City's Korner

Kitty Montgomery

People think the "law and order" issue is dead, they need to note of the many commendations being given daily by Crockett County Sheriff Levon Von Hayes. And they are letters of commendation, so far, not criticism, although they could think some nut would be after his hide for picking "those poor unfortunate" before they could get to the West Coast and away, "letting Heaven know" many more crimes on earth.

It is one incident points up clearly how desperately we need to unshackle our law and give them every opportunity to do their job the way they see fit. Too long our laws have been made to benefit the criminal and hamper the law man. The result has been mushrooming all over the nation. Competent policemen are being quitting their jobs because of the police being conducted by unwise elements in our community.

It is a pity is the fact that instead of zeroing in on this element the news media has heroes of these killers. One of them happens to be killed off, they yell their grief and weep and wail over the front page for the thing while calling for an investigation of the department. On the other hand, how often do you see editor outraged at the actions of policemen over the city. How often is it written on the front page of the paper?

The only mourners are the man's family and the community in general has come to the war on the law man. The hazards of his job, we stand firmly behind law enforcement and as just as proud of Von as anybody else in town. We were pretty sharp to that the car and the passengers "didn't" We also commend him for looking into it, instead of forget it and go on to a hot meal and television. We salute Von for his attention to his job, such a contribution these days.

It had lots of fun at the races in Del Rio over the weekend. Saw many Ozonians over Ozonians and had a visit with Kay and Cotch, former Ozonians now live in Quemado. Was so nice to get out for a weekend that I've decided to do it again next week. If it gives you a new life. However, it's nice to get back.

I received a letter from daughter-in-law of former Ozonians, Mrs. Helen Pitts, last week. Mrs. Pitts had had surgery and badly needed blood. She was listed in critical condition at Hopkins County Hospital in Sulphur Springs.

I feel sure the letter was not for last week's paper, arrived too late for publication. Mrs. Pitts has many friends in Ozona and her daughter-in-law, Mrs. Carey Pitts, asked anyone who would donate blood to do so at the hospital here and specify that it be credited to Mrs. Pitts at Hopkins County Hospital in Sulphur Springs. I feel sure on these things, I could give you information what procedure to follow.

We also asked for cards and letters to be sent to Rm. 207 above address.

We offer a new service this week. It's a kind of shoppers and you will find it under Business and Professional. "We hope it will be of interest to our many subscribers. Write anyone who has a service to offer, or service to sell, to us about having a place

WINNERS IN JUNIOR-SENIOR DIVISION OF annual soil conservation essay contest. From left to right the winners are Pete Perez, fourth place; George Allen, third place; Cyndie Whitehead, second place and Charlene Strickland, first place. Miss Strickland's essay will be sent to the state contest to compete with other first-place winners in the top division around the state.

Keith Bailey Photo

SOPHOMORE-FRESHMEN WINNERS IN Conservation essay contest. Prizes of \$1 to \$5 were given by the local sponsoring organization in each division. Winners are, left to right, David Sewell, fourth; Peggy Jo Hayes, third; Beth Crowder, second, and Darolyn Wilson, first. Winners in both divisions will be presented in high school assembly.

Conservation Essay Winners Are Named

Crockett County Soil and Water Conservation District essay winners were announced this week by local conservationist Clitis Sinclair.

Winners in the junior-senior division and places were first, Charlene Strickland; second, Cyndie Whitehead; third, George Allen, and fourth, Pete Perez.

In the freshman-sophomore division Darolyn Wilson won first, Beth Crowder, second; Mary Jo Hayes, third, and David Sewell, fourth.

Cash awards will go to the winners in each division. The district awards are \$5 for first, \$3 for second, \$2 for third and \$1 for fourth.

The top essay, Miss Strickland's, will be forwarded to the state contest to compete for the \$200,00 first prize.

Miss Strickland's essay follows: "Our Natural Environment: Preserve and Protect It"

Our environment of today is one of varied resources and one which is becoming aged and worn because of the harsh treatment it receives. The water resources, our air, and the soil which produces food we eat is being abused beyond consideration.

Concern about our soil has always been a foremost concern for conservation. Through the years, people are always saying how you should treat your soil, what to grow, when, and why. Just because people are saying this and you hear a lot about it, does that mean the individual, small-town man is doing anything about it? The people of today are concerned

Martin Harvick Gets Commodity Distribution Job

Martin Harvick was selected from the ten applicants to be the county commodity distributor for the USDA food program.

