NUMBER 22

OSONA'S WATER SUPPLY IS ENHANCED BY PURCHASE OF RIGHTS ON HENDERSON LAND

The agreement recently entered into between the Crockett County Water Control and Improvement District No. 1, the quasi-municipal district which operates Ozona's water and sewer systems, and Dick Henderson, rancher, whereby the district acquired water rights on a section of land adjoining the Ozona townsite, further increases the city's potential water supply to take care of expected future growth.

The water rights grant and contract covers Survey 26, Block OP, and of 806.6 acres of land "with right to investigate, explore, prospect and drill for, and produce water from underground formations underlying said lands and to install and maintain pipelines, power lines and telephone lines, locate, install and maintain pumps, pump houses, tanks and other structures thereon, to produce, save, store, care of, treat, transport and use such water, together with the right of ingress and egress, and to build, improve and maintain levees over and across said land for various purposes."

The District will pay for water at the rate of 5 cents per hundred gallons for the first million gallons per month, and 3 cents per hundred gallons above a million gallons. A minimum payment of \$1200 per year to the grantor is provided in the contract. The District has the right to terminate the contract at the end of 1964 or the end of any calendar year thereafter.

The Henderson's ancient "Shepherd's well, a prolific water producer from early times, is located in the section and the water district has tested wells on the land over 400 gallons per minute production capacity.

The further guarantee use of the water under the section, the Oil Corporation, holder of

mineral leases on this and adjoining lands on the Henderson ranch, has joined in the agreement by agreeing not to use any of the water from the surface to a depth of 600 feet below the surface under Section 26 except for drilling operations.

Acquisition of the water rights under the Henderson section increases the reserve of fresh water needed for future growth of Ozona.

Through a contract with the United States Air Force on construction of the Ozona Air Force radar station 5 miles east of Ozona, the District four years ago acquired water rights under about two and a half sections of land owned by Chas. E. Davidson, Jr., east of Ozona.

The Ozona water district contracted with the government to install the radar station's water supply after the government had drilled several wells on land it had acquired for the base. With the government picking up the check, the District purchased water rights from Mr. Davidson for \$50,000 and installed the pumping equipment, pipeline and storage to furnish ample water to the base. The government paid for the installation and was paying the water district a monthly fee for maintaining the equipment.

Both of these reserves are in addition to the property owned by the district within the boundaries of the town of Ozona from which it is now pumping an ample supply of water for commercial and residential use in the town. Wells are producing on both the east and west hills in Ozona.

Football Reserved Seat Reservations To Be Held To August 25

Ozona High School football fans who want the same stadium reserved seats they had last year or who wish to reserve a particular seat, should contact Mrs. Frank McMullan at the office of Supt. L. B. T. Sikas before August 25.

Letters have been mailed to former ticket holders inviting them to reserve their seats in advance of public offering. The seats will go on sale Aug. 25 to the general public, and all seats not previously reserved will be on a sale.

Holdings of reserved seats pay no more for the privilege of having a seat even if late to the game. There will be five home games and reserved seats for the five games sell for \$5, the amount of the regular general admission price.

Funeral Set Friday For Mrs. C. Nervaiz

Funeral services will be held at 5 p. m. Friday from the Assembly of God Church for Mrs. Concepcion Reyes Nervaiz, 53, who died Saturday in the Crockett County Hospital shortly after being admitted. Mrs. Nervaiz had been suffering from a heart condition.

Services will be conducted by Rev. Santos Becerra of San Angelo, with burial in the Latin-American Cemetery under direction of James Funeral Home.

Mrs. Nervaiz is survived by her husband, Francisco Nervaiz of Ozona seven daughters, Paula Nino, Mercedes Dominguez, Diana Nervaiz, Marcelina Nervaiz and Mary Ann Nervaiz, all of Gilroy, Calif., Frances Hernandez of Bakersfield, Calif., and Connie Leylea of Lidia, Calif.; two sons, Francisco Nervaiz Jr., of Gilroy, and Fred Nervaiz, with the U. S. Army forces in France; four brothers, Robert Gallegos of Sacramento, Calif., Felix Reyes and Raymond Gonzales, both of Dallas, Valentino Gallegos of Lubbock; three sisters, Teresa Soto of San Angelo, Anita Mendez of Detroit, Mich., and Maria Gallegos of Ozona.

Only One Hurt Out Of 11 Persons Involved In Highway Accident

Mrs. Errol Lamb of Houston was admitted to the Crockett County Hospital Wednesday afternoon following a two-car accident 8 miles east of Ozona on Highway 290 in which eleven persons were involved.

Mrs. Lamb's 4½ months old baby was also admitted to the hospital but was uninjured. Mrs. Lamb's injuries were not thought serious.

The accident occurred during a heavy thundershower Wednesday afternoon. Three young men on leave from Army service were traveling in the same direction as the other car, a Volkswagen bus, driven by William Bridges of Houston and containing eight persons, six adults and two small children.

When the Ford in which the three service men were riding attempted to pass the Volkswagen it skidded on the wet pavement and swerved into the path of the other vehicle. The Volkswagen also went out of control and overturned.

A James Funeral Home ambulance brought Mrs. Lamb and the baby to the Crockett County Hospital. Others involved were not hurt, although all were checked out in the hospital emergency room.

Lion Boosters To Stage Annual Barbecue Sept. 3

Fans Honor Players at Annual Supper Opening Day of School

The Ozona Lions Booster Club will stage its annual barbecue honoring the Ozona High School football team Tuesday Sept. 3, at the Ozona High School, it was announced this week.

Tickets for the affair will be on sale at the Ozona Chamber of Commerce and all Ozona football fans are urged to plan to be present.

The 1963 edition of the Lions football team is due to be one of little experience but of considerable desire and Ozona fans can do much to fan that spirit of desire by showing their interest in the boys by being present to enjoy a good meal, fine fellowship and hear the boys introduced and the team evaluated by their closest observers, the coaches themselves.

In the past the meeting has had a guest speaker at each occasion but this year in a departure from that plan the program is to be an entirely local one.

The club enlisted an all-time high membership last year when the ticket drive spear-headed by Ernie Boyd, Oscar Kost and Charles Williams, brought in a total of 215 members.

Football drills are now under way at Lion stadium on a two a day basis and hot weather, hard exhausting work, and plenty of aches and bruises can be a bit better to bear if fans show interest and that they are backing the boys in the battle to get in shape.

Mrs. Baker Moves RMA Insurance Agcy., Book Store in New Quarters

The Ozona Retail Merchants Association, Lottie's Book Shop and Baker Insurance Agency moved offices to the Ratliff Building this week. The new office affords a great deal more room than did the former offices in the Ranch Theatre building.

