FIRST-HALF LL CHAMPS, THE OZONA NATIONAL BANKERS - Winning the first half of play with a 7-1 record, the bankers are currently a game behind in the second half of play, although still very much in contention. The boys are front row, 1, to r., Felipe Castro, Jr., Cruz Garza, Hector de la Garza, Shane Fen-

ton and Jeffery Young. Second row, David Brownrigg, David Garza, John Castro, Blake Moody, Edward Ybarra, Ray Martinez, Ricky DeHoyos, Frank de la Garza, and manager Rex Fenton in back with helper.

Completions Noted In Three Crockett Fields

Two Crockett County fields gained confirmers and an extender was completing. The Escondido multipay field of Crockett County gained its second upper Strawn producer and a location east extension to that pay with recompletion of Continental Oil Co. No. 3-1 J. M. Shannon, former Ellenburger oil producer, 14 miles southwest of Big Lake, for a daily flowing potential of 120 barrels of 57 gravity oil, plus 47 barrels of water, with gas-oil ratio of 2,992-1.

Production was through a 10-64-inch choke and perforations at 7,714-24 feet and 7,764-62 feet which had been acidized with 1,000 gallons. Top of pay was picked at 7,714 feet on ground elevation of 2,557 feet. Plugged back depth is 8,225 feet.

Originally drilled to 9,243 feet it was finaled Jan. 1, 1965, for 353 barrels of 39.3 gravity oil, no water, through a 9-64-inch choke and perforations at 9,122-128 feet. Location is 660 feet from the north and 717 feet from the west lines of 1-2-GC&SF.

The field also produces from the Fusciman and formerly produced from the lower Pennsylvanian.

The upper Strawn opener, the firm's No. 2-7 Shannon, was finaled June 17, 1968, for 99 barrels of 57 gravity oil, plus 32 barrels of water, through a 16-64-inch choke and per-

Annual Tourney at Country Club 3&4

The annual country club tournament will be held at the Ozona Country Club July 3-4. All golfers must sign up by June 1, at the shed on number one tee box.

Trophies will be awarded at a barbecue supper July 4 at 7:30 p.m.

Man Arrested In Theft Of Gas For Stolen Vehicle

A stolen pickup was confiscated and a New Mexico man arrested Saturday morning as he was stealing gasoline for the vehicle from another pickup parked in front of the home of Mrs. Henry Garden in Ozona. Officers arrested Antonio Jose Chavez of Albuquerque, N. M., and also took into custody a juvenile and a service man, who were passengers in the vehicle. The latter two were released after it was determined they had hitched a ride in the stolen vehicle.

Chavez was placed in Crockett County jail and Albuquerque officers were notified of his arrest and recovery of the pickup which belonged to Malcolm Allen, also of Albuquerque.

Father of Mrs. J. J. Marley Dies

James W. Box, 83, father of Mrs. J. J. Marley of Ozona, died Saturday night in Comanche, Okla., after a lengthy illness. Services were held earlier this week at Moorehead Funeral Home in Comanche, Okla. Jesse C. Marley, a grandson, and his wife left late Sunday to attend the services.

B&B Grocers Take Lead In LL Second Half

B & B Grocers took the second half lead in Little League play by downing Ozona Oil 13-3 in the first game of a double header last Thursday night.

Standings are B & B, 3-1; Ozona Oil and Ozona National tied for second with 2-1 records, and Moore Oil 1-4. Several games have been rained out, as was Monday night's game. The Monday double header was made up Tuesday night and standings could have changed, as scores were not available at press time.

Another Double-header is scheduled for tonight as the season draws to a close. Thursday night the rising Grocers were led in their attack by Bobby Knox and John Galvan, with three hits each. Galvan was also the winning pitcher. Jerry Weant was the hot hitter for the Oilers and Ronald Koerth took the loss.

In the second game Ozona National Bank shut out the lagging Moore Oilers 16-0. David Garza pitched the first four innings and struck out 10 batters, and Cruz Garza pitched the final two innings, striking out five to wrap it up. Blake Moody led the Bankers with three hits and a home run. David Garza had three hits for the winners and Johnny Castro had a home run. Randy Allen collected a couple of hits for the hapless Oilers. Steve Pagan, in his first start on the mound, took the loss.

