## Bill Seahorn In Race For Prec. 1 Commissioner Job

### Native Ozonan, Rancher Opposes Incumbent Walker

W. P. (Bill) Seahorn, Jr., stepped into Crockett county's feverish political arena this week with formal announcement of his candidacy for the nomination as County Commissioner in Precinct 1.

Seahorn is a native of Crockett county "I was born in Crockett," he declares, and has been in the ranching business all his life. He is an Ozona High School graduate, attended SMU and spent four years in the United States Army during World War II.

"I understand the problems of Crockett county as well as you could and I think I am qualified to serve as commissioner," he said.

"I am a man who does not investigate my record and to inquire of any man's record. I have demonstrated my ability to work in harmony with others and after a lifetime of experience here, I feel that I can serve the county's problems better than any other man in Crockett county."

## OZONA CAGERS LAUNCH THEIR DIST. TITLE CAMPAIGN WITH SUCCESSIVE WINS OVER ELDORADO AND JUNCTION

By Ernie Boyd

The Ozona Lions launched their bid for the 1962 district 8-A basketball title over the past week by trouncing the Eldorado Eagles in Ozona Friday 51 to 36 and then putting on a strong finish to down Junction 52 to 30 in Junction Tuesday night.

In the district opener played before one of the largest crowds to see a game not in the tournament in several years, the Lions came from behind in the second period to grab a narrow 21 to 18 half time lead and then went on to sew up their first win by outscoring the Eagles 16 to 4 in the third quarter to put the game out of reach.

Carl Montgomery led the Ozona attack with 14 points closely followed by Van Miller and Hal Long each of whom had 11 points. Jim Runge tied Carl Montgomery for high point man in the game with 14 points but was the only Eldorado player to get into double figures.

Strong defense and powerful rebounding, particularly in the second half, proved to be the big factor in the Lions favor as they limited the visitors to only six points in the 12 minutes of play lapsing from the time the Eagles gained their 16 to 11 lead with four minutes gone in the second period until the start of the final period when the game had already been decided.

In Junction Tuesday night, the Lions took a 4 to 0 lead on Phillip Carnes' and Van Miller's field goals and were never behind or even tied but none the less kept their patrons on the edge of their seats as poor ball handling and rather sluggish play kept the home team in contention until the final period when the Lions snapped out of their trance and poured in 19 points while holding the Eagles to 3.

Hal Long, who has not been up to his normal pace recently, snapped a cold streak to score 23 points and lead the Lions in that department while teaming with Carl Montgomery and Van Miller to sweep the rebounds at an awesome pace.

Miller who was second in scoring for the Lions with 12 had the

best night of his career, rebounding with 19 for the night while Hal Long with 13 and Carl Montgomery with 12 each had a big hand in controlling the backboards.

The Lions led at the end of the first quarter 9 to 6, held a 24 to 15 lead at the end of the half saw that slip to a 33 to 27 margin at the end of 3 quarters and then slaughtered the Eagles with a 19 point outburst in the final period while the Eagles could manage 3 free throws.

The win at Junction left the Lions with a 14 and 2 season record going into their own tourney beginning today with the next district game a crucial invasion of Sonora next Tuesday.

## Jake Young Asks New Term As Prec. 4 Commissioner

### Incumbent Seeking 3rd Term in County Commissioner Post

Jake Young, now serving his second term as County Commissioner from Precinct 4, this week authorized announcement of his candidacy for re-election in the coming elections.

Mr. Young has lived in Crockett county most of his life and has been in the ranching business for a number of years.

"I would appreciate the earnest consideration of every voter in the coming elections," the incumbent commissioner said. "I do not take credit nor do I assume blame for all the actions of the Crockett County Commissioners Court since I have been a member of it, but I have no apologies for my part in the administration of affairs of the county and I believe the court's record will stand up under the closest scrutiny for economy of operations and for a maximum of service to the county for the money spent.

"I feel that we have a harmonious court and a court whose first interest is the best interests of Crockett County and its people and I ask your consideration of my candidacy for re-election on the basis of the record of this court. I will appreciate the help and support of every voter."

## Bill Miller Seeks Commission Post In Precinct Two

### Former Court Member Candidate For Old Position

W. T. (Bill) Miller, a former Crockett county Commissioner, this week announced he will again seek a seat on the Commissioners Court as a candidate for nomination for the office of Commissioner from Precinct 2, Crockett county.

Mr. Miller was commissioner from that precinct a total of six years. A resident of Powell Field, he is employed as a pumper by Tidewater Oil Co. He has been a resident of Crockett county since 1947.

