Enemy Lands More Men On Guadalcanal

Aerial, Naval Power Called Into Play To Aid US Troops

WASHINGTON, Nov. 4. (AP)—American troops on battle-ridden Guadalcanal have called upon aerial and naval power to smash a newly contrived Japanese vise threatening to close in on the island's strategic airfield.

While the United States Marines and soldiers, dive bombers and destroyers threw bullets, bombs and shells at the invaders westward of the airbase, Nipponese vessels made a new landing of troops to the east under cover of darkness.

This added peril to the American-held field, base of many an aerial attack on Japanese ships, troops and installations, was announced by Secretary of the Navy Knox yesterday shortly after he had cautioned the nation against any false optimism over the battle of the Solomons.

Despite the American offensive which earlier drove the foe back in the western portion of the island, the new Japanese landings on Monday night obviously indicated the enemy still was desperately bent on capturing the airfield and with it, control of the Allies' south Pacific supply lines.

Westward of the Solomons, however, Allied ground forces under Gen. Douglas MacArthur's Australian command continued to push the New Guinea invaders back toward the north coast.

MacArthur's headquarters, which yesterday announced capture of Kokoda, starting point of the ill-starred Japanese drive to the south for the Allied base at Port Moresby, reported today (Australian time) that the Australian advance was still unchecked.

Dewey Triumphant In New York; Norris Loses In Nebraska

By The Associated Press A republican party already rejuvenated by spectacular election gains in United States senate seats and state governorships steadily swelled its minority power in the house of the new congress today, and at mid-day a republican sweep to majority control remained a mathematical possibility.

Mounting returns showed that shortly before noon this year's general elections had given republicans 177 house seats—a net gain up to that time of 28 seats wrested from the democrats. The latter by that time had clinched 191 places and 64 contests still were in doubt, three having fallen to minor parties.

The republican total was 41 seats short of the 218 necessary for a majority but in the absence of indications as to how all of the undecided contests were going attainment of those places was definitely not out of question.

Complete unofficial returns in the president's home district, the 26th, showed Fish rolled up 48,762 votes to 44,691 for his opponent, Ferdinand Hoyt, democratic and American labor candidate.

NEW YORK, Nov. 4.—(AP)—U. S. Representative Hamilton Fish, pre-Pearl Harbor isolationist and frequent critic of President Roosevelt's policies, held firmly today to his congressional seat, despite the combined assault of the democratic and American labor parties and defection in republican ranks.

ST. IGNACE, Mich., Nov. 4.—(AP)—U. S. Senator Prentiss M. Brown, New Deal stalwart, conceded today his defeat by circuit Judge Homer Ferguson of Detroit, his republican rival, and sent the Judge a message of congratulations.

ABILENE, Nov. 4.—(AP)—Scattered returns from Taylor, Eastland, Callahan and Stephens counties today widened the lead of Pat Bullock of Snyder from 261 to 423 over Frank S. Roberts of Breckenridge in the six-man contest for election to the state senate in the 24th district.

Texans Stick With Demo Nominees

Tarrant Stays Wet; Houston Votes For City Manager Plan

DALLAS, Nov. 4. (AP)—Texas, as usual, stuck by its democratic candidates in yesterday's election, the electorate providing none of the upsets occurring in important races in other states.

On the basis of unofficial reports to the Texas Election Bureau at 9 a. m. today Senator W. Lee O'Daniel, Gov. Coke Stevenson, and all unopposed Texas members of the house were elected.

AMSTON, Nov. 4.—(AP)—Chairman Ernest O. Thompson of the Texas Railroad Commission declared today that better utilization of Texas ports in war shipping would result from conferences in Washington last week between federal officials and representatives of the state's ports.

As the personal representative of Gov. Coke Stevenson, Thompson presided as chairman of a group which officially represented all ports in Texas in conferences with federal officials over alleged discrimination against the state's ports in war shipping.

County Vote Total Barely Passes 700

Local Electorate Favors Three Of Five Amendments

Two years ago, when a presidency was at stake, more than 4,300 Howard county voters went to the polls in the general election. Four years ago, the total was over 1,000.

Tuesday, with wartime problems, work demands and other worries holding their attention, the people stayed away from the ballot boxes in droves, with the result that only a little more than 700 votes will have been recorded in the official tabulation.

Reds Report New Successes

By HENRY C. CASSIDY MOSCOW, Nov. 4.—(AP)—Soviet forces held improved positions against German attacks in the battle of Stalingrad, and have dislodged the invaders from several heights in the western Caucasus counter-offensive, the Russians announced today.

Two successive communiques indicated, however, that the roundabout Nazi drive from Mordok toward the heart of the south Caucasus finally had been stemmed by Red army men southeast of Nalchik.

More than 200 Germans perished under Soviet shelling of a Nazi concentration and the armored and aerial stretch of the offensive was whittled down, the Russians said.

Aviation School Head Kills Self

DALLAS, Nov. 4.—(AP)—Justice of the Peace W. L. Sterrett said Donald Patrick Frye, 34, president of the Frye Aircraft company aviation school, killed himself with a pistol in his hotel room today while reading a suicide note to his wife over the telephone.

Justice Sterrett entered a formal verdict of suicide. Police said they entered the room and found the telephone receiver in one of Frye's hands and a pistol in the other.

