Sonora Flying Group To Use Local Airport

Ozonans Invited To Join; Angelo Man Instructor

On the invitation of E. R. Kinser, county commissioner, who directed construction of the county owned airport five miles west of Ozona, a group of flying enthusiasts from Sonora will use the local airport as a base for training in commercial flying if enough are interested to secure the services of a flight instructor and plane.

Frank Jones of San Angelo, manager of the San Angelo Airport and CAA instructor there, has agreed to fly his training plane to Ozona at least one day a week and instruct a class in flying if a minimum of ten student flyers can be enrolled in the group. The Sonora club made the arrangement with Mr. Jones and since that city does not have a suitable airport, use of the local facilities was offered and accepted.

Coming of the training group to Ozona will make it possible for as many Ozona enthusiasts as desire to take the training course, with less initial cost than the proposed organization of a local club and purchase of a club training plane. Mr. Jones has agreed to furnish the training plane and give instructions at \$8 an hour for dual flight instruction and \$6 an hour for solo flying. In the event there are enough enrollees in the class from Ozona and Sonora combined, he will spend two days a week here for instruction.

The Sonora group will meet next Thursday night, October 24, at 7:30 o'clock for the purpose of completing organization and arranging details. Mr. Kinser said that any person in Ozona interested in learning more details of the plan or joining up with the class would be welcome at the Sonora meeting, to be held at the office of the Devil's River News.

General Rains Break Drouth Of 2-Months Period

Nearly 3 Inches Registered Here In Week-End Falls

A two-months-long drouth that has had this section in its parching grip since the middle of August was suddenly and effectively relieved the past week-end with a slow-falling general rain that covered most of this section.

Early Saturday morning a slow falling rain covered a wide section of the county, amounting to .37 of an inch here. Again Sunday morning and lasting from the early morning hours until nearly noon, the county was drenched with a downpour that registered 2.5 inches here and ranged from better than three inches in the south end of the county to from an inch up in other parts of the county.

The rains, which fell so slowly that practically all of the moisture soaked into the parched ground, will serve to revive withered range feed in time for green forage before the winter freeze.

OZONANS TO GRID GAME

A. & M. College at College Station will be the destination of a large number of Ozona football fans this week-end. Saturday on Kyle Field at A. & M. College, the cadets meet the T. C. U. Horned Frogs in the always colorful annual battle between these two aggregations. Known to be planning to be in the stadium from Ozona are Mr. and Mrs. Lee Wilson, Mr. and Mrs. Boyd Clayton, Mr. and Mrs. Clay Adams, Mr. and Mrs. T. A. Kincaid, Jr., Mr. and Mrs. Bud Kincaid and Mr. and Mrs. J. C. Montgomery.

Club Seeks To Modernize Local Telephone System

Junior Women's Group Adopts Improvement As Its Project

Adopting as its project for the year the securing of drop telephones in Ozona, the Ozona Junior Woman's Club met last Thursday afternoon at the home of Miss Wanda Watson, with Mrs. C. J. Van Zandt assisting Miss Watson as hostess.

Modernizing of the Ozona telephone system to the standards adopted by the company in neighboring towns is to be sought by the young women's club and cooperation of the citizenship is to be sought in reaching the objective. The vote was unanimous on selection of this as the club's major objective.

Mrs. W. E. Friend, Jr., president, presided over the business session. The club voted to present a stunt on the P. T. A. Stunt Night program at the High School auditorium tonight (Thursday). Mrs. Arthur Kyle was elected to club membership.

Mrs. Marbury Morrison was appointed by the president as scrapbook chairman and Miss Wanda Watson was named press reporter for the club.

International Good Will day was observed and the National Geographic Magazine was studied on the program of the day.

Miss Bess Terry spoke on International Good Will. Miss Totsy Robinson gave a brief history of the National Geographic and Mrs. G. L. Nestrsta selected an article on Singapore from the magazine for review.

Ozona Methodists Attending Annual Church Conference

Rev. and Mrs. Eugene Slater left yesterday for San Antonio to attend the annual Methodist Conference to be held in that city starting today. Richard Flowers, lay delegate from the Ozona church, left this morning to attend the conference.

The conference opens today and will continue through Sunday night. Rev. Slater, who is serving his fourth year as pastor of the Ozona Methodist Church, is expected to be returned for another year in the local charge, leaders in the church here declare. Appointment of pastors to the various churches in the conference will be read at the close of services Sunday night.

Mr. and Mrs. Jake Short, who ranch near Vanderpool, Texas, were Ozona visitors this week.

PTA Stunt Night Program Slated At 7:30 Tonight

To those who recall the stunt night programs staged under sponsorship of the Ozona Parent-Teachers Association in past years a mere reminder that this year's Stunt Night program is slated tonight is all that will be necessary to have them in the audience.

The city-wide stunt program will start at 7:30 tonight in the auditorium, and if it measures up to past performances, the evening's entertainment will be tops for the season so far. Each organization and class in the city has been invited to enter a stunt in the contest, with a first prize of \$5 and second of \$2 offered the winners.

Revival Meeting Opens Friday At Baptist Church

Rev. McGuire Of San Angelo To Preach 10-Day Meet

Rev. N. E. McGuire, pastor of Immanuel Baptist Church at San Angelo, will do the preaching during the ten-day revival meeting to be held at the Baptist Church here beginning Friday evening, Oct. 18 and continuing through October 27 according to announcement made by the pastor, Rev. Clyde Childers.

Rev. McGuire has been pastor of the Immanuel church in San Angelo for the past eleven years. He was Moderator of the Concho Valley Baptist Association for ten years, resigning the place this year.

Rev. A. V. Bradley of Ft. Worth will direct the song services during the revival. Rev. Bradley is director of the Student Pastoriate Department of the Southwestern Baptist Theological Seminary at Fort Worth and is also full time pastor. He plays a 120 bass accordion, with which he accompanies himself in his solos. He is now directing the singing at a meeting in Big Lake, and will join Rev. McGuire for the Ozona meeting Sunday night.

"Both Rev. McGuire and Rev. Bradley are excellent preachers and in consistent demand as evangelistic workers," Rev. Childers declared, "and I believe our people will derive much benefit from their leadership."

Services will be held twice daily at 10 o'clock a. m. on week days and at 7:45 in the evening. The morning services will last 45 minutes.

Beginning Monday evening of next week, the pastor announced, there will be special services each night beginning at 7:15 for the Boosters, Juniors, Intermediates and Adults.

A cordial invitation is extended by the church membership to everybody in the community to attend the series of meetings.

67 Sign Petition For Creation Of Water District

Now Goes To Board Of Water Engineers For Approval

Sixty-seven signatures were obtained on a petition directed to the Commissioners Court of Crockett county and the Board of Water Engineers at Austin and presented at the court hearing here Monday asking for creation of a water control and improvement district embracing the town of Ozona with the ultimate objective of purchasing the local water works system and county-owned sewer system, with a district bond issue of \$85,000, and improving and operating them under the water control district plan.

No action was taken by the Commissioners Court on the petition, which, if the plan is carried through, will be forwarded to the Board of Water Engineers at Austin. That body will examine the proposal and if it finds the plan feasible and the creation of the district necessary to the community, it will approve the district and nominate a board of five directors for the district.