"I feel that my experience as a member of the Commissioner Court will be to the advantage of the people because of the lack of lost motion in sessions of the court," Miller said. "Having served so long on the court, I am familiar with the routine of county operation and will be willing to spend all the time necessary to carry out the duties of the office.

"My present job doesn't require my full time and I will have whatever time it takes to attend the duties of the Commissioner post. I realize the growing importance of the administrative work of the county and will be willing, if I am elected, to give all of the time necessary to the job.

"I will greatly appreciate the vote and influence of everybody."

David, Dwayne and Dwight Childress, of Ozona, were recent guests at the Art Linkletter CBS-TV and radio "House Party" show in Hollywood. The three boys flew to California with their parents, Mr. and Mrs. John Childress of Ozona, to visit Disneyland during the New Year's holidays. During their conversation with Art Linkletter the subject of the Bowl Games came up and Link suggested that Mississippi might be the eventual winner. The boys heartily disagreed and made a small wager. Now they have to collect.

## 1961 All District Team Is Honored At Annual Banquet

### Ozona High Wins Permanent Possession of Glasscock Trophy

By Ernie Boyd

Texas Tech football coach J. T. King addressed a large group of Ozona football fans, the district 8-A all-district team and the Ozona High School football squad last Saturday night at the annual Ozona Lions Club All-District football banquet.

Present as special guests of the Lions Club and of the district were the representatives of Iraan, Rankin, and Sanderson High Schools all of whom will be members of the district next fall.

Ozona Lions Club President Woody Mason presided at the meeting and introduced Supt. L. B. T. Sikes who introduced the district school superintendents as well as the visiting superintendents who in turn introduced the officials from their schools.

The All-District selections were introduced and presented with certificates testifying to their selection to the mythical honor team and Ozona High was presented with the Glasscock Sportsmanship trophy which will become the permanent property of Ozona High School, since it was the third time in the past twelve years in which Ozona had won the award.

Coach King, after making some comments on conditions at Tech, outlined for the boys in particular five points which he told the group were essential to success both in athletics and more importantly, in life.

Coach King told the boys that the day of the dumb football player had been gone in the Southwest Conference for many years even though many people on the outside looking in were still of the opinion that things had not changed.

He told the boys that the football scholarship was only for boys who were willing and able to seek an education and that those who did not have the willingness to work both on the field and in the classroom were no longer included on the roster of current football teams since they were now unable to stay in school.

The willingness and spirit of cooperation, devotion to duty and desire to accomplish were three of (Continued on Page Three)

## 16 Teams Kick Off 31st Annual Ozona Tournament Today

### Well Balanced Competition Promises Interesting Meet

By Ernie Boyd

The 31st Annual Ozona Invitational Basketball tourney with a full slate of 16 teams opened at Davidson Gym at noon today with an interesting card of play slated for fans tonight.

Starting at 6 p. m. this evening the Junction Eagles will play Mason followed by Big Lake and Mertzon at 7:30 and Ozona and Eronte at 9 a. m.

Brady, Sanderson, Big Lake, and Ozona have been established as pre-tourney favorites with Brady the defending champion back with a somewhat less spectacular club to defend its title.

The tourney got under way at noon today with Wall and A. C. C. H. S. meeting in the opening game and will run until the champion is decided in the 9 p. m. contest Saturday night.

Coach Brooks Dozier, who is tourney director, stated that he felt that the field of competition this season should be one of good balance with a lot of good basketball games assured in both the championship and consolation brackets.

As has been the case in the past, members of visiting teams will be housed in the homes of Ozona people some of whom have been keeping boys during the tourney for years.

Arrangement for quarters has been handled by Miss Mildred North with cheer leaders and volunteer helpers aiding in the work.

The home economics department under the direction of Mrs. Janie Hull, will be in charge of refreshments for the visiting coaches and officials.

The Ozona tourney is one of the oldest in point of continuous operation in West Texas having started in 1932 and has been an annual winter highlight in Ozona, drawing large crowds.

Ozona last won its own tourney in 1958 after having failed to win it in the decade prior to that.

The Lions this year have finished second in both tournament they have entered thus far, finishing second in the Rankin tourney for their highest finish in that meet thus far and also copping second in the Big Lake marathon which at least in recent history is the highest finish so far in that meet.

### Local Construction Worker Ozona Resident Since 1947

Glenn Cox, local construction worker and resident of Crockett county fourteen years, chucked his hat into the political ring with announcement this week of his candidacy for the office of County Commissioner from Precinct 2.

