## Homecoming Features Program, Recue, Parade

### De To Feature Appearance of Queen Her Court

is observing its fourth  
ing today with a short  
and reception this morn-  
necue at noon, and a re-  
parade, and dance yet to  
afternoon.

Dunlap was master of  
es during the program in  
conditioned High School  
m this morning, and which  
lighted by the presenta-  
old basketball awards to  
a high school team of  
h was coached by an un-  
season by County Judge  
Smith.

ards given this morning  
in lieu of awards not  
1915, and as such repres-  
may be one of Ozona's  
ted presentations. The  
was the first organized  
eam for Ozona High

home coming and rodeo  
ted for 5 p. m. this af-  
will feature a number of  
nged for by various gras-  
esses of the past.

E. West will reign as  
ng queen and will ride  
ade with a number of  
young lads who will be  
in her court.

esses will include Miss  
ps of Ft. Worth, who  
ent the cattle indus-  
s; Miss Mohair of Tex-  
Callen of Menard, who  
ent the goat industry;  
ly Alford of Ozona,

**RODEO QUEEN CONTESTANTS** — Miss Judy Black, reigning Queen of the Ozona Junior Rodeo, poses with members of her court from whose number a new Queen will be selected at the closing program of the fourth annual Junior Rodeo Saturday night. In the picture left to right are Miss Black, Glenda Friend, Jan Pridemore, June Bunker and Kay Pitts. Queen candidates not in the picture are Sara Jane Everett and Betty Baggett.

## Another Wildcat Try In Gas Area On Friend Ranch

### Ellenburger Explora- tion Planned By Del- ta Drilling

Delta Drilling Co., et al, Odes-  
sa, will drill an 8,600-foot Ellen-  
burger wildcat in Crockett County,  
1½ miles southeast of Ozona  
and ¾-mile southwest of the one-  
well shut-in Ozona, East (Ellen-  
burger gas) field. It is the No. 1  
Friend, on W. E. Friend, Jr., ranch.

Location, on a 328.25-acre lease,  
is 660 feet from the south and  
east lines of 1-OP-GC&SF. Esti-  
mated elevation is 2,400 feet.

The Ozona, East (formerly  
Friend) field, was opened Sept. 1,  
1953, with completion of Shell Oil  
Co. No. 1 Friend, which gauged  
1.3 million cubic feet of gas per  
day, with gas-liquid ratio of 21,-  
000-1, through perforations be-  
tween 8,340-435 feet. Gravity of  
the liquid was 72 degrees.

Third producer and a location  
southwest extension has been in-  
dicated in the El Cinco (Devonian)  
field with the flowing of gas  
and recovery of oil on one test  
and the recovery of oil and gas  
cut mud on another at Shell Oil  
Co. No. 1-24 C.D. Johns, in 24-  
31-H&TC, Crockett County proj-  
ect, six miles south-southwest of  
McCamey.

Gas surfaced in eight minutes,  
rated at 78,000 cubic feet daily,  
on the two-hour test taken be-  
tween 5,130-5,263 feet. Recovery  
was 270 feet of gas-cut mud, 90  
feet of oil and gas cut mud and  
1,710 feet of 40.6 gravity oil. Flow-  
ing pressure was 190-525 pounds;  
initial and final 30-minute shut-in  
(Continued on Page 5)

## Southland To Deepen To Test Ellenburger In N'west Crockett

Southland Royalty Co., et al,  
Midland, will re-enter and deepen  
to 8,500 feet for tests of the Ellen-  
burger at its No. 1-23 University,  
Crockett County 2,200-foot failure,  
14 miles west-northwest of Ozona  
and 5¾ miles southeast of Ellen-  
burger production in the Todd  
multipay field.

The project, abandoned May 2,  
1958, topped the San Andres at  
1,536 feet on derrick floor eleva-  
tion of 2,384 feet.

Location is 660 feet from the  
north and 1,980 feet from the west  
lines of 23-31 University.

### CROCKETT HOSPITAL NEWS

Patients admitted to hospital  
since July 4th: Jack Thompson,  
Ozona, accident; P. T. Robison,  
Ozona, medical; Mrs. Elmore Ander-  
son, Sheffield, obstetric; Mrs.  
Augustine Luna, Jr., Ozona, medi-  
cal; Mrs. James Krueger, Ozona,  
medical.

Patients dismissed: Mrs. Ed  
Strickland and infant son, Mrs. J.  
D. Hall and infant daughter, Mrs.  
John W. Trago and infant daugh-  
ter, Charles Pitts, Mrs. Claude Rus-  
sell, Jack Thompson, P. T. Robi-  
son and Mrs. James Krueger.

## Little Leaguers Lock Horns With Sonora In All-Star Game Monday

By Ernie Boyd

Ozona's Little League All-Stars,  
managed by Bud Cox and Dan Mc-  
Broom, will travel to Sonora Mon-  
day night for the first round of  
the Little League area champion-  
ship Playoffs, meeting the Sonora  
All-Stars in a sudden death one-  
game elimination.

The 1961 team would seem to  
have a good deal of punch even  
exceeding last year's hitting, parti-  
cularly in power hitters but the  
pitching must be held in suspect  
until it proves itself.

In the final stages of regular  
season play, Humberto Ramos and  
Tony Garza of B&B and left-  
hander Randy Upham of Moore  
seemed to be able pitchers and if  
all three should come through the  
1961 club could be very strong.

