Court Names Jury To Assess Damage In Proposed Road

Petitioners Would Open Highway 163 West of Community House

A jury of view was appointed by the commissioners court of Crockett County at its session here Tuesday whose duty it will be to assess damages to property owners along the route of a proposed new road to be opened up connecting to Fourteenth street and extending straight south to the point of the hill where the present road curves around the point.

The proposed new road, which is designated to eliminate the curves in the present route of the highway and to avoid the congestion of the area between the Mexican school building and the newly built Community House for the Mexican community, will be 100 feet wide along the east side of Survey 24 in Block OP.

The action of the commissioners court in appointing a jury of view was taken in response to a petition signed by the required number of citizens asking for the opening of a first class road along the proposed route. The petitioners cited the advantages to the public of opening the new route west of the community house, calling attention to the difficulty of driving livestock between the two buildings as is necessary with the present route of the highway. It would also provide a straight road into the city from the south, eliminating two curves.

The jury of view is composed of V. I. Pierce, Joe Oberkamp, Early Baggett, Roy Miller and Dan Wills, and was ordered to make its report at the next session of the court.

ONE THING and THEN ANOTHER

BEEVILLE. — Prowler's Sluggion: Here for the bull sale, I find a most remarkable situation—there's not a bull listed in the catalog named Ferdinand.

But more pretty girls! Little things. They swarm all over Beeville, cute as the little green-striped lizards I used to play with when I was about sore-toe size. They're harder to catch, though, than the lizards were. Or maybe I'm getting old and slowing up. About all I'm able to do is just stand around and wonder why girls don't grow any bigger here.

I'm inclined to think maybe it's the water. The water here tastes like it's about given up all hope.

I like to chew the fat with Rocky Reagan. Reagan's a rancher with holdings along the Nueces river west of here and down in the Raymondville country. And he likes the outdoors as much as I do. He claims the javelina hogs are getting thick again in the bosques along the Nueces. His prickly pear burners are knocking over one every once in awhile and skinning out a saddle for camp meat.

Javelinas are fierce little devils, from all accounts. Reagan says a bunch of them are liable to make a man rattle the bark on a tree in his hurry to get higher, once he's wounded one and allowed it to start squealing. And they'll cut a dog to strings before he knows what's struck him. Nevertheless, I'm glad they're on the increase. I like the wild things of the woods, fierce or gentle. I don't like to see them killed off, just to make room for people.

There's something about the way an old turkey gobbler quits the roost at grey dawn, thrashing the brush with heavy wings on his way down, only to land and strut and drag his booming wing—

New members of the band not appearing in the picture are Ruth Townsend, Daphne Meinecke, Scoot Smith, James Powell, Glenn Green, Ed Leatherwood, Bill Carson and Virgil Oden.

Fire Destroys Ranch Home Of Harry J. Friend

Defective Flue Cause Of Blaze At Noon Hour Wednesday

Fire, thought to have been caused by a defective flue, destroyed the ranch home of Mr. and Mrs. Harry J. Friend at noon yesterday. The fire broke out while lunch was being prepared and was out of control before being discovered.

Bill Friend was preparing lunch for himself and D. K. McMullan and Joe Murray. Mr. Friend and Mr. McMullan were shearing goats on the ranch. Mr. and Mrs. Harry Friend were in Ozona with Mrs. McMullan and her baby, here for treatment by physicians.

Except for a few pieces of bedding and small articles, furnishings in the home were completely destroyed, including family heirlooms and personal belongings of members of the family.

DAUGHTER TO COOKS

Mr. and Mrs. Cleophus Cooke are the parents of a daughter born in a San Angelo hospital Friday. She has been named Celia Ann.

The commissioners court is scheduled to resume its February session at the courthouse this morning, the session being adjourned after a two-day sitting the first of the week.

PTA Celebrates Founders Day In Meeting Monday

Concert By High School Band To Feature Program For Day

A concert by the Ozona high school band, under the direction of Director Norman Heath, will be the feature of the Founders' Day program at the regular meeting of the Ozona Parent-Teachers' Association Monday afternoon in the high school auditorium. The session will begin at 5:30.

Mrs. Welton Bunker will direct the day's program, which will include a Founders' Day observance. Hostesses will be Mrs. Hillery Phillips, Mrs. J. M. Baggett, Mrs. Victor Pierce, Mrs. Joe Patrick and Mrs. C. C. Luther. A free-will offering will be taken during the social hour for the P.-T. A. work, an annual collection taken on Founders' Day.

IN CONCERT

Josef Piastro, famed Russian violinist, will appear in joint concert at the high school auditorium this evening with Virgean Englande Estes, native Texas pianist, the third in the Musical Arts Series sponsored by the Ozona Music club.

Famed Violinist To Be Heard In Concert Tonight

Josef Piastro, Virgean Englande Estes In Joint Recital

Ozona music patrons will have the opportunity of hearing one of the world's outstanding violinists when Josef Piastro is presented in concert in the high school auditorium this evening (Thursday) under auspices of the Ozona Music club. The Piastro concert will be an outstanding attraction in the Musical Arts Series of concerts being presented here this season by the Music club.

Piastro was formerly court musician and friend of the ill-fated Czar Nicholas II of Russia. Born in Crimea, Piastro's first teacher was his father. At the age of 10, he passed to the Conservatory of Petrograd, where he became a pupil of the late Leopold Auer. Upon his graduation, Piastro was awarded a gold medal, a prize of 1,000 rubles and was given the famous "Gobert" violin, a gift of the Princess Alsenboursky. While at the Conservatory Piastro was associated with Mischa Elman, Zimbalist, Jasha Heifetz, Kathleen Parlow and many others.

Ozona 4-H Boys To Show Lambs Here March 2

Group To Compete In San Angelo Show March 3-6

Seven Ozona boys, members of the Crockett County 4-H club, will stage a lamb show here March 2 as a preliminary to entry in the showing at the San Angelo Fat Stock show March 3 to 6, it was announced yesterday by C. J. Van Zandt, county agent, who is directing the group of boys in their 4-H club lamb feeding project here.

The show is to be staged in the city park, with judging to be done in two divisions, singles and group of two lambs fed by one boy. These are two of the three classes in which the local group will compete at the San Angelo show, the other class being a group of 25 animals fed by the entire organization.

Judging of the show here is to be done by Clay Atchison, county agent at Sonora. It is hoped to raise total purses amounting to approximately \$50 for winners in the local show.

Wayne West, Jr., has six lambs on feed; Jim Ad Harvick, 6; Byron Williams, 6; Stanley Lemmons, 4; Lorraine Wyatt, 3; Charles McDonald, 4; and Bland Tandy, 2. Dick Henderson is also feeding out a calf.

Election Precinct Presiding Officers Appointed By Court

Presiding officers of election precincts in Crockett county who will serve for the next two years were appointed by the commissioners court in its session here this week.

E. B. Baggett, Jr., and Houston Smith were named presiding officers of the Ozona voting box in Precinct 1. Charles S. Black was Precinct 2 box and George Thompson for election precinct No. 4, at the O. W. Parker ranch. For the Howard Well box, in commissioner precinct No. 4, Watt Turner was named presiding officer, and R. A. Williams for precinct No. 5 at the Pecos Valley Power and Light Co.

Miss Margaret Blankinship, who has been visiting Mr. and Mrs. Dempster Jones, left yesterday for St. Louis, Mo., where she will visit for two weeks before returning to her home in California.

Man Who Helped In Hunt For Thief Is Nabbed For Crime

Austin Youth Pleads Guilty To Rifling \$15 Cash From Register At Hotel Ozona

Being just a bit too helpful in assisting Sheriff W. S. Willis run down the thief who a few minutes before had pilfered \$15 in cash from the register at the Hotel Ozona and a small amount in pennies from the hotel coffee shop, resulted in the undoing of a youth from Austin here last Thursday night.

