4-H Members Exhibit Creations In Favorite Foods Show Here Sat.

The first annual Crockett County 4-H Favorite Foods Show will be held this Saturday, March 27, at the Elementary School Auditorium. Sixty-six 4-H members, ages 9 to 15, have entered entries for the show. Usually, only girls participate in the 4-H foods show, but four boys have selected their foods and have made entries for the show.

4-H members entering county foods show have prepared and submitted a menu and recipe of a food entry to the display office in Fort Stockton where they will be judged and scored. Members are one-half of their total score for the foods show and the other half to receive their menu and recipe when judges will be the exhibitor's food and question the exhibitor on his or her knowledge of nutrition in general.

There are four different groups in the show, a group, bread and cereal group, meat group and vegetable group. Members are allowed to be one entry in only one of the above named groups.

Judging of entries starts at 3:00 p. m. by a delegation of eight judges from Fort Stockton. Parents, friends of the public are invited to come at 3:00 p. m., at which time the 4-H food exhibits will be on display. Awards furnished by the Southwest Texas Electrical Co. will be presented to winners shortly after 4:00 p. m. R. A. Harrell, director of the Co-op for Crockett County, will make presentations.

First Chamber Annual Banquet Set For April 13

The Ozona Chamber of Commerce is looking forward to a "first" on April 13—its first Annual Banquet, with A. C. Akins of Odessa as guest speaker, and Ed. Barod, president of the organization said this week. The organization held its first annual meeting on February 28 last year, but it was to the Chamber being its first year of operation, no banquet was planned.

Mr. Akins, employed by the Baroid Division of the National Lead Company, is an accomplished after-dinner speaker and well known in many Permian Basin areas. A resident of Odessa, Mr. Akins has been an active and dedicated worker with many civic organizations, including the Odessa Chamber of Commerce. His understanding of the "West Texas Picture" and his talent as a speaker promises an entertaining night for all who attend.

The banquet planning committee, working out final details, plans to provide further attraction by staging the event in Ozona's new Civic Center. Chamber of Commerce members are urged to mark their calendars and watch for further news of this important occasion.

Baseball Season Opens; Indians Of Ozona Lose Opener

The Ozona Indians opened their 1965 baseball season (in overcoats) at Del Rio Sunday with a 5-4 loss to Del Rio.

The Indians outfit the host city team 11 to 8, with Rudy Martinez making the big noise with the stick. Rudy's production for the chilly afternoon was three doubles and one single in five trips to the plate. Alvin Sanchez went the distance for the Indians while Vasquez was Del Rio's hurler.

The Indians went into the contest with only one week of practice while the Del Rio team was playing its third game of the new season.

Next Sunday, the Indians will host Del Rio in a return match at Powell Field.

Nonie Conklin Is Presented In Piano Recital

Miss Nonie Conklin, daughter of Mrs. W. P. Conklin, a senior student at Southwestern University, Georgetown, was presented in a piano recital before a group of friends in the home of her uncle and aunt Mr. and Mrs. R. A. Harrell Tuesday evening.

Annual Clean-Up Drive Launched By Womans Club

Committees in charge of the Ozona Woman's Club sponsored annual clean-up drive had completed plans for launching the drive next Monday with an urgent appeal to all Ozonans to start now toward cleaning up their premises to have the town shipshape by Easter.

The county road department is cooperating as in previous years by hauling all accumulated trash free of charge one day at the end of the drive. The county has set Monday, April 12, as the day on which the trucks will be made available for hauling trash.

Residents are asked to sack or box all loose trash and cans, place them in the alley or at the property line so that trash haulers will have ready access to the accumulation. The trash gathering crew will not enter on private property to pick up trash, it must be placed so that it can be readily loaded on trucks.

Owners of vacant lots or rent property are urged to see that such premises are given a thorough cleaning and all trash made ready for hauling away. Business houses are also urged to make needed clean-ups front and back of their business property.

Cooperating with the Woman's Club are all other women's groups, including the Woman's Forum, the Woman's League and the Ozona Garden Club. Later in the campaign, committees from the clubs may inaugurate a telephoning campaign to make sure that all sections of the city are cleaned.

Bussey Completes Course In Drilling Techniques At OC

Joe F. Bussey of Ozona, drilling superintendent for Mobil Oil Co., stationed in Turkey the last four years and now home on leave, recently completed a course of study in the School of Drilling Technology at Odessa College and was one of 37 to receive the traditional gold-colored hard hat in recognition of completion of the course at a dinner last week in Odessa.

