Teen Graduates Get Diplomas In Ceremonies Tonight

Of Smallest Classes Recent Years Graduate Here

Graduation candidates for Ozona High School, one of the smallest classes in recent years, will receive their diplomas from the hands of School Board member Bill Carson.

Graduation exercises will be held at 7:30 p.m. in the gymnasium of the school.

Professional and recreational entertainment will be provided by Elgar, who will be played by Janet McAlister.

Invocation will be by Mary Chandler and the welcome address will be by Robert Cox, class salutatorian.

"Pursuit of Excellence" will be the speech topic of Cheryl Moore, third ranking student.

A musical interlude will be provided by Arlene Gotcher, pianist.

Concerts in A Minor" by Mendelssohn and "Moon River" by Man-

gini will be featured.

A class expression of its appreciation to parents and school will be given by Ann Smith, whose topic is "Diploma."

A valedictory address will be given by class' top scholastic ranker, Penn Baggett.

Prize presentation by High School Principal J. A. Pelto will be followed by the presentation of the diploma by Supt. L. Sikes.

The climax of twelve years of education will be reached when graduates receive their diplomas from the hands of Mr. Carson.

Mr. Moore will dismiss the assembly with the benediction.

1963 OHS graduates are: Gene Baggett, Mary Grace Baggett, Cheryl Elizabeth Clay-

ton, Robert Doyle Cox, Sostenes DeHoyos, Lucia Hidalgo, Hazel Kathleen Doran, San-

tochee, Ernie Ray Hanson, Lee Houston, Donna Gail

Maness, Helen Gwen Mc-

Robert Lee Montgomery, Brent Moore, Floydine Sherrie Raye Oakley and

Ozment Smith.

Youth Choir To Sing At First Baptist Church

The Youth Choir of the South Texas Children's Home, Beeville, Texas will sing at the regular services of the First Baptist Church this Sunday night, May 26. The Choir under the direction of Mrs. Ezra Morgan, is making a concert

tour, singing in churches in West Texas, East Texas, and Southern Louisiana.

The group is made up of twenty-six young people, ranging in ages fourteen to eighteen years. They have made appearances in

many churches throughout the State, and have been highly accepted.

South Texas Children's Home is an agency of the Baptist General Convention of Texas.

OZONA AF STATION COMMANDER HAS HIGH PRAISE FOR RELATIONS WITH COMMUNITY AND FOR OZONA SCHOOLS

"In all of my twenty years of military experience I have never seen more cordial relations between civilian and military personnel in a community nor a more friendly people than we have found in Ozona."

Thus Major W. C. Bowman, commander of the Ozona Air Force Station, now deactivated and soon to be closed as an Aircraft Control and Warning station, revealed the feeling of his and other members of his command in a sort of "farewell address" at a meeting of the Chamber of Commerce at a barbecue supper in the downtown city park last Thursday night.

Major Bowman, who has had two children attending local schools while on assignment

here, was also high in praise of the Ozona school system.

"We have moved about quite a bit in military service and I have come in contact with many school systems since my children have been of school age," Major Bowman said. "I can truthfully say that all things considered Ozona's is the finest school system we have encountered. It has been a most pleasant assignment for me and my family and I think for most of the men at the station."

More than a hundred Airmen from the station were guests of the C of C at the barbecue supper. President Oscar Kost presided and introduced the Chamber's new manager, Luther Walker.

Two Worm Cases In County Controlled By Quick Fly Drop

Over 100 Million Flies Week Being Produced At Mission Plant

Only two cases of screwworms had been confirmed in Crockett county to May 11, County Agent Pete Jacoby said this week, and both places have received special concentrated drops of sterile flies from the Southwest Screwworm Eradication Program.

The first confirmed case was on the Roy Henderson ranch west of Ozona on April 15. Immediately upon confirmation of the infestation, planes loaded with sterile flies from the Mission plant were circling the area, dropping boxes of flies, 400 to the box, in a measured pattern over the ranch. Since no further worm cases have been found on the ranch since that time, it is believed the infestation has been contained.

The second outbreak was on May 11 on the W. E. Dunlap ranch in far west Crockett county. Here again prompt action was taken to stamp out the infestation.

Reports from the Southwest Animal Health Research Foundation, administering the ranchmen's donated fund for the eradication program, indicate this week that so far this year only 108 screwworm infestations have been reported in the Southwest, 96 in Texas, 11 in New Mexico and one in Mexico. During the week of May 5-11, a total of 108,640,250 sterile flies were released in the continuing air-drop in the fly overwintering areas in South Texas and along the Mexican border.

Successful conclusion of the campaign among ranchmen and sportsmen to raise 3 million dollars to match federal and state funds to stamp out the livestock pest was announced during the past week. More than 3 million dollars collected from producers and sportsmen have been deposited by the Southwest Animal Health Research Foundation and additional funds are expected.

