Black Bailey, Wife Die In Highway Crash

On their way to the West after visiting relatives in Ozona, Mr. and Mrs. Bailey were killed in a head-on automobile collision a short distance west of Albuquerque, N. M., at about 6:30 Wednesday morning.

Mr. and Mrs. Bailey had completed a few days here with his brother, Bailey, and family and were en route to a reception at the country club after Friday night football practice, with nearly 100 Ozona friends gathering to see the visiting couple.

Details of the tragic accident, in which one man, driver of the other car fleeing in the accident, was killed, were lacking other than it was a head-on collision on the highway. Funeral plans were not known, but it is believed the bodies will be buried in Spokane, Wash., where Arthur Buckner (Buck) Bailey, was one of West's most colorful figures sports circles some 50 years ago.

That color, however, had been on the west coast for past 35 years where he was head baseball coach and football line coach for Washington State University. From early day of pro and semi-pro baseball and football in West Texas, Bailey attended Arizona Christian College and A & M College and coached high school football in California and played football with the Olympic Club in San Francisco. He was captain of the west coast team in the first East-West game, the west coast champion, and was named an All-American line man for the West game.

Foreman Draws Big Crowd For Campaign Rally

Congressman Ed Foreman, campaigning for reelection, arrived in Ozona Wednesday night along with his wife and children for a campaign rally, but nonetheless drew a good and high-spirited crowd to the courthouse due to weather.

Congressman Foreman and his group was accompanied to Ozona by a sing-along group called the Golden State Singers, from Nashville, Tenn., who delighted the audience with a number of songs, hitting at the liberals in the upcoming election.

The personable Congressman hit at the claims of his opponent in regard to his record and cited the Congressional Record to back up his denial of being always a "no" voter.

On the other hand Foreman strongly defended his record, particularly his stand against the "give away" foreign aid measures which hand out U. S. money to countries which are in Communist camp.

Foreman also cited his stand against the raise in membership at a time when the country was (Continued on Page Two)

Big Lake Overpowers Lions 20-0 To Roost At Top Of 8-A Heap

By Ernie Boyd

A big, well drilled Big Lake Owl team, sparked by a hard running 205 pound fullback, proved to be too much for Ozona's hard fighting but greatly outnumbered Lions last Friday night, before a capacity crowd. The visitors ground out a 20 to 0 win and took over first place in the district 8-A title chase.

For the Lions, it was the first loss of the season after chalking up six straight wins but the loss was no fluke and the Lions, who were outweighed almost an even 20 pounds to the man, gave all they had and never did quit, though the cause was lost.

The Lions might have made it a little closer except for a couple of fumbles but they were not decisive factors and may not have been as important as some fans imagined they were.

Big Don Childs, a 205-pound six-foot-two inch youngster who ran hard and low, was the big offensive weapon for the Owls but he got lots of help from 170 pound speedster Tommy Love, whose two bursts of 14 and then 11 yards in the second quarter set up the Owl's second touchdown. In all, Love picked up 72 yards, second only to the 149 yards picked up by Childs on 30 carries during the contest.

The Lions got off to a good start in the first quarter when Bob Amthor's

4-H Horse Club To Meet Sat. To Hear Dr. J. D. Ross

The Crockett County 4-H Horse Club will meet at 1:30 Saturday at the fair grounds to hear an interesting discussion of horses, from a veterinarian's standpoint, to be given by Dr. Joe David Ross, Sonora vet. Carl Conklin is adult leader of the recently organized 4-H Horse club. There are presently about 35 youths enrolled in the club and Carl says he expects the enrollment to reach fifty Ozona youths.

kickoff sailed deep and the Big Lake receiver was warmed at his own fifteen.

On the first offensive effort of the night, Childs hit Ozona's right tackle slot and got nothing but a bruise for his effort as Amthor and Tambunga belted him at the line of scrimmage for no gain. But that was about the last time Ozona fans got to yell, as the Big Lake team confined its offensive efforts to shots at the other side of the line until well after the half when the ball game was no longer in doubt.