The young man, who gave his name as Hal Petmecky of Austin, was waiting in the hotel lobby for a late night bus, having purchased a ticket to Kerrville. The porter at the hotel had carried some baggage for guests upstairs and when he returned he missed the money from the register.

Sheriff Willis was called and the young man joined in the search for the guilty person. In the midst of the hunt, Sheriff Willis called Petmecky into the elevator, closed the door and searched him, turning up the bills and the pennies.

Petmecky entered a plea of guilty in justice court and drew a fine of \$50 and costs, amounting to \$63. He was later released on a convict bond, signed by friends.

BOYS UNINJURED IN AUTOMOBILE WRECK

Shorty Colquitt, son of Mrs. Lee Wilson, and Joe Williams, a son of Mrs. Charles Williams and a member of the high school basketball squad, suffered only slight injuries Saturday night when a car in which they were riding overturned a few miles south of Ozona on highway 163. The car, a Pontiac, was one of the used cars in the Wilson Motor Co. stock.

Twentieth Annual Busby Meeting To Open Here Sunday

Veteran Fort Worth Evangelist Slated for 10-Day Meet

Evangelist Horace W. Busby, Fort Worth evangelist, will open his twentieth annual revival meeting at the Church of Christ in Ozona next Sunday morning, February 19.

Announcement of the annual Busby meeting was made this week through the Rev. A. C. Nance, minister of the local church. Services are to be continued through March 1.

A beloved figure among local members of the church, and other

persons who have come to know him through the years of his visits here, his annual visit to Ozona is like a "home-coming" and Ozonans look forward each year to his series of meetings, usually in February. These annual services, lasting from ten days to two weeks, have been augmented by an additional visit at other times of the year when the Fort Worth veteran just "happened in" on the local congregation.

As usual, services are to be held this year twice daily, at 10:15 each morning and 7:30 each evening. A cordial invitation is extended the entire community to join in these services.

Well Drilling Is Restored To Range Program

Other Changes Noted In Conservation Plan For 1939

There was considerable elation among ranchmen of Crockett county with receipt of telegraphic news late last week to the effect that the practice of water well drilling had been restored to the 1939 range conservation program, after being discontinued soon after announcement of the 1939 program.

Advice was received here by ranchmen and the office of County Agent C. J. Van Zandt of the restoration of well drilling as one of the 1939 practices in a telegram from Congressman R. E. Thomason at Washington. The department of agriculture in turn wired agencies of the soil conservation activities as follows: "In view of the fact the practice of drilling wells provided for in some regional and state range bulletins for 1939, this practice will be paid for under the 1939 program."

This was particularly good news to a large number of ranchers in this area who had planned to drill new water wells as their participation in the 1939 program. There were 22 wells drilled in this county last year, according to records in the office of the county agent, and Mr. Van Zandt predicts that with restoration of the practice for this year, there probably will be twice that number drilled.

Another important change in provisions of the 1939 program was announced this week in bulletins received by the local agent. This change provides that "applications for range-building pay-

Relative Of Ozonan Dies In Ft. Stockton

W. E. Silliman, 74, a brother-in-law of Mrs. John R. Bailey of Ozona, and founder of the city of Eldorado and a leader in the town's early development, died at his home in Fort Stockton early Wednesday morning. Mr. and Mrs. Bailey are at present enjoying a vacation trip to Florida, but members of the family here were notified yesterday of Mr. Silliman's death.

Funeral services are to be held in Christoval at 4 o'clock this afternoon.

County Machinery Hired For Use In Road Maintenance

Full Crew To Start Shaping Highway 163 This Week

Services of Crockett county road machinery and two of the county's employes will be used by the state highway department maintenance division in shaping up the Crockett end of highway 163 from Ozona to Comstock, appropriation for which was made recently by the state highway department.

A deal was closed between the county and representatives of the department at the meetings of the commissioners court here this week whereby the county's machinery and two men to operate the equipment are to be placed at the disposal of the maintenance crews for the preliminary work.

The county is to be compensated at the rate of \$3.25 an hour for use of the machinery and salary of the men, W. B. Wynn of San Angelo, from the division offices there, and H. C. Horton, district maintenance supervisor stationed at Barnhart, were here to confer with the court.

Mr. Wynn told the court that a full crew would be placed at work on the road by Friday of this week, the work to start at the forks of

TOWN AND CITY

There is no more snobbery in small towns than in cities, says a man who has lived in both. There merely seems to be. That is, because in a town you can't avoid the people you dislike and you can't give a party without everybody knowing who was invited. You can't mingle with one social set one night and another the next. Your private affairs are not private. Everybody knows about your friends, your visitors, your way of life. City people are the same kind of people, but the more people there are in a community, the more privacy. You are freer in the city. You can do things without having them advertised. You can find and associate with the people you like best and stay away from the others and nobody knows or cares, and there are no hard feelings about it. The snobbery is about the same in either case. But, this critic concludes, there are still advantages in small-town life. "There is more time to do the things you want to do. It doesn't take so long to get from place to place. Work is not so hurried. Friendly chats in mid-afternoon are more common. Because entertainments are limited and dining out and going to plays or concerts are not everyday events, there is more time for reading, for discussion, for calm thoughts. The air is cleaner and the traffic is less frantic. It's quieter and easier on the nerves." — Peoria Journal-Transcript.

PAYING THE PIPER

There are two ways the tax-paying public gets into financial troubles. First, they listen to the promises of office-seekers who put their programs forward in a manner that sounds as though the candidate has a magic wand to wave and produce the funds to finance them. Second, the highly-organized pressure groups browbeat the public officials into granting concessions that must be passed on to all the people. As these programs continue, the taxpayers eventually

HOLDING THE RUNAWAY

wake up to find that the cost of government has become a tremendous drain on their income, and that they are in a position where they can do very little about it. Under such circumstances, the taxpayers must ask themselves if government is supplying their needs in proportion to the money collected and expended, or if that money cannot be better spent elsewhere. It is up to the taxpayers to limit the expenditures of government to the services which the government can perform best. If they insist upon programs that are beyond their ability to finance, don't blame the government, but prepare to live the same kind of existence that the man lives who is constantly spending more money than he earns, and makes liberal use of the loan shark's facilities. —Florida Times-Union (Jacksonville).

There is now much agitation for taxation of salaries of state and federal officials and employees on the same basis as the income of the private citizens who earn the money to pay their salaries. It's difficult to understand how a member of congress, or a state legislator, or a public employe can ask for or justify such an exemption.

Best wisecrack on the transaction tax is that of Jack Hawkins in the Groesbeck Journal who said that last summer W. Lee O'Daniel was raising thunder because the government made a man pay \$1.75 to vote but now Governor O'Daniel wants a law to tax a man 8 per cent before he can eat. . . . And, after all, nobody has figured out a way of doing without eating whereas a fellow could get along somehow without voting — Mr. O'Daniel did for several years.

Gonzales county was named for a governor of Texas and Coahuila.

THE "WHY" OF FROZEN CAPITAL

Reference is often made these days to "frozen capital" as largely to blame for unemployment and business depression. Many people, no doubt, wonder just what frozen capital is, why it exists and why it is so closely tied with our current economic ills.

Everybody knows that "capital" means money and the "frozen," in this sense, means inactivity. A good answer to the "whys" is found in a recent nation-wide survey of potential investors. (Anyone with a savings account is a potential investor).