C. G. Struggs, SWAHRF president, said that the fund drive was "an achievement by the livestock industry and sportsmen of the Southwest that is unprecedented as to amount of funds contributed and overall interest and participation by individuals."

"This is a marvelous example of voluntary action," Struggs said. "Although it forms another exciting chapter in the colorful history (Continued on Last Page)

Car Is Swept Off Highway In Flash Flood; Ozonan Dies

Encarnacion Perez, 79 Drowned: Three Others Escape Waters

Generous rains of the past several days have meant life to livestock and wildlife, and financial relief to drouth stricken ranchmen, but it brought death to one Ozonan, when the car in which he was riding was swept off the highway Ranch Road 33, into flooded Schneemann draw, about 15 miles south of Big Lake, early Monday morning.

Dead is Encarnacion Perez, 79, Ozona laborer, whose body was recovered in mid morning Monday by Crockett county sheriff's officers and highway patrolmen. Perez was trapped in the back seat of a car in which he was returning to Ozona from Big Lake about 1:30 Monday morning. Other occupants of the car, Buddy and Willie Payne, and Herbert Vasquez, all of Ozona, escaped by swimming from the car to high ground.

A verdict of accidental drowning was rendered by Justice of the Peace Al Fields of Ozona. The car was swept about 25 feet down the draw and lodged against a water gap cable across the swollen wash. Perez's body was still in the back seat of the car.

Funeral services were held at 4:30 Tuesday afternoon from the local Catholic Church. Burial was in Cedar Hill Cemetery under the direction of Janes Funeral Home.

Members of the South Side Lions Club of which Perez was an active member, were pallbearers. Mr. Perez was born in Mexico in 1888 and had resided in Ozona about ten years. There are no known members of his family surviving.

Little Leagues Roll On Despite Weather; Ozona Oilers Lead

Despite one of the wettest months of May in a number of years the Ozona Little League managed to get in both of its nights of play this week as the Ozona Oilers continued on their winning way.

The Oilers rocked B & B and Moore Oil in their two games as Mason pulled into second place with wins over B & B and Moore. Mason looked to be the most improved team in the league in this week's play and blanked Moore for five innings Tuesday night behind the fine pitching of O'Rear and Lindsey.

Terry Lindsey had the distinction of driving in the only runs of the night for the victorious Mason crew as he hammered a home run in the fourth frame. The Motor crew scored the balance of their runs on passed balls and wild pitches, mostly on the latter.

A correction of last week's report would make Mason the winner over B & B in the 9 inning contest. The game which was tied up at two all in the second frame went to the ninth inning before Mason pushed across three runs to win 5 to 2.

School Open House Draws Many Visitors

More than a hundred visitors visited the new Ozona School administration building Wednesday during an "open house" period in which Supt. L. B. T. Sikes and Mrs. Frank McMullan, school secretary, played host with coffee and doughnuts for all visitors. Senior girls assisted in serving and assisting hosts were Al Field, school accountant, and Mrs. W. H. Chandler, secretary to the county superintendent.

Mr. and Mrs. Ira Carson returned Sunday from a 46-day around-the-world tour. They flew to Hawaii and from there visited in Tokyo, Hong Kong, Singapore, Thailand, India and Egypt and home by way of Rome, and Paris.

All Of County Gets Soaking In Week-End Rain

First General Fall Of Year Wets Down Dry Range Country

The "rainy season" finally arrived in dry West Texas the past week-end and as a result all of Crockett county, so far as can be learned here, has undergone a generous soaking in rains which dotted sections of the area every day since last Friday and finally turned into a general rain of from an inch and a half to more than two inches over most if not all of the county and a wide section of all West Texas.

Rains in Ozona until Tuesday night and early Wednesday morning had been light but heavy rains which ran draws in areas west and north of Ozona had fallen beginning last Friday. Late Friday afternoon, a blustery thunderstorm, accompanied by strong winds which ripped branches from pecan trees all over Ozona and even downed a tree or two in the city, produced only .2 of moisture.

More rains Saturday night again brought heavy winds and heavier rains in scattered sections of the county but light in Ozona. The two falls had amounted to a little less than a half inch.

But the rain gods became a little more generous Sunday night with a fall which totalled .8 of an inch in town and again heavier rains over most of the county.

The real soaker came Tuesday night and Wednesday morning to measure approximately an inch and a half in Ozona and from that to more than two inches in the surrounding areas.

The rains came on a cool front that pushed in almost fall or winter like weather. A cool wind still was blowing from the northeast here last night.

Ranchmen whose pastures were all but bare until the rains started, are all smiles this week as the moisture promises to produce green grass speedily.