The Owls could not get a first on the first series and had to kick and then came the game's first big break when Ozona's safety man fumbled the high boot and the Owls recovered near the Ozona 43. The loss of the ball was a bad break but not particularly the kind on which you say you gave the other team a score. The Owls had 43 yards to go and they earned them as they ground out the yards to the 15 from whence the big Owl fullback, though hit several (Continued on Last Page)

Concho Hereford Assn. Annual Bull Sale Set Nov. 10

The Concho Hereford Association will hold its eighteenth annual auction sale of registered bulls in San Angelo, Tuesday, November 10, 1964, according to Troy Williams, association president.

There will be 69 bulls offered in the sale, this including five pens of three bulls. They are all of good ages and in good breeding condition. Consigned by leading breeders of West Texas, they are of high quality and popular bloodlines.

James Grote, Granite Hills Hereford Ranch, Llano, will judge the bulls at 9:00 a. m. and Walter Britton, auctioneer, will start the sale at 1:00 p. m.

Write Ed Hyman, secretary, for a sale catalog. You are invited to attend the Concho Hereford Association Sale at San Angelo Tuesday, November 10.

Junior High And B Team Play In Big Lake Today

By Ernie Boyd

The Ozona Junior High football team and the High School B team, under the direction of Coaches Brooks Dozier and Chick Womack, will be in Big Lake this afternoon for games with their Big Lake counterparts slated to begin at about 4

As was the case here, games will be played between the 7th grade squads the 8th grade squads and the B teams.

Last week in Iraan the Junior High Cubs kept their unbeaten mark intact when they downed the Iraan Junior High 36 to 0.

Fleet Coates and Randy Fagan scored touchdowns in the first half in what proved to be a fairly even contest for a half but in the second half the Iraan crew wilted and Coach Womack played reserves a good part of the last two quarters.

The Ozona B team lost a hard fought 16 to 14 decision to the Iraan reserves when they failed to make one of their two point tries.

In the games between the Big Lake and Ozona teams, played here two weeks ago, the 7th grade lost a 6 to 0 decision after outplaying the Big Lake crew decisively and the 8th grade scored only a 14 to 6 win though the almost chased the Big Lake team out of the stadium, and did not give up a first down until the final quarter.

In the B game, Big Lake's numerous and talented reserve squad scored twice in the final period to down the Ozona team 24 to 6 in what had been a very close game.

Since that game two of the Big Lake stars have reportedly been moved up to the A squad but it was not known if they will be used on the B team.

Voters to Decide Nation's Future In General Election Next Tuesday

Ballot Splitting Methods Explained For Voter Benefit

Close observers of Texas elections down through the years expect an unusual amount of "ticket splitting" in the General Election November 3rd.

Members of both major parties will be affected; that is, "regular" Democrats may find that they want to cross the party lines to vote for one or more, but not all, Republican nominees; and vice versa.

In the 1960 General Election, at least half a million Texans voted "split tickets." This estimate comes from comparing the total vote received by the Kennedy-Johnson ticket with the Democratic and Republican votes for Governor and other state offices.

The Courts have held, in effect, that there is no legal bar to ballot-splitting. Each voter has the right to make his individual choices, regardless of party, and this right cannot be limited by party action.

The mechanics of ballot-splitting are less complicated than the average voter realizes. To vote for a particular candidate for a particular office, the essential thing is to leave his name and mark out the name or names of his opponents in the other columns.

Voters using paper ballots need to be reminded that there are other columns than the Democratic and Republican, and that these columns must not be overlooked. The final result must be, simply that only one name is left (in whatever column) for each office. Otherwise, the vote for that office cannot be counted.

Moe Barbee Tells Woman's Club Of European Tour

Ozona Woman's Club met in the new ranch home of Mrs. Frank McMullan Saturday evening. Mrs. Ted White and Mrs. Roy Killingsworth assisted Mrs. McMullan as hostesses.

Moe Barbee took members and guests on a tour of Scotland, Belgium, England, France, Hungary and Germany. Moe and his group of Texas 4-H Club members on a people-to-people tour, visited farms, castles and cities. They learned about methods of farming in these countries and told them about farming and ranching in Texas.

The youths found that in some of the countries, women did most of the work in the fields, Moe said. Vicki Lynn Montgomery played three piano selections.

