Team Prospects Neither Bright Nor Dark: Lack Experience

By Etnie Boyd

The Ozona Lions will open their 1962-63 basketball season at home Friday night against the Sonors Broncos with both freshman and B team games preceding the feature game which will begin at 8

Sonora will have a one-game advantage, having defeated Eldorado Tuesday night and would seem to be a slight favorite in the game here Friday.

Coaches Brooks Dozier and H. O. Hoover greeted 38 candidates for the 1962-63 Ozona High School basketball team Monday as practice began for the coming season.

Three teams will be chosen from the group, all of which have a schedule of games to play this

HOW TO TRAVEL IN LUXURY WITHOUT REALLY FLYING

The exciting new '63 Chevrolet has captured the silence and effortless ease of jet flight and translated it to highway travel. Every new Chevrolet, whether it's a luxury Impala, a low-priced Bel Air or a Biscayne, now has self-adjusting brakes, a Delcotron generator to extend battery life, and the ingenious new flush-and-dry system. A test drive of a few miles will amaze you. This '63 Chevrolet is a quality automobile, built to travel with the very best. When you're driving a Chevrolet, you don't take a back seat to anyone!

Coach Dozier will be without the height and experience present on the team last year but can look for improved play from Montgomery and Stewart with the hope that Cox may now realize the potential that was apparent when he was a sophomore.

Leroy Cooper, who will take over at one guard, has shown himself to be a good outside shot and has grown considerably since last year. It could be that he is in for a good season having just completed a fine year in quarterbacking the Ozona football team.

Cooper took over the job as quarterback with very little prior experience and certainly little in the way of size or speed to aid him, but none the less did a fine job and was probably the best field general the Lions have had in the last decade.

If Cooper can transfer his improvement to the field of baasketball then he could make Coach Dozier a real hand this winter.

Much of the team's chances, however, will be in the hands of Brent Moore who has B team ex- Thursday, Dec. 6: perience for the past two years after passing up basketball as a freshman. Scott Mahon has a fine touch in his shooting and also came thru in a fine way this fall as an offensive end and defensive safety. Mahon could push his way into a starting role but in any case is going to lief work. Mahon could be used at a guard or at a forward which further enhances his value to the CALVARY BAPTIST WMU

Exciting Finish For AFS Bowling Teams As Winter League Ends

The Ozona AFS Men's Winter Bowling League came to an exciting climax recently at the Ozona Lanes. The first place honors went to the "Beer Rollers", with the 2nd and 3rd place positions in the down-to-the-wire finish. On the final night of the season with three teams vieing for these honors, the "Untouchables" emerged the number two team with the "New Cherry Rollers" trailing one game behind for third place.

In the individual honors, perhaps the most sought after award went to SSgt. Ernie Novev as "Most Improved Bowler." Ernie picked up his average by 28 pins over the sesson to finish with a 152. The high average of 174 and high series of 624 went to Lt. Ralph Rohrer. Lt. Rohrer has been dominating the league all season and was only 3 pins behind the high game of 235 bowled by A2C John Devine.

The top two teams and their win-loss records are:

1st Place Beer Rollers Won 32 lost 16 Average Bob Ferrell Cale Burnett Bob Horton 130 Howie Roe Harold Halmes Vernon Taylor 2nd Place

Notes From The County Agent's Office

By Pete W. Jacoby

Trends in Texas slaughter of vestock so far this year show that slaughter of cattle is about equal to last year's total with calf slaughter down about 6%. Sheep and lambs were 11% greater this year than last year. This will be the first year since the early 1940's that sheep and lamb slaughter in the state exceeded the number of hogs killed, according to the Texas Livestock Market Comments prepared by Extension Specialists in he Department of Agricultural Economics and Sociology. The report also says that there is a trend toward greater concentration of daughter of livestock in Texas. A 1959 study of all the commercial laughter of Texas sheep and ambs shows that 93% of all Texas laughter was accomplished by the 4 largest sheep and lamb packers n the state. The decentralization of the packing industry has caused this specialization. Building new plants close to the supply points has forced packers to rely on ony one or two species in particular. According to the Western Livestock Roundup, sheep numbers in 1963 are likely to be down from hose on hand last January 1 because ranchers liquidated a sizaable number of stock sheep this

that wool prices would be expected to continue strong and about in line with this year's levels. The wool incentive price for the 1963 season will again be 62 cents man, will present trophies to the per pound. About the only change made in the program was to convert it to a calendar year basis beginning January 1, 1964. The 1963 year will be April 1 to De-

year. Also, this year's lamb crop

was down 4 per cent which indi-

rates that wool production will be

ess next year. The report indicates
