NUMBER 23

To Open In Full Classes

Drop In Enrollment Predicted

Increase in enrollment Tuesday as the school year begins with a drop.

Registration held in Junior High this slight drop in enrollment year's all time at North Elementary, according to known losses and

entary, which estimate high by big year, is expected to be the same this year, loss indicated.

General faculty meeting will be held at auditorium Saturday building meeting after the general

new teachers will be in place already at work. All loss of personnel not large, a trend followed since the superintendent took over the schools in 1953.

School teachers will be band director, Economics, Mrs. employed on half a fresherman English J. G. Hufstedler, half day as a Spanish

personnel will be in this year and North will have only one, McMillan, who will made, Miss McMillan president of Big Lake elementary, Mrs. Wells has been employed as teacher.

cafeteria will be in opening day of school will be a full day of about the system. The advanced cafeteria

ants a meal, the new 35 cents for elementary pupils and 40 cents high and high school students, a raise of 5 cents in each case from last year's prices.

The new price schedule is in line with prices charged by other area schools. The small volume of participation in cafeteria meals makes it difficult to hold down losses in its operation, the superintendent said. If the average number of meals served last year could be increased by 100, the cafeteria could be made to break even, he said.

Rep. Nugent Named Vice Chairman Water Pollution Committee

Representative James E. (Jim) Nugent of Kerrville was named vice chairman of the interim legislative committee on water pollution in Austin Monday.

Nugent, who has just completed his first term as representative from this district in the Texas House of Representatives, was named a member of this important committee in July by Speaker of the House Jimmy Turman.

His appointment as vice chairman was made by Rep. Kilpatrick, chairman of the committee, which is composed of five members of the House appointed by the Speaker and two by the governor.

The committee is to study water pollution and draft those laws for the next session of the Legislature which will help conserve water over the entire state of Texas for present and future use.

ONLY 100 RESERVED SEATS YET UNSOLD FOR GRID SEASON

About 100 excellent football season reserved seats between the forty yard lines remained to be sold Wednesday, it was announced by Superintendent L. B. T. Sikes.

The seats, which are for all of the regularly scheduled Ozona High School home games this season, are five dollars each and are being sold on a first come first served basis.

With an interesting schedule and an interesting young ball club coming up this season, fans are urged to assure themselves of good seats at no additional charge. A reserved seat assures you a place to sit no matter how late you are in getting to the game.

The Ozona Lions will open their home season with the McCamey Badgers in Lion Stadium next Friday night, Sept. 7.

Fans who are interested in buying season tickets may do so by going by the office on the first floor of the High School main building or by dropping a check for the desired number of tickets in the mail addressed to Ozona High School. Fans may be assured that the best tickets available at the time will be assigned to them.

Fans who desire to choose their own seats should go by the office as early as possible and choose their seats from those still available.

School Cafeteria Meals To Cost 5 Cents More With New School Year

Because of increased costs of operation and higher food costs, a slight rise in prices for school cafeteria meals will be in effect with the opening of the new school term, Sept. L. B. S. Sikes announced this week.

A raised of 5 cents per meal is to be made on all classes of meals with the opening of the new year. The new prices will be 35 cents for elementary school meals and 40 cents for junior high and high school students, a raise of 5 cents in each case from last year's prices.

The new price schedule is in line with prices charged by other area schools. The small volume of participation in cafeteria meals makes it difficult to hold down losses in its operation, the superintendent said. If the average number of meals served last year could be increased by 100, the cafeteria could be made to break even, he said.

Funeral This Morning For Mrs. Mary Holmes, Sheffield Area Pioneer

Sheffield — Mrs. Mary Alice (Aunt Mamie) Holmes, 88, died at 2 p. m. Tuesday in Iraan Hospital. Services were held at 10 a. m. Thursday at the Church of Christ here, with burial in Sheffield Cemetery under direction of Jones Funeral Home of Ozona.

Mrs. Holmes was born Mary Alice Stephens Aug. 5, 1874, in Premond (Robinson County) daughter of Andrew and Sarah Stephens.

She married Manley Holmes in 1893, in Nacona (Montague County). The couple moved to Pecos County in 1899 and homesteaded land. Mr. Holmes died in 1936.

Mrs. Holmes had lived in Sheffield 55 years.

For the last two years Mrs. Holmes had lived with her daughter, Mrs. Lee Dudley in Sanderson.

Survivors include four daughters, Mrs. M. G. Northcutt, Mrs. Ruth Gesslin and Mrs. Dudley Ingham of Sheffield; three sons, Tom Holmes and H. M. Holmes, both of Sheffield, and Milton Holmes of Fort Stockton; 11 grandchildren and 21 great-grandchildren.

El Sombrero Cafe will be closed Friday, Saturday and Sunday this week while the owners, Mr. and Mrs. Sam Martinez, are in San Antonio for a reunion with their two sons, Samny and Bobby Martinez. Samny lives in Abilene and Bobby in Austin. The Martinez twin daughters, Yvonne and Sandra, will accompany their parents.

Student Transport Subsidy Payments Cut Off By Board

Cost Got Out Of Hand With Population Increase In County

As big oaks from little acorns grow, a private transportation subsidy which once was a minor item in school expense operations, has grown to such proportions that the school board, meeting Monday night, faced the necessity of calling a halt to the whole program under which Crockett county schools have operated for more than a quarter century.

Under the board's ruling, effective with the opening of the 1962-63 school year, the board will no longer pay private transportation subsidies to get school children to bus routes or to schools.

Hereafter, the schools will operate busses, (there are at present five bringing children to schools in Ozona) on the main highways across the county over a system of routes worked out some time ago and used effectively for several years. It will be the responsibility of parents who live away from the established routes to get their children to the bus route in time to be picked up for school.

The practice, began many years ago with a private subsidy to families to bring their children to school. It was the theory at the time that for the few students involved, it would be cheaper to pay the parents to bring them in than to buy and operate busses.

Then, as the population grew, it became necessary to operate busses and then those families who lived in remote areas were given a subsidy to bring children to the bus routes. The population continued to grow and to scatter until the private transportation subsidy got out of hand as an expense item, necessitating the suspension by the board of all such payments.

This subsidy program, which began with only a few dollars a year, had grown to the point where it was costing the system upward of \$4,000 a year. The school board had been aware of this growing problem for a number of years and had had it under study for that time, finally concluding that the only solution is to suspend all such private transportation subsidy payments.

Boosters Club Plans Send-Off For Team At Tues. Banquet

Louie Throgmorton, Noted Humorist, Is Speaker at Event

The Ozona Booster Club will stage its annual barbecue supper to honor the Ozona High School football team next Tuesday evening at the High School beginning at 7:30 p. m.