Lions In Annual Ladies Night At Cafeteria Friday

A. B. Lightfoot Of Odessa To Be Guest Speaker

Ozona Lions Club members will entertain their ladies Friday night at the high school cafeteria at the annual Ladies Night banquet.

Guest speaker on the occasion will be A. B. Lightfoot of Odessa, a former pastor of the Baptist Church at Big Lake, and well known throughout this area as an after dinner speaker and entertainer. Rev. Lightfoot is an amateur magician and gifted speaker and entertainer and members and guests are looking forward to an entertaining program.

There will be no installation of officers as in former years, this ceremony to take place at the club's regular meeting Thursday of next week.

Doyle Elmore is the new club president, succeeding Jack Baggett, and will be installed as the club's head next week.

Al Nix as first vice president, James Glynn as second vice president and Troy Williams as third v. p. will be installed also. New directors will be George Glynn, Oscar Kost, James Glynn, Cecil Hubbard, Ernie Boyd, Perry Hubbard, W. T. Braddy and Jack Baggett. J. G. Hufstetler succeeds Al Nix as club secretary.

Perry Hubbard was re-elected Tail Twister and Ernie Boyd was re-elected Lion Tamer.

The new Club Sweetheart, Miss Janet McAlister, will also take office at the installation. She succeeds Miss Cheryl Clayton.

Ozona Gas Area Called 'Hottest Spot'

Crockett County's new prolific oil and gas area, surrounding Ozona, described by oil men as the "hottest spot" on the American Continent, has three more strikes, making a total of six completed this year in an area stretching as far as 20 miles and as far as miles southwest of Ozona.

Two new strikes, completed by Drilling Co., Tyler, and Petroleum Inc., Los An- brent staked out of Odessa, approximately 15 miles south of Ozona and are between Ozona, Southwest (Canyon) and two recent strikes, a

Sportsmen Invited To Hunting Here June 3 to Side Game Rules

The regulations affecting sportsmen for the next hunting season will be discussed and announced at a mass meeting of interested citizens to be held at the house here Monday morning, June 3, at 10 o'clock. Announcement of the meeting comes from the Game and Fish Department.

Allen, local game warden in charge of arranging the meeting. The meeting will be held by Eugene Wilman of Odessa, and Larry Campbell, biologist with the Game Department.

Sportsmen and others interested in hunting and fishing here for this county are urged to attend.

Canyon gas-distillate strike of Texas American Oil Corp. and a dual Canyon gas-distillate and Strawn gas strike of B. W. Wiseman, Midland independent, and Texas American.

Delta and Pauley No. 1-A Henderson, Canyon gas-distillate discovery, 4 1/2 miles northeast of the recent Canyon gas-distillate strike and six miles southwest of the Ozona, Southwest (Canyon) field, was finalized for a calculated, absolute open flow of 1,220,000 cubic feet of gas per day, with gas-liquid ratio of 19,800-1. Gravity of the liquid was 72.1 degrees.

Production was through perforations between 6,335-7,050 feet, which had been fractured with 55,000 gallons and 31,000 pounds of sand.

The top of the Canyon was picked at 6,378 feet and the base at 7,509 feet on derrick floor elevation of 2,484 feet.

Drilled to 7,084 feet, 5 1/2-inch casing was set at 7,082 feet. Location is 1,420 feet from the south and 1,380 feet from the east lines of 20-M-GC&SF.

Three miles to the northwest, the same operators dually completed from the Strawn and Canyon the No. 1 Henderson, five miles east and slightly north of the recent dual Strawn and Canyon strike.

From the Strawn, it was finalized for a calculated, absolute open flow of 3,400,000 cubic feet of dry gas per day through perforations between 9,371-9,555 feet, which had been acidized with 2,000 gallons and fractured with 60,000 gal-

lons and 85,000 pounds of sand.

From the Canyon, it was finalized for a calculated, absolute open flow of 123,000 cubic feet of dry gas per day through perforations between 6,374-987 feet, which had been acidized with 2,000 gallons and fractured with 50,000 gallons and 75,000 pounds of sand.

Drilled to 9,911 feet, 5 1/2-inch casing was set at 9,897 feet. Derrick floor elevation is 2,478 feet.

Location is 1,235 feet from the north and 1,980 feet from the west (Continued on Page Five)

Full Entry Slate Expected For Ozona Golf Tournament

A full slate of 112 players, the limit of the tournament, is expected to be signed up for the Ozona Invitational Golf Tourney June 1 and 2, according to Pro Marlon Smith. Entry fee is \$12.50 and from the way entries are coming in, those who want to play in the tourney are urged to enter without delay.

Qualifying will be over 18 holes Saturday with two 9-hole match play rounds and one 9-hole medal play round on Sunday to decide the champion. Players who want in the championship flight must qualify on the Ozona club course Saturday while others may get in flights by sending attested score cards to the club pro.