Upon this action by the Board of Water Engineers, the next procedure will be an election to confirm the creation of the district and elect a board of five directors. Either at the same election or at a subsequent one, the question of a bond issue in the amount of \$85,000 will be submitted for approval or rejection at the hands of property owning taxpayers of the district.

The proposal, drawn up by the bond firm of McRoberts-Thomasma Co., of San Antonio, contemplates the purchase of the Ozona Water Works at a price of \$50,000, the expenditure of an additional \$25,000 to improve the system, and purchase of the sewer system, now owned by the county, at a price of \$10,000.

The \$85,000 bond issue necessary to carry out the project will be revenue bonds, payable from revenues of the water works and sewer systems and not from taxation. Revenues from operation of the system are pledged to payment of principal and interest on the bonds, rates for water and sewer connections being set at a figure to pay operating costs and create a sinking fund sufficient to retire the bonds. Books of the district will be subject to inspection by the bondholders at any time until the bonds are retired and revenue from operation of the systems can not be used for any other purpose than paying operating costs and retiring the bonds until the indebtedness is paid.

Material Arrives For Red Cross War Relief Garments

Material for the Crockett County Red Cross Chapter's production project, garment making for the benefit of war refugees, has arrived, with the exception of the yarn for knitting into sweaters, etc., it was announced this week by the local Red Cross chairman, Rev. Eugene Slater.

Cloth which is to be used in making up the local chapter's quota of garments is ready for production, according to Mrs. Hugh Childers, chairman of the sewing committee. Mrs. J. V. Blaylock is chairman of the knitting committee.

The Crockett chapter's quota is 10 layettes, 25 girls' dresses, 10 women's dresses, 20 bed sheets and 40 sweaters. Both committee chairmen are asking for volunteers to assist in turning out the work. Yarn for the knitting is expected to be received in a few days. Mrs. Blaylock reports. All garments made in this program are to be sent to England to relieve suffering of war victims there.

DRAFT APPEAL AGENT

Houson S. Smith, Ozona attorney, has been appointed by Governor W. Lee O'Daniel as Crockett county's draft appeal agent. The draft appeal agent will protect both the interests of the draft board and registrants in differences arising in interpretation of the draft law. It is explained that the appeal agent is not to be confused with the appeal board which is to hear protests of registrants as to classifications assigned them by the draft board. Such a board is to be appointed later.

Bonfire, Rally To Prime Lions For Menard Tilt

Game Slated On Local Grid Saturday Afternoon At 2:00

A bonfire and pep rally, garnished with wiener and marshmallow roasting, Friday night at the old softball field a block west of the school buildings, sponsored by the Pep Squad, is expected to put a keen edge on the conditioning of Coach Dan Patterson's Ozona Lions for their second conference battle of the present season, with the Menard Yellow Jackets on the home grid Saturday afternoon.

The pep rally will begin at 7 o'clock, following a parade thru the downtown streets by the band and pep squad. The school's loud-speaker system will be placed on the field and pep talks will be heard from Gem Ella Dudley, Pee Wee Smith, L. B. Cox, Mervin McLaughlin, L. B. T. Sikes, Melba Cullins, Lila Lee Cooke, Cyril Pingleton and C. S. Denham. And the Pep Squad will top it off with a few of their choicest yells, and the band will play several numbers.

The Menard team is reportedly a tough aggregation this year. They have won two conference starts and lost one so far. Mason and Ricksprings have both fallen before the Jackets while the Eldorado Eagles, always a potent eleven, trounced them soundly.

But the fact that the Jackets beat Ricksprings while the Eldorado lads last Saturday beat the Lions 14 to 6 does not necessarily mean the locals are doomed to defeat next Saturday. On the contrary, the locals will be considerably strengthened by the return of Captain Pee Wee Smith, Bobby and Stanley Lemmons who were out after injuries kept them out of the Ricksprings game. But whatever the outcome, students and town fans alike will be on the side lines giving the locals all the lung support available, and win or lose, ready to root just as hard the next game.

The game is slated to get underway at 2:30. Officials will be Clyde Parks of Fort Stockton, Tricky Ward of Iraan and Coach Wagnon of Big Lake. Admission prices will be 25 and 40 cents.

Mr. and Mrs. Monroe Baggett were week end visitors to Austin, where they visited their daughters, Miss Jerry Pace and Mrs. Hiram Brown, and their families.

Mrs. Vera Baker was a week-end visitor to Dallas.

448 Registrants Sign Up Here In U. S. Draft Call

Reports From Other Precincts To Put Total Over 500

When the deadline arrived at 9 o'clock last night to close the one-day nation-wide registration of all men between the ages of 21 and 35 years, a total of 448 men in that age group had filled out registration cards and signed their names as potential material for Uncle Sam's draft army at the Ozona registration headquarters in the district courtroom.

The number of registrants at the local registration center far exceeded the general estimates of possible numbers expected to register here. The number was boosted however, by a large number of transient workers in the county, pear cutting crews, shearing crews and geological survey crews and oil field workers.

Registration cards of residents of other towns and counties will be sorted out by the local draft board and sent to the addresses given by the registrants for action by their own local boards. Likewise, cards of residents of Crockett county who registered elsewhere will be returned here.

Reports of total registration in the four other points in the county where registration workers were keeping open house are expected to be received here today, with a probability that the county's total registration will go well over the 500 mark.

A corps of fourteen registrars was on the job at the courthouse here throughout the day yesterday and until 9 o'clock last night filling out registration cards. The registration workers included E. B. Baggett, Jr., head registrar, Mrs. Gertrude Perry, Boyd Lovelace, W. R. Cabaness; Miss Elizabeth Coose, Miss Kathryn Goodwin, J. W. Johnson, Morris Talley, Claude Russell, Mrs. Coralie Meinecke, Miss Leta Powell, Frank James, Albert Dorman, Sam Martinez, and Houston Smith. Assisting as interpreters were Ramon Tyerina, Juan Vargas, Cisnero Reyes and one other.

Arrangements for setting up the registration machinery was left to the county clerk by order of the governor of Texas. County Clerk George Russell solicited the help of 17 volunteer workers who performed the task and has custody of the registration cards until they are turned over to the local draft board.

County Clerk Russell this morning expressed his appreciation to the corps of volunteer workers who assisted in the registration task. In addition to the registrars and interpreters who were on the job through-out the day or in relays, a large number of others stood by ready to help with the job if their services were needed, and to these, too, the clerk offered his thanks.

T. A. Kincaid, Jr. First To Register

T. A. Kincaid, Jr., became Registrant No. 1 at the Ozona registration center at the courthouse here soon after the opening of the registration period at 7 o'clock Wednesday morning.

A trio of draft age registrants T. A. Kincaid, Bud Kincaid, and Charley Davidson, went together to be the first to register. T. A. claims the Number One position by reason of having a speedier registrar who completed the questioning and recording of answers to allow him to be the first to sign the registration card.

FIRE IN MEXICAN AREA

Fire did considerable damage to household effects at the home of Santiago Ortiz in the Mexican settlement here Wednesday afternoon. The fire department responded to a call and the blaze was quickly extinguished, with only slight damage to the building.