Louie Throgmorton, Dallas insurance executive and noted humorist, will be the speaker for the night following the introduction of the 1962 team and a review by the coaches of the progress thus far and what fans have to expect in the approaching season.

Membership salesmen were undertaking a last ditch drive to recruit members this week in an attempt to set a new record for club membership and it was announced by drive chairman, Ernie Boyd, that tickets for those not contacted would be on sale at the barbecue.

Tickets were being sold at Knox Motor, Mason Motor, West Texas Utilities, Ranch Feed and Supply, Ozona Boot & Saddlery, Elmore's Gulf Service, Sutton's Chevron Station, Hi-Way Cafe, and from individual salesmen, James Baggett, Quebe Alford and F. M. Cooper.

The featured speaker for the night is a well known after-dinner speaker who has combined his entertaining talent with his position as an insurance executive in Dallas. Throgmorton recently spoke to the Rotary Club Ladies Night banquet last spring and will be in Ozona for a visit with friends late this week and part of next week.

Booster Club President James Baggett urged local men to join the organization and boost the local athletic program this year. Mr. Baggett stated that Ozona had a past reputation of supporting its football teams win or lose, and that it was felt by all concerned that this had had a wholesome effect upon the attitude of the players and upon the effective way in which our teams have been trained. All men are welcome, we need your support, Baggett stated.

OZONA STUDENT TAKING MILITARY LEADERSHIP COURSE

San Marcos, Texas — James M. Baggett, a senior at San Marcos Academy is in San Marcos this week attending the pre-school military leadership course. The end of officers for the coming school year will be selected from the group of 31 which is here for the session. The senior non-commissioned officers will also be picked from this number.

San Marcos Academy will open the fall semester Monday, September 3, with a record high enrollment of approximately 550.

Mr. and Mrs. Dale Boland of Sheffield, are the parents of a son, Lloyd Dale II, born in the Crockett County Hospital on August 24th.

RESIGNS — Rev. Harry Trulove, pastor of the First Baptist Church of Ozona, last night announced his resignation to accept a call as pastor of the First Baptist Church at Fort Stockton. The resignation becomes effective September 5.

Mrs. Mamie Hagelstein, Mother of Ozonans, Is Buried in San Angelo

Mrs. Mamie Hagelstein, 85, of San Angelo died at 7:30 p. m. Tuesday in her home following a lengthy illness. She had lived in San Angelo more than 60 years.

Funeral services were held at 10 a. m. Thursday in the First Methodist Church with burial in Fairmont Cemetery. Dr. John Donoho, pastor of the First Methodist Church, officiated, assisted by the Rev. Fred Hamner.

Mrs. Hagelstein was born Aug. 6, 1877, in Bell County. She was married to Chris Hagelstein in 1900 at Belton and the couple came to San Angelo in 1900. He died in 1910.

Mrs. Hagelstein was an active member of the First Methodist Church in San Angelo for nearly 60 years. She was a past president of the Women's Society of Christian Service, a women's service group in the church.

She is survived by two daughters, Mrs. Ethel McKenzie, and Miss Mary Louise Hagelstein both of San Angelo; three sons, Elmer Hagelstein of Boone, Colo., and Fred Hagelstein of Ozona; two brothers, Early Baggett and E. B. Baggett, both of Ozona; eight grandchildren and four great-grandchildren.

Burial services were Frank Meadows, Otho Drake, L. T. Patterson and L. R. Sutton, all of San Angelo, and Richard Flowers, Hugh Childress, Jr., Charles L. Williams, Jr., and Lowell Littleton all of Ozona.

Ballots Go Out Sept. 5 To Choose Members for ASC County Committee

Ballots will be mailed from the local ASC office Sept. 5 to all ranch operators for the election of a County Committee to direct the agency's operation in this county for the coming year.

Ballots will contain the names of ten nominees for committee posts. Three regular members and two alternates will be picked from the candidates receiving the highest number of votes.

Ballots must be mailed back to the ASC office postmarked not later than Sept. 14. Claud Russell, office manager, said. Any rancher who fails to receive a ballot may get one at the ASC office.

Nominees whose names will appear on the ballot include W. R. Baggett, Jr., Nat Read, Ira M. Carson, Chas. S. Black, Jr., George Bunker, Sr., Joe Tom Davidson, W. E. Friend, Jr., Dempster Jones, J. E. Parker and Boyd Baker.

Regular members of the committee now serving are Ira M. Carson, Chas. Black, Jr., and Sam Perner.

Jake Young, Jr. Gets BBA At Texas Western And Army Commission

Jake Young, Jr. son of Mr. and Mrs. Jake Young of Ozona, who made an outstanding college record both as an athlete and a scholar, was graduated from Texas Western College in El Paso with a Bachelor of Business Administration degree. Exercises were held Saturday night, August 25, in Magoffin Auditorium.

Jake was cited as a Distinguished Military Graduate and received his commission as a Second Lieutenant in the regular U. S. Army. He will be stationed at Fort Bliss in El Paso. He lettered two years in football at TWC was a member of SAE fraternity which he served as secretary and as president, was a member of the Student Council and of the Student Advisory Board to the faculty. He received many other honors during his college career.

Members of the YWA of the First Baptist Church met Wednesday night in the home of Helen McCaleb. Cake and cokes were served after a program on Guatemala. Present were Jayne Cole, Helen McCaleb, Diana Coates, Ora Sparks, Becky Cullins, and Mrs. Harold Shaw.

Plans Accepted For New School Business Offices

Construction Of Administration Building Ordered By Board

The board of trustees of Crockett Consolidated Common School District meeting Monday night authorized Architect Leonard Mauldin of San Angelo to complete plans and specifications for a new school business office and administration building to be constructed on property owned by the school across from the high school building.

The new building to house the administrative functions of the school system as the business offices, record storage, etc. was considered a necessity by the board to relieve an intolerably overcrowded condition in the high school building, where small quarters were provided when the building was constructed in 1932 for the administration of the then small system.

The administration building was projected in a recent \$50,000 bond issue, which was rejected by a small minority of the voter strength, along with construction or purchase of a residence for the superintendent of schools.

The construction which the board Monday night authorized will be paid for out of available funds on hand or to be collected. The superintendent housing, which remains a problem for the board, will be postponed for later consideration. Meanwhile, living quarters will be made available for the superintendent and his family from presently school owned housing.

The new administration building will contain 1518 square feet of floor space and will contain the school's business office, secretary's office, superintendent's office, a conference room, a reception room, record storage vaults, rest rooms and storage rooms. It will be constructed of haydite blocks with facing to match nearby buildings and will be centrally heated and air conditioned.

