## Open House To Observe Texas Highway Week

In observance of Highway Week in Texas, proclaimed by Governor Dolph Briscoe for the period of Sept. 23-29, open house will be held here Friday, Sept. 28.

The Ozona Engineering Office and Maintenance Section will welcome guests to drop in for a visit anytime between 2 and 5 p.m. tomorrow.

"Better Roads--Better Living" is the theme for this year's observance. This is especially true for Texans, in that everything we produce, manufacture, buy or sell depends on good highways. The general public is invited to attend the open house in order to become better acquainted with the work and personnel of the Texas Highway Department.

Coffee will be served during the open house hours and highway information made available at both the Maintenance Section Warehouse north of Ozona and the Engineering Office in the shopping center. Scottie Houston will host the open house at the warehouse and W. F. Dixon, at the Engineering Office.

## FFA Chapter Organizes For Year

Anne Tillman, daughter of Mr. and Mrs. Frank Tillman, was elected Ozona FFA Sweetheart at their regular meeting Monday.

Anne is a junior in Ozona High School, a member of the student council, and a cheerleader. She will represent the Ozona FFA Chapter at the Concho District banquet in San Angelo November 19.

The meeting was attended by twenty-one FFA members. The following slate of officers was elected:

Gary Mitchell, president; Dan Davidson, vice president; Bill Bissett, secretary; Mark Kerby, treasurer; Rick Hunnicutt, reporter; David Bean, sentinel; and Miss Tillman, sweetheart.

GROUND BREAKING FOR NURSING WING GETS UNDERWAY - Staking and clearing of ground for the new geriatrics wing at the Crockett County Hospital got underway late last week and considerable progress had been made by mid week. On hand for the first day's operation were, l. to r., Sonny Kirklen, hospital administrator; Bill Cooper, manager of the Crockett

County Water District; Jack Williams, Crockett County Commissioner of Precinct #3; Dudley McCary, county engineer, and John Chiles Allen, Austin architect who designed the wing, and Jesse Sanchez, tractor operator. Approval for the construction has not been received, but it was decided to get construction underway beforehand.

## Lion-Bronco Tilt To Highlight O.H.S. Homecoming Activities

Homecoming will be observed at Ozona High School this weekend with the highlight of the activities being the Ozona-Sonora football game being played on the home field.

The Sonora Broncos find themselves in the unique position of having lost their first three games of the season, and will surely be hungry for the win. On the other hand, the Lions have had a rather lackluster season, winning one and losing two, so they too, will be out for blood. Meeting the Broncos on their own home

## Funeral Service In San Angelo For Ozonan's Kin

Funeral services for Mrs. Allie Davis Scothorn, 80, sister of Mrs. Al Fields of Ozona, were held Wednesday morning in San Angelo with burial at 11:30 a.m. in Sherwood Cemetery.

She was born Sept. 3, 1893 in Sherwood and was married to Stanley S. Scothorn in March, 1927. She had been a resident of San Angelo for six years.

Other survivors include a brother, Neville Davis of Ft. Stockton, another sister, Mrs. C. E. Pettit of San Angelo and several nieces and nephews.

field will no doubt give the Lions the edge. Either way, fans are sure to see an exciting game, as the traditional rivalry between the two schools usually sees both teams playing their best.

Activities get underway with the annual snake dance, pep rally and bonfire tonight. Participants will gather at the band hall to form the snake dance about 8:30. It will wind around to the football field where the pep rally and bonfire will be held at the south end of the football field.

The annual crowning of the football queen will be held before the game Friday night instead of at halftime. Candidates for football queen will be escorted onto the field by the four co-captains and the queen's name will be announced at that time. Girls selected for 1973 football queen are Anne Tillman, daughter of Mr. and Mrs. Frank Tillman; Jan Peltto, daughter of Mrs. Marjo Peltto; Pat Sanker, daughter of Mr. and Mrs. Jim Sanker; and Teresa Shaw, daughter of Mr. and Mrs. Harold Shaw.

The four senior co-captains are Gary Mitchell, Pete Maldonado, Oliver Payne and Melecio Martinez.

A spectacular halftime show by the Ozona High School Band is planned for halftime activities. A patriotic theme

will be used. Saturday night the annual homecoming dance will be held at the civic center, sponsored by the OHS student council. Invited are high school students and their dates and Ozona High School graduates and their dates. Admission will be \$1.50 per couple and \$2 stag. Dress is semi-formal, that is, dresses for girls and shirt, tie and slacks for boys.

## New Pastor For Calvary Baptist

Rev. Jerry L. Cain has moved to Ozona from Stiles to become fulltime pastor of Calvary Baptist Church. He formerly pastored the Community Baptist Church in Stiles. He also pastored a church in Big Spring.

He was born and reared in Colorado City, Texas and attended schools there. He and his wife, the former Linda Scott of Colorado City, have two children, Sheri and Nicky.

## Punchers Upset Lions 8-7 In Mason Friday

The Ozona High School Lions were out-pointed 8-7 Friday night in Mason by the Mason Punchers.

Statistics indicated a defensive battle as the Lions managed 5 first downs to the Punchers' 8. In previous games the Mason had had trouble moving the ball on the ground, but against the Lions they ground out 85 yards rushing to 49 for the Lions, passed for 90 yards and a touchdown while the Lions were 69 yards in the passing department. The Lions lost two fumbles while the Punchers lost three. In the penalty department, the Lions had 7 for 65 yards and Mason 11 for 85.