As usual, however, the com-  
parative merits of teams meeting  
in playoff rounds is an unknown  
factor and with the game sched-  
uled for Sonora the home team  
will have to be favored.

The Ozona team will have reg-  
ular Little League all-star uni-  
forms for the first time this year  
following their purchase earlier  
this year by the Lions club with  
funds collected from mlcal sources  
and Lions club treasury.

The Ozona team has been work-  
ing out at the local park since  
July 6th and a tentative lineup  
for Monday night's game will in-  
clude such fine performers as  
George Cox, Thomas DeHoyos, Os-  
car Flores, Ronnie Mason, Hum-  
berto Ramos, Tony Garza and Rex  
Bland. Randy Upham, a fine left  
hander, or Humberto Ramos, a  
hard throwing right hander, will  
probably start for Ozona on the  
mound, with Tony Garza being a  
possibility.

## May Add Quarter Horse Showing To 4-H Club Program

### New Activity Will De- pend On Interest of Members, Parents

A program of fitting, training  
and showing of quarter horse colts  
will be added to the county 4-H  
program if sufficient interest is  
shown by local adults and youth.

Plans would include classes at  
the county show and possibly at  
major shows too. Any boy or girl  
of ages 9 to 18 and in school would  
be eligible to participate in the  
program if they meet all necessary  
requirements for the feeding pro-  
gram. Anyone interested should  
contact county agent Pete Jacoby.

Boys and girls who plan to feed  
lambs and steers in the 4-H club  
this winter should advise the coun-  
ty agent so plans can be made to  
secure the necessary animals.

All animals fed and shown for  
the county show by 4-H members  
must be local bred and raised.

Most feeding programs by 4-H  
members are started in September  
and conclude with the county show  
in late January.

## Ozona Parade First Official Appearance For Miss Wool of Texas

Miss Wool of Texas, Carolyn  
Barre of Yoakum, named at the  
recent eleventh annual Miss Wool  
of Texas Pageant in San Angelo  
will be making her first official  
appearance as Miss Wool in the  
Ozona Homecoming parade which  
starts at 5 p. m. today.

Also in the parade will be Miss  
Mohair of Texas, Sunda Callen  
of Menard; Miss Patsy Phelps of  
Fort Worth representing the cat-  
tle industry of Texas; Miss Bev-  
erly Alford of Ozona, represent-  
ing the oil industry of Texas; and  
Miss Jan Pridemore, Ozona Lions  
Club sweetheart, all of whom will  
constitute the Ozona Homecoming  
Queen's court. Mrs. W. E. West,  
oldest Ozona High School ex-  
student, will reign as Queen of  
Homecoming.

## Funeral Services For John J. Terry To Be Fri. Morning at 10:30

Funeral services will be held at  
10:30 Friday morning from the  
First Baptist Church for John T.  
Terry, 79, who died at his home  
here, 1103 Beall St., early this  
morning after a long illness. Ser-  
vices will be conducted by the pas-  
tor, Rev. Harry Trulove, assist-  
ed by Rev. Hugh Stiles, pastor of  
the Calvary Baptist Church. Burial  
will follow in Cedar Hill Ceme-  
tery under direction of Janes Fun-  
eral Home of Ozona.

Mr. Terry was born May 26,  
1882, in Lampasas county and had  
lived most of his life in that area.  
He had lived in Ozona for the past  
year and a half. He was a retired  
farmer.

Surviving are the widow and one  
daughter, Mrs. Leo Bawcom, both  
of Ozona; one sister, Mrs. Albert  
Brown of Lampasas, and a num-  
ber of nieces and nephews.

## Lone Star Award Goes To Tommy Everett At State FFA Convention

Ozona High School Vocational  
Agriculture teacher, M. A. Barber,  
and two of his students, Tommy  
Everett and Frank Childress, are  
to leave Ozona Tuesday to attend  
the annual F. F. A. convention to  
be held at the Statler Hilton  
Hotel in Dallas this year.

Mr. Barber, in addition to re-  
presenting the Ozona chapter as  
an instructor, will serve as one of  
the judges in the public speaking  
contest held each year.

Tommy Everett will receive the  
highest degree awarded by the  
state association when he receives  
the State Lone Star award. Only  
about 2 percent of the boys in  
F. F. A. work ever qualify for  
the degree.

Joe Dan Penn of Luling will be  
presiding at the meeting in his  
capacity as state president. Joe  
Dan was the guest speaker at the  
Ozona chapters parent and son  
banquet last year and is a friend  
of several of the local chapter mem-  
bers.

The general meeting will begin  
with registration on Tuesday and  
will close Friday afternoon follow-  
ing the presentation of awards and  
the election of the state sweet-  
heart from among the ten area  
representatives who will be pres-  
ent for the election.

## Production Indicated In West Crockett Well

B. M. Hanson, Midland, No. 1  
Helen S. Carpenter, in 1950-Chris  
L. Stisser Survey, Crockett Coun-  
ty wildcat, nine miles northwest  
of Iraan, indicated production in  
the Queen sand with the recov-  
ery of 24 feet of lime and sand  
containing free oil on a core cut  
between 1,160-84 feet.

Drilled to 1,195 feet, operator  
was running 4½-inch casing.