The new offices in the Ratliff building will have three office areas with the book store facing the street and the Retail Merchants and Insurance department in the two back offices. The new arrangement will afford much needed additional space and a great deal more privacy to business dealings that was not previously available. Mrs. Hubert Baker, manager of the RMA and the business enterprises, said.

Air National Guard Turns Down Radar Stations As Training Bases

Mother Of Mrs. Sherrill Dies On Visit In Ozona

Mrs. Sandford Smith Of Lubbock Suffered Heart Attack

Mrs. Sandford Bryan Smith, 75, died suddenly Thursday morning in the home of her daughter, Mrs. Lloyd Sherrill, whom she was visiting in Ozona. She had suffered from a heart condition for a number of years and death was ascribed to a heart attack.

Mrs. Smith had just completed a visiting tour of the homes of her children, living in Houston, San Antonio and Ozona, and was in the last day of her stay away from home. Mrs. Sherrill was making final plans to leave with her mother for Lubbock at the time of death.

Born Dec. 1, 1887, in Grimes county, Texas, Mrs. Smith had made her home in Lubbock for the past several years. She was the former Nettie Neeley. Mr. Smith died in 1937 at Huntsville, where the family resided for many years.

Funeral services were held from the Ozona Methodist Church at 4 p. m. Friday, with graveside services and burial in Oakwood Cemetery in Huntsville at 4 p. m. Saturday, directed by James Funeral Home of Ozona.

Local services were conducted by Rev. Wm. R. Fleming, pastor, assisted by Mrs. Smith's pastor, Rev. Tom Strother, pastor of Agape Methodist Church in Lubbock. In Huntsville, graveside services were conducted by the Rev. John Renfro, pastor of Southwest Methodist Church in Houston.

Pallbearers were Jack C. Authen of Sheffield, Ralph Jones, Bud Cox, L. D. Kirby, Doyle Elmore and Bill Cooper.

Survivors include, one daughter, Mrs. Sherrill; four sons, J. Maurice Smith of San Antonio, Sandford M. Smith of Lubbock, F. Martin Smith and G. Monty Smith, both of Houston; nine grandchildren and one great-grandchild.

Merchants Asked To Get Ad Copy Ready For Dollar Days Aug. 30-31

Ozona merchants were reminded today of plans for the second Ozona Dollar Days, slated for next week-end, August 30-31.

Chamber of Commerce Secretary Luther Walker, who will be out of town the balance of this week attending a C of C meeting, said that plans for the big week-end promotion have been worked out by committees. Merchants who wish to participate are urged to have their ad copy ready by Tuesday.

Attractive prizes are to be offered by several merchants to shoppers who bring winning numbered circulars to the stores.

Four Ozonans Gets Sul Ross Degrees

Four Ozonans were awarded degrees from Sul Ross State College at Alpine at graduation exercises held Sunday. All are teachers in Ozona school system.

Three receiving Bachelor of Science in education were Betty Carroll (Mrs. Fred) Hickman, Jimmie Gwynne (Mrs. Pete W.) Jacoby, and Erwin E. (Diz) Reeves.

A Master of Arts in education went to Otto Julius Knudson, Jr., whose thesis for his M. A. was "The Life of Christian Carlson (1857-1959): Norwegian Immigrant in Texas."

Mrs. Jacoby was elected to membership in Alpha Chi, honorary Education sorority for her high scholastic standing.

The Air National Guard has turned down the Defense Department's offer of use of the Ozona radar station an other abandoned sites across the southern United States as week-end training stations, Captain Emmett Gurney, in charge of the maintenance unit still stationed at the Ozona base, was informed this week.

The Guard's refusal of the government's proffer of use of the facilities open the way for beginning shipment of equipment from the abandoned million dollar base to storage or use of other Air Force installations, Captain Gurney said.

Movement of furnishings and equipment, including office furniture and equipment, dormitory and residential furniture to Laughlin Air Force Base at Del Rio is scheduled to get under way in the next few days, the base commanding officer said.

Air Force van trucks will shuttle back and forth between the Del Rio base and Ozona moving the equipment to Laughlin. No radar equipment is yet scheduled to be moved except for the new type tower and unit which was in process of being installed when decision was reached in Washington to close the site. This piece of equipment, for which base had been poured, steel for the tower erected and certain electronic units installed before the shut-down order came, is slated for shipment to Panama, Captain Gurney has learned.

Bowling Lanes Will Re-Open Monday After Summer-Time Closing

Closed through the summer vacation months, Miller Bowling Lanes will reopen Monday morning, August 26, Buster Miller, owner, announced this week.

A full week of bowling and fun, with a number of prizes, is planned for opening week, Miller said. Thursday and Friday night will be couples doubles and moonlight doubles, with prizes offered for winners each night. A grand prize will be awarded Saturday night to the top couple in a three-game series for the week. Both men and women are eligible.

Miller said the winter bowling leagues are now being organized in readiness for the start of league play. Anyone wishing to get on a team for the winter is asked to leave his name at the bowling lanes.

The snack bar at the lanes will be open, also, beginning Monday. Among all-week specials offered by the bar are hamburgers at 25 cents, sandwiches at 15 cents and corn dogs at 15 cents, plus coffee for a nickel all week.

Southwest Quarter Ozona Gets Shower

Depending on where you live in Ozona, you may or may not have gotten rain on your lawn in a quickie shower which fell Wednesday afternoon.

The shower, without interrupting the sunshine, dropped 29 of an inch of rain in downtown Ozona, was much heavier on the east edge of town but barely sprinkled past the shopping center on the west side of town.

FOUND — Female border collie on road south of Ozona No collar. Black with white feet. Owner contact Fred Hagelstein.

25 Candidates, Mostly Untried, Small But Eager, Out For Football Practice; Major Overhaul Job Faced By Coaches

By Ernie Boyd

Twenty-five candidates for the 1963 Ozona Lions football team, composed mostly of untried upper classmen and small under classmen, began two-a-day drills Monday morning to start a two weeks conditioning grind that will end its two-a-day phase when school starts Sept. 3.

Line Coach Sonny Cleere found only two of last year's starters on hand and Head Coach Fred Hickman found a like number with one of last year's reserves among his candidates.

In spite of lack of experience and returning squadmen, the 1963 Lions expect to play out the schedule and early indications are that they can still growl and might bite if every thing goes well in the next few weeks.

On the encouraging side of the picture is a number of big, strong and rather enthusiastic upper classmen who, with two year Jr.

lettermen Joel Huff and Pete Garza, might make the Ozona line a far more formidable than was ever thought possible last year.