Romaldo Cervantes scored for the Lions in the second quarter, hitting paydirt from a yard out. Lesley Russell booted the extra point to give the Lions a 7-0 halftime lead.

The Lions held on to the lead throughout the third quarter, and it looked like they might shut out the opponents. However, late in the fourth quarter, the Punchers scored on a 35 yard pass play. Rather than go for a tie, the Punchers went to the air again and hit for the winning points.

## Dr. Gary Vannoy Receives A&M Honors

Dr. Gary L. Vannoy of Ozona has been named a Distinguished Student in veterinary medicine at Texas A&M University. It has been announced by Dean George C. Shelton.

Vannoy was graduated in August from the College of Veterinary Medicine professional program with a doctor of veterinary medicine degree. He has set up a practice in Ozona, and is in the process of building a clinic.

Distinguished Student status is awarded to students who earn a 3.25 or better grade point ration out of a possible 4.0 during the summer trimester period.

He is the son of Mr. and Mrs. Richard Vannoy of Fort Stockton.

## Prof. of Year Award Goes To Stanley Williams

Stanley B. Williams, son of Mrs. Ben Williams of Ozona, was one of the four recipients of the "Professor of the Year" award at Susquehanna University in Selinsgrove, Pa.

The coveted award was presented at the beginning of the University's 116th year, a result of a student and faculty poll.

Williams joined the faculty in 1971. A graduate of Baylor University, he received his master's degree from the University of Texas in Austin. He has taught at the University and in the public schools of Austin and Corsicana.

The award is presented annually for service as an educator, service to the university, the student body and other campus organizations.

## Second Drug Suspect Is Picked Up In Abilene After Escape

Two Midland men were charged with possession of marijuana with intent to distribute in Federal Court this week. The charges grew out of an incident involving the two and local law officers here Tuesday morning of last week.

One of the men, Clark Wesley Breeding, 19, was apprehended after the late model Ford he was driving ran a Border Patrol checkpoint 12 miles south of Ozona early Tuesday morning and after a chase was wrecked at the end of Monterey Street. Officers recovered 43 pounds of marijuana from the car.

His companion, Michael Reed Fetters, also 19 of Midland, escaped on foot, but was apprehended Thursday night in an Abilene hotel by a U. S. Deputy Marshal.

After it was discovered that Fetters has evaded officers, roadblocks were set up on all roads leading out of Ozona. The search was called off after Pecos County Deputy Sheriff Allen Graham was killed by a vehicle at a roadblock four miles west of Ozona. The driver of the vehicle was blinded by headlights of a truck

## Funeral Service For Graham In Sheffield Thurs.

Services for Allen Archie Graham, 44, a Pecos County deputy, were held at 3 p.m. Thursday in Sheffield School gymnasium with burial in Sheffield Cemetery.

Graham was fatally injured early Tuesday at a roadblock west of Ozona. According to Department of Public Safety officials, Graham was struck by a car when its driver was reportedly blinded by lights from a truck being checked at the roadblock.

The roadblock was set after one of two men being pursued by Border Patrol officers escaped from a car in Ozona.

Graham had been a resident of Sheffield the past 20 years. He was born Oct. 29, 1928 in Utopia and was married to Bobbie Spears Aug. 12, 1950 in Fort Stockton. He had been a deputy in the Pecos County Sheriff's Department 12 years. He was a member of the Church of Christ and Sheffield Lions Club.

Survivors include his wife, a daughter, Sherrie Graham of the home; three sons, Bob Allen Graham of Stephenville, Mike Graham and John Allen Graham, both of the home; his mother, Mrs. John Graham of Uvalde; three sisters, Mrs. Dick Waites of Uvalde, Mrs. Evelyn Roads of San Antonio and Mrs. Ted Hagler of Walnut Creek, Calif.; and a brother, Gene Graham of Rocksprings.

officers had stopped to check for hitch-hikers.

Breeding was taken to San Angelo Tuesday night and charged with possession of 43 pounds of marijuana with intent to distribute before Federal Magistrate Phil Lane. He was released on \$10,000 bond and returned to Midland.

The search continued for Fetters and ended in Abilene Thursday night. He was released on \$10,000 bond after being arraigned before U. S. District Judge Leo Brewster on charges of possession of marijuana with intent to distribute.

## First Baptist Schedules Fall Revival

The annual fall revival at the First Baptist Church will be held October 7 through 13.

Evangelists will be the popular Singing Cruz Family. There will be one service each evening beginning at 7:30. The public is cordially invited to attend.

The Cruz family will be guests of the Rotary Club Tuesday noon, the Lions Club Thursday and appear at the high school assembly Wednesday morning.

The family is a well-known group of singing evangelists and drew large attendance on its last engagement in Ozona.

## Ozona VFW Post To Host District Meet

Ozona will be the scene of the District 22 Veterans of Foreign Wars quarterly meeting this weekend. Local Post 6109 will host the annual affair.

Larry Albers of the local post is District Commander and John W. Walker is Post Commander and general chairman for the activities.

## Crockett Fields Gain Confirmers

Saxon Oil Co., Abilene, will drill the No. 1 Joe F. Bean as a 5/8 mile south-south-east outpost to the three-well Donham (Grayburg gas) field of Crockett County, 12 miles northwest of Ozona.

Location is 1,320 feet from the north and 1,340 feet from the west lines of 48-UV-GC&SF. Contract depth is 1,500 feet.