The school is co-sponsored by the American Association of Oil Well Drilling Contractors and the University of Texas.

Registration For Little Leagues To Be Held March 29

Registration of team members and candidates for tryouts for this year's Little League program has been set for the Little League Park Monday, March 29th, it was announced this week.

In order to be eligible a boy must live in Crockett County, and have been born before August 1, 1956. All boys born before August 1, 1952 will be ineligible.

All of the prospective candidates were given letters to take home to parents this week with instructions to bring birth certificates to the registration Monday.

The new registration method departs from the method of enlisting entirely through the schools since the job of determining ages becomes quite complicated without league officials checking each case.

Tryouts for boys seeking to make a team this year will begin Monday, April 5, at 4:30 p. m. and members of teams will not report for these tryouts.

One change in league sponsorship has been made this year with Mason Motor dropping out and Flying W Ranch taking over that slot in the league. Members of the Mason team go with Flying W automatically since the change in name does not affect team members.

A Little League Board meeting was held Tuesday night as preparations continue for the organization of the league with play set to begin Monday, May 3rd.

Southland Royalty Sets Todd Wildcat

Southland Royalty Co., Ft. Worth, will drill a 2,300-foot San Andres wildcat in Crockett County, 25 miles west and slightly north of Ozona and 2 1/2 miles southwest of the Todd, Southwest (San Andres) field, but separated by failures. It is the No. 2-3 Todd.

Location is 660 feet from the north and 2,130 feet from the eastlines of 3-YZ-EL&RR. Ground elevation is 2,678 feet.

It is also 1/2-mile west of the firm's No. 1-3 Todd, an 8,268-foot Ellenburger failure, abandoned Sept. 10, 1952, which topped the San Andres at 1,950 feet on elevation of 2,652 feet.

Tourism Course Planning Session Set At CC Office

A pre-clinic meeting on the coming Tourism Course, scheduled for May 5 & 6, will be held at the Chamber of Commerce office Wednesday, March 31 at 2:00 p. m.

George Jordan, Tourist Department manager for West Texas Chamber of Commerce, will be present to help lay ground work for the course.

Every Ozona merchant and citizen interested in the effect of the tourist dollar on local economy, is urged to attend the meeting to learn benefits to be gained by participation in this two-day course on "Selling and Serving Tourists."

Qualified voters of Crockett county will decide the future of Ozona's Public School system Saturday when they cast their ballots in the election which will determine whether or not \$320,000 in bonds are to be issued for the purpose of expanding and improving the system to meet the needs of a growing community.

Polls will open at 8 a. m. and close at 7 p. m. in three voting places in the county, at the courthouse in Ozona

Pan-Am To Drill Outpost To South Crockett Producer

Pan American Petroleum Corp. and Highland Oil Co. will drill the No. 1 V. P. Miller (New) as a 3/4-mile southwest outpost to the opener and lone producer in the Miller (Ellenburger) gas field of Crockett County, 20 miles south of Ozona.

Location is 1,997 feet from the north and 2,210 feet from east lines of the west half of 6-0-W. E. Jones. Contract depth is 12,100 feet.

The discovery, the same operators' No. 1 Miller Ranch Gas Unit same section, was finalized April 19, 1944, for a calculated, absolute open flow of 10.9 million cubic feet of dry gas per day through perforations between 11,330-11,616 feet.

McCamey Edges Ozona To Cop Plateau Relays

The McCamey Badgers came very near sweeping the mile run in Eldorado last Saturday and went on to edge the Ozona Lions 89 to 78 to cop the Plateau relays.

The Lions captured only two first places as they suffered something of an off-day on the cold wind-swept Eldorado track, which has never been too kind to Ozona trackmen.

David Childress won the high hurdles with a 16.0 time and Gary Pagan won the shot, but beyond that, the Lions had to depend on places and lost their ace in the hole when their relay teams had trouble with handoffs and just generally failed to show the form they have exhibited for the past several weeks.

The Lions got started on the wrong foot when Garay Pagan, who tossed the discus 150' last week, failed to even be in the finals of that event, though the distances were not nearly as good as those posted in So-

Calling of the bond election a year's study by the school board of the system's needs resulting from a steadily increasing enrollment. New classroom space in both the elementary schools and in the high school were found to be a pressing need, due to become critical next year unless provision is made to meet it.

A brochure explaining the system's needs and the projected building program to be undertaken if the bond issue is approved was prepared by the school's architects and engineers and distributed during the past week among citizens here.