The survey, conducted by the National Association of Manufacturers, asked this question: "Do you have money available which you could invest and would like to invest, but which you do not care to invest at the present time?" The reply of 75.1 per cent was "yes."

The 75.1 per cent was then asked to indicate why they did not want to invest now. Here are some of the answers: Inadequate present profits and doubtful future prospects because of possible new legislation, existing taxes, labor trouble and international troubles.

Factors that would create a willingness to invest were also listed. There were: Improved government policies and attitudes affecting business, changes in government spending and budget policies, less government competition with business, reduced taxes, and a change in federal labor legislation.

Remembering, now, that business must have money on which to operate if it is to give jobs and pay salaries, it should be easier for everybody to understand why it is frozen.

POLITICAL REALISM

According to Time, political realists long have harbored the idea that "expenditures (public) cannot be reduced for reasons both political and social; the United States economic system is going to support a larger and larger debt; the United States budget is not likely to be balanced by the New Deal or by a successor administration for a long time to come. Corollary of this is that the United States debt will never be paid off, and that until some drastic event—such as wild inflation—changes public opinion, the United States will not again attempt to live within its means."

Such an idea may or may not be well founded, but it is a certainty that if the so-called political "realists" who harbor it were suddenly faced with the realistic and devastating conclusion which it implies, they would instantly abandon it—with the instinct of self preservation. They would fight to the last to halt runaway budgets. They would strive mightily to educate the public to the fact that excessive spending and the piling up of deficits indefinitely is literally suicidal.

With the federal debt nearing \$40,000,000,000 and with interest charges now amounting to more than the total annual budget of a few years ago, the man in public life who advocates progressive economy is indeed the realist—not the politician who spends because he thinks the country is going broke anyway.

Friend: "But isn't your son sort of listless, Mr. Moneybags?"

Mr. Moneybags: "Heavens, no! He's got a list of blondes, a list of brunettes, and a list of red-heads."

Answering questions before the Senate Judiciary committee, which later favored his nomination to the United States Supreme Court by a unanimous vote, Felix Frankfurter said: "It doesn't matter whether the constitution is invoked for ends I like or ends I don't like, so long as those who invoke it keep within the framework of the constitution. There must be freedom of speech, freedom of the press, freedom of assembly and

freedom to worship as your conscience dictates. Civil liberties mean liberties for those we like and those we don't like, or even detest." And that is stating the fundamentals of American democracy in just about its shortest form.

By SUNSHINE MATTHEWS

From Headquarters of
Texas Sheep and Goat Raisers Association

Most welcome pieces of correspondence received by the Texas Sheep and Goat Raisers' Association this past week were the telegrams from Tom Connally and R. E. Thomason at Washington with the news that the secretary of agriculture had advised that well drilling would continue in the soil conservation program.

The Stockton Wool and Mohair Co., operated at Fort Stockton by W. H. Burcham and C. L. Eaker, have another addition to their warehouse underway. The firm opened for business in September of 1937 with a 50x100 foot warehouse. That space was doubled and the new building, which will be complete about March 1, is 50x153.

The Pecos County Livestock Protective Association will meet on February 20 at Fort Stockton for election of officers and a discussion of the soil conservation program, according to the president, Sid Slaughter.

Hearings on the Truth-In-Fabric Bill are to start before a senate sub-committee on February 14. The National Wool Growers' Association, of which the Texas Sheep and Goat Raisers' Association is a member, will have representatives present for the session.

Armour & Co. has special advertising out during February on lamb. The campaign includes a weekly magazine, newspapers and other advertising channels.

The Sonora Wool and Mohair Co. has around 35,000 pounds of clippings in to date. They expect to handle approximately 100,000 pounds of that class of wool before the season closes. One or two small clips of 1939 mohair have been brought in, according to Fred Earwood.

The California Wool Growers report that a sale was reported consumed of a lot of Sacramento valley lambs' wool at 16 cents per pound f.o.b. shipping point — a San Francisco buyer got the Gilman 31-bag lot of 1938 twelve-months wool in Tulare county, Calif., at 18 1/4 cents a pound f.o.b. shipping point—the Hislop Sheep

Co. winter clip of lambs wool (yearling) comprising some 700 bags of 3/8ths and 1/4 blood wool, coming length, located near Spokane, Wash., reported sold at 23 cents a pound f.o.b. shipping point. Tags were selling last week in northern California at 8 and 8 1/2 cents a pound f.o.b. shipping point.

Justice spoke swiftly in Ozona recently. One evening after the hotel clerk had retired at one of the hotels, the negro bellhop returned from carrying baggage upstairs to find a man rifling the cash register. Sheriff W. S. Willis took charge and the man, who gave his name as Hal Petmucky of Austin, was fined \$50 and costs, a total of \$63, in justice court there the next morning. As one ranchman remarked, "He'll be out with the birds, and the bees, and the flowers in the spring!"

Joe Kerr, wool and mohair warehouseman and banker at Sanderson, feels that 1939 is going to mean good luck for the sheep and goat men this year. He is looking for better prices on lamb, as well as for wool and mohair. Lambing has started in the Sanderson section, with the peak of the crop expected this month and next.

The new Spanish style, white stucco home of Mr. and Mrs. Bill Fields of Sonora is near completion. Mr. Fields will enter the coming wool season as buyer for Tom Richey for A. W. Hilliard & Son. He has been associated with the Sonora Wool and Mohair Co. for the past six years.

The Santa Fe had a crew of men busy at Fort Stockton this week building a new doubledeck loading chute and preparing to put up lights for the coming busy season. Ranchmen of that section are particularly jubilant about the prospect of lighted loading pens, so many of them having tried to talk sheep into dark cars and ending up with a personal touch at loading time. Bill Tilton, the Santa Fe's livestock agent was in Stockton this week on business.

In the way of trading, the most significant of recent sales were: Ben Mittel of Sonora has deliv-

ered between 600 and 700 three-year-old bred ewes which he sold in the wool at \$6.50 around.

Pruett & Michell of Marathon sold a string of 2,500 yearling ewes in the wool for May 1 delivery to a San Angelo commission firm at \$6 a head.

C. R. McKenzie of Fort Stockton, through Russell Payne, sold 200 short eye calves to A. R. Freeman of Eastland at \$27.50 a head.

Ben B. Dickson, manager of the San Petro Farm and Ranch Co., near Fort Stockton, shipped four cars of cows and calves from Hodgins to a Canadian, Texas, stockman. The price received was \$60 for cows and calves and \$52.50 for dry stock.

Dr. W. H. Moore of Fort Stockton sold 500 cows, three's to sixes,

to W. W. Brunson of Midland. The deal was made about a month ago and the stock have just been delivered. The price was \$50 a head.

Russell Payne of Fort Stockton has completed delivery of about 1,500 light ewe lambs for Alf Ten Eyck, who ranches west of Fort Stockton, to W. W. Brunson of Midland. The price was \$4.25 around.

The Ozona Wool and Mohair Co. at Ozona got its first batch of new mohair when Watt Turner, who ranches near Ozona, suspended shearing because of a threatened cold spell and brought his mohair into town.

There's a negro boy in pear camp near Ozona who used to

serve as cook for Al Capone. The boy says that the gangland chief used to force his cook to eat a part of everything that was put on the table. Not that he didn't trust his chef, but he didn't like the idea of a poison death.

Allen Mayse, who, until two months ago had a part of the Combs Cattle Co. leased and stocked, has bought the two trucks operated by Herbert Johnson of Fort Stockton. Mayse sold his stock to Fred Barrett of Comstock and is giving his time to his trucking business.

Westbrook Estate of San Angelo sold 1,100 two and three-year-old dry ewes out of the wool for spring delivery at \$5 a head. They went to C. C. Bledsoe, also of San Angelo.