Guests of the club were Mr. and Mrs. Beall Barbee and Moe, Mr. and Mrs. Beecher Montgomery and Vicki Lynn, Mr. and Mrs. M. A. Barber and Mrs. Rex Russell of Midland.

Dinner was served to approximately forty members and guests.

Crockett county voters, along with millions of others in every county and state in these United States and its possessions, will go to the polls next Tuesday to elect a president and vice president, Congressmen, Senators, State and County officials and to decide other issues which may be on the ballot. Three amendments to the Texas constitution are to be decided on ballots in this state.

Antlerless Deer Permits Issued Here Mon.-Tues.

Antlerless deer permits will be issued in Crockett county Monday and Tuesday, Nov. 9 and 10, at the courthouse in Ozona, Game Warden Norman Hooten announced this week.

The approximate rate of issue of doe permits will be one to every 200 acres of land.

The permits will go to ranchmen who may use any or all of the permits he is entitled to according to his own wishes concerning the harvesting of doe deer on his ranch this year.

The Game Warden will be on hand from 8 a. m. to 5 p. m. each of the two days to issue the doe permits. Any landowner who wishes to secure these permits is invited to call during those hours.

The Ozona Chamber of Commerce is attempting to serve both the hunter and the landowner this year by maintaining a list of hunting sites in the county at the chamber offices. All ranchers are invited to call at the chamber offices and list their places and provide needed information which the Chamber will need to guide hunters in choosing a place to hunt.

Lions, Bronchos Tangle Friday Night In Sonora

By Ernie Boyd

The Ozona Lions will attempt to keep alive whatever district title hopes still exist and at the same time to break a Sonora win streak over the Lions when they travel to Sonora Friday night to meet the Bronchos, with the kickoff set for 7:30 p. m.

The Lions emerged from last week's tilt with Big Lake in remarkably good shape and were encouraged by the return to full duty of tackle Rick Hagestein and halfback Randy Upham who returned to the squad last week but who has been held out until this week.

Only end and linebacker Larry Williams was held out of contact work this week in preparation for the Sonora contest. Williams got a cut above one eye in last week's game but is expected to be ready to play Friday night.

With the return of Hagestein, the Lions will probably start an offensive team of Sam Cervantez, 139, and Thomas Garza, 163 at ends, Rick Hagestein, 172, and Bob Amthor, 226, at tackles, Pete Garza, 166, and Alejos Tambunga, 140, at guards and Mike Walters (Continued on Last Page)

With one of the most vigorous campaigns of recent years, the vote is expected to be heavy throughout Texas and perhaps throughout the nation.

Absentee voting will continue until Friday of this week. To yesterday, the total absentee vote in this county stood at 76, Miss Letta Powell, county clerk, reported.

Balloting will be in all seven voting precincts of Crockett county. Election judges have been named and they in turn are recruiting workers to man the polling places during voting hours Tuesday.

At the courthouse, Precinct 1 voting place, J. G. Hufstetler will be the election judge. Precinct 2 voters will vote at the high school, with Tommy Harris as election judge. At North Elementary school, voting Precinct 3, Jack Williams will be election judge. At South Elementary, Precinct 4, Ernest M. Boyd will preside.

Powell Field box, Precinct 5, Mrs. Ernest Dishman will be the election judge. Jeff Owens will be the election judge at the Owens Ranch box and at the West Texas Utilities Co. power plant in far northwest Crockett county, J. A. Carroll will be the election judge.

This county has a registered voting strength of 1,290, plus the overage exemptions and those who have become 21 years of age since January 1.

Voters this year may be puzzled by a heavy black line which is printed on the ballots just under the last of the candidates for national offices. This is the result of the "double standard" for poll tax payers and non-payroll taxpayers in Texas. Those who take advantage of the federal anti poll tax law which gives them the privilege of voting for candidates for federal offices without paying a poll tax, can vote only for those candidates above the black line — and such voters will get only that portion (Continued on Last Page)

WE KEEP THINKING

As time will permit in the daytime and in the still of the night we keep thinking, and, like you, we think a lot about the national election coming up next Tuesday.

