALK of strategy in any future war is push-button type nuclear strikes, there has developed Congress and top Pentagon in the past year the feeling complete modernization of any is vital to our security efforts.

In consequence, a program started to once again the American field soldier equipped individual fighter world, and with more at his command than the foe. In brief, we must be that the age of the is not yet over, even in of the atom.

THE CLOSE of World War eight-million man U. S. seemed to be far stronger the Russian Army that out-our by almost two-million. The difference was in superior modern technology and industrial production that could grind out the of war better than any on earth. We had a advanced weapons system of the USSR, and had vast of technically-trained per- that Russia did not have.

Today, our advantage in as mobility, technology duction has disappeared or. The USSR has a far proportion of fully mobile than does the U. S. and no prospect of our match- the Russians or Red in sheer manpower. Al- the U. S. soldier has lost his know-how, the Soviet now much better trained pped than in the past and closed the man-for-man

ingly since the close of ar II, our nation has turn- away from the Army and more toward the "massive on" theory of defense. This natural, as there was much a "push button war" once age came into being, our zeal to be prepared rea we frankly neglected

the Army. We went overboard in terms of balanced forces and decided to base our defense almost wholly on swift strikes by nuclear missiles, super bombers and rock-ets

In keeping their army complete-ly equipped with the latest field weapons, the Russians reveal that they obviously have not geared their posture to a single-weapon system but have established a well balanced fighting machine contain- ing missiles, aircraft, ships, sub- marines and the largest and most modern army in the world. It is apparent that the Russian concept of war includes a dominant role to be played by the foot soldier despite the destructive capacity of missiles. Thus, they are not bank- ing on a short, push-button war that will ignore the clash of ground forces.

This is a concept that is being re- evaluated here in the U. S. among our own planners and thus at- tempts are being made to revamp the army and shape it into the most effective fighting force poss- ible.

FROM WORLD WAR II peak strength, the U. S. Army has de- clined steadily from a Korean War high of 1.5 million men to a pres- ent of approximately 870,000. A fact that may prove startling is that about 60% of the army's present inventory was purchased during World War II and the Kor- ean conflict — with only some 30% being acquired since the close of the latter seven years ago! The seriousness of this situation is seen when we contemplate the fantastic changes that have been made in war weapons during that period of time.

It was not until this year that the poor state of the army hit with full impact, and a serious drive to revamp and improve it got under way. Congress made funds available during fiscal year 1960 to take care of about 40% of the \$2.5 billion deemed necessary by army leaders for a one-year bud- get to buy new, modern equip- ment.

WASHINGTON Roundup: There is undisguised relief in Washing- ton that President Eisenhower did not go to Japan in light of recent bloody protest riots there — real concern for Mr. Eisenhower's per- sonal safety was evidenced. Ad-

journalism "pools" on Capitol Hill generally favor July 2nd or July 5th. Foreign Aid authorization bill last month drew more support from Republican than Democrats.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — Texas Demo- crats are starting a fresh page in their history. The era when the party could be split on the basis of who voted for Eisenhower in 1952 is ended.

Only thing which could revive that long-cherished bone of contention would be for the Party to nominate a ticket so distasteful to Texans that the state would again go Republican.

At the state convention Demo- crats of widely varying views united behind the Lyndon Johnson banner to bury the extreme loyal- ists of the DOTC in the most over- whelmingly lopsided vote in party history.

Even seasoned political reporters were caught off balance by the

2,252-to-40 vote by which the DOT proposal was defeated. They used such unaccustomed adjectives as "astounding" to describe the victory.

Unity in Diversity — Events at the State Democratic convention, though it was frequently referred to as the most united, most har- monious in history, demonstrated clearly that it is, as it always has been, only as united as strong per- sonal leadership can keep it.

By its very make-up the Texas Democratic Party is like six tom- cats in a tow sack. Gulf between the very conservative delegation sent to Austin by Harris County and the very liberal delegation from Bexar County is greater than the gulf between Republican and Democrat in many parts of the country.

Convention keynoter, Rep. Jim Wright of Fort Worth, took note of this. "Out of our disorganization, our diversity . . . and even our disagreements," said Wright, "comes our strength. We are the party of no one because we are the party of everyone."

GOP PLANS LAID — Texas Republican leaders are saying, in effect, that they won't fight among themselves but will save their

strength to fight Democrats in the general election next fall.

Texas' GOP traditionally has been very harmonious, except in 1952 when newcomers supporting Eisenhower wrested control from the Old Guard.

