July Sets New All-Time Record For Water Use

A long, hot summer in Ozona has not produced a riot as in some of the northern cities, but it has contributed to piling up a record water consumption for the month of July, Bill Cooper, Crockett County Water District manager, announced yesterday.

During the month of July, the district's pumps furnished an all-time record 64,163,100 gallons of water to Ozona users. Incidentally, the month produced another record—the number of water connections or customers. The district's customer list for the month reached a record 1,288.

The district's seven wells within the city of Ozona, with a total pumping capacity of 2,325 gallons per minute, have been able to keep well ahead of the demand, Mr. Cooper said. But reserve or stand-by capacity is always a need and as Ozona has grown through the years, the district has been busy developing new production and new reserves. In addition to the city supply, the district operates a separate water supply system for Crockett Heights, five miles east of Ozona, the former Air Force Station, and two wells, with a pumping capacity of 100 gallons per minute, supply that addition.

Drilling was started during the past week on the eighth well to augment Ozona's water supply. W. T. Stokes, water well driller, is drilling a new well on the Dick Henderson lease, about a half mile northwest of the present west hill storage. There are presently three producing wells on the west hill and four on the east hill.

Barring unforeseen difficulties, the district does not anticipate any shortage of water in Ozona, despite the record use during the recent exceptionally dry season, with use expected to diminish as the weather cools.

Pre-School Band Practice Sessions Begin Monday At 8

Band students are to report to the band hall at 8 a. m. next Monday, rather than 10 a. m. as previously announced. The change was made in order that driver's ed students might begin band practice and complete the driving part of the D. E. course.

Ron Murdock, driver's ed instructor, and Tommy Sanders, band director, have worked out a schedule to accommodate students who are taking the driving course and will also be in the band. Sanders expects a large turnout of band members and reports a large collection of new music ready to go. He is looking forward to an outstanding band this year.

Practice will be held daily at 8 a. m. and 4 p. m. until the beginning of school August 28.

Lola Mae Daniel Returning After 5 Yrs. In Taiwan

Friends of Miss Lola Mae Daniel, Southern Baptist missionary in Taiwan, received word this week that her five-year assignment in that country is finished and that she is on her way to the U. S.

She wrote from Vietnam, where she was visiting missionary friends, that she would visit Singapore, Kuala Lumpur and return to the States by way of the Holy Lands and Europe.

Miss Daniel, who was a teacher in Ozona Public School before going to the Far East mission field, will be at home in Austin. She plans to visit Ozona after a period of rest.

Mrs. James McMillan of San Antonio and son, Lee, spent the weekend with Mrs. Ashby McMillan. Another son, 6-year-old A-Bby, returned home with them after spending a week here with his grandmother.

City Swimming Pools To Close Sunday, Aug. 27

Ozona's three public swimming pools, the north pool, the south pool and the east pool, will close for the summer Sunday, August 27. It is the county's policy to close the pools the day before the fall term of school begins.

Swimming lessons were given to a large number of boys and girls at the south pool this summer with Joe Marlett as instructor.

After the completion of beginner's swimming lessons at the north pool, 20 young people took Red Cross lifesaving courses under the direction of Johnny Cooper. Four were enrolled in the Senior Red Cross Life-Saving course and sixteen in the junior course. All but three students passed the course and completed requirements for their Red-Cross lifesaving badges. Those passing the senior course will be eligible for life guard positions at any public swimming pool and junior lifesavers may apply for positions of assistant life guard.

Season Tickets To Home Football Games Go On Sale

Letters were mailed this week to all those who had season tickets for last year's Ozona Lions football games played here in Ozona. Those who wish to reserve the same seats are asked to get their requests in to the superintendent's office by August 20.

Season tickets will go on sale to the general public the following week, on a first-come - first - served basis. Price of the reserved seat ticket is \$5.00 for the season, which includes five home games. This represents a saving, as tickets at the gate are \$1.25.

Sixteen Families Arrive In Ozona In Texaco Crew

A Texaco, Inc. seismograph crew set up offices in the Nettleton building this week. They began moving in Monday and things were well in order this morning.

C. J. Kirk of Kermit is the party chief. He reported that the crew, consisting of 16 families and some single men, expects to be located here for at least a year and perhaps longer. Most of the families have children in school and have located housing here. The group moved here from Hobbs, N. M.