"A steadily increasing student enrollment in the Ozona schools each year has made it apparent to the board for some time that new classroom space and other facilities were needed," the comprehensive brochure concluded in presenting the projected building program for the consideration of the electorate.

"For the last year the board has conducted an extensive study to determine the extra classroom space needed on each campus and the wisest and most practical means of providing these extra facilities with respect to the financial standing of the county.

"The building program at this time is being undertaken to avoid overcrowded conditions in our classrooms which will surely come if extra facilities are not provided. Additional classrooms library and athletic facilities are also proposed to improve the quality of instruction in these areas. Additional housing facilities are need to meet the needs of the personnel."

A break-down of cost estimates, prepared by the architect - engineering firm of Dawsey, Joiner, Coburn and King of Houston, shows \$271,000 in new construction to expand the educational facilities, and an additional \$49,000 in repairs and renovations to existing buildings and athletic facilities.

The new construction includes: High School Library and two classrooms, \$90,000. South Elementary, two classrooms and restrooms, \$25,000.

North Elementary, three classrooms and restrooms, \$45,000.

Field House at the athletic field, \$28,000. Superintendent's residence, \$30,000. Teacherages, addition of (Continued on Last Page)

BANKRUPTING SOCIAL SECURITY

The proposed King-Anderson bill (Medicare) would cost almost \$3.8 billion in social security funds by 1975, and the program would be running \$683 million a year in the red by that time.

That finding does not come from some dedicated opponent of medicare. It comes, instead, from the Department of Health, Education and Welfare. Moreover, the estimate does not include the funds that would be spent from general revenues to provide benefits for persons not entitled to social security retirement payments. When these funds are added, the figure jumps to well over \$4 billion.

Also, estimates of this nature, no matter how carefully compiled, commonly turn out to be excessively optimistic. The actual costs are almost always much higher. For example, when Britain embarked on so-

cialized medicine, it was estimated that the cost would be under 200 million pounds a year — but the cost for the first year alone was more than twice as much. And the French social security system, according to government announcement, is near the breaking point. The health bill is the chief cause of the crisis.

To make matters worse, medicare is far more limited in its provisions than most people know. It does not, for instance, provide for the services of doctors and dentists. It is essentially a hospitalization and nursing home plan — and even there its benefits are severely limited.

Far better programs for meeting the health problems of the needy elderly are before Congress. That proposed by the American Medical Association, under the name Eldercare, is outstanding. It would use public funds to pay all or part of the cost of health insurance for elderly people un-

able to afford it. It offers much more in the way of benefits than does medicare — and on a vastly sounder financial basis.

PRIVATE VS. PUBLIC

(From the Arizona Republic, Phoenix, Ariz.)

The Freeman, a monthly magazine that has a way of getting economic facts across to its readers, recently compared what has happened to electricity bills and to mail bills, the former being charged largely by private utilities, the latter being a public monopoly.

In 1907, says an article by Paul R. Poirot, Edison Light and Power Co. billed a customer in Wichita \$7 for a month's service which consisted of 14 kilowatts of electricity. The bill, a postcard, had a one-cent stamp

on it. Today the postage rate has risen to 400 percent of the 1907 cost, while the electricity rate is 4 percent of what it was then.

Expanding on the theme, the article says today's average American home, if fully electrified with air conditioning and heating, uses 24,000 kw a year, costing the home owner \$480. At the 1907 rate that amount of electricity would have cost \$12,000. If the electric bills had climbed in the same ratio that the postal costs climbed in the 58 years since 1907, the homeowner's electric bill this year would have been \$48,000.

ONE FINAL POINT While

the privately owned electric companies were paying taxes and dividends, the government postal system ran up a deficit of \$10 billion during the period under review.

There are, of course, those who insist that privately owned utilities should be taken over by the government and run for "the public good." It's evident that the public good is much better served by privately owned and operated utilities than by the public variety.

This fact is so evident that the believers in government ownership have turned their attention largely toward transmission, rather than production, of electric power. Under modern conditions it is inevitable that the United States will be served by vast regional power grids which can pool production and shift power to supply maximum needs without the expensive standby capacity required if the power were not pooled. The only question is whether the regional power transmission lines will be controlled by the federal government or by private utilities.

We believe the fight between public and private power will go on for a long time. In fact, the competition may prove advantageous to the public. But if the government ever tips the balance irretrievably in favor of public, tax-free power, then the future record of electric power will probably resemble the past record of the postal service.

