## California Couple Seek Help In Finding Daughter Who Vanished On Her Way Home From School

Redlands, Calif. — Monday, March 18, 1968, began as an ordinary day for Elizabeth Lurene Ernststein when she left home for classes at Moore Junior High School Redlands. But this Monday on the 18th of March was not to be an ordinary day. Elizabeth's school day passed without incident. She attended her last class, then left school at 3:40 p. m. to walk home, a two-mile route through blossoming orange groves. She never arrived home. Somewhere along the lonely street, Elizabeth Ernststein vanished.

There are no clues to her whereabouts, or even to what happened to the 14-year-old girl, other than a report from a Redlands businessman who was driving through the area. He thought he saw a girl resembling Elizabeth walking toward the corner of the street on which she lived.

Will you please help us find our daughter? This begins a letter accompanying a news release from Redlands, Cal. "My wife, Ruth, and I are directing this plea to the ten thousand other newspapers in the cities, towns and hamlets of this country," wrote Mr. and Mrs. Norman Ernststein. "Was she abducted? Did she run away from home? Is she dead? Or is she alive and, perhaps, in your town? ... The Lord willing, some one in your area may have seen her." She is pictured above, the story in the adjoining column.

### Sensing The News

By Thurman Sensing

Executive V. P. Southern States Industrial Council  
The Welfare Demagogues

Years of taxpayer generosity to the indolent and dependent in the nation's midst has produced a degree of ingratitude and contempt towards people who are working and paying taxes that in all likelihood exists nowhere else in the world.

A sample of this ingratitude and contempt is the National Welfare Rights Organization's December "spend-the-rent" campaign. Under this plan, welfare recipients are urged to keep their rent money to spend on items not covered in their relief checks.

This arrogant organization claims 30,000 members in 70 cities. Indications of the group's arrogance was the proclamation of Nov. 25-Dec. 2 as "National Get It Week." For Thanksgiving Day, the group recommended demonstrations to say "no thanks, America."

George Wiley, director of the organization, also said Welfare Rights Organization members would be urged to turn down gifts of Christmas baskets and second-hand clothing and toys. He said that welfare recipients are demanding more money so that they can buy their own clothing, food, furniture and Christmas gifts.

Among features of "National Get It Week" was a proposal for partial withholding of utility payments and demands that large department stores extend credit to welfare recipients. The word "credit" is a euphemism for giving away the store's merchandise.

U. S. taxpayers surely are the most tolerant people in the world to put up with such arrogant nonsense. No doubt, they are entirely too tolerant. Tolerance, like every other virtue, has its limits.

If these limits are exceeded, harm is done. No reason exists why hard-working, responsible citizens, who carry the burdens of community life, have to accept such intellectual and moral rubbish as the statements and proclamations of

the National Welfare Rights Organization. It is high time for that organization to be "told off."

Welfare payments aren't a right. Indeed no citizen has the right to be supported by city, state or nation. On the contrary, the individual has a duty to help support his government. Unfortunately, there are people in the United States today who believe the government owes them a living, and a very good living at that. They won't take any job that is available, only a well-paid, comfortable job that doesn't require long hours or arduous work. If they can't afford a nice apartment, they expect other citizens to put up the money for federal rent care so that they can enjoy air conditioning and color television. If the community doesn't come across with what they want, they threaten to riot. Such riots have taken place in New York City, where welfare recipients invaded welfare offices and turned over desks and filing cabinets.

Nowhere else in this world is there so much private generosity as in the United States. Every Christmas, scores of towns and cities have private or church-sponsored drives to raise money to aid the poor. Civic groups and firemen in many communities collect toys and repair them as gifts. These stem from a warm, human feeling for the genuinely needy. But the radicals who are organizing welfare recipients disdain true charity, generosity and good feeling.

These organizers of protest are worse than ungrateful; they are poisoners of community feeling. They are fomenters of strife and promoters of bitterness.

The good citizens of this country will err if they simply ignore the organizers of welfare recipients who try to create ill-will. It is necessary, for the well-being of the nation, for responsible citizens

to condemn the radical organizers in the strongest terms and to use all legal means of checking their growth and influence.

