Kitty's Korner

With Halloween coming up, most of the younger children becoming trickers-or-treaters for the night, wearing hard costumes and vision wearing masks, a few safety tips to motorists and drivers of trick-or-treaters: Drive slowly and watch for children coming out between parked cars. Tap your horn occasionally. Be extremely cautious backing out of driveways. To parents -- Escort your children. If your children are going as a group, give them a flashlight. Dress them in bright clothing or stick reflective tape on their costumes or trick-or-treat bags. A pair of scissors to widen holes in their masks. Urge them to look up and down before crossing.

Halloween is a fun time for all, and in all the excitement, we are not likely to be thoughtful of safety. Those of us who must do their thinking during the Garden Club's annual tasting supper, was a big success, and as usual, I gained pounds, just tasting. It's amazing the new recipes the members come up with every year. I don't know how they manage it, as I had put to find a recipe for the paper every week. They'd take pity on me.

Steeply-heads take heart. Next Sunday you will find that extra hour to stay each morning and day-saving time will be over another six months. Being chief sleep-head, I am going forward to it.

I've learned to live with it. I have yet to learn to live in spite of long and protests, it is obviously to stay so I bow to the minority.

In case you missed your guide in Sunday's paper, local television star, Bryan Montgomery, will appear on Owen Marshall series tonight on ABC network. Local viewers will see the show on channel 5 at 9:00 p.m.

The American people need demand this country's reputation and the withdrawal of financial support from the United Nations. The seating of Communist and the expulsion of Cuba by vote of the member nations must awaken our leadership to the fact that this completely ineffective organization has become nothing less than a communist front team with anti-American propaganda.

In its 20-odd years of existence it has never accomplished the goals set out for it. It drifted from high ideals to squabbles and as an organization to keep the peace, has been lacking on more than one occasion.

To top it off, the American lawyer is footing the lion's share of the bill which enables the nation's ruled by dictators and members to embarrass the United States in this far from honorable gathering of nations. The vast majority of the nations represented are ruled out by representatives of the people, but by leaders who tolerate no rebellion nor discussion on the part of the people. They are democracies only in that they call themselves democracies. They are their countries of any distinction by bloody purges which the voice of the people. The newest member of that Communist China, has the bloodiest hands of thousands of innocent people were murdered there not many years ago in the name of a blood bath that put the ancient Hun to shame.

BRISK BUSINESS AT THE RECIPE TABLE during the Ozona Garden Club's annual tasting supper, keeps Mrs. Bailey Post and Mrs. J. W. Howell (far left) busy as guests choose from the numerous dishes served, the recipes at 10¢ each. Recipes were sold and orders being taken for more before the affair was over. Looking over recipes, center left to right, are Mrs. N. J. Whitley, Mrs. W. D. Womack, Miss Ethel Wolf, Mrs. Joe Tom Davidson and Mrs. Bill Cooper.

Four Auto Accidents In Area Over Weekend

Four automobile accidents were investigated in the county during the weekend by Highway Patrolmen Gary Hill and John Harris, DPS.

The first occurred a little over a mile west of Ozona on Hwy 290 at 2:45 Saturday afternoon. Larry Wayne Presser, driving a 1972 Ford Thunderbird, lost control when the wheels ran off the pavement, hitting a bridge abutment. The car bounced back across the roadway, hitting the bridge abutment on the other side then off the road into a ditch. Presser was not injured, but the car was heavily damaged.

A 27-year-old woman and her 12-week-old baby were hospitalized with head injuries.

Funeral Tuesday For Mrs. Pogue In Ballinger

Funeral services for Mrs. J. P. (Abbie) Pogue, 93, mother of J. P. Pogue, Jr., of Ozona, were held Tuesday afternoon from the Baird Church of Christ, with graveside services in Evergreen Cemetery in Ballinger.

Mrs. Pogue died Saturday in a Baird nursing home after a lengthy illness.

Other survivors include another son, George T. Pogue of Clyde; a daughter, Mrs. Opal Barnett of Palm Springs, Calif.; five grandchildren and 11 great grandchildren.