Crockett County had been sharing the program with Sutton and Edwards counties since the program was adopted last year, but mushrooming welfare rolls necessitated the hiring of a full-time county employee.

Harvick is presently receiving on-the-job training from a USDA official from Austin.

He announced today that distribution days for this month will be March 15 through 19. Applications for the free food will be taken daily with the exception of the week the food is delivered and weekends. Harvick will take applications at the center, located across from the El Sombrero Cafe, from 8 to 12 and from 1 until 5 on weekdays.

Deputy Von Parker Receives Statewide Praise For Arrest of Slaying Suspects

An editorial in the San Antonio Express of Feb. 23 lent voice to praise being heaped on Crockett County Deputy Sheriff Levon Parker for his alertness which resulted in the capture of three suspects in a kidnap-murder case.

The editorial titled "Ozona Deputy's Alert Reaction," was sent to the Stockman by T. A. Kincaid, Jr. of Ozona-LaVernia.

"What Von did makes you real proud to be an Ozonian," Kincaid commented, "I was

around the San Antonio Stock Show when this story broke and many people told me they were happy to have this kind of officer in Texas. We all congratulate him."

The editorial follows: "Thanks to the alertness of a deputy sheriff in Ozona three young suspects in the kidnap-slaying of a San Antonio woman are in custody."

"Crockett County Deputy Levon Parker noticed the three driving through Ozona Friday

night in a late model Cadillac. Noting that 'they didn't match up' with the car Parker stopped them and held them for checking.

"His suspicions were accurate. The three are charged with murder in Gillespie county where the woman's body was found. They also are charged in Bexar County with kidnaping and felony theft."

"Parker's sharp-eyed observation cut short the search," (more letters on page 2)

Mrs. Kyle, 93, Ozonan 61 Years, Buried Thursday

Funeral services for Mrs. Walter (Minnie B.) Kyle, 93, were held Thursday afternoon from the Ozona United Methodist Church with burial in Cedar Hill Cemetery.

Mrs. Kyle died Tuesday night in the Eldorado nursing home where she had lived the past two years.

She was born June 20, 1878 in Lexington, Mississippi. She was married to George Walter Kyle in Dallas in 1907. He was one of the first rock masons in Ozona and did the rock work on many of the older buildings in town including the old junior high school building. He died in 1930. Mrs. Kyle had been a resident of Ozona for 61 years.

Survivors include a son, Arthur Kyle of Ozona; a daughter, Mrs. Chalmers Broadfoot of San Antonio; four grandchildren and four great grandchildren.

--0--

Two Outposts In Ozona Gas Field Planned

Texaco Inc., Midland, will drill two outposts to the Ozona (Canyon sand) gas field of Crockett County, four miles southeast of Ozona.

Both projects on a 1,961.7-acre lease, will be drilled to 6,450 feet.

The No. 4-D A. R. Kincaid Trust, 1/2-mile northeast, is 1,320 feet from the north and west lines of 92-GH-C. R. Brooks Arg. Grantee.

The No. 5-D A. R. Kincaid Trust, 7/8 mile east and slightly south, is 1,320 feet from the south and east lines of the same section. It is also 5/8-mile north and slightly west of

Lions Rated Favorites To Win 19th Ozona Track Meet Saturday

The Ozona Lions will be heavy favorites to win their division in their own track meet this weekend, after piling up 85 points in the Fort

Stockton Comanche Relays Saturday to take first place in their division. The 19th Annual Ozona Relays will feature 21 teams,

competing in three divisions. Class AA teams entered in Division I are Ozona, Big Lake, Coahoma, Junction, San Saba, and Stanton. Class A teams which will compete in Division II are Ozona JV, Eldorado, Mason, Menard, Rankin, Robert Lee Sanderson and Sonora. Class B teams competing in Division are Bronte, Christoval, Mertzon, Wall, Rochelle, Rocksprings and Sterling City. Trophies will be presented the winner in each division.

The preliminaries will begin at 8:30 Saturday morning and the finals at 1:00 p.m. Saturday afternoon. Starter will be Fred Sallings from Miles.

In Fort Stockton Saturday Abilene High took first place in division I with Ector of Odessa, taking the division II trophy. Coming in second to the Lions in division II was Idalou with 76 points and Crowell was third with 51 points.

Although the Lions collected only two first place events, the discus and sprint relay, the overall team depth gave them the points they needed for the win. The Lions scored in every event except the broad jump.