James L. Lamb, Jr., Midland, will drill the No. 2 Todd as a 3/8 mile northwest stepout to the six-well Howard Draw, Northeast (1165 San Andres gas) field of Crockett County, 16 miles northwest of Ozona.

Location is 1,836 feet from the north and 1,947 feet from the east lines of 48-WX-GC&SF. Contract depth is 1,400 feet.

NEW BUSINESS TO OPEN IN DOWNTOWN OZONA - Dina's Poco Toco will open its doors at 10 o'clock tomorrow morning offering a variety of Mexican food. The business is located in the Nettleton building at the highway intersection. Under construction above is a driveway to enable patrons to pick up orders at the drive-in window. The Poco Toco will be operated by Mr. and Mrs. Luis Martinez.

V. F. W. EMPLOYMENT OFFICER APPOINTED - District 22 Veterans of Foreign Wars Commander Larry Albers recently appointed Tom Montgomery to the post of Employment Officer for the District. Montgomery will be responsible for assisting returning veterans in getting employment. Albers, left, presents Montgomery, right, with official appointment.

The Courts

In most democracies and every dictatorship the question eventually arises as to the power of the courts—how broad, final or specific it can be when judges move into the area of legislative and executive functions.

In Japan early this month, a judge ruled the existence of that country's defense forces was unconstitutional. If his ruling is carried out, all of Japan's defense forces would be disbanded, an obvious absurdity in prevailing world conditions.

In the United States, a judge (a District judge as was the Japanese judge) has moved to eliminate executive privilege. If Senate committee investigators and District courts can seize presidential papers, require presidential aides to testify, force the President to produce tapes of his most private conversations, the chief executive's traditional coequal power, known as executive privilege is at least greatly proscribed, if not at an end.

The nation's highest court will likely pass on the monumental rulings, both here and in Japan. In the end, the people—by changing the Constitution—can decide. But until that laborious process is carried out, the law and the Constitution is what a judge, or several, say it is.

In dictatorships, the courts dare not overrule the government. The constant give-and-take testing between the branches of free governments, then, is a normal process, even if judges, as human beings, sometimes inevitably err.

Shultz's Burn

Treasury Secretary George Shultz recently admitted U.S. negotiators were outsmarted by their Russian counterparts in the huge 1972 wheat deal between the two nations.

Schultz commented as Senator Walter Huddleston (D-Ky) was charging the Russians made as much as 100 per cent profit in reselling some of the wheat to Italy.

The Treasury Secretary's analysis of the deal was: "If you get burned once then that's their fault. But if you get burned twice then that's our fault."

This vindication is not justified or valid. The American people have a right to expect U.S. negotiators to be as capable and well informed as their counterparts.

Obviously, U.S. negotiators were far from realistic in their 1972 efforts, if not incompetent. The huge sale caused American food prices (bread, flour-based products, beef, pork, poultry, etc.) to spurt upward. The American consumer is now paying through the nose for this lack of foresight.

October, 1973

The fields are harvested and bare And winter whistles through the square. October dresses in flame and gold Like a woman afraid of growing old. -Anne Lawler.

October is filled with interesting dates, and is the birthday month of five Presidents. It is also the month in which many state days are, or have been in the past, observed—Missouri Day on the 1st, Oklahoma Historical Day on the 10th, University of North Carolina Day on the 12th (and Farmers' Day in Florida), Alaska Day on the 18th, Yorktown Day on the 19th, Pennsylvania Day on the 24th and Admission Day in Nevada on the 31st.

Presidents born in October include Rutherford Hayes, the 19th, born in Delaware, Ohio, on the 4th in 1822; Chester Arthur, 21st, born in Fairfield, Vermont, on the 5th in 1830; Dwight Eisenhower, 34th, born at Denison, Texas, on the 14th in 1890; John Adams, 2nd, born in Braintree, Massachusetts, on the 30th in 1735; Theodore Roosevelt, 26th, born in New York City on the 27th in 1858.

Interestingly, October is the month in which both Lief Ericson and Columbus sailed to the New World. While Columbus' voyage actually opened up North America to colonization and trade, and therefore had immense consequences, Ericson's voyage came about five hundred years earlier. Colorado, in 1943, became one of the first states to observe Lief Ericson Day, on the 9th. Columbus Day, on the 12th, has become a federal holiday.

Lehigh University and Dartmouth observe Founder's Day in October; the first permanent German settlement in America was made at Germantown, Pennsylvania, on the 6th in 1683; John Clarke, a pioneer in the field of religious liberty and one of the founders of Rhode Island, was born on the 8th, in 1609 (in England).

Pulaski Day, which President Franklin Roosevelt proclaimed as one of memory for the Polish coast who fought bravely for the colonies in the Revolution, falls on the 11th. St. Francis of Assisi, one of the most humble heroes of the Christian church, died on the 3rd in 1236. The Edict of Nantes, granting Protestants tolerance, was revoked on the 22nd in 1685, sending hundreds of thousands of Frenchmen fleeing persecution to America and elsewhere. Halloween ends the month, on the 31st.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

BY BILL BOYKIN Texas Press Association

"The way a man comes across on television says absolutely nothing about his qualifications to govern," explains Bob Hardesty, Press Secretary to Governor Dolph Briscoe and former speech writer for President Lyndon B. Johnson.

Hardesty, speaking before the Austin Advertising Club, said "On television, the way a person comes across all too often has little to do with what he is really like. What's of paramount importance is what he appears to be like. We are faced with a basic conflict—the conflict of illusion versus reality."