New comers in the line picture are Joe Chapman who, will probably get the nod at center at 190; Mike Walters, a good six foot, 160 pounds guard or tackle prospect; Rick Hagelstein, a big strong 185 pound tackle; Bob Anthor, another big, strong tackle; Jimmy Moore, a hard hitting though small soph guard; Larry Williams and David Lewis, both young and a bit light yet; Buddy Farris, a 200-pound soph center or tackle with a great deal of willingness to play, and Thomas Garza, a good looking junior from the B team.

Add Joel Huff, a much larger and stronger Richard Vargas and offensive end letterman Scott Mahon and the line does not look hopeless and may be a little deeper in reserve than was the case last year.

Concerning Congressman Ed Foreman disclosure last week of his knowledge of plans to ship the radar equipment to India under the foreign aid program, Captain Gurney said he had no knowledge.

Meanwhile, Airmen remaining at the local base are receiving orders, one by one, for new assignment, Captain Gurney said.

Crockett 4-H Club Members Win Dist. On Record Books

Larry Williams, David Jacoby Qualify For State Contests

4-H record books of Crockett County 4-H club members were judged in district competition at Fort Stockton last week with the local members making a good showing in the judging.

Larry Williams won the district with his 4-H record on Range Management and David Jacoby placed fourth with his record in the Santa Fe Achievement Awards Program. Both of these records qualified for the state record book judging to be held at Texas A&M College later this month.

Junior 4-H member record books from the county all received first place district awards. Lelcee Mitchell in Texas Sheep & Goat Program, Kathy Williams in Beef Cattle Production, Steven Hubbard in Agriculture and Fred Deaton in Wildlife Conservation.

County agent Pete Jacoby was a member of the district judging committee along with seven other county agents and home demonstration agents in the district.

Seduction?

The unanimous opposition of the Joint Chiefs of Staff to the test-ban treaty hitherto reported as set forth in a secret paper signed by all members, appears to have evaporated — but, like the mushroom cloud, not without some fallout.

In a full day of testimony before the combined Senate Foreign Relations, Senate Armed Services and Joint Atomic Energy Committees, Defense Secretary McNamara declared US Military might to be "manifestly superior to the Soviet Union's", said he expected US nuclear superiority to continue and gave his "unequivocal support" to the treaty.

Next day, following their boss, the Joint Chiefs echoed their support of the treaty, if not quite so unequivocally. As their spokesman, General Maxwell D. Taylor, JCS chairman, reported to a closed session of the Senate Preparedness Subcommittee that our ranking military commanders now find the test-ban "compatible" with military security in spite of "disadvantages and risks."

"The risks inherent in this treaty," the Joint Chiefs statement concluded, "can be accepted in order to seek the important gains which may be achieved through a stabilization of international relations and a move toward a peaceful environment in which to seek resolution of our differences."

Under questioning, General Taylor assured the subcommittee that his own had not, been twisted. It was not immediately known whether Air Force Chief of Staff, General Curtis E. LeMay — on record as opposing any ban on testing in space, in the atmosphere, under water or underground — has an arm in a sling. Admiral George W. Anderson, then Chief of Naval Operations, who agreed with him, has since walked the plank.

Irrespective of Administration pressure, however, the overriding concern expressed by the Joint Chiefs for "stabilization of international relations," a "peaceful en-

vironment" and "resolution of our differences" suggests that they should be working for Mr. Rusk rather than Mr. McNamara. Their proper concern is with those disadvantages and risks. And it would be a sad state of affairs if our top commanders have been caught in the "psychological" trap that Admiral Arleigh Burke, former chief of naval operations and JCS member, regards as the treaty's greatest danger.

"We could easily be seduced," he told a group of congressmen, "into thinking a scrap of paper is a great step toward peace, permitting us to relax our weapons research, resort once again to wishful thinking, and so, once again, betray ourselves."

Mr. and Mrs. J. A. Peltó and family returned to Ozona Sunday from their summer vacation spent in Minnesota and at the Air Force Academy at Colorado Springs, Colorado, where Mr. Peltó spent the last two weeks on reserve duty.

FOR SALE — Real nice 43x8 ft. Hicks Trailer House. Phone C. L. Young at 392-3063. 1tp

AIR COVER?

A State Department spokesman says that the US fighter plane and the Coast Guard patrol aircraft which circled the British Island of Anguilla Key near Cuba while Castro Cubans kidnapped 19 fleeing refugees were "not in a position" to interfere.

Of course not, Khrushchev might not like it — or Castro either. Later, at the request of the British, the Coast Guard ship Aradine picked up ten refugees that had managed to hide from their would-be captors.

Wasn't that nice!

LOOK AT WHO'S GOT ITS HAND OUT NOW

(The Detroit Free Press)

"Having just landed the 1964 Democratic National Convention . . . Atlantic City has now put in its pitch for Federal funds as a distressed area."

What distresses the city is that the hall where the convention is going to be held is not air-conditioned. This little project will cost \$1,588,000, the city fathers figure, and would be a wonderful way of spending some of the Area Redevelopment Agency's money. Considering that Atlantic City put \$600,000 in cash into Democratic coffers for the convention, this would be a return of 250 per cent . . . And considering, too, that those attending the convention will be Democrats, that Democrats like air-conditioning, that Democrats like to spend public money, and that Democrats outnumber all other kinds in Washington, Atlantic City's chances look pretty good."

AUTO ON FIRE

Ozona Volunteer Fire Department answered a call Wednesday morning to extinguish a blaze in the station wagon owned by R. A. Harrell. The vehicle caught fire on the road south of Ozona and was extensively damaged before the blaze was extinguished.

THE "TAKE AWAY" PROGRAM

The United States stands before the world as the great living example of a private enterprise, capitalistic nation which is the antithesis of the socialist-communist philosophy.

We are spending 50 billion tax dollars a year to protect ourselves from the threat of communism from abroad. But at home we are promoting socialism, which is the forerunner of communism, by various political devices.

We have public official and private citizens dedicated to expanding tax-exempt government ownership of industrial and business activity.

One of the most obvious places this trend is being pushed is in the field of electric power production and transmission — the last place on earth where the taxpayer's money need be spent to serve the people, for private enterprise is doing and can do the job.

Already the drive from within our own country to socialize the power industry under government ownership has succeeded in capturing 20 per cent of the nation's power production.

At a time when our tax spending is billions more than our tax income, and our national debt is greater than that of all the nations of the world combined, and when our taxpaying electric power industry surpasses that of any other nation, we see Congress being asked for billions to build tax-exempt federal power plants and duplicate power lines which would be built by taxpaying enterprise if it was given a chance.