Services Held For Mrs. Davis

Graveside services for Mrs. J. W. (Grace) Davis, 79, were held at Cedar Hill Cemetery Saturday morning at 10 o'clock with Rev. Jim Hancock of Odessa officiating.

Mrs. Davis died Wednesday night in a Kerrville hospital after a long illness.

She was born Sept. 21, 1892 in Winfield, Kansas. She had made her home in Ozona with her son and daughter-in-law until three years ago. She was a member of the Ozona First Baptist Church.

Survivors include her son, Robert Cox of Ozona; a brother, D. Edward Baker of Casper, Wyo., and a grandson, Robert D. Cox of Vienna, Va.

Girl Scouts To Lead Halloween Parade Saturday

Youngsters of all ages are invited to participate in a Halloween parade sponsored by Girl Scout Troop 189 Saturday afternoon in downtown Ozona.

All ghosts and goblins are asked to dress in Halloween costume and meet in the park downtown at 3:00 p.m. The parade will get off from there.

Prizes will be given for best costumes in three age groups. Divisions are kindergarten and under, first, second, and third grades, and fourth grade and up.

Prizes were donated by various Ozona merchants.

Rumor Control Center Plan Suggested Here

The only thing that can travel faster than a West Texas prairie fire is a rumor in a small town.

Acting on such an assumption, the Ozona Ministerial Alliance in a recent meeting following the meeting, will be to act as a clearing house for information, to gather and report facts concerning any issue or rumor which might get a start in the community.

"If every person would check on the facts and listen carefully to every bit of information passed on to him, many rumors would never get off the ground," Rev. Berkley said.

"We are not advocating formation of a gossip relay station," the minister emphasized. "We would hope to be able to go to the source when a rumor is brought to attention of the center, and thus be in a position to either confirm or refute the rumor and to clarify the facts so that any false reports might be squelched at once."

Rev. Berkley and Father James Plegens of Our Lady of Perpetual Help Catholic Church, the ministerial conferees, suggested the possibility that the church offices might take turns serving as Rumor Control Centers, but left such a decision open for public discussion.

The Ministerial Alliance called upon interested citizens to express their opinions and suggestions on this question in the hope that some reliable plan would evolve from such public discussion.

Ozona Teams In 3-Game Sweep

The seventh and eighth grade Cubs and the Lion J-V picked up three wins at Junction last Thursday.

The seventh graders, ending their season with a 2-3 record, came up with a 2-3 season and will be combined with the eighth grade for the next three games.

Orlando DeHoyos scored all three touchdowns for the seventh graders in Junction Thursday, scoring on a 30-yard run in the first quarter, a three-yard run in the second quarter and a 10-yard run in the fourth. A pass from Aldridge to Crawford was successful after the first score for the only extra points scored.

The eighth graders took a 26-0 win from the Junction crew. The Cubs first score came on a 2-yard run by Basil Ramirez, who also ran for the two points. Still in the first quarter Raul DeLaRosa scored on a 33-yard pass from Ronnie Pearl. The try for points failed.

The final score came in the fourth period when Pearl, the quarterback, scored on an 11-yard run.

The win gives the eighth grade Cubs a 3-1-1 season. The two teams will combine to play Iraan there Nov. 11 in the last game of the season.

The Junior Varsity eased by the Junction JV 25-24.

Lions Try Crane For First District Victory

Coach Rip Sewell's Ozona Lions will invade the territory of the Crane Golden Cranes tomorrow night, looking for their first district win, after falling 48-33 to the Coahoma Bulldogs last Friday night.

As of now, Big Lake, Crane and Coahoma are tied for the district championship with 2-0, while Ozona, McCamey and Stanton have yet to come up with a district win. These figures will change tomorrow night as Big Lake plays Coahoma and McCamey goes against Stanton.

Coahoma's senior ball club proved too much for the Lions on the home field Friday night, but the Lions managed to stay in contention until the fourth quarter when the Bulldogs scored 18 points and the Lions went scoreless.

The Bulldogs struck first in the first quarter, driving for a touchdown and running for the two points after.

