3-Inch Downpour Drenches Ozona In Tuesday Fall

General Precipitation Over County Reported By Ranchers

The first five months of 1941 had done their part toward making the first half of this year among the wettest in Crockett County's fifty years of history, and now June, but three days old, carries forward the great tradition with a three-inch downpour here Tuesday.

Although the fall was heavier in town than in some parts of the county, reports from ranchers over the area indicate the Tuesday moisture was general, ranging from heavy rains to around the 3-inch mark recorded here.

In one of the heaviest downpours seen here in many years, rain Tuesday morning which lasted a little over an hour, registered a total of 2.1 inches. Additional falls during Tuesday afternoon, likewise heavy showers, pushed the day's total to an even three inches, according to the reading on the Joe Oberkamp gauge.

Rains in the ranch country have been perfect this spring, both as to frequency and quantity. Tuesday's beating downpour was beneficial, ranchers report, not only from the standpoint of providing moisture to keep the abundant feed growing and filling waterings, but it was timed perfectly to beat down needle grass, just beginning to turn loose, sheep burrs and other similar plants that damage wool by adhering to sheep's sides and backs.

22 Notaries Public Are Appointed Here

Twenty-two notaries public in Crockett County received commissions on June 1. The commissions are for a period of two years.

Commissions were obtained under appointment by the Secretary of State through George Russell, county clerk. Appointments were formerly made by the legislature once every two years, but now may be obtained at any time from the Secretary of State. Under the new law governing notaries public, such officials are required to print or typewrite their names under signatures, this provision being added for legibility.

Softball Games Interrupted By Work On Field

Belated Coating Of Dirt Causes Suspension Of Play For Week

A belated application of black dirt to surface the sodded playing field at Powell Athletic Field this week interrupted the summer softball schedule. School authorities ordered several yards of dirt spread on the football field and while the dirt is being spread and settled, it was necessary for softball addicts to forego the nightly contests.

The interruption left the Cooke Marketers with undisputed leadership with three games won and one lost, for a percentage of .750. The Humble Oilers were second with two wins and a loss, a percentage of .667. Williams Grocers were in third position with one win and two losses, and the Utilities crew, off to a bad start, had started up with one win after three losses.

The four teams composing the league this summer have arranged the schedule for the first half of the season through the month of June, with the second half to start in July. Single games are being played Monday, Tuesday, Thursday and Friday nights. It was estimated the field would be in condition to resume play by next Monday night.

President Makes Momentous Radio Address

Soundphoto showing President Roosevelt as he delivered his momentous "fireside chat" to the nation from the East room of the White House. He declared the existence of "an unlimited national emergency." His listeners in the White House were cabinet members, diplomats of the Americas and other democracies and their families.

Judge Davidson Recounts Early Life For Rotary

Amusing Incidents, Historic Highlights Entertain Members

Members of Ozona's Rotary Club listened attentively and with mounting interest throughout the club's allotted program time Tuesday to some of the highlights in the early life of Crockett County's No. 1 citizen, Judge Charles E. Davidson, as told by himself.

Judge Davidson was invited by the club to talk about himself, and in the process of recounting his ancestry and early life gave some interesting sidelights on early history of the locale in which he lived and the events of absorbing interest in those times.

Judge Davidson said that he sprang from Scotch-Irish ancestry, from the Davidson and Glenn clans who dwelt in the lowlands of Scotland, migrated into North Ireland and came to America with the William Penn colonists who settled in Pennsylvania. A branch of the family migrated to Kentucky and Judge Davidson was born in Pleasant Valley, Kentucky, July 10, 1856.

"That was just ahead of the Civil War," the venerable judge who has headed this county's government since its organization fifty years ago this year, pointed out. "My father believed in preservation of the Union but his sympathies were with the South—he believed that people should be paid for their property. Seeing the coming conflict, my father moved to Iowa" (Continued on Page Eight)

Ozona Boy Still Unconscious As Result Of Fall

Dick Lee McDonald Reported Improved But Still In Coma

Although still unconscious, Dick Lee McDonald, son of Mr. and Mrs. Bryan McDonald, injured a week ago when a horse fell with him on the Davidson ranch, is improving and attending physicians are confident of his recovery, according to reports from his bedside in a San Angelo hospital reaching here yesterday afternoon.

The boy suffered a brain concussion and after receiving first aid treatment here was rushed to the San Angelo hospital. He was helping to drive a bunch of ewes and lambs and he and Charlie Boy Davidson, son of Mr. and Mrs. C. E. Davidson, Jr., were attempting to turn two wool blind lambs back into the herd when young McDonald's horse was tripped by one of the lambs. The boy fell clear but the horse rolled over him. No bones were broken, but his body was badly bruised in places.

Attending physicians declare the boy's condition is good and that he may remain unconscious for several days but are confident that the condition will clear in time. He is able to swallow his food but has never rallied from the coma.

Mrs. Albert Bailey and Mrs. Evert White returned Saturday from Columbia, Mo., where they went to attend graduation exercises at Stephens College, and to bring back Mrs. Bailey's daughter, Madye Jo, who was a member of the Stephens graduating class.

"There Will Always Be An England"

Hospitality Of Canadian People Impresses Texas Boy, In RCAF

At least a glimpse at the inside story of Canada's war effort in behalf of the imperiled British Empire, criticized in this country recently by some of our leading isolationists, can be gained from a letter received here recently by the Rev. Clyde Childers, pastor of the Ozona Baptist Church, from a Texas boy who has completed his training course as a combat pilot in the Royal Canadian Air Force and was awaiting orders to sail for combat duty.

The Texan, (Vernon (Sunshine) Parker, was a high school classmate of Rev. Childers' and his was the first marriage ceremony performed by the Ozona minister. Parker's home is in Paducah. He volunteered for service in ferrying

American and Canadian bombers to England and made several trips across to deliver the goods to England, and then joined the Canadian Air Force. He was a civilian instructor in Del Rio for a time, and upon landing in Canada took an 80-hour refresher course before going into war service.

"We are still in Ottawa, but expecting our sailing orders any day," Parker wrote his friend in Ozona under date of May 24.

"We have spent a pleasant two weeks here and have been royally entertained by our very hospitable and gracious hosts. They have done everything to make our stay here as enjoyable and comfortable as possible. It will be a long, long time before we forget the Cana-

Stockton Mexican Killed In Crash Of Car Near Here

Sepriano Gonzales Dies Instantly When Pick-Up Hits Bridge

Sepriano Gonzales, Fort Stockton Mexican, was instantly killed Saturday night when a light pick-up in which he and five other Mexican laborers were riding, crashed into a concrete bridge on the highway west of Ozona.

The body of Gonzales was brought here following the accident, and later shipped to Fort Stockton for burial.

Emilio Villareal, 40, of Eagle Pass, suffered facial cuts and bruises on the body in the same accident. He was given treatment here. Four other occupants of the machine escaped injury.

47,000 Pounds Of Wool Moves In Sale Here

Allen Emory Pays 40 For 8-Months, 36 For Fall Length

Sale of 40,000 pounds of eight months wool and 7,000 pounds of last fall's clips, stored in the Ozona Wool & Mohair Co. warehouse here, was reported the first of the week by Melvin Brown, warehouse manager.

The eight months wool went at 40 cents a pound and the short fiber at 36 cents. The purchase was made by Allen Emory, of the firm of Emory and Conant of Boston.

Oil Producer On Thompson Ranch May Extend Soma

Wilshire Oil Co. Makes Strike 2 Miles NW Of Noelke Pool

Production from the Noelke pool in extreme western Crockett moved to the George Thompson ranch during the past week when Wilshire Oil Co. of Los Angeles brought in what appeared to be a good producer on the Thompson ranch, two miles northwest of the Noelke pool and a mile and a quarter northwest of M&M Production Co.'s No. 1 Bouscaren estate, a gasser.

M&M Production Co. yesterday drilled in its No. 1 Noelke for an initial flow of 140 barrels in 40 minutes through open casing. The well is bottomed at 1,175 feet in sand and awaited official gauge. It is in the southwest quarter of section 30-GG-HE&WT.

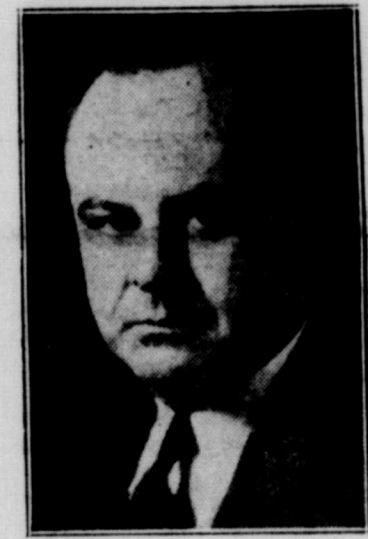

The Wilshire No. 1 Thompson awaited orders for completion after (Continued On Page Four)

Heads USO Drive

Scott Peters, president of Ozona Rotary Club and active vice-president of Ozona National Bank, has been named Crockett County chairman of the United Service Organizations' drive for funds to finance the common program of six national welfare agencies in providing recreational and moral guidance facilities near military and naval training centers throughout the United States.

USO DRIVE ON

As Southwestern chairman of the United Service Organizations for National Defense, E. B. Germany of Dallas is regional director of the nation-wide campaign to provide recreational and welfare facilities for soldiers, sailors, and defense workers.

Endorsed by the President and Army and Navy officials, the USO expects to raise \$10,765,000 to operate service establishments built by the Government. Texas' quota is \$400,000, and committees appointed to raise this fund began their drive officially June 3 in every Texas county.

Mr. Germany urged all citizens to contact local USO workers and participate in this patriotic movement.

Miss Catherine Childress is visiting friends in Fort Worth where she attended the T. C. U. football game.