The seven dollar misunderstanding

The misunderstanding has to do with Chrysler names and prices. Let's clear it up together.

This year, a full-sized Chrysler Newport 2-Door Hardtop is priced less than \$7 a month more than the most popular smaller cars.

And when you compare a Chrysler with cars that are even smaller than Ford and Chevrolet, you're really in for a surprise. Their

names are the only thing big about them.

Every car compared below is a 2-door hardtop. They all have V-8 engines, automatic transmission, power steering, power brakes, radio and heater. There is only one meaningful difference: Chrysler is the only big one.

So why not see your Chrysler dealer today? Move up to Chrysler... it's easy!

Make	Wheelbase	Overall Length	V-8 Engine Cubic Inch Displacement	Base Monthly Payments	Difference Per Month
CHRYSLER NEWPORT	124"	218.2"	363	\$65.67	—
FORD GALAXIE 500	119	210.0	289	58.94	\$6.73

BASIS OF COMPARISON—All models are 2-door hardtops equipped with V-8 engine, automatic transmission, power steering, power brakes, radio and heater. Monthly payments have been computed on manufacturers' suggested retail price, one-third down and 36 monthly payments. Not included are the extras you pay for on practically any new car: whitewall tires, deluxe wheel covers, destination charges, state and local taxes, interest, insurance and licensing fees.

Screwworm Fund To Benefit From San Antonio Sale

San Antonio—The screwworm eradication program will be the big beneficiary at a special stocker-feeder show and sale to be held at the Union Stock Yards San Antonio on Thursday, April 8, 1965.

G. C. Hagelstein, Sr., Stock Yards Company president, announced that for every animal sold at the sale on that date, the Commission Companies and the Stock Yards will each donate 10¢ toward the \$300,000 fund drive being conducted by the Southwest Animal Health Research Foundation. He expects more than 4,000 head to be traded at the sale.

"The Stock Yards and Commission Companies are firm believers in the screwworm eradication program," Hagelstein said, "and we want to insure that it is continued."

This marks the third time the Union Stock Yards San Antonio has come to the aid of the eradication project. Two sales in 1962 netted more than \$4,300 for the campaign to wipe out the screwworm fly.

Delph Briscoe, Jr., President of the Foundation, expressed appreciation for this boost to the fund drive. He urged livestock producers to support the sale, pointing out that both the individual owner and their county of residence would receive credit for the contribution.

FOR SALE — Upright freezer. Also soft drink cooler. Both completely overhauled. B&B Food Store.

Quarterly Meet Of TS&GRA In Brady Saturday

First quarterly meeting of the year for the Texas Sheep and Goat Raisers' Association is to be Saturday, March 27 in Brady. The entire program, including committee meetings, will be conducted in a single day, in the heart of the ranch country, said President Hankins.

Among subjects up for discussion will be the present move to extend the National Wool Act, which provides incentive payments on wool and mohair. Among other subjects will be a possible change in the name of the Association. A current drive to extend memberships and associate memberships is also due discussion. Though the Association works for everyone in the wool and mohair producing industry, not all stockmen are members.

Registration will begin at 7:30 a. m. at Brady High School, committee meetings at 8:45, general session at 11:00 a. m. Adjournment is expected by 5:00 p. m.

San Angelo Junior Philharmonic Group Presents Program

Eight members of the San Angelo Junior Philharmonic Society provided an outstanding program for the Ozona Music Club and guests at the Methodist Church Fellowship Hall Friday night.

The talented young artists presented violin solos, violin quartets, cello duets and a sextet including two cellos. Among the Central High School students performing were Mark Pack, Nicki Lummus, Celeste Walraven, Georgia Irwin, Jenny Fall, Jo Margaret Williams, and Mike Kane who was pianist for the group.

Mrs. W. C. Knebel, sponsor, and Mrs. Kenneth Irwin accompanied the group to Ozona along with Miss Nancy Cluck, co-sponsor, who is string instructor at Central High School.

Approximately 90 guests and members were present. Mrs. Q. A. Brentz, president, announced that the next club meeting will be April 8 in the home of Mrs. Frank James.

DUPLICATE BRIDGE

Winners in Tuesday night's Duplicate Bridge Club play at the country club were Mrs. Jack Wilkins and Mrs. James Dockery, first; Mrs. Ashby McMullan and Mrs. Armond Hoover, Jr., second; Mr. and Mrs. Sam Fitzhugh, third, and Mrs. Jake Short and Mrs. Robt. Cox, fourth.