Coleman county was named for Robert N. Coleman.

CHEVROLET LEADS IN TEXAS REGISTRATION

DETROIT, Feb. 15.—Texas' automotive registration figures for the year 1938, made public today, show Chevrolet in first place in the state, as in the country at large.

Chevrolet, the figures reveal, registered 37,691 passenger cars and trucks in Texas in 1938. This represents 39 per cent of the state's total passenger car registrations in the low-price group, and 38.7 per cent of truck registrations in Chevrolet's weight class.

This showing in 1938 gives Chevrolet leadership in seven out of the past eight years for passenger car sales in Texas, while Chevrolet trucks have led in seven out of the past 10 years.

NO, we're not trying to beat the gun — we'll be seeing quite a lot of winter before the spring buds burst.

But spring always has come — and with it a sudden itch to get out and see the awakening world. And also — all too often — the discovery that to get the new car you want, you've got to wait!

So what? So take steps now — to meet spring halfway!

Take steps to retire that slow-mo-

tion number you're driving — and replace it with a Buick bursting with newness and get-up-and-git.

Put a Dynaflex straight-eight under your toe to do battle with tough winter going — get the comfort of BuicOil Springing to float you smoothly over rough and rutted roads.

Get a new outlook for winter hori-

zons or for spotting the first flush of green on the meadows in Buick's "visibility unlimited" — as much as 412 more square inches of safety plate glass to see through.

Then consider also: Your present car is worth less each day as a trade-in. The risk of repair bills grows steadily greater. Old rubber's dangerous, tired batteries a bore — and a bright new Buick is sound and supple all through.

Besides — Buick's prices are lower than a year ago, lower than you'd expect, lower than some sixes!

So why not drop in to talk it over? You'll probably want to get your Buick while the getting's good!

tips against the ground, while he throws back a blood-flushed head to tell all that side of the country what a big old he-gobbler he is—

There's something there, all fresh and clean and throbbing with life, that gets under a man's skin.

I like to hear the yapping of the coyotes at night, the squall of an angry raccoon, the screech of a frightened squirrel in the bottoms when an owl swoops for him, the blare of an old range cow that's bawling just for the hell of listening to herself.

A catlaw thicker suddenly exploding with a covey of quail can do more toward bringing me alive with an eagerness to be up and doing than a whole stage swarming with leggy chorus girls.

And I like my chorus girls.

That's why I like to visit with people like old man John Justice who lives north of town here a piece. He's tax assessor in Bee county, but he takes time off to notice what's going on in the world about him.

Like the story he tells about the rattlesnake he and the Mexicans killed down on the Taft farm, when he was in charge of part of it in 1920.

"We killed over 200 snakes that year," he declares. "And you know, every single one of them was on the move, headed in the direction of the bay. The Mexicans claimed those snakes were washed across to the mainland from Mustang Island during the 1919 storm. I believe they're right."

Which reminds me of another oddity I've run onto. All the shoreline from Corpus Christi, north to Rockport and beyond, was a-ripe with red phlox in bloom last spring, a strip that reached inland a couple or three miles.

Judge Fox of Aransas county claimed that until the 1919 storm which tore all hell out of things, a red phlox had never been known to bloom along this coast. But now, when spring breaks every year, the whole earth is blanketed with a scarlet covering. It's a sight worth seeing. It's a sight, I claim, that's worth having a storm over.

But, of course, I wasn't in the twister and can't be sure of that.

Besides a colorful spiel and a bombastic voice that never tires, a livestock auctioneer has got to be a man that can move fast and far.

Earl Gartin of Indiana, whose machine gun blast of talk sold 37 head of Hereford cattle in the South Texas Breeder-Feeder Association ring here for an average of \$157 a head, claims that during the year of 1938 he conducted 27 auctions, most of them in Texas, selling approximately 6,000 registered Herefords for an average price of \$219.18 a head.

And he also claims that during that time he slept 187 nights aboard pullmans and flew 67,234 miles in airplanes.

Free feed at the Hereford sale here was made off Harold Severson, Bee-Picayune reporter and editor and what not. His wife knows how to cook black-eyed peas like they were made to be cooked.

I started out here to write something about a Hereford sale. But as usual, I got to rambling. And when I rambled, well, you know me—

'Weddings, Bah', Says Young Attendant

A \$3,000 Hereford Bull

Supreme's Advance, twin son of Supreme Advance Domino, \$6,000 herd bull, brought the top price of \$3,000 at the annual auction sale of 96 Herefords Tuesday at the John B. Stribling ranch near Rotan. The bull was purchased by Dr. J. L. Jenkins of Galveston, who last summer paid \$7,500 for a half interest in the Stribling famous sire Advanxiety.

And a Cow That Sold For \$2,025

Donna Anna 58th, one of the two daughters of the \$15,000 Advanxiety, topped the females in the Stribling auction with a price of \$2,025. J. E. Parker of Odessa was the purchaser.

96 Stribling Herefords Sell For Total Of \$54,385 At Annual Rotan Auction

Yearling Bull Sells For \$3,000; Female Top Is \$2,025

Special to The Stockman

ROTAN, Tex., Feb. 14.—Breeders and buyers from nine states gathered at the John B. Stribling ranch near here this afternoon and competed for 96 head of registered Herefords at the annual auction sale of Mr. Stribling which has grown into an event looked forward to by cattlemen from throughout the nation, and who paid \$54,385 for the 96 head of quality cattle, which sold through the ring under the hammer of Col. Earl Gartin, famous auctioneer.

Upholding the tradition of the Stribling auctions of past years, a record price again was paid, the buyers setting an average of \$562.20 for the offering of 96 head. The 94 females commanded an average price of \$396, and the 32 bulls went for an average of \$462.

Dr. J. L. Jenkins, bidding for the Jenkins Brothers of Galveston, not only was a heavy buyer, but paid the highest price for an individual animal, bidding in Supreme's Advance, twin yearling son of Supreme Advance Domino, for \$3,000. The Drs. Jenkins are joint owners of the famous herd sire, Advanxiety, whose calves and service proved to be much in de-

mand. They paid Mr. Stribling \$7,500 for half interest in this bull last summer.

Not only did Dr. Jenkins purchase Supreme's Advance, but he bought several females that ranked among the top both in price and quality. On a bid of \$2,025, J. E. Parker, prominent Odessa rancher, purchased Donna Anna 58th to pay the top price of the female offering. This heifer, daughter of Advanxiety, was desired by many bidders, but Mr. Parker finally won out over Claude E. Heard of Beeville, who furnished his most active competition.

An innovation in Hereford sales was introduced when Mr. Stribling kept time on the last half of the offering and instructed Col. Gartin to sell at the end of two minutes of bidding. States represented among buyers included Colorado, Nebraska, New Mexico, Tennessee, Alabama, Arizona, Oklahoma, Missouri and Kansas.

Probably you've seen that sketch entitled "Isms" that Mr. Anonymous wrote:

"Socialism—If you own two cows, you give one to your neighbor. Communism—You give both cows to the government and the government gives you back some of the milk. Fascism—You keep both cows but give the milk to the government, which sells some of the milk back to you. New Dealism—You shoot one cow, milk the other and then pour the milk down the sink." To which has been added: "Texasism—You give both cows to the government, which in turn uses the milk to make biscuits; the government then sells the biscuits to you, charging a 1.6 transaction tax."

"What started the trouble between you and the plaintiff?" asked an English judge.

Defendant: "Well, yer honor, it was like this. 'E threw 'is beer over me. I 'its 'im across the face wiv my bag of tools. Then 'e cuts my 'ead open wiv a bottle—an' the next thing we find ourselves quarrlin'!"

