Bailey Retains Club Crown In Holiday Tourney

Perennial Champ Cops
Crown In Playoff
With F. Hokit

By Ernie Boyd

Veteran T. J. Bailey retained
his Ozona Country Club golf title
Monday afternoon when he down-
ed Floyd Hokit in the 18-hole play
off of the annual Club tourney.

Hokit won his way into the final
round by downing two of the club's
better golfers as he posted wins
over Jerry Hayes and last year's
runner up, Beecher Montgomery.

Bailey downed James Scott and
Art Kyle on the way to the finals
and posted a one under par 71 in
the final round. Hokit fired good
golf but had some extra bad lies
on three of the holes which paved
the way to defeat.

Art Kyle, Jr., pulled a mild sur-
prise by winning the first flight
honors, posting a 78 in the final
round. Bill Clegg was runner up to
Kyle.

In the second flight, Bill Cooper
ousted Vic Montgomery in the
finals while in the third flight
Charles Garlitz downed Dick Web-
ster for the title.

In the consolation round of the
Championship flight Beecher
Montgomery won over Joe Wil-
liams in the finals. In the first
flight Buddy Moore defeated Demp
Jones for the title, and in the
second flight Buddy Russell top-
ped Pleas Childress.

In the third flight little brother,
David Jacoby whipped big brother
Billy Jacoby.

Play in the annual inter-club
tourney extended over three days,
getting started Saturday and fin-
ishing up Monday.

Seminole Youths Captured After Foot Race Here

High School Sprinter
Helps Slower Sher-
iff's Department

Two Seminole youths, one 16
and one 19, were arrested in O-
zona last Friday afternoon when it
became known that the pair were
wanted in Seminole on suspicion
of robbery.

Sheriff Billy Mills accosted the
two at Gilliam's Sinclair Station
on the northern edge of town but
the two fled and a foot race fol-
lowed.

Mills was joined in the chase
by Deputy Levon Parker and his
nephew Tony, an outstanding high
school sprinter, who promptly ran
the two down. Neither of the two
boys were armed nor offered to
resist once caught.

During the chase in which the
sheriff's department was being
outdistanced by the much younger
quarry; two shots were fired in
warning adding somewhat to the
excitement.

The older youth was wanted in
Seminole for felony theft but the
younger boy had no charge against
him yet.

The two boys were attempting
to sell stolen goods and from this
action suspicion was aroused.

Sun Takes Potential In Gas Discovery In Western Crockett Co.

Potential was scheduled at a
Crockett County discovery this
week.

caster Hill (Devonian gas-distillate)

000 cubic feet per day with tubing
pressure 1,096 pounds; through a

feet per day with tubing pressure
923 pounds and through a 12-64-
inch choke, 647,000 cubic feet per
day with tubing pressure 1,096

Ozona Teenagers Rap Sonora Group For 2nd Game In Row Here Fri.

By Ernie Boyd

An Ozona teenage baseball team
made it two in a row over a Son-
ora teenage group Friday night,
whipping the Sutton Co. crew 7 to
2.

Van Miller pitched for the O-
zona team and except for a stint
of wildness was in complete charge
of the game all the way.

Ozona iced the game away in
the bottom of the third when they
broke a 0 to 0 tie with five runs.

Daniel Sanchez led off the rally
with a line single to right and
moved to second on a scratch single
by Rodney Stewart. Robert Cox's
single and a double by Pete Mont-
gomery coupled with two errors
rounded up the five runs.

Sonora managed a run in the
fourth and another in the fifth
but Ozona picked up two more in
the fifth to off-set their efforts
to rally.

Robert Cox had two base hits to
lead the Ozona team but six start-
ers and one sub broke into the
hit column during the contest.

In a previous contest the Ozona
team had routed the Sonora group
15 to 4 in Sonora. In a desperation
attempt to stem the tide in both
contests the Sonora Manager was
allowed to play but in neither
case was he able to aid his be-
leagued team to any great extent.

of Mr. and Mrs. Max Menzies.

sistant to Dick Ketchum, Work U-

General Rainfall Revives Hopes Of Relief Of Drouth

Most Of County Gets
Good Moisture In
Mid-Week Fall

Widespread beneficial rains fell
over Crockett County Tuesday af-
ternoon and Wednesday morning
in the first general rain over the
county since late winter.

For Ozona the rain was the
first since an early morning show-
er June 1st. Measurements in O-
zona were pretty uniform at about
.6 of an inch.

Heaviest measurements were re-
corded in the extreme western
edge of the county where up to
2.5 inches were recorded.

Reports of from one to one and
one half inches were common clos-
er to Ozona on the west and north
but were lighter to the south and
east where measurements from .5
to .8 were most common.