The architect has indicated plans will be ready in about ten days and will be ready to ask for bids in another thirty days. Construction is estimated to take from 60 to 90 days.

Seven Crockett 4-H Records Submitted In Dist. Contests

Two Senior Division Books Eligible For State Competition

Seven Crockett County 4-H Club members have submitted their 4-H record books for district judging. Two records submitted in the senior division were Jack Applewhite in Achievement and David Jacoby in Range Management. In the junior division, Rex Bland entered Range Management, Duwain Vinson, Range Management; Eugene Vinson, Agriculture; Lelcie Mitchell, Texas Sheep & Goat, Wool and Mohair; and Fred Deaton in Achievement.

The records are to be judged in the district this week and results should be forth-coming next week. Senior records that win in the district compete in the state judging next month. Junior records are only judged on district level.

A number of 4-H members are making plans for feeding projects this winter and have already decided on kind and number of lambs to feed. All old 4-H members and new members who plan 4-H projects this coming year should contact county agent Pete Jacoby at your earliest convenience if you have not already done so.

Mr. and Mrs. C. W. Taliaterro and Mr. and Mrs. Warren Taliaterro and two sons enjoyed a vacation week-end at Corpus Christi and San Antonio last week.

"MESS" BECOMES A MENACE

Whatever has been going on in Cuba since Fidel Castro took over on New Year's Day in 1959 is about to come to a boil.

We say "whatever has been going on" because our official policy — except for our half-hearted and disastrous support to the Cuban patriots in their invasion effort at the Bay of Pigs — has been that of the Three Monkeys. We have, under both Eisenhower and Kennedy, been determined to see no evil, hear no evil, speak no evil.

Today, however, it is obvious, that this 44,000 square miles of land under the loom of the North American continent and within 100 miles of territorial United States has become a vast Communist staging area under the direct supervision of the Kremlin.

Since late July, five USSR passenger ships with an estimated 3,000 to 5,000 "passengers" and 11 merchantmen from iron curtain countries have unloaded in Cuba under Communist military security. At this writing, 15 more Red ships are reported on the way with 1,000 more "technicians." Underground reports from Havana place the Soviet troops now in Cuba at "over 12,000".

President Kennedy told his press conference of August 22 that he had no information on troops landing recently, but was aware of the arrival of "supplies and technicians of a rather intensive quantity in recent weeks."

We hope that he knows, too, the nature of those "supplies" and can

find out about the troops inasmuch as he told the American Society of Newspaper Editors last April 20 that it was not (then) our intention to abandon Cuba to the Communists and that "our patience is not inexhaustible". He also declared that should our hemisphere neighbors fail to resist "outside Communist penetration," the US Government "will not hesitate in meeting its primary obligations, which are the security of our nation".

As mentioned above, "outside Communist penetration" of Cuba took place long ago, and Cuba is now under active Kremlin management. Or, doesn't that count?

LABOR STATESMEN PLEASE NOTE

We, the American people are an easy-going lot. Our patience, like our generosity is legendary. Yet, historically, we don't like being pushed around. And a nation-wide survey just completed by the Opinion Research Corporation of Princeton, N. J. is convincing indication that we don't like compulsory unionism today any better than our ancestors liked the officiousness of the Crown two hundred years ago.

Ninety-three percent of the American public, the researchers learned in a record affirmation among public opinion polls, believe that no American should be forced, against his will, to join a church, a union or a political organization. Only four percent expressed approval of compulsory membership. Compulsory union membership is

exemplified in the "closed shop", in which a man can only be hired if he is already a union member; the "union shop," in which a non-member may be hired but must join in 30 days; the "agency shop" in which a non-member may stay out but must pay full membership dues in order to get and hold a job. The remaining three percent had no opinion.

This survey was made by Opinion Research for the National Right to Work Committee, which, with the aid of local groups, has been battling state by state to enact and enforce laws banning compulsory unionism. The Committee also is mobilizing citizen support of Section 14(b) of the Taft-Hartley Act which recognizes the right of states to enact and enforce right to work laws. Thousands out of the 15,000 Committee members in the 50 states are workers, and most of these — including the president and the board chairman — are union members. The militant opposition of such union members to compulsion has been a prime factor in the passage of Right to Work laws in 10 states thus far!

For years the Committee has been fighting an uphill battle for popular support, slowly gaining recruits and prestige. But as the survey so eloquently testifies, the American public, long apathetic to the mushrooming political power of such ruthless labor leaders as Jimmy Hoffa and Walter Reuther and the wielding of a labor monopoly immune to antitrust laws, is finally aroused.

It has shrugged off unconscionable strikes, illegal picketing, the violence of goons. But it's not going to stand aside much longer and see free-born American workers shaken down or fired for refusal to join a union.

"The happiest fellow we know is the one who recently turned down a guaranteed, sure-fire chance to make a killing in the stock market." — North Vernon (Ind.) Sun.

"In case you didn't know, a dividend is a certain percentage per annum, perhaps." — Edgewood (N.J.) Bergen Citizen.

"My wife must think she's Teddy Roosevelt," the husband complained. "She runs from store to store yelling 'Charge!'"

WHILE MILLIONS CHEER!

The nation will witness from September 10 to 21 an inspiring example of voluntary cooperation between industry and agriculture with the Government, in the person of Agriculture Secretary Freeman, acting in its proper role of referee — rather than that of Santa Claus.

This will be the quadrennial referendum in which the wool growers of the nation will vote for or against continuation of Section 708 of the National Wool Act for the marketing years of 1962 through 1965.

A favorable vote by farmers producing two-thirds or more of America's sheep and lambs (either by head count or by pounds of product) will mean that the producers will continue under a renewal agreement to be signed by Secretary Freeman, to tax themselves (not the American people) to maintain and expand their market. This fund, based on a levy not to exceed one cent per pound on shorn wool and five cents per 100 pounds of lamb, is administered by the American Sheep Producers Council, which points out that American mills and American consumers provide the sole market for this American-grown wool.

The Council not only supports and maintains a continuing research program for the improvement of wool and the breeds of sheep that produce it, but also financially supports the promotional activity of its right arm, the American Wool Council and provides 50 percent of the funds which operate Woolens and Worsteds of America and Wollknit Associates.

It is the task of these informational voices to keep the nation advised and reminded of the superior qualities of American-produced wool of the new weaves, mixtures and finishes created by American mills, the surpassing skill and understanding of our designers and tailors.

This year, more than ever before, farm organizations and publications are urging all wool producers to vote in this referendum. It should be obvious to all that favorable action was never more vital than in American Wool Month of 1962 when our \$5 billion wool industry (supporting hundreds of

thousands of farmers and workers) is confronted by the impending Trade Act — calculated to increase competition of European Common Market countries on all imports — including wool, woolens, and worsteds.