A group from Big Lake joined the Ozona club at its winner's night play last Saturday night. Mr. and Mrs. Horace Rees of Big Lake won first and Mrs. Joe Pierce, Jr., and Mrs. J. M. Baggett of Ozona won second.

Mr. and Mrs. Walter Black and children left early Wednesday morning to attend the funeral of Mrs. Blacks' father who died in Canton of a heart attack Tuesday night.

William F. Hohrine Buried In Odessa

Funeral services were held at 2 o'clock Wednesday afternoon in Odessa for William Franklin Hohrine, 29, a former resident of that city, who died about 5 p. m. Saturday in the Crockett County Hospital, apparently the victim of a cerebral hemorrhage.

Janes Funeral Home of Ozona was in charge of arrangements. Burial was in Odessa cemetery.

Mr. Hohrine was born April 14, 1935, in Malverne, Ark. He had been an employe of Lancaster Trucking Co. for a number of years and was transferred here about seven months ago after the company opened a branch office here.

Survivors include the wife, Thelma.

MR. BELLMAH DIRECTS BAND CLINIC

By Brenda Brentz
This past Monday Mr. Bellmah, Band Director at Texas A&I, conducted the annual Band Clinic, which

lasted the entire school day.

Mr. Bellmah said that he enjoyed working with the Band, and that they were a good group.

For two consecutive years Mr. Bellmah has conducted the Band Clinic in Ozona. He has also conducted many OHS Band clinic previously.

The purpose of the clinic is to help prepare the band for the Regional Concert and Sight Reading Contest, which this year will be held on April 10 in Abilene.

OZONA TAKES SECOND AT ELDERADO TRACK MEET

By Yvonne Martinez

Although there were gusty winds and cold weather at Eldorado, Ozona placed second at the Eldorado Track Meet last Saturday, being barely edged out by McCamey, who won first.

This Friday and Saturday the Ozona track team will travel to San Angelo to enter the San Angelo Relays. Because of possible strong competition there, the Ozona team will have an opportunity to prepare themselves and be in better shape for the last pre-district track meet at Iraan, which will be held the following Saturday.

These pre-district track meets will prepare the boys for the district track meet which will be held in Ozona on Friday, April 9. Boys winning first and second place in this track meet will qualify for regional contest in Lubbock.

VOLLEYBALL TEAM ENTERS IMPERIAL TOURNAMENT

Ozona volleyball girls will compete against Wink in the Imperial tournament this weekend. The game will begin at 4:30.

The A-Team girls will play both Friday and Saturday in the tournament.

CHEVELLE by Chevrolet

No other car of its size offers more

- 4 protective steel inner fenders
- keyless locking doors
- curved side windows
- separate body and frame units
- a 9-step acrylic lacquer finish
- a battery-saving Delcotron generator
- flush-and-dry rocker panels
- a four-position ignition switch
- self-adjusting brakes
- a Full Coil suspension system
- bonded brake linings

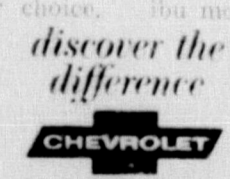

No matter how you look at it, this car makes a lot of sense. If you're interested in value (and who isn't), the eleven features above give you a good idea why more intermediate-size car buyers are thinking Chevelle.

If you're looking for a wide power choice, Chevelle starts out with a standard 120-hp Six, an ideal city performer. After that you may order from a variety of engines that turn it into an even greater highway performer.

Room? Large door openings. Wide curved side windows for extra shoulder room. Great front and rear leg room. Those four, five or six passengers have it made. And so do you. Chevelle may seat like a big car but it handles like a smaller car.

Comfort? Thick wall-to-wall carpeting in Malibu models. Foam-cushioned seats. Easy-to-read instrument panel. The whole interior looks like those in cars costing far more.

Come on down to our showroom and take a drive soon. Chevelle begins to make even more sense after you've gone a couple of miles.

MARLBORO MAN GOES GERMAN

Cathy Mileir

Carey Pitts, famous for his "Pittsarian" verse, feels that this "Marlboro Country" just isn't big enough for a real man's kind of smoking pleasure. This may be an exaggeration, but Carey has decided to go East — East Europe that is, and Germany to be exact.

Carey Pitts, a senior, has accepted the offer from the University of Texas to be one of its 45 representatives to go to 6 towns in Germany and put on a real, live American Rodeo!