Scoring the first place in the 440 sprint relay were Ruben Tambunga, Robert Maldonado, Mike Schneider and Gerald Huff.

Ricky Crawford picked up two points for the Lions with a fifth place in the 880-run with a time of 2:08.9.

David Sewell got a fourth in the 120-yd. hurdles with a time of 16 seconds. Mike Schneider placed fourth in the 100-yd. dash with a 10.4.

Garnering third places were Gerald Huff with a 53.3 in the 440-yd. dash, Mike Wellman with a 42.6 in the 330-yd. Intermediate Hurdles and Robert Maldonado with a 23.1 in the 220 yard dash.

Bill Edgerton picked up a fifth place in the mile run with a 5:02.7. The mile relay team of Timmy Evans, Maldonado, Huff and Schneider, placed fifth with a time of 3:36.7.

David Pagan was responsible for the other Lion first place with a throw of 154'6" in the discus and picked up a fifth in the shot with a toss of 45'54".

Cuatro Davidson placed fourth in the discus with a throw of 138'14". Will Collett and Mickey McBroom each had a 5'8" jump in the high jump event to take fourth and fifth place.

Chuck Womack placed second in the pole vault with 13'6" and Collett placed sixth with a 12' vault.

Coach Richey had a great deal of praise for the Lion effort and said they performed well under stiff competition. In most cases the boys made a better showing all around than they did last year in the same relay.

Good Attendance For First Horse Club Fun Day Sunday

Sunday afternoon the Crockett County 4-H Horse Club met for their first Fun Day of the year. There were approximately 35 to 40 members present and participating, along with parents and other interested persons.

Eddie Hale, the Fun Day supervisor, presented a program on the Horse Club rules. He also gave a demonstration on grooming, saddling, and care of a horse and equipment.

All members participated in a Western Pleasure Class and were shown the correct methods of riding. Pole bending was then performed.

Refreshments were served by Mrs. Lonny Cain to club members. Activities were then suspended so members could enjoy a ride.

There will be a program by Dr. Joe David Ross of Sonora Friday at 4 p.m. at Fair Park. It will be an educational program on Horse Husbandry for 4-H Horse Club members, but all interested persons are invited to attend.

Urge Ranchmen Be On Watch For Screwworms

Crockett county ranchmen should increase their vigilance in checking livestock for screwworms the coming weeks as warmer weather arrives and mail in samples of any suspected cases, warns county agent Pete Jacoby.

Dr. M. E. Meadows, Jr., veterinarian in charge of field operations for the eradication program, cautions that screwworm cases are increasing rapidly in many areas of Mexico and have started migrating northward.

A mild winter and prospects of increase in moisture makes an early outbreak highly possible in the county, cautions the county agent. Early detection is very important for successful control of screwworm outbreaks. No positive identification of screwworm cases were confirmed for Crockett County in 1970 and only two cases were reported in 1969, however, in 1968 there were over 300 reported cases in the county.