Mr. and Mrs. Bruce King, who have been here visiting Mrs. King's sister, Mrs. B. B. Ingham, Sr., and other relatives, have returned to their home in Houston.

Accurate and Complete

RANCH RECORD

Are More Important Today Than Ever

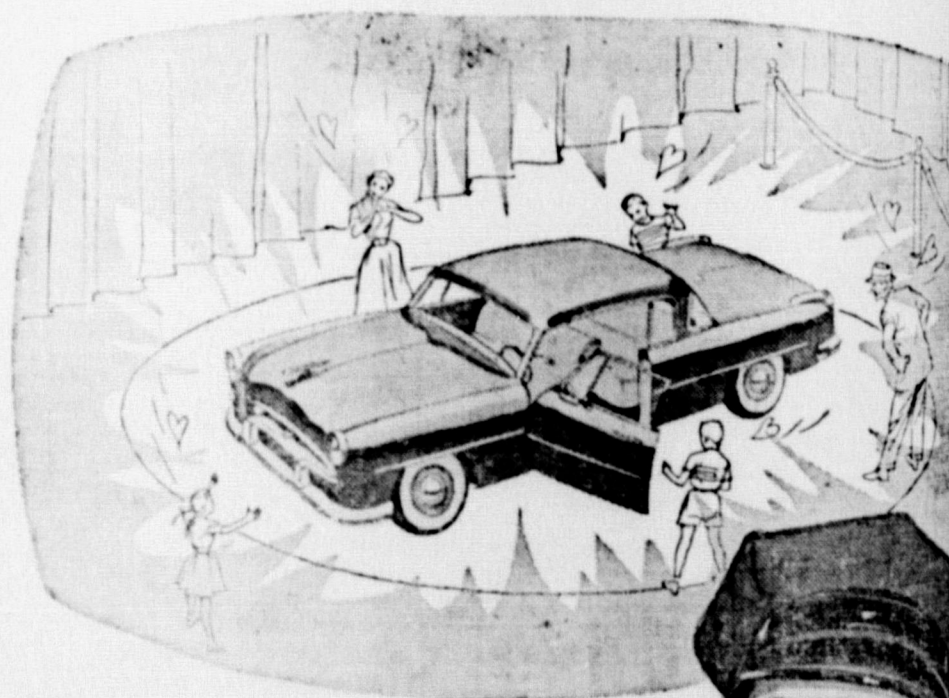

Governmental regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today than ever that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

VOID THIS LABOR DAY HITCH-HIKER!—At least 30 times on Labor Day, this hitch-hiker will try to embrace some friendly and sympathetic driver who has picked him up. He will ask many Texas drivers to give him a free ride, but he is dangerous and treacherous. If you give him that free ride, he will try, every time, to take you for one. **VOID THIS LABOR DAY HITCH-HIKER!**—(Reproduced by the Governor's Highway Safety Commission through Special Permission of the Tulsa, Okla., Tribune.)

Badgers, with new coach early new team, like Ozona must undergo rebuilding job

Large Barfield, McCamey News

old saying that says, boys seeing something be true, the fans of Badgers will enjoy all season a lot, because they will have a new coach and almost a new team. With only 5 letterman and only three of the starters from the previous year, the Badgers will be a lot of the Badger line up.

as new head coach former assistant coach college in Alpine. His name is Jesse Hatfield, coach, and Jack

boys are expected to hustle on August 20th, King and his assistants 2-a-day practices, rebuilding job will be. Graduation losses Badgers, who posted a 4 lost record, were one are 8 members of eleven, which included performers.

will be short on speed, but their willingness to

hit will make each game interesting and exciting.

Quarterback Billy Clary, two year letterman, is expected to be the mainstay of the backfield which will include halfbacks Salvador Duran and Howard Lott and fullback Johnny DeMaria. DeMaria at 185 pounds is expected to carry the power running while Duran will provide the wide sweeps. Clary is an adequate passer, but inexperience at the end positions will greatly hamper the Badger's passing attack. Jack Thompkins, Mike Blackwell, and Leo Villegas head an inexperienced line. Blackwell should be a defensive star.

Of the eleven tentative starters, Coach King will call on 5 sophomores, 4 juniors, and only 2 seniors. So, while this may not be a championship year for the Badgers, they should provide plenty of worry for their opponents in 1963 and 1964.

Overall team size will be small, but a little larger than last year when the Badgers were outweighed as much as 40 pounds per man in some games. This year's line will average 160 to 165 per man and the backfield will be around 150 average.

of Eldorado; his paternal grandmother, Mrs. Tom Casbeer of Ozona; and his maternal grandfather, J. E. Scott of Lometa.

Pallbearers were Troy Cooper, Clovis Taylor, Jimmy Ballard, Sammy Hodges, Harry Mercer and Paul Alcorn.

Control Of Goat Head Sticker By Imported Weevils Is Studied

Biological control of puncture vine (goat head) with imported weevils is being studied by scientists at the U. S. Big Spring Field Station. First release at the Experiment Station was made August 2, 1962, as a cooperative federal-state effort with Mr. Robert Hawks, USDA, bringing the weevils by airplane from California, with Dr. Allen Wiese, weed control specialist, and Mr. Norris Daniels, entomologist, Texas Agricultural Experiment Station, Bushland, Texas, and Dr. Earl Burnett and Dr. James Bux, U. S. Big Spring Field Station, collaborating.

Farmers agree that the common "goat head sticker" (puncture vine) is a costly enemy in terms of added cultivation. The puncture

vine is not unknown to the urbanite's lawn, either. There are few mothers in the area who have not pulled a "goat head sticker" out of her child's foot.

Dr. G. W. Anglet of the U. S. Department of Agriculture had been in India prior to 1956 exploring for parasites of the oriental fruit fly when he noted the rarity of puncture vine in India and made extensive observations on two species of weevils he found attacking it. His test and additional research established the safety in introducing a sem-boring weevil and a seed-boring weevil. These insects were shown to be entirely incapable of breeding on any plants other than puncture vine and possibly one of its very close relatives. Government officials then approved introduction to these insects. Puncture vine weevils were first introduced into California in 1961.

The greatest hazard facing these small beneficial insects is the passing of the winter period, much of it in the absence of its host plant. During this time, weevils hide out in sheltered spots, but they may move about considerably, dispersing widely from the areas where liberations are made.