Study Of Skeletons Discredits Theory Man 'Up From Apes'

AUSTIN, Feb. 15.—The University of Texas anthropology museum has put man and the giant ape side by side and found the fallacy in the doctrine that man descended from the monkey.

Two skeletons, one of a negro man, the other of a chimpanzee, are displayed in the museum on the top floor of Waggener hall. The differences between them are pointed out by museum authorities.

"The important differences between man and the great apes pertain mainly to the size of the brain and the locomotor habits," Dr. J. Gilbert McAllister, director, said. "Man is not 'up from the ape,' though in bone structure, muscles, organs and pathology, there is but a difference of degree not kind."

Listing some of the differences between man and the chimpanzee, gorilla or other ape, Dr. McAllister pointed out that man has a much larger brain, less facial protrusion, a pronounced chin, a flatter chest.

Man does not have interlocking canine teeth as do the giant apes, his cervical vertebrae do not "bristle," his spinal column has an "S" curve, his leg bones are longer and stronger, his pelvis is more basin-shaped, he does not have an opposable big toe.

More conclusive than anything else that man did not descend from the monkey, however, is man's culture, Dr. McAllister declared.

Mrs. S. M. Harvick, son Martin, and daughter, Mary Louise, spent the past weekend in San Antonio.

One Guy: "Did you mark that place where the fishing was so good?"

Guy Two: "Yes, I put an X on the side of the boat."

First Guy: "That's silly. What if we should get another boat?"

Six-Foot Club Helps Forget Tallness

LOS ANGELES, Calif.—The California Tip Toppers, a club composed of men and women all over 6 feet in height, now has 40 members.

The club was organized a year ago when Miss Kay Kryslar wrote an article to a local magazine bemoaning the disadvantages of the tall girl. She was swamped with letters from over the country and with phone calls from similar sufferers in the city.

The result was the decision to form the California Tip Toppers Club, which opened some time last May with about nine charter members.

All the women to be eligible

must be more than six feet tall and the men must be at least six feet four inches.

At the present the tallest member is a young man of six feet and seven inches.

The average height of the male members of the club is six feet and a half.

The tallest woman is six feet three inches.

The club members frequently go to dinner together at restaurants, where they never fail to attract attention.

In addition to all this they have beach parties, ice skating parties and trips to various points of interest.

In short, they eliminate some of the disadvantages of being so tall.

Mr. and Mrs. Dempster Jones visited his mother in San Angelo this week.

\$8 to \$10 a Week Saved on Leftovers, etc., When Servel Electrolux Goes to Work in the Kitchen

You can't afford one now? If your husband makes less than \$50 a week, you can't afford to be without one. How much do you spend for groceries, now? Ten dollars a week? Twelve? Then we can easily prove to you savings like these at least:

SAVINGS	MONTHLY
On leftovers saved and used.....	\$2.52
Saving of food that now spoils, sour milk, etc.....	2.60
By buying quantities, specials, etc.....	3.16
TOTAL, at least.....	\$8.58
Plus cost of ice or electricity.....	\$7.77

Best of all, these savings go on and on. For Servel Electrolux is one automatic refrigerator—the only one—with no moving parts in its freezing system! No moving parts to wear and cause noise and trouble, and expensive service calls. The operating cost stays low. Servel Electrolux operates here for as little as 3 cents a day—often less! Dozens of owners whose Servel Electrolux refrigerators have been in constant service here for six, eight, ten years or more will show you their gas bills to prove the operating cost has not increased one cent since the first month!

Are you paying for a Servel Electrolux—and doing without? Can you afford a Servel Electrolux if it will pay for itself in your home? Then come in and let us show you how it can—NOW!

HERE'S THE STORY FROM OWNERS HERE IN WEST TEXAS

Mrs. C. A. Weir, Ft. Worth, Texas.

"I purchased one Servel Electrolux; liked it so well I later installed three more, and since then have had no trouble keeping my apartments rented. The operating cost is so low as to be hardly noticeable."

Mrs. John X. Camp, R. F. D. Woodson, Texas.

"Our Servel Electrolux makes us at least \$180 a year, because we get 12 cents per lb. more for sweet cream, \$1.50 per day, average, and save the cost of ice, which was 30 cents per day—not to mention having to drive 5 miles after it!"

Mrs. H. M. Hayes, Gatesville, Texas.

"My Servel Electrolux is over ten years old; has always given satisfaction. It's operation is unbelievably small; no more today than when new. Freedom from service trouble and expense have been particularly pleasing."

IT'S A HIT! The NEW **Firestone CHAMPION TIRE**

Because IT'S THE ONLY TIRE MADE WITH THE NEW SAFETY-LOCK CORD BODY and GEAR-GRIP TREAD

CAR OWNERS everywhere are acclaiming the extra blowout protection and non-skid safety of the new Firestone Champion Tire. And automobile manufacturers, knowing its outstanding performance, have adopted it for their new 1939 models. On every hand you hear, "It's the most effective tire we have ever had on wet pavement and in mud and snow!" It's the hit of 1939!

The Firestone Champion Tire is a completely new achievement in safety engineering and the result of a new and revolutionary means of locking greater safety into the cord body of a tire. This is accomplished first by the use of a new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to give greater strength. And then the fibers in each individual cord, the cords in each ply and the plies themselves are all securely locked together by a new and advanced Firestone process of Gum-Dipping, which provides amazingly greater strength—and greater strength means greater safety.

The new Safety-Lock cord construction gives the added strength that makes possible the use of the new thicker, tougher, deeper Firestone Gear-Grip Tread, which provides remarkably longer non-skid mileage. This sensational new

EDITOR'S MUSINGS

**New Library Books
 Boy's Attitude
 New Staff
 Self**

I believe it is safe to say that freshmen and sophomores read more books out of the library than the higher classmen. So, as a special treat to this underclass element in high school, several books for them are being placed in the library. Among them are "Igloo" by J. B. Walden; "Whalers of the Midnight Sun" by A. Villiers; "Arabian Night," "Sands," and "Cow Country" by Will James. For more advanced students there are "The Home Book of Quotations" by Burton Stevenson and "Browning's Complete Works."

Another very clever and worthwhile book is "Your Carriage Madam" by Janet Lane, a guide to good posture.

Boys! Boys! What awful spirit! After all that fine work the pep squad did in the football season, you sit in the stands and boo those volley ball girls. What if they had booed you last November 11 when you were playing Sonora? It would have made you unhappy. I'll bet! But now you watch the score of the visitor's side of the scoreboard climb, and you give no encouragement to your home team. Truly, what a lack of school spirit.

There are only three more editions of the Lion's Roar to be issued under the present staff. We seniors shall soon be out, and a new staff with new ideas and aims will be in control. Let's make these final issues the best yet; let's, for the next three weeks, hit a new high in high school paper production.

Recently an ex-news reporter told me, very privately that it was his opinion the Lion's Roar was not as good as it was when he was one of the reporters. Could it be? "Tis pleasant, sure, to see one's name in print; A book's a book, although there's nothing in it." Probably next year's Lion's Roar won't look so good to us graduates when our names no longer decorate the old page.

A HIGH WAY AND LOW

In its brief simplicity, the following poem, which is anonymous, expresses all that I feel and wish to say. It is entitled, "A High Way and a Low."

To every man there openeth
 A way, and ways, and a way,
 And the high soul climbs the
 high way,
 And the low soul gropes the
 low;
 And in between, on the misty
 flats,
 The rest drift to and fro.
 But to every man there openeth
 A high way and a low,
 And every man decideth
 The way his soul shall go.