DUTY OF VOTING

The Gallup surveys show that 11 American citizens out of every 12 have a definite preference in the current presidential campaign. Yet, unless history reverses itself, only seven or eight out of every 12 eligible voters will go to the polls this November 5. More than 25,000,000 eligible voters in the United States—enough to elect a President this fall all by themselves—will not cast their ballots unless Americans who are interested in representative government see to it that every voter votes.

Health Dept. Tells How To Avoid Or Minimize Colds

AUSTIN, Tex., Oct. 16—With open season for colds at hand, Dr. Geo. W. Cox, state health officer suggests ways by which they can be avoided or reduced to a minimum. Here they are:

Number One: Keep yourself as fit as possible. Substitute the simpler and more nourishing foods for rich mixtures. Eggs, milk, and other dairy products, fruits and green vegetables are rich in the vitamins that are a protection against colds. Add them to your diet. Drink several glasses of water daily.

Number Two: Dress according to the weather. Keep comfortably warm. Have a sweater handy or a warm coat to slip on when the days turn cold suddenly. Light a fire or turn on the heat if your house is damp and chilly. If you are a housekeeper, get your warm bedclothes out—and use them.

Number Three: Avoid sudden chilling. Change as quickly as possible to dry shoes and dry clothing if you are caught unprepared in a drizzling rain.

Number Four: Get some exercise in the open air every day—a brisk walk, if you can't do more than that. Hold your head up and breathe deeply as you walk. Keep your sleeping quarters and your working rooms well ventilated, and get plenty of sleep.

Number Five: Colds are catching. Don't go where people are coughing or sneezing. Wash your hands before eating.

Number Six: If your powers of resistance have been lowered and a cold "catches" you, don't fight it. You will save time and strength and get well more quickly if you go to bed, eat lightly, drink plenty of water and stay in bed until your physician says you may get up. Don't wait, either, until you are seriously ill to send for your doctor. Send for him promptly, and follow his advice.

Number Seven: Don't give your cold to others. Have your own towel and drinking glass. Don't broadcast your germs. Don't sneeze or cough in your neighbor's face. Keep yourself well supplied with paper handkerchiefs and destroy them after using. Postpone visits to friends until your cold is non-communicable.

The Real Issue—Peace or War

"The real issue of this campaign . . . is peace or war . . . I know of no well-informed Washington observer who isn't convinced that if Roosevelt is elected he will drag us into war at the first opportunity and that if none presents itself he will make one. I know of none who is not aware that if that happens we shall have a war dictatorship with 'emergency powers' in the hands of men who have constantly sought ever-increasing 'emergency' powers at the expense of our political system—and who have never surrendered a single one. They have used them all to perpetuate themselves. I know of none who is not aware that participation in a major war costs so much that it will bankrupt the United States." —General Hugh S. Johnson.

41 Millions Defense Contracts To Texas

AUSTIN, Oct. 16—National defense contracts totaling \$27,610,787.61 were awarded to Texas concerns during the six weeks' period ended September 15, Gov. W. Lee O'Daniel reported today to his local industrialization committee throughout the state.

Transmitting figures furnished him by the office of government reports, the governor announced that this brought the amount of such contracts awarded in Texas since June 13, to a total of \$44,298,848.

This does not include the contract let on September 9 for the construction of 12 destroyers at Orange, the governor said. The exact contract price for these has not been announced.

The governor's office is serving as the state headquarters for the national defense advisory commission at Washington, and the staff of the Texas Industrialization program, organized last February, has taken over a great variety of duties in this connection, Governor O'Daniel stated.

WOULD YOU CUT DOWN THE APPLE TREE?

You'll probably find a few bad apples in a bushel of good ones. That's the way it is with beer retailing in America.

There are hundreds of thousands of wholesome, law-abiding beer retail establishments that sell good beer—the refreshing, appetizing beverage of moderation. At the same time, there is a handful of undesirable, anti-social taverns. Unfortunately, these few outlaw establishments bring discredit to the entire beer industry.

To protect your right to drink good beer, the Brewing Industry wants such anti-social retailers eliminated entirely. It has instituted a "clean-up or close-up" program—now in effect in some states and being extended.

We'd like you to know about this socially important program. May we tell you about it in an interesting free booklet? Write: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

THIS BUSINESS OF Living
BY SUSAN THAYER

"How Can I Help?"

They sat around the supper table at night, talking about it—so many of the rest of us. It is often the first thing they do of in the morning when one of them brought in the paper, with its shocking headlines. And at bed time again, after listening to their favorite commentary or they discussed it:—What would they do as individuals and as a family in defense of America these critical times?

The father of this family was a sergeant for military service; the mother was under. The mother had a time job with her family and at home and the daughter was in school. But there were other things besides this to do; things that to the very spirit of America. And it was of those things they thought and talked—and finally wrote in a book which every patriotic American should read!

It is called "How Can I Help?" and outlines in 47 straightforward pages what you and I and millions of other Americans can do for our country at this time when the rest of the world seems to be going to pieces around our ears and when ourselves are, for the first time in history, seriously threatened. Don't expect anything spectacular of this little book with its red, white and blue cover and its moderate price. Look, instead, for a series of suggestions for everyday activities so simple and practical you won't have to make your life longer. Yet, if a few millions of us followed those suggestions Ameri-

ca would be better protected than by an army of many millions!

Its first suggestion is that we read the Constitution and the Monroe Doctrine, as the authors of this book did a few months ago, and that we learn the words of our "Star Spangled Banner." The next suggestion is for studying again the thrilling history of the United States. We'll find it means more to us now than it ever did before, showing us clearly the Thread of Destiny which will make our job today seem well worth doing. It suggests that we toughen our bodies and find new spiritual power.

Then, after these personal developments, come suggestions for meeting problems of the community and the nation: how to handle the Fifth Column with common sense and without prejudice; how to spot propaganda against those of other races or against our American system of business which it would serve our enemies to undermine; how to work with the genuinely American youth movements of the country and with the various organizations of our community and how to cooperate with South America. Finally, how to prepare for "M" day, and crystallize our creed so that we, a representative democracy, will be as strong and united as those who oppose us.

It's a stirring book, written by a business man and his family, as American as Thanksgiving or a picture of Uncle Sam!

The Lions Roar—

Rocksprings Angoras Butt Ozona Lions

The powerful Rocksprings Angoras butted the Ozona Lions to a 7-6 victory in the first half of the game ended with a score of 7-6 in favor of the hosts. Rocksprings made their first counter in the first quarter of the contest by a pass to right end. A Billie back drop-kicked the conversion point. The Lions' full-back, Wilson, ran 55 yards for the only score for the Lions. The opposing teams scored no more in the first half.

After the kick-off, the Rocksprings' crew started a determined march down the field. Finally, the zero zone was reached. A perfect drop-kick made the score 14-6 in favor of the mountain climbers.

The hard-driving Ozona team threatened to score several times during the second half; although, they were missing four regular linemen. The missing playmates were as follows: Captain Pee Wee Smith, guard; Boochie Coates, tackle; Bobbie Lemmons, center; and "Bullfrog" Lemmons, guard. Jim Ad Harvick, substitute for Ozona, broke his finger in practice at Ozona; he didn't get to play, therefore.