Mechanic Training For Girls Slated For Texas

DALLAS, Nov. 4.—(AP)—Establishment in Texas of an Army auto mechanics center to train girls as civilian workers in the army will be carried out within the next two months, Army officials said here yesterday after inspecting facilities in Dallas and Cisco.

They said that communications to a site will be made in the ordnance staff chief in Washington.

Steers Work On Defenses Designed To Stop Angelo

Dr. John Dibrill prescribed some defensive medicine Tuesday afternoon which he hopes will work on his Steers in good fashion in their Armistice Day struggle with the San Angelo Bobcats here.

The coach had cooked up about three defensive patterns, at least one of which he hopes will be the thing to stop the scoring machine from the banks of the Concho.

To test the systems, he had the second string running San Angelo plays and the regulars held very well against them. Of course, Angelo is apt to show a deal more polish and power in running his own plays.

If it's in the cards, the Steers might upset the heavily favored Bobcats in their S-AA test here, for, to quote Dibrill, his charges "certainly are willing and trying."

While most of the work Tuesday was defensive, Dibrill and Assistant Tommy Beene did get in a few offensive ticks. There will be no change in particular from former games in the Steer mode of attack, for the shift from the 7 will likely be employed. There is apt to be no preponderance of passes or running for Big Springs.

For quarterback Dewey Stevenson has been mixing 'em up fairly evenly all year.

Incidentally, Stevenson is the only alling member of the squad, and he is nursing a small bother on his hip which is slowly healing. The line, from tip to tip, said coaches, is in fine fettle, and so are all reserves. Ernest Boetick, halfback, is apt to be in best condition of many weeks come game time and the same will be true for Billy Mills or Hugh Cochran and Doyle Stewart, the battering-ram fullback.

Workouts may entail some light scrimmage between now and next Wednesday, but Dibrill figures to take it fairly easy with his boys. He wants them full strength for San Angelo.

From the Citadel of the Creek came the admission from no less authority than Blondy Cross, San Angelo sports writer, that although the Bobcats are figured to win easily, this year probably will be no exception to the rule that Big Spring always plays San Angelo a hard, close game. For one, Mr. Cross may be right.

M'Kinney Hospital Strike May Be Ended Soon

DALLAS, Texas, Nov. 4.—(AP)—Possibility that a strike which Monday halted work on the new \$3,000,000 U. S. Army general hospital at McKinney might be terminated soon was seen in reports from Washington.

President John P. Coyne, president of the International Building and Trade Council, Washington, said he had instructed the Dallas council to permit certification of carpenters on the job, which had previously been refused.

P. M. Laughlin, president of the Dallas Building and Construction Trade Council, said last night he had not received the instructions and did not comment on the dispute.

Because a subcontractor on the job operated an open shop, the Southwest Division office of the U. S. Engineers reported, the Dallas Building and Construction Trade Council had refused to permit certification of carpenters for the work.

Delafield Speaks Again Tonight On Prophecy Subject

Continuing the nightly lectures at the Voice of Prophecy Auditorium, Evangelist R. E. Delafield will speak tonight on the subject, "The ONE Thing that will keep the Most People out of Heaven."

Last night as the evangelist concluded a set of three related sermons on the Prophecy of Daniel 8 and 9 which forms the background for the first angel's message of Revelation 14, he said, "This is the first of a series of angel messages which constitute the Revival that is sent from heaven for this generation and not the revival of man's instigation."

Sunday night the evangelist will discuss the second phase of the First Angel's Message, "Worship God, under the head 'God's Answer to Evolution.'"

Joe Gordon Named Most Valuable In American League

By JUDSON BAILEY

NEW YORK, Nov. 4.—(AP)—Joe Gordon, the great second baseman of the New York Yankees, has been named the most valuable player of the American league for 1942, preserving the tradition that is the coveted annual award usually goes to a member of the pennant-winning club.

Since the Baseball Writers' Association of America took over in 1931 the task of selecting the most

valuable player, there have been few breaks in the tradition and none at all in the last four years. Gordon's performance this year was the best in his five seasons with the Yankees, and he unquestionably was a powerful factor in the Bombers winning their sixth pennant in seven years.

However, the difference between his value to the Yankees and the value of Lanky Ted Williams to the second place Boston Red Sox was open to controversy which in turn was reflected in the balloting of the committee of 32 writers. Gordon was given 18 first place votes and received a total of 870 points while Williams, winner of the "Triple Crown" for leading the league in batting, home runs and runs batted in, finished with nine first place votes and 380 points.

The Boston slugger might have done better except for some competition from one of his teammates, Johnny Pesky, the rookie shortstop star, who polled two first place votes and 144 points. The other first place ballot also was cast for a rookie shortstop, Vernon (Junior) Stephens, of the St. Louis Browns, who rated fourth, three points behind Pesky. It was the second straight year in which Williams has been named out of the most valuable award. He ran a close second in 1941 to Joe Dimaggio of the Yankees and although his batting average sloughed off from .408 to .388 this season, his all-around play in many respects was better than last year.

Dimaggio dropped to seventh place in the committee's rating of American league players with pitchers Ernie Bonham of the Yankees and Tex Hughson of the Red Sox above him. Others in the top ten selections were Stan Spence of Washington, Phil Marchildon of the Philadelphia Athletics and Lou Soudra of Cleveland.

He needs you more than I do."