Mrs. Tommy Harris returned to her home here Thursday after undergoing medical treatment for two weeks in a San Angelo hospital.

High Speed Highway Chase Ends In Wounding Of Driver

A wild auto chase with speeds in excess of 100 miles an hour and a confrontation with officers resulted in the wounding by gunshot of Hilton James Ouilgegh, 22-year-old

Negro male, from Raney, La., early Saturday evening. Highway patrolman John Harris, DPS, and Border Patrolman Roy Glenn Sutton were working a radar unit on Hwy

290 west of Ozona Saturday afternoon when a car passed them at a speed of around 100 miles an hour. They were parked in the patrol car about five miles west of town at the time.

Jumpy Showers Water Town, Some Pastures

Heavy rain showers have dented the drought somewhat in parts of the county this week, while other areas remain dry.

The dry western edge of the county received a good rain Sunday night with up to 1.8 inches reported while other areas west of Ozona reported very little if any rain-

The officers gave chase but were hampered by oncoming traffic and some extremely dangerous hills and curves. As they followed the speeder up Bachelor Hill, he passed three vehicles and continued at high speed, driving in the center of the road and forcing east bound traffic off the road-way.

The two officers caught up with the speeding car on a straight stretch of road and signaled with the siren and red light to pull over and stop. The driver eluded them and took to the center of the road.

Taking into consideration the hazard to other drivers on the road, Harris asked Sutton to shoot a tire in an effort to stop the car. Sutton shot the right rear tire, but the car traveled on for at least three miles at a speed of around 85 miles per hour with burning rubber and smoke hampering the progress of the car in which the officers were driving.

When it became obvious that the driver had no intention of stopping, Harris asked Sutton to shoot another tire. After Sutton shot the left front tire, the car kept going for about a mile at 65 miles per hour before the driver lost control, skidded sideways for 200 yards and plunged through a fence.

Youth Council Sponsored Dance At Civic Center

The Youth Center Teen Council will sponsor a dance tomorrow night at the civic center for young people and their dates. Music will be furnished by "The Altar," a hard rock band from San Angelo.

The dance will start at 8 and end at 12 midnight. Prices for admittance are \$1.50 per couple and \$1 stag. Proceeds will go toward securing a big name band for the "back to school dance."

The council made over a hundred dollars in a bake sale two weeks ago for the project. The board has agreed to match all funds made by council members to hire a famous band.

At the board meeting last week hours were set aside for junior high students at the youth center. Each Tuesday afternoon from 2 until 6 p.m., and every Thursday night from 7 o'clock until 10 will be set aside for junior high students only. The board stipulated that on Thursday nights, students may go out the front door once they enter the building, but they will not be readmitted.

Services Pend For Sanderson Wreck Victims

Services are pending at James Funeral Home for two men who were killed in a three vehicle accident early Monday morning on U. S. Hwy 90 in Terrell County four miles east of Sanderson. The driver was the only occupant in each car. Dead are Edward R. Hill of Heywood, Calif., and Rafael Longoria of Acuna, Mex. Injured was Alejandro Marquez, 41, of Sanderson, who suffered broken ribs and was treated in the Sanderson Clinic.

The accident occurred when Hill, traveling east, swerved into the right bound lane and crashed headon into the Longoria auto. Marquez, who was traveling west behind the Longoria car was unable to stop and crashed into the wrecked cars.

Mrs. Lester McMillan was transferred to Shannon Hospital in San Angelo from a Big Spring hospital over the weekend. She had suffered a heart attack enroute from Ozona to Big Spring about two weeks ago, and was sufficiently recovered to be moved.

500 GALLONS PER MINUTE gushed from this stand-by water well which was tied into the Ozona water supply system the past week. The well was drilled about two years ago on land included in the Dick Henderson contract with the Crockett County Water Control District which provides water rights to the district on certain acreage on the ranch Henderson formerly owned adjoining Ozona. This is the ninth producing well in the system complex, four on the east hill and five on the west hill and the Henderson contract area--each area apparently producing from a different water stratum. The wells range in production levels from 200 to 500 gallons per minute. The above well is not presently needed and will play a stand-by role.