Mr. and Mrs. Chalmers Broadfoot's little daughter, Marsha, is here visiting her grandmother, Mrs. Walter Kyle. Mrs. Broadfoot, formerly of Ozona and now of Alpine, was Miss Tessie Kyle before her marriage.

Scott Peters To Head U S O Drive In Crockett Co.

Community To Be Asked To Contribute To Defense Service

Scott Peters, active vice-president of the Ozona National Bank and president of the Ozona Rotary Club, has accepted another community responsibility, the Crockett County chairmanship of the United Service Organizations' drive for funds to finance the common program of six national welfare agencies in providing recreational and moral guidance facilities near military and naval training centers throughout the United States.

Telegraphic advices received by the Crockett County chairman from state headquarters in Dallas yesterday placed this county's quota in the U.S.O. drive, on a population basis, at \$414. Mr. Peters announced. The quota assignments over the state were made on the basis of 16 cents per capita, the chairman advised. Mr. Peters announced that he would ask for volunteer workers in the drive to meet the goal set for this county.

The U.S.O. is a non-profit corporation which brings together the six national agencies in a common (Continued on Page Eight)

Effective Remedy For Screwworms Claimed By A&M

New Application Kills Worms, Protects Tissue From Flies

COLLEGE STATION, June 4—An effective remedy for screwworm, the most destructive insect pest to livestock known, is announced.

Cameron Siddall, extension entomologist, says the remedy is relatively inexpensive and consists of a correct compounding of the two principal materials—diphenylamine and benzol—at present advocated by the Department of Agriculture for the treatment of screwworm cases.

When applied to infested wounds, the compound is efficient in rapidly killing all screwworms in a wound. At the same time the remedy gives as good protection, or better, to all wounds against subsequent attack as materials heretofore recommended for this purpose, Siddall says.

Full particulars for preparing and applying the remedy has been placed with county agricultural agents. It was developed through research by the bureau of entomology and plant quarantine during 1940 and 1941.

The smear is best applied with a one-inch paint brush.

The remedy kills screwworms quickly, and after its application large numbers of them soon drop out of the wound carrying along a considerable amount of the protective chemical. For this reason, Siddall says, it will be good practice to apply a second treatment 24 to 48 hours after the first one in order to insure a proper coating of the wound surface. Thereafter, under average conditions, regular treatments twice weekly should be given until the wound heals.

HAS LEAD IN COLLEGE PLAY

Miss Madye Jo Bailey, daughter of Mr. and Mrs. Albert Bailey, of Candelaria, and granddaughter of Mr. and Mrs. Kersey and Mr. and Mrs. John Bailey of Ozona, had the leading role in a presentation of "Alice In Wonderland" by students of Stephens College at Columbia, Mo., as a feature of the closing exercises of the school last week.

Madye Jo had special work in dramatics during her two years at Stephens.

OZONA STOCKMAN

Published Every Thursday at Ozona, Crockett County, Texas

W. EVART WHITE, Editor and Publisher

Entered at the Post Office at Ozona, Texas, as Second Class Mail Matter Under Act of Congress, March 3, 1879.

SUBSCRIPTION RATES:

One Year \$2.00, Six Months \$1.25, Outside of the State \$2.50

Notices of church entertainments where admission is charged, cards of thanks, resolutions of respect and all matter not news, will be charged for at regular advertising rates.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected up on calling the attention of the management to the article in question.

THURSDAY, JUNE 5, 1941

WHO FOR THE SENATE...

Only four out of the 25 candidates for the post of United States Senator from Texas to fill the vacancy created by the death of Senator Morris Sheppard have even the remotest chance of election...

Of the four, Attorney General Gerald Mann, Congressman Martin Dies, Governor W. Lee O'Daniel and Congressman Lyndon B. Johnson, only the first two have made any intelligent appeal for the support of Texas voters.

Congressman Johnson has frankly admitted himself an unthinking "yes man" for the administration. He has no platform save unswerving loyalty and support for President Roosevelt.

Congressman Martin Dies has done effective work in behalf of America and the American way. He has, almost single handedly, drawn attention to the greatest threat to the security of the United States—the un-American activities of native and foreign elements.

Our Refuge

He promises independent service for the good of America in Washington. Likewise Attorney General Mann, whose sincere and earnest public service is well known to Texans, promises to stand on his own feet in Washington through the present trying time.

OLD SETTLERS REUNION...

Announcement of growing interest in a suggested observance of Crockett County's fiftieth anniversary with an old settlers reunion and one-day barbecue and celebration in Ozona in July has met immediate response from many quarters.

The most tangible display of interest in the proposal is that of Vic Pierce in volunteering a contribution of \$25 to make the event a success. Other donations will be necessary to finance a barbecue dinner for the day, donations of money and meat, and these, no doubt, will be forthcoming from interested citizens as soon as it is definitely determined that general sentiment favors the celebration and organization and leadership is established.

Since there will not be the usual Crockett County three-day celebration and since this year marks a

THIS BUSINESS OF Living

BY SUSAN THAYER

Suppose You DO Disagree

The argument between the ladies of the Garden Club had been heated. So heated, in fact, that when Mrs. Jones got home she was still hot and bothered.

"The very idea!" she sputtered to her husband whom she found smoking a pipe peacefully on the porch behind the wild cucumber vines. "To say things like that when things are in the state they are today!"

"Now, now, Martha," her husband said gently. "You sit right down there and relax, while I bring you a nice drink of cold water..."

"How would you like it if there were a law that kept you from having your say?" he asked her.

"But what I say makes sense! It needs to be said," she announced.

"Of course not, Henry! She thinks she's right and I'm wrong. But of course..."

"Of course you both have a right to your own opinions and what's more you have a right to express them, even if it does get you all riled up. This is a Democracy, my dear, and in a Democracy the citizens have the privilege of saying what they think about everything under the sun. Usually we don't think much about this right, but at a time like this when emotions run high and people disagree violently we begin to wonder if the other fellow should have the right to express his opinions. We begin to suggest that perhaps certain meetings be prohibited..."

"And shouldn't they? Didn't it make you fighting mad to hear the things they said at the Municipal Building the other night?"

"Of course I did. But not so much I couldn't remember that the kind of liberty we have in this country couldn't exist if it weren't for free speech. The citizens of the United States have said what they thought about things from Colonial days on down. And out of discussion, disagreement and more discussion has come the

very important milestone in the county's history, an old-settlers reunion and one-day county get-together seems most appropriate as an observance for July of this year. Your suggestions and active support of the movement will bring it to realization.

ROUND-UP OF ALIENS

The round-up of aliens recently conducted by the immigration and naturalization services is amply justified in the minds of Americans who recall how Axis citizens operated in other countries—countries now occupied by Hitler's armies—to serve their respective "fatherlands."

administration board to decide whether aliens legally, but not physically, deportable should be interned or "paroled" has been before the House Judiciary Committee for some time without action.

IMPROVE FISH DISTRIBUTION

Fish distribution is carried on more efficiently than in former years, resulting in the survival of more young fish that have been planted. Three aquatic biologists now assist in the scientific analysis of waters to determine if adequate food and cover are present, before fish are released.

A WARNING to Ranchmen!!

It has come to my attention that certain persons are going about the ranches of Crockett County representing themselves as agents for Mike Couch, seeking to buy dead wool, sacks, cattle and other things.

I am hereby notifying all persons that I have no representatives in the field, and unless you have previously been notified by me in person, you may be certain that anyone thus representing themselves are imposters, probably planning to steal something from your ranch, and should be escorted from the pasture.

Side Glances on Texas History

By Charles O. Hucker
University of Texas Library

DR. JAMES LONG GOES TO TEXAS

The Spanish-American treaty of February, 1819, which set the Sabine River as the border between the United States and Mexico, was expected to prevent further Anglo-American invasion of Texas such as Magee's in 1812; yet, ironically, records in the University of Texas Library's Texas Collection show, the treaty directly caused the last and possibly the most famous of them all—that of Dr. James Long of Tennessee.

The United States relinquished its sixteen-year-old claim to Texas, arising out of the Louisiana Purchase, in order to get Florida from Spain. But the abandonment of Texas brought forth a storm of protest. In Natchez, Miss., a public meeting raised a company of volunteers, with Dr. Long, formerly of the U. S. Army, at its head, which was to set out to take Texas back from Mexico. The expedition is perhaps as well-remembered as it is because no one can say just why it turned out as it did.

When Long's company, grown from 75 to 300 men, reached Nacogdoches, they set up a provisional government in the control of a supreme council, which immediately declared Texas a free and independent republic and proceeded to organize it as one. It passed land laws, set up a printing shop, and established trading posts throughout the nearby territory.

NO HELP FROM LAFITTE

Now it was Long's plan to enlist the aid of the notorious Jean La-

Spanish shipping from headquarters on Galveston Island; so he fitte, who at the time was raiding the pirate chieftain into the service of the new republic. But Lafitte, already having seen several such filibustering campaigns sputter out, politely declined to be wheedled. Then Long, determined to have his help, set out for Galveston himself. He not only failed in his turn, however, but almost at the same time got word that Spanish royalist troops were at last marching on his outposts at the Brazos River.

One by one the scattered trading posts and settlements fell before the advance of the government troops, until all but one, a village on the Trinity held by 75 republicans, had been smashed. Rather than attack it first, the Spaniards turned on Nacogdoches, and Long reached the town just in time to evacuate his men safely across the Sabine into Louisiana.

While one part of the royalist army lingered about Nacogdoches to watch for more trouble from Long himself, the other now turned to the garrison on the Trinity. There was a long and hard fight just outside the village, but eventually the defenders, who were vastly outnumbered, were routed. Some of the survivors crossed the river to Bolivar Point and secured themselves there in a fortress, where Long finally joined them.

