Hiway 290 Towns Join To Promote Traffic On Route

Junction Meet Kicks Off Drive For Fund For Roadside Sign

Representatives from towns along U. S. Highway 290 from Sheffield to Stonewall met in Junction last Friday afternoon to map strategy for a war of road signs over tourist travel dollars between communities along long established 290 and those along come-lately State 29, which branches off 290 west of Sheffield to take a more northerly route through Iraan, Eldorado, Menard, Brady and Llano.

The concerted action was touched off by sign erected at the juncture west of Sheffield proclaiming the new state road to be the shortest route east. Specifically it names "Dallas, Austin, shortest east, Houston, New Orleans." And Texas 29 is incorrectly displayed in the U. S. Highway shield.

By unanimous agreement, towns represented along U. S. 290, planned a counterattack with a sign of their own to be erected in the same area promoting travel on this highway as the most direct route to major Texas cities — and to the "Little White House" at LBJ ranch near Stonewall.

Attending the meeting representing the Ozona Chamber of Commerce were its president, Troy Williams, Manager Luther Walker, Tourism Chairman Sonny Henderson, Buster Miller and Dick Webster.

Representatives from Sheffield, Ozona, Sonora, Junction, Fredericksburg, Harper and Stonewall were present and the group voted unanimously to raise a fund of \$2,500 with which to erect the large sign, with three teaser signs leading to it.

Another meeting is scheduled to be held in Sonora March 31 when further plans will be perfected for carrying out the financial plan. Representing Ozona will be Sonny Henderson and Luther Walker.

Lions Trail In Meet At Eldorado; To Enter S. A. Relays This Week

By Ernie Boyd

The Ozona Lions, minus several top performers due to illness, scored 41 points and finished fifth in the Eldorado relays last Saturday.

Ozona scored the bulk of its points in the field, going into track competition with 30 points scored in the field events.

Rodney Stewart was the only Lion to score a first place, that coming in the discus throw. Bobby Amthor, another Lion weight man, took fifth place in the discus and also grabbed second place in the shot to highlight the Lion's action for the day. Pablo Diaz copped fourth place in the mile run.

Leroy Cooper took a place in the high jump and placed in the high hurdles where David Childress was missing due to the flu.

The loss of Childress and an under-par Joel Tuff, who was nursing sore legs, also hampered the Lion relay teams. The 440 placed fifth and the 880 failed to place while the mile team, also two members short, won fourth place.

Eldorado won the mile relay to win the meet over Bronte which led from early in the meet until the last event. Sonora, Ballinger and Menard all scored heavily during the days activity.

The Lions will compete this week in the San Angelo relays and Coaches Chick Womack and Sonny Cleere hope that their injured and ill trackmen will be back for action. However, late reports indicate that one or two may still be missing.

Following this week's action, the Lions will go to Iraan for a meet next Saturday before entering the district tournament to be staged in Ozona April 11th.

Ozona Volleyball Girls Win Title In Annual Tourney

Freida K Noelke Outstanding Player Maria Valadez All-Tourney

By Ernie Boyd

The Ozona High School girls volleyball team retained the championship of their own Invitational tourney last Saturday night when they downed Big Lake 15 to 5 and 12 to 8 in straight games to win the 11th annual meet.

The Ozona team was led in the final games by Diana Coates and Lucille Childress as they swept to an easy first game, and then broke through for four straight points in the last minute and a half of the second game to break an 8 to 8 deadlock and sew up the match.

The Iraan girls won a close match with Wall to capture the consolation title. Iraan captured the first game 9 to 7 and then got home free, winning the second game 12 to 4.

In the Junior High division, Iraan captured the title with Reagan County second and home team Ozona third.

Miss Geneva Knox's team won their way to the finals with a forfeit over Sonora, who had to play a district game at the same time, then walloped Central High of San Angelo before meeting Big Lake.

Iraan dropped its opening contest to Central High and then ousted Barnhart before meeting Wall in the finals Saturday night.

Champion Ozona placed one player on the all-tourney team and Freida Kaye Noelke was chosen the tourney's most outstanding player.