Hardesty defended LBJ's "illusion that he was devious and secretive," stating that "it was under his (LBJ's) personal orders that there was no press censorship in Vietnam—for the first time in the history of American warfare."

There was the "illusion that he was a southern racist, yet he was responsible for passage of every civil rights act since reconstruction," his former speech writer added.

Governor Briscoe "lives with myths that he is a businessman's governor, but he vetoed a bill which would have raised interest rates—and the myth that he is a remote, inaccessible governor, but he is the man who is probably more accessible to members of the legislature than any Governor in recent history."

"My remarks are not directed against the television industry and the fine people who work in it; this is something out of their control and is a fact of life."

"My point is obvious. We elect our public officials to run our government honestly, effectively and compassionately—not to entertain us. We have our Johnny Carson for that," he stressed.

"Therein lies the tyranny of television. The more we see as people become used to the suave, polished entertainers and newscasters, the more we expect public servants to be like them. In this day of pre-packaged candidates and edited TV campaign spots, it takes a long, long time to see through a 'snow job.' The day we judge all our political candidates on style, rather than merit, we will all be the losers," he concluded.

LBJ WAS "TRICKED" INTO QUITTING?—In a UPI interview last week Sam Houston Johnson, brother of LBJ, said "if anybody tells you that he didn't intend to run for a second term, they're very badly mistaken."

"He was tricked. He was led to believe if he withdrew he'd save thousands of lives. It had the opposite effect of what he thought it would," he added.

Sam Johnson is revising and updating the book, "My Brother Lyndon." He will tell in his book that LBJ "gave up politics for peace." The choice, he thinks, shortened his brother's life.

"Politics was his life. He gave up living when he gave it up. If he'd stayed on in the White House there's no telling how long he'd have lived."

NO MORE TELEPHONES—"Bend a key and bend a mind," says Uri Geller, Israeli psychic, who made an appearance before a skeptical Capitol press corps last week.

"There are other dimensions to life than what we can see, feel and hear," Geller pointed out—as he bent keys for reporters and explained other phenomena which occur around him every day.

Geller gave the political reporters something to think about when he said Bell Telephone laboratory scientists were "slightly shook" when he performed some of his experiments in laboratory conditions for them.

"Perhaps they are afraid mental telepathy will put them out of business," he said jokingly.

He successfully conducted telepathic experiments in other news rooms in Austin, but didn't succeed with the skeptical Capitol reporters.

Some term his unusual feats as "paracomunications"—which may very well be used in some means by the news media within a few years.

Geller practices psychokinesis, telekinesis, teleportation and other unexplained uses of energy forces.

Astronaut Edgar Mitchell heard about the young man in Tel Aviv, and has helped conduct the Stanford Research Institute experiments in the lab conditions.

Explaining that some people will never be convinced that he has unusual gifts, Geller said "There are people in the world who do not think the United States has landed men on the moon. They believe what they saw on television was filmed in Texas or Arizona."

MORE AUTO INSURANCE CUTS PROMISED—A new competitive rate law will bring auto insurance rate cuts up to 20 per cent for many motorists, State Insurance Board Chairman Joe Christie announced.

Christie and Gov. Dolph Briscoe jointly announced rate deviations approved for 13 companies under the law which permits changes above or below state board standards.

Most of the 13 companies sought rate reductions for key classes of coverage ranging from 10 to 15 per cent.

SCHOOL FINANCE PLAN ADVANCED—A House education committee recommendation for the state to assume \$600 million in added school costs over a six-year period went to Speaker Daniel and Briscoe last week.

"What we are trying to do is relieve the local taxpayers and shift the burden to the state," said Rep. Dan Kubiak of Rockdale, committee chairman. "The local districts are at about their (taxing) limit."

Kubiak said overhauling the school finance formulas can be accomplished without any immediate new taxes, because \$109 million in unexpended funds rests in the state treasury.

Recommendations included a reduction in the teacher-pupil ratio; limiting ad valorem taxes for other than capital facilities, equipment and debt service to 75 cents per \$100 of market value; local leeway funds of from \$100 to \$200 per pupil in two-step form; increasing the operation and maintenance cost to \$85 per average daily membership and a new teacher pay raise.

New shipment of store-all boxes at the Stockman.

THE NEWS BEER A re-run of "The Ozona Story" as gleaned from the files of "THE OZONA STOCKMAN"

An electrically powered wool stacker, 13 1/2 feet high, has been installed at the Ozona Wool and Mohair Co. With this machine wool can be stacked in half the time and takes the place of several men.

29 years ago Mrs. Roy Thompson is teaching a course in Red Cross Home Nursing at the Community Center for the benefit of a group of Latin-American high school girls.

29 years ago Civic groups and schools have joined forces with newspapers for a Texas Paper Salvage month. Many paper mills have been forced to close due to a paper shortage.

29 years ago Mrs. Dora Moore has opened a cafe and sweet shop in the Williams building and will be serving sandwiches, hamburgers, drinks and pastries.

29 years ago Mr. and Mrs. Bryan McDonald and children will be moving to Canyon next month where Mr. McDonald will be running a stock farm and implement business in Hereford.

29 years ago The Ozona National Bank is pleased to announce that it has been authorized by the US Treasury Dept. to pay US Savings Bonds.

29 years ago The Lions ran away from the Angelo Kittens in their season opener with a score of 32-0. A withering pass attack combined with ground plays netted them at least one touchdown each quarter.

