First Church To New Building Open House Sun.

Public Invited To Visit Plant From 2:30 To 5 Sunday

Show off its new educational completed early this year, improvements that have been made to the entire interior, First Baptist of Ozona will observe open house Sunday afternoon, Sept. 17, from 2:30 to 5 p. m., with a cordial invitation extended to the public to visit the church during the

of our leaders have been looking forward to this "unity," Rev. Harry Trulove, declared. Since the completion of the east wing, members Brotherhood have done some painting and painting in other of the church plant.

October will be the beginning of the church year for our families, we want to share with community the facilities God provided through dedicated service," Art Dobbs, minister of the church, added.

Visitors are invited to enter the church during the hours, where they will be given a suggested tour through the building. Following this routing all facilities of the church will be covered. Visitors will be in each department to explain how the area is being used.

The east wing educational addition was completed early this year by the Brewer Construction Co. Plans were drawn by a Lubbock architectural firm, Brasher-Gozzard, to contain a suite of offices, departments for Nursery and Junior department of the school. Space was also included in the new area for a young couples department.

The church building committee composed of fifteen members: Mrs. P. L. Childress, Mrs. Mitchell, Ira Carson, Ernie Dunlap, Roy Thompson, Low-Mittleton, Gordon Aikman, Ben Adams, Thadd Tabb, Troy Williams, Doyle Perdue, Ted Lewis, Malone, A. C. Hoover and Ernie Dunlap. This group was divided into three committees, finance and construction. Without their faithful leadership and the dedication of all the people the task would have been impossible," Rev. Trulove added.

Defense Clicks As Lions Score 26-0 Over Coahoma

Victory Evens Season Record At 1-1; Defense Stubborn

By Ernie Boyd

Ozona Lions, rated no better than an even chance, shocked homesteading Coahoma Bulldogs 26 to 0 in Coahoma last week to break into the win column and set their season record at one win and one loss.

Jake Short, Former Ozonan, Died Friday; Funeral In Bandera

Funeral services were held Saturday in Bandera for Jacob Lindsey (Jake) Short, 58, a former resident of Ozona, who died in a Kerrville hospital Friday after an illness covering a period of two years.

Services were conducted from the Tummley Funeral Chapel in Bandera with burial following in Bandera cemetery.

Mr. Short, who with his wife, the former Floy Clare Stewart, lived in Ozona for a number of years in the late twenties and early thirties, had ranched for a number of years in the Vanderpool area of Bandera county. The couple ranched near Dryden for a time after moving from Ozona.

Mr. Short had been ill since November of 1959 when he suffered a stroke.

Surviving are the widow and two brothers, Joe Short of Bandera and Les Short of Vanderpool. The couple had no children. Mrs. Short, who was ill at the time of her husband's death, was brought to the Crockett County Hospital for treatment. She is a sister of Mrs. Floyd Henderson of Ozona and of Mrs. Scott Peters of Austin, formerly of Ozona.

Double Header Football Schedule At Lions Stadium

B Team-Rankin Game At 5:15; Junior Cubs vs Sonora at 7

By Ernie Boyd

The 1961 football season will get under way in Ozona this afternoon and tonight with a football double header scheduled for Lions Stadium.

The opening kick-off for the home season will take place at 5:15 this afternoon when Coach Brooks Dozier's freshmen and sophomores take on the Rankin first and second year men in a B game, the first for each group.

Coach Dozier has between sixteen and twenty boys with whom he has been working for the past two weeks but like the varsity a number of the boys will be engaging in organized play for the first time.

Beginning at 7 p. m. Coach Chick Womack's Junior High Cubs will face the Sonora Ponies in a return match seeking to even the score following last week's 14 to 6 defeat at the hand of the Sonora crew in Sonora.

The Cubs will be rated a good chance to get revenge in view of the course of last week's contests, which saw the Sonora crew get two scores in the first five minutes, and then get blanked and soundly outplayed to the balance of the contest.

The Cubs have spent most of this week polishing their offense which will find Bill Carson at quarterback, Pon Seahorn and Ronnie Mason at half-back and George Cox at fullback.

The B team will start George Kyle at quarterback, with Bryan (Continued on Page Three)

Few Good Reserved Seats Still Available For Football Season

Ozona football fans were advised by the High School ticket office that some twenty to thirty good reserved seats are still available to anyone who would like to have them.

The book of five tickets in the reserved section goes for the same price as general admission tickets but entitles the holder to a sure seat in the best section in the grandstand.

The school benefits by the sale of such seats by being assured in advance of a good sale at the gate regardless of the team's record or weather conditions at the time.

Lion supporters who do not have season tickets may get them by calling or going by the High School and purchasing them.

Atomic Age Attack May Soon Eliminate Losses From Screwworms In Southwest If Producer-Launched Move Is Success

A move to bring about the end of the screwworm in the Southwest, one of the biggest scourges to the livestock producer, is rapidly taking form and within a short time ranchmen of Crockett county will have an opportunity to contribute to a producer-donated fund toward accomplishment of the objective.

Recently formed at a meeting of livestock and agricultural organizations in Austin was the Southwest Animal Health Foundation which is to receive and distribute funds for education and research in screwworm control. A temporary board of six members was named to serve until permanent organization is completed.

A member of this board is T. A. Kincaid, Jr., of Ozona, former president of the Texas Sheep & Goat Raisers Assn., who is representing that organization on the board. The goal of the foundation is ultimate elimination of the screwworm in the Southwest, a possibility through use of the irradiation technique of sterilization developed by scientists and used to eliminate the screwworm from Florida and east of the Mississippi river.

A first gun in the coming campaign to raise the first 3 million dollars from producers, to be augmented by state and federal funds, for the massive drive to eliminate the pest by sterilization of male flies by irradiation is the following article written by Mr. Kincaid. Another timely article appeared in last week's issue of the Saturday Evening Post describing the research and techniques which brought about the successful elimination work in Florida. Mr. Kincaid discussion of the project follows:

Texas and other southwestern livestock producers are probably entering the last twelve months period of losses due to screw worm infestation of their animals.

The word "probably" is heavily underscored.

To say the least the southwest ranchman has within his power the means whereby the screw worm fly can be eradicated from this area.

Losses caused by screw worms, originally claimed to have been imported from Texas, precipitated a movement by Florida cattlemen, in co-operation with the Entomology Research Division of the U. S. Dept. of Agriculture, which resulted in complete eradication of

Ozonans Contribute To Hurricane Relief With Money, Clothing

Ozona civic organizations, women's clubs and the local chapter of the American Red Cross combined forces this week to man a drive for donations of clothing and money for the relief of victims of hurricane Carla on the Texas coast.

With a death toll of around 31, mostly from tornadoes spawned by the hurricane over land, and property damage into the multi-millions, Red Cross and relief agencies are faced with a gigantic task in rebuilding and rehabilitation in the storm ripped area.