Kirk has a wife, who is a teacher in the Kermit school system, and a son, a Kermit high school senior. He will be commuting between here and Kermit for awhile.

Other families are Mr. and Mrs. C. E. Cox, Mr. and Mrs. C. E. Hoekersmith, Mr. and Mrs. L. D. Ivey, Mr. and Mrs. Lonnie Shotts, Mr. and Mrs. J. G. Wells, Mr. and Mrs. H. J. Williams, Mr. and Mrs. B. G. Wood, Mr. and Mrs. L. G. Williams, Mr. and Mrs. Benjamin Gray, Mr. and Mrs. Jim Jackson, Mr. and Mrs. B. L. Herbert, Mr. and Mrs. Joe Martin.

Football Practice To Begin Monday; Squad 55 Boys Expected Out

Football shoes were issued to 35 boys yesterday morning at the field house and physicals were given at 2:45 in the afternoon. Equipment will be issued Monday morning at the field house at 9 a. m., instead of 8 a. m. as previously announced, and practice will begin immediately after.

Coach Sam Mosley said that many of the boys were out of town and some were still busy with summer jobs this week, but he expects a turnout of around 55 boys Monday. He asked that all boys who plan to come out for the team get in touch

with him as soon as possible, in order that date for physicals may be set for those who were unable to be examined yesterday and that they pick up shoes. He prefers that his players get accustomed to running in football shoes before actual practice begins.

He said, as of now, practice will be held twice daily, at 9 a. m. for workout in shorts and again at 6:30 p. m. with gear. The daily workouts will be held until the beginning of school. There will be one scrimmage before school begins and possibly two.

With many new families moving to town the coach feels that there should be some new football material and would like to talk to any boy who is interested in football about his eligibility. Under Texas Interscholastic League rules, any boy who has not played high school football is eligible for the varsity and if a boy has played in another high school, he is still eligible for the B team.

The first game is scheduled for September 8, when the Lions will play class AA McCamey at McCamey. Two home games follow with Big Lake Sept. 15 and Bronte Sept. 22. The first district game will be with Sonora at Sonora Sept. 29. The Lions will be pitted against Menard here Oct. 6 and will journey to Junction Oct. 13 for a battle with the Eagles. Sanderson will play the Lions here October 20 and the Lions will play Rankin there Oct. 27. The Lions will host Iraan Nov. 3 for the final home game and play Eldorado there Nov. 10 for the final game of the season. The non-district games will be played at 8 p. m. and all district games will be played at 7:30.

Mrs. Wood, a frequent visitor to Ozona for many years, died Thursday night in Baptist Memorial Hospital in San Angelo of a heart ailment.

DR. SHERRILL IS RECOVERING

Mrs. Lloyd Sherrill reported yesterday that Dr. Sherrill is recovering rapidly from his heart ailment. He has been home ten days after being ill in a San Angelo hospital for several weeks and is able to be up and about longer each day.

He will return Monday for a check-up and expects to get a good report. Although doctors expect a complete recovery, he does not know when he will be released to resume his medical practice here.

TEACHERS RESIGN

Superintendent L. B. T. Sikes announced the resignations of two more high school teachers this week. Miss Mary Clendenen, junior-senior English teacher and C. W. Ellis, freshman English teacher.

Sikes expects to complete the faculty for the coming year within the next two weeks, at which time a list of all teachers will be announced.

Airman Richard Sikes, son of Mr. and Mrs. L. B. T. Sikes of Ozona, who recently completed a training course at Goodfellow AFB in San Angelo, will leave from Chicago August 7 for an assignment at a U. S. air base in Southern Italy. His wife, Lynda, will go to Gainesville to stay with her parents until Airman Sikes arrives in Italy and arranges for her to join him.

With many new families moving to town the coach feels that there should be some new football material and would like to talk to any boy who is interested in football about his eligibility. Under Texas Interscholastic League rules, any boy who has not played high school football is eligible for the varsity and if a boy has played in another high school, he is still eligible for the B team.

Roger Dudley, Jr Injured In Farm Tractor Accident

Roger Dudley, Jr., narrowly escaped serious injury or death recently when a farm tractor overturned with him while he was doing some dirt work at his ranch on the Pecos river.