Instead of undermining private enterprise in the United States, it should be encouraged and strengthened. It's time to call a spade a spade, and tax-exempt government competition in commercial business is socialism any way you care to spell it. The people are being badly bilked by this "take away" program.

IT'S NOT THE FIRST TIME

We wonder what Adlai Stevenson, our Ambassador to the UN, meant when he said that the test-ban treaty "ended seven years of anxiety for me since I first proposed such a treaty in the Presidential campaign of 1956."

The rest of us will be anxious until the Senate votes for or against it.

And if it should be ratified — then we can really start to worry.

Phone news to the Stockman

Discovery Assured In Ozona Southwest Field On J.W. Henderson Est.

An unidentified gas discovery has been assured in Crockett County with the flowing of gas at the maximum daily rate of 1,590,000 cubic feet at Signal Oil & Gas Co., Midland, No. 1 Cities Service-J. W. Henderson Estate, in 1-SL-T&StL, 20 miles southwest of Ozona and four miles south-southwest of an undesignated dual Strawn and Canyon gas discovery.

Flow was through a 1/2-inch choke, time unreported, and the above perforations which had been acidized with 1,00 gallons. Tubing pressure was 175 pounds.

Earlier, it flowed 12 hours through a 3/4-inch choke, making gas at the daily rate of 1,212,000 cubic feet with tubing pressure of 975 pounds.

Testing continued. Humblel Oil & Refining Co. No. 1 Roy Henderson, in 26-ST-J. R. Talley one mile west and slightly north of the opener and lone producer in the Ozona Southwest (Canyon) gas-distillate field, Crockett County, 13 miles west of Ozona, flowed 67 making 16 barrels of 44.4 g oil, 83 barrels of load water gas at the rate of 503,000 feet per day.

Flow was through a 32-6 choke and perforations at 593 feet.

Testing continued with a reported amount of load gas to be recovered.

B TEAM CANDIDATES TO REPORT MONDAY

Coch Fred Hickman announced this week that all candidates for the B team are to report for duty Monday afternoon at 5 p.m. at the field house.

Mrs. Joe Patrick went to Antonio over the week-end to relatives and to take her grand Don Patrick, to meet his parents Mr. and Mrs. Henry Patrick Weslaco. Don had been visiting his grandmother here for several days.

HIGHLIGHTS AND IDEALIGHTS from State Capitol

Some 700 state employees scattered throughout the state are getting a new set of uniforms. Reason is the creation of Texas Parks and Wildlife Commission on August 23.

M. Dellinger, Corpus Christi contractor; A. W. Mourning, Johnson City rancher-attorney; and Chairman Bill Odum, geologist and engineer, will set up the new three-man Parks and Wildlife Commission. They reappointed commissioners on the Game and Fish Commission on the Parks board.

Highway Patrolmen Needed — Governor Garrison, Jr., head of Department of Public Safety, is looking for 100 additional highway patrolmen.

He asks applicants, aged 21 to 30, to contact him no later than September 14. Recruits will start on November 19. Pay is \$412 monthly while in training, \$453 after graduation.

Way to Cut Traffic Deaths — Governor cast a gloomy eye at the crystal ball, and predicted a possible 31 traffic deaths in Texas on the three-day Labor Day weekend. But he hopes he is wrong.

There is always a chance that the estimate can be proved too low, Garrison said, "if motorists put forth a concerted effort to hold the line by driving within legal limits, and remaining especially alert to the added dangers of holiday travel."

Legislative Calls — Many of Texas' officials now are in Hawaii attending the National Legislative Conference in Honolulu.

Gov. Preston Smith of Louisiana heads the list.

Others attending are House Speaker Byron Tunnell of Tyler, Sen. Ben Jarvis of Tyler, Sen. George Parkhouse of Dallas, Rep. George Gibbons of Breckenridge, and Rep. Dick Slack of Pecos.

High School Dropout — The problem of high school dropouts will be the topic of the annual meeting of the Texas State Committee on Public Education in Dallas on September 22.

President of the committee, Mrs.

CHAMP'S PROGENY TO GO ON BLOCK—Offspring sired by the World's Champion Cutting Horse will be auctioned for the first time on Sept. 7 when mares in foal to Cutter Hill (above) and some of his two-year-old fillies are offered at the Rex C. Gauble ranch near Crockett, Texas. The record-smashing palomino is on his way to winning the world title for the second year in a row despite his duties at stud. Ike Hamilton will be auctioneer.

Helen J. Bechtel of Corpus Christi, is inviting all interested persons to attend the one-day session. No registration fee will be charged.

Governor Connally has estimated the state rate of dropouts for the next five years as 325,000.

Oil Allowable Cut — Producing capability of Texas oil wells was cut by some 28,617 barrels a day when the Railroad Commission reduced the daily oil allowable from 28.5 per cent in August to 28 per cent for September.

Most of the major oil companies wanted more of a cut. But independent producers succeeded in getting the commission to hold production near the August allowable.

Commissioner Ernest Thompson of Amarillo returned to his office after a long illness and attended the hearing.

Short Snorts — Governor Connally reappointed Dr. John Stockton of Austin, John McKee of Dallas and Hugo H. Loewenstern of Amarillo to the Committee on

State and Local Tax Policy. . . . Former secretary of state P. Frank Lake has been appointed legal counsel for the State Board of Insurance.

Money Men — The Legislative Budget Board, lawmakers who make the Legislature's financial decisions between sessions, recommended \$4,644,000 worth of state building to Gov. John Connally.

Plans approved included one by the State Hospitals Board to equip a genetics lab and follow-up clinic on mental retardation in the State Psychiatric Institute at Houston; new dormitories for Gatesville school for Boys, Gainesville School for Girls and Crockett School for Negro Girls; and several prison system units.

Authorization was recommended for \$25,000 worth of partitioning to provide 23 new offices in Atty. Gen. Waggoner Carr's department.

But the board balked at Texas A&M University's request to spend some \$100,000 on a home — exclusive of land and furnishings —

for A&M President Earl Rudder, to replace the one destroyed by fire.

Polio Fades To Four Cases — Poliomyelitis, the dread disease that kept parents stiff with fear for many summers, has declined to the point that the State Health Department has received only four reports of cases so far this year.

Total caseload for the state last year was only 114. Credit for the decline of the crippling is given Salk and Sabine vaccines.

But health officials continued to warn Texans not to be complacent. People of all ages are urged to follow up with booster shots.

Heart Of Texas — A roadside park some 20 miles north of Brady on U. S. 377 is the geographical center of Texas.