Ozona residents responded liberally to the call for donations of clothing and the first shipment of several boxes of used clothing was dispatched by truck Wednesday morning. The Red Cross chapter is accepting contributions to the hurricane relief fund. Donations may be left at the Crockett County Water District office or at the Ozona National Bank. Donations of used clothing may be left at the Perner building at the downtown highway intersection.

Border Patrolman Seriously Hurt Sunday In Highway Accident

Patrolman Inspector L. L. Carter, stationed for the past several years at the Ozona Border Patrol station, is in Brook Army Hospital in San Antonio suffering from a broken back and complete paralysis as the result of a highway accident Sunday morning 28 miles north of Del Rio on Highway 277.

Inspector Carter was traveling in the Border Patrol Jeep station wagon toward Del Rio when the vehicle struck a bridge and turned over. The patrolman said that he was crowded by an on coming truck and smashed into the bridge railing. The Jeep caught fire after it came to rest but the Border Patrol officer was pulled from the wreckage by a passerby.

Inspector Carter, his wife and two sons have lived in Ozona for the past three years.

Top-Rated Bronte Guests Of Lions In Home Opener

Longhorns Boast Top Passer In State In Class B Teams

By Ernie Boyd

The Ozona Lions will open their home season Friday night at 8 p. m. when they face the Bronte Steers in a game which finds the home team rated as the underdog.

Bronte, even though in class B, has been a power team the last few years and with their single wing attack paced by star tailback Dee Arrott will be favored to whip the Lions for the second year in a row.

Failure to make any of their extra points last year cost the Lions at least a chance to tie the Longhorns as they dropped a 28 to 24 decision which saw the Bronte team in the lead all the way.

Coach Fred Hickman told his charges this week that unless they wanted to play football the power-laden Longhorns would probably run the Lions out of the stadium.

On the brighter side of the picture, the Lions showed a great deal of improvement and fire in their game with Coahoma last week and barring further injury this week should be ready for a top effort against the invading Steers who had a win over Ozona as one of their 1961 aims.

The Lions will once again have to set their defense against a rather seldom-seen attack. Last year the Lions played one of their poorer games against the Steers possibly thinking a top effort would not be needed against the class B opponent. This year's Lions will not be under any such delusions.

The top flight line play of Lions Penn Baggett, Robert Cox, Darrel Rasberry, and Hal Long sparked the defense last week and at least equal efforts plus some stellar play from all of the balance of the front line plus the linebackers will be needed this week.

The Lions, even though bruised from rather rough play last week, emerged without injury and should be at top strength this week if (Continued on Page Three)

Two Crockett 4-H Club Record Books Be Judged For State

Frank Childress, Crockett County 4-H Club Member, won first place with his 4-H record in sheep and goat work in the district judging just recently completed. Bill Jacoby qualified for state judging with his record entered in Santa Fe Achievement. These two records are being judged this week at Texas A&M College in the state judging.

Five junior 4-H members received four first places and a second in district judging with their 4-H records. Receiving blue ribbons were David Jacoby, Rex Bland, Jack Applewhite, Duwain Vinson, and receiving a red ribbon was Eugene Vinson. District is as far as Juniors go in competition.

Jack Cox To Be Speaker At Meet Of Firemen Here

Breckenridge Oil Man, Conservative To Be Here Oct. 14

Jack Cox of Breckenridge, Texas, who as a candidate for Governor of Texas in 1960 against the strongly entrenched Price Daniel Democratic party machine polled a startling 619,000 votes, will be the principal speaker when the Hill Country Firemen's Association holds its semi-annual convention in Ozona on October 14.

Mr. Cox will speak at the High School auditorium at 11 a. m. Saturday, Oct. 14, and the public is invited to hear this gifted speaker and conservative thinker.

Mr. Cox recently shook Texas Democratic circles with his announcement that he "can no longer support nor be a part of the Democratic party under its present leadership and political platform" and that henceforth he would devote his efforts and dedicate whatever talents he might have to assisting the Republican party "in its fight to restore constitutional government."

"In recent years, over and over again, long time Texas conservative Democrats have refused to surrender their constitutional rights to the Harry Truman-Adlai Stevenson - Walter Reuther - Eleanor Roosevelt dominated Democratic party demand for blind loyalty," Mr. Cox said in announcing the switch in political party affiliation.

For over a decade, Cox said, "thinking Texans have been faced with the dilemma: Customary blind loyalty to the Democratic party regardless of platform or leadership, vs the historical and fundamental principles of government on which Texas and these United States of America were originally founded." The Democratic party leadership of today, he said, is "dedicated to a course which can lead only to the destruction of the basic political and civil rights guaranteed by our constitution."

Delegates from the fifteen towns composing the Hill Country Firemen's Association will be here for the convention, local fire department spokesmen said. There will be a barbecue supper and dance Saturday night at the country club which will be open to the general public.

The Ozona Volunteer Fire Department, which will host the convention, has estimated that \$700 in free-will donations will be needed to finance the convention.

South Elementary P.T.A. In First Meeting Of Year; has 121 Members

The South Elementary P. T. A. held its first meeting of the 1961-62 school year in the South Elementary auditorium Tuesday night with a large group present for, a short business meeting and a get-acquainted social.

Sixty-two members of the organization were present during the business meeting which was presided over by this year's new president, Mrs. Carmen Reina.

Mrs. Lucian Sanchez was elected treasurer by the group following the recent resignation of Mrs. Robert Goforth.

Principal Ernest M. Boyd told the group that South Elementary currently had its largest enrollment in the past decade and possibly had its largest enrollment in history this fall with some 317 pupils now enrolled from kindergarten through the sixth grade. Mr. Boyd also introduced two new teachers on his staff Miss Joyce Stegemoller who teaches second grade and Miss Genievieve Posge who teaches in the sixth grade.

The chairman of the membership committee reported to the group that 121 members had joined the P. T. A. already this fall with others expected.

Due to conflicts encountered on Tuesday nights the group voted to return its meeting date to Monday beginning with the next meeting scheduled in October.

P. O. SUBSIDIZES COMMUNISM

In days of crisis, such as we are all sweating out, our Congress should not even consider adjournment. It is understandable, of course that with a Congressman, re-election may be regarded as something of a crisis, too. But even so, we suspect the incumbents would impress the voters far more by maintaining a watch on the Potomac than by running home to kiss babies.

And should they decide on the course of patriotism and statesmanship, there will be plenty to do. One important matter, but which should require little time for study, would be to pass the bill just submitted by Rep. William H. Harsha, Jr., of Ohio, to ban Communist "literature" from the US Mails — and thus protect the babies they kissed a few years ago.

This is the stuff that the House Committee on Un-American Activities has found is being shipped by the ton from Russia to some 40 American ports of entry where the US Post Office is now required by law to pick it up and deliver it free to the high school and college youth of America whom it is designed to destroy.