Wolves Start Work Under Third Coach
COLORADO CITY, Nov. 4.—A new coach will start working the Colorado City high school Wolves next week, their fourth coach within a year, their third since the season opened. He is Carroll Benson, ex-Carroll-Stimmons athlete, who has been coaching at Merkel. Coach Benson carried the Merkel team to the district championship last year and has lost only one game this season. He takes the place in Colorado which has been temporarily filled by Marriek Pycatt who leaves Nov. 10 for training as a Naval Reserve at Northwestern University.

The Wolves resting in the cellar in district SAA this season, have only one more home game, a conference tilt with Lamasa Thanksgiving day.

Texas League May Operate Next Year

DALLAS, Nov. 4.—(AP)—Optimism grows among veteran baseball men that the Texas league will operate next season but there will be no way of knowing until spring, President J. Alvin Gardner said today as the first contingent of club officials arrived in Dallas for the annual directors' meeting.

"Things can change greatly in the next three months," Gardner observed, "and it would be foolish to attempt to reach a decision at this time. We are even planning to delay our annual schedule meeting until February or March so we will have a clear picture of the situation."

The directors will assemble here Saturday morning at 9:30 o'clock at the league office and will be in session until afternoon when all will attend the Texas A&M-Southern Methodist football game.

The final session will open Sunday morning. Fred Ankenman, president of the Houston club, was the first director to arrive. He said he believed the manpower problem would not be a major obstacle—that there would be enough ball players with families, and thus in the draft class, to continue the league another season. He said the biggest problem would be transportation with gas rationing cutting attendance materially.

"The major leagues are practically certain to operate next year and they are going to need material to replace the players called to service," Ankenman observed. "I believe the big league clubs will see to it that some of the minors operate."

Among those to attend the meeting will be Jack Miller, general manager of the Detroit organization which owns Beaumont's franchise in the Texas league; James T. Gallagher, business manager of the Chicago Cubs whose interest in this league is the Tulsa club, and William O. Bewitt, vice president and general manager of the St. Louis Browns, owners of the San Antonio club.

Others to attend will be: Shreveport—Bonneau Peters, president; J. I. Roberts, vice president. Beaumont—Ernest F. Lorber, president. Dallas—George Schepps, president; R. J. O'Donnell, vice president; Julius Schepps, secretary-treasurer. Fort Worth—Stanley A. Thompson, president; Rogers Hornsby,

Not One, But Three, Ace Passers Help Run Up Tulsa Scoring Record

KANSAS CITY, Nov. 4.—(AP)—

Football official Earl Jones has been close enough to peek over their shoulders. So it means something when he says there are at least three good reasons why the unbeaten, unscathed Tulsa University footballers have piled up 286 points.

His reasons are the three Tulsa pass perfectionists at tailback, listed here in their usual order of appearance: (1) GIBB DOBBS, (2) N. A. Keithley and (3) Clyde LeForce.

Jones, a bald little gent who has manned the whistle in two of Tulsa's games, declares: "Any team would be happy with just one of these passers. It's doubtful if you will ever find three as fine as these on the same team."

Jones, now a Kansas Citian, formerly lived in Oklahoma, and he's watched these boys develop since they were knee high to a football. Doobs is the main line tailback. The game with Washington University of St. Louis offers the best example of his work. He tried 10 passes, completed all of them for 107 yards and three touchdowns.

His kicking and passing were equally breath-taking. Coach Tom Gorman of Washington gasped after the 80-0 trouncing: "In my time I've seen many of the great backs, Cagle of the Army, Schwartz of Notre Dame and many others. But on this night Doobs was better than any of them."

Doobs was hurt early in the Oklahoma game, so Keithley took over. He passed for 188 yards and a touchdown, then rammed over another himself as the Sooners swooned, 25-0.

And then there's LeForce, only a sophomore. Against Drake last week he scored a couple of touchdowns heading a passing and running attack that collected 485 yards to win, 40-0. He also kicked four extra points to bring his season's conversion total to 31.

That man Jones again: "If I had to make a choice strictly as to who was the better passer, I'd say the third stringer, LeForce. He leads his receivers perfectly."

Of course Doobs is a better kicker and ball carrier. That's why he's No. 1. But with the manager, John L. Reeves, secretary-treasurer.

Oklahoma City—John D. Holland, president; E. J. Humphries, business manager. San Antonio—Guy Airey, vice president and business manager. Tulsa—Don Stewart, president.

what will your new car be like?

GREAT CHANGES in automobiles are certain after the war. What will they be?

Will your post-war car be tear-drop in shape? . . . Will it have sealed glass windows to preserve air-conditioned interior temperatures? . . . Have "shiftless" transmissions? . . . Longer-lasting synthetic rubber tires? . . . A smaller engine using higher octane gasoline to deliver greatly increased horsepower per pound of weight?

The answer to the first of these questions is still uncertain. But to the two final queries, synthetic tires and engine power, Phillips Petroleum Company can suggest affirmative replies.

Phillips is prepared for the coming great improvements in personal transportation, because long

before Pearl Harbor, Phillips scientists were engaged in never-ending study, research, experimentation, exploring the limitless possibilities of petroleum chemistry.

Slowly but surely, there emerged new processes, new products, new benefits. Even before the war, much of this purposeful knowledge was channeled into the national defense effort. Now, all of it has been "enlisted" for the duration.

Phillips vast resources of raw materials and Phillips knowledge have made the company one of the largest suppliers of 100 octane aviation gasoline to the Army Air Corps, the Navy, and the United Nations' air forces; have made the company an important participant in the U. S. synthetic rubber program.