"The only difference is we won't have to pay entrance fees. It will be kind of an exhibition," Carey commented.

The University pays all expenses and gives each representative \$50 a week spending money during the six weeks stay from June 1 to July 15. Imagine what one could do in one week in Germany with \$50.

When asked about his feelings about the trip, Carey said, "I surely am thankful for the opportunity." What boy wouldn't be? Six or seven girls will also accompany the group so no one should get very homesick!

PLANS ARE MADE FOR JR.-SR. BANQUET

Plans are being made for the Jr.-Sr. banquet, which will be April 3 on a Saturday evening. The banquet

will be held at 7 o'clock in the new Civic Center.

Only juniors and seniors are invited to the banquet. The High School faculty will also attend.

The entire high school is invited to the dance, which will follow the banquet. The Rhythm Masters, a band from Lubbock, will play for the dance that starts at 9 o'clock.

GOSSIP!

By L. Miller & MJ Dunlap

Karen! Your hair sure is looking blond lately.

Is it true that Miss White has the measles.

It seems that Diane is upset about someone moving to Arizona.

Ruthella! Did Mr. Moody ever pay you that dime?

Seems like there is a new good looking yellow car around here lately. How do you like those bucket seats, Karen?

Is the theme of the Junior-Senior banquet still a secret.

Where was the bonfire Saturday night? Could it have been at Angelina's birthday party?

Neto, Beto, and John: Why didn't you join in the game Sunday afternoon?

So tomorrow is Pete's birthday? Happy birthday, Pete Garza!

Janis Walker, are you looking forward to your birthday on April 2 (when the Seniors turn in their research papers).

BALANCE

It is said of a certain friend of ours that he went *off the deep end*. Strange expression, that! It can mean that a person had a mental breakdown, or that he became a sort of fanatic; or it can mean simply that he got too interested in one thing to the exclusion of other important matters. And the very fact that our generation has coined such an idiom is indicative of the fact that we see such tragedy every day. One of the vital contributions of religion to life is its gift of balance. The knowledge of God helps a man see all else in its proper perspective. In a day when millions are caught in turbulent crosscurrents, *faith* points to the true center of existence... *worship* steadies the mind and heart!

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Stamford blossoms out with a bouquet of community improvements

Projects totaling \$1,300,000 are under way or recently completed in Stamford covering a multitude of community improvements. In addition to church and school construction, new commercial buildings, a \$206,000 new home program and major utility expansions, the city has a record breaking \$209,000 street paving and sewer improvement program. Stamford is one of the many towns in our service area engaged in community development programs of this type. The Stamford record is a PATTERN FOR PROGRESS showing what can be done in community development, improving the chances of continued economic growth and attraction of new industry to the town. Growth conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

Letters To The Editor

Mr. White:
Thank you so much for bringing the Stockman again to our new home. We miss everyone and thoroughly enjoy reading news from home.

Please notice our new address: (5933 Abercorn Dr., Orlando, Fla.) Thanks a lot.

Vicki Carroll Awbrey

Evart:
Last week's Stockman got in our bad weather. We miss it when it gets demerol.

Bill (Grimmer) came in to the farm from I-City where he is taking second year of a three year residency in psychiatry at the University Hospitals. He asked his dad, Eddie, how he pronounced the word meaning nude. Eddie said "necked." Billy said "that is the I pronounced it, too, all the other day when I saw my patients called on it. Now I say 'naked'." So you see, you can take Texas out of Texas, but Texas out of people. We have been in Iowa three years this August.

Best wishes to all of you.

GA Girls Visit Baptist Memorial Hospital In S. A.

Mrs. Bill Cavanaugh, counselor, took a group of Intermediate Girls' Auxiliary members to San Angelo Saturday, where they visited the Baptist Memorial Geriatrics Hospital. Leading the two-hour tour of the hospital were Mrs. Elsie Gayer, administrator, and Mrs. Galley, head of the nursing program.

Before leaving the classroom area, the members were pleasantly surprised by being privileged to interview Mrs. Dozier, recently returned missionary from Japan, and a patient at the hospital. Several projects were mentioned that would be of help to the hospital staff and patients, and the GA girls are eager to begin work on them. Making the trip along with Mrs. Cavanaugh and Marla were Kirstie and Donna Thurman, Bonnie Glynn, Mrs. George Glynn and Ann Glynn.