At just one of these seaports, New Orleans, US Customs officers in a 12-month spot check counted "at least 300,000 packages of Communist propaganda destined for schools and colleges in the US". Even larger quantities, they said, came in through other ports. New York reported seven million pieces in a year; San Francisco, more than 17 tons in a single week!

There have been thousands of innocents hanged in the cruel course of history. But the United States is probably the first that has been required to provide its own rope.

WHEN SILENCE IS CRAVEN

"In Washington, men in high places in our government are pressing for recognition of Red China," writes Lyle H. Munson in his trenchant and widely-quoted Book-mailer News. "They plan eagerly to wait until the Congress has adjourned and removed itself from the Capitol to announce their intent to agree to seat Red China in the General Assembly of the UN."

"I say to you that the only way that the 600 million slaves of Red China want Mao recognized is in Hell — before they are, themselves, dead of starvation and overwork." To verify this for himself, Mr. Munson invites the reader to peruse any of four current Book-mailer volumes: Black Book on Red China — by Edward Hunter, Competitive Coexistence — by Rodney Gilbert, Continuing Struggle — by Richard Walker or his own latest book on Quemoy, Who Will Volunteer?

Cody Funeral Home Funeral Directors Funeral Service Ambulance Service Insurance 392-2131 - Ozona, Tex.

"The Sentiment of the American people clearly opposes recognition of Red China," he says. "Further, our elected representatives in Congress have in written resolutions repeatedly their collective opposition to recognition."

"Yet, men appointed (and not elected) to the offices they violate, persist in pressing for recognition. Are they so undiscerning of the will of the American people? Or, are they completely disdainful of the sentiments of the voters?"

"Our spokesman at the UN (Adlai, of course) is quoted as being persuaded that recognition of Red China by that society is 'inevitable' and that he is disposed to go along. I say to you that if he can not bring himself to document the case for opposition, then let him retire, incoherent and in disgrace, to the prairies of Illinois. Good and kind people there will feed him and tend the needs of his infirmity."

"And if the President of the United States be so majestically unconcerned with the revulsion of his citizens, and so totally under the spell of his advisors, then let him forthwith petition his elders that a regency be set up for him for the balance of his elected term. In recent days, his advisors have even suggested that the United States itself propose the seating of Red China, on terms theoretically unacceptable to Mao. They would have us stand naked before the world in the indecency of our national immorality."

"The reputation of America, like the US Treasury, is guarded only by the public conscience. Our citizens are not sheep to be sheared; they are watchdogs of our freedom, and our honor."

"The President of the United States may lead public opinion; or he may follow it; but he cannot ignore it."

"Those who presume to speak for us hold us in contempt; if we remain silent, the whole world will hold us in contempt."

The man we quote is one whom General Washington would ask to stand guard tonight. And Congress, if it shares his spirit, will not oblige the White House janssaries by giving up the national stage to their carefully rehearsed seduction scene.

Area Army Reserve Unit Begins Training

The night of Tuesday, September 5, saw the Ozona-Junction-Sonora-Eldorado United States Army Reserve Unit go into its first "Cyclic Training Period" with three senior non-commissioned officers from Sonora as instructors.

Sergeant Bobby J. Granger instructed the Scout Section on "Radio Operations and Maintenance". He was assisted by Sp-4 Daniel Rios of Ozona.

Sergeant Charles L. Haines instructed the Support Section on "Turret Familiarization of the T-46 Tank" with which the 4th Reconnaissance Squadron is equipped. Sergeant Harold A. Schweinert also of Sonora was Sergeant Haines' assistant.

Sergeant James H. Skinner instructed members of the Tank Section on "Operation of the Caliber 50 Machine Gun including Head Spacing Techniques." He was assisted by Corporal Howard Huereca of Ozona.

It was the first drill in the month of September for the Army Reservists, last drill occurring August 22, at which period Sp-4 Jackie Hefferman of Eldorado instructed on Chemical, Biological, and Radiological Warfare.

A2-C and Mrs. Shaun Finn are parents of a daughter, Sherry Lee, born September 7 at the Crockett County Hospital.

DR. H. B. TANDY MEMORIAL FUND

List of donors to the Dr. H. B. Tandy Memorial Fund since September 5th:

Garden Club Opens Season With District Governor As Speaker

Ozona Garden Club opened its new club season Monday when it met in the home of the club president, Mrs. A. S. Lock. Mrs. O. D. West was co-hostess.

The club's theme for the year is "Gardens Are For People." Mrs. Lock opened the meeting with an inspiring address of welcome and outlined plans for the year.

Mrs. Bailey Post was program leader. She called attention to the Live Oak Park, the triangle on west Highway 290, which is a project of the garden club, and noted improvement of the park under the club's care.

Mrs. Post introduced the guest speaker, Mrs. H. B. Horn of Del Rio, District 8 Garden Clubs governor. Mrs. Horn chose as her subject, "Why I am a Garden Club Member and My Interest in Junior Gardeners."

Committee chairmen for the year

are Mrs. John Childers, president; Mrs. Perry Hubbard, treasurer; Ralph Jones, membership; Hudson Jones, social; Mrs. Tom Baggett and Mrs. Tom Baggett, telephone; Mrs. Joe Clark, secretary; Mrs. Stephen Perner and Mahlon Robertson, book manager; Mrs. A. S. Lock, liaison; Mrs. Floyd Henderson, Live Oak Park, Mrs. Bailey Post, club projects; Mrs. Glenn Sutton, Mrs. W. T. Bradford; Charles lighting; Mrs. Max Coleman.

(Continued from Page One)

had a rough time getting against the Bulldogs. The drive bogged down, a high snap to the kick in Ozona territory gave the Bulldogs a chance to go ahead. The team out fished the team out in, and the contest was in doubt, as the Lions yards for their first score. Montgomery, Pete Montgomery and Phil Carnes took turns in the Canine defense all the three yard line from the Montgomery circled for the score and then tackled for two points to score 8 to 0.

lost two other chances before the half when they bogged down inside the 10. The first missed opportunity when Carnes faked a pass and his way down field yards to the 11 yard line being overtaken. The Lions ball down to the four sloppily offensive play and five 15 yard penalties in the Lions, stalled the time running out in the half the Lions once again deep into Bulldog territory, effort went astray as time

third quarter was scoreless as the less the Lions second drive got well under way the last stages of the with a completed pass from to Pete Montgomery leaving ball on the Coahoma 17 line as the teams changed the field.

the second play of the last Carl Montgomery crashed from the 11 yard line for the The effort to run over the was just shy. Lions lost one touchdown on the penalty route soon after second score, when a pass Phil Carnes to Hal Long resulted in the Lions fleet wingman facing the opposition 60 yards score, only to have the play out by a penalty.