Maria Valadez, a set up, was chosen from Ozona along with Elvera Fuessel of Wall, Margaret Friend and Eva Jo Hicks of Big Lake and Susie Smithson of Iraan on the honor team with Freida Kay getting the outstanding player award.

C.C. Leaders Workshop In Odessa Attended By Ozona C of C Members

The annual Leaders' Workshop Program of the West Texas Chamber of Commerce was held March 19 in Odessa.

Those from the Ozona Chamber of Commerce attending were Troy Williams, president; Bill Watson, third vice-president; and Luther Walker, Manager.

The keynote address was given by John Ben Sheppard, ex-attorney General of Texas. Special training sessions were held for presidents, officers, directors, committee chairmen and managers.

In the afternoon session, the developing and selling of a program of work was discussed by Web Shep of the Andrews Chamber of Commerce. The large and small city approach to Chamber of Commerce financing was presented, followed by questions.

Plans were discussed for a tourist workshop to be held in San Angelo in April. Several local members are making plans to attend.

200 citizens asking that such action be taken so that these badly needed facilities might be provided for the use of all citizens.

The proposition to be voted upon is whether or not county bonds in the total amount of \$125,000, maturing in not more than 10 years and bearing interest at a rate not to exceed 4½ percent, be issued for the purpose of "securing funds to purchase, build and construct a building and other permanent improvements to be used for annual exhibits of horticultural and agricultural products and/or livestock and minerals products of the county and for a coliseum and auditorium and the purchase and acquisition of the necessary site therefor."

Just where the building is to be located has not yet been definitely decided but while the proceeds of election and issuance of bonds is under way, committees from the Commissioners Court and the citizens group are exploring the possibilities of several sites and a decision will be reached before time for construction to start, provided the bonds are approved.

A building which committee members felt will be adequate for community needs for many years to come has been designed through the assistance of Jack McDermitt, San Angelo architect, and this design will likely be used in the final planning for the structure.

The center will provide an auditorium which will seat over 600 and three side rooms which will be suitable for smaller gatherings, such as club meetings, parties, etc. The auditorium will provide a stage and dressing rooms and a well equipped kitchen will be available for use of groups.

The civic center has been a community need in Ozona for many years and with the increase in population the need has become more acute each year. The growing need has placed a burden on school and church facilities as meeting places for public and private gatherings and leaders of the movement for the civic center see widespread use of such a building and an expansion of entertainment features that may be brought to Ozona and more conventions that can be invited here with an available meeting place.

Absentee voting on the bond proposal may begin after March 30 and through April 14.

Study Introduction Is Given By Mrs. Harvick

Mrs. S. M. Harvick gave an introduction to the study of "Teaching Toward Christian Perfection", in three spiritual classics taken from Francois Fenelon, John Wesley and Evelyn Underhill, all by Olive Wyon, when the Woman's Society of Christian Service met Wednesday morning at the Methodist church. The purpose of this study is a better understanding of God Church and Perfection. Mrs. Stephen Perner gave the meaning of each symbol on the cover of the book as painted by Mamie Harmon. Mrs. B. B. Ingham, Sr., spoke on how to read and to think in devotional reading. A contrast between the "Axioms of Plain Mr. America" with the sense of the wisdom of those who seek the higher road, by scripture from the Bible was given by Mrs. Joe Pierce, Jr. The devotional "How We Witness and the Nature of Witness" with scripture from Colossians was by Mrs. Joe Tom Davidson. Mrs. Harvick arranged the worship center to symbolize the three classics. Coffee hostess was Mrs. Leonard Garrett. Others attending were Mrs. W. O. Mills, Jr., Mrs. G. K. Mitchell, Mrs. Floyd Henderson, Mrs. N. W. Graham, Mrs. L. D. Kirby, Mrs. J. W. Henderson, Mrs. J. A. Fustell, Mrs. R. A. Harrell, Mrs. Ralph Jones, Mrs. Charles Williams, Sr., Mrs. Don Taylor, Mrs. Ruben Whitehead, Mrs. L. B. Cox, Jr., Mrs. Bailey Post, Mrs. A. S. Lock, Mrs. Ewart White, Mrs. Joe Pierce IV, and Mrs. L. B. Cox III.