Future plans for the Girls Auxiliary groups include attendance at Queens' Court in Brownwood during the Easter weekend. This is a convention planned only for those members who have attained the step of Queen or above in their GA work. Those eligible to attend from Ozona are Judy Barber, Johnette Dozier, Lois Poindexter and Bonnie Glynn.

Also during April, a banquet is being planned by the WMU to highlight GA Focus Week. At that time a missionary with the Home Mission Board will be special speaker, and guests will be members of Girls' Auxiliary and their parents. Miss Mary Druella King, kindergarten worker with the Spanish-speaking in Uvalde, will bring the message for the evening and will present the awards to all who have passed a step in the past year.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — Gov. John Connally's push for four-year terms for governor and other statewide officials who now are limited to two years between elections is being bottled up in a balky House committee.

If Connally runs for reelection, as many feel he will, a four-year term would place him only at the midpoint of his third term when the national elections roll around in 1968. He thus would be free to concentrate his efforts on helping old friend President Lyndon B. Johnson in his expected bid for another four years in the White House.

Opponents offer a variety of reasons for their stand. Some say they don't want the governor in a position to take a hand in legislative races during his "off" year. Others claim they have no objection to the governor's having a four-year term, but don't want to extend the benefit to other statewide officials now limited to two years. Still others believe officials should be answerable to the voters often.

Budget Conferees Named — Joint Conference Committee which will write the final version of the 1966-67 state spending bill already is at work.

Senate conferees are Senators Dorsey Hardeman of San Angelo, A. M. Aikin of Paris, Bill Moore of Bryan, Martin Dies, Jr., of Lufkin and J. P. Word of Meridian.

Liquor Bill Killed — Senate Jurisprudence Committee unceremoniously killed the bill to permit restaurant sale of liquor in small bottles with meals.

Unexpectedly-firm action

of the committee assured no liquor-by-the-drink or open-saloons bill will be passed this session.

Sen. Jim Bates of Edinburg sponsored the unsuccessful small-bottles bill which met opposition from liquor stores as well as dries.

Women Win, Lose — Texas ladies have won a round and lost one in legislative skirmishes.

Senate tentatively approved the controversial "equal legal rights for women" constitutional amendment, then sent it back to committee in hope of "purging" it of an amendment sponsors consider crippling.

Senate Military Affairs Committee approved a bill to strictly limit admission of women students to once all-male Texas A&M University.

Sen. Bill Moore threatened to quit as chairman of the upper house Education Committee because the bill was yanked from his panel and re-referred to the more sympathetic committee.

No City Sales Tax — There will be no permissive city sales tax approved this session.

House killed the proposition 56-84. Bill was sponsored by Rep. John Traeger of Seguin.

Governor Connally made defeated city officials feel somewhat better by agreeing to ask for a Texas Research League study of metropolitan county and state responsibilities, looking toward a new definition of duties.

Sam Beasley and Garland Young, owners of Ozona's two barber shops, have announced the shops will be closed the third Monday in each month, a move to give barbers an extra day off in each month.

Flower Arranging Program Topic At Garden Club Meet

Ozona Garden Club met last week in the home of Mrs. Lloyd Sherrill for a study on new concepts in flower arranging.

Mrs. Stephen Perner reviewed a book on "The Challenge of Creativity." Five arrangements were exhibited by club members. Mrs. Ira Carson's exhibit was interpretive; Mrs. Bailey Post's abstract; Mrs. Jess Marley's mobile; Mrs. Mahlon Robertson's was of dried material, and Mrs. Lloyd Sherrill, color harmony.

Mrs. Q. A. Brentz announced a litterbug essay contest in the schools, with a cash award of \$5 for the best essay and \$2.50 for the second place essay, the awards to be given by the Garden Club.

Refreshments were served to eighteen members and one guest.

Students To Hear Scientific Program

Outstanding high school students from the San Angelo area will attend a symposium on atomic energy featuring some of the nation's leading scientists to be held April 1 on the campus of San Angelo College.

The all day conference will be sponsored by West Texas Utilities Company and SAC. The program has been arranged by the Texas Atomic Energy Research Foundation of which WTU is a member. The Foundation, which is composed of 10 investor owned electric utility companies in Texas, is engaged in a program of

nuclear fusion research with the General Atomic Division of General Dynamics Corporation seeking to harness the energy process of the hydrogen bomb for peaceful purposes, including the generation of electric power.