Lions wasted little time adding more scores as first Pete Montgomery crasher to end drives for Lion final Lion marker came after Coahoma crew picked up its second half first down. The life came on a 30 yard pass against the Ozona re. The new life was short however as Robert Cox leap the center and stole the Lions moved quickly for the score with a 15 yard penalty unsportsman like conduct of great aid and also a great to the Lion followers who

had been the only ones able to see the extra-curricular activities being carried on by the home team. Statistic wise the Lions had all the best of it with 20 first downs to 3, 377 yards rushing to 51 for Coahoma and four scores to none for the Bulldogs.

In addition the Lions completed 3 of 10 passes for 41 yards to 4 of 7 for the Bulldogs who picked up 43 yards as a result. Neither team intercepted a pass and each team lost the ball several times on fumbles, the Lions twice, and the Bulldogs three times.

Carl Montgomery had a nice punt average getting off two kicks which averaged 45.5 yards per kick, while the Coahoma bottlers got off five kicks for an average of 29.2 yards.

Bronte Here —

(Continued from Page One)

the loss of Bobby Tabb for six weeks before last week's game is not considered. Phil Carnes, Pete and Carl Montgomery will bear the brunt of the offensive load as well as shouldering a tremendous part of the defense this week since, in addition to defending against the Longhorns powerful running attack, they will be facing one of the states' top passers this week.

Facing a rather impotent May team last week, the Steers scored three times early in the first quarter and coasted to an easy win. May had been at practice only two weeks in addition to being a bit short handed this season but none the less the Bronte team seemed very strong.

Ozoma will be seeking to extend a home winning streak which extends back to the Stanton game two years ago and with the fire and determination shown thus far by the Lions there would seem to be some chance they might spring an upset this week.

The Lions will start a defensive unit composed of ends Hal Long and Jimmy Semmler, tackles Penn Baggett and Robert Cox guards Charlie Bingham and Darrel Raspberry with line backers Phil Carnes and Pete Montgomery halfbacks Brent Moore and either Leroy Cooper or Gary Studdard and safety Carl Montgomery.

On offense the Lions will have Studdard and Long at ends, Raspberry and Baggett at tackles, Bingham and Joel Huff at guards Cox at center with the backfield composed of Carnes, Pete and Carl Montgomery and Moore.

Double Header —

(Continued from page one)

Montgomery and Dub Scrivner at halfbacks and Nino Tambunga at fullback.

The starting line for the B team will probably include ends, Sammy Cervantez and Billy Bowman tackles, Bobby Amthor and Bernabe Villareal, guards Morgan Tolle and Jimmy Moore and center Joe Chapman. A number of others who will see action on defense or spelling offensive starters are: Robert Sanchez, Alejos Tambunga, and Jesus Arredondo.

In the Line for the Jr. High Cubs will be ends Steve Davis and Tom Chipman tackles; David Lewis and Wyn Saunders, guards; Sandy Stokes and Billy Hicks and center Charles Farris. Others to see a lot of action are: Larry Williams, Charles Montgomery and Gary Sutton.

Lindsey Hicks is in a San Angelo hospital where he is under treatment following an attack of pneumonia.

Notes From The County Agent's Office

By Pete W. Jacoby

Pecan scab is a fungus disease which causes the pecans to drop prematurely, says Harlan E. Smith extension plant pathologist. It is most serious, he adds, on susceptible varieties in East Texas and areas near the Gulf and damage is most severe in years of above normal rainfall.

The disease appears on the lower leaf surfaces as olive-brownish spots which range in size from very small upto a quarter of an inch. On the nuts, scab spots appear as small black dots and are discolored or sunken in appearance. The diseased nuts may drop from the tree before they are ripe, Smith says.

The scab fungus overwinters in infected twigs and in old shucks and leaves on the trees. In the spring, when temperature and moisture become favorable, the

fungus begins to grow and infects young shoots, leaves and nuts when they form. Many generations may occur during each year since the incubation period for the fungus is only 7 to 14 days, says Smith.

In areas where pecan scab is a problem, Smith suggests the planting of only resistant varieties or top-grafting susceptible tree with resistant varieties. Preventive spray programs will also help control the disease and certain cultural practices may help, he adds.

The pathologist suggests that detailed control information be obtained from the local county agent along with a copy of HP-313, "Pecan Diseases and Insects and Their Control."

Herman Carroll, son of Mr. and Mrs. J. T. Carroll of Ozona, recently discharged from the U. S. Navy, has enrolled in the University of Texas at Austin as a pre-med student. Carroll acted as Navy recruiter at the San Angelo recruiting station this summer after his discharge from active service.

Ozoma Members Attend Wesleyan Guild Meet

Mrs. Ted White, Miss Cleona Quiett, Miss Ethel Wolf and Miss Dorothy Price attended the annual fall meeting of the San Angelo District Wesleyan Service Guild Sunday afternoon.

The meeting opened with a luncheon at the Hotel Cactus and all sessions for the afternoon were in the First Methodist Church of San Angelo. The theme of the meeting was "In His Service".

Mrs. White is president of the local Guild and gave her report on the afternoon program. This organization is comprised of employed women and the local group meets once each month. The regular meeting was held last Monday when Mrs. Roy Killingsworth, assisted by Mrs. W. C. Owens, presented a very informative and inspirational program.

FISH-FISH-FISH FOR FELLOW FISH

Last fall the student council had four goldfish put into our fish pond at school. A few days later the fish had all disappeared and it was suspected that their had been "fished."

The following spring, however, they reappeared along with a contribution of lily pads from Janet North and Judy Black.

Now, with the starting of a new year it has been discovered that there are many more goldfish, plus a fat bass and a sneaky catfish.

Observers aren't so sure how long the population will hold out since everybody knows that a bass can't resist those goldfish and catfish love to eat bass. We may just go into the catfish business!

SENIOR RINGS CAUSE CLAMOR AND COMMENTS

Did you notice the hustle and bustle of seniors rushing to the office so early after dinner Thursday of last week? No, they weren't rushing to see the beloved members of our faculty.

The rumor was out that the senior rings had been seen entering the building. Also, if the seniors would bring their money at noon it was rumored that they would be able to purchase the rings. The result was a lot of clamor and confusion in Mr. Sikes' office. He was unable to give any report on the rings, but did say that Mr. Peltto could help the seniors upon his return at 2 o'clock.

The rings were obtained by the eager seniors after Mr. Peltto returned, and all was again quiet in OHS. That is, all was quiet except for the underclassmen having to repeat over and over "Your ring is beautiful. Yes, even prettier than the ones last year." Or else have the rings rubbed to their noses until they were noticed.

WRONG-WAY HARRIGAN? NOPE, JUST FRESHMEN

By Helen McCaleb

If you see a group of boys and girls coming down the hall in a herd or pack you'd better watch out, more than likely they are freshmen.