The Lions struck back in the second period for two scores and were within two points of tying it up at the half. David Sewell hit Gerald Huff for five yards and the first Lion score, the try for extra points failing. Ruben Tambunga scampered in from 7 yards out for the second score and the run for two points by Gary Whitley was good.

The Bulldogs also scored in the second period and ran the two points across to take a 2-point halftime lead.

Tambunga scored again in the third quarter for the Lions, pushing it over from the 2, and Huff made good the extra two points.

However, the Bulldogs came on strong in the third period and took over the scoring thereafter.

Saul Torres and Mike Jenkins headed up the defense with 10 tackles each, while Huff, Randy Crawford and Gary Whitley had 8 each.

SLANTED REPORTING

Some of the media are finding a lot of fault with the way elections are being run in South Vietnam these days, yet the "re-election" of Marshall Tito was reported with a straight face.

How wise we were to back Tito to the tune of \$2 billion, said the Monitor, lamenting we did not do the same for — you guessed it — Ho Chi Minh! Tito is bad enough, but it is seriously dishonest to compare Tito to Ho Chi Minh.

Not to be outdone, John K. Fairbank comes along in the New York Times advocating "autonomy" for Taiwan "under the sovereignty of Peking."

Robert Morris, who was chief counsel for the Senate Internal Security Subcommittee at the time, recalled recently that the committee had a difficult time deciding whether to try Fairbank along with Lattimore.

Another pro-Communist in those days was John P. Davies who was dropped from the State Department for his pro-Maoist views. Yet C.L. Sulzberger of the Times urges that Davies be made the U.S. representative to Peking.

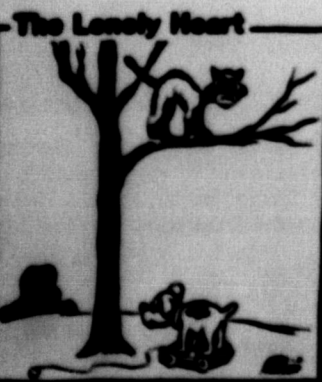

WHY ARE CARTOONISTS SO NARROW?

We have often wondered why some political figures were not as cartoon-worthy as others. The President of the United States is portrayed in bitter caricatures.

But he is not alone among members of his Cabinet. Rogers, Connally and other members of the Cabinet and of the general establishment, Republican and Democratic, are the subject of cartoons.

All this would be nothing remarkable if the targets of pictorial criticism were not in one camp: Republican and conservative. We rarely, if ever, see cartoons of J. William Fulbright, Mike Mansfield, Dr. Henry A. Kissinger, Justice William O. Douglas, Dr. Benjamin Spock, John V. Lindsay, William Kunstler, W. Averell Harriman, Representative Shirley Chisholm, Senator Edward Kennedy, and others whose interests lie in the liberal or radical side of the political spectrum.

One of the worst offenders is Herblock of the Washington Post, whose cartoons are syndicated over the country. President Nixon singled him out to Cabinet colleagues as the Chief Executive introduced them on television in January, 1969.

WASHINGTON NEWS LETTER

By Congressman O. C. Fisher

An "Equal Rights" Amendment to the Constitution was proposed by House action last week. It provides that "equality of rights of any person shall not be denied or abridged... on account of sex."

A Consumer Protection Act was also cleared and sent to the Senate. The title is rather misleading. The measure creates the nucleus of a vast bureaucratic expansion of federal control over local merchants and others.

One school of thought has it that any problem, real or imagined, can be cured by spending enough federal money. And it's the history of practically every new agency that it expands and expands.

The new VA hospital in San Antonio will be named the Audie L. Murphy Memorial Veterans Hospital, if legislation introduced last week by Representative Olin Teague, Chairman of the Veterans' Affairs Committee, and co-sponsored by every other member of the Texas delegation, is enacted.

The late and lamented Audie Murphy was America's number one hero of World War II. He was the most decorated veteran of that conflict. I take pardonable pride in the fact Audie was a distant cousin of mine.

SENSING the NEWS

By Anthony Harrigan EXECUTIVE VICE PRESIDENT Southern States Industrial Council

A TIME OF SHAM AND GIMMICKRY

The late W. R. Inge, dean of St. Paul's cathedral in London, once wrote that the Dark Ages at least had the merit of knowing that they were dark. In our own time, we seem to have great difficulty recognizing sham or acknowledging ignorance, sham and the abandonment of intellectual and moral standards.