Mrs. J. M. Baggett has as guests  
this week her sister, Mrs. E. P.  
Nelson of Floydada, her daughter,  
Mrs. J. B. Pace of Austin, Miss  
Wool of Texas Carolyn Barre of  
Yoakum, Miss Willena Glass of  
Sterling City, Tom Cauthorn of  
Del Rio and Miss Lurline Jarrett,  
also of Del Rio.

# COUNTY MOVES TO SURVEY WATER RESOURCES SUPPLY FOR CONTROL OF POLLUTION

## Stage Is Set For Opening Of Rodeo Tonight

### Street Parade At 5 Today Opens 3-Day Festivities

The fourth annual Ozona Lions  
Club Junior Rodeo starts a three  
night run today with a big Parade  
at 5 p. m. with the first rodeo  
performance at 8 p. m.

Cool weather with the slight  
possibility of some showers greet-  
ed the hundreds of performers,  
fans and ex-students that arrived  
in town Wednesday and Thursday  
for the rodeo and the homecoming  
activities.

Boys and girls in three age  
groups from all over this section of  
the country will be on hand to  
compete for honors in the annual  
show which promises to be one  
of the biggest ever this year.

Rodeo co-chairmen Oscar Kost  
and Vic Montgomery have been  
extra busy the last few days with  
final preparations for the event  
and entries and fees were turned  
over to secretary Jim Dudley fol-  
lowing the entry deadline with a  
nice field of exciting competition  
indicated.

Miss Judy Black, daughter of  
Mr. and Mrs. Charlie Black, is  
reigning Queen of this year's ro-  
deo and she will take part in the  
parade and each grand entry un-  
til her successor is named from  
her court prior to the Saturday  
night show.

The Queen entries are, Miss  
Glenda Friend, sponsored by The  
Ranch Feed and Supply Co.; Miss  
Jan Pridemore, the Lions Club  
Sweetheart; Miss June Bunker, O-  
zona Boot and Saddlery; Miss Kay  
Pitts, Marge's Beauty Shop; Miss  
Sarah Jane Everett, Joseph's De-  
partment store, and Miss Betty  
Baggett, Baggett Insurance Agen-  
cy.

The winner in the contest will  
be the third queen chosen in the  
annual series with Miss Camille A-  
dams having been the first in 1959  
followed by Miss Judy Black last  
year.

Volunteer and county labor and  
machinery have put the fair  
grounds in good condition this  
summer with the anticipation of  
the largest crowds in the four year  
run. Two dances, one tonight and  
one Friday night add a social flav-  
or to the occasion.

Ozona fans will see a number  
of talented home performers take  
part in the show, which will at-  
tract a number of outstanding  
cowboys and cowgirls from over  
this area.

Competition will be in three age  
levels with pole bending, barrel  
racing, bulldogging, calf roping  
and other events to catch the ro-  
deo goers' eye as well as provid-  
ing some exciting competition.

## T. J. Bailey To Play Golf In Spokane, Wash. Family On Vacation

Mr. and Mrs. T. J. Bailey and  
Miss Helen Henderson will leave  
Ozona Saturday for a vacation trip  
which will carry them to Washing-  
ton State and Alaska.

Highlights of the trip in so far  
as Mr. Bailey is concerned will be  
taking part in the 5th Annual  
Spokane Country Club Invitation-  
al golf tourney. The Spokane Club  
is the one in which Mr. Bailey's  
brother, Buck, is a member.

While Mr. Bailey is playing golf  
Mrs. Bailey and Miss Henderson  
plan to fly to Anchorage, Alaska.

Plans for a visit with relatives  
in Show Low, Arizona, on the  
way with the return trip coming  
back through Yellowstone Park  
and Denver, Colorado.

## State Water Board To Gather Data For Use In Guarding Supply

A move toward assembling  
scientific information on the un-  
derground fresh water supply un-  
der Crockett county with a view  
to protecting such supplies against  
contamination and pollution from  
various sources and from exhaus-  
tion through industrial or agricul-  
tural uses was made Tuesday  
morning at a meeting in the coun-  
ty courthouse.

Present for the conference were  
members of the Commissioners  
Court, interested citizens and three  
technicians from the State Board  
of Water Engineers at Austin.

The men from the State Water  
Board were Lester McMillan, chief  
of the underground water division,  
and Mervin Klug and Tom Rogers  
from the same division. Also meet-  
ing with the group was Sam Scheu-  
ber, Crockett county ranchman and  
land man for the Shannon West  
Texas Memorial Hospital and ad-  
ministrators of the Shannon lands  
in Crockett county Mr. Scheuber  
has long been interested in the  
problems of pollution and deple-  
tion of the underground water  
supply and was instrumental in  
bringing the Water Board techni-  
cians here for the conference with  
a view to taking action here to-  
ward protection of the under-  
ground water.

The State Water Board repres-  
entatives were authorized to pro-  
ceed with preparation of a plan of  
cooperation of the State Board of  
Water Engineers and local sponsor-  
ing groups for the underground  
water survey and ultimately for  
continuing surveillance of under-  
ground waters as a protection a-  
gainst depletion or pollution. When  
such information is ready for pre-  
sentation, another meeting of the  
Commissioners Court and other in-  
terested groups wherein a definite  
contract will be proposed. Cost of  
such surveys and continued ob-  
servation will be borne approxi-  
mately three-fourths by the state  
and one-fourth by the local spon-  
soring group.