Washington News Letter By Congressman O. C. Fisher

The future of Project Sanguine, a newly developed Navy system for communicating with submerged submarines, is undetermined.

The search first centered in Wisconsin but shifted to the Llano uplift area in central Texas because of the granite surface there.

All sorts of pressures may affect the provisions of a person's will without being unlawful. In another case, the pressure was romantic.

Project Sanguine, or any other defense project, being located at any place in my district where local people don't want it.

Of course it may be difficult to tell, after the man has died, just how powerful the pressures were. Therefore, the law looks for certain telltale circumstances.

As of today, the Navy can in seconds inform our submarines at sea of the exact location of a suspicious submarine or plane.

People who live in glass houses, might as well answer the door bell.—Duane C. Griggs, New London (Iowa) Journal.

"The honeymoon is over when he takes her off a pedestal and puts her on a budget."—Elizabeth W. Spalding, The Kentucky (Bardstown) Standard.

"A politician is someone who never met a tax he didn't hike."—Willa M. Jenkins, The Hermitage (Mo.) Index.

"Everyone shuns trouble, unless it comes disguised as money."—Dale Holdridge.

THE LION'S ROAR NEWS FROM OZONA HIGH SCHOOL BY TERESA SHAW

Mums will be sold out until kick-off time Friday night. Ann G. and Kathy R. will be selling mums at the gate if you still haven't got one.

# Food Stamps Scheduled To Begin Circulation In Ozona October 1

Food stamps issued under the statewide food stamp program will begin circulating in Ozona, Texas, Oct. 1, 1973. Commodity food distribution will cease when the food stamp program starts operation. Only those persons who have been certified eligible will be able to get food stamps.

The first issuance of Food Stamps under the new statewide program will take place at 10 o'clock, Monday morning, Oct. 1, in the Ozona post office according to Postmaster Floyd Hokit and Carrol D. Crum, Regional Administrator of the Texas Department of Public Welfare.

Crockett County currently has a Commodity Program, but it will be replaced with the new statewide plan which has installed this new issuance system.

## JV To Host Owls After Junction Win Thursday

The Lion Junior Varsity downed Junction last week by the lopsided score of 32-14. They will play Big Lake here tonight.

The first score for the Lion JV came when Frankie Garza scooped up a Junction fumble. The PAT failed, James Blake added the next two Lion scores on a 4-yard plunge and an 8-yard run. David Torres ran in for the two points after the third score.

Blake scored again on a 1-yard plunge and Basil Ramirez got the final touchdown for the Lions on a 4-yard run. Outstanding on defense for the Lions were Frankie Garza and Larry Beard.

Certified households will be able to go to the Post Office at their own convenience and buy their allotment of Food Stamps. They can buy their stamps between the hours of 10 a. m. and 3 p. m. Monday through Friday, except on Federal holidays.

Persons interested in applying for Food Stamps should contact the Food Stamp Office at the courthouse in Ozona. People who are not employed must register for and accept work.

Persons who might be eligible for food stamps include those who currently receive commodities, public assistance, are unemployed, work part-time, or receive a small pension check.

Most retail grocers in this area will accept food stamps for the purchase of most food and food products. Food stamps cannot be used to purchase tobacco, alcoholic beverages, imported items and household goods.

Food stamps increase the food purchasing power of low-income households. The amount a household pays for their food stamps depends on the number of people in the household and their total net income. Bonus stamps are then issued to boost their buying power. The amount of bonus stamps is determined by what the household is able to pay for food and what they need for the purchase of an adequate diet.

Once a household has been certified eligible to participate in the program, it will receive an Authorization To Purchase (ATP) card in the mail each month stating how many stamps it is entitled to and how much money it will need to pay for them.

## Wildcat Set For Crockett County

American Quasar Petroleum Co., operating out of Midland, will drill a 9,200-foot wildcat in Crockett County, 14 miles southeast of Ozona, two miles west of the one-well Angus (Strawn lime gas) field and four miles east of dual 7,980 Pennsylvania gas production in the Davidson Ranch multipay field and the DePaul (Strawn gas) field. It is the No. 1-39 H & H Drilling Co. Location is 790 feet from the north and 560 feet from the west lines of 39-IF-TCRR. Ground elevation is 2,432 feet. It is 3/8 mile south of the firm's No. 2-38 Jones, in 38-IF-TCRR, one of its 10 deep wildcats slated in the vicinity which are all "tight."

### SOCIAL SECURITY MEETING FOR SPANISH SPEAKING

Representatives of the San Angelo Social Security Office will hold a meeting at the Parish Center of Our Lady of Perpetual Help Church at 7:30 p. m. on Thursday, Oct. 18, to acquaint the Spanish-speaking people in Crockett County with the provisions of Supplemental Security income, a new Federal program to begin in January to replace present old-age assistance, aid to the blind, and aid to the disabled. The meeting will be conducted in the Spanish language in an effort to reach those persons who otherwise might not learn of the new program.

The meeting is open to the public, and all persons interested are urged to attend. Any questions about this meeting can be answered by the San Angelo Social Security Office. Residents of Ozona may call toll free by dialing "Operator and asking for "Enterprise 2058". --0--

**Tips For Gardeners**  
From the Ozona Garden Club by Mrs. Bailey Post

From now and through October we should have a perfect display of beautiful roses with deeper coloring than the spring blooms. Keep well watered while buds are forming and maturing. Feed if you haven't done so before this.