GIANT HIBISCUS -- grown in the garden of Mrs. Bailey Post. This single bloom measured a full eight inches across, quite a large specimen as can be seen by other items on the desk beside it. The blossom was a beautiful deep pink with perfect shape, one of the many which Mrs. Post has grown this year.

Ozona Troop 163 Wins Top Award at Fawcett

Ozona Boy Scout Troop 163 returned to Ozona this weekend after spending a week at Camp Fawcett.

The troop collected the coveted Camp Fawcett Award, which is presented to the outstanding troop for the session. The troop had 100 percent swimmers and each boy put in two hours on the Conservation project. They participated as a service patrol and presented a skit on parents' night, which was Thursday, earning 1,500 points toward the Award. Besides receiving the award for most outstanding troop at the Awards Presentation Satur-

day morning, the troop was awarded third place in the archery competition and won both first and second place for Best Patrol.

Scouts attending the session were Richard Cardona, Raul de La Rosa, Chon Fierro, Frankie Garza, Alex Guerra, Samuel Gutierrez, Robert Longoria, Ernesto Martinez, Martin Martinez, Harvey Vargas, Paul Zapata and Peter Zapata, along with scoutmaster Pete Zapata.

Furnishing transportation for the boys were Jose M. Martinez, Eusevio Longoria, Raul de La Rosa and Carlos Lopez.

PROTECTING THE POLICE

One hundred policemen were killed in the United States last year. Fifty-one have been killed since January 1, seven of them in New York City.

Attorney General John Mitchell urges that serious consideration be given to imposing the death penalty on cop killers. But there is a serious drawback: a clever lawyer can so shake up some jurors where the death penalty is involved, that accused murderers, guilty or not, often go scot-free.

When two policemen were shot to death in Harlem last month, the New York Daily News observed that such killings are often made in order to establish a reputation, i.e., so that the power group or gang can brag about it.

Congressman Gerald Ford, the House Minority Leader, has asked the Select Committee on Crime in the House of Representatives to consider a bill offering a substantial reward for information leading to the arrest and conviction of anyone who has assassinated a policeman anywhere in the country.

The recommendation makes sense. When the Daily News announced that \$35,000 had been offered for information regarding the latest cop killers in New York City, police received hundreds of calls. But it is not enough after the fact. A Federal law offering a reward automatically in every case would be a serious deterrent to such a crime.

Write to Congressman Ford, or to your own congressman, encouraging such a law. An attack on a policeman is a threat to us all.

YOUTH LEADER SPEAKS OUT

A senior at St. John's University in New York has come up with a refreshing comment on the "People's Peace Treaty" emanating out of North Vietnam. Every spring, said Docksai, the left seeks a new issue to serve as a base for demonstrations and radicalization of American students. This year the issue was the People's Peace Treaty!

The treaty, explained Docksai, calls on America to withdraw its troops immediately and to "end the imposition of Thieu-Ky-Khiem on the people of South Vietnam." In exchange, the Communists promise to "enter discussions" regarding the release of our POW's, to guarantee the safety of our withdrawing troops, and to talk about the safety of those who have "collaborated" with the U.S. or the Saigon government. "Plainly," he said, "pledges to 'enter discussions' mean nothing. The discussions in Paris have been going on since 1968. The U.S., by contrast, is to pledge itself to very specific actions by the treaty."

The Young Americans for Freedom, largest conservative youth organization in the country, is especially concerned about the safety of those who have "collaborated" in the defense of South Vietnam, said the youthful leader. Such Vietnamese in the various forces of the South, combined with their families, constitute nearly half the population.

"You can only look with scorn and sorrow," said Docksai, "on those who support a treaty to depose the duly elected government of South Vietnam and to replace it with the one-party dictatorship in the North." The government there is so repressive, he pointed out, "that it recently sentenced the leader of a pop music group to 15 years in jail for his group's 'melancholy, heart-rendering' beat." Yet the leftists in our country, he continued, "have no qualms about cooperating with that government, while denouncing those in the U.S. and South Vietnam as 'repressive.'"