It will be so designated when the Highway Commission erects a brilliant aluminum "Heart of Texas" marker.

Poll Taxes — Folks who are past 60 and living in towns with 10,000 or more population should get their poll tax exemptions on October 1 or as soon as possible thereafter.

Exemptions for those over 60 are free under the old law, which will be in effect at least until November 9. That's the date for the vote on repeal of the poll tax as a voting requirement.

If Texans vote FOR the repeal, those over 60 who live in towns above 10,000 population then will have to pay a 25-cent registration fee. Ditto for all voters over 60.

Those past 60 who live in rural areas or in towns under 10,000 population will not be affected by the changes. They can vote without paying under both the old and the new law.

The attorney general informed tax assessor-collectors that they must accept the \$1.75 poll tax payments, starting on October 1, from those who insist on paying rather than waiting to see if the charge will be cut to 25 cents by the Nov. 9 vote.

Mail Ballots To Name New County Committee For ASCS In Crockett

Ballots will be mailed from the local ASCS Office August 30 to all ranch operators for the election of a County Committee to direct the agency's operation in this county for the coming year. Claude Russell, office manager, announced this week.

Ballots will contain the names of ten nominees for committee posts. Three regular members and two alternates will be picked from the

candidates receiving the highest number of votes.

Ballots must be mailed back to the ASCS Office postmarked not later than 5 p. m. September 10th. Any rancher who fails to receive a ballot may get one at the ASCS Office.

Nominees whose names will appear on the ballot include James

Baggett, George Bunger, Sr., Wm. R. Clegg, Dennis F. Coates, Jr., Joe Tom Davidson, W. E. Friend, Jr., Marshall Montgomery, Nat Read, W. P. Seshorn, Jr., and Jack F. Williams.

Regular members of the Committee now serving are Ira M. Carson, Joe Tom Davidson and George Bunger, Sr.

Fall in love with your car again

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible.

We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the

kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in.

Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today — and find out for yourself that we mean all we say!

Family campers during 1962 increased so rapidly many of them gave up in disgust because they could find no place to pitch their tents.

This was true not only in Texas but across the nation. Also in Mexico and Canada.

According to figures recently released by the director of national parks, camp-use days in 1962 were recorded at 6,106,030. This is an increase of 14 percent over the previous year.

This year the peak will go higher. To date, very few landowners have found a way to take advantage of this new economy. Some don't even want to fool with campers.

Most of the state parks, national forest areas and other public lands have provided camp grounds and camp sites. These places usually provide adequate water, cook-out spots and sanitary facilities to make camping easier.

While there is a craze for primitive camping, most of the campers demand some degree of comfort and convenience. They want to get back to nature, but they want to do it the comfortable way.

They sleep in their station wagons, or on soft rubber mattresses on good quality cots. They want plenty of wood and water handy. Some even cook with electricity from outlets provided in the public camping areas.

More leisure hours, and additional facilities, plus a desire to "rough it", are responsible for this camp-out craze. Summer vacation periods with camp-out trips by the Boy Scouts and other organizations also help the cause.

Most of the time it's just that mom and dad have a desire to give their youngsters some of the camp-in thrills they enjoyed as children before things got as crowded as they now are.

In Texas it would be a good project for some civic organization to try to develop camp sites. Landowners could be contacted and sold on the idea of adding such a program to their own economy. A landowner with a good water hole, accessible lake or stream and a wooded area might find it profitable to furnish camping facilities. Garner State Park is a typical

example of the manner in which people will use available facilities. It is practically impossible to get into this park now unless you've made your reservation well in advance. Hundreds of persons pitch camp there every summer to enjoy the park facilities.

Landowners soon discover they can make more money than just the per day camping fee. With a concession they can sell food and drinks — also at a profit. The concession business in most of the public areas is a paying proposition. It can be profitable to the landowner, too.

In many instances the campers themselves can be blamed for lack of interest on the part of landowners. Too many campers are willing to leave their litter for the landowner.

This is noticeable even in roadside parks, where tables, benches, fireplaces and trash cans are courteously provided. Too many users walk away from their tables and leave all the old scraps, sacks and cans around to attract flies and varmints. And to mar the landscape!

Watermelon eaters especially are bad about this. They'll buy a cold melon along the way, then stop at the first roadside campsite and eat the melon. When through they'll leave the rind and seeds, and an extremely sticky table for the next fellow who comes along. If you love the great outdoors, help preserve it in all its finery.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From the Stockman, Aug. 23, 1934

Five new teachers will be in service on the faculty of the Ozona High and grade schools during the coming 1934-35 term opening Monday Sept. 3. All vacancies in the teaching staff have been filled and assignment of work made in readiness for the opening of school, Supt. C. S. Denham announced this week. New teachers were Miss Elitabel Tilley of Lubbock, public school music; M. M. Collins of Abilene, grade school principal; Mrs. Ted White, history and penmanship; Miss Myra Bishop, high school English; Clarence E. Nelson of Abilene, High School Principal.

Entrance exams for pupils seeking to enter for the first year of high school from other elementary schools than Ozona will be held at 2 o'clock Tuesday afternoon, Sept. 4, Supt. C. S. Denham announced this week.

With a complete assortment of new tricks in his bag for the edification of rival coaches and players and for the thrill and entertainment of local fans, coach Ted White of Ozona High School Lions, expected to be back in Ozona in time to start his charges in practice next week in preparation for the opening of the 1934-35 gridiron season.

Although considerably curtailed on account of congested shipping and processing facilities over the

nation, the government's buying program continues in county. A shortage of agricultural veterinarians has made necessary for the team work in this county to divert in neighboring counties. In present set-up, the appraiser are working two days in Crockett County, divided with Sutton and Kimble County.

Miss Nita Nelson of Texas, will teach expressive dramatic art in connecting the schools here during the year, giving private in a room assigned her in elementary schools, it was announced this week.

Mrs. J. S. Whatley, Joe Jr., Mr. and Mrs. Beeler, Mr. Brown's parents, Mr. George Brown, and a brother, Ray Brown, of Big Lake, spent several days last week fishing on the river.

Mr. and Mrs. Roger Dudley, Walter Dudley, are back in Temple where they took for medical treatment. He turned for further care when weather is cooler.

Judge W. L. Hilliard of Texas, who was scheduled to address here last Thursday on behalf of the candidacy of V. Allred for Governor, on schedule, but because no preparations had been made his speaking, spent an hour more visiting in various places and business and talking for Allred's candidacy.

