Kitty's Korner

Kitty Montgomery

The boss has been gone a recently and the job of organizing the tons of mail we receive has fallen to me. He has an instinct about what is in file "13" with only one glance. However, not having that talent, I have slowly and methodically prodded my way through everything. And it hasn't been a total loss really.

For instance, I have learned that March 3-13 will be National Week. I have learned one-fifth of all recreation vehicles on the highways are dangerously overloaded.

I ponder this little jewel: poisoning is six times as common in married women as in single women and three times as common in married women as in single women. That figure, I have tucked away a fact during the mailing hours lately and will use it to bore you with at a later date.

What I am really up tight about this week is Governor's proposal to raise the state tax to 4% and more than double the tuition at state colleges and universities. The fact that we just sent Jim's deposit off to UT at Austin gives me special concern about the latter. If we had afforded the tuition church supported school, would have gone that route. Always said that the day that Jim went to the University would go up and the Social Security Fund would go broke.

It is a feeling that I've lived to the first prediction come true. Of course, we all know there is no money as such the Social Security Fund. It pays as you go deal. What pay now goes out every month to those who receive a check. The law of average says me that this can't go on over, so I just have that feeling about my 65th birthday.

Anyway, to get back to the don't raise, I urge all parents, those who plan to be parents, all grandparents, to write state senator, W. E. Snelson, and state representative, Hilary Doran, Jr. These are the two from our district to protest this proposal. There are other ways of raising money than put the burden on the backs of those who are trying to get their kids through school.

My suggestion would be to reduce the 75-dollar raise to the 50-dollar tuition along with proposed out-of-state tuition.

I feel sure there would be a point in protesting the sales tax hike. When we voted for state sales tax, we asked for and you can just about depend on an annual raise in that department.

The play "The Diary of Ann Frank" which played an almost packed house at the high school auditorium last week, was delightful. If you missed it, you shouldn't have. I hope we can look for more productions, soon and often.

OUTSTANDING CITIZEN AWARD FOR 1970 went to Mrs. Bernice Jones, only woman county judge in Crockett County history. The choice was revealed at the 7th Annual Chamber of Commerce Banquet held Thursday night at the Civic Center. The plaque was presented by Jim Marks, winner of the first such award presented by the Chamber last year. Keith Bailey Photo

Bernice Jones Named Outstanding Citizen

Around 140 Ozonans and area people were on hand Thursday evening at the Civic Center for the 7th Annual Ozona Chamber of Commerce Banquet. Highlights of the program were keynote speaker, Mayor Jim Reese of Odessa, and the presentation of Ozona's outstanding citizen of the year, former County Judge Bernice Jones.

Other towns represented were San Angelo, Sonora, Odessa, Van Horn, Brownwood, Big Spring and Brady.

In his address, which many declared was the best yet, Reese stressed the importance of dedication, optimism and responsibility.

Sprinkled with humor, his talk outlined five areas of responsibility. The first, the individual's responsibility to himself; the second, responsibility to one's family; third, to one's community, and the final two, responsibility to the government and to God.

Past president Lawrence Jones expressed appreciation for the work of the officers, directors and various chamber members who had served on committees during the year. He then turned the gavel over to incoming president C. O. Walker, who introduced the 1971 officers and directors, and presented Jones a gift for his dedication over the past year.

Walker expressed a desire to hear any suggestions or criticisms during the year whereby the chamber could help Ozona.

Jim Marks, outgoing director, introduced Mrs. Jones and presented her with this year's outstanding citizen plaque for her "lifetime devotion to civic work."

Ronnie L. Davis of Seminole was the winner of the space heater in a drawing held during the program. His name was drawn from the names of hundreds of hunters who signed for the prize during hunting season.

Walker introduced the 1971 officers and directors. Serving for the coming year will be A. R. Rutherford, executive vice president; Doyle Elmore, second vice president; Dr. Joe Logan, (continued on last page)

Lions Drop Playoff To Crane To End Season

Basketball season ended last Friday night for the Ozona Lions and their fans when they took a 57-36 drubbing at the hands of the Crane Golden Cranes in Iraan. Both teams were well represented and there was standing room only in the packed gym.