As a user of Phillips 66 Poly Gas and Phillips 66 Motor Oil, you surely share with us the pride that comes of knowing that Phillips is doing its part in the Nation's victory effort.

That was quite an impressive scene outside of the Orderly Room last Saturday at payoff time. The afternoon sun beat hotly down upon a multitude of upturned faces. And up there standing in the doorway of the Orderly Room was Major Paul S. Dwell, our commanding officer. He stood there like a stern parent about to deliver a lecture on the "Pitfalls of Payday." But somehow or other, the twinkle in the Major's eyes caught up with his tongue, and the lecture never did get delivered. Instead he contented himself with admonishing the boys to carry themselves as they always had before—like gentlemen. And he furthermore added that they had better see to it that they carried themselves through the gate by no later than 2 a. m. (curfew).

With these few words the Major withdrew and left us to the tender mercies of our 1st Sgt. Frank Stewart. Or perhaps it was the Major who was around. Perhaps Sgt. Stewart was left to the tender mercies of our money-mad mob. Yeah—that's probably how it was! And if you saw the poor harassed top sarg bellowing himself hoarse in an effort to whip that pay line into shape for the payoff, you'd understand exactly what we mean.

We're willing to bet a tidy sum that all first sergeants are thankful that there is only one payoff each month. In the dead of night some times last week, more recruits were smuggled into our outfit. We understand that most of these are Big Spring lads. Their names are John J. Scott, Donald Aumer, James E. Anderson, Jr., Jesse K. Bell, Warren B. Ellison, Howard F. Degenhart, Frank Webb, Roosevelt E. Bobbins, John S. Baker, and Samuel M. Mellinger. Strong boys. Expert landscape artists. Or if they're not expert as yet—they soon will be. They're getting plenty of experience manuevering the lawns in the Squadron area right now. And that's what counts—plenty of experience.

From a pot-walloper in the kitchen to a clerk in the squadron supply—that's quite a jump. But Ft. Mariano DeCarlo is a good jumper, and he made it. Good luck Mariano!

A lot of the boys made corporals and sergeants last Saturday, and as a result, there is a new batch of four-for-a-nickie promotion cigars circulating around the outfit. Most of the lads take their promotions in stride, and manage to suffer no ill effects. Corporal Eddie Canevari however, is different. Perhaps he's different because he's really a philosopher at heart (get him to tell you about his "Philosophy of a Dog" sometime—most interesting!) Anyway—as we were saying—Corporal Canevari is different. All day long he stands in front of the mirror and pulls his rank on his image. Very peculiar. Very. Wonder what'll happen when he makes sergeant?

ON THE LINE: We don't hear much about what is going on around the line these days. The boys are so busy with P-40s, B-25s, C-47s, etc., that they haven't time to stop and inform us of any new happenings. Day and night these planes come and go. And that means that Staff Sergeants Ferriss and McCroskey together with their able henchmen like Hunter, Miklita, Simpson, Koss, Snyder, Blystone, Kroil, Patla, Beall, Farmer, Clifton, etc., are continually on the go. No time for anything but work and sleep and more work—except on payday of course. And the most of them take off for—well—your guess is as good as ours! Incidentally—we overheard a choice bit of words the other day on the ramp. The P-38 was ready and the pilot climbed into the cockpit. All of the mechanics moved away from the prop except Pfc. Phil Weiner. Phil was a little slow for some reason or other. "Clear! Clear!" shouted the pilot. Phil just scratched his head and looked up at the cloudless sky. "Waal," he observed, "guess it's clear all right. Don't look much like rain to me."

from whence this noise seemed to emanate, and then approached cautiously from the rear. Then we saw them. And a most unholy crew they were. It was easy to see that Captain Logan and Lieutenant Gray were the ringleaders, and the rest of the officers were just "followers." However, they were all holding their own around our brand new loud-speaking set, and were pouring the most peculiar sounds into its loud, protesting innards. Fortunately for everyone, including our ears, they broke it up soon after our arrival.

Christmas came early for us this year. Last week a large truck drove up to our rehearsal room and unloaded a lot of great big fat boxes. Contained therein were Uncle Sam's Christmas gifts to our band. The boxes were just loaded with musical instruments and supplies. With such reinforcements it's just a question of who's going to last the longest, the boys in the band or the boys who have to live within hearing distance of the boys in the band. It's nip and tuck right now with neither side gaining any advantage, but they're a pretty mean-looking bunch—these listeners of ours—and it looks like they might start closing in on us. If you don't hear from us next week—you'll know.

Meanwhile—while we're able—we should like to express our appreciation to the Big Spring Music club for their kindness and generosity. They spent much time and effort in furnishing our day room in a real home-like manner with furniture, lamps, radio, phonograph, piano, curtains, magazines, books, ash trays, etc., and we are deeply grateful.

District Offices To Aid In Registration Of Farm Trucks

DALLAS, Nov. 4 (AP)—Five district offices in the southwest will help migratory farm workers apply for a certificate of war necessity so they may continue operating their trucks after Nov. 15 as they travel from job to job.

John C. Hoover Says Vote Results For Our Good

NEW YORK, Nov. 4 (AP)—Former President Herbert Hoover, commenting on the election results, said today that "our enemies can get no comfort from this election" because "the platform of every single candidate—Republican, democratic and labor—was vigorous, efficient prosecution of the war."