A generous bank of prizes consisting of woods, irons, bags and balls has been assembled for winners.

A Thinking Fellow

In these days of government hand-outs and general dependence on government largess for all our needs, it's refreshing to run across one of those "rugged individuals" who, after a bit of soul searching, questions the necessity and even the wisdom of accepting such gift morsels.

Over in the Highland country the chambers of commerce in Alpine and Marfa have been holding public meetings to talk about forming a "non-profit" corporation to bring natural gas to both cities. And providing "information" at these meetings have been representatives of bond buyers, brokers, bankers and other lending agencies.

The Alpine Avalanche last week carried a letter to the editor from Marvin C. Kay of Alpine following one of these meetings in Alpine. "Having attended the so-called public meeting at the C of C today, called for the purpose of explaining the proposed bond issue and or revenue bonds for the purpose of bringing natural gas to the city of Alpine, I feel that I must express my opinion." Mr. Kay began his letter. And then he proceeded to express an opinion.

"No explanation was made except by the big-wigs who favor it and who intend to profit from the proposal." Mr. Kay made his first point, hastening to exempt the city councilmen.

"When the big-wigs were asked who would pay for the work if the project flops, the answer was that the bond holders would be holding the bag. I have never seen a banker or money lender that did not intend to get his money back one way or another

"Total cost of the project could not be pin-pointed. But eventually someone or all of us must repay some million and a half or two million or more dollars.

"I would like to see natural gas available for Alpine if it is brought in by a corporation, individual or partnership or any kind of private capital and if it can be obtained for a reasonable rate.

"I am against any kind of municipal, County, State or National ownership or control of any business. I have yet to see any project that could not be more economically and efficiently handled by private funds or private business. This includes municipal water works.

"There are those who say that this government operation is the only way to get things done. There are those who say that taxes will not be raised. There are those who say that if we do not do such, others will, and we will have to pay for it. . . .

"In this town we now have three gas dealers. There are many fuel

BAN THAT FOURTH 'R'

What Is REA Up To?

Funds advanced by Congress to the Rural Electrification Administration to bring power to the nation's farms give every appearance of being used today to build a vast Federal power network. Working with the Department of Interior, REA is using the bulk of its annual appropriation to finance huge steam generating plants to back up power from Federal hydroelectric projects — a purpose never intended by Congress and a step further toward a Federal grid which could force the nation's electric utilities out of business.

Representative Robert H. Michel (R-Ill.) had this in mind when he called recently for a "complete shake-up" of the REA.

"The question of whether the Federal power marketing agencies should have supplementary steam plants is a policy decision for Congress to make — not the REA administrator," he declared.

During hearings on REA operations before a House Agriculture Sub-Committee in March, Michel charged that "REA has moved into areas and directions where the Congress originally had never intended, and it is, in effect, a real disservice to the REA and the cooperative movement."

Representative Michel is not alone in his feeling that Federal funds should not be used to force investor-owned companies out of business. On the same day that Congressman Michel called for a shake-up of REA, President Ken-

edy stated that if a private company can develop a site and provide a service more satisfactorily than the Federal government, then the private company should go ahead.

The nation's investor-owned electric utility industry has stated that it can meet all of America's future power needs. It should be permitted to do so. For the investor-owned electric utility industry pays its fair share of taxes, whereas Federal projects and REA co-ops pay only token amounts.

It would be the height of folly to build a non-taxable Federal power network on the one hand in order to destroy taxpaying enterprise on the other. While the danger is not immediate, each effort in this direction is dangerous and should be regarded as seriously as the final step itself — socialized power in America.

As Representative Michel pointed out: "The major attention seems to be placed on how to perpetuate the Federal function rather than how to strengthen the co-op movement so it can stand on its own two feet."

G O P LOOKING UP

Even if you were not surprised to learn that there are 400 Republicans who can spend \$1,000 for dinner, you should be impressed by the management's acumen in picking the one honor-guest — Senator Barry Goldwater — who could bring it forth.

In writing of the Goldwater magic at the political box-office, Staff Writer David S. Broder of The Washington Star guesses that the Arizona has "attracted more money at fund-raising dinners than any other non-president in history," and says: "He has popu-

larized conservatism in the country, or at least taken it off of stodginess off it. He is the heroic hero to the many Young Republicans. In the . . . the degree of zeal . . . him approaches fanaticism . . . nowhere, it seems, can you find any lukewarm Goldwater porters."

Still, not all the party were there. Former President Eisenhower reported a "cold date" (with a golf ball) Nelson Rockefeller, but not explicit.

There Are Better Ways

Council of State Chairmen, Commerce, of increasing employability of unemployed than by enrolling a "small number" in the Youth Conservation Corps program at a cost estimated as \$675 million a year for enrollees. The Council's notes that the estimated year is three times, the year's enrollment in a university and five times training in "the nation's best vocational high schools".