Every one of the above players will be able to participate in the Ozona-Menard game in Ozona next Saturday.

Powermen for the Ozona club were Wilson, Colquitt, Hannah, Williams and Coates.

The score by periods are as follows:
Ozona 6 0 0 0—6
Rocksprings 7 0 7 0—14

Ozona has lost four games and has tied one game. Rocksprings has lost three games and has won one. In the district standings, Ozona has lost two conference games. Rocksprings has lost one game and has won one.

Next Saturday Ozona plays Menard in Ozona.

VOLLEY BALL GIRLS

The volley ball team this year seems to be very ambitious. The girls started out for practice October third on Thursday. They have been practicing every evening since then. Their leader is Miss Alena Kinney. The girls practice from 4:00 to 5:15 p. m. in the gymnasium. The girls that have been coming out are Ailene Cooke, Judith Williams, Susie Hokit, Lila Lee Cooke, Melba Cullins, Bertie Browrigg, Mary E. Gray, Billy Laxson from the Freshman class; Margaret Russell, Lottie Jo Owens, Priscilla Baker, Ethel Mayes, Mary Perner, Rozell Pharr,

Zella Lee Thurman, Joy Coates, Vera McCaleb from the Sophomore class; Gem Ella Dudley, Mary Lee Brown, Mary Faye Lucas from the Junior class; Helen Luther from the Senior class. These girls are working hard so they will be prepared for the coming games.

DUMMY ANNUAL

Supt. C. S. Deaham announced Monday to the assembled high school student body that the dummy annual is in practical readiness. It contains about 50 pages and has the following sections: sports; clubs; snap shots; class pictures; and faculty members. It also has individual pictures of the last five grades. Supt. Denham also stated that the photographer probably would start taking pictures by the first of this following week. Orders for the annual are ready to be taken.

SIX WEEKS TEST

There is that dreadful week here already. Students of both grade and high school are going to take six weeks' examinations. Everyone is supposed to be studying, but the report cards will tell whether he is or not.

It seems a mystery how the first six weeks have passed. How the time flies! It won't be long until school is out, and some of the students will be entering college. If one wants to enter college anytime soon, he had better study and study hard.

On the first six weeks it seems most of the students are inclined to fool around, but this year they aren't. They are going to raise their grades and start the year right.

PRESS CLUB MEETING

The Press Club met October ninth at the home of Margaret Russell. The meeting was called to order by George Armentrout, president, and the minutes were read by Charles McDonald, club secretary. The program consisted of talks by Mary Louise Perner on "Two Questions" and a "Nose for News" by Mary Faye Lucas. Mary Elizabeth Gray sang "Little Curly Hair in a High Chair" and "Play Mates," accompanied by Alynne Hokit on the piano. Refreshments, which were sandwiches, olives, potato chips and punch were served in the form of grab bags on the lawn in the back of the Russell residence.

Daughter Of Famed Texas Governor To Speak For Willkie

HOUSTON, Oct. 9.—Miss Ima Hogg, daughter of the late, great Gov. James Stephen Hogg, will make the first political speech of her life over the Texas Quality Network stations from 12:45 to 1 p. m. Thursday, October 10. She will speak in behalf of Wendell Willkie for president under sponsorship of the Texas No-Third-Term Democrats.

"I feel that my country is at the crossroads," said Miss Hogg today, "and that I would not be a real daughter of James Stephen Hogg if I did not do everything within my power to preserve the sacred traditions of democracy. President Roosevelt, in seeking

a third term, has smashed party traditions established by the founders of democracy and proclaimed himself the indispensable man. Although Mr. Roosevelt voted for a Republican presidential candidate in 1904, his cohorts now claim that anyone who votes for Wendell Willkie is a renegade. I do not subscribe to that theory and I believe in the doctrine which forbids the election of any President for a third successive term.

A man went to a secret service agency to report the disappearance of his wife. After a few days the agency announced that they thought they had found her.

"What did she say?"
"Nothing."
"Then it wasn't my wife."

Dimmitt County To Present Colorful Rodeo Oct. 31-Nov. 2

Cowboys and Cowgirls from all of Southwest Texas will be honored at the Dimmitt County Fair and Frontier Rodeo to be held October 31, November 1st and 2nd. Many professional Rodeo Cowboys will be on hand to show the finished product in rope slinging, tying down, steer wrestling and other cowboy sports, but in addition to this the amateurs will come in for their part of the three big days. Amateur match roping will head the list as the best of the young cowboys from Dimmitt, Zavalla, and La Salle Counties put their skill against one another in time events.

The cowgirls will be here to add that color which only they can give to such festivities. The Fair committee has invited each town and city in this section to send a representative from their community to ride in one of the most colorful Frontier Days Parades that is staged in Texas, to ride in the grand entry of the Rodeo, and to be honor guests at the Rodeo Queen's Ball the night of October 31.

This little Southwest Texas City is all aglow with the Western Spirit as they doll up for the coming of these youngsters and their friends, with their charm and athletic prowess, to help stage one of the biggest shows ever undertaken by a little city. The ranchers have left their "dogies" and the farmer has vacated for a brief time his tomato and pepper fields, which by the way are the best in years, to mingle their colorful garb and characteristic Southwestern lingo with the Sidewalk cowboy from the office and the store, and if color means anything to lovers of Rodeo they can already see a show in Carrizo Springs, for these people believe in their products, and are taking the world about it.

"Milestone Car" Presented to Contest Winners

Presentation of Chevrolet's "Milestone Car"—the 1,000,000th 1940 model produced by the industry's leader—was made at the New York World's Fair last week to Mr. and Mrs. Ernest Weinert (shown here), of Iron Mountain, Mich., owners of the millionth Chevrolet six-cylinder model, built in 1929. The Weinerts were winners of a nation-wide contest conducted by Chevrolet to locate No. 1,000,000. As guests of Chevrolet, the Michigan couple drove to New York, arriving at the Fair with more

than 110,000 miles on their '29 car, which Weinert had purchased as a used car, at a price of \$25. M. E. Coyle (left), general manager of Chevrolet, presented the new 1940 Special De Luxe model to the Weinerts. Chevrolet's production of a million units this year maintains a seven-year record of a million a year average, with the 1,000,000th 1940 car following No. 900,000 by exactly one month. The well-traveled 1929 model has been returned to Detroit, where it will be placed on display.

Betty Jane Ingham Pledges Gamma Delta

Columbia, Mo.—Pledge ribbons appeared on the Stephens College campus this week as a preferential convocation brought rush week activities to a close for more than 500 junior students.

Each year the seventeen Stephens campus sororities hold a week of "open houses," followed by a week of closed parties to which the rushees are invited. The preferential meeting is then called, and the students are given an opportunity to pledge the sorority of their choice.

The organizations—all of them local, campus groups since their denationalization several years ago—carry on an active program of social service during the year, when each sorority is assigned 1 or more projects in social welfare to complete. The groups also take an active part in sports events and conduct their own one-act play tournament.