His complete statement follows: "Our enemies can get no comfort from this election. The platform of every single candidate—Republican, democratic and labor—was vigorous, efficient prosecution of the war. There was a strong element of protest in the vote. But it was the protest of insistence upon more effective organization of the war. And that can be no comfort for the enemy. "Those who believe in freedom everywhere will gain confidence from the demonstration that free institutions can hold to its protective institutions even in desperate wars."

Hollywood Is Producing A Very Real Mystery: How're Stars To Get Along Under This \$25,000 Salary Limit?

WASHINGTON, Nov. 4.—(AP)—Behind the closed doors of the Internal Revenue bureau, a handful of Hollywood higher-ups today faced a dilemma more fearsome than any they ever filmed. For there, in a little plot that might be called "the 25-grand net take," the treasury's salary stabilization strategists were scrubbing a lot of glitter and gilt off the legendary movieland.

And while most of the script was secret after more than three days of secluded study, bits of dialogue drifting out hinted definitely that Hollywood no longer could live in the style to which it had become accustomed—unless it dipped into past earnings. Economic director James F. Byrnes set the stage with his stabilization order limiting salaries to \$25,000 net a year—but that "net" left reason to hope for many deductions.

Then the camera swung to Assistant Treasury Secretary John L. Sullivan who said the flicker folks couldn't deduct the 10 percent they pay their agents, their high cost of living, their varied personal "business" expenses or the rent on those 35-room houses in Beverly Hills. It's no secret that if some stars subtracted those expenses from \$25,000, there would be nothing left but a deft

Crude Production Shows An Increase

TULSA, Okla., Nov. 4.—(AP)—Daily Crude oil production in the United States increased 1,400 barrels to 2,926,510 for the week ended October 31, the Oil and Gas Journal said today.

Texas production was up 30,600 to 1,410,400; Oklahoma, 3,600 to 358,050, and Louisiana, 1,300 to 359,300. California declined 23,525 to 712,750; Kansas, 6,200 to 297,700; Illinois, 315 to 264,800; Michigan, 2,100 to 60,300; eastern fields, 250 to 96,750, and the Rocky Mountain states 1,375 to 122,160. East Texas was unchanged at 352,000.

Downtown Stroller

Right off, at least by the numbers, it would seem that local people don't give much of a thought to the general election. The courthouse square has a deserted appearance by noon Tuesday and election clerks were getting their twiddling their thumbs.

Visited a few minutes with Mrs. ROLAND SCHWARZENBACH, who was VIRGINIA WEAR you know before her recent marriage. We were talking about the navy and navy but Mrs. SCHWARZENBACH is interested only in the navy so she informed us. All of which is no surprise since ROLAND is in the navy of course.

Mrs. MELVIN TUCKER and children have returned to Hillsboro after a visit here with her parents, Mr. and Mrs. C. S. KYLE. Most folks are getting a heap of visiting done before deadline, Nov. 22nd, it would seem.

Mrs. SHIRLEY ROBBINS, who has returned from Dallas where she underwent treatment, is feeling swell again and claims that most of the time in Dallas she was gadding about, visiting and attending luncheons instead of being puny like she thought she'd be. But it's good to be back here again she says.

Had lunch the other day with Mrs. P. W. MALONE and Mrs. DON SEALE. Mrs. SEALE was kidding Mrs. MALONE about saying she spent three days in Chicago visiting Marshall Fields. But Mrs. MALONE claims that's what she did, spent most of the three days seeing the store, and didn't buy a thing.

All of which reminded us of the time we went to Juarez and came home bragging about the suitcases full of stuff we bought. But when we opened the bag, one pair of huaraches and an ash tray was all we had. We'd seen so much junk we thought we'd bought it all.

Bride-Elect Honored With Shower Given By Three Hostesses Here

Miss Shive Is Entertained At Settles Hotel

Fall flowers decorated the rooms when three hostesses entertained with a miscellaneous shower Tuesday night at 8 o'clock at the Settles hotel for Billie Beas Shive. Miss Shive is the bride-elect of C. W. Ricka whose marriage is to take place on November 14th in the home of her parents, Mr. and Mrs. C. E. Shive.

The refreshment table was lacelaid and centered with a punch bowl surrounded with ivy and white chrysanthemums. The flowers were also scattered down the center of the table. Mrs. Jake Bishop and Mrs. Clyde Waits, Jr., presided at the punch bowl. Hostesses for the party were Mrs. V. H. Flewellen, Mrs. J. C. Waits, Sr., and Mrs. M. E. Ooley. Mrs. Flewellen conducted a quiz to present the gifts to the honoree. The guest list included Mrs. Lee Hanson, Mrs. Fred Stephens, Mrs. C. M. Phelan, Mrs. George Wilke, Mrs. R. Richardson, Mrs. Pete Kling, Mrs. Brady, Mrs. R. C. Hitt, Mrs. Larson Lloyd, Mrs. Bob McEwen, Mrs. W. A. Miller, Mrs. L. E. Eddy, Mrs. Ed Merrill, Mrs. J. R.

That Extra Something!

...You can spot it every time

IN making a bull's-eye or making a soft drink there are no short cuts to "know-how". That's the explanation of why so much satisfaction is packed into the pause that refreshes with ice-cold Coca-Cola. Fifty-seven years of knowing how to blend Nature's choicest ingredients explain the different kind of refreshment you get in Coca-Cola.

A finished art in its making creates its original taste. You've never found this delicious taste in anything else except in Coca-Cola itself. The same skill guarantees the unique quality you expect in every drop of this best-liked soft drink on Earth.