GENERAL TELEPHONE TOWNS ON THE MOVE

Wylie prepares for more growth

When Wylie, Texas planned civic improvements, its progressive citizens went all the way. Showing a population increase of 34% over 1960 census figures of 1804, Wylie set out to prepare for even more growth.

They launched a street paving program, downtown business modernization, construction of a new school, new bank building, new residence and a new post office.

This combination of public and private improvement is well under way today.

As shown in the "before and after" facelifting photos above. The Wylie story is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town needs additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

ESCAPE FROM PRISON

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Never has there lived a man who accomplished all he wanted to do... or went everywhere he meant to go.

Time and Distance like prison walls surround every life, ultimately frustrating man's hopes and dreams.

We are told that science is finding ways to multiply time, to divide distance. A gadget can save you an hour. A jet will cut your journey in half.

But should the day come when man can live to 150, and a round-trip to the moon will be called "commuting" — *we'll still be living within the same walls... time... distance...*

In fact, the only hopes of mankind which ever reach beyond these walls are our religious beliefs. In our churches we come to know the Eternal, the Everywhere. Faith dissolves frustration.

Life is more than a quest for speed... a conquest of space. Come to Church — and see!

Mrs. Kelly Wayne Walker
...nee Miss Melinda Moon

Miss Melinda Moon, Kelly Walker Wed In Ceremony At Houston

Miss Melinda Moon, daughter of Mr. and Mrs. L. H. Moon of Houston and Kelly Wayne Walker, son of Mrs. Jack W. Ward of Ozona, and James G. Walker, Jr., of Tyler, were united in marriage Saturday in Chapelwood Methodist Church in Houston.

After a honeymoon to western Canada the couple will be at home in Nashville, Tenn., where both are seniors at Vanderbilt University.

Given in marriage by her father, the bride wore a designer gown of ivory silk taffeta with molded bodice of re-embroidered Alencon lace encrusted with seed pearls. The skirt ended in a cathedral train. Her bridal veil of illusion was overlaid with a lace mantilla.

Maid of honor was Miss June Moon, sister of the bride. Attending the bridegroom as best man was Robert W. Bridewell of Tyler. His brother, Gary Walker, was ringbearer.

A reception at the Petroleum Club followed the ceremony.

NEWSPAPERS ARE TOP SALESMEN

Television, like radio before it but to a far greater degree, has brought about major changes in the advertising picture. It has been an aggressive competitor with the other media, and its appetite for the advertising dollar, with the cost of producing even Grade B programs running to comparatively astronomical sums, seems insatiable.

But the power of the written word still gets top recognition.

An announcement from Sears, Roebuck and Company will interest those who like to read as well as to stare. It expects to spend more than \$60 million for newspaper advertising this year. Last year the figure was \$58 million, which represented 71.2 per cent of Sears' total retail media expense. The balance went to advertising through circulars, magazines, radio and television, and other media.

A spokesman tells the story: "This is tangible evidence of our continuing faith in the potency of newspaper advertising. From the day Sears opened its first retail store, the company has made greater use of newspapers. It is obvious that Sears store managers continue to regard the newspaper as their major medium for more than historical reasons. Their evaluation is based on the day-to-day results in their stores."

Television advertising is a catch-can affair — you have to be looking at the set at the moment and it's gone in an instant. Print is durable and the prospective buyer can scan and consider it at his leisure.

BARRY GETS THE INVITATIONS

Much to the chagrin of New York's Governor Nelson Rockefeller — once the leading GOP contender for next year's Presidential nomination — political observers report Goldwater sentiment is growing in the Empire State, particularly among Young Republicans, and even in liberal New York City.

And somehow, Rocky's best at Senator Goldwater, associating him with the "radical right lunatic fringe" and a "sectional" movement restricted to the South and West and excluding the industrial North, seems not to have been heard in Ohio, Pennsylvania and New Jersey. At least, the Republican state chairmen in these bailiwicks have asked the Arizona Senator to help in their fund-raising.

Or maybe Rocky's boomerang has hit — "Nelse, who else?"

Waco Funeral For Warren E. Starnes, Former Pastor Here

Warren E. Starnes, 83, retired Church of Christ minister who was pastor of the Church of Christ in Ozona from 1942 through 1944, died late Tuesday afternoon in a Waco hospital.

Mr. Starnes had served a number of church over the state through the years, including San Angelo from 1925 to 1930. He had been retired several years and made his home in Waco. He preached the baccalaureate sermon to the graduates of Ozona High School in 1943.

Funeral services were held Wednesday afternoon at 4 o'clock from the Columbus Avenue Church of Christ in Waco. Burial followed at Bluff City, Ark., the old family home town.

Surviving are the widow of Waco, one son, Time Starnes of Waco, an evangelist for the Church of Christ, and one daughter, Mrs. Kenneth Baggett of DeQuincy, La.

Chair Gauges
21 Million Feet
On Hoover Gas Well

Oil Prospect Indicated On Hoover Estate Lands

Crockett County gained a gas prospect and another was indicated by a prospect and a confirmation test during the week.

The Oil & Gas Co. has filed a report of an absolute open flow of 21 million cubic feet per day, with gas-liquid ratio of 22,200-1, for its No. 1 Adair Canyon sand discovery, 14 miles northeast of Ozona and 14 miles southeast of Canyon. Condensate production in the area is estimated at 100,000 barrels per day.

The prospect was through perforations between 7,584-7,610 feet, which had been washed with 750 barrels of mud acid and fractured with 20,000 gallons and 30,000 pounds of sand. Gravity of the liquid was 62 degrees.

It was reported as being comparable to a shut in gas discovery of 1,290,000 cubic feet per day, plus 14 barrels of 62 gravity condensate and 11 barrels of water, through a 30-64-inch well and perforations between 7,580 feet, which had been washed with 750 gallons of mud acid and the above perforations. The well is 8,100 feet and is being plugged back to 7,660 feet. The project was set at 7,800 feet.

The discovery operation, originally planned by Socomey Mobil Oil Co. (Magnolia Petroleum Co.) and completed Jan. 12, 1951, at 9,510 feet, is 1,980 feet from the center and east lines of 9-1-GC&SF, El Paso Production Co., Midland No. 1 Laura Hoover Estate, 13,500-foot DeWitt 23 miles southwest of Ozona and nine miles southwest of dual Strawn and Cannon gas discovery, has indicated gas production.

The project, which is being drilled with air, was drilling to 11,450 feet in a lunge, possibly carrying a gas flow of 1,000,000 cubic feet per day, which is being controlled, was encountered in this soft streak at an unreported depth in Strawn.

Originally slated as Dual Drill No. 1 or earlier recovered slight flow of oil in samples while drilling between 4,370-94 feet.