Among the "better and more employable" suggested by the Council are correction of employment of youth, expansion apprenticeship programs in unions and industry and importantly" tax rate reduction to stimulate economic growth. A course in gold-brick OCC camp alumni will test no market value.

INCENTIVE PAYS OFF—EVEN IN RUSSIA

HAVE KNOWLEDGE OF DAMAGE BY EAGLES? CALL COUNTY AGENT

County Agent Pete Jacoby has received a request for information pertaining to golden eagle damage to both wild and domestic animals and asks the help of ranchmen who might have such information. The request came from the U. S. Department of the Interior, Fish and Wildlife Service, San Angelo office. "We hope to get information in this report that will be of help to ranchers in protecting their sheep and goats from golden eagles," the letter requesting the information said. There has been considerable discussion lately of the eagle following effort of birdlovers to outlaw the killing of eagles from airplanes, a method used to rid ranch areas of the predators.

LOLA MAE DANIEL CIRCLE MEETS WITH MRS. BEAN

The Lola Mae Daniel Circle of the First Baptist Church WMU met Wednesday morning in the Joe Bean home. Mrs. Bob Moore read the calendar of prayer and Mrs. Ted Lewis led the group in prayer. Mrs. George Loudamy introduced the program "Educating Youth in Missions." Mrs. Huey Ingram discussed the spiritual growth of children. Mrs. Harold Shaw discussed goals and studies of the Young Women's Association. Mrs. Jim Carpenter discussed young people in their Christian work. Others present were Mmes. Bill Greer, A. G. Walters, Myrtle Mitchell and Jimmie Martin.

GOING-AWAY PARTY

Accurate and Complete RANCH RECORDS Are More Important Today Than Ever. Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations. The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return. Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume. Easy To Keep - Complete Record - In 1 Volume THE STOCKMAN RANCH RECORD BOOK

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, May 24, 1934

The Lions Club golf course, located on land given the club for that purpose by W. R. Baggett, has been laid out and staked off ready for clearing and construction of greens.

One of the feature events of the rodeo program July 3, 4 and 5 will be a steer breakaway contest for old cowboys. Entries restricted to 55 years of age or over. A cash prize of \$10 awaits the fastest roping of yesteryears.

The gigantic flag pole which is

to serve local schools, was set in place the first of the week between the grade and high school buildings. The pole is a 60-foot highline pole painted with aluminum paint. Atop the towering pole is a gilded weather vane.

A new centrifugal force agitator for mixing poisons in the preparation of the K. C. Prickly Pear poison solution used in spraying and stabbing the prickly pear plant in the fight of West Texas ranchmen to control this range pest, has been installed in the local plant of the K. C. Specialty Co., makers of the poison solution and the spray and stabbing machines.

A modern, big-scale poultry produce house has been started by Mike Couch, south side grocer, with a view to supplying the demand for poultry not only locally but to a wide area of the surrounding country.

Football destinies of schools in District 17 of which Ozona is a member will be ruled and governed by an executive committee composed of superintendents of the six schools involved. R. S. Covey, superintendent at Sonora, was elected chairman. Other members of the committee were Supt. C. S. Denham of Ozona and superintendents from Rocksprings, Junction, Menard and Eldorado.

Dr. W. A. Todd, professor of Greek at Howard Payne College, delivered the commencement address at the commencement exercises here Thursday evening. Dr. Todd substituted for Dr. Thomas H. Taylor, Howard Payne president, who was unable to be present.

OZONA LODGE NO. 747
 A. F. & M.
 Regular meeting on 1st Monday of each month

The dust cloud which recently swept over nearly half the United States originated largely on overgrazed semi-arid lands and on former cattle range land plowed for wheat near the eastern side of the Rocky Mountains, according to the Forest Service. Drouth conditions extending eastward across the Mississippi permitted soil from Midwestern states to blow as far as the Atlantic ocean, darkening the skies over the Nation's capital and other cities.

A new Border Conference pole vault record was set by Coleman Cowan, Texas Tech, in the recent Border Conference track meet in Tucson, Arizona. Cowan passed the old mark of 11 feet 9 1/2 inches by clearing the bar at 12 feet 2 1/2 inches.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — Many Texas drivers who carry insurance will need to notify their agents to increase their public liability insurance after August 24.

By the narrowest of margins — a single vote — the House adopted a bill by Rep. Bob Fairchild of Center to raise the bodily injury insurance of security requirements under the driver financial responsibility law from \$5,000 for one person and \$10,000 for two or more to double those amounts.

Wind Up — Regular session of the 58th Legislature ends Friday. That's three days earlier than the constitutional requirement.