New 3³/₄% interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

- Q: How does the new 3 3/4% interest rate benefit me?
 - A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.
 - With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to 2 1/2% for the first year and a half, then a guaranteed 4% each year to maturity.
- Q: When did the new rate become effective?
 - A: June 1, 1959.
- Q: Does the new rate change the Bonds I bought before June 1, 1959?
 - A: All older E and H Bonds pay more now—an extra 1/2% from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.
- Q: Will the Bonds I own automatically earn their new rate?
 - A: Yes. You don't need to do a thing—just hold on to your Bonds.
- Q: When my E Bonds mature, will they keep on earning interest?
 - A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.
- Q: With the new interest rate, should I cash in my old Bonds and buy new ones?
 - A: No. The automatic 1/2% increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.
- Q: How safe are U.S. Savings Bonds?
 - A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.
- Q: What if my Bonds should be lost, stolen or destroyed?
 - A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.
- Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?
 - A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U.S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this publication for their patriotic donation.

Miss Alleane Young Becomes Bride Of LeRoy J. Glardon, Jr. At El Paso

MRS. LEROY J. GLARDON, JR.
Niece Miss Shirley Alleane Young

Miss Shirley Alleane Young, became the bride of LeRoy Joseph Glardon, Jr., Thursday evening, August 23, at 6 o'clock, in Trinity Methodist Church, El Paso.

The bride is the daughter of Mr. and Mrs. Jake C. Young of Ozona. The groom's parents are Mr. and Mrs. LeRoy J. Glardon of El Paso. Rev. Morris Bratton, pastor of Ozona Methodist Church, was the officiating minister.

The bride was given in marriage by her father. Her bridal gown featured an imported re-embroidered Alencon lace fashioned basque bodice, with short sleeves. The neckline and sleeves were softly scalloped with the hand-clipped lace detail. The dome skirt of silk faced peau de soi had an applique of re-embroidered lace with tiny seed pearls accenting the pattern of lace. The skirt trailed into a chapel length train. Her headdress was a queen's crown of Alencon lace and seed pearls. The veil was waist length.

Her bridal bouquet was fashioned of white stephanotis centered with a white orchid atop a white Bible.

Attending the bride as matron of honor was Mrs. Mark White of Ozona. Bridesmaids were Mrs. Jake C. Young, Jr., of El Paso, Miss Margaret Glardon, sister of the bridegroom, El Paso, Texas, and Miss June Bunger of Ozona a cousin of the bride.

The attendants' gowns were of mint green pure silk organza, fashioned with basque bodices and full bell-shaped skirts. A tiny fly-away jacket topped the bodice. Their headdresses of matching mint green organza was fashioned as a bandeau of shirred folds, topped with a matched brow veil. They carried cascade bouquets of bronze mums.

Soloist was Mrs. Louis Cantrell, cousin of the bridegroom. She was accompanied at the organ by Mrs. Ray Hillmann, who also played traditional wedding arias as guests assembled.

The bride's mother chose a blue lace cocktail suit with blue sequin hat to match. Her flowers were mystery gardenias. The bridegroom's mother wore champagne lace.

Attending the bridegroom as best man was Kenneth Smith of Ceballo, New Mexico. Ushers were Nelson Martin of El Paso, Jake Young, Jr., El Paso, brother of the

bride, and Rich Stoes of El Paso. A reception following the ceremony was held at the Desert Hills Motel.

The bride and groom are both seniors in college. Mr. Glardon attends New Mexico State and his bride is a student at Texas Western in El Paso. Both will graduate in January.

Mr. and Mrs. Glardon, Sr., were hosts at the rehearsal dinner held at the Desert Hills Motel. A yellow and white color scheme was employed in decorations. Yellow linen cloths covered the tables and an arrangement of yellow rosebuds and white chrysanthemums formed the central decorations. White cards decorated with yellow wedding bells marked places for the guests and completed the decorations.

Miss Young was complimented at a number of pre-nuptial parties in El Paso. Included were a bridesmaids luncheon given by Mrs. Martin Wiggs and Mrs. Jake Young Jr., Mrs. Ed Light was hostess at a linen shower in her home. Mr. and Mrs. Gordon Jones, Jr., and Mr. and Mrs. Louis Cantrell, Jr., were hosts at a dinner party honoring the nuptial pair. Mrs. Joseph Reybal entertained the bride-to-be at a luncheon in the Empire Club and Mrs. Mark White hosted a kitchen shower for her.

YWA COUNCIL MEETING

Pat Howard of the Ozona First Baptist YWA's was in Iraan Friday night to attend an Associational YWA Council meeting. Plans for the year were discussed and made, and officers for the new year elected. Ozonans elected to Council office were Helen McCaleb, named vice president, and Ora Sparks, prayer chairman. After the meeting, the girls were served refreshments and enjoyed swimming.

Notes From The County Agent's Office

By Pete W. Jacoby

Ranchmen are reminded that now is the time to submit claims for federal gas tax refunds. The refunds may be received for all gasoline used for agricultural purposes on a farm or ranch. Claims should include fuel used by the operator himself or by custom operators working for him. Fuel used in vehicles on roads and highways is not eligible for refund. The claim for federal refunds must be made from July 1 to Sept-

LADIES GOLF-BRIDGE ASSOCIATION

The weekly play of golf and bridge was held last week at the Country Club. Mrs. Dempster Jones won the ball and Mrs. Jess Marley won low net on the trophy play.

Bridge hostess was Mrs. W. T. Bradbury. High score went to Mrs. Sherman Taylor, second high to Mrs. J. B. Parker, low to Mrs. Jake Clayton and cut to Mrs. John Henderson.

Others attending were Mines, Jack Baggett, Joe Pierce, Jr., Ashley McMullen, Sidney Millsbaugh, J. Beecher Montgomery, Arthur Holt, C. O. Walker, J. S. Pierce, III, George Montgomery, Early Baggett, Jack Williams, Joe Couch, T. J. Bealey, Byron Williams, Gene Lilly, Byron Stuart, Gary Garlitz, Brock Jones and Carl North.

THROUGHOUT THE CENTER OF THE SOUTHWEST IN CONTROL ROOMS LIKE THIS, THERE'S AN...

INCREASING FLOW OF ELECTRICITY

The demand for electricity in our service area is growing rapidly. The reason is simple — there are more people, more businesses, more industries coming here into the Center of the Southwest.

That is why we are investing millions in new electric generating capacity and in new distribution facilities to keep pace with this area's exciting growth.

But of more significance, this fact explains why we are planning vast additional expenditures in anticipation of even greater growth to come.

Because the Southwest is growing 25% faster than the Nation, we are convinced that our service area — the Center of the Southwest — faces GROWTH UNLIMITED.