"I feel that I am qualified to fill the position and pledge that if I am elected, I will devote whatever time is necessary to doing a thorough job of looking after the business of the county and my precinct," Mr. Cox declared. "I feel that I can work with other members of the court in administering county affairs. My first concern would be to see that the people, the taxpayers, get a square deal and get the service they pay for with their taxes.

"I will appreciate the support and vote of all."

**This Is An Investment?**

President Kennedy thinks Congress should authorize purchase by the US of half of that \$200 million bond issue by which this global marching and chowder club hopes to recover the cost of its African military adventures and overcome its general insolvency. The investors are to be repaid (with interest at two percent) when, as and if delinquent member nations pony up their share. The President told Congress in his State of the Union Message that this would be a smart investment — but we can't help wondering whether Joseph P. Kennedy would think so.  
 In any case, Rep. Edward J. Dewinski, Illinois Republican, has said he will introduce a bill to prevent such a transaction. He is quoted in Human Events as saying: "... in view of the huge deficit, the continued outflow of

gold, the back-breaking tax burden that is being perpetrated on our citizens, the purchase of \$100 million of UN bonds, with their problematical value as well as their artificially low interest rate, is pure irresponsibility."  
 Democratic Senator Harry Flood Byrd, who incidentally is chairman of the Senate Finance Committee, takes an even dimmer view of the matter. Commenting on the delinquency of Russia and many other member nations in their UN obligations, he said: "If they don't pay for anything else, why should they pay for the bonds? I think we'll just end up paying for the UN's other expenses and the bonds too."  
 A better course might be to terminate all further UN expenses — as soon as possible — which we could do by merely withdrawing our support.

Ted M. Lewis of Ozona has been named Layman Chairman for Castle Gap Association in the churches phase of the Texas Baptist Crusade for Christian Education.

### Ranchers Due To Pay Self Employment Tax

A majority of farmers and ranchers in this area must pay a federal self-employment tax for 1961. S. Baker Mallett, Administrative Officer, Internal Revenue Service San Angelo, Texas revealed today.

He said the rate of self-employment tax for the taxable year of 1961 is 4½ percent, and is in addition to any income tax payable.

Under the federal Social Security law, the IRS representative said, Social Security taxes are paid by employees and their employers, and the self-employment tax must be paid by persons who are self-employed. These taxes are used to pay old-age, survivors and disability benefits under the federal Social Security program.

**This Is An Investment?**

President Kennedy thinks Congress should authorize purchase by the US of half of that \$200 million bond issue by which this global marching and chowder club hopes to recover the cost of its African military adventures and overcome its general insolvency. The investors are to be repaid (with interest at two percent) when, as and if delinquent member nations pony up their share. The President told Congress in his State of the Union Message that this would be a smart investment — but we can't help wondering whether Joseph P. Kennedy would think so.  
 In any case, Rep. Edward J. Dewinski, Illinois Republican, has said he will introduce a bill to prevent such a transaction. He is quoted in Human Events as saying: ". . . in view of the huge deficit, the continued outflow of

gold, the back-breaking tax burden that is being perpetrated on our citizens, the purchase of \$100 million of UN bonds, with their problematical value as well as their artificially low interest rate, is pure irresponsibility."  
 Democratic Senator Harry Flood Byrd, who incidentally is chairman of the Senate Finance Committee, takes an even dimmer view of the matter. Commenting on the delinquency of Russia and many other member nations in their UN obligations, he said: "If they don't pay for anything else, why should they pay for the bonds? I think we'll just end up paying for the UN's other expenses and the bonds too."  
 A better course might be to terminate all further UN expenses — as soon as possible — which we could do by merely withdrawing our support.

**Fast Gainer Lamb Feature Of Annual 4-H Livestock Show**

**Record Gain Shown by Deaton's Crossbred For Jan. 27 Show**

The 15th Annual Crockett County 4-H Livestock Show will be held at the Junior Show Barn on Saturday, January 27th. Judging will get underway at 1 p. m., followed by a barbecue supper at 6 p. m. A fat lamb auction sale will be held at 7 p. m. at which time prize winning lambs will be sold to highest bidders.