Pledges made by North Vietnam are meaningless, said Docksai, when the past record of the Communists is considered. "The Communists have violated all 15 of the cease-fires they've agreed to," he continued. "They have also violated both Geneva agreements since the days they were made. The provisions of the 'People's Treaty' neglects to call for North Vietnamese withdrawal from Laos, Cambodia or South Vietnam. The 'People's Treaty' is in essence a surrender document that would mean complete totalitarian domination of Indochina," Docksai said. He urged individuals wanting more information on the treaty to write to Young Americans for Freedom, 1221 Massachusetts Ave. N.W., Washington, D.C. 20005.

It is encouraging to see such thoughtful and well-informed young leaders as Ron Docksai coming along. It is reassuring to know that the future of our country will be in such hands.

Southern States Industrial Council

CHAOS IN PUBLIC EDUCATION

Another school year has come to an end. And in many communities thoughtful citizens are wondering whether quality public education is near an end. The public schools are in greater disarray this year than at any time in memory.

Freedom of choice has been banned by the courts. Forced bussing of students has been imposed on many communities. Students and teachers are being shifted around so as to achieve arbitrary sociological formulas that have nothing to do with education. In many communities, parents despair of the children receiving a worthwhile preparation for their future work.

More than ever, the U. S. Supreme Court has usurped the role of the school superintendent, thereby denying states and local communities any meaningful control of the educational process. No principal can make an administrative decision without wondering whether the federal courts will decide that the action is a violation of a constitutional "right." It is a sad--indeed a tragic--state of affairs. The federal courts have completely lost sight of the purpose for which a school system is created.

namely, to impart learning and not to accomplish a sociological revolution.

Many parents feel the hopelessness of the situation. They contemplate moving to different communities, but the Supreme Court is determined that the very nature of neighborhoods be transformed through the use of the instrumentality of the public schools. In this situation, the children in the affected school systems are the sacrificial victims of a handful of arrogant judges who aren't selected by the people have no control.

The outrageous nature of the situation is compounded by the double standard employed by the Supreme Court in determining which systems must meet the test of the sociological formulas. In its latest ruling, the Supreme Court established the double standard as the law of the land. The Southern states must be constantly juggled to meet a variety of formulas, whereas the schools in other states--despite conditions of de facto segregation--are to be virtually untouched by the federal judiciary. Massive bussing is mandatory in Southern school systems, but is not required outside the region. This is the ultimate in sectional discrimination.

tion all the hardships are placed on people in one part of the country while the people in other parts are spared the necessity of making very difficult adjustments in human relations. This double standard means that education per se will be much more difficult and frustrated in the Southern states than in other sections of the country. How the members of the Supreme Court can rationalize this regional bias is hard to understand.

Bussing, for example, works a hardship on students regardless of race or color. Children shifted around to achieve a rigid formula have to spend long periods of the day en route to and returning from school, this means that they are deprived of the opportunity to participate in extra-curricula activities. This deprivation of opportunity doesn't seem to bother the Burger Court, which is just as irresponsible as the Warren Court.

The real irony in the recent decision of the Burger Court on bussing and related matters is that--for a time undefined and to an extent undefined--the attendance of children at public schools may be shaped and prescribed solely according to race and color.

A distinguished attorney, who has carefully studied the arguments in the recent school cases--the Charlotte-Mecklenburg school cases before the Supreme Court--has pointed out that "the court has adopted the philosophy that wherever there has been an old state compulsion based on race, there shall now be a federal compulsion based on race, and that the U. S. Constitution gives no individual protection against the imposition of this new racial compulsion."

In view of this interpretation of the Constitution by the Burger Court, there is now no relief except to write into the nation's fundamental charter an explicit provision banning this new federal compulsion. It is likely, therefore, that opponents of this compulsory bussing will propose a Constitutional Amendment reading simply and briefly as follows:

"No governmental authority shall at any time, nor for any purpose, shape, determine or prescribe attendance or assignment of students and/or teachers on the basis of race or color."

Until some such provision is inserted into the law of the land, judicial tyranny will prevail and the public schools in

Tips For Gardeners

From The Ozona Garden Club By Mrs. Bailey Post

Though the late showers were light, they were refreshing and have greened up the grass where rain fell. Too, it was great to be able to curtail watering for a few days.