Two facts keep coming back again and again: first the recent and almost unnoticed national elections in Finland and Sweden; both countries moved radically to the left. They were followed by England, which narrowly elected a labor government.

Moscow has not even attempted to conceal its joy at these changes in government.

But, these three elections were only side-shows for Moscow. The big one is November 3. And if there is any doubt, read and re-read these instructions appearing in Moscow's "World Marxist Review" for September 1964, page 66:

"With the capture of the Republican Party by the ultra-right, the main strategy and tactic is to do everything possible to unite all the democratic forces to defeat Goldwater.55

We keep thinking that the voters do, indeed, have an important decision on November 3.

Students of OHS would like to take this opportunity to thank all the citizens of Ozona who have spent much time and effort in adding school spirit during the past week.

We realize it takes not only the students but every citizen in the community to have a successful organization.

We would especially like to thank the fire department and police department for their co-operation during the bonfire and the merchants for adding their support.

On November 3, 1964, the qualified voters of the United States will elect our next President. This exciting election is the most important event in America, and yet there are many who do not care enough to vote. The reasons for Americans not voting may be many, but one is the simple lack of interest in what is going on in our great na-

tion. If there are so many adults who feel this way, think how many young Americans under the age of 21 that will think this same way. Already there are too many from the ages of 13-20 whose world doesn't extend past their city limits.

Current events of today is the last on the list of interest among many of the youth. The future of this great nation lies in our generation, and if it is to stay a great nation, then we young Americans are going to have to have a clear and stable background of the government of the United States.

Since adults are a main influence on youth, the interest in current events and in politics must be layed down by adults and carried out in the future by their descendants.

FFA MEMBERS HOLD FIRST MEETING

By Carey Pitts

Ozona FFA members met Monday night, October 26, at the vocational Agricultural building for the first meeting of the year. All the members enjoyed a hamburger supper cooked in barbecue pits made by the chapter members.

This first meeting was the organizational meeting for the chapter. Greenhands (The first degree for V. A. I. students) were

initiated and voted into the chapter. The program of work for the 1964-65 school year was explained, and the members voted to adopt the program.

The classes of vocational agriculture are working on and planning to attend the Concho District Contests to be held in Eldorado November 11.

The six contests in leadership training include: Senior chapter conducting; junior chapter conducting; junior farm skill; senior farm skill; radio contest; FFA quiz.

The teams placing first in these district contests will attend the regional contests held in Big Springs November 21.

GOSSIP

Mary Jane Dunlap and Diane Couch

Why did everyone take home so many books this weekend?

Wonder what fine-cars

were taken coon hunting Saturday night?

How was the dance Friday night, Mary Jo?

Is this something new—a junior working in the concession stand.

It seems that some Ozona kids are sure spending a lot of time in Sonora. What about it!

Hey Jimmie Dewberry, what's this I hear about you and Carol C. riding around after school these days!

Wonder who painted the draw before the game last Friday night.

Who were you riding around with late Friday night, Judy L.

Wonder who hit a deer Friday night?

Mr. Pelto, is the strain in the office getting too much for you, or do you always sing to yourself?

Is it true Mr. Cleere got caught smoking?

Was there a homecoming party Saturday night?

Where are Ruthella N. and Celia H. going this weekend?

Why are Connie B. and Latessa W. hopping up and down the stairs? Could it be you both have a sprained ankle?

Wonder what girl is running around with a cast on her leg?

We were glad to see all the ex's home this weekend—nice to have all of you back again!

GHOSTS INVADE OHS

By Cathy Miller

The ghosts are going to get you, if you don't watch out! Orphan Annie knew what she was talking about, if it has been said that on Halloween the ghosts and goblins will be on the rampage in the halls of OHS.

The secretaries reported that the "ghost of the messy files" will haunt Mr. Pelto's office. They really could not do much more damage?

Surely all those distinguished men of history will pay Mr. Cleere a little visit.

George Washington may even leave behind a souvenir—his wooden teeth!

Think of all the spirits that will be brewing in the chemistry lab. May be even a few biology specimens will come to life on the night when the great pumpkin comes to call.