THE GOLIAD MYSTERY

As the Spanish army soon left the territory, thinking the republicans effectively dispersed, Long took advantage of the lull to go to New Orleans for recruits and supplies. It was late in 1820 when he returned to Texas; and he landed on Galveston Island on the same day that Lafitte left it at the request of the U. S. government. So he and his recruits—James Bowie among them—took over Lafitte's old stamping ground, where they eventually gathered together all the scattered forces of the Texas

U. S. Giant of Deep Leaves New York

View of the 35,000-ton superdreadnaught "North Carolina," mightiest of the warships in the United States navy, pictured as she slipped down the East river, beneath the Brooklyn bridge, bound for the open sea. Her destination was veiled in mystery. The ship is able to fire a broadside of 20,000 pounds for 20 miles.

republic. This time Long set off on a new attack. He loaded his men into transports and sailed down the coast to the mouth of the San Antonio River. From there they advanced on and took Goliad without difficulty.

Meanwhile the Republic of Mexico had been successfully established in the interior; and now, for some reason still not known, Mexican troops fell on Goliad, breaking up the volunteer force once and for all and taking Long and a few followers prisoner. After a short time in a Mexico City jail, Long was released—but only to be shot down in the street by a soldier—again, for an unknown reason; and the last invasion of Texas was suddenly and definitely a thing of the past.

100 YEARS AGO IN TEXAS

"Judge Webb, says the Civilian of the 19th ult., left Galveston yesterday for Vera Cruz, as Minister to Mexico. He was taken by the war schooner San Bernard, Lieut. Crisp, commanding."

"The United States seems to be full of counterfeiters and forgers. We hardly open a paper from the North, South, East or West, but something in this line meets our eyes. What surprises us most, is that the people will allow themselves to be imposed upon almost for the hundredth time, apparently without any exertions to detect the imposition, until it is too late. We Texans should keep our eyes skinned, or we too may possibly suffer from the professional operations of these accomplished rascals. The five million loan may attract their cupidity, and prompt them to visit us."

"Capt. M. B. Lewis, with his company, has arrived in town, having scoured the country for two hundred miles above this city, and away to the west toward the headwaters of the Nueces. He discovered but few Indians in his route—a hunting party or so. One of these parties, consisting of five Indians, one white man and a squaw, he fell in with a little above San Antonio—all of which were killed, except the squaw; she was taken prisoner, and brought in."—The Texas Centinel (Austin), June 3, 1841.

Behind The Scenes In American Business

By John Craddock

NEW YORK, June 2—DIVERSIONS — You might not have guessed it, with all the emphasis on defense production, but so far "civilian needs" are still taking 75 per cent of Uncle Sam's steel production. Apparently it can't go on in that ratio very long, for Gano Dunn of the OPM has reported that combined civilian-and-defense requirement this year will exceed capacity by 1,400,000 tons, and by 1942 there will be an indicated deficit of 6,400,000 tons. In releasing these figures, President Roosevelt indicated the answer might be to put mandatory priorities on steel to "divert" it from civilian use. At the same time it's reported that about 95 per cent of the total June production of aluminum will be needed for defense purposes. Zinc, "essential oils," gasoline, nickel, and rubber are other materials important to both peacetime and defense production and which, in the new "unlimited emergency," undoubtedly will have to be "diverted" to defense needs to a greater extent than had been anticipated when we first began to hear about priorities.

ACCENT ON MERIT — Fitting in with the streamlining of all national effort in the interests of efficiency and economy in the all-

out defense drive is the strong recent trend toward selection of public workers of states on the basis of tested merit rather than "political pull." Commenting on the recent adoption of merit systems by Indiana and Kansas, Mrs. Melville Mucklestone, head of the National Consumers Tax Commission, pointed out that no less than 11 of the 20 states which now use this system have made the change since 1937. She urged the other 28 states to "follow suit," saying that in times like these, when billions are being spent for armament, taxpayers should not be saddled with the unnecessary burden of incompetent state employees. Even in normal times, she said, competent workers are needed to conduct

public business, to save taxpayers' money by rendering better service at less cost. And all will agree that saving the taxpayers' money in every non-defense field is especially important now.

BITS O' BUSINESS — Leading refrigerator manufacturers, for the second time in three months, are advancing prices to keep abreast of rising costs of materials and labor; production is unable to keep pace with demand; it won't be surprising if the same trend spreads to other lines of electrical house equipment. . . . May almost surely will prove to be the biggest volume month in the history of the automobile industry, with retail deliveries of cars and trucks in the domestic market probably topping 600,000 units. . . . Manufacture of radio sets may have to be cut down by as much as 25 per cent this year due to aluminum shortage. . . . Kansas reports a shortage of farm labor for the first time since 1929—due to defense-work "migrations"—and pay is being raised accordingly. . . . Illinois senate passes a revised cigarette tax bill of 2 cents per package, hoping to raise \$10,000,000 new revenue. . . . Texas cotton crop is reported severely handicapped by rain and drift-

away of workers to factory jobs.

THINGS TO WATCH FOR — General Motors is readying an electric auto-horn control that automatically disconnects the horn whenever the car is stopped (Yoo-hoo, Mable, c'm on out!) . . . Bell laboratories have worked out a telephone instrument that you can "dial" just by speaking the number desired—the vocal sound waves are translated into impulses that locate the number uttered. . . . Newest in portable radio receivers is one by G. E. that has an airplane-type storage battery that can be re-charged simply by plugging into any electric outlet—and it can be played during the re-charging! . . . Camera and motion picture film to be made of nylon soon—some made experimentally has proved to be fireproof as well as more durable than any previous films. . . . Oddest item yet in the nylon news is that hereafter the "silk threads" that distinguish the paper used for printing Uncle Sam's bank notes will be of that synthetic instead of real silk. . . . An attachment for your car's gasoline tank that automatically toots a whistle while the last gallon is being put in.

Where's the best place to choose your new car?

ON THE ROAD!

WE'LL MATCH the "showroom value" of the Ford with anyone . . . but if you want to know how great a car this is, take one out on the road!

TEST THE PERFORMANCE . . . IN ACTION. There never was another low price engine like this 90 horsepower Ford V-8. Take it out in traffic—then step out on the open road—challenge the toughest hills. Draw your own conclusions!

TEST THE RIDE . . . IN ACTION. Ride on the pavement, then ride the roughest road you know. You'll find the new Ford ride is the kind of ride you like. Smooth where the going's good. Soft and steady over the bumps.

TEST THE ROOM . . . IN ACTION. Measurements show

this Ford greatest in its whole field in actual passenger space. A ride will show what this means. Bigness counts and here it is!

TEST THE VALUE . . . IN ACTION. Stop with the biggest hydraulic brakes anywhere near the price. Rest your toe on the pedal of a fine-car type semi-centrifugal clutch. Flick through the gears with the easy, silent kind of finger-tip shift that high-priced cars use.

90 HORSEPOWER — V-8 SMOOTHNESS

FORD HAS THE QUALITY FEATURES

V-8 POWER—90 smooth horsepower. There never was a low price engine like this before.

NEW BEAUTY—When you look at the smooth flowing lines you see one of the few cars with really up-to-date styling this year.

A NEW RESTFUL RIDE—On the new Ford "Slow Motion Springs." A soft, quiet ride wholly new this year.

EXTRA VALUE—New ease of control with positive mechanical, fine-car type shift—extra-big hydraulic brakes—and the famous Ford semi-centrifugal clutch.

BUYING A HOME no longer requires a large accumulation of savings. Modest down payments are the order of the day.

"Own-A-Home" Savings Clubs are growing increasingly popular. By this plan the necessary down payment is built up month by month.

When the modest down payment has been saved, banks, insurance companies, savings and loan associations and savings banks stand ready to supply credit. There has seldom been a time in our history when a family was able to get credit so easily on such attractive terms. There never has been a time in our history when so little money could purchase so much value in a home.

The men who help you buy your home have smoothed the way. The men who build your home are building more comfort and more value in it.

These things have come about because all of us have been blessed in America with opportunity and with freedom to apply individual initiative.

This system of free enterprise promises better homes for our children—just as it has encouraged us to build better homes.

Invest now—in your own home—in your own community.

The Stockman Pulpit

By JAMES D. MOSS
Minister the Church of Christ

Do you know anyone who can stop the great war now raging? Do you know a man who could give us freedom from the fear of ruthless dictators? Could you suggest a conference that would bring about peace and security? What would you give for just such a man? What would it be worth to you to see the whole world in happiness? It would be worth a lot of money and I suspect we would be willing to give our very lives of service for these things.

Suppose I were to suggest that I had found the man? Would you believe it? At least you would study the question carefully, would you not? I think I have it, "Ecce homo!"—behold the man Jesus Christ!

When I speak of Christ I necessarily include all the teaching of His. We are quick to say we want peace, that we want happiness for all. The average man would be anxious to offer a great part of his time and money for these ideals. But, how much have you offered for the advancement of the Kingdom of Christ? It is the only kingdom that I know about whose every law and action makes for peace, for happiness and security. He is the only king I know who refused his body guard the right to defend the life of his Lord.

I know no other who considered men of all races equal, whose neighbor was any man in need, even if he happened to be of a despised country. I have never

read about a worldly potentate telling his armies to "return good for evil." Strange talk you say. Indeed it is but I am telling of a leader who never lost a battle. Oh, it looked as if the great battle had been lost at the cross and the disciples thought it had. That was just one phase of the fight. The battle was to go on and the Kingdom was to spread into all the world.

Marvelous, you say. Indeed, a man who took twelve common men from the smallest nation that we know about today; from the poor hills of Palestine. Men who were even illiterate. Upon these men a Holy Nation has been established that has stood for near two thousand years. It has ruled the hearts of more people than any other. Ruthless dictators, from its very inception, have tried to thwart its growth by the sword. Its subjects have been cut to pieces, burned at the stake, thrown to wild beasts. They have suffered in every conceivable way at the hands of evil men.