Many opinion-makers and leaders today strenuously avoid logic, refuse to examine political proposals in the context of history, and engage in sophistry -- making the worse cause appear the better.

This same medical colleges yield to political pressure and admit unqualified students, explaining such admissions in terms of "democratic opportunity."

A great religious denomination takes money from the collection plate and sends it to revolutionary terrorists who have engaged in armed insurrection against public authorities, characterizing this as "social justice."

Innumerable family counselors and writers discuss marriage as though it were simply a psychic relationship between a man and a woman and not a matter involving the survival of the race and the well-being of society as a whole.

"Civil rights" in our time are interpreted as pertaining to the rights of the aggressor elements in a community, not the rights of the law-abiding majority.

It is no exaggeration to say that our institutions are drenched with sentimentality about the ignorant and the hostile. The tone of our society, within a short span of years, has

degenerated. Discussion of community and national problems is characterized by an almost unprecedented banality.

Henry Fairlie, the well-known British journalist, cited these conditions in a recent essay in Encounter magazine. Conversation, he said, "is increasingly being conducted at one level, in one tone of voice, about so limited a number of subjects that they are in effect, or are made to seem, one."

Viet Nam, the Blacks -- the Young in America, but not only in America, these sometimes seem to be the whole of our range. It does not matter if we add the Environment one year, or Women's Liberation the next, there is no escape from the numbing monotony -- the same vocabulary, the same shrillness, the same definition.

Mr. Fairlie points out that almost every human problem is viewed on the single level of atrocity. The President of Yale University is outraged because Black Panthers are brought to trial on criminal charges.

The New Yorker magazine, once a repository of civilized wit, bitterly condemns the values of the nation whose expensive vanities it advertises. Underground newspapers talk of concentration camps because

District of Columbia police arrest demonstrators who have smashed windshields and dashed automobile tires. Social commentators such as Prof. Charles A. Reich celebrate a new lifestyle while drugs destroy the minds of thousands of young people.

Mr. Fairlie presents the reality of the new lifestyle. "Most

of us by now," he says, "have stood among the street people who congregate near any university; the stoned and the rocked and the rolled... The waste of those young lives on the streets -- the casualties of the whole hallucinogenic and psychedelic hoax! Slumped from dawn to dawn against shop windows, begging for loose change, and always -- always -- one in tears. 'A bad trip!' How casual the exaltation, how convenient the dismissal. But the Pied Pipers are always there to tell them that is beautiful; that they 'beautify' and 'renew'."

It is tragic that so many of the aging Pied Pipers of the new lifestyle enjoy comfortable posts in universities. Those who promise young people an existence free of work, hardship and duty are destroyers of the nation's future. They assault intellectual and moral standards essential to a decent life and the continuance of civilization.

Tragically, some of our most famous universities are breeders of internal barbarians. Dr. Reich, for example, is a professor at the Yale law school. One wonders: what kind of law is he teaching? As for the president of Yale, Dr. Kingman Brewster, he apparently views the university as a haven for Black Panthers. As Mr. Fairlie says, "Ignorance is breeding ignorance from university president to university faculty to university student."

One hopes that the American people will tire of the tedious gimmickry of the contemporary sophists who say life is just a happening, who thrill at the idea of a university turned into a revolutionary commune. In order to survive, America must return to intellectual rigor, ideas of order, respect for history, and standards of personal achievement and accountability. The false prophets, the apostles of a phony "liberation," must be rejected, or our country will end, as T. S. Eliot once

wrote, not with a bang but a whimper.

The moon is about 240,000 miles away, the sun about 93 million. The earth-sun distance is therefore more than 350 times as great as the distance between earth and moon!

The word stadium originally stood for a Greek unit of distance equal to 600 feet—the

Greek equivalent of the 200-yard dash. Later, the word came to designate the sports pavilion in which the race was run!