Being new in the halls of OHS, they cling together for protection from the upper classmen. Of course they have no reason to fear the upper classmen but to the freshmen they are a pack of wolves who prey upon the mistakes of the poor unsuspecting freshmen.

During their study hall they sit with a blank look on their face trying to decide if they should tell the teacher that they forgot their book.

When a new face staggers into your class it's possible that this isn't a new enrollee, but merely a freshman who has got on the wrong floor.

After they find their class, they often discover that they have the wrong book and so they must run back to their locker and the usual clatter of running feet, giggling girls, and slamming of locker doors is heard for at least five minutes after the last bell.

Although the freshmen appear late for every class, there is one time when they are on time. You can be sure that the freshmen are always among the first in line at

the cafeteria.

But after all, weren't all people at one time (or maybe more) freshmen?

CLASSES ELECT OFFICERS AND SPONSORS

Last Wednesday elections were held for officers and sponsors of each class.

The Freshman class elected Joel Huff for their president, Pete Garza, vice-president; Carmen Childress as secretary-treasurer. Coach Fred Hickman and Miss Mildred North are their sponsors.

The Sophomores chose Leroy Cooper for president, Scott Mahon, vice-president; and Andy Elliott, secretary-treasurer. Their sponsors are Mr. Gary Fifi and Coach H. O. Hoover.

Heading the Junior class is Brent Moore as president, Penn Baggett, vice-president; and Kathy Doran, secretary-treasurer. Miss Jean Powers and Mr. M. A. Barber have the job of being sponsors for this class.

Carl Montgomery is serving the seniors as president while Darrell Rasberry is vice-president. Janet North holds the job of secretary and Bill Jacoby is treasurer. Mr. F. A. Moody, Mr. Haskell Leach and Mr. Q. A. Brentz are their sponsors.

SENIORS PREPARE TO "BREAK BREAD" FOR MULTITUDES

Members of the senior class met Saturday to clean the concession stands at the football field.

Present at the morning session were Becky Cullins, Marian Ross, Janet Mason, Judy Black, and Don Nell Carnes. Beverly Alford and Jayne Cole joined the group for the afternoon session.

The boys brought a cokebox, icebox and popcorn machine from the gym and moved them into the concession stands.

The girls washed the concession stands from ceiling to floor in hopes of clearing out the cobwebs, dust, and various insects.

At quitting time Mr. Moody, senior sponsor, gave the concession stands the "white glove" test.

The concession stands will be opened Thursday for the junior high game and also Friday night for the high school game.

Remember the Senior class when you go to any future football and basketball game or track meet. Eat at the concession stands — the concessions will be clean, delicious, and enjoyable.

ENCOURAGEMENT PAYS OFF!

By Janet Mason

It seemed that everyone including the cheerleaders, band, twirlers, townspeople students, coaches and team mates put out extra encouragement for the boys on the field Friday night in Coahoma.

On a fourth down, when the boys needed support they didn't fail to receive it from the Ozona crowd.

When a player came off the field he was not only given a pat on the back by his coaches but he was given much encouragement by his team mates as well as a frequent applaud from the Ozona backers.

During a time out it was anything but quiet.

Either the cheerleaders were leading a yell or the band was playing.

Encouragement does help. Let's give it to them.

THE LINES MAKE THE COLUMN

Bobby Tabb has learned to keep to keep his hands out of other people's way, especially that of football players. Bobby went to football practice on Tuesday of last

week and obtained a broken left hand as a souvenir.

Mr. Morgan had some difficulty retaining his balance at the Coahoma football game Friday night. While he was preparing to direct a tune, the grandstand crowds began cheering excitedly and he turned to see what was happening on the field. As he did so, he lost his footing and fell solidly a short distance to the ground.

Also at the Coahoma game, Cheryl Clayton's twirling baton slipped from her group and struck a sound blow on her head. Something of this sort happened at the Ozona-McCamey game two weeks ago when Glenda Friend swung her baton and accidentally hit Peggy Harvick. Anyone for helmets?

Study halls in O. H. S. this year

are bulging with an excess of students. Either the students are getting more studious or becoming increasingly plumper and thus taking up more space.

Some of the younger study hall members have had difficulty trying to tell time by the large clock in the library. Actually, this is no trouble at all for an upperclassman, whose experience with OHS clocks tells him that the clock is seldom more than six hours behind!

Mr. Brentz's physics class is rather cozy this year with only three students — Carl, Darrell and Phillip — presently enrolled in physics.

LIONS ROAR STAFF VISITS STOCKMAN PLANT

Friday afternoon the Ozona High School journalism class, along with Miss Powers, teacher, went to see The Ozona Stockman newspaper office.

Mr. Evert White, the editor, showed them about the building. He described and demonstrated the

series of steps in printing a newspaper.

One of the first things Mr. White showed the class was the way type is cast. Letters are produced by a metal cast on the linotype machine. Proofreading and corrections followed this step before they are made into forms and placed on the big press which prints the paper.

The class saw all of the steps necessary for printing a newspaper.

BAND CALENDARS NOW ON SALE

The annual project of the Band Boosters, the selling of birthday calendars, is here again. The calendars will be on sale until October!

Mr. Morgan, the band director, said that the band will be doing a new show for the first home game, which will be this week. The theme will be a Texas theme, covering everything from the cattle business to the oil industry.

Mr. Morgan stated last week, "The band has a lot of hustle and

fire. They are shaping up so well. He also said that he is proud of the way the band is doing.

1910 - THE OZONA WOMAN'S CLUB - 1960 FIFTY YEARS OF COMMUNITY SERVICE

Past President

Mrs. W. E. Friend, Jr.
1949-1951

W. E. Friend, Jr., was the 19th president of The Ozona Woman's Club, and other officers in her term were Mrs. Low Middleton, first vice-president; Mrs. M. Harvick, second vice-president; Mrs. Neal Hannah, recording secretary; Mrs. Charles W. Pierce, treasurer; Mrs. P. T. Robison, historian, and Mrs. Stephen Perner, parliamentary program chairman. Mrs. Low Middleton and committee planned the year's study around the "Building For a Better Community." The year opened with an assembly breakfast honoring Mrs. Friend the new president, in the home of Mrs. Joe Pierce, Jr., the entertainment committee consisting hostesses. Letters from the embassies were read and the year was prepared from recipes from these countries, with coffee from Italy, tea from England, and fish from France. The International Neighbors idea was carried out with Chinese mannequins, elephants, wooden shoes, from Sweden, steins from many, pottery from Mexico and from Italy as table appointments and party room decorations. Mrs. Friend gave an enthusiastic report on Plans for Buildings a Better Community. Mrs. P. T. Robison gave an interesting report of the District Convention in Florida, and Mrs. A. C. Hoover presented each officer with a corsage and the year with a copy of Robert's Rules of Order.