Oil & Gas Co., Midland, El Paso Service-J. W. Henderson, in 1-SL-T&StL, unidentified gas prospect, six miles north of the No. 1 Hoover and four miles south-southeast of an unreported dual Strawn and Cannon gas discovery, flowed gas, for 24 hours which was at the daily rate of 285,000 cubic feet at the end of the test.

Flow was through perforations between 11,870-865 feet. No choke was reported.

Operator was pulling tubing.

Humble Oil & Refining Co. No. 1 Roy Henderson, in 26-ST-J. R. Talley, indicated second producer and one-mile west and slightly north extension to the Ozona Southwest (Canyon) field, 13 miles southwest of Ozona, was continuing to test through perforations at 6,549 to 6,593 feet.

Tested 19 hours on a 1/2-inch choke, it flowed 52 barrels of load water and gas at the daily rate of 484,000 cubic feet daily.

Testing continued with 815 barrels of load water remaining to recover.

LADIES GOLF ASSOCIATION

The monthly luncheon of the Ladies Golf Association met last Thursday at the Country Club.

The president, Mrs. Marshall Montgomery presided at the meeting. The club plans to hold a one-day golf and bridge invitational tournament September 23.

The luncheon table was centered with an arrangement of pink crepe myrtle and pink philox.

A golf trophy was presented Mrs. Jimmy Barbee, given by Mrs. Jack Baggett. Luncheon hostess was Mrs. Joe Pierce, Jr.

In golf play the blind bogey and also the low putts on the Pierce trophy was won by Mrs. Byron Stuart. Low net for the day went to Mrs. Jimmy Barbee.

Bridge hostess was Mrs. Charlie Black. High score in bridge went to Mrs. Sidney Millsbaugh, Jr., second high to Mrs. Herman Knox and cut to Mrs. J. B. Parker.

Others attending were Mrs. Mike Clayton, Mrs. Demp Jones, Mrs. Jess Murley, Mrs. Hugh Childress, Jr., Mrs. George Bunker, Mrs. Boyd Baker, Mrs. W. T. Bradbury, Mrs. Evert White, Mrs. Early Baggett, Mrs. Carl North, Mrs. T. J. Bailey, Mrs. Tommy Harris, Mrs. John Lee Henderson, Mrs. Stephen Perner, and Mrs. Beecher Montgomery.

Get your N. C. G. welding supplies at Glyn's El Paso Station Avenue G and U. S. 290.

Record Low Number Screwworm Outbreaks Noted In Southwest

Mission—The number of screwworm infestations being detected in the Southwest has dropped to the lowest levels since spring, screwworm eradication officials have announced.

Texas livestock producers, who have been reporting an average of 100 infestations each week during the summer, detected only 13 cases during each of the past two weeks. New Mexico also experienced a decrease.

At the same time that the native fly production has been declining, sterile fly production at the Mission "fly factory" is reaching new highs. More than 132 million flies were reared, sexually sterilized and distributed by airplane in the Southwest last week. Eradication officials expect to bring production up to an average of 135 million flies per week.

The action taken by livestockmen during the next few weeks could well determine whether they

will experience the usual build-up of screwworms which follows the arrival of cool, wet weather in the fall, said Dr. S. C. Gartman, U. S. Department of Agriculture veterinarian.

Dr. Gartman, Federal co-director of the eradication program, pointed out that if producers prevent infestations from developing now while the native fly population is low, the danger of a full build-up will be lessened.

He recommends that producers check their livestock at least twice a week and treat wounds with preventive smears and sprays. Samples should be collected from worm-infested wounds and sent to the Mission laboratory for positive identification. The wound should then be carefully treated to kill all remaining larvae, Dr. Gartman said.

Supt. L. B. T. Sikes and Principals Roy Killingsworth of Junior High and Frank James of North Elementary, attended the district meeting of the Southern Association of Colleges and Secondary Schools held in Pecos last week.

Ed Foreman Appointed Chairman Of Watchdog Republican Committee

Representative Ed Foreman (R-Tex) has today been appointed Chairman of the Government Contracts Subcommittee of the newly formed Republican Space and Aeronautics Task Force. Representative Charles Gubser of California, Chairman of the Task Force said, "The group's primary goal is fact-finding. I believe the character and reputation of Subcommittee Chairman Foreman and other members of the Task Force speak well for its success. The nation has billions invested in space and aeronautics. The Task Force will strive to determine and guarantee that this investment is being spent wisely and well."

Congressman Foreman's subcommittee will deal with government contracts and procedure involving space and aeronautics procurement, allocation of contracts and research and development regulations. Foreman, a member of the House Armed Services Committee, has already proven to be a careful "watch dog" of taxpayer's dollars by his recent inquiry and resultant savings of over \$5 million dollars on the procurement of Army helicopters.

Luther Walker, Ozona Chamber of Commerce manager, will attend a meeting of Chamber managers in Plainview this week.

A note from Sgt. Alton Hudson, information officer at the Ozona Air Force Station before its recent closing, advises his "safe and sound" arrival at Stewart Air Force Base in Newburg, N. Y., his new station. "Hope all is well in Ozona," the Sgt. wrote. "Please give my regards to all."

Mr. and Mrs. Key Black, long time Ozona residents, who now reside at Quemado Valley, were visitors in Ozona over the weekend.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 18 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making the payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively:

"Section 2. Every person subject to none of the foregoing disqualifications who shall be a citizen of the United States and who shall be a resident of this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that any member of the Armed Forces of the United States, or any person who is in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces as provided further, that before voting at an election a voter shall have registered as required by law to do so. The Legislature may authorize alternate voting. This Amendment shall take effect on December 1, 1963."

Section 4. That the Governor of the State of Texas shall cause the publication of this Amendment and the publication of the following words: "FOR THE AMENDMENT OF THE CONSTITUTION OF THE STATE OF TEXAS AS TO REPEAL THE PROVISION MAKING THE PAYMENT OF THE POLL TAX A REQUIREMENT FOR VOTING AND SO AS TO AUTHORIZE THE LEGISLATURE TO PROVIDE FOR THE REGISTRATION OF ALL VOTERS."

Section 5. That the Governor of the State of Texas shall cause the publication of the following words: "FOR THE AMENDMENT OF THE CONSTITUTION OF THE STATE OF TEXAS AS TO REPEAL THE PROVISION MAKING THE PAYMENT OF THE POLL TAX A REQUIREMENT FOR VOTING AND SO AS TO AUTHORIZE THE LEGISLATURE TO PROVIDE FOR THE REGISTRATION OF ALL VOTERS."