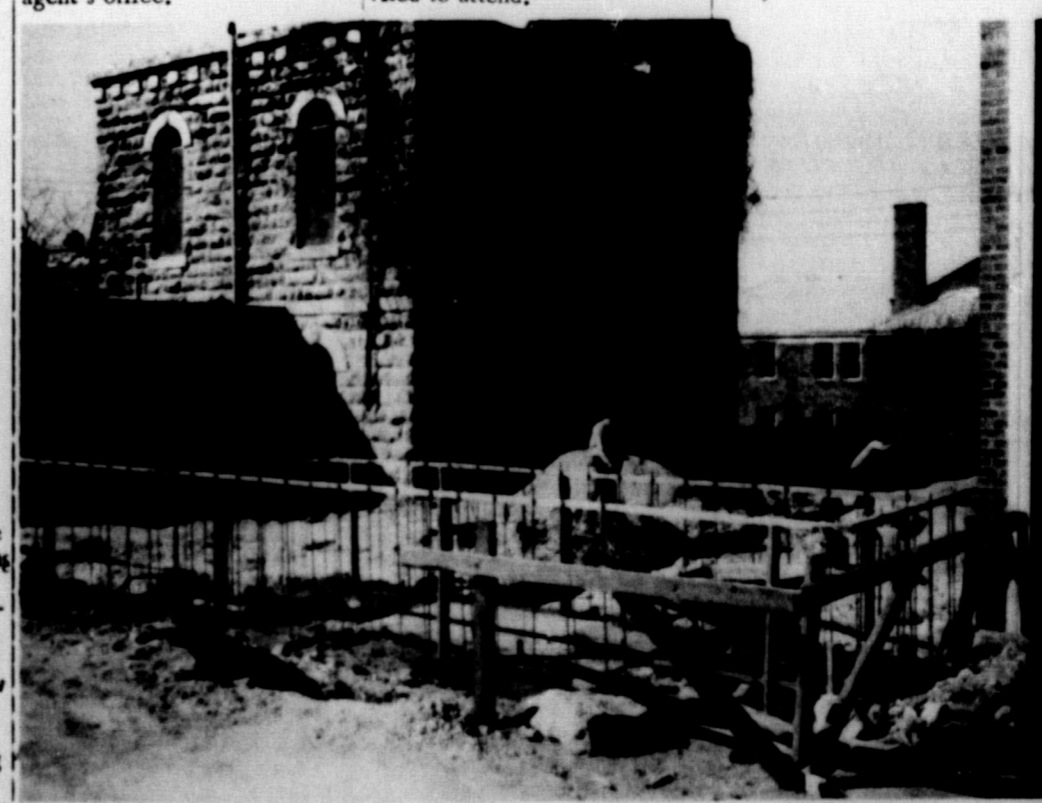

Containers for mailing in worm samples can be picked up at either of the two wool warehouses and at the county agent's office.

Little League Grads Asked To Turn In Suits

John Harris, newly elected president of the Ozona Little League Association, appealed to boys who are too old for Little League play this year, to bring their suits by Kyle Kleeners, where they will be picked up and issued to new players.

Harris said that plans for the coming season are coming along and managers have been secured for all teams. J. C. Schroeder will manage Ozona Oil, Dean Scott will head up Moore Oil, Jack Tankersley is the new manager for B. & B. and Rex Fenton will manage Ozona National Bank, formerly Flying W Ranchers.

A meeting will be held around the middle of the month for interested adults and parents and tryouts will begin the third week in April.

DOWN WITH THE OLD, UP WITH THE NEW - The old tin building behind the jail and next to the Baptist Church has been razed and forms are being constructed for the pouring of concrete for extensive improvements to the present structure. Construction in the foreground is the ramp leading to what will be the back entrance of the new part of the jail. Keith Bailey Photo

WANTED: ONE CRYSTAL BALL

Folklore has it that the future can be predicted by peering intently into a crystal ball. And there are lots of folks around these days who would like to have a good, reliable crystal ball. Unfortunately, none seems to have turned up, and so there is great controversy on all sides as to what the future will hold.

The stock market is always great game for the prognosticators, the only trouble being that recently the prognosticators have been guessing in all directions. The problem—if you can call it that—is that the market began climbing in mid-May, 1970 from a low of 631 on the Dow Jones industrial average and by December it had zoomed up by more than 200 points. By that time, many experts were predicting that a "sharp adjustment" was long overdue and that a drop in prices could be expected; others declared that the first bad news to come along would burst the bubble and prices would come toppling down. But, by the end of February the market was still climbing without a waver and indeed had posted 50 more points on top of the 200 previously gained. One would think that with all of the "smart" computers around it would be easy to tell what will happen next, but stock prices are as unpredictable to electronic calculators as they are to humans.

Financial advisors to the President, including a small army of statisticians and economic experts in the U.S. Commerce Department, have released the rosy forecast that our "GNP," or gross national product, will climb to over one trillion dollars this year, up from \$976.5 billion last year, the highest in our history. If such happens, we will have a very good year, indeed. But if the President and his advisors seem to be very confident about the future, there are others who are not, and so the debate goes on.

It's easy, you know, to become a millionaire. All you have to do is be right 51 percent of the time.

Now, if we had just one, good crystal ball . . .

ELDORADO MEDICAL CENTER PASSES SECOND BIRTHDAY
(From Eldorado Success)

The Schleicher County Medical Center observed its second anniversary this past week, becoming two years old on February 16th. Since its beginning in the minds of interested citizens of the county, we have seen the establishment of the Hospital District, the election of the directors for the district and the planning and construction of our present hospital and nursing home facility. The citizens who so conscientiously strove toward this goal should be congratulated on this birthday of their achievement.

The Medical Center, operated by Medica Diversified, Inc., headed by Dr. J. B. Brame, has maintained its Medicare Certification since its inception, a fact for which we should be proud. Many other rural community hospitals are having difficult problems with the federal agencies and are in a constant struggle to maintain their certification.