Note how Coca-Cola goes beyond merely quenching your thirst to leave a delightful after-sense of refreshment. Here's energy that you can really feel. Be sure you get the real thing. There's no comparison. Call for ice-cold Coca-Cola by its full name or by its familiar abbreviation—Coke. The best is always the better buy.

Outdoor action calls for a refreshing indoor reaction. It calls for ice-cold Coca-Cola. It's only a little thing, but the big things it does to please people make it the best-liked soft drink on Earth.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

The best is always the better buy!

Effective Distribution Of Manpower Our No. 1 Problem

By GEORGE W. STIMPSON
We have been hearing a lot lately about the manpower question...

ration it? We could not ration materials until the power to do so was given the government by legislative enactment...

President's recommendations, the progress of the war, and the success of various voluntary methods now being tried...

When this war started we realized that this would be different from any other war ever fought in history...

Immediately the term "manpower" acquired a much broader meaning than it had ever had before. During the first World War "man power" still referred only to the military service...

But today manpower means much more. Modern warfare has virtually eliminated all distinctions between men and women in the armed forces...

Congressman Richard M. Kleberg, of Corpus Christi, in a recent speech in Congress said that the Selective Service Act of 1940 should have been so drafted that every man between 18 and 65 would have automatically been placed in the service...

Some officials, both in and out of Congress, are asking: "If our enemies can use their manpower to the last individual and their resources to the last dollar, why can't the United States do the same?"

"We are told by the highest authorities in the government," declares Hill "that we must ration labor just as we have had to ration materials. Well, I ask you, how can we ration labor unless the government is given the power through legislative enactment, to

Many others in Washington are talking thinking like that. We are now faced with this momentous question. When Congress takes up the manpower problem it will be confronted with the gravest decision with which the federal government has ever been confronted...

But the effective distribution of the manpower of the whole nation presents an entirely different type of problem, a problem that we have never tackled before, one that we have not quite thought through and one that may put the intelligence and commonsense of the nation to the acid test...

There are those who say that Congress should grant the executive complete and unlimited control over the occupation of every citizen with the power of saying where, how long, for what pay and under what condition he or she shall work. If it is right to draft people for military service, they argue, it is right to draft them for any other type of service...

At present Washington is somewhat confused on this issue and is in a state of very serious suspense. What the decision will be, I haven't the slightest notion. Talking about complete control of manpower and actually passing a bill to that effect are two quite different matters...

By ROBBIN COONS HOLLYWOOD - Ernest Hemingway wrote a book about the Spanish civil war and a fellow named Robert Jordan who blew up a bridge.

Mr. Jordan, or Hemingway, took 471 pages to get it blown. Now Sam Wood, the director, is winding up the film version, and he calls it "the toughest picture ever made."

"For Whom the Bell Tolls" has been in work, off and on, for a year. Last November Sam Wood took his company, before any principals had been selected, up into the High Sierras to film the "El Sordo" sequences - those in which the bandit Loyalist was bombed from his mountain hideout.

It is the Southwestern Public Utilities company, with Herbert L. Nichols, formerly of Chicago, as board chairman, and C. C. Christ, formerly of Newark, N. J., as director of operations.

MURDER on the Campus

Chapter 14 Saturday was cold and gray. The sun tried to break through heavy overhanging clouds but couldn't quite make it. Susan, Jane and Amy sat together with a heavy blanket over their knees.

A newspaper was folded on Jane's lap with a headline revealed: MALONE REJOINS SQUAD AFTER STRANGE ABSENCE But it wasn't the usual Todd Malone on the field that day.

Vanderbilt scored first and held a 7-0 lead going into the final quarter. Finally Johnny Harris broke through and blocked a Vandy punt and the ball bounced crazily back into the end zone where Bert Elliott fell on it for a touchdown.

There were three minutes remaining in the final quarter. Todd skipped back to the safety position as Vanderbilt went into punt formation. The Vandy punter got it away and the ball soared down toward Todd, waiting for it on the State 15-yard line.

He moved slightly to the right to allow for the wind as two Vanderbilt linemen thundered down on him. He moved forward as the ball dropped toward his arms.

He seemed to start running before he had the ball. He juggled it for an instant at the end of his fingers and then the Vandy end hit him. The ball bounced out of his hands completely and rolled toward the State goal line.

That made it 13-13. The big clock was stopped at the two-minute mark as Vanderbilt lined up for the extra point. Two minutes to go. If Vandy converted, it would be all over. There would be no time for State to strike back and pull it out of the fire.

The ball came back from center. The Vanderbilt kicker stepped into it but Bert Elliott, crashing in over a protecting back, leaped upward and the ball bounced off his chest.

A gathering, pen-up sigh of relief ran through the stadium. The game ended in a 13-13 tie a short while later. Todd lay on the rubbing table in the dressing room, his face buried in his arms, folded above his head. A dull, sick feeling in his stomach hurt him more than the ugly, spreading blue splootch on his side where a knee had landed.

Trainer Johnny Miller socked over him soothingly. The others were dressing quietly all around him. It was a game they should have won comfortably. Gone, now, were their hopes for an undefeated, untied season and a possible invitation to one of the bowl games.

Pete Bailey sat down on the edge of the rubbing table. "How's the side, Todd?" he asked kindly. Todd didn't answer. He merely nodded his head slightly, indicating he would be all right.