Reports from Reagan, Upton,
and Terrell and Pecos Counties
bordering Crockett on the north
and west indicated even heavier
rainfall in those counties.

Draws in Pecos and Terrell
Counties were running Wednesday
but there were no reports of any
of the streams in Crockett Coun-
ty running.

The dry spring, and even hot-
ter and drier first part of sum-
mer were rapidly restoring drouth
conditions in Crockett county, but
the early July rain has enlivened
hope that more moisture and more
moderate temperatures might be
in store for the county the rest
of the summer.

July rains last summer gave
ranchmen a big boost and had
rains in good condition by early
fall.

A weak cool front pushing into
Texas was held responsible for
the much welcomed rain this week
and weathermen were predicting
an easing off from 100 plus tem-
peratures of the past few weeks.

Mike Brumlow To Speak At Booster Banquet August 29

Former Mines Coach
To Kick Off Football
Season Of 1960

Mike Brumlow, former T. C. U.
great and one of the state's out-
standing football coaches for many
years, will be the speaker at the
annual Ozona Booster Club bar-
becue supper August 29th, honor-
ing members of 1960 Ozona High
School football and their coaches.

Brumlow is now employed by
the El Paso Natural Gas Com-
pany, having retired from the
coaching profession after a success-
ful stint at Texas Western, then
Texas College of Mines at El Paso.

Ozona interest in the Tex a s
Western football fortunes has in-
creased greatly in the last few
years as a number of Ozona athlet-
es have chosen the El Paso school
for their college education. Cur-
rently Kent Babb and Jake Young
are on the football squad with
Babb having been a regular last
year and Young becoming eligible
this fall.

Ronnie Paulk of Ozona made the
Texas Western basketball squad
last winter, creating what is most
likely an Ozona record for num-
bers taking part in sports at one
institution.

Following a preliminary contact
by L. B. T. Sikes of Ozona to Mr.
Brumlow, O. D. Paulk of the El
Paso firm here in Crockett County
extended the formal invitation to
come as speaker at the annual
football kick-off gathering.

A drive to re-new memberships
in the club will be begun soon
with membership dues this year
being \$1.00. This year the barbecue
will be open to members only but
every man in Crockett County is
invited to join the Booster organ-
ization. Notice of the beginning of
the membership drive will be made
later.

A TIME TO TAKE STOCK

As a result of long fumbling of our diplomacy, military intelligence and economic relations around the globe, the US is today in deadly peril of joining the captive nations. If we should collapse under the pressures our slap-happy policies have generated against us, we could no longer be of assistance — morally, spiritually or financially — to any nation. And if we should collapse, the other presently "free nations" would go into Communist bondage along with us. The lamp of freedom would finally have been extinguished on this earth. And if Khrushchev should drink himself to death celebrating, it would be no help to us. We might, therefore, in our Captive Nations Week observances find a place for emphasis on How Not to Become a Captive Nation — a review of our global blunders, say from Teheran to the U-2 — and some suggestions for reform at this eleventh hour. They may readily be found in Barry Goldwater's "Conscience of a Conservative".

Such emphasis might be of practical value in stiffening some political spines, in and out of Congress, especially as the Week is more or less concurrent with the rising of the Presidential Campaign curtain on the drama (or tragedy) of the political titans searching for lollypop issues and policies that they hope we will all grab at.

WHAT DO WE DO NOW?

In another of his endless (3 1/2 hour) Hitler-type speeches, Fidel Castro told thousands of his screaming subjects that \$200 million worth of US-owned sugar mills would be confiscated one by one as well as other "Yankee property to the nails of their shoes" if the US reduces the Cuban sugar quota. (A bill just passed by the House would give the President this authority.)

At about two a. m. Castro stopped talking. Within 12 hours he had seized The Texas Company's 20,000-barrel-per-day petroleum refinery at Santiago-de-Cuba. He subsequently moved on the Standard Oil and the British Shell refineries in Havana, all three guilty or refusing a month ago to refine Soviet oil which the Reds are trading for cut-rate sugar.

This latest Castro invective and the seizures, threatened a month ago, were doubtless triggered by the first strong words we have officially uttered on the subject of the bearded hoodlum.

This was the US note to the Inter-American Peace Committee, a unit of the Organization of America States. In it the State Department charged Castro with lies and slander against the US and devoted 11 pages of the document to a recital of specific offenses.

This memorandum promises an increasingly tough US policy, and further provocation has followed on its heels. It was compiled at the request of the Committee which is gathering information for submission to a meeting at Quito, Ecuador, next February.

This we may well wonder, as we anticipate increasing irresponsibility on Castro's part, what our situation will be that time, and whether we will still be sitting and taking it.

This, in the light of US history, does not seem very tough.