The guide Book of this people has been suppressed and at one time every one that could be found was burned. Today this universal kingdom is wielding its influence in the nations of the earth. Some day it will triumph fully. This is the promise of the King. And God can vindicate Himself.

Mr. and Mrs. I. G. Rape left last week on a vacation trip and to bring back their sons, Marvin Rape, a medical student at Galveston, and Joe Rape, a student at Baylor University in Waco.

Miss Eloise Carson, daughter of Mr. and Mrs. Ira Carson, and Billy Jo West, daughter of Mr. and Mrs. Wayne West, both students at Baylor University in Waco the past year, have returned to spend the summer vacation at home.

The L. B. Cox home is being refinished on the outside.

A new bedroom and bath is being added to the home of Mr. and Mrs. W. E. Friend, Jr.

Mrs. Fred Sarguy and daughter, Freda, have just returned from Sterling City, where they spent two weeks visiting Mrs. Sarguy's mother, Mrs. T. H. Murrell, and her brother, J. W. Murrell, and family.

Beecher Montgomery, student at T.C.U. in Fort Worth and a member of the T.C.U. Horned Frogs football squad, has returned to spend the summer with his parents, Mr. and Mrs. George Montgomery.

Oil Producer On—

(Continued from Page One)

ter drilling into the sand at 1,256, and deepening to 1,285 feet, the total depth. The well filled with oil and fluid was lowered only 100 feet when bailer was run 17 times in 15 minutes. After being closed 36 hours, it was opened briefly and flowed oil into the pits. Location is 600 feet out of the southeast corner of section 55-GG, HE&WT.

Wilshire has contracted to drill three tests on the southeast quarter of section 58, the first to be started within 60 days. It bought the lease from Charles Forward of San Diego, who retained a one-eighth override. Forward had acquired the lease from W. E. Ball, Los Angeles, before the Noelke initial producer blew in April 12, 1940.

Mudge Oil Co. No. 1 Bouscaren estate was gauged officially early this week, flowing 11.60 barrels of oil in one hour through one-inch choke on 2½ inch tubing. It was drilled in during January at 1,278, deepening to 1,314 feet. It is 330 from the south, 990 feet from the east line of 29, GG-HE&WT.

Mudge this week filed completion forms on three producers in the Soma field, the largest, No. 1-A Noelke-State, with a twelve-hour potential of 3,480.12 barrels. These completions bring the total to 16 producing wells in the field.

Another development in the Noelke area during the past week which indicates continuing and renewed interest in the field was the contracting by the Bolsa Chica Oil Co. of Los Angeles for drilling a test for oil on the Bouscaren estate a quarter mile southwest of Wilshire No. 1 George Thompson. Drilling is to be in the northwest quarter of section 57, block GG-HE&WT Ry. survey. It has not been staked. Two other Californians, Francis P. Graves and W. C. Fastnow, Los Angeles independent operators, are understood to be consummating deals for 80-acre leases in section 58 on which each plans to drill a test.

Dr. J. A. Fussell, who has been under treatment in a San Angelo hospital for injuries suffered in an automobile accident east of Ozona several weeks ago, has returned to his home here.

Baptist Society To Meet Weekly Through Summer

All circles of the Baptist Woman's Missionary Society met at the church Wednesday afternoon for a business session and social hour. Mrs. J. S. Whatley led in the devotional. During the business meeting, the society voted to meet each Wednesday afternoon during the summer months at 4 o'clock.

Mrs. George Bean and Mrs. J. T. Keeton were hostesses for the afternoon. Cake and punch were served to Mrs. Clyde Childers, Mrs. R. K. James, Mrs. J. T. Patrick, Miss Maybelle Taylor, Mrs. Ben Williams, Mrs. S. L. Butler, Mrs. J. S. Whatley and the hostesses.

Mrs. Hubert Baker and daughter, Priscilla, will leave this week for San Angelo, where they will spend the summer while Priscilla attends the summer session at the San Angelo high school. Mrs. Baker and her daughter have rented an apartment at 415 N. Bishop Street.

Meybin-Davidson Wedding Rites In Houston Saturday

Mrs. Charles E. Davidson, Mrs. Mark Garver, Mr. and Mrs. Charles E. Davidson, Jr., and the latter's two children, Charlie Boy and Muggins, accompanied Miss Drake Davidson to Houston last Saturday and witnessed the marriage ceremony which united Miss Davidson and Robert John Meybin, Jr., of Baton Rouge, La.

The ceremony was performed at 2 p. m. Saturday in the Presbyterian chapel in Houston, with members of the two families present. The bride was given in marriage by her twin brother, Charlie Davidson, and the groom was attended by his father, R. J. Meybin of Roanoke, Va.

After the wedding, Mr. and Mrs. Meybin left for a brief honeymoon trip before going to Baton Rouge to make their home. Mr. Meybin is an electrical engineer connected with the Dupont plant in Baton Rouge.

WHAT'S YOUR SCORE ON THIS QUIZ?

Like to know more about Your Electric Servant? Run through this quiz... it's full of facts and explains why Electric Service is GOOD... and CHEAP... in West Texas.

Q. How much more light do you get for your money now than you got 10 years ago?

A. You get, for about the same money, two or three times as much Electric Service as you did then. And bulbs today give about twice as much light with the same amount of electricity. Twice as much service for twice-as-good bulbs means four times as much light for your money!

Q. How much per day do most families spend for electric service?

A. The majority of our customers pay us less than 10 cents a day (the cost of a shoe shine or a good cigar), using, say, lights, vacuum cleaner, radio, toaster, and refrigerator.

Q. What do you say to a husband (or wife) who fusses at you for letting a 100-watt light burn all night?

A. "Don't get excited, dear. Believe it or not, it costs only about a nickel—and maybe it scared a burglar away!"

Q. Who owns Your Electric Servant?

A. You do. Every family who has a bank account or a life insurance policy is part owner. The money you put in the bank, or pay to an insurance company, is invested in various businesses, including electric utilities. This makes you one of the millions who have a stake in the American system of private initiative and enterprise.

Q. Just how dependable is electric service in West Texas?

A. Equally as good as any in the nation! And better than in any foreign country!

Yes, electric service has constantly improved and rates have steadily gone down. Remember that this BETTER SERVICE at LOWER COST to you has been brought about by our trained and experienced organization of over 1,000 men and women, working under a system of private initiative and enterprise... the only kind of system ever to bring better living conditions to ALL the people.

West Texas Utilities Company

HERE'S THE OFFER

Send your old electric bill to our nearest local office. If yours is the oldest we receive by June 15, it is worth \$50 to you—if one of the 10 next oldest, we will pay \$5 for it. It must be for service in the home, dated 15 or more years ago, and must be accompanied by a letter, 100 words or less, telling something about the kind of service and the cost at the time the bill was paid. All present customers of the West Texas Utilities, or its predecessors in this community, (excepting employees) are eligible.

Social Activities

MRS. E. A. CRISMAN, Editor

Miss Linthicum Ace Club Hostess

Miss Billie Gene Linthicum was hostess to the Ace Bridge Club Saturday afternoon at her home. Games and larkspur decorated the room. Miss Mary Frances West won the bingo game and traveling prize went to Miss Toots Smith. Miss Gene Drake won high score award.

Cake and cream sodas were served to Mrs. Sam Fowler, Misses Mary Frances West, Toots Smith, Mary Margaret Harris, Mary Louise Harvick, Helen Mayes and Gene Drake.

Totsy Robison Honored At Bridge

Mrs. J. B. Miller entertained the 20th Century Club Saturday afternoon at Rendall's Drive Inn. Miss Totsy Robison, whose approaching marriage was recently announced, was honoree and was presented with a gift from the hostess. The room was decorated with white chasta daisies. Jello fruit salad and heart shaped sandwiches were served to Miss Totsy Robison, Mrs. C. O. Walker of Leuders, Mrs. Kenneth Lee of Del Rio, Mrs. Paul M. Halcomb, Mrs. Jones Miller, Jr., Miss Wayne Augustine, Mrs. George Banger, and Mrs. Dempster Jones.

Miss Wayne Augustine, club, and Mrs. C. O. Walker, guest, received gifts for high score and Mrs. Kenneth Lee won the bingo award.

Vacation Bible Class Entertained

Mrs. Richard Flowers entertained the Junior Class at the Ozona Methodist Vacation Bible School when she honored her daughter, Mary Kathryn, on her tenth birthday. Cake and lemonade were served to the Junior Class members present. Students in the Junior Class were Rex Tomlinson, Sammie Sue Beasley, Pierce Reese, John Fussell, Doris Busby, Billie Rose Schwalbe, Jo Nell Coose, Buddy Russell, Patsy Schwalbe, Mary Kathryn Flowers, Lillian Schneeman, Ann West, Marshal Sweeten, James Speer, Patsy Johnson, Bobbie Lou Ragsdale, Muggins Davidson, Joy Hubbard, Billie Jo Leatherwood, and Kearly Tandy. Teachers for the group were Miss Elizabeth Fussell, Mrs. H. E. Hays, Mrs. C. J. Van Zandt, Miss Susie Hokit, and Miss Juanita Hays.

Mrs. Melvin Brown Entertains Sunflower

Mrs. Melvin Brown entertained the Sunflower Club with a bridge-breakfast at Hotel Ozona Tuesday morning. Mrs. H. B. Tandy won high score award and Mrs. Evert White received the prize for second high score. Mrs. Sherman Taylor won the bingo game.

Breakfast was served at individual tables to Mrs. Clay Adams, Mrs. Hubert Baker, Mrs. Jimmy Blaylock, Mrs. C. E. Davidson, Jr., Mrs. W. E. Friend, Jr., Mrs. Joe North, Mrs. H. B. Tandy, Mrs. Sherman Taylor, Mrs. Evert White, and Mrs. Lee Wilson.

Mrs. Massie West, Joyce and Ann, left Sunday for Dallas for a few days visit.