The Lions led only once and that was when they made the first field goal. After that, it was Crane all the way. The Lions had a tremendous number of turn-overs and only hit for 21 percent of their shots. Only one Lion was in double figures and that was David Pagan with 13.

The Lions ended the season with 20 wins and 10 losses and were co-champions with Crane for district 5-AA.

David Pagan was over-all high scorer for the Lions with 306 points in 25 games for a total of 12.2 points per game.

He led in field goals with 122 and in assists with 51.

Will Collett collected the most rebounds for the Lions with 199 for the season. He scored 294 points in 30 games for an average of 9.8 points per game and was second to Pagan in total points scored.

Jim Montgomery was the only other Lion to score over 200 points for the season and had the most free throws with 74. He scored 294 points in 28 games for an average of 7.3 points per game.

Mickey McBroom had the best field goal percentage with 46%. Mike Jenkins had the best free throw percentage with 69% and Ruben Tambunga led in recoveries with 113.

As a team the Lions scored 1,523 points in 30 games for an average of 50.8 points per game. Their outstanding defense was responsible for most of their victories.

Load Increases --- County Seeks Head Commodity Distribution

Due to the increase in families receiving commodities under the Commodity Distribution Program in Crockett County a special meeting of the commissioners court was called last Thursday. The court met with E. H. Vaughn, Assistant Director, Commodity Distribution Division, to discuss the increased workload.

The present commodities program, which is shared with Sutton and Edwards counties is no longer adequate, according to the court. So, an agreement was made to separate Crockett County from the Sutton-Edwards program as of March 1.

Under the new program, Crockett County will hire a full-time worker-supervisor for the commodities program. The county will pay \$410 per month as a starting salary, plus giving the successful applicant all county employee benefits.

Applications for the job are being accepted by Judge Troy Williams now and will be accepted until next Thursday. Applicants will be interviewed Friday, Feb. 26, beginning at 8:00 a.m.

Requirements for the position include being a resident of Crockett County, a high school diploma, two years related experience and access to a car or a pickup. The applicant should be bi-lingual. The successful applicant will begin work March 1, after a brief training period.

Girl Scouts To Discuss Ecology

All Ozona Girl Scouts are urged to meet at the Community Center Saturday afternoon from 2 until 3 o'clock for the first in a program series entitled "Eco Action."

Mrs. Jim Marks, Neighborhood chairman, will lead a discussion on ecology and what each troop can do to help their community.

Plans will be made to help with clean up week, sponsored by the Garden Club, and discussions on what each family can do to help keep the community clean will be held.

Plans will also be made to place barrels over the town as a depository for cans which can be recycled.

All Ozona Girl Scouts are urged to attend.

66 Members Enrolled In 4-H Horse Club

The Crockett County 4-H Horse Club was organized Monday night with sixty-six members enrolled. Club officers elected were Mark Tillman, president; Cyndie Whitehead, vice-president; and Kay McMullan, secretary.

The club voted to hold a Play Day at the Fair Park Arena next Sunday afternoon from 3 until 5 p.m.

A number of adult committee chairmen were appointed to organize and supervise club activities. Mrs. Mike Clayton and Lonye Kain will head the committee on Trail Rides.

Cain and Eddie Hale will be chairmen in charge of 4-H Club play days, and Mrs. Frank McMullan, Jr. and P. C. Perner will be in charge of horse judging training meetings.

Bob Bailey and Frank McMullan Jr. will head the Horse Show Committee, and Dick Kirby will head up the grounds committee in charge of arena and stalls.

County agent Pete Jacoby will coordinate overall activities of the club.

Youth in the county who are interested in horses and would enjoy being members of the club may contact any of the adult leaders or the county agent.