There'll be no charge for all the literary geniuses that will roam second floor. Edgar Allen who was known to hit the bottle occasionally, may even leave Mr. Moody a bird, and it won't be a raven either!

If on Saturday night anyone notices strange things going on in the school building, think nothing of it! A few of the "old timers" are just renewing old acquaintances.

OHS PURCHASES VICTORY FLAG

O. H. S. has bought a "Victory Flag" which will fly under the American flag on the flag pole between the high school and Junior high.

The flag is purple with a gold Lion embroidered on each side.

When the Lions are victorious, the flag will fly all during the next week and will be taken down when the Lions are defeated.

WHAT IF

Janis Walker and Yvonne Martinez

Mr. Dozier had a Volkswagen?

We had elevators in the school?

The Ex's of OHS never came home?

All of the students in OHS went trick or treating?

All of the Freshmen made the honor roll?

Mike Walters was really a cop?

What about it Bonnie? Randy had to ride a horse to school?

Sharon was with Jack Saturday night?

The boys weren't planning on acting like Roy

Rodgers Halloween night? Sean Connery and Geo. Segal taught school here? Eleno M. didn't like the Sonora girls?

Tommy R. didn't like cowboys? Cynthia Reina had straight hair?

Some basketball girls did not limp through the halls? Sandra M. understood the senatorial elections? Mary Alice F. registered

again? Mr. Moody had recored the Senior pop tests grade last Friday?

Thomas G. didn't have curly hair? Simon G. liked girls?

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

LIONS ROAR

Continued from Page 4)

Last week, the Freshman class took the Flanagan Appraisal Classification Test. This new nineteen-test edition has been developed to help schools identify students who are gifted in various vocational fields, and help students establish future educational and vocational plans.

WINNERS OF BOX CONTEST AND SIGN CONTEST ANNOUNCED

For the past few weeks, high school students have collected boxes for the bonfire, last Friday night. The Freshmen class won and received \$5.00.

Also, each class has worked on signs which hung or stood in the halls. The signs were rated on by the teachers. The Juniors received \$3.00 for their sign.

BONFIRE HELD LAST THURSDAY

Last Thursday night the students of OHS had a bonfire by the football field. Every year the different classes gather as many boxes as possible. The evening before the homecoming game the boxes of each class are judged by the cheerleaders, and the winner of the box contest is determined by who has the greatest amount of boxes. This year as almost every other year the Fresh-

men class won the contest. Students and citizens of Ozona gathered around the bonfire to watch the boxes burn, and a pep rally was held.

SENIORS EXPRESS THANKS

The Senior class would like to take this opportunity to express their appreciation to Mr. Prater of Prater Electronics for his generosity in repairing the popcorn machine.

We would again like to thank all the mothers and citizens of Ozona who have donated food and "aided" the class in many ways.

QUESTION OF THE WEEK

By Lynda Miller

What are your plans for Halloween?

Carmen C. — To give a lot of "scares".

Betty H. — I'm going to go trick or treating but mostly tricks.

Randy U. — I'm going to be a naughty boy!

Celia H. — Go to Sonora.

Buddy F. — To spook little kids.

David L. — To hide in the bushes and steal the candy from the little kids.

Bobby A. — Goldwater for Halloween!

Mike W. — Go tricking!

Carry P. — Little bit of everything.

Janis W. — Put on a witches' costume and fly through the air in "Ole Blue".

Linda L. — Go trick and

treating to get a lot of candy to eat. Cathy M. — Try to get Beatie in the school!

THE Soul WEARS A Mask

You can read many things in the human face. It is often the mirror of our emotions. It is sometimes the reflection of our character.

But almost never does the face reveal the needs of the human soul. Like some artificial mask it can look satisfied when the soul is starving. It can look calm when the soul is troubled. It can look content when the soul is restless and yearning.

How then can we read our soul's needs?

We can read them in the Bible. And in the centuries of man's universal reaching for God. In the prayers that a hundred million lips have framed. In the hymns and psalms that generations have echoed.

God alone fully understands the needs of a human soul. He who created us knows what is essential for His creatures. And when we come to His House, trying to understand these deep spiritual needs . . . all the while He is supplying them, satisfying the hungers of the soul.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"Frontiers of Advance" was the mission book taught Wednesday by Mrs. Pleas Childress, Mrs. Doyle Perdue and Mrs. Kay C. Shannon at the regular meeting of the First Baptist W. M. U.