Methodist Vacation Bible School Closes With Exercises And Certificate Awards

An open house for parents and friends of pupils featured the closing exercises of the fifth annual Vacation Bible School at the Methodist Church. The final meeting was held Friday with certificates being issued to students who attended at least eight of the ten days of the school. About forty children were enrolled and Mrs. Eugene Slater was general superintendent of the school.

Mrs. Arthur Kyle and Mrs. Rex Russell, teachers of the Beginners group taught "Homes For All." The children made and painted furniture for a home in which they could play. The home consisted of living room, bed room and kitchen. This home will be used permanently for the department. Fresh oil cloth was put on the tables used during Sunday School; they were also painted. Playing with blocks, coloring pictures, dramatizing stories, singing songs and playing games were part time activities. Field trips were made, collecting bird's nests, flowers and caterpillars and finding ant beds.

The George Bean yard has many interesting homes. A visit was made to the Floyd Henderson home to see the canary birds and three baby canaries, the finch family, and the lute birds. The children also saw some baby chickens and many beautiful flower beds. Mrs. Henderson served cakes and punch. They also made a trip to the home of Mrs. Rex Russell, where the children dug up zinnias to pot for a surprise for their mothers. On the last day the children entertained their mothers with songs and dramatized the story "Each Likes His Own Home Best" and played some singing games.

Certificates were awarded to Ervin Allen Crisman, Joe Van Zandt, Betty Ruth Williams, Shirley Kost, Wilburn Conklin, and Bobbie Fields.

Mrs. Madden Reed, Mrs. Alvin Scheel, and Miss Wayne Augustine had "Homes of the Bible" as their unit of study for the Primary Class. The children built homes and villages, resembling old Palestine, out of clay, plaster and card board. Oil lamps made of clay and burning olive oil like those used in Bible days were made. Peep shows made of boxes showing scenes of Palestine were shown to the visitors. Grape juice and cookies were served to the mothers present. Those receiving certificates were Ben Byrl Conklin, Joan Fenner, Dorothy Dell Fenner, and Betty Jane Schwalbe.

Miss Elizabeth Fussell, Mrs. H. E. Hays, Mrs. C. J. Van Zandt, Miss Juanita Hays, and Miss Susie Hokit, teaching "Migrants" had the Junior Class. They studied the life of migrants as they traveled. "Across the Fruited Plains" was a book of the Beecham family. A scrap book was made using pictures to illustrate the story of the Beecham family's travels. Kindergarten bags, and clean up kits were made by the group and are being sent to a migrant camp to be used by the children there. A program of songs and a dramatized incident from the life of the Beecham family was given for the visitors. Punch and cookies were served.

Those awarded certificates were Pierce Reese, Jo Nell Coose, John Fussell, Patsy Schwalbe, Bobby Lou Ragsdale, Sammie Sue Beasley, Mary Katherine Flowers, Marshall Sweeten, Patsy Ruth Johnson, and Billie Jo Leatherwood.

Mrs. Mark Graver of Bethlehem, Pa., is spending a couple of weeks with her parents, Judge and Mrs. C. E. Davidson, after attending the wedding of her sister, Miss Dixie Davidson, to Robert John Meybin, Jr., in Houston last Saturday.

Mr. and Mrs. Boyd Clayton are spending a few days in Fort Stockton this week.

Social Calendar

- Thursday, June 5th—**
Mrs. Ross Huffstedler, Mrs. Ernest Dunlap and Mrs. Sam Beasley are giving a miscellaneous shower at Rendall's Drive Inn from 4 to 5 o'clock for Mrs. Luther Parker, the former Merle Luther.
- Friday June 6th—**
Las Amigas Club to meet with Mrs. Alvin Harrell at the home of Mrs. Bill Littleton.
- Saturday, June 7th—**
Ace Club not to meet this week.
20th Century Club to meet with Mrs. Jake Miller (not verified).
- Tuesday, June 10th—**
Sunflower Club to meet at Mrs. Boyd Clayton's home.
Tuesday Bridge Club to meet with Mrs. Cleophus Cooke.

Mrs. Lloyd Johnson Bridge Club Hostess

Mrs. Lloyd Johnson was hostess to the Tuesday Bridge Club at the O. D. Busby home Tuesday afternoon. Gladiolas carried out the color scheme of pink and green. Mrs. Halan Townley won high score award and Miss Johnnie Boyd received the gift for low score.

A salad plate and iced tea were served to Mrs. Richard Adams, Mrs. J. P. Pogue, Mrs. Pink Beal, Mrs. Oscar Kost, Mrs. Harlan Townley, Miss Johnnie Boyd, and Mrs. Leslie Nance.

Dick Henderson, son of Mr. and Mrs. Floyd Henderson, and Roy Henderson, Jr., both students at New Mexico Military Institute in Roswell, are back home for the summer vacation.

Mrs. Eugene Slater and daughter, Susan, left Tuesday for Eden, where they will join Rev. Slater, who has been holding a meeting at the Eden Methodist Church the past week. They will return late Thursday.

Mr. and Mrs. Edwin Norwood of Corpus Christi arrived Saturday to visit Mr. and Mrs. Arthur Kyle. They returned to their home Wednesday.

Mr. and Mrs. Jones Miller, Mrs. Ben Lemmons, and Misses Lola Taylor, and Dorothy Stone are leaving Thursday for Mexico City, where they will remain two weeks.

Dr. and Mrs. H. B. Tandy left Tuesday for San Antonio, where they will choose furniture for their new home, now under construction here.

Dean Phillips, son of Mrs. W. R. Phillips, is now stationed at Hamilton Field in San Francisco. He enlisted in the U. S. Army Air Corps and will soon be sent to Portland, Oregon, for training.

the ROAD AHEAD

Old Man Texas is today looking ahead and planning.

Beside the great farming and ranching country which Texans have built, he sees a new industrial empire here.

Already the start has been made. Some industries, such as petroleum, are now showing what can be done to utilize Texas' vast natural resources. Today this industry refines with Texas labor over four-fifths as much oil as the State produces. Its

products make up nearly one-half of all Texas manufacturing. Altogether petroleum provides the living for almost one-sixth of our people.

But this is only a beginning.

Texas has many other raw materials, unexcelled by any other State. Texas has in oil and gas the cheap and dependable fuel supply essential to industry. Texas is the gateway to Latin America, our new foreign market.

Each new industry means more jobs. It makes added tax values for our State and local governments, bigger payrolls for our workers, and greater prosperity for you and every other Texan.

TEXAS MID-CONTINENT OIL AND GAS ASSOCIATION

Communist Labor Element Plans General Paralyzing Strike In U. S. Defense Industries

The wave of paralyzing strikes which have crippled defense industries throughout the country has been instigated and carried out on orders from the Communist Party at the direction of Russia's dictator, Joseph Stalin.

Investigation has revealed that fully one-half of these current strikes were planned merely as a "curtain raiser" for a general strike intended to tie up America's entire national defense program. Donald E. Keyhoe, Washington newsman, reports that Communist leaders are deliberately alienating public sympathy from trade unions to increase bitterness between capital and labor, hoping to cause a general strike, riots, and eventual revolt.

Details of the Stalin plot, Keyhoe says, were uncovered by Dies Committee agents planted at three widely separated key points in the role of Communists. By fraudulent strike votes and similar strategy, G.P.U. agents have posts in lo-

Bridges on Stand

Harry Bridges, shown as he took the stand in his own defense, in San Francisco, to escape deportation on charges of alleged communistic affiliations.

cal unions and have forced thousands of loyal American workers to strike against their will. The Alis Chalmers strike is a typical example. It was revealed that gross fraud was practiced in the balloting by which the strike was called. Handwriting experts, one employed by the union, testified before the Wisconsin Labor Board that ballot boxes were stuffed by duplicated votes with 2,200 out of the 6,500 votes reported fraudulent.

Plans for the general strike, Keyhoe reports, hang on the government deportation proceedings against Harry Bridges, head of Longshoremen's and Warehousemen's Union. If Bridges is ordered deported, the strike will be called as a protest. Otherwise another pretext will be found. If the Soviet plot succeeds, the effect on America will be shocking. According to Keyhoe, dozens of key industries, Army-Navy projects, shipping transport and communication will be paralyzed.

If the government merely blocks the planned general strike, leaving the communists in the unions, Keyhoe asserts that it will only result in a wave of sabotage. In certain shipyards, he says, dozens of sabotage cases have occurred, laid to Communists established in trade unions all over the nation, a powerful sabotage and spy ring is ready to act on short notice.

To halt the general strike plan with a minimum of sabotage risk

the Dies Committee recommends: Deporting of alien spies and saboteurs who advocate a basic change in the form of government; legislation requiring all Federal officials and employees to be American citizens; outlawing of political parties under control of foreign governments; and the most important of all—employment in national defense to be denied to any persons who are members of foreign political organizations.

Through exposes of Communist influence in recent strikes have been met with the usual cry of "red baiting" and "capitalistic lies." Keyhoe charges that behind every claim of promoting workmen's interest is the unswerving Communist plot to overthrow our democracy and abolish labor unions and create a Soviet America.

When Joseph Stalin sent the American Communist Party into action to seize control of labor, Keyhoe says he gave them this final order:

"You must take direction of future class wars in the United States. You must prepare for that comrades, with all your strength and by every means."

"It is time," Keyhoe exhorts, "that free Americans wake up and took back direction of their own lives."

Pictures Southern Notables Hung In U. T. Main Bldg.

AUSTIN, June 4—Portraits of six Southern notables have been hung in the University of Texas' Main Building portrait gallery.

The new additions are those of Gen. Robert E. Lee; Gov. James Stephen Hogg, Gov. Joseph D. Sayers, both good friends of the University; Judge Pleasant W. Kittrell, who introduced the first bill in the Texas Legislature authorizing establishment of the University; Judge R. S. Gould, former law professor; and A. P. Woodruff, longtime secretary of the University Board of Regents and prominent in the selection of the school's site.