Most of us, although we may start up the high way, haven't the ambition or "stickability" to keep climbing and striving for the top. It is less troublesome to drift. However, if we could realize that those who do keep striving for the summit, although they may slip back a step or two, receive more dividends the farther they go, we would probably not give up and begin sliding down so readily as before. The lives of the high souls are broader and richer than the lives of us who merely drift. They actually live the experiences that most of us think fictitious. One goal leads to another, and each one lends more happiness than the one before. To me, as to most people I suppose, happiness is accomplishing something, striving for and attaining a goal. However, it must be remembered that whether a man climbs the high way, gropes along the low road, or drifts through the flats between, it is his own privilege to choose the way his soul must go.

OZONA SMASHES BIG LAKE 35 TO 22

Montgomery Leads Assault With 18 Points

The Ozona Lions, after being held to a 12 to 12 tie at half-time, broke loose with a barrage of field goals to sink the Big Lake Owls 35 to 22. Beecher Montgomery led the assault with 18 points. Dudley pitched in five field goals for a total of 10 points to share in the scoring honors. Tenley was high for Big Lake with seven points.

It was the first game the Lions had played since they lost to Barnhart in the opening round of the Big Lake tournament, and they appeared stale and erratic in the first half. This may account for the poor showing in the first half.

The box score:

Ozona—	F.G.	F.T.	T.P.
Williams	2	0	4
Wilson	0	0	0
Dudley	5	0	10
Montgomery	8	2	18
Lemmons	0	1	1
Schneemann	1	0	2
Escue	0	0	0
Totals	16	3	35

Big Lake—	F.G.	F.T.	T.P.
Tenley	3	1	7
Thorne	2	1	5

Future Homemakers Meet At Drake Home

The Ozona Chapter of the Future Homemakers of Texas club met at the home of Jean Drake last Tuesday night, Feb. 7, with Johnnie Boyd and Jean Drake as hostesses.

The topic under discussion was careers. Each girl answered the roll call with the career she wished to follow when she graduated from high school.

The program was as follows:
 Careers That Are Open for Girls—George Ann Kirby.
 Home Sweet Home—Sung by all.
 Homemaking As a Career—Patti Jean Tyre.
 A Cellar Tragedy—Johnnie Boyd.

Those present were Tommye Kirby, Billie Jean Linthicum, Margaret Owens, Billie Jo West, Helen Mayes, George Ann Kirby, Johnnie Boyd, Ella Carson, Jean Drake, Dorothy Hannah, Noma Miller, Gladys Wills, Frances Bean, Bernice Green, Adele Keeton, Mary V. Graham, Effie Smith, Pattie Jean Tyre, Faye Lucas, Patsy Froeschell, Dorothy Capps, and Miss Ada Moss. Delta McDaniel, a new freshman girl, was taken into the club.

QUOTATIONS FROM WILL ROGERS

"I am glad to report on the state of the state," Rogers once said. "The country is prosperous on the whole, but how much prosperity is there in a hole?"
 "College is a wonderful thing, because it takes children away from home when they reach the arguing stage."

Sonora On Top In Volley Ball Game With Ozona

Sonora girl's team came to Ozona February 8, to play volley ball with Ozona's team. Those playing on the Ozona team were: starting lineup, Pat Tyre, Tinsy and Tommye Kirby, Jean Drake, Naomi Collard, and Margaret Owens. The substitutes were Eloise Carson, Opal Oathout, Helen Armentrout, Emily Smith, Dorothy Hannah and Bernice Green.

The teams played some very exciting games, Sonora leading in both games. In the first game Sonora won with a lead of 6 points, and the second and last games with a lead of two points.

Three New Pupils Enrolled In O. H. S.

New students who have come to O. H. S. in the past week are Delta McDaniel, W. L. Burton and Claudia Everett.

Delta McDaniel, who came from Burnett, is the daughter of Pete McDaniel. She is classified as a freshman.

W. L. Burton, also a freshman, previously attended school in Fort Stockton. His father is Joe Burton, employed by the Humble Oil Co.

Claudia Everett, a sophomore, attended the Del Rio high school

ORCHIDS AND ONION

By Kirby-West

Orchids to J. B. for "keeping the bench warm for the other players."

Onions to tennis; fine excuse—ain't it, kids?

Orchids to B. G. L. for her ability to "lose" people.

Onions to B. C. W. E. W., J. W., J. C. and J. D. for moving cars. Orchids to the basketball boys for being so victorious last Friday.

Onions to S. C. for upsetting the water cart.

Orchids to J. D. for being such a "Sweet Little Headache."

Onions to M. P. for changing his mind so much.

Orchids to C. C. for holding up so well under the strain of the past week.

Onions to D. E. for being such a pest to the world.

Orchids to T. S. for being so generous with her thoughts.

Onions to spot-light shiners who worry sister and her "date."

Orchids to students of O. H. S. for being so enthusiastic about one-act plays.

Onions to E. C. for worrying typers in the afternoons.

THE EAR OF KNOWLEDGE

By The Junior

How Gripping Started
 "Gripping" was started by someone who didn't get things his way. Because this person was unable to do anything about it, he talked about it to all his friends. Each friend spread it like "hot" gossip. The idea of "gripping" became very popular, since it was easier to gripe about something than to do anything about it. This idea spread all over the world. Now a man has discovered a method of gripping gripping which has not been named.

This could go on forever, but the industrious student will not let this overcome him.

Press Club Has Semi-Weekly Meet

The Press club met February 8 in the home of Posey Baggett. After the usual calling of the roll and reading of the minutes, matters and plans concerning the annual press club banquet, the date of which has been set for March 1, were discussed. After the discussion, instead of a program, the members wrote articles for the next publication of the Lion's Roar. When the meeting had been adjourned, the members were served refreshments, which consisted of French doughnuts, cheese sandwiches and Coca Cola.

The members present were Posey Baggett, Doris Bunger, Crystelle Carson, Bettie Lou Coates, Ora Louise Cox, Emogene Drake, Walter Escue, Jeff Fussell, Dorothy Hannah, Howard Lemmons, Miles Pierce, W. B. Robertson, Elton Smith, Mary Frances West, Stanley Lemmons, Adele Keeton, George Ann Kirby, and the sponsor, Miss Terry.

prior to her coming to Ozona. She is the daughter of Rufe Everett, who ranches southwest of Ozona.

BAND TO PRESENT FOUNDER'S DAY PROGRAM

On Monday, February 20, the band will present a varied program at the meeting of the Parent-Teachers' Association. The program will be composed of overtures, novelties, and marches. The band will appear in full uniform at 3:30 in the afternoon. It will be directed by Mr. Norman Heath.

Mr. James B. Nevins, previous bandmaster of the Ozona band, visited here during the past weekend. Everyone enjoyed seeing him immensely and hope he returns soon.

The band is now working as much and as fast as possible to improve their sight-reading. It is now known for a fact that the Ozona band will be required to enter the contest at Abilene in Class C. Last year, before the bandmaster here could enter certain solos in the contest held in San Angelo, it was necessary to pay fees for the whole band. According to the enrollment of the schools here, we will have to enter as a second year band instead of a first year band as was at first supposed.

Ozona To Enter District Meet

Ozona will enter the district meet to be held in Fort Stockton February 17-18. Iraan, last year's winner, is now engaging Fort Stockton in a county play-off to see who will represent Pecos county. In a best two-out-of-three series, Fort Stockton is leading with one win. Ozona won the consolation bracket last year by beating Pecos 36 to 35. Grandfalls, who has won three tournaments this year and 26 straight games, is the co-favorite along with Alpine. Grandfalls has lost only one game this year and has probably the best balanced club in the district.

DeWitt county was named for Green DeWitt, the empresario.