The revolution that is taking place today is the greatest revolution ever made, the study pointed up. It is one of science, faith and people. Scientific knowledge in the past 300 years exceeds that of the last 3,000 years. There is a definite population explosion in the world today and along with this comes the threat of secularism. The

urgency for knowledge of Christianity is greater today than ever before, the study pointed out.

Mrs. James Palmer was welcomed as a new member. The meeting was adjourned with prayer.

'65 Comet completes 16,200-mile durability run from Cape Horn to Fairbanks, Alaska, in 40 days

Livelier Comet proves once again why it's the World's Durability Champion. Uses show-room models in day-and-night grind from the bottom to the top of the world.

FAIRBANKS, Oct. 22 — Three Mercury Comets today finished a run no car has ever attempted in so short a time—the rugged 16,200-mile grind from Cape Horn to Fairbanks.

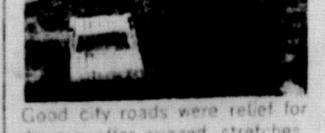

En route, day and night, the cars had no major repairs, just routine maintenance. That's ample proof that 1965 Comets are powerful and tough, not just lively and beautiful.

In South America, Spring was near. Thaws flooded the roads.

Passing abandoned gold refinery at Antofagasta, northern Chile.

Good city roads were relief for drivers after rugged stretches.

Shades of Daytona! Comet is famous for durability. Last year, specially equipped Comets ran 100,000 miles at Daytona in 40 days.

Regular production-model Comets used, just like show-room Comets. Want to see the car that made it from Cape Horn to Fairbanks? Visit your Mercury dealer's. Check a 1965 Comet. Only difference: the run cars had an extra gas tank, because service stations were frequently so far apart in South America.

Comets are ready for immediate delivery. No waiting, if you order yours now.

There Must Be A Reason...

Seldom in the history of the nation has a presidential candidate earned the widespread editorial support that President Lyndon B. Johnson has received from responsible newspapers and magazines—Democratic, Republican and Independent.

Many of these publications are endorsing a Democratic presidential candidate for the first time. One, the Atlantic Monthly, has never before in its long and respected history given its editorial blessing to any presidential contender.

THERE MUST BE AND THERE IS A REASON FOR THESE INDORSEMENTS

The owners and publishers of these newspapers and magazines are conservative businessmen, deeply concerned with maintaining and strengthening the very freedom which makes it possible for them to exist and flourish.

tion of the ballot, the election judge cutting it on the line and handing the voter only the top.

The non poll tax paying voter holds a registration certificate which entitles him to vote in the national election. Such certificate must be shown at the polling place, the same as a poll tax receipt.

The ballot, which is moderate in size this year, contains only four columns, Democratic party in the first column, Republican party in the second and the Constitution Party in the third. The fourth column is for write-in candidates.

The Democratic party, of course, has a full slate of candidates, down to constable. The Republican ticket carries candidates for president and vice president, for U. S. Senator, for Congressman at Large, for U. S. Representative from the 16th District, for Governor, for Lieutenant governor, for attorney general, for commissioner of agriculture, for commissioner of the general land office, for comptroller of public accounts, for railroad commissioner and for Associate Justice of the Supreme Court.

The Constitution party has candidates for president and vice president U. S. Senator, Congressman at Large, for governor and lieutenant governor, commissioner of agriculture, for comptroller of public accounts and for state treasurer.

The three amendments at the end of the ballot will require voter attention. The first would remove authorization for transfer of one percent annually from the permanent school fund to the available school fund—perhaps a wise move to prevent erosion of the permanent school fund.

The second amendment has to do with setting up certain requirements for enactment of laws affecting particular conservation districts and the third is another proposed change which would give the legislature power to authorize more spending on behalf of needy aged citizens and opening the way for acceptance of federal welfare funds.

The polls will open at 8 a. m. and close at 7 p. m. and in a few hours after that hour, the nation will know whether Lyndon B. Johnson will begin an elected term as president next January or will be replaced by Barry Goldwater of Arizona.

times, rolled in for the game's first score.