Texas' delegation to the GOP Chicago convention are pledged to support Vice President Nixon for president, Sen. Barry Goldwater of Arizona for vice president. Early talk of supporting Senator Gold- water or New York Gov. Nelson Rockefeller for president ended short of a floor battle.

Most Republican energy at their state convention was used to try to lure Independent and Conser- vative Democrats to their fold by

criticizing Democrats as the party of "give-away programs" and "fe- deral intervention."

Moving Up — Preliminary 1960 census figures show Texas, with a population of 9,493,895, ranking sixth among the 50 states — behind New York, California, Illi- nois, Pennsylvania and Ohio.

Houston apparently will be moved up from 14th largest to sixth largest city in the nation, following New York, Chicago, Philadelphia, Los Angeles and De- troit.

FOR SALE — Used 6-foot bath tub and lavatory. Inquire at the Stockman office. A real bargain.

Accurate and Complete
RANCH RECORD
Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

Why Mercury is the better low-price car!

MORE VALUE. Just look at these Mercury advantages over other low-price cars:
You ride smoother because Mercury has up to 8 inches more wheelbase . . . and is up to 494 pounds heavier.
You're more comfortable because of Mercury's extra shoulder room, leg room, and foot room. You feel safer because Mercury's brakes are bigger (up to 26%), and visibility is better (up to 21% more).
Mercury has at least two dozen extra values. Why not enjoy them all, and save a little money, too?

PRICES START \$63 TO \$66* BELOW EVEN THE LOWEST-PRICED V-8 POWERED PLYMOUTH FURY OR CHEVROLET IMPALA.

And we're not talking about a 'stripped' Mercury. This price comparison is based on a deluxe-appointed Monterey with luxurious nylon interior and deep, soft wall-to-wall carpeting.

This amazing price story is the result of Mercury's dramatic 1960 price reductions (as much as \$174 lower than last year, including extras that are now standard equipment).

Every Mercury is lower priced than last year. All Monterey's are now low-price cars. They are priced below, or within a few dollars of, the other deluxe V-8 series in the low-price field. Come in. See for yourself.

*Based on comparison of manufacturer's suggested 1960 retail base prices for lowest-priced V-8 models.

Recent Bride Honored At Gift Tea; Luncheon Compliments Couple

Miss Jeannene Thompson, who became the bride of Dale Booher of New York, recently, was honored at a gift tea in the home of Mrs. Ira Carson.

Hostesses were Mrs. Carson, Mrs. Ben Williams, Mrs. L. B. Cox, Jr., Mrs. Thadd Tabb, Mrs. Hillery Phillips, Mrs. R. A. Harrell, Mrs. Bill Clegg and Mrs. C. O. Spencer.

Receiving guests were Mrs. Carson, the honoree, her mother, Mrs. Roy Thompson, Mrs. Irving Bush, Jr., of Waco, and Miss Ollie Mae Thompson of Abilene.

Serving were Mrs. Charles Garlitz, Mrs. James Childress, Mrs. Dick Kirby and Mrs. Lowell Littleton. At the bride's book were Misses Janice Spencer and Sarah Hicks. Others in the house party were Miss Camille Adams, Mrs. Sonny Henderson, Mrs. Johnny Hunnicutt, Mrs. Hillery Phillips, Jr., and Miss Carmen Childress. Music for the tea hours was provided by Mrs. L. B. Cox, III, and Miss Nonie Conklu.

The party rooms and tea table were decorated with all white floral arrangements composed of small mums, white grapes and white nylon net.

The young couple was complimented at a luncheon on their wedding day by Mr. and Mrs. Lowell Littleton, Mr. and Mrs. Massie West and Mr. and Mrs. Pleas Childress at the Littleton home.

Decorations consisted of arrangements of white calladiums, white grapes, magnolia blossoms and white daisies.

Out of town guests for the affair included Dr. and Mrs. Othal Feathers, and Mrs. Hardy Clements and daughter, all of Ft. Worth; Mr. and Mrs. Fred Parker, Stephenville; Mr. and Mrs. Irving

Lee Bush of Waco, Mr. and Mrs. Jim Brewer and daughter, Patti, and Mr. and Mrs. Lewis, all of Lubbock; Mr. and Mrs. Morris Stewart and Mr. and Mrs. Homer Booher and daughter, Patti, from Wichita Falls; Mr. and Mrs. Lewis Dale Booher of Iowa Park; Miss Ollie Mae Thompson of Abilene; Mrs. Bob Saylor of Tularosa, N. M.; Mrs. Amy Harris, Charlotte, N. C.; Willie Pena and David Bullen, both of Houston, and David West and Pleas Childress, III, of Ozona.