The new pictures bring to a total of 21 the number of gold-framed oil portraits hanging in the gallery.

Consistent Gains By Texas Business

AUSTIN, June 4—Consistent gains have been registered by Texas business during the last year, it is revealed by the University of Texas Bureau of Business Research, citing a 11 per cent margin for April over April, 1940.

All the major business factors making up the Bureau's composite index of Texas business stacked up increases since April, 1940, ranging from 7.2 to 20.6 points. Employment gained 7.2 points; payrolls, 12.6 points, miscellaneous freight carloading, 14.3 points; runs of crude oil to refinery stills, 20.6 points; department store sales, 8.3 points; and consumption of electric power, 10.6 points.

Texas has approximately 30 per cent of the entire oil refining capacity of the nation.

Texas produces around 40 per cent of all the natural gas produced in the United States.

Angels of Mercy for Britain

Some of the nurses who left for England to staff the American Red Cross Harvard hospital, now under construction in embattled Britain. Left to right: Miss Theodisia Hawley; Miss Charlotte Raymond; Miss Helen Johnson; Miss Gertrude Madley; Miss Elizabeth Phillips, and Harold E. McKenzie, who is to be the hospital chef.

An event worthy of some slight comment transpired on the front gallery of the Running W Ranch house the other night.

The Grazer told me about it. The Grazer is foreman of the ranch, and it seems he had signed on an extra bunch of cowhands for the spring round-up and there wasn't room for them all to sleep in the house and some had to spread their hot rolls on the front gallery, and a rattlesnake decided he'd as soon bunk with a bunch of cowhands as not.

The Grazer slept inside the house. He is a light sleeper, he claims, and was the first to hear the snake rattle out on the gallery with the boys. He lay for quite a spell, trying to figure out what ought to be done, as he didn't think many of the boys would enjoy sleeping with a rattlesnake if they knew about it.

Then, too, he hated for any of the boys to get bitten before the round-up was over. He needed all hands on the job.

Finally, he eased out to where Bobcat Spiller snored at the end of the gallery and roused him to help figure out a scheme of rescue.

Bobcat took command of the situation at once. He sent the Grazer out to drive the ranch automobile around and shine the lights on the sleepers while he stumbled around through the house, arming himself with a .306 automatic rifle, a claw hammer, and a bed slat.

The first man to wake up was Joe Springer. "Don't move a hair, Joe," Bobcat warned in a whisper. "There's a rattlesnake in bed with you."

Joe controlled himself. He flattened to the floor till a man couldn't tell there was anything in his blankets but a wrinkle. But he couldn't keep groans of mortal terror from escaping.

This woke up Sy Banta. And when in a cool and collected voice Bobcat informed him of his close proximity to the reptile, Sy squallied "The hell there is!"

The Grazer, who had the lights on them by this time, swears by his Sunday Stetson that Sy, without ever drawing his feet under him, quit his front-gallery bed in a long heroic leap that cleared a five-foot yard fence some fifteen feet away.

This action broke down the morale of the remaining sleepers. Abe King, the grub-spoiler, ran straight through a screen door and scattered his cookstove all over the kitchen.

Blackjack Ike mounted a washstand and later had to have a tin water bucket cut off his right foot with a can opener.

Jim Wilson squatted and rose to the roof of the saddle shed, where they had to bring him a ladder to climb down on, it being too high to jump off without danger of breaking a leg.

At the same time, Bobcat's automatic went off and knocked a hole in the floor that a watermelon could have dropped through.

So it was no trouble at all for the rattlesnake to find a way under the house where the sleeping was quieter.

But he didn't escape. The next morning the round-up was delayed till half the floor boards were ripped out of the house and Bobcat had blasted the snake out with his automatic.

They hung the rattler across the corral, belly up, hoping to draw a rain.

While the Grazer wants it un-

derstood that he's not a superstitious man and is in no way certain that a snake hanging belly up across a fence will actually draw a rain, still he points out that "It don't cost a man nothing to try."

Goff's Comedians Tent Show Presents Buddy La Varre

The well known Goff's Comedians big tent show will be in Ozona for one night only, Monday, June 9, and will present in their new water proof tent 20 outstanding vodvil artists.

The vodvil features will include Harry Blethroad, comedian; Madelyn and her accordion; Gracie Brennan comical songs; Buddy and Sally La Varre, novelty musical numbers; Sam Bright, monologist; Jack Bell, character comedy and Goofy Goff himself, the all-American half wit. Also a six-piece stage band. Twenty people in all.

Petroleum refining is the largest manufacturing industry in Texas, representing 41 per cent of all manufactures in this State.

Texas now refines approximately 82 per cent as much crude oil as it produces.

Ida Lupino, English Actress, Year's Most Sensational Dramatic Star

Ida Lupino is the fourth generation of the famous British family of actors. Four generations of Englishmen have witnessed the launching of Lupino careers at the historic old Palladium theatre in London, and Ida didn't let her generation down. But is doubtful as this slim, lovely branch of the family tree, who is now one of the screen's most famed dramatic stars.

She was fifteen when she made the traditional family debut. To get into acting at this age she had to rush her education a bit but she was impatient to get school days by and enter the profession that is the life blood of every member of her family. Her early education included the usual school subjects plus diction, dancing and deportment.

Having a paternal line like the Lupinos and a famous mother like Connie Emerald, would have given some children an inferiority complex, but not Ida. While she has always possessed more driving energy and ambition than physical strength, Ida decided eight years ago that it was high time she made a name for herself in America. Her first screen role was in "Search For Beauty," a picture which also introduced a certain redhead named Ann Sheridan to movie audiences. And it was with Ann's help that she made good on her second film assignment, "Double Doors" was the picture, and the very young Miss Lupino had applied for and won the role of a 70-year old woman. With Perc Westmore's aid she leaned to make up for the part, but during rehearsals another problem came up. She had to cry, and she couldn't cry. Miss Sheridan, who was in the same cast, could and did cry, copiously. Ida watched her enviously for a while, then she began to cry at the thought that Ann could do something she couldn't do. After which everything was fine.

The Lupino and Sheridan careers touched again when both appeared in "They Drive by Night" in which Ida scored such a sensational dramatic hit as the love-maddened wife. In "High Sierra," she plays the girl friend of a desperado. She brings to the role a pathos and depth of emotional

feeling which should push the Lupino career up to another peak achievement.

In private life, Ida is Mrs. Louis Hayward. For a family life which includes two acting careers, there is a most peaceful one. If they're both working at the same time, well, that means that vacations will come at the same time, too. One is working and the other is not, that's good, too. The one who is in the sidelines at the moment frequently is able to help the other.

Ida's pet extravagance is buying antiques. She buys and wears expensive and lovely frocks because she is able to afford them, but considers them highly unimportant to her happiness. She is an individualist and is said to be the only woman who ever walked down Broadway wearing a smart tailored suit—and a pair of carpet slippers when eating in a restaurant. Once when she was eating at the Beverly-Wilshire, someone accidentally gave one of her slippers a kick and sent it flying across the polished floor. A waiter brought it back to her on a silver platter.

She avoids mad hats, and welcomes her husband's suggestions about hats and clothes. They both like simple, well-made things and avoid the spectacular. But she thinks that neither her judgment or any other woman's is really up to picking the right necktie for her husband.

Nearly 225,000 persons work for the Texas petroleum industry. They and their families make up almost one million Texans who get their entire living from petroleum.

Four-fifths of the value of all the crude oil produced in Texas each year is paid to Texas oil workers and farmers and ranchers in wages and lease and royalty payments.

"Do You Know Your Minerals?" Calcium and Phosphorus

Are the basis of all Mineral Mixtures and should be fed in the ratio of 2 parts of Calcium to 1 part of Phosphorus.

Compare the Guaranteed Analysis of This 40-60 Mixture with the one you are now using

100 Pounds (Net) CHEMI-CAL-PHOS Brand Salt and Mineral
Composed of salt and defluorinated calcium phosphate.

Manufactured for and Guaranteed by
SAN-TEX MINERAL COMPANY
San Angelo, Texas

Guaranteed Analysis:

Calcium (Ca) not less than	11.0 Per Cent
Phosphorus (P) not less than	5.5 Per Cent
Salt (NaCl) not more than	60.00 Per Cent

—Also contains 1.6% Sulphur and 1.28% Iron Oxide

MASCARA

Here is the smart, new way to glamorous eyes and lashes of sweeping loveliness. The cleverly constructed "carry-everywhere" case opens in a flash, revealing a stick of creamy mascara ready for day-time beauty. It also has a tiny built-in combination comb and brush for evening glamour with which you brush on mascara and comb the lashes to avoid that messy beaded look. \$1 . . . Refills 50c . . . Black, brown, and blue.

Build 5-Ton, 200-Foot Bridge in 16 Minutes

In a demonstration at Ft. Belvoir, Va., a motorized war-strength company of the Fifth Engineers dismantled from its trucks, unloaded equipment, and within 16 minutes constructed a 200-foot pontoon bridge strong enough to carry ammunition trucks. In picture at right, runways are laid across gunnels of light pontoons. Inset: Company "E" of the Fifth Engineers is shown crossing waterway on bridge.

Withey and the unknown heirs of each and all of the defendants named, the residences of all of which said defendants and unknown heirs are unknown to the Plaintiff.

You are commanded to summon the defendants hereinabove named to be and to appear at and before the next regular term of the District Court of Crockett County, Texas, to be holden at the Court House of Crockett County, Texas, in Ozona, Texas on the Third Monday in September, A. D. 1941, the same being the 15th day of September, 1941, then and there to answer a petition filed in said court on the 24th day of May, A. D. 1941 in a suit, numbered on the docket of said court No. 760, wherein J. S. Hixson and Alex Collins, Independent Executors of the Will and Estate of Mrs. Margaret A. Shannon, deceased, and J. S. Hixson, Alex Collins, H. E. Jackson, Willis Johnson, J. P. Hill, Clarence R. Webb and J. S. Allison, Trustees of the Shannon West Texas Memorial Hospital, are Plaintiffs, and each and all the persons, unknown heirs, private corporations, unknown stockholders of defunct corporations.