Miss Frances Sayles, Abilene, Niece Of Ozonans, Bride Of John E. Grist

Abilene — Miss Frances Sayles, daughter of Mr. and Mrs. John Welcome Sayles of Abilene, became the bride Monday evening of John Edwin Grist, son of Mrs. John Walter Grist of Canadian and the late Mr. Grist.

Family sentiment enriched the wedding for which the Rev. Joe David Ruffin was officiating clergyman at Central Presbyterian Church, Bill Grist of Canadian, brother of the bridegroom, was best man; John Robert Sayles, brother of the bride, was junior groomsmen; children in the bridal party were cousins of the bride, and her aunt, Mrs. Hugh B. Tandy of Moody, was a soloist.

Frank Garver of Canadian was also a soloist. Mrs. J. Gordon Weir was organist.

Mr. Sayles gave his daughter in marriage. Her gown a Murray Hamburger original fashioned of

white bouquet taffeta. Bodice was moulded, sleeves long coming to points over the hands. Handrum Alencon lace rembroidered with seed pearls was at the extended neckline. The same lace topped her bridal crown banded with open design of pearls and crystals. Skirt of the gown was bell-shaped in front, unpressed pleats gave added fullness to sides and back. The aisle-wide train extended from the waistline to cathedral length. Her fingertip veil was of illusion. She carried white roses with stephanotis atop a white Bible.

Martha Minter was maid of honor. Bridesmaids included Diltzie Louise Bland of Ozona, junior bridesmaid, Marilyn McDonald, June Bunger of Ozona and Sharon Nugent of El Paso.

Rex Robert Bland, was acolyte. Steven Montgomery Bland was page, Marjorie Rebecca Bland flower

girl and her twin brother, John William Bland, ring bearer. The flower girl's dress was a bouffant floor length dress of white nylon. She dropped rose petals from a white net basket and her brother carried the wedding rings on a heart-shaped cushion of lace.

Groomsmen included Bill Nix, Harold Yarnold and Kenny Abraham, all of Canadian. Ushers were Ronnie Vance of Fort Worth and Bobby Newsom of Lubbock.

The bride's aunts and uncles, Mrs. Tandy, Mr. and Mrs. R. L. Bland Jr., of Ozona and Mr. and Mrs. W. H. Knight, joined Mr. and Mrs. Sayles in hosting the wedding reception at Abilene Woman's Club.

The bride is a graduate of Abilene High School and has attended Texas Technological College where she will be a junior during the coming year. Her major is elementary education. She is a member of Zeta Tau Alpha social sorority. In her freshman year she was chosen one of the Top 50 La Ventana Beauties. She made

her debut at the Abilene Cotillion Club's 1961 Christmas Ball.

The bridegroom is a graduate of Canadian High School where he was a member of National Honor Society. He was graduated Aug. 25 from Texas Technological College where he received a Bachelor of Business Administration degree with major in industrial management. In Army ROTC commissioning exercises completed Saturday morning he received his commission as a 2nd Lieutenant in the U. S. Army Reserve and was named a Distinguished Military Graduate.

After Sept. 10, the couple will be at home at 2224 9th St., Lubbock.

WE WILL BE CLOSED LABOR DAY MONDAY SEPTEMBER 3

WASHINGTON NEWSLETTER FROM SENATOR JOHN TOWER

Committee: Banking and Currency Labor and Public Welfare

This week, the big news in the Senate is that we passed the Farm Bill. As you are probably aware, I have been a consistent foe of this very complex and complicated farm legislation that imposes a great deal in the way of controls on the farmer.

The purpose and intent of farm bills enacted over the years by Congress has been, of course, to raise farm incomes. Unfortunately, this effort has too frequently overlooked basic economic factors. The farm problem has been compounded by efforts to solve an essentially economic problem by resorting to political panaceas.

What has occurred over the past few years, is the creation of a patchwork of laws, which are often temporary expedients to meet crises of a rather temporary nature. Too often, some of these "temporary expedients" we have adopted have found their way into the statute books permanently.

American agriculture is passing through a period of very great change. We've learned a lot about applying science to the technology of farm production. Now per man productivity on the farm is about three times what it was twenty years ago.

between the success of the free enterprise system in this country and the failure of Communist regimentation in Soviet Russia, where there is a grave deficiency in the production of agricultural goods.

I proposed an amendment to the Bill which would call for the Secretary of Agriculture to present a plan for phasing the government out of controls, subsidies, and market quotas, over a period of four to six years.

I'm sorry this Farm Bill passed this week. It is, in my estimation, a bad bill. I think you corn and grain people are not going to find much in it you can like.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 7.361 miles of grading, structures, base, and surfacing from 28.5 miles Southwest of US 290 to Val Verde County Line on Highway No. RM 2083, covered by R 1280-3-4 in Crockett County, will be received at the Highway Department, Austin, until 9:00 a. m., Sept. 18, 1962, and then publicly opened and read.

Plans and specifications including minimum wage rates as provided by Laws are available at the office of Robert A. McCulloch, Res. Engineer, Sonora, Texas, and Texas Highway Department, Austin. Usual rights reserved. 23-21c

Community Center Day Camp Program Feature Variety of Activities

The Ozona Community Center is completing its tenth week of day camp activities for special groups which meet regularly during the year. A new venture was the co-operative day camps for Center Scouts. During the first two weeks Brownies and Cubs met together and about fifty of them enjoyed swimming lessons, crafts, games, music and activities planned around their special interests.

The Boy Scouts, troop 163 and Girl Scouts, troop 5, 6 and 9, also joined in two weeks of Scout crafts and skills and worked on badges. The boys and girls both passed swimming badge requirements and a few of them passed their life saving feats. Basketball, painting, seamstress, braiding, and wood-carving proved popular.

The regular piano class pupils formed a flutophone class and over forty-five of them spent two weeks studying note reading, time, ensemble playing and their crafts were correlated around the musical theme.

The pre-school class had a special two weeks stressing english and crafts. They also enjoyed swimming lessons.

This week will conclude the session which has been open for every body and a water show will take place this Thursday night.

Miss Ethel Wolf and Miss Dorothy Price, regular staff members of the Center, have worked in all day camp sessions and have had several well trained volunteer leaders for part time activities. Thomas Lopez, Pete Cisneros, Miss Alberta Rodriguez, all employed during the year in other communities as public school teachers, gave valuable help this summer with the different activities.

Carlos Lopez has been the swimming instructor with over 150 learning the different stages of swimming and water craft. Water safety has been stressed throughout each day camp session. His assistant has been Miss Lucia Diaz, a high school senior this year.