The tractor slipped down a gravelly incline and as it started to turn over, Dudley managed to extricate himself from under the steering wheel and from among the various levers to prevent being crushed by the weight of the tractor, but was caught by a fender just below the knee. Loose gravel made it possible for him to free the leg. X-ray examination later revealed a small bone broken below the knee.

Many Visitors Attend — Millers Show Off Handiwork At Newly Renovated Crockett Hotel In Sunday Afternoon Open House

A large crowd of Ozonans and out-of-townets attended the formal opening Sunday afternoon of the Crockett Hotel, completely remodeled inside and out. It is the latest reconstruction job of the Buster Miller family.

Visitors seemed to find a framed history of the hotel's owners from the time the site was purchased until the present day and the upper lobby, which affords a fine view of the park and town, the center points of attraction.

The hotel was built sometime between 1893 and 1896, after B. P. McMahan purchased the site from L. F. Pope. It has changed hands nineteen times in the years since. There is nothing left of the original hotel on the inside. The walls are finished with wood paneling and the ceilings are all acoustical tile. Floors are carpeted throughout, except for the entrance, which is tile.

Furniture of Spanish design is tastefully arranged in the lobbies. The lower lobby features color television, many of the rooms have television and all will have when delivery is complete.

The fourteen rooms and

the office space on the lower floor feature a modern decor with comfortable contemporary furnishings. A coffee and snack bar has been installed just inside the entrance for the convenience of guests.

The hotel is only one of the many renovation projects Buster Miller has undertaken in Ozona the past several years. Others include the modern brick office building across from the theatre, which was the old Church of Christ building; the old laundry building on Ave. J, which is now a large modern warehouse and many houses, in disrepair since the flood, completely redone inside and out. The Miller Shopping Center in the Village is another one of the Miller projects.

Another project in the making is the large steel, glass and brick building on Hwy 290 west, which will be headquarters for all Miller operations and will be the largest single building in town, containing 22,500 feet of floor space. Date for the completion of the building is October 15. It will be the base and storage for the O-

ROAD TO REVOLUTION

The average person reading about the riots in Detroit, Newark, Cincinnati, Milwaukee and other cities is likely to ask, "Why are these things happening?"

The answer is to be found in a new paperback book, *The Road to Revolution*, which could not have come at a more appropriate time. Written by a man who was once part of the revolution we are now witnessing, it tells how the violence is doing the planning. It is not a pleasant book but the time has come for Americans to take a long hard look at what we are up against.

The author, Phillip Abbott Luce, at 29, is a former leader of the "New Left." He defected in January, 1965, when he became disillusioned with the cynical way in which the Communists were willing to sacrifice individuals and society itself to promote Communist designs. In his book Luce quotes one of the leaders of the Harlem riots of 1964, William Epton, as saying "We will not be fully free until we smash this state completely and totally. We're going to have to kill a lot of these cops, a lot of these judges, and we'll have

to go against the army.' Which was a pretty good forecast of what has come to pass.

As an officer of Progressive Labor, a pro-Chinese Communist offshoot of the Communist Party of the U. S. Luce became familiar with various projects in which people were trained for the kind of guerrilla warfare that has wrecked Watts, Newark, Detroit and other cities. "Not only did we store guns in New York," he states, "but target practice was held on Long Island prior to the Harlem riots."

Stokely Carmichael, a recent visitor to Communist Czechoslovakia and an important delegate at the Communist conference on "liberation movements" in Cuba, is an important central character in the Luce book. The author tells of a 1966 fund raising dinner in Harlem at which the highly-publicized agitator reported that in Cleveland merchants were building stores without windows.

"I don't know what they think they'll accomplish," he sneered. "It just means we have to move from Molotov cocktails to dynamite. They say we're stupid and don't do anybody any good and

we deserve to be called that because if we had any sense we'd have bombed these ghettos long ago."

The Road to Revolution certainly makes more sense than much of the claptrap being mouthed by the politicians. In fact, we'd suggest that they read it too.

The fires, the sabotage, the guerrilla warfare in our streets were planned. Phil Luce tells us when, where and how.