Robert Lee Wallops Ozona Merchants 9-1 In Pre-Fourth Game

By Ernie Boyd

The Robert Lee Rabbit Twisters walloped the Ozona Merchants 9 to 1 in Ozona Sunday as they accounted for all but one run on four homers, two of which came with two men on.

The game rocked along through six innings as a pitchers' duel between right handers Richard Dumas of Robert Lee and Sgt. Jenkins of Ozona.

The Rabbits jumped into a quick lead in the first inning on two errors which allowed the only unearned run of the day and then added another run in the third on the first of two home runs by Jerry Tinkler of the visitors.

Ozona collected its lone run of the day in the third when Andrews singled and then came home on Ronnie Paulk's second hit of the day, a double to center.

In the seventh the roof fell in on the locals, however, as Jerry

Tinkler hit his second home run of the day followed by two singles and another home run by Roberts.

Ron Henning relieved Jenkins following Roberts hit and he retired the side but delivered a second three run homer to Roberts in the eighth to wind up the scoring for the day.

The Merchants collected but six hits during the day with Ronnie Paulk getting three and Charles Andrews two, the other hit came on Ronnie Bullocks' lead-off single in the first.

The holiday game found the Merchants with but four regulars available for services including the loss of all but one of their left hand hitters.

A large group of people followed the Robert Lee team to Ozona for the game.

Mrs. H. H. Carden of San Antonio has been here visiting her mother, Mrs. Ralph Watson and sister, Miss Wanda Watson. Mr. and Mrs. Ralph Hugh Carden of San Antonio spent the past week-end visiting on the Watson ranch.

A Summary of Vacation News From The Teenage Set
By Pam Jones

Speaking of new cars, Buddy Ingham has a new Chevy Impala. Buddy likes his new car but he is probably more proud of the trailer hitch on it.

Anne has adopted a new home in Big Lake. She is enjoying her grandmother's air conditioner and reading books.

The M. Y. F. had a swimming party at the Ralph Jones ranch. Watermelon was the main dish. Gracie and Pless, Shelia and Phillip, Robin, Cheryl, Darrell, George Blackstone and I were there.

Reminds me, George Blackstone plans to attend O. H. S. next year.

Jerry and Joe Jacobs came down for the Rockspring rodeo. Johnny Cooper and Joe Foe went to the rodeo with Jerry. Joe stayed with

Pon Seahorn.
Couples seen at the show Monday night were Shelia and Phillip, Gracie and Pless, Frances S. and Tom Stokes, Glenda and David, Sandy Smith and Darrell, Sandra and Jim Freeman, Janet Mason and Peggy are back from Dallas and were also at the show.

Ray and Martha Moxley have moved to Sonora. They have been in Ozona for a number of years and were good students in school.

Off for a few days fishing on Devil's River are Gracie, Cheryl, Robin, Glenda, Nancy, Joe Clayton and I.

PERNERS ADOPT SON

Mr. and Mrs. Chris Perner of Tucson, Arizona, are the parents by adoption of a son, named Michael Stephens, who was born June 27 in Tucson and came into possession of his foster parents on June 30. He weighed 9 pounds, 5 ounces at birth. Grand parents are Mr. and Mrs. Stephen Perner of Ozona and Mr. and Mrs. M. M. Hopkins of Cleburne.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — When the various states go to battle to capture new industries, other states go in with cannon-sized budgets. But not Texas.

Texas is, by comparison, fighting with a rubber band and spit balls. At least that's the view of the man who heads the Texas effort, Walter E. Dickerson.

Dickerson, as executive director of the Texas Industrial Commission, directs himself. He has no staff and no secretary. Legislature allotted him \$23,750 a year to do a job for which the neighboring "poor" state of Arkansas spends more than half-million a year.

Dickerson uses his slim funds for a brochure on Texas and, since out-of-state travel is impossible, long-distance telephoning. He's also seeking additional funds from Texas firms to carry on the work.

Next winter he'll be before the Legislature to ask for more money to give Texas an even break in the intensely competitive industry-seeking field.

Business Totals Tumble — Texas' most recent business activity reports are not entirely rosy either.

Retail trade for May was down 2 per cent from April and 4 per cent from a year ago, according to the University Bureau of Business Research.

Building construction was also in a downward spiral, 3 per cent from April and 11 per cent from last year.

Slow down in retail buying was unexpected, inasmuch as employment, income and savings are at an all-time high. An increase in home building is hoped for as a result of eased FHA down payment requirements. More home buying would in turn stimulate more retail buying, particularly furniture, appliances and hardware.

Gas Tax Loses Round — Texas' new natural gas severance beneficiary tax flunked its first court test when on Austin district judge ruled it unconstitutional.