GRADE SCHOOL NEWS

GRADE SCHOOL REPORTERS: Myrtastine Hokit, Corinne Phillips, Mike Burns, Friend, Ann West, Jo Kelly and Bobbie Lou Ragsdale.

First Grade
 The first grade has been busy building a house. It is to be the first grade home and the children are trying to be good members of the first grade family. The children will entertain with a silver tea on Monday afternoon, the proceeds of which will be used to buy library furniture for the room. Everyone is invited to the tea and to be the guests of the first grade.

Second Grade
 Instead of a Valentine box, we are going to have our Valentine in a Brownie Postoffice. We made it ourselves. It looks like the trunk of a tree. There is a green door, and the general delivery window is in the shape of a heart.

Third Grade
 We have been making Valentines this week. Somebody made a Valentine man.

We have put on our bulletin board about Abraham Lincoln and George Washington.

The third grade have been making Valentines. Some of us made Valentine men, some just plain hearts.

Miss Allison told us all about the Coliseum in Rome. We enjoyed it very much.

We are going to make a post office. Miss Allison said that we could make it by ourselves.

Tuesday we went over to kindergarten to see their library. It is very cute. They only look at the pictures.

The third grade have been making Valentines all week, and the waste basket has been kept busy.

Today Joe brought our post office in. I think that we are going to have a nice time with it.

We are going to have a play and we are going to invite the fourth grade to see it. It is not very long. Sarah, Clyde and Bud are in it. It is called "Her Composition."

-: The Prowler :- Drake and Lemmons

Ora Louise, what was all the talk about in the hall—about the initials?

One Sleepy Person, Tinsy will you ever get to sleep?

Effie, it's getting kind of hot for sweaters, reckon' what it will be this time?

Mary Faye, did you ever trace that call? Lloyd, I wish you would stay at home sometimes, and maybe you would get a ring.

Effie, Emily, and Helen, who were the boy friends Saturday night?

Billie Jo, it was too bad you had a headache the night of the Press club meeting. Did a flip of the coin tell the tale?

Beecher surely is in a hurry to get dressed each afternoon after basketball practice. The lessons are really getting hard, aren't they, Beecher?

Dorothy Hannah is surely stepping out lately. What's the matter, Tommye, you better do a little pepping up?

Effie Smith was seen wearing a Barnhart sweater at the show, Saturday night. Who was the boy friend, Effie?

W. B., you better do a little brushing up on romance. A dear old friend has been taking too good care of her. "The pal that I loved stole the gal that I loved."

Joe W., what were you doing Saturday night near the oil well, picking daisies or counting stars?

Bess, do you own some interest in the oil well? You're taking a great deal of interest in one of the workers.

I wonder why Billie Gene and Tommye wanted to know who was with Miles Saturday night. What was the reason, girls?

THE VOICE OF EXPERIENCE

By A. SENIOR

Why argue?—Crystelle Carson. Personally, I think this a bad habit to get into. Just what good does it do any way? None! Now, if I were you—or as I was saying—In the first place this is not good etiquette, and in the second place people just don't like it. Yes, I know it is hard to keep from sometimes, but hold your tongue and you will come out in the long run.

and it is about Lincoln and Washington.

The third grade made free hand Valentines and put them on the blackboard. We have had a great many to say they were very pretty.

The third grade of Ozona ward school has a newspaper all its own, which is issued weekly. The staff is listed as follows: Editor-in-Chief, Max Ward; assistant editor, Ann West; reporters, Billy Hoover, Joe Ross, Hufstetler and Sammie Sue Beasley.

Fourth Grade
 The fourth grade is going to have this program for Valentine's Day:
 On Valentine Day—Dick McDonald.

Playlet—The Valentine Man—Fred Currie is the Valentine man. He has four fairy helpers, who are Benny Gail Phillips, Muggins Davidson, Jo Nell Coose and Myrtastine Hokit.

Hearts Were Made to Give Away—Billie Jean Grantom.

Playlet—St. Valentine's Day—Doris Bean is the Valentine girl. She tells the story of St. Valentine Day to a group of children who are wondering why we have St. Valentine's Day.

We are going to invite the third grade to our program.

Sixth Grade
 The sixth grade has been making Valentines with poems and framing them. We are going to give these to our parents or some of our friends. We have also made other poems and illustrated them.

Seventh Grade
 The seventh grade has been studying about fishing. The seventh grade boys are going to play the eighth grade boys in baseball.

The seventh grade now has two sets of twins: Joy and Roy Coates, and Lorinne and Pauline Simones.

Plenty of height, with a team average of 6 feet, 1 inch plus, sharpshooter eyes for the hoop, and considerable speed, are found in this Hardin-Simmons University Cowboy squad. In this scrimmage shot are shown, left to right, Deward Marcum, Paduach, sophomore forward; D. A. Parker, Ozona, center; Dudley Reed, Pecos, Okla., guard; Malley Chisholm, Plainview; Pete House, Rotan, guard, and Dale Marshall, Oraleo, forward.

Efficient Small Home

This efficient home presents a plan combining good arrangement, ready access, and convenience. The bedroom arrangement by which access to the bathroom is possible without the necessity of passing through any of the other rooms is good. The home is in western Pennsylvania, was appraised at \$5,800 by the FHA, and was built with the aid of a \$4,500 mortgage insured by the Federal Housing Administration.

Court of Honor Held In Boy Scout Cabin

On February 7 the Court of Honor was held in the Ozona Scout cabin. There were 42 present, 13 being Boy Scouts in uniform. Several boys came up for advancement, among these were five boys who came up for tenderfoot. They were as follows: Elton Smith, James Cullins, Basil Dunlap, Ted Anderson, and Charles McDonald. Also seven boys came before the Court of Honor for second class. They were the following: Jean Tyre, Dick Henderson, Henry Patrick, Tom Ed Montgomery, L. B. Cox, Lorain Wyatt and Roy Coates.

Bobby Lemmons was presented with the merit badge for wood-working and the merit badge for cooking. The Boy Scouts had several visitors. Mr. Janeway made a speech on Boy Scouting and what it means. Rev. Childers told how Boy Scouting started, when it started and who started it. The Court of Honor was closed by the benediction by Rev. Childers. On February 8 was the birthday of Boy Scout of America. The flag was raised on Feb. 6 of this month because of Boy Scout week. There also was a program setup for Troop 53.

Speech and Music Pupils Present Recital

Miss Ruth Graydon and Mrs. C. E. Nelson presented some of their pupils in a recital February 9. The program consists of the following

- numbers:
- Largo—Dvorak—Jim Ad Harvick.
- Wanted—A Streamlined Baby—Hall—Marilyn Hubbard.
- Angel Food—Burgess—Donald Hoover.
- Get Up Little Maid—Rainer—Jo Ann Nelson.
- The Pioneer's Dream—Obern-

- dorfer—Marie Williams.
- Happy Farmer—Schumann—Nan Tandy.
- A Bold Cowboy—Kempe—Billy Hoover.
- The Bad Girl—Becker—Joy Hubbard.
- Prelude In F—Bach—Joy Coates.
- Minuet from Don Juan—Mozart—Lottie Jo Owens.
- Misunderstood—Kempe—Donald Hoover.
- The Deacon's Pants—Bronell—Billy Hoover.
- Fur Elise—Beethoven—Mary Louise Perner.
- That Man Is Here Again—Bronell—Eloise Carson.
- Study In G Major—Scarlati—Ora Louise Cox.
- The Gypsy Trail—Kipling—Billy Jo West.