Sweetest Music Anywhere: Whine Of Four New Tires

By JACK STINNETT WASHINGTON - Whirlwinds from the Capital: Wendell L. Wilkie says Madame Chiang Kai-shek is the only celebrity he ever met who surpassed her advance billing.

The messenger service here has fallen to very low estate (Postal and Western Union deliver messages only now you know). Just how low was demonstrated the other day when a spray-but slightly perturbed young negro came into the office with a sack dangling from each shoulder.

I had hardly more than settled back in my taxi the other morning when the driver blurted out: "Man, that's the sweetest music I ever heard. I'll never turn on my radio." I was already reaching for the door when I asked him just what the so-and-so he was talking about. He said: "Man, can't you hear it - the whine of these four new tires."

One of the capital's amateur etymologists threw the press corps into a dither the other evening by asking why Guadalcanal isn't called Guadalcanar. As a matter of fact there's no good reason.

known as New Georgia. When the British took over in 1893 and signed treaties establishing ownership in 1896, it still was Guadalcanar, Webster's continues to give the "a" spelling preference over the "i." The Encyclopedia Britannica is neutral, spelling it one way part of the time and vice versa.

MURDER CHARGE TEKARRANA, Ark., Nov. 4 (AP) Sheriff W. E. Davis said murder charges have been filed against Tracy Ford, 28, of Dierks, Ark., and Vestal Maxwell, 30, of Hope, Ark., in the death of Wiley Blunt Stone, 48, a carpenter.

Man About Manhattan - The Oldtimers Best The Lovelies On Ice Skates

By GEORGE TUCKER NEW YORK - Seasonal note: There's skating on the pond in Rockefeller Center. It really isn't that cold yet, but science is a wonderful thing. They just say, "I guess we'll have some ice," and so they have some ice.

You'd get a terrific kick out of watching these Rockefeller Center ice skaters. It's one of the best shows in town, and it's free. The young lovelies who think all there is to skating is buying a fancy skating costume and watching the fundamentals get their counterparts in a hurry.

their hands in the pockets of their dull business suits who out the figure-eight. Sign of the times in a restaurant window: "Men Over 45 Wanted - No Experience Necessary. . . . I used to be impressed by the people who stand on the Astor hotel steps, looking down on the surging Broadway mob, until I climbed the steps myself and nobody told me to go 'way. . . . People visiting in New York like the excitement of being in big crowds, but the natives go out of their way to avoid them. . . . Add smiles: Like Grand Central subway station needs fresh air. . . . Men in the Merchant Marines are getting an overdue break via Monday night doings at the George Washington hotel which carry out the Stage Door Canteen idea.

The courtesy and politeness of Alfred G. Vanderbilt is becoming one of the newest legends along the main stem. A while back, when someone recommended an efficient and matronly secretary to Vanderbilt, he had her sit around for six weeks while he continued to manage his own affairs. When his attention was called to the fact the youthful millionaire-sportsman confessed: "I just can't give orders to a person older than myself." Finally, he got her another job.

Recently, A.G.V., who is president of the Belmont racetrack, was faced with the problem of telling an old timer that his services would not be needed for the coming season. Vanderbilt squirmed. An associate suggested phoning the old timer and telling him he was through. "I can't fire him over the telephone," Vanderbilt protested. "He might get mad and bang up on me."

Three In Colorado Family In Service

COLORADO CITY, Nov. 4 - The three sons of Mrs. W. H. Garrett of Colorado City all enlisted recently in the Army air corps. Ted Garrett, eldest of the three, is an air corps electrician stationed temporarily at Bowman Field, Kentucky. J. C. Garrett is an air corps mechanic at Goodfellow Field, San Angelo. Charles Garrett, youngest of the three has enlisted as an aviation cadet in Santa Ana, California, and is awaiting assignment for training. The three are graduates of Colorado City high school.

No Homecoming For Ex-M'Murry Coach

ABILENE, Nov. 4.—(AP)—When R. M. Medley, head coach at McMurry College for 16 years, returns for McMurry's Saturday homecoming, he will be at Medley stadium—named for him—but his won't feel exactly at home.

Medley coaches the Southwestern College Pirates, McMurry's homecoming foe.

Too Heavy A Vote

ALAMEDA, Idaho, Nov. 4 (AP)—The vote was too heavy in one precinct yesterday.

Citizens thronged into the village hall. The floor gave way and fell two feet to the ground. No one was hurt.

Election officials righted their equipment, and carefully rationed their votes thereafter.

Ringers Win In Junior Bowling

The Ringers, in taking three games from the Woodcrushers, grabbed off most of the honors in the junior bowling contests this week at the Billy Simons lanes.

The Ringers had high team game with 732 and high series with 2,084.

Individual honors went to Bruce Robertson who fired a 200 single, and W. C. Shepard, who had 572 for series. In the other match, the Firecrackers popped it to the Hosts three games to none.

The 813th squadron from the Bombardier school chalked up a 2-1 victory over a women's team operating as "Simons' Proteges," the pin total for the series being 2282 to 2015. Tony Troyer of the 813th rolled a 577 series and a 215 single for high. For the women, Minnie Howze had a single game of 165 and Olive Cables' series score of 429 was tops.

Elections

(Continued from Page 1)

In which they upset democratic control of the governorships, republicans won in Maine, Massachusetts, Pennsylvania, Ohio, Vermont, Oregon, Iowa, South Dakota, New Hampshire, Kansas and Nebraska.