As summer heat progresses, water becomes more important. During periods of scant moisture, be sure flowers, shrubs and vegetables receive sufficient water.

When using dehydrated baled peat moss to prepare soil mixtures, it is best to soak the peat in water several days before you mix it. If used in the dry state, be sure that the other parts of the soil mixture are saturated with water. Plants potted in a mixture of soil and dry peat will die in a short while unless pots are immersed in water for several hours.

If your crepe myrtles stop blooming, spade superphosphate into the soil around them. Also, make a deep mulch of grass clippings and old leaves or peat moss around the plants. As flower heads fade, cut them from plants. This often will cause new growth which results in more flowers later in the summer.

If the day lily is a favorite in your garden and you wish to extend their blooming period into the night hours, here are a few varieties that remain open

until late or after midnight; Green Valley (light yellow with greenish cast and deeper green throat)
Laurel Anne (shell pink, tangerine throat)
Blythe Spirit (light yellow with green throat)
Anthony House (pink-apricot blooms)
Red Siren (crimson with green throat)
Golden Falcon (rich gold)
Annie Welch (pale pink)
Angac (rich red)
Marion Moss (lemon yellow)
The Doctor (scarlet, gold throat)

Mulch chrysanthemums and feed every two weeks with liquid fertilizer.

CANCER SOCIETY MEMORIALS
Mr. and Mrs. Vic Montgomery for Mrs. T. C. Terrell, Mrs. A. J. Roach and Allie Gibson.

Mr. and Mrs. Charles Williams for Mrs. A. J. Roach and Mrs. T. C. Terrell.

Mr. and Mrs. James Dockery for Chester C. Wilson, Mrs. Wes Davis, Dr. and Mrs. T. C. Terrell.

Mr. and Mrs. Jim Dudley for Dr. and Mrs. T. C. Terrell.

Mr. and Mrs. Marshall Montgomery for Dr. and Mrs. T. C. Terrell.

Vicki Applewhite is here visiting her parents, Mr. and Mrs. Charlie Applewhite. She plans to teach in San Antonio this fall.

Sgt. Alton Smith Graduated From AF NCO Academy

San Bernardino, Calif. -- Master Sergeant Alton F. Smith, son of Mr. and Mrs. Ivy Smith Sr. of Ozona, Tex., has graduated from the U. S. Air Force Senior Noncommissioned Officer Academy at Norton AFB, Calif.

Sergeant Smith, who received advanced military leadership at Maxwell AFB, Ala. The sergeant has served in the Republics of Korea and Vietnam.

A 1951 graduate of Ozona High School, he received a B.S. degree from the University of Akron (Ohio) and an M.S. degree from Troy State University, Montgomery, Ala. He is a member of Kappa Delta Pi.

His wife, Diana, is the daughter of Mr. and Mrs. Sam Jacobs of 3937 Greenfield Road, Uniontown, Ohio.

SOCIAL SECURITY SCHEDULE
Johnny Grammer, Field Representative for the San Angelo Social Security Office, has scheduled his July visit to Ozona. He will be at the County Courthouse on Wednesday, July 21, from 10:30 a.m. to 12:00 noon. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

RECIPE OF THE WEEK
From Kitty's Kitchen

Family Caesar Salad
1 head iceberg lettuce
1 small head of romaine
1 egg
2/3 cup grated sharp cheese
Salt to taste
Freshly ground black pepper
2 cloves garlic
1 cup toasted croutons
1/3 cup salad oil
3 tbs. cider vinegar
1 tbs. lemon juice
Prepare lettuce and place in crisper. Cook egg in simmering water 2 minutes. Chill immediately in cold water. Tear enough dry, crisp lettuce into large bite-size pieces to make 4 to 6 servings; chill remainder for other use. Place greens in large salad bowl and sprinkle with cheese. Break egg into small bowl and stir with fork. Pour over lettuce. Sprinkle with salt and pepper. Squeeze garlic through press into salad or mince and add. Sprinkle on croutons. Mix oil, vinegar and lemon juice; whip with a fork. Pour over salad. Toss lightly to coat evenly and serve immediately.