The cause of action of the plaintiffs in said cause is as follows: Suit in trespass to try title to recover possession and title to the following lands located in Crockett County, Texas: Abstract 1730, certificate 4-969, section 11, block 10, original grantee GC&SF Ry. Co., 640 acres. Abstract 1726, certificate 270, section 11, block 9, original grantee D&SE Ry. Co., 640 acres. Abstract 2054, certificate 20, section 9, block A, original grantee EL&RR Ry. Co., 640 acres. Abstract 5103, certificate 19, section 8, block A, original grantee EL&RR Ry. Co., 640 acres. Abstract 4968, certificate 4-962, section 18, block N 1/2 10, original grantee GC&SF Ry. Co., 320 acres. Abstract 4740, certificate 4-954, section 2, block BB, original grantee EL&RR Ry. Co., 640 acres, containing 3520 acres, more or less, to remove as cloud from title all oil and gas leases outstanding in the name of such defendants on the said lands, or any part thereof, to cancel the same and for judgment declaring that such oil and gas leases and all other oil and gas leases outstanding on such lands, including that certain oil and gas lease from J. M. Shannon to F. E. Miller of date, June 10, 1922, recorded in Volume 25, pages 451, et seq. of the Crockett County Deed Records, had been surrendered, abandoned and forfeited on the grounds that such defendants had made default in the following particulars: (a) to pay annual rental as required in their respective lease assignments; (b) to undertake and continue the exploration and development of the leased premises for oil and gas purposes; (c) to comply with the terms of their sub-leases and assignments of lease relating to the payment of annual rentals; (d) commencing of drilling operations; (e) the continued exploration of the premises for oil and gas, because of all of which the defendants have forfeited and abandoned all rights in the leased premises, and the oil and gas lease hereinabove mentioned and identified has by its terms, both express and implied, fully terminated.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same. Witness George Russell, Clerk of the District Court of Crockett County, Texas. Given under my hand and the seal of the said court, in the town of Ozona, Texas, this 26th day of May, A. D. 1941. (SEAL) GEO. RUSSELL, Clerk of the District Court of Crockett County, Texas. Issued this 26th day of May, A. D. 1941. GEO. RUSSELL, Clerk of the District Court of Crockett County, Texas. 8-4tc

Windham; Houston S. Smith, Dave Elder; George M. Brown; George M. Brown, doing business as Finance Oil Company; Oil Industries, Inc.; H. A. Hedberg and H. H. Sides are Defendants.

The nature of the Plaintiff's demand being as follows, to-wit: That prior to the 3rd day of March, 1934, Plaintiff discovered a large area of unsurveyed and unappropriated State Land in Crockett County, Texas. The Plaintiff caused this land to be surveyed, and, on the 3rd day of March, 1934, he filed in the Surveyor's Records of Crockett County, Texas, an Application for Survey to Purchase said land, follows: "To J. A. Simpson Licensed State Land Surveyor of Tom Green County, Texas. By virtue of an Act approved May 29, 1931, I hereby apply for a survey of the following described area believed to be unsurveyed land belonging to the Public Free School Fund, with a view to the purchase of the same under said Act. Situated in Crockett County, Texas, about 28 miles N. W. from the County Site. Said tract is bounded as follows: On the North by Robt. Young Sur. 12, Surs. 35 and 18, GC&SF RR Co., Blk. 1, Surs. 32, T. C. Ry. Co., Sur. 3, D&SE RR Co., E. Wigram Sur. 11, John Small Sur. 12, Blk. Q and Surs. 1 Brooks and Burleson, Blk. FF. On the South by Surs. 8, GC&SF RR Co., Blk. Q, Surs. 24 & 18, GC&SF RR Co., Blk. 1, Sur. 4, Brooks & Burleson, Blk. FF, and Surs. 1 & 2, GC&SF RR Co., Cert. 4-846. On the West by H. Schmidt Sur. 50, Surs. 8 & 1 GC&SF RR Co., Blk. 2, Surs. 35, 34, 29, 28, 24, 23, 18, 16, 11, 10 & 5, GC&SF RR Co., Blk. 1. On the East by Surs. 20, 17, 16 & 1, EL&RR RR Co., Blk. Q, Sur. 13, John Gibson, Sur. 8, GC&SF RR Co., Sur. 32, T. C. Ry. Co., Blk. Q, E. Wigram Sur. 11, John Small Sur. 12, J. H. Edwards Sur. 6, J. M. Grigsby Sur. 5, and Surs. 4, 3, 2, & 1, Brooks & Burleson Blk. FF. "EVERETT T. LEAR" Applicant P. O. San Angelo, Texas." Said Application was filed by J. A. Simpson, Licensed State Land Surveyor, and recorded in Volume 4, page 85, in the Surveyors' Records of Crockett County, Texas, on the 3rd day of March, 1934. Said application was duly transmitted to the General Land Office of the State of Texas and filed by J. H. Walker, Land Commissioner, on June 29, 1934. The Plaintiff employed J. A. Simpson of San Angelo, Texas, who was at said time and is now a Licensed State Land Surveyor, to survey the land covered by said Application for Survey to Purchase and, on June 28, 1934, said Surveyor filed and recorded in the Surveyor's Records of Crockett County, Texas, three sets of field notes covering said unsurveyed and unappropriated State Land, in three separate tracts, the first tract, designated as Survey No. 1, being described as follows: "Beginning at a stake the N. E. corner of Survey No. 8, GC&SF RR Co., Blk. Q, and S. W. corner of J. H. Gibson Survey No. 13, Blk. Q. Thence with the West lines of Surveys 13, 16, 17 and 20 Blk. Q, North 7600 varas to a stake in the South line of the Robert Young Survey No. 12 and the NW Corner of Survey No. 20, EL&RR RR Co., Blk. Q. Thence with the South line of Robert Young Survey No. 12, West 1842.6 varas to a stake; Thence with the East line of Surveys No. 50, 8, 1 and 35, South 2 degrees 00' East 7605 varas to a stake in the North line of Survey No. 8, GC&SF RR Co., Blk. Q. Thence East 1577.8 varas to the place of beginning." The Second Tract, designated as Survey No. 2, for which field notes were filed by said Surveyor, on the 28th day of June, 1934, is designated as follows: "Beginning at an old stone mound the NE Corner of Survey No. 34, and the SW Corner of Survey No. 35, GC&SF RR Co., Blk. 1; Thence with the East line of Surveys 34, 29 and 28, South 2 degrees 00' E 5801 varas to an old stone mound the SE Corner of Survey No. 28 and NW Corner of Sur-

vey No. 24; Thence North 88 degrees 00' East 1900 varas to the NE corner of Survey No. 24; Thence with the East line of Surveys 24 and 23, South 2 degrees 00' East 3328 varas to the NE Corner of Survey No. 17 and N. W. Corner of Survey No. 18; Thence North 88 degrees 00' East 1900 varas to the NE corner of Survey No. 18; Thence with the East line of Survey No. 18, South 2 degrees 00' East 1775.6 varas to a stake in the North line of Survey No. 4, Blk. FF, Brooks and Burleson; Thence East 1179.4 varas to the NE Corner of Survey No. 4, in the West line of J. H. Edwards Survey No. 6; Thence with the West line of Survey No. 6, North 1900 varas to the SE Corner of John Small Survey No. 12; Thence with the South line of John Small Sur. 12 and E. Wigram Sur. 11, West 1900 varas to the SW Corner of Survey No. 11; Thence with the West line of Sur. 11 and EL&RR RR Co. Sur. No. 1, North 3800 varas to a stake in the South line of D&SE RR Co. Sur. 3; Thence with the South line of Sur. 3, and T. C. Ry. Co. Sur. 32, West 1900 varas to the SW Corner of Survey 32; Thence with the West line of Survey 32 and Sur. 8, GC&SF RR Co. North 5620 varas to a stake in the South line of Survey 35; Thence S 88 degrees 00' W 1574.8 varas to the place of beginning." The Third tract, designated as Survey No. 3, for which said Surveyor filed Field Notes in Crockett County, Texas, on June 28, 1934, is described as follows: "Beginning at the NE Corner of Survey No. 16 and the SW corner of Survey No. 18, GC&SF RR Co., Blk. 1; Thence with the East line of Surveys 16, 11, 10 and 5, Blk. 1, South 2 degrees 00' East 7632.5 varas to the SE Corner of Sur. 5, and the NW corner of Sur. 1; Thence with the North line of Surveys 1 and 2 GC&SF RR Co. N 88 degrees E 2809 varas; Thence North 119.4 varas to the SE Corner of Sur. 1, Blk. FF, Brooks and Burleson; Thence with the South line of Sur. 1, West 1900 varas to its SW Corner; Thence with the West line of Surveys 1, 2, 3 and 4, Blk. FF, North 7450.4 varas to a stake in the South line of Survey 18; Thence South 88 degrees 00' West 1174.6 varas to the place of beginning." The three sets of field notes above described, covering Surveys Nos. 1, 2, and 3, respectively, were filed by the Plaintiff in the General Land Office of the State of Texas on June 29, 1934. By reason of the Application for Survey to Purchase and the Survey and Field Notes duly filed by the Plaintiff in Crockett County, Texas, and in the General Land Office in Austin, Texas, as above set out, the Plaintiff became and is entitled to purchase said land at its reasonable value, exclusive of any value that may be attributed to the minerals contained in said land, and this suit is brought under the authority of the Statutes of the State of Texas, now in effect, pertaining to such matters, of fixing the Plaintiff's right to purchase said land. The various Defendants named herein own or claim lands or interests in lands which border upon the areas cov-

ered by the three sets of Field Notes, hereinabove set out, and there is a conflict between the boundaries claimed by said Defendants and the boundaries set out by said Field Notes, so that Defendants are brought into this lawsuit, as required by the Statutes of the State of Texas, for the purpose of determining the correct boundaries of the areas that the Plaintiff has applied to purchase, and for the purpose of determining the existence of said areas as unsurveyed and unappropriated State School Land. The Plaintiff says that the Field Notes above set out correctly mark the boundaries of the unappropriated State School Land that the Plaintiff has applied to purchase and that he is entitled to a judgment against all of the Defendants herein, fixing the boundaries of State Lands in accordance with the field notes herein set out and decreeing that he, the Plaintiff, has the right to purchase said land from the State.