PET PEEVES OF THE PRESS CLUB MEMBERS

- Mary Frances—Because the news always comes in late.
- W. B.—Because he can't read Walter's writing.
- Walter—Because he has to pay \$1.20 for the banquet.
- Bettie Lou—Because the members "pick on" the seniors at meetings.
- Dorothy—Because the barbers at A and M aren't well trained.
- Howard—Because the hostess hosts don't serve a complete meal at the meeting.
- Adele—Because she lives so far from the meetings.
- Miles—Because the "by-laws" can't be changed easily.
- George Ann—Because there's always a feud at the meeting.
- Jeff—Because Doris takes charge of the meetings.
- The Club—Because Doris is always twisting a fountain pen in her hand while reading the minutes.
- Elton—Because there is no consideration for the Sophs at Press club meetings.
- Crystelle—Because there are too

many long talks at Press club meetings. Gene—Because the "Prowler Editors (Gene and Howard), always get the "dirt" after all. Miss Terry—Because there is not enough news. Posey—Because the grade school pupils are negligent.

Ozonans Attend Range Program Meet In Sonora

County Agent C. J. Van Zandt, E. B. Baggett, Jr., inspector, and Max Schneemann, Early Baggett, George Bean and Wayne West, members of the Crockett county committee for the soil conservation program, are attending a meeting in Sonora today where the 1939 range program is under discussion. The meeting was slated to get under way at 9 o'clock this morning and continue until 3 p. m.

J. D. Prewitt of Pecos, district 6 agent of the Texas A. and M. college extension service, is presiding over the meeting, one of a series of six being held in this area. Also attending are L. W. Anderson of Pecos, ranchman and member of the state agricultural conservation committee, A. L. Smith of College Station, head field officer of range program; M. R. Bentley, College Station, agricultural engineer of the Texas A. and M. extension service; Bob Burnham, Marble Falls, state performance supervisor of the range program, and J. W. Doak, west Texas field man of the AAA.

The series of meetings are being held to establish uniform methods of county administration of the program and to bring to light new features and alternations for 1939.

ers now famous.

Piastro has toured every country of the globe and has appeared with leading orchestras both in this country and abroad, many times acting as conductor. For a number of years he was a member of the famous Auer string quartet, one of the most celebrated chamber music organizations of Europe. For two seasons he was assistant conductor of the Los Angeles Philharmonic orchestra, later acting as musical director for Universal Pictures in Hollywood as well as doing arrangements for many screen successes.

Appearing in joint concert with Piastro will be Virgean Englande Estes, gifted concert pianist and native of Texas. Miss Estes made her debut in Town Hall, New York, in 1932, achieving immediate recognition of critics. Her studies began under her mother, herself a talented pianist. Followed studies in violin and piano at the Chicago Musical college. She was an honor student of Felix Borowski, coached two seasons with the famous pianist, Percy Grainger and in New York studied with Mme. Carreras and Edwin Hughes.

Miss Estes possesses a touch both energetic and full of variety. Her understanding of the works of Bach, Beethoven, Brahms and the poetic Chopin show her a deep student. Much of her training in these interpretations was obtained

the Juno and Comstock roads, the lower end to be shaped up first since that is the worst section of the road in this county. A grader has been at work on the road several days on rougher spots along the route. The road will be worked gradually the entire distance, the first work being to throw up grades, clean out drainage ditches and cut new ditches and get the road in shape for proper maintenance.

The work is expected to take more than two months. The maintenance department also hopes to eliminate some of the sharp turns in the road as the work progresses. The Val Verde end of the highway is to be maintained by crews out of the Del Rio division headquarters.

County Abandons Effort To Collect Disputed Tax Bill

Efforts of Crockett county to collect a claimed delinquent tax bill against Claude Linthicum, who ranches on University land partly in Crockett and Irion counties, was abandoned by action of the commissioners court in session here this week.

The court's order abandoning proposed action to collect several years delinquent taxes was explained with the statement that the amount was uncollectable because Mr. Linthicum had paid taxes through the disputed years on all his property rendered in Irion county and that the Crockett county assessor was in error in making the assessment in this county.

New President Of Woman's Club Names Committees For Year

Appointment of committees for the next club year and an interesting program on the topic of self culture featured the session of the Ozona Woman's club Tuesday afternoon at the home of Mrs. Joe Oberkamp. Mrs. Scott Peters was program leader, with Mrs. Johnnie Henderson and Mrs. W. E. Smith assisting.

Articles on self culture from the current issue of "Your Life" magazine were given by Mrs. Peters, Mrs. Henderson and Mrs. Smith, with roundtable discussion following by Mrs. George Montgomery, Mrs. Lee Childress, Miss Elizabeth Fussell and Mrs. George Bean. Ruth Townsend and Nan Tandy were guests artists of the day. Ruth gave a reading, "The Deserted House" and Nan played three piano numbers.

The following committee appointments were made by the incoming president, Mrs. Joe Oberkamp: program, Mrs. Carl Colwick, Mrs. Joe Pierce, Mrs. George Bean and Mrs. Stephen Perner; entertainment, Ms. W. R. Baggett, Mrs. Scott Peters, Mrs. Hillery Phillips; civic, Mrs. I. G. Rape, Mrs. Lee Childress, Mrs. Evert White; finance, Mrs. George Montgomery, Mrs. J. W. Henderson, Mrs. N. W. Graham; library, Mrs. Ira Carson, Mrs. A. E. Deland, Mrs. A. W. Jones, Mrs. W. E. West; courtesy, Mrs. V. I. Pierce, Mrs. P. T. Robison, Mrs. R. R. Dudley; Junior Woman's club sponsor, Mrs. B. B. Ingham; press reporter, Miss Elizabeth Fussell; federation counselor, Mrs. A. C. Hoover.

The hostess had arranged a Valentine box and each guest was presented with a Valentine in the form of a lovely white linen handkerchief. Refreshment plates were served to the following members: Mrs. George Bean, Mrs. Lee Childress, Mrs. A. E. Deland, Mrs. A. C. Hoover, Miss Elizabeth Fussell, Mrs. George Montgomery, Mrs. Scott Peters, Mrs. Stephen Perner, Mrs. P. T. Robison, Mrs. W. E. Smith, Mrs. J. W. Henderson, Mrs. Hillery Phillips, Mrs. Carl Colwick, Mrs. Joe Pierce and the hostess. Guests were Mrs. Alice Baker, Mrs. H. B. Tandy, Ruth Townsend and Nan Tandy.

Mrs. B. B. Ingham and Mr. and Mrs. W. R. Baggett left this morning for Dallas to attend the concert being given in that city Friday night by Nelson Eddy, famous screen and radio singer.

This provision is interpreted to mean that in cases where a landowner has leased his ranch, or any portion thereof, to a tenant for cash, the tenant who actually operates the land is the only person eligible to make application for range-building payment in connection with the land under his control.

Another provision just announced reads as follows: "No payment will be made to any person if it is determined that with respect to any ranch he owns or operates, the stand of grass has been decreased, or the forage, tree growth, or watershed has been injured by overgrazing in 1939."

In connection with the practice of reseeded by deferred grazing, another provision has been added whereby payment for this type of cooperation will be increased from

40 to 60 per cent of the range building allowance. In this practice the county committee is expected to set up a list of additional practices or specifications other than those for which specific payment is made, which should be carried out. If the committee determines the deferred grazing to be effective in reseeded the deferred land one or more of such additional practices should be carried out, they will after consultation with individual ranch operators designate such practices. Where the operator carries out these additional practices, his payment may be 60 per cent of his allowance on 25 per cent of range land on the ranch. Where the committee fails to set up additional specifications or determine necessary to make the practice effective in reseeded, payment shall be on the basis of 40 per cent of the range-building allowance for this particular practice.