The next meeting was in the home of Mrs. Max Schneemann, where it was voted to offer awards for the best decorations in the Community wide Christmas beautification project sponsored by the Community Council and the Woman's Club. Also, the club members voted to make a house-to-house canvass of the whole community to raise the \$7,000 needed to complete the furnishing of the new hospital located on the 2nd, 3rd and 4th floors of the County Building. The speaker for this program was Mrs. Wendell of San Angelo, who spoke on the Home as a Center for Community Coordination of Family Living To-Day. Rather than the local Catholic church introduced the speaker, Mrs. L. B. Cox, Jr., sang the Rosary.

Federation Day was observed in October with a 40th anniversary luncheon at the Cactus Hotel in San Angelo, honoring the Charter members of the club with Mrs. Frank Friend, Mrs. A. W. Clayton and Mrs. W. E. West, of San Angelo, and Mrs. W. R. Baggett of Orono present. Mrs. West, Mrs. Hoover and Mrs. Baggett gave reports of the club and its work. Mrs. Friend read several of her poems. After the luncheon the 35 members present were guests of the San Angelo Junior College for a visit to that new educational institution.

American Art work was celebrated with an exhibit of water colors of Texas Wild Flowers by Mrs. Werden Scott of San Saba in the Fellowship Hall of the Methodist Church. Mrs. Werden lectured on the wild flowers of our state and discussed her paintings which were made from fresh flowers and have been widely exhibited from New York to California. She stated that Texas was the only state whose Highway Department plants trees, shrubs and wild flower seed along state highways.

D. E. Hoover Humble Oil and Refining Co., Safety Engineer, was the guest speaker on the program on Public Safety. He used visual aids to illustrate his talk. The meeting was in the home of Mrs. Stephen Perner with Mrs. S. M. Harvick as leader. Mrs. A. C. Hoover was elected delegate to the State convention Nov. 16-18th in Austin.

The American Home was the topic of a symposium held by Club members in the home of Mrs. W. R. Baggett. A rummage sale was held for Dec. 9th and Mrs. Bert Perner gave plans for the Christmas tree lighting in the city park. The Brownie troop sang carols. Mrs. Hoover and Mrs. Robison gave reports on the state convention in Austin.

Christmas was observed in the home of Mrs. V. I. Pierce with a reading of A Pageant of Women of the Bible by Mrs. Stephen Perner, and music by Mrs. L. B. Cox, Jr. Mrs. U. L. Willie of Matador, TFWC Foreign Relations Chairman, was guest speaker for the program on Looking Ahead, which was in the home of Mrs. N. W.

Grabam with Mrs. John Bailey assisting hostess.

For the health programs, in the home of Mrs. Joe Oberkamp the speaker was Dr. Brown of San Angelo, who lectured on the diseases of the heart.

Miss Elizabeth Fussell was added to the club's In Memoriam in Feb. 1950, and the club placed a bronze cross in the sanctuary of the Methodist Church in appreciation of her life and service.

The Ozona Federated Clubs, the Forum, the Literary Club and the Womans' Club presented Dr. Vern Swarthfager of Dallas, in a lecture on Parental Delinquency, at the high school auditorium as a courtesy to the community.

Texas Day was observed in the home of Mrs. J. W. Henderson, Jr., when Miss Eudora Hawkins of the West Texas Utilities of Abilene, presented a color film on The Calvalcade of Texas. Mrs. Friend and Mrs. Robison were elected to attend the Sixth District Convention in Lampasas.

The annual garden party was held in the home of the President with awards made on floral arrangements in antique containers, with history of each Mrs. Joe Clayton showed her movies of her recent visit to the Bellingrath Gardens.

The Club voted to serve the banquet for the Ozona Lions Club to honor the local school football team. Also to sponsor the Spring Community clean-up. Mrs. P. T. Robison gave the highlights of the Sixth District Convention in Lampasas, stating that the Woman's Club received two awards, one first place in the District from the Rural-Urban Committee, for the best report on Community program and service.

The Sixth District president, Mrs. Jeff D. Jackson of Lampasas, was guest of the club in April in the home of Mrs. A. C. Hoover, with three other federated clubs as guests.

The year closed with a program on travel in the home of Mrs. Max Schneemann. Mrs. Ira Carson showed colored slides of her travels in Canada, Mexico and the US. Mrs. Robison was elected as delegate to the GFWC Convention to be held in Boston. The Club voted to sponsor the improvement of the City Park, the Literary Club to aid with planting of flowers, the Forum to replace the shrubs, and the club to replace the bird bath, that was destroyed by vandals.

The same corps of officers were re-elected to aid Mrs. Friend in her second year of office with the exception of Mrs. Joe Pierce, who was replaced by Mrs. Will Baggett, as treasurer. Mrs. Pierce became recording secretary upon the resignation of Mrs. Neal Hannah.

The theme for study was the American Home as a Basic Training Center for World Citizenship, with Mrs. S. M. Harvick as program chairman. New members were Mrs. J. A. Fussell, Mrs. Sherman Taylor, Mrs. Bill Brown, Mrs. Ben Lemmons, Mrs. Troy Hickman, Mrs. Cecil Walley, and Mrs. M. B. Flippen.

The year opened with a breakfast in the home of Mrs. Stephen Perner, honoring the President, Mrs. Friend. Mrs. Robison gave an interesting report from the GFWC convention in Boston, and her visit in the home of the family of Mrs. Joseph Perkins of Eastland, one of the Texas party. She stated there were 7,000 Club women from 16 countries in attendance, and that what we do, and what we could do, would save the world, if we cared. Mrs. Hoover presented each member with a year's subscription to GFWC "Club Women". Judge Houston Smith spoke on the Perils of Being Uniformed on

delegates to the District Convention in Junction. Mrs. Charles Williams was elected delegate to the GFWC Convention to be in Houston. The year's work closed with an installation service conducted by Mrs. Frank Friend of San Angelo, who was an Honorary member of the local club. Mrs. Harvick was installed as president.

The outstanding achievement of Mrs. Friend's regimes as President, was the unusually fine programs presented by many excellently informed out-of-town speakers, as well as interesting and capable local people.

Mary Friend is the daughter of Thomas Albert Kincaid and his wife, Ada Rosalie Drennan Kincaid, a pioneer ranch family of Crockett County. She was the second daughter to be president of

the woman's club, following her sister, Mrs. Lee Childress. Mary Kincaid Friend was born in Ozona, the twin of her brother Ewell Kincaid. She attended the Ozona schools and Hockaday of Dallas, where in her second year she attended that school's European tour and college. She was married to Wesley Edgar Friend, Jr., the son of another pioneer family of Crockett county, in the home of her parents. After living on the ranch a few years, they now reside in the former house of her parents. They are the parents of two daughters, Rosalie, now Mrs. Glen Richardson of Sonora, and Wesley Carl, now Mrs. Tuffy Whitehead of Del Rio. Ms. Friend's first interest has always been her family and Crockett County. She was the second daughter to be president of

the Methodist Church. She enjoys studying on any subject of the hour, especially geology, photography old books and gardening.