WHITHER MAO?

Some of our domestic revolutionaries, particularly those who hew to the Chinese Communist line, apparently haven't gotten the word but it would appear that Mao Tse-tung is on the way out. And the word is out, rather than down. Radio Moscow recently broadcast a report of starting nature.

According to the voice of the Kremlin, Mao and his cohorts have taken a leaf from the book of other astute dictators and have started piling up money in Swiss banks in preparation for the time when their loyal followers will turn on them. Deposits are said to have been made in their behalf by one Fei Yi-min, publisher of the Chinese Communist newspaper in Hong Kong. In setting aside money for security in his old age — an old capitalistic custom — Mao is following the lead of that other prudent oriental, Chou Enlai, who was revealed some months ago to have established a personal savings account in Switzerland.

In reporting on this, Moscow radio predicted that one of these days the world would witness the sight of Mao, Chou & Co. heading for some capitalist haven to escape the wrath of the masses. The question now is, where will they end up? England wouldn't accept them, after what Mao, Chou et al did to sundry British diplomats — and to Hong Kong. No European iron-curtain country will dare to give

them haven. They won't try France because everybody knows that no one can get along with Charles de Gaulle. They might try Cuba, but Moscow would probably say "nyet" to that, which Castro would translate into fluent Spanish very quickly.

Which, to all intents and purposes, leaves only Albania and the United States. The in-fighting in Albania is almost as bad as it has been in Peking, so it seems improbable that Mao and Chou and their buddies will want to plunge into a new squabble. So that leaves the United States. And everybody knows that the opportunities in the United States are much greater than they are in Albania, especially for liberals and reformers such as Mao Tse-tung and Chou Enlai. First off, they could write a book, singly or in collaboration. One of those picture magazines would probably pay a million or so just for the reprint rights. The big networks would compete for exclusive appearances. Seats of learning such as Columbia and Harvard or Princeton would establish chairs of Far Eastern Studies for them. And them, of course, there would be the lecture circuit.

Americans, after all, are willing to be informed and to pay a high price for their education. The only trouble is, they never learn, which is why we think Mao & Co. will head here, where there is one born every minute.

Spending the past week at Mt. Wesley in Kerrville at Methodist Youth Program were Shelley Jones, Lou Cox, Stacy Dockery and Debbie Deaton.

Washington News Letter

Congressman O. C. Fisher

The proposed 10% income tax increase is due to encounter some rough treatment in Congress, and will probably be reduced somewhat before it is enacted.

Facing an estimated \$29-billion deficit during the current fiscal year, the President has come to Congress for relief from an excessively liberal domestic spending program which has skyrocketed during the past three years of Great Society.

While the cost of the Vietnam war accounts for much of this, the fact is that defense outlays have been largely offset by vastly increased income from taxes at a time when the gross national product has been surging upward to new heights.

But the catch is that the government has insisted on maintaining and increasing nondefense spending during wartime — a "butter and bullets" policy.

In recent years nondefense spending has climbed faster than defense spending. During the past six years defense spending has jumped from \$47 billion to nearly \$70 billion — or an increase of 54%. But during that same period nondefense spending was upped from \$36.8 billion to \$58.7 billion — or a rise of 59%.

This type of nondefense spending, when a war is on, simply cannot be maintained without deficits — and big deficits. The government spent \$10 billion more than was taken in during the past fiscal year which ended in June of this year. And with cumulative outlays for scores

of Great Society programs, the deficit will skyrocket — with or without a tax increase.

The proposed hike would raise \$7.4 billion a year. If needed to finance the war, then of course it should be voted. But there is an alternative: Simply reduce non-defense spending by \$7.4 billion, and accomplish the same purpose and the taxpayers will not be further burdened.

As the matter now stands I oppose the 10% tax raise. As one who anticipated the present deficit dilemma and who has voted against the spending policies which have brought it on, I prefer a cut in spending.

The Ozona TEEN SCENE

By Jacquie Tankersley

Hi, the time is fast approaching for all hard-working Lions to get to work, and that's just what most of our football boys are doing. They have been working out every day on their own, prior to regular practice beginning Monday. I think it's safe to say this is going to be the greatest football team ever!