Anchovies may be added to above for a heartier meal.

Mr. and Mrs. Ray Boyd are back on duty at the Village Drug after a week's vacation, during which they took in two ball games at the Astrodome and motored up to Ruidoso, N. M.

3 From Ozona Listed On Texas Tech Honor Roll

Lubbock, Tex. -- Names of students whose academic achievements qualified them for the deans' lists for the spring semester at Texas Tech University were released this week.

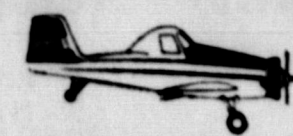

To qualify for the dean's list, students must have a grade point average of 3.0 or more and must be taking as many as 12 semester hours of work.

Announcements of honor students were made by the respective deans of the eight

colleges and schools at Texas Tech University. They include colleges of Agricultural Sciences, Arts and Sciences, Economics, Engineering, Education, and Business Administration, and the Graduate School and the School of Honors. Students named included Fredrick H. Chism, senior, Ag. Education, College of Agricultural Sciences; Edgie Edgerton, College of Economics; Cathy Williams, freshman, College of Agricultural Sciences.

A BOY THAT MISUNDERSTOOD

As a boy, I was always disturbed by this Biblical passage in Matthew: "For I have come to set a man against his father and a daughter against her mother... He who loves father and mother more than me is not worthy of me."

In those days of innocence, it seemed that my greatest love should go to Mother and Father. They gave me life, love and visible physical needs that seemed all-important.

But what I did not understand was that this life of mine came directly from God through my parents. I had tried to separate God's love from the love of Mother and Father. It was through Him that they received the great gift of human love. And because a mother has God's love implanted in her heart, she will instinctively love me. Matthew was emphasizing the fact that God's love must come first and that human love will then follow in its proper perspective.

Take your child with you to church and church school so that both may gain a better understanding of God's will. One who really loves God supremely will invariably develop a deeper love for family, friends and neighbors.

Miss Deborah Moore Bride Of Randel Dean Brookings

Miss Deborah Kay Moore became the bride of Randel Dean Brookings in an afternoon ceremony Saturday at the First Baptist Church of Ozona, Rev. Max Brown, pastor of the First Baptist Church of Uvalde and former Ozona pastor, officiated.

Parents of the couple are Mr. and Mrs. Robert L. Moore of Ozona and Mr. and Mrs. Lynn D. Brookings of Jal, N. M.

The bride, given in marriage by her father, wore a gown of white pure silk organza with silk leaf designed embroidery. An elegant sculptured empire bodice was enhanced by the embroidery which also highlighted the full cuffed bishop sleeves, entwined with satin ribbon. A full chapel train flowed from the A-line silhouette. An elegant Juliet cap of leaf designed lace, sprinkled with seed pearls, created the bride's headpiece and was attached to a bouffant veil of pure silk English illusion.

She carried a white Bible topped with four white orchids, entwined with Stephanotis, pearl hearts and tulle.

Maid of honor was Marsha Moore. Bridesmaids were Chris Clegg, Sharon Logan, and Judy Barber of Big Spring. Amy Brown of Uvalde was flower

girl and distributing rice bags were Missy Beard and Leann Arledge.

The bridal attendants wore identical carpet-length pants gowns of lemon mist and paisley print chiffon. The fitted demi-bodice was designed with a narrow double ruffle creating a high neckline, forming a jabot effect on the front of the bodice and edging the wide cuffs of the wispy puffed sleeves. A wide willow green velvet ribbon encircled the high-rise waist above the billowly, gently folded pants-skirt of softly hued shades of candy pink, spring green and white shaded into lemon mist.

Streamer bows of the paisley print were used for headpieces. They carried present bouquets of yellow carnations.

Jeff Brookings of Jal, served as best man. Groomsmen and ushers were Tommy Wright of Lovington, N. M., Tommy McLamore of Jal, Jimmy Moore, brother of the bride, of Ozona, Kelly Myers of Jal, Mike Choate of San Angelo and as ringbearer, Lester Brown of Uvalde.