Trio Wanted In Kidnap Slaying Captured Here By Alert Deputy

Several news stories and telecasts over the weekend gave reports of the kidnap-murder of a San Antonio woman and the apprehension of three teen-agers in connection with the crime. Brief mention was made that the trio was picked up near Ozona by an Ozona deputy sheriff.

However, the facts make a more interesting story and give credit where credit is due. Due to the sharp eye of deputy sheriff Lavon Parker the three were picked up before the crime had been discovered.

Deputy Parker Receives Praise For Capture Of Slaying Suspects

The following letters were received by Deputy Sheriff Lavon Parker, following his apprehension of three young people, who were subsequently charged with theft and murder:

Dear Mr. Parker -

Too bad there aren't more like you in this country. Too bad the old West is gone. Back in 1880 if some punk no-good kid broke into the school house and murdered the school teacher, he was soon hanging from a tree.

Gary Cooper in "High Noon" recaptured some of that way of life. But it's gone of course. The historians say the Old West only lasted from the end of the Civil War, till the railroads came. Before the Civil War, no whites, only Indians. The war ended in 1865, thousands of ex-soldiers with no place to go.

The railroads came (1890?) and brought farmers and ranchers. The Old West was over. A man like you brings it back for a brief moment, but it will never come back.

Briefly afterwards an all points bulletin came out from Fredricksburg where the body of an unidentified woman had been found near a little-used dirt road. She had been shot at close range in the neck. While talking with officials in San Antonio Parker discovered that the missing woman was wearing a copper bracelet with her name engraved inside. When this information was relayed to Fredricksburg, identification of Mrs. Newsom was almost certain.

The three, Patrick Teague, 19, Keith Hughes and Cindy Horner, both 17, all from Kemah, a suburb of Houston, told of arriving in San Antonio and seeing the car at a grocery store there. They followed the woman who was driving the (Continued on Last Page)

A PATRIARCH TUMBLES! This giant pecan tree in the Pleas Childress yard was tipped over by the strong wind from the northwest Sunday. The big tree apparently had a hidden diseased condition near the base and split at that point, its towering branches coming to a precarious rest on the roof of the two-story residence. Workmen on the roof (that's P. L., III, on the left) sawed off as many branches as they could reach to lighten the weight of the tree and in an effort to reduce its size to clear the house. But their were only partly successful as the picture to the right shows big branch of the tree struck the eave at the corner and ripped a section to leave a jagged tear. The main part of the tree lies on the ground with one broken limb hanging from the left. The tree was at least 60 years of age by Mrs. Child's reckoning.

Crockett Gas Strike TwoField Extensions

A Seven Rivers dolomite discovery was indicated in Crockett county with the flowing of gas at the rate of 1,3 million cubic feet daily while bottomed at 1,004 feet at M. C. Vinson, Midland, No. 1-4 Shannon, in 4-UV-GC&SF, wildcat, 1 mile northwest of 1,445-foot oil production in the Vaughn multipay field and 1/2-mile east-northeast of a depleted Guen oil discovery.

Operator was preparing to kill the flow and drill ahead on a 1,500-foot contract.

Trey Oil Co., Abilene, has completed as a Seven Rivers and gas producer the No. 1 Bouscaren Heirs, re-entry operation and twin to a Tubbs gas producer in the Noelke multipay oil and gas field of Crockett County, five miles southeast of Iraan.

It was finalized natural for a calculated, absolute open flow of 760,000 cubic feet of dry gas per day from open hole at 1,100 feet, where 5 1/2 inch casing was set and 1,105 feet, the total depth. Top of pay was picked at 1,105 feet on ground elevation of 2,515 feet.

In filing the application to plug back Thursday, Trey reported the project had been drilled in 1941 by Bolsachia. No other information was available.

Location is 660 feet from the south and 330 feet from the east lines of 87-GG-TCRR. Operator's representatives said several projects in the vicinity has been completed in the Seven Rivers sand, but none were producing.