The welfare organizers must be taught, first of all, that their shabby arguments won't get them anywhere. They must learn that there won't be any successful "National Get It" weeks. There must be strict enforcement of rules and regulations governing welfare.

If a welfare recipient spends his relief check in a deliberately irresponsible and provocative manner, he must discover that no more money will be forthcoming. Those who refuse to pay their utility bills must suffer the loss of the utilities they enjoy. To adopt any other policy, to conciliate the welfare organizers, would be to launch a new era of ugliness and tragedy in America. Demagogues cannot be permitted to rule this nation.

## ABOVE ALL

## CAMPUS PHILOSOPHY

By Odilia Sanchez

It is only the ignorant who despise education.

Educated men are as much superior to uneducated men as the living are to the dead.

Education is a controlling grace to the young, consolation to the old, wealth to the poor, and ornament to the rich.

The very spring and root of honesty and virtue lie in the felicity of lighting on good education.

The chief wonder of education is that it does not ruin everybody concerned in it, teachers and taught.

Self-education is fine when the pupil is a born educator.

Most Americans do value education as a business asset, but not as the entrance into the joy of intellectual experience or acquaintance with the best that has been said and done in the past. They value it not as an experience but as a tool.

They went to various houses of students and teachers they could find. Some small babies, others early elementary school...

Mr. Reavis in elementary school, and the Coach Fowler. They showed Coach Fowler as a 7-month-old baby...

Jan North — Yeah, 'cause 18 is closer to my age than 21!

Marque Anderson — It all depends on how mature the person is at the age of 18!

Skookie — Yes, so we can elect Charlie Brown!

Kirk Boyd — Yes, because the people who are 18 know generally more about what is going on in the country, since they study current events in school.

Sherry — Yes, I think that anyone who is able to fight for his country should be able to vote for the persons he want as his leader.

Don Edgerton — No. I don't think the young people of today are mature enough to voice their opinion in the polls. Many of them have no idea what politics are all about. There are some mature young people, but for the majority, this would not

**HOW WOULD YOU ANSWER?**

Yes \_\_\_ No \_\_\_ Though I do worry, I feel there's a way to prevent it.

Yes \_\_\_ No \_\_\_ Sometimes I antagonize people because of my actions or attitude. I know there must be a way to correct this.

Yes \_\_\_ No \_\_\_ It seems contrary to reality, but I feel that real happiness is something apart from wealth, power, or fame.

Yes \_\_\_ No \_\_\_ There must be a practical way of raising my family in a better world.

A 'yes' answer to any of these questions is definite proof of God's concern for you. God talks to man by making him 'feel' and 'know' of a better way of living. You feel discontent about present conditions, you sense 'something better,' somewhere.

That's God talking to you. Listen to him. Come to church this Sunday. Read His Living Word in the Bible. This could be the chance you've been waiting for.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

2 1/2 Million Bass, Half Million Cat Added To Amistad

Del Rio — With 17,300 acres of water already impounded, Amistad Reservoir on the Texas-Mexico border is an up and coming hot-spot for anglers, said George Henderson, project leader for the Texas Parks and Wildlife Department.

The 1968 fish stocking in the new reservoir is now complete. Henderson has distributed the fish over areas judged to provide adequate food and space where growth rates will be rapid.

During 1965 Amistad received 302,000 bass fry. In 1966 an additional 44,000 bass fry and 2,225 channel catfish fingerlings were released.

During 1967, the year of the heaviest stocking, 1,326,750 bass fry and 5,000 bass fingerlings plus 29,900 channel catfish fingerlings were distributed in areas that promised good survival.

In 1968, the lake received

largemouth bass in the amounts of 610,000 fry, 145,000 advanced fry and 70,647 fingerlings. Channel catfish released during this year total 428,000 fingerlings.

The grand total of two and a half million bass and almost a half million channel catfish promises the angler pleasant days ahead, added to the already present stock of fish from Lake Walk, Devil's Lake and the Rio Grande.

Four anglers recently caught 20 bass averaging 2.5 pounds each.

Mrs. Joe Friend entertained several guests at her ranch home during the Thanksgiving holiday weekend, including her son and his wife, Mr. and Mrs. Joe Warren Friend, of Houston.

