# National Electrical Week

February 5-11, 1961

Electricity WORK FOR YOU

ELECTRICITY, probably more than any other source of energy, has been responsible for the high standards of living enjoyed by millions of Americans today, The nation is more productive, healthier, wealthier, and more secure - thanks is large part to the number of tasks electricity performs.

Today's people live longer because electricity accomplishes the labor that formerly drained their strength and impaired their health. Mass production would be impossible without electricity. At the touch of a button or switch, electricity goes to work in factories, homes, on farms, on the land, in the air, and under the sea - doing the work of millions of people and enabling millions more to enter more ease and convenience than ever before. In medicine and in science, electricity enables man to study areas as yet unexplored. Today's children can look forward to a future in which electricity will make even greater contributions to their health,

Electricity stands ready to do even more in the way of improving the world in which we live, whether it is the world of business, science, medicine, research entertainment. Electricity is ready to create more jobs and whole new industries It is ready to take on increased tasks on the job, in homes, on farms and in factories. Electricity and its abilities are boundless - they need only to be called upon to serve. This is the electrical industry's message during National Electrical Week, a message to its own employees and to the public: MAKE ELECTRICITY

High among the special pleasures of Cadillac ownership is the car's remarkable handling ease. It seems almost to drive itself. In parking, traffic, or on the open road, a Cadillac maneuvers with scarcely more than your thoughts to prompt it. And contributing to this relaxing feeling of effortless driving is the superb silence of the Cadillac engine . . . the virtual absence of travel noise . . . and those deep and buoyant Cadillac seats. Your Cadillac dealer will be more than happy to let you see for yourself how deftly a 1961 Cadillac handles.

chairman of the needlework de- Plains, Callahan county, Texas, partment with 23 members. New the youngest daughter of John members were Mrs. George Bean, Washington Odom and Elizabeth Mrs. Pleas Childress and Mrs. C. Tabitha Binyon Odom and came to Crockett county in the early days. Projects for this regime were The family first settled at Emerald erecting light posts around the a village about where the present park, six in number. These were Air Force radar base is now locatcement posts each topped with a ed east of Ozona, but moved to large glass lamp. Also the club Ozona in 1891 when the county sponsored and helped finance a was organized and Ozona selected health nurse for the schools. They by poplar vote as the county seat also sent an offering to the Near site. Mr. Odom ranched on Kand between Ozona and Sonora which he owned for many years.

Mrs. Odom was a devout Methodist as was her husband. She will be remembered in Crockett county's Christian circles as the woman who pioneered religious worship in Ozona, organizing the first Sunday School which met in her home.

Miss Lizzie (Elizabeth) as she s known to her many friends finished Ozona public schools and was sent to the Methodist Training School in San Angelo, later to the San Antonio Female College which is now Trinity University.

She was married to Paul Christian Perner, son of another early pioneer family, Mr. and Mrs. Carmichael Perner. They were the parents of Pauline (Mrs. Marshall Montgomery) and P. C. Perner, both of Ozona, and Elizabeth (Mrs W. A. Wilson, Jr.,) of Odessa, and Mary (Mrs. C. D. Allen) of A-

EARLY BIRD LEAGUE Ozona Stockman

Mrs. Perner has always been active and interested in the betterment of the community. She was active in school life and PTA, was Worthy Matron of the Eastern Star, a member of the Music Club and a long time member of the Woman's Society of Christian Service of which she once was president. She has long been a deyout member of the Methodist Church, singing in the choir and teaching in the Sunday School

more than 20 years. Mrs. Perner became a member of the Ozona Woman's Club soon after it was organized and until recent years was a very interested member. She is now very active in Garden Club work, gardening being one of her hobbies along with home making and china painting.

# You'd think it was our car!

We baby your car. We carefully check every little detail to make sure it's in tip-top, A-1 cond Why, you'd almost think your car belonged to us!

There's good reason for us to be so fussy and painstaking. We want to do a better job than the "other fellow" down the street-because it's a good way to compete for your business. It's the competition between independent businessmen like us that benefits you the motorist.