Pledged from Ozona is Betty Jane Ingham, daughter of Mrs. B. R. Ingham. She pledged Gamma Delta Phi.

You Can

Save 3% On Taxes By Paying In October

In order that those who desire may take advantage of the saving offered, this notice is given taxpayers of Crockett county regarding the discount schedule on state, county and school taxes.

Discounts inaugurated last year on state taxes and followed by the county with similar discounts on county and school taxes, are to be operative again this year, with 3 per cent, 2 per cent and 1 per cent savings possible by prompt payments.

The discount dates, with the amount of discount allowed on the total tax bill, except poll taxes and first half payments, are as follows:

3 Per Cent Discount
On taxes paid on or before November 2

2 Per Cent Discount
On taxes paid Nov. 3 to Dec. 2, inclusive

1 Per Cent Discount
On taxes paid Dec. 3 to Jan. 1, inclusive

No discount is allowed on first half payments under the split payment plan. However, the same discounts are allowed on second half payments, payable before July 1. Second half payments made in April are discounted 3 per cent; in May, 2 per cent, and in June, 1 per cent.

U. S. Is Haven for These Students

No more eager newspaper readers can be found on the Texas State College for Women campus than these six students from foreign countries who find the daily papers a much better medium for keeping up with war-torn homelands than the slow and censored mails.

Silvia Marquez, looking on from the rear, is from Puerto Rico, wants to be a court interpreter. Conchita Genoves fled Valencia, Spain, in January 1939 with her mother and brothers while her father was still a political prisoner.

Sonja Aiken, front row left, hasn't been home to Venezuela since the summer of 1939. Claude Hegar of Brussels, Belgium, came to Connecticut to spend a holiday, thinks it safer to stay here. Maria Luisa Garzon's parents are still in Madrid, Spain; letters from them are always censored. Marthe Thomas, French girl from Algiers, had her education in French and German universities interrupted by war. All are glad to be in the United States.

TEXAS OUT-O'-DOORS

AUSTIN, Oct. 9.—With more than fifty birds already returned, it appears as if the whitewing dove banding project undertaken by the Texas Game, Fish and Oyster Commission and the U. S. Fish and Wildlife Service in the Rio Grande Valley last spring will be eminently successful in providing the means of learning considerable concerning that species of bird.

Sportsmen killing whitewing doves with hands on their legs are asked to return them to the game department office in Austin or to the game manager at Victoria.

Whitewing doves nest only in the Valley and in scant numbers in Southwest Texas counties. Their natural range is being depleted as more and more land is cleared for citrus groves and vegetable farms.

Game department biologists hope to learn much of the habits of whitewings before making definite recommendations concerning ways to aid in increasing the whitewings. It is hoped to ascertain how long the birds live, how many times they will nest in a year, whether they travel north after leaving the nest or how soon some of them go to Mexico ahead of the regular migration, which usually comes with cold weather, and how far they move from their nesting areas to their feeding grounds.

Do Ducks Drown Themselves?

The contention of many veteran duck hunters that a wounded duck will dive to the bottom and drown itself by holding onto vegetation has been brought up again. A Texas game department warden reports that during the last hunting season he saw a duck wounded by a long shot. He marked the spot where the fowl hit the water, but did not see the bird come to the surface. Reaching the spot, he observed bubbles coming up. Reaching down, he found the duck. Blades of grass, apparently broken from the main growth on the lake bed, were in the duck's bill.

Capitol Squirrels Increase

Persons visiting the state capitol in Austin will see more squirrels scampering around the spacious lawn surrounding the capitol building. The game department last spring placed 15 squirrel nests, made of old logs, in trees on the grounds. A recent check of nine of the nests disclosed that squirrels were using five of them. Several had young squirrels, from

eight to nine weeks of age, in them.

Road Shooting Dangerous

Sportsmen are being warned by game wardens that shooting from public highways is not only illegal, but extremely dangerous. Dove hunters recently wounded a brother and sister who live in Hunt county as they returned from school. Game wardens immediately got to work on the case and discovered the identity of the three hunters who fled after wounding the children. They were arrested. To date, one has pled guilty and paid a fine of \$100, plus costs.

Hunting is not allowed, under the law, on public highways, nor from motor cars.

It is also being pointed out to hunters that carelessness in shooting livestock makes for considerable ill feeling between landowners and hunters and sportsmen are being urged to never shoot in the direction of livestock.

An advertisement is a guarantee of quality.

'40 Farm Income Expected To Beat Total For 1939

AUSTIN, Oct. 2.—Despite a slump for the first eight months of the year, agricultural income in Texas for 1940 will exceed 1939's total, predicts Dr. F. A. Buechel, bureau of business research statistician at the University of Texas.

He anticipated substantial improvement in the cotton income during remaining cotton marketing months, and believed the present margin remaining gain in livestock income over last year would be maintained during the flush marketing season of September and October, citing excellent condition of cattle now being marketed, a favorable price level and a probable increase in numbers moving to market.

Total income for the state for the first eight months of 1940 was \$138,713,000, as compared with \$207,748,000 for the first eight months of 1939.

Try telling folks the rates have been cut in half!

1 I work for the utilities and the other night I had supper over at Jim and Edith's house. It was a swell supper and I told Edith so. "Cooking," she said, "is easy. We have nearly everything electric." "There is a point," I says, excited-like. "And you're using about twice as much electricity today as you did 10 years ago for the same money." "Maybe you mean the bill is twice as high nowadays," Jim chimed in. "It may be just as high, Jim," I said. "Mine is, too. But there's a good reason for it. Look here..."

2 Then I took them around the house, pointing out their refrigerator, electric washer, the percolator, radio, toaster, iron, and all the other electric appliances, not to mention the better-light—better-sight lamps. I said: "Now, honestly, aren't you using a whale of a lot more electricity than you did just a few years ago?" They said that was right.

3 Then I tossed a couple nickels on the table, real dramatic-like, and said: "The average person pays only about a dime a day for electric service! Some pay less, some a little more. And the more you use, the lower the rate!"

4 "Is this a bargain or isn't it?" I asked Edith. "Never thought of it like that," she said. "I certainly do get my money's worth!"

SENIOR DEDICATION

The graduating class of 1940 made a very appropriate gift to the Ozona High School.

The gift was a water fountain, which was placed in the gym. The fountain is white, having the metal parts in silver. Football, basketball, and volley ball boys will use it often.

We elected Best Citizens. They were Charlie Davidson, Ray Piner, Billy Joe Kemp, and Patsy McDonald.

On entering the gym through the south door, one sees the fountain against the left wall straight across from the steps of the grandstand.

The seniors of 1940 paid for the fountain with profits from the senior class play.

Another very useful senior class presentation was the speaker's stand in the auditorium from the class of '39.

The class of '40 made possible the fish pond on the front lawn of the high school building.

SMITHS GIVE RANCH PARTY

Mr. and Mrs. Elton Smith entertained at their ranch home with a chuck wagon supper Tuesday night at 6:30.

The menu served was barbecued goat, potatoes, pickles, rolls, coffee, hash, stewed apricots, and apples.

Later the guests went into the house and played bridge, "42" and rummy. A "sing-song" followed.