This is an excellent time to make cuttings for indoor greenery and blooms. Some of the plants to enjoy this winter (and a good opportunity to multiply) are begonias, coleus, geraniums, Jacob's coat, sultanas and others you may want.

Many pampas grass plants are on display now with their stately and beautiful plumes. They make a very worshipful and attractive arrangement for a church altar.

To keep ahead of the enormous weed crop, everyone is

urged to act now and begin to control them on vacant lots and the alleys.

Another colorful plant in bloom at this time is the queen's wreath vine. This vine does better if it has plenty of sunshine, so plan to make room for one next year. Once established they give a beautiful display every year.

Before frost time, move your indoor plants outside for two or three weeks. Apply liquid fertilizer and water to encourage growth. Place where the hot sunshine won't burn the foliage. A choice place would be beneath trees or large shrubs. Be sure to bring them in when frost is forecast.

Plants that have been outside all summer but need to be brought inside for the winter, should be pruned and sprayed with insecticide to avoid bringing in worms on the plants. Flowering house plants bloom profusely if their roots are slightly crowded. Repot in larger pots only the plants that were pot bound last winter.

Have your old furniture recovered to make new and beautiful again. We repair springs, and have numerous types of materials to select from. For pick up and delivery call 653-3441.

When was the last time you waxed floors? Sometimes it's a big chore. Waxing does not make floor coverings wear longer, but it does help to keep the floor clean and will give it a shiny appearance. It is not necessary to re-wax after each mopping, only when the wax has been removed.

Water-based wax washes off easier than solvent-based or silicone wax. No wax wears off evenly from traffic. If you plan to wax without removing all wax from the floor, wax only the worn traffic area. If you want to wax the entire floor, strip old wax from floors once or twice a year.

For all floors except wood, mix 3/4 cup detergent, 1 gallon warm water, and 1/3 cup ammonia. Use a clean mop or cloth, and scrub with the cleaner. Rinse with clean water until the floor feels clean to the touch. Let the floor dry.

It is important to wax with the right wax. Find out what your floor is made of (wood, linoleum, asphalt tile, vinyl tile, rubber tile). Get the wax that suits the floor. Read the labels on the cans of wax.

You may use a self-polishing wax or a polishing wax on a vinyl tile floor. Select one kind and always use the same. Self-polishing wax is a liquid wax and doesn't require polishing. Polishing wax can be a liquid or a paste. You must polish this kind of wax. Read the label on the can of wax. It will tell you the kind you are buying.

Do not shake the can of self-polishing wax. It makes bubbles in the wax and will not dry smooth. Pour about 1/2 cup of wax on the floor at a time. Use a damp wash applicator or a clean cloth. Always push the wax applicator or cloth away from you. If you push back and forth, the floor will not look as good. Spread the wax thinly. Let the floor dry 30 minutes. Do not walk on it while it dries.

With the liquid polishing

wax, shake the can well. Apply like the self-polishing wax, except you will need to polish the floor.

If black marks are a problem at your house, dip a clean cloth or very fine steel wool (000) in wax used to wax floor. Rub spot with clean cloth to shine. If your floor has turned dull or cloudy it probably needs to be rinsed better. Or if you wax before the floor is dry it will be dull.

The Extension Service has two recent publications on "How to Keep Floors Clean" and "How to Take Care of Carpet". Call 2-2721, come by, or drop us a card if you would like to receive the free booklets.

**Joanie Baggett Is Runner-Up In Cotton Contest**

Joanie Baggett, daughter of Mr. and Mrs. Jack Baggett of Ozona and a fashion merchandising major at Texas Tech, was named second runner-up in the South Plains Maid of Cotton contest. The winners were announced Thursday night in Lubbock during a telecast of the contest.

The contest is sponsored annually by the Lubbock Chamber of Commerce. Joanie was a representative of Zeta Tau Alpha.

Out of 21 contestants, the field was narrowed to fourteen. All appeared on the television program and the five finalists were announced. The finalists were required to make a three-minute speech on cotton and were interviewed on television. Each of the finalists were presented a gift certificate. Mr. and Mrs. Baggett were in Lubbock for the contest finals.

**Sorority News**

The Alpha Alpha Mu Chapter of Beta Sigma Phi held a combined salad supper and business meeting Monday at the Civic Center. Hostesses were Mrs. Eddie Hale and Mrs. Johnny Meyer.

Mrs. Jim Leech presented the program "On Any Day". Tables for the salad supper were set depicting a formal Thanksgiving Day dinner, a casual Halloween luncheon, a Christmas dinner and a brunch. Pictures of unusual table settings were also shown and discussed.

Members present were: Mrs. Tony Allen, Mrs. Floyd Hokit, Mrs. Johnny Hughes, Mrs. Edwin Kirklen, Mrs. Jim Lott, Mrs. Terry McPherson, Mrs. Ruben Pena-Alfaro, Mrs. Jolm Richey, Mrs. Lane Scott, Mrs. Walter Spiller, Mrs. Bob Wallace, Mrs. Tommy Wilson and Mrs. Alex Valverde.

**Appliance Service**

**Sorority Plans Spaghetti Supper**

The Alpha Alpha Mu Chapter of Beta Sigma Phi will hold its annual Spaghetti Supper Friday, September 28, at the Ozona Civic Center. Serving hours will be from 5 to 8 p.m., prior to the Ozona-Sonora Homecoming game. Tickets are \$1.75 for Adult and \$.75 for Children under 10 years of age. The price of the adult ticket entitles the holder to a chance on a door prize. The public is cordially invited and tickets will be sold at the door. Come on out and eat spaghetti with us--it's good!