One of the proudest exhibitors at the 4-H show this year will be little Freddy Deaton, son of Mr. and Mrs. Taylor Deaton. Freddy, a first year feeder who will be exhibiting a crossbred lamb from the Joe Tom Davidson flock named "Wilco", has set a record in the 15-year history of 4-H club work in Crockett County for the amount of gain put on by one lamb. "Wilco", back in September, when first placed on feed, weighed a scant 67 pounds and now weighs around 165 and is gaining every day. Freddy, the proud owner, only weighs about fifty pounds.

As usual, the main competition will be among the 24 fat lamb feeders who are showing 120 fine-wool and crossbred lambs, all bred and raised in Crockett county. Breeders whose lambs are being shown by the young feeders are Tomamy Chandler, Joe Couch, Joe Tom Davidson, Childress & Clayton, Chas. Davidson, III, Chas. E. Davidson, Jr., Bill Baggett, John Childress, Boyd Baker, Roy Coates Carl Pflueger, Cotton Brooks, Vic Montgomery, Bud Coates, Fleet Coates, P. L. Childress, Jr., Troy Williams and R. L. Bland, Jr.

Fat lamb exhibitors are Bill Ross Childress, Bill and David Jacoby, Larry and Kathy Williams, Diana and Buddy Couch, Jill Graves, Fred and Mike Baker, Jack Applewhite, Rex and Diltzie Bland, Dwight Childress, Bill Everett, Duwain and Eugene Vinson, Roy Fleet and Morris Lee Coates, Charles Childress, Steven Hubbard, Cuatro Davidson, Tom Davidson, and Freddy Deaton.

Showing registered Rambouillet sheep will be Jay Miller and Keith and Lellee Mitchell. Fat steers will be shown by Dwight Childress, Larry Williams, and Buddy Couch. Exhibiting registered Hereford heifers will be De De Beauchamp and Larry and Kathy Williams.

Quarter horses have been added to the 4-H program for the first time and exhibiting 1961 fillies are Paul Perner, Duwain Vinson, Rex Bland, and Lynn and George Cox.

**Ranchers Due To Pay Self Employment Tax**

A majority of farmers and ranchers in this area must pay a federal self-employment tax for 1961. S. Baker Mallett, Administrative Officer, Internal Revenue Service San Angelo, Texas revealed today.

He said the rate of self-employment tax for the taxable year of 1961 is 4½ percent, and is in addition to any income tax payable.

Under the federal Social Security law, the IRS representative said, Social Security taxes are paid by employees and their employers, and the self-employment tax must be paid by persons who are self-employed. These taxes are used to pay old-age, survivors and disability benefits under the federal Social Security program.

In the third period the visitors cut the Ozona lead to 23 to 31 and at several points forged ahead but the home team scored 9 points in the final period to 8 for Eldorado to get the win.

In Junction Tuesday the Ozona girls jumped into a quick 6 to 2 lead on Janie Lara's shooting but then grew cold and dropped out of contention as the Junction girls lead by Barbara Cook who scored 23 points piled farther and farther ahead.

Even though much of the Ozona troubles lay in a good Junction defense, the Ozona girls were miserably cold at their shooting, missing shot after shot even when able

## NEW SEMESTER CALLS FOR NEW RESOLUTIONS

By Helen McCaleb

As we start out this new semester let us make some New Year's resolutions. Of course, we all say that we are going to study harder and try to make better grades, but how many of us really mean it?

For one New Year's resolution we could simply say that we will do our best. If this includes studying, then we should resolve to study. If we really do our best then that is all that should be expected of the individual student.

Another resolution could be to not in any way borrow an answer or homework from the girl or boy who sits across the aisle or the one in front of you.

We could go on and on in listing what we should do this new semester, but I think it can be summed up in one sentence: "Let's do our best."

## WEIRD NOISES SIGNAL END OF SEMESTER EXAMS

by Kathy Scrivner

Have you been hearing weird sounds lately? No, your ears have not been playing tricks on you. Everyone that was in hearing distance of these sounds are urged not to call and report that we have been invaded from an unknown planet. Friday afternoon marked the end of Mid-term Exams. The students went wild as they ended the fuss and bother of studying for mid-terms.

As a matter of fact, a student was sent almost to the ceiling by an outburst of joy from a fellow classmate. It seems he had finished his test early and couldn't wait to let everyone else know.

Semester exams also proved to be an advantage to the students. Many of the teachers were so tired of making out and grading tests that they don't want to even see another test for a long while.

So, you may unlock your doors and windows and come out from under the bed; that is, until the month of May arrives. Then brace yourself for another "thriller!"

## THE LINES MAKE THE COLUMN

Congratulations to the boys that won awards in the FFA Livestock show here last Saturday.