Mr. Danny Barfield of Medica Diversified was recently appointed to the Speakers Texas Health Care Committee and worked in the passage of a bill signed by President Nixon which eased the problem for the rural hospitals and assured Eldorado of the continued operation of the Medical Center under the present Medicare standards.

In the past year Medica Diversified added twelve beds to the nursing home wing, beds which were badly needed. The Hospital Auxiliary, an organization of dedicated women, installed a beauty shop in the nursing home section and a gift shop in the lobby of the Center. Both projects were well received and appreciated.

Perhaps the greatest addition to the hospital in the past year was the addition of Dr. R. K. D. Peterson to the hospital staff and his beginning the general practice of medicine in our community.

We can be proud of the manner in which the board members have constantly worked for the continuance of quality medical care in our community and we only hope it will continue in the future.

Parker Praised —

(Continued from Page One)

The following letters were received by Deputy Sheriff Levon Parker after he captured three young murder suspects here last week. Most of the letters were received after the story broke in the San Antonio papers, where the suspects are being held. However, after an account was given in the Stockman last week, more letters began arriving from various parts of the country.

San Antonio
You are the talk of the town (San Antonio)
For a little while the Old West lived again. Too bad the Old West is gone forever.
Frank Langben

Dear Mr. Parker:
I wish to commend you for your alertness and prompt action in stopping and holding for investigation three young people, who, it appears, are the murderers of a San Antonio woman. Actions such as yours merit the hearty commendation and support of right-thinking people throughout the state.

Respectfully yours,
Mrs. W. E. Bugbee
San Antonio, Tex.

Deputy Von Parker
Ozona Texas
Thank goodness we have alert lawmen like you,
San Antonio Citizen

Dear Mr. Parker:
We just want to let you know that we think your alert handling of the trio from Houston who shot the San Antonio woman was a tribute to law officers everywhere. May we continue to have people like you protecting us.

Regards,
Mr. and Mrs. M. H. Langford, San Antonio

Dear Mr. Parker:
Highest praise for your keen observation and swift action in arresting the callous, wanton hippie slayers of Mrs. Gaynell Newsome.

What now? The senior of the hippie murder crew has jumped bail on a charge of rape committed almost a year ago. Will those who freed him on bail suffer twinges of conscience at the result? Will this case drag on for months or years like the Powers case, the Sirhan case, the Tate trial and too many others? Isn't it apparent that

LOCAL SERVICE MAN FOR PIONEER GAS RETIRES

Ernest Dee Ake, service man and a 15-year employee of Pioneer Natural Gas Company retired as of 5 p.m. Friday. Mr. Ake came to Ozona from Brady 4½ years ago.

An office party was held Friday afternoon with several out of town officials of Pioneer Natural Gas.

Mr. and Mrs. Ake's new address is general delivery, Marble Falls, Tex.

faults in law enforcement lie, not with the police, but elsewhere?

In times past, failure to bring criminals to justice provoked extra legal Vigilante action in many places. Such improbable remedies are uncalled for today, but many feel most strongly that the time is long past due for the appearance of new civic leaders who will reverse this sorry state of legal impotence and so enforce the law that it will, (as intended) really protect life and property.

Hugh D. Adair
San Antonio, Tex.

Dear Lavon:
I want to congratulate you on the fine work you did on the Newsome case. Your alertness and follow through are typical of the fine officer you are. The state of Texas is fortunate in having an officer of your caliber protecting life and property in Crockett county and state-wide. I have always known you were an outstanding officer—it didn't take this case to convince me.

You probably have the enclosed clippings from the San Antonio papers, but I will send them anyway, as you may want to keep them.

With best personal wishes, I am,
Yours sincerely,
Capt. A. Y. Allee
(Texas Ranger Ret.)
Carrizo Springs, Tx.

Dear Mr. Parker:
We would like to take time

Girl Scouts To Protest Litter Tue.

Ozona Girl Scouts made plans at a meeting Saturday to hold a protest parade next Tuesday at 4 p.m. to protest litter and promote their Eco-Action campaign. The parade route will take in the downtown area around the square.

Approximately 50 Girl Scout and all troop leaders met Saturday afternoon at the Ozona Community Center to discuss things the girls themselves could do to keep the world clean.

Some of the things the girls voted to do follow: use returnable coke and soft drink bottles, be responsible for their entire families on trips, use less paper such as paper towels, napkins, plates etc., when on trips take at least five minutes to pick up litter at roadside parks, and use laundry soaps with low phosphate.