Both the University of Texas  
and the Shannon West Texas Mem-  
orial Hospital directors likely  
will assist in the program. Mr.  
Scheuber indicated to the assem-  
bly.

Underground water supplies in  
this area, particularly that which  
supplies the town of Ozona, are  
under threat from three different  
angles. Mr. Scheuber pointed out  
in opening the discussion, conta-  
mination by salt water from oil  
well operations, excessive use of  
fresh water in water flood oil re-  
covery operations and spreading  
use of Ozona's probable supply  
for irrigation in Schleicher county.

The threat of salt water pollu-  
tion has been partly minimized  
by elimination of salt water pits  
in oil producing areas in northern  
Crockett county. Scheuber said.

County Judge Houston Smith  
presided at the meeting and invit-  
ed the State Water Board men to  
explain the program available to  
the county from the State Board  
and called attention to the dangers  
of underground pollution, which  
has been demonstrated in parts of  
this county. Judge Smith report-  
ed the salt water pollution of  
ranch wells in the western part  
of the county and cited the un-  
gency of steps to prevent destruc-  
tive pollution of the underground  
water from which Ozona gets its  
municipal supply.

Preliminary surveys which the  
State Water Board engineers have  
made indicate that the under-  
ground water flows in a general  
southerly-southwesterly direction  
under this county, confirming the  
theory that Ozona's water supply  
comes from the area in western  
Schleicher county which has re-  
cently been tapped for irrigation in  
(Continued on Page 5)

THURSDAY, JULY 13, 1961

#### TIME TO BAN THE BAN

If we understand it correctly, Senator Hubert Humphrey would like to have this country ask the UN could we please do some nuclear testing — if it's done underground, for peaceful purposes only and under UN supervision.

The procedure would be for this country to offer a resolution in the up-coming UN General Assembly asking the establishment of a UN control system (implemented by teams made up of member nations) to monitor and inspect US research on underground explosions. The Senator thinks we should also "offer to... turn over the data and results of those tests to the United Nations".

The former test ban proponent makes the point that further such explosions are necessary before we can learn how to detect such blasts and thus before an atomic test ban treaty can be monitored. This, cer-

tainly, no one can deny. But over at the bogged-down test ban kaffee klatch in Geneva, Russia's Semyon K. Tsarapkin wanted no part of the Humphrey proposal declaring his conviction that it was a trick to resume weapons testing.

Being a Russian, he should understand a Humphrey — even though the Senator insisted that, honest, he wasn't thinking of any such thing — and besides, he was asking the UN in on it so there couldn't be any shenanigans. So far as we know, however, he did not pound this point home with his shoe.

Mr. Tsarapkin, nevertheless, remained firm on the point that there could be no testing by the US, peaceful or otherwise, underground or elsewhere unless Russia says so.

We think he made it plain that the Soviets don't want us wising up on how to detect nuclear blasts — which also suggests that, as many experts think, they are blasting away to their heart's content in their own spacious backyard.

For once, we will have to agree with a Red — not that we agree that the Senator from Minnesota is capable of a trick — but rather that we shouldn't ask the UN to let us test. We should just go ahead and test — as unobtrusively as possible without foreign kibitzers and for the purpose of developing what the military calls the "deterrents" that will improve our chances of continuing other peaceful pursuits.

Nor should we continue paying those board bills in Geneva.

#### DAVID LETS FLY AT "GNP"

The Citizens' Foreign Aid Committee, headed by Industrialist Walter Harnischfeger, Brigadier General Bonner Fellers, US Army (Ret.) and Dean Clarence Manion and supported by the gifts of patriots who are shocked at the continued White House delusion that we can buy affection, devotion and support-to-the-death from foreign nations, has fitted another pebble to its slingshot.

In case you didn't know, the Committee is the David that stands against the huge Government foreign aid Goliath — that complex of Federal give-away agencies with thousands of employees in Washing-

#### "NOW... TRY MY WAY"

ton and deployed around the globe and with millions of taxpayers' dollars to spend in self-serving propaganda to extract billions more. The Committee's position has, in fact, been recognized by no less a corporate bleeding heart than the New York Times whose correspondent fears the foreign aid bill may have tough going because of this "articulate and well-organized" group of 44 men with a budget said to be "around \$50,000 a year".

And well the Federals may fear David and his pebbles — despite their own heavy artillery. We quote in full the latest shot at entrenched fatuousness:

"A favorite argument of the foreign aiders is that it costs less than one per cent of the Gross National Product (GNP). As the New York Times editorial of June 12 puts it, surely we can afford 'one penny out of every dollar's worth of goods and services we produce.'"

"These comparisons are like saying that since one's skin is less than one percent of the body, a man may be safely flayed. GNP is not national income. Every business in the United States conceivably could be operating at a loss and still there could be a huge GNP. But there would be no business income to tax. GNP is not a fund; it is a statistic.

"A more meaningful comparison of foreign aid would be to relate it to the income of some of America's leading industries. Our total foreign payments for fiscal year 1962 will be close to \$10 billion. This includes the \$2 billion of agricultural products to be given away for unusable foreign currencies and \$3 billion in overseas troop spending.

"By comparison, here is the total 1959 income (salaries, compensation and returns on investment) of the following industries:

"Automotive and automotive equipment \$7.6 billion.