"Our neighbors abroad know what we pay in taxes — they're spending it!" — Anthony J. Pettito.

Garden Reminders
From Garden Club Reporter

Perennials that have just finished blooming are relatively dormant for a short time now, therefore it is time for dividing and replanting or planting new plants. For bearded irises, July is the perfect time for planting; also for Oriental poppies and lycoris or "rain lilies". All of these can be grown several years before they require dividing. So the soil should be well prepared by deep digging and the addition of humus and slow acting fertilizers.

In dividing irises, cut away any of the rhizome that does not support a growing point. Plant the rhizome just under the surface of the soil with the feeder roots spread outward and downward. Water thoroughly following planting, but be sure clumps are well drained. Cut back the leaves. The iris will not grow actively again until later in the summer when it makes good growth of foliage necessary for next year's production. Always label irises as you dig them. Write the name on the wide leaves. The writing is legible for several weeks. Locate irises where they will receive five or six hours of sunlight daily.

Daylilies are in full bloom and add much to the July garden. Select the colors you want now for planting. They can actually be dug and replanted while in full

Two Wildcats Spotted In Northwest Crockett

Texas Pacific Coal & Oil Co., Fort Worth, will drill a 9,000-foot wildcat in Crockett County, 10 miles southeast of McCamey and 1 3/4 miles west of the shallow Crockett field. It is the No. 1 L. C. Linthicum.

Location, on a 640-acre lease, is 1,980 feet from the west and 2,080 feet from the north lines of 3-B-GC&SF.

Graridge Corp., Breckenridge, will drill a 2,900-foot wildcat in Crockett County, 10 miles south of Big Lake and 1 1/2 miles northeast of the shallow World field. It is the No. 1 J. L. Newman, et al.

Location, on a 560-acre lease, is 660 feet from the south and west lines of 3-A-BS&F.

Miss Linda Millsbaugh, daughter of Mrs. Sidney Millsbaugh, Jr., of Ozona, has been accepted for admission at Christian College in Columbia, Mo., next fall.

GOP And Constitution Party Candidates For Rutherford In Nov.

Newest rumble on the political front indicates that two possible candidates will emerge in the November general election, seeking the congressional seat of Rep. J. Rutherford.

Rep. Rutherford, who was elected to his first term in 1954, was unopposed renomination as the Democratic Party candidate for the 16th Congressional District in the May primary.

The two opposition candidates are from the ranks of the Republican Party and the Constitution Party. Ford Chapman, a Pease drilling contractor, was named the GOP at the district convention of the party last Saturday at Paso. At the same time, a Constitution Party convention in Ozona named Dr. Dorothy W. Wyvel Midland, to seek the 16th Congressional post.

Chapman, a native of Mississippi, has attacked the Rutherford voting record as "nearly 70 percent liberal."

Dr. Wyvel, in accepting the Constitution group's nomination, stated she thought her chances were good to win, and indicated planned to seek conservative support from both major parties.

Dr. Wyvel is a pediatrician in Midland. The Constitution group is an ultra-conservative party.

TEXAS PRESS ASSOCIATION

News Reel

of "The Ozona Story" from the files of the Ozona Stockman

Stockman, June 25, 1931

W. M. (Mont) Noel, well known West Texas angler, who died suddenly in a hotel last Thursday, is to rest in Fairmount in San Angelo Friday.

trouble interrupted the clean-up campaign sponsored by the Ozona Woman's Club but the drive will be today. One of the trucks hauling trash went out of on, necessitating extensive campaign period.

turns of Fort Worth, seaman of the Texas Assn. and registered breeder, will be the of the registered Here show at the 6th annual County Rodeo here next

award of contract on county's \$1,500,000 highway program was made at regular meeting in Austin

Contract for grading and structures on the east Old Spanish Trail from the Sutton county line, of 15.089 miles, was a total cost of \$84,799.

Mrs. Stephen Perner and Mrs. Max Schneerbert members of the family with a picnic at the ranch Monday, honoring Drew and son of McKla., who are visiting

Mrs. Mary Perner. Mrs. Drew is a sister of the late Carmichael Perner.

Lady luck frowned on the Ozona Giants on two successive days on their expedition into the Sanderson country. The Sanderson nine grabbed off both games of a two-games series played in Sanderson. The first game loss was an especially tough one when Con Cox and Bob Weaver collided in center field in the 12th inning to allow an easy pop fly to drop to the ground thus sending over Sanderson's winning run. An agreement had been reached to call the game at the end of the 12th if no score was made.

Miss Tommy Smith has been seriously ill with appendicitis and flu but is on the road to recovery.