If you've noticed any new people around Big O, it just might be Mike Allen. He's a Soph. at TCU and is the cousin of Philip Perner. While he is visiting, he is working out with our local athletes daily.

New cars seem to be the big thing around Ozona. George Parker has a new red one with vinyl top. Tom Davidson is the proud owner of a green Volkswagen. Tom getting a car reminds me to pass on a word of warning: Beware of Fish who drive, they're dangerous.

Dwight and Duane Childress left Tuesday with the rest of the Childress family for California. They are expected back soon.

It seems our two Rodney's

have wound some charm about San Angelo. They go every chance they get.

Would you believe someone around West Texas had a real live dance? I know it's hard to believe, but The Links played in Big Lake Saturday night! Of course no one from Ozona was there. Wonder how our local group is doing?

Rodney and David P. returned to Ozona Sunday after a vacation trip to Corpus with their parents.

Georganne James finally decided to come home after being gone off and on all summer long. Hope she will stay with us awhile this time.

If you are wondering why the news seems scarce this week it's because I was informed Sunday that I should try to keep from sticking my foot in my mouth. Since this is about all I can manage this week without putting my foot in my mouth, I'll just say so long, till next week.

The Tops Club met Tuesday afternoon at the home of Mrs. George Montgomery.

After an interesting meeting, a low-calorie refreshment was served.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which have been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

par value and accrued interest, shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, and sold in any installment of the proceeds received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds; and the proceeds from the purchase of any such lands comprising a part of said Fund to comply with his bid and accept and pay for such lands; and interest received from investments of any such moneys. The principal and

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformity with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land, is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such series of (8) year period, all of such moneys shall be set aside for the re-

retirement of any bond after issued and sold, pay interest thereon, with any expenses as herein, in accordance with resolution or resolutions authorizing the issuance of such additional bonds, there are sufficient moneys in the Veterans' Land Fund to retire all of the bonds hereafter issued and sold, time all such moneys remaining a part of the Veterans' Land Fund after becoming a part of said Fund shall be paid elsewhere provided hereunder.

"This Amendment is intended only to establish a comprehensive and complete framework and to amend the Veterans' Land Fund, there is hereby proposed the Legislature full power, and effectuate the sign and objects of this Amendment, including the delegation of such duties, and authority to the Veterans' Land Board as it believes necessary to carry out the act of this Amendment. Should the Legislature act in accordance with the provisions of this Amendment, no such law shall be reason of its anticipated effect.

"This Amendment is intended to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund in Texas who serve in the Armed Services between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which would amend Section 49-b of the Constitution of Texas, and for an additional \$200,000,000 in bonds, such as to be expended in accordance with instructions and requirements that may be provided by law.

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund in Texas to veterans who serve in the Armed Services between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which would amend Section 49-b of the Constitution of Texas, and for an additional \$200,000,000 in bonds, such as to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue a necessary proclamation of election and this amendment shall be published in the State Register for the first time as required by the Constitution and laws of this State.

THE JOY OF LIVING

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ever notice how some people associate the joy of living with moments of care-free relaxation, while others seem to find equal happiness in both work and leisure?

Which seems most natural? Was man created with the capacity for finding happiness in his spare time only or was he endowed with a genius for reaping joy from both work and play?

Before anyone surrenders to the cynicism of the first theory, he owes it to himself, his neighbors and his God to give the second a real try.

For centuries the Church has been helping men to discover the deep and lasting joy of purposeful living. When your life has a purpose, linked to the Purpose of God... then every day reveals anew the joy of living!

GUARD YOUR CREDIT

As active members of the credit community, we have both the privilege and the obligation to take an active interest in credit legislation at all levels of government—local, state and national. But instead of worrying ourselves sick about the threat of enactment of legislation which may adversely affect credit in all phases, we must realize that much can be done to bring about more effective control of the extension of credit without government control.

First, we must adhere to sound principles of credit granting: An applicant should have (1) steady employment; (2) Not move excessively; (3) marital status should be stable; (4) credit record should indicate gen-

erally satisfactory paying habits; and (5) income should be in line with anticipated obligations.

Work in close conjunction with the credit bureau so that together we can keep the credit economy of this entire area on a sound, profitable basis.