The woman's division of the Board of Missions of the Methodist Church makes these activities available to all who wish to participate. The board of directors is made up of people interested in this type of service. Mrs. Ralph

Jones is president of the board. The Center is currently celebrating its twenty-fifth anniversary.

San Antonio Firm To Drill San Andres Test On A. C. Hoover Ranch

Cocoon Oil Co., Inc., San Antonio, will drill the No. 1 A. C. Hoover, a 2,500-foot San Andres wildcat in Crockett County, 30 miles northwest of Ozona.

It is 1 1/4-mile south of the Shannon field, 2 1/2 miles east of the Olson field, and 1 1/2-miles north on the same distance northwest of the Simpson field, but separated from each by failures.

Location is 2,583 feet from the north and 2,196 feet from the west lines of 12-1-GC&SF.

Gulf Oil Corp. will re-enter and deepen to 6,911 feet for completion attempt in an unidentified formation at the No. 1-E J. H. Tippett, former lower Clearfork producer in the Tippett multipay field of Crockett County, 10 miles southeast of McCamey and 1,650 feet northwest of the firm's No. 2 Mayberry, active re-entry operation.

Location is 339 feet from the northeast and southeast lines of the southwest half of 38-31-H&TC. Scheduled depth is 6,911 feet.

The No. 2 Mayberry was re-entered July 27 for completion attempt as a third upper Wolfcamp producer and 3/4-mile west and very slightly north extension to that pay, with a projected cleaned-out depth of 6,343 feet.

NOTICE OF BUDGET HEARING

STATE OF TEXAS) COUNTY OF CROCKETT) Notice is hereby given that a public hearing will be held on the County Budget of Crockett County, Texas as prepared for the year of 1963 at 10:00 a. m., September 10, 1963, in the County Law Library, at which time any Tax Payer of Crockett County Texas, shall have the right to participate in said hearing.

BY ORDER OF THE COMMISSIONERS COURT, CROCKETT COUNTY TEXAS. RALPH JONES COUNTY JUDGE

CARD OF THANKS

We wish to express to all our friends in this area our sincere appreciation for your many acts of kindness and expressions of sympathy on the occasion of our recent bereavement. Your loving attention, helpfulness and sympathy made it easier for us to bear our burden of grief.

Sincerely, Mrs. Joe Patrick and family

HIGHLIGHTS AND HIGHLIGHTS State Capitol

Texas — Very few cars in Texas are taxed the ad valorem tax proportionately, cities and school districts, but close to 80 percent of the vehicles go under the Texas Commission on Local Tax Policy proposals something be done a

amendment to the constitution recommendation. They amendment exempting articles from the property following the Legislature

to have the Legislature procedure by which a state would determine the value and models of motor Then the county tax assessor would collect a tax of \$1.50 per \$100 of value when license tags are

this "suggestion", 40 percent of the \$52,000,000 annual tax divided among the school districts of the counties. Balance to the cities in accordance with their populations. Counties would be that portion by population outside

and cities would be responsible for the money only on street work.

the commission decides to recommended this proposed the Legislature, a public will be held sometime this

Polio Urged — Health departments has issued a warning to women and persons over 15's Asian flu time.

ment is urging adults over 15 regularly senior citizens over 65 pregnant women and per age with heart trouble, kidney or metabolic diseases immediate arrangement

outbreaks of Asian flu are predicted for the winter.

in flu occurs every two to three years.

dozens of influenza vaccine shots, apart, are urged for previously immunized should be administered prior to the start of the season.

Force — Texas Water Conservation engineers have calculated kinetic energy released by the 20-megaton atomic bomb exploded every 10 seconds for 24 hours.

State engineers agreed that man can do nothing about the wind involved in such great force. But they felt that man can protect the land from tidal waters.

Galveston County engineers proposed that the island city's seawall be raised six feet.

More Taxes? — Legislators and citizens who thought the state's money problem was solved by the sales tax, which took effect a year ago September 1, may have another think coming.

Budget requests of state agencies predict another huge increase in public school and college costs in the two-year period starting September 1, 1963. Laws already on the books will divert about \$55,000,000 a year more from the State Treasury to the public schools, without any new legislative action.

College and university administrators, expecting a new flood of high school graduates, say they need \$40,000,000 a year more to take care of them. This includes \$10,000,000 a year for the University of Houston, which will be the state's second largest university when it joins the state system in 1963.

So budget-makers are thinking in terms of another tax law of some kind. Only a fast turn in business conditions, bringing new cash into the treasury from existing taxes, can relieve the situation.

Legislators, campaigning this Fall, will have a chance to offer voters their suggestions. Some think the exemption on groceries, medicine and low-cost clothing should be taken out of the new sales tax law.

Polio Cases — Doctors and health workers are pushing polio immunization drives.

The 1962 polio epidemic in Texas, now at 176 cases, is small compared to prevaccination epidemics, but one case is too many.

Six cases of paralytic polio reported last week were all in West Texas, with one each in Ector, Ochiltree, Potter, Randall, Tarrant and Taylor Counties.

Back-to-school booster shots were urged by the State Health Department. It said parents should check their children's vaccination records to see that they are protected against diphtheria, pertussis, tetanus, polio and smallpox.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From the Stockman, Aug. 31, 1933

A drouth of eight months standing was effectively broken by soaking rains which fell over a wide expanse of the stock raising territory of West Texas the first of this week. Intermittent showers which have fallen throughout the territory for several days were further augmented by general rains the first three days of this week. Total falls of three to four inches were reported over the county. Ozona had received 2 1/2 inches to yesterday.

—news reel—

Crockett county voters, by a bare margin in each case, registered disapproval of repeal of the Eighteenth amendment to the national constitution and the amendment to the state constitution legalizing the manufacture and sale of beer of not more than 3.2 alcoholic content in the election Saturday. Both issues were overwhelmingly approved by voters over the state.

—news reel—

Four of the five Latin-Americans injured in a rock slide at the site of the Lancaster Hill road construction project, are improving rapidly at Hotel Ozona where they are being care for. The fifth man suffered only slight injuries and was released after first aid treatment.

—news reel—

Tibba McMullan, daughter of Mr. and Mrs. Frank McMullan, underwent an operation for removal of her tonsils at the office of Dr. McIntire and Schwartz Friday.

—news reel—

James S. Todd, 75, retired cattleman and owner of extensive Todd ranch holdings in Crockett county, including the NH and 07 ranches, died at his home in Fort Worth late Friday.

—news reel—

Miss Semmler 214; Louella Haire 202.

Mrs. Ed Grimmer of Ozona became the bride of Sherwood Powell at a wedding performed in Ingram, Texas, recently. The wedding was in the home of the bride's brother, Ben Moseley, in Ingram.