Mrs. George Bunger is up after an attack of the flu but is still suffering from an ear infection.

The monthly meeting of the Pecos Valley Baptist Association is scheduled to open Monday night at the First Baptist Church here. Rev. Winston Borum of Pecos will preach the sermon.

Flowers Grocery & Bakery Pre-Fourth of July Ad — "All Set? Then let's have a grand old Fourth. Can't you hear it already — The livestock auctioneer's drone in the pit — merry-go-round in full swing — blowing of auto horns — ride 'em cowboy — muffled drum of horses hoofs on the track — bawling of a calf — banging of the clown's gun — ambulance's siren — seductive music under the stars — popping of soda caps — crunching of peanut hulls? Get your breakfast groceries the first of the week, plenty of bacon and eggs, then sit back, forget what little worries you have, and LET'S CELEBRATE."

Notes From The County Agent's Office

By Pete W. Jacoby

Hot weather is horn fly weather, and the insects will be one of the chief livestock pests from now until fall, reports C. F. Garner, extension entomologist for the Texas A&M College System.

The horn fly, a close relative of the stable fly, pierces the skin of livestock to such blood, the specialist explains. The pain and annoyance caused by these bites interferes with the animal's feeding and resting, resulting in a loss of weight, decreased milk yield and indigestion. Horn flies also have been suspected of carrying anthrax, Garner says.

Garner recommends the following methods for horn fly control: add to 100 gallons of water 3 1/2 quarts of toxaphene 60% emulsifiable concentrate, or 8 quarts of 25% methoxychlor, or 16 pounds of 25% Korlan wettable powder, or 16 pounds of 25% wettable powder Co-Ral. The above insecticides should not be used on lactating dairy cattle under any circumstances, Garner cautions. The specialist also warns against using any

insecticides other than those especially formulated for livestock.

For lactating dairy cattle the specialist recommends one heaping tablespoonful of 50% wettable methoxychlor powder per animal. Sprinkle on the poll, neck, back and upper sides then rub lightly by hand to carry powder beneath the hair.

The above controls last for three weeks or about, Garner says.

Garner concludes by cautioning that cattle should not be slaughtered for at least 28 days after application of toxaphene; 45 days for Co-Ral; and 56 days for Korlan. He also warns that DDT should not be applied to either beef or dairy cattle.

David Sikes Wins Track Letter First Year At East Texas

Commerce, Texas — David Sikes, freshman pole vaulter from Ozona, and former Ozona High School track star, has been named to receive his first letter in track at East Texas State College. Sikes is one of 13 lettermen announced this week by Lion coach Delmer Brown. Only one other freshman won a letter.

During the 1960 season, Sikes won second in a Dual Meet with McMurry by vaulting 11 ft. 6 in. and second in a Triangular Meet with Northeast Louisiana and McNeese by vaulting 12 ft. 0 in. He then tied for fourth in the Lone Star Conference Meet, vaulting 12 ft. 6 in.

Sikes won second in pole vaulting in the state meet while a senior in Ozona High School.

Two other area athletes were announced as lettermen for the Lions. They were Millard Bennett

of Junction and Charles Bode of Brady.

During the 1960 season, the Lions won their sixth consecutive Lone Star Conference championship and captured second place in the NAJA (national) meet at Sioux Falls, S. D.

HOMEMAKERS CLASS

The Homemakers Class of the First Baptist Church met in the home of Mrs. Bruce Mayfield, with Mrs. Dudley McCary and Mrs. R. V. Huff as assisting hostesses. Mrs. Bob Pitts brought the devotional. Members brought clothing to be sent to the Mexican Baptist Church home in San Antonio. Mrs. Bruce Mayfield was awarded the class pin for the month of June.

Others present were Mrs. S. E. Carnes, Mrs. Buster Loudamy, Mrs. Ottis Pridemore, Mrs. Bob Moore, Mrs. Clovis Womack, Mrs. George Hester and Mrs. Homer Good.

Electric small appliances that do so many things better . . . faster . . . safer . . . and automatically.

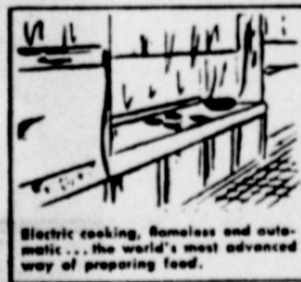

The "center" of a MEDALLION HOME is a "flameless"

Electric Kitchen

Symbol of Modern Living

The touch-of-a-button magic of an electric kitchen brings the whole world of tomorrow to today's homemaker. The modern electric food preparation center is a decorator-designed dream of beauty, comfort and convenience. Here's why . . .