Club work was not new to Mrs. Friend where she became a member of the Ozona Woman's Club, as she was a Charter member of The Ozona Junior Woman's Club, and later one of its presidents. She was an active and interested member until her resignation several years ago — and in a note of appreciation following the Golden Anniversary tea, she stated that being a member of the club was one of the nicer things of her life, and being a president was an honor and a wonderful experience.

Stockman Sponsored Bowling Team Wins First; Trophy Awards

The Early Bird Bowling League closed out the summer league season with presentation of trophies to winners.

First place trophy went to the Ozona Stockman team, composed of bowlers Myrtis Semmler, Jo Baby Davidson, Louella Haire and Willena Holden. Second place went to Miller Lane team, including bowlers Liz Williams, Ethel Miller, Lynda Johnson and Cleo Whitefield. Third place winner was Elmore's Gulf Station, with bowlers Eety Allen, Neida Montya, Loretta Eversole and Marge Zunker.

High average individual was Marge Zunker with 170. High series scratch went to Louella Haire and handicap series to Myrtis Semmler. High game scratch was won by Louella Haire and handicap to Cleo Whitefield. Earlene Smith was most improved bowler with an increase of 18 pins and Hi-Way Cafe team won best sportsmanship award.

Team play will begin again next Tuesday at 9:30 a. m. New rules have been made. League dues are now payable and also sponsor fees are due. League play will end April 10, 1962.

LADIES GOLF & BRIDGE

Mrs. Charlie Black was hostess to the Ladies Bridge Club meeting at the country club Thursday. High score award went to Mrs. J. M. Baggett, low to Mrs. LeRoy Zunker and cut to Mrs. Boyd Baker. Other members present were Mmes. Evert White, Coralie Meincke, Early Baggett, Jack Williams, Byron Williams, Sherman Taylor, Tommy Harris, George Bunker, John Childress, Boyd Baker, Lloyd Sherrill, Charlie Black, J. M. Baggett, Joe Clayton, Joe S. Pierce, III, Jack Baggett, LeRoy Zunker, Hugh Childress, Jr., W. T. Bradbury and guest, Mrs. Joe B. Logan.

Mr. and Mrs. Fred Bonn, former Ozonians now living in Houston were visitors during the past week in the home of Mr. and Mrs. Joe Patrick of Ozona.

Flo Darling will be in Ozona at the Boy Scout hut on Tuesday Sept. 19., to enroll pupils for Dance Classes — pre-school thru 3rd grade at 3:00 p. m., 4th grade up when school is out, ballroom pupils at 4:30 p. m.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Sept. 15, 1932

Chalmers Broadfoot, manager of the Popular Variety Store here, probably owes his life to the presence of mind of R. J. Cooke, proprietor of Ozona Meat Market, who Monday morning smothered out flames that had leaped to Broadfoot's gasoline soaked clothing and for a few seconds threatened him with serious burns and possible death. Broadfoot was burning a horde of small black bugs that had gathered during the night under the street light in front of the store and gasoline which had sloshed on his clothing caught fire.

Adelia Willis, daughter of Sheriff and Mrs. W. S. Willis, who has been fighting death at close quarters for the past several days, was reported this week as being considerably improved. The child accidentally stuck a pair of scissors in her knee and complications which arose later necessitated an operation performed by F. T. McIntire.

For the first time in many months Ozona was without mail of any kind yesterday. The recent unpredecated heavy rains have delayed transportation of the mails. L. C. Lynch, mail truck driver, turned back to Ozona after finding the Ozona-Barnhart road impossible to traverse Wednesday.

Seven inches of rain and it's still raining. That's the record in Ozona for the past week. The sun has been able to shine only about two days during the week and from a half to two inches of rain falls each day.

An editorial prophecy of 1932—a Stockman editorial began: "Ozona has been lucky during the past week when torrential rains were falling all over the southwest, putting rivers and draws out of banks, resulting in loss of human life and millions of dollars in property damage.

"Two draws come together in Ozona, each one of them draining a wide section of territory to the north of the city. Either one of these draws is capable of over-

flowing parts of the residential sections of Ozona but should both of them reach flood stage at the same time, most of the town of Ozona would be under water." Those who remember June 28, 1954, will testify to the accuracy of the above premise. The 1932 editorial went on to urge flood control on the draws — something that happened after the 1954 disastrous flood which cost 16 lives and did an estimated 12 million dollars in property damage.

A decline of 19 pupils over the record enrollment of last year was noted in enrollment figures for Ozona schools Monday morning.

Arrangements have been completed for the canning program sponsored by the local Red Cross chapter for the relief of depression sufferers. Mrs. Lon Freeman will supervise the canning program which is to be carried out in the grade school.

Anticipation of the action of the State Legislature in passing Governor Ross Sterling's proposed measure by which the state would assume all outstanding road bonds of counties, the Crockett County Commissioners Court this week lopped off 40 cents on the \$100 valuation in county tax rate.

Mr. and Mrs. Cecil Hubbard are the parents of a daughter born here Wednesday morning. Mr. Hubbard is employed in highway work in this county.

Mrs. George Montgomery, Helen and Vic Montgomery left the first of the week for Fort Worth where Vic will enroll as a student at T. C. U.

Phillip Lee Childress will leave soon for A&M College where he will enroll for the 1932-33 term.

Bill Conklin has returned from a visit with his parents, Mr. and Mrs. P. P. Conklin of Lamesa. Mr. Conklin is a member of the University of Texas land surveying crew.

Bowling League Begins Fall Season Sept. 21st

The Millerette League will start the new fall season next Thursday night, Sept. 21, 6:15 p. m. There will be a business meeting and awarding of trophies before league play begins. Captains are urged to have their sponsor fees ready and to remind team members the league dues of \$2 must be paid before bowling begins.

CROCKETT COUNTY HOSPITAL MEMORIAL FUND

List of donors to the Crockett County Hospital Memorial Fund since September 5th: Mrs. N. W. Graham in memory of Mrs. Elsie Fincher.

Mr. and Mrs. Newell Waters were visiting friends in Ozona this week on their way home to the Texas Rio Grande Valley. Mr. Waters visited Ozona frequently some fifty years ago, visiting an aunt, the late Mrs. Walter Childress, and family. He is retired and the couple recently completed a tour of the Holy Land and points in Europe.

Week of Prayer to Be Observed By Calvary Woman's Missionary

Members of Calvary Baptist Church Women's Missionary Society met at the church Tuesday morning in their first meeting of the Mary Hill Davis Week of Prayer.

Mrs. W. O. Strother presided as prayer chairman in the absence of Mrs. Leon Dowdy.