A 1-1/8 mile northwest extension to lower Canyon production was assured in the De Paul multipay field of Crockett County with the flowing of 17 barrels of condensate, along with 555 barrels of load water in 64 hours, plus gas at the rate of 3 million cubic feet daily, at Texaco Inc, Midland, No. 2 A. H. McMullan, in 20-KL-Lee Henderson, Grantee, nine miles southeast of Ozona.

It flowed the above gauge on a 19-64-inch choke through perforations at 8,035-110 feet, which had been acidized with 2,000 gallons and fractured with 40,000 gallons and 167,000 pounds of sand.

Testing continued.

The field has eleven lower Canyon wells and two Strawn wells.

Mr. and Mrs. Richard Preston and son, Trey, were here over the weekend visiting Mrs. Preston's parents, Mr. and Mrs. Charlie Applewhite. Mr. Preston is a coach in the Honda school system.

Mrs. Ronald Berry and children of Dickinson were here last week visiting Mrs. Berry's parents, Mr. and Mrs. Pleas Childress.

Ozonans Cited for Industrial Promotion Work

Thirteen Ozona business and civic leaders received citations today from the Texas Industrial Commission and Governor Preston Smith for having made a significant contribution to 'exas' industrial development.

The citations were presented to local recipients by E. H. Heffield of the commission staff in a meeting culminating early a year's work towards incorporating pertinent industrial location information on Ozona into the nation's most sophisticated computerized site location data bank.

Called "Insta-Site," it will make available a computerized Analysis Report which shows Ozona compares with other cities of similar size with other cities that industrialists look for locating new plants. Using the Community Analysis Report as a guide, Ozona leaders will be able to plan effective measures to spur local economic growth.

Local men receiving the citations were Troy Williams, D. Cooper, S. W. Chappell, Hubert Baker, L. B. T. Sikes, J. D. Haire, Wayne Louny, Dick Kirby, Chas. Schneider, Billy Mills, Mrs. Gertrude Perry, Harry Joslin and Lowell Litten.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT (SJR. 15) Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. (1) The State Ethics Commission is created as an agency of the State. The commission consists of nine members. "(5) The commission shall promulgate rules of ethics to govern the conduct of all legislators, legislative officers and all officeholders, appointive or elective, of any office, department, district agency, commission, board or any governmental unit or branch established by or under the authority of the constitution and laws of the State of Texas and all persons who shall use any privilege of the floor in either House of the Legislature. The Texas State Ethics Commission shall further promulgate rules providing that each member of the Legislature and each of the hereinabove named officeholders upon election and any appointee to any of these offices shall file with the State Ethics Commission a statement under oath setting out a complete financial statement in detail within 10 days after being elected or receiving an appointment. This information shall be privileged information during any fiscal year. The commission shall be used only by them to determine if there exists a conflict of interests or if there is or has been a violation of any of the rules of ethics promulgated by the Texas State Ethics Commission or any laws of the State of Texas. The Legislature shall enact statutes dealing with unauthorized disclosure or misuse of said privileged information.

"(6) The commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet in Austin at least once each year to review existing rules of ethics, legislative compensation rates, mileage allowances and per diem rates, and to make any changes deemed necessary.

is a very satisfactory ground cover in shady or sunny areas, but does best in light to dense shade.

Creeping liriope (liriope spicata). This is an evergreen with dark narrower leaves than the big blue liriope (L. muscari). The creeping Carolina jasmine (Gelsemium sempervirens) is an evergreen vine that can also be used as a ground cover if given no support. It is covered with yellow, fragrant flowers.

Why not try climbing varieties of the hybrid tea roses if you don't have space for a rose bed. The climbers are profuse bloomers and much more vigorous than the bush rose. They are ideal sources for cut flowers and can easily be grown against a fence or without support in a sunny location. Some of the best are, Don Juan (red), Climbing Peace, Charlotte Armstrong, Chrysler Imperial, Sutter's Gold, White Dawn, Crimson Glory and the charming flowering yellow Lady Banksia.

