## Directors Name Byron Williams To Head C of C

Byron Williams was elected president of the Ozona Chamber of Commerce for the 1967 term at a board of directors meeting Monday night at the C of C building.

New directors, elected by the membership and installed at the meeting, are Dean Rippetoe, Jim Marks, Carl Conklin and Williams. The new directors will replace outgoing directors Jack Baggett, John Childress, John Heid and Bill Watson, who is also outgoing president.

Baggett, Childress and Heid were on the original board of directors, having drawn 1-year terms at the beginning of the organization and then re-elected to a full 3-year term under a special provision in the constitution.

Holdover directors include Bill Cooper, Sam Martinez, W. H. Whitaker and Ted Lewis, who have one year to serve, and Mrs. S. M. Harvick, George Glynn, George Bunker, Jr. and Dick Kirby, who have two years to serve on three-year terms.

The initiation of new directors and election of officers marks the beginning of the 5th year of operation for the Ozona C of C.

Outgoing president, Bill Watson, expressed his appreciation for the assistance given him during his year in office and said that although he had enjoyed serving the community in this capacity, he would enjoy the free time he would have after handing over the gavel. He said the job had its rewards, but at the same time was very time consuming.

Ground work was laid for the new year and it was decided that all existing committees and projects in work would remain the same for the present. A tentative date for the annual banquet was set for March 2, at the Civic Center.

## Noted Lecturer To Speak Sunday At First Baptist

Dr. Earl Mead, noted educator and lecturer, will speak for both services Sunday, Feb. 5, at the First Baptist Church.

Dr. Mead served for 35 years as education director at the Cliff Temple Baptist Church in Dallas before retiring a few years ago. Since his retirement, he is much in demand as a guest speaker throughout Texas and other states and serves as head of the youth staff division of Glorietta Baptist Church in New Mexico. He is also an authority on ornithology, the study of birds.

Mrs. Mead, who accompanied her husband here, is the former Miss Lois Riddle and taught piano here in Ozona many years ago. The Meads are houseguests of Mr. and Mrs. Lowell Littleton.

The public is extended a cordial invitation to attend either or both services this Sunday.

## Several Injured In Rash Of Auto Accidents Here

A rash of accidents Sunday afternoon and evening kept officers and hospital personnel busy, sending 3 to the hospital for admission and several others for emergency treatment and heavily damaging most of the vehicles involved.

The most serious of the mishaps occurred Sun. night at 8:45 a little over 7 miles east of town on Hwy 290. Mr. and Mrs. Gerald Murray were driving toward Ozona with Mrs. Murray at the wheel of their '61 Buick, when a 1964 Mercury, driven by Eldon Truex of Midland, veered into their lane heading east. The almost head-on collision spun the Mercury around in the highway where it over-turned, coming to rest on its top. A '59 Ford driven by Luis Tijerina and following the Murray car into town hit the Mercury broadside.

Truex, who is listed in serious condition at Crockett County Hospital, was accompanied by Gary Campbell and Worthen Bonner, both of Midland. The latter two were hospitalized overnight and released Tuesday morning. Mr. and Mrs. Murray and Tijerina received emergency treatment and were released.

The Buick and Mercury were estimated as total losses and the Ford was heavily damaged, according to investigating officer, Joe Brownlee, DPS patrolman.

At 11:30 Sunday night, Wilson Crane of Clute, Texas, attempted to dodge a deer in a 1963 Pontiac while town in a late model Ford. The Pontiac went out of control and hit a tree, breaking loose the tow car which hit the Pontiac and veered into a post. Both vehicles were extensively damaged but Crane escaped serious injury.

Earlier Sunday afternoon a '57 Ford pick-up driven by an Austin man, accompanied by his wife and 2 children, was struck in the rear by a '64 Ford driven by Stephen White of Ozona, while turning into a service station. The vehicles received minor damage, but none of the occupants were injured.

## Stolen Pick-up Truck Recovered In Saragosa, Mex

Sheriff's officers located a stolen pick-up in Saragosa, Mexico, Monday. The pick-up was stolen last week from John I. Smith here. Deputy Ralph Gonzales, accompanied by an immigration officer went to Saragosa Monday and returned with the pick-up Tuesday. Mexican officials refused to give the local officer custody of the suspect, Mario Cardona Suarez, 17. However, Sheriff Billy Mills said if the young Mexican uses his passport to return to the States, he will be arrested for the theft.

Officers picked up Tom Haley, who was indicted for theft by false pretense during the last term of the grand jury, in Hobbs, N. M., and returned him to jail here where he is under \$2,500 bond.