The Owls proved it was no fluke in the second quarter, that is if anyone thought the first one was. They rolled 60 yards, with Tommy Love scoring from the 4 after setting it up with runs of 14 and 11 yards. Bren Holland, who kicked the first extra point, also hit the second one and the Lions went to the half behind 14 to 0, when a pass intercepted by Beto Ramos put an end to another promising Big Lake effort.

The Lions did not go into the intermission conceding the jig was up but came back willing to hit at every opportunity. But after one brief two-first-down excursion in the second quarter, the Lions were never able to mount any type of sustained offensive effort.

An 8-yard dash by Richard Vargas followed by a pickup of four by sophomore George Cox gave the Lions their only first down of the last half early in the third period, and after that the Owls took the ball and kept it all but the last five seconds of the third quarter while grinding out a 70 yard drive that finally ended with Childs crunching over from the 4. This time Holland missed the extra point but it was not very important anyway.

The only difference between the third and fourth quarters was that Ozona did not get a first down and Big Lake did not score.

The game was a clean one with few penalties, and none for any type of personal foul. Both teams hit hard and several were shaken up during the course of the contest but no one was injured, though one Big Lake grizzer re-

injured a leg and Lion end Larry Williams got a cut above his eye.

The Lions deserve a great deal of credit for hustle and desire and fighting on after everyone knew the cause was lost. But that has been a trademark of the team all year and one that wasn't lost in the heart-break of the season's first loss.

The Owls rolled up 266 yards rushing and another 18 passing while Ozona could muster but 43 yards on the ground and 8 in the air.

Big Lake went into the air four times, completed two and had one intercepted while Ozona threw four times, completed two and had none intercepted.

First downs in this case told the story. Big Lake had 19 and Ozona 3. Ozona managed to get off only 27 plays, excluding kicks, during the game while Big Lake ran

Lions, Broncos —

169 at center. In the backfield, the Lions will have Bill Carson, 139, at quarterback, George Cox, 146, and George Kyle, 128, at halfbacks, and Richard Vargas, 152 at fullback.

On defense, Larry Williams, 142, and Thomas Garza, 163, will be at ends, spelled by Alejos Tambunga Pete Garza and Hagelstein or Walters will be at tackles and Buddy Farris, 227, and Bob Amthor will be at guards. In the secondary, Beto Ramos, 145, and Richard Vargas will back the line with Sam Cervantez and Pon Seahorn, 142, at halfbacks, with Cox at safety.

Sonora will be led in the 65 offensive plays, leaving out kicks, and that was about the story of the ball game.

attack by their quarterback Ellis, who is a fine passer and runner, and who is supported by a big line and pair of food receivers. The Broncos, with Big Lake to play, are still in the tie running, having lost only to Eldorado in something of an upset last week.

The Broncos have not carved out a string of straight wins over the Lions going back to 1960, when Ozona lost to Sonora and defeated Eldorado, who had in turn defeated Sonora. In throw the district into a three-way tie.

The Lions, with a 5 win and 1 lost mark, can still finish the season with a splendid mark but the Sonora game could be a determining factor in those plans.

Richard Flowers, Ozona ranchman, underwent an emergency appendectomy in the Crockett County Hospital this week.

When the house is closed up... and

the kitchen's soot free

Flameless Electric Cooking

is all it could be

During the winter months when the house is closed up, a flameless electric range is almost a necessity. Only an electric range can prevent the ugly, oily film on windows, walls, cabinets...everything in the kitchen and adjacent rooms, because there's no combustion. Since heat is delivered directly by metal-to-metal contact with the bottom of the utensils, you don't have to clean soot from pots and pans. There's no doubt about it...electric cooking is clean, accurate, fast, and by putting the heat into the food, not into the air...you don't have to pay for dissipated heat.

Visit an electric appliance dealer soon and bring home an electric range so you, too, can have a bright and shiny kitchen.

FREE WIRING — An extra for WTU customers. If you are a customer of WTU and purchase your flameless electric range from a local appliance dealer, WTU will install the wiring at no charge to you.