**RECIPE**

**Baked Sweet Potatoes**  
By Sarah Anne Sheridan  
Because of their large amounts of starches and sugars, sweet potatoes yield about one-third more energy value than white potatoes. One medium-sized deep yellow sweet potato will supply the normal person's daily need of vitamin A.

Select potatoes of uniform size for baking. Wash and trim off ends. Grease skins slightly. Put potatoes in a pan and bake slowly. Turn once during baking. Butter generously when eating.

**Sweet Potato Secrets**  
1 c cold mashed sweet potatoes  
4 T milk  
Salt and pepper  
1 t baking powder  
12 marshmallows  
2 eggs beaten

Beat potatoes with a little hot milk until they are fluffy but not too soft. Mix in baking powder and seasoning. Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs. Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

New from Berklene. A recliner that only needs 3 inches from the wall. Perfect for your space problem. See at Brown Furniture. 28-tfc

**SERVICE!**

**Plus Products Equals Satisfaction!**

**OZONA OIL CO.**

**Building with power**

Technology is abroad in the land. Everywhere big yellow and green machines pound and churn the earth. Highways unroll, apartment complexes rise and amusement parks expand.

Our children watch. They know power when they see it!

Some of our children, though, don't know about another power for building. They have not been taught to see it. It is the power of God and it also shakes and moves us. It is necessary for all men—a gigantic source of energy and strength.

Take your children to church on Sunday. They will be tomorrow's builders.

**CLEAN ENERGY  
FOR TODAY  
AND TOMORROW**

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource... natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

PIONEER NATURAL GAS COMPANY

## State 4-H Dress Revue in Dallas

Dallas again will host the annual State 4-H Dress Revue as 47 Texas coeds model today's fashions and compete for honors Oct. 4-6.

The statewide competition is held in conjunction with the State Fair of Texas and is a feature of Rural Youth Day at the fair.

Three top winners and runners up will be announced during a press luncheon Oct. 5 at 2 p.m. in the Baker Hotel Texas Room after a morning of judging events.

Mass media representatives from throughout the state are expected to attend the luncheon sponsored by the Fuller Foundation, Inc. and Celanese Fiber Marketing Co.

The 47 finalists, including the top winners, will model their fashions in a public showing at 10 a.m. and 11 a.m. the next morning at the Women's Building Auditorium on State Fair grounds.

Top overall winner of the State Revue will represent Texas at the National 4-H Club Congress Nov. 25-29 in Chicago, according to Mrs. Vivian Simmons, 1973 State 4-H Dress Revue chairman and clothing specialist with the Texas Agricultural Extension Service.

In the wool division, the top two winners will receive bonds from the Texas Sheep and Goat Raisers' Association. In the cotton division, the top two winners will win cash awards from the Texas Cottonseed Crushers Association.

To compete at the state level, all 47 finalists took top honors in county and district competition across Texas last spring.

They represent more than 17,000 4-H youth now enrolled in clothing projects, Mrs. Simmons said.

"Winners are chosen by the finalists themselves who actually judge each other," she said of the state contest.

"Criteria include overall appearance of the garment, suitability of fabric, style and color for the individual, as well as accessory choices and poise."

Commentator for the fashion showing on State Fair grounds will be Dianne Hoover, Texas Agricultural Products market-

ing specialist. 4-H boys will play a role in the Dress Revue itself when 13 outstanding members--in Dallas for other State Fair activities--will escort revue finalists during the two showings for the public.

Sponsored by the Texas Agricultural Extension Service, Texas A&M University System, the State 4-H Dress Revue is part of the Texas 4-H and Youth program.

## Green Oranges Really Ripe

"Sound improbable? Well it's true--Valencia oranges undergo a natural phenomenon called regreening," Mrs. Karen Walker, foods and nutrition specialist with the Texas Agricultural Extension Service, Texas A&M University System, noted.

"As the fruit ripens on the tree, it turns orange and appears ripe long before it is. But when temperatures rise in the spring, chlorophyll (the green color) returns to the skins."

"The longer these oranges remain on a tree, the sweeter and greener they become. So, when green around the stems, Valencia oranges are sweet, juicy and fully ripe," the specialist said.

These green ripe oranges currently appear in supermarkets since they're in season from February to November.

"A calorie-saving nutrition bonus, oranges provide an adult's daily requirement of vitamin C, yet have only 65 calories each."

"Everyone needs vitamin C daily--it holds body cells together," she added.

For a taste treat that's hard to beat, Mrs. Walker suggested combining orange sections with watermelon, cantaloupe and fresh pineapple. Top with a scoop of sherbet for a finishing touch.

Drizzling celery can be rejuvenated by trimming the butt ends and placing stalks in water, according to Karen Kreipke, foods and nutrition specialist, Texas Agricultural Extension Service, Texas A and M University System.

## WOMANS FORUM MEETS

The Ozona Womens Forum met Tuesday at the Civic Center at 3:30 in the afternoon.

Mrs. Debra Price, Crockett County Extension Agent, spoke on Consumerism and Economics Hostesses were Mrs. Charles Balck and Mrs. L. D. Kirby.

Coffee and pound cake were served to 20 members and two guests, Mrs. Price and Mrs. Miller Robinson.