Railroads 6.9 billion.  
Telephone and telegraph 6.5 billion.  
Utilities (gas and electric) 7.7 billion.

"Thus our annual foreign aid is more than the entire worth of the goods and services produced annually by any one of the above industries.

"Over the years, we have given about \$84 billion in foreign aid. Based on the most recent assessed value of property this is the equivalent of giving our 41 largest cities to foreign governments.

"Does all this make sense?"

#### WHY ONE CITIZEN IS FEARFUL

Members of Congress receive many letters from the people they represent. In the daily flow of mail into congressional offices, once in a while there is a letter that stands out above all the others for one reason or another.

Congressman Glenn Cunningham of Nebraska recently received such a letter, one that he proudly had printed in the Congressional Record. Here is what R. S. Lowe, a thoughtful American, had to say to his Congressman.

"Frankly, I am fearful about the future. Not because of A-bombs or fallout or missile lags. But because of what headlines keep telling us about the billions of dollars proposed for socialized medicine, for schools, for the unemployed, for foreign purposes; in fact, for everything that can be conjured up that will take money from the taxpayers.

"There is not one single thing that will weaken the country faster and more completely than irresponsible fiscal policies.

"I have no axe to grind. I'm past sixty years. I am retiring late this year. I've been a public utility worker all my life; consequently, I am not 'well fixed.' We have never received any big inheritance. But we are not poor because we have saved as we went along. We did not ask what someone else — or the Government — should do for us.

"Mrs. Lowe and I are both college graduates — by our own efforts and with no government aid. Our two children are college graduates — by their and our own efforts, too, without government aid. We have had average sickness

and hospital bills and we paid them without government aid. In fact, I am retiring somewhat early because of a cancer operation about a year ago. We know something about education bills hospital bills and the expense of operations. "But we saved to meet the requirements of living as we went along. We did not feel we were being punished when we did this so we could take care of ourselves. In fact, it was a privilege and part of being an American citizen about to be usurped by the spenders. It's plain silly to talk about a strong nation with prestige and then proceed to weaken it financially beyond recovery."

Mr. and Mrs. Spencer King of Houston spent the week-end visiting Mrs. King's sister, Mrs. B. Ingham, Sr., and other relatives.

**Garden Reminders**

*By Garden Club Reporter*

Dividing and transplanting bearded iris is one of the important tasks for July. In fact, it is well to make clean through rhizomes for best results. One fan of leaves normally that is needed for a new space the plantings well a good growing room. Set up the spray program on a fall display of fine blooms largely on the amount and condition of foliage maintained now until September. And roses, be sure and save petals for your "rose jar." Dry on a newspaper, with a light coating of salt (to keep the color). Place in a jar with a lid and a few sticks of cinnamon whole cloves in the jar. Place in closets and remove the lid a few hours when closets get dry. They are nice for your bedroom and make lovely for hospital patients. Don't forget to provide water for birds these hot, dry days. They repay you by their in-control and morning concerts.

Others in the house party were Mrs. John Ray Powell, Mrs. Early Baggett, Miss Janice Walker, Miss Peggy Hagelstein, Mrs. R. L. Flowers, Mrs. Bill Baggett, Mrs. Jack Brewer, Jr., Mrs. Fred Deaton, Mrs. Taylor Deaton, Miss Vicki Applewhite, Miss Jill Applewhite, Mrs. Roy Parker, Mrs. Tommy Harris and Miss Linda Miller.

**Miss Ann Baggett Is Honored At Gift Tea In W.E. Friend, Jr. Home**

Miss Ann Baggett, bride-elect of Lieutenant Duane R. Oswald, Jr., of Ozona Air Force Station, was honored, with a gift tea Saturday afternoon in the home of Mrs. W. E. Friend, Jr. Other hostesses were Mrs. N. D. Blackstone, II, Mrs. Frank McMullan, Mrs. Glen Richardson of Sonora, Mrs. F. H. Whitehead, Jr., of Comstock, Mrs. Alex Ogilvy, III, of Odessa, Mrs. C. O. Walker, Mrs. Evert White, Mrs. Fred Hagelstein, Mrs. T. A. Kincaid, Jr., Mrs. J. B. Miller and Mrs. R. H. Knox.

Receiving the guests were Mrs. Friend, the honoree, her mother, Mrs. James Baggett, her grandmother, Mrs. J. M. Baggett and Mrs. Steve Coose, her sister, Miss Sally Baggett, Mrs. Charlie Applewhite, Mrs. F. H. Whitehead, Jr., and Miss Sarah Hicks.

White gladioli, lemon and magnolia leaves and white spider mums and agapanthus were used in arrangements throughout the house. About 125 guests called during the tea hours from 5 to 7 p. m.

**CROCKETT COUNTY HOSPITAL MEMORIAL FUND**

List of donors to the Crockett County Hospital Memorial Fund since July 4th:

Mr. and Mrs. Robert Cox in memory of Mr. Frankie Jones, and in memory of Mr. Floyd McMullan. Mrs. Joe Davidson has given the hospital a new Simons Vari-Hite (high-low) bed in memory of Mr. Joe Davidson.

**DR. H. B. TANDY MEMORIAL FUND**

List of donors to the Dr. H. B. Tandy Memorial Fund since July 4th:

Mr. and Mrs. B. W. Stuart in memory of Mr. Floyd McMullan, and in memory of Mr. Frankie Jones, and in memory of Mr. Geo. W. Seelye, step-father of Mrs. Robert Cox, and in memory of Mrs. Hallie Fox, who lived in San Angelo and in memory of Mr. Howard Fox, who lived in San Angelo, and in memory of Mr. L. J. Kittle, father of Mrs. Coralie Meinke.