Hundreds of the 1,500 proposed new laws submitted by the 181 legislators were left to die in committees and on the crowded calendars of both houses.

Other hundreds will become law when Gov. John Connally signs them. Rush of business at the session's end is pouring them into his office by the score.

House Minority Leader — In the waning days of the session, House Republicans ceremoniously announced their 8-member delegation leader, Rep. Horace B. Houston of Dallas.

Houston has some sort of seniority since he previously served a term when he ran as a Democrat.

Speaker Byron Tunnell quipped "From now on, when you folks have complaints about your bills, you can take your troubles to the House minority leader."

Houston then cast his first vote as G. O. P. leader in favor of extending the Veterans Land Program, while his followers cast votes against it.

More Junior Colleges — State Board of Education named a committee to study Snyder's request for a junior college. Appointees were Penrose B. Metcalf of San Angelo, Herbert D. Willborn of Amarillo, and Paul Mathews of Greenville. Committee will meet on May 31, in San Angelo.

Recently, the board authorized a junior college election for Travis County voters. Claim is that even though the University of Texas is in Travis County, entrance requirements are too stiff for many local youngsters to enroll.

Bills Signed — In recent days

LIGHTHOUSE ROCK — Sculptured by wind and water, this natural stone tower keeps its vigil near Palo Duro Canyon State Park, 35 miles southeast of Amarillo. Palo Duro Canyon cuts a spectacular 120-mile gash through the Texas Panhandle. Six miles wide and more than 700 feet deep, the canyon is considered one of the truly geological wonders of the State.

Governor Connally has signed into law bills that make San Angelo and Pan American colleges state-supported, senior colleges' authorize commissioners courts to appropriate monies for historical markers and monuments; provide for annexation by municipalities; authorize a 70-mile speed limit; and allow weekly newspapers to miss two issues a year and still retain their legality.

Also, change the name of A&M College to Texas A&M University; authorize counties to issue bonds to establish homes for the needy; and provide for emergency succession to state offices in the event of an attack or a disaster.

Texas Leads — This state has led all others in road-building progress since 1956.

Highway engineers from other states and 19 Latin American countries who want to know how it has been done heard State Highway Department Engineer D. C. Greer speak on the subject in Washington, D. C.

A pay-as-you-go plan has been one secret of success, Greer says,

in building a highway network of 65,000 miles. Some other states run into road delays because of bond elections and sales.

"The highway administrator must not be guilty of favoritism for one region over another," he stated.

Voters Registration — A registration system to take the poll tax's place is all but decided by the Legislature.

Senate-passed bill by Sen Tom Creighton of Mineral Wells calls for a 25-cent registration fee in lieu of the \$1.50, or \$1.75, poll tax. It retains the present system of registering voters each year.

El Paso Rep. Malcolm McGregor tried to include the Texas League of Women Voter's plan of permanent registration, but it was turned down.

House took the 25-cent fee provision out of the bill. So a House-Senate conference committee will have to settle this dispute. Another House amendment would require rural people and those residing in small towns to register

every year, if they are over 60 years of age.

At present, these people are allowed to vote without registering at all.

Entire registration revision hinges on a constitutional amendment to repeal the poll tax. This bill, by Rep. Abraham Kazen of Laredo, passed the Senate, but is tied up in a House committee.

Criminal Code Revision — The much-opposed revision of the State Criminal Code now has the approval of the District and County Attorney's Association, through an endorsement by its president, Alton Griffin of Lubbock.

Endorsement applies to the House Criminal Jurisprudence committee's version of the State Bar Association's plan for streamlining the code. House version is so different from San Angelo Sen. Dorsey Hardeman's bill which passed the Senate, that it may be a long, hard fight for approval. And there's less than three weeks left in this session. It must end by May 27.

For Men Only — Decision by Texas A & M's board of directors, to make the college coeducational provoked introduction of a House resolution against the board's decision. Also a bill designed to prevent entrance of females.

Rep. Will Smith of Beaumont introduced both measures.

1962 Voters' Registration — State Comptroller Robert S. Calvert reported a total of 2,020,183 voter registrations issued through January 31, 1963.

This included 1,654,805 poll tax payments and 365,378 exemption certificates, to be used in any elections held through January 31, 1964.

Loving County issued the least poll tax receipts — 90. Harris County the most — 282,768.

Stamp Sales Up — More than \$9,000,000 was taken in by the State from the sale of wine, liquor and cigarette stamps in April. This represented an increase of \$750,000 over the April, 1962 revenue.

Whither Shall It Wave? — El Paso Sen. Frank Owen's bill to forbid the flying of the flag of the United Nations on or in public buildings ran into what may be a fatal delay in the House.