Since next week is National Girl Scout Week, the girls decided to hold the parade at this time as well as kick off their campaign. Each girl will make her own placard and a prize for the best one in each troop will be given. Also, posters will be placed in store windows around town. These will also be judged and a prize given for the most outstanding poster.

SENSING the NEWS

By Anthony Harrigan
EXECUTIVE VICE PRESIDENT
Southern States Industrial Council

POSITION TO FAP

Washington, D. C. -- Gov. Ronald Reagan of California is being up as the national leader best informed about the welfare mess and determined to effect general reforms.

The Reagan approach entails a work requirement for able-bodied persons receiving welfare assistance in California. Unfortunately, the administration is playing on such a requirement in connection with the proposed Family Assistance Plan. In fact, administration insiders are talking about increasing the scope of welfare assistance.

Richard Wilson, Washington Times Star columnist, recently commented that Gov. Reagan believes that "The President seems to be out of touch with a national revolution in welfare abuses and is infixed by Washington bureaucrats who have sold him on the idea of the guaranteed income tax idea."

As a result, the President is giving praise in liberal quarters for the first time in his career -- even as conservatives are expressing disillusionment with the administration. Joseph Alsop, a veteran Washington columnist and exponent of the liberal viewpoint on domestic issues, recently said of the President's welfare plan: "If FAP ever passes this will certainly prove to be a far more radical measure than most people suppose. The end result, in fact, will be public welfare mainly federally administered on the pattern of the Social Security System."

Mr. Alsop rightly terms FAP "a centralizing measure." It will deprive the states of any significant degree of control over welfare. Hopes of ever reducing the welfare burden -- the burden of free-loaders -- will be small indeed if the administration's proposal is enacted into law.

Both administration strategists and liberal Democrats -- the latter prefer massive new food stamp programs to the FAP plan -- are failing to take the public pulse on the handout issue. Sen. Lawton Chiles (D-Fla.) is one important officeholder who has taken the public

pulse. In his successful election campaign last fall, he walked more than 1,000 miles and talked to countless Floridians.

"On the road," the senator recently told a capital correspondent, "I ran into a lot of the working poor -- the guy who is making \$3,600 to \$7,000 a year. He is making it on his own and to take that away from him would be the worst thing they could do."

Sen. Chiles asserted that the Nixon administration's FAP legislation would encourage more lower-paid workers to seek welfare. He noted that people making it on their own are among the most outspoken critics of the welfare system, giving the example of a mechanic whose "veins pop out on his head when he talks about welfare."

These citizens are the forgotten Americans -- forgotten by opportunists in the administration and slick headline hunters in the Senate who pose as humanitarians in a "war against hunger." The forgotten Americans -- still have plenty of fight left in them. They undoubtedly will find leaders at the national level capable of articulating their objections to schemes designed to get the votes of the handout hounds.

BROWNIE SCOUT TROOP 80

Brownie Scout Troop 80 met Thursday afternoon at the Scout house. They then visited the newspaper office.

Refreshments were served by Susie Marks.

Mrs. Harold Farmer encouraged all girls to go to the clinic on Eco-Action at the Community Center Saturday. The group voted on a symbol for Eco-Action to represent the Girl Scouts.

Those present were Carla Koerth, Darla Farmer, Lisa Holt, Rea Lynn Dewes, Peri Pennington, Jan Watson, Sheryl

Harris, Susie Marks, Kristi Kirby, Glenda Sutton, and Chris Carlisle.

Chris Carlisle, Reporter --0--

PUBLIC NOTICE
PROPOSED CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT (SJR 17)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVII, Section 1, of the Texas Constitution, be amended to read as follows:

"Section 1. The Legislature by a vote of two-thirds of all the members elected to each House, to be entered by yeas and nays on the journals, may propose amendments to the Constitution, to be voted upon by the qualified electors for members of the Legislature, which proposed amendments shall be duly published once a week for four weeks, commencing at least three months before an election, the time of which shall be specified by the Legislature, in one weekly newspaper of each county, in which such a newspaper may be published, and it shall be the duty of the several returning officers of said election, to open a poll for, and make returns to the Secretary of State,

PUBLIC NOTICE
PROPOSED CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT (SJR 18)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 51-a, of the Texas Constitution, be amended to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be deemed expedient, for the payment of assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:

Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this section shall be construed to amend, modify or repeal Section 17 of Article XVI of the Constitution; provided further, however, that such medical care, services or assistance shall also include or subject to objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer or to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this State."