25 Candidates —

(Continued from Page One)

The backfield does not look as promising even though a bigger, stronger and more experienced Leroy Cooper might turn into a very fine quarterback this year after a pretty good Junior year last fall. Behind Cooper are B team quarterbacks of the last two seasons, George Kyle and Bill Carson. Kyle did not play last year and Carson is a soph.

Two-year letterman Richard Vargas will probably move from right to left half and that position will be well filled while senior Pau Perner, without any high school experience, will go to full-back. Paul has some speed, good hands and was an outstanding Junior High player. He could come along a lot faster than many think possible. Paul will hit, and his addition to the defense will be a big help regardless of his lack of experience.

Bryan Montgomery heads the list of candidates for the right half back post, having more experience and size than most of the remaining candidates many of whom are

freshmen and some whom will be returned to the B team when it begins practice Monday.

Sammy Cervantez, Randy Upham, Jesus Tijerina, Pon Season, Darrel Maney and Douglas Moore are all backfield candidates with some of this group very young, though very promising looking backs for the years to come.

The usual feet, bruises and general lack of conditioning has hampered some of the boys thus far and coaches are finding themselves with a major job of teaching physics on their hands for the first time in a number of years. It has been a good while in Ozona since more starting players do not know any of the plays than do, and that is the case at hand.

JUNIOR HIGH GRIDDERS GET PHYSICALS AUG. 22

Junior High Football coach Chick Wornack announced this week that all prospective Junior High football players are to be present at the doctor's offices Wednesday, August 28, at 4 p. m. for physicals. These physical checks are required before any boy can work out.

Ozona Junior Rodeo Performers Are Heavy Winners In Area Events

Ozona has been well represented in area Junior Rodeo events recently and the young performers from here have sacked up a number of places where they have entered.

At Big Lake the past week-end, Robin Jones won first place in pole bending, senior division. Mary Ann Pitts of Ozona won second in the flag race in the same rodeo and Lou Cox was second in pole bending for girls 12 and under. In the same rodeo, two Ozona lads also won places. Tom Davidson tied for first in pole bending for boys 12 and under and Hugh Coates won second in bull riding, senior division, 16 to 19 years.

At the recent Comanche rodeo, Ozona junior bull riders sacked up the bull riding event in all age categories. Carey Pitts won first in senior division bull riding; Rex Bland won first in the 13-15 year age group, and John Bland won

first in the 12 and under age group in the bull riding event. In that same rodeo, Mary Ann Pitts won first in pole bending in the 12-15 year bracket, Diltzie Bland won second in the ribbon roping and Becky Bland won second in the barrel race, 8 to 12 year olds.

The the Colorado City Junior Rodeo the week-end, Rex Bland won first in the goat roping event for boys 13 to 15 years of age.

CARD OF THANKS

It is from hearts filled with sincere appreciation that we thank you for the many acts of kindness shown our family on the occasion of our mother's death. We shall always be grateful for your thoughtfulness.

Dr. and Mrs. Lloyd H. Sherrill
J. Maurice Smith
Sandford M. Smith
F. Martin Smith
G. Monty Smith

Mr. and Mrs. Joe Box of Pecos spent the weekend with their son-in-law and daughter, Mr. and Mrs. Ron Murdock, last week.

Senator John Tower (R) of Texas huddles with Senator Clifford Case (R) of New Jersey (left) and Senator Gordon Allott (R) of Colorado (center) following the President's Civil Rights message to Congress. Tower said he could not support the President's proposals, "several provisions of which I feel are unsound for reasons apart from the race question." He was particularly critical of proposals calling for compulsory integration of private business establishments. Tower said a better approach to the Civil Rights issue would be passage of his own bill, which would render null and void exclusive contracts with labor unions that practice discrimination with regard to race, color, creed, or national origin.

Proposed **CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1943.

SENATE JOINT RESOLUTION NO. 21 proposing an Amendment to the Constitution of the State of Texas, amending Sections 51-a and 51-b of Article III so that the same shall consist of one Section to be known as Section 51-a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to (1) citizens of Texas who are nearly aged persons over the age of sixty-five years; (2) needy persons who are at least eighteen (18) years of age and less than sixty-five (65) years of age who are permanently and totally disabled; (3) newly blind persons over the age of twenty (20) years; and (4) needy children under the age of sixteen (16) years; authorizing the Legislature to set up residence requirements for eligibility for such assistance; repealing the Constitutional limit on the amount paid out of the individual fund of the State for the aid to the Permanently and Totally Disabled; providing that the amount for such assistance payments shall not exceed the amounts that are matchable out of federal funds for such purposes; providing that the amount expended out of state funds for such purpose shall not exceed Sixty Million Dollars (\$60,000,000); providing for the acceptance of financial aid from the Government of the United States; providing for the necessary action, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 51-a and 51-b of Article III of the Constitution of the State of Texas be amended, and the same are hereby amended, so that the same shall hereafter consist of one Section to be known as Section 51-a of Article III, which shall read as follows:

"Section 51-a. The Legislature shall have the power to provide assistance to and provide for the payment of same to (1) needy persons who are actual bona fide citizens of Texas, and are under the age of sixteen (16) years; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(2) Needy children who are actual bona fide citizens of Texas, and are under the age of sixteen (16) years; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(3) Neely blind persons who are actual bona fide citizens of Texas, who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; provided further, that no individual shall receive assistance under this program for the permanently and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Neely Blind, or Aid to Dependent Children, nor while he is residing permanently in any completely state supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(4) Neely blind persons who are actual bona fide citizens of Texas, who are over the age of twenty-one (21) years, shall not be eligible for such assistance unless they are

assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(5) Neely children who are actual bona fide citizens of Texas, and are under the age of sixteen (16) years; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for such assistance as such Government may offer, not inconsistent with the restrictions hereon to set forth; provided, however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount matchable out of federal funds; and provided further, that the total amount of money to be expended per year out of state funds for such assistance shall never exceed Sixty Million Dollars (\$60,000,000).

"The Legislature may enact appropriate laws to make lists of the recipients of aid hereunder available for inspection, under such limitations and restrictions as may be deemed appropriate by the Legislature.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1943, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for assistance payments to the (1) needy aged; (2) needy individuals who are permanently and totally disabled; (3) newly blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amount expended out of state funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amount expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars (\$60,000,000)."

"AGAINST the Constitutional Amendment providing for assistance payments to the (1) needy aged; (2) needy individuals who are permanently and totally disabled; (3) newly blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amount expended out of state funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amount expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars (\$60,000,000)."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.