Delay motion came on the heels of a speech by Rep. Howard Green

of Fort Worth. He said legislators have received a flood of mail favoring the Owen bill, which attacked Texans like former Sen. Tom Connally, former president Dwight Eisenhower and Vice President Lyndon Johnson as being "tools of the communist conspiracy."

Bill's House sponsor, Rep. Walter Knapp of Amarillo, replied that "the mere fact that a lunatic fringe is supporting this bill is no reason to turn it down."

Further debate was postponed a week, which could mean indefinitely.

Women's Rights — Proposed constitutional amendment by Sen. William Moore of Bryan to give women equal property rights was passed by the Senate back in January. It was then sent to a House committee headed by Rep. Jim Cotten of Weatherford. Cotten waited until the first week of April to hold a hearing, then never named a subcommittee to consider women's rights.

Finally, an impatient House, hammered by demands from impatient women voters, instructed Cotten's committee to bring the bill out for a vote. Cotten withstood all pressures — even a full-scale committee revolt — until the House took the bill away from him and sent it to the House Insurance Committee.

Some action is promised, but there's no word as to when.

Holiday Confirmed — For the first time since the reconstruction era, a Negro holds a state office

as a member of a major Senate confirmed the appointment of the Rev. C. A. H. Fort Worth to the State Corrections, despite objection to Connally's choice.

Operators Win — Oil operators won a battle. House approved a measure making it illegal to transport a pound of mercury without proof of ownership.

This law is expected to down the thefts of mercury automatic gauges on oil gas pipelines.

Short Snorts — Vegetable dealers will be required to purchase a big under a bill ready for the nor's signature.

Parks managers have record attendance at state so far for 1963.

Southwest Animal Health search Foundation notified Connally that livestock and sportsmen had exceeded their \$3,000 for screwworm eradication.

State Treasurer Jesse J. Porter said the General Fund was out of the red for the first time since Sept. 1, 1962. Fund balance was 302.87.

CARRYING 'DO IT YOURSELF' TOO FAR

JUNE COOPER CIRCLE GUESTS OF MRS. CARR

The June Cooper Circle of the First Baptist WMU met in monthly session in the home of Mrs. Donald Carr.

Mrs. R. C. Pitts, Circle chairman, opened the meeting with a welcome to members present and especially a new member, Mrs. Max Brown, wife of the pastor. Calendar of prayer for the missionaries was read by Mrs. Quentin Brentz, who also led the pray-

er. Mrs. Carr, the program chairman, presented the program entitled, "WMU's Youth Organization. Others on the program were Mrs. J. L. Sweeten, Mrs. O. C. Webb, Mrs. Max Brown and Mrs. R. C. Pitts.

Mrs. Brown closed the meeting with prayer. Coffee and cookies were served.

COX WINS WATCH

This windup clock which Nick Nicholas, manager of Baker Jewel-

ers, wound up and left ticking while its minute hand swept over the names of the 19 graduating Seniors of Ozona High School, stopped early this week on the name of Robert Doyle Cox. Result young Cox, the class salutatorian, is the proud owner of a new Bulova watch given by Bakers.

"Co-operating would solve most of our problems. For instance, fridges would be a nice coat of tan if they would get together."—Vista (Calf) Press.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people generally do. Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples. When people see an advertisement in print, they can compare designs, features, and prices of nationally known products and services. (And people do compare before they buy.) Advertising in print is a handy thing. You

can always check back; the message is still there even if your attention is distracted. When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

THE OZONA STOCKMAN

Pauline Maness Wins Jim Campbell Award

Miss Pauline Maness, daughter of Mrs. W. A. Maness of Ozona, was presented the Jim Campbell Memorial band award at the annual Spring Concert of the Ozona High School band last week. Miss Maness was picked for the award as the outstanding senior band member.

Miss Maness was also named Band Sweetheart for 1963 at the Spring Concert. She has served as president of the band this year.

The Jim Campbell Memorial Award was begun in 1961 following the highway accident death of young Campbell, then director of the band. The award will be continued through 1966, thus allowing all students taught by Mr. Campbell to be eligible to receive the award.

Winners of the award to date are Art Kyle in 1961, Beverly Alford in 1962 and Pauline Maness this year.

Clayton Home Scene Of Party For Seniors

A dinner party at the Joe Clayton home, Friday night, May 17 honored the graduating class of 1963. Hosts were Mr. and Mrs. Clayton and Mrs. Charles Williams, Sr.

A graduation motif was carried out in decorations. Graduates present were Cheryl Clayton, Mary Grace Chandler, Robin Jones, Kathy Duran, Brent Moore, Jann Smith, Robert Cox, Lucia Diaz, Ernie Hanson, Sherri Oakley, Arlene Gendler and Pauline Maness. Also present were class sponsors: Mrs. Joan Powers and Mr. and Mrs. H. O. Hoover.