PUBLIC NOTICE
PROPOSED CONSTITUTIONAL AMENDMENT
NUMBER FOUR ON THE BALLOT (SJR 19)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows:

"Section 49-d-1. (a) The Texas Water Development Board shall upon direction of the Texas Water Quality Board, or any successor agency designated by the Legislature, issue additional Texas Water Development Bonds up to an additional aggregate principal amount of One Hundred Million Dollars (\$100,000,000) to provide grants, loans, or any combination of grants and loans for water quality enhancement purposes as established by the Legislature. The Texas Water Quality Board or any successor agency designated by the Legislature may make such grants and loans to political subdivisions or bodies politic and corporate of the State of Texas, including municipal corporations, river authorities, conservation and reclamation districts, and districts created or organized or authorized to be created or organized under Article XVI, Section 59, or Article III, Section 52, of this Constitution, State agencies, and interstate agencies and compact commissions to which the State of Texas is a party, and upon such terms and conditions as the Legislature may authorize by general law. The bonds shall be issued for such terms, in such denominations, form and installments, and upon such conditions as the Legislature may authorize.

of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

"(e) Texas Water Development Bonds are secured by the general credit of the State and shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"(f) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on Tuesday, May 18, 1971, at which election all ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to authorize the issuance of One Hundred Million Dollars (\$100,000,000) bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes, providing for the improvement and continuance of the water resources program, and establishing an interest ceiling on Water Development Bonds at 6% per annum."

PUBLIC NOTICE
PROPOSED CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT (SJR 16)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. (1) The State Ethics Commission is created as an agency of the State. The commission consists of nine members. Three members shall be appointed by the Chief Justice of the Supreme Court of Texas with the advice and consent of the Associate Justices serving on the Court, and three members shall be appointed by the Presiding Judge of the Court of Criminal Appeals of Texas with the advice and consent of the other judges serving on the Court, and three members shall be appointed by the Chairman of the State Judicial Qualifications Commission with the advice and consent of the other members of the commission, of each group of three appointees no more than two shall be attorneys engaged in the active practice of law. In addition thereto there shall be two ex officio members, one from the House of Representatives and one from the Senate to be elected on the first day of each Regular Session of the Legislature by a majority of the membership of each House for a term ending on the first day of the next Regular Session.

proved before that day by resolution of either House of the Legislature.

(b) All rates of compensation, mileage allowances or per diem rates and all changes and recommendations made by the commission thereof shall not take effect until approved section by section by resolution of both Houses of the Legislature.

"All votes on these resolutions or parts thereof shall show the individual votes in the respective journals of both Houses.

now until mid-summer. Bare spots in the lawn may be repaired as soon as the ground is warm and dry enough to work. Fork them over, fertilize them, rake them level and then sow grass seed. After the seed is sown, firm the soil by tamping it with a rake.
 If lily bulbs are to be planted this spring, get them in the ground at the earliest possible date.
 Bulbs for summer blooming that may be planted outdoors in March are Calla lilies, Gloriosa, Crinum, Cannas, tube roses, Elephant Ears, Gladioli, Hymenocallis (spider lily) montbretias, Oxalis and Tigridias.
 As flowers begin to fade on spring bulbs, remove the flower stalk. Do not cut the foliage, however, as it produces food for the development of a new bulb. Hide the foliage by tucking it beneath overhanging shrubbery or by planting annuals in the bed.

FRIDAY BRIDGE CLUB
 Mrs. Bailey Post was host to the Friday Bridge Club last week.
 Club high went to Mrs. Joe Pierce and guest high to Mrs. C. O. Walker. Low went to Mrs. Sherman Taylor and bingo to Mrs. Hillery Phillips, Mrs. A. H. Studt, and Mrs. S. M. Harvick.
 Others present were Mrs. J. M. Baggett, Mrs. Early Baggett, Mrs. V. I. Pierce, Mrs. George Montgomery, Mrs. J. M. Lively, Mrs. Lovella Dudley, Mrs. Max Schneemann, Mrs. Stephen Perner and Mrs. Welton Bunger.

METHODIST WSCS
 The Women's Society of Christian Service met Wednesday morning at the church to complete the study entitled "The Americas: How Many Worlds?"
 After the invocation by Mrs. Douglas Fisk, the lesson was taught by Mrs. John Berkley and concluded with the showing of a film.
 Others present were Mrs. M. C. Couch, Mrs. R. R. Dudley, Mrs. J. A. Fussell, Mrs. Wayne Gooch, Mrs. R. A. Harrell, Mrs. S. M. Harvick, Mrs. B. B. Ingham, Mrs. James Lively, Mrs. Stephen Perner, Mrs. Joe Pierce and Mrs. W. O. Reeves.