Call the Bureau on all new applicants — all newcomers to our town. Also call the Bureau and let us know of any delinquencies or chargeoffs you may have. This way each individual's record may be kept current and up-to-date, and will not necessitate so much calling to re-check.

August is traditionally vaca-
tion month. Ozona folks in
great numbers are going in
all directions to find all sorts
of relaxation. Some seek the
cool breezes of the moun-
tains, some look for the tang
of salt at the seashore. Some
seek fun and play; others
want to rest weary
bones and muscles.

Our modern society makes
it possible for most of us to
have the money — although
we may have to scrimp
when we get back awhile —
and locomotion to go to far
places as well as near. So a
preacher isn't surprised
when one of his worshippers
says as she leaves the ser-
vice on Sunday that she'll
be at the Methodist Church
in Rome, Italy for services
the next Sunday morn-
ing.

What would Christopher
Columbus think of such

speed? But, more is to come
yet. For you can be as sure
as you are that you are alive
that the speed tempo will
rise and that the ventures
of man in the decades to
come will take him far, far
out into space.

Sometime or other — and
probably much sooner than
we would dare dream —
those intelligent creatures
from other stars and planets
will bump into us and we
into them. Won't that be
fun? But won't it bring many
new problems to an already
scarcely beset mankind? Let's
just hope that when we do
meet them they have more
intelligence than we do and
can help us solve some of our
problems. I need help. How
about you?

Since writing the above I
have read the very timely
article in last week's TIME
magazine UFO (Unidentified
Flying Objects). It was in-
teresting and encouraging to
find that much smarter peo-
ple than I, as well as a lot
of the credulous and super-
stitious crowd, also believe
there are intelligent beings
out in the stellar universe
and that they are getting
through to us. What with
Viet Nam and riots and tax
raises and hippies and all the
rest, it is to be devoutly
wished that more intelligent
creatures are about to break
in to help us.

See how rambling reflec-
tions can take you a way
from your subject. I started
out talking about vacations
and find myself wandering
in outer space.

But, we are glad vacation
time is here and so many
are off for recreation. Come
back to us safe and sound
and "re-created."

Mr. and Mrs. Lawrence

ing to Midland Saturday. Mr.
Sands, who has been store
manager for Superior Iron
Works here for the past four
years, has been transferred to
a new position with the
company there. Mrs. Sands
is employed by Ivy Mayfield

Mr. and Mrs. James Doc-
kery and children, Shannon

end visiting friends in San-
ta Anna.

'Black Power' Revolution

The nightmare of rioting
and pillaging which has over-
whelmed Detroit and other
American cities is the end
result of more than a de-
cade of encouragement of an-
archy by American liberals.

As this column warned for
several years, the repeated
glib praise of "revolution" by
liberal leaders in the United
States — clergymen and pro-
fessors as well as politicians
in the Northeast — has turned
into a horror story of
bloodshed and savagery.

The idea that one group
of Americans possesses an
unrestricted right to break
local laws, to demonstrate
and to engage in civil disob-
edience is at the root of the
terrorism striking many ci-
ties in this land.

Behind the criminal insur-
rection in Detroit and else-
where are liberal counsels of
appalling moral irresponsibil-
ity. The rioters, looters and
 arsonists have been encour-
aged in recent years to be-
lieve that they were the law.
When disturbances took
place in Southern communi-
ties, for example, hundreds
of clerical carpetbaggers des-
cended on these towns and
cities to condemn the law
enforcement authorities.
Now, the shoe is on the other
foot. The hometowns of the
liberal clergy and liberal
professors are engulfed in
the smoke of armed rebellion
against lawful government.
Southerners cannot be used
as scapegoats.

Conservative Americans
saw the insurrection coming
over the last few years. Mob
violence, excused by the li-
berals, grew each year. The
first big national disaster of
this sort took place in the
Watts district of Los Ange-
les.

les. Rioters and looters at
work in that outbreak never
were treated with sufficient
severity.

The liberals, which have
enjoyed massive support
from churches and charita-
ble foundations, have been
slow to learn a lesson. Only
days before the Detroit riot-
ing broke out, there was the
notorious "black power" con-
ference in Newark, N. J., an-
other city scared by an-
archist rebels. The chairman
of the conference, it turned
out, was the executive direc-
tor of the Department of Ur-
ban Work of the Episcopal
Diocese of Newark. He used
the Cathedral House of the
diocese for news conferences.