Recipe for fertilizing iris: 2 cups Vigoro, 1/2 cup coppers, 2 cups 20% super phosphate (white), 2 cups bone meal, 1 gallon wood ashes that have been kept dry. Mix well. Use 1/2 cup of mixture around old plants in November and repeat in February. Use less around new plants.

WASHINGTON NEWS LETTER
 Cong. O. C. Fisher

The invasion of Laos by South Vietnamese troops, with U. S. air support, has apparently upset Communist troop and supply movement toward the south and has disrupted their war plans, at least temporarily.

This strategy, if as successful as now appears, should help to shorten the war, save American lives, and accelerate withdrawal from Vietnam.

The interdiction of the Ho Chi Minh supply artery and this major interference with the capability of the enemy to kill Americans and South Vietnamese, is -- strangely -- bitterly opposed by certain hard core U. S. war protestors who refer to our supporting air strikes as "barbaric." This same spokesman has never found fault with anything the Communists have done over there.

When vast supply dumps inside Cambodia were overrun last year and 20,000 tons of enemy war materials were captured, it was learned that more than 75% of that booty came into the sanctuaries via the Cambodian seaport of Sihanoukville. That highly successful action set the enemy war plans back by about a year.

Now with Sihanoukville closed off, Hanoi is forced to use the Trail to get men and supplies to the 400,000 Communist troops in southern Laos, Cambodia and South Vietnam.

That explains the importance of the new mission into Laos, and why Hanoi's cohorts in Pe-

king and Moscow are so unhappy about the way their plans are being messed up.

The Ho Chi Minh Trail, stretching several hundred miles through rough mountain jungles, is composed of a network of trails and roadways. So vital is that supply route, that Hanoi's suppliers have built two petroleum pipe lines down the trailway to fuel some 2,000 enemy trucks being used in the desperate effort to get guns and food to their hard-pressed troops. It takes about two months for each truck load to make the trip. All traffic will be stopped when the monsoon begins in May, and the rain will continue for five months.

THE SHINING GOAL

It's a long hike! Traveling to our goal can take a lifetime, but it's worth it. Every morning we start out on another stage of the journey, and it's up to us how much we accomplish before nightfall.

What is the goal? What is our highest peak of spiritual development? What are the rewards? All the things we long for - peace of mind... perfect freedom... contentment... happiness.

Many are still struggling through the forests of unbelief and despair. Some are lost and confused in the mists of doubt. Others are already climbing the foothills of hope. Many of us will reach the summit if we pray constantly for help and strength.

The Christian scriptures are your infallible guidebook, and the Christian Church offers you a place of spiritual refreshment along life's road. Attend church this Sunday, and continue your journey with a lighter burden... and a lighter heart.

They then tied her up and locked her in the trunk of the car, took some cash and several guns and headed out the Fredricksburg highway. They drove off the highway onto a dirt road near Fredricksburg, took Mrs. Newsom out of the trunk, over to a ditch and shot her.

When they arrived in Ozona they took the guns and put them in the trunk of the car where officers later found them.

They were held at the DPS building until a police matron and officers from San Antonio picked them up the next morning.

Teague was out on bail, charged with two counts of forcible rape and one count of burglary in Houston. Ozona officers said the young people showed no remorse and openly laughed and joked about the crime.

Honorary Committee, Mrs. C. H. Benckenstein, Jr. of Beaumont and Claude Meadows of San Angelo.

The group voted to begin research in order to make application for two additional Historical Markers, the first to

be near the site of the first public water well which is now located under the sanctuary of the First Baptist Church and the second near the site of Eureka on the Couch Ranch west of Ozona. Eureka was an early contender for the County seat of Crockett County.

Plans for the annual Local History Appreciation Week were discussed and the Committee,

headed by Mrs. P. L. Childress, will announce definite dates soon. It is planned to involve the total community this year and much interest is already being shown in this event.

In the committee list, the first name denotes the chairmanship. The next meeting of the committee will be Monday, April 5 at 9:00 p.m.