A PROPHECY OF THE SENIOR CLASS OF 1964

As presented at the Junior-Senior Banquet by David Childress and Joel Huff

As David and I peered into our crystal ball to discover the fates of the Seniors of 1964, we looked in on the year 1980. The following report is an exact description of the fates that are in store for our Seniors and is in no way altered to protect the innocent. If for any reason you find this report offensive or fail to see the humorous side of this prophecy, that falls in the category of your business, and you can take it or leave it.

Gustavo Campos, after gaining valuable experience in mortuary work in high school, has gone into business for himself, and people are just dying to do business with him.

We all remember that noisy Senior, Rosie Castro. For her, there could be only one profession — that of public speaking. Rosie is now touring the country giving lectures on any subject that her audiences will listen to.

Leroy Cooper has fulfilled his ambition to be a teacher and a coach. After a brilliant college career, Leroy is now one of the top coaches in the nation, coaching his Juno Tech Wranglers to the state championship for six straight years.

Following her high school am-

bition, Maria DeHoyos has become a top-notch secretary for a famous law firm. Recently she has been awarded for her outstanding work, a year's supply of free typing erasers.

Getting her first start in high school, when Miss Knox was absent, Freida Kay Noelke is now the coach of the first professional volleyball team in America.

Angelina Ortiz who worked in the Ranch Drug during her high school years decided that small-time business was not for her. She now owns a giant chain of modern drugstores.

Olando Valadez, the girl charmer of OHS, has married into wealth and is now owner and manager of the Ozona Sheraton Hotel.

That outstanding clarinet player, Brad Harris, has really gone big time since his high school days. Brad now plays for Jerry Hames and his Rhythm Ruiners.

Shirley Wagner decided that there ought to be girls' basketball in the Olympics. After a hard fought battle with the men on the Olympic committee, Shirley proved her point and has now coached her team to seven consecutive gold medals.

Paul Ferner, after several years of ranch life, decided it just wasn't suited for him. Now he is happily engaged in the work that he really enjoys — Paul is a professional typist for a large corporation.

The fates of three of our senior girls seem pretty well decided. Of Dolores Allen, Vicki Good, and Ramona Tolle we can only predict a dark future of dishwashing, scrubbing floors, and cooking.

Diana Coates decided she would go to college to get herself a husband. She got one alright, a regular "Cow Capone", and now she's serving fifteen years with him for cattle rustling.

Jacque Couch made up her mind to be an airline stewardess for Pan American Airlines, but her hopes were shattered when the U. S. Government passed a law forbidding stewardesses to sit on the

pilot's lap.

Jimmy Diaz, after having a scholarship in law from Harvard, has elevated himself to the position of Attorney General of the United States.

Jeanene Hester finished high school and decided on a career in modeling. At present she is modeling for McCall's Magazine as a cover girl.

Bryan Montgomery felt that by living on a West Texas ranch, he would be depriving the world of a great work of beauty — his face. So after college he set out to tour the world, and he is still doing it on his social security checks.

It seems that one day Margarita Lara disagreed with a decision of Congress. She ran for senator and is now busily engaged in trying to convince the Legislature that the Capitol needs new curtains.

Joe Martinez, after several years of learning the ropes, decided to go into business for himself. Joe now is head of one of the largest TV concerns in the country.

Dude Melton set out to become a dentist after he completed college but found that he was so lucky at drilling that he decided to try the oil business. He struck oil on his first ten wells and is now retired, a millionaire.

Upon terminating a brilliant high school career, Porfiria Molina was offered a scholarship in English by Yale. She is now head of the English Dept. of Yale.

Because of her deep love for chemistry, Janet McAlister has devoted her life to it, and is now one of the leading researchers in the country.

Patsy Sessom, Maria Valadez, and Alice McKee went to nursing school after receiving their high school diplomas and were such a success that they are now head nurses for Dr. Ben Casey.

Richard Ross went to college, took a body building course, and became a pro wrestler. After several years of success he came back to challenge his fearless enemy of old, Coach Cleere.

Doug Moore decided against college and went into partnership with James Brock Hoover. They are now among the best coonhunters in the country.

After an outstanding college and professional career in basketball, Rodney Stewart is now owner and coach of his own basketball team — The Stewart Showboats.