Those who attended the picnic were Messrs. Guinn Caruthers, Cyril Pingleton, Roland Allen, Misses Allena Kinney, Mildred North, Bess Terry, Marzee Hammons, Eleanor Neal, Frances Sprawls, Georgia Williams, Vivian Weaver, Mr. and Mrs. C. S. Denham and the latter's sister, Miss Conner Maddox, Mr. and Mrs. W. E. McCook, Mr. and Mrs. L. B. T. Sikes, and Mr. and Mrs. Dan Patterson.

Mrs. Ruth Matlock, from San Angelo, who comes to Ozona High School on each Wednesday, is instructor of the Artist's Club.

Mrs. Matlock is teaching water coloring, pastels, and oil painting for the second year in Ozona. The Artist's Club is composed of ladies of the town—pupils of the school and of the grade school.

The room on the first floor in the high school building where the studio is located has been prepared for special use by removal of some desks and replacement of large tables in the center of the room, so that the lighting of the room is sufficient.

FIRST GRADE We have a new chart about houses. Louis was sick Tuesday. Gussie Ruth gave us a treat Monday and Tuesday. She brought us cookies for Monday lunch. Betty brought caterpillars for our turtle Blinky. One of our fish died.

SECOND GRADE We have an aquarium. We have a goldfish. He is white and red. The fish laid some eggs.

Mary Ann North A caterpillar changes skin three times. The third time, it changes into a chrysalis.

Claude Kilpatrick Dorothy Dell Finner went to Dallas last week end and Marilyn Hubbard went to Austin and San Antonio.

THIRD GRADE This is Fire Prevention Week.

and we are making posters. We brought some pictures about fire to school. We like to play the game "Fire Engine."

We are studying about Columbus this week. We read stories about him in our library books and readers.

The Citizenship Club met Friday afternoon. Armond Hoover's committee had the program. The ones who gave the program were Thomas Hill, G. B. Hankins, Ralph Cabaness, Lorrain Mears, and J. G. Hufftedler. Their program was about table manners.

We elected Best Citizens. They were Charlie Davidson, Ray Piner, Billy Joe Kemp, and Patsy McDonald.

SEVENTH GRADE The Seventh Grade was sorry to lose one of its very best pupils last Wednesday—Bernie Collins. Her father, who is employed by the Shell Oil Company, was transferred to Victoria.

The Seventh Grade pupils were winners in the Fire Prevention Junior High as part of their activities of Fire Prevention Week, October 6, 1940. Ruth Townsend's idea of "Fire Makes No Apointments," won the first prize of \$1; Charlene Williams, second with Confucius Say "Man Who Keep Matches in Open Box is Playing With Fire," and Nan Tandy, third; her poster showed how forest fires are started easily. Many other good suggestions that showed thought and initiative were presented. The posters are now on display in Oberkamp's show windows.

Daphne Meinecke introduced the concluding number, "An American Cantata," based on our national history, in which every member assisted by Mrs. Moore, participated.

The personnel of the class includes: Ada Ballard, James Chapman, Joe Corbell, Henry Ellege, Jr., Maxine Hankins, Joy Hubbard, Paula Jeanne Hopkins, Perry Hubbard, Rosalie Lemmons, Daphne Meinecke, Chappo Morrison, Louise McLaughlin, Elaine Oathout, Arthur Byrd Phillips, Charles Rattiff, Jimmy Read, Billy Sparkman, Lowell Sweeten, Nan Tandy, Ruth Townsend, Betty Wardlaw, Joyce West, Barbara White, Charlene Williams, Marie Williams.

Miss Scott, home room teacher for this grade, sponsored the program.

Seventh Grade Presents Assembly

Miss Scott, the seventh grade home room teacher, sponsored a play presented by the seventh grade class during the assembly hour October 16, in the O. H. S. auditorium. The play carried out the historical event of October 12 by revealing a moral on new discoveries.

Barbara White was master of ceremony, and Miss Graydon was the piano accompanist. The seventh grade class opened the play with a song entitled "I Am An American."

The two songs, "We'll Keep Old Glory Flying" and "Christopher Colombo," were blended in with the play. Daphne June Meinecke introduced the concluding song, "An American Cantata," and Mrs. Moore assisted the class with the number.

The picture shows "Federal Housing" and "The River," sponsored by the Missionary Association of Ozona, followed the play. The first picture, which lasted about twenty minutes, gave illustrations of the slums after the government built homes for the unemployed people.

Mrs. Eugene Slater gave a brief talk about "The River" before it was shown. The picture showed beautiful scenes of the Mississippi before the flood of 1937. It showed the condition of the land around the river after the flood and the improvements which had to take place.

Mr. Ducken, the new foreman, making the rounds the first morning, came upon John idling behind some crates and said, "I am Ducken, the new boss."

John answered: "So am I."

SENSES OWENS-MAYES

HEARD... Mary Faye calling Georgie "darling, lambie-pie and sweetheart." My goodness, Faye, since when did this start?

Miss Terry saying she is going to buy a new dress so someone can tell that certain "ex" about it. (Miles Pierce, to you.)

That people would be surprised to know with whom Rozelle goes to the show.

A certain freshman boy telling Zella Lee he thought she was "cute." Why turn so red, Zella?

That "Casanova Shorty" is falling. His kisses are no longer accepted. Lila Lee, you have brains.

That Louise has pretty hands. What do the boys think about it, Louise?

That Georgie was too interested in the Rocksprings Pep Squad to play football.

That the girls of the H. E. Club who went to Sweetwater found a boy friend. Too bad there was just one for the four of you.

Lorraine calling Mr. Sikes a "she".

That Mary Faye and Boochie were having fun Thursday night.

Dorothy and Mary Faye would like to live in San Angelo. Why the change, girls?

Rozelle doesn't chew second-hand chewing gum except on Saturdays.

Roy got hit with an apple. Tough luck, Roy, you know apples will slip.

Bobbie is going to eat a number of hamburgers at Rendalls' Drive Inn. Surely it isn't any girl that works there, or is it?

Gem Ella wanting to dance at a tea.

The Rocksprings girls were "pretty tough" on Roy. Take a look at his cheek and thumb.

Eddy's opinions of people are not very good.

Mary is a spy. She is always trying to find out what is going to be in the paper before it comes out.

Some fish were very embarrassed at something Shorty said. What was it, Lila?

That Mildred Luther and Lila Lee are very generous with their chewing gum. Nice to see someone different.

SEEN... Tom Ed and Roy doing some fancy loving at League Sunday night. Such a friendship!

Many boys at Randall's Drive Inn Saturday night. We wonder why.

Georgie with seven girls in one car, Wednesday night after Press Club. How's he doing?

Tom Ed flirting with Peggie Tom Ed. I thing you have some steep competition now.

Roy shooting Florence with her fountain pen in Algebra. Roy, you aren't old enough to join the army, but practice makes perfect.

Shorty writing notes in study hall. To whom, Shorty?

Bland "sitting on" Mary P. at Press Club.

Donald Wilson doing some fantastic running with the football in his arms. Nice going, Donald.

Shorty sitting with the girls in study hall. Isn't it against the rules, Miss Terry?

Shorty sitting in front of "Baby Girl" Russell's house Thursday night.