The lone republican loss in these state contests was in Wisconsin where the incumbent Julius Heil was beaten by Orland S. Loomis, progressive.

Oklahoma proved one of the big surprises in the senate races.

Senator Josh Lee, new deal stalwart who recently tried vainly to have liquor banned from army and navy posts, lost out to E. H. Moore, oil man and anti-new deal democrat who ran as a republican.

The defeat of Senator William H. Seney (D-N.J.) who had the support of the powerful organization of Frank Hague, vice chairman of the democratic national committee, by Albert W. Hawkes, republican and former president of the United States chamber of commerce, came as another welcome surprise to the republican leadership.

President Roosevelt did not fare so well in his candidate-picking. He had endorsed John J. Bennett, Jr. for the New York governorship, but Dewey whipped Bennett by more than half a million votes. The president had opposed the reelection of Rep. Hamilton Fish, republican from his home district of Hyde park, but Fish won. He also had endorsed Norris for a sixth term in the senate.

Mrs. Clara Booths Luce, author-playwright and round-the-world reporter, was among the republican house winners in Connecticut. She defeated Rep. Leroy D. Downs, democrat, and David Mansell, socialist.

Voting throughout the nation, first wartime election since 1918 when the republicans captured control of congress from the democrats, was light compared with former off-year balloting. Absentee voting by soldiers and sailors was believed small considering the number of eligibles.

In Illinois, with 80 per cent of the precincts reported, indications were the vote would be the lightest since 1934 when it fell short of 3,000,000. It exceeded 4,250,000 in the 1940 presidential election.

Here n There

There will be no rehearsal of the local Texas Defense Guard band this evening, Director Sam Goldman has announced. The regular rehearsal schedule will be resumed next week.

Add to the list of war casualties an idea City Manager Boyd McDaniel had for transplanting young trees and evergreen seedlings from the city park to the grounds at the disposal plant. Scarcity of labor forced abandonment of the project. With the coming of spring, however, McDaniel stated he intended to proceed with his idea of beautifying the cemetery by having japonica planted around the borders of the grounds.

Hunters Rush To Secure Duck Stamps

Ducks steadily are coming in for more potential grief in this area.

Approximately 150 duck stamps had been sold up to Wednesday noon, which compared with only about 40 when the season opened Monday morning.

Hunters were reporting a variety of luck. Some were bringing back nice bags while others had traditional hunter's luck. Most ducks dropped were teal, and a few complained that they were unusually small.

USO Hostesses To Meet Friday Eve

A meeting of all hostesses—senior and junior—serving at the USO center has been called for Friday evening at 7:30 in the Settles hotel ballroom.

Mrs. L. A. Eubanks, chairman of the hospitality committee who called the session, urged a full attendance, and stressed the fact that women and girls who will accept future hostess assignments are wanted on hand, as well as those who have been serving.

Salvation Army Drive Progress Is Uncertain

Progress of the Salvation Army drive for funds could not be determined readily at noon Wednesday as the campaign moved into its second day.

Part of the workers were checking into R. R. McEwen, drive chairman, and part to the chamber of commerce office, and there has been no recapitulation of the totals.

Tuesday the subscription effort was off to a comparatively modest start and McEwen then expressed the hope for a ready response and for more workers.

Conservation Supervisors Hear Report

Supervisors of the Martin-Howard Soil Conservation district heard progress reports at the regular monthly meeting at Stanton.

I. O. Sturkie, Midland county agent, brought in 13 applications in four groups which boosted the number of applications approved by the supervisors at the meeting to 22. There were 19 agreements with landowners approved by the board.

In the 18 months the district has been functioning, conservation plans have been approved on 233 farms and ranches which embrace 201,391 acres. Besides these, field work has been completed on four additional ranches representing around 88,000 acres. Further than this, there are 50 applications for district assistance covering 70,784 acres.

Supervisors concluded the record to date is gratifying since the entire district, which embraces Howard, Martin and Midland counties, comprises 1,800,000 acres.

Attending were Supervisors R. L. Warren, Big Spring; Gene O'Daniel, Coahoma; Gordon Stone, Stanton, and Earl Heald, Brown. Also present were E. J. Hughes, Sterling City, district SCS conservationist; I. O. Sturkie, Hubert Martin, Martin county agent, and O. P. Griffin, Howard county agent. The board announced none of its members would be able to attend the state-wide supervisors meeting in Dallas Nov. 5-6.

Pension Checks To Be \$1 Less

Recipients of old age assistance in this area have been advised by Mrs. Frances Peters, department of public welfare field representative, that their November checks will be for \$1 less than the certified amount.

This, she explained, is due to the effect that more have been added to the rolls while income remains static. Around 182,000 aged persons in Texas will be affected.

The welfare departments gets \$1,750,000 monthly for old age assistance, and money in excess of this comes from federal grants to the state.

Since the state waived consideration of the ability of relatives to support aged applicants, rolls have gained from 122,000 to 182,000, according to \$1,200,000 monthly to the cost of old age pensions.

Food Stamp List Is Unchanged For November

Families participating in the food stamp program in Howard county will receive the same blue stamp foods in November as they did in October, Claud Wolf, issuing officer for the Agricultural Marketing Administration's food stamp program said today.

The November list includes fresh apples, all fresh vegetables including Irish and sweet potatoes, shell eggs, corn meal, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour and whole wheat (Graham) flour.