Dun & Bradstreet's famous DMI marketing service, which provides up-to-date sales volume, net worth, and other valuable facts about most U.S. businesses, includes on its lists 250 manufacturers of macaroni and noodles, 376 metal can manufacturers, and 8,559 independent newspaper publishers!

Gold is about 70% heavier than lead. Modern chemistry owes much to the work of the alchemists of the middle ages, who investigated this science in a futile attempt to convert lead and other metals into gold!

MESQUITE FIREWOOD - Call Davidson, 392-2094. 31-tf

About the handiest thing any hunter can have is a gun with a clip magazine. They recognized the safety feature as well as the convenience and simplicity accomplished through the speed of loading and reloading.

It took a long time for clip magazines to come into the picture on big caliber rifles. But most of the companies now are making them. This is particularly true of the automatic as well as some lever-actions and pumps.

Savage produced a rifle for clip magazines for years, and today most of its best models have clip magazines.

Reason behind this feature is very simple. It permits the easy carrying of the extra loads. This means you have a quick refill if you should try at some running animal. It also permits the use of different bullet weights, a worthwhile advantage in some hunting areas.

For instance, if you are shooting across a wide canyon, you may feel a 150 or 180 grain bullet is best. But if you are facing a big bear or expecting a moose, then you may want to go up to 200 grains. This, in the event you are using some of the larger calibers. Quick available power often is invaluable.

Although some of the manufacturers producing bolt action shotguns equipped them with box magazines, it has only been within the last dozen years that they have been available on the general run of sporting rifles. Now Winchester, Remington, Savage

and others are using box magazines on some of their guns.

They recognized the safety feature as well as the convenience and simplicity accomplished through the speed of loading and reloading.

Safety certainly is a highly important feature be you walking, riding or relaxing. One thing for sure, no loaded gun should be carried in an automobile. It is dangerous to even have cartridges in the magazine when driving. But with the detachable clip the bullets can be slipped out of the action, pocketed and still be ready for immediate use... when you get out of the car.

That handy clip eliminates the piecemeal ejection of cartridges when the hunt is over. You merely detach the magazine, clear the chamber and that's all there is to it. Reloading takes only seconds.

These clip-detachable magazines now are available in most high-power calibers up to and including 30-06. They also can be had in your choice of auto, pump, lever or bolt. All the manufacturers do not produce clip loading bolt actions, but enough do to offer you a choice of the guns and caliber you desire.

So, when you get in the market for a new high-powered rifle, take a good look at the models with the detachable clip magazines. They usually cost a dollar or two more, but they are worth it in convenience and safety.

Tips For Gardeners
 From The Ozonia Garden Club
 By Mrs. Bailey Post

Some of the trees and vines that I mentioned last week are beginning to show some color. The tallow, sumac and some oak trees are the first I have noticed. The Boston Ivy which dresses up school buildings and jail walls in the fall will be at its peak of color soon. Also, the Arizona cypress in the front yard of the E. F. Sharp home at 1106 Ave. D is a beauty spot with the climbing Boston Ivy in full color.

If you were successful with caladiums last summer, you may save the tubers for another year with proper care. As the leaves begin to dry up, lift clumps, remove as much soil as possible and place in a warm dry, well ventilated, shady spot for three weeks to cure. After the tubers are dry, remove dead leaves and inspect tubers to be sure they are free of problems. Dust thoroughly with a combination of Captan and Sevin to protect them from insect pests and disease. Pack the tubers in dry peat moss or vermiculite and pack in a container so they do not touch. Store in a dry place where the temperature will stay near 60 degrees as possible. Check once in awhile and remove any that may rot.

Sanitation is important to pecans, so help keep down insect and disease problems of pecan trees next year. Prune to remove all dead wood and broken branches. Pick up all branches and twigs from under trees and rake thoroughly. Leaves packed down by rains

harbor insects and disease organisms. Repair damaged areas and paint or spray with asphalt all new cuts over one and one-half inches in diameter. Dormant oil sprays applied after leaves have shed and before buds swell will control scale. Contact county agent Pete W. Jacoby for local scale-control recommendations.