Very tired. The H. E. girls felt very tired and worn out after their trip to Sweetwater. The road from Bronte to Sweetwater couldn't have had anything to do with it. Could it, girls?

Very sore. Miss Kinney do you think the volley ball girls need so much exercise? They don't think so.

TASTED... Soap. Pris makes it a habit of feeding people soap in general science class.

Sad Fate

Imsky—Did you ever eat horse meat?

Iskivity—No. I always remember the fate of poor Skobosky during the Finnish campaign. He was eating some horse meat one bitter cold day when somebody yelled "whoa!" and he choked to death.

LEAGUE HOLDS PICNIC

Whoopee, a picnic! Many shouts were heard last Sunday afternoon. The Junior League met at the Methodist church last Sunday afternoon, under the leadership of Miss Sprawls, for a picnic.

The crowd went out to the East Park in Mervin McLaughlin's pick-up. The recreation committee prepared the supper while the rest of the group played games.

When the food was prepared, the group ate, then gathered together, for a league service.

The group sang a number of songs and a talk was given by Miss Sprawls. A fellowship circle was formed by the members, and league was adjourned with a prayer by Brother Slater.

Those present were Miss Frances Sprawls, L. B. Cox, Bland Tandy, Lottie Jo Owens, Tom Ed Montgomery, Joyce West, Charlene Williams, Daphne June Meinecke, Ruth Townsend, Chappo Morrison, Joy Coates, Judith Williams, Charlene Williams, Peggy Holt, Mervin McLaughlin, Byron Williams, Roy Coates, Margaret Russell, Miss Bess Terry, Ethel Mayes, Helen Mayes, Jim Ad Harvick, Nan Tandy and Brother Slater.

The group sang a number of songs while going back; the picnic was thoroughly enjoyed.

VOLLEY BALL GIRLS ENJOY EXERCISES

The volleyball girls and Miss Kinney, their sponsor, have decided to make it a custom to take exercises the first fifteen minutes of each practice period.

The object of this is to make the girls limber and to develop the muscles in their arms and legs.

Miss Kinney said that if the girls practice hard enough this week and improve enough they will elect a captain the first of next week. The girl that is elected volleyball captain must have the ability to be a good leader, she must be liked by the girls, and able to cooperate with both the girls and the sponsors.

She must attend volleyball practice every day, unless it is entirely impossible, and she must work hard.

The girls will work on different plays this week in order to be able to play a practice game next week. Some of the time will be given to serving, volleying, returning and other important points.

Only a few of the girls have dropped volleyball since the first meeting, and the girls are working hard toward having a winning team this year.

Sweetwater Holds Homemaking Meet

On Saturday, October 12, a Home-Making meeting was held in Sweetwater. Ozona was well represented at the meeting. About 86 towns were well represented in Sweetwater. The meeting was held in the Municipal Auditorium.

Modena Dyches, president of Area Three and the San Angelo chapter of Future Homemakers of America, conducted the area meeting. The program began with selections by the Newman High School Band. Billie Waters made a speech on the place of youth in Democracy.

At 11 a. m. the 86 delegates met to elect area officers for the coming year. The afternoon session began with the installation of the new officers and the choosing of a new rally song. The song that was chosen was "God Bless America." Delegates were entertained at the Macie Hotel at 2:30.

Those going from Ozona were Mary Faye Lucas, the delegate, Gem Ella Dudley, Adele Keeton, Lottie Jo Owens, Alyne Hokit, and Miss Allena Kinney.

Freshmen Enjoy Picture Show

Junior business training classes under the supervision of Miss North had the privilege of seeing a picture show with the new sound on Film Projector. The three movies were "Building of Boulder Dam", "Transportation," and "Let's Go Fishing."

The picture on "The Building of Boulder Dam" showed how the town of Boulder City sprang up within the short time of a few months.

Every detail was taken in from the building of the dam to the flowing of the water through the

outlets. Transportation, which was the name of another show, explained how the wheel and axle were invented. This was followed by every step in the means of transportation.

"Let's Go Fishing" was a show on how the Champion Chester Tony Acetta does his casting and muling, and the baits he used.

Mr. Acetta was compared with a certain Mr. Dough, who thought he knew all about fishing. When Mr. Dough would cast, he would take a swing as if he were trying to throw a long pass. Mr. Acetta cast with the use of his wrist only. To prove it, he held, with his elbow, a handkerchief to his body. Mr. Acetta used one hook bait only, which does not hang in trees on lily pads or in the river. The proper place to fish is not across the lake from the boat landing, but near it. Most people seem to think that the boats around the landing would scare fish away. If everyone followed Mr. Acetta's way, it would be a "hot time on the old river tonight."

FOTBALL INJURIES

Football is a very good game to play, but it is dangerous too. We have three boys, who have been hurt on the Ozona Line team. Captain Smith was playing right guard, but is out because of a bad rib and he was unable to play Saturday. Jim Ad Harvick is out because of a fractured finger; he was playing in Captain Smith's place at right guard. Jim Ad got his insurance for his fractured finger. He got his doctor bill paid for by the insurance company, which was \$7.50. Shary Colquitt is in right guard position now and going strong. Tom Ed Montgomery, whose ankle has been hurt for about 3 weeks, will be back in the line this week.

Behind The Scenes In American Business

By John Craddock

NEW YORK, Oct. 14.—BUSINESS—Thumb-nail report: Business—Good, though spotty; Industrial activity—High, rising, and steady; Profits—Uncertain.

Weigh those brief items thoughtfully, and you can see the trend developing in the current "billions in defense but no war millionaires" situation. The steel rate moved up another 1.6 points, to reach 94.2 per cent of capacity, highest level since last December's traffic boom. Commodity prices held strong. Commercial loans of Federal Reserve banks rose \$55,000,000, indicating that business men are willing to enlarge commitments in expectation of a continued high rate of activity.

But, contrarily, the profit picture is pretty drab. The stock market tells the story; although industrial activity is higher than in '37, stock prices are 40 per cent lower. That means that, while business generally is satisfied that the defense program assures a steady flow of high activity for months—even years—it is having to adjust itself to a new situation with respect to profits, mainly because of the direct costs of doing business, tax-wise and otherwise, are going up and up and up.

WASHINGTON — Contrary to earlier expectations that agencies like WPA would curtail activities as the defense program spurred general industrial work, it now appears the latter will, instead, give the WPA a new lease on life. Its payroll now covering about 1,718,000 persons, has remained pretty much unchanged since early summer, but now the agency is busying itself with projects like airport and rifle range construction, and armory rehabilitation, and expects to play an important part in military road and bridge building. More appropriation?

The treasury has ruled that salaries paid to employees while they are absent in military service or serving the government "in other ways" for a "nominal" compensation, are deductible from gross income in computing federal income taxes, either personal or corporate. A similar allowance was made during the 1914-18 war.