Nuptial music was furnished by Mrs. Max Brown, soloist, and Mrs. John Kenley of Abilene, organist. Musical selections were "Entreat Me Not to Leave Thee" and the "Wedding

Prayer."

The church altar was decorated with an arch of candles and greenery, flanked by baskets of mixed white flowers and candelabra.

A reception followed the wedding in the fellowship hall of the church. Silver candelabra with nosegays of yellow carnations were used in decoration. The serving table was laid with a yellow cloth and overlaid with white silk organza with a floor length ruffle.

Members of the houseparty were Mrs. Lee Choate of San Angelo, Mrs. Bill Clegg, Mrs. T. R. Conner, Mrs. Larry Arledge, Mrs. George Glynn, Mrs. Letha Loudamy, Mrs. Joe B. Logan, Beverly Loudamy, Kathy Brookings of Jal, Ginger Glynn, Georganne Jones, Myrtle Mitchell, Marjorie Carnes, and Mrs.

Buddy McCoy of El Paso.

After a wedding trip to Padre Island, the couple will be at home in Midland where the bridegroom is an employe of Basin Office Equipment and the bride is a keypunch operator at West Texas Office Supply.

The bride is a graduate of Ozona High School and Key-punch, Inc. of Lubbock. Her husband is a graduate of Jal High School and attended Odesa Junior College.

Out-of-town guests included Lee Choate of San Angelo, Mr. and Mrs. M. A. Barber and Craig of Big Spring, Mrs. Jeff Brookings of Jal, Mr. and Mrs. Buddy McCoy of El Paso, Mr. and Mrs. Mack Myers, Mr. and Mrs. Marty Wallace, Miss Ginger Fuller, Mike Gregory, Danny Hunter, and Wayne Fletcher, all of Jal.

Also Mrs. Tommy Wright of Lovington, N. M., Steve Kenley of Abilene and Mrs. Jimmy Steele of El Paso.

The bridesmaids' luncheon was held in the Kirby Moore home with Mrs. Moore and

Marsha Moore as hostesses. The bridegroom's parents hosted the rehearsal dinner Friday night.

Ozonan Training Under New Army Field Experiment

Ft. Ord, Calif.--Army Private Michael J. Wornack, 19, son of Mr. and Mrs. Jackie J. Wornack, 106 Avenue J., Ozona, Tex., is assigned to Ft. Ord, Calif., where he is training under the modern volunteer army field experiment.

The new concept, called Volar, combines basic and advanced individual training into a single 16-week program. Decentralized instruction at the unit level and a reduction of formations and inspections gives the soldier more time to train and increased off-duty time. Fewer restrictions on off-duty travel and improved living facilities are other benefits of the Volar concept.

He entered the Army in April 1971 and is scheduled to complete the training August 20.

HOUSES FOR SALE - one 2-bedroom and one 3-bedroom with two baths. Call 392-3068, 3-fc

Last year, all John Benson saved was \$54.32.

This year, he joined the Payroll Savings Plan.

Poor John. Money just seemed to slip right through his fingers. Every time he planned to stash something away, there wasn't anything left.

Then John decided to join the Payroll Savings Plan where he works. Now, an amount he specifies is automatically set aside from his check before he gets it. And invested in U.S. Savings Bonds.

Because John has become such a systematic saver, he's almost forgotten about it. When he gets around to remembering, he's going to have quite a nest egg laid away.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2%, payable

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
Now Bonds pay a bonus at maturity.

(continued from page one)
with Kenneth C. Rhorer of El Paso, got the injured man into the patrol car and brought him to Crockett County Hospital for treatment. He was later transferred to a San Angelo hospital for security reasons, and Monday in "fair" condition was transferred to Big Spring.
Rhorer was traveling east on Hwy 290 with his family when he was forced off on the shoulder of the road. He turned around and offered to assist the officers. He arrived at the scene just as Sutton jumped the fence to assist Harris in the chase. He was on hand while the officers chased and caught the suspect and said there was no exchange of gunfire. An empty cartridge clip and a holster were found in Oulegh's car, but officers have been unable to find a gun.
He was driving a car belonging to his stepfather. When his mother and stepfather were contacted in Raney, they told local officers that the suspect owned a .25 automatic pistol. The clip and holster found in the car were for a .25 caliber automatic.
Charges of driving while intoxicated and several traffic violations were filed against the suspect before Peace Justice A. O. Fields Saturday.