**METHODIST WSCS MEETS**

"God's Word and our Words" and "Home for the Homeless" were themes of the program for the members of the Woman's Society of Christian Service which met Wednesday morning in the home of Mrs. Evert White. Mrs. J. A. Fussell gave the devotional, which was taken from the book of John, on "God's Love."

Mrs. Fussell and Mrs. Stephen Perner spoke on the subject themes. Reports were heard from the officers of the society. Mrs. White, vice-president, held a short business session. The meeting closed with prayer by Mrs. Paul Perner.

Assisting the hostess were Mrs. Ken Cody and Mrs. W. O. Reeves. Others attending were Mrs. Bailey Post, Mrs. S. M. Harvick, Mrs. W. O. Mills, Mrs. N. W. Graham, Mrs. Floyd Henderson, Mrs. Charles Williams, Sr., Mrs. Bill Cooper and Mrs. Joe Pierce, Jr.

FOR RENT — Two bedroom unfurnished house. Inquire at Ozona Boot & Saddlery.

**MILLERETTE LEAGUE**

## The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, July 14, 1932

Raises in total property valuations of Crockett County amounting to approximately \$150,000 were effected through final adjustments made by the Commissioners Court sitting as a board of equalization this week.

—news reel—

Deplored the attitude of many people toward enforcement of laws against the liquor traffic as contributing to the present attitude toward prohibition, the Workers Conference of the Pecos Valley Baptist Association meeting here Tuesday went on record in a ringing resolution as advocating continuance of the Eighteenth Amendment and the Volstead Act, and pledging a militant campaign in support of same.

—news reel—

Negotiations looking toward installation of equipment to produce pasteurized milk by the Mike Couch Sanitary Dairy have been opened with companies handling such equipment. Mr. Couch announced this week.

—news reel—

In a letter dated July 9 and addressed to Roger Gillis of Del Rio, vice president of the Sheep & Goat Raisers Assn. of Texas, T. A. Kincaid of Ozona, serving his eighth consecutive term as president of the Association, offered his resignation from the office and asked that a meeting of the executive committee be called to accept the resignation. Mr. Kincaid cited his "financial condition" as the reason for his decision to resign.

—news reel—

Riley Lee Perkins, foreman on the J. S. Todd ranch in Crockett county for the past nine years, fell from his horse about 9:30 Monday morning and was dead before a companion, also employed on the ranch, could reach him. Death was attributed to a heart attack.

—news reel—

R. E. Thomason of El Paso, Congressman from this district, was here this morning in the interest of his campaign for a second term as representative of the people of this area in the National House of Representatives. Mr. Thomason has just come from Washington where he has been busy in the recent session of Congress. He is being opposed by Dan Jackson of El Paso. Mr. Thomason has the support of the largest newspapers in the district and observers have prophesied him as a sure winner.

—news reel—

If this depression lasts two more years, the election ballot will have to be wound in rolls. The primary ballot this year is as long as a well rope, and goodness knows how big the general election ballot will be what with new parties and new candidates springing up every day.

—news reel—

Mr. and Mrs. Massie West left early this week for San Angelo where they will place their small daughter, Joyce, in a hospital for care while she is recovering from a recent illness.

—news reel—

Chester Glover, 1926 graduate of Ozona High School, has moved to McCamey where he is with the Putnam Supply Co., dealers in oil well supplies.

—On—

**SON TO SHEFFIELD COUPLE**  
A son, Stanley Clay, was born Sunday, July 9, in the Crockett County Hospital to Mr. and Mrs. Elmore Anderson of Sheffield.

### LITTLE COLONEL By Bob McKinley

### HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — Texas legislators, like students who failed to complete their work in the long term and have to come back to summer school, return to Austin this week to "get it over with."

Goal is the passage of a two-year appropriations bill expected to run around \$2,600,000,000. To pay for it, they will need to find some \$350,000,000 more in tax money than now provided on the law books.

But if money is short, advice is not.

At least three committees have a word or two for the lawmakers. Two are unofficial. They are the Citizens for a Sales Tax, whose names explains its purpose, and the Citizens for Fair Taxation, which is pushing Gov. Price Daniel's plan for additional selective sales taxes, plus more business taxes, higher on alcoholic beverages and others.

A third committee, appointed by the Governor, avoided a single, specific recommendation but pinpointed some sort of retail sales tax as the most likely source for the amount of money needed. This committee is composed mainly of the chairmen of governing boards

of state welfare and educational agencies.

**Auto Insurance Raised** — Beginning August 1, Texas motorists will pay higher premiums for automobile insurance.

How high the premium goes will depend on the county in which the motorist lives and its accident record. In general, the big city counties have higher accident rates and insurance premiums than rural counties. In Travis County (Austin), the increase on a typical policy would be 15 per cent; in Dallas County, about 17 per cent.

**High Costs Up** — Cost of having good roads, the State Highway Department frankly admits, is going up.

Highway Commission has announced a highway maintenance budget for the next fiscal year (Sept. 1, 1961 to Aug. 31, 1962) of \$51,300,000 — which is up \$2,100,000 from the previous year.