If you haven't prepared soil for sweet peas, it should be done now for planting next month. Prepare soil deeply and generously, working in a layer of manure, as the plants do best in a rich soil. Sweet peas do best here before it gets too hot, so plant for early blooming.

Plants of snapdragons, pansies, stocks and other annuals may still be set out in the milder regions where they act as perennials when not too severe a winter.

"I know I speak for the entire staff when I say we're delighted to have your account and we look forward to working with you in all your money problems in the days and years to come."

Kid brothers who snoop are bad enough. Kid brothers who take notes while they snoop - they could grow up to be blackmailers!

Yet, Joey doesn't think what he's doing is really wrong. He's just having a little fun at Sis's expense. And that notebook will come in handy the next time she threatens to "squeal" on him.

Part of growing-up is learning what is fair and what is unfair. Part of growing-up, too, is learning to forgive someone who has been unfair to us.

Never underestimate the immediate value of religious training in the Church. Obviously it provides a sound moral and spiritual foundation for later adult life. But, right now, it is molding the attitudes and decisions which will influence his life today.

HORN OF PLENTY. Tasting Supper centerpiece, made by Mrs. J. C. Schroeder, is being admired by three longtime garden club members at the supper Thursday night at the Civic Center. The three ladies, left to right, Mrs. S. M. Harvick, Mrs. Stephen Perner and Mrs. Max Schneemann, greeted guests and ushered them into the annual supper, where an abundance of good food awaited them.

Historical Survey Group Met Monday

The Crockett County Historical Survey Committee met in the Courthouse Library Monday afternoon. Reports were given by Mrs. Joe Clayton, chairman of the Marker Committee, and others who are engaged in recording Crockett County history.

It was urged that the Crockett County Historical Society continue to record, orally, family histories, since these can then be put into a permanent written form. Ted M. White has been responsible for the recordings of those which have been given to date, and hopes to continue this project for some time.

Plans to attend the Annual State Historical Survey Meeting to be held in Del Rio this weekend were also made. A number of Ozonans plan to attend. A great deal of information regarding historical preservation will be available and tours of archeological sites will highlight the program.

Historical Society Hears Talk By Cowboy Humorist

The Crockett County Historical Society held its regular meeting Monday evening at the Civic Center.

Mrs. Max Schneemann, president, presided over a brief business session at which time a recommendation from the Board of Directors was presented. Following the resignation of Mrs. Joe Clayton as chairman of the Wanda Watson Memorial Library of the Crockett County Museum, it was recommended that Mrs. Tony Allen and Mrs. Bill Black be appointed chairman and vice-chairman of the project.

Mrs. Clayton's resignation was accepted with regret because of the fine work she has done in compiling historical information, but gratitude to the Womens League, which Mrs. Allen and Mrs. Black represent, for assuming this responsibility was expressed by all.

Mrs. Schneemann appointed a nominating committee, R. A. Harrell, Mrs. Eldred Roach, and Mrs. Clayton, to report at the annual meeting in January.

Ted M. White, program chairman, presented the guest speaker, Gid Redding, cowboy humorist, who told many tales of his adventures all over the United States, including time spent in Crockett County in the 1930's. He is presently living in Grand Falls.

Mr. Redding told the group that he came from a very "permanent" family -- they only moved two or three times a year and it was on the Brazos that he finally caught up with them.

He is noted for his ability to handle wild horses. This, he explained, was due to the fact that over a long period of time he was given mare's milk with black pepper to cure a chronic cough. His ability to handle rattlesnakes is legendary and he is convinced that no snake wants to tangle with people. "Crockett County" he said, "is the only county where all the farmers were killed by a bear and the only one," as far as he knows, "that has an onyx mine."

He has worked on the Todd and Schneemann ranches in Crockett County. He was a friend of Doc Green, writer and humorist and spoke of Wash Forbes, early cowboy known to many in Ozona. An entertaining evening was enjoyed by those present.

CORRECTION
Picture credit for the little twirlers on the front page of last week's Stockman should have been given to Don Ingram and not to David Wallace as stated.

Bill King left Monday night for San Antonio where he was to be inducted into the U. S. Army Tuesday morning and sent to a base in South Carolina for basic training.