Judge Jack Roberts held the tax violated the U. S. Constitution's prohibition against levying a tax on interstate commerce. Severance beneficiary tax is aimed at the natural gas pipeline companies who, the tax's supporters contend, benefit from taking the gas from Texas soil and should pay a tax for these benefits. Most pipelines operate on a national scale. Producers, the people who actually take the gas from the ground, already pay a tax.

Atty. Gen. Will Wilson representing the state, said he would appeal Robert's decision, probably to Third Court of Civil Appeals. Since the case involves a constitutional question, it could be appealed directly to the State Supreme Court.

Either way, it will not finally be decided until it gets to the U. S. Supreme Court, probably not in time for the next Legislature to know whether the state can count on any revenue from that source. Estimated yield is about \$7,500,000 a year.

Stray Livestock Law in Force — Farmers are warned to pen up their livestock and keep them penned, or be subject to a \$200 fine and impoundment of the animals.

Each day the animals roam at large will be considered a separate offense.

The new law relates to horses, mules, donkeys, cows, bulls, steers, hogs, sheep and goats loose on state and federal highways. Farm and ranch roads are not included.

An increasing number of deaths and injuries due to auto collisions with stray animals necessitated the law.

Heretofore the motorist was liable.

... root rot is one of the most serious root rot diseases of trees and shrubs. Peach and apricot are frequently diseased by this disease which occurs in all parts of Texas. Infected trees usually die from April to June. The first symptoms are the first symptoms of the disease, one or two limbs may die, the entire tree may die. Dead areas are prominent on the main trunk and on the larger roots just beneath the surface. When the dead areas are cut back, the white mold of the fungus over the surface is seen. This disease occurs most frequently in wooded areas or in recently cleared land. Arborvitae, chinaberry, cultivated junipers, rose and pyracantha appear to be very susceptible. Fruiting bodies of the fungus consist of honey-colored or light-brown "toadstools" or mushrooms. These mushrooms cluster near the base of infected trees or shrubs, generally in the fall. Whether they develop depends on the weather and the extent of decay.

All three stumps and large roots should be removed as thoroughly as possible before orchards are set in infested soil. Planting of newly cleared land to an annual crop for several years helps to kill the fungus.

Native yaupon and cedar are resistant. Photinia, gardenia, waxleaf ligustrum, Japanese privet and crape myrtle have been known to escape the disease in infested areas. Lawn grass sod growing too close to a tree or shrub may encourage attack by the mushroom root rot fungus.

The county extension agent can supply additional information on this and other plant diseases.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From the Stockman, July 9, 1931

An estimated crowd of 13,000 persons from all parts of the state enjoyed one of the greatest rodeo, race meet and stock show programs ever arranged here on the occasion of the sixth annual event Thursday, Friday and Saturday of last week. The attendance exceeded the most optimistic expectations.

More than 11,000 pounds of meat, including kid, lamb, mutton and calf meat were barbecued for the huge crowds here for the three-day celebration last week. This was the greatest tonnage of meat ever prepared for the local celebration and more of it was eaten than ever before, said R. J. Cooke, who prepared the ingredients for the dinners.

Officially it might be the 6th annual Crockett County Rodeo, etc. but for Bob Cooke it's the 32nd annual Crockett county celebration. Last week Mr. Cooke rounded out 32 consecutive years as chief cook of the free barbecue dinners which Ozona has always served its visitors on the occasion of local 4th of July celebrations. Mr. Cooke has been in Ozona 34 years, all but one of which he has spent in "cutting meat" as he put it.

Grandstand crowds here for the 6th annual celebration last week apparently were well pleased with the first installation of an electric loudspeaker system to bring music and announcements of the results of contest events to spectators.

For the second consecutive year Roy Hudspeth of San Angelo purchased the registered Rambouillet ram donated to the Ozona Cemetery Association and sold in the ring at the annual show. Mr. Hudspeth paid the top price of the show here last week when he paid \$250 for the cemetery ram donated by McIntosh & Son of Mt. Pleasant, Utah.

— news reel —

A high grade Crockett county Angora billy consigned by Mike Friend brought the top price of \$60 at the livestock sale last week. G. M. Couch of Sanderson bought the top billy.

— news reel —

A yearling bull consigned by C. C. Sanders of Big Lake topped the registered Hereford cattle sale at the 6th annual Ozona show last week. B. B. Ingham who ranches on the Pecos in Crockett county, paid \$200 for the bull.

— news reel —

Highest prices of any sale in America to date were paid for high grade rams in the 6th annual show and sale here last week. Predictions are that the prices paid here will stand as the nation's record for the balance of the year. The sale disposed of 251 rams for an average price of \$30.30 a head. Forty-four ewes were sold through the ring for an average of \$20.25. Nelson H. Johnson of San Angelo was the auctioneer.

— news reel —

Winners in three classes of the second annual yard beautiful contest sponsored by the Ozona Woman's Club were announced this week.