Reasons given for the increase: Texas had more than 1,100 new highway miles to care for and it costs more per mile to care for them. But proper upkeep, says the Commission, "stretches the taxpayer's dollar by increasing the life of the road."

Department now maintains 57,575 miles of highway at an average cost of \$811 per mile for upkeep. Per mile upkeep cost has increased \$19 since the last fiscal year.

**Sabine Dam Under Study** — After a hearing on the pros and cons, State Board of Water Engineers has granted the Sabine River Authority's application for a permit to build the proposed Toledo Bend reservoir.

Sabine, for quite a stretch, serves as the boundary between Louisiana and lower East Texas, and the proposed dam is to be a joint Texas-Louisiana project.

Spokesmen for timber interests in the area told the Board the reservoir, slated to be 100 miles long, would put valuable timber under water and sawmill workers out of jobs. It would take 10 years, said a sawmill representative, to get all the timber out of the area.

### Mrs. Millspaugh Hosts Garden Party & Bridge

Mrs. Sidney Millspaugh, Jr., entertained a number of friends with a garden party and bridge at her home Monday night.

Guests include Mrs. Pleas Childress, Mr. and Mrs. Lowell Littleton, Mr. and Mrs. Boyd Baker, Mr. and Mrs. Carl Appel, Mr. and Mrs. El Baggett of Lufkin, Mr. and Mrs. Eldred Roach, Mr. and Mrs. Hillery Phillips, Mr. and Mrs. L. B. T. Sikes, Mr. and Mrs. Ewart White, Mr. and Mrs. Fred Hagelstein, Mr. and Mrs. C. O. Walker, Mr. and Mrs. Frank McMullan, Mrs. Ashby McMullan, Mr. and Mrs. W. D. Cooper and Mr. and Mrs. T. J. Bailey.

**Water Survey —**  
 (Continued from Page One)

With the large number of wells being drilled, plugged and abandoned, the Commission does not have sufficient personnel to supervise all such plugging operations.

Judge Smith said that the county had discussed for some time the advisability of employing a representative to see that Railroad Commission rules are followed in plugging wells but had not been able to assure such an inspector the authority he would need to secure cooperation. Mr. Scheuber said that the Shannon administrators had relied mostly on persuasion to get cooperation of oil operators. It was suggested that landowners and lessees could assist in preventing pollution through improper plugging by watching the operators.

As soon as the Board of Water Engineers has reported the necessary information and agreement, another meeting with the Commissioners Court and interested

groups will be held here at which time it is hoped that the program can be adopted and the study of this county's underground water supply begun.

Mr. and Mrs. Ele Bright Baggett and children are here from Lufkin for homecoming and to visit family and friends.

 (Continued from page one)

Recovery was 2,450-2,310 pounds.

Recovery was 90 feet of slightly oil and heavily gas-cut mud on a subsequent one-hour test between 5,276-86 feet. Flowing pressure was 60-70 pounds; initial and final 30-minute shut-in pressures, 1,819-280 pounds. No gas surfaced.

The project was bottomed at 5,342 feet, taking another drill-stem test in the Devonian.

The field, opened in Crockett, has one producer across the river in Pecos County.

**Summertime - and the savin' is easy!**

It'll pay you plenty to pad over to your Chevrolet dealer's One-Stop Shopping Center and get in on all the excitement there. Because Jet-smooth Chevrolets are outselling every other make of car, he's able to turn on the savings like nobody else in town. Have him fit you with an elegant Impala, a popular Bel Air or a budget-wise Biscayne. Or maybe with one of those six sweet-going, cargo-craving Chevy wagons. Just bring along your desire to own a lot of car at an easy-to-own price. Chevy and your Chevrolet dealer will look after the rest nicely, thank you. **Jet-smooth Chevrolet**

**Save-a-bundle buys on Corvairs, too!** The climate couldn't be better for getting into one of these. Yessirree, juicy July buys on the Monzas with their family-style sports-car spirit . . . on the nimble, nickel-nursing Corvair 500's and 700's . . . on the 6-Passenger Lakewood Wagons . . . and on those Greenbrier Sports Wagons with up to twice the space of regular wagons. Need more be said? Your Chevrolet dealer is the man to talk to.

### Notes From The County Agent's Office

By Pete W. Jacoby

The Eleventh Annual Beef Cattle Short Course for cattlemen will be held at Texas A&M College, July 31, August 1 and 2, 1961. An interesting program has been lined up. Wives are invited and there will be entertainment for them. Anyone interested in the program may contact the county agent for further information.

A livestock marketing clinic will be held at San Antonio July 24-25, 1961. The program sponsored by the San Antonio Livestock Market Institute and the Union Stock Yards, San Antonio, have a very educational program lined up for anyone interested in attending. If interested, contact the county agent for further information.

Dead spots in hedges are often caused by one of the following five enemies of privet or ligustrum, according to Sadie Hatfield, extension homestead improvement specialist, at Texas A&M College.

White Peach Scale, sometimes known as West Indian peach scale, may cause twigs, limbs or entire plants to die. Scales are usually less than 1/10 inch in diameter and lie flat against the bark. They may be mistaken for natural roughness of bark. Where infestation is heavy, pure white clusters of male scales can be seen along the stems. At a distance they look like bits of cotton lint.