BITS O' BUSINESS—E. R. Stettinius, head of industrial materials for Defense commission, says supplies of magazines now estimated as adequate for more than two years' needs, and tin stocks equivalent to year's supply—both vital war materials. . . Nation's railroads are expected to purchase close to 100,000 new freight cars within the next 12 months. . . Retail sales gains have not been so pronounced in last fortnight as during August and early September, but October is expected to wind up with an "index" at 100 based on the 1923-25 average. . . Note on problems of converting auto manufacturing plants for defense goods production: scarcely 10 per cent of a typical auto plant's tools and machinery is adaptable to military goods production, even airplane motors. . . Private industrial construction contracts let during September totaled \$63,306,000—almost triple the volume for that month in 1939 and higher than for any single month in recent years.

THINGS TO WATCH FOR—Two new ideas in paints: One, for hospital and children's rooms, has chlorine or iodine mixed and kills germs, molds and yeast; another to be "starred" in a movie, renders floors invisible to the camera and thus makes actors appear to be walking on air.

From 'Sit-Fires' to Spitfires

A government appeal for aluminum pots and pans brought thousands of tons of these kitchen utensils from all over England into the rapacious maw of Britain's war machine. From sitting on fires these pots and pans will go to cloud-hopping in defense of the tight little island. At left, workmen are cleaning the aluminum scrap. Right, tons of ingots, once stewpots, on their way to become "Spitfires" and Hurricane planes.

People came from far and near to see Willkie and to hear him speak, while on his western tour.

Parsonage Repairs Discussion Topic At Society Meet

A plan to repair the local parsonage with a fund of \$500 given the society by the board of stewards was discussed by members of the Woman's Society for Christian Service in its regular meeting at the Methodist Church Wednesday afternoon. The society voted to raise an additional \$500 to make the needed repairs on the parsonage.

Mrs. B. B. Ingham was leader of the afternoon's program on "Life's Heritage." Mrs. Hudson Mayes and Mrs. Bill Baggett read papers on the topic "Investing Our Heritage." Mrs. J. A. Russell reported on the recent Conference of the Society in San Antonio.

Members present were Mesdames Alvin Harrell, B. B. Ingham, Stephen Perner, John Bailey, Fleet Coates, Charley Coates, J. A. Fustell, Tom Harris, Minnie Crumley, H. B. Tandy, Madden Read, Mary Perner, W. R. Baggett, Hugh Childress, Ele Hagelstein, Charles Williams, Hudson Mayes, R. L. Flowers, Buddy Moore, Pon Seaborn, Bryan McDonald, Johnnie Henderson, W. E. Smith, Carl Colwick and Max Schneemann.

Mrs. Baker Is Sunflower Hostess

Mrs. Hubert Baker entertained members of the Sunflower Bridge Club with three tables of players Tuesday afternoon at her home.

Mrs. Rex Russell was awarded high score prize, Mrs. Sherman Taylor took second high, and Mrs. Hilton North the bingo prize. Table cut prizes went to Mrs. Joe North, Miss Wayne Augustine and Mrs. Lowell Littleton.

Others present were Mrs. Melvin Brown, Mrs. C. E. Davidson, Jr., Mrs. W. E. Friend, Jr., Mrs. Arthur Phillips, Mrs. T. A. Kincaid, Jr., and Mrs. Bud Kincaid.

COMPLIMENTS BRIDES

Mrs. Joe Thomas Davidson and Mrs. Joe Friend, both recent brides were complimented when Mrs. Monroe Baggett entertained with a luncheon at her home last Thursday. Fall flowers decorated the rooms and the honorees were presented with gifts. Present besides the honorees were Mrs. Buddy Moore, Mrs. Pon Seaborn, Mrs. James Baggett, Mrs. Joe T. Davidson, Miss Lurine Townsend, Miss Jean Drake and Miss Elizabeth Coose.

Mr. and Mrs. C. J. Van Zandt have returned from a vacation trip to Detroit, Mich., and other points. In Detroit they took delivery of a new Plymouth car which they drove back home.

Nesrstas Hosts To Night 42 Club

Dr. and Mrs. Nesrsta entertained members of their night forty-two club in their home Tuesday evening. Yellow and orange chrysanthemums were used in room decorations.

High score prize for guest couples went to Mr. and Mrs. Rex Russell and Mr. and Mrs. J. C. Montgomery drew the high club prize. The traveling prize went to Ira Carson and Mrs. Morris Dudley took the cut prize. A salad plate was served at the conclusion of the games.

Guests included Mr. and Mrs. Hillery Phillips, Mr. and Mrs. Arthur Phillips, Mr. and Mrs. Morris Dudley, Mr. and Mrs. Hubert Baker, Mr. and Mrs. J. C. Montgomery, Mr. and Mrs. Ira Carson, Mr. and Mrs. C. S. Denham, Mr. and Hubert Stephen Perner, Mr. and Mrs. Ira Carson, Mr. and Mrs. Lowell Littleton, Mr. and Mrs. Rex Russell, Miss Connor Maddox and Mrs. Alice Baker.

Phillip Childress, son of Mr. and Mrs. Phillip Lee Childress, received treatment at a local physician's office Wednesday afternoon for a deep gash on his hand, suffered when he fell on a piece of glass.

Mrs. Willkie Greets Rowdies With Smile

Mrs. Wendell Willkie likes campaigning. It's fun, she says, and not half as fatiguing as she expected. Her first cross-country political campaign trip was "so interesting."

"The crowds are enormous and there's much interest in their faces—so much interest that it interests me to watch them," she said.

Rowdism, throwing of eggs and other things at the presidential candidate and his party, do not disturb Mrs. Willkie.

"There's been very little of it," she said. "On the whole, everyone has shown such enthusiasm. Of course, it is sad to see prejudices aroused to such an extent that people throw an egg at someone who has done nothing but smile at them."

Generalissimo Rafael Trujillo, ex-president and "strong man" of the Dominican Republic, who is recovering from a long illness, plans to vacation here for his health.

Aggie-TCU Fracas Highlights S'west Conference Menu

College Station, Texas, Oct. 16.—Next Saturday, Oct. 19, the Texas Aggies will swing into their Southwest Conference season by playing the Texas Christian Horned Frogs on Kyle Field here with game time set for 2:30 o'clock.

TCU is one of the Aggies' oldest foes and for along stretch, lasting from 1924 to 1936, the Frogs had a jinx on the Aggies, holding them without a victory for 11 years, although they did share 2 ties.

They first met in 1897 and since then have met 34 times with the Aggies winning 19 of those games, losing 11 and tying 4. This year the Aggies will be the favorites but Coach Marty Karow, who scouted the Frogs for the past two weeks, is touting them to finish one-two in the conference race. "They have a lot more than

Miss North Is Las Amigas Hostess

Miss Mildred North was hostess to members of Las Amigas bridge club and a number of guests at her home Saturday afternoon.

Yellow chrysanthemums were used in flower arrangements and the tables were in yellow and brown.

High score for the club went to Mrs. Rex Russell, high guest to Mrs. W. E. McCook. Miss Zelma Scott drew the bingo gift.

Others present were Mrs. Elmer Hagelstein, Miss Wanda Watson, Mrs. Bill Baggett, Mrs. R. L. Flowers, Mrs. G. L. Nesrsta, Mrs. Arthur Kyle, Mrs. Bill Condit, Mrs. Dan Patterson, Miss Lane Terry, Miss Connor Maddox, Miss Georgia Williams and Miss Marjorie Hammons.