Finishing a brilliant college career, Keith Mitchell became interested in outer space. While accompanying an expedition to Mars, Keith discovered an intelligent form of life and immediately organized a Republican Party with his staunch friend, Coach Cleere, as leader.

Scott Mahon who made preparations for a career in law, abandoned this idea when he found that he couldn't work on a case and keep his hair combed at the same time. To solve this problem Scott became chief hair-stylist for Elizabeth Arden.

Pat Womack rose quickly among the ranks of beauticians and soon became nationally famous. But she was no match for that master of hair-do's, Scott Mahon. Pat is now a hairdresser at the age of thirty-four.

Jamie Gilliam loved to flirt, and she liked boys so much that she decided to make them a career. She is now teaching P. E. at Texas A&M.

We realize that some of our predictions might have been exaggerated a bit, but we sincerely feel that the Seniors of 1964 will go far in life, and we wish them all the luck in the world.

OZONA WINS VOLLEYBALL TOURNAMENT

By Carmen Childress

The Ozona girls' volleyball A team won the championship trophy Saturday night in the Ozona Volleyball Tournament. They beat Big Lake for the first place title.

The teams in the tournament were Iraan, Big Lake, Ozone freshman team, Sallisaw, Samara, Central and Wolf.

Consolation was won by Iraan, whose Jr. High team was first in the Jr. High competition. Big Lake won second and Ozone third in the Junior bracket.

Maria Valadez made the all-tourney team while Freida Kay Noelke was named the outstanding player in the tournament.

LUNCHEON IN LITTLETON HOME HONORS VISITORS

Mrs. R. E. Hardburger and Mrs. Lowell Littleton were business for a luncheon given for Mrs. Ronald Berry of Houston at the Lowell Littleton home Tuesday.

The home and the table were decorated with cut spring flowers.

Places were set for twenty-three guests, mostly friends of Mrs. Berry, the former Genelle Childress, while she lived in Ozona.

Out of town guests were Dick Radar of Houston, the former Dorothy Childress, Arthur Allen and Geo.

Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be.

So now you have the Jet-smooth Chevrolet—17½ feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price.

Or you can choose the thrifty Chevy II, a 15½-foot family car with all kinds of passenger and luggage space.

This year, your choice might be the new 16-foot-plus Chevelle, sized to fit nicely between Chev-

rolet and Chevy II (and between parking meters, with five whole feet left over).

Then, too, there's the sporty 16-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to.

The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of 1964 at your Chevrolet dealer's.

It's the cleanest...

there's just no limit

... to how clean electricity is. With just the flick of a switch or punch of a button—you never see it, or smell it, it's so clean you'd hardly know it was there. With no flame there is no smoke, smudge, film or fumes, no vents to check or burners to adjust—this means less cleaning required for walls, curtains, furniture. If you'll stop and think about it you'll agree that flameless electricity is the easiest, cleanest, most comfortable way to live.

If you'd like to install flameless electric lighting in your home, see your electrical contractor for details of a flameless lighting plan.

All dressed up for EASTER

We know a dour old philosopher who always has something nasty to say about what makes others happy. His latest diatribe is against folks "parading to Church in all their Easter finery."

But he won't get far with his complaints. For, strange as this might sound, the modern Easter "outfit" has its root in the very meaning of the day.

Easter has always stood for newness of life. It marks Christ's victory over death. It promises an eternal destiny to those who embrace the Faith.

Easter puts old things away and brings out the new — as the Earth sends forth its verdure — as God reveals our Hope.

And if there is a glow of happiness in wearing that new dress or hat or suit . . . well, it's only a hint of the joy that comes with finding that New Life.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu-

larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Woman's Forum Hears Program On Wildlife And Flowers of Texas

The Woman's Forum met in the home of Mrs. Lowell Littleton last Wednesday afternoon with Mrs. Hugh Childress, Jr., as co-hostess.

Mrs. Bill Clegg, Club President, reported to the group on the Heart of Texas convention held in Brownwood March 17th and reported that the club's press book had won first place in the district and also the sweepstakes honors.

The Ozona club also won second place in the education division judging at the convention.