Spider Mites make leaves pale and dry. Heavy infestations kill plants. Almost invisible, these tiny insects usually work underneath leaves. They are apt to increase during dry weather.

The White Fly draws sap from the plant and stimulates the formation of black mold on leaves. This weakens plants so they may die, especially during unfavorable weather.

Mealybugs also kill sapping plants. They gather under bark and in rough places on trunk and limbs. Where infestations are heavy, clusters of bugs may be found up and down the stems.

The above pests may be controlled with 4 percent malathion, used as a spray. Apply every 10 days or 2 weeks.

The Lilac Borer girdles stems or enters branches causing leaves to wilt and die. Look for signs of boring dust or scars on stems, or splits stems and examine for boring caterpillar or hollow stems caused by them. Cut and burn all infected limbs. Most DDT plant sprays will kill the young caterpillars if contacted before they enter the limb.

Examine shrubs in hedges from time to time to prevent damage from insect enemies.

Mrs. Clay Adams and Camille have as guest this week Miss Lucy Harris of San Francisco, Calif. Miss Harris and Miss Adams were school mates at the University of Colorado.

#### Gadget Party Honors Engaged Couple Here

Mr. and Mrs. Lindsey Hicks and Sarah complimented Miss Ann Baggett and her fiance, Duane Oswald, with a supper al fresco and gadget part at the Hicks home Tuesday night. Guests brought and demonstrated the use of gadgets for the home of the engaged pair.

Guests included, besides the honored couple, Miss Susan Chandler of Stephenville, Brock Jones, Jr., Mrs. Fred Schoubrouek of Los Angeles, Calif., Miss Carolyn Barre of Yoakum, Chris Hagelstein, Arlene Gotcher, Jimmy Baggett, Mrs. Steve Coose, Mr. and Mrs. Charlie Applewhite, Mr. and Mrs. Joe Sellers Pierce, IV, Miss Janice Spencer, Jess Marley, Gwynell Walker, Frances Childress, Mrs. Monroe Baggett, Mrs. E. P. Nelson of Floydada, Mr. and Mrs. Gary Garlitz, Mr. and Mrs. James Baggett, Miss Camille Adams, Miss Lucy Harris of San Francisco, Calif., Mr. and Mrs. Lin Hicks, Joe David Ross of Sonora and Miss Sally Baggett.

#### LETTERS TO THE EDITOR:

Dear Editor:  
From letters received from all over the state, there seems to be some confusion as to just what bills were passed that would abolish the office of county superintendent.

First, it is well to keep in mind that the Texas Legislature has the power to abolish the office outright (without an election) in any or all counties.

Secondly, they also have the power to change the laws to allow the people of any county to vote to abolish the office, if the people see fit to do so.

I wrote and submitted two bills to the 57th Legislature:

Bill number one, S. B. 192 by Schwartz, permits the people of any county to abolish the office by local option election which must be called on petition of 25% of the voters that participated in the preceding governor's race. (only 20% required in counties of over one hundred thousand population).

Bill number two, H. B. 483 by Gibbens abolishes the office outright in Young County (my county) without an election.

Both bills passed both Houses, have been signed by the Governor and will go into effect as law by

#### NOTICE OF

#### REWARD

I am offering

\$500 Reward

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.

Billy Mills  
Sheriff, Crockett County

September 20, 1961.

Any such office abolished by whatever means will cease to exist at the end of the present office holder's term.

Besides these two bills, I gave my support to other outright abolition bills for various counties that were introduced by several members of the legislature.

It is to be hoped that passage of these two bills will help to com-

bat the growing cynicism among both voters and legislators about our democratic processes; on the one hand, it will prove to the voters that useless offices can be abolished; on the other hand, it will prove to members of the legislature that not all voters are interested in solely selfish self-interest legislation.

Accurate and Complete

# RANCH RECORD

Are More Important

Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

## THE STOCKMAN RANCH RECORD BOOK

Enduring styling

Cadillac styling has always been styling with a purpose. Even Cadillacs of 5, 6, or 7 years ago are instantly recognized and respected as Cadillacs. This continuity of styling—rather than change for change itself—has been

an important factor in maintaining Cadillac's famed resale value. The 1961 Cadillac is designed to enhance Cadillac's fashion leadership among the world's fine cars . . . and to protect your investment for years to come.

**OLD HOME WEEKEND**

General of the Army Douglas MacArthur returned once more to Manila — this time to honor a stable and prosperous Philippine Republic on the 15th anniversary of its independence on July fourth. This second triumphal arrival in the Islands — and his first visit to the Orient since President Truman fired him as Supreme Commander of the UN Forces in the Korean War — was cheered by crowds variously estimated up to two million persons, one of the largest outpourings of humanity ever to honor any man.

With unhappy, still divided Korea at that moment in the throes of the second military take-over of the government of South Korea since the shameful truce of Panmunjon, the 81-year-old General told the Philippine Congress that US failure to finish its job was "a major disaster to the free world". "With victory within our grasp, and without the use of the atom bomb — which we needed no more than against Japan", he declared,

"we failed to see it through."

While we could then have destroyed Communist Chinas war machine "for generations to come" she was allowed, he said, to develop the military juggernaut that threatens the whole of Asia.

In the Philippines, it was a Glorious Fourth. Here at home it was more subdued — perhaps reflective. Throughout the long weekend, the wail of ambulances drowned out the sporadic fire-cracker.