—news reel—

Everything is in readiness for the opening of the 1933-34 school term in Ozona Monday morning. Opening exercises will be at 9 a. m. in the high school auditorium. Judge Chas. E. Davidson is expected to make an opening address and brief exercises will follow. No significant enrollment changes are expected, Supt. John L. Bishop said.

—news reel—

In one of the most spectacular ball games of this or any other season, the Ozona Giants fought their way to an even footing with the powerful and seasoned Texon Oilers in their current championship playoff series here Sunday afternoon. The Oilers won Saturday 5 to 2 and the Giants took Sunday's 11-inning thriller 3 to 2.

—news reel—

Mrs. H. B. Tandy will open a studio for the teaching of voice in her home here Sept. 1.

A Creek In My Back — (Continued from Page One)

signer of foundation garments for women, and point out that in Much Ado About Nothing he wisely observed that "The fashion wears out more apparel than the man." But let's go on:

Weightlessness: "What doth gravity out of his bed at midnight?" (King Henry IV.)

Moonshot: "By heaven, methinks it were an easy leap to pluck bright honour from the pale-faced moon." (King Henry IV.)

That references to a pale-faced moon, of course, lends support to the Rhea Johnson claim that Shakespeare was not Shapewear, nor Bacon nor the Earl of Rutland, but an Indian. However, back to the astronauts:

Project Mercury: "I saw young Harry, with his beaver on, His cuisses on his thighs, gallantly armed, Rise from the ground like feathered Mercury." (King Henry IV.)

Russia's Lead: "Thus we play the fools with the time, and the spirits of the wise sit in the clouds and mock us." (King Henry IV.)

Space Appropriation: "They sell the pasture now to buy the horse, Following the mirror of all Christian kings, With winged heels, as English Mercuries. For now sits Expectation in the air." (King Henry V.)

Telstar: "Oh for a Muse of fire, that would ascend the brightest heaven of invention." (King Henry V.)

Successful Blastoff: "But flies an eagle flight, bold and forth on, Leaving no track behind." (Timon of Athens.)

John Glenn, Scott Carpenter, and the Russians: "If you have writ annals true, 'tis there that, like an eagle in a dove-cote, I Flutter'd your Volscians in Corioli: Alone I did it Boy!" (Coriolanus.)

FOR SALE — Duplex and garage apartment. Carpet and one side furnished. Located one block south, 1/2 block east of Ford garage in Ozona. \$13,000. Write Carl Stevens, Eldorado, Texas. 1-16.

Gridders Polish Up Play As First Game Approaches

Scrimmage With Junction Reveals Some Cheering Notes

By Ernie Boyd

The Ozona Lions emerged from the scrimmage in Junction last Tuesday night in excellent condition and will end two-a-day workouts Monday as school begins Tuesday and the first game of the season is set for Friday night, Sept. 7.

The Tuesday workout revealed that the squad is in good physical condition and also gave the Lion coaches some things to smile about even though those things are now put away and the items that caused some big frowns are now getting a great deal of attention.

The facts are that Coaches Fred Hickman and Sonny Cleere face the biggest rebuilding job they have faced since coming to Ozona, and the fact that there were some things they could smile about is encouraging.

The squad was bolstered considerably Monday by the return of Penn Baggett from Houston where he has been taking some summer work in science and math at the University of Houston.

Among the brighter things that happened Tuesday was the fine performance of the center of the Ozona line which now looks pretty well set with Jim Semmler and Scott Mahon along with Bill Bowman at ends, Brent Moore and Penn Baggett tackles, Robert Cox, Pete Garza Morgan Tolle and Joel Huff, guards, and Robert Montgomery, Richard Vargas and Dubbie Scrivner, linemen.

Offensively, the Lions also showed well in places and not so well in others, and a great deal of work will apparently be needed to straighten out some of the troubles.

Of the twenty-five boys out for

The first 1963 model car to be announced out of Detroit, Ford's all-new Falcon Futura convertible sets a "sporty" pace. Combining its low silhouette with compact lightness and 170-cubic-inch engine performance, the new model offers a sports car flair while retaining the best economy features of Falcon. An all-vinyl, electrically operated power top and full-length divan-type front seat are standard. For the sports-minded a complete selection of optional equipment, including wire wheel covers, floor mounted 4-speed manual transmission, and bucket seats, is available. This newest addition to Ford's industry leading compact line will be introduced in dealer showrooms Friday, September 28.

practice at this time some seven or eight will be sent to the B team which will have some fifteen or twenty other candidates on hand when the call for B team practice is issued next week.

The varsity Lions will be aided this fall perhaps more than in any year in recent athletic history by last year's B team and its schedule of games.

In recent years, the balance of upper classmen has been heavily in the Lions favor and it was not felt necessary until last year to have a full blown B team.

This year the Lions will be

banking heavily on such B team grads as Morgan Tolle, Bill Bowman, Bernabe Villareal, Dubbie Scrivner and part time B team members Aaron Shackelford, Scott Mahon and Pete Garza.

On the less pleasant side of the picture, several of the stalwarts on last year's B team did not come out this season.

The large number of candidates for this year's B team will be once again under the direction of Coach Brooks Dozier and will have a seven or eight game schedule with surrounding towns.

CROCKETT HOSPITAL NEWS

Patients admitted to hospital since August 21st: Terry Lindsey surgical; Daniel Motta, accident; Mrs. Dale Boland, Sheffield, Texas, obstetrical; Mrs. J. A. Sparks, medical; Mrs. Alonzo Galindo, obstetrical; Mrs. Melvyn Lee Burleson, Sheffield, Texas surgical.

Patients dismissed: Melany Beavers, Wayne Beavers, Mrs. Santos Aquilera, Mrs. Wayne Beavers, Terry Lindsey, Mrs. Dale Boland and infant son, and Mrs. Alonzo Galindo and infant daughter.

Hunting And Fishing Licenses Distributed To Dealers By State

Austin, — Mail order licenses for approximately one and a half million hunting and fishing licenses are now being filled, to reach area dealers during the last week of August. They will be for the 1962/63 season, which begins effective September 1.

September 1 is the date for the opening of the dove season in the north zone of Texas.

The Texas Game and Fish Commission has been working several weeks in August to get the licenses in the hands of the dealers for delivery anytime after August 22. Some dealers will have licenses before others, but should have the licenses by the last week in August.

The hunting license will cost \$3.15 and the fishing license \$2.15. A non-resident license, which cost \$25, entitles a person to hunt any wild mammals and wild game birds in the open season. A non-resident hunt migratory birds for five consecutive days with a \$4 fee. The \$2.15 fishing license entitles to both resident and non-resident.