Electric cooking, flameless and automatic . . . the world's most advanced way of preparing food.

CLEAN In your electric kitchen everything stays sparkling clean. Walls, ceilings, curtains, pots and pans testify to the fact that your electric range gives efficient, controlled heat without the dingy by-products of flame-type cooking.

Electric refrigerator-freezer combination . . . preserves food . . . permits better buys . . . makes available larger varieties.

COOL Electric heat is transmitted directly to the pots and pans, and not out into the room. Your kitchen stays cool and comfortable . . . and so do you!

Electric dishwasher and garbage disposer . . . modern timing and labor covers that bring extra hours to homemakers.

CONVENIENT Push a button or twist a dial for automatic, carefree cooking, clothes washing and drying, dish cleaning and garbage disposing. It's as simple as that!

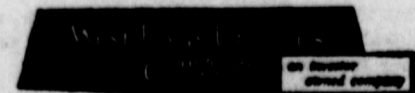

ECONOMICAL Costs less than 3¢ to cook an average meal electrically in this area. And, a penny's worth of electricity does an equally big job in washing and drying your clothes, preserving your food, parking your coffee, toasting your bread, or disposing of your garbage.

Home laundry, with the modern electric washer and dryer means freedom to those waddling problems forever.

SAFE Enjoy odorless, flameless security in your electric kitchen. Breases can't blow out this heat. And, you can safeguard youngsters by throwing away the matches forever!

SURE In your electric kitchen you know the heat will remain constant; you know it will be the same tomorrow and the next day; you know it is the proper temperature for each dish you prepare; you know all this because you know you can depend on electricity!

Game Laws —

(Continued from Page One)

have about an eighty percent die off each year in our quail population. This die off occurs if they are hunted or not. Also we believe that if a bird survives until the first of the year it stands a good chance of surviving the rest of the winter. The die off usually starts around the middle of November or first of December. By opening the season early we can harvest some of the birds that usually won't survive the winter. It looks like we have a good crop of young birds this year but need some rain to insure a good hunting season.

"We held our County meeting last Monday night and what few were there approved these proposed changes. I would like to apologize for the date it was held as there were other activities going on which prevented some of you from being there. The proposed changes will not become effective until the Game and Fish Commission approves them, but I think the people and the wildlife will benefit from these changes.

"In closing I would like to say that if I can be of service to anyone please feel free to call on me at anytime. My new phone number is EX 2-2546.

Yours Truly
Bun Carpenter

CROCKETT HOSPITAL NEWS

TS&GRA Quarterly Directors Meet In Big Lake Saturday

San Angelo — The summer quarterly directors meeting of the Texas Sheep and Goat Raisers Association will be held in Big Lake Saturday, June 25, according to the Association President, Lucius M. Stephens of Lometa. All directors are urged to be present and the members, prospective members, and friends of the Association are cordially invited.

Heading the list of important matters to be discussed are wool and mohair marketing, lamb imports, and ranch labor.

"The increasing shortage of sheep shearers and tentative plans to relieve the problem by encouraging counties to conduct shearing schools will be considered by the directors," says Stephens. The TS&GRA was instrumental in promoting a successful shearing school in Crockett County two years ago.

All aspects of the ranch labor problem will be discussed in the TS&GRA ranch labor committee. The Association is currently sponsoring a program to import labor for Texas ranch work from the British West Indies. Tully Pratt of Brackettville, committee chairman, urges those interested in contracting these laborers, available to Association members and prospective members, to attend the meeting. As reported by the present users, the BWI laborers are working satisfactorily.

Committees will meet at 10:00 a. m. Saturday in designated rooms of the Reagan County High School, Big Lake, and the general business meeting will convene in the school auditorium at 1:30 p. m. Registration is scheduled Friday from 2:00 until 5:30 p. m. at the Country Club, and Saturday from 9:00 until 11:30 a. m. in the lobby of the high school.

Highlighting the entertainment will be a leg of lamb supper and dance Friday evening and a lamb and a goat barbecue at noon Saturday, all to be held at the Country Club.

The Ladies Auxiliary to the Association will meet Saturday morning at 9:30 a. m. at the Country Club.

OUT WHERE THE COUNTRY CAN TEAR A TRUCK TO PIECES—

Chevy middleweights get 1/3 more work done in a day!

Where they used to deliver 2,000 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Services of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week, usually, over back roads and up into high rock country with maximum GVW loads. And with Chevy's Torco-Spring Ride pacing every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sideways on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

WORTH MORE BECAUSE THEY WORK MORE! CHEVROLET STURDI-BILT TRUCKS