WHEREFORE, Some of the Defendants and the Attorney General of the State of Texas having been heretofore served herein, the Plaintiff asks that as to those Defendants who have not been served herein, Citations issue herein to all of the Defendants residing in Texas, and that Notices to serve non-residents issue herein, as required by law, and for Citation by Publication as to those Defendants who are non-residents of the State of Texas or whose residences are unknown, and to the unknown heirs, devisees, and personal representatives of such parties, and that upon final hearing hereof, the Plaintiff have a judgment fixing the boundaries of the area of unappropriated State School Land, in accordance with the several sets of field notes herein pleaded, and adjudging the right of the Plaintiff as against all of the Defendants to purchase said land from the State, for costs of Court, and for general and special relief. HEREIN FAIL NOT, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Ozona, Texas, this, the 3rd day of June, A. D. 1941. (SEAL) GEO. RUSSELL, Clerk District Court Crockett County, Texas. Issued the 3rd day of June, A. D. 1941. GEO. RUSSELL, Clerk District Court, Crockett County Texas. 9-4tc

Sports-minded University of Texas co-eds are disproving the old axiom that "girls are sissies." Entries in women's intramurals at the State School this winter—competitive sports between student clubs—have totaled 4,134.

More than 90 per cent of all oil wells in North Texas are small pumpers.

ere by the three sets of Field Notes, hereinabove set out, and there is a conflict between the boundaries claimed by said Defendants and the boundaries set out by said Field Notes, so that Defendants are brought into this lawsuit, as required by the Statutes of the State of Texas, for the purpose of determining the correct boundaries of the areas that the Plaintiff has applied to purchase, and for the purpose of determining the existence of said areas as unsurveyed and unappropriated State School Land. The Plaintiff says that the Field Notes above set out correctly mark the boundaries of the unappropriated State School Land that the Plaintiff has applied to purchase and that he is entitled to a judgment against all of the Defendants herein, fixing the boundaries of State Lands in accordance with the field notes herein set out and decreeing that he, the Plaintiff, has the right to purchase said land from the State.

WHEREFORE, Some of the Defendants and the Attorney General of the State of Texas having been heretofore served herein, the Plaintiff asks that as to those Defendants who have not been served herein, Citations issue herein to all of the Defendants residing in Texas, and that Notices to serve non-residents issue herein, as required by law, and for Citation by Publication as to those Defendants who are non-residents of the State of Texas or whose residences are unknown, and to the unknown heirs, devisees, and personal representatives of such parties, and that upon final hearing hereof, the Plaintiff have a judgment fixing the boundaries of the area of unappropriated State School Land, in accordance with the several sets of field notes herein pleaded, and adjudging the right of the Plaintiff as against all of the Defendants to purchase said land from the State, for costs of Court, and for general and special relief. LATEST NEWS STATE FAIR OF TEXAS

Bare to the sky your tower split asunder, That stood for seven centuries 'gainst wind and thunder. Your front now torn where many babies were blessed, The pews where people knelt, their sins confessed, The chancel steps now bare, but still the rails Remain where we have prayed, God's joy prevails, His Cross still stands beneath a shattered pane, The roof agape for sunshine or for rain, Oh! Little church, foundation of our faith, You took the blast, Christ kept the people safe, And from the rubble now upon the floor We lift a Bible, may we prize it more, We touch a fragment of an oaken pew, Gone the stained glass, though there remain a few Dear treasures still, the plate, intact and safe— Oh, Little church, you help us keep our faith."

Scott Peters—

program of service to the nation's defenders. These agencies are the Y.M.C.A., the National Catholic Community Service, the Salvation Army, the Y.W.C.A., the Jewish Welfare Board and the National Travelers Aid Association. The united organization seeks to

raise a budget of \$10,756,000 through public subscriptions for use of these six agencies in serving soldiers, sailors, marines and defense workers, young men as well as young women, in camps, bases and manufacturing centers where there are no adequate resources in nearby communities for recreational and welfare activities.

The U.S.O. will not supplant the present work of the constituent agencies, but is a planning and coordinating group, leaving the individual agencies to operate the program which will have elements common to all of the participating agencies. Each one will be allotted a portion of the U.S.O. program, planned and coordinated to serve our youth engaged in national defense work.

E. B. Germany of Dallas heads the U. S. O. in Texas. The state has been divided into districts coinciding with congressional districts. Oscar J. Allen of El Paso is district chairman for the 16th congressional district.

Funeral Held Friday In Angelo For Harold Broome, Kin Ozonans

Funeral services were held in San Angelo Friday afternoon for Harold Broome, 41, insurance agent and civic leader of San Angelo, who was killed in an automobile wreck near Beeville late Wednesday. Services were held from the First Methodist Church, which was packed to capacity with

Transferred To Hawaii

Norman Rendall, III, son of N. E. Rendall, Ozona cafe operator, who recently completed training with the U. S. Navy at the San Diego base, has been transferred with a bomber observation patrol to the Hawaiian Islands. Young Rendall, who made a high rating in all his training work, is a wing commander aboard a Naval patrol bomber.

friends from San Angelo and surrounding territory.

Mr. Broome was a nephew of Mrs. W. E. Smith and Mrs. Bert Couch of Ozona. A son of the late C. A. Broome, San Angelo civic leader and pioneer West Texas ranchman, Harold Broome was well known throughout the area. He is survived by the widow and three children, his mother, Mrs. C. A. Broome of San Angelo and two brothers, George and Arthur Broome, of San Angelo.

Attending the funeral from Ozona were Mrs. W. E. Smith, Mr. and Mrs. Sherman Taylor, Mr. and Mrs. Bert Couch, Miss Mickey Couch and Evert White.

Miss Mary Margaret Harris is visiting in Barnhart this week.

Judge Davidson—

(Continued from Page One)

where he settled on the farm which I now own and which is being operated by my son-in-law and daughter, Bill and Nan Grimmmer."

Judge Davidson told of his early life on the farm. His father and mother were strict Presbyterians, he said, and among the most impressive memories was the strict observance of the Sabbath.

"We blacked our shoes on Saturday night to get ready for Sunday," he said, "and if there was stock to be fed, we had the fodder all gathered and ready to be scattered on the snow for the stock on Sunday. There would have been serious results if one of us had turned a somersault on the hay stack on Sunday."

An incident in the school room which illustrated the divided feeling during the Civil War was recounted by the speaker. The teacher, he recalled, was a fervent Unionist and had no use for a "Democrat" or "Copperhead." She attempted to expel a pupil who expressed a fondness for a family known to be in that category. A hair pulling fight ensued between sympathizers on each side. Judge Davidson said that he wanted to help the "Copperhead side" and entered the melee by grabbing a firm hold on the teacher's dress.

"I held on so tight that the dress gave way and the teacher was left in condition of readiness for bed," he chuckled. But the teacher sent a pupil for the judge's father, a member of the school board, and when the elder Davidson entered, his offspring sensed trouble, but in attempting a get-away through an open window, the seat of his 'jeans' hung on a nail and the father rescued his dangling son.

"I guess my father's sympathies were about like mine, anyway, as I recall, nothing happened to me," he said. "But the feeling was so high that the school was dismissed for a few weeks."

N. W. Graham, program chairman, invited Judge Davidson to return to the club at a future date to "finish the story." In introducing the honored guest, Mr. Graham described Judge Davidson as a "man who had been so busy serving others that he had forgotten to grow old."

2 Ozona Delegates Will Attend Rotary International Meet

Although Ozona's Rotary Club is but two months old, it will have two representatives at the 1941 International Convention of Rotary Clubs to be held in Denver, Colo., next week.

Frank James, who has planned to be in Colorado on a vacation trip next week, was elected the club's official delegate to the convention at Tuesday's meeting. C. S. Denham, another member of the club, who will be in Boulder, Colo., about 30 miles from Denver, attending the University of Colorado, was named alternate. Both likely will attend the convention session.

Two More Draftees To Leave Sunday To Army Training Camp

Crockett County will furnish two more recruits for the U. S. training army under the Selective Service act this week.

The two men, Leo Williams and Arturo Ramirez, are scheduled to leave here by bus Saturday night to report to the induction station at Fort Bliss in El Paso. Both are replacements for men who were turned down in the May call.

The first call for June will name one man from this county. This call orders the recruit to report for induction on June 18. Another replacement man will be named from this county in the same draft, making a total of four men to go from this county in June.

Omar F. Oathout returned Monday from Christoval where he has been taking hot bath treatments.

It's Time to Vaccinate for— Equine Encephalomyelitis

(Sleeping Sickness in Horses)

We are now in position to furnish you LEDERLE'S encephalomyelitis (chick) vaccine in the new approved 1 cc dosage in any quantity.

Simple instructions make it possible for any rancher to vaccinate his own animals against this destructive disease at small cost. Vaccine is injected into layers of the skin, but the medicine is so concentrated that sub-cutaneous injection is also effective.

Protect your horses at small cost. See us at once and reserve the number of doses you will need.