The Week of Prayer will be observed all this week, meeting each morning at the church at 9 a. m.

Present for the Tuesday morning meeting were Mrs. W. O. Strother, Mrs. Lonnie Dorris, Mrs. Carl Hedrick, Mrs. Henry Felix, Mrs. Kenneth Polston, Mrs. Bob Stephens, Mrs. H. C. Cornelius, Mrs. Jess O'Rear and Mrs. Hugh Stiles. A program was presented before the church Wednesday night.

New officers elected for the coming year are as follows: Mrs. H. C. Cornelius, president; Mrs. Kenneth Polston, vice president and

enlistment chairman; Mrs. Jess O'Rear, secretary - treasurer; Mrs. Carl Hedrick, program chairman; Mrs. Hugh Stiles, Bible study chairman; Mrs. Irene Stiles, prayer chairman; Mrs. Bob Stephens, Mission study chairman; Mrs. E. C. Alford, Stewardship chairman; Mrs. Leon Dowdy, community mission chairman; Mrs. Henry Felix, reporter; Mrs. Carl Hedrick, G. A. Leader and Mrs. Hugh Stiles, Sunbeam Leader.

OZONA STOCKMAN

Worms —

Continued from Page One)

laying host to a horde of worm flies?
 Take stock for a few minutes. Suppose you are an average Texas ranchman, operating a large size ranch on the Edwards Plateau. More than likely you operate about 8,000 acres of the world's best natural livestock for the purpose of this discussion say that you own about 100 head of breeding ewes, 750 head of good Angora does, and a well divided operation add 100 head of grade commercial cows. Maintaining sufficient numbers of pure-breds is one of your major investments. About 50 rams, 200 top Angora bucks and 100 or more registered bulls are listed on your inventory. These sires alone cost you \$6,000.00.

Because of the normal belligerent nature of male animals and their daily wound causing fights, become prime candidates for worm infestation. You know by the cost of rams, billies and bulls whose services were lost

because of death or impairment due to worms.

How many man days of labor did you pay for, or perform yourself just riding a horse from daylight on, doing nothing but looking for wormy animals. How many gallons of expensive spray, screw worm medicine and teale do you buy each year? A report from the Ranch Experiment Station at Sonora states that from the start of the screw worm season this year, up to and including August 30, 1961, fourteen per cent of sheep at the station had been infected. The report estimates that this figure could reach 28 to 30 per cent by late fall. This happened to probably the best cared for flock in West Texas.

The money you paid out for this labor and medicine bill is no doubt your most unprofitable investment. It is non-productive labor of the first class. How much better your ranch would be if those man hours could have been spent reseeding a depleted area, or repairing a fence that had to be neglected because of the knowledge that worms will surely kill an animal in a few days. And, work as hard as you can, if your ranch operation is average and located in an area that is somewhat rough and brushy, you just can't find all the wormies. Many crawl off into the darkest place they can find and die without ever having been seen; and rumors abound regarding some so and so who must be stealing from you, or was it your neighbor that thinks this is happening to his stock.

What is being done about this problem in Texas? How can you help? How will it benefit you?

The Entomology Research Division, U. S. D. A. has developed a program in which screw worm flies are raised in a laboratory, sexually sterilized by being subjected to gamma ray irradiation while in the pupae stage, and after reaching maturity are released over areas infested with wild native flies. The sterile male laboratory fly competes with the native male in mating with native females. The female screw worm fly mates only one time during her life, and those mating with sterile males produce no live larvae. Maintaining a high concentration of sterile males will soon result in eradication of the species. Procedures involved in the opera-

tion are quite technical. A visit to the Kerrville, Texas Entomology Research Laboratory, or a talk by Dr. R. C. Bushland, the Director of that facility can be most enlightening. Both alternates are highly recommended.

Techniques and facilities developed and operated by these scientists eradicated the blow fly from Florida. The same people using newer and improved methods can eradicate this pest from all of the United States. For a starter they want to try Texas and the Southwest, from Brownsville to El Paso along the Rio Grande and along the Franklin and Sacramento mountains of New Mexico.

It is going to take money. Quite a large sum of it. But not as much to rid the state of the fly over a two year or three year period as Texas cattle men alone lose each year to screw worms. The Federal Government has expressed a willingness, even an enthusiastic desire, to assist in the program, but most definitely they are not going to do the job for us. We must have producer funds to start with.

To accomplish this very thing, representatives of about thirty Texas livestock and farm organization met in Austin on August 28th and organized the "Southwest Animal Health Research Foundation." This is to be a non-profit organization for the purpose of soliciting, accepting, and disbursing producer funds; to foster research and educational programs in animal health, diseases, insects and parasites. Eleven categories of livestock producers and related businesses will be represented on a fifteen man Board of Trustees. An initial goal of three million dollars of producer funds will be sought. At first glance this may look like the Bank of England to many but lets look at the gambling spirit of the founders of this industry. You are asked to bet \$3.00 against a guaranteed return of \$50.00. No such favorable odds faced the Texas ranchman of the 1880s and 90s.

Look again at the cost on a per head basis, using the 1959 preliminary census of livestock numbers in Texas: 8½ million head of beef cattle; ½ million dairy cattle; 237,000 horses and mules; over one million hogs; more than 6 million sheep; 3½ million goats, and practically every last animal of them a potential screw worm

victim. To adequately finance the producer share of the program would require a voluntary donation of 50c per head on cattle and horses and 10c per head on sheep, goats and swine. To achieve the three million dollar goal would require the participation of the owners of little more than half the Texas livestock. The sportsmen of Texas have a vested interest in seeing this program carried to a successful end. The city dwellers that never owned an animal but are avid hunters. And the city people who own pets. All animals are susceptible. Possibly thousands of deer lose their lives to screw worms each year. Every game animal that receives a wound during the fly season more than likely dies because they are not doctored. Increased game too may mean additional income for land owners.

Is a request for producer participation by donating funds for the eradication of screw worms too much to ask for peace of mind, additional income, and a healthier livestock industry?

Some time within the next few weeks committees of local ranchmen will be formed in every county in Texas in order to give the program the proper drive. You will be given the opportunity to do your part in eradicating screw worms from your own ranch by contributing your per head share of money to the "Southwest Animal Health Research Foundation". Your donation will be tax deductible. How can you lose?

Accurate and Complete

RANCH RECORD

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

By the light of the silvery moon

On the job for you!

Long after you and your family have gone to sleep, our drivers are still on the road—heading your way with gasoline to power your car, oil for heating your home and hundreds of other oil products that make for better living.

In America's progressive and competitive oil industry, every oilman has a special job. As your local oil jobber and distributor, our job is to see that this community gets ample supplies of oil products where and when they are needed.

This is our pledge that we'll never let you down—never stop trying to bring you even better service in the future.