**Wise and Otherwise**  
 Rambling Reflections  
 By Dr. K. F. Curl

For me, as I am sure for you likewise, recent days have been crowded. Being a participant resident of Ozona is in itself a full time job. So many activities of an interesting and helpful nature go on that a person finds himself compelled to elect. And as the other ministers of the town can testify being a pastor in this community is more than a full time job with so many wide open doors for good constantly beckoning.

But like you, I too, love the swirl and whirl of action and often find that the constant confrontation with others is more helpful than the reading and reflection which is so essential to being an effective preacher.

Local Methodists and many visitors from the community and beyond enjoyed the ministry of Dr. Charles L. Allen, who lived up to his reputation of being an almost unique pulpit personality. L. B. T. Sikes reports that his sister in Angleton writes that Dr. Allen gave our community some wonderful praise to his television audience, rated at 250,000, the Sunday following his stay here.

The community Thanksgiving Service proved most inspiring as so many of our people found afresh how much alike we are in our approach to God as we joined together from our various denominational, color, and ethnic backgrounds in one united song of gratitude for a wonderful good year.

Being out of town almost all the week I discovered, in the one meeting I got to attend on Friday afternoon, that I had been deprived of a very remarkable and helpful Bible Study from Evangelist Johnny Ramsay of Corsicana as he led in the special services at the Church of Christ. That afternoon he gave a fifty-minute exposition of the Book of Revelation. In all my more than fifty years of serious study of this Book I have never read or heard a more lucid and valid interpretation of that strange and mysterious book which has been always a happy

hunting ground for religious fanatics of all stripes. I shall nurse a permanent grief that I could not have heard his other afternoon lessons on different Bible books and shall retain a secret hope that he will sometime give us a whole book on that final Apocalypse of the Scriptures.

Local Baptists and Methodists will get together at the First Baptist Church on Sunday Night, December 22nd, for a joint service of Christmas music. Advent is pre-eminently the singing season of the Christian year as men join the ancient angelic chorus in praises for the ever afresh new born Saviour of men. It is to be hoped that all our people will avail themselves of this opportunity to sing together our common faith that "Christ the Lord is born."

My appreciation of "Cap" West and "Horse" Williams has been enhanced as I watched them give seven preachers — three Baptists, three Methodists, and one Roman Catholic — an exhilarating experience on the annual hunt these preachers look forward to throughout the year. "Mustard" Williams this year also supplied some of the guiding and know-how the preachers needed. And certainly no one of the group would forget "Stokes" Bowlegs who demonstrated that he is a camp cook par excellence.

Being myself a preacher I shall not expose any of my brethren in any of their foibles or amateur tactics as hunters. Rather I shall content myself by simply saying I am more convinced each year that simple, trusting laymen like "Cap" and "Horse" need a professional to help ride herd on a bunch of preachers turned loose for their occasion of the year. And I am glad that they let me act as "Chaplain" to help them ride herd on preachers turned loose with a gun.

Do not ask me any questions about the kills or who did what. I'll let these preachers speak for themselves. They were Louis Moeller, Frank Pullin, and Jim Hancock of Ozona, and Bill Fleming of Corpus Christi, Max Brown of Hamlin, and Leonard Garrett of Mission. I will say that every one of them went home happy and filled with appreciation for their hosts.

I enjoyed going out to James Baggett's Saturday and breaking bread with the

boys from Boys' Ranch, down on their annual hunt, and their sponsors from among the peace officers of our community. James and Willie V. Baggett are on any occasion most gracious and thoughtful hosts. Whether handling a bunch of boys on an outing, just letting you sit at their table as a guest, or putting on a formal groom's dinner preceding a wedding, they know how to make everybody welcome, at home, and happy.

The boys had real good luck and returned on Sunday afternoon to the Ranch with another step toward good citizenship.

Jim Davee and his Future Farmers of America had another of those annual dinners which everyone attending enjoyed which indicate the fine job Jim is doing in training these boys not only in the techniques of agriculture but also the art and methods of good citizenship. He and Melba make another husband and wife team whose services far exceed any recognition received. You could only be proud and inclined to be boastful after hearing the program of our FFA's put on last Thursday night.

Only thirteen more days until Christmas. Let's put Christ into our Christmas of 1968. What about showing up at Church services in your church the next three final Sundays of the year?