MEDICAL CARE OR "MEDICARE" WHICH DO YOU WANT?
Texas today has one of the nation's finest, most comprehensive programs of medical care for the aged. These programs — the Texas approach, we call it — include medical benefits to Old Age Assistance recipients and extensive health cost protection through the use of special insurance plans for the aged. The Texas legislature is also expected to implement a medical care plan for those who are not on Old Age Assistance but who do need help in meeting medical expenses.
Consider these facts:
● 229,000 needy aged, representing 30 per cent of Texas' entire aged population, now have a Blue Cross-Blue Shield health insurance policy paid for by the State.
● This State program provides hospital, medical, surgical, x-ray, and nursing home benefits.
● 72% of the aged in Texas now have one or more health insurance policies.
● Through the "Texas 65 Health Insurance Plan," Blue Cross "Senior Texan Service," and other special programs offered to the aged by private companies, health insurance is available to all who want it at a reasonable cost.
● Studies by Belden Associates indicate that only a small percentage of the aged actually still need and want help in paying health costs (these aged would be covered by the program now being considered by the Texas Legislature).
In view of these facts, the national "medicare" tax proposal (the King-Anderson bill, H. R. 1) is not needed. "Medicare" benefits are very limited, covering about one quarter (25%) of the total yearly health care costs of the average aged person. "Medicare" would not cover physicians' services or surgical charges, nor would it cover the cost of drugs outside of institutional care.
The "medicare" proposal is an extremely expensive one. While we all are starting to enjoy a reduction in federal income taxes as a result of action by Congress last year, the "medicare" program would cost an estimated \$1.7 billion dollars in additional taxes the first year. "Medicare" would increase pay-roll taxes to cover everyone over 65 — even the wealthy. The employee who now pays a maximum tax of \$174 annually would find the amount for Social Security benefits and "medicare" increased to \$291 by 1971. Employers would pay a similar increase for each employee, thus resulting in higher prices for goods and services.
The Texas approach of providing medical, surgical and hospital care to those who need it is a more comprehensive, more economical program than "medicare," and it provides more benefits. If you object to paying higher payroll taxes for an undesirable, unneeded program, write your Congressman today. Ask him to oppose the "medicare" tax proposal, mentioning the programs for the aged now available in Texas. Ask him to support the Herlong-Curtis Elder Care Bill (H.R.3727), which would make possible the broadening of the existing Texas program to provide medical, hospital and nursing home care for those few remaining aged who are still in need of help.

nora last week.
The 440 and 880 relay teams, and particularly the latter, failed to win primarily on poor handoffs and the 880 team failed to score in the finals as the result of inept baton passes.
On the brighter side of the ledger, was the return to at least limited action of George Parker and the anchor leg of the mile relay run by Joel Huff, who has been suffering all year from an injured leg.

Cold weather returned to Ozona Wednesday to further hamper conditioning drills as the Lions enter the big San Angelo relays at Central High stadium Friday and Saturday.

With Parker's return, the squad will be near top strength but will be far from well conditioned.

In the San Angelo meet, the Lions will face opposition from B. A. and 2A schools with the latter most likely dominating the division.

The Lions can score some points of they get top efforts from their performers

Still Many Cars To Be Inspected Before April 15

Midland — "Many motorists are going to be caught in long lines, before April 15th," said Major Leo E. Gossett, Commander of the sprawling west Texas Region of the Department of Public Safety today. "With less than 30 days left during the present Motor Vehicle Inspection period, over 208,000 vehicles remain to be inspected within the 49 county West Texas Region," Gossett stated.

"The period set by law for securing the 1965 inspection sticker ends at midnight, April 15, and there can be no extension of the deadline," Gossett pointed out. "Any Texas motorist whose vehicle does not display the new sticker after April 15 is subject to arrest by any Sheriff, deputy, City policeman, or by officers of the Department of Public Safety."

Rare Manuscript Given by Ozonan To San Antonio Library

The San Antonio Public Library has accepted a manuscript from an Ozona woman which is to be added to the library's Texana collection, it was learned this week.

The yellowed manuscript telling of an English immigrant's experiences in San Antonio shortly after 1880, has been the property of Mrs. S. L. Butler of Ozona for many years and contains a rather detailed account of social and economic conditions in San Antonio at that time.

The Manuscript entitled "Texas" or "Life In The Sunny South," the experience of an English lady, Julia Hunt, late of Hythe, Kent, England, was printed in a very limited number by the "Anglo-American Times" in London, shortly before 1890.

Mrs. Hunt was a forebearer of Mrs. Butlers and the copy of Mrs. Hunt's experiences in Texas came to Mrs. Butler through her family.