Friday is a school holiday; so let's all go to the games and give the team our support.

The mid-semester changes have OHS students and teachers in a turmoil. Some teachers are looking for their students while students are searching (?) for their classes.

Have you heard that David Lewis was treading on thin ice — so thin, that he went wading in the fish pond.

Congratulations to the basketball teams in their district start.

## BOYS BASKETBALL TEAM GIVES ASSEMBLY

The assembly Wednesday was presented by the Ozona boys basketball team.

Carl Montgomery led the student body in the pledge followed by Phillip Carnes with a devotional concerning "Fairweather Sportsmanship."

The captains for this season who are Van Miller, Gary Studdard, and Pete Montgomery, gave speeches concerning the student body's support of the boys' basketball team. Mr. Dozier followed with a speech that recognized the people helping to make the tournament a success; the hospitality toward the out of town guests; and the school support of our team. The cheerleaders led the student

body in a few yells at the conclusion.

## STUDENTS FURNISH WOMAN'S FORUM PROGRAM

Many Ozona girls furnished the program for the Ozona Woman's Forum on Tuesday afternoon at the North Elementary.

The Homemaking girls that modelled were Barbara Kirby, Nancy Deland, Melissa Harvick, Lana Kay Alford, Vicki Montgomery, Lynn Cox, Lucille Childress, Mary Jane Dunlap, Brenda Brentz, Carmen Childress, Judy Ingham, Linda Leath, Johnnie Rae Johnigan, Sandra and Yvonne Martinez, Linda Miller, Kathy Stiles, Rebecca Camarillo, Rosie Castro, Maria de Hoyos, Judy Black, Mary Burt, Arlene Gotcher, Pam Perner, Jan Pridemore, Marion Ross, Terry Jean Newton, and Peggy Harvick.

Jayne Cole was commented for the style show.

A clarinet quartette consisting of Arlene Gotcher, Jan Pridemore, Cheryl Clayton, and Linda Leath played the selection "Clarumba." This is a rumba which is composed to be played by clarinets.

Jayne Cole gave a speech on the topic "How can we Lack Communist unless we Understand Them."

**Screwworm Eradication Organization Expanded Other States Interested**

The planned screwworm eradication program in the Southwest moved a step forward today with the announcement that the Southwest Animal Health Research Foundation's board of trustees is being expanded and that an advisory council has been created.

C. G. Scruggs, recently elected president of the Foundation, said that such a group which has an organized committee will be represented by one man on the advisory council, and that additional advisory council members can be appointed.

Scruggs pointed out that 214 counties in Texas now have organized committees and that other counties in the state are in the process of organizing. "Interest in the program also is growing in other states," he said. "Seven parishes in Louisiana have organized."

The Oklahoma Cattlemen's Association passed a resolution at their annual meeting in December calling attention to the screwworm eradication program being activated in the Southwest and resolved to "join with other southwestern states to adopt and foster a program that eventually will lead to complete screwworm eradication."

Scruggs said the selection of Harry Jersig of San Antonio as a trustee brings the total number of trustees to 16 at this time. Jersig will represent Wildlife and Sportsmen's clubs.

Present trustees and their terms of office are: One year — Claude McCann, Victoria; C. H. Devaney, Cosham; Dolph Briscoe, Jr., Uvalde; Cecil Ward, Gainesville; and Joe T. Lane, Marfa. Two year terms: Marvin Bridges, Buffalo; W. E. Crenshaw, Weslaco; Alvin L. Cole, Sterling City; C. G. Scruggs, Harold Nelson, New Braunfels. Three year terms: V. A. "Bill" Clements, Jr., Longview; Jerry Puckett, Fort Stockton; T. A. Kincaid, Jr., Ozona; Dr. G. Kendrick, Marlin; T. J. Richards, Paducah.

Bridges is vice-president, and Puckett is secretary-treasurer.

In their latest meeting the trustees emphasized — through the following statement — that every penny collected would be used solely to bring about a screwworm eradication program: "That it be the policy of the board of trustees that all funds received from pro-

viders shall and will be held in escrow to be expended only in the event funds are available or authorized to initiate the screwworm eradication program and in the event that efforts to secure sufficient funds fail, all monies in such escrow accounts shall be returned to the individual or organization from which they were received."

The screwworm eradication program is literally one of self-extermination. It is based on the fact that the female fly mates only once. The native population is overwhelmed by systematic release of screwworm flies which have been sterilized by irradiation.