Several months ago Haley took payment for advertising from Crockett Motors and Glynn's Shell Service and left town without fulfilling his contract. He will be tried at the next term of district court.

Sheriff Mills also reported that his department is investigating the theft of 110 joints of 2 3/4 OD tubing and around twenty 55 gallon drums from Union Oil of California in Vaughn Field. The thefts occurred over a period of one month as the items came up missing a few at a time.

## Lions Chill To Lose Decision To Iraan Braves

A cold third quarter spelled defeat for the Lion Basketball team Tuesday night in Iraan as the Lions went down to a 51-47 defeat to the zone leading Braves. The Lions held a comfortable halftime lead against the Braves but could manage only 4 points in the third stanza while Iraan ripped the nets for 19 points and went on to the 4 point win. Sophomore Beto Vargas paced the Lion scorers with 17 points.

The defeat left the Lions and Rankin behind the Braves with a 3-0 West Zone record. Ozona and Rankin each are 2-1, followed by Sanderson with 0-3. Second round action begins tomorrow night when the Lions host the Sanderson Eagles hoping to stay just behind the Braves until their second meeting next Friday night.

Last Friday night the Lions squeaked past the Rankin Red Devils 57-55, winning in the last 20 seconds of play when Vargas hit a jumper from 15 feet to break a 55-55 deadlock. Farris and Rex Bland, Vargas and Geo. Cox paced the scoring for (Continued on Last Page)

**A MATTER OF VIEWPOINT**

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

What is as thrilling to a child as winter—and a nice fresh snow? But for an adult, shopping or working in winter weather, nothing is more miserable.

This goes for so many things. What looks good to one person looks terrible to another. What one person enjoys doing, another dislikes. What agrees with one disagrees with another.

There is nothing wrong with this. We have a right to our individual likes and dislikes, to our individual opinions. We also have the right to know the basic things in life, the truths that apply to everyone. These are the foundation blocks upon which all else is built. This is the kind of knowledge given to us by the Church.

If you have been thinking that church-goers are conformists—people who believe what they are told and let it go at that—then you've been making a mistake. Because a group of houses are built upon the same firm ground does not mean that each house cannot be separate unto itself. Because a man goes to church does not mean that he is one of a mold. Try it, and see.

### Speaker Points To UN Influence On U. S. Policies

The United Nations was created to foster world government rather than world peace and by its methods of shunting aside the sovereignty of nations has brought about an increase from 200 million to one billion people enslaved under the communist yoke since 1945, General Richard B. Moran (USA, Ret.) told an audience at the civic center here Saturday night.

"Never have U. N. spokesmen condemned communist take-over. Now they are trying to destroy the only two remaining Christian nations left in Africa, Rhodesia and South Africa," the general declared.

"Due to the chicanery of our State Department, our foreign policy and our domestic laws are being formulated in the General Assembly of the United Nations by savage tribesmen of Africa together with the communist bloc nations."

Gen. Moran then told of a plan of Major Arch E. Roberts, retired Army officer who has written a book, "Victory Denied", to mobilize resistance to the United Nations take-over of the U. S. Military establishment and to halt the "internationalizing" of American fighting men.

Major Roberts seeks to arouse the various sovereign states to assert their authority as parties to the Constitution of the US and deny the right of the United States government to abrogate that constitution by means of the so-called United Nations Treaty. Action in this direction would be by resolution of the several states, stating that they no longer recognize the authority of the United Nations Treaty agreement, and make it unlawful for their citizens to comply with the agreement. This in the end would force the United States to withdraw from the United Nations.

## THE WATT and THE KILOWATT

Producing power is a gigantic battle with nature. The windmill produces enough power to pump water from the ground—something a few watts of electricity can do. But the huge generating plants which produce the power transmitted over the vast network of WTU transmission lines which reach from the Red River to the Rio Grande are measured in kilowatts—hundreds of thousands of them. Power enough to serve 166 cities and towns in 50 West Texas counties. You can live better electrically—West Texas Utilities provides the kilowatts.

of the night the Cubs downed Big Lake to win the championship 33-26. The first half was a real thriller, see-sawing back and forth with the Cubs nursing a 2 point lead at half-time. The Cubs pulled away in the third quarter and at one time held a 14 pt. lead. However, the game Owlets managed to cut the Cub lead to 7 before the final whistle blew. Montgomery was hot from the field and swished the nets for 14 points to take game honors. Pagan hit for 10 followed by Perner with 5 and Collett, 4.

With a 14-2 record for the season, the Cubs are scheduled to play Sonora tomorrow in their first game of the Iraan tournament. In their final game of the season, the Cubs will play Big Lake here next Monday night.