Kitty's Korner -

(Continued from Page One)
but who can manage it with daylight saving time?
Number seven, on the hottest days, do not go to the beach or to a swimming pool surrounded by concrete. When the hot sun beats down on sand or concrete, temperatures at ground level can easily reach 140°. And, while a dive in the water may temporarily cool you off, the hot sun and bright surroundings usually add more heat than even cool water can cope with.
Well, there you are, for a cooler, calmer summer. And, thanks to the free filler service I finally made it again this week. The asides, in parenthesis, are all my own.

WASHINGTON AND SMALL BUSINESS

Will the Horse Return?
The Greeks had a word for it. The root was the word "oikos" meaning house, and the addition of the "logy" probably referred to the art of keeping house.
This ancient Greek word has come down in modern English as ecology. And it is quite possible that even in this form the word is all Greek to a lot of people.
The current concern about the problems of the ecology might be compared to Mark Twain's remark about the incessant talk about the weather but with nobody doing anything about it.
There is no question but what the problem of the purity of air, water and earth is a serious one.
But despite the inspired oratory by many, little is done.
Somehow, the pressure has grown that business, and particularly big business, is responsible for pollution. Yet the greatest factor in air pollution, according to the experts, is the family automobile.
Yet even the most zealous young anti-pollution advocate is seldom observed jacking up his oil-burning, smoke-emitting jalopy and walking to wherever he wishes to go.
Nor do home owners keep winter heat to around the 55-degree of ancient castle temperatures.
© National Federation of Independent Business

Letters to the Editor

Dear Mrs. Montgomery:
Sorry I overlooked my subscription this year. Here it is, and to compensate, next year's too.

That was a dandy letter from Uncle George. Maybe it would be wise to ask him to write an open letter to all young people on the proper use of automobiles and motor cycles.

S. B. Cappell
St. Joseph, Mich.
--0--

Dear Evert and Kitty:
Just a word of appreciation for the recent words in the Stockman about Fort Lancaster and the Crockett County Historical Survey Committee. I am sure that both of you realize that whatever has been accomplished there has been due, in a very large measure, to the generous and fine publicity that you have always given to us and our project.
Since we often write to out-of-town "helpers" I would be amiss if I did not express the same sincere appreciation to you and so I write this gladly.

Sincerely,
Lucile Harrell, Chairman
Crockett County Historical Survey Committee

Mrs. S. W. Fowler has announced the marriage of her daughter, Lou Ann Ethridge, to Calvin Montgomery, son of Mr. and Mrs. Scottie Houston of Ozona. The couple is at home in Austin.

Postoffice To Observe 'Postal Service Day'

Thursday, July 1, has been designated Postal Service Day to mark the inauguration of United States Postal Service. Ozona postal patrons are invited to tour the facilities of the post office and view the inauguration on that day.
Postal Service day will be commemorated by the issuance of a new 8¢ stamp, bearing the postal service emblem. This stamp will be issued simultaneously at all post offices.
A souvenir envelope has also been designed for the event and will be made available in limited numbers as a first day cancellation for just the cost of the 8¢ stamp.
For those not wishing to

have a stamp placed on the face and cancelled, the envelopes will be available free as long as the supply lasts.
A consumer letter will be given to all box holders, containing information on the use of postal services and announcements about the Inauguration.

WATER BEDS

The only major improvement in sleeping comfort since the innerspring mattress.
5 Year Guarantee Completely Modern
Originally conceived for Orthopedic Therapy in British Hospitals. The WATER BED is ideal for persons suffering from back, muscle, and joint pain. The innerspring will gratefully find himself floating to sleep in comfort he had not dreamed possible.
Sleeping on a waterbed is having silky smooth stimulating ripples of pleasure move under, around and through you. Each movement echoes back as three, making nighttime an event of total joy. Standard King-Size gives maximum wave-action. See it today at **L. CORTESE FLAG CO.** 1936 Sherwood Way San Angelo, Texas - Phone 944-1727