DR. H. B. TANDY MEMORIAL FUND

Last of donors to the Dr. H. B. Tandy Memorial Fund since May 7: Mr. and Mrs. Mat Fox in memory of Mr. John Bailey. Mr. and Mrs. R. L. Bland, Jr. in memory of Mr. John Bailey.

By the light of the silvery moon

On the job for you!

Long after you and your family have gone to sleep, our drivers are still on the road—heading your way with gasoline to power your car, oil for heating your home and hundreds of other oil products that make for better living.

In America's progressive and competitive oil industry, every oilman has a special job. As your local oil jobber and distributor, our job is to see that this community gets ample supplies of oil products where and when they are needed.

This is our pledge that we'll never let you down—never stop trying to bring you even better service in the future.

lines of 15-M-GC&SF. Operators suggested the field be designated as the Block M (Strawn and Canyon).

Dalton H. Cobbs, Midland, will drill a 9,000-foot Ellenburger wildcat in Crockett County, two miles northeast of Ozona and 1 1/2 miles north of Ellenburger gas-distillate production in the Ozona, East (multipay oil and gas) field. It is the No. 1 Hagelstein.

Location is 1,833 feet from the north and 2,067 feet from the west lines of 95-GH-GC&SF. Contract depth is 2,511 feet.

J. R. Rich, San Angelo, will drill the No. 1-F C. W. Meadows, a 2,500-foot rotary wildcat, in Crockett County, 10 miles northeast of Sheffield, 3/4-mile southwest of the Half (Grayburg) field and 3/4-mile southwest of the B&H (Queen) field.

Location is 467 feet from the north and west lines of 39-GG-HE&WT.

Texaco, Inc. No. 2 A. R. Kincaid Trust, recent Spraberry oil-pay opener in the Ozona, East multipay field, two miles south of Ozona, has been dually completed as a location south extension to Canyon gas-distillate produc-

tion. It was finaled for a calculated, absolute open flow of 3.4 million cubic feet of gas per day, with gas-liquid ratio of 25,460-1. Gravity of the distillate was 59 degrees.

Production was through perforations between 6,268-6,445 feet in 5 1/2-inch casing set at 6,600 feet, the total depth.

It was finaled April 30, 1963, from the Spraberry for 152.32 barrels of 30.3 gravity oil, plus 19.2 barrels of water, with gas-oil ratio of 1,225-1. Production was through a 16-64-inch choke and perforations between 3,728-48 feet.

Location is 467 feet from the north and 1,951 feet from the east lines of 3-MN-GC&SF.

Two Worm Cases—

(Continued from Page One)

of the Texas livestock industry and exemplifies Texas citizenry at its best."

Crockett county contributed a total of \$53,890 to the screwworm eradication fund under the leadership of a soliciting committee headed by Wayne W. West, as chairman, Joe Tom Davidson, as co-chairman, and Pete W. Jacoby, county agent, as secretary and coordinator.

A campaign to alert ranchmen to the vital necessity of reporting all screwworm outbreaks promptly has been waged since early spring and livestock producers have responded well and also have done a good job in spraying and dipping livestock to prevent or minimize the chances of an outbreak. The promptness with which producers have reported screwworm cases has enabled eradication officials to move in quickly and stamp out the infestations promptly. Livestock people all over the state are jubilant over results so far, officials report, and see an ultimate end to the screwworm as a tremendous financial drain on the livestock producers, and a menace to wildlife.

Mr. and Mrs. Charles Garlitz and son, Wade, have moved to Midland where they are making their home at 3000 W. Illinois, Apartment 16. Mrs. Garlitz is the former Jane Adams, daughter of Mrs. Clay Adams of Ozona, and the late Mr. Adams, Mr. Garlitz is an independent oil operator.

Gracie Chandler Wins Minnie W. Henderson Award In Homemaking

The Minnie Wylie Henderson memorial award, given in honor of a former Ozonan to the most outstanding girl in the field of Homemaking in Ozona High School each year, has been awarded this year to Gracie Chandler, daughter of Mr. and Mrs. E. H. Chandler.

The award goes first to a senior girl unless there is no senior girls working in the field of homemaking. In such an event, the award would go to a junior or lower if judges find a student outranking the junior.

The criteria for judging students for the award are:

1. Personality — pleasing and adaptable.
2. Attitude toward homemaking, school and community life.
3. Scholarship. Must be average or above.
4. Skills and techniques developed and used in nutrition, food preparation, table ethics and serving, hospitality, family relations,

child interest and clothing construction.

The award was started in 1957. Other names of past winners on the award are Lou Nell Beall, 1957; Suzanne Dale, 1957; Wanda McCaleb, 1958; Becky Davidson, 1959; Alleane Young, 1959; Sally Baggett, 1960; Ann Davidson, 1961 and Charlotte Johnson, 1962.