It is to be hoped that the
liberal clergy and the so-
called "intellectuals," who
bear such a heavy responsi-
bility for the outbreak of
anarchism, will admit their
errors. At the minimum,
these must be compelled to
acknowledge the face of sa-
vagery in Detroit, Newark
and elsewhere in this riot-
torn land. The ordinary ci-
tizen certainly will have no
difficulty tracing the moral
rights and wrongs of the si-
tuation.

Decent people don't riot
simply because they have a
job that pays \$1 an hour, in-
stead of \$1.50 an hour. They
don't loot stores — stealing
liquor and television sets —
because the apartment they
live in was built in the 1920's
or earlier. Millions of people
with low incomes are deter-

mined to be good citizens, to
obey the laws, and to res-
pect property belonging to
others.

History tells us that some
people have little or no ca-
pacity for lawful, respectable
behavior, that the savage
sometimes is right below the
skin. No amount of sociolo-
gical gobbledeygook can cov-
er up the facts of jungle-like
behavior evidenced in the
Detroit rioting, for example.
If this kind of behavior is
what our country is con-
fronted with, then the civil-
ized people of Michigan and
other states have to employ
sufficiently strong police and
population control methods
to prevent cities becoming
jungles. It won't suffice to
pay blackmail by means of
anti-poverty programs, Det-
roit, for that matter, had
one of the biggest anti-po-
verty programs in the na-
tion. It didn't prevent riot-
ing and looting.

Annual Christmas In August Program For Baptist GA's

Typical Christmas holiday refreshments were served by Mrs. E. F. Sharp to the members of Girls' Auxiliary of both First Baptist and Calvary Baptist churches Tuesday afternoon, August 8, as they met together for the annual Christmas-in-August celebration. Fellowship Hall of First Baptist Church was gaily decorated for the occasion and featured a star-shaped pinata which was broken amid much excitement.

The Christmas story was read from the Bible by Mrs. Carl Thurman. Christmas carols were sung by the girls, with Gilda Graves at the piano. The missionary prayer names were printed on Christmas cards distributed to the members.

Mrs. Orvil Perry led the group in several games of the holiday season, before the exchange of handsome gifts among the members. Gifts also had been brought and placed under a Christmas tree for the use of a missionary in a Good Will Center in El Paso, Texas.

"We wish you a Merry Christmas" was sung by the G. A.'s as they departed.

Among those participating in this unique gathering were: Julie Jones, Ann Glynn, Teresa Shaw, Kaye Rippehoe, Sandy Mayfield, Deborah Mathews, Becky Dobbs, Gilda Graves, Janet Flanagan, Karen Perry, Jeanie Jones, Wyvonne Webb, Gayla Cutright, Kip Anne Sharp, Lounita Flanagan, Tia Lynn Sharp, and counselors, Mrs. Perry, Mrs. Thurman, Mrs. Sharp, Mrs. Jack Mathews, Mrs. George Glynn and guest, Mrs. Myrtle Mitchell.

Hardeman Named To Head Senate Probe Committee

Austin - Lieut. Gov. Preston Smith today named Sen. Dorsey B. Hardeman of San Angelo to head the important Senate General Investigating Committee. The committee was created by Senate Resolution 39, adopted during the recent Regular Session of the 60th Legislature.

The five-member committee is charged with the duty of inquiring into affairs and activities of governmental departments and investigating law violations. The resolution calls for a report by the committee to the 61st Legislature when it convenes in 1969.

Hardeman, an attorney, represents the 25th Senatorial District, which includes Crockett County in the sprawling 21-county West Texas district. He has been a member of the Senate since 1947, and is currently chairman of the Senate's powerful State Affairs Committee, and is vice chairman of the equally important Finance Committee. He is a member of 10 other Senate standing committees.

Wade Garlitz, 8-year-old son of Mr. and Mrs. Gary Garlitz of Midland, is here visiting his grandmother, Mrs. Clay Adams.

Clyde and Ray Sikes of Phoenix, Ariz. are visiting their grandparents, Mr. and Mrs. Max Schneemann.