**Youth Featured In Program Of Woman's Forum Guest Day**

The Ozona Woman's Forum observed its guest day program Tuesday in the North Elementary school auditorium, members of other clubs of the city as guests.

Guests were welcomed by the president, Mrs. P. C. Perner. Mrs. Perner pointed out that the program for the day would be one of youth participation as a means of encouraging development of their talents through the guidance and encouragement of parents and teachers.

A feature of the program was the presentation of the Make-It Yourself-With-Wool contestants and local HE students under the guidance of Mrs. Janie Hill, H. E. Teacher. Jane Cole was commentator. Music was by Cheryl Clayton.

Jane Cole spoke to the group on "The Communists, We Must Understand Them to Kick Them."

Band students of Director Allan Morgan, including Arlene Gotcher, Jan Prudemore, Cheryl Clayton, Linda Leath and Mary Jane Dunlap, presented a reed arrangement, "Claramba," by Paul Yoder.

Tea table was laid with a green linen cloth with copper appointments. Miniature models formed an unusual centerpiece.

Hostesses were Mrs. Charlie Black, Mrs. Jack Williams, Mrs. J. S. Pierce, III, Mrs. Fred Hagelstein and Mrs. Vic Montgomery.

If I succeed in getting the nomination, then I will redouble my efforts for the general election against whichever brass-collar Democrat happens to be my opponent." Miller points out that "under the state statutes on political primaries, I am entitled to seek nomination for any office to be filled as an independent, Democrat or Republican — and this includes the created-on-purpose-by-default office of Congressman at large."

### Crockett Co. Oil Activity Boom Cited; 15 Oil And Gas Discoveries In 1961, Now 102 Active Fields Listed In County

Crockett County, a huge, sprawling area in the southern portion of the Permian Basin, has bloomed into one of the most active oil and gas producing counties in West Texas, Jerry Haynes, oil editor of the Odessa American wrote in the Sunday issue of that paper.

With 15 new oil and gas discoveries completed in 1961, the county now has a total of 102 active fields scattered over 2,794 square miles.

Oil production since the first wildcat was brought in in 1925 has amounted to more than 130,000,000 barrels.

Drilling operations have shown a steady increase during the past year. The total number of discovery wells completed in 1960 stood at five, while a year later this figure had tripled.

Twenty-one wildcats were drilled during the year, and field operations recorded a large increase during 1961.

Of the 15 discoveries made, nine were oil strikes and six were gas discoveries.

The nine oil strikes had a total production of 1,018 barrels of oil per day, while the reservoirs opened by the wells will probably produce thousands of barrels.

The total gas production reported to the Texas Railroad Commission of the six gas wells is 23,835,000 cubic feet per day.

The most prolific oil strike made in the county was at Texas-Utah Producing Co., No. 1-A Bouscaren. It was finaled for 552.33 barrels of 41.8-gravity oil per day, plus 50 per cent water, through perforations at 3500-14 feet. This well opened the West Noelke (Clear

Fork) field.

Highest producing gas production was completed by Drilling & Exploration, No. 1-2 University, for 12,500,000 cubic feet of gas per day through perforations at 6933-73 feet.

Other new fields opened during 1961 included:

East Block 46 (Grayburg) field, Unnamed Pennsylvania field, Noelke (Tubb Gas) field, Olson (Seven Rivers gas) field, El Cinco (Devonian) field, Hanson (Grayburg) field, Lancaster Hills (Strawn gas) field, Lancaster Hills (Permian) field, West Noelke (Clear Fork) field, West Ozona (Clear Fork) field, Farmer (San Andres) field, Refoil (2850-foot) field, North Cox gas field, and the North Tippett field.

The leading oil field in the county is the Todd Deep (Ellenburger) field, discovered in 1945 by Ameradrada Petroleum Corp. The well, No. 7-A J. S. Todd, was completed for 954 barrels of oil in 10 hours.

With a total of 56 producing wells in June, 1961, the field has

produced more than 31,500,000 barrels of oil since its discovery.

Crockett County first entered the oil picture in 1925 when a rank wildcat being drilled by the World Oil Co. was finaled for 25 barrels of oil per day. The well, No. 1 L. P. Powell, opened the World field that at that time produced from the Grayburg.

Since the first commercial well was completed, the field has now produced (until June, 1960) a total of 27,414,920 barrels of oil. This is a far cry from the original 25 barrels per day.

Production from the World field totaled 3320 barrels in its first year.

Most of the oil and gas production in the county is in the north and northwest sections. So far, very little production has been developed in the southern portion of the county.