WOULD A FENCE HELP?

If we could build a fence around the world, would we respect our limitations and live happily with one another? Would we stop wars? Probably not!

You can fence in physical objects but not the minds and hearts of mankind.

Nor can we be forced to live in peace. Peace comes through practicing love, faith and tolerance — an understanding of God and His Church. Then, remember World Day of Prayer. Determine not to build a fence around yourself, or around anyone else. Instead, enlarge your horizons through the common voice of prayer.

What better place to start than in the Church?

Cubs Tell Why 'I Love America'

The following group of letters was brought to the Stockman office this week by one of the den mothers of Cub Scout Den 2. They were written by boys 9 and 10 years of age.

The Letters entitled "Why I Love America" follow:

Because it is beautiful. The country is free. It is great. Their is lots of friends.

Gary Duwain Yeager
It is a strong country, it is a free country, it is a great country.

Joey Smith
I think I like it because it is great and because it is free and beautiful.

Bobby Maness
I love America because it has a strong Army. It is beautiful. It invents a lot of things. It has nice people. We love our Scout den mothers and our den brother. I love our homes which we live in. We love our trees and all our plants. We love our cars and trucks. Our country is free.

Garry Tinsley
We love our America because it is beautiful and we live on it and we are not opposed to pollute it, and we could not live without it. We grow some of our food on it. And it is the prettiest place I know of and it will always be beautiful if we will not pollute it.

The End
Perry Fikes
I like America because you can live the way you want to live.

Greg Jungk

County Heart Fund Drive Is Successful

The Crockett County Heart Fund netted a total of \$749.99 in its drive last month.

Sixty volunteer workers canvassed the business houses and homes over the town during the month which is traditionally set aside as heart fund month.

This year The Woman's Forum took the drive as a club project. The members directed the drive and most of the volunteers came from the club's ranks.

Conservation -

(Continued from Page One) only with themselves and not the generations to come.

Our lakes and streams and the water supply in general became the next great concern for preservation. People began to use the lakes for pleasure and enjoyment. They would fish and also swim and ski. This was not harmful to the water; it was the trash they would discard into the stream, or the waste they would leave on the ground, free to blow into the water.

In more ways than this our streams have been polluted. Factories have carelessly emptied their wastes into nearby streams. Large cities have done nothing in general to preserve our fresh water supply.

The air we breathe is one of the most vital resources for life. Today, our atmosphere is polluted with smog and wastes from cars and also factories in the cities. People are careless in their fight to get ahead in the material world.

Pollution of our natural resources is not confined to these few items mentioned. Our natural environment does not consist of only soil, water and the air we breathe. The animals which are hunted and killed also add to our environment.

Our natural environment is the things which man did not build, but which were here for man. It is not something we can abuse and expect to reproduce and flourish as it did in the beginning. The true enemy of the natural environment is man himself. Many men try to make up for what his neighbor has destroyed. One bad apple can ruin many more and one good apple can not survive in a barrel of rotten ones.

There is only one alternative; man can preserve and protect his natural environment, or he can perish from his own lack of interest to do something about it.

Two Outposts -

(Continued from Page One)

The following 1 1/2-hour gauges were reported through perforations at 8,035-110 feet: 899,000 cubic feet of gas daily on a 5-64 inch choke with tubing pressure of 2,467 pounds; 743,000 cubic feet daily, plus one barrel of condensate and 1/2 barrel of water on a 6-64-inch choke with tubing pressure of 2,386 pounds; 1.38 million cubic feet daily, plus 1 1/2 barrels of condensate on a 9-64-inch choke with tubing pressure of 2,328 pounds.

The field has eleven lower Canyon wells and two Strawn wells.

During the German occupation she fled to Sweden on skis and from there went to France where she fought in the French underground the remainder of the war.

She met Charles Griggs in Cannes on the French Riviera

while working for the British Red Cross and married him after moving to Weisbaden, Germany, to work as translator and interpreter for war-crime trials.

A life member of Texas Garden Clubs, Inc., Mrs. Griggs has a master's certificate as a flower show judge and is a past president of the judge's council.

The local club extends invitations to all those who are interested to attend the program.