--0--

## Redecorating Tips For Mobile Home

In the redecorating mood but live in a mobile home?

"Don't despair--simply apply space-conscious decorating solutions," Patricia A. Bradshaw, housing and home furnishings specialist with the Texas Agricultural Extension Service, Texas A&M University System, suggested.

A major consideration is proportion, the specialist explained.

"The average living room or living-dining area--is 12 feet wide and less than 24 feet long, and appears long and narrow unless furnished and decorated properly."

"Consider traffic patterns--and how rearranging may affect the flow."

"Before redecorating, examine existing furnishings. Decide which need replacing or renovating," she said.

"Since furniture and fabrics receive maximum use from compact living, select high-performance characteristics such as durability."

"Durable synthetic fabrics such as 100 percent nylon, olefin or polyester provide easy-to-clean, soil-resistant fabrics--ideal for re-upholstering."

Scale is another important consideration, Miss Bradshaw added.

"Select furniture with scale in mind to achieve visual space," she noted.

"Window treatments and floor coverings may be used to create the impression of space."

If walls are dark-paneled, rely on other furnishings to create the desired impression, the specialist advised.

Any furniture style may be found in mobile homes, but lighter-scaled styles provide a feeling of spaciousness.

Some manufacturers feature furniture designed for mobile home living, she concluded.

## ABOUT YOUR HOME

By April Rhodes

Insist that your school-age children eats breakfast. The first meal of the day should contain from one-fourth to one-third of the day's calorie need.

A thin coat of vegetable oil will keep mildew from forming around the rubber seal on refrigerator and freezer doors.

Does your bright, sunny window make a glaring spot on your television picture? I solved the problem by hanging a shade in the window which blended with the color of my thin curtains.

Soft plastic bags that you get from the cleaners make excellent filling for small throw pillows.

A set of measuring spoons kept in the medicine cabinet are quite handy when measuring dosages of medicine.

To teach small children to eat soup without the usual dribbles, put the vegetables in a bowl and the liquid in a cup to drink.

When cleaning windows and mirrors, nothing polishes the glass better than crumpled newspapers.

# 'Thaw' Fails To Bring Higher Prices

Although the "thaw" on meat prices in retail markets hasn't resulted in immediate high price levels expected by some, price fluctuations are likely for a few weeks, Mrs. Gwendolyn Clyatt predicted.

The consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System, termed it "wishful thinking" to believe food prices will ever go as low as they were.

"However, if the supply and demand system is allowed

to work, food should be as low as anything in our consuming lives," she added.

"Pork loin roasts and chops -- and quarter loins sliced -- offer good values this week. Hams, picnics, shoulder roasts and steaks also make good pork buys."

In general, look for best beef values on round steaks and roasts, ground beef, and arm and blade pot roasts and steaks, the specialist continued.

"Chicken remains one of the better buys at meat counters -- with whole birds the most economical choice."

Mrs. Clyatt reported the egg market about steady -- with supplies adequate for demands.

"Tokay and white seedless grapes continue in ample supplies with prices unchanged to slightly lower. Prunes also carry attractive price tags this week."

"In addition, apples, bananas, plums, cantaloupes, watermelons, nectarines and pears deserve consideration."

Potatoes, sweet potatoes, dry yellow onions, lettuce, celery, cabbage, carrots, collards, rutabagas, green peppers, squash and cucumbers are the most economical vegetable selections, she concluded.

# Cubs in Big Lake After Win-Loss Week

The Ozona Junior High School Cubs will be in Big Lake tonight to take on the Owlets for two games, after another win-loss week in Junction last Thursday.

The Cubs lost the seventh grade game 3-0 and the eighth graders won 6-0 in a defensive battle.

Blake Moody was the only Cub to score and he hit paydirt from 38 yards out. Defensive stand-outs for the eighth graders were Dwayne Smith and Randy Allen.

# Circus Comes To Ozona

A circus will be in Ozona October 6, under the auspices of the Southside Lions Club. The Fisher Brothers Circus will be here at the fairgrounds for one day only.

Performances will be presented at 6 p.m. and at 8 p.m.

HELP WANTED -- T. V. technicians for major RCA and Motorola shop in Del Rio. Top wages and fringe benefits. Contact Homer Smith (512) 775-7446 or write Box 1155, Del Rio, Texas.

# Former Ozonan Honored In Taiwan For 1973

Miss Lola Mae Daniel, former teacher in the Ozona Public Schools, has been named the outstanding American teacher in Taiwan for 1973.

Miss Daniel, a teacher in Morrison Girls Academy and a Baptist missionary for the past twelve years, will be honored September 28 on a special occasion commemorating the birthday of Confucius, the great Chinese teacher.

Mr. and Mrs. T. J. Bailey recently returned from the Far East where they visited with Miss Daniel.

Mr. and Mrs. Clayton Robinson and infant daughter have moved here from Odessa where Mr. Robinson is the new pharmacist at the Village Drug.

Lloyd Beard was in satisfactory condition at Odessa Medical Center at mid-week after undergoing surgery for a gunshot wound suffered at his home here last Friday morning.

FOR SALE - 1973 Kawasaki 350 Street Bike. \$750. Contact Andy, ph. 392-2532. 29-2p

FOR SALE - Used typewriters, standard size. See Bekie Diaz The Stockman Office. 29-f

Armand Hoover will appear on the television program "High Noon" over KOSA in Odessa next Monday to say a few words about the Ozona Museum.
